WESTMINSTERS ORGANIST RECEIVES VARSITY DEGREE LAUDS CATHEDRAL CHOIR

Sir Frederick Bridge Gives a Most Interesting Lecture on History of Church Music, and is Agreeably Surprised at Excellence of Canadian Choralists.

The degree of doctor of music, honours causa, with all the rights and privileges appertaining thereto, was yesterday conferred upon Sir Frederick Bridge, organist of Westminster Abbey, by the University of Toronto. Convocation assembled for the purpose in Convocation Hall. Members of the various faculties of the university were present, and President Falconer presided.

A TRIBUTE.

Sir Frederick Bridge, organist of Westminster Abbey, thus complimented Canadian choralists at St. James' Cathedral last night:

"I am almost overwhelmed and touched by the manner in which the choir rendered the selections. I can only say that I rejoice that I have had this unique opportunity of hearing church music rendered in this noble cathedral in the manner in which it has been done this evening under the capable leadership of Dr. Ham. And I further rejoice in the fact that I will go home to England with the knowledge that a lamp is burning here in this cathedral which cannot fail to exercise a greater and more lasting influence upon church music in this city and country than any words of mine can possibly do."

FAIRBANKS FOR QUEBEC

Vice-President to Represent United States at Big Event.

WASHINGTON, May 1.—Vice-president Fairbanks will officially represent the United States at Quebec during the visit there of the Prince of Wales, July 22 to 23—on the occasion of the celebration of the 800th anniversary of the arrival of Champlain. This government also will be represented at the ceremonies by a man-of-war, which probably will be the new battleship, the USS Oregon, under command of Capt. Winslow.

AN ACTION ENTERED.

E. S. Hunt Proceeds Against W. O. Robins.
PORT ARTHUR, May 1.—(Special.)—E. S. Hunt has entered action against W. O. Robins of this place for \$5000 for slander. This is a result of evidence given by Robins in the liquor license investigation, in which Robins stated that instead of hunting having given the commissioners money that he, Hunt, kept \$500 which was alleged to have been put up by Rivers, an applicant for the license, as the result of an investigation at a meeting of Conservatives.

A DOUBLE BEREAVEMENT.

BRAMPTON, May 1.—(Special.)—Rev. William Walsh, rector of Christ Church here, learned of the sudden death of his brother, David, at Oroon, County of Durham, to-day. In 1902 he contested West Huron in the Conservative interests. He was about 60 years of age. Within a few minutes of the time he received this sad message, Mr. Walsh was informed of the death of Mr. Reid of St. George, who is Mrs. Walsh's brother-in-law.

LABOR READY TO FIGHT CUT IN WAGES

May Day Finds Union on Verge of War With Employers at Montreal—Bricklayers Are Out.

MONTREAL, May 1.—(Special.)—In spite of the denials of the builders and employers of labor generally the happenings of the first of May would seem to indicate that there is not a general strike amongst the different trades there will be no end of trouble before the end of another week. The bricklayers justified their threat to-day by leaving work to the number of 478, as they persist in their policy of not recognizing an open shop, and whether they permit a discrimination against certain of the craft, to whom the builders will only pay at the rate of 58c per hour.

Cotton Mills Trouble.

The chief centre, however, is in the cotton mills, where the trouble has broken out amongst the mule spinners. In fact, the statement is made that all the mule spinners in all the cotton mills in the Province of Quebec will be called out by the Textile Workers' Union on Monday, and as a consequence every cotton mill in the Province of Quebec will practically be tied up for the time being. The mule spinners who will leave work on Monday are the basis of all operations in a cotton factory, and the only sequel can be the closing of the factories throughout the province.

Quiet at Winnipeg.

WINNIPEG, May 1.—(Special.)—May Day passed off in a quiet fashion here, the parade of unemployed down Main-street to the city hall, variously estimated at 600 to 2000, being characterized by perfect orderliness. For all that, the unemployed situation here is getting serious and the all charitable organizations are doing their utmost, conditions are critical and likely to remain so until there is some evidence of resumption of activity in the building trade which at present appears as dead as in midwinter.

EARLY MORNING FIRE.

\$4500 Damage at West Adelaide St. Blaze—Two Firms Suffer.
Fire which broke out at 1 o'clock this morning in the premises of Jones & Moore, electrical supplies, on the ground floor of 296-300 West Adelaide-street, caused a loss of about \$4500. The building is of three storeys and the fire, which began in the ground floor, spread to the second floor, occupied by J. J. Lock & Co., manufacturing jewellers. The fire was extinguished by the first arrivals and the blaze was out in half an hour. The damage to the building is about \$500 and the two firms suffer about equally.

A GREAT GRAIN FLEET.

Forty-Three Vessels at Port Arthur and Fort William.
PORT ARTHUR, May 1.—(Special.)—Never in the history of the port has there been witnessed such a rush for grain as there has been in the past two days. At the head of the lakes to-day was a fleet of forty-three boats with a carrying capacity of four and one-half million bushels of wheat. It is believed that the close of Saturday over six million bushels will have been shipped from here. The elevators are lined with vessels waiting to get under the spouts.

ON THE ROAD

COMEDIAN CURRY (to himself) : If he hadn't been such a darn bad actor in Toronto, he might have hoped to escape the "hook" in the Provinces.

WOMAN CLERK IN STORE ASSAULTED

Man Abuses Clerk in Yonge Street Store and Escapes, Altho Great Crowds Were Passing on Street—Was Carefully Planned.

One of the boldest assaults in police records occurred in Wellwood's fruit store on Yonge-street, just below Queen, the busiest corner in the city, at 8 o'clock last night, with crowds of people passing up and down the street, and the perpetrator got safely away.

HON. ADAM BECK GETS LONDON NOMINATION

LONDON, Ont., May 1.—(Special.)—Hon. Adam Beck was to-night chosen Conservative candidate for London for the legislature. The threatened trouble did not develop. William Gray, who had previously announced that he would oppose Mr. Beck in the constituency, was present, but announced that he was not a candidate. The convention was most enthusiastic.

ATTEMPTS SUICIDE.

Alfred Roy, at 51, Takes Laudanum—May Recover.
Alfred Roy, a man of 51 years, who is said to have been drinking heavily of late, attempted suicide last evening by taking a dose of laudanum at 289 1-2 Church-street. Dr. Arthur Wright found the man unconscious and pretty far gone at 6 p.m. At midnight, however, the officials at St. Michael's held hopes for his recovery. He is married and has one small child.

HOUSING THE DOUKS.

Moved From Cars to Agricultural Grounds.
YORKTON, May 1.—(Special.)—The Doukhobors were moved from the cars to the agricultural grounds with very little trouble to-day. The provincial government have not yet sent instructions, except to the police.

WORLD'S MILITARY CONTEST.

In this week's issue of The Sunday World an announcement will be made of a competition which is to be opened by The World for the most efficient and popular military corps in Canada. This promises to be one of the most interesting contests of votes ever put on by a newspaper. The first coupons will appear in to-night's number. Be sure to get a copy containing full particulars.

A HOSPITAL BY AND FOR THE PEOPLE

Dr. Noble Outlines an Idea For Accommodating Patients Cheaply and Well.

"A people's hospital," is the suggestion of ex-Ald. Dr. John Noble, contained in a letter to the mayor and the board of control, in which he says: "The hospital accommodation in Toronto to-day is quite inadequate. The hospitals are crowded, and the charges are too high. "We have a large number of private hospitals, but they are only for the rich, as their charges are so high that even the middle class cannot afford the cost."

MR. PLUMMER DENIES STATEMENT OF MR. ROSS

Intimates That Mr. Mackenzie Didn't Suggest as Much as Was Reported.

"As an account of what took place in the conference, I should call the statement utterly misleading." J. H. Plummer, who made this statement last night, and just finished reading the report given by James Ross of the conference in relation to the settlement of the differences between the Dominion Steel Company and the Dominion Coal Company.

THE STUMBLING BLOCK.

Hitch as to Amount of Money to Be Recouped.
MONTREAL, May 1.—(Special.)—It is pretty well understood here that J. H. Plummer agreed to give Mr. Ross his extra 20c per ton for coal, but that the hitch was brought about on the question of the amount of money to be recouped by the Steel Co.

CHARGE UNFOUNDED.

W. A. Gallier, M.P., Makes an Emphatic Denial.
OTTAWA, May 1.—(Special.)—In reference to the item wired from Vancouver connecting W. A. Gallier, M. P., as co-respondent in a divorce case, that gentleman said to-night: "I have only to say that the matter has been in my lawyer's hands since October last, and there is absolutely no foundation for any charge against me."

HOUSING THE DOUKS.

Moved From Cars to Agricultural Grounds.
YORKTON, May 1.—(Special.)—The Doukhobors were moved from the cars to the agricultural grounds with very little trouble to-day. The provincial government have not yet sent instructions, except to the police.

TO ONTARIO'S CREDIT.

"Four hundred thousand pounds sterling. This is what the province has now to its credit in London, Eng., through the sale of treasury notes." Hon. Mr. Matheson received a cable to this effect yesterday, from the province's financial representatives there.

Baltimore 2 Toronto 1 Defeat After Twelve Innings Pitchers' Battle at Baltimore

NOTE AND COMMENT

So lacrosse players will be eligible for the Olympic games if they have competed against professionals but are still themselves amateurs. The rule, as set out by the Canadian Olympic secretary, Mr. Pereira, at Ottawa, which is as follows, speaks for itself.

Each being the case, the question of selecting the Olympic lacrosse team is being going to pave the way for trouble in Canadian athletic circles when the games are over. At the present time some of the N.L.L. players are not paid, and with them on the team, along with some C.I.A. men, who may possibly be O.H.A. players, what will the verdict be when the Wanderers return?

The Toronto ball team is fighting gamely, but again going down. Yesterday it was next to Montreal. The feature is the weak finishes of the champions. Baseball statisticians will tell you that all the errors invariably get on the hot team and stay there by single-run defects. However, it is too early in the season to make predictions. As the Eastern League champions have a better showing to date than Hughie Jennings' Detroit pennant winners.

Three subscribers ask: "When does the time expire for receipt of baseball coupons?" to which the answer is: "Any time before the opening game in Toronto for Nos. 1 and 3, and before May 25 for No. 2." However, where several candidates return the same guesses correctly the first received will secure the pass. The final coupon is provided in to-morrow's Sunday World.

The opening of the Louisville meeting next Tuesday will be marked by the inauguration of the Pari Mutual system of betting. Eleven machines will be operated under the direction of Gene Errod, a ring manager of experience. The association will receive 5 per cent. of the money wagered. The Kentucky Derby will be run over the famous Churchill Downs on opening day. The running of the classic will mark its thirty-fourth year and makes it a day of great historic interest.

Burns insists on Old Terms. LONDON, May 2.—Tommy Burns, the heavyweight champion, has offered to deposit \$500 with the National Sporting Club to cover several months' expenses. He announced Jack Johnson, the colored heavyweight pugilist, who arrived here last Monday, has set up there. Burns points out, however, that the National Sporting Club knows his terms, which remain unchanged. Burns insists that he must have \$50,000 as his share of the purse, but Johnson can't arrange the side bet to suit himself.

The fight between Burns and Bill Squires of Australia, which was scheduled to take place May 11 at the Stafford Athletic Grounds in Chelsea, has been cancelled, the club having failed to put up the money.

Toronto Chess Club. At the Toronto Chess Club last evening Mr. R. P. Glasgow of the Franklin Chess Club, Philadelphia, met all comers in simultaneous play at 12 boards, winning 5 games, losing 7 and drawing 1. He won from G. Derrington, K. R. O'Brien, Hunter, N. Charles and J. E. Gibson, lost to G. R. Johnston, W. H. Southwick, H. Fox, S. Shaw, H. Carter, J. S. Morris, W. Sims, drew with P. Beynon.

BETTER THAN MONEY IN THE BANK Your savings in the bank are working for you. In that interest is accumulating on the strength of your deposit. Your savings bank is in a sense an investment in profits for the bank, but not half so profitable as an investment in a Cleveland Cushman Frame Bicycle. It saves time, money, doctors' bills, car fare, shoe leather, and, above all, it saves worry.

Winning Run Scored by Squeeze Play—Buffalo Beat Providence in Only Other Eastern League Game.

BALTIMORE, May 1.—(Special).—In a game that went nearly three hours, and which was characterized by a brilliant pitchers' tussle between Mitchell and Doc Adkins, Baltimore defeated Toronto 2 to 1 in the twelfth inning by a beautiful squeeze play worked by Manager Dunn. The score was 2 to 1, and the result was in doubt until the last man took up his bat. The winning run scored on a sacrifice fly by Adkins. Despite the chilly weather both teams played excellent ball, brilliant plays keeping the excitement of the fans tense. Neither team made an error, and if the champions play the sparkling game they put up to-day the remaining games of the series will not be checked up for the locals unless they play even more brilliantly than they did to-day.

The Orioles started in as if they would outplay the visitors in the cold weather to warm up. Mitchell, however, regained his form and kept the Orioles down with a better showing to date than Hughie Jennings' Detroit pennant winners.

TOO MUCH GOLD LACE.

Criticism of the Demands of Militia... OTTAWA, May 1.—(Special.)—The public works for Ontario estimates were again before the house to-night.

Answering W. F. Maclean, Dr. Pugsley said there had been no request for the use of the Guelph Army for the Guelph Live Stock Fair.

Sir Frederick Borden announced that the policy of the department was to erect small armories for the use of rural battalions. For instance, in a village where one company was located, a building costing \$2500 would be erected, and where there were two companies a building costing \$4000. These would be provided in order of merit.

Dr. Sproule and G. W. Fowler objected to the erection of palatial armories in cities. Mr. Fowler declared that the new armories at Hamilton, costing \$300,000, was designed to cover the return of the Liberal member.

Items for the Belleville armory, Glencoe public building, Guelph armory and Hamilton drill hall were passed.

CONSERVATIVES GET PAPER.

Nelson Daily News Sold to Syndicate. NELSON, B. C., May 1.—(Special.)—The Daily News, the leading newspaper of Southern British Columbia, changes hands and politics, passing into the hands of a Conservative syndicate. It and the evening daily, run by Conservatives, will be merged. In announcing the sale to former Business Manager W. G. Morris, F. J. Deane states he was practically forced to sell for lack of capital to make needed improvements, although the paper is now on a paying basis. There will be no change in the staff. Fred C. Moffat, the news editor, assuming the duties of chief. It is a serious loss to the Liberals. It is reported that Rossland Miner will become the Liberal organ.

THREE JEWEL THEFTS BY DAYLIGHT ROBBER

Secures Several Thousand Dollars In Loot From Mrs. W. R. Riddell.

Three remarkably daring burglaries were committed between 4 and 6 o'clock on Thursday evening, but were not reported by the police until yesterday.

The victims are: Mrs. W. R. Riddell, 109 St. George-street, jewels to the value of from \$500 to \$3000.

Mrs. Geoffrey Clarkson, 1785 Brunswick-avenue, watches, rings, bracelets and jewelry to the value of about \$600 and a purse with \$35.

C. D. Warren, Walmer-road, a number of valuable old stamps.

On account of the absence of the operators and the time, all three operations are credited to one man, and that fellow a king-pin in the Raffles fraternity.

His "dash" followed an evidently well studied plan of campaign, for a stranger had been observed hanging round the Raffles residence for several days. His description is about as follows: Well dressed, about 5 feet 11 inches in height, dark, shallow combed hair, thin, black, heavy, black, checked tweed suit and grey gloves.

Operations probably began at the Clarkson residence on Brunswick-street, near Wells-street, about 4.30. From there it would be a block south and east to the Warren residence where Mrs. Warren saw him at 5 o'clock; and he was at the Riddell residence between 5 and 6, a distance of half a dozen blocks, south and east.

Mrs. Riddell, sitting at a window at the residence of her sister, Mrs. C. C. James, 144 St. George-street, across from her own home on Thursday, after 5 o'clock, noticed a man go to the front door of the residence, stand there a while as if waiting for an answer to his ring at the bell, and then go to the various windows. As a man was expected to measure for awnings his actions were not regarded with suspicion. In about twenty minutes he re-appeared and walked away without any sign of hurry.

Mrs. Riddell discovered the loss of her diamond necklace when she returned home. She enquired of the servants if the bell was out of order, and then enquired why the bell was not rung when the man had called. They said the bell had not been rung, and Mrs. Riddell sent the maid upstairs to see if all was right. The maid's hurried glance didn't detect the theft.

It is thought the thief entered the house by a rear door to the cellar, passing to a landing where the stairs to Mrs. Riddell's room, directly opposite the landing. Two maids in the house heard no one.

The stolen jewelry, which was not insured, includes a large diamond sunburst, with solitaire in the centre; large "R" of diamonds, bowknot of diamonds, great bracelet, watch chain with a string of real pearls, clasp set diamonds, bell of pearls, large oval set in diamonds and a diamond pendant. The thief clipped the diamond pendants, and from a bracket attached to a clothes cabinet he selected three diamonds and one of gold containing about \$10 in bills and change. Judge and Mrs. Riddell's gold watches were not taken.

At Mr. Clarkson's home the entrance was secured by the back door and the retreat was in the yard, where some trinkets were found on the grass. Mrs. Clarkson was in the house when she discovered her loss about 6 o'clock.

Mrs. Warren herself saw the thief coming from her home at 5 o'clock, but she did not call the police. She called for a doctor. The jewel box was taken, but the contents were removed some days ago. Mrs. Warren having been informed that all was not well called, discovered her loss on Thursday. This was about 5 o'clock and the police were on the spot 15 minutes later.

BATTLEFORD COLUMN.

Annual Banquet and Reunion—Sixty Comrades Present.

Battleford Column, Northwest Field Force, 1885, held its annual dinner at the Arlington Hotel last night and 60 of the old comrades-in-arms gathered to renew the memories of active service. Major T. A. E. World, the president of the association, was in the chair. With him at the head table were Lt.-Col. W. Wallace, hon. vice-president; W. W. S. Howard, secretary; T. Jardine, treasurer, and J. T. Hornbrook, president of the Veterans' Council.

When the toast to "The King" had been honored, Lt.-Col. Gunther proposed "Canada and the Empire," which was responded to by Lt.-Col. Galloway. Lt.-Col. Wallace proposed the toast to "The Column" and responses were made by Comrades Pearson, Heakes, Townshead, Creighton and Swift. The toast to "The Departed Comrades" was honored by J. T. Hornbrook, who responded for the guests and W. W. S. Howard for the press.

It had been intended to present a congratulatory address to Brigadier-General Olt, the honorary president of the association, but he was unable to be present. It was decided that an address should be presented to him by a committee the first time he is in the city.

Old, But Entertaining.

For a 72-year-old, George Bennett, 129 East King-street, has his nerve. He walked right into a store on Lombard-street yesterday and walked right out again with the cash box. One of the employes ran after him and the old man spent in No. 101 station last night. He has a record.

MEMORISING BOOKS ENGAGE THE MEMBERS

R. L. Borden Calls It a National Scandal—A. B. Aylesworth Disclaims Responsibility.

OTTAWA, May 1.—(Special.)—For a while this afternoon the house discussed the wandering and eccentric Doukhobors. The opposition attempted to fix the responsibility for the latest trick of the crazy colony, but Ministers Aylesworth and Oliver denied stoutly that this government was to blame for the Port William offence.

Mr. Aylesworth said he had acted just as he would have in the case of Canadians. Once pardoned, they were free to do as they pleased. There was no disposition to take these people out of the hands of the Province of Ontario and saddle them on Saskatchewan.

Mr. Borden observed that the Province of Ontario had a perfect right to fix the responsibility for these people. Suppose they were incarcerated in Saskatchewan and again released, would they be assisted in their wanderings in British Columbia? Mr. Borden commented on the bundling of the kind from place to place, and thought that the government put Mr. Oliver claimed the immigration department had no responsibility for the conduct of the people they bring in. In the past nine years the Doukhobor colony had been law-abiding and had given little trouble. They had gone, except during this last pilgrimage, and the people heard their songs and recited their prayers.

Mr. Oliver thought the trouble was brought about by the provincial authorities attempting to do as they pleased, and the responsibility of carrying out their own laws.

WESTMINSTER ORGANIST

Continued From Page 1.

"There let the pealing organ blow to the full-blown choir below." The anthem proper was descended from the motet, and was independent of the mass music, composed by the organist. The English composers had carried on the work well, and were more than equal to those of other branches of the great church. Sir Frederick was rejoiced to find in Canada that there was no narrowness of view, and that the organists do not belong to the same branch of the church he did. He remarked also that he found all the people moved by the music of the organ, and that the English themselves.

Tallis' anthem, "If Ye Love Me," was sung, and the organist explained that it was always sung on Maundy Thursday before the royal family.

Furcell, Orlando Gibbons, and others were mentioned, and the change from the broad-flowing stream of the contrapuntal diastonic style to sudden changes of mood by the organist. Dr. Croft was taken up, and the eighteenth century style of the organist was freely sung.

"Sir John Goss," O. Saviour of the World, was sung, and the organist mentioned the funeral in 1862, followed with perfect expression, and Dr. S. Wesley's hymn, "Whoever the Lord will, he will be the God and Father," with the seraphic close, "But the Word of the Lord endureth forever," was exquisitely rendered.

Stainer's "God So Loved the World" was beautifully sung, and Sir Frederick's hymn, "Whoever the Lord will, he will be the God and Father," with the seraphic close, "But the Word of the Lord endureth forever," was exquisitely rendered.

STEREOPTICON TO SHOW LAND SCANDALS OF WEST

H. B. Ames of Montreal Gives an Effective Address by Illustrating His Points.

OTTAWA, May 1.—(Special.)—For a while this afternoon the house discussed the wandering and eccentric Doukhobors. The opposition attempted to fix the responsibility for the latest trick of the crazy colony, but Ministers Aylesworth and Oliver denied stoutly that this government was to blame for the Port William offence.

Mr. Aylesworth said he had acted just as he would have in the case of Canadians. Once pardoned, they were free to do as they pleased. There was no disposition to take these people out of the hands of the Province of Ontario and saddle them on Saskatchewan.

Mr. Borden observed that the Province of Ontario had a perfect right to fix the responsibility for these people. Suppose they were incarcerated in Saskatchewan and again released, would they be assisted in their wanderings in British Columbia? Mr. Borden commented on the bundling of the kind from place to place, and thought that the government put Mr. Oliver claimed the immigration department had no responsibility for the conduct of the people they bring in. In the past nine years the Doukhobor colony had been law-abiding and had given little trouble. They had gone, except during this last pilgrimage, and the people heard their songs and recited their prayers.

Mr. Oliver thought the trouble was brought about by the provincial authorities attempting to do as they pleased, and the responsibility of carrying out their own laws.

"There let the pealing organ blow to the full-blown choir below." The anthem proper was descended from the motet, and was independent of the mass music, composed by the organist. The English composers had carried on the work well, and were more than equal to those of other branches of the great church. Sir Frederick was rejoiced to find in Canada that there was no narrowness of view, and that the organists do not belong to the same branch of the church he did. He remarked also that he found all the people moved by the music of the organ, and that the English themselves.

Tallis' anthem, "If Ye Love Me," was sung, and the organist explained that it was always sung on Maundy Thursday before the royal family.

Furcell, Orlando Gibbons, and others were mentioned, and the change from the broad-flowing stream of the contrapuntal diastonic style to sudden changes of mood by the organist. Dr. Croft was taken up, and the eighteenth century style of the organist was freely sung.

"Sir John Goss," O. Saviour of the World, was sung, and the organist mentioned the funeral in 1862, followed with perfect expression, and Dr. S. Wesley's hymn, "Whoever the Lord will, he will be the God and Father," with the seraphic close, "But the Word of the Lord endureth forever," was exquisitely rendered.

Stainer's "God So Loved the World" was beautifully sung, and Sir Frederick's hymn, "Whoever the Lord will, he will be the God and Father," with the seraphic close, "But the Word of the Lord endureth forever," was exquisitely rendered.

Not Ashamed of the Gospel of Christ

But Greatly Ashamed of the Perverted Gospel—Pastor Russell in England.

MANCHESTER, England, May 1.—Pastor C. T. Russell of Pittsburgh, U.S.A., preached here to a deeply interested audience of nearly four thousand people in our largest auditorium.

He rather scored the "new theology" recently brought into prominence here by the noted preacher of the London City Temple. He made clear that he sympathized with the adherents to the new theology to the extent of sharing their shame and repentance to the theology of the "dark ages" with its mill-

lenns in eternal torment at the hands of "freedom devils," but he denounced the new theology as merely another name for infidelity, an utter repudiation of the Bible. He claimed that the Bible had been vilified and misrepresented in the hands of its enemies, and of the wisest heads and best hearts into passive infidelity or into the more active form of the same known as higher criticism and new theology. He declared that the Bible should be studied free from the bias and coloring of sectarianism, and that this viewed no noble her or logical mind need be ashamed of it. He took his stand with that great reasoner and master and theologian, the Apostle Paul, and fully endorsed his statement which constituted the text of the afternoon, namely, "I am not ashamed of the Gospel of Christ." (Rom. 1, 16). Pastor Russell said:

Those who have studied the masterful writings of the Apostle Paul, constituting so large a portion of the New Testament, must surely have been impressed with the reasonableness and logic of his mental positions as therein stated. While it is true that not many understand the Bible at all, yet even those who do not grasp the full import of the apostle's words can see enough therein to convince them of his soundness of mind and the comparatively few, begotten of the Holy Spirit, who really understand the depth of his writings unambiguously accord his epistles the first place amongst the writings of the Bible as well as in general literature.

And we ask of all who recognize his ability at all and his sterling honesty of expression, is it possible to suppose that when the apostle wrote the words of our text he had in mind anything akin to the gross travesty upon justice and love which in the "dark ages" was made of the Gospel of Christ and has been handed down to us? Could we suppose that he had in mind a race not only born in sin and shaped in iniquity, but condemned by its Creator to an eternity of torture since the time of Adam's disobedience? Could we suppose that he had in mind for such a race a message that Christ had died, and that the net result of His sacrifice for sin and all of the results of that sacrifice would affect only about one in a thousand or one in ten thousand of earth's teeming millions—to open their eyes of understanding and to lead them from darkness to light, from sin to righteousness, from eternity to God, to loving kindness, and to everlasting heavenly glory?

And we ask of those who have read the "Gospel of Another Gospel." Even in the apostle's day he noted the tendency of the false teachers to in false doctrines, to put another gospel instead of the true one. He was not only ashamed of the false teachers, but he denounced them and exhorted the church to be on guard against the wiles of the adversary, telling us that he would attempt to present himself as an angel of light on purpose to deceive the followers of Christ. To what extent he has been successful in this respect, we are not sure. His ways higher than man's ways, and his wisdom higher than man's wisdom, especially within the last forty years, thinking people, and particularly ministers of the Gospel, have been perplexed and fretted in soul in respect to the creeds. Both heart and head told them that they were wrong; that such a plan, so far from being a heavenly one, is earthly, sensual, devilish, far beneath the standard of moral honesty and decency amongst men—not to speak of love for our neighbor as for ourselves, which should do for others as we would that they should do for us. This false gospel contradicts entirely the Lord's statement, that as the heavens are higher than the earth, so are His ways higher than man's ways, and His wisdom higher than man's wisdom. There are many of our fallen race, alas, who are very mean and moved by very wicked and malicious influences at times, but we have yet to find a man or woman so wretchedly degraded, so unjust, so un sympathetic, unloving, so fierce, so venomous, so deficient that he or she would purposely, knowingly, intentionally, bring into being a creature human in brute, and even those continual pleasure, torture after torture, in torturing those creatures, in witnessing their sufferings, their groans and their agonizing cries. What awful things have we done? By following Satan's delusion, fastid upon us during the "dark ages," we have, unwittingly, stupidly ascribed to the God of wisdom, justice, love and power a plan which in proportion as we really believe it standard, and makes Him more detestable to the eyes of our understanding than any of His crea-

tures in the universe. Alas! for such a slander on our heavenly Father, for such blasphemy of His holy name, we might well mourn in sackcloth and ashes for the remainder of our earthly life. But He is gracious unto us, not imputing our transgressions to us. He remembers that we are dust, fallen dust, and that as a race we have come largely under the deceptive influences of our adversary, who has blinded us with ignorance and superstition. It is nigh time that we all awake, that we learn to use our God-given reasoning faculties on religious matters, as well as upon the affairs of our natural lives.

We have a prominent illustration of this matter in the course of one of the brightest ministers in this great metropolitan area, waking from his troubled sleep he has discovered that the doctrine of eternal torment was but a nightmare, which he properly rejected, and of which he was glad to be rid. But in the excitement of the moment he has rejected the Bible and its many precious teachings as being part and parcel of his nightmare. He has leaped over the traces and become one of the shining lights of the so-called "new theology," which, so far as the Bible and its teachings are concerned, might more truthfully be termed the new infidelity. Alas, that a blinded man should be turned to another gospel! And the end is not yet; there are hundreds, yea, thousands, in this and in other lands, who wait for a leader, and who are now committing themselves in opposition to the Bible and its true message—the Gospel of Christ, of which the Apostle Paul was not ashamed. Moreover, as these men cry out thousands of stumbling Christians are awakened, and in their bewilderment they are as apt as not to follow the "new theology," this pseudo gospel, which is a part of the new infidelity.

"A Trumpet in Zion." Thank God, not all of His people are asleep, and not all of those who have awakened from the nocturnal hallucinations have followed the lead of the "new theology," searching for new light, with their faces toward nature and the west, and their backs toward God and His Word.

And we are aware that many will be inclined to say that the difference between those who hold to the Bible and those who reject the Bible are merely differences of opinion which are not vital as respects the Christian life or our relationship to God. We dispute this and call attention to the Scriptural presentation that our salvation must be recognized as of either faith or works. If it be of faith, there must be a vital point to the faith, something in particular that is necessary to be believed; but if it be of works, then of course faith is ignored and the heathen, without any faith in Christ and an unfounded faith in God, and His plan, would have the same opportunity of salvation by works as the Christian who has heard the gospel of the Son of God and the only name whereby we must be saved. (Acts 11, 12).

The Bible on this question has warned ever since the days of the apostle, but there is no question as to what was their stand. It is plainly declared that no man can be saved by works of the law, works of righteousness, and that our justification and salvation are through faith in the blood of Christ. If, then, the old theology of Jesus and the apostles shall stand, the teachers of the new theology are convicted out of their own mouths with being false apostles, false teachers, not Christian, not only in their tendencies leading away from the Word of God, but in all their theories denying salvation through faith, which is the only salvation the Bible proclaims to mankind this side of the Millennium, the only term on which any can be accepted of the Lord to the present high calling to membership in the "Little Flock," the Bible of Christ, the Very Elect.

Let the fight be squarely drawn and clearly seen. If the new theology is right the Bible is entirely wrong. If man's existence on earth began on a plane one remove from a monkey, and he has been gradually evolving to his present condition and position, and if he is to save himself by his own works without a redemption and without di-

vine interposition, then the Bible is wholly wrong, for it teaches the reverse of this in every particular. The Bible teaches that man was created in God's image, upright, and that he fell into sin and that, as the Apostle declares, the degradation of the heathen was because they were willing, not desirous of retaining God in their mind, and that God gave them over to the reprobat will and doing all things which have intensified the degradation of the race, some more and some less. The Gospel of which the Apostle was not ashamed represented that the penalty of all this sin and degradation is extinction; but that God in His mercy provided a Redeemer. It shows us that no member of the race could redeem it because each member himself was under the divine sentence, and that as the whole race suffered thru Adam's disobedience and sentence so likewise God could with equal justice permit no man to redeem the race, and that he should apply not only to Adam but to all of his race. This Gospel of which St. Paul was so glad to glory, he sets forth in Romans 5, 12, 9. He does not say that the penalty upon Adam was eternal torment, but that it was death. He does not say that our penalty is eternal torment, but death. He does not say that Christ went to eternal torment to pay our penalty, but that he died for our sins, and that he rose again from sin and from the death penalty which was upon all, and that, therefore, there is to be no condemnation to us, and that the penalty of the unjust, "Cross and Crown—Shame and Glory." The Gospel which the Apostle preached and of which he was not ashamed invited those who have the hearing ears to consecrate their lives that they might be of the elect of the present time would not end in bringing not only everlasting life in the future, but also glory, honor and immortality, a share with Christ in His Kingdom and in His glorious work. In view of this believers are urged to present their bodies living sacrifices, holy and acceptable to God thru Christ, and to suffer with Him now, but to share with Him in His Kingdom and honor and work of blessing upon the earth, and to be glorified with Him. RAILROADS SHOULD BUILD THEIR CHARTERED LINES

Mr. Knowles Brings Up Grievance of Settlers—Member From St. York Rallies to His Support.

OTTAWA, May 1.—(Special).—Mr. Knowles (West Assiniboia) brought up to-day the failure of the C.P.R. to construct branch lines for which they had received charters. He referred to the Alcega-Lacombe branch, a charter for which had been held for years. Two years ago the company built fourteen miles, but had not laid any steel since, and last summer fifty miles more were graded. From time to time the company announced that it would proceed with the line, and, relying upon the promises, settlers went into a district remote from transportation facilities. These settlers were hanging on by their teeth across the Saskatchewan. Railway there were many settlers from fifty to one hundred and fifty miles from any railroad.

Mr. Knowles had seen Mr. White of the C.P.R., who authorized him to say fifty miles more steel and grade at least seventy more miles, but nothing had been done. Last fall the company let the contract for seventy miles, but in the most cavalier fashion the C.P.R. had sent out the announcement that it had seen fit to cancel the contract.

"I have a strong opinion," said Mr. Knowles, "or do anything very severe such as this appeared to be. I think that the railway company should be censured for playing fast and loose with the settlers in that way."

Backed Up Man From West. W. F. Maclean backed up the western man. He said Mr. Knowles' eye had been directed to the fact that the railway committee of the house? The railway were always asking for additional legislation, and the attention of the committee, and of the house ought to be called to a breach of this kind, and he held further legislation or further concession from the government if there was a breach of contract on their part before this house should be introduced. It might be that there are financial reasons why the company could not construct the railway, but he did know that large sums of money in the English market within the last few months had been secured by the C.P.R. proceeded the member for South York, "that these railways, which constantly appear before this house, and the railway committee for additional privileges, should be told, and told perhaps by the government, that no further concessions in the way of franchises should be given them until they make a reasonable effort to complete the line in the way of the charter. Certainly to build the roads they have given a pledge to build. If that was done, some kind of contract, or some other kind of contract, they would be compelled to keep bargains made with the people. The railways always talk of their rights, but they do not know their rights, and when the railways give a pledge to build, they are bound to build. If out. The only excuse I can imagine for not building this railway, which will accommodate so many people, is that the condition of the money market."

Mr. Maclean thought Mr. Knowles and his friends should go to the matter of railways and insist on his using his influence with the C.P.R. and the government as a whole to compel the company to complete its obligations.

JAPAN IS FEELING PINCH OF THE CHINESE BOYCOTT. Is Seeking Support of Great Britain With Hope of Ending Acute Situation. PEKING, May 1.—It was understood here to-day by Chinese officials that the purpose of the Washington authorities in dividing the American battleship fleet into two squadrons is to enable the vessels to visit Japan and China simultaneously and the disappointment in a measure has been lessened. An impression prevails among the Chinese that what they call the definite purposes of the fleet's presence in Asiatic waters has been follo by an attempt to neutralize the political interpretations that have been given to the fleet's movements in the far east, particularly at this time when China's difficulties are increasing. Japan is feeling a serious situation as a result of the boycott arising from the Tatsu Maru incident. This was the steamship that was seized by the Chinese authorities last February on the ground that she was carrying arms and ammunition to Chinese revolutionists. Japan forced China to give up the ship and salute the Japanese flag, and this crystallized the "feeling" against Japan in China and resulted in a boycott of Japanese goods. Admiral Ijima of the Japanese navy, whose cruiser squadron is now anchored off Taku, was received in audience by the emperor and empress d'water to-day. Coincident with this occurrence Japan is seeking the support of Great Britain to put a stop to the boycott. It is increasing, and Japan is not satisfied with Chinese efforts to put a stop to it. China, by means of a campaign in the foreign and native press, is making an intelligent and consistent effort to bring western influence to bear on Japan, but Japan, it is said here, regards this course as hostile and connects it with western influence to the American championing of China's independence, and the action of Englishmen in the far east against the Anglo-Japanese alliance.

TO LOOK STOMACH OVER. New Method of Observing Work of the Organ. MUNICH, May 1.—The problem of direct observation of the interior of the human stomach during life has been solved by Dr. Rihl, according to a medical weekly. The method which is employed includes the passing of a double tube thru the oesophagus to the stomach, the inner tube being fitted with a small electric bulb. Water is passed by means of a subsidiary attachment thru the outer tube filling the stomach. The light is then turned on, permitting, the medical paper says, the closest observation of the movements of the organ.

What the Theatres Offer

Following the final preliminary rehearsals on Saturday, the organization engaged for the season of English musical comedies at the Royal Alexandra will leave New York for Toronto on the New York Central Saturday night, arriving some time Sunday morning. Three special cars are required to transport the chorus, principals and effects for the opening on May 11.

The first opera will be "San Toy," which enjoyed a season's run at Daly's Theatre, New York. Coincident with the production of the English musical comedies in Toronto, the cast of principals includes most of the players who have been identified with the original companies of Daly's Theatre, prominent among whom are Elgie Bowen, Helen Mostyn, Laura Butler, Harry Girard, Clarence Harvey, William Romaine and George LeSole.

The assembling of this company has been most favorably commented upon in theatrical circles as representing quite the most pretentious and evenly-balanced coterie of lyric players which has ever been presented in a summer season, and which easily emphasizes the liberality of the Royal Alexandra management in providing the best of material for the entertainment of its patrons.

Following "San Toy," the repertoire will comprise all of the successes produced at Daly's theatres, London and New York, in recent years, each one of which will be enhanced by an adequate production comprising complete electrical equipment and the same elaborate scenic environment which signified their success in England and America.

The company numbers sixty people, all of whom have been drafted from the principal first-class musical organizations which have recently closed their seasons.

Dundreary Coming.

It seemed as if the same Dundreary craze which swept over New York fifty years ago had resumed its sway, judging from the laughter and applause with which all the good jokes were greeted at every performance of Mr.

MR. E. H. SOTHERN
Coming in Lord Dundreary.

Sothern in his father's old character. Prominent members of Mr. Sothern's company this season are: Rowland Buckstone, Sidney Mather, Frank Belcher, Malcolm Bradley, John L. Hina, Albert Howson, William Harris, John Taylor, Virginia Hammond, Gladys Hannah, professional standing, George Kathryn Wilson. They will be seen at the Princess in "Lord Dundreary" the week of May 11.

Great Play at Princess.

George Broadhurst's play, "The Man of the Hour," has more entertaining quality to it, inasmuch as it is a well-planned demonstration of what actually occurs in American politics. Of course, "The Man of the Hour" is dramatized action, but George Broadhurst obviously constructed his play to make it harmonize as nearly as possible with actual events of the times as they occur in franchise fights in our American cities, some of which are in the clutches of organized greed.

This play demonstrates how some professional politicians pose as being friends of the people; how they plan the election of men whom they hope to use to further their own desires after election, and how the "boss" schemes to make public office a pri-

vate snap for unscrupulous individuals and organizations by abuse or bribery. In this play, "The Man of the Hour" is a young man, honest, sincere, determined to adhere to principle, whatever the result may be. Great losses confront him. His family honor is threatened. His sweetheart spurns him, and all the world seems to turn against him at the critical moment, when he is prepared to veto a franchise which the "bosses" and a corrupt corporation had drawn up to rob the people of their rights and to reap rich profits for themselves.

"The Man of the Hour"—mayor of the city—follows his mother's advice to let honesty guide him whether life or death result. Then comes the grand climax. The grafters are trapped. Their cunning schemes are exposed; their rottenness is revealed. They find themselves thwarted and outwitted by the honest mayor of the city. His sweetheart sees the truth and returns to him. The play will open at the Princess Theatre on Monday evening, when he is prepared to veto a franchise which the "bosses" and a corrupt corporation had drawn up to rob the people of their rights and to reap rich profits for themselves.

"The Little Trooper" at Grand.

It would be a difficult matter to decide which contributed most to the indisputable success achieved by "The Little Trooper." To ignore some of the highest stage settings ever seen here, to overlook the really stunning aggregation of show girls and choruses, and to say nothing of the cast and the

rich, harmonious costuming, the color blending, and indeed the entire stage picture, would certainly be an injustice. "The Little Trooper" will be seen at the Grand next week. Referring to the production, The New York Times said: "It is evident that the sponsors for 'The Little Trooper' were familiar with the best comic opera requirements, for they have combined in this attraction all the essentials. We have yet to see a handsomer chorus, or a more musical one, more attractive stage settings, a more harmonious color scheme in costuming or a better cast."

"Three Little Maids."

The first performance of the Toronto Press Club's revival of "Three Little Maids," the English musical play, will be given at the Royal Alexandra Theatre on Thursday evening next. Judging by a private view at rehearsals, the principals, chorus and orchestra will challenge comparison with the original Broadway organization which appeared in Toronto four years ago. The company comprises several English players of high professional standing, George Williams, tenor, was formerly with the D'Oyly Carte Opera Company, in England and South Africa; Miss Lily Lorrain, Miss Nellie May Stewart and Miss Besse Hunter, will be the "three little maids," and the cast, numbering fifty people, will include Miss Brenda Spence, H. E. Hitchman, Miss Bertha Hewson, J. C. Craig, Miss Jeannette Glass, Miss Edna McAlmish, Miss Maude Dunstan and Miss Laura Hughes. The orchestra of the Royal Alexandra Theatre will be augmented to double its usual strength, and will be conducted by Dr. Fred Nicolai. The three acts, showing, respectively, the golf links at Market Malory, a fashionable Bond Street tea-shop, and Lady St. Malory's ballroom, will be superbly mounted. The production is under vice-regal patronage, and a distinguished audience will be in attendance at the first performance. The annual souvenir program, containing stories, verses and cartoons by members of the Press Club, will be distributed free at each performance.

"The Boy Detective" at Majestic.

Harry Clay Blaney, the clever little comedian who is a favorite in the popular-price houses, will be seen in a new and exciting play, "The Boy Detective," at the Majestic next week. In this new play, Blaney has had more ear for his work with a vim and dash, satisfying his auditors with a most refreshing bit of dramatic comedy play. It is produced on a magnificent scale, and presented by a capable company. It is, from a numerical and ability standpoint, undoubtedly the strongest company which has ever appeared in a popular-price theatre. The play, "The Boy Detective," is filled with love, romance and adventure, intermingled with clean, catchy comedy and pleasing specialties, thus alleviating the dullness and casting them into oblivion. During the week a matinee will be given every day.

Old Time Minstrels.

Two nights of amateur minstrelsy of the highest order is promised by the Toronto Rowing Club in the Royal Alexandra Theatre on Monday and Tuesday next. The organization of 100 performers in a black-face show is perfect now, and all that is needed to make the venture an unqualified success is a crowded house at each performance, and the friends of the club are assisting to bring about this happy condition. Tickets can be had from the members and exchanged at the theatre for reserved seats. The plan is now open at the box office of the theatre.

Vaudeville at Shea's.

The headline act for next week at Shea's is Joe Hart's "Crickets," the best girl act in vaudeville this season, a fantasy with novel scenic and electrical effects, and presented by a capable company, including a number of dainty girls with fine voices. Miss Katherine Bunn is the prima donna soprano. She has a delightful personality and presents a number of tuneful songs, assisted by a well-trained chorus. W. N. Cripps, the tenor of the organization, is a former Buffalonian, who has met with success on the vaudeville stage. The "Crickets" are seen in a ballet of Geisha Land, and afterwards, intermingled with the battleship Maine. The act is elaborately staged with gorgeous scenery and sensational electrical effects.

"Motoring" is on the bill for the week. There is another promise that is always made good. "Motoring" is the name of the act which was first seen, two seasons ago, and everybody who owns, runs or rides in an auto howls with delight at the mishaps pictured in this act.

Cartnell and Harris have not been seen in Toronto for a long time, and they have a comedy singing and dancing skit.

The Dillon Brothers have written many of the popular songs of the past two or three seasons, and will sing a whole bucket of new ones.

Madame Reed's Recital.

Madame Le Grand Reed has arranged the following program for her recital at Conservatory of Music Hall on Wednesday evening, May 6:

- (a) "Les Regrets" (from "Le Tasse")
- (b) "Love's Springtime" (Hammond)
- (c) "Eber et Moi" (Beach)
- (d) "Ah Qui Bruit d'Armoire" (Tchakowsky)
- (e) "Love Has Wings" (Rodgers)
- (f) "Retreat" (LaForge)
- (g) "Like a Rosebud" (LaForge)
- (h) "The Butterfly" (LaForge)
- (i) "Walker's Prize Song" (from "The Medallions")
- (j) "Alr de Salome" (from "Herodiade")
- (k) "Retreat" (Massenet)
- (l) "Ah, Love, But a Day" (Farjeon)
- (m) "One Rose" (Wagner)
- (n) "I Should Come a-Loving" (Wagner)
- (o) "A Spring Song" (Gerard Barton)
- (p) "Cello-Spanish Dance, 'Vito'" (Popper)
- (q) "Well" (old French cradle song)
- (r) "The Niece" (Bemberg)
- (s) "Love Song (Stanzas), cello obbligato, by request of the pianist.

The plan opens this morning at Nordheim's.

At the Star.

At the Star Theatre, commencing next Monday matinee, one of the brightest spectacles in the western world, namely, "The Moonlight Maids" Company, will open a week's engagement. It is the first appearance of this organization in this city during the present season, and from the press reports that we have seen from surrounding towns, it should be one of our best.

The olio are Brown and Bragg, singing and talking comedians; Tanser and Gilbert, America's greatest versatile sketch artists; Mile. Bartellet, French chansonnier; the "Three Madcaps," a quartet of singers, dancers and musical comedians; and All and Peyer, the world's famous acrobatic comedians.

Caruso on Monday.

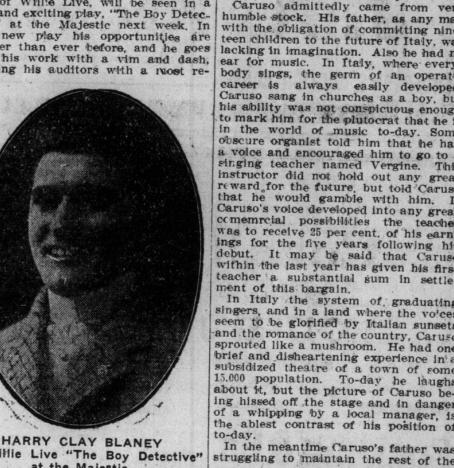

Caruso admitted to come from very humble stock. His father, as any man with the obligation of committing nineteen children to the future of Italy, was lacking in imagination. Also he had no ear for music. In Italy, where everybody sings, the germ of an operatic talent is always developed. Some Caruso sang in churches as a boy, but his ability was not conspicuous enough to mark him for the platform that he is in the world of music to-day. Some obscure organist told him that he had a voice and encouraged him to go to a singing teacher named Almo. This instructor did not hold out any great reward for the future, but told Caruso that for the five years following his debut, if he would sing in Almo's hall, he would receive 25 per cent of his earnings. Caruso accepted the offer, and in the last year he has given his first teacher a substantial sum in settlement of this bargain.

In Italy the system of graduating singers, and in a land where the voices seem to be glorified by Italian sunsets and the romance of the country, Caruso sprouted like a mushroom. He had one brief and sobering experience in the subsidized theatre of a town of some 15,000 population. To-day he laughs about it, but the picture of Caruso being whipped by a local manager, is the ablest contrast of his position to-day.

In the meantime Caruso's father was struggling to maintain the rest of the

nineteen. The tenor previous to his being a singer had developed an earning capacity of 40c a day in a factory which turned out chemical products. Forty cents a day would not enable a man to lead a double life in any country, but was a very considerable contribution to the pot that was kept boiling for the Caruso family-nineteen. Old man Caruso was heard to say in the early days of his career, "The public is paying a lire to hear my son sing."

Caruso lives handomely, scatters his money with the prodigality of a spendthrift, but does not go in for display. He relies for companionship entirely upon a handful of good fellows in New York, and where he declines the fee of some thousands to sing for the very rich he will get up after dinner and thrill a small company with his favorite aria. Intensely proud of the devotion of his countrymen, Caruso is seldom known to accept any formality in the way of demonstration.

The concert at Massey Hall on Monday evening will attract the most brilliant audience seen in many years.

At the Gayety.

At the Gayety Theatre next week, the famous beauty show, Bob Manchester's Crackerjacks, will make its annual visit here. There are thirty-five in the company this season, with twenty-four pretty girls, all in one grand ensemble of song, dance, gait and pose. The most beautiful costumes seen in any company are worn. The pick comedians are introduced, and most prominent is the king of all eccentricity, Bob Van Ooten. He is assisted by such well-known people as Varden, Perry and Wilber, who introduce the latest and best bits of New York. The opening burlesque, a comedy mélange of Stravinsky, is brought out to satirize that famous resort, with its concourse of society, as it was, and as it is, in all its pomp and splendor, and introduces the model Venus queen, Miss Ruby Leon, and Lilly Vedder, a little lady full of ginger and get-up. The olio introduces Varden, Perry and Wilber, three great singers, dancers and musicians; the well-known sketch team, the Madings; the spectacular specialty extravaganza, "The Birth of Uncle Sam"; the Millard Brothers, riders of the wheel, and the Three Madcaps, a trio of acrobats. The show concludes with a great burlesque, "Nature in Marble Hall," a splendid but a real burlesque, having a plot, something seldom found in comedies of this kind, and introducing the Millard Brothers, riders of the wheel, and the Three Madcaps, a trio of acrobats. The Caruso Seats.

There are a number of the best located seats left for Caruso, although the rush for the lower priced seats has been so great that some of the sections are entirely sold. It goes without saying that there will be a tremendous audience and one of the most brilliant characters. The box office will be open to-day from 9 to 5 p.m. On Monday evening there will be 300 rush seats at \$1.50, which will be placed on sale at 7:15 p.m.

ONE TEACHER, NINE PUPILS.

Trustees Are Astounded at the Smallness of the Class.

Trustees Davis and Chairman Lawson of the property committee waxed of wrath yesterday over finding a big, able-bodied man teaching a senior fifth class at Ryerson school with only nine pupils. The teacher in question draws \$1100 a year. He stated to the visiting committee that the average attendance was 18, and that 19 pupils were registered. There are a couple of junior fifth classes of 23 each in Ryerson, and the committee wanted to know why this small class could not be absorbed and a teacher saved.

George Newman, who fell from the second floor of Bolton-avenue school while cleaning windows, necessitating his being in the General Hospital for a week, appeared before the property committee of the education board for some compensation.

The question of erecting a school in the vicinity of St. Clair-avenue and Avenue-road to relieve the overcrowding of Conington-street school, was allowed to stand till next week.

"SPRING FEVER"

The need of a spring medicine seems to be universal. This is due to the fact that during the winter the blood becomes impure on account of the hearty food eaten. This causes that tired, weary, all-gone, don't-care-to-work feeling which is so prevalent at this time of year.

BURDOCK BLOOD BITTERS

That Tired Feeling. Uses It Every Spring.

Mr. F. H. Leard, Saskatoon, Sask., writes: "I have used Burdock Blood Bitters as a blood purifier and think it an excellent remedy. Everyone should take it in the spring to cure that tired feeling that comes to so many at this time of the year."

Mr. H. Langley, Hamilton, Ont., writes: "I have used Burdock Blood Bitters as a spring tonic, and I find it the best thing I ever take. It builds me right up and I use it every spring. It is excellent for the blood."

"SPRING MEDICINE"

FREE TO MEN

Until Robust Health, Strength and Vigor is Regained.

Perfect Manhood. The man of courage, of strong heart, iron nerves, good health, self-confidence and undaunted energy. The embodiment of success, popular in esteem by all. Such is the manly man.

For forty years I have been making strong, vigorous men out of the puniest weaklings. A man who is nervous, nervous, nervous, with Drains, Losses, Impotency, Varicocele, Rheumatism, Lame Back, Kidney or Stomach Troubles, give me my world-famous Dr. Sander's Electric Belt, with supplementary abdominal support, and you will be absolutely free, to use for two months. Mind you, not one penny in advance or on deposit. A few nights' use convinces him that he has found the right remedy. It fills him with new life, joy, vigor and strength, and at the end of the time he is only too glad to pay me for the Belt and to recommend it to his friends.

This is the way I cure men. This is the way thousands every year regain their lost strength, without the slightest risk to themselves. If I fail it costs you nothing whatever. You pay me only when cured, and in many cases the cost is only \$5.00. or, if you want to pay cash, full wholesale discount.

My great success has brought forth millions of grateful testimonials, and my great knowledge, gained by forty years' experience, to guide and advise my patients, is my pride and is given freely with my Belt. Be sure you get the genuine. Call to-day and take a Belt along which I send free, sealed, by mail, upon receipt of my two books on Electricity and its medical uses.

World Office, Friday Evening, May 1. The Toronto stock exchange reopened into almost absolute stagnation to-day. There was very little public buying or selling and certainly no trading for the fraternity in close contact with the market. The news developed during the day sufficient to swing any business into the exchange. Rumors and gossip in connection with the Steel-Coal conference fell entirely flat, and few are now willing to spend time to listen to stories in connection with these properties. The public was entirely apathetic in regard to the whole market, and brokers reported very few orders in hand at resting prices. The narrowness of the market left the entire day in the hands of the big holders, and fractional losses as indicated by the sales were given entire confidence in consequence. The market for realizing in the majority of cases is quite responsible, but it is difficult to fill orders for stocks without advancing prices.

Atchison road reports condition of that seven to eight points better than a week ago.

Reported movements of currency this week: \$4,000,000 in cash held by the banks and \$4,616,900.

City of New York will, within the next few days, sell \$40,000,000 six months' revenue bonds bearing interest at rate of 3-7/8 per cent.

Purchases for turns on heaviness to-day should be moderately profitable. Amalgamated efforts to hold B.R.T. the reactionary tendency may be expected. Support is chiefly of the scale character as yet. The market continues in a trading range at the advanced level.—Financial News.

Joseph says: Crop prospects are unusually fine, a condition that will help general business. Pacific shares, especially Southern Pacific and Union Pacific, may be conservatively bought. Harriman factions insist that the regular dividend rates will be maintained. Pennsylvania on a 6 per cent. basis sold nearly 60 points above its present price. Specialties—Average Amalgamated efforts to hold B.R.T. BUY ILLINOIS CENTRAL CONSERVATIVELY.

PHILADELPHIA, May 1.—The directors of the Pennsylvania Railroad Company to-day declared a semi-annual dividend of 3 per cent., which is a reduction of one half of one per cent. from the last semi-annual dividend and places the stock on a six per cent. basis.

Town Topics: The bulls seem to be getting many more stocks thrown at them than they can take, and the outlook is for lower prices before the close to-day. Sales of leading active issues should be made on bulges this morning or early in the afternoon. We have no doubt the list will sell much below present levels in view of unsatisfactory business conditions. Those who stated so loudly weeks ago that the turn in business had come and that the way was paved for an early return of normal prosperity, have had their enthusiasm chilled by the idle car statement. The long slide of stocks is still dangerous in view of the probability that the Union Pacific financing will not receive so favorable a response as that accorded the Pennsylvania offering.

Olivine New Issue.—The allotment of Olivine Fire Mills common stock issue to preferred shareholders was announced yesterday on the following terms: Holders of thirty shares and under have privilege of securing one share of common for each share of preferred stock; holders of over thirty shares, one share for each two shares. Payments, 10 per cent. on application, 20 per cent. on allotment, 70 per cent. 30 days after allotment. New stock

BABE DIED FROM NATURAL CAUSES.
 The police yesterday located the young woman who left the babe at an Adelaide-street house, where it died.

She claims she had arranged for the boarding house keeper to take care of the infant, which she herself was unable to do. As the babe died from natural causes, Coroner Crawford accepted the young mother's promise to appear at the inquest on Wednesday.

Hotel Licenses Renewed.
 KINGSTON, May 1.—(Special.)—Two applications for hotel licenses were refused by the commissioners. Licenses for 28 taverns and seven shops, the same as last year, were granted.

Mugshot Make Threats.
 Samuel Lightman was in court yesterday charged with intimidating Henry Friedman by threats of violence if he sold the World. The case was remanded a week, the magistrate impressing upon him the fact that immediate arrest and severe punishment would follow any practice of the sort committed in the meantime.

England's First Skyscraper.
 LIVERPOOL, May 1.—The corporation has authorized the construction of an office building 300 feet high, opposite the Princess Langing stage on the bank of the Mersey. It will be the first skyscraper ever built in England.

DULNESS DOES NOT INDICATE WEAKNESS.

World Office, Friday Evening, May 1.
 Excessively dull and decidedly uninteresting, the Toronto market showed no new feature in to-day's operations. Such transactions as were made showed a small shading prices from previous quotations. This was perhaps due to a little outside realizing from those who had become tired of the stagnant speculative situation. The only apparently firm issue was Twin City, which sold equal to 87 3/4, cum dividend, and but few of the shares are offering around to-day's prices. The dulness of the market cannot be taken as indicative of weakness; in fact, the action of some securities would lead to the reverse impression.

 Pig-iron—Steady. Copper—Weak. Lake, \$12.50 to \$12.75. Lead—Firm. Tin—Easy. Strain, \$21.00 to \$21.25, spot quiet.

Transactions in Leaf.
 Are the Heaviest in the Market and Price Closest at the Top.

The largest transactions in any issue on the mining exchange yesterday were in Silver Leaf, the price of which advanced 1 1/2 points above yesterday. The bid for the stock at the close was 13-1/2, but heavy buying of the shares was made above that figure after the close of the market. Street talk is that the shares will see 25 inside of a week and that much higher prices are warranted by the valuable discoveries recently made on the property.

Dun's Trade Review.
 MONTREAL—Navigation is open to the sea, and ocean liners are now arriving, while the first departure will be on the 2nd. The Canada have also opened, and there is consequently some little spirit in getting off new spring supplies to river and lake points, principally in groceries and heavy goods. Moderate business is reported in pig iron at about \$20.00 for No. 2 selected. Summerize, a cargo of No. 3 English iron is among the first arrivals, and is being contemplated. The considerable competition among makers of domestic iron, the general quotation being about \$18. A fair number of portable gas furnaces are reported but the aggregate output is slight, and in other lines business still moves slowly. Collections leave a good deal to be desired. Several of the new cranes continue shut down, or working on reduced time, and it is commonly reported that a cut in wages is being worked out in the market for new cranes has opened at about 10 per cent. It is anticipated the make high price of putter, and also to the fact a large quantity of stock was killed off last fall and winter owing to the scarcity of fodder. Call money is generally quoted at 1/2 per cent. from a strict list of private funds have been quoted at 5 per cent.

Samuel Lightman was in court yesterday charged with intimidating Henry Friedman by threats of violence if he sold the World. The case was remanded a week, the magistrate impressing upon him the fact that immediate arrest and severe punishment would follow any practice of the sort committed in the meantime.

BOMB FIEND BUSY.
Diabolical Attempt to Blow Up Club House.
CINCINNATI, May 1.—A diabolical attempt was made to destroy the palatial quarters of the fashionable Phoenix Club at Ninth and Race streets, by placing in the main entrance an infernal machine, so constructed that it would explode at the time the door was opened.
The bomb was fired, but beyond the permanent maiming of one man, no great damage was done.
Their House Blown to Atoms.
WARDNER, Idaho, May 1.—From their home, blown to atoms by dynamite, E. A. Carlson and wife have reached Kingston, eight miles below Wardner. The Carlsons had just completed a large house on their ranch on the North Fork River.
It is said some firms in the woods near by have been making threats against the settlers.

LEOPARDS TOOK REVENGE.
Leaped at Boy Who Tossed Them in Baltimore Zoo.
BALTIMORE, May 1.—During the performance at the zoo two leopards jumped the barrier, landing among the audience. Louis Tong, a boy, was badly clawed about the face and neck and probably a serious stampede was averted by the prompt action of a policeman in closing the exit door and allowing only one or two of the terrified people to descend the stairs at a time.
A Society Raffles.
SAN FRANCISCO, May 1.—Dr. W. W. Gohlet, graduate of Columbia College and traveler, who was married to a young society woman of Oakland four months ago, is in the Berkeley City Prison, charged with burglary of eight residences and apartment house in Oakland and Berkeley.

Guilty of Quadruple Murder.
CANON CITY, Colo., May 1.—Anton Bavaria, alias Borno, was last night found guilty of the quadruple murder of Mrs. Frank Primetto, Fricola Bufetti, Dominic and Joe Minichello, the jury recommending that the defendant be sentenced to life imprisonment in the penitentiary at hard labor.
Jumped From Brooklyn Bridge.
NEW YORK, May 1.—Manthros Candiano, a native of Greece, jumped from the Brooklyn Bridge into the East River to-day. He was picked up by a tug and sent to a hospital, apparently not seriously injured.

Through Sleeper to New York.
The Grand Trunk Railway System's train which leaves Toronto daily at 8:30 p.m., has thru Pullman sleeper to New York and fast parlor car to Buffalo. Secure tickets and make reservations at city office, northwest corner King and Yonge streets.
Old Token Sold.
LONDON, May 1.—A ten-dollar token, issued by the Cincinnati Mining Company in 1849, was sold at auction at Sotemy's to-day and purchased for America for \$2175. There is only one other similar token extant.

RAPID ADVANCE MADE IN WHEAT AT CHICAGO
May Option Rises Over Five Cents From the Opening Price—Liverpool Prices Steady.

Winnipeg car lots to-day: Wheat, 15; corn, 6; oats, 3. Corn, 27; oats, 12.
Northwest cars to-day, 15; week ago, 15; year ago, 43.
Argentine shipments: Wheat, this week, 3,740,000; last week, 3,084,000; last year, 3,455,000; since Jan. 1, 86,370,000; 1907, 8,078,000; last year, 8,170,000; since May 1, 49,373,000; 1907, 56,153,000; 1906, 51,120,000; last year, 50,000.
Modern Miller says: Our correspondent reports wheat shipments excellent. Most of them report an improvement during April. The best conditions are in Missouri, Indiana, Nebraska, Kansas and the southeast. Deterioration is reported in Illinois, Oklahoma and Texas, due to frequent and excessive rains. Crops on bottom lands suffered most. In Southern Kansas and Northern Oklahoma, wheat is reported to be short, and many fields have been plowed up. Little loss in acreage since the crop was seeded in March, except in Texas, where floods caused considerable damage, and in the fly-infested sections of Kansas.

IRISH SUPPORT CHURCHILL.
President of Board of Trade Arrives at Dundee.
DUNDEE, May 1.—Winston Spencer Churchill, president of the board of trade, whose recent failure to be returned to parliament from the north-west division of Manchester has forced him to seek a "safe" seat, arrived here this morning to contest the vacancy caused by the elevation to the peerage of Edmund Robertson.
F. Scrymgeour, of the United Irish League, is urging the Irish voters to give their complete support to Mr. Churchill on the ground that Premier Asquith has adopted Mr. Churchill's pledges at Manchester regarding home rule for Ireland as representing the policy of the government.
Gathering of the Clans.
West of England folk are joining together in holding a grand banquet at the Temple Building on Friday, May 8. Dishes to their taste will include the real Devonshire cream and apple pie, etc. The object of this gathering of the west country folk is to emulate the zeal of their forefathers who so nobly defended their king and country, to inspire their offspring in this new country to be true to the heritage left them in building up a true British nation.

MEN'S HAT DAY

Saturday is the big occasion for men's hats in our store. We set it aside and every week there is something new both from New York and London.

We received yesterday twenty cases of imported hats—mostly silk hats and Derby hats. One portion being the celebrated Henry Heath Derby from London, England, which is considered by wealthy New Yorkers the ultra stylish sky piece of the day. We are Heath's sole Canadian Agents.

Derby Hats . . . \$2 to \$5
Alpine Hats . . . \$2 to \$6
Silk hats . . . \$5 to \$8

Our store will be open until 10 o'clock to-night.

RICHMOND HILL.

Seeding is going on slow, but where Sown Shows Good Growth.

RICHMOND HILL, May 1.—On Sunday evening, Rev. A. P. Brice will preach at Headford at 7 p.m. and Rev. Mr. Toye at Victoria Square at the same hour.

The fire brigade will hold their first practice on Monday evening at 7.30 o'clock.

Miss McGuffin of Toronto will address the Women's Missionary Society of Victoria Square on Sunday, May 10, afternoon and evening.

The high school concert netted the handsome sum of \$85.

A well attended meeting of those desirous of reorganizing the lawn tennis club was held to-night at the high school.

Quarterly services are being held in the Methodist Church here on Sunday morning at 10.30, followed by the fellowship and sacramental exercises.

Rev. Dr. Galbraith will preach at the morning and evening services.

The board of education have laid in 50 tons of coal at \$6.40 a ton.

Seeding operations are progressing but slowly throughout the township, and some time will yet elapse before the farmers complete their spring work.

On Thursday next, R. W. Bro. W. H. Shaw, D.D.G.M. of Toronto West district, will make his official visit to Vaughan Lodge, A. F. and A. M. at Maple. A big gathering is expected.

Rev. Dr. Malcolm is visiting his relatives in this place.

On Wednesday evening President R. H. Doney and members of his executive of the Toronto central district Epworth League, made an official visit to Maple League.

AURORA.

Liberal Candidate Held Organization Meeting at Kettleby.

AURORA, May 1.—A business meeting of the members of the Aurora Athletic Association will take place in the club rooms on Monday evening.

The local lodge of the order of Odd-fellows will hold their annual church parade to the Methodist Church on Sunday evening. The brethren will meet in the hall at 6.30 and march to the church, where the central body of the church is reserved for them.

W. H. Johnston, the Liberal candidate, is holding an organization meeting out in the Temperance Hall, Kettleby, to-night.

A meeting of the lacrosse club was held in the club rooms last night. The Daville tannery is being torn down this week.

EAST TORONTO.

Members Appear to Favor Franchise in Its Original Form.

EAST TORONTO, May 1.—The matter of the "penalty clause" is likely to cause considerable friction with respect to the final arrangements between the Independent Telephone Co. and the town, at the next meeting of the council. A majority of the members appear to favor the retention of the clause in the 25-year franchise, which in brief provides that in the event of the service proving unsatisfactory to the subscribers, the council may by a two-third vote reduce the rates from \$18 and \$20 to \$12 per annum.

It is argued that the "penalty clause" is practically the only guarantee the town has for the satisfactory carrying on of the system, apart from the natural desire of the council to please its patrons, and that its doing away will would remove the only legal safeguard. In any event the council are disposed to deal generously with Mr. Hoover, the representative of the company.

The condition of the town water usually so good in East Toronto is just now a cause for slight uneasiness. The sanitary works are responsible for present conditions.

Principal Brownlee, Robt. Paterson, Jas. Paterson, L. A. DeLaplante, and a number of other lovers of good horses from town have been in attendance at the horse show during this week.

The minstrel show lately held in the Y.M.C.A. Hall netted more than \$125 and the promoters are so encouraged at the good showing made that it is proposed to repeat the performance, and with the net proceeds buy hand instruments.

The Beach Success Club held their annual May Day dance at the club house at the foot of Balmly Beach to-night. The attendance of members and friends of the club was very large, and the event was one of the most delightful of the series.

On Thursday, May 21, the club will hold their final debate in Kew Beach Presbyterian Church.

SHOT WOMAN; CUT THROAT.

Horrible Crime Committed at Lethbridge, Alta.

LETHBRIDGE, Alta., May 1.—(Special.)—A horrible crime was committed here at 11.30 this morning, when Melia Zagaly, a Serbian miner, shot Mrs. Mike Barceci, an Italian woman, on the road between the town and mine. He shot her three times and then cut her throat, severing the jugular vein. He then shot himself three times.

The man used to board with the woman, and had given her money to keep for him. She refused to give it back when he asked for it on the road. The woman's nine-year-old boy was with her and had the money. The woman had eight children, and her husband works in the mine and is respectable. The murderer came here a few months ago, and was engineer on a screen engine.

The magnificent tableaux scenes of the feast of blossoms, held under the auspices of the United Daughters of the Empire of Hamilton, are reproduced in all their beauty in this week's issue of the popular Sunday World.

Orders should be placed at once to ensure securing a copy at the regular price of 5 cents.

GAS CO. WILL EXTEND THE MAINS IN NORTH TORONTO

In Return for Permanent Crossing Over Ravine—Telephone Co. Want Better Terms.

WEST TORONTO, April 1.—For two hours this evening the works committee discussed the applications for the position of works superintendent. The meeting was private, and the applicants present were called in the committee room individually to explain why they considered themselves more suitable than the other candidates. No information was given out after the meeting and the executive committee was expected to meet after when Mr. Thomas Edwin Mathews, formerly of England, was recommended for the position. There was considerable discussion as to the re-organization of the different departments, but nothing definite was done. It was said that the work now done by the sanitary inspector and the electric light superintendent should be done by the new works superintendent.

The Lumen Bearing Co., thru Mr. Parker, asked for an exemption from taxation for ten years. The company did not care to sign an agreement that they would employ more than twenty residents of this city for about a year. Thirty-five was now the smallest number employed by any of the exempted factories, the mayor pointed out. The question was left over until the next council meeting. The company have their headquarters in Buffalo and propose extending their West Toronto plant. It was stated that each lineman will be allowed a holiday every third Sunday, and Sunday night if a recommendation passed with the approval of the council. At present each fireman is allowed a half a day every third Sunday.

The customs receipts for April amounted to \$28,003.73. For the same month of last year they were \$25,446.84, showing an increase of \$2,556.89.

NORTH TORONTO.

Gas Company Are Willing to Extend Mains Over the Ravine.

NORTH TORONTO, May 1.—Mayor Fisher is in receipt of a letter from the Gas Company stating that they are willing to continue their mains across the ravine on Balliol and Merton-streets and Ernoval-avenue if the council will construct a permanent crossing over the creek on either of the streets. This should not stand in the way of giving the people on those streets their desired gas convenience.

The officers of the Eighteenth Methodist Epworth League elected this week as: Honorary president, Rev. N. Westwood; president, C. J. Winters; vice-president (Christian Endeavor), Lena Pugsley; second vice-president (Missionary), Gertrude Onyon; third vice-president (Literary), Eva Welwood; fourth vice-president (Social), Arnold Wilson; fifth vice (Junior), Gertrude Wilson; secretary, W. W. Kendry; corresponding secretary, Carrie Fielding; treasurer, Olive Onyon; pianist, Essie Pugsley.

A court case was held last night and the frontage measurements confirmed on these improvements: A six-inch water main on Balliol-street, Roshampton and Ernoval-avenues. The sidewalk for Merton-street was left over for an adjourned meeting.

The supporters of J. W. Curry, K.C., candidate in the provincial election in East York, met last night for organization purposes and appointed committees for every polling sub-division in town. Tomorrow (Saturday) evening Mr. Curry will hold a public meeting in the town hall.

Tomorrow (Saturday) afternoon at 4 o'clock, the rector of St. Clement's Church, Rev. T. W. Powis, will hold a written Sunday school examination of the senior classes of the Sunday school.

Edward H. Innes, resident of Davisville, died this morning suddenly at the residence of his son, Joseph, in New York. The body will be forwarded to Davisville, and the funeral will take place on Monday afternoon from the residence of his son, Richard Hinds, Scudlan-avenue. Deceased leaves five sons and one daughter—John, Richard, Henry, Joseph and Robert, and Mrs. J. O'Leary.

Quarterly services will be held in the Davisville Methodist Church on Sunday.

It's Time to Think of Bicycle Riding

Nothing ever happened the bicycle. Nothing ever came along to fill its place. Nothing ever turned up to make the bicycle less useful than it always has been. Nothing in the final outcome of the wide and general use of the bicycle ever tended to show that it is not a most handy vehicle for speedy and direct locomotion, as well as for healthy, pleasant exercise.

It is a good guess to say that the falling off in the once surprising enthusiasm for the bicycle was owing to its having reached a fixed standard of construction and equipment. Every year used to bring around a new feature of improvement for the bicycle. When invention along this line ceased the buying of bicycles lost its novelty.

Once all bicycles were hard tired. If invention had stayed there the bicycle fever would have cooled off in 1888. But in that year Dunlop Pneumatic Tires were introduced and interest in the bicycle took a fresh new start.

And in this season of 1908 Dunlops once more put out a new style of tire as an improvement to the bicycle. In general features it is the same "these are the only tools you need" tire, but it is made by the Doughty Process—a valuable patent controlled exclusively by the Dunlop Company.

SOLD BY ALL BICYCLE DEALERS.
Same Price as the old style tire.

THE MINES OF CANADA

Canada is the richest mineral country in the world. More than \$100,000,000 have already been invested in Canadian Mines, but the work of development is still in its infancy.

Canada stands first in her supplies of Nickel, Asbestos, Corundum and Cobalt, and ranks fourth among the gold-producing countries in the world.

The Crow's Nest Coal beds alone contain enough coal to supply the world for two hundred years.

Each year brings to light some new and wonderful discoveries in mining. But the Mines show only one side of Canada's development. Nothing is more striking than the progress made in manufacturing. The Automobile and Carriage Tires manufactured by the Canadian Rubber Company of Montreal are equal to those made in any other factory in the world.

They are the favorite Tires in Canada. Sold at all the Branches of the Company.
