

STORE FOR SALE—\$20,000. Queen street, three-story building, near Bathurst street. Hot-water heating, splendid in every respect. Call and see us regarding this proposition. TANNER & GATES, Realty Brokers, Tanners-Gate Bldg., 26-28 Adelaide St. W. Main 5893.

## EMBREE RETIRED BY BOARD OF EDUCATION

### Senior Principal of High Schools Superannuated by Vote of Six to Seven Along With Other Principals—New Site for High School in Earlscourt District.

Owing to the city council meeting last night, the board of education had to hold its meeting in a committee room. Interest centered on the recommendations of the management committee with respect to superannuations. Trustee Brown, chairman of the finance committee, declared the superannuation of Dr. Embree was arbitrary, not fair and just, and very drastic. It should be reconsidered by the committee. It should await the establishment of the Ontario Government of the projected government superannuation fund. Trustee Boland said such treatment of Dr. Embree was very hard, and a grave injustice. Trustee Shaw said the superannuation fund amounted to \$37,036. It was entirely made up of the two per cent. payments made by the teachers. Not one cent of the superannuation came out of the taxes.

### Would Wait Too Long.

Dr. Conboy said that if the superannuations were put off until the government established a fund, they might have to wait six or seven years. The division on a motion to refer back the superannuation of Dr. Embree was: Ayes—Ellis, Vokes, Boland, Houston, Brown, McKay—6. Nays—Fairbairn, Conboy, Shaw, Steele, McTaggart, Hodgson, Noble—7. A motion to increase Dr. Embree's superannuation allowance from \$875, as recommended, to \$1050, was carried by 10 to 1.

### Others Superannuated.

Ten public school principals were also superannuated: E. A. Stevens, Thos. Parker, R. W. Hicks, F. Byfield, R. W. Doan, W. J. Hendry, A. McMillan, J. W. Narroway, A. Hendry and Miss Gray. Their allowance will be \$640 a year. Five assistant teachers were superannuated: Misses A. L. Sanderson, E. M. Russell, A. Stewart, C. Birnie and C. H. Grey. Their allowance will be \$320 a year. The superannuations will take effect on July 1.

### High School Site.

The purchase of five and a quarter acres for a site for a branch northwest technical high school at a cost of \$55,000 was authorized. The site fronts on Lakeview and Royden avenues. It is a short distance north of the present Oakwood High School. The purchase of the eastern technical high school site, Greenwood and Danforth avenues, seven acres, at a cost of \$84,000, was ratified.

## TOAST TO POPE HAD PRECEDENCE

### Bitter Feeling Aroused Over Banquet at Winnipeg—Hon. Mr. Doherty Refused to Attend.

WINNIPEG, April 16.—On the toast list of the Western Canada Catholic banquet tonight, the Pope was placed at the head, His Majesty the King was placed second. Because of this Sir D. C. Cameron, lieutenant-governor of Winnipeg, and other prominent men, refused to attend. Hon. C. J. Doherty, minister of justice, was also absent. Mr. Doherty's message of regret stated that under ordinary circumstances he would have been most happy to attend.

The affair created considerable discussion in religious, state and civic quarters today, and the matter has not been improved by a mixup at the opening of the banquet. The Pope was duly placed first, and replying, His Grace Archbishop Langevin, referring to the matter, said: "We will render unto Caesar the things that are Caesar's and unto God the things that are God's." Following the toast to the Pope, the toastmaster rose and toasted "Canada," the third toast on the list, that of the King, being second. The banqueters rose, but the orchestra, for some reason, struck up "God Save the King." There was some slight confusion and then the anthem was taken up generally.

## RAILWAYS READY TO FIGHT FOR LAND GRANTS

### Replying to Criticisms of Dominion and Ontario Governments, Vice-President of Central Railway Intimates Right to Concessions Will Be Maintained in Courts.

Canadian Associated Press Cable. LONDON, April 16.—Vice-President Armstrong of the Central Railway of Canada, today replied to Minister Hearst's allegation. Armstrong says that his company as holder of the entire share capital of the Carleton and Grenville Railway Company is entitled to build a line between Montreal and Ottawa, either partly in the Province of Quebec and partly in the Province of Ontario, or wholly in Quebec. Under the act of the old Province of Canada passed before the creation of the Province of Ontario, that company is entitled to land grants in which ever province the line is constructed. Control of public lands was obtained by the Province of Ontario and Quebec under an act of parliament of the United Kingdom, known as British North America Act. Notwithstanding this provision the legislature of Ontario in 1912 passed an act purporting to cancel land grants, but this company is advised by eminent Canadian and English counsel that it is not competent for the provincial legislature to thus override the provisions of the statute of the United Kingdom, and that this company's title to land grants is unimpeachable.

### Domination Subsidies.

The Legislature of Ontario on a previous occasion endeavored to avoid its obligations under the acts referred to by Premier Borden and Minister Hearst. The company has circulated the subsidies to the recent issue, giving the option to withdraw its consent. Speaking of Dominion subsidies the circular says the last Dominion subsidy was received as late as September, and the company will be entitled to further payments as necessary. The government does not expect to introduce a subsidy bill this session, as it is the result will be that consideration of the company's application for such a subsidy will be delayed. The company, however, have delay would not affect the question of their receiving the usual subsidies when their application comes forward.

## HELD ON CHARGE OF INCENDIARISM

### Morris Stewart of Trenton Accused of Attempting to Burn Local Hotel.

TRENTON, April 16.—Investigation of a fire in the Strathcona House, Front street, by Provincial Inspector Reburn and Chief Moffatt resulted today in the arrest of Morris Stewart on a charge of attempting to burn the building. He will appear before Police Magistrate O'Rourke tomorrow. In the early hours of Tuesday morning last the Strathcona House, of which Stewart was an inmate, was set on fire in two places, but prompt discovery prevented extensive damage. However, the provincial authorities were asked to take action, and the sending of Inspector Reburn followed.

## BOY SCOUTS NOT ANTI-CLERICAL

### Sir Francois Langelier Replies to Criticism of Ultramontane Organ.

QUEBEC, April 16.—His Honor Sir Francois Langelier, lieutenant-governor of the Province of Quebec, delivered a black eye to the charges made of the ultramontane organ, La Verite, that the object of the Boy Scout movement was neutral and therefore an object of suspicion to the Roman Catholic Church, and further, that it had been said in certain quarters that they were affiliated with Freemasonry, when, in an address, before the Quebec Boy Scouts and others at the Morning Post Hall tonight, he stated that there were absolutely no grounds for the accusations. To substantiate his contentions that the Boy Scout movement was not in the least in any way to, or interfering in the affairs of the church, he referred to the fact that the boys, the governor read a chapter from the regulations governing the Boy Scouts, which rather enforced that the boys attend their own religious services from time to time and neglect it.

## CIVIC POWER PLANT IS SUCCESS IN WINNIPEG

### Earnings for March Showed Increase of About Forty Per Cent.

Canadian Press Despatch. WINNIPEG, April 16.—Controller Cockburn received a statement of the civic light and power department for the month of March this morning. It shows that the net cash receipts of the month, for current only, reached a total of \$83,046.59, an increase over the same period last year of nearly \$25,000, or about 40 per cent., the figures for March of last year being \$58,358.04. The realizable earnings of the department for last month were \$78,969, as compared with \$55,637 for March of last year, an increase of \$23,332, or about 40 per cent.

## WILL KEEP LID ON MINORITY FINDINGS

### Only Decisions of Imperial Privy Council Will Be Made Public.

By a Staff Reporter. OTTAWA, April 16.—After consultation with the overseas governments of the empire, the imperial authorities have agreed that minority findings in regard to decisions in which the imperial privy council is not agreed should not be published. After receiving a request for an opinion from the colonial office, the minister of justice referred the question to the provincial governments. The replies from the governments of Manitoba and Nova Scotia were against the publication of minority findings as not being conducive to a general acceptance of the privy council decisions. The other provinces either endorsed the proposal or were noncommittal.

## THREE MEN INJURED WHEN CAR JUMPS RAILS

### Rear End Slew Around and Struck Hydro Pole at King and Trinity

Three men were thrown from the rear platform of an east-bound King car, when the rear trucks jumped the rails at the corner of Trinity street at 10 o'clock last evening. The rear of the car slewed around and brought up with a crash against a hydro pole at the curb, Herbert Bedford, 48 Market avenue, was the worst injured, he having to be conveyed home in the police ambulance with a dislocated shoulder. The other passengers received various cuts and bruises. The whole side of the car was broken in, and the rear platform was demolished.

## WILL DISCUSS Y. M. C. A. FOR BEACH DISTRICT

### Committee Will Report to Ministerial Association This Evening.

The matter of a Y. M. C. A. for the Beaches district will be the main topic of discussion at the meeting of the ministerial conference, which will be held tomorrow night. At their last meeting three committees were appointed to look into finances, buildings and sites, and their reports will be submitted. It is expected that something definite will be arrived at in the matter.

Speaking to The World last night, the Rev. E. A. MacIntyre of St. Aidan's Anglican Church, Balmby Beach, said that it was now certain that the new organ would be installed in the church in two or three weeks' time, the formal opening to take place on Ascension Day, May 21, when the anniversary services will also be commenced.

## CUNARD-CUMMINS WILL REPORT AT WASHINGTON

### Carried Villa's Demand for Surrender of Torreon, But Under Protest

Canadian Press Despatch. EL PASO, April 16.—H. R. Cummins, until recently British vice-consul at Torreon, who carried to General Velasco, General Villa's demand for the surrender of that city, reached here today from the war zone. He will report the incident to the British ambassador at Washington without suggestions. He is succeeded in office by Patrick O'Hea. It was with O'Hea that Cummins left word to remember that he went on the mission under protest.

## NEW LABOR PARTY A MERE TRIFLE

### Trades and Labor Council Decide I.W.W. Are Responsible for It.

A new organization of workmen, the General Workers' Union, that two weeks ago it was feared would develop into a yawning chasm in the Toronto labor world, now is considered by the Trades and Labor Council as nothing but a footprint in the dust. Moreover, a report brought in at last night's council meeting has squashed that little hollow footprint and squashed it flat, as far as the American Federation of Labor is concerned. The report said the talked-of new body was really nothing else than a branch of the I.W.W., and not worth bothering about. Delegates at the meeting said that for the present no heed would be given to the General Workers' Union, and the matter is considered permanently closed.

## FARM PRODUCTS NEED TARIFF PROTECTION

### Armstrong of North York, and Dr. Edwards of Frontenac, Championed Cause of Soil Tillers—Burnham Voiced Hostility to Grant to C. N. R.

By a Staff Reporter. OTTAWA, April 16.—Some excellent speeches were today contributed to the budget. Mr. Armstrong of North York made a strong plea for the maintenance of the national policy and adequate protection to the farmers of Ontario, and was ably seconded by Dr. J. W. Edwards, the Conservative member from Frontenac. Mr. Armstrong also advocated the abolition or reform of the senate, whose veto held over legislation, he declared to be an insult to the intelligence of a free people. Dr. Edwards favored an increase in the duty on meats and other agricultural products. The high cost of living, he said, meant good prices for the farmers, and he did not believe the country would be benefited by a return to conditions under which the farmer sold his eggs for 12 a dozen and other produce at starvation prices. Pitfalls of Free Trade. Mr. Burnham of West 1st reported pointed out that the price of butter and other dairy products had already been reduced by large importations from New Zealand, and declared for a policy of prices which would foster agriculture in Canada, instead of agriculture in the Antipodes. The great economic menace of today, he said, was the industrial development of China, and we could not have a policy of free trade without reducing Canadian workmen to the level of orientals. Mr. McCoig, the Liberal member for West Kent, made a strong speech from the standpoint of the opposition, in which he declared himself in favor of free wheat and free agricultural implements. Mr. Devlin of Wright touched lightly upon the tariff question, believing that the high cost of living could be best reduced by enabling the farmer and the artisan to receive money at a low rate of interest from the government. Touched on C.N.R. Grant. For almost the first time this session, several minutes were referred to the coming legislation in aid of the Canadian Northern. Mr. McCoig voiced his opposition to any assistance being given, while Mr. Grayson contented himself with saying that whatever was done must be by way of salvage. Too much money, he said, had already been given by the Dominion Government to the C.N.R. and other railway enterprises, and Hon. Mr. White, in his opinion, deserved commendation for his determined stand against the present application.

## REPLY TO WEST

Mr. Armstrong (North York), resuming the budget debate, said that (Continued on Page 3, Column 6.)

## BITTER ATTACK ON DR. J. SEATH

### Superintendent of Education Called a Despot and a Blight.

### BY MARSHALL, MONCK

Hon. Dr. Pyne Would Not Take the Matter Seriously. Dr. John Seath, superintendent of education in Ontario, was made the subject of a bitter attack in the legislature yesterday by Messrs. Marshall and Monck (Lib.), who stated that in the minds of the teachers of the province he was considered an "irresponsible person, a despot, a blight on the educational growth of the province," and one whom the department would do well to remove. The attack was fired off by Marshall, the minister who "had dissociated himself with the work of the department and was not master in his own house," and on the deputy who was "only a deputy." The impression the opposition created endeavored to establish was that Dr. Seath ruled the whole department. The minister of education, however, refused to take him seriously and stated that the aim of the government was to protect the present teaching staff and allow them to speak for themselves. The incident arose out of the revival of the Ontario High School Incident, where a shift of teachers has recently occurred because of some lacking qualifications. Mr. Marshall went into the whole affair in detail and read a letter from local parties interested. He claimed that the government was now forced to advertise for teachers when the examinations were but a few weeks away. Hon. Dr. Pyne stated that the principal who had been dismissed incurred it because of interfering with the local board. He thought that Dr. Seath would speak for himself, as he had done before with Mr. Marshall. Did the opposition want to put children as teachers over other children? Every possible discretion had been used in the management of the whole affair.

## HUERTA HAS NOT SUFFERED LOSS OF PRESTIGE

### Consensus of Opinion of British Press is That Governments of Both United States and Mexico Emerge From Tampico Incident With Honor Undimmed.

Canadian Press Despatch. LONDON, April 17.—The London morning papers, commenting with satisfaction on the conclusion of the Tampico incident, continue to criticize President Wilson's policy. The Daily Telegraph says: "It seems plain that Huerta's face is thoroughly well saved, and a very considerable strengthening is given to his position in the eyes of his countrymen. He will call the acknowledgment of his salute a measure of recognition, and if the Mexicans regard it in that light it matters little what Washington may say about it. "The truth is that the policy of picking and choosing among the competing desperadoes in Mexico can only be exercised safely on the old principle of recognizing the one who is uppermost. If a statesman's moral sense revolted at doing that, his only wise course would be to leave the whole situation thoroughly alone." Limit to Patience. The Graphic says: "The bargain has a double advantage—satisfaction to President Wilson and the saving of President Huerta's face. If the incident has the effect of convincing Mexicans that there is a limit to patience and pacifism, even of President Wilson and Secretary of State Bryan, it will go far to assure the pacific solution of all pending questions between the United States and Mexico." The Daily Graphic, describing the Tampico offence as "a trumpety affair as compared with the murder of Benton," asks what President Wilson proposes to do in the Benton case. A Moral Victory. The Post says: "It is a moral victory for the United States, which will leave Huerta just where he was. President Wilson's policy is not quite intelligible to observers outside the United States. It is a policy, not of non-intervention, but rather of intervention without the trouble and expense of using force. But for the Monroe Doctrine, it is probable that several European governments would co-operate to secure the re-establishment of order and the protection of their interests in Mexico. "President Wilson," adds The Post, "is a clear-headed and courageous man and will doubtless find a way out of the difficulty. In the meantime it seems as if Mexico must settle down to its civil war." The Daily Mail says: "President Wilson's display of the mailed fist seems likely to attain its object. President Wilson has scored a distinct success by his vigorous diplomacy. The world will now hope that he will show equal firmness in enforcing upon the constitutionalists that respect for the American flag which he required from Huerta."

## HUERTA TO SALUTE STARRY FLAG U. S. WILL RETURN COMPLIMENT DOVE OF PEACE AGAIN HOVERING

### Parliament Hill's Water Bill

OTTAWA, April 16.—The Dominion Government has paid \$425 for drinking water from Jan. 1, 1912, to March 1, 1914, according to a return tabled in the commons today. Since the last typhoid epidemic in Ottawa, about two years ago, all civil servants and the various departments have been drinking spring or distilled water.

## RAILWAYMEN TO HAVE A HEARING

### Carroll Consents to Hold Over Bill After Conference With South York Member.

By a Staff Reporter. OTTAWA, April 16.—Considerable opposition has developed among railway men to bill No. 129, introduced by Mr. Carroll of South Cape Breton on the 30th ult. The bill is entitled: "An act respecting hours of service of railway employees." Today W. F. Maclean (South York), at the request of many of the railway trainmen in Toronto, had a conference with Mr. Carroll, and it was agreed that the bill would not be further proceeded with at this session. Some legislation, however, along the same lines may be urged by Mr. Carroll before the joint committee of the two houses, which will soon have the new Railway Act under consideration. This committee will hold a number of public hearings, at which the railway employees will be represented.

## REJECT POLICY OF ADMIRALTY

### New Zealand's Minister of Defence Says Defence Fund Will Be Spent at Home.

Canadian Associated Press Cable. LONDON, Friday, April 17.—Colonel Allan, New Zealand minister of defence, in a speech yesterday, said that the government conceived that its duty in the future was not to contribute five hundred thousand dollars a year to the admiralty, but instead to utilize the money in training New Zealanders to serve both New Zealand and England. Was New Zealand, he asked, to rely for protection on a trade alliance with Japan? Was she to have no voice in the expenditure of her contributions and representation in questions of peace and war and also diplomatic relations? The thing was unthinkable to people grown to manhood.

## RILEY FACING PRISON TERM

### Man Who Shot London Bartender is Found Guilty of Manslaughter.

Canadian Press Despatch. LONDON, April 16.—A verdict of manslaughter was returned by a jury in the assize court tonight against Thomas Riley, charged with the murder of George Blackburn, a bartender at the Ceell Hotel last October. Mr. Justice Kelly, who is presiding at the court, will pronounce sentence tomorrow morning. Riley's mother, wife, child and brother-in-law were in court during the whole of the trial, and when the verdict was given his mother collapsed in a faint. The evidence showed that on the afternoon of the day on which Blackburn was killed, Riley was ordered out of the hotel by the bartender, and that returned later in the evening, and that during a second altercation between the two men, Blackburn was shot. Edmund Marshall, K.C., for the defence, in a cross-examination of a crown witness, elicited the fact that Riley had been struck in the face by Blackburn before the shooting occurred.

## SISTERS MUST GO TO COURT

### One Threw Scalding Water Over the Other, Who Had to Go to Hospital.

Mrs. Olive Henderson, and Mrs. H. Collaback, sisters, living at 2 Wilkins avenue, were summoned yesterday to appear in the juvenile court today to answer to a charge of contributing to the delinquency of Viola Henderson, aged 10, by their misconduct. The two sisters became engaged in a dispute as to who was at fault in their home yesterday, and the climax came when at 6 o'clock, while getting their husbands' supper ready, Mrs. Collaback seized a dipper full of scalding water and threw it over Mrs. Henderson, severely scalding her. The injured woman was removed to the General Hospital, where, after receiving medical attention, she was able to return home late last evening.

## Pressure Exerted Upon Mexican Government by European Powers Aided Surrender—United States to Maintain Increased Fleet in Mexican Waters as Safeguard.

WASHINGTON, April 16.—The United States Government tonight accepted Gen. Huerta's offer to salute the Stars and Stripes as an apology for the arrest of American bluejackets at Tampico a week ago today. The Huerta government salute to the American flag will be answered with a salute to the tri-color of the Mexican nation. This arrangement, the details of which were being finally arranged tonight in an exchange of official messages between Washington and Mexico City, ended, in the view of all high administration officials, the crisis that had arisen in the last few days, resulting in the despatch of American war fleets to Mexican waters. Executive quarters and congressional circles breathed a sigh of relief that the tension had passed.

### No Further Orders.

No time has been set for the firing of the salute, and until the details are arranged no further orders will be sent to the American fleets now proceeding south. It is practically certain, however, that while many of the vessels will be turned back, others will continue south and a substantially increased naval force will be maintained in Mexican waters. Huerta's offer and request for a return salute caused President Wilson to ask for an opinion from the counsel of the state department and navy department officials. All reported that it was the invariable custom in naval practice to return a salute and cited precedents. The president was also informed that Rear Admiral Mayo, in making his original demand for a salute, agreed to return the courtesy.

## STRIKE ON G.T.P. TO BE AVERTED

### Recognition Not Involved.

Mr. Wilson said a return of a salute under such circumstances did not involve (Continued on Page 7, Column 1.)

## Company's Refusal to Accept Award of Arbitrators Unlikely to Tie Up System.

OTTAWA, April 16.—It is not anticipated that there will be any trouble between the Grand Trunk Pacific Railway and its western shop employees as the result of the "decision of the majority of the arbitration board to recommend that the same schedule of wages should apply as in the case of other western lines. There is a minority report, and it is expected that the company will, on this account, refuse to put the increase in force. However, under present conditions in the west, it is not thought likely that the men will consider this an opportunity time to force the issue. This dispute has lasted four years, and the finding of the last arbitration board has been reached only after a year of consideration, during which there have been 40 sittings.

## INQUEST WAS ADJOURNED UNTIL NEXT THURSDAY

An inquest was opened at York Mills yesterday before Coroner Dr. McCormack over the body of Thomas Connolly, who was killed by a York Radial car on Wednesday. After the jury viewed the body the inquest was adjourned until next Thursday, when it will be reopened in F. B. Myers' undertaking establishment at Eglinton.

## STORE YOUR FURS.

Vaults on our own premises, insuring delivery on short notice. Remodeling and repairing at lowest cost during summer months. Telephone or write for our wagon or messenger to call. The W. and S. D. Dinsen Co., Limited, 160 Yonge street, corner Temperance street.

COURT PROCEEDINGS MAY FOLLOW CHARGE AGAINST M'CONKEY'S

M. H. Ludwig Challenges Assertion of Temperance Council That Many Young People Have Gone Wrong as Result of Impeached Hotel - Commissioners Hold Over Decision Regarding License Renewal.

"More young men and women in Toronto have been started on their downward career in McConkey's than in any other dozen hotels and bars in Toronto," declared H. E. Irwin, K.C., who represented the W.C.T.U. at the annual meeting of the license commissioners, held in the Temple building yesterday.

Rev. Dr. J. C. Speer, representing the Methodist Ministerial Association; A. H. Hiltz, representing the Methodist laymen; Rev. Dr. Burns, representing the General Ministerial Association; Russell Hewison, representing the Christian Endeavor Union; H. E. Irwin, representing the W.C.T.U.; Rev. Dr. Grigg, representing the Baptist Social Reform Association, and Rev. Father Minchan, spoke against the renewal of the license.

Fifty petitions against the renewal of the license were presented from the adult Bible classes of the city. Russell Hewison of the Christian Endeavor Union submitted petitions from twenty societies and promised to send in sixty more. The petitions were signed by 1500 young people.

Mr. Irwin deplored the fact that a number of religious organizations were still in the habit of having luncheons there. On behalf of deputations representing the ministers and laymen of the Methodist Church of Toronto, the following petition, signed by a number of the leading Methodists of the city, was presented by Rev. Dr. J. C. Speer:

"That in the best interests of the city it is undesirable that the liquor license of the house known as McConkey's restaurant should be granted on the following grounds, among others:

"That the McConkey house has for years had a reputation of a most undesirable and doubtful character. "That on February 24th last its liquor license was suspended for 60 days by order of Police Magistrate Denison for flagrant disregard of the liquor laws. Of such a character was the disorderly scene on New Year's Eve that the magistrate was impelled to characterize it as a disgraceful affair, a drunken brawl, an orgy, in the course of which thirty or forty women had been taken out drunk.

"That we are informed that on a previous occasion serious complaint was made of the house being disorderly, and the license only renewed on the proprietor undertaking to close what was then known as 'The Red Room,' and giving an assurance of more orderly conduct.

"That in the proposed transfer of the license, if granted, there is no guarantee that the character of the house will be improved, especially in view of the fact that the present manager will remain as manager and part proprietor.

"That the existence of a licensed house of the character borne by McConkey's restaurant, having at the same time a certain pretension to respectability and professing to cater to what are known as the better classes of society, is a menace to the morality and sobriety of the city. In the very fact of the gloss of its so-called respectability is a danger of a peculiar and subtle kind.

"That a license in this neighborhood is neither necessary nor desirable owing to the proximity of several other licensed houses.

"Toronto's Great Asset. The assertion was made by Dr. Speer that Toronto was being ruined under a disgrace as a result of the McConkey affair. One of Toronto's greatest assets had been the high tone of morality maintained. The liquor men themselves must feel that this has been a serious blow to them," he said, "and they must feel that the renewal of the license under any circumstances would hurt them still further.

"If granted to the present applicants we would still have the same applicants regarding it." Representing 150 ministers and 50,000 Methodists in the city of Toronto, he believed he was speaking for 95 per cent. of the Christian citizens of Toronto in opposing the renewal of the license.

"Past Hole" Says Hiltz. Mr. Hiltz, representing Methodist laymen, said it was not a matter of a few months, but that things had been going from bad to worse during the last few years. McConkey's was a past hole in the city.

"If the aspect was not so serious it would be humorous to think that because a man is caught in a bad net he could overcome his bad net by transferring the license to someone else," he said.

"There is no hotel or barroom in Toronto that can do so much damage so short a time as McConkey's," said Russell Hewison of the Christian Endeavor Union.

Rev. Dr. Grigg, representing the Baptist Social and Moral Reform Association, said he had the endorsement of every Baptist man, woman and child in Toronto, numbering more than 25,000, in his opposition to the transfer of the McConkey license.

Encourages Anarchy. "If I wanted to encourage the red and black flag to float in the streets of Toronto; if I wanted to stir up the dangerous elements of society; if I wanted anarchy to prevail, I would

organize a few such orgies as that at McConkey's," said Rev. Father Minchan. "The punishment you are asked by McConkey is the privilege of selling out for the sum of \$50,000, allowing someone else to carry it on."

M. H. Ludwig, K.C., who appeared for McConkey, said the matter resolved itself into a question of whether, because of the mistake made on New Year's Eve, a valuable asset to the city was to be lost; that the punishment be a fine to the extent of upwards of \$70,000. The fact that Mr. McConkey, instead of selling out for what it was worth, was selling for half price, should be considered punishment enough.

Asks for Proof. "Mr. Irwin says that many young men and young women have gone wrong as a result of McConkey's," said Mr. Ludwig. "He and others who have said so may get an opportunity to prove that in court."

"Dr. Speer says that the renewal is just a substitute. A minister should be the last man to make a statement of fact unless he knows it is so. This is a real agreement of sale, and Mr. Dunning is the purchaser. "I think it is serious to charge that anything improper would occur under Mr. Furey's management. He is a man above reproach, and anyone who knows him loves him."

In reply, Dr. Speer said he was quite prepared to stand by any statement he had made. "I think that it is the most disreputable affair that has ever transpired in Ontario, and I am surprised that Mr. Ludwig could be hired to defend anything of the kind," he said.

Has No Fear. Mr. Irwin said that he was not going to be intimidated by Mr. Ludwig's threats of a court action because of his statement that McConkey's had led young men and young women of Toronto to the downward path. "We want this board to let the citizens know that McConkey's is run by the same man who ran it in the past, will not in the future be run along the same lines."

He added that half a dozen bars 200 feet long would not do as much harm as an institution allowed to present itself as a purely restaurant business, but in reality a place for the sale of intoxicating liquors.

Personal Attention. Howard Ferguson, on behalf of Mr. Dunning, said that it would be a man with a fortune at his back, would give his personal attention to the business, and that it would be such a success that Mr. Dunning would manage it. He had already received sufficient warning from what had occurred to know what might be expected if such should occur again.

Under the terms of purchase, Mr. Dunning was purchasing outright from Mr. McConkey and free from all contracts. Mr. McConkey was to have absolutely no connection with the new business, and was prepared to go on oath to that effect.

A signed statement made under oath by Mr. Dunning was read, in which he declared that with the exception of Mr. Furey, who is given a small interest in the business, no one else has any interest in it.

Reserve Judgment. Mr. Ferguson said that the new business would be conducted under the name "Dunning's." He said that the company had been incorporated by himself and two clerks in his office, and that Mr. Dunning had been given sole control.

In reserving judgment, Chairman Coatsworth said: "We will do our best as far as we can see it in the interests of the citizens. We will consider what has been said and try and arrive at what seems to be a fair solution to everyone."

WHEAT ACREAGE INCREASE SMALL

Less Than Five Per Cent. in Saskatchewan—Large Area Ready for Seed.

Canadian Press Despatch. REGINA, April 16.—Wheat seeding has started throughout Saskatchewan. Present indications are that the wheat acreage will show less than five per cent. increase. In those districts where special attention is being given to mixed farming, there will be a slight decrease. Forty per cent. of the land is ready for seed and forty-five per cent. still remains to be plowed. About fifteen per cent. of the crop will go in on stubble, which will receive some form of surface cultivation if time and weather permits. There is a general scarcity of good seed oats.

The heaviest fall of snow was in the southeast and as a consequence wheat seeding will not be general until April 20. Cultivation work started on the drier land on April 13. In the middle and northern districts the land is in good condition, although a little dry in places. Very little work has yet been done. Seeding has started and will be general by April 20. The increase in acreage will be very small. Until now spring has been very backward. Warm weather is needed. In the south central and northwestern districts the land is in good condition, with a sufficiency of moisture. A slight decrease in acreage is estimated. Seeding is well started. More moisture would be welcomed in the southwest. Seeding was started in this district earlier than in any other part of the province. Farmers are busy along the Saskatchewan-Edmonton and Goose Lake lines. The weather is ideal and there is plenty of help. The land is in good condition, and a large acreage will be seeded this week if the present good weather continues.

Piles Cured in 8 to 14 Days. DRUGGISTS refund money if PAIN-OINTMENT fails to cure itching, blind, bleeding or protruding piles. First application gives relief. 50c.

TEACHERS OBJECT TO NEW REGULATION

Will Ask Department to Drop Clause Enforcing Annual Medical Test. A RETROGRADE STEP

Educationist So Characterizes Motion to Abolish Military Training in Schools.

The Ontario Educational Association closed its 33rd annual meeting at University College, by a meeting of the public school department, when the draft of the new public school regulation was studied in part and a decision made to ask the department of education to drop a clause that would force every teacher to undergo a medical examination each year to prove fitness for the profession. It was held that forcing such an inspection was not desirable for children, but that adults of the standing of teachers would have sufficient intelligence and care to recognize when they were ill and have their maladies attended to by a physician without waiting for the annual medical overhauling.

It was also decided to ask that on the entrance examination paper the grammar paper should be based on the following delimitation of grammatical cases: containing the use of the nominative to the subject, nominative and predicate nominative; limiting the use of the possessive to the modification of a noun, or its use without a noun, and the limiting of the objective case to direct and indirect objects, and objects of prepositions.

A recommendation was also ready for presentation to abolish examinations in history for high school entrance, but owing to shortness of time it did not come up and a lively discussion was avoided.

A number of technical changes in the wording of the regulations were also adopted. A suggestion of putting the matter in the hands of a local committee but in reality a place for the sale of intoxicating liquors.

Committee to See Dr. Seath. The committee chosen to lay the suggested alterations in the new rules before Dr. John Seath, Ontario superintendent of education, was as follows: Prof. J. McCreedy, Kingston; Miss I. G. Seattle, Porcupine; J. Macdonald, Guelph; George A. Cole, Orillia; M. Kerr, Hamilton, and W. J. Sinsgrove, London.

John A. Trask, Lindsay, read an interesting paper on "The School Readers as Portals to Literature." No examination based on the selections studied, he said, was a thoro test, but the manner of reading a selection was. It should be such that the others caught the infection of the thought expressed.

Stand for Military Training. It took only a few minutes to dispatch the resolution of R. H. Edson, minister to pray the government to abolish the practice of military training in the schools. The vote was about three to one. One teacher said that he had once saw a military instructor smoking a cigar and she, therefore, supported the motion. J. A. Smyth, Windsor, said that there was too much of the military spirit in Canada. It took up time and money and was contrary to Scripture. One teacher shouted: "This is the most retrograde suggestion that could ever be made. The cadets are here to stay."

W. F. Moore, Dundas, said that the worst boys in his school, boys who had been the terror of the staff, had been transformed by practice with the rifle. He said he had bought some rifles and the boys were satisfied, and he was going to take them out to camp in the summer. J. W. Lewis, Chatham, said: "I like a man of peace, but I do not like a piece of a man. The terms are sometimes synonymous. In my 16 years' experience of military training among boys, I have seen no evidence of a military spirit."

SIXTEEN YOUNG GIRLS SHOWED MANY DANCES Trustees Saw Exhibition of Physical Training in Charge of Mrs. Somers.

Before the trustees' section of the Ontario Educational Association in University College yesterday, sixteen young girls, attired in gymnasium costumes of short skirts and white blouses, gave an exhibition of dances that was an innovation to the Educational Association and a popular move for the trustees. The girls were in charge of Mrs. Somers, physical instructor at the Normal School.

SHOW CITY BOYS ADVANTAGES OF FARM Would Relieve Unemployed Situation and Help the Farmer, Says Educationist.

The making of an attempt to place before the city boys the opportunity of the farm was suggested by Duncan Walker, Peterboro, to the training department of the Ontario Educational Association at University College yesterday. He said that this would relieve the city of a large part of its increasing unemployed and help the farmer.

It was more or less nonsense to keep the boy on the farm, for good teachers as well as good lawyers were wanted. He said that the fault of the education system was that many students are allowed to leave the high and normal schools with a spirit of relief, as if they had completed an odious task.

Principal Reid, Owen Sound, told the trustees' section that a bare 5 per cent. of the teachers remained in the profession before they reached the age of retirement. Not providing a proper superannuation scheme was following a wasteful policy. To keep up the supply of teachers for the schools about 1600 were trained each year, and 1600 or 1700 added without certificates, but still the schools were begging for teachers. Men teachers are disappearing. They are only about one-eighth of the whole. Women have also begun to choose other lines of work.

Dr. Martin, Dundalk, told the trustees that medical inspection was needed in the rural schools. It should be done by the medical officer of health. Teachers should also give frequent health talks to their classes.

The following officers were elected: Natural Science Section: Hon. president, Dr. Kenrick; president, F. J. Johnston, Humberstone; vice-president,

CONSTITUTION OF CHINA NOT FIXED

Aim is to Secure Strong Central Government for Nation's Welfare.

U. S. MAY BE MODEL Legal Adviser Says System Preferable to That of France.

Canadian Press Despatch. NEW YORK, April 15.—The provisional constitution of the Chinese republic is still pending, according to a cablegram received today by Prof. Jeremiah W. Jenks, formerly financial adviser to the Chinese Government, from Wellington Ku, general secretary of the Walchiaopu, or department of foreign affairs at Peking.

A convention for the purpose of amending the constitution of the Chinese Republic has been in session at Peking since March 18, and despatches have been published to the effect that a new constitution has been adopted, and purporting to give its outlines. The cablegram from Secretary Ku is as follows:

"No constitution adopted yet. Revision of the provisional constitution is still pending. The sole aim of President Yuan Shi-Kai and the cabinet in effecting revision is to secure a strong central government for the nation's

welfare. The foreign advisers concur. Copy U. S. System. The convention, while engaged in revising the provisional constitution, has had under close consideration the recommendations made by Dr. Frank J. Goodnow, legal adviser to the Chinese Government, and recently appointed president of Johns Hopkins University at Baltimore. One of the specific points suggested by Dr. Goodnow is, in effect, that 'China should adopt the system of the United States with regard to the position of the president, and not the French system of government, and the cabinet should be made responsible to the president, and not to the national assembly.'"

He advised that the powers of the central government and the provinces should be clearly divided; that if any important question could not be decided by the national assembly, it should be settled by the government, and that in addition to being empowered to declare war, make peace, conclude treaties and appoint and dismiss civil and military officers, the president should have the power to call and dissolve parliament and handle special financial and other urgent cases.

## WESTON'S NEW PUBLIC LIBRARY TO BE A CREDIT TO THE BOARD

Contract Has Been Awarded and Construction Will Be Started at Once—Building Will Likely Be Ready for Use This Fall—Will Cost About Ten Thousand Dollars.

The contract for the erection of a new Carnegie public library at Weston has been let by Messrs. Lindsay and Bryden, the architects, Toronto, to George Sainsbury, general contractor of Coulter avenue, Weston.

The cost of the building, including equipment and furnishing, will be in the neighborhood of \$10,000, the sum donated by Mr. Carnegie.

The Carnegie grant involves the condition that ten per cent. of this sum, namely, \$1,000, will be expended annually by the library board, of which Joseph Nason, barrister, is chairman. The government grant, however, being one source of income, the town will not be expected to raise the whole of this annual expenditure for upkeep and maintenance.

**Ready This Year.**

The site is at the corner of Main and King streets, and work will be commenced at once so that the building may be in use before the opening of the season. Indeed, some stone for foundation work has already been delivered on the site.

The accommodation on the main floor will comprise a general reading room, about 27 feet square, and fitted with book stacks and reading tables in one wing, with the children's and ladies' departments and newspaper room in the other. The librarian's room will be placed directly in the centre giving the great desideratum of efficient supervision.

The basement, or lower ground floor,

accommodates a large lecture room, the men's room and the necessary lavatory space.

A guided entrance in the centre of the front of the building gives direct access to both floors.

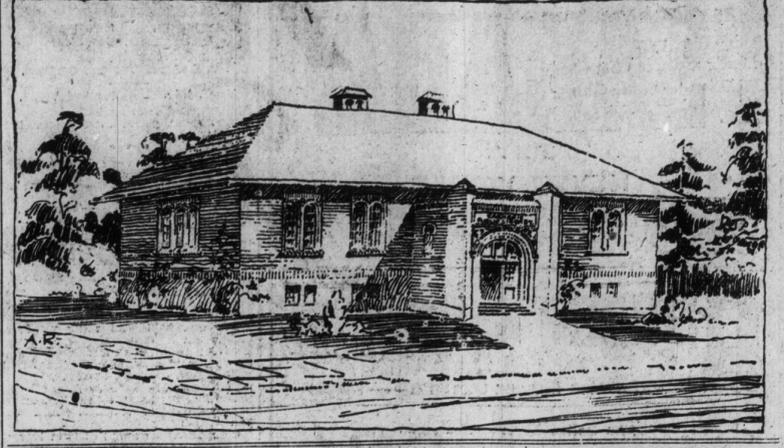

**Original Treatment.**

The architectural treatment is original, displaying, as it does, some little Spanish feeling. A special feature will be the treatment of the spandril spaces over the round arches of the windows and of the entrance with Italian mosaic in green and gold. Steel sash and leaded glazing will be used in the windows. The interior woodwork will be chestnut. Altogether the library will be one which will do credit to the board.

The erection of the new library is simply a stage in development of a movement started with the inception of the old mechanics institute about 1858. The institute for a time flagged a little in its activity, but it was re-surrected and reorganized, still as a mechanics institute. In 1885, later by act of the legislature becoming a public library.

At present the 8640 books belonging to the board are housed in a couple of rooms in the town hall building, but the new structure will form a worthy storehouse, and one which doubtless the people of Weston will patronize in such a way as to warrant the increase in the number and scope of the books for which the new building will provide accommodation.

#### Speed of Radial Cars Denounced—C. Barton Corrects a Report.

Editor World: A few weeks ago a man was killed at Stop 29, York Mills. During the investigation it was found that the stables opposite the hotel, immediately in front of Stop 29, encroached several feet on the street line, but these buildings which make Stop 29 a veritable death trap have not been removed. Yesterday another unfortunate was killed at the same point. Now, sir, I ask the aid of your valuable paper in putting a stop to these accidents. I have lived in York Mills several years, and I know this stop to be a great menace to human life owing to the careless way the company run their cars thru the hollow at this point. The fact of these stables being within a few feet of the tracks adds very largely to the danger, as no one in them can see or hear southbound cars, which at times run thru at a high rate of speed. To allow conditions such as these to exist is nothing short of criminal, and in the interests of all those who live in and around York Mills I ask the authorities to take definite steps to remove them. The Toronto and York Radial Railway should be compelled to issue orders to stop all cars at Stop 29, and to reduce the speed coming down the steep grades near this point. J. F. H. Usher.

### NORWAY CONSERVATIVES INTEND TO REORGANIZE

#### Canvass Made by Committee Points to Increased Membership.

The reorganization meeting of the Norway Conservative Association will be held in St. John's parish house on April 30, when the election of the new officers will take place.

Since the meeting last Thursday the special committee which was appointed to arrange the details for the forthcoming meeting have met, and all Conservatives in the district will be notified in a day or so. In conversation with The World last night, A. Rolfe, the convener of the district, said that there was no doubt that the reorganized association would be a success, as all the residents who have been canvassed up to the present time have displayed great enthusiasm.

### BETTER SITE AVAILABLE

#### Claim That Twenty-Eight Thousand Per Acre Was the Price.

The kindergarten room at the Annet street school was well filled last night at the regular meeting of the Ward Seven Ratepayers' Association. It had been extensively advertised that the Controller McCarthy would be present to address the ratepayers on the transportation policy to be prepared to answer any questions which might be asked, and to present a solution to the great difficulty at present existing in the western part of the city. The controller, however, was preoccupied by a meeting of council from attending, and the large number of citizens present were unable to receive any adequate replies to their questions or to be given any promise of relief in the near future.

The report of the committee appointed at the last meeting to interview the mayor and board of control about an extension of the Toronto street railway along Bloor street to High Park avenue, was received, and the same committee, consisting of Messrs. Home Smith, Wallis Fisher and E. F. Henderson, will again wait upon the council on Tuesday next.

The members of the committee spoke favorably of the board's attitude towards the proposed lines along Bloor street, and it is believed that before the end of the month the construction of the line.

### LOCATION IS A SECRET

#### Addressed District Voters on "Park Development" Last Night.

Addressing the Earls Court District Voters' Association last night on "Park Development," Ald. Maguire stated that while the negotiations for the purchase of park land in Earls Court district had taken longer than at first anticipated, the deal had practically been completed and the ground would be available for use at no late date.

He had no doubt that the legislature at its present session would grant authority for an increase of the present allowance of 1-2 mill on the assessment of the city for the purchase of park properties, as the measure had received the sanction of the private bills committee.

Refrerring to the credit the Conservatives take for Canadian development, he did not wish to belittle Sir John Macdonald, but to mention the names of the men who were the principles of Canada was to mention the names of the men who were the principles of Ontario.

### NEW MARKET.

A good supply of pure water is now assured for Newmarket, as the third well sunk on the Office Specialty Co. property has resulted in a flow of spring water sufficient to relieve the count of all anxiety for the future.

### REPORT CORRECTED.

Editor World: Having seen an account of the fire which occurred at my house, Mulberry avenue, Fairbank, on Monday, which is not correct, and which is liable to do me some harm, I would be glad if you will kindly insert this in the earliest edition of your paper that you can. I have not been out of employment for nine months; that is about the time I left my last situation; but I have been spending that time in working up a connection of upholstering and furniture repairing, which is my trade, at ladies' own houses, with more or less success. The damage done to my place was about \$250, not \$750, and there was \$200 insurance on it in the Hartford Insurance Co. I should like to take this opportunity to thank all those, some of whom I do not know even by name, who have come forward with kind sympathy and offers of help. I do especially thank those kind neighbors who between them sheltered us for the night. I have not mentioned any names, as I am sure that they do not wish for any publicity. C. Barton.

## LIBERALS BANQUET R. LEMIEUX, M.P.

Ex-Postmaster-General the Guest of North Toronto Club.

### INTERESTING ADDRESS

#### Said That N. W. Rowell Was the Lloyd George of Canada.

Hon. Rodolphe Lemieux, M.P., was the guest of the Rowell Liberal Club, North Toronto, at a banquet in the Masonic Hall, Eglinton, last night, and there was a large turnout of Liberals to meet him.

In proposing the toast of "Our Guest" E. S. McFarlane welcomed Mr. Lemieux as a "French-Canadian," and said that the party that he represented shared in the progress for which the empire stood. The French-Canadian, he said, was the greatest achievement of its ability to weld into its own structure every party within it. As head of the postoffice department Mr. Lemieux had been very successful, and the Lemieux Act was being copied throughout the world as a means of settling the differences between capital and labor.

**Mr. Lemieux Speaks.**

In reply, Mr. Lemieux said in part: "I am a Liberal and a Canadian, the language is Canadian, and we are all Canadians. Twenty years ago, our country was unknown abroad, but the colonization policy of 1897, Laurier had advertised this country as no man ever had, and when I was in South Africa I was asked to come from the land where Laurier was premier. He was pleased beyond expression to find that Mr. Rowell had taken his duty in Toronto. Rowell may be in the wilderness, but he could also be the promised land. He was the true disciple of George Brown, Macdonald and Edward Blake. We must never despair," said Mr. Lemieux, "for I have no doubt but that Liberalism is the coming force in Ontario."

**In Cold Shades.**

"For years and years we were in the cold shades of opposition in Quebec, but Laurier and his supporters preached the gospel of Liberalism to the people, and the Conservatives had to admit that there was something in that gospel of Liberalism after all."

"If Conservatives can claim anything it is that they are walking today in the footsteps of the great Liberal leaders."

"Can we despair of Liberalism?" he asked. "Who fought the fight of responsible government for me to do so? Who were the Reformers of Ontario? Who are you as a people you owe to the Liberal party of this province?"

Referring to the credit the Conservatives take for Canadian development, he did not wish to belittle Sir John Macdonald, but to mention the names of the men who were the principles of Canada was to mention the names of the men who were the principles of Ontario.

## FARMERS' DAY IN DOMINION HOUSE

Man With the Hoe Had Doughty Champions in Yesterday's Debate.

### Senators a Jest.

The western farmers were apparently appealing for support to the farmers on the prairie. These farmers were represented as being in a most distressed condition, yet the census returns showed that they were better off than any other class in the Dominion. If this western country is such a plague-ridden place if men, women and children are starving because they cannot have free wheat and free agricultural implements, why do they not come back to Ontario or return to the United States? If the "Canadian west" is a country where famine and poverty go hand in hand, why do immigrants pour in from the United States where they have a low tariff and free agricultural implements?

**Senators a Jest.**

Mr. Armstrong went on to say that the western farmers were dependent upon the British market, and should, therefore, be keenly interested in the maintenance of the supremacy of the Dominion Senate should be able to defeat the will of the people. The senator, he said, was the laughing stock of Canada; it was obsolete and unrepresentative, and its power to veto legislation was an affront to the intelligence of a free people.

Here Mr. Speaker Sproule interjected. It was contrary to the rules of the house, he said, that the North York member, to speak disrespectfully of the senate.

Mr. Armstrong bowed to the speaker's ruling, but said that he regretted that the rules of debate prevented him from saying what he would like to say about the upper chamber. He declared that the duty of the government respecting the duty on agricultural implements, but warned the manufacturers that they must be more reasonable in the prices they charged for parts of machines needed for repairs.

In conclusion, Mr. Armstrong said that he was opposed to free wheat, believing that it meant free trade.

**Reid For Free Wheat.**

Mr. McColg (West Kent) complimented Postmaster-General Pelletier on his extension of free rural mail delivery. Taking up the subject of free wheat, he quoted from Hansard to show that Dr. Reid, the minister of customs, had declared for free trade in wheat between Canada and the United States in 1910.

Mr. McColg declared that a reduction of duty to be a benefit to the farmer should be a benefit to the spreaders, harrows and corn implements. It was upon these implements that the farmer spent most of his money. Canada produced 18,171,000 bushels of wheat over a 4,000,000 wheat acre in 1913. The wheat was not sold in its own country, but was sent to the United States, the result was that the farmers of western Canada were up to the neck in debt, which would be a serious blow to the farmers of Ontario.

# THE GREAT MASTERS

The motor car could have gotten along without DUNLOP TRACTION TREAD—but not so well.

If DUNLOP TRACTION TREADS had not come into being, motorists would still be looking for protection from skidding; a tire that would never rim-cut; and that would adapt itself to every car, every load, because it had sixty-six cubic inches greater air capacity.

In the generality of causes, DUNLOP TRACTION TREAD has sold more cars than any other single source. Tires make or mar the pleasure of driving. A standardized safety-ensuring tire like DUNLOP TRACTION TREAD means auto prospects can be made to forget their anticipated fears about skidding, punctures, rim-cutting, and go ahead and buy the car.

### COMING IN AND GOING OUT.

The first outgoing steamship sailing of the season to the old country from Quebec, which will be made by the Canadian Pacific liner Empress of Britain, was responsible for a record number of Britons leaving Toronto last night by special C.P.R. train to make connections with the steamer, about four hundred persons going.

This was more than made up for, however, by the fact that three special immigrant trains carrying more than six hundred newcomers arrived during the day. A hundred and fifty of these stayed on at Toronto, the others going west.

### Salvage, Not Hand-out.

"Anything that is done for the C.W.R." declared Mr. Burnham, "will be done by way of salvage."

NEWS OF SPECIAL INTEREST TO WOMEN

GOOD QUEEN BESS DIDN'T LIKE FORKS

England's Great Woman Ruler Thought They Were "Spanish Foolishnesses."

ART IN TUDOR TIMES

Lecturer Declares That English Periods Were Superior to Any Others.

English art in the Tudor and Elizabethan periods, and its early sources were explained at Prof. Parsons' illustrated lecture yesterday morning, and it was something to be proud of to learn from such a high authority that the English periods are acknowledged superior to any other—founded, as he explained, on a rock bottom.

The professor explained the development and influences of the early invasions of the Romans—representing law, order and the bases of systematic government, of Anglo-Saxon introducing a distinctly new style—fundamental of domestic life. The dominating unit of world's civilization which resulted in the effusion of these two influences, was the basis of English living. With the Norman invasion came distinct ideas of monarchic living. Owing to which influences, the qualities of English art were a separate type.

At first England was reluctant to accept Gothic art, but after church dignitaries had realized the true religious representation of such works of art as Notre Dame, England began to adopt the style begun in Canterbury Cathedral, which held power so long. "It is characteristic of the British," said Prof. Parsons, "that whenever they see anything useful and good they adopt it, take it home and adopt that style, consequently the Gothic art was eventually accepted."

The Tudor period proved most fascinating to study, so varied were the styles beginning with Henry VIII, and greatly influenced by his queen, the Spanish Princess Katharine of Aragon. During this reign furniture took on a very staid, dignified, economical aspect. On the other hand, Anne Boleyn, in the same period, hated anything of Gothic expression, so the Tudor style embraced a hint of Gothic and Renaissance mixture. Elizabeth's influence was rather crude, Elizabeth held forth in the saying that "fingers were made before forks," therefore she refused to use such Spanish foolishness.

With the incoming of the Stuart house, Presbyterian influences were introduced, but it was undoubtedly this collection of influences that rendered the Tudor architecture supreme. The views of Hampton Court, Sutton Place, and the homes of the "middlemen" showed the spacings and designs to be superb. The brick designs, fireplaces, chimneys and ceilings were delightful and a relief after the gaudy ornamentation of the French kings in the Renaissance period.

There were three points vital in the decision of art, said the lecturer, the people must express good things as they show what they are through expression in art. The present century must seek a relation in the past, and not whom it wishes to follow, what style is suited to its inclinations. And it must adopt styles that will be useful, lasting and beautiful.

SOCIETY WOMEN SMOKE CIGARETS

Evidence Regarding Ottawa's Smart Set Given Before Committee Yesterday.

Special to The Toronto World. OTTAWA, April 16.—If girls and young women in high society at Ottawa and elsewhere did not feel their ears tingling today, it was not because they were not being talked about. Before the government special committee, president of the Ontario Union of Children's Aid Societies, said the habit was increasing rapidly among society women.

It has been introduced within the last six years," he said, "and the majority, perhaps, of the girls in highest society, now smoke cigarettes. Also Judge Choquette of the Montreal juvenile court said of the 3000 dependent children he had dealt with 95 per cent. of them smoked cigarettes. "The pictures in packages are a great incentive for children to buy, and I have known parents who gave money to their children to buy cigarettes with."

PRIZE LIST OFFERS LIBERAL PREMIUMS

Entries for Women's Department of National Exhibition Have Tumbled During Past Year.

The prize list for the women's department of the Canadian National Exhibition is now being distributed. It has been drawn to the attention of the efficient committee, of which Mrs. Joseph Oliver is convener, and proclaims liberal premiums for everything from household articles to costumes and children's work. The entries of this department of the exhibition have practically tumbled during the last year or two, owing largely to the splendid work of the ladies in charge.

It is noted that owing to the work caused by the increased entries it has been found necessary to close all entries earlier this year, and none will be taken after Aug. 12.

Have You Seen Them? The most recently planned apartments in Toronto are to be found at the Lakeside Mansions. Phone 2430, 5450.

GOOPS

Selina Miller as a rule, Will linger on her way from school. She loiters idly till she's late. For lunch, and mother has to wait. Her mother says: "Oh, you're so slow! You are a Goop to dally so!"

Don't Be A Goop!

ADVISING BOYS ON LIFE WORK

New Feature is Added to Work of Central Y. M. C. A.

TALKS WILL BE GIVEN

Men Prominent in Their Own Businesses Will Give Addresses.

A new feature of special significance to the general public has been added to the work of the central branch of the Toronto Young Men's Christian Association. Headed by an exceptionally strong executive committee and an advisory council of more than one hundred prominent business men, the association is trying to meet a long-felt want in regard to the question of assisting boys in making a choice of a life work.

The project has already been unanimously endorsed by the board of education. The board has placed at the disposal of the committee any assistance which can be given by the principals of the schools and other members of the staff which may be helpful in carrying out such a work. It is quite a common thing to give boys thrown out into the world upon their own resources after having been guided to a more or less extent with considerable care thru the schools. Unfortunately, many of the boys get into the wrong line of work, owing to the fact that they have had no counsel or advice regarding different lines of business. With the assistance of the advisory council, the Young Men's Christian Association proposes to lessen the number of mistakes.

The association will also undertake to have addresses given from time to time to different groups of boys who wish to start in certain lines of business, such addresses to be given by men prominent in their own lines of business.

The department will also become a clearing-house for the boys leaving school, and for the manufacturers and business men requiring the services of such boys from time to time, it being the aim of the department to endeavor to place boys in positions where they seem best qualified by natural ability, by training, and by their own personal interests.

The department will deal not only with boys who are leaving school, but also with older boys who have left school and have been at work for some little time, and still further, with the great number of young men who are attending university.

ARTESIAN WELLS FOUND IN TOWN

No More Chlorinated Water Glad News Heard in Steeltown.

Special to The Toronto World. SAULT STE. MARIE, April 16.—Artesian wells which promise to solve the problem of supplying the Town of Sault Ste. Marie with water have been discovered by an Italian named Augusto Biagini, in the western portion of the town.

Two and one-half inch pipes have been driven to a depth of 75 feet, which are now supplying a gush of water estimated to measure 850 gallons a minute. The town's present consumption is about 1,000,000 gallons per minute, so that the new supply promises to abundantly provide for all purposes.

Owing to the excessive taste of chlorinated water in the drinking water provided by the town's present system, the newly discovered source of supply is a welcome one, as it is expected there will be no need of chlorination of the water. It is considered likely that the town will erect a pumping station and stand-pipe to take care of the supply.

The World is a newspaper for the home as well as for the business man.

WILD FLOWERS CONDUCTED BY RACHEL R. TODD

Yellow Adder's Tongue. Treat Lily. Dog-Toothed Violet. Aid watched it lying bathed in the green gleam of dew-lasseled trees.

But while I meditated, a wind arose. And rushed upon the south, and took the songs and whispers of the wild woods. —Tennyson.

And in the green gleam of tasseled trees you will find speckled twin leaves of the yellow 'adder's tongue, all speckled and blotched with yellow and gold, showing strange amidst the bright green of the long, narrow pointed leaves.

Compare these speckled twin leaves with those of spring beauty. There is little or no similarity. Nor are the blossoms similar. For the dog-toothed violet sends one tall, deep yellow lily upwards, high-hanging from the slenderest bending scape, six to ten inches high. Do you remember spring beauty's blossoms?

Why does trout lily hang her head so? and why does her golden bell follow the sun in his westerling course? In this blossom "The bumble bee is lily-cradled." —Tennyson. For of all other spring blossoms this is the one most loved of bees. Long after spring beauty has folded her blossoms' petals, bees are rifling the dog-toothed violet of her hidden store of sweets.

Why, asked a violet is unknown to me. The fragrance is faint and not reminiscent of the violet.

Adder's tongue might more properly be changed to adder's skin, suggests Keller, since the mottled twin leaves are so suggestive of a snakekin. But not in texture.

Trout lily is a name probably received from the fact that wild troops of these characteristic white plants are often found upon the banks of trout and cool streams, wherein the trout feed themselves.

The whole plant stores its life strength in a scale-coated, corky, buried in old rich leaf-mould.

A corn is a solid bulb, which, if well covered with thick scales, would be a bulb.

THE GARDEN CONDUCTED BY RACHEL R. TODD M.D. Still Planning for General Effects.

Still talking with the long "narrow backyard," remember that three or four healthy shrubs, flowering ones for preference, will give a better look to the yard than the same trees planted down the length of the yard. And also, agree with us, that a length of grassy lawn, with a fair-sized shrub or two, is a better arrangement in many cases than a cluttered-up flower-plot. Besides, think of the comfort to your man, home, tired out with a long day's work and "him needing a pipe to rest him," as well as a comfortable chair in which to enjoy his evening paper under the shade of a smelly lily.

And when you buy a shrub like a lilac, or a flowering elder, or a snowball, don't pay ten cents for a mere twig that will take four or five years before it can hold up its head. What sort of comfort is that? That's a case of poor economy. Save that dollar you are going to waste on trashy flower seeds, and buy one decent shrub tree. One dollar will buy you a shrub tree that will give immediate comfort, and that will give you a better look at it than you could get if you moved in yesterday.

Never save a penny where shrubs are concerned to squander a dollar on flower seeds, is among the things that should be remembered.

Shortening a too long, narrow yard may be accomplished in another way, and this way applies for many gardens big or small. A permanent trellis or lattice work, for the support of vines, run across the narrow part of the yard, will serve more than one purpose. Besides the original one of supporting the vines, it will divide the yard, so that what lies beyond, partly hidden, gives a more private aspect. If you can manage to have this trellis or lattice divided so that an archway is left open, an effect of larger space will be obtained. Distant shrubs seen thru a green-circled archway, always seem more distant than they are.

Where satisfactory neighbors are able to agree, it is often possible to do away entirely with the line fence and plant instead a thick hedge of some permanent shrub. This hedge may be composed of many different trees, but here individual plants are to be considered. Or, instead of a hedge, perhaps a plain wire fence may be agreed upon, partially hidden on either side by isolated shrubs, besides the original one or otherwise. This plan provides for a splendid free sweep of air between yards and does not force the owners to do any very necessary privacy of every backyard.

Unwisely sheds that cannot be got rid of, for one reason or the other, may be partly hidden by shrubs or vines. One of the best of vines for quick growing is the Virginia creeper, which will cover an ordinary shed in three years and do quite a bit of hiding in one season, even. Fences may also be hidden by this vine, as well as the cucumber vine and the wild grapevine, the best three for thick and quick covering that I know of.

Public drinking cups are the cause of many illnesses and the house fly is just as bad as medical authorities say he is. He is the chief foe of the baby in the carnying of intestinal diseases, infantile paralysis and many other dangerous infections.

It is best to give up one room absolutely to the sick child. It should be as quiet, as sunny and as airy as possible and kept orderly and systematic. Let one person be responsible for all that goes on in the sick room.

In contagious diseases, the person in attendance should not leave the room even to sleep, unless it be in an adjoining room. All dishes should be kept separate and never be used again. They should be soaked in a solution of carbolic acid—one-half ounce to a gallon of water—before they leave the room. No visitor should be allowed to enter the room for fear of carrying the contagion about the house.

Let me repeat a statement I have made several times: Never, never expose a child to a contagious disease in order that he may have it once and be done with it. Everything with which a child has been in contact which are called simple, common diseases, such as measles and whooping cough, have a death rate that is appalling. Scarlet fever is among the most dreaded diseases of childhood, and it is one of the most contagious. Since it may be caught at the vomiting stage, it is safer to avoid a vomiting child in public places. And as long as there is any peeling or discharge from the ears or nose the danger of contagion is still present. Everything with which a child has been in contact which is a child has been definitely exposed to diphtheria, a dose of antitoxin may absolutely prevent his taking the disease.

Measles is just as contagious in its early stages when eyes and nose are running and for four days before any eruption has appeared, as it is at the height of the disease. This is why you should keep your child away from any one, especially another child who has a cold in the head.

Whooping cough is not as contagious as some of the other diseases, but it is fully as dangerous once it is acquired. The person having it is a source of contagion as long as he has a cough. Smallpox may be absolutely prevented by vaccination, provided the vaccination takes properly, as is done often enough. Every healthy child should be vaccinated before he is six months old, and after that once in five years and when he is exposed to the disease. There is no danger if the vaccination is vaccinated before he is six months old and kept clean until it is healed.

Public drinking cups are the cause of many illnesses and the house fly is just as bad as medical authorities say he is. He is the chief foe of the baby in the carnying of intestinal diseases, infantile paralysis and many other dangerous infections.

EAGER TO PUNISH SYMBOLIC SLIGHT Murder and Robbery Failed to Move United States to Action.

Canadian Press Despatch. LONDON, April 16.—Contrasting the action of President Wilson in connection with the arrest of American blue-jackets at Tampico, with what was done when William S. Benton, the British ranch owner, was killed at Juarez, The Manchester Guardian, one of the leading Liberal newspapers, says today:

"Intervention which murder and robbery failed to bring about is apparently to be the punishment for a mere symbolic slight on American dignity."

TO GET CAPE BRETON ORE. PROVIDENCE, R. I., April 16.—The chamber of commerce announced today that a steamship company operating a large fleet of iron ore carriers from Sydney, C. B., will make this city its principal terminus for the distribution of the ore in the Eastern States. The steamers will use the pier recently built by the state. The service is expected to begin July 1.

WIARTON CARRIES BYLAW. WIARTON, April 16.—The bylaw for the granting of a loan of \$250,000 to the Canada Casket Co. was carried by a sweeping majority, 323 votes for and 40 against.

FRIDAY MORNING, APRIL 17

CITY PLANNING EXHIBITION.

In the City Planning Exhibition, which is to close this evening in the Arena, there are several features that should engross the attention of every citizen of Toronto.

Another place is a map of the city studied over with colored pinheads. Purple represents consumption patients in the city; red, scarlet fever; yellow, diphtheria; gray, typhoid.

We should like to see this contagious diseases chart prominently displayed in the city constantly, where everyone could see it and note the changes.

The plans of the harbor commission have attracted much attention, and display a future state of affairs over which Toronto people may inflate themselves.

TORONTO'S ELECTRIC BUSINESS. An article in The London Free Press is headed "Toronto's Bungled Power Business."

As The Free Press states, "power municipalities outside of Toronto are not disinterested in the outcome."

Toronto is therefore inclined to run its own business with a view to certain success. There were doubts of this two years ago. Changes were made which are admitted by all competent persons to have been improvements in the staff.

fectly agreed about the affairs of the Toronto Hydro-Electric Commission. Says The Free Press: "Apparently there is a decided difference of opinion upon the question of rates to be charged."

With respect to the taking over of the Toronto Electric Light Co.'s business, there is considerable difference of opinion. The Electric Light Co. has the cream of the business and 75 per cent. of it at that.

POLICE COURT AND MOTORISTS. The World is continually receiving protests from citizens in regard to the method by which automobile cases are handled in the local police court.

One Toronto man, who was summoned for speeding, and who attended the court in person, as he wished to make a defence, was compelled to stand in the corridor outside from 2 o'clock until a quarter to four before his case was heard.

We have always contended that the police court is not a proper place to handle automobile cases. It is impossible under existing circumstances to give motorists fair treatment.

GOOD WORK BY FARM SETTLEMENT BOARD. (Special Correspondence.) ST. JOHN, N. B., April 16.—The New Brunswick Farm Settlement Board during the few months since it was organized purchased 185 farms at a cost of \$141,175 and resold 135 of them to prospective farmers.

HUERTA FORCED TO GIVE SALUTE

Foreign Powers Gave Him Wholesome Advice Which He Accepted.

WILL RETURN SALUTE

Washington Glad Tension Has Been Removed—Recall of Some Warships.

(Continued From Page 1)

Recognition of the Huerta government, but was merely an act of the same character as grasping the hand of an individual who was apologizing as he extended it.

Secretary Bryan, who took the view that the American salute would be given to the flag of the Mexican nation, just as much respected by the Constitutionalists as the Huerta government, an no technical recognition was involved.

As the storm clouds lifted and a wave of satisfaction spread thru official quarters, President Wilson arranged to go to White Sulphur Springs, W. Va., for the week-end, and Secretary Bryan planned to take his long-delayed trip to Florida.

While the president declared the firing of the salute would close the Tampico incident, the general Mexican policy of the administration, other than the arrest of the American officers, such as the arrest of a mail orderly at Vera Cruz, withdrew his criticism after a report that the United States will continue its position of neutrality.

Critic Silenced

Senator Lodge of the Republican member of the foreign relations committee, who had said early in the day that to return the salute would nullify the effect of the apology, withdrew his criticism after a telephone conversation with Secretary Bryan. The Massachusetts senator was informed that the president knew of no case where a salute was not returned, and that, moreover, the statement that the salute was returned was in the original draft of Mr. Lodge's bill had been deleted.

Foreign Pressure

Disputes as to the character of the salute which had been brought to the attention of the state department, were in communication it is understood, with their representatives in Mexico City. Another phase of the situation was a well-authenticated report that the last installment of a loan due by Huerta was about to be held up by foreign bankers if he did not comply with the American demands.

COUNCIL AGAIN PARES ESTIMATES

But the Tax Rate Will Be Nineteen Mill This Year.

SCHOOL EXPENDITURES

Some Aldermen Would Let School Board Collect Own Taxes.

There was unlimited enquiry and criticism of the estimates at the afternoon session of the city council yesterday, but the totals had been so pared down to permit a 19-mill tax rate that further reductions were demanded by only a small minority.

An item in expenditure of \$86,000 to redeem a mortgage on buildings in Exhibition Park was attacked so persistently by Ald. F. Spence that he got a majority vote to strike it out. In the estimates the item set forth that the fund from sales of real estate and not debentures. As the mortgage had already been paid from the real estate fund, the striking out of the item did not alter the situation.

Ald. Wickert selected an item of \$427,300 for interest on special loans for preliminary expenditure on local improvement works to be included in the counting system. "A system of chloroforming," he said.

"You're either budgering me or you're trying to expose my ignorance or your ignorance. I submit it is not my ignorance," Controller McCarthy launched at Ald. Wickert. "It is only two months since the former city treasurer retired, and there certainly has not been enough time for the new treasurer to get his new system of accounting in operation."

Then Controller Church pointed at the board of education estimates for ten minutes. "Too many facts and fancies," he said.

"Surely we have been listening to nothing for ten minutes," Ald. Hillis remarked.

School Estimates.

"The board of education should do its own financing," Mayor Hocken declared, "and then those who spend the money would have to go up against the ratepayers."

Ald. Hillis defended the school estimates. "The members of the board of education have as well developed mentality as have the members of the city council," he declared, "and they conduct the government of school affairs as well as the city council could."

Controller Spence also strongly defended the estimates and the public school system.

Ald. Maybee denounced "little mother" in the school estimates, and said that \$100,000 be struck off the school estimates. Ald. Maguire supported the motion of the school estimates. Ald. F. Spence facetiously suggested:

"There are a great many facts in our schools to the exclusion of important facts," said Ald. Cameron. "It compels teachers to send children home to study hard in the evening to make up for the time occupied by men of high positions, both here and abroad."

The Knight Engine was first "royally" discovered by the present King of England, when he was Prince of Wales prior to the death of King Edward the Seventh in 1909.

King George had been given a careful and practical training by men of high status, and was thus in a position to appreciate the mechanical superiority of the Knight Engine. His attention was one day called to it by King Edward, who examined it critically, took a demonstration and ordered a 38 h.p. 4-cylinder model, which was so well constructed that he recommended it to secure a car with this type of motor. Thus came about the first 6-cylinder Daimler car, which car was used almost exclusively during the remainder of his life. Royal orders followed, and the present King and Queen use no other.

SUCCESSFUL CUSTOMS SALE

On Wednesday and Thursday an interesting public sale of unclaimed goods in the customs department was held, and attracted a large attendance. Bidding was spirited, and a rapid disposal was made of the numerous and varied collection. The sale was conducted by the dean of Toronto auctioneers, Chas. M. Henderson, with his usual tact and ability.

TO FIND MARKET IN CANADA.

(Special Correspondence.)

ST. JOHN, N. B., April 16.—The Newfoundland Government has taken a first step in the direction of finding new markets for the product of the Newfoundland fisheries. Mr. Robert Moulton, M.H.A., has been appointed to take a look thru Canada and the United States and to report to the government the outlook in these countries. Mr. Moulton will leave on his mission in the middle of the present month and will be absent for two months, during which time he will gather information on the subject.

PLEADED CAUSE OF WOMAN SUFFRAGE

Miss Pethick Tells of Struggles of English Women to Better Conditions.

Contrast of a most vivid character, between the conditions of the English women in Australia and New Zealand, was afforded by the addresses delivered at the Margate Theatre last night, when Miss Pethick told of the struggles of the English women to better conditions.

Miss Pethick outlined the procedure of the women from the year 1870 to the present, and said that the women had been fighting for the right to vote for 40 years.

Dr. Gordon also announced that a resolution expressing this protest would be put to the meeting after the addresses.

In her opening remarks Miss Pethick advanced militant movement in England, and said that she had been in Australia and New Zealand, and that she had seen the women of the island continent.

Dr. Gordon also announced that a resolution expressing this protest would be put to the meeting after the addresses.

# Lacrosse The Missionaries Organize Aurora Lacrosse Club With the Horses At Woodbine Park

## AURORA LACROSSE CLUB ORGANIZED

Will Have Intermediate and Junior Teams in O.A.L.A.—Lacrosse Notes.

At the town hall in Aurora last evening a very enthusiastic meeting was held for the purpose of reorganization of the Aurora Lacrosse Club. The chair was taken by C. Bond, who called upon the president of the O.A.L.A., James Stevenson; Secretary Frank Doyle, Woody Teague and E. Doyle of Newmarket. They explained the work that is being done by the organization of the lacrosse revival throughout the province, after which the meeting proceeded to elect the following officers:

Hon. president, T. H. Lennox, K.C.; president, Ray Bond, vice-president, Bert B. Hill; secretary-treasurer, Bert Knowles; manager, Fred Browning; executive committee, Dr. Scribner, A. V. Snowdon, C. Bond, B. Griffith, D. Cameron; trainer, T. Crosshill.

A mass meeting will be held in Newmarket on Monday night next when school children will be launched in the home of the "Lacrosse" and the organization of junior and juvenile teams will be held. A special car is being arranged to visit the home of the secretary-treasurer of the O.A.L.A., and it is expected that some 50 or 60 enthusiasts from Toronto will be present. Anybody desiring to make the trip should advise the secretary early so that accommodation can be secured.

The missionaries, including Frank Doyle and Fred Wagborne, work tonight in Georgetown.

**AURORA BASEBALL LEAGUE.**  
AURORA, April 16.—A number of baseball enthusiasts here held a meeting in the town hall on Tuesday evening and formed a town league, to consist of four or five teams. The officers elected were: Honorary president, J. M. Walton; president, Wm. Kerr; secretary, R. C. Andrews; treasurer, F. Armitage.

It was decided to have a meeting of the representatives from each club on Wednesday evening, April 22, to draw up the schedule and make the rules for the league.

**GYMNASTS FOR BELLEVILLE.**  
The Central Y.M.C.A. gym leaders go to Belleville on Saturday 25 strong to put on an exhibition which will consist of drills, gym dances, Indian clubs, games, pyramids and apparatus work. A private car will be attached to the 1.15 Grand Trunk train.

## MONTREAL TEAM IN FOURTH POSITION

ATLANTIC CITY, N.J., April 16.—The scores fell far below the average today at the National Bowling Association tournament, and the close of play tonight found only one change in the standing of the league teams. The Germania quintet of Brooklyn with a score of 2683 rolled into fifth place tonight. There was no change in the individual standing. In the two-man set, Rear and Stauring of Fulton, N.Y., tied with Anderson and Schaeffer for fourth place.

The leaders:  
—Two-Man Teams—  
Theis-Franks, Cleveland ..... 1190  
Higgins-Hopkins, Philadelphia ..... 1172  
Buonomo-Sutton, Rochester ..... 1170  
Anderson-Schaeffer, Brooklyn ..... 1160  
Rear-Stauring, Fulton ..... 1158  
Bates-Korrdorf, Rochester ..... 1158  
—Five-Man Teams—  
Genesee, Rochester ..... 3035  
Weldeman, Brew; Cleveland ..... 2816  
Maneto, Philadelphia ..... 2799  
Electra, Montreal ..... 2761  
Germania, Brooklyn ..... 2683

## Business Men Open Indoor Baseball League

At Central Y.M.C.A. last night, the Business Men's Triangle Indoor Baseball League got started under most favorable conditions. The opening ceremonies were everything that could be desired. G. A. Warburton, the general secretary, pitched the first ball, which was received by G. A. Kingston, with Fritz I. Fox at bat. The first two balls pitched were strikes, but the third one was over the fence for a home run.

The final game brought Dr. Peacock's and Palmateer's teams together, and the former won by 21 to 18. Irving Ardagh did some heavy clubbing for Peacock's team, while Goforth and Palmateer did most of the work for the other team.

R. H. E. Minchinton's ..... 10 12 4  
Black's ..... 8 10 6  
The gymnasium men are lining up well for the big members' banquet on April 23. Tables are being reserved for the different groups. The track team and harriers will have one table, and expect to have one of the largest groups. A special meeting is called for Monday night at 8.30. All Central athletes, new and old, are requested to attend.

Hotel Krausmann, Ladies' and Gentlemen's grill, with music, imported German beers, pianic steak is Krausmann. Open till 12 p.m., corner Church and King Streets, Toronto.

## "The Overcoat Shop"

### Assortment as Wide as the World in Top Coats

After he had been fitted with one of those very smart "Connemara" style Top Coats, made from a sturdy Irish hand-loom homespun, he remarked to the salesman:  
"That's just tip-top."  
"There's a lot of meaning in that one little sentence. Irish honesty in the weave. London skill in the designing. London quality in the tailoring.

There's an assortment of these high-class outer garments for men in the Overcoat Department that is as "wide as the world" in cloths—colors—patterns and shades—just such exclusiveness in them as you'd expect to find in a specialty store like this—

## HORSES WORKING AT TWO MIN. CLIP

### Conditions Improve at Woodbine Park—Red Walker's Horses Reach Track.

Wet weather at the Woodbine yesterday morning made the track a little heavy and sticky. Still many of the horses were out. A number of them were worked along at a two-minute clip, and others just had galloping exercises. Should the weather continue good many of them will be sent along on trials.

One of the trainers remarked yesterday morning that the majority of the conditions are much further advanced than at this time in previous years.

The track has been in shape to gallop over at five o'clock mornings the ground would be frozen, particularly near the rail, but with the rain all the frost is now out of the ground and it should be in good shape for faster work by the end of the week.

William (Red) Walker's horses arrived last evening and stood the trip well. The look big and strong and in the best condition to go on training. The Montreal contingent arrived yesterday morning.

The Dymont and Seagram strings are expected along any day now.

It looks as if there might be a record number of horses for the coming meeting.

## VER MEHR COMPANY AWARDED CONTRACT

### English Engineering Firm Successful in Island Filter Plant Tender.

Commissioner Harris has recommended that the tender of the John Ver Mehr Engineering Co., with William Cowlin & Son as contractors, for the additional filtration plant at the island be accepted. The amount is \$1,177,054.

The successful tenderer has offices in London, Eng., and the contractors in Canada. The tenderer has demonstrated in the plant erected for purposes of test at West Toronto that their system is comparable to other mechanical filter systems. The commissioner states:

"Having regard to the test conducted by the medical officer of health, and the guarantees and bonds indemnifying the city, I feel justified in recommending the acceptance of tender No. 2, being an adjudication of this recommendation that the acceptance of tender is subject to the approval of the provincial board of health, the provision of sureties and bonds satisfactory to the city treasurer, and the execution of a contract satisfactory to the city solicitor."

The plant will occupy 24 acres. The buildings will be coal storage, chemical storage and chemical building, suction well and building, boiler house and pumping station, filter house and water tank. The system is known as the Ransome sand filter, comprising practically a combination of the slow sand and mechanical devices. If the tender is accepted by April 27, the tenderer and contractors, who are jointly responsible, promise to put in operation one-half the plant by Aug. 1, 1915, and the whole by Nov. 1, following.

## CANADIAN HOUSEHOLD ECONOMIC ASSOCIATION.

The regular monthly meeting will be held on Monday, April 20, at 2.30 in the Y.W.C.A. parlors, 21 McGill street. Dr. W. J. McCormick, who has made a special study of food values, will address the meeting on "The proper selection of food as a means of reducing the high cost of living."

## NO SHAKE-UP AT QUEEN'S.

KINGSTON, April 16.—"There is absolutely nothing in the story about Principal Gordon to be relieved of his duties and changes made on the staff," said G. Y. Chown, registrar of Queen's University, tonight. "This talk is all tommyrot. The idea has not even been thought of."

## WESTERN CORN KILLED HOGS.

QUEBEC, April 16.—The epidemic which has been responsible for the death of hundreds of hogs in the province of Beausport here, has been the subject of investigation among farmers in this district, and the conclusion is that the disease is due to the feeding of the hogs with shipments of western corn.

## TORONTO BIBLE COLLEGE.

The students of the Toronto Bible College are deep in the work of examinations to graduation, which takes place on Friday, April 24, at 8 p.m. An address to the graduating class will be delivered by Rev. I. W. Graham, D.D., secretary of education of the Methodist C.V. church.

## A HIGH QUALITY Wheel Like The "PERFECT" Is Cheapest to Own

Divide the first cost of a PERFECT Bicycle by the number of years of perfect service it gives.  
The cost per year (the REAL cost of any wheel) is less with the PERFECT than with wheels selling as low as half its price.  
Consider its HIGH QUALITY—its LIGHT WEIGHT—its EASE on rough roads—its SPEED on good stretches. These things justify you in paying more for the PERFECT Bicycle. Yet it costs less to own than other wheels.  
Let us explain PERFECT Construction in detail.  
R. G. McLEOD,  
181 King Street West.

## Ritchie and Murphy Tonight at Frisco

SAN FRANCISCO, Cal., April 16.—Reports from the training camps of Willie Ritchie, champion lightweight champion of the world, and the challenger, Harlem Tommy Murphy, who will battle for the title tomorrow night, are to the effect that both men are in perfect condition. Intense interest is manifested in the bout. Ritchie is a two-to-one favorite. The odds are lengthening, however, and it is expected that they will go at ten to one by the time the men step into the ring. Some of the more enthusiastic Ritchie bettors are offering even money that the champion will knock out the Harlemit. Both scrappers are in fine shape. Ritchie today weighed 134½, and Murphy exactly 135, the required weight. Murphy did his last glove work yesterday and Ritchie will do his last glove work this afternoon. Jim Griffin will referee the battle.

## Billy Hay says:

"Something for nothing is a thing never found. But I'm going to give you, Friday and Saturday only, your choice of the most splendid line of pure silk English Neckwear that money ever bought.  
"We have sold them regularly at \$2.50, and they comprise the most splendid patterns imaginable. I offer them to you at \$1.25. You will readily agree that this is an unusually low price upon examination.  
"Let me convince you that here is a real bargain indeed!"

What difference does it make anyway?

You know us and our ways and that's all there is to it.

Spring Suits \$15 to \$25

Spring Overcoats \$15 to \$35

Raincoats \$7.50 to \$25 Ready now.

Hickey & Pascoe 97 Yonge Street

**Disappointment Over Canceling Run With Hounds**

The hunt yesterday was called off, but not until some ten riders had met at Todmorden on scheduled time. No reason was given. As it was a fine day everyone was disappointed, those qualifying horses for the hunt were, however, the most so, as there is little enough time left now before the races. Some of those seen at the meet were: Bob Hodgson, on Troplium; Bob Davies, on Fair Annie; Norman Davies, on Queen; Miss Maclean, on The Whip; and Miss Maclean. Several other horses to be qualified were waiting for their riders to come. Among these was Jim L., who is qualifying for the hunters' flat, and looks to be in first-class shape.

**AMATEUR BASEBALL**

The Belmonts will practice on the Don Flats on Friday evening in preparation for the game with St. Mary's on Saturday at Dovercourt Park. A full turn out is requested.

The I.C.B.U. Baseball team of the Don Valley League will hold a practice on the Don Flats, east side, on Saturday afternoon at 2:30. All players are requested to turn out, and anyone wishing to make a fast senior team.

Parkdale will hold their weekly meeting Friday night at their club rooms to make arrangements for their game with the Strollers on Saturday. The following players are requested to be on hand: Goddard, Macdonald, Irwin, Wright, Cuffe, Curson, Moriarty, Corrigan, Northcott, Cully, Stringer, Strong and Kennedy.

The St. Cyril's of the Vermont League will hold a very important meeting on Friday at 8 o'clock in St. Cyril's Schoolhouse. Everybody is requested to be on hand.

The Excelsiors will practice this evening at 8:30 in Bickford's Park, north of Harbour. Any good players desirous of trying out with a fast junior team will be made welcome.

The Royal Edwards will hold a practice at Bickford's Park Friday night, the 17th inst. All players kindly be on hand, as a team will be selected to play the St. Patrick's on Saturday afternoon next, at 2 o'clock, at Dovercourt Park.

St. Michael's and the Postoffice will play an exhibition game next Wednesday. The postoffice will hold a work-out on Monday.

The following players of St. Joseph's team of the Don Valley League are requested to be at the club house, 433 Curson street, tonight (Friday) at 6 for practice. The uniforms will be given out for the game with St. Michael's College Saturday afternoon: Howarth, Hill, Walters, Cahill, Riley, Miller, Gallagher, St. Denis, Thompson, Brockman, Leish, Lennon, Dies, Coulter, O'Connor, Darce.

**BRITISH RUGBY IN TORONTO**

The following is the Toronto-Welsh Rugby team to play the E.M.C.A. on Saturday next, April 18: Full back, P. David; three-quarters, W. R. Morgan, D. W. Davies, E. Thomas, W. Morgan; half backs, Jordan and Lucas; forwards, R. Thomas, P. C. Johnstone, Reynard, Hapwood, Thompson, Francis, Tucker Irwin, Touch Judge, Mr. J. Purton. All Welshmen interested in British Rugby please communicate with the secretary, Llewellyn George, 37 Leppin avenue.

A meeting of the Overseas British Rugby Club will be held tonight at the Oak, 25 Adelaide east at 8 o'clock. It is most important that all members should attend.

The Central Y Rugby team will practice in the Gym tonight at 8:30. All players are requested to be on hand. Saturday's game will be played at Exhibition Park at 3 p.m.

The North of England Rugby Club held a meeting at the Oak, 25 Adelaide street, last night, and the following team was selected to meet Overseas on Saturday: Full-back, Littlewood; three-quarter-backs, Rushton, Darley, Race, Garratt; half-backs, Whiting, H. Hodgson; forwards, Cation, Davison, Olson, J. E. Hodgson, Stubbs, Smith, Cox, Stacey; reserves, Austerberry, Newlove. The game will be played in Riverside Park, Kick-off at 5:30 o'clock.

**SMALL FIRE**  
A small fire started in the basement of the old section of Eaton's departmental store at 11 o'clock last evening, causing a few hundred dollars damage to stock and building.

**BRITISH RUGBY IN TORONTO**

North of England vs. Irish on Good Friday at the Island Stadium, when the Irish won by one try (3 points) to nil. The North are dressed in the black and white uniform. Half-back Miller, N. of E., is standing alone to the left. Capt. Caton of the English team is almost hidden with the ball at the bottom of the scrum.

**SOCCER TEAMS IN FINAL PRACTICES FOR TOMORROW'S LEAGUE FIXTURES**

**Clubs Select Their Players for Various Games — Activity in Manitoba Association Football Circles — Soccer Notes.**

Manitoba is all excited over the footballers these days, and the game is coming along nicely. At the meeting of the Manitoba Amateur Athletic Association the other evening they decided to act on a "hands-off" policy until the situation clears considerably. It was a wise move on their part and will do more to finally bring the two bodies together than anything. That they must come together eventually is accepted as a certainty by everyone, and there is no use of opening the breach any further than it is now. The following resolution was passed:

"This body shall take no action against the athletes who play under the jurisdiction of the Manitoba Football Association, to place them under any ban, or debar them from participation in other sports until such time as the association breaks any rule of the Canadian Amateur Athletic Union."

Recent advertisements in a Winnipeg paper have caused a lot of discussion, and if the clubs that inserted the ads, are located they will have to do some tall explaining to the Winnipeg and District P.A. The Westerners are going at the game in the right way to keep it unspoiled. The ads read as follows:

Football—Wanted, full back, situation found; none but first-class men need apply.

Football—An Old Country county goal-keeper wanted for any team in or out of city where employment can be found.

Fraserburgh F.C. senior team to play Hearts F.C. on Saturday will be selected: Abercromby, Buchan, Fraser, Young, Milne, Gibson, Foster, Bennett, Falkner, Dowell, Wallace, Rolf, Lafferty.

Fraserburgh Juniors to play Excelsiors F.C. will be selected from Fraser, Smith, Burgess, McMillan, Tarbot, Coutts, Whitehead, Downham, Stephen, Dowell, Owens, Carroll.

Both games will be played on grounds at High Park. Entrance from Bloor street and Quebec avenue. Juniors kick off at 2:15 p.m. Seniors kick off at 3 p.m.

Sunderland will open their new ground on Saturday with Baracas as their visitors at the Broadview Hotel.

The following team will represent Sunderland: Riddle, Stewart, Polley, S. Brown, Dobing, Simmens, captain, Stench, Rosborough, Hammett, Griffith, E. Moffett; reserves, R. Thorry, Archer, Hutchinson, Elton. Kick off at 2:15.

The team to represent the Old Bristolians F.C. in their league game with Wychwood at Braconne Park tomorrow will be as follows: R. Maggan, R. Lockley and S. Pavey; F. Derrick, E. Young and A. Lawrence; J. Rothwell, A. Norley, H. Schorfield, W. Arnold and J. Harrison. All players to meet at the corner of St. Clair and Weston road.

Will the following players of West Toronto United F.C. meet at C.P.R. tracks, North Toronto, on Saturday at 2 p.m. for game with St. Michael's F.C. Kick off at 2:30 p.m. on their grounds, Davisonville avenue. Stop 7 on Metropolitan line. Players: Barkas, Brown, Farry, (capt.), Debar, Barkas, Bristow, Kynaston, Worsling, McKenna, Ransom and Brookes; reserve, Johnson. All supporters serve, kindly take note and be on hand early.

Robertson's team to meet Toronto St. Michael's is likely to be: Pycroft, Wilson, Russell, Brown, Lowe, Hamilton, Hutchison, Walker, Higher, Acourt, Lowe, C. Kick off at 2:30 p.m. All supporters are requested to meet at Victoria and Queen at 2 o'clock p.m. on Saturday.

Queen's Park team for Saturday against Hiawatha at Riverside Park: Gilchrist, Coughman, H. Higher, Acourt, (capt.), Lemp, Wm. Sim, Owens, George Sim, McEwen, Swan, Swale, Alex. Ballantyne; reserves, Flook, D. Ballantyne, Firth. Kick off at 3:15.

The Consumers' Gas will play Runny Meadows at Riverside Park on Saturday. Kick off at 2:30 p.m. The following players are requested to be on the ground: Dowell, White, Terry, J. Edrell, C. Hill, A. Edwards, G. J. Simpson, C. Mahair, R. Williams, W. Phisps, J. Hurland, T. Wood.

St. Cuthbert's Football Club team to play Dunlop's at Riverside Park on Saturday at 2:30 p.m. W. E. Mawson, Simpson, Blackie, Brasse, Sadler, Rutherford, T. R. Mawson, Batten and Floyd. Kick off at 4:15 p.m.

Buchl F.C. play St. James on Saturday at Bickford's Park, corner Grace and Harbour streets. All signed players and supporters are requested to be on hand at 3 p.m. sharp.

All players of the Caledonian F.C. are requested to be at the Don Flats not later than 2:45 p.m. for their game with Overseas. Kick-off at 3:15 p.m. Meeting to-night at the Broadview Hotel.

Wychwood and Bristolians at Braconne Park in a league game. Wychwood team: Findlay, Turney, Wilson, Cameron, Allan, McDonald, Curran, George, Nicoll, Saunders. Reserves: Brown and McAulay. Players should be on the grounds at 2:30. Kick-off at 2:45. Wychwood Juniors and Uster will play the second game.

Gurney Oxford II. eleven will play British Imperial a friendly game on Saturday. Kick-off at 3:15. The Gurney team is as follows: McCormick, Carr, Gardiner (capt.), Stevenson, McManus, McGill, Bernard, Dunn, Wilson, Lumley, Gibbe. Kick-off at 3:15 p.m. All Devonian players are asked to make a special effort to attend, as the committee wants to get the new blood into the game.

The Gurney Oxford team to play Elm St. on Saturday on Willowdale Park. Game starts at 3:15. The Gurney boys are determined to get their first points on Saturday. Want of training told against them last Saturday, but they have been attending strictly to training this week and will be in condition to last the whole game. The following players will wear the black and white: Barnetson, Odd, Carruthers, Davidson, Johnston, Island, Jones, Henderson, Wyatt, Law, Forbes (capt.). Reserve: Alexander.

All Granplan F.C. players are asked to meet at Queen and Roncesvalles at 2 o'clock on Saturday for the game with Motor at Mount Dennis. Kick-off at 3:30 p.m.

Rangers F.C. have selected the following team to meet Lancashire at Rangers' grounds, Stop 2, North Yonge street: Webb, Douglas, Appleton, Fisher, Lumsden, Allan, G. McFadgon, Craig, Wolfenden, Wright and St. James. Reserves: Hal dane, Payne. Kick-off 2:45 p.m. Players please meet at C.P.R. tracks at 2 o'clock. Rangers Juniors meet at 2:30. Reserve: Harper. Kick-off at Riverside Park at 2:15 p.m. Junior players be on hand at 2:30 p.m.

Uster United seniors play Gunna F.C. on Saturday at latter club's grounds on Scarlett road. Kick-off at 3:15 p.m.

**T.L. & A.A. Announce Lacrosse for Rosedale**

The annual meeting of the shareholders of the Toronto Lacrosse and Athletic Association was held last night, with the following results:

President, W. J. Schofield; vice-president, H. C. Schofield; secretary-treasurer, J. M. Macdonald; directors, Jno. Massey, W. Logan, G. T. Irving, W. E. Romale.

For the first time in ten years a series of lacrosse matches will be played on the old grounds, the Young Toronto having been accorded the grounds.

Public holidays, beginning with May 25, will be given over for soccer football. With these attractions in addition to lawn bowling, tennis, basket ball, management claim to be doing well for their ETAOIN.

and the following Uster players are requested to meet at Dundas and Keele streets at 2:15 p.m. sharp: Martin, Nelly, Moore, W. Forsythe, Carroll, Adgey, Campbell, McCulley, Longwill, G. Forsythe, Elliott, Clendinning, Maych and Reid.

Uster Juniors are asked to be on hand at Bathurst and Dupont streets at 3:15 p.m. to play Wychwood at Braconne Park, viz.: McMurray, R. Martin, G. Campbell, Gordon, Cady, J. Campbell, H. Stevenson, R. Campbell, J. Robinson, Couter, Davis, Hunter, J. Surgeoner and Dowds.

All members of St. George's Athletic Club are requested to meet on the corner of Bloor and Christie streets at 2 o'clock on Saturday afternoon, the 18th, for a football practice in Willowdale Park. Other players wishing to join above can get information from W. Holland, 89 Erie Terrace, or E. Gibbons, 98 John street.

The following players of Orchard F. C. are requested to meet at C.P.R. tracks, North Yonge street, Saturday, at 2:15 p.m. for their game with Christie: Sinclair, Roberts, Logan, Buchanan, Palmer, Morse, Brewster, McComby, Jassman, Chapman, Irvine, Adler, Redington, E. Palmer.

Overseas will meet Caledonians on Saturday at Don Flats in a senior league fixture. As the Overseas have not met before, and Caledonians are new to the division, they can be depended upon to do their utmost to lower the colors of the league champions. Rutherford will return to the attack for Overseas, who will line up as follows: Goal, Harris; backs, Robinson, Harrison; half-backs, Hamilton, Croucher, Kingan; forwards, Kitten, Winter, Rutherford, Pratt, Holland; reserves, Rice, Frame.

The following players will line up for Thistles against Old Country on Saturday in a St. & E. League game, viz.: Dunbar, Harrison, Townley, Adams (captain), Buchanan, Buchanan, McLaren, Appleton, Hayden, Ferguson and Forbes. All the above players and all other signed players will meet at Stanley Barracks not later than 2:30.

**MERCANTILE LEAGUE BANQUET.**  
The Athenaeum Mercantile Bowling League will hold a banquet in the Hotel Carl-Wright, formerly the Grand Union, corner Front and Simcoe streets, on Friday evening at 8:30 o'clock, when the presentation of prizes will during the season will be made. Tickets can be had from any member of the League.

**ONTARIO ELKS' CONVENTION.**  
Plans have been completed for the Ontario Convention of Elks, which opens in the Prince George Hotel on April 27, and ensure a busy and enjoyable program for the various delegates. Amongst the distinguished out of town members who will be present are Judge Clute of New Westminster, B.C., grand, seated; Mr. G.E.L.K. A banquet will be held at the Prince George, and the closing event will be Elks' night at the Princess Theatre.

**INDIAN DENIED TRYING TO KILL**  
Verdict of Simple Assault Against Man Who Fired at Superintendent.

Canadian Press Despatch. QUEBEC, April 16.—The jury today returned a verdict of simple assault in the case of the Indian, Sayahanez, who was accused of attempting the murder of Mr. Lilley, the mechanical superintendent at the Quebec bridge, by shooting at him with a rifle. Sayahanez pleaded that he had been used to firearms all his life, and that he only shot to frighten Lilley, and not with any murderous intent. Had he wished to do so, he contended, he could have emptied his magazine into the superintendent before the latter could have turned round.

Crown Prosecutor Davidson charged the accused with being a perjurer of

**Never Out of Style The Gentleman's Chesterfield Overcoat**  
Worn by the conservative well dressed man the world over.

# SOLO

Every lot on this property amounting to over \$200,000 has been sold.

The first advertisement with the above illustration appeared in the Toronto newspapers on January 14th last. Over 70 per cent. of the property was sold to builders, or people who are going to build—the prices ranging from \$50 to \$65 per foot.

This is another illustration of the confidence of the buyers of Real Estate in this Company's properties, and is convincing proof that a close-in developed property ready for building is today in great demand.

The most attractive property now on the market is

### QUEBEC'S SITUATION WARNS ULSTER

#### Protestants Have Been Controlled by Pernicious Influences Asserts Dean Saunders

Canadian Press Despatch. MONTREAL, April 16.—"Quebec Orangemen are unanimous in desiring to assist Sir Edward Carson and Protestants in Ulster because we feel that they are having in a greatly intensified form just the same fight that we have to wage here," said Rev. Dean Saunders, one of the committee of the Loyal Orange Association, appointed to deal with the subscription of \$1,000 it has been decided to make to the anti-anti-home rulers.

"The same pernicious influences face them there that we have to contend against in Quebec," he said. "If the question were only a political one of giving home rule to Ireland it would be settled in short order, but it is a religious question as well. It is not against the Roman Catholic Church as a religious body that we are fighting, but it is against the Roman Catholic Church as a political body. I do not say that the Roman Catholic Church and the Nationalists have the same political aims, altho they have united for the time being, because both desire the same thing. After home rule became an accomplished fact I have no doubt that they would soon develop strenuous family quarrels, but we, as Protestants, must stand in a body against the Catholic Church using its political power. The countries of Southern Europe, South America, and Central America are good examples of the illiteracy and immorality that become prevalent among a large mass of the population under their domination. We do not want the same thing for Ireland."

### ROUTED FORCES OF CHINESE BRIGAND

#### Several Hundred of White Wolf's Followers Were Killed.

Canadian Press Despatch. PEKING, April 16.—Regular troops today severely defeated "White Wolf" and his brigands, several hundreds of whom were killed.

The regular troops encountered the bandit army at Li-Chuan-Hsien, to the northwest of Sian-Fu, capital of Shensi province. They were threatening an attack on Sian-Fu.

Sharp fighting ensued and resulted in the rout of the brigands, who fled to a position 40 miles from Kien-Chow, further to the northwest.

Heavy reinforcements of regulars have been despatched to the scene and the brigands, who have pillaged many towns and villages and killed the inhabitants, are being gradually surrounded.

A number of mission doctors have gone from Hui-Sien and Chow-Chih to attend the wounded.

### BRITISH IMMIGRANTS STILL IN A MAJORITY

#### Winnipeg Figures Break Record for Year — Compare Well With Last Year.

Canadian Press Despatch. WINNIPEG, April 16.—The following are the immigration figures at Winnipeg for the week ending April 14: British, 1615; Italians, 46; Russians, 25; Germans, 25; Norwegians, 70; Gallians, 375; Swiss, 65; Roumanians, 12. These figures constitute a record for one week's arrivals from all quarters this season.

The preponderance of the British over all other nationalities, which has been pronounced since the opening of immigration, is still very marked. The returns compare favorably with the same week last year.

### WILLIAM GILLIES LEFT BIG ESTATE

#### Eighteen Nephews and Nieces Benefit by Carleton Place Lumberman's Will.

The late William Gillies, lumberman, formerly of Carleton Place, Ont., who died on Sept. 10, 1912, left an estate of \$210,000, composed as follows: Book debts and notes, \$92,270.50; life insurance, \$8560; bank and other stocks, \$81,330; personal property, \$2000 and real estate valued at \$25,000. The will divides the property as follows: Janet McEvoy and Helen McEvoy, both sisters of the deceased, living in Toronto, \$2000 each, and to Elizabeth B. Patterson of Carleton Place, also a sister, \$2000.

The remainder of the estate, \$178,829.50, is to be divided among seventeen nephews and nieces and one grandnephew.

### INSPECTOR BANQUETED.

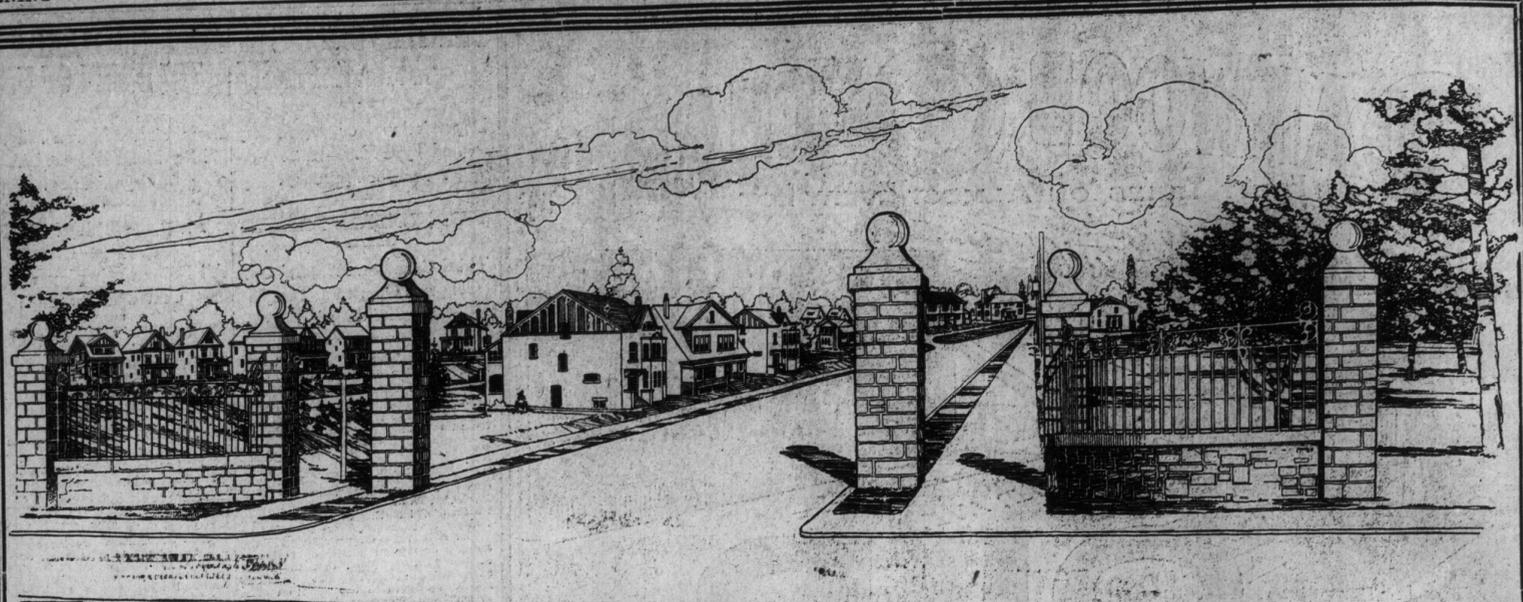

BERLIN, April 15.—School Inspector L. Norman, B.A., who recently moved to Galt, was tendered a complimentary banquet by members of the Grand River Lodge, A. T. and A. M., and the Berlin Bowling Club. He was presented with a past master's badge by the Masons and an address and beautiful cabinet of pearl and silver cutlery by the bowlers.

### TWO COWAL PEOPLE HURT IN RUNAWAY.

COWAL, April 15.—J. N. Campbell had his leg broken, Mrs. D. McTavish suffered a sprained ankle, and the Misses Ferguson escaped with minor injuries in an accident which occurred while the party was returning from the McTavish place. The horse became frightened and ran away, overturning the conveyance shortly afterward. Dr. Cameron of Dutton attended the injured.

### BRANCH BANKS

New branches of the Canadian Bank of Commerce have been opened at St. Louis, Mo., and at the corner of Fourth avenue and Alma road, Vancouver, in charge of D. S. Dunn and J. J. McMahon, respectively.

PURE WATER NOW FOR OTTAWA CITY

Special Bill Will Be Passed in the Legislature Today.

MAYOR WILL ASSIST Reputation of Having a Poor Supply Will Be Wiped Out.

The City of Ottawa finally sees some solution of its water supply and it is determined to see that active steps are taken to install a plant that will suit the demands of the population.

By a vote of 34 to 8 the committee decided to submit a government measure introduced by Mr. Hanna for that of Mr. Curran.

Considerable opposition was stirred up in committee by members and Ottawa delegates who favored the Curran scheme and claimed that if the provincial board of health had power to rule out that method, it would force an eight million expenditure on the city regardless of their voice.

GIVE PEOPLE A CHANCE TO GET THEIR MONEY

Four Years More Allowed for Completion of Ontario West Shore Railway.

With the object of allowing holders of shares and bonds some opportunity of getting something for their money, the railway committee of the legislature approved a bill submitted by A. H. Musgrave to give the Ontario and West Shore Railway four years more to complete the line.

PRUSSIAN PRINCE AS ROOSEVELT ANTIDOTE

Kaiser Wants to Counteract Effect of T. R.'s Visit to South America.

Canadian Press Despatch. PARIS, April 16.—The contest for influence in Argentina between the United States and Germany is the subject of a despatch today from Buenos Ayres to The Times.

ITALIANS ROUTED NATIVES.

BENGHAZI, Africa, April 16.—A severe engagement was recently fought between the Italian forces and 2000 rebels, near Sebha. The Italians routed the enemy after hard fighting, killing 154 of them and wounding many.

AYLMER WANTS ACTRESS TO WEAR MORE 'CLOES'

AYLMER, April 16.—The mayor has received a complaint regarding a picture shown at local theatre, and as a result has written to the Ontario Board of Censors to have the film banished.

TRIED TO BRIBE POLICE.

MONTREAL, April 16.—Pleading guilty to a charge of attempting to bribe the police in order to secure protection for alleged disorderly persons on Clarke street, Harry Spadine and George Hales, and George Spadine, principals of the alleged disorderly houses, will be sentenced Thursday next.

Travel Via the Fastest Line When Going to Montreal.

The Grand Trunk Railway System offers the best and fastest daily train service possible between Toronto and Montreal over the "only double-track route" as follows:

Leave 9:09 a.m., arrive Montreal 6:00 p.m. Dining car, parlor library car and first-class coach.

Leave 10:45 a.m. (Eastern Flyer), arrive Montreal 7:40 a.m. Electric-lighted Pullman sleeping cars, club Pullman, car and first-class coaches.

The above service should be appreciated by the traveling public, being the finest and fastest between the two cities and affording passengers an excellent opportunity of reaching Montreal in a most reasonable time, either in the morning or evening.

Random Notes on the Mining Stocks.

Sir Henry Denes Report. Peterson Lake was under severe selling pressure yesterday, caused greatly by a report circulated by Hamilton B. Willis, stating that trouble had arisen over the boundaries of the company's property, which would cause costly litigation.

At the recorder's office in Halleybury, Mr. Willis learned the application for restraining orders was filed by the Peterson Lake company.

When Mr. Willis was asked on Wednesday by Mr. Willis for a statement as to this remarkable action on the part of the Peterson Lake company, he denied any knowledge of anything of the kind.

When approached by The World yesterday that Harry Cecil, together with other members of the Peterson Lake company, had no trouble with Willis regarding the boundaries, which were settled on some time ago, he said: "The report is absolutely untrue."

Development of developments at the mine, Sir Henry stated that things were in excellent shape and the new vein was showing up well.

Domine Mines started on a movement of recovering its lost points of the recent reaction and went to \$2. The stock has taken on a very strong attitude and liquidation seems to be about over. The market is looking for a rising market.

Nipissing strengthened considerably and closed at \$5.50 after a fairly active market for the stock. During the day sales were made at \$5.50.

From one of the officers of the Teck-Heughes mines The World learned yesterday that Harry Cecil, together with other members of the British syndicate, in which he is interested, were at Kirkland Lake looking over the property with the idea of taking out another option. It was also learned, authentically, that a second syndicate was in the field to attempt to obtain control of the company. Developments are coming along very satisfactorily at the mine, and what one is being taken out averages \$42 a ton. Indications are that even richer ore will be encountered within a few days, but in this regard the Teck-Heughes officer refused to divulge further information.

Mining editor Toronto World: In the Sudbury nickel district the outcrops of ore are usually large and plainly marked. It is a mining man's habit to test by various options over a period of twenty years, and all had failed. The large bodies of nickel and copper that actual development eventually disclosed, so in November, 1908, when the mine was turned down by a prominent mining broker in Toronto because the highest assays were only 50 per cent. And everyone knows that Mr. O'Brien, the Cobalt millionaire, failed to exercise an option on the "Dison-Gillies" mine.

This property has lately been incorporated as the "Acme Gold Mines Limited" and automatic development it is proving equal to its great neighbor, and there are many other instances of significant results to the preliminary examinations of mining properties.

Assays of surface samples, shallow test-holes and other experiments are generally unreliable. The "Hollinger" has a fine record as a producer of nickel, and the results of the assays of the ore, dated in January, 1912, Mr. Robbins says: "In the quartz masses the occurrence of gold is extremely sparse, and the results of the assays from the same points in the vein will seldom agree within reasonable limits." This seems to show that the Hollinger is not a nickel mine, as he was sampled perfunctorily, as many other veins have been in Porcupine, and the method of assaying is such that the values that have been actually recovered in the mill.

At Porcupine it has been the practice of some foreign engineers, and of engineers fresh from the mining colleges, to take samples from the surface, and to make assays in order to procure samples from which to make assays. But this method is not perfect, or adequate and has led to the rejection of more than one property of merit. A very different method, followed by the owners of producing mines, and in fact none of these gave average payable ore on the surface.

Not a proven camp like Porcupine there is ample warrant for development, even also values on the surface are negligible. He bases his conclusion on the fact that the property is well situated geologically and several large defined shear zones occur thereon, which give ample assurance of payable ore at a reasonable depth.

Nemo. Toronto, April 15, 1914.

# The Robert Simpson Company, Limited

## Men's \$10, \$12 Light Overcoats Saturday, 8.30 a.m., \$7.95

This is a clearing sale of odds and ends of Men's Spring Weight Overcoats. There are light gray and browns, in fancy tweeds, a few blacks and a few grays. They are made in single-breasted, Chesterfield, buttoned through, and fly front style. The linings are of fine twill mohair, and the tailoring on every garment is the best. 8.30 Saturday morning . . . . . 7.95

### MEN'S BLACK SPRING OVERCOATS.

Made from a fine English chevrot cloth of good quality, cut in one of the best single-breasted Chesterfield styles, with fly front and silk facing to the edge. The linings are of good quality twill mohair, and the workmanship is good. Price . . . . . 16.50

### DURWARD'S ENGLISH-MADE SPRING OVERCOATS.

Durward's Overcoats are the young man's favorite for spring. They come in a large variety of cloths and styles; such cloths as Donegal tweeds, in light grays, English tweeds, in browns and grays, in some beautiful blending of shades; in styles there are the smart single-breasted Chesterfields to button through, fancy yoke designs and semi-Balmacran styles, with loose Russian shoulder styles; beautifully tailored. Sizes 34 to 48. Price 25.00

### MEN'S NORFOLK SUITS FOR SPRING WEAR.

The material is an English tweed, in medium shade of gray, with very small pattern; tailored the very best throughout. Sizes 35 to 42. Price . . . . . 15.50

### ONE OF THE NORFOLK SUITS.

Made from soft-finished worsted cloth, in blue, has a coat cut in smart single-breasted yoke Norfolk style, with pleated fronts and back, and belt around waist; the trousers have cuff bottoms, belt and side straps. Sizes 35 to 42. Price . . . . . 25.00 (Main Floor)

## Youths' Suits, Saturday \$12

We have specialized this season with smart, snappy styles for the young chaps. They are beautifully tailored, fashionably designed, and lined with serge. The range of patterns is wide, including neat, small checks, in grays and dark browns; blue with faint white stripe, and fine plain gray Scotch tweeds; sizes 32 to 35. Saturday . . . . . 12.00

### BOYS' GRAY BANNOCKBURN TWEED SUITS.

Yoke Norfolk and fancy patch pocket Norfolk styles, with roomy cut bloomers; a particularly natty suit for Spring and Summer wear. Fashionably tailored and lined with serge to match fabrics. Sizes 26 to 34. Saturday . . . . . 7.00

### GREAT BIG SUITS FOR BIG BOYS.

Our suitably for heavily-built boys, single-breasted Norfolk styles, with bloomer pants; made from dark brown and gray English tweeds; strongly tailored and lined with best wearing serges. Sizes 33 to 36. Saturday . . . . . 7.00

### BOYS' BLUE SERGE REEFERS.

Neat double-breasted styles, with neatly fitting back and black velvet collars; made from a good wearing serge. Sizes 2 1/2 to 10 years. Saturday . . . . . 4.75

## Men's Shirts "De Luxe"

We have a particularly attractive range of Men's Silk Shirts in plain colors or stripe effects.
