## CANADIAN MANUFACTURERS PRESENT THEIR CASE

### Sir Wilfrid Assures Them That Nothing Will be Done to Disturb Existing Conditions of Prosperity.

Ottawa, Jan. 14.—The manufacturers' association are well satisfied with the result of their visit to Ottawa and their meeting with the government.

The assurance Sir Wilfrid gave that nothing would be done which would disturb the existing conditions of prosperity which Canada is enjoying, and the remainder that Hon. Mr. Fielding and Hon. Mr. Paterson, who are in Washington, had this aim uppermost in their minds, seems to have been particularly welcome to factory men.

The manufacturers' memorial was an argument for the maintenance of the present tariff conditions and against any reciprocity with the United States. It affirmed that while the tariff should be primarily formed for Canadian in-

terests, it should give a substantial measure of preference to Britain. Sir Wilfrid said he regretted that the delegation had not been before the government at the time the farmers' delegation made its representations. He agreed it would be bad to unsettle conditions by radical tariff changes, and pointed out that the government had not done this. It was hoped that there could be reciprocity arranged with the United States without interfering with the Canadian manufacturers, and he said that if there were two men in Canada who could be relied upon to avoid doing anything which would upset business conditions, those two men were Messrs. Fielding and Paterson, who are now in Washington.

## POVERTY DRIVES HER TO MURDER

### Woman Could Not Keep Son and Herself on \$3.00 a Week Poisoned Him

Rochester, N. Y., Jan. 14.—Mrs. Geo. Meeker, the young Schenectady woman, who was arrested here last night on information from Albany charging her with the murder of her little boy, George, is still confined at the central police station, and is under the care of a physician and nurse. She collapsed completely last night after being questioned by the police officials and confessing to the crime and the service of a physician and nurse were necessary throughout the night. When directly charged with the murder, she broke down and told how, failing to get the boy into a home, she had bought ten cents worth of carbolic acid and when the lad had become thirsty she gave him the poison to drink. She had been unable to keep the boy in any institution, she said, for she could earn but \$3.00 a week and she was often ill.

## MANY LICENSES WILL BE CUT OFF

### Result of Local Option Voting in Ontario, Gives 65 Gains for Prohibitionists.

Toronto, Jan. 13.—Sixty-five licenses will be cut off on May 1st as a result of voting on the local option by laws this year in twenty-five municipalities. The by-laws were carried in thirty other municipalities in which there are 100 licenses, but not by sufficient majorities to bring the law into force. There was a majority against local option in twenty-five municipalities having 116 licenses. The liquor forces failed to repeal local option anywhere.

Toronto, Ont., Jan. 13.—The Globe's Washington special says:—"Canadian diplomacy scored a noteworthy victory in the conference with representatives of the United States in the fisheries negotiations which came to an all but formal conclusion today, after six sittings attended by Hon. L. P. Brodeur and Sir Allen Aylesworth on behalf of Canada.

## CANADA SETTLES FISHING DISPUTE

### United States Agrees to Conditions Favorable to the Dominion.

Toronto, Ont., Jan. 13.—The Globe's Washington special says:—"Canadian diplomacy scored a noteworthy victory in the conference with representatives of the United States in the fisheries negotiations which came to an all but formal conclusion today, after six sittings attended by Hon. The rock on which

States split was the request of the latter that their fishermen should have the right to purchase bait from Newfoundland fishermen without any restrictions, and use it for fishing on the banks.

## BANK MANAGER GETS SIX YEARS

### Convicted on Charge of Conspiracy to Defraud.

Toronto, Jan. 16.—Acting on information given the crown today by W. R. Travers, former general manager of the Farmer's Bank, after he had been sentenced to six years in the penitentiary, summonses were issued this afternoon charging conspiracy against four prominent men who were on the provisional directorate of the bank, but who had dropped out before it obtained its charter and began business. The four are: Dr. John D. Ferguson, physician, 294 College street; Alexander Fraser, provincial archivist, 87 Woodlawn avenue; Alexander S. Low, barrister, 175 Wallace avenue, and John Watson, ex-mayor of Listowel, Ont.

The formal charge against them is that being provisional directors of the Farmer's Bank, they did conspire, confederate and agree to unlawfully obtain from the bank the sum of \$10,000. While \$10,000 is the amount mentioned in summonses, it is believed that the sums which the crown hope to trace make up a much larger aggregate. The amount mentioned is \$80,000.

The police will leave no stone unturned to apprehend Dr. Beattie Nesbitt, charged with signing false returns to the government. Dr. Nesbitt, who has left the country, was lately a strong candidate for mayor of Toronto.

Messrs Mowat, Stella McKenzie and Mr. James McLean have returned to Mount Allison Academy. Messrs Hazel Lingley, Jessie Currie and Messrs. Chas. McLean, Arnold Murray and Earle Asker have returned to the University at Fredericton.

SNOW STORM Quite a heavy snow storm was experienced here on Monday, the high wind drifting the snow into quite decent-sized drifts. It interfered with quite a number of meetings, most of us having had enough of wading in the day time and preferring to stay at home at night.

POLICE NEWS Two arrests were made on Monday evening for drunkenness on Water Street. One man, George Hallett, was fined \$1.00 and the other case was dismissed.

BORN At Campbellton, to Mr. and Mrs. John Harquail, on Friday, Dec. 30th, a son.

MAILS FOR CANADA The mails from the Old Country passed through last Thursday night two days earlier than the previous week, the Empress of Britain having made a fast run across the Atlantic.

THE NEW STATION There is a rumor current in town, which seems to have some foundation, that the L. C. R. have suspended all work on the new station yards plans until the matter of closing Sugarloaf Street is disposed of.

FEARED FATALITY A son of James Dickie of New Mills ventured on the ice with a loaded sled of wood and has not been seen since. It is feared he has fallen through some thin ice and been drowned.

LARGE SHIPMENT OF SUGAR Four trains of sugar passed through here on their way to Montreal and other parts on Sunday night. This is part of a shipment which one steamer brought into Halifax two hours before the New Year came in thus netting a large saving on duty.

NEW ROUND HOUSE The new round house recently built for the L. C. R. is expected to be ready for occupation, (although a lot of work is yet to be done) by the end of this week. The completion of the Water Tank took longer than was anticipated.

DIED Miss Elizabeth Barriault of Maria East, who went up to Montreal to undergo an operation, died in the hospital last Wednesday.

Miss Ryan of this town was buried on Wednesday from the Roman Catholic church.

SUCCESSFUL WHIST PARTY A largely attended party was held in the ward of the Hotel Dieu on Wednesday evening, the proceeds of which were for the benefit of the Hospital. Nineteen tables were occupied for whist playing, Dr. Martin and Mr. Philip Dupuis acting as scorers. The Mother Superior acted as chaperone and Misses Vermette and McIntyre looked after the ladies. The prize winners were: Ladies' 1st, Mrs. Dr. Pinault; 2nd, Miss Vermette; Booby prize, Miss L. LaCasse; Gentlemen's 1st, Mr. Marquis; 2nd, Mr. H. Murray; Booby prize, Mr. Wm. Walsh. After cards, tea, coffee and cake were served by the ladies. A series of these parties will be held during the winter and for such a worthy object should have the support of all.

WEEK OF PRAYER

Last week was observed in Campbellton as a week of special prayer. There were good attendances at all the meetings, the members increasing each evening, yet our people could have come out in larger numbers. On Friday evening the subjects were, "The Home," "The Teacher," and "The Press." Rev. Mr. Schuman emphasized the opportunity the press had for doing glorious and abiding work, and pleaded for a continuance of the power it had and should always show on the side of truth and righteousness. Rev. Morris spoke briefly on his trip and Rev. Mr. Drumm pleaded for a New Home Life, for parents to strengthen the moral teaching by precept and example of their young people, giving them the attention, the careful nurture, which was too often lavished in some cases on pet pooches and fancy cats, leaving the care of the young immortal souls to the tender mercies of often a pernickious companionship.

TOWN COUNCIL

Mayor Murray presided at a meeting of the Council on Tuesday evening. Com. Moores being absent at commencement of business.

Minutes of previous meeting read and confirmed. Communication read from Wilfrid Brown, requesting the refunding of \$23.14 deducted from his pay as policeman, on account of him being off duty through sickness. Referral to Police and License Com., and by them recommended to be paid. Agreed.

Letter read from Chairman of Public Works, Newcastle, offering to rent a stone crusher to the town at a rental of \$15. per month and pay freight charges. Letter laid on table and after discussion, the following committee was appointed by the Mayor to go into the matter of procuring or purchasing a crusher on the most advantageous terms and report with recommendations, viz. Coms. McLennan, White and Miller.

Petition of Nap. J. Audet for a call license, was referred to Police and License Com.

Regarding the instructions to the Finance Com. regarding the installation of a telephone in the Police Station, it was agreed to place a phone there for the requirements of both the Police and Fire Department, cutting a door in the partition, so that the Fire Department would have access to the phone. Com. empowered to make arrangements with both departments.

County Com. Mowat to attend next meeting of the County Council at Dalhousie and resist the payment to Campbellton of money voted for Relief by that body. The Town Solicitor also to attend to this and other matters pertaining to the Town, notably that of Health Taxation. Coms. Moores entered the meeting at this time.

Finance Com. were instructed to make a recommendation re Town Treasurer Lingley's salary.

It was moved by Com. Mowat, seconded by Com. McDonald, that the salary of the Electric Lighting Department be increased to \$100 per month, beginning from Jan. 1st, 1911, an increase of \$10. Carried.

CASTORIA The Kind You Have Always Bought Bears the Signature of

COUNCIL ECHOES.

Quite keen discussion was on regarding the closing of Sugarloaf Street. No reply has yet been received to the Town Clerk's letter on last week's resolution.—Feeling is strong that the L. C. R. are shuffling but the matter is hung up pending a reply from the Board of Management.

Some of the Council were of opinion that the town horses were not getting enough to do, and they are now going to get a little more hauling to do to reduce their fat and put them in better condition.

There is a possibility of a motion going before the Council to change the night of meeting to a Monday or Friday evening. This will depend a great deal on the action the merchants of the town will take on the question of early closing.

Appropos of the discussion on placing the phone in the Police Station for the use of the Fire Department, would it be right to point out that there was considerable delay in turning in an alarm for the fire at Martin's store on Monday.—As far as we can learn the fire was burning from twenty minutes to half an hour before the alarm was given,—and at the second fire it was only at the third attempt that the lady who gave the alarm succeeded in getting a response from the Power House.

Town Treasurer Lingley reports that the rates are coming in not so badly at all for a time like this.—The total Assessment is round \$12,000, of which about half has been collected.—This Assessment represents a ratable value of about \$900,000.—Graphic.

# THE MAN FROM BRODNEY'S

(Continued)

The native lawyer harangued them and cursed them and at last brought them to understand in a feeble way that no harm could come to them if they faced the situation boldly. The Americans would not land on British soil; it would precipitate war with England. They would not dare attempt a bombardment; Chase was a bar, a monte-bank, a dog! After shouting himself hoarse in his frenzy of despair he finally succeeded in forcing the men to get up steam in the company's tug.

All this time the officers of the American warship were dividing their attention between land and sea. Another vessel was coming up out of the misty horizon. The men on board knew it to be a British man-of-war! Suddenly a party of white men approached the startled Rasula. A hundred eager hands were extended, a hundred voices cried out for mercy, a hundred Mohammedans beat their heads in abject submission.

Hollingsworth Chase, Lord Deppingham and a familiar figure in an ill-fitting red jacket and furred cap strode firmly, defiantly between the rows of huddle Japaites. Close behind them came a tall, resolute grenadier of the Rapp-Thorberg army.

"Make way there! Make way!" Mr. Bowles was crying, brandishing the antique broadsword that had come down to Weycholine from the dark ages. "Stand aside for the British government! Make way for the American!"

Rasula's jaw hung limp in the face of this amazing exhibition of courage on the part of the enemy. He was glaring insanely at the calm, triumphant face of the man from Brodney's, who was now advancing upon him with the assurance of a conqueror.

"You see, Rasula, I have called for the cruiser, and it has come at my bidding." Turning to the crowd that surged up from behind, cowed and cringing, Chase said: "It rests with you. If I give the word that ship will bow from the face of the earth. I am your friend, people, I would do you no harm, but good. You have been misled by Rasula. Rasula, you are not a fool. You can save yourself even now. I am here as the servant of these people, not as their master. I intend to remain here until I am called back by the man who sent me to you. You have—"

Rasula uttered a shriek of rage. He had been crouching back among his cohorts, panting with fury. Now he sprang forward, murder in his eyes. His arm was raised, and a great pistol leveled at the breast of the man who faced him so coolly, so confidently. Deppingham shouted and took a step forward to divert the aim of the frenzied lawyer.

A revolver cracked behind the tall American, and Rasula stopped in his tracks. There was a great hole in his forehead. His eyes were bursting. He sank to the ground dead!

The soldier from Rapp-Thorberg, a smoking pistol in his hand, the other raised to his helmet, stepped to the side of Hollingsworth Chase.

"By order of her serene highness, sir," he said quietly.

"Good God!" gasped Chase, passing his hand across his brow. Deppingham, repressing a shudder, addressed the stunned natives:

"Take the body away. May that be the end of all assassins."

The King's Own came alongside the American vessel in less than an hour. Accompanied by the British agent, Mr. Bowles, Chase and Deppingham left the dock in the company's tug and steamed out toward the two monsters. The American had made no move to send men ashore.

Standing on the forward deck of the swift little tug, Chase unconcernedly accounted for the timely arrival of the two cruisers.

"Three weeks ago I sent out letters by the mail steamer to be delivered to the English or American commanders, wherever they might be found. Undoubtedly they were met with in the same port. That is why I was so positive that help would come sooner or later. I knew that we need help, and I knew that if I brought the cruisers my power over these people would never be disturbed again."

"My word!" exclaimed the admiring Bowles.

"Chase, you may be theatrical, but you are the most dependable chap the world has ever known," said Deppingham, and he meant it.

The warships remained off the harbor all that day. The British captain consented to leave a small detachment of marines in the town to protect Chase and the bank. To man the islanders pledged fealty to the cause of peace and justice. They shouted the names of Chase and Allah in the same breath and demanded of the latter that he preserve the former's beard for all assembly.

The King's Own was to convey the bearded heirs to Aden, whither the cruiser was bound. At that port a P. and O. steamer would pick them up. One white man elected to stay on the island with Hollingsworth Chase, who steadfastly refused to desert his post until Sir John Brodney indicated that his mission was completed. That one man was the wearer of the red jacket, the bearer of the king's commission in Japan, the undaunted Mr. Bowles.

The Princess Geneva, the wistful first daughter, lay in her blue gray

coat from the fate inevitable, himself to the end dream. There was say except farewell. The last day smiled down upon breeze of the sea of destiny into the the song of heritage to the fastnesses venture in.

Lady Deppingham came to him there a moment later. "I am sorry," she said tenderly. "Is there no hope?"

"There is no hope—for her," he said bitterly. "She was condemned too long ago."

On the pier they said goodby to him. He was laughing as gayly and as blithely as if the world held no sorrows in all its mighty grasp.

"I'll look you up in London," he said to the Deppinghams. "Remember, the real trial is yet to come. Goodby, Browne. Goodby, all. You may come again another day."

The launch slipped away from the pier. He and Bowles stood there, side by side, pale faced, but smiling, waving their handkerchiefs. He felt that Geneva was still looking into his eyes even when the launch crept up under the walls of the distant ship.

Slowly the great vessel got under way. The American cruiser was already low on the horizon. There was a

single shot from the King's Own, a reverberating farewell.

Hollingsworth Chase turned away at last. There were tears in his eyes, and there were tears in those of Mr. Bowles.

"Bowles," said he, "it's a beastly shame they didn't think to say goodby to old man Skaggs. He's in the same grave with us."

## CHAPTER XXXIII. A TOAST TO THE PAST.

THE middle of June found the Deppinghams leaving London once more, but this time not on a voyage into the mysterious south seas. They no longer were interested in the island of Japat, except as a reminiscence, nor were they concerned in the vagaries of Taswell Skaggs' will.

The estate was settled—closed! Two months have passed since the Deppinghams departed from Japat, "for good and all." Many events have come to pass since that memorable day, not the least of which was the exchanging of £500,000, less attorneys' and executors' fees. Lady Deppingham and Robert Browne divided that amount of money, and passed into legal history as the "late claimants to the estate of Taswell Skaggs."

It was Sir John Brodney's enterprise. He saw the way out of the difficulty, and he acted as pathfinder to the other and less perceiving counselors, all of whom had looked forward to an endless controversy.

The business of the Japat company and all that it entailed was transferred by agreement to a syndicate. Never before was there such a

were ready to accept the best settlement that could be obtained. There was a rather forlorn hope to begin with. When it was proposed that Robert Browne should accept £250,000 apiece in lieu of all claims, moral or legal, against the estate, they leaped at the chance.

They had seen but little of each other since landing in England, except as they were thrown together at the conferences. Lady Agnes went in for every diversion imaginable. For a wonder, she dragged Deppingham with her on all occasions. It was a most unexpected transformation. Their friends were puzzled. The rumor went about town that she was in love with her husband.

As for Bobby Browne, he was devotion itself to Drusilla. They sailed for New York within three days after the settlement was effected, ignoring the enticements of a London season. The Brownes were rich. He could now be come a fashionable specialist. They were worth nearly a million and a quarter in American dollars. They now had nothing in common with Taswell Skaggs. Skaggs is not a pretty name.

Mr. Britt afterward spent three weeks of incessant travel on the continent and an additional seven days at sea. In Baden-Baden he happened upon Lord and Lady Deppingham. It will be recalled that in Japat they had always professed an unshy aversion for Mr. Britt. Is it curious for wonder, then, that they declined his invitation to dine in Baden-Baden? He

even proposed to invite their entire party, which included a few dukes and duchesses who were leisurely on their way to attend the long talked-of nuptials in Thorberg at the end of June.

In Vienna the Deppinghams were joined by the Duchess of N., the Marchioness of B. and other fashionable. In a week all of them would be in the castle at Thorberg for the ceremony that now occupied the attention of social and royal Europe.

"And to think," said the duchess, "she might have died happily on that miserable island. I am sure we did all we could to bring it about by stealing away from the place with the plague chasing us. Dear me, how diabolically those wretches lied to the marquise! They said that every one in the chateau was dead, Lady Deppingham, and buried, if I am not mistaken. It would be much better for poor Geneva if she were to be buried instead of married next week," lamented the duchess.

"Other women have married princes and got on very well," said Prince Lichtenstein.

"Oh, come now, prince," put in Lord Deppingham; "you know the sort of chap Brabetz is. There are princes and princes, by Jove!"

"He's positively vile!" exclaimed the duchess, who would not mince words. "She's entering upon a hell of a—I mean a life of hell," exploded the duke, banging the table with his fist.

"That fellow Brabetz is the rottenest thing in Europe. He's come from bad to worse so swiftly that public opinion is still months behind him."

"Nice way to talk of the groom," said the host genially. "I quite agree with you, however. I cannot understand the grand duke permitting it to go on unless, of course, it's too late to interfere."

"Poor dear! She'll never know what it is to be loved and cherished," said the marchioness dolefully.

Lord and Lady Deppingham glanced at each other. They were thinking of the man who stood on the dock at Ararat when the King's Own sailed away.

"The grand duke is probably saying the very thing to himself that Brabetz's associates are saying in public," ventured a young Austrian count.

"What is that, pray?"

"That the prince won't live more than six months. He's a physical wreck today and a nervous one too. Take my word for it, he will be a creeping, imbecile thing inside of half a year—locomotor ataxia and all that. It's coming positively with a sharp crash."

"I've heard he has tried to kill that woman in Paris half a dozen times," remarked one of the women, taking it as a matter of course that every one knew who she meant by "that woman."

"She was really responsible for the postponement of the wedding in December, I'm told. Of course I don't know that it is true," said the marchioness, wisely qualifying her gossip. "My brother, the grand duke, does not confide in me."

"Well, my heart bleeds for her," said Deppingham.

"She's going into it with her eyes open," said the prince. "It isn't as if she hadn't been told. She could see for herself. She knows there's the other woman in Paris and— Oh, well, why should we make a funeral of it? Let's do our best to be revelers, not mourners. She'll live to fall in love with some other man. They always do. Every woman has to live at least once in her life—if she lives long enough. Come, come! Let us forget the future of the Princess Geneva and drink to her present!"

"And to her past, if you don't mind, prince!" amended Lord Deppingham, looking into his wife's somber eyes.

## CHAPTER XXXIV. THE TITLE CLEAR.

TWO men and a woman stood in the evening glow looking out over the tranquil sea that crept up and licked the foot of the cliff. It was September. Five months had passed since the King's Own steamed away from the harbor of Ararat. The new dispensation was in full effect. During the long, sickening weeks that preceded the coming of the

#### SHALL WE HAVE A NEW COUNTY BUILDING?

The County Council this week will consider the question of building a new Court House, the need of which has been long apparent. \$40,000, it is estimated, would provide ample accommodation for a Court House and Council Chamber of stone with offices for Recorder and County Treasurer; or \$27,000 would pay for a Court House of brick with stone trimmings. Northumberland County's valuation is \$2,700,000, exclusive of Newcastle and Chatham towns, and should be able to stand the cost of an up-to-date County Building.

#### OUR BAD BANKING SYSTEM.

Discussing the collapse of the Farmers' Bank the Montreal Witness says that this calamitous failure cannot fail to strongly reinforce those members of parliament "who will demand compulsory independent audit of banks when the amendments to the Bank Act are considered in committee or come up for second reading. The provision in the amendments that bank directors shall henceforth be held both criminally and civilly responsible for the documents they sign must have the effect in time of making those of them who have reputations to study insist upon independent audit for their own safety's sake, but it would be well for the all round safety of the public, and better for the banks themselves if independent audit were a requirement of the law. If there had been efficient independent audit or government inspection in the past, the Farmers' Bank could not have got into its present deplorable condition, and the same applies to practically every bank failure we have had. A sign of the times is the absorption of the United Empire Bank by the Union Bank."—Lethbridge Daily News.

#### WALKING ROUND THE WORLD

Walking through the streets of the city to-day is a picturesque figure, that of a pleasant faced man about sixty years of age with a white beard and long locks of white hair. He is Henry Stuart, who is now walking his way around the world to advertise the Panama California Exposition to be held at San Diego in 1915. In one hand he carries a billiard cue and in the other a small handbag in which are stored all his belongings. Mr. Stuart came into Canada at Windsor, Ont., and proceeded through Quebec. He came to River Du Loup then to Notre Dame Du Lac and came into this province above Edmundston, proceeding along the line of the C. P. R. to Woodstock and thence to this city. Yesterday he called on Mayor Thomas, City Clerk McCready and City Engineer Feeney, and received autograph letters and seals from them.

The Board of Education met yesterday afternoon and transacted routine business. It was reported physical training in the schools has been generally taken up.—Fredricton Gleaner.

#### THE AVERAGE WOMAN NEEDS MORE BLOOD

Nerves Easily Irritated, She Worries Over Little Things.

To the woman in the home—the woman closely confined to the house either through household duties or the care of children, or both—Dr. Williams' Pink Pills are a positive blessing. The average woman has too little blood. Her nerves are easily irritated; she worries over little things; has severe headaches and backaches and is sick most of the time. With the woman who uses Dr. Williams' Pink Pills the condition is different. She is always well and the care of her children, or her household duties, is a real pleasure. This is because Dr. Williams' Pink Pills enrich the blood supply and bring bounteous health and strength. Here is proof. Mrs. Fanny Shepherd, Girvin, Sask., says: "I am the mother of a large family and was worn out, weak and irritable. I kept going to my doctor about every six weeks, and he would give me something 'to keep me going a little longer.' But it was like winding up a clock, I soon got run down again, and although life seemed hardly worth living, I did not wish to die because of leaving my little children. I continued like this for some years, but at last summoned up enough energy to strike out a new departure and got a supply of Dr. Williams' Pink Pills. I barely hoped they would help me, but to my surprise, before I had been taking them long I began to feel like a different woman. I still continued taking the Pills for some time, and they made me as well and strong as any woman need wish to be. Once more I would enjoy life thoroughly, and have done so ever since. I never need a doctor now, and everything seems bright and cheerful. I shall always recommend Dr. Williams' Pink Pills to anyone who in my opinion needs a tonic of any kind."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

#### EIGHT HOUR PRINCIPLE ENDORSED.

#### W. F. McLean Gives Notice of Good Motions.

Ottawa, Jan. 11—Parliamentary advocates of advanced legislation had innings in the House of Commons this afternoon Mr. Verville's eight hour day labor bill, originally introduced to cover all public works, but amended by its author to affect only the building trades, secured the endorsement of the Prime Minister.

It was, said Sir Wilfrid, tentative legislation—an experiment in the right direction. It had been urged upon the Government again and again by the workmen's associations. Sir Wilfrid paid a tribute to what had been accomplished by the late organizations. The measure was, in his opinion, a step in a good direction. In the cities of Toronto and Montreal he understood that regulations along similar lines were in force, not only for public works, but also for private works.

Hon. MacKenzie King said that the mover of the bill had recognized that he was launching a new principle and had consented that its application should be limited at the outset.

Mr. W. F. MacLean gave a series of notices of motion, viz: to provide for the public inspection of banks; to repeal the double liability clause on shareholders; to affirm the opinion that the Provinces have the right to expropriate telephone systems; to take steps to further regulate freight rates on the C. P. R., in view of the recent dividend increase; to provide for a public-owned cable service and telegraphic system; to provide for a wide extension of the parcel system of the postoffice, and to provide for the preparation and administration of the Customs tariff by a tariff commission.

#### INTERCOLONIAL RAILWAY CALENDARS FOR 1911.

The 1911 calendars of the Intercolonial have more of real artistic merit than for several years past, being a new departure in design and coloring and these fortunate enough to receive them will find them tastefully ornamental as well as all they should be in the way of general utility.

On a background of green and brown, a capital representation of pine cones, the words "Canadian Government Railways," "Intercolonial Railway," and "Prince Edward Island Railways" appear at the top in block letters of shaded guinea gold. From the centre of the lettered space the I. C. R. emblematic moose head appears, surrounded by a halo of scarlet, in which is the usual text, "The Fast Line, The People's Railway."

The centre of the calendar is taken up with a richly colored sketch of the "Ocean Limited Express" skirting the shores of Bedford Basin, on the way out of Halifax. The scene is well chosen, the cloud tints and the coloring of the far blue hills flanking the greenish blue expanse of water having a most natural effect, especially to those familiar with the scene and its surroundings. The calendar tab is of sage green, with lettering and figures of white. On each side of the tab a panel of dark brown with yellow lettering is devoted to extolling the excellence of those two famous I. C. R. through trains, the "Ocean Limited" and the "Maritime Express." A border of purple gives a finishing effect to the general design and completes a calendar that ought to be greatly admired and eagerly solicited.

The Toronto Globe of Jan. 6, 1911, has the following:

Among the thousands of calendars annually turned out and distributed to the public, there is ample evidence of artistic selection, and it seems that there are yet no signs that appropriate and new designs are wearing out. All that have come to the Globe this year are attractive, but the production of the calendar of the Intercolonial Railway marks a new beginning. Some beautiful scenery, as well as one of the Canadian Government railways fine trains are shown in a dark background, making the calendar one worthy of a prominent place in the office or the home.

**Afraid of Ghosts**

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terror it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink. The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Cassell's Golden Medical Discovery. It increases the vital power, cures the system of clogging impurities, enriches the blood, puts the system of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of success. Accept no substitute—there is nothing "just as good" as our neighbors.

# BEAVER FLOUR

is equal to the occasion

### SOLVE THE BAKING PROBLEM

by using the flour that you can always depend upon. You've noticed how your bread or pies or cakes turn out with varying degrees of success, and you have blamed the heat of the stove, the quantities of your ingredients and anything but the right thing. The difference between constant success and uncertainty is the difference between Beaver Flour and flours that cannot be depended upon in all baking operations. Unfailing results demand the use of "BEAVER" FLOUR.

The reason is simple. Here is a flour that is blended from the rich, nutritious Manitoba Spring wheat and the more delicate Ontario Fall wheat. One has an abundance of gluten, that goes to build up the human frame with nourishing food, while the other ensures lightness and whiteness.

The blended wheat properties in Beaver Flour provide a perfect combination for making wholesome bread, biscuits, cakes and pastry that are as pleasing to the eye as they are sweet to the palate.

Put it to the severest tests you can devise, and we are willing to abide by your judgment.

## Campbellton's Progress Since Disastrous Fire

### Large Number of Buildings Already Erected—Many of Brick and Stone—Business in all Lines Increasing Weekly

### NEXT SUMMER A BOOM ONE

July 11th 1910, is an unforgettable date with all our towns people. So much so that we have now reduced our dates to two terms—Before the fire and after the fire. Our town was destroyed, but with dogged determination we got down to work to rebuild from our shattered homes and desolate hearths, a new town. And how have we succeeded! On the 11th of July we had roughly 1200 buildings, valued at the assessable value of \$2,100,000. Today six months after, we have roughly 600 buildings temporary and permanent, and many of these would be an ornament to any town. In this we have shown the Province, Canada, even the whole world what can be accomplished by a body of people banded together to eke the best interests of their town. In Water street alone there are nearly

20 brick buildings including the Banks, and many more will be in course of erection by the summer. We are making the town better than it was, and it behooves us now to keep up the high standard of building which has been set. Campbellton has got to go. All around we see towns of the growing power of our town. Our credit has been established, an increased volume of business is being done daily, and will continue so, and once the industries have been reestablished we shall feel the benefit of a great wave of prosperity. The stores of our town have shown the way in building large and commodious premises, their orders are eagerly sought for by the wholesale houses, which show to us that even they who are on the outside feel that there is a great future for Campbellton. At present

there are numerous brick buildings planned out, and by the end of next summer, Water street will be almost a purely business thoroughfare and as a centre of commerce will not be far behind many of our larger towns in the province.

The Mayor and Council are men of high integrity and in the face of much trial, disappointment, and discouragement have stuck manfully to their work, and they are glad to feel that they have the unqualified support of the townspeople.

Altogether the outlook is very good. It is most refreshing to observe the spirit of the people who have lost all seeking to build better homes for themselves, and consequently raising the town to a more secure and safe footing.—Graphic

### JACQUET RIVER

Ray Ulician left on Wednesday morning to attend St. Michael's College in Chatham.

Miss M. Irene Ulician who conducted a successful millinery business in Campbellton previous to the fire is spending a vacation with friends here. Miss Ulician has been working with J. S. Wilcox, St. John, for the last season. We understand that Miss Ulician contemplates reopening business about March 1st. Her many friends will be pleased to welcome her back to Campbellton.

Public school Christmas Examination and Entertainment at Jacquet River. Scholars acquitted themselves in fine style, to the great delight of their parents and friends.

Following the usual custom examinations touching on the most important subjects, taken up during the term, were held in each room on Thursday, Dec. 23rd from 1.30 to 2.30 P.M. The pupils acquitted themselves in a most creditable manner. Geometry, in two classes, reading, arithmetic, writing and composition were particularly noticed in Miss McNair's room. The work showed great energy and devotion to study on the part of the pupils. Passing on to the Primary Department which has been ably controlled by Miss Minnie E. Harquail for the past two years, the visitors was most pleasantly surprised and entertained. The knowledge of spelling, history, Geography and letter-writing displayed by those "wee tots" was astonishing. The lady like deportment of the girls and the manly and noble behavior of the boys occasioned many expressions of praise, and congratulations for both teachers and pupils, from every visitor present. Promptly at 2.30 the pupils from the Advanced Department assembled in Miss Harquail's room, and assisted the little ones in rendering the following programme of recitations songs and dialogues.

Song—"The Christmas Welcome" School.  
Recitation—"Santa Claus and the Mouse"—Winifred Dempsey.  
—"Coasting by Night"—Charlie Daly.  
—"Kiss Dolly Good-Night"—Hilda Hickie.  
—"Contentment"—Harry Lutes.

Dialogue—"Love of a Bonnet"—Girls—Advanced Dept.  
Recitation—"The Little Seamstress"—Lou Davidson.  
—"Santa's Mistakes"—Helen McMillan.  
—"The striped stocking"—Leonard Foley.

Song—"Canada, Land of the Maple Tree"—Advanced Dept.  
Dialogue—"Three Little Mothers"—Adeline Daley, Katie McMillan, Delphine Clarke.

Recitation—"The Shiniest Dime"—Luella Sliger.  
Song—"Jingle Bells"—Primary Dept.  
Recitation—"My Dolly"—Marie Sliger.  
—"Arithmetic"—James

Donnelly.  
Dialogue—"Doctor Brown"—Leonard Foley, Winifred Dempsey.

Song—"Christmas Bells"—Advanced Dept.  
Recitation—"Hush-a-bye Dolly"—Amanda Hickie.

"The Naughty Boy"—Sanford Culligan.  
—"Mary and Dinah"—Flances Devereaux.

Recitation—"Work Box"—Hilda Hickie.  
Song—"What's the meaning"—Primary Dept.

Recitation—"The New Year"—Emily Goodin.  
—"Five O'clock Tea"—Edith McMillan.

Dialogue—"How They Kept the Secret"—Advanced Dept.  
Recitation—"Grandma"—Winifred Dempsey.

"Dolly's Toilet"—Margaret Hickie.  
Song—"O Santa Claus"—Primary Dept.

Recitation—"Christmas Welcome"—Mildred Hickie.  
—"A Petition from Santa Claus"—Gorden McMillan.  
God Save the King.

At the close of the exercises the children from Grade four, who had recently graduated from Miss Harquail's class, presented her with a very neat hand-bag. The gift was accompanied by an address read by Miss Helen McMillan as follows: Address to Miss Harquail.

We the pupils of Jacquet River school hear with regret, that you are about to leave us.

We cannot let you depart, without expressing our thanks to you for the interest you have taken in our welfare. During your stay with us you have endeared yourself to us by the careful painstaking manner in which you have discharged your duties, and by your kind and impartial treatment of all.

As a slight token of our esteem please accept this hand-bag, and as you glance at it from time to time, think of the boys and girls who are so warmly attached to you.

Wishing you a Merry Christmas and a very Happy New Year, we will say "Good-Bye". (Signed)—Lou Brown, Adeline Daley, Katie McMillan, Edith McMillan, C. Morrissey, H. McMillan.

Miss Harquail, in a few well-chosen remarks, thanked the children for their kind remembrance and token of their appreciation of her work. Mr. McDaniel, Manager of the Royal Bank of Canada here, one of the visitors present, then addressed the children; also Mrs. (Dr.) R. L. Ellis and Mr. Mitton expressed themselves as being delighted with the children's work, and regretted sincerely Miss Harquail's leaving the school.

The writer might add here, that in the necessarily curtailed review of the excellent examination and entertainment provided by the public school children of this village, it would be quite impossible to give adequate credit by individual mention, to the several parties, to whose untiring efforts, its suc-

cessful consummation was so largely due.

It must suffice to say that the teachers Miss Katie McNair and Miss Minnie Harquail with the co-operation of every pupil of the school provided an entertainment entirely creditable to all the participants, and unqualified satisfaction to the parents and friends of the children, and the citizens at large.

Miss Harquail has proved herself a most efficient worker and both as a teacher and socially she will be very much missed in Jacquet River. In return for her devotion to duty in our district the people unanimously join in wishing her every grace and blessing in her new field of labor.

### ALFRED ROBINSON

Mr. T. Alfred Robinson son of Mrs. John G. Almond of Hopetown Que., and the late Mr. Thomas Robinson, was called suddenly by the "Great Divide" on Saturday morning Dec. 31, 1910 New Year's Eve, at the early age of twenty-one years and ten months, at Sudbury, Ont., where he was occupied as brakeman on the C. P. R. line. On Friday night Alfred fell from a car in motion sustaining injuries which resulted in death eight hours after. His last words were, "Take me Home." Mr. W. J. Baxter a young friend of deceased accompanied the remains east reaching Hopetown, Que., on Tuesday afternoon. Under such sad circumstances the grief of the home ones was pitiful to behold, a son beloved, kind and faithful, a brother young, manly, full of life and hope who went out nine months before was brought back lifeless in his dark casket. But He doeth all things well. The funeral took place on Wednesday to Shigawake Anglican church and was largely attended. Rev. Messrs. J. Prout and A. T. Love conducted the service. The hymns sung were How Bright These Glorious Spirits Shine, Come Holy Ghost Our Souls Inspire, As Pante the Hart etc., and On the Resurrection Morning. Before the sad procession left the house in Hopetown, Mrs. Reuben F. Travers sang very sweetly, O Love That Will Not Let Me Go. The pallbearers were Messrs. James Travers, James Robinson, Cluny Robinson, Reuben Travers, John Powers and Percy Ross. Two large wreaths were sent from friends in Sudbury where Mr. Robinson had made many friends, and many other friends from Shigawake laid their tributes of affection on and around the casket.

### CAMPBELLTON METHODISTS

The Graphic desires to contradict a statement which has appeared in many papers in the Province,—That the Board of Methodist Ministers in Toronto had promised our friends here \$10,000. The facts are these: That the Board in Toronto, hearing of the endeavor being made to raise the sum of \$10,000, sympathized deeply with the brethren in Campbellton and promised their support in this laudable object. Their help and support are very acceptable to the Methodists of Campbellton, but this, as will be seen, puts quite a different meaning on the paragraph, which has already appeared and therefore is misleading.

### ALARMING FIRE AT EAST END

On Monday evening fire broke out in the temporary building occupied by F. S. Blair & Co., as an office and F. S. Martin, store and skating rink at the east end of the town. The flames had got a good hold before the alarm was blown, and the building thoroughly gutted before the fire was extinguished. Notwithstanding a stream from the house was playing all night the smouldering ambers caught again early on Tuesday morning but the fire was easily subdued by Mr. James Alexander, Charles Anderson, Wm. Jackson (fireman) T. Chalmers and Fireman Noble with the hose wagon. Town engineer Black also turned out with his staff, and saw that at both onbreaks there was ample pressure of water at the hydrants which were working in good order. The fire was just rather close to be comfortable at Mr. G. E. Asker's house, but the ladies of the household did yeoman service in running out their own hose at the first fire, and Miss Stella Asker tramping through the snow drifts in the early morning to give the second alarm. By the way, there was a watchman placed on the premises and after the fire was all over, he was found in another place asleep. The loss has not been estimated but we understand is fully covered by insurance. Graphic

The Misses Ethel Kempfer, Eva Smith and Ruby Blois who are teaching in Montreal were home for the holidays, Miss Gertrude Cook, principal of the model school, New Richmond was also at home.  
The I. O. G. T. gave supper for the members of their society in the Temperance Hall on Tuesday evening and though the toasts were drunk from the cup that cheers but does not inebriate there was no lack of good cheer and hilarity.  
Mr. and Mrs. Joe LeBel had their daughter Mrs. Enright and son of Port Daniel and Mr. Eugene LeBel and son Arthur of Sarnia to spend New Years with them.

### CHURCH NEWS

At the Presbyterian Church on Sunday morning the Rev. T. P. Drummond spoke on "New Wine in Old Wine Skins," bringing out the fact that in this age of progress, old forms and ideas often have to be taken away that they may be replaced by better and more useful ones. The moulds of thought, the forms and expressions may and must change, but the truth, the essential, vital principles of religion will remain unshaken, purified, dignified and ennobled. He used an apt illustration in telling of a little church in Ireland, which was built on a tiny plot of land. The congregation decided to build a new church on certain conditions. Here are the conditions—The new building was to stand on exactly the same piece of land, and the old one was not to be pulled down until the new one was ready for occupation. In the evening Mr. Drummond preached to a large congregation on "Divinity in Humanity"—"God in Man." Every Lord's Day God is thankful for the redemption of the world through His Son Jesus Christ; but what we see about us is the world in process of being redeemed. The actual redemption of humanity can only be accomplished by the slow and uniring operation of the Spirit of God. He has seen fit to lay upon us the iniquity and woe of the world. Without shedding of blood, blood of body blood of brain, blood of heart, there has been no remission of sins, no redemption from evil conditions, no progress from a lower to a higher state of society. Figuratively, if not literally, men have been crucified, their hands torn, their hearts pierced through with many sorrows in the interest of every forward step and movement of mankind. The world has crucified its Saviors, torn and wounded those who lived only for its benefit.  
At the Methodist church large numbers turned out to greet Rev. Mr. Morris on his return from a wearying trip, and to welcome him back. Mr. Morris preached in the morning on "The Abundant Life," and in the evening on "Jewels of the Lord."  
Rev. Mr. Schramm preached in the Baptist church on Sunday morning and evening to good audiences.  
On Tuesday afternoon the scholars at the Roman Catholic School were treated to a Christmas Eve. Although a little late it was none the less acceptable. Miss Travies played the part of Lady Bountiful, assisted by three friends in St. John, and there was enough for all the children. Toys, picture books, candy, and useful articles of clothing were received with eager hands and smiles of delight and the thanks of Father Wallace and the good Sisters is extended to those who gave such pleasure to the children.  
The annual meeting of St. Andrew's Presbyterian Church was adjourned on Monday evening until Wednesday 18th inst. at 8:30 p. m. in the Baptist church.—Graphic

### REPORT OF RELIEF COMMITTEE

The first report of the Relief Committee makes interesting reading. A glance at the figures given below will give an idea of how much good has been done in housing and feeding those left destitute, and the committee are glad to report that the Relief Houses are all occupied, and although not so warm as a \$5,000 mansion, still all are under cover and not suffering altogether from the cold. The figures up to Dec. 31st, 1910 are as follows:—

Total Subscriptions	\$108,202.51
Bank Interest	828.25
Total	\$109,030.76
General Relief	\$10088.75
Guard Account	603.50
Salaries Account	3523.34
Expense Account	673.32
Sanitary Account	1067.15
Cash Grants Account	3528.50
Building Account	53013.87
Town Water Loan	750.00
Poor Goods Orders	315.00
Total	\$68,071.74
Cash in Bank of N. S.	\$15,443.21
Cash in Royal Bank	11,278.05
Cash in Bank of N. B.	15,722.77
Total	\$42,444.03

In connection with this balance we would beg to point out that this sum of \$43,490.03 in the Banks includes certain sums appropriated for the various schemes of the Committee and not yet taken up from the Banks, the next sum available for appropriation being \$7,822.16.—Graphic

### MR. JOHN HARPER

The death of John Harper took place at his home, 619-16th St., New Westminster, B. C., on Dec. 10th, 1910. The late John Harper was born at Pointe La Garde, Que., in 1869, being the son of James and Annie Harper, both having passed away many years ago. In 1892 he went to Wisconsin, where he resided until the fall of 1905, when he with his family moved to British Columbia. He leaves to mourn his loss, his wife, a son, aged seven, and one sister, Miss Mary Harper, residing in Quincy, Mass. His funeral took place from the Presbyterian church on Dec. 14th, the Rev. J. G. Reid officiating. The pall bearers were David Harper, James Firth, Jas. Craig, Jas. Fraser, Duncan Smith of Restigouche and McVillie Sibley of New Westminster.

### ENGINEER OF I. C. R. TO GET INCREASES

Seven and a Half P. C. Advance Granted, Adding \$50,000 to Wage Bill.  
The Intercolonial Board of Management has decided to grant substantial increases in pay to firemen and engineers. A general increase of 7 1/2 per cent was decided upon, and this will mean an addition of fifty thousand dollars to the wage bill of the road. The application of the conductors and other employees for increases will be considered shortly.

### FIVE CHILDREN LEFT.

MOTHER DIED OF CONSUMPTION AND ONE LITTLE GIRL IS NOW AT GRAVENHURST.  
A short time ago a woman in the advanced stages of tuberculosis died in her own home. By her death five little ones were left without the care of their mother. There was money enough in the family to make some provision for the care of the children, but it was almost impossible to secure anyone who would render this service, so afraid are many people of this dread disease. A visitor to the home says that time and time again she had found the baby sleeping in her sick mother's bed, and near by food was stored from which the children partook. A sequel is revealed in the fact that to-day one of these five children is a patient in Gravenhurst, and the baby is in the children's ward at the Toronto Free Hospital for Consumptives.  
It is for the care of such sufferers as these that the Muskoka Free Hospital for Consumptives has been built. The tax on the accommodation is heavy, and the Trustees have only been able to make the large extensions of the present year by borrowing heavily from the bank. An appeal is now made for funds to help on this work and provide a place where children, such as are referred to here, may find a home with good possibilities of cure.  
Contributions may be sent to W. J. Gage, Esq., Chairman Executive Committee, 84 Spadina Avenue, or Sec.-Treas. National Sanitarium Association, 347 King St. W., Toronto.  
The Muskoka Free Hospital accepts patients from any part of the Dominion, and not a single patient has ever been refused because of poverty.

### One Barrel of Flour Instead of Two

YES, in the old way there was one kind of flour for bread and another for pastry.  
Now, **OGILVIE'S ROYAL HOUSEHOLD FLOUR** is an all-around flour. It makes not only the very best bread but also the very best cakes, pies, biscuits, rolls, muffins, pop-overs, pancakes, dumplings, anything that you want to make or bake from flour.  
"ROYAL HOUSEHOLD" saves money and trouble. Instead of having two barrels of flour in the house you can get along much better with one. And you can be certain that it is always uniform—will always come out right whether for Bread or Pastry.  
ROYAL HOUSEHOLD is made from the finest grade of wheat in the world, Manitoba Red Fife wheat, and milled by the very finest machinery, in mills that are a model of cleanliness.  
"ROYAL HOUSEHOLD" costs a trifle more by the barrel than ordinary flour but this trifle extra proves real economy when the loaves are counted. For "ROYAL HOUSEHOLD" goes farther than ordinary flour—farther in actual quantity of baked product.  
Even if "ROYAL HOUSEHOLD" cost a great deal more than ordinary flour it would be well worth it for it is more nourishing.  
You can't afford to buy inferior flour at any price. You can't afford to skimp on health. And you do skimp on health when you buy flour just because it costs less than "ROYAL HOUSEHOLD."
