MOTOR LEAGUE IS IN FLOURISHING CONDITION

Membership Has Increased in Every Branch in the Province — Woman Created Quite a Stir at Annual Meeting — Oliver Hezelewood is President for Year.

Men no longer hold the monopoly or exclusive right of attending the annual meeting and banquet of the Ontario Motor League—if they ever held it. Last night two or three hundred of them were informed in the most practical manner "that the world do move," and that altho' they may glory in the fact that they have kept the "free" away from the poll, henceforth they will not be able to boast that their big meetings are free from the opposition sex. Mrs. Shales, who lives on Danforth avenue, deserves a Carnegie medal, for at last night's meeting of the league she broke the ice for the entrance of her down-trodden sisters, not only thru her presence at the meeting, but also by the delivery of a modern, progressive, maternal speech on the subject of how foolish a thing is man.

Mrs. Shales was the only woman who braved the smoke of the meeting-room in the King Edward Hotel and consequently she was conspicuous from the first. It was George H. Gooderham, M.L.A., however, who afforded Mrs. Shales an opportunity of stepping into the limelight when he proposed a resolution which her seemed preposterous and which she straightforwardly opposed with her scathing speech.

The resolution recommended "that it would be advisable that every man that sits behind a wheel should have a license to show that he was competent enough to drive a motor car." In reference to the ladies in the audience who were "persons with an second thought substituted instead of the word "man," and it was this effrontery that led Mrs. Shales to rise up in protest. "This is pure nonsense," she said looking Mr. Gooderham in the face. "I am not a man, I am a girl, and I haven't touched a thing except perhaps the door of the garage. Just to think that men who compose the Ontario Motor League must be given a license to show that they can run a car. It's absurd. I'm sure you can't imagine me driving a car."

Mrs. Shales was approved by rounds of applause as she sat down, and the outcome of the discussion was that the matter was left entirely in the hands of the directors.

Good Reports.

The different reports presented at the meeting showed that the public more outside clubs have been affiliated with the league than in any previous year. The latest figures show that the total membership is now 2228, in comparison with 1481 of last year. The members of the Toronto Club is 120 and of the public schools in the city Hamilton has the distinction of being first according to the figures, altho' the delegates from Ottawa who were present at the meeting disputed Hamton's claim.

The official figures of the affiliated clubs are as follows: Hamilton 192, Ottawa 180, London 182, Brantford 44, Peterboro 38, St. Catharines 30, Woodstock 10.

"COLD LIGHT" DISCOVERY MEANS REVOLUTION IN ELECTRICITY

PARIS, Jan. 20.—(Can. Press)—M. Dussaud, a French scientist, who has discovered a means for the production of what he terms "cold light," gave today some details of his discovery, which, it is thought, may revolutionize electric lighting.

Starting on the principle that rest is as essential to matter as to animal organism, he has constructed an electric lamp, in which the light is concentrated on a single point by filaments working simultaneously; thence the light is projected through lenses magnifying a thousand-fold. Thus he has succeeded in concentrating a 2000-candle-power light on one point, in increasing 22 volts into an eight-volt lamp, which the ordinary light would burst.

Experiments with this lamp have established that the new light is absolutely without danger, as no heat is given off, and it requires a hundred times less current than the ordinary lamp. It can be worked by a tiny battery, or sufficient motive power can be obtained from a jet of water from an ordinary faucet, or even a squirrel turning a cage.

NEW RACE TRACK WORST DON FLOOD FOR THIS SEASON

Thorncliffe Will Be Opened With Two Seven-Day Meetings During the Summer.

Dams and Bridges Washed Away, Railway Tracks Flooded and Much Property Damaged.

Toronto horsemen were tipped off yesterday that the Davies charter for a running track at Thorncliffe was to be put into operation within seven days, running meetings this summer. Mr. Davies is off to the West Indies with Chas. Miller, but it is stated that before he left, arrangements had been made for the present three-quarter mile track at Thorncliffe to be extended to one and a half, and a grand stand to be erected in time for a summer meeting.

Bookmaking of the old order will, it is understood, be the method of operation.

With the Woodbine, Hillcrest and Dufferin Park meetings, Thorncliffe will make a Toronto season of eight weeks' jockey races.

The charter was granted to Bob Davies and his associates shortly after the Hon. J. C. Doherty became minister of justice.

SERIOUS CHARGE BY A TRUSTEE

Dr. Noble Says Some School Principals "Pack" Junior Classes in Order to Boost Salaries.

Dr. Noble, board of education trustee for Ward Two, has started another campaign to prevent what he terms the torture of little children, with his bookbinding as at present. He declares that public school principals have a canvas made to pack the kindergarten departments with five-year-olds to increase the number of first-grade pupils as rapidly as they can be received. The Dr. Noble charges is for the purpose of increasing the size of the schools and raising their own salaries. He calls it an outrage.

It is understood that Chairman Hinch will deal in a drastic way with the various aspects of the overcrowding situation in the schools especially in the minor departments in his inaugural address on Thursday night.

BLOCKING THE LINE

MR. FOSTER: Excuse me, friend, but could you get more of a wiggle on?

VIADUCT POLICY STILL TO BE DECIDED

Railways Urged Adoption of Alternative Scheme at Conference With Railway Commission, and Toronto's Representatives Agreed to Consider Proposal.

OTTAWA, Jan. 20.—(Special)—The situation with regard to the Toronto viaduct scheme has changed but little as a result of the conference which was held today between the engineers of the railway companies, the City of Toronto and the railway commission, and chairman Drayton of the board of railway commissioners. Nothing of a definite nature was arrived at, and another conference of the same parties will be held in a fortnight.

Today's conference was taken up chiefly in discussing the viaduct scheme proposed by the railway companies. This proposal in brief, is that the viaduct shall be along the waterfront instead of the Esplanade, and it shall be six track instead of four and that it shall be of earth embankments instead of concrete walls.

Mr. R. C. Harris, Toronto's works commissioner, J. W. Moyes of Toronto board of trade and E. L. Cousins of the Toronto harbor commission, took

the stand that the alternative scheme of the railroads was one which required a great deal of consideration.

They could not think of accepting or

approving such a proposal, until it had been thoroughly looked into.

This move terminates the investigation by the department of justice of the alleged \$900,000,000 telephone trust, against which independent telephone companies have made charges of unfair treatment and of the employment of methods destructive of competition.

The commission's investigation will be far reaching in effect and one of it is expected to grow the outline of a governmental policy with respect to the telephone and telegraph. It

must be determined, according to officials whether in the interest and convenience of the public, the telephone and telegraph monopoly under rigid regulation should be tolerated, by the federal government, or whether the government should tax the corporation or, finally, whether competition should be encouraged under the Sherman antitrust and monopoly prohibited.

Chairman Lane of the Interstate Commerce Commission recently announced that "in response to information submitted to it by the attorney-general today, the Interstate Commerce Commission will make an investigation into the operations, rates and practices of the various telephone companies."

DANISH STEAMER LOST WITH CREW

Large Vessel Sinks Fifty Miles Off Plymouth During Hurricane—Bodies Not Recovered.

CHARLESTON, S.C., Jan. 20.—(Can. Press)—Another tragedy of the sea was recorded here to-day, when Captain Ree, of the Dutch steamship Phœbe, reported the sinking of a large Danish tramp steamer, about 50 miles off Plymouth, England, on December 26, during a hurricane. The entire crew perished. The name of the vessel is not known, but officers of the Phœbe believe it probably was the Ivar of Copenhagen.

The vessel was sighted by the Phœbe during a storm on the afternoon of December 26. Captain Ree signified to the steamer offering assistance, but received no reply. The Phœbe continued to approach the distressed steamer, but before she was reached a high sea broke over her and she sank.

The Phœbe stood by the spot where the ship went down in the hope of recovering bodies. None was found and near midnight the Phœbe resumed its journey to the port here.

For Women Readers.

Commencing with this issue, The World will publish on the Woman's Page every day, Katharine Hepburn, of the New York Times, one of the best daily features for women which is produced in Canada and is well known, and her articles will be of interest to every woman. This feature will be shared with The Times and other well-known publications, which appear on the Woman's Page of The World, every day. It is the best page for women published by any morning newspaper.

MUNICIPALITIES WILL GET POWER TO CONTROL STREETS

OTTAWA, Jan. 20.—(Special)—When the new Railway Act is introduced it will likely contain the provision that all telephone, telegraph and power transmission companies must come under the jurisdiction of the railway commission and Canadian municipalities will be given the power to control their own streets. This was initiated by Hon. Frank Cochrane, minister of railways and canals, this arrangement being based upon him consisting of Controllers Church and McCarthy of Toronto and W. D. Lightfoot, K.C., of Montreal, representing the Canadian Municipalities Union.

This was the real intention of the original legislation, but federally incorporated companies, which had received charters before the Railway Commission Act was enacted, always contended that the act was not applicable to them.

If Mr. Cochrane carries out the idea which he intimated this afternoon, the real purpose and intent of the original act will be secured.

VOL. XXXIII—No. 11,860

I. G. R. POLICY DISCUSSED IN HOUSE
Minister of Railways Reminds That Acquisition of Branch Lines Was Already Under Consideration Didn't Damp Emmerson's Eloquence on Subject.

OTTAWA, Jan. 20.—(Special)—The greater part of today's session of the commons was spent in discussing Hon. H. R. Emmerson's resolution declaring that it would be desirable that the influence of the Intercolonial Railway should be widened and extended by securing by "lease or purchase such of the branch lines now connected with the I.C.R.s will serve as direct and profitable feeders." The resolution further declared that it would be in the general interest of the country "to secure these lines without a special consideration to the immediate financial results."

Mr. Emmerson had only got nicely started when Hon. Frank Cochrane interrupted to say that it would not be necessary for him to proceed. The first part of the resolution, he said, declaring it to be desirable to secure these branch lines, was still under consideration, and as for the second part of the motion, it was not in the public interest for the government to give an estimate of the value of the branch lines.

G.P.R. Tightening Grip.

Mr. Emmerson did not propose, however, to be deterred from making his remarks upon Hansard. He declared that because of the laxity of the government in taking over branch lines touching the Intercolonial in Nova Scotia and New Brunswick, these small lines were absorbed by the G.P.R. and the people of the maritime provinces were getting in the grip of a railway monopoly. Already there were many complaints from many sections of high freight and passenger charges. Mr. Emmerson said that he did not wish to treat the matter from a partisan point of view, it was one phase of the transportation problem, which sooner or later would have to be grappled with and solved.

Clarence Jameson of Digby, who followed, twisted Mr. Emmerson with not having put his principles into practice. He advised the government to take the G.P.R. into its fold and expressed the belief that the present government would safeguard the interests of the people.

The discussion was continued by several members, including Hon. Charles Marcil, ex-Speaker of the house. Mr. Marcil spoke with marked fairness and delivered a sharp rebuke to both sides. It was his first speech since being dethroned from the Speakership.

Steel Duties Remitted.

A number of important questions were raised by the opposition and answered by the government when the house met.

Sir Wilfrid Laurier wanted to know if a remission of customs duties had been given to the Algoma Steel Company on steel rails imported at Fort William. The date of the remission and the statute under which the remission had been made.

Hon. Dr. Reid stated, in reply,

EVERYBODY'S CYCLOPEDIA
—DAILY COUPON—

This coupon, if presented at the office of The Toronto World, 46 Victoria St. East, Hamilton, on FRIDAY, JAN. 24th, or SATURDAY, JAN. 25th, will entitle the bearer to one five-volume set of Everybody's Cyclopedias (regularly selling at \$12).

For \$1.98

MAIL ORDERS. ADDRESS THE WORLD, TORONTO, CAN.

The Sets are too bulky to be sent by mail, but out-of-town readers can have them for the \$1.98, the set to be sent by express, shipping charges to be paid by the receiver. OUT-OF-TOWN READERS need not wait until the days of distribution, but send orders now, and the week and shipments will be made promptly on the distribution days.

TORONTO BOARD OF TRADE SEES A MILLION PEOPLE IN TORONTO AND LAYS PLANS FOR THAT MANY

Retiring President G. T. Somers Draws Attention to Necessity for Better Postal Facilities and the Advantages Which Will Follow the Harbor Improvements—Good Roads Also Necessary—Technical Education Means Much to Toronto—New Council Was Elected.

The rotunda of the Toronto Board of Trade could not hold all those members who attended the annual meeting and election held yesterday afternoon and as a result a number of the prominent were forced to stand in the corridor. The election was the most hotly contested in the board of trade's history, thirty-one nominees standing for the fifteen places in the council and eight for the five seats on the Technical Exhibition board. The fact is that the board of trade is working with the conviction of a million population and the great need of good roads to prepare for the million. Toronto were strongly emphasized in the address of G. T. Somers, the retiring president: He also brought out the inefficiency of the present Toronto postal service. He expressed deep regret at the loss of the services of late Judge Mabee. The address closed with a general review of the Dominion of Canada's foreign imports and exports. President Brock, the newly-elected head of the board, expressed warm thanks for the honor conferred on him by his election to the presidency.

"An excellent barometer of trade conditions, not to mention general intelligence, can be found in the postal revenue of a community, and in this particular Toronto stands paramount among the cities of Canada—I might indeed say, in a class by itself," said Mr. Somers. "Gone as we were from the Toronto postoffice in 1911, yielding \$1,962,065 to the exchequer of the Dominion, the revenue for 1912 far overtops what was placed in \$2,817,000."

"It is clear that our great banquet in the Arena, the postmaster-general, Hon. Mr. Peltier, promised relief, but our needs are not only great; they are urgent. Altho' the business of Toronto postoffice has more than trebled in the past decade, the equipment has not proportionately increased, like the same ratio."

"Apart from the inconvenience and worry experienced by the congestion experienced at the Toronto postoffice by the arrival of Holloman mail, the monetary loss to business may be delayed letters during this period was necessarily great. I have no doubt that, like myself, many of you were obliged to sit up late at night, the telegraph lines to ensure the service in the breakdown in the postal department denied you. The fact of the matter is that the postal equipment of Toronto did not suffice to cope with the growing business under normal conditions, and any slight excess of master straits the system to the breaking point. Toronto has waited patiently all these years and is now entitled to prompt redress. Give me a responsible way to the city and adequate to the demands of business. To the Hon. Mr. Peltier and the government I would say 'act promptly.'

Harbor Improvements.
After seven years of strenuous campaigning in favor of a wide extension, the Toronto Board of Trade has in a measure reaped the reward of its labors in the adoption by the Dominion Railway Commission of the viaduct proposed for this city. While it is true that the railroads have placed every obstacle in the way of carrying out of this plan, I feel that in the appeal they are now making at Ottawa they have reached the end of their resources and are making a last stand.

Good Roads.
The success which has so far attended the propaganda of the Toronto Board of Trade in respect to the question of good roads is a matter for sincere gratification. This is a subject which strikes at the very root of the agricultural prosperity of Ontario, and in a large part of the Dominion. I have no hesitation in saying that when this problem is properly solved it will go a long way towards stemming the exodus of young people from the farms. These of you who are familiar with conditions throughout rural Ontario are aware that for a number of months in the past year the roads placed in a position of practical isolation by the almost impassable state of the country roads, thus nullifying considerably the good work of the rural telephone, and rendering social intercourse difficult, and in many cases almost impossible. I must also be obliged to say that in too many districts at the very periods when the country roads should be at their best for driving purposes, whatever joy is to be derived from that pastime is sadly marred by the unsightly barricades of gravel and loose stones indiscriminately dumped upon the roads by the ill-judged co-operative system of statute, or, better term, "stupid," labor.

A Good Start.
The basis laid down and the policy of this city in working in harmony with county and township authorities of York in the development of the highway leading into Toronto, I commend itself to every citizen. I feel that a start has been made and that seed so industriously sown by this board and kindred organizations will blossom and bear fruit abundantly. There has been a further grant of \$100,000 in helping the movement, and the County of York has given assurance that it will supplement this by a sum of similar proportions. Already an agitation is on foot looking to the construction of a paved road from Toronto to Hamilton, a scheme which, if carried through, will be of great value and will be generally recognized.

During 1912 the expenditure on country roads constructed in Ontario reached three-quarters of a million, or \$150,000 more than during 1911. At least \$250,000 of this was spent upon the York County system. The City of Toronto and the County of York can

1912 WORK OF BOARD OF TRADE

Encouraged good road movement; worked for the improvement of the Welland Canal; supported harbor commission; advocated arbitration; advocated viaduct; protested against sale of Toronto James Square; dealt with high cost of living problem; favored postal port system; favored tax reform; appointed tax experts; organized school plans; assisted high school of commerce and finance; dealt with housing problem; commissioners; government, federal, and senator; government, Bloor-street viaduct; in accordance form; sounded note of warning respecting reckless real estate speculation; fought for widening and extension of Teresavay street; dealing with Panama Canal question; sent representatives to many important conferences; secured for Toronto next congress of chamber of commerce of Empire; entertained British ministers; banqueting; Dr. Hon. John Borden; on his return from Britain; conducted important membership campaign.

"For many years the Toronto Board of Trade has urged the growing need in Toronto for the adoption of an adequate system of technical education, and now these hopes are about to be realized. The city stands pledged to the erection of a proper building that when completed and equipped will cost considerably more than one million dollars. The fact of such training to the industrial life of the city cannot be over-estimated.

"In my opinion the board have been very fortunate in securing the services of Dr. McKay, and I sincerely hope that there will be no further delay in the construction of buildings so much needed. I feel satisfied that the citizens of Toronto will support the new building in an additional subscription, that may be necessary to promptly build and properly equip premises of a suitable character in which to lay the foundation of an excellent work much needed in our city. The call of the ratepayers is 'Trustees, hurry up.'

Deepening of Welland Canal.
"For some years the Toronto Board of Trade has realized that the improvement of the Welland Canal is a matter of urgency, and that to make the work effective the reconstruction of this essential marine gateway must be prosecuted with vigor in order to reap the full advantage of the expansion. Investigation has been carried out in the resolution sent to Ottawa by this board that every year of delay means probably a permanent settling of trade in other channels and diversions from the natural water-

ways across the continent, of traffic which should pass thru Canadian channels, building up Canadian ports and enriching Canadian communities. The Toronto Board of Trade voted to appropriate when only a preliminary application was made towards the federal government for 1912. The resolution sent to the Toronto board adopted on March 28 and telegraphed to the prime minister, Rt. Hon. Mr. Borden, brought an assurance of railroads and canals that there would be no relaxation in prosecuting the work on the new Welland Canal and that the necessary money would be provided to prosecute the work of construction, when the details and plans were agreed upon.

Exhibition Board.
Those elected to represent the board of trade on the exhibition board are: W. H. Alderson, Guilla Percha & Rubber Ltd.; D. O. Ellis, Grain Merchant,

President, London McKay & Co., Ltd.; Geo. W. Howland, Vice-President, H. S. Kent, President Canadian National Exhibition Association; Hugh Munro, Chairman, Oliver Lumber Co. Ltd.; G. T. Somers, President Standard Bank of Canada; Lt. Col. Turnbull, President Nasmyth, Ltd.; D. O. Wood, Allan Steamship Line; J. W. Woods, President, London McKay & Co., Ltd.; Exhibition Board.

The progress made seems satisfactory and it seems certain that an adequate appropriation for the Welland Canal will be made at this session of the Dominion Parliament."

Technical Education.
The election for a place on the 1912 council resulted in the election of the following: John Aird, Asst. Gen. Mgr. Canadian Bank of Commerce; Eric N. Atkinson, St. Paul & Arrowsmith; J. E. Atkinson, Sun Printers and Publishers Co.; Hugh Blair, The Flyer, Blain Co. Ltd.; W. F. Cockshutt, M.P., Brantford; K. J. Dunstan, The Bell Telephone Co. Ltd.; Chas. McD. Hay, Lyman Bros. & Co. Ltd.; Arthur Hewitt, George M. Hill, President, G. M. Hill Co.; Geo. W. Howland, Vice-President, H. S. Kent, President Canadian National Exhibition Association; Hugh Munro, Chairman, Oliver Lumber Co. Ltd.; G. T. Somers, President Standard Bank of Canada; Lt. Col. Turnbull, President Nasmyth, Ltd.; D. O. Wood, Allan Steamship Line; J. W. Woods, President, London McKay & Co., Ltd.; Exhibition Board.

The progress made seems satisfactory and it seems certain that an adequate appropriation for the Welland Canal will be made at this session of the Dominion Parliament."

UNIVERSITY SEETHING WITH PARTISAN STRIFE AND SPEECH

Both Liberals and Conservatives Busy Making Converts to Their Cause—Next Government May Be Liberal—Three Party Caucuses Held Yesterday—Parliament Dissolves on Friday.

Politics is now the absorbing topic at the university. Last week the undergraduates of University College voted on a referendum to replace the Unionist and "Old Lit" parties in the students' parliament with Conservative and Liberal factions, and the measure was carried by a vote of two to one. Yesterday, at noon, no less than ten party caucuses were held, and the canvass for party followers had already begun. In the east hall of the main building the Tories succeeded to W. D. P. Phillips, K.C., M.L.A., who labored for nearly an hour to prove the superiority of Conservative principles over those of any other class. Meanwhile, across the corridor, in West Hall, Stewart Lyon, of The Globe; John Lewis, of the Star; and Major Johnstone A. D. Aitken upon the right shoulder of Liberalism to nearly all sympathizers of that party. Yet while all this was in progress, a "handful of earnest men" gathered in the reading room of the university afternoons to pray for the dawn of a Socialist world in which all would be equality, and none should enjoy privilege.

Friday night the present government will, in consequence of the return of another ten modest returns, and parliament dissolved. Nominations will be called for in a week's time, and the most spirited election in the history of the university "Lit" is expected to follow the first. In the meantime, a second caucus will be held by each of the parties, definite platforms laid down, and "slates" chosen.

Next Government Liberal. The strength of the different factions in the university one might suppose from the fact that the students come to Toronto from all parts of Ontario and many outside points. The Liberal lead in numbers by a considerable margin, while the symphony of socialisms are comparatively few. There is little doubt but that the next government will be Liberal. The Conservatives in caucus yesterday decided to concentrate their energies on the election of Tory students. As graduates are qualified to vote on the presidential ticket, they entertain the hope that sufficient Conservative graduates in Toronto may be induced to go to the polls. It has been the Socialist who will be represented in the ministerial benches in the next parliament, but it is evident that they will make themselves heard from the private seats.

Independents Rallying. Judging by the enthusiasm manifested

LEPERS IN NEED OF MEDICAL AID

Dr. Pearl Chute Gave an Account of Her Work Among the Diseased in India.

The regular monthly meeting of Toronto Auxiliary of the Mission to Lepers was held in Toronto Bible College yesterday afternoon.

Dr. Pearl Chute, who has spent 17 years in India under the Canadian Hospital Mission Board, has seen a good deal of leprosy, gave a most interesting account of her medical work among the diseased. The treasurer at the meeting realized what a necessary medical aid as to the outcast lepers.

The amount raised was \$1,000, and it is hoped to increase this to a couple of thousand by spring.

The annual meeting of the

Municipal Improvement Association, which was formed in November, will hold its first annual meeting in Canadian Forestry Hall this Tuesday evening.

Mr. E. H. Atkinson, president, and Mr. C. H. Mitchell, vice-president of the Civic Guild, have been elected to the new association on civic government and town planning.

Since the first of the year the association has been very active in organizing work.

It proposes to maintain a continuous interest in civic affairs.

The amount raised was \$1,000, and it is hoped to increase this to a couple of thousand by spring.

The annual meeting of the auxiliary of the Canadian Forestry Hall, which was held on Monday in February, the treasurer's statement for the year, however, was made by the chairman of the mission, Miss Lila Watt, and showed that \$100,000 less the auxiliary expenses had been received by the Friends of the Forest during 1912.

Deep regret was expressed at the loss of Dr. John Lewis, who had been for many years honorary president of the auxiliary, and who had always taken such an interest and active part in all the work carried on by the mission.

Mr. McPherson's Address.

Mr. McPherson's address before the Conservatives yesterday consisted largely of a defence of the local and federal governments, eulogies on the statesmanship of the party leaders and a pronounced admiration of the imperialists indulged in by the Conservative party in Canada.

In the Liberal caucus John Lewis reviewed briefly the history of Liberalism and defined the principles underlying the attitude of the party.

John Lewis urged the students to look to a life service for their fellow-men. "It will not bring wealth," he said, "but it will bring a sense of fun and die happy." He defined Conservatism as a "conservative spirit with a progressive mind, which never leaves home." His allusions to the reciprocity pact were heartily applauded, indicating that the measure had friends among some of the younger bloods.

He said it was a good thing to take the taxes off food in view of the high cost of living," he said, "but because the country did not think so we were thrown out of office. It will perhaps take ten years now to win our battle for untaxed foods."

John Lewis, a former prominent member of the "Varsity Lit," con-

gratulated the society upon its progressive steps. He saw bright prospects for Liberalism in the school meetings that followed the birth of this new party in university life. He advised the students to read Canadian history widely, and to take to heart the lessons it teaches from a political standpoint. The Conservatives, he said, described as reactionaries, as bad company for young university men, blooming fresh with new political ideals and unquestioned sincerity.

PLEAD GUILTY TO BOLD CRIMES

Pair Charged With House-Breaking and Hold-up Also Connected With Other Offences.

When they appeared in the police court yesterday Hubert Winchester, alias John Weston, and William Blandford, admitted several serious charges preferred against them by the police. The two pleaded guilty to robbing the homes of W. H. Gooderham, J. O. Oliver and the store of D. Pike and Company.

On the charge that they had held up W. G. Blakely at the point of a revolver they also entered a plea of guilty.

Winchester is the man, who living under the name of Weston is alleged to have committed many daring robberies in the city and throughout the country. The American police have been informed of his arrest, as it is thought he is wanted on the other side.

Blandford and Winchester were remanded for sentence until the 28th of this month.

Rounded Up Boundary-Jumpers. BROCKVILLE, Jan. 20.—(Special)—A number of boundary jumpers from Brockville were caught by United States immigration officers near the shipyard in Ogdensburg, N. Y., this morning. It was a clean sweep-up. The gang, it is thought, originated here before making the dash across the river to Uncle Sam's do-

main.

Rural Delivery at Branchton. GALT, Jan. 20.—(Special)—The first of the three rural free delivery postal routes to be established in this country was opened from Branchton postoffice, extending in various directions embracing an area of ten square miles.

GEO. CLARE, M.P. 20.—(Special)—A bill has been introduced into the House of Commons for the purpose of giving the members of the Canadian Bar Council the right to practice law in any province of Canada.

Penitentiary Chaplain Dead. WINNIPEG, Jan. 20.—(Can. Press)—Samuel Grigg, the evangelist, this morning pleaded not guilty to the charge of bigamy, and asked for a jury trial. E. R. Leonard asked for a remand until Jan. 28.

WINNipeg's New Controller. WINNIPEG, Jan. 20.—(Can. Press)—There was a civic by-election here today to fill the vacancy on the board of control caused by the death of Controller McArthur. Dan MacLean was the winner over Allan L. MacLean.

NOT CHEAPER TO MOVE THIS TIME

Big Rent Bill Must Be Paid By the Lessees of the Balmoral Apartments.

After renting the Balmoral Apartment house, 277 Jarvis street, in September, 1911, for \$150 a month and running it for a few months Miss Josephine E. Guerin and Mrs. Millie O'Neill slipped from the house one night at theatre time and never returned either to apologize to the boarders or pay Mrs. Jennie Carnegie her rent.

The charge that they had held up W. G. Blakely at the point of a revolver they also entered a plea of guilty.

This deal was what led Mrs. Carnegie, the owner, to take action against the two lessees, and Mrs. Levina Guerin, their guarantor. Mrs. Lethbridge heard the case yesterday, but Mrs. Guerin was the only defendant to appear in court. She claimed that she was not the guarantor in ignorance and also that the house was misrepresented as a paying proposition at \$150 a month. Mrs. Carnegie won her case, however, and the guarantor will have to pay her \$657.65 and costs.

NOT GUILTY, SAYS EVANGELIST.

WINNIPEG, Jan. 20.—(Can. Press)—Samuel Grigg, the evangelist, this morning pleaded not guilty to the charge of bigamy, and asked for a jury trial. E. R. Leonard asked for a remand until Jan. 28.

WINNipeg's New Controller.

WINNIPEG, Jan. 20.—(Can. Press)—There was a civic by-election here today to fill the vacancy on the board of control caused by the death of Controller McArthur. Dan MacLean was the winner over Allan L. MacLean.

Another Chance This Week To Get This Five Volume \$12 Set for \$1.98

You need this set. Parents, how about that boy and girl at school? You say they have the necessary text books. Well and good. But have they a reliable set of REFERENCE BOOKS AT HOME to aid them in their school work? Then look here. For a mere pittance THE WORLD offers Everybody's Cyclopedias in five volumes, a handy everyday reference work for use at home or at school—and every teacher in our schools will commend the wise pupils that get this set.

This is the greatest bargain in books ever placed before the people of Toronto. Five handsome volumes of Everybody's Cyclopedias, bound in English cloth, for the small sum of \$1.98.

The coupon on Page 1 must be presented with each order.

MEN'S LEAGUE FOR WOMEN'S SUFFRAGE

Meeting in Connection With Formation of New Society Will Be Held Tomorrow.

Cancer Cooke, Aged 72, Victim of Pneumonia.

KINGSTON, Jan. 20.—(Special)—After a few days' illness from pneumonia Rev. Canon Arthur W. Cooke, Protestant chaplain to the Penitentiary, aged 72, died this afternoon. A widow, four daughters and two sons survive. One son, Rev. Alfred Cooke, is rector of St. Mark's Church, Barriefield. Canon Cooke was born in England 72 years ago, was educated at St. Augustine and ordained in the Church of England orders in 1864.

LAKE OF WOODS OFFER REJECTS.

MONTREAL, Jan. 20.—(Special)—The president of the directors of the Lake of Woods Milling Co. put a damper today on the request of the Dominion Trust Co. for stock which created market for stock.

At the end of the directors' meeting it was announced that they did not consider the offer serious and as the outlook of the company is excellent they advised the shareholders to keep their stock.

TO MEN

Who Have Been Buying
Their Clothes in Other Shops

THIS big Semi-annual Sale now in full swing here affords a unique opportunity for men who have never dealt here to secure the most stylish and honestly tailored garments in Canada at reductions which mean a saving of from 20 to 40% in other tailor shops. What you buy at this sale at 10 to 20% reduction actually means 20 to 40% as values are reckoned in any other tailor shop. Hundreds of men in this City wait anxiously for this one great tailoring event. It is the sale of sales, a real bona-fide clearance of the finest woolens that are manufactured. Without a single deviation in style, tailor work, or general character of the garment, notwithstanding the reductions in price.

Hockey Gossip

Friday night's double-header at the Arena should draw a good crowd, and the Bank League has lost none of its former popularity.

The Bank of Commerce have Laird of the Junior O.H.A. champions and David, a brother of the Toronto professional, as their defense, and may upset the dogs in their game against Dominion.

Bank of Toronto is sure to win the second game, but the Royal Bank team have not yet shown their real strength, and will trot out some classy O. H. A. players.

Just two more weeks, and we will come into our own. The pros will switch over to the seven-man game, and the local fans are anxiously waiting to see the result.

Quebec were very much delighted to get a practice on hard ice yesterday morning, as they are little dabblers of polo, and the blue shirts will be going on Wednesday night. Joe Hall will be back in the game and should make the Toronto hustle, even if it is a semi-final. The blues are certainly not a road team, but luckily they have two games at home yet and an off-day before they travel to Montreal to play Wanderers on Feb. 1. If the Guelphers will climb up the ladder a little in the next few days.

The Tecumsehs leave for Ottawa tonight, and they will not play here again until Feb. 1, when they meet Quebec. On the trip east they will tackle Wanderers and the Blues. The Tecumsehs are sorry to see Billy go, as he keeps us in good spirits with his optimistic ideas.

Bruce Ridpath is contemplating following in Jack Marshall's footsteps and getting into the game. Poor Biddy! Forget the idea. Better order a coffin first.

Brisk Sale at Maher's And the Prices Right

Notwithstanding the disagreeable weather, the sale at Maher's Horse Exchange yesterday was brisk, and prices were right. The sale ring was crowded with buyers, who took advantage of the large shipments fresh from the country. The trade was mostly local, with a few buyers from Ontario and the west, who had shipped a number for shipment.

The sale commenced at eleven o'clock and continued until 4 p.m. The horses were thoroly dealt with by the auctioners to the satisfaction of both buyer and seller, until the entire stock had been offered.

A number of the T. Eaton Company's demonstration horses were the first to be offered, and were sold in pairs in rapid succession. The consignment of Messrs. Britnell & Co., contractors, was then offered, and owing to the fact that they were eight out of the horses, were rapidly picked up. The balance of the sale consisted in large consignments of the finer types of heavy-drang and delivery horses that could be procured in the country.

Some out-of-town buyers were: Mr. Spencer of Mortdale, Sask., who secured a fine team for shipping in the winter; Mr. Thomas Clegg, shipper from Mount Albert; Albert Dalton, Royal Station; S. Heacock, Weston City; buyers were: The Marine Webb Co. Ltd. D. G. Stevens, J. J. Smithson, Ontario Sewer Pipe Co., J. J. Walsh, T. H. George, J. D. Phillips, A. Farel, J. H. Goodall, F. Edwards, A. Parker, W. M. Morris, M. Special, Doan & Charles W. Collins, Geo. Coleman Baking Co., S. Wickes, Wm. Dailey, J. McPherson, Chas. Pitt, Thos. Rolsom, R. Campbell.

Nicholson has at last decided to fish for other catches and to leave Jerry and Frank alone.

The Indians were all out to practice yesterday morning, but without success.

Time 10:45-5. Pawhuska, Lucille Allen and Wimmin Witch also ran.

FIFTH RACE—Six furlongs:

1. Royal River, 104 (Hoffman), 6 to 1.

Postage extra to United States and other foreign countries.

Subscribers are requested to advise us of any irregularity or delay in delivery of The World.

TUESDAY MORNING, JAN. 21, 1913

MR. ROWELL AGITATING.

Mr. Rowell is getting the ears of the people on the tax reform question, whether he eventually gets their votes or not. We had occasion some time ago to comment on Mr. Rowell's slackness and the still greater slackness of The Globe even when Mr. Rowell was a diligent in pressing the tax reform issue to the front. There is less division of opinion upon it than any reform topic before the province. Sir James Whitney has pledged himself that if the present act does not work satisfactorily he will provide a remedy. We trust he will not keep the province waiting thirty-three years for the remedy, as it had to do for hydro-electric power.

THE TELEGRAM FINDS ANOTHER SHELTER.

With an incorrigible instinct for falsification The Telegram endeavors once more to discredit the modern movement for fair and just dealing in the assessment of property which it attributes to "Donlands Democracy."

The Telegram is now hot in the ardor of conversion to Lloyd Georgeism because, it declares, "Lloyd George makes an inviolable distinction between city and suburban lots in levying increment duty. Lloyd George is a reasonably discreet individual, and will levy on city lots in due course. But The Telegram does not want to levy on city lots. It is interested in city lots and would leave them scathless. And as it leads its own life it judges its neighbors, and pretends to its readers in its absurd fashion that The World does not want to levy on suburban lots, altho The World was the first to propose that step.

The Telegram unfortunately thinks that a make-believe policy will suit as well as the real thing. It is aware that the legislature will not pass an act levying increment duty on suburban property, however loudly The World may ask for it, any more than the landlords of Westminster and Belgrave will permit an act in England levying tribute on the unearned west end increment.

The immediate practical way of getting tax returns for the city from suburban property is by annexation. This practical step The Telegram opposes until public opinion becomes too strong for its reactionary principles, when it yields ungracefully and compensates itself by abusing and maligning its neighbors.

The Telegram, however, has to crawl on all these questions. It must accept the Donlands Democracy idea that all unearned increments must contribute a fair share to the community from which they have been derived, irrespective of invidious distinctions made by Lloyd George. The Telegram or anyone else, whether the unearned increment accrues in York Township or on Bay street. And we are willing to venture the prophecy that when the Ontario Lloyd George arises he will get little sympathy from The Telegram that cannot be communicated with a hammer.

Meanwhile it is interesting to note that The Telegram now retires to the friendly shade of Lloyd George when it gets in a Tight Place.

The Telegram concludes with the following absolutely baseless assertion, made without citing a word of evidence in support of it, and in absolute contradiction of The World's policy, as our readers know. And people are beginning to wake up to the fact that there is little better basis to any of The Telegram's articles written under the stimulus of personal antipathy. Any false statement, any mean, insinuation that comes to hand in such cases is yelled into print in this style:

ANOTHER IMPERIAL CONFERENCE NEEDED

LONDON, Jan. 20.—(C.A.P.)—The Times urges that before Premier Borden settles Canada's permanent naval policy the two countries should have a conference to ascertain the extent of Canada's desire to co-operate with the other Dominions having a Pacific interest. The Dominions now take a broader outlook on the imperial problem than that of which Winston Churchill has shown an intermittent contempt. Should he be tempted to look only to British convenience, rather than to imperial development, he would impair the regard entertained for the admiralty by every dominion.

In a leading article in the Berlin Vossische Zeitung, entitled "The Downfall of Chamberlainism," Vice-Admiral Hoffman (retired) declares that the people of Britain and the Dominions have been persuaded of the advantages of imperialism as understood by the Conservative party. Democratic imperialism, he says, has gained the day.

GRATEFUL MOTHERS!

What Zam-Buk Did For Their Little Ones.

Thousands of mothers in Canada owe a debt of gratitude to Zam-Buk for its cure of their children, and hundreds of them are not slow to recognize the debt.

Mrs. J. Quiggin of Ninette, Man., says: "My little boy was suffering very badly from a form of skin disease over his eye. I applied Zam-Buk to the affected part, and in a very short time the sores were completely healed."

Mrs. F. Miners, of 311 Suffolk St., Guelph, Ont., says: "My little daughter Lorinda (6) contracted a skin disease. The sores broke out like tiny blisters, afterwards taking the form of dry scabs. These then disappeared for a short time, and then reappeared worse than ever."

"We tried Zam-Buk, and with each application the irritation and soreness were greatly relieved, and the child rested easier. Persistence with Zam-Buk worked a complete cure."

All druggists and stores sell Zam-Buk at 5¢ box or post free from Zam-Buk Co., Toronto, upon receipt of price. Refuse harmful substitutes.

ANOTHER CHANCE FOR A CYCLOPEDIA

This Week Friday and Saturday Another Distribution on the Same Terms.

Last week's big book bargain was such an enormous success that the offer is continued this week and next Friday and Saturday every reader presenting one cyclopedia coupon at this office can get the complete set for \$1.98. There is no other charge.

This offer is the result of the largest book order ever placed with a publisher, and readers are now given the benefit of it. The World guarantees to return the amount paid by any reader who finds Eddy's Cyclopedia not entirely satisfactory as represented.

The sets are too bulky to be sent by mail, but out-of-town readers may get them for \$1.98, the sets to be sent by express, charge the post paid by the receiver.

Clip the cyclopedic coupon printed elsewhere in The World and get this beautiful and useful set of reference books.

Winter in Algonquin Park. That there is a field in Canada to attract a great number of people who are fond of getting away from the strenuous life of business and the toils and toil of city life during the winter season to enjoy the quietude of the woods and the healthy and exhilarating sports that winter offers in Canada. Grand Trunk Railway has having the "Highland Inn" at the Algonquin National Park of Ontario operated as an all the year round resort for summer and winter tourists. Those seeking recuperation from overwork can run down system, or those convalescing from a protracted illness. Mr. H. R. Charlton, General Advertising Agent of Grand Trunk, has been having the "Highland Inn" at the Algonquin National Park of Ontario operated as an all the year round resort for summer and winter tourists. Those seeking recuperation from overwork can run down system, or those convalescing from a protracted illness. Mr. H. R. FUNERAL From residence of her son, William, lot 22, Concession 2, Tecumseth, on Wednesday, Jan. 23, at 1 p.m. Interment at Dunkerton.

FOX—On Monday, Jan. 20th, 1913, at her last residence, 256 Souraren avenue, Elizabeth Fox, widow of the late Thomas Fox, in her 63rd year.

FUNERAL From the above address Wednesday, Jan. 22nd, at 2.30, to St. James' Cemetery. Friends please accept this intimation.

OWEN—At No. 1 Montelith street, Toronto, on Jan. 19, 1913, Lewis Owen, aged 31 years.

FUNERAL will take place from above address on Wednesday, Jan. 22, at 3.15 p.m., to the Necropolis.

SLEMIN—On Sunday, Jan. 18, 1913, at 43 Enderby road, W.H.E., eldest son of William and Millie Slemin, in his 20th year.

FUNERAL on Wednesday at 2.30 p.m. Interment at St. John's Cemetery, North.

Way Down East.

"Way Down East," with its living, breathing characters, its intense story, its almost real life, is being offered to the Grand this week, and the popular New England drama shows no signs of losing its hold on Toronto's attractions, judged by the audience record it has performed last night.

Scenically the play is presented in the same elaborate manner it has been in previous years.

The leading characters are: Residents of New England. The locale is typically rural. The first setting shows the rear of the home, the barn and the stable. Here the Squire's family assembled when hapless Magdalene in the person of Anna Moore comes among them. She seems to have a definite destination, the part of the Squire is taken into the family to help around the house. The quiet scenes of the Squire's wife and his son David, who falls in love with her, the father intended that the boy should marry his Cousin Kate. The second scene shows the sitting room of the Squire's home, a family in trouble, a neighbor's "Marthy Perkins," the village gossip, then appears on the scene. She has heard a story of Anna Moore's past, has been to the Beiden churchyard. The Squire, who believes in living according to the Scriptures, prepares to turn the girl out, but refrains until he finds an opportunity to ascertain the truth of the story.

The third act shows the kitchen, with the family and neighbors gathered about the table. The Squire has gone to Belden, and on his return is awaited with much anxiety. He returns as his super to being placed on the platform.

The fifth scene is a wireless station off the Coast of Maine and many unusual situations are introduced. "A Bargain Day" is the interior of a modern department store and is a scene of great interest.

The final scene is a wireless station. While the theme of the story is serious, there is a variety of humorous incidents and comic characterizations. These are found in the personal life of "The town constable," "Seth Hoblom," a village food-for-nothing, and "Professor Sterling," a butterfly-chasing summer boarder.

George's Recital.

Much interest has been aroused by the announcement of Miss Margaret George's recital by Foresters Hall, next Saturday evening. George has a dramatic soprano voice of exceptional range, and has been studying in London with Sir Charles Mander, one of the most eminent impresarios of London. Miss George has returned to Canada and is giving a series of recitals in various parts of the country.

George, Custom Broker, McKinnon

Continuous recital on the Edison Disc Cabinet Phonograph, just invented by Mr. Edison, which created such a furor at the Boston Musical Show.

Third Floor

Intermittent piano and Player-piano recital.

Fourth Floor

An orchestra (members of the Toronto Symphony) with violin, piano and other soloists, 2 p.m. to 3 p.m., 8 p.m. to 10 p.m.

SIGHTS WORTH SEEING

Exhibit of Antique Instruments. Collection of Rare Old Violins. Williamson's Electric Organ. Edison-Victrola Machine Exhibit. Band Instrument Exhibit. Piano and Player-Piano Exhibit.

Ten floors of interesting sights and events. Spend a pleasant hour in the spell of music's

charm.

The WILLIAMS & SONS LTD., 145 YONGE ST., TORONTO.

goes out under the chant of the Nubians into the blue Egyptian night. The staging is superb in every act. The costumes are well done by Modern designers, and the scenes are becoming more and more attractive.

Of Mantell's acting little needs to be said. From the humor and more serious moments of Hamlet, he makes a strong impression.

The version of "Hamlet" as presented by Mr. Mantell's splendid company lagged but little. Hardly a point could be cited but need not be to form a judgment that the production is charming, wondrous, yet witty character demanded.

The third act is a magnificently staged piece of staging with the red sunsets of the Nile, and the huge Egyptian structures commanding the stage.

Dahabeyan is the scene of the poisoning, of which Isaacson is an unseen witness. The droning chant of the Nubians haunts the blue Egyptian night, and a long and tiresome turn into the nethermost pit.

The even strength of the more important members of the cast is augury of what entertainment lies in store this week for those of Shakspere's affection.

The version introduced Mr. Mantell's new leading woman, Miss Florence Rockwell, who, when little more than a girl, took a commanding part in "Romeo and Juliet." Her singing is good, and she has a decided gift for modern, too, New York, but otherwise she displayed an understanding of the meaning of this part.

All the members of the company worked hard and well, and the same standard prevails throughout the week.

The even strength of the more important members of the cast is augury of what entertainment lies in store this week for those of Shakspere's affection.

The acting effects imparted greatly to the realistic tone of the settings. The entire act playing of pipe organ was also a helpful incident.

Shea's Extra Fine Bill.

Featuring "The Drums of Oude," a one-act play of a melodramatic nature, the bill will be repeated in keeping with the good things that have come here in the vaudeville line this season.

"The Drums of Oude" was written by Austin Strong and presented by David Belasco.

It is a little story with a big thrill, and the audience on a nervous edge from beginning to end. It is a tale of a British army station in Northern India in 1857, prior to Sepoy mutiny.

The cast consists of seven people, and there is some splendid acting, especially in the hands of the leading players.

Henry McGregor as the Highlander, Jack Standing, as Lieutenant Hartley, and Eleanor Scott L'Estrange, as Mrs. Jack Standing.

The musical Gordon Highlanders, Scotland's premier entertainers, created a hit by their instrumental and vocal selections. They got the Scotch applause in full.

Harry Puck and Mabel Lewis, known as nimble-fingered singers, were equal to the task.

Miss Lewis, a widow, singing comedienne, had a large voice and knows how to use it.

To further impress the audience that her vocal organs are of a healthy nature, she uses a megaphone in singing one of Irving Berlin's latest, loveliest songs.

Miss Maitland is ready to sing.

Mr. E. J. McLean in the part of the Highlander, MacGregor, is in the part of the Highlander.

Henry McGregor as the Highlander, and Desley being the chief producer, in the role of a negro bell-hop, "Mack," is a flood.

But at "Gordon Highlanders," is a flood, with which he gets bushels of applause.

The "Act Beautiful" is a study of a woman in singing models, is an artistic work of some merit. The kinetograph closes a good bill.

The Boy's Companions

"Girls are so much easier to manage than boys," I have heard, "you know where girls are, but you never know where boys are."

Which is very probably why some mothers think boys hard to manage.

They are, and if they would take the trouble to follow them up that they give to their girls, they would learn much that mothers should know.

This does not mean that boys are to be accounted for every hour they spend from under the maternal eye.

If mothers and sons are on the right terms of intimacy they will want the freedom of the world, but the boys and the girls will come as naturally as small girls come to mothers with their feminine needs and interests.

One of the easiest methods of cultivating such an intimacy is to begin at the beginning, when the boy is a baby, and not permit the intimacy to drop at any stage of the son's career.

Mother's claim that the child who has

been brought up in close contact with his mother will be more easily controlled when he grows up.

As secretary of the National Consumers' League since 1899 and as a

A GORGEOUS EVENING WRAP.
Cloth of gold and corse satin were the materials combined in this garment, which would make a noticeable feature in any evening wear.

The wearer lengthened new this season, as are the sleeves which taper quite sharply toward the wrists.

The garment clasps the figure closely at the hips but is voluminous above, being well suited to the figure.

It is a good idea to have most exercise; and the play should be under the mother's supervision.

I fancy I hear a murmur, if not of dissatisfaction:

"Isn't it a pity that while the kiddies are babies without time to stay at home to superintend their play after they have begun to grow up?"

It may seem a wee bit hard to accept, but then we are willing to put up with a whole lot to win the joy of perfect motherhood. And it is worth while to go without little good times now to experience later the wonderful good times one may have as the chum of a big manly fellow.

So with that reward to help you,

stay at home now to watch over little ones, and let your husband choose his own associates, but let him understand that you want to meet them every one. Perhaps when you were a youngster you remember always wanting to go to play at certain house. One of your acquaintances had such a jolly home that you would far rather play there than at home. Well, just remember that hard enough to do it, and you will be running to be done it shall be to your boy's home; and that your children are going to have such good times that all their playmates will want to come.

Set aside certain days when playmates will be welcome at meals, although the visitors are usually on their best behavior, there are many little things that indicate character and habit. If the playmates of your children are to be admitted into the home makes a child careful in his choice; so that rarely does the parent need to interfere.

There are two parts to the mother's responsibility: To judge the friends and to counterbalance by her personal influence any bad effects of these friends.

Mrs. E. R. Wood of Queen's Park invited many friends yesterday afternoon to meet Miss Evangeline Booth and hear her give a most interesting address on the subject of poverty and its evils. At the close of the address tea was served in the dining-room from a table decorated with pink roses and blue forget-me-nots. Miss A. Walker assisting the hostess, who was gowned in deep blue brocade with gold embroidery and a black hat and feathers; Mrs. Watt, who also assisted, being in a white dress with a black sash and black hat with lavender. Mrs. McGaw, in a becoming white gown and black hat with violets, and Mrs. George Macdonald, wearing a white muslin dress with black picture hat, were in charge of the tea tables, assisted by Miss Maude Crawford, Miss Gladys Fay, Miss Crawford, wearing pale green; also Miss Gladys Fay, in Alice blue with black trimmings; Miss Mary Rutherford, in old rose and black hat, and Miss Marie Rutherford, in a becoming saffron yellow satin gown and small black hat, with white feather.

The second annual Columbian Club ball took place at o'clock this evening at the Columbus Hall, Linden street.

Patrons: Lady Thompson, Mrs. R. A. Falconer, Mrs. F. H. Latchford, Mrs. K. Clark, Mrs. H. H. D. Mrs. Mrs. G. H. Gough, Committee: V. K. O'Gorman, vice-president; J. C. Dohle, treasurer; W. D. Bosch, secretary.

Mrs. Parkyn Murray gave a large bridge party yesterday afternoon.

Mrs. Greene, East Roxboro street, gave a large tea yesterday afternoon when she introduced her two daughters.

Mr. M. G. Lawrence has returned from New York.

Dr. Auguste Stowe Guillen and Dr. John Johnston are giving a tea at the Metropolitan this afternoon.

Mrs. George Head, St. George street, is giving a dinner this evening for Miss Jeanette Barclay, 70 Lowther avenue, on Wednesday, at 3:30 o'clock. The program of compositions by composers will be arranged by Mrs. W. B. Raymond.

Receptions Today.

Mrs. Arthur J. Treblecock, nee Miss Heather Lennox, post-nuptial reception: Mrs. E. H. Latchford, Mrs. K. Clark, Mrs. H. H. D. Mrs. Mrs. G. H. Gough.

The Toronto Musical Club will hold next meeting at the residence of Miss Jeannette Barclay, 70 Lowther avenue, on Wednesday, at 3:30 o'clock. The program of compositions by composers will be arranged by Mrs. W. B. Raymond.

Receptions Today.

Mrs. Arthur J. Treblecock, nee Miss Heather Lennox, post-nuptial reception: Mrs. E. H. Latchford, Mrs. K. Clark, Mrs. H. H. D. Mrs. Mrs. G. H. Gough.

Mr. Miln T. Brookbank (Miss Millward)

MRS. KELLEY HERE WEEK FROM TODAY

Will Lecture on "The Shopping Problem and the Wage Earner" at Foresters' Hall.

Mrs. Florence Kelley, who is to lecture on The Shopping Problem and the Wage Earner under the auspices of the Foresters' Hall on Tuesday night, Jan. 16th, is the daughter of Judge Kelley of Pennsylvania, who was elected a member of congress in 1880 and from that time till his death in 1890, held office without interruption. He

was a colleague in the work of the Pittsburgh Survey. Her ideas have been set forth in her book "Some Ideas on Government," "The Corporation," and in many such lectures as the one which she is to deliver within a few days in Toronto.

A Mild Remonstrance

Editor World: The rather pointed

reference to my work, in your issue

of Saturday, and also of last Tuesday

call, I think, for a mild remonstrance

from me. One so intimately associ-

ated with Dr. Struthers as our cor-

respondent, Mr. L. E. C. cannot be en-

trusted to have the children put out

of my school, altho he well knew

there was no place to put them. Does

he wish to have some more of my

children sent to the jail or to have

more of them sent to the poorhouse?

He is a good man, but he is not

so good as he pretends to be.

He is a good man, but he is not

so good as he pretends to be.

He is a good man, but he is not

so good as he pretends to be.

He is a good man, but he is not

so good as he pretends to be.

He is a good man, but he is not

so good as he pretends to be.

He is a good man, but he is not

so good as he pretends to be.

He is a good man, but he is not

so good as he pretends to be.

He is a good man, but he is not

so good as he pretends to be.

He is a good man, but he is not

so good as he pretends to be.

He is a good man, but he is not

so good as he pretends to be.

CATTLE LOWER IN MONTREAL MARKET

Easier Feeling Developed and Prices Were Driven Lower
—Hogs in Demand at Steady Prices.

MONTREAL, Jan. 20.—At the Montreal Stock Yards, West End Market, the receipts of live stock for the week ended Jan. 18, were 1911 cattle, 700 sheep and lambs, 2600 hogs and 350 calves. The supply in the market this morning for sale amounted to 1600 cattle, 600 sheep and lambs, 1800 hogs and 220 calves.

An easier feeling developed in the market for cattle today and prices, as compared with a week ago, show a decline of \$5c per cwt. At the opening of the market holders of choice steers asked as high as \$7 to \$7.10 for full loads, for which buyers paid \$6.85, and for good cattle sellers demanded \$6.75 per cwt., which buyers refused to pay, consequently the trade was rather slow for the first hour, but later on when drivers eased price trade became brisk.

Cattle demand was steady, the market was too active to allow choice cattle to be sold for good prices.

Erleken Perkins & Co. say:

"When our advice is followed today the trade has been quiet with bearish influences in wheat. Visible supply report was not completed until near the close of the day, and was much smaller than expected. There was improved support based on these figures at the close. The grain market is still very weak, the rains the past few days and is without snow protection. We think the most important feature to watch is the amount of wheat held by local holders who are out of their wheat and a fresh short interest has been created on this date. The market is more conservative buyers of active interests."

Buffalo Live Stock.

WEST BUFFALO, Jan. 20.—Cattle—Receipts, 1000; sheep, 500; lower, 1000; steers, \$5.50 to \$5.75; butchers, \$6 to \$8.25; bulls, \$4 to \$6.50; stock heifers, \$4 to \$5.50; shiflings, \$2.25 to \$5.50; calves, \$1.75 to \$2.25; hams, \$5.50 to \$6.50; stockers and feeders, \$4.50 to \$8.75; cresh cows and springers, active and strong at \$3.50 to \$4.50.

Receipts, 800; active and steady at \$4 to \$12.

Hogs—Receipts, 14,500; feed, \$4 to 10; hams, \$7.50 to \$8.50; mixed workers and pigs, \$5; roughs, \$7 to \$10; stags, \$5.50 to \$6.50; dairies, \$7.50 to \$8.50; stockers and feeders, \$4.50 to \$8.75; cresh cows and springers, active and strong at \$3.50 to \$4.50.

Receipts, 800; active and steady at \$4 to \$12.

Buffalo Live Stock.

LIVERPOOL, Jan. 20.—The market opened under pressure of realising induced by lower American cables on Saturday, largest world's shipment of live cattle and sheep, and cheaper Plate and Canadian offerings. Following the opening there was further realising and prices showed an upward decline, \$4c with the exception of the hams.

The market was free outside on the talk of the Argentine. Argentine clearance. Specie rates were 85c to 90c and cargoes more freely offered. The weather in Argentina is fine for the movement and receipts at steady prices.

The market for hogs was unchanged, prices had first maintained under an active demand from packers, and sales of selected lots were made at \$3.50 to \$4.50 per cwt., weight, 100 to 140 lbs.

Choice, \$3 to \$4; common, \$4 to \$5; fat, \$4.50 to \$5; hams, \$5 to \$6.50; bullocks, \$4.50; milkers, choice, each \$7.50 to \$8.50; common and medium, \$6 to \$7.50; springers, \$5 to \$8.

Receipts, 1000; feed, \$4.50 to \$5.50; hams, \$4.75 to \$5; lambs, \$7.25 to \$7.50.

Hogs—F.O.B. \$3 to \$12.

UNION STOCK YARDS.

At 10 a.m. Monday there were 102 cattle loads reported as arriving since Saturday morning, comprising 100 cattle, 1040 hogs, 61 sheep and 120 lambs.

There were several loads of good to choice cattle, but a large number of the lighter animals and commoners would have paid the farmer to have kept in his stable.

Short notice is given in the market that the probability is that prices will recede, especially for the common and medium grades.

The best cattle on the market were a lot of Hereford de-horned steers, brought in by J. M. O'Donnell, Forest, and Mr. R. R. Ross, who were fed by Mr. O'Donnell himself, and are certainly a credit to him as a feeder.

Among other drivers were Watson, Birth, Simleton, Chatham, 3 car loads; Jas. Stapleton, 1 car; B. H. Cole, Cenart, 1 car; John W. Watson, 1 car; A. Baker, Guelph, 3 cars; D. Jones, Elora, 1 car; J. Thompson, Chesley, 1 car; cat. sheep; S. Tucker, Waterloo, 1 car; J. Blom, 1 car; C. Davis, Coulter, Paisley, 1 car; A. C. Davis, Brussels, 2 cars; J. J. Andrew, Guelph, 1 car; T. L. Lyons, 1 car; W. C. Winter, 1 car; F. L. Dawson, 1 car; W. B. Embro, 1 car; W. C. Shepherd, 1 car; T. Wallace, 1 car; 1 cattle, 200 lbs.

Hogs—F.O.B. \$3 to \$12.

Packers are quoting hog prices as follows: steers, fed and watered, at \$2.50, and \$7.50, f.o.b. cars, at country points, \$7.50.

City Cattle Market.

LIVERPOOL, Jan. 20.—John Rogers & Co. cable that on shorted supplies there was a general fall in prices, market and the Saturday's quotations still rule at 12½c to 14c per lb. for Irish steers, there is every prospect of early further falls.

Trade reported steady and everything sold.

Liverpool Cattle Market.

Receipts of live stock at the City Market on Monday were 10 car loads, 194 cattle, 15 hogs, 21 sheep and 120 lambs.

Trade reported steady and everything sold.

Winnipeg Grain Market.

LIVERPOOL, Jan. 20.—Trading was quiet in options and prices on wheat, as May opened with a reduction of 4c to 10c. No loadings, 14c to 14c lower. Later there was a spasmodic recovery, but a steady decline followed. The close was 9¾c.

The weakness was attributed to heavy world's shipments, favorable reports from Australia and Argentina and quiet demand.

Cash demand was not good and offerings were somewhat limited due to lightening while export inquiry was very slow. Demand for oats was poor and prices steady. Flaxseed, 10c to 17.5c, heavy, 17.5c to 18.5c; mixed, 17.5c to 17.75c; light, 17.5c to 17.75c; rough, 17.5c to 17.75c; pigs, \$6 to \$7.50; bulk of sales, \$5.50 to \$6.50.

Sheep—Receipts, 27,000; market, steady; native, \$4.65 to \$6.25; western, \$4.75 to \$6.25; yearlings, \$5.50 to \$8.00; lambs, \$6.50 to \$8.50; hams, \$6.50 to \$8.50; veal, \$6.50 to \$8.50; western, \$6.50 to \$8.50.

MONTRAL GRAIN AND PRODUCE.

MONTRAL, Jan. 20.—The foreign demand for wheat was poor and cables advised a weak market. The wheat market was at a record of 25c, owing to increased demand from America and Australia. The local market for oats was up and weak at a decline of 1c. Corn is quiet and steady, 10c to 12c. Millet quiet and unchanged. The demand for butter and cheese is slow. Butter daily out of line for export.

Three hundred cars in sight for inspection.

Stock Markets Inclined to Await Developments in Europe

SPECIALTIES ARE IN THE LIMELIGHT

Smart Advances Shown in Several of the Inactive Issues in the Toronto Stock Market.

BRAZILIAN IS FIRMER

Toronto Paper and Sawyer Massey the Features Stocks Are Generally in Scant Supply.

There was an excellent buying demand in evidence in the Toronto Stock Exchange in the opening session of the new week, and in consequence the market maintained a very firm tone. This was particularly marked in relation to some of the specialties, several flurries in some of the generally inactive issues bearing witness to the fact that there were buyers and sellers at all points, but that the prospective purchasers were prepared to pay the price to get them. Trading was of fairly active volume, and the closing range of quotations was inspiring to the bull interest.

The market moved along pretty much in a rut, despite the fact that a fair volume of business was under way. Brazilian held within a range of less than half a point, and at no time sold above 94.50. Saturday's closing figures. Early in the week the stock was bid up to 97.1-2, making a gain of half a point, the inspiration for the movement coming from London, but the improvement was lost later on, the quoted range settling back to 97.1-2, and closing there, compared with 97 at the close last week.

Inactive Stocks in Limelight.

It was in the specialties that the greatest advances were made. In Brazil, which moved up over a point above Saturday's close, to within a small fraction of last week's high, but the close at 94 showed that only a portion of this improvement had been held. Massey's gained 4-4, and registered a fraction more, the latter reaching a new record for the movement. Toronto Paper and Sawyer-Massey gained two points each, and General Electric, Locomotive preferred, Porto Rico and Cannons were all higher. An important sale of Canadian Steel was made at 115, a gain of 5 points and the highest quotation in years.

The upturn was offset to a certain extent by the decline in other sections of the list, notably Toronto Bell Telephone, Locomotive preferred, and Monarch preferred. Sentiment was plainly inclined to the bullish position, however, and at the close the market bore all the indications of restrained buoyancy.

IS STRUGGLE ON IN LAKE OF WOODS CO?

Circular Asking for Options Out in Montreal—Stock Market Quiet and a Shade Easier.

MONTREAL, Jan. 20.—A quiet market for stocks here today was relieved of absolute dullness by an erratic movement in Lake of the Woods common, which ranked as the most active issue of the day. Further impetus to the movement on which the market scored a 14 point advance in the latter part of last week, was given by the circular asking for options on the company's shares, the opening price higher at 146, the price rose to 150 in the morning on dealings in about 1300 shares. The demand fell off, however, in the afternoon and the price receded to 145 1-4 in the last transaction.

There was little movement to prices elsewhere in the list. The general trend of the market leaders was to fractional declines. Power closed at 297 3-4 to 301 1-4 lower; closing quotations for C.P.R., which was quiet, were down to 142, and Steel fell back 1-4 to 55.

Bell Telephone and British Columbia Packers were among the stronger issues, the former price rising to 155, and Packers after showing weakness in the morning, when it sold at 151, sold up to 154 in the afternoon and closed 155 1-4 bid, 157 asked. Total business 5016 shares, 1521 rights, 510 mining shares, and \$10,500 bonds and debentures.

TO RESUME HAWTHORNE TRIAL.

NEW YORK, Jan. 20.—(Can. Press)—Counsel for the government and the defence in the trial of Hawthorne and others for alleged misuse of the mails in promoting mining companies, reached an agreement today under which the case will be continued next Monday notwithstanding the illness of Federal Judge Hough who was stricken ten days ago on the bench. It is expected that the trial will last three more weeks.

TORONTO TENTH IN BANK CLEARINGS

Montreal Moved Up Into Seventh Rank Last Week—Record of the Big Cities of the Continent.

The only change in the standing of the big cities of the continent in point of bank clearings last week was the movement from eighth to seventh rank by Montreal and the consequent drop in Pittsburgh. Toronto and Winnipeg maintained their customary positions of tenth and twelfth, respectively, where both have been pegged for so long a time.

It is interesting to note in this connection the remarkable comparison of clearings in Toronto with those of the leading cities of the world in the beginning of the year. Last week the figures for Toronto were considerably over forty-three millions of dollars. Buffalo's clearings were about 21,000,000, Detroit, 20,000,000, in Cleveland, 22,550,000, and in Cincinnati 23,335,000.

The week showed rather remarkable gains over the corresponding period of 1912, the record of some of the big cities across the line being especially remarkable. Chicago, Cleveland, Detroit, Los Angeles, San Francisco, and New York (N.Y.) increased their clearings by over 15 per cent. The gain in Minneapolis was 4.9 per cent. The largest percentage increase was 10.5 per cent, when the improvement was 80.1 per cent. On this side of the border the net gain in the total clearings was 22.2 per cent.

The following table gives the record of the first twelve

Last week First week Inc.
New York, N.Y. \$2,282,700,000 1.5
Chicago 229,717,000 342,106,000 1.4
Boston 198,715,000 150,324,000 4.6
Philadelphia 153,665,000 193,245,000 11.2
San Francisco 90,564,000 96,430,000 11.2
Los Angeles 79,783,000 69,155,000 11.3
Pittsburgh 69,567,000 60,675,000 25.3
Pittsburgh 58,228,000 62,632,000 15.5
Cleveland, O.C. 58,192,000 58,192,000 0.0
Toronto 42,795,000 53,072,000 12.5
Baltimore 47,305,000 50,034,000 32.7
Montreal 30,561,000 37,228,000 33.6
Decrease.

Bank Clearings of THE CITY OF LONDON

Last Year Was the Best in History of Banking in the World's Greatest Metropolis.

The expansion in general trade in the British Isles late last year is being plainly evidenced by the annual statistics, which are showing remarkable gains. London's bank clearings for the year, for instance, amounted to nearly sixteen billion dollars, a high record in history, and a gain of over a billion pounds over the previous year.

In consideration of the serious financial disturbance which characterized the early portion of 1912 and the adverse effect of the Balkan disturbance this showing must be viewed as remarkable, and indicative of a trade boom, which have surpassed anything seen in a long time.

The following table gives the details of the London clearings for a period of ten years:

1903	10,109,255,000
1904	10,564,197,000
1905	11,020,000,000
1906	12,711,324,000
1907	12,730,393,000
1908	12,120,362,000
1909	13,525,446,000
1910	14,658,663,000
1911	14,613,877,000
1912	15,961,775,000

PRICE SWINGS IN BRITISH CONSOLS

Interesting Comparison of Ups and Downs in World's Premier Security and Commodity Values.

An interesting table showing the course of prices for British consols, and the average values of commodities. In Great Britain, as well as in the United States, the well-known economist affords considerable ground for consideration by those who are interested in these two questions of the day. The record since 1875 as published in The London Bankers' Magazine, is given below.

Consols. Consols. Ind. Av. Consols. Ind. No. for Yr. No. for Yr. No.

1875... 93% 96 1894 ... 101 1-6 63
1876... 95 1895 ... 108 1-6 62
1877... 96 1896 ... 108 1-6 62
1878... 95 1897 ... 112 1-6 63
1879... 95 1898 ... 110 15-6 64
1880... 95 1899 ... 108% 68
1881... 100 1900 ... 99% 68
1882... 100% 1901 ... 99% 70
1883... 98 1902 ... 94% 69
1884... 99 1-3 1903 ... 99% 72
1885... 100 1904 ... 99% 70
1886... 99 1-3 1905 ... 99% 72
1887... 100 1906 ... 99 1-3 77
1888... 99 1-3 1907 ... 94 1-3 80
1889... 99 1-3 1908 ... 94 1-3 80
1890... 99 1-3 1909 ... 93 1-3 74
1891... 95 1910 ... 83 1-3 78
1892... 96 11-12 1911 ... 75 1-3 80
1893... 96 1912 ... 84 1-3 80

*From April 5, interest reduced to 2% per cent. *From April 5 interest reduced to 2% per cent. *For ten months only.

The Influence of a Savings Account

When you take in a few dollars or a few hundred dollars below it once in a while, the influence of a savings account and the value of the money in it is great.

If you do, for money in the bank does not slip away like money in your pocket or at home. Besides, it is earning interest all the time.

AN INVESTMENT CHANCE

We are at present investigating Cobalt companies whose securities are now selling well below their worth.

PETERSON LAKE was made months ago, and we informed our clients accordingly.

These stocks have still a long distance to go to discount their possibilities.

We are looking into other companies offering investment chances.

In a day or two we expect to be prepared to name this stock publicly, but in the meantime we are awaiting its only to clients.
