Ottawa, Oct. 29.—At the judicial enquiry in Hull this afternoon in connection with license bribery charges, Ald. Lavigne swore that Wilfrid Barr offered him money, amount not specified, to get him to vote for the license of Albert Gratton, retail liquor store, as also did Gratton himself. Ald. Lavigne refused the offer and voted against Gratton.

N. Boucher, proprietor of the Windsor Hotel, testified that he had "encouraged" Ald. Talbot and Charest, butchers and grocers, by placing orders amounting to about \$100 each as an appreciation of their support of his license.

Owing to the conflicting evidence given during the enquiry some witnesses will be recalled tomorrow morning. Ald. Stafford, who denied that he received the \$250, as stated by J. Mullen, will be one of them. Ottawa, Oct. 29.—At the judicial enquiry

K. L. C.—A dark brown costume, with the accent on the boots—is that the idea? Well, you'll get a very smart pair in chocolate color kid, high laced tops, Louis heel and welted soles, for \$14.00. In fact, there is a good boot of this description at \$9.50. As for the suit, would you prefer serge, gabardine or broadcloth? All materials are to be had in nigger brown, the broadcloth, \$2.75 a yard, and the other two, \$2.50. They are 48 inches wide. Making the skirt narrow and the sleeves tight, I suppose? To be altogether comme il faut, you should top the costume off with a brown fox scarf and a little cap of a brown or black velvet hat, with a silk tassel or fur ball languishing down over one ear.

H. F. G.—Space in the column is scarce these days, and it is not easy to repeat directions for knitting. In the meantime, however, full instructions for trench caps, sleeveless sweaters and other woollies will be supplied with the yarn when you purchase it.

with the yarn when you purchase it.

"Jess."—You will find the pieces of corrugated boxes in another column on the page to-day—also "suggestions" galore. Notice particularly the games, the sweets, and the books—they should go in, at any rate. And what about gloves and a chamois waistcoat?

"Nance."—Yes, Nancy. Collars of white brush wool can be had in sailor style—13 inches wide across the back—at \$2.00. Add a new lease of life to an old sweater coat or Jersey cloth frock, don't they?

"Marjorle L."—Spats for your ankles and a plush collar for your shoulders—you may have both, exactly to your liking. The grey gaiters in eight-button length are \$2.00 a pair, and the ten-buttoh, \$3.00 a pair. As for plush for your collar, it is available in black, nigger brown and French blue, 24 inches wide, at \$1.50 a yard.

"Benjamin B."—My profound sympathy—moving is a desolating thing. But you are more of a grouch even than Charles Lamb. Do you remember how he used to growl about it in his letters to Coleridge and other people, blaming poor Mary for all, the disbeation of comfort — for having to comb his hair with his fingers and go about with dirty gaters, until she got the new lodgings settled? You'll forget the disturbance when you get your books unpacked and find the green shade for your lamp. And for your cheer, let me tell you that the purple rug of your fancy is to be had for the ordering—a purple Wilton with a conventional pattern in camelhair brown. Leaving a narrow margin of floor around the edge, it would suit your 9 by 12 feet room admirably. The price is \$75.00. It is a charming combination of color and should look very well against the buff walls. THE SCRIBE.

CONSUMERS' GAS COMPANY

OF TORONTO Year Ending 30th September, 1917

In presenting to the Shareholders the Sixty-Winth Annual Report, the Director ave much satisfaction in being able to state that the Company's business has continued to increase, and that its affairs are in a prosperous condition.

There has been an unprecedented demand for gas during the year, and not standing the many difficulties which have arisen because of labor shortage, translation complications, the high cost of raw materials, increased taxation, and unusual conditions, the extraordinary demand for gas has been fully met, and without any large capital expenditures having been undertaken. Sir William Hearst who was the principal speaker, said he did not know how to congratulate them on their wonderful success. "It shows that the continued strong and good standing of the Company has met these conditions accomplish good people of Teronto can accomplish good people of Teronto can accomplish anything they put their hands to."

To meet these unusual conditions has necessitated vigilant care on the Directors, and has involved the closest application to the Company's the part of the General Manager, the Secretary, the Superintendents officials of the Company, all of whom have proved themselves equal to recordibilities.

POLITICAL NEWS The great question of interest now is the date of the election. The writs may issue on Wednesday, and the Ottawa correspondents are fairly unanimous in predicting nominations on November 19 and polling on December 17. December 17 is the last possible Monday for an election if one is to be held before the Christmas holidays.

The growing strength and popularity of union government is clearly indicated by the way in which the leading men among the former supporters of Sir Wilfrid Laurier are declaring themselves in its favor. Hon. George P. Graham, W. A. Charlton, E. W. Nesbitt and F. F. Pardee voted for conscription, but remained strong adherents of Sir Wilfrid during the parliamentary session. Now they feel constrained te declare in favor of union government. Even more surprising is it to find leading Liberal parliamentarians who voted against conscription coming out as supporters of union government, such as Hon. William Pugsley, E. M. Macdonald, D. D. McKenzie and G. W. Kyte. Messrs. Sinclair and A. K. Maclean, aith: o strong party men, voted for conscription.

Hor. Robert Rogers spent yesterday in the city and will be here again on Thursday next, when he may address the Toronto Liberal-Conservative Club, which heard from Sir Sam Hughes last Friday night. Seen by a World reporter at the King Edward Hotel Mr. Rogers expressed himself confident that union government candidates will make almost a clean sweep in the prairie provinces.

"Here and there," he said, "a riding may be lost on some local issue or the personality of the candidate, but generally speaking I kook for the government making a clean sweep in the west."

"Will you stand for election to the next parliament?"

There is also some talk of Mr. Rowell running in Parkdale These are mere rumors, however, which will not be quieted until Some of the Laurier Liberals are naturally sore at what they call Mr. Rowell's "desertion" of Sir Wilfrid Laurier, with his present position, and he will now no trouble in finding a constituency the new parliament.

J.M. Godfrey and Arthur Hawkes, of the Win-the-War League, were in Ottawa yesterday in conference with the prime minister respecting the Ontario situation. Thy feel that the Conservatives of Ottawa, set a bad example in holding a party convention to which no Liberals were invited, and they believe that union sovernment conventions should be called in the various Ontario ridings in which both the old parties should be represented.

So far as Ottawa is concerned the chief issue there in the past has been the patronage. Nearly every little boy and girl bern in Ottawa grows up with the idea of setting a revenuent job.

G. G. S. Lindsay reports most gratifying assurance from all over the province of a bis attendance at the win-the-war Liberal convention to be held at Hamilton on Friday. The Toronto delegates, including a number of ladies, will probably have a special train to and from the

country, that the time and strength of parliament during the last three years has often been wasted by partisan warfare that had no sort of connection with the grave issues that are being tested in Europe with the blood of our sons. The conscriptionist Liberals who are asked to meet at Hamilton will not sacrifice any principle of Liberalism. They will only sacrifice the right to quarrel over party issues at the present time, and, considering the real sacrifices that are being made all over the British Empire this does not seem very much to ask of any sincere and patriotic man or women.

A large attendance is expected at the conscriptionist Liberal convention in Hamilton November 2, because of the ready response of the various constitution encies. There will be three sessions, the first beginning at 11 o'clock, when registration will take place, an afternoon session and a public meeting in the line was continted.

"Ontaric is the hope of the nation. It was the great Conservative majority from Ontario that enabled Sir Robert Borden to pass the conscription law, the Military Voters' Act, and the Federal Franchise Act. Some Ontario Liberals also voted for conscription, and may be fairly entitled to ask to be returned as government amount and the two parties should agree on some candidate, and the Liberals should be given every consideration. At the same time I feel strongly that no sitting Ontario Conservative member should be asked to stand aside and give place to a Liberal at the coming election. They have proved their devotion to the principles underlying union government, and they are entitled to be considered unquestionably the supporters of that government."

In 1908 Sir Wilfrid Laurier had to pull off the Libturo sait. This year Sir Robert Borden may have to run in Ottawa. It goes without saying he will be elected by an overwhelping majority. Messrs. A. E. Fripr and Dr. J. L. You will further gather that it is directed at those parties only, and more particularly at the present government. It would be impossible for such a practice to obtain in Britain or Australia, and if a national labor party were organized in Canada, as in those countries, the Bramtford Trades and Labor Council is of opinion it would be equally impossible here. CROTHERS WIN-THE-WAR NOMINEE FOR W. ELGIN

Labor Minister In New Administration is Unanimous Choice of Dutton Convention.

St. Thomas, Ont., Oct. 29. — Hon. T. W. Crothers, minister of labor, was unanimously nominated as the win-the-war candidate for West Elgin at the unionist convention held in Dutton this afternoon. Notwith-standing the nufavorable weather there was a large and enthusiastic attendance of delegates, both Liberals and Conservatives, and among them many women delegates who took an active ask of any sincere and patriotic man or women.

They believe that the program of the coalition government, to which they will consider the giving of their support, is essentially Liberal and is an honest attempt to gather the whole strength of the country for the purpose of successful prosecution of the war. They believe that party warfare at the present time is treason to the empire.

There will be three sessions of the convention; the first beginning at 11 o'clock, when registration will take place; an afternoon session and a big public meeting in the evening.

The responses from the various constituencies have been very encouraging. Practically every communication received brings promise of large attendance. A general invitation is extended. part in the proceedings of the convention. The resolution nominating Mr. Crothers was moved by Robert Jordan of Dutton, and seconded by Mrs. A. A. Bailey of St. Thomas.

The report, however, intimates that one resolution was presented by me, and that at one time I "was in the rumning for the nomination of the Independent Labor Party Executive."

The reasonable inference therefrom its that, governed by animus owing to disappointed political ambitions, the resolution was brought forward by me to obstruct the candidature of Ald. MacBride, the nominee of the I. L. P. I enclose a copy of the resolution as published in the local

TUESDAY MORNING, OCT. 30.

Hurrah for Hanna and High Prices!

It is unfortunate for the food controller that the policy he has adopted with regard to the prices of food is in the interest of the trusts, the corporations, the capitalists and the top dogs generally, and at the same time against the interests of the consumer, the mere public and the under-dog all round. Mr. Hanna as a conscientious official, no doubt, feels that he must do his duty, even the trusts pile up more millions as a result than they ever expected, and even tho the people have to go without, for want of cash to meet the soaring prices. Fiat justitia ruat coelum! as the judge said when the courthouse ceiling fell down. Why should Mr. Hanna flinch from the stern line of duty because some people lack nourishment and others grow

He sees clearly that it would be a mistake to fix prices. The people who pay for potatoes do not understand the problem as he does. They know that the farmer was mighty well pleased to get \$1.50 a bag for potatoes, and if assured of that price would put more acreage than ever in that crop. Mr. Hanna feels, however, that a farmer who was formerly satisfied to raise potatoes at 75 to 90 cents a bag must be allowed to get what he can from a speculator who can sell potatoes at \$2, \$3, or \$4 a bag, according to the height of the other prices to which Mr. Hanna gives free rein. The farmer may not get much more for potatoes under the high prices than he got under the low prices, but that is not Mr. Hanna's fault. Mr. Hanna, no doubt, reflects that God did not make the farmer as smart as He might have done, otherwise the farmers would co-operate and sell direct to the consumer at a reasonable price for both. Mr. Hanna also reflects that this is not his business. He only controls food. He has nothing to do with prices or profits, At any rate Mr. Hanna has that blessed possession, a clear conscience.

Mr. Hanna has decided to do nothing about package cereals for the present. He issued his edict, and if any poor person wants shredded wheat biscuit, Mr. Hanna

The grocers do not find so ready a sale for bulk cereals as for package goods, because usually the quality is not so good, the cost of weighing and packing by hand is no less, generally more, than by machinery. It might have been possible to fix prices on cereal goods so that they would have been as cheap as any bulk goods could possibly be, but Mr. Hanna has a rooted objection to fixing prices, even to oblige the public. He knows an easier way of settling the question, by driving package cereals off the market altogether.

A tyro in the art of government would have thought that when the competition of package goods had been removed, and a monopoly re-established for the bulk cereals, a properly regulated food controller would foresee the inevitable rise in prices that afflict monopolies or their customers, and he would have provided accordingly by fixing prices. It must annoy Mr. Hanna that another suggestion should be made that prices should be fixed at the present rates for bulk cereals, but we are fain to make the suggestion, even the he disapproves, and has conscientious objections. No doubt, Mr. Hanna expects to hear an enthusiastic populace shouting-"Hurrah for Hanna and high prices!" and strange things do happen at times. People will have to applaud for high prices if they applaud at all, for Mr. Hanna refuses to fix low or moderate ones. His policy as controller makes altogether for the highest.

The Three-Year Men.

Canadians at the front received attention on two scores yesterday. General Haig took occasion to compliment the troops on their fine work last Friday in the capture of the Bellevue spur and other operations on the Passchendaele ridge. It is all alike to the Canadians, Courcelette, Vimy, Messines, Bellevue; if there is a tough job they are delighted to have the work to do, and there is nothing to be said about their style and finish, except what the commander-in-chief cares to say. No men have laid down their lives gladlier than these brave fellows who have carried the Maple Leaf against the Prussian eagles. Over 20,000 will not return to Canada, but they would not have asked to return had they not done the work required of them.

But there are still a few left who have a right to return and Mr. Stewart Lyon, who returned from his envied mission to the front yesterday, as correspondent for the Canadian Press, bore testimony to the right of the men of the first contingent, after three years of most arduous service, to have a trip home to the families they have so long left behind; to the children born since they left that they have never seen, and the home hand so dear to them, for which during three years they have constantly risked life and limb.

The Germans would sink those transports were it possible, and in any case they would not be sent home in all probability at one time. But it should be a comparatively simple matter, now that the draft has been put into operation, to let the three years' service men get home for a reasonable furlough in regular rotation. It would help the draft movement, and it would be immense help in enabling Canada to understand the reality of the war.

Now, the strength of union government in this election is that the people are dealing with and intend to settle the one issue of winning the war. No one charges the Liberals with being disloyal, but it is recognized that the union government, composed of both Conservatives and Liberals, has been organized for the sole purpose of enabling Canada instantly to throw the full weight of her men and money into the conflict. Hence the tariff and many other important questions are relegated to the rear, and the union government in this election at time.

No doubt the fiscal question is an important one. but as we judge the temper of the people they are interested only in the war and reinforcing our soldiers at the front, and in haying Canada do everything in her power to crown the war with victory. Hence a great deal of the campaign material prepared by the Laurier Liberals will be found of little benefit to them in the coming election. The people at the polls will settle only one question, and upon that question union government occupies a bold, uncompromising and advanced position.

Lendon, Oct. 29.—Parliament today Premier Lloyd George expressing the thanks of the parliament to the navy and the army, including the overseas dominions; to the mercantile marine other auxinary services, and further expressing sympathy to the relatives or friends of those who have given their lives for their country.

Essential to National Life.

Premier Lloyd George, in moving he resolution, said if he had leisure in these terrible times, especially the anxiety of the last two or three days. he felt he could not do justice to this great theme. The deeds mentioned in the resolutions were known to, and had won the admiration of every subject of the King.

HOW THOSE TIGERS BUILD UP A TEAM

Charge of Inducements to Caffery.

Hamilton, Oct. 29.—The Tigers are cornering the "beef" market, or, at least, that is the claim being made by the Technical School team. An officer of the school told The Spectator on Saturday that unless conditions changed the students may not attempt to play any more games in the intermediate O.R.F.U. series. He claims that "Caffery practised all week with the students, and that the Tigers came to him and offered induce ments in the way of accident insurance during the Rugby campaign, and that he deserted the students at the last minute on Saturday to don the yellow and black. They claim that the Tigers were after other men that were working with the Technical team, and they think that the Tigers are not acting in a sportsmanlike manner. The students claim that they went into the series under a greater handicap than did the Tigers, as they did not have uniforms or such good training facilities as the jungle kings. The students made an exceptionally good showing against the Capitals at Toronto on Saturday, and think that with a little more weight and strength on the wing line they can still make a showing in the Series.

Hamilton Spectator: The Tigers continued on their way to the O.R.F.U. honors on Saturday, altho the Parkdale team managed to make matters real interesting for them from the start of a game which ended with the score 9 to 2 in favor of the yellow and black. The play was more even than the score would indicate, the Tigers getting a try in the second quarter as a result of a fumble. Parkdale attempted a play twenty yards out from their line, but things got mussed up, and Shuart grabbed the loose ball and trotted across for a touchdown. The visitors had been leading up to that time, but from them on never looked real dangerous, altho at times they had the Tiger defence working hard.

Hamilton Spectator: While the intermediate O.R.F.U. is serving up fairly good football, the enthusiasm which the Tigers of peace times aroused is lacking. There was a small crowd present on Saturday, and even the faithful that did turn out did not begin to display the vocal energy that was so noticeable at the Tiger games a few years back.

MONTREAL RUGBY MAN

Montreal, Oct. 29.—Word has been received of the death of Wilfrid Wallace, one of the most promising athletes ever developed in Montreal. Gunner Wallace is a son of E. B. Wallace, of Westmount, and enlisted and went overseas with Fletcher's Battery. The word of his death was received this morning, according to his older brother. death was received this morning, according to his older brother.

Gunner Waliace was a graduate of the Westmount High School and one of the most popular scholars there during his term. He was an all-round athlete, holding the track and field championship of the school for two or three years, while he also captained the rugby team and materially helped them win many a hard-fought victory.

During the last season that the Interprovincial Rugby Union operated he played with the Montreal Amateur Athletic Association team under the coaching of Captain Sinc McEvenue, who is now on active service overseas. He was also a splendid loxer, being a protege of Billy Armstrong, and won the championship of two classes at the M. A. A. Junior championship. He was a brother of young Waliace, who is now playing quaster-back for the Westmount High School rugby team.

is to be congratulated on the possession of such a splendid combination. Each needs the other.

Rather a Joit to American.

But the assertion that the American League is stronger received an awful jolt when the Indians went down to defeat before the Reds. The betting was 8 to 5, with few takers, that Cleveland would win in four or five games.

The argument was that Cleveland had finished third in a stronger league. What an upset the dope received. Even the Browns made a better showing, as they won as many games from the Cardinals, a first division team, as did Cleveland from Cincinnati. And the Browns were almost tailenders in the American.

Well, there is one manager who is not worrying about his job for next year and that is Lee Fohl. Like Rowland and Collins. Cleveland has a pair of leaders in Fohl and Speaker, who work in perfect harmony and bring results. Speaker does not want to be manager, but he does want Cleveland to win, and he thinks that by aiding Lee Fohl with a bit of advice now and then the Indians can be converted into a penmant winner. But down east it is different. The world's series was not over before the "winter league" held a session and appointed a few managers and sold a couple of clubs. I'm Gaffney bought back the Braves. He bought the Red Sox. The Washington club was tranferred to Baltimore and a few other cities. Miller Huggins was appointed manager of the Yankess to succeed Bill Donovan. So was Jack Punn. So was Nap Lajole. So was Jack Hendricks, Bill Carrigan came back to manage the Red Sox. Johnny Fyers was appointed manager of the Red Sox. Dick Hoblitzel also was given the job. Some work for the winter league. There is no telling how much more business might have been transacted had it rained enother day and prevented the scribes from writing up the ball games.

was vented the scribes from writing up the ball games.

Red Sox Sale Would Not Surprise.

But it would occasion no great surprise if the Frazee-Ward syndicate was induced to sell the Red Sox. It is rumored that that was one deal of which President Johnson never approved. His remarks, a few weeks ago, to the effect that Frazee was guilty of some cheap advertising when he offered his players \$20.000 if they won the pennant, would indicate that Frazee was nulty of some cheap advertising when he offered his players \$20.000 if they won the pennant, would indicate that Frazee was not basking in the sunshine And when Mr. Frazee became engaged in an altercation with a Chicago newspaper writer when the latter was a guest of one of the New York clubs of which Mr. Frazee was a member it did not cause the Boston magnate to become any more firmly established in the good will of either Mr. Johnson on the writers. The writer in question is a warm friend of the league president and it is believed he informed Frazee that he had blundered.

Cleveland baseball news is a minus quantity. President Jim Dunn is in Chicago. Manager Lee Fohl is in Pittsburg, makine his annual visit to his home. Business Manager E. S. Barnard is sitting on the hd here and is merely marking time. Secretary Blackwood has been chasing around the country trying to get the Hodians the first of next month. Tris Speaker and Ray Chapman started out on an auto ride to Texas the first of the week and should be nearing their destination soon if they do not encounter any bad roads.

Terry Turner and Jack Graney and Bill Wambsganss, of the Indians, Roger Peckinpaugh, of the Yankee Jimmy Austin, of the Browns, Dode Paskert, of the Phillied. Pickles Dilhoefer, of the Cubs. and Chick Gandil. of the White Sox, will form the winter celeny of big leaguers in Cleveland. Gandil is an added at refer.

En route between Chicago and New York, one of the newspaper men, who had come all the way from the Pacific Coast to cover the world's series for his newspaper, chanced to meet Buck Weaver, shortstop extraordinary with the Sox. The western writer told Weaver Detroit had recalled Erickson, a pitcher, who had been doing great work in the Pacific Coast League this season.

"Why, Buck, this fellow has as much speed as Walter Johnson, players out there tell me," said the western writer.

"There's only one Ty Cobb, believe me," Weaver answered.

And altho half a dozen newspaper men and as many White Sox players heard Weaver's remarks, none cared to dispute him.

BUCK IS RIGHT.

En route between Chicago and New York, one of the newspaper men, who had come all the way from the Pacific coast to cover the world's series for his newspaper, chanced to meet Buck Weaves come pitcher, as Ray Schalk tells it.

"It was on our last trip to Detroit. Says Ray, "and Cicotte was pitted against the Tigers. We needed every game to cinch the pennant and Manager Rowland was using the best he had against Detroit. Cicotte was having one of his many good days.

"Now, Bush has never been rated as a great hitter, and yet he is an expert bunter, and always has the catcher and infield on edge. On his first trip to the plate, Bush resorted to bunting, fouled off two and then popped up. On his game, fouled off two, and then took a look at a third strike glide over the plate Bush was thoroly disgusted.

"The Glants have my sympathy," remarked Bush as he walked to the bench had come all the way from the Pacific Coast to cover the world's series for his newspaper, chanced to meet Buck Weaver.

They call him "Alexander the Great."
And so he is. Perhaps before his big league days are done they'll call him Alexander "the Greatest," for the diamond performances of the wonderful pitcher of the Phillies stamp him right now as one of the most remarkable boxmen baseball has produced. And he is still something of a youngster.

Grover Cleveland Alexander has just completed his seventh year as a major league pitcher. Yet, in this short space of time he has hung up some records that no pitcher ever may be able to cellpse or equal. Certainly one of the most remarkable feats in baseball history was that exhibited by Alexander in 1916 when he won 16 games via the whitewash route.

The true worth of a pitcher is de-

Central Neighborhood Association of Workers Has Done Much Patriotic Work During Twelve Months.

YEAR OF ACTIVITIES

Reports read at the annual meeting of the Central Neighborhood Association of Workers last night showed a year of many activities. Suffi-Orde Street School for meetings and class work. Twelve clubs for chil-dren between the ages of 8 and 15 are now formed, and doing fine work in presenting plays and in other lines.
"Peter Pan" was given on three evenings. One club does the ambitious work of writing as well as producing plays. Kitchen and dancing classes are also features of the work. Mothers' meetings, at which mother craft is taught, have been held for Italian, Russian and Polish women. The English women's Red Cross section holds weekly assemblies, and does a good deal of knitting for soldiers. Club councils have been formed at several of the schools, and free legal advice has been secured for needy cases. The association has 90 reductors. The hour roll.

Return to Earlscourt After Year in England and Have interesting Things to Relate.

After a visit of over twelve months to relatives in England, Mr. and Mrs. Frank Powell and family of four children arrived in Earlscourt yesterday after an excling voyage, and with lasting impressions of the scenes witnessed in different parts of the country during their stay. "Air raids are of frequent occurrence," said Mrs. Powell to a reporter for The World yesterday. "Air aids are of frequent occurrence," said Mrs. Powell to a reporter for The World yesterday. "And in our home town a bomb dropped from a German zeppelin as short time ake killed a great numnumber of soldiers encamped in the own a visit is expected and the residents are motified to seek shelter in their cellars and to leave their street doors open in order that others may find protection. The next safest place is said to be under the stairs, but for my part I prefer to lie flat in an open field, because you are comparatively safe unless you are squarely hit. Reprisals are being loudly demanded by the populace, on account of the cold-blooded murder of innocent women and children.

"In the matter of food the utmost care is being exercised and only small quantities of tea, beef and vegetables can be purchased at one time, only two ounces of tea can be purchased at one time, and the bread sold by bakers is unpalatable. It is thought that the food contoller is conserving food in the event of a possible shortage.

In the City of London many business men close their premises at noon and strict precautions are taken by the authorities to extinguish all lights after mightfall.

TO PRESENT MOTOR BUS. Davisville Military Hospital Will Re-ceive Gift From Schools.

Wednesday afternoon, at 2.30, Sir William Hearst will present to the Davisville Military Hospital a large motor bus, the gift of pupils of the rural schools thruout the province. The bus, which has a capacity of lifteen, will be used to transport soldiers from the hospital to the Hart House for classes.

se for classes. The vehicle was purchased with money from a fund of about \$3,000 raised by donations from rural school pupils. Of the total amount \$500 was put into a fund for soldiers' families that are in need of special relief, and the balance was used to buy and equip the motor bus.

SUNDAY AFTERNOON FIRE.

A blaze at the home of Fred Nelson, 295 Glencairn avenue, North To-ronto, Sunday afternoon, caused da-mages to the extent of \$250. Defective wiring was given as the cause of the outbreak. The firemen arrived promptly, and soon had the fire under control.

TWO PATRIOTIC CONCERTS.

Two patriotic entertainments were held in the Beaches district last night. One was a concert at Kew Beach Presbyterian Church on behalf of the Red Cross fund. The other was the first of a series of dramatic entertainments by the York Chapter of the Imperial Order Daughters of the Empire at St. Aidan's Church Hall.

THE DON VIADUCTS

The Rosedale One Opened for Traffic, But No Sign of Main One Being Completed By the City.

Yesterday without any ceremony the Rosedale section of the Bloor street viaduct was opened to the public for traffic purposes by the workmen of the city completing the pavement and approaches to the bridge. The public can now cross into Rosedale from Parliament and Howard streets. At last a part of the viaduct is in com-

But in regard to the main viaduct over the Don, Mayor Church said the city is in no hurry to take it off the hands of the contractors, Robertson & Quinlan. He said "the contractors are several months ahead of their

The World is also informed that while this section is ready to be taken over by the city, Works Commissioner Harris wishes to have a further inspection by his own engineers before assuming responsibility or attempting to pave and rail it for public use. The commissioner is again himself on the job, and City Engineer George Powell is away on vacation. The commissioner brought home a moose from Algoma. Perhaps he is going to pen up

rails would be gone on with as rapidly as possible, weather permitting.

But, do his best, a reporter for The World could get no definite information from the authorities as to when the public would get the use of the main bridge as they now have of the Rosedale one. The public, who have had to pay the cost of this bridge, are anxious to know why, when the contractors have completed their work and are ready to hand it over, the city fallen down at its end and has failed to provide the necessary street approaches to the work, and the rails and pavement necessary to allow the public to cross over. Perhaps the mayor and controllers, when they meet today or tomorrow, will make some

kind of a satisfactory explanation to In the meantime the interest on the big bridge is over \$1,000 a week; and the loss to the public in not being able to use this high level convenience and effect a saving of time and also in the wear and tear on vehicles, is much greater—probably several hundred dollars a day. Mayor Church and Commissioner Harris should take the public into their confidence. The moose

Great preparations are now being made by the Great War Veterans' Association, Earlscourt branch, for the forthcoming masquerade ball, to be held tomorrow (Hallowe'en), in the new clubrooms, Bel-mont Assembly Hall. The Veterans' en-tertainment committee is being ably as-sisted by the members of the Indepen-dent Women Workers' Association, and a great night is anticipated.

Interment takes place in Prospect Cemetery Wednesday.

WHOLESALE FRUIT AND VEGETABLES

met yesterday in Deer Park Presbyterian Church and received the report of the nominating committee. J. Shreve Durham, superintendent of the home visitation department of the International Sunday School Association, gave an interesting address dealingn with many phases of Sunday school work.

During the past nine and a half years Mr. Durham has personally come in close contact with 47,000,000 people of all denominations in the advancement of Sunday school work.

He charged that the church was doing too much extension work, to the exclusion of intensive work. In Toronto, in 224 Sunday schools, there was an average attendance of 188,085, and last year 1941, had affiliated with the churches.

R. A. Waite, associate perintendent of the secondary division of the International Association, said that replies received from 10,000 boys attending Sunday schools as to the motive impelling their aftendance were grouped under five heads, in the order, named: 1, Influence of companions. 2, Qualified leadership, their aftendance were grouped under five heads, in the order, named: 1, Influence of companions. 2, Qualified leadership, 3, Receivation, 4, Organization. 5, Respect for parents. DECLINE IN DOME DISTURBS MARKET

TUESDAY MORNING OCTOBER 30 1917

Low Record Made in Price of Stock Yesterday-Another Rise in Price of Silver.

New York's violent break more than offset the cheering influence of another rise in the price of silver, and as a result there was a reactionary tendency on the Standard Exchange yesterday. Dome Mine's slump to a low record at \$7.65 was a direct reflection of Wall street's blue mood, altho it was deduced from the fact that the stock sold lower in Toronto than in New York, that local in-crests took advantage of the situa-tion to attempt another of their not infrequent drives against Dome. The closing was only 10 points above the low, and altogether 1130 shares

changed hands.

McIntyre, which is usually susceptible to New York influences, sold down to 1.37 after a firm opening at 1.39, a loss of two points. Moneta, which had a little flurry on Saturday, took a relapse, falling off %. The mine is lying idle at present, and while there are encouraging indications, the cost of exploration work is unusually heavy owing to the nature do, preferred.

The most important factor for a higher price is the good technical position of the metal. Consumption exceeds production and also the possible visible supply that might be coaxed on the market for higher prices.

BRAZILIAN IS WEAKER

C.P.R. is inactive in Market, Except for a Broken Lot.

Montreal, Oct. 29.—Renewed weakness in the New York Market, attributable in part to the war news, added to the recent depression on the Canadian stock exchanges, particularly in view of the prominence of C.P.R. and the downward movement in New York. A steady tone was maintained here thru the morning, altho the undertone was heavy and a few issues sagged fractionally into new low ground for the movement. In the afternon the market turned weaker and somewhat more active, losses of fractions being enlarged in leaders like Brazillian Traction, Canada Steamship, Civic Power, Dominion Steel and Steel of Canada to a point to three points. C.P.R. was inactive in the Montreal market, except for a broken lot transaction at 140.

Bonds were fairly steady, with some setivity in the 1937 war loan at 94 to 1914.

Total business for the day was 5482 shares, \$70,300 bonds and 1428 unlisted west Dome Cons. 16

SHARP BREAKS IN TORONTO MARKET

Brazilian, Mackay and Steel Stocks Unloaded-Inactivity in C. P. R. Shares.

Selling on a scale larger than the Toronto Exchange has been familiar with of late, broke out yesterday in sympathy with the renewal of heavy liquidation in New York, and losses ranging from fractions to several points extended thruout the list. Pressure was markedly in evidence in Brazilian. Mackay and the steel stocks, while C. P. R., which broke violently in New York, was traded in locally to the extent of three shares which sold at 143. The closing bid on C. P. R., however, was only 138%, with 140 asked.

with 140 asked.

Brazilian, both in activity and extent of decline, was the market feature, Opening at 34½, hearly a point below Saturday's weak close, the stock was thrown on the market in stock was thrown on the market in large blocks. Absorptive power was small, and the price sagged off to 32, at which it closed, while in Montreal it sold down to 31%. Brazilian, has been recording declines almost daily of late, but yesterday's slump was unusually rapid and the turnover of 638 shares was the largest for some

In the steel group, Dominion Steel and Steel of Canada proved readily and Steel of Canada proved readily vulnerable. The former opened weak at 54½ and dropped to 52%, a loss of 2½ points from Saturday. The closing bid was only 51%. Steel of Canada was hammered down to 49% after opening at 51. On Saturday the closone point, and Maple Leaf, 1½ points. Toronto Railway was heavy at 60 and Riordan sold at 116 as against 117 bid on Saturday. The war loans sold at prices unchanged by a single eighth from those of Saturday's close, Dealings in the bonds were fairly active.

President Austin Reviews Satisfactory Year's Record at Annual Meeting.

pressed by President A. W. Austin at the annual meeting vesterday.

"The ever increasing volume opening at 51. On Saturday the closing bid was 1¼ points above yesterday's close. Mackay was unloaded in quite heavy volume, closing at 74%, the lowest point, a net loss of 1¼ points. On the whole Mackay, as an interlisted issue, bore up well in the face of Wall street's gloom, and Twin City, which held unchanged, made a gratifying showing. The list of losses included also General Electric one point, and Maple Leaf, 1½ points, and maple Leaf, 1½ points, and maple Leaf, 1½ points, and maple Leaf, 1½ points. invested capital. I can see no reason why our regular dividends should not pleased to see that our stock has been affected by the war less than most in-
