GRAND DIVISION VOTED AGAINST IT Motion Favoring Public Ownership Of All Saloons WAS DEFEATED

It Was Championed by H. H. Stuart and Others, But Did Not Go Through—Clergyman Says Prohibitionists Have Not Advanced in Fifty Years.

MONCTON, N. B., Nov. 2.—(Special)—The Grand Division, S. of T., was engaged this morning in installing new officers, P. G. W. P. Kelly presiding. The committee reported a balance of \$377.14 to the credit of the order. Mr. and Mrs. J. V. Johnson, of the I. O. O. F., visited the division and extended greetings.

Resolved, That in the opinion of this Grand Division of Sons of Temperance of New Brunswick, the cause of temperance would be greatly benefited and the day of total prohibition hastened by the introduction of a system of public ownership of the liquor business, with local option, under which all municipalities desiring would have total prohibition as far as alcoholic beverages are concerned. All alcoholic liquors used for medicinal, scientific, mechanical and sacramental purposes would be manufactured and supplied by the public represented by the government of the day. All used in municipalities, the majority of whose people do not desire prohibition, would also be manufactured and supplied by the government and all alcoholic liquors sold, whether in prohibition or other communities, would be sold by salaried civil servants, having no personal interest in the sale, thus doing away entirely with the element of private gain, and.

GRAIN CROP IS IMMENSE Early Fall Predictions Will Be Far Surpassed—Eastern Blockade Has Serious Effect.

WINNIPEG, Nov. 2.—(Special)—Wheat deliveries along the C. P. R. system indicate that the estimates of the grain crop made early in the fall will be far surpassed. Already the deliveries exceed 25,000,000 bushels, compared with 11,535,000 at the same period last year. The eastern blockade, however, is having a serious effect on prices and farmers are in a difficult position. Some idea of the seriousness of the blockade situation may be gathered from the fact that wheat buyers are unable to get any wheat for cash, and are obliged to contract at Liverpool. Indeed more than a week ago space for cash wheat to be delivered on a December contract was refused to a Liverpool dealer who is at present in the country.

WILLS L.O.L. of Fairville will parade to Fairville Methodist church on Sunday next. They will be joined by True Blue and Prentice Boys' lodges at Carleton Place, at 2 p. m. Service will begin at 7.15. The preacher will be Rev. T. J. Deimstad. After service they will return to the hall. All sister lodges are invited to attend.

REAL WILD MAN WITH BIG HORN AND TUSKS Springfield, Ills., Started by a Monster—He Was a Show Fakir Whose "Horns" Hurt Him, and They Were Removed.

SPRINGFIELD, Ills., Nov. 2.—A real wild man with horns and huge tusks was shown a big negro, hailing from Georgia, who applied to Dr. Walter Ryan to have the silver plate, which he had the horns fixed in place with, removed from his head. For more than a year and six months the negro had been carrying the plate upon his head, concealing beneath the scalp, but recently it began to hurt him, and he had been consulting a doctor for the purpose of fastening two

KILLED BY FAST TRAIN Two Sisters Met Instant Death at Western Springs Ills. Last Night.

CHICAGO, Ill., Nov. 2.—Two sisters, Hazel and Eva Garfield, aged respectively 17 and 14 years, were instantly killed last night by a fast train on the Chicago Burlington and Western Springs (Ills.). The arrival at the same moment of three trains, two from the west and the fast mail from the east, confused the girls, causing them to stand motionless on the track while the fast mail bore down on them. The wheels of the train did not pass over either of the girls. Eva, the youngest, was found with her neck broken, while upon her sister not a single mark was found which indicated the cause of death.

HALIFAX NEWS Fifth Royal Garrison Regiment Will Leave for England This Month.

HALIFAX, N. S., Nov. 2.—(Special)—Steuart, Capt. Lindsay, arrived here this morning from Mediterranean ports after a very fair passage. She has 500 tons of fruits and wines to land here and will leave tonight for Quebec and Montreal. The dates of the departure of the 5th Royal Garrison Regiment have been fixed. It is expected the battalion will be received at military headquarters here in connection with the tariff revision, to be followed by the Dominion House, Kingston, and Canada, which will sail for England on Nov. 15th and 22nd respectively, for them.

MONEY FOR NEW MISSIONS Twenty-five years ago Robert Arthington of England offered a large sum to the American Board for the opening of mission work in Africa, but the offer was burdened with such conditions that it was declined. It was known for a year or two that Mr. Arthington, who was a somewhat eccentric member of the Society of Friends, left in his will an estate of about two and a half million dollars, to be divided as follows: Five-sixths to the American Board and one-sixth to the London Missionary Society. The will was some ambiguity in the terms of the bequest, and it was some time before the conditions imposed as to the use of the money were ascertained. One condition is that both principal and interest shall be expended within twenty-five years, and it shall be used toward new work. The London Missionary Society, which will receive consideration of a million dollars, will meet to decide the greater wisdom, says the Missionary Herald, to so expend this money that it shall not involve them later in an annual expenditure hard to meet. It is with this beneficence in mind that the London society has already a well-established work. This matter is now under consideration.

WALL STREET NEW YORK, Nov. 2.—Wall St.—The opening market showed some depression from the foreign markets due to the resumption of the tariff revision. A number of industrial stocks, however, opened higher than yesterday. The market closed with a gain of 1/8 point. The following are the closing prices: U. S. Steel, 27 1/2; American Smelting, 14 1/2; B. & O., 11 1/2; Brooklyn Transit, 13 1/2; N. Y. Central, 13 1/2; Northern Pacific, 13 1/2; St. Paul, 13 1/2; Reading, 12 1/2; Rock Island, 12 1/2; Southern Railway, 12 1/2; Southern Railway, 12 1/2; U. S. Steel, 27 1/2; do. pd. 28.

NEW YORK COITON MARKET NEW YORK, Nov. 2.—Cotton futures opened steadily, Dec. 10.65, Jan. 10.77, Feb. 10.80 bid; March 10.97; May, 11.05; July 11.10. H. L. Spencer, the post-agent of Kennebec Bay, is spending a few days in the city. Mr. Spencer has abandoned journalism for country life and store keeping, and it agrees with him.

WOULD ABOLISH GRAND JURY MONTEREAL, Nov. 2.—(Special)—At the opening of the November term of the Court of King's Bench, Judge Hall is drawing the grand jury, and is advocating the abolition of that body. The reasons given were that the magistracy at the preliminary investigation was capable to judge, and that the grand jury was unnecessarily expensive.

During the recent dry weather in the District, certain trucks that do not take an involuntary crisis in deep water, and provisions in the form of meat, poultry, etc., were sent to the city. The quality of the meat, however, was not so good as it should be. It was found that the meat was not so fresh as it should be, and that the quality was not so good as it should be. It was found that the meat was not so fresh as it should be, and that the quality was not so good as it should be.

SUGGESTED THAT CITY DRAIN POLLUTED WELL AVOID A LAGER.

No Fresh Cases of Typhoid Reported Today—Where "Black Tom's Well" is, and How It Got Its Name—Has Been Favorite Resort for Thirsty for More Than Fifty Years.

No fresh cases of typhoid have up to the present time been reported to the Board of Health from Douglas avenue and, as far as has been ascertained, there has been no marked change in the condition of any of those affected with the disease. It has been suggested to drain "Black Tom's Well" in order to do away with further danger, and brief outlines of its history have been furnished by parties well acquainted with the locality. R. Parker Haman when seen this morning, said that he and his family had used water from the contaminated well for drinking purposes, without boiling it, as they did the city water, which they thought was not so pure. His children have played in the field, and this boy, who is ill of typhoid, told him that when he last drank from the well he noticed small brown specks, not unlike little

pieces of brown paper. Mr. Haman did not know whether they were of any consequence or not. He has discontinued the use of the well water and is now utilizing the city supply. Mr. Haman said that while he would not state definitely that his children contracted typhoid from the well, he thought there was strong evidence in that direction, and would like to see it removed entirely. He suggests that the city drain the well with a siphon, and that a good heavy rain storm would destroy it, and a great many who are in the habit of passing through the field would not likely remember the outlet has been gathered, it seems that "Black Tom's Well" is over half a

century old, and at one time furnished the supply for quite a number of people residing in the vicinity. It is not more than twelve inches in depth, with a sand bottom and is fed by a boiling spring. It is situated directly in the rear of the residence of Miss H. Cowan, 205 Douglas avenue, and about half way down the hill. Those well acquainted with the locality from an old negro who lived there with his father. One old confidant says that as far as he can remember, his name was Tom Young, and he removed after a time to Indianapolis. It is also stated that "Black Tom's Well" has borne this name for fully half a century. Dr. Daniel said today that no further steps had been taken towards analyzing the water.

THE TARIFF REVISION Cabinet Meeting This Afternoon to Consider It.

OTTAWA, Ont., Nov. 2.—(Special)—A cabinet meeting has been called for three o'clock this afternoon to consider the tariff revision. The tariff revision is the subject of the meeting, and it is expected that the cabinet will reach a decision on the subject by the end of the afternoon. The tariff revision is a subject of great importance, and it is expected that the cabinet will reach a decision on the subject by the end of the afternoon.

THE SUIT CASE MYSTERY SOLVED Diamond Ring Owned by Miss Geary Found in Boston Pawn Shop.

BOSTON, Nov. 2.—The finding late yesterday in the office of a Book Day Loan Company of the solitary diamond ring given Susan A. Geary by her mother last Christmas was the last thing needed to remove any doubts that might remain as to the identity of the suit case ring. Miss Geary had reported that this ring, which she had lost in the habit of wearing, was missing. The police have learned that the ring was pawned September 11 by a young man, and a search for a South End physician suspected in the case was conducted during the night, but was without result. The police visited the house where he is said to have lived part of the time but the impulse and the doctor had not been there for several weeks. Morris Nathan, who is charged at the police headquarters on the date of having procured an illegal operation on Miss Geary, was still at the hospital today, where he was taken last night because of the weak physical condition. It has not yet been announced when he will be taken to the municipal court to answer the charge against him.

WHO IS WHICH? The feeling among the adherents at the meeting of the rate and sewerage board yesterday afternoon seemed to have been that there was no possibility of completing the work, as that water could be taken from Loch Lomond. The fact, however, remains that Engineer Hunter told a Times man yesterday that the city would have the water this winter and that it would be from Loch Lomond. Who is which? "Cale's heart" so ran the butcher's sign, and the man who sold the meat, but found he had the heart of kine and not the heart of man.

THE BANK OF ENGLAND LONDON, Nov. 2.—The weekly statement of the Bank of England shows the following changes: Reserve decreased, £2,715,000; Circulation, increased, £2,100,000; Bullion, increased, £1,000,000; Other securities, increased, £1,000,000; Deposits, increased, £1,000,000; Public account, increased, £1,000,000; Government securities, increased, £1,000,000. The proportion of the bank's resources to deposits is 125.50 per cent, as compared with 125.00 per cent last week.

J. N. Sutherland, of the C. P. R., has done a large oil painting of the Market Slip to the city of St. John, and the mayor proposes to have it in the council chamber on Monday, at the regular monthly meeting of the council. It will probably be hung in the mayor's office. The painting is a handsome one, and reflects great credit on Mr. Sutherland as an artist.

It is probable that Mr. McNichol will visit that section of the country before his return to Montreal. When asked regarding the reported shortage of cars in the west, he said he had heard nothing of it and did not think it could be so, as the C. P. R. is turning out a new car every 22 minutes. In regard to the prospects for the winter-post business here, he said it was probably that St. John would have all the business it could handle, and already grain was on its way to the elevator at Sand Point, from Fort William, so that they would have a supply ready for the first steamer.

Mr. McNichol will look over the facilities here and will leave tomorrow for a tour of the Atlantic division.

CALIFORNIA HAS DROUGHT In Some Sections of That State There Has Been No Rain Since May.

SAN FRANCISCO, Nov. 2.—The weather bureau's report for October shows that California is suffering from an extraordinary protraction of the dry season. Agricultural interests in certain sections of the state are seriously threatened by the drought. North of the Sacramento River in particular the farmers fear great losses. In that section of the state less rain than usual fell last season. The first rainfall was on May 8, nearly six months ago. Only nine times in the last year has San Francisco had a rainless October.

A STIFF LITTLE FIGHT BERLIN, Nov. 3.—An official dispatch from Berlin says that the Russian army, under the command of General von Trosch, is in a stiff little fight with the German army, in personal command of a German general, near the town of Liepzig. The fighting is very hard, and the Russian army is being pushed back towards the city of Liepzig. The German army is being supported by the Russian army, and the fighting is very hard.

WINNIPEG, Nov. 2.—(Special)—R. Knapp, in the employ of the provincial government, is under arrest. The charge against him is ostensible theft, but it is alleged he has been buying blackmail upon houses of ill-fame in the present campaign of the license department against these places.

WILL BUILD BIG SHIPS BERLIN, Nov. 2.—It is semi-officially announced that the remainder of the battleships to be built under the naval programme will have a displacement equal to the displacement of the large battleships of the other naval powers.

FIRE IN BLACKSMITH SHOP CREATED SCARE It Occurred Early This Morning In the Moncton I. C. R. Yards—Citizens Thought The Whole Town Was Doomed—Damage Fairly Slight.

MONCTON, Nov. 2.—(Special)—Citizens of Moncton received quite a scare this morning between four and five o'clock. The continuous shouting of the I. C. R. whistle left the impression that the whole town was in flames, and that the town was burning down. The fire proved to be in Hopper's I. C. R. blacksmith shop, situated near the Northern Crossing. When discovered about four o'clock, the fire had made considerable headway and the shop was in flames. Before the firemen could reach the spot and get to work the fire had extended to the I. C. R. carpenter shop, Geo. B. Bleakley, foreman, a few feet away. Hopper's shop was the headquarters for track work, frog and switch making, and gave employment to about a dozen men. The machinery in the building was practically destroyed. Some eight hands were employed in the carpenter shop, and some

MORE MEN HAVE CLAIMS Against H. R. Barber, Who Is In Jail in Connection With the Cash Register Mixup.

In the civil court this morning two suits were entered against Harold R. Barber—one by Robert W. W. Book for the amount of \$30, and the other by Robert W. Jones, an employe in the cash registry office, for \$48. Constable McBratney went into the jail after the defendant in both cases, but he refused to come to court, not wishing to defend the cases. Both were stood over.

It is understood that the four salesmen of the Halwood Cash Register Co., of which Mr. Barber is the Canadian agent, will take action against the company for the amount of salary which they claim is due them. The men have been about the city for the last eight or nine weeks trying to get a settlement of their claims, and it is now stated that they will also claim payment for the time lost, which their attorneys say they can demand.

It is understood that the injunction which was placed on Barber's goods yesterday covers the goods which are in the customs house. There are 22 safes and 200 boxes of goods in the customs house, and it is understood that most of them have been ordered, but not delivered, to the various buyers. In the office of Prince Wm. street there are about 12 cash registers and 5 safes. Some interesting complications are looked for in the next few days.

TODAY'S NEWS FROM RUSSIA ODESSA, Nov. 2.—Anarchy is rampant. Killing and plundering by bands formed of hundreds of "loyalists" continue today. Attacks on the Jews are increasing. The night was made hideous by bodies of "loyalists" with whom the police are fraternizing, marching through the principal streets bearing national flags, and in that section of the state less rain than usual fell last season. The first rainfall was on May 8, nearly six months ago. Only nine times in the last year has San Francisco had a rainless October.

CORINTHIANS, Nov. 2.—Telegraphic communication between Frederic, Denmark, and St. Petersburg, by way of Finland, has been severed by the strike. The service from Frederic to Lohas, and thence to St. Petersburg, is working.

WARSAW, Nov. 2.—Noon—It now appears that thirty persons were killed and over a hundred wounded during conflicts here last night. Instead of the expected outbreak of martial law today, the military governor had the walls covered with proclamations denouncing that in consequence of yesterday's disturbances, crowds assembling in the streets will be dispersed by force of arms.

Funeral of Mrs. John T. Gibson at Marysville Today One of Largest Ever Seen There—Business Suspended—A Fine Deer for Provincial Museum.

FREDERICTON, N. B., Nov. 2.—The funeral of the late Mrs. John T. Gibson took place at Marysville this afternoon, and was one of the largest ever seen in that town. All business was suspended as a mark of respect to the deceased, and hundreds followed the remains to their last resting place. An impressive service was conducted at the house by Rev. W. B. Thomas, assisted by Rev. W. W. Brewer. The chief mourners were Alex. Gibson, Alex. Gibson, Jr., James Gibson, Dr. A. P. Crockett, Prof. Chas. L. Chisholm, Chas. H. Hart, John R. McCannell, Frank M. Merritt, A. G. Robson, and Master John T. Chisholm. The pall bearers were Thomas Lively, E. A. Taylor, Alfred Rowley, G. W. Foster, George Cochran, and Richard Staples. Many beautiful floral offerings adorned the casket in which the deceased was held.

A deer that dressed two hundred and fifty pounds was shot at Yoho yesterday by Cloos Eastman of Kingsclear. The carcass was purchased by Deputy Surveyor General Flewelling and will be mounted whole for the crown land museum.

It is expected that rating operations at the Mitchell boom will be completed some time next week. Since October 7th, when work was resumed, four million seven hundred thousand feet have been rafted and towed to St. John. The boom company do not expect to winter any logs in either the Douglas or Hinchinboom. As the present time there are about eight million feet of logs hung up in the main river between Grand Falls and Kilburn and there are about twenty million at different points above the falls.

There is little chance now of getting those into the booms this fall and there is danger of them going out with the ice in the spring.

The Boom Company have not had a very prosperous season and the chances are that legislation will be completed some time next week of the legislature to enable them to increase the toll on lumber. A heavy rain and wind storm passed over the city last night, but the weather cleared up towards morning.

Adm. Christie, a native resident of New Maryland, died last night, aged ninety-one. He was a widow, one son and three daughters. He was a native of Scotland and came to New Brunswick when eight years old. Mrs. Peter Hainig of this city, died ninety-four years, the last survivor of his family.

The machinery in the building was practically destroyed. Some eight hands were employed in the carpenter shop, and some

of the men lost all their tools, which is a personal loss. The destruction of the buildings, it is understood, will not throw any of the employes out of work as room will be made for them in other parts of the works. Room has been made for some of the blacksmiths in the main shop. At eight o'clock the I. C. R. firemen were still playing on the ruins on account of the danger of the high wind fanning the ashes into a blaze. The loss to the railway will amount to four or five thousand dollars and more. Hopper's shop has been in existence almost ever since the works were established here and is a branch of the track department. About eight or nine years ago, during the changes made in the I. C. R. yards Hopper's shop was moved from the east end of the yard to the North Crossing. It is not known whether the shops will be rebuilt or whether the work will be removed to the main shops.

IS ON THE MEND. Mr. Jamsey Jones, when the Times newspaper called on him this morning, was reclining in an easy chair, with his eyes closed, listening to the noises in his head. Next week the Ludlow will once more be placed on the ferry route for the first time. She will then be taken off and examined, and if the present state of affairs is anything wrong with her she will be discharged and others put in their places, who can find places for more passengers, and other fixtures. She will then be provided with those things, after which she will again be put on the route for the first time. Capt. Glasgow says that she is a fine boat, and that there is every probability that the staff of Rodney Hospital will be kept as busy as before, which means that they will have a steady job.

WARSAW, Nov. 2.—(Special)—When word was received here today of the state of affairs in New York city the revolutionists hunted up the police and asked to be placed in iron. They said if such new case they have in New York are a result of free institutions they wanted the bureaucracy in Russia.

Montreal, Wisniewski. The Montreal Street Dairy has a very fine report to the stockholders of that company at the general meeting to be held on Thursday of this week. The record of the year has just been issued by Patrick Dabre, secretary of the company, and net earnings are given at \$1,056,908, compared with \$951,826 last year. In this company, the record of a production was made that the net return for the year was \$1,056,908, which estimate was strikingly near the actual figure. The net earnings for the year ending on 30th September 1905 were \$1,056,908, compared with \$951,826 for the corresponding period of the previous year. Net earnings during the past ten years have shown extraordinary expansion. The net earnings for 1905, net was \$1,056,908, compared with the present million dollar figure. Operations expanded in relation to gross earnings have shown a striking consistency during the past decade. For instance, the present percentage is rather less than 41 per cent, contrasted with 32.9 in 1901, an even 30 per cent in 1890 and 26.10 during the year 1880-81.

WEDDINGS Henderson-Pentreath (Vancouver World, Oct. 27). St. Paul's Episcopal church was crowded to the doors at high noon today, when the marriage was solemnized by Miss Mildred C. Pentreath, second daughter of the Venerable Archbishop and Mrs. Pentreath, to A. Ernest Henderson, architect of this city, and son of Rev. Canon Henderson, of Hamilton, Ont. The church had been very tastefully decorated for the event by friends of the bride, the entrance to the porch being ornamented with ferns, the windows also being banked with ferns and English ivy, while an arch of ivy and roman berries, through which the bride party passed, was erected near the entrance to the chancel. The bride, who was given away by her father, wore an exquisite wedding gown of white liberty satin trimmed with bonnet lace, over which hung in graceful folds her long bridal veil of tulle, held in place by a spray of orange blossoms. The bridesmaids were Miss Ida Bliss, cousin of the bride, Miss Grace Corbould (of New Westminister), and Miss Dodd (of Yale). Thomas Jenkins being best man. The bridesmaids were prettily gowned in cream muslin veiling, trimmed with lace insertion with which they wore large hats of white veiling, trimmed with silk and long white ostrich plumes, and carried bouquets of pink carnations and asparagus ferns. The brides were Norman Sewer and W. E. King (St. John, N. B.), cousin of the bride. The ceremony was performed by His Lordship Bishop Poirer, assisted by Rev. H. J. Underhill, rector, and Rev. Mr. Miller, of Victoria, the service being fully choral throughout. After the ceremony a reception was held at the residence of Archbishop and Mrs. Pentreath, the happy couple leaving by a private motor car for their residence in the city. On their return Mr. and Mrs. Henderson will take up their residence in the city. A very large number of handsome presents were received by the newly wedded pair, and the large number of guests at the church were: Sir Charles Herbert Tupper, Lady Tupper and the Misses Tupper.

Foster-Wheaton A very pretty wedding was celebrated last evening at the residence of Mrs. Annie Wheaton, 201 Duke street, when her daughter, Annie Mansel, was united to Charles Foster, of the firm of Foster, Wheaton & Co., by Rev. J. J. Shalhouse, of the Tabernacle, officiating. The bride, who was unattended, looked prettily in a travelling suit of blue broad cloth. The groom's presence to the bride was a fur collar. Many beautiful and useful presents were received. The happy couple will leave this morning for a brief trip up the St. John river and on their return will reside in the city.

Jewett-Devine A quiet wedding was held at the home of the officiating clergyman, Rev. David Jewett, last evening, when the daughter of Frederick, was united to Nellie Devine of Sussex. The bride's gown was of grey cloth, with a white collar and white plumes. The bride was supported by Miss K. M. Reed, cousin of the groom, and the groom by G. H. Marshall.

McClroy-Shea WOODSTOCK, N. B., Nov. 2.—(Special) Miss Estelle Shea, daughter of Mr. and Mrs. Judson A. Shea, of Grafton, and Everett McClroy, the second son of Robt. McClroy, were happily united last evening at the bride's home, the officiating clergyman being Rev. I. A. Corbett. The bride was dressed in white silk, with trimmings and carried a superb bouquet of roses and maiden hair ferns. The newly wedded couple were accompanied by a throng of the immediate relatives and friends were present. After the ceremony all went to the home of the groom, where a reception was given by the bride's mother. The wedding party in Grafton where a reception was held. The usual honeymoon trip was dispensed with.

THE EVENING TIMES, ST. JOHN, N. B., THURSDAY, NOVEMBER 2, 1905.

THE EVENING TIMES. ST. JOHN, N. B., NOV. 2, 1905.

The St. John Evening Times is published at 27 and 29 Canterbury Street, every evening (Sunday excepted), by the St. John Times Printing & Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act, 1885.

THE CITIZENS' LEAGUE. The chief aim of the Citizens' League, which will this evening resume its deliberations on civic affairs, should be to discover men. No system that may be devised will produce satisfactory results in civic government unless men in whom ability, courage and the higher type of civic patriotism are embodied can be induced to take up the work. It is believed by many people that the best method of representation would simplify the task of securing such men as candidates for seats at the council board. The present system has certainly failed in this respect. It is not contended that there have been no good men in the council during the period of election by the whole city vote, or that results were any less satisfactory than under the former system of many wards of varying size; but there has not been the business-like grasp of civic officials which produces the best service at the least cost to the taxpayer. The affairs of this city have not been conducted as intelligently and successfully as the business of an estate or a manufacturing plant would be conducted. Possibly such a comparison is unattainable, but it can at least be approximated by the united effort of able and fearless representatives, who are not to be deterred from their duty to the public by considerations of personal interest, sectional appeals, or the selfish influence of the lobby. There is a feeling that an able city council than those of many years past can be secured, and this is the aim of the Citizens' League.

But in any case the League may be of great service to the city, merely as an organization for the consideration and discussion of civic affairs, arousing a more general interest on the part of the taxpayer in matters which concern them far more directly than those of provincial and federal import.

IN PIOUS TORONTO. A plumbers' combine is under fire in Toronto, and important developments are promised. The crown attorney is in charge of the case for the city, and he makes this interesting statement of the combine "worked" the city: "As the time tended were being received for the Isolation Hospital my information goes to show that fraud was committed. The association declared this job an open contract. The Master Plumbers placed their tenders before the corporation. The amounts of these tenders were added, and an average obtained. The plumber whose figure was nearest the average was given the contract. Five per cent, was added to the amount of the contract for the association, besides enough to give every person who had put in a tender about \$20 apiece, to be paid when the money was received from the city. Then a number of contracts were submitted to the corporation, but none were allowed to tender within 10 per cent, of the amount of the chosen plumber's figure. In this manner the city was shuffed out of about \$250."

It is apparently not without some reason that the Toronto News recently raised a modest objection to the phrase, "pious Toronto." The crown attorney says further: "If a private citizen is not satisfied with the way he is being served by the plumber he can get no satisfaction. Another plumber who may be asked to tender must correspond with the plumber who made the first tender, and if his figure is \$100 for a job the second tenderer must make his bid \$110. Thus there is practically no competition."

THE RESULT of the investigation is expected to be the dissolution of the combine. This may be bad for the plumbers, but tradition tells that a plumber is a very resourceful man.

IN NEW YORK. New York might endure the election of such a man as William Randolph Hearst to the mayoralty, but it is hardly conceivable that even at this time when the scandals involved in "high finance" are so much in evidence the chief city of the United States should deliver itself into the hands of a man whose newspapers have been for years an evil influence. He is taking advantage of a time of social unrest to push his own personal fortunes, and does not hesitate to make promises which he knows he cannot fulfill. The story is not a new one. It stands out frequently on the pages of the history of cities and states. But if society is sometimes willing to let such a man have his return to sanity, Hearst will probably be defeated, as he deserves to be, and it seems also probable that Jerome will be re-elected district attorney, which is perhaps even more desirable than the defeat of Hearst for the mayoralty. Hearst as mayor could only detach the city within the limits of the law. Jerome, as district attorney, stands pre-eminently for law and order, and in deadly opposition to the reign of graft.

IN RUSSIA. The disturbances now occurring in Russia are caused by those who desire a complete revolution, out of which might come an improvement of their own fortunes. The same class precipitated the French Revolution. It may be hoped that they will not succeed in Russia, which has not only before it the example of the French Revolution with its attendant horrors, but has the assurance that reform

Men of Saint John. W. E. RAYMOND. William E. Raymond, one of the proprietors of the Royal Hotel, was born in Hampton (N.B.), March 27, 1850, and is therefore in his 55th year. He is a son of James Wesley Raymond. He is a descendant of loyalists on both sides of the family.

Mr. Raymond attended the superior schools in his boyhood, and completed his education with a business course at Kerr's Commercial College. He was engaged in farming until 1870, when he came to this city and has since been identified with the Royal Hotel. He was employed with his uncle, Thomas Fowler Raymond, then proprietor of the hotel, until 1883, when on the death of his uncle he formed a partnership with H. A. Doherty, and the business has since been conducted by them since that time.

Many important changes have been made in the hotel since Raymond and Doherty became the proprietors, and it now occupies the position of one of the leading hotels in lower Canada. In 1889 the building on the corner of King and Germain streets, occupied by S. McDermid was taken over and remodelled, making a large addition to the capacity of the house. Last August the building at 2228 Germain street, known as the Kestor property was secured and 24 rooms were fitted up as sample rooms for the use of their commercial patrons. The Royal Hotel has 125 guest-rooms with accommodations for about 200 guests. There are about 40 employees, of whom about 25 support families. The apartment paid out in wages each month is somewhere over \$1,600.

Mr. Raymond is a member of the Foresters and of various branches of Masonry. He is a member of Hibernia Lodge, of Carleton Chapter, St. John Freeport and the Mystic Shrine, being treasurer in the latter.

Another Big Hit. Pollard's Liliuputians Continue to Grow in Favor at York Theatre.

Another very large audience was at the York theatre last night to enjoy the Australian Liliuputians. The company is "A Runaway Girl." The company is certainly the best juvenile aggregation ever seen before the footlights in this city. The acting of the Professor, by Marie Predic Heintz, was excellent, and the singing, by Daphne Pollard, was magnificent. Teddy McManara again scored a big hit as Flipper. Each member of the company has his part well. The bright music in which "A Runaway Girl" abounds was well sung, particularly in the choruses.

A COMPARISON. (Montreal Witness). Petersburg during the past few months especially read like leaves torn from M. Taine's description of the days immediately preceding the French revolution. The winter of 1788-1789 was terrible—especially in Paris; and all France was excited by distress and hope. The capital swarmed with rioters from the country districts round; crowds of desperate country folk pressed in. All this mass floated about Paris, and was engulfed therein, as in a crucible; alike, some sought work, some begged, all provided about a prey to humors, ragged fellows, many almost naked, with appalling faces—beings one does not remember to have seen by daylight. (Such is the impression left by the crowd which swarmed in the lower districts of Paris; this is the rough material out of which the Parisian and despotic element in the revolution was made.) This passage from Taine might have been written by a Russian author today concerning St. Petersburg, excepting that a revolution and despotism have not yet been made and may yet be saved.

REV. C. FLEMMINGTON IS GRAND WORTHY PATRIARCH
Grand Division, Sons of Temperance, in Session at Moncton Elected Him to Chief Office—Encouraging Reports of Work Done During Year.

Moncton, N. B., Nov. 1.—(Special)—Grand Division of the Sons of Temperance met in annual session here this evening. Grand Worthy Patriarch H. C. Tilley, St. John, in the chair. About fifty representatives from different parts of the province were in attendance. The grand lodge officers are G. W. P. H. C. Tilley, St. John; grand scribe, E. A. Everett, St. John; grand chaplain, Rev. C. Flemington, Point DeBate; Grand Sentinel, D. C. Fisher, St. John.

Representatives present included the following from Westmorland division: No. 20, Point DeBate, Rev. C. Flemington; Newcastle, No. 45, Edward McCreary; St. John, P. G. S. A. J. Armstrong; Albion, No. 14, St. John, H. C. Tilley, G. W. P.; Grand secretary, E. A. Everett; P. G. W., P. J. R. Woodburn, and D. C. Fisher; Golden Rule, No. 31, Hopewell Hill, Mariner M. Timbery; Moncton, No. 183, Mrs. Geo. Fowler, Mr. and Mrs. Geo. Fortue, E. B. Hicks, Wm. McNevin, Edw. McCarthy, A. C. Reid, Geo. A. Wilson; Grand St. Martin's, 194, M. Kelly; Gurney, No. 5, St. John, H. W. Belding, St. John; Red Bank, Rev. J. D. Murray; Granite Rock, No. 77, St. John west, David and John Thomas; Harcourt, No. 43, H. H. Stuart; Sackville, No. 40, F. J. Singley.

Twelve new members were initiated into grand division as follows: Mrs. M. Hoar, Clarence J. Hicks, R. T. Colpitts, Mrs. Annie Kay, Miss H. McClintock, Miss Joan McLaughlin, Mrs. Geo. Armstrong, W. H. Stone, James Kilham, E. W. E. Smith, Everett M. Hicks, Robert Gamble.

The grand worthy patriarch, grand scribe and grand treasurer reported. The grand scribe reported a net gain of 105 members for the whole year in all the divisions. New divisions have been started at Base River, Lorneville and Grandville. At the semi-annual meeting the grand scribe made the suggestion that twelve divisions be stricken off the rolls of the grand division for one year and another. Since then, however, Potok, Westmorland and Belle Verte divisions have been reorganized and Belle Verte division has been revived.

The following were the figures presented in the grand scribe's report: New members initiated, 268; joined by card, 8; reinstated, 21; total additions to the divisions, 297; withdrawn, 34; suspended, 151; expelled, 6; deaths, 6; taken off the rolls, 202; net gain, 105. On Sept. 30 of the present year there were forty-seven subordinate divisions.

After referring to the excellent work which Michael Kelly, of St. Martin's, did last winter as secretary, the grand scribe made feeling reference to some of the prominent members of the order who had died since the last meeting. Among these were P. G. W. P. Robert Bell and P. G. W. A. John Rankin, of this city. He pronounced as a loss on the memory of Mr. Rankin, who had been a prominent member of the order for the long period of fifty-seven years. At the time of his death he was a member of Gurney division and he was accounted one of the most prominent men in the order.

The grand scribe, in his report on temperance legislation, said he hoped the committee of the temperance bodies, appointed to deal with the present bill, would be able to get together during the coming winter and agree upon some course of action.

The grand scribe received the following sums during the year and he paid them over to the grand treasurer: Per capita tax, \$247.47; for supplies, \$83.07; for grand lecturer's fund and subscription to the same, \$22.75.

The report of the grand treasurer, Thomas H. Lawson, showed the order to be in a flourishing condition financially. It showed a balance of \$381 in hand as well as \$33 in the fund for the grand lecturer.

THE CITIZEN'S LEAGUE

The Citizens' League at a meeting in the board of trade rooms tonight will consider a proposition to divide the city into six districts for the purposes of elections, to elect from each two aldermen who must reside or do business in the ward from which they offer, to elect three aldermen at large, to do away with the present qualification for the position of alderman and leave the field for aldermanic and mayoral candidates open to any qualified voter.

This in brief is the report of the executive committee of the league and it was drawn up at a meeting of the executive Tuesday night. It is the result of a considerable amount of work which included the gathering in of information from a number of cities relative to the manner of electing city council representatives in their places. This information has since been gone over and considered in the knowledge of the conditions in St. John and the report of the executive is the result.

Having done this, the executive has completed the work assigned to that body last spring and tonight's meeting is to consider what action shall be taken. A member of the executive said yesterday that the suggested scheme would leave the council the same as now in the matter of numbers but the new plan would give a wider field from which to draw men for district aldermen. It had also been considered best to recommend the withdrawing of the property qualification now necessary in a candidate for the mayor's chair or the common council. The districts have been formed by uniting in pairs wards which adjoin, and Stanley in which the vote is small, has been added to one of the North End districts. Three aldermen-at-large are proposed. It is also claimed for the proposed plan that it will do away with the chances for combination work among candidates against an individual running for the council.

The report is—
To the executive committee of the Citizens' League:
The sub-committee appointed to put in to writing the resolution of the executive committee with reference to the division of the city into districts for the purpose of city government, beg leave to submit the following:

1. That the city be divided into six districts composed of contiguous wards as follows:
District No. 1, Duke and Sydney.
District No. 2, Kings and Queens.
District No. 3, Prince and Wellington.
District No. 4, Victoria and Dufferin.
District No. 5, Lorne, Lansdowne and Stanley.
District No. 6, Brooke and Guye.

2. That each district be represented in the common council by two aldermen elected by the qualified electors in the respective district and that there shall be three aldermen at large who, with the mayor, shall be elected by the qualified electors of the whole city.

3. We recommend that steps be taken to procure the necessary legislation to carry into effect the above suggestions, also to abolish the present qualifications for aldermen so that any duly qualified elector shall be eligible for election to that office provided that in case of districts the candidate shall be resident or do business in the district in which he is nominated. Any qualified elector resident in the city shall be eligible for alderman at large or mayor.

Tonight's will be the first meeting since last election and the executive is desirous of a large attendance.

A HALLOWEEN PARTY
BAYSWATER, Nov. 1.—A very enjoyable time was spent on Halloween night at the home of Mr. and Mrs. Thos. Lincolnton, Bayswater. About 40 invited guests from the city, Millidgeville and the surrounding district had a jolly good time. Games, dancing and other amusements were indulged in until a late hour, when all the guests returned home delighted with the pleasant evening spent. Refreshments were served. F. E. Currie, the newly elected councillor for the parish of Westfield, and his wife, were the guests of the evening.

A. J. Wetmore, provincial government engineer, was in the city yesterday and will probably go to Norton today.

F. W. Broderick, of the seed department at Ottawa, is at the Dufferin. In conversation with a reporter, Mr. Broderick said yesterday that there is a great deal of interest being taken in the good seed movement by the people in all parts of the province and that there will be a seed department at the Maritime Winter Fair this year for the first time. Mr. Broderick said that he was not in a position to say whether the seed fairs would continue in this province as heretofore, but that in all probability they would.

An alarm of fire was rung in from box 22 yesterday between 3 and 4 o'clock for a slight blaze in the house of R. A. Rye, Duke street. No damage except to a window curtain was done.

QUIET IN THE CAPITALS; STORMS RAGING OUTSIDE

Provincial Cities in Russia Are Now Centres of Bloodshed and Disorder—Anti-Jewish Uprisings Reported from Many Quarters—Severe Fighting in Odessa.

St. Petersburg, Nov. 1.—Though today passed comparatively quiet in St. Petersburg and Moscow, a flood of despatches from many cities with a heavy toll of dead or wounded. The people while celebrating their new-found freedom were in many instances set upon by Cossacks and police, while in other localities the spirit of mob violence broke forth and the lower elements of the population gave themselves up to pillage and destruction.

The most serious disorders apparently occurred at Odessa where hundreds of persons are reported to have been killed or wounded and where the rioting is most ferociously expected to flare out into a repetition of the slaughter of last July, and at Khar'kov, where a three days' reign of terror was ended only by the retirement of all Cossacks to their barracks.

A deplorable feature of the news from the interior is the anti-Jewish uprisings which have occurred in many places, especially in the South Russian, where the Cossacks and the lower elements of the population are attacking and slaying the members of the race, in some cases resorting to the torch and the sword.

The attacks on the crowds are reported to be in most cases the work of Cossacks, who many times were apparently incited upon the people without direction or authority.

In St. Petersburg today General Troopoff in accordance with his announcement of last night, prevented the resumption of revolutionary demonstrations by having the crowds dispersed wherever and wherever they gathered. Several places and Nevsky Prospect were several times cleared by Cossacks and police and the crowds were driven from the vicinity of the University with whips and the fists of the General Troopoff was aided by the weather, which was cold and rainy and which kept many people off the streets.

Count Witte's task in securing a fair trial for the new experiment in constitutionalism is a most difficult one. He is disappointed at not securing the support of the Liberals on whose co-operation he counted. Many of these are holding aloof and seem rather to enjoy the spectacle of the trial, which the premier finds himself obliged to interpret as including the press.

Against the demand for the removal of General Troopoff, Count Witte, however, informed a delegation from the strike committee which called on him today to demand the removal of General Troopoff, that it would be madness for him to dismiss the man capable of maintaining order in the city at the present juncture.

Nominally for the purpose of perfecting their organization and gathering funds, the strike committee tonight decided to call off the St. Petersburg rioters to meet at noon Friday next, to resume it at an opportune moment.

The St. Petersburg rioters have resolved to continue their strike, declaring they have assurances that the soldiers of the railway battalion will desert in a little time, and in the meantime are busily engaged in the preparation of their arms.

MIKE (TWIN) SULLIVAN AND JIMMY GARDNER

(By W. W. Naughton.)

SAN FRANCISCO, Oct. 31.—The November pugilistic attraction here will be a 25-round contest between Jimmy Gardner and Mike (Twin) Sullivan. It is the first time since existing boxing regulations have been in force that the match-makers have signed men for a go of longer duration than 20 rounds and it looks as though the desire is to have the rival Massachusetts slugger battle it out to the bitter end. Maybe it's the fact that Gardner and Sullivan fought a couple of dead heats already; that is causing the promoters to scheme for a finish fight this trip.

Both men are to meet at catch-weights, a circumstance which is worthy of note when it is considered that each of them has been known for a long time with Battling Nelson. As there was no argument over the weight clause, it is fair to assume that the arrangement for either man with the ease and comfort of an old pair of shoes.

"I'll weigh about 130, and I guess that's the best notch I've hit in a bare of confidence. As for Gardner, I expect he'll go about 142. If he'll tell the truth about it, that's the mark that suits him best."

It may be that Mike is taking liberties with Jimmy's fighting weight. These rivalist fighters like to make the other fellow out to be the heavier, even if it's only a few ounces. From what we know of Gardner here, though, we are satisfied that it would be positively inhuman to send him to the scratch unless he weighed 130 at the least.

There is a somewhat blatant sport around town now who wants to bet \$300 even that Gardner will weigh all of 122 pounds before he enters the ring with Sullivan, and the chances are that the wager will not be accepted. About the only thing approaching a moral in this is that when Battling Nelson says—"I will fight Gardner if he makes 133 at the ring side." The Dane really means: "I have no intention of boxing Gardner," but this is disgusting.

Gardner was slow to accept the offer of a match with Sullivan, and the sports hereabouts began to wait Jimmy with faint-heartedness. Then the Gardner family flared up. A contract calling for a November fight with Sullivan was closed in a record time, and the first deposit here that Gardner has made is \$2500 for the fight. It was also given out that each man was to furnish \$1500 earnest money.

It may have been all right, but the public, recently recovering from other wounds, remarked how like it all was to the Britt-Nelson fight, only that the side bet was smaller.

It was no wonder that the patrons of the game pugilistic became suspicious, for here were a couple of fellows who may or may not draw \$5000, tying up \$8000 in bets and forfeits.

Something went wrong with the bet, Sullivan, it was said, had learned that one of San Francisco's "pugilistic plagues" was furnishing the money of war for Gardner, and figured that Gardner might be harder to defeat if there was local money back of him.

Levy of the Hayes Valley Club also intervened against the side bet clause and now it is announced that the welter will battle for the purse money alone on the night of November 24.

FISHER MAIDENS

Brought from Scotland by Government With View to Making Fishing Industry More Valuable.

(Ottawa, Citizen.)

A party of those interesting folk, the Scottish fisher maidens, is in the city at present. Under the charge of Mr. J. J. Cowie they are en route to British Columbia to teach the fishermen how to treat and pickle herring so that they may be a more marketable quality. There are four girls in the party and a Scotch cooper, but the summer has been spent on the Atlantic coast, mostly at Cusco and Yarmouth, Nova Scotia. They are now on the way to Nanaimo. In British Columbia, while the waters teem with herring, they have never been used much except as fertilizer, and it is for the purpose of teaching the fishermen how to treat and pickle herring so that they may be a more marketable quality. They have been brought out by the department of marine and fisheries. They come from Murrayshire, Scotland, where a very extensive fish canning industry is being carried forward.

LONDON'S DEBT

It Has More Than Doubled in Last Sixteen Years.

LONDON, Nov. 1.—Sir Edwin Cornwall, who was knighted the other day for his services as chairman of the London County Council, has rather startled Londoners by the recital of some of the stupendous figures in his budget speech. Within sixteen years the debt of the county council has increased from £17,563,282 (\$37,816,210) to £44,622,208 (\$92,310,330), and the amount expended on the local government of London is greater than that of Norway and Sweden combined, double that of Roumania and four times that of Denmark.

Sir Edwin's long speech was packed full of interesting facts and suggestive expressions of opinion. Here is a brief selection—Fifty or sixty years ago the death rate of London was about 24.8 per thousand; now it is 16.8. That means a saving of about 38,900 lives a year. But the appalling mortality of children is the saddest fact shown by statistics. One child in every seven born in London dies before reaching the age of twelve months. Two hundred and fifty million gallons of sewage are chemically treated every day. A new scheme of food relief is to cost over £4,000,000 (\$8,200,000) a year to educate children in London. "This is a higher sum than anywhere else," said Sir Edwin, "with the single exception of New York."

Space is nothing to spirit, the deed is outdone by the woeer is warm, but warm is the heart of the woeer; and up from the pits where these shiver, and up from the 18 girls where those shiver, Twin voices and shadows swim starward, and the essence of life is divine.
