QUIET NIGHT FOR FRENCH INFANTRY ON THE SOMME AND ABOUT VERDUN

Russia Now Has Six Armies in Field and All Busy—British Clearing Germans From Positions in Preparation For Next Onslaught

Paris, July 12.—There was no infantry fighting of importance last night on the Verdun front or over the portion of the Somme front held by the French, says today's official report.

Intermittent artillery engagements occurred in the Somme sector. In the vicinity of Souville, Chenols and La Lauffe, before Verdun, a heavy bombardment was maintained by the Germans.

In the Champagne the French penetrated a salient of the German front and took prisoners. Two German raids in the Argonne were stopped by the French fire.

London, July 12.—The recovery of the Russian armies since their defeat of last year and the apparently inexhaustible supply of guns and ammunition with which they are provided continue to be a source of wonder to military writers.

At least six great armies are engaged against the Austrians and Germans on Russia's western front. All are using great quantities of ammunition, even those not definitely on the offensive.

The forces under Grand Duke Nicholas in Armenia and Persia have been fighting vigorously against the Turks for months. A few weeks ago parts of these forces, particularly those west of Erzerum, were compelled to fall back in the face of a stronger Turkish army.

Meanwhile the armies directly south of the Ploesti marshes are fighting a pitched battle with the Austro-German forces of General Von Linsingen along the line of the Stokhod River. It probably will be some days before the decision is reached, as the Austrians have brought up very strong reinforcements in the hope of retaining possession of Kovel, the loss of which would necessitate re-grouping over a long stretch of front.

North of the Ploesti marshes the fighting at present is largely with artillery. In Galicia, the Russian armies are preparing for continuation of the offensive.

In the west the renewed efforts of the German Crown Prince at Verdun temporarily are taking precedence in the public mind over the battle of Somme. The attack July 12 delivered by the Germans before Verdun is the seventh great onslaught with dense masses of troops since the operations began some five months ago.

The British are still engaged in clearing the Germans from fortified positions which must be taken before the general offensive can be renewed.

The real estate assets of A. C. Smith & Co., company who had assigned for the benefit of their creditors, were sold at auction at Chubb's corner at noon today by W. L. Potts to close out the estate.

Four lots in Winslow, Lancaster and Rodney streets, to F. B. Taylor at \$75 each. One lot at Old Fort to James Carleton, \$80.

Five lots of land at Fairview Plateau, C. H. Belyea, \$45 each. Self-contained house on leasehold lot, corner Queen and Watson street, West St. John, A. P. Barnhill, \$2,900.

Large metal covered warehouse on Rodney wharf, F. B. Taylor, \$500 each. Warehouse and office property on leasehold lot, corner Union and Winslow streets, F. R. Taylor, \$3,250.

SOLDIERS SENT TO MINTO (N.S.) QUIET NOW RESTORED

Six Aliens Arrested and Are Being Taken to the Amherst Camp

The climax of the scheme of bringing Austrians and Germans into Minto to work in the coal mines there, which has been attended with difficulty from the start, came on Monday when the aliens employed there started a small rebellion.

Disaffection has been growing among them, some have been mutterings and veiled threats, but these did not take concrete form until Monday when the Germans and the Austrians gathered together and began to assert themselves.

It is said they threatened the lives of residents of Minto and that they would destroy the property of the company. The trouble continued to grow until it was realized by the management of the coal company that it might soon get beyond control.

Consequently Manager Henderson of the Minto Coal Company telephoned in to the New Brunswick command here and requested that soldiers be sent to Minto to restore order.

On arrival there they soon quelled the disturbance and six of the ring leaders were arrested and are being taken to the internment camp at Amherst.

The military authorities are now considering with Manager Henderson in an effort to fix upon some scheme by which to handle the balance of the aliens now at the mine.

These men were brought to Minto several weeks ago when the labor market was almost depleted and the company found it difficult to secure miners to continue the development of their mines.

They were taken from internment camps. Since arriving at Minto not a few of them have managed to make their escape and with much trouble were returned. Once a German was captured, it is evidently the chief characteristic of these men, however it is not likely that they will see any further opportunity of making a disturbance at Minto. They will be closely watched.

New York, July 12.—In an article entitled "Why Austria should be a Times correspondent," presumably by Colonel Repington, writes from the Italian front: "I have not seen anywhere in the Italian or foreign press an appreciation of the Trentino according with its views."

The first war heretofore estimated of the recovered power of Russia, one of these fatal mistakes was to misjudge the recovery of the Russian power.

The second mistake was the moment chosen for the Austrian blow. One may say that the Austrian blow was a skill of their organized forces in the Trentino and the vigor of the blow.

What was the object? It was generally supposed to be the invasion of the plains and the interruption of the lines of communication with the Isonzo. Consequently when the Austrians were not invaded a loud triumph was raised. In Italy the advance came as an arrow from the sky.

The correspondent says he did not see any news much as he admitted the excellent disposition of Gen. Cadorna. He adds: "The Austrians retired mainly at night. It is likely that they expected to invade Italy with fifteen divisions when they must have known that General Cadorna had some fifty. Why did the Austrians retreat? Because they had effected their object, which was to compel Gen. Cadorna to make fresh dispositions for the delivery of a serious attack on the Isonzo simultaneously with the allied offensive."

Where the Austrians failed was in the time chosen. Had Gen. Conrad waited to the attack on the Isonzo I think the effect of the Trentino strike might have been serious. It is a blessing indeed that the Austrians did not wait.

Prepare Welcome To Col. J. L. McAvity. Commander of Gallant 26th to be Given Rousing Reception in His Home Town

At a brief meeting of the common council in committee at noon today arrangements for a demonstration in honor of Lieut.-Col. J. L. McAvity on his return from the front were discussed.

It is known definitely when Colonel McAvity will arrive in St. John. He is expected soon and the plans will be perfected as far as possible, pending further advice.

The suggestions made that the gallant officer should be met at the station by the citizens and be escorted through the city streets by a procession consisting of the city police, the firemen, the returned soldiers, the employees of the McAvity plant and citizens generally.

In the absence of Mayor Hayes, Commissioner McLellan presided at the meeting, with the other commissioners and the common clerk present.

New York, July 12.—(Toronto Globe)—Every word of the Deutschland's return cargo of rubber and nickel is already stored at her pier. The nickel is in small boxes, which can be stored ready in space available for it.

The great quantity of rubber has been cut in odd shapes, which are reported to be so arranged that they can be used to fill practically every odd nook and corner about the dock.

Maritime men here assert, therefore, that there can be no real reason for delaying the departure of the submarine, and that they would not be surprised to have her start today.

Nothing has been learned or given out regarding the nickel and rubber for the Deutschland but from fragments of news in the last few days, it was originally supposed to be the German U-boat to secure the 800 tons which it has been said will be carried back.

While there are some other small producers of the metal, the amount turned out is small, and it would take some time to supply such a total as it is declared will be taken out of Baltimore.

Baltimore, July 12.—The North German Lloyd has received from persons in all parts of the country offers running as high as \$50,000 for the privilege of taking passage on the submarine on her return trip.

"We have had letters from some persons," said a representative of the company, "who said that they would pay any price we wanted. There was one \$50,000 offer, several of \$10,000 and virtually scores running from \$1,000 to \$5,000. These we have had to refuse."

Nearly all of them came from Americans. There are, of course, thousands of Germans in this country who would like to get back to their native land, but no passengers will be carried."

Mrs. Besant now barred from Bombay. London, July 12.—Mrs. Anna Besant, one of the leaders of home rule for India, has been prohibited under the Defence of India Act, from entering the Bombay presidency, says a Bombay despatch to the Exchange Telegraph Company.

Mrs. Besant was elected president of the Theosophical Society at London in 1907. She has made several lectures tours in America.

ONLY WOMAN ON BOARD. Mrs. J. W. Mott and her eldest son, Eugene, arrived home on the John L. Conn from Nova Scotia, where Mrs. Mott had been called to the sick bed of her mother, for whose recovery there is little hope held out.

Retirement Before Russian Drive Is Admitted By Berlin

"Strategic" and "of High Degree"—Von Linsingen Takes Stand to Cover Approach to Kovel

Berlin, July 12 (via London, July 13).—The Austro-German retirement from the Czartorysk salient just south of the Ploesti marshes having been completed, the opposing armies have come to grips all along the line of Stokhod River, where Von Linsingen has elected to stand and cover the approach to Kovel.

Heavy fighting is already in progress along the Stokhod, but apparently it is merely an earnest of what later may be expected in the persistent and desperate campaign of the Russian commander, General Brusiloff, to reach this important railway junction regardless of losses.

The retirement, according to advices from Austrian headquarters, was for strategic purposes and the achievement is considered one of high degree. The Russian had worked well around the flanks of the old position and if material and units were to be saved the retirement over an almost roadless country had to be effected at a good pace.

As it was, the Austro-German forces barely reached positions behind the Stokhod before the Russians were hammering at the crossings. Comparative quiet prevails along the rest of the eastern front.

Moncton, July 12.—It has just been learned here that Lieut. Tingley of Moncton, has won an interesting bet in England as a result of which he will get a pair of the best military boots in England.

Recently in the course of a conversation with a British army officer in England, regarding the attitude of the United States in international affairs and the apparent indifference of the country, the Moncton officer said that they were too busy with baseball to pay much attention to national issues.

The British officer was greatly surprised to learn of the hold baseball has upon the people of the United States. Lieut. Tingley assured him that the greatest public interest was taken in the home of our players, not in national affairs and told his British friends that from the standpoint of publicity he would rather be a top-notch ball player in the States than a prominent man in the States.

Lieutenant Tingley told him that a letter sent to the States, bearing no address except the name and U. S. A. would go at once to the ball player. The Englishman declared that the letter would not be held in respect but be sent to the dead letter office.

Lieutenant Tingley offered to prove his statement. He wrote a letter was mailed to this Speaker, U. S. A., and on June 27 was delivered at the Holland Hotel, Cleveland where Speaker was staying at the time. Complying with Lieutenant Tingley's request, Speaker forwarded the envelopes and cancelled stamps to England thus proving the Moncton officer's statement and winning the bet.

SEVERAL KILLED BY LIGHTNING. Buffalo, N. Y., July 12.—Several men are reported killed and more than a score injured, some seriously, when lightning struck the plant of the Smet Solvay Company on the Niagara River road, two miles from the city line today and a subsequent explosion partially wrecked the plant.

Buffalo, N. Y., July 12.—Seven persons are reported to have been killed and others injured when an ammonia tank in a Brooklyn butcher shop exploded today. The three-story building in which the butcher shop was located collapsed, burying the occupants beneath it.

When a similar request was made to forego the Whitehaven holidays it was said they were to be postponed and taken in conjunction with the August holidays.

TWO DEAD-LADEN SCHOONERS FROM MIRAMICHI ASHORE. St. Pierre, Mic., July 12.—The Danish schooners Denmark and Ragnhild, each laden with deals from Miramichi, N. B., for England, are ashore on the western coast of Little Miramion peninsula, according to advices received here today. Tugs sent to their assistance probably will be able to float them.

THIRD VICTIM OF ACCIDENT ON THE CARAQUET

Joseph M. Mallette Passed Away Today in General Public Hospital

Death claimed its third victim as a result of the unfortunate accident, on board the Royal Mail Steam Packet, liner Caraquet, last night, when Joseph M. Mallette passed away in the General Public Hospital a little after 11 o'clock this morning.

The unfortunate man and two companions, John Arsenault and James Byard, were crushed beneath a pile of sugar bags, which toppled over while they were at work discharging cargo and so severely injured them that death resulted.

Mr. Mallette was a resident of the Simonds Canada Saw Company, and occasionally was engaged at Longshore work. He was a native of Kent county and came to this city with his family several years ago. He is survived by his wife, six sons—Wilfred, Arthur, Leo, Leonard, Louis and Joseph, and one daughter, Loretta.

News of the unfortunate man's death spread rapidly and expressions of sympathy for the bereaved families were heard on all sides.

John Arsenault, one of the victims of last night's accident, formerly held office in the city of St. John and was forty-nine years of age and leaves, besides his wife, four daughters—Mrs. J. B. Belyea, of West St. John and Lillian, Florence and Gladys at home and one son, George, of this city. The funeral will take place on Saturday morning from his late residence in the Sydney street to St. John Baptist church where requiem high mass will be celebrated.

An inquest will be held by Coroner Roberts at noon today to emancipate the following jury—F. E. Williams, foreman; H. McGowan, R. T. Worden, Frank C. Smith, George Currie, Alton McIntyre and Frank V. Hannam. After viewing the bodies of the three victims the jury visited the steamer where the accident occurred.

SOME 200 WOMEN IN T-E TORONTO MUNITIONS PLANTS

Report Submitted to Organization of Resources Committee—Labor Situation

Toronto, July 12.—A detailed report of labor conditions in Toronto munitions plants was submitted at a meeting of the Organization of Resources Committee yesterday. The report says that "the investigation confirms the opinion that there is a considerable shortage of labor, particularly tool makers and skilled mechanics, but an almost equal need is felt for general laborers. The shortage has given rise to many minor labor troubles, and a constant shifting of men from one establishment to another. These conditions naturally operate to lessen the production. It would be a great help if patriotic workmen could fully understand this, and so keep with the manufacturers so as to increase the output of munitions to the highest possible point."

The men who really suffer because of these conditions are those who are facing the enemy in the trenches. "It was found that in plants visited, approximately 200 women are at present working, and that this number will be more than doubled within the very near future. Manufacturers," says the report, "state their willingness to pay women the same wages as men if they measure up in efficiency and general satisfaction."

PICNIC TODAY. The Ludlow street Baptist church picnic went to Westfield Beach this morning and was patronized by a large number of people.

BANK RATE UP TO SIX PER CENT

London, July 12.—The Bank of England rate has been raised from five to six per cent.

News of the rate increase has spread rapidly and expressions of sympathy for the bereaved families were heard on all sides.

John Arsenault, one of the victims of last night's accident, formerly held office in the city of St. John and was forty-nine years of age and leaves, besides his wife, four daughters—Mrs. J. B. TWO BROTHERS HERE

Mrs. Bessie Mitchell Dies Suddenly in Fredericton

Fredericton, July 12.—Mrs. Bessie Mitchell, widow of James Mitchell, of Moncton, died suddenly last night at the home of her daughter, Mrs. J. Walter McKay, of this city. She was aged seventy-two and leaves two daughters, Mrs. McKay of this city and Mrs. McGowan of Wellington, Mass. Two brothers, John and James Mills, live in St. John. The body will be taken to Moncton tomorrow morning for burial.

Joe Kelly Bought and Good Price Paid. Chicago Nationals Get Good Bateman—Miss Get to Majors

Chicago, July 12.—The Chicago Nationals have purchased Joe Kelly, Indianapolis outfielder. In exchange the Indianapolis club will receive between \$12,000 and \$15,000 cash and two players yet to be named. The players will be delivered to Indianapolis for several days, but Kelly is expected to join the Cubs today. Kelly is a right-handed batter who hit .300 last year and led the American Association in base stealing. So far this season he is batting about .300.

SHAGALETON AWAY IN ATTEMPT TO RESCUE COMRADES IN ANTARCTIC

London, July 12.—(New York Times Cable)—In a message to the Daily Chronicle from Punta Arenas, Chile, dated July 12, Sir Ernest Shackleton announces that he planned to leave yesterday aboard the seventy-ton wooden schooner, Emma, provided and equipped by the British Association of Magallanes, to make a further attempt to rescue his comrades on Elephant Island.

The schooner will be towed as far south as possible by a steamship lent by the Chilean government.

LOCAL NEWS

A special meeting of the public utilities commission was held yesterday to consider the application for the increase of capital for the Fredericton Gas Light Company. As no application was made the matter stands in abeyance for the present.

The annual Sunday school picnic of St. George's church, West St. John, was held yesterday at Crystal Beach. The picnickers were taken to the beach by the steamer Crystal Stream.

J. J. Walker, who for almost forty-four years has seen service on the Canadian Government Railways, has made application for retirement under the provident fund. He went with the I. C. R. in 1874 and since then has filled many positions. In 1904 he was appointed mechanical accountant in Moncton. Mr. Walker is well known in St. John and has many friends in the service.

Three Thousand In Four Months

Westmorland County Leads With St. John Second — Three Men Signed Yesterday

The total number of recruits secured in the province of New Brunswick during the last four months was 2,884. The totals for each month were as follows: March, 1,078; April, 1,141; May, 890 and June 497. The county of Westmorland leads in the total with 616 and St. John county is second with 481.

Three Yesterday

Three men were secured at the recruiting office yesterday afternoon. H. H. Hoyt, Hampton Village; J. Hennessy, St. John and George Smith, Parrsboro, N. S.

Casualties

The names of two New Brunswick men appear in the midday casualty list: died of wounds, Thomas R. Morin, Charlo Station; seriously ill, Guy McElin, Fredericton.

Word was received Saturday by Harold Young, proprietor of the York Hotel, Fredericton, that Guy McElin of the 104th Battalion has been admitted to a hospital in England suffering with diphtheria. He is the son of Mr. and Mrs. Ernest McElin of Taymouth and was employed in the hotel prior to his enlistment.

ST. JOHN ASTONISHED BY SIMPLE MIXTURE

St. John people are astonished at the INSTANT action of simple back-horn bark, glycerine, etc., as mixed in Adler-ka. ONE SPOONFUL removes such surprising foul matter it relieves almost ANY CASE of constipation, sour stomach or gas. Because Adler-ka acts on BOTH lower and upper bowel, a few doses often relieve or prevent appendicitis. A short treatment helps to cure stomach trouble. J. B. My Enemy My Corn
It's Utterly Needless

This is to prove that every corn which stays and hurts is folly.

Lovers of dainty footwear are bound to start corns. But nobody needs to keep them.

At the first sign—or anytime—apply a Blue-jay plaster. That ends all pain. And it ends the corn. In two days it disappears. You know that paining never cures.

You know that harsh applications are wrong.

Now you should know Blue-jay. It has ended 70 million corns. To a world of men and women it has brought perpetual freedom.

We promise it to you.

Patsy Hogan Defeated Sheppard

Navy Champion Knocked Out New Yorker in 11th Round

(Halifax Recorder.)

Patsy Hogan, the navy champion lightweight, scored another win at the Arena last night, when he knocked out Charlie Sheppard of New York in the 11th round. It was not only a popular, but a well-earned victory, as the navy man showed his superiority in most of the rounds. They made a splendid bout, both being aggressive, each following up the other, and both following up to the very end. Hogan had the advantage in the early rounds, but Sheppard made a fine impression by his clean, hard fighting, though he was somewhat handicapped with people expecting too much of him, following published statements of his having scored against famed boxers. But he was always ready to enter into the contest; he used both hands in his work, and chopped down heavily, while he had a dangerous uppercut which Hogan, however, was clever to elude. He had no tricks, but fought with the greatest fairness.

There were lively exchanges in the first, but in the second Hogan landed a hard left jab on Sheppard's face, followed by four lighter ones. Patsy again jabbed effectively in the third, but Sheppard countered cleverly, and partly landed some hard wallops, but Hogan covered up. Another heavy blow about the ribs in the fourth was felt by Sheppard, who, however, fought back vigorously. Patsy's left did further execution in the fifth, with Sheppard retaining about the head. He evened up with the sailor in the sixth, and was continuing his good work in the seventh, when he was countered by Sheppard, who was counted down when Patsy landed near his jaw and caused his admirers to break into cheers. There was little to choose between the men in the next two rounds, but Sheppard fought lively and Sheppard more aggressive than before.

The tenth was the best round of the bout, and practically the one which brought about the final result. Sheppard had got Hogan against the ropes, and he not only dodged the oncoming blow, but he soon got his left in hard on the New Yorker's stomach, which made him wince, and towards the end he landed several blows about the head and jaw, which made Sheppard follow what groggy. Hogan followed up his opponent in the eleventh and when one of his lefts to the stomach brought the New Yorker's head down he followed this up with a blow across the jaw and chin, which caused Sheppard to fall senseless to the floor, and he was counted out. Hogan was not in the least distressed, and as the band struck up "Tipperary" he made a flying leap over the railing about the rink.

RESULT "MAGNIFICENT"

The First West Side Soldiers' Comfort Circle report a magnificent result from their "Benefit Confection Sale for the 28th Battalion," held at the Imperial on Monday evening, the 10th inst. The president, Mrs. E. A. Young, has received the addresses of 145 soldiers still in active service. Accompanying these were many letters expressing the thanks of anxious mothers and friends in the intended act of kindness towards their far away soldiers.

The circle wish to thank Manager Golding and staff of the Imperial for their great assistance, also F. W. Woolworth & Co. J. A. Davidson and W. J.

After the bride of the 29th is attended to, the bride plans to send a personal remembrance to each soldier who assisted the first call of his country, enlisting from St. John with the first contingent.

McKelvie-Calvin.

Last evening at the home of the bride, the wedding of William McKelvie and Miss Elsie Christina Calvin, daughter of Joseph Calvin, took place, with Rev. D. Hutchinson officiating. The young people were attended by Andrew Morrow, of Kings county, and Miss Barbara Gunn, of Prince Edward Island. After the ceremony the company sat down to a wedding supper. The bride was the recipient of a large number of presents.

The Street Cars Pass Park Avenue East St. John

and less than five minutes' walk will take you to choice, high, dry building lots, now selling for only \$75, payable \$5 down and \$5 a month.

Some of these lots are 120 feet deep, WITH LANE IN REAR, enabling you to build on the full width.

The beautiful location, proximity to street cars and McAvity's new plant, together with free water from artesian wells, have caused the largest number of sales ever made in the vicinity of St. John.

You won't miss \$75, but you will miss the chance of a lifetime if you don't buy now.

Ask the street car conductor to let you off at Fred E. Fawcett's store, East St. John, and arrange to see the lots for yourself, or phone appointment to Main 2237-21.

SERIOUSLY INURED. Many friends will be grieved to hear of a very severe accident which occurred on last Saturday, July 8, when Philip Katz of Boston, who recently visited relatives in Fairville, was passing through Lynn, Mass., in his automobile, and suddenly collided with an ice wagon. Mr. Katz was thrown several feet, and broke six ribs. He was rushed to the Corey Hill Hospital, Boston, where a very delicate operation was performed by Doctors Fair and Crawford of Brookline. Mr. Katz is now reported on the dangerous list.

Two Killed And One Injured

John Arsenault and James Byard Killed and Ernest Malette Badly Hurt When Sugar Falls on Them in Hold of Caraque

John Arsenault, James Byard and Ernest Malette, three longshoremen, were buried under a slide of sugar last evening in the hold of the steamer Caraque, which was discharging cargo at the sugar refinery wharf. As a result John Arsenault, married, of 244 Sydney street; James Byard, married, of 138 Mecklenburg street, are dead, and Ernest Malette, married, of 206 Sydney street, was seriously injured. Arsenault was instantly killed and Byard died at the hospital about two o'clock this morning.

The accident happened about 9.30 o'clock. The steamer had a large consignment of sugar for St. John, and more for Halifax. Both were in No. 2 hold. The sugar for this port was being taken out and the Halifax lot left standing. Six men were working in the hold at the time, including those who were caught as the sugar slid. The first sign of the Halifax lot was seen by move and soon a sweeping avalanche of full sugar sacks had buried the three men. The longshoremen worked like Trojans in rescuing the victims. Arsenault was instantly killed, while the other two were rushed to the hospital. Malette is expected to recover.

MORNING WAR CABLES. The British have retaken the ground lost on Tuesday night to the Germans and now hold all Mametz Wood. Two German attacks against Contalmaison were repulsed. The Russian troops have captured Makhkatum, fifty miles west of Ezeronk on the Tulu river. On the Caucasus front from July 2 to 8, 107 officers and 4,894 Turks were captured. An Austrian cruiser on July 9 in the Adriatic sank three British patrol boats and damaged two frigates.

RULES OF HEALTH FOR DYSPEPTICS

DIETING UNNECESSARY. There are two ways by which people who suffer from indigestion, dyspepsia, sour stomach, flatulency, etc., can overcome the trouble. First, as practically all cases of the above are directly or indirectly traceable to acidity and fermentation, they can eliminate from their diet all foods which ferment and form acid, such as all starches and sugars and foods containing them, thus prohibiting bread, potatoes, fruits and most meats. About the only safe foods are gluten bread, spinach and small quantities of white meat of chicken or turkey. This diet is almost a starvation one, but it is sometimes quite effective. The second way, which appeals especially to those who like to eat hearty meals of good foods, is to eat whatever is reasonably digestible, neutralize the acid and stop fermentation by the use of a good antacid such as bisulphate of magnesia, a teaspoonful of which in a little water immediately after eating or whenever pain is felt, instantly neutralizes the acid, stops the fermentation and permits the stomach to do its work without pain or hindrance. Owing to its simplicity, convenience and effectiveness this latter plan is now being adopted, instead of the old-fashioned, expensive, weakening starvation process. In this connection it is interesting to note that since the widespread use of bisulphate of magnesia was established, many druggists have arranged to supply it in 5 gr. tablets 2 or 3 of which are equivalent to a teaspoonful of the powder form and are much more convenient to carry.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Don't use prepared shampoos of any kind, that contain too much alkali. This dries the scalp, makes the hair brittle and is very harmful. Just plain unsulphated coconut oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get purified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Make your FENCEPOSTS ROT-PROOF

Did you know that the ordinarily good fence post which you are accustomed to replacing every four or five years could be made to last 20 years? Creosote treatment does it. And Grade-One Liquid Creosote Oil brings this advantage right to your door because it is creosote in such form that the average home owner and farmer can use it.

Barrett's Grade One Creosote Oil

The biggest point about Creosote Oil is that you can apply it by brushing or dipping. No creosoting, chiseling, or other method. Just as simple as painting. And it penetrates deeper than any other preservative. Shop those costly renewals. Use this wonderful preservative on all wood work exposed to earth or dampness. Carbito-Peterson Mfg. Co., Limited, Halifax, N.S., St. John, N.B., Sydney, N.S.

ROYAL YEAST. Has been Canada's favorite yeast for over a quarter of a century. Bread baked with Royal Yeast will keep fresh and moist longer than that made with any other, so that a full week's supply can easily be made at one baking, and the loaf will be just as good as the first. MADE IN CANADA. R.W. GILLET COMPANY LIMITED, WINNIPEG, TORONTO, ONT., MONTREAL.

Sherrif Black, after the bandit had shot the deputy in the leg. John Redmond, leader of the Irish Nationalists, has issued a statement in which he characterizes the speech of the Marquis of Lansdowne as a declaration of war on the Irish people. He said that the speech was a breach of faith, made with the intention of wrecking the negotiations for a compromise. London, July 12.—Replying to a question in the House of Commons this afternoon, Premier Asquith said it was obvious that the duration of the present parliament, which expires under ordinary circumstances in September, would have to be extended. It was "somewhere in the North Sea." Bill had been sent aloft just after darkness set in and was told to report if any lights could be seen. Somehow the officer who gave the order to Bill forgot the patient "was" and so Bill remained aloft for some hours. The officer, suddenly remembering giving the orders to the shivering sailor, called out: "Aloft there!" Bill—Aye, aye, sir. Officer—See any light? Bill—Yes, sir! One. Officer—What is it? Bill—Daylight, by gum! Occulist (pointing to his test card)—Can you read these letters? Patient—No, doctor. Occulist—Well, then, these? Patient—No, doctor. Occulist (impatiently pointing to the largest letters)—"A-I, these, then?" Patient—No, doctor. Occulist—Why, hang it all, how is that possible? Patient—Because I never learned to read.

MORNING NEWS OVER THE WIRES

A man-eating shark has made its third appearance off the New Jersey coast. Yesterday Lester Stillwell, aged twelve years, was killed while bathing near Matawan. Stanley Fisher, aged twenty-four, who went to his aid, was so badly injured in a struggle with the monster that he died. Joseph Dunn, aged twelve, who was bathing in the same inlet had one of his legs so badly lacerated that it will have to be amputated. Miss Evelyn Elvidge, daughter of Principal Elvidge of Whittby, Ont., was drowned while making a gallant but unsuccessful attempt to save the life of Miss Clara Nevin of Windsor, Ont., while they were bathing at a Sunday school picnic yesterday. It is reported from Ottawa that Sir James Aikins will be appointed as lieutenant-governor of Manitoba. A New York physician is reported to have isolated the germ of infantile paralysis. A meeting of the physicians of New York is being held tonight for a discussion of the disease. Information has been received in Washington indicating that the German submarine which crossed the Atlantic was conveyed by a neutral steamer, which acted as her tender. Search is being made for the steamer. Three hundred car-men and about fifty linemen of the Portland, Me., street car company went on strike yesterday, following the dismissal of some men who were said to have been trying to organize a union among the 900 employees. Holding up a sheriff at the point of a gun, shooting another in the leg, blowing a safe of the United States post office at Robinson, Me., ransacking the residence of one of the wealthy families of Calais, committing a robbery at Eastport, and continuing through to Woodland, were part of a day's activities of a man, finally brought to bay at Woodland, Tuesday afternoon by Deputy

MOTHER BELONGED HERE

Major Stanley L. Jones, Who Died of Wounds in Germany. As before announced, Major Stanley L. Jones, of the Princess Patricia's, a brother of Mrs. B. J. Lawson of Amherst, has died in Germany as a result of wounds he received in the terrific fighting in which the Canadians took part several weeks ago. His wife is doing hospital work in France. Mrs. Lawson is the only surviving sister, but there are several brothers. Clifford Jones crossed to Great Britain as soon as Major Jones was listed as "missing," and is now on the other side of the water. A younger brother, Private Her-berth Jones, is with the Canadian construction corps "Somewhere in France." Another, Captain Joseph Jones, is in command of one of the steamers of the Ward Steamship Line plying between New York and Havana. The fourth brother, John Jones, is foreign buyer for Marshall Field & Company, of Chicago, and was recently in Great Britain. Major Jones' father was the late Mr. Joseph Jones, a well known Baptist clergyman, and his mother, before her marriage, was Miss Wibley of St. John. While in France, Major Jones was asked by Calgary Liberals to accept a nomination for the House of Commons. He was a lawyer in Calgary before the war, and was also a veteran of Paardeberg and the South African War.

SONS OF TEMPERANCE

Halifax, N. S., July 12.—The National Division S. of T., met here today with Rev. R. H. Stavert, most worthy patriarch, presiding. His report was a feature of the morning session. The reports of the most worthy scribe and most worthy scribe were read in the afternoon. The scribe's report showed the total membership one year ago, 1,008; total membership March 31, 1915, 897, showing a loss of about 1,000. The treasurer's report showed whole amount of receipts by divisions, \$28,004.63; cash on hand and invested, \$41,440.32; number of temperance tracts distributed, 125,000; number of temperance meetings held, 120; national division record, \$4,000; forward, \$0,000; number of representatives to national division, 325. One agent is employed continuously in Nova Scotia, others at intervals with a total of 68 weeks' service at a cost of \$2,353.17. The report of the Most Worthy Patron Mrs. A. S. Mitchell showed number of young people's societies under the jurisdiction of the order, 101, with 3,787 members. In New Brunswick the old figures stood, viz., Bands of Hope with a membership of 365.

NEW CANADIAN KNIGHTS

Ottawa, July 12.—It is learned by your correspondent from an authoritative source that the order of knighthood is to be bestowed on the members of the government's war purchasing commission—Hon. A. E. Kemp, of Toronto; F. J. Galt, of Winnipeg, and Horatius Laporte, of Montreal. It is also understood that the honor of knighthood will be conferred a little later on J. W. Flavell, chairman of the imperial munitions board.

These "Bantams" Are Making Good

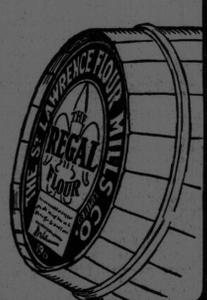

Battalions of Undersized Men, Suggested by Kitchener, Admired by Whole Army

British Headquarters, France, June 30.—"Good for the little fellows," expresses the feeling of the whole army when the "Bantams" in one of the nearest of trench raids, took a machine gun from the Germans. No commander is prouder of his men than the commander of the Bantams; no battalion so thoroughly has the good wishes of the whole army. The idea of the Bantams, unique among the armies of Europe, was Lord Kitchener's. If little men wanted to fight for their country why shouldn't they? Put them in an organization by themselves and give them a chance. No man over 5 feet, 3 inches was accepted. Short men who had been turned away by Recruiting Sergeants in the early days of the new army formed the first battalion. As it was a success others followed. At the front they were brigaded together, and a visitor to a certain portion of the lines seen sturdy, short-legged men marching along the roads and keeping guard in the trenches. Many jokes have been passed about them. It was even suggested that when

Zam-Buk also ends the irritation of mosquito bites and is equally good for heat rashes, tender blistered feet, stiffness and aching muscles. As a "first aid," Zam-Buk is invaluable. If applied immediately an injury is sustained there is no danger of festering. All druggists and stores 50c. box.

ZAM-BUK SOOTHING AND HEALING! they went into the trenches somebody would have to hold them up to the parapet to fire. But the Bantams answered that Napoleon and Lord Roberts were little men and the Bantams have made good. Other battalions take fairly interest in them and praise them for their pluck. Instead of having to hold them up to fire when they first went into the trenches, the difficulty was to keep them from showing their heads too much. They have the advantage of being small targets and they are completely sheltered in a communication trench where another man's head would be exposed. Good food and fresh air have added to the height of some of the younger ones and to the girth of chest of all. Their only drawback is that they cannot carry the full equipment of thirty pounds and more for long, hard marches. So their equipment has been cut down; they have shorter stocks to their rifles. What they lack in strength they make up in agility. "They are particularly good at scouting," said one of their officers. "There is no limit to their net... It is nothing for them to crawl out in the dark across 'No Man's Land' to the German's barb wire." A German machine gun is a heavy affair. Two strong men are required to carry it. When the artillery had knocked the trench about one night and the Bantams rushed in to take what prisoners and do what damage they could and then make a run for it back to their own trench, in the usual trench raid fashion, they determined to take a machine gun with them to prove their prowess. Half carrying it, half dragging it along the ground with other German machine guns feeling around in the night for targets through a trying half hour they finally landed it safely behind their parapet. Many a battalion of big men has failed in the same effort.

He Knew The Need of Smokes For Soldiers

A Message Found Among Papers of Richard Harding Davis

Among the papers left by Richard Harding Davis, the brilliant American war correspondent and author, his brother discovered the following message, written apparently a few days previous to his death.

"Men at home who breathe tobacco smoke as freely as they breathe air cannot know how much tobacco means to the man in the trenches, or rather how much the loss of it means. During the Spanish-American War, in the U. S. army

regulations, tobacco was officially classed as an officer's supply. It was considered a luxury. "When I cabled from Cuba that our soldiers in Cuba needed tobacco, my appeal was ridiculed and I was asked if our soldiers did not also want silk pajamas and eau-de-cologne. The man who had never gone without tobacco, and who could fill his pouch or case at the street corner, still thought tobacco a luxury.

"It was Sir Frederick Treves, during the South African war, who made people understand that for the soldier, tobacco was a necessity. A man can hunger, he can suffer cold, fatigue and wounds; these things he can endure if he can smoke.

"I have been a looker-on on seven wars, and I find it so with each of them, and with men of all races. Give them tobacco and there is no hardship that they will not cheerfully suffer. So with the purpose of your fund I, for one, am heartily in accord.

"If the glorious record of the Canadian troops has been made on short rations of tobacco, we may feel confident

that well supplied with it they will in a short time be in Berlin, which is the heartfelt wish of "RICHARD HARDING DAVIS." The above is the testimony of a man who himself knows personally a soldier's needs. That great imperial institution, "The Overseas Club," is endeavoring to provide for the needs of the empire's soldiers from overseas. It has organized Canada's tobacco fund for the comfort of our Canadian soldiers, and has already raised in Canada upwards of \$150,000 for this purpose.

Unfortunately, the money being subscribed is insufficient to provide each Canadian soldier with a weekly tobacco supply, and an earnest appeal is made for more funds. Those who can render

assistance are invited to communicate with Francis R. Jones, the organizing secretary, Room 28, Windsor Hotel, Montreal.

For 25c, the Overseas Club will send to the front as much cigarettes and tobacco as a private individual can purchase and send for \$1, and will enclose in each package a box of matches and a postal card for the soldier to express his thanks. For one dollar a month provision can be made for the smoking needs of one of Canada's boys at the front, and surely there is no smoker left in Canada who would like to think that his friends who are defending the empire and adding glory to Canada's name are going short of a smoke.

Roses Win By Wide Margin Defeat Maples By a Score of 16 to 5 in St. Peter's Bay League

Table with columns AB R H PO A E showing statistics for Roses and Maples players.

The Maples were unable to cope with the heavy slugging Roses in St. Peter's Bay League fixture last evening and went down to ignominious defeat to a tune of 16 to 5. The Roses drove in seven runs in the first inning and five in the third, thus forcing their opponents to use three pitchers. Myers landed on one of Mahony's shoots in the sixth inning and sent the ball into the crowd in left field hill. One of the spectators robbed him of a home run by jumping up and intercepting the ball and then throwing it to a fielder. Myers saw the ball returning to the infield and stopped at second and before he could grasp the situation the ball was returned to the box and was again in play. Donnelly's spectacular fielding was a feature. The box score follows:—

McGuire out in fifth inning, hit by batted ball. The Shamrocks and Maples will play. Roses.....7 8 5 0 0 0—16 Maples.....2 1 0 0 0 0—5

Cleveland Ousta Yankees From First Position

Daily Catches For Indians

Red Sox Win Second Double Header From White Sox; Detroit Gains on Senators; Giants Playing Better on Road; Clubs Dickering For Herzog

By defeating the Yankees in a double header Cleveland jumped back into the lead for the championship of the American League. Tom Daly, a former St. John boy, caught both games for the victors.

The Red Sox came back strong and took two more games from Chicago. They are now in third position and within striking distance of second place. St. Louis forced Connie Mack's rejuvenated team farther into the cellar by taking both games in a double header. Myers pitched well, but his teammates were not there with the willow and he lost his game.

Detroit gained on Washington and are now only one point behind them. One of the biggest questions of the day among baseball fanoms is, who will win the American League? Philadelphia gained on Brooklyn by defeating Chicago. They are still three full games behind the Dodgers.

The Braves noted out the Pirates as a result of a big rally in the eighth inning. Rudolph started for the Braves for the first time in weeks.

The Giants are living up to expectations and are showing better form on the road than they did on their home grounds. Anderson allowed Cincinnati only two hits in six innings. Rain stopped the game at the end of the sixth.

Nearly every major league club is dickering for Herzog. Some have no need of his services, but they realize that he will strengthen other pennant contenders and they would sooner pay him to sit on the bench than jeopardize their chance to cop the batting.

THIN FOLKS WHO WOULD BE FAT Increase in Weight Ten Pounds or More. "It certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessive thin man or woman. Such a result is not impossible, despite past failures.

Most thin people are victims of malnutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can probably best be accomplished by eating a Sargol tablet with every meal. Sargol is a careful combination of six splendid assimilative agents. Taken with meals they mix with the food to turn the sugar and starches of what you have eaten into rich, ripe nourishment for the tissues and blood and its rapid effect has been in many cases reported remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by druggists everywhere and every package contains a guarantee of weight increase or money back. If you find a druggist who is unable to supply you send \$1.00 to Sargol Co., 74 St. Antoine street, Montreal, Que., and a complete ten days' treatment will be sent you postpaid in plain wrapper.

If you find a druggist who is unable to supply you, send \$1.00 money order or registered letter to the National Laboratories, 74 St. Antoine street, Montreal and a complete ten days' treatment will be sent you postpaid in plain wrapper.

NOTE—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.

SPORT NEWS OF A DAY; HOME AND ABROAD

BASEBALL. Beavers Win First Series. The Beavers won the championship of the first series of the Boy's Club Baseball League last evening by defeating the Boys' Club 14 to 12. Out of the fourteen matches the Beavers have won ten and lost but four. The second series of the league games will start Monday night. To complete final arrangements for this series there will be a meeting of the Boys' Club this evening at 9 o'clock at the club house. The batteries for last evening's game were: Boys' Club, Garnett, Bushara and Galbraith, and for the Beavers, Appleby and Good.

Pemberton and Kingston continued their winning streak in the quiet tournament by defeating O'Connell and Foster last evening 31 to 17.

THE TURF. Matched Race For \$200. A matched race for \$200 a side between A Game of Chance (2:19), and Dan Q. (2:14), may be one of the features of the Arnotook Short Ship Harness Racing Circuit meeting to be held at Presque Isle, Maine, today.

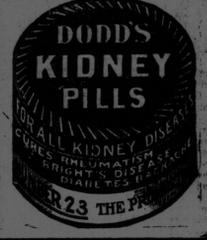

Bingen Light and Victor Win. Bingen Light, driven by H. Short, took three out of five heats from Car Ferry, at the meeting of the Moosepath Racing Association last evening, after one heat had gone to Car Ferry and one had been called a dead heat by the judges.

In the named race, Victor, driven by W. Alexander, took first money by getting the last three of the five heats. Osen B. (C. M. McNamara) was a close second.

TENNIS. Y. M. C. A. Results. The first matches of the C class of the Y. M. C. A. tennis tournament were played last evening. McMartin defeated Lingley, 6-4 and 6-0, and Raymond defeated Butler, 6-1 and 6-0. Several matches in the A and B classes will be played this evening, weather permitting.

St. John Club. In the opening round of the St. John Tennis Club mixed-doubles tournament, yesterday afternoon, Mr. Guy and his partner defeated Mr. Anderson and his partner, 7-4.

RING. Dillon May Box Coffey. A grapple between Jack Dillon and Roscommon Jim Coffey is now being talked of. Coffey has engaged in only one contest since he was dropped by Moran for the second time and experts think he will have a difficult time whipping himself into shape for a mill with the Hoosier.

The New Lather

THE Ivory lather is formed quickly. It is thick and copious so that your entire body can be covered easily. It holds together and lasts so that you can massage your skin thoroughly without having the soap become dry and stiff. And you can rinse it away as quickly as it is made because it contains no unsaponified oil to make it stick to the skin.

If you have been using soap that gives a thin, sticky, slimy lather, the Ivory lather will be a revelation.

FIRE ALARM BOXES
A correspondent writes that some of the old type of fire alarm boxes, for which the key is left in a neighboring house instead of being attached to the box, still are in use around the city. He says that the key for a box in Rockland road has been left in a house which is unoccupied during the summer, as the family is away in the country. He urges that all obsolete fire boxes throughout the city be replaced.

DEATH OF GIRL
Elsie Arsenault, fourteen-year-old daughter of Mr. and Mrs. Samuel Arsenault, passed away in the General Public Hospital yesterday. Her sympathy of many friends will go out to the bereaved parents. The little girl was a general favorite with all and was exceptionally bright. The burial will take place on Saturday at Chapel Grove, where requiem high mass will be celebrated in St. Bridget's chapel.

WELCOME VISITOR
George T. Power of New York, arrived in the city today at noon and will leave again this afternoon for his summer home at Black River. Mr. Power is one of St. John's most successful business men, who has done well in the republic to the south. He left St. John at the early age of fifteen and since then has been gradually working his way to the top of the ladder in the commercial world. Today Mr. Power is one of the principal commercial travelers for the Scovill Manufacturing Company of America, covering a very extensive field in the United States and Canada. He has many relatives and friends in St. John and vicinity. Mrs. Power accompanied him.

NO RECRUITS BUT MANY ELIGIBLES
During the celebration of July 12th in St. George yesterday, a rousing appeal for recruits for overseas service was made by Lieut.-Col. P. A. Guthrie, M. P. O. C. 286 Battalion, Captain G. F. Sanford of the 115th Battalion and Captain Ryder, and his son, the latter a returned non-commissioned officer from the front and others. Speaking to the Times this morning one of the officers said that there were over three hundred young men present.

After the address a personal canvass was made and in pile of all those who were not a recruit was received. The chief excuse, he said, given by the young men was that they would be ready to go when they had to, and there were others who should go before them. They appeared to hold the same views as the Academic audiences recently addressed by clergymen and recruiting officers at Tracadie, St. Isadore, and Inkerman, where only one recruit was received at the three meetings.

"I'll go when the other fellow goes," "I don't have to fight for Britain," "Go away, don't talk to me." These were some of the answers that were received by some of Lt. Colonel Guthrie's recruiting men while making a personal canvass at St. George yesterday. Lt. Colonel Guthrie reports that there were 4,000 people in attendance and July 609 of them were young men who were eligible to take up the gun and do his bit.

SENT UP FOR TRIAL
The Hampton and Norton Consolidated School District, No. 2, held its annual meeting in the Assembly hall of the Hampton Consolidated School at 10 a. m. on July 10. Geo. H. Barnes was appointed chairman of the meeting and P. W. F. Brewster secretary.

The school board presented a report for the year just ended, giving a detailed statement of the money received and expended.

Herbert Ryder was elected trustee in the place of George Stratton, who has served the board faithfully for six years. Mr. Stratton declined re-nomination, saying that he wished to see a rate-payer, who had children to send to school, representing the district.

The estimates for the ensuing year, amounting to \$4,500, were passed. The amount required this year was much larger than usual, owing to necessary repairs and insurance premiums which will fall due in September.

HAMPION AND NORTON CONSOLIDATED SCHOOL

Quick work marked the preliminary hearing of P. H. H. in the preliminary trial for a serious offence. This morning early he was brought before the magistrate and the local authorities had the case all made out.

Witnesses present. Upon the evidence submitted he was sent up for trial before the higher court. The complainant in the case was a girl under fourteen years.

In the police court this morning four prisoners were fined \$8 or the alternative—two months in jail—for drunkenness.

James Ramsey and Daniel Walsh were before the court for alleged fighting together in Haymarket Square last evening. Ramsey, when asked to plead, replied, "guilty, but in self defence." The magistrate was inclined to take a lenient view of the affair and fined the defendants \$8 each.

QUEEN MOTHER SENT ROSES TO NURSES AT WAR POSTS IN FRANCE

Miss McKiel Writes Home of Thoughtful Act and of Extension of Red Cross Work

Miss Theodora R. McKiel, nursing sister in France has written a very interesting letter dated June 24th to relatives in Fairville. Among the items are the following which shows the kind of thoughtfulness of royalty towards the nursing sisters on active service. Miss McKiel writes:—"Today we are all decorated, each nursing sister wearing a pink rose for Queen Alexandra. Yesterday was Rose Day in England, the same as Flag Day at home, and so the dear queen mother sent a pink rose to every nursing sister in France and today we are wearing them in her honor."

Further on, Miss McKiel states:—"The Canadian Red Cross have erected a recreation hut for the up-patients, (convalescents), and orderlies. This is splendidly fitted up with piano and phonograph, reading and writing materials, etc., and was very much needed as the orderlies in particular. This is but a glimpse of what the Canadian Red Cross is doing near the battle line and friends of the association here will be pleased to hear of this further extension of the work."

Have Been Granted Discharges at Valcartier as Medically Unfit

Valcartier Camp, July 11.—The 115th Battalion are spending all day on the "Flanders" work, 11 ambulances and field kitchens are taken with them and lunch is served on the field. Privates S. L. Wilson, William Cook, M. Thompson and J. T. Gallant have been granted their discharges as medically unfit and will soon return home.

140th Battalion
Lieutenant G. W. McGinley, 140th Battalion, is on a few days leave. Lieut. A. W. Good is also on leave. The battalions are held at work at company and Battalion drill.

165th Battalion
Lieut. Aime Antoine Leger has been definitely appointed as an officer of the 165th Battalion.

The weather here has been very hot and sultry lately, but the troops have stood the heat excellently, remaining at work on the plateau from 8 a. m. till 6 p. m. daily.

SERGT. FRED. HYATT PRAISES COMRADES

St. John Lodge of Moose, at an unusually large meeting of members last evening, decided to hold a garden party or other form of outing at a date and place to be named by a large committee appointed to conduct the affair. Sergt. Fred Hyatt, who was present, gave an interesting talk of his experience in France and in English hospitals. He said that too much could not be said in praise of the care given to our soldiers in the hospitals. At the front the thing that impressed him most was the amazing light-heartedness with which the Canadians set out for their turn in the trenches. They carried their load jauntily and went forward with a joke and a cheery word, though they knew all of them would probably not return as they went. Some of those with whom he went to the front have fallen and some are wounded, but not one of them failed to do his duty.

"I would rather be there than here," said Sergt. Hyatt, "but the doctors took me in hand and I had no more to say—and here I am."

SENDS HOME CIGARETTE CASE TAKEN FROM DEAD GERMAN ON BATTLEFIELD

Mrs. Robert Tennant of 294 Brussels street has received a letter from her son, Gunner Frank Tennant, formerly of "The Fighting 29th," but now with an artillery brigade, in which he says he is enjoying the best of health. He sends to his mother a cigarette case which was taken from a dead German. Enclosed in the case was a piece of French money which his mother prizes very highly.

Another son, Harry, who had been wounded, is regaining his health and expects soon to take his place again in the trenches. Gunner Tennant wishes to be remembered to all his friends in St. John.

OAK HALL SCOVIL BROS. LIMITED ST. JOHN, N. B.

Wondermist

will make your car like new. It provides the quickest and most satisfactory method of polishing the highly finished surfaces and preserves their lustrous appearance to a remarkable degree.

It is applied by a sprayer in the form of a mist, and for this reason is very economical, a given quantity going four times as far as other liquids applied in the ordinary way.

Can also be used for cleaning, polishing and beautifying furniture, floors, wood-work of all kinds, marble, bronze; in fact, every surface which has become dull and needs reviving.

We have secured a quantity of this material at a much lower cost than usual and, while it lasts, will sell at the following prices:

1 Pint Tin 60c. each
1 Quart Tin \$1.20 each
1.2 Gallon Tin \$1.80 each
