The copy filmed here has been reproduced thanks to the generosity of:

D. B. Weldon Library
University of Western Ontario
(Regional History Room)

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol ➡ (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole ➡ signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

TORONTO, December 21st, 1860.

SIR,

We beg respectfully to call your attention to the annexed Prospectus. You are probably aware of our having been engaged for a number of years in surveying the various Counties in the Western Province, for the Descriptive Maps, of which eight have been already published, including York, Peel, Ontario, Halton, Brant, Norfolk, Oxford, and Waterloo. Having a large staff of competent engineers and draughtsmen, we are prosecuting the surveys with vigor, and will soon have the entire work completed.

We need but to refer to the universal commendation which the Press have bestowed upon our productions, and the favor with which they have been received by the Public, to assure you that this New Work will be in every respect worthy of your support. We have also, at a great expense, imported Materials, Presses, &c., of the best kind, for engraving, printing, and manufacturing Maps, and having Engravers and Lithographers of acknowledged skill, the artistic portion of the work will be equal to any produced by the best houses either in New York or London. Our Agent in your Section will wait upon you at an early period. Hoping that you will encourage a *Home Enterprise*.

We are,

Your most obedient servants,

GEO. R. & G. M. TREMAINE,

Lithographers, &c., 288 King Street East,

TORONTO.
