Montreal Exposition Company

PROVINCIAL EXHIBITION ...1897..

OPENS 19th AND CLOSES 28th AUGUST.

...INTRODUCTION...

The Directors of the Montreal Exposition Company have decided to hold their Sixth Provincial Exhibition in Montreal from Thursday, the 19th, to Saturday, the 28th, August next.

In the latter part of July 1896 a disastrous fire occurred on the Grounds which destroyed the Crystal Palace, (which was originally erected on the occasion of the visit of H. R. H. the Prince of Wales, to Canada in 1860), the Machinery Hall and other buildings to the number of ten in all. Notwithstanding the scrious loss and inconvenience to which the Company was thus put, a new and commodious Industrial Building was at once erected and the Exhibition was held on the date originally fixed. It is the intention of the Company to erect such other buildings as may be required in the future on the most improved and modern plans.

This being the Diamond Jubilee year, the Directors confidently trust that manufacturers and the public generally, will lend their hearty assistance in contributing towards the success of the Exhibition and thus aid making it an event worthy of the occasion.

It will be noted that the date of the Exhibition has been somewhat advanced, and this change has been made with a view of affording greater convenience to exhibitors and in the hope of securing more favorable weather.

The large number of visitors who come to the Exhibition, presents a strong inducement for leading firms to make an elaborate display of their manufactures.

Even if no pecuniary advantage be gained, the Directors earnestly trust that for the credit of the City and the Province that our important industries will be worthily represented.

The Directors confidently hope that all will assist in making the Montreal Exhibition a permanent and progressive institution.

The Directors will be pleased to receive any special prizes or contributions towards increasing the Premium List, as well as any suggestions that may tend to increase the importance and usefulness of the Exhibition.

General Arrangements.

The Exhibition will be open to the public on Thursday 19th August, at 7 a. m., and continue open each day and evening, except Sunday 22nd, to 10 p.m.

The Exhibition will be closed on Saturday, 28th August, at 1100n.

The Grounds and Buildings will be open for Exhibitors and their assistants from Monday, 2nd August, to Wednesday the 18th August, from 7 a.m. to 6 p.m., to make preparations and to place their exhibits in position.

A number of special attractions, in addition to the regular Exhibition, of which particulars will be subsequently given, will be provided for the enjoyment of visitors.

Every facility will be afforded and every courtesy extented to exhibitors, but no responsibility for transportation, damages, accidents or loss of any kind will be assumed by the Company.

No removals of any kind will be allowed before the close of the Exhibition except by special permission.

The Superintendents will give all information required in their respective Departments.

Ali officers will be designated by proper badges.

When you have done with this book, please pass it around among your neighbors.

Rates of Admission.

Tickets can be obtained at the entrance to the Grounds.

Entry Cards will be furnished for each animal or article, which will admit the attendant bringing them to the Grounds for exhibition. Afterwards such attendants must be provided with the proper passes.

Exhibitors paying entrance fees of \$10 or upwards, will receive one exhibitor's ticket free.

Other exhibitors may purchase at the Manager's Office an "Exhibitors" ticket for \$1.00 admitting him twice each day.

Exhibitors may obtain the Necessary Special Passes on applying to the Superintendents on the Grounds. Each pass will bear the name of the person to whom it is issued and if presented by any other person will be forfeited.

No attendant's ticket will be issued to any exhibitor whose ent ance fees amount to less than one dollar.

Entries.

Exhibitors will confer a great favor by making their entries at AS EARLY A DATE AS POSSIBLE.

All entries must be made on printed forms, which way be obtained, free of charge from the Secretary, from whom also copies of the Prize List can be had. These forms are to be filled up and signed by the exhibitor and sent to the Secretary on or before Monday 16th August. Any entries that may be accepted after this date will be charged double fees.

Exhibitors will also take notice that it is absolutely required that the entries be made on or before the date above mentioned, in order to afford sufficient time to examine the entry papers, apportion space, forward entry tickets, and to correspond with parties, when necessary.

The entry fee must, in all cases, be forwarded with the entry. No entry will be accepted unless this is done. Fees should be sent by express or post office order or bills in registered letter. Postage stamps are not desirable, but if sent should not be above the denomination of 3 cents.

Entry Fee must be paid for each and every section in which an animal is entered for competition, except where otherwise provided.

No changes will be allowed any exhibitor after 16th. August.

No entries will be accepted after the opcning of the Exhibition.

When entries are made, great care should be observed to have the name of the exhibitor and the *Post Office* address in full, with the street and number if in the city.

After entering each animal or article, exhibitors will be supplied with a card specifying the class, section and number of entry, which card must remain attached to the animal or article during the Exhibition.

No person shall be allowed to enter for exhibition more than one specimen in any one section of a class, except by special permission. This rule not to apply to animals, but to all kinds of grain, vegetable products, etc., in which each additional article would necessarily be similar to the first.

In the Live Stock Classes the entries must, in every instance, be made in the name of the bona fide owner. If any person shall exhibit an animal of which he is not the bona fide owner, he shall forfeit any premium which may be awarded him.

In all the other Classes the entries must be made in the names of the producers themselves or their duly authorized agents.

Exhibitors intending to compete for "specials prizes" offered, must enter in regular form.

In all cases the right is reserved to reject entirely or accept conditionally, any entry or application;

Exhibitors must make themselves acquainted with the Prize List and Regulations, and be sure to which classes and sections the entries properly belong.

Parties desiring the privilege to sell must make special arrangements with the Manager.

EXTRA ENTRIES:—Every article must be entered under some one of the sections in the regular Premium list, when possible; but if any article is not enumerated, it may then be entered in the class with which it most nearly corresponds, under the heading extra.

No person will be allowed to act as Judge who is in any way known to be interested in the animals or articles to be examined.

Judges are not to award prizes other than those mentioned in the Prize list, but may distinguish exhibits deserving of notice which have not received prizes, by a special commendation in the Judges' Book. This will not entitle the exhibitor to any money payment.

In the absence of competition in any section, or if the exhibits be of inferior quality, the Judges will award only such premium as they think advisable, and they may exercise their discretion as to whether they will award the first, second, third, or *any* premium.

Each award must be plainly written on the blank space opposite the number of the entry.

The Judges will sign and hand in their awards to the Superintendents as soon as possible. The reports should be concise and full, and should contain any suggestions or recommendations that experience or circumstances may suggest.

It is desired that all the Judges of each class go together, and not singly, to hand in their Report, in order that cases of error or doubt may be jointly considered and promptly rectified.

Any person who shall attempt to interfere with the Judges while in the discharge of their duties, or who shall afterwards on the Exhibition Grounds use any contemptuous or abusive language to any Judge, referee or other person engaged in an official manner, shall forfeit the right to any premium to which he might otherwise be entitled. Judges are particularly requested to immediately report any breach of this rule.

In case of Fraud, the Directors have the power to withhold any prizes awarded.

No person shall be permitted in the Horse or Cattle Rings during the time of judging except the Judges, persons in charge of the animals, members of the Committee and members of the Press.

Protests.

Protests must be made in writing, and must state the class and section of the entry referred to, and must give definitely and concisely the ground of protest.

The envelope containing protest must be endorsed with the number of class and section to which it refers. The Directors will decide in all such cases, and their decision will be final.

All protest must be made within twenty-four hours of the Judges' award, after which no protest will on any account be received.

No protest will be entertained unless accompanied by a deposit of \$5, which will be forfeited if the protest is not sustained.

Miscellaneous.

The Directors reserve the right to prescribe and regulate all matters pertaining to the harmony and attractiveness of the Exhibition.

Each Department will be under the control of a special Committee presided over by one of the Directors.

All signs will be under the control of the management; those which obstruct the view and light will not be permitted.

Exhibits which cause any obstruction must be re-arranged when so ordered.

The wholesale distribution of hand-bills or other advertising matter that may cause a nuisance will not be allowed. Neat cards or folders are more affective and apt to be carried away by visitors.

All Prize cards which have been awarded must remain attached to the exhibit during the Exhibition, otherwise the premium will be for feited.

Entrance Fee, \$1.00 per Head, Stalls Free. Matched Pairs, \$2.00.

All horses must be on the Grounds by 10 a. m. on MONDAY, 23rd August.

The ages of all horses will be calculated from the 1st of January.

In all Thoroughbreds classes, full pedigree, properly certified, must be produced on the Grounds if required, and the number of registration in the Stud Book must be given on the entry form. No animals will be allowed to compete as pure bred unless they possess regular stud pedigrees. Judges on the Grounds will have the right to demand certificates of registration.

All animals must be entered in the names of their bona fide owners; should doubts arise, the Judges may require affidavits of ownership from the exhibitor.

Judging will commence on MONDAY, 23rd August.

Exhibitors, if required, must produce a certificate from a Public Weighing Office, giving the weight of any horse exhibited at any time during the Exhibition.

Horses must be shown when, and in such a manner as the Judges may require or allow.

Exhibitors who may desire to take their horses home at night will be allowed to do so on depositing \$5 with the Superintendent as a guarantee for the return of the animal next morning. If the horse be not returned and permit renewed by ten o'clock the next morning, the amount deposited will be forfeited to the Company.

Nearly an Accident

This Farmer was driving along with his friend and almost threw him out as he stopped short at "LATIMER'S" Farm Department and Carriage Warehouse, 592 ST. PAUL ST., where he found all classes and kinds of Farm Implements, Farm Waggons, Carts, Carriages, so good and cheap he has not ceased since to tell every person of it, and having used some of "VICTOR" Fertilizer's on his farm and garden, he recommends all farmers and gardeners to use it. If you call in and bring this advt. you can have his card as he does not care to have his name given here on print.

COMMITTEE.—R. Auzias-Turenne, (Chairman), Messrs. J. A. Vaillancourt, Milton McDonald, M.P.P., J. Beaubien, A. A. Ayer, H. S. Foster.

(Entrance Fee, 25c. each section.)

Exhibitors of cheese and creamery butter must state on the entry forms the name of the factory where the same was made

A written declaration may be required from each prize taker that the cheese shown was made in the factory named.

Any exhibitor misrepresenting as to dates or otherwise will forfeit any prize that may be awarded.

Any factory or manufacturer can compete in all sections, but they cannot compete in the same section under different names.

All cheese and butter competing must be salted with some improved dairy salt. In order to secure a uniform salting of the butter exhibited, it is recommended that three-quarters of an ounce of salt be used to each pound of butter.

The cheese will be judged by a scale of points as follows:—Flavor, 35; Quality, 25; Texture, 15; Color, 15; Finish 10; Total 100.

The butter will also be judged by a scale of points as follows:—Flavor, 40; Grain, 30; Color 10; Salting, 15; Finish, 5; Total 100. The judges will attach to each lot of butter exhibited the card of points awarded by them.

No brands or other distinguishing marks will be allowed on any of the tubs or crocks in which butter is exhibited, other than the entry ticket.

The butter will be kept in large glass refrigerators constructed especially for the purpose, well supplied with ice.

The cheese and butter exhibited at the Montreal Exhibition can always be sold on the spot at good prices.

Exhibitors who do not come with their exhibits can address them to the Superintendent of the Dairy Department, Exhibition Grounds, Montreal, from whom they will receive every care and attention. Instructions can be given to the Superintendent as to the disposal of exhibits at the close, and these will be carefully carried out.

All exhibits in this Department must be delivered and placed by 6 p.m. Wednesday, the 18th August.

LADIES' AND CHILDREN'S DEPARTMENT.

(Entry Fee, 5 entries and under 50c., 5 to 15 entries \$1.00., over 15 entries \$2.00.

It is desired that this Department should be made most interesting and attractive.

Exhibitors who do not desire to come themselves may mail their entries and send their work by express or parcel-post, and can rely upon their work being displayed to the best advantage, and carefully repacked and returned, within three days after the exhibition closes. Address:—Superintendent Ladies' Dept., Exhibition Grounds, Montreal.

By this means it is hoped that all mistakes will be avoided and that exhibits will be arranged to the best advantage.

Suitable glass cases have been provided, so that the most delicate articles may be exhibited without injury.

All entries in this Department may be made on the Grounds, and exhibitors should bring the articles with them in order that they may be correctly classified.

For this purpose the Superintendent will be on duty in the Ladies' Department, Main Building, from noon on Tuesday, the 17th August and following days.

Articles exhibited in collections cannot compete in other sections.

Work entered and handed in, after the opening, may be exhibited, but cannot compete for a prize.

In all cases the Judges will have the right to withhold any prize, where the work is not of sufficient merit, even if there be competition.

All articles competing in this Department must be the work of the exhibitor, strictly the work of ladies or children, and entered in the name of such.

As attempts have frequently been made to obtain prizes on old articles, which have been previously exhibited, exhibitors are particularly requested to note that articles, which have been awarded prizes at former Montreal Exhibitions, cannot be entered for competition.

Any exhibitor may be required to make a statutory declaration that the work exhibited by her is of her own make and has not been awarded a prize at any previous Montreal Exhibition.

The Company will take reasonable precautions to ensure the safety of articles sent for

exhibition, but the owners themselves must take the risk of exhibiting them; and should any article be accidentally injured, lost or stelen, the Exposition Company will give all the assistance in their power towards the recovery of the same, but WILL NOT MAKE ANY PAYMENT for the value thereof.

Removal of goods:—Exhibits may be removed at noon on Saturday, 28th August. The Prize List has been remodelled, and the classification re-arranged as follows:

Class 127.—China Painting and Decorative Work (open to Amateurs only.)

Class 128.—Professionals and those who sell work.

Class 129.—Needle-Work, Embroidery, Lace, &c.

Class 130.—For Ladies 60 Years and over.

Class 131.—House-Keeper's Department & Domestic Manufactures.

Class 132.—Children's Department.

is exactly suited to the coarse-grained woods generally used in barns, fences, etc. It contains creosote. Creosote is a disinfectant and prevents decay.

Our booklet, "Paint Points," tells why it is economical to use paint. It tells what to paint, and how to paint. It is a handy book to have about the house. Send for it to-day—it is free. For booklet, address 21 St. Antoine Street, Montreal.

19th to 28th AUGUST, 1897.

MONTREAL HORTICULTURAL SOCIETY

. . . AND . . .

Fruit Growers' Association of the Province of Quebec.

Hon. President, W. W. OGILVIE. President, W. M. RAMSAY.

Hon. Vice-President, ROBERT MACKAY. Vice-President, C. P. NEWMAN.

OPEN TO THE WORLD.

Rules and Regulations

To Which the Careful Attention of the Judges is Requested.

- 1. All specimens placed in competition for premiums must be bona fide GROWN BY THE COMPETITOR OR EMPLOYER; and if proved not to be such, the competitor will be disqualified from receiving any premium whatever at the Exhibition. Each competitor will be required to sign a declaration on his Entry Form to the foregoing effect, which, however, does not cover "made up" work.
- 2. All plants, flowers, fruits and vegetables should be carefully labelled with their proper names. Botanical names to be added as far as possible.
- 3. In awarding premiums on plants in pots, special reference will be had to the beauty of the specimens, profusion of bloom, and evidence of superior cultivation.
- 4. Any deviation, more or less, from the exact quantities or numbers specified in the schedule will disqualify an exhibit.
- 5. Cards corresponding with the entries will be furnished the exhibitors on the morning of the opening day of the Exhibition. Exhibitors alone will be responsible for the placing of them and are requested to satisfy themselves that the cards correctly describe the objects exhibited. The Society cannot be responsible for any mistake arising from the non observance of this or any other rule.

- 6. Entries must be made in writing, on forms which will be supplied by the Secretary, and must contain the declaration of good faith required by Art. I., signed by the competitor; and in order to allocate the space required in each section, all entries must reach the Secretary, P. O., box 778, Montreal, on or before 14th August, 1897, after which date no entries will be received.
- 7. Members of the Horticultural Society will enter their exhibits free of charge. To non-members the following charges will be made, viz: over 10 entries, \$1.00; 10 entries and under 50 cents. Fees must, in 3'l cases, accompany the entries.
- 8. All articles to be exhibited for premiums must be in the building by noon on the day of the opening of the exhibition. One hour will be given thereafter for exhibitors to finish placing and ticketing their articles, at the close of which time they must be prepared to leave the building, in order that the Judges may make their awards. Exhibitors are requested to second the efforts of the Association in enforcing this rule by bringing their exhibits early.
- 9. The Judges shall have the discretionary power of withholding premiums, if, in their opinion, the articles exhibited do not merit them; and they will be particularly requested to keep this rule in mind.
- 10. Exhibitors are requested to bring for exhibition any new or rare fruits, flowers, plants, or other objects of particular interest for which no premium is offered in the prize list; and premiums will be awarded by the Judges if deemed worthy.
- The Judges shall not be competitors in any class for which they are to award premiums.
- 12. On recommendation of the Judges, or of a committee appointed by the Society, the Directors may award a diploma for exceptional excellence, if in their opinion it is deemed advisable.

- 16. The Society will not be responsible for damage done to plants or other exhibits during or after the Exhibition, but all reasonable care will be taken of them.
 - 17. No exhibitor will be allowed to compete for more than one prize in the same

- 20. Any person residing in the Island of Montreal may become a member of the Society on payment of an annual membership of Two Dollars, and any person residing in the Province of Quebec, outside the Island of Montreal may become a member on payment of One Dollar. THE JUVENILE MEMBERSHIP

Montreal Horticultural Society.

The Juvenile Members are again invited to participate in the forth-coming Exhibition, and each member will be furnished by the Society as heretofore with two plants, the better ONE of which is to be placed in competition:

Every Juvenile Member will be admitted to the whole Exhibition, on presenting his ticket of membership.

The Juvenile Members last year numbered over one thousand. The Executive of the Society will welcome a large accession to the membership this year, and every member should endeavor by assiduous care and intelligent treatment so to cultivate the plants given them, that, while only those which excel can receive first honors, every plant may merit a place in the Exhibition, and be creditable alike to the exhibitor and to the Exhibition.

PRIZES will as hitherto be awarded by the Society to the successful exhibitors, according to the number and degree of merit of the exhibits from each School.

MEMENTOES of their success will also be presented to the three Schools whose aggregate exhibits attain the highest degree of merit.

It is especially enjoined that the cultivation of the plants, and the shifting of them into larger pots as necessity arises, must be accomplished by the children's hands alone.
