The Furnace of Gold
By PHILIP MIGHELS
Author of "The Pillars of Eden," etc.

CHAPTER XV—(Continued)
of big financial men behind him in the certainty of avoiding detection.
"Of course, I can call on the money," he said, "but I may need a day or so to get it. How much shall we require?"
McCoppet chewed his cigar reflectively. "Culver will sure come high—if we get it him at all—but it ought to be worth fifty thousand to you and me to shift that reservation line a thousand feet—if reports on the claim are correct."
It was a large sum. Bostwick scratched the corner of his mouth. "That would be twenty-five thousand apiece."
"No," corrected McCoppet, "twenty thousand for me and thirty for you, for equal shares. I've got to do the work underground."
"Perhaps I could handle what's his name, Culver, myself," objected Bostwick. "The fact that I'm a stranger here—"

DR. A. W. CHASE'S CATARRH POWDER 25c.
is sent direct to the diseased part by the improved Blower. Dissolves the mucus, kills the air passages, and drops in the throat and discharges the mucus. Cures Catarrh, Hay Fever, Eczema, All Dermal or Humoral, Itches & Sores, Torments

"Have a drink?" "I'll wait," said Bostwick, "till we can drink a toast to the 'Laughing Water' claim."

McCoppet opened the door, waved Bostwick into the crowded gaming room, and was about to follow when his stinging gaze abruptly lighted on a figure in the place—a swartly, half-breed Piate Indian, standing in front of the wheel and roulette layout.

Quickly stepping back inside the smaller apartment, the gambler pulled down his hat. His face was the color of sauer. "So long. See you later," he murmured, and he closed the door without a sound. Bostwick, wholly at a loss to understand his sudden dismissal, lingered for a moment only in the place, then made his way out to the street, and went to the postoffice, where he found a letter from Glenmore Kent. Intent upon securing the needed funds from Beth with the smallest possible delay, he propped the letter, unread, in his pocket and headed for the house where Beth was living. He walked, however, no more than half a block before he altered his mind. Passing for a moment on the sidewalk, he turned on his heel and went briskly to his own apartments, where he performed an unusual feat.

First he read the letter from Kent. It was dated from the newest camp in the desert and was filled with glittering generalities concerning riches about to be discovered. It urged him, in case he had not already done so, to hasten southward forthwith—"and bring a bunch of money." Glenmore's letters always appealed for money—a fact which Bostwick had remembered.

The man sat down at his table and wrote a letter to himself. With young Kent's epistle for his model, he made an amazingly clever forgery of the enthusiastic writer's chirography, and at the bottom signed the young man's name. This spurious document teemed with figures and assertions concerning a wonderful gold mine which Glenmore had virtually purchased. He needed sixty thousand dollars at once, however, to complete his wonderful bargain. Only two days of his option remained and therefore delay would be fatal. He expected this letter to find his friend at Goldie and he felt assured he would not be denied this opportunity of a lifetime to make a certain fortune. He would, of course, appeal to Beth—with certainty of her help from the wealth bequeathed her by her uncle—but naturally she was too far away.

Glenmore was unaware of the fact that his sister had come to the West. Bostwick overlooked no details of importance. Armed with this plausible missive, he went at once to Mrs. Deak's and found that Beth was at home.

CHAPTER XVI. Involving Beth. Goldie to the Eastern girl, who had found herself practically abandoned for nearly a week, had proved to be a mixture of discomforts, excitements, and disturbing elements. Fascinated by the maelstrom of the mining-camp life, and unwilling to retreat from the scene until she should see her roving brother, and gratify at least a curiosity concerning Van, she nevertheless felt afraid to there, not only on account of the roughness and uncertainty of the existence, but also because, despite herself, she had attracted undesirable attention. Moreover, the house was full of "gentlemen" lodgers, with three of whom Elia was conducting most violent flirtations.

HALF MILLION DOLLAR INDUSTRY FOR OTTAWA
Ottawa, June 2—The National Big and Paper company is being organized in Ottawa. It will have a factory capable of turning out about 1,000,000 paper bags a day. It is expected that manufacturing will begin in six months. The capitalization will be about \$300,000. The factory will be a three-story brick building, 210 feet by 80 feet, and the most modern machinery will be installed. The president of the company is J. B. Hennessey, Fred Booth is vice-president and W. H. Dwyer managing director. The directors include the president of the International Paper company, H. K. Egan, and William Anderson.

For Bilious Attacks
Here is help for you. Your bilious attacks may be both prevented and relieved, but prevention is better than cure. The means are at your hand. When a dull headache, furred tongue, yellow cast to the eyes, inactive bowels, dizziness, or a sick stomach, warn you of a coming bilious attack, resist at once.
BEECHAM'S PILLS
which act almost instantly on the liver and bowels, and quickly regulate the flow of bile. A few doses of Beecham's Pills will correct the stomach, put the blood in order, relieve headache and tone the entire system.
For over sixty years, on land and sea, Beecham's Pills, by their safe and thorough action on the stomach, bile and bowels, have maintained their world-wide reputation as
The Best Bile Medicine
Prepared only by Thomas Beecham, St. Helens, Lancashire, England. Sold everywhere in Canada and U.S. America. In boxes 25 cents.

Rickson, of sloop Cox & Green, from Saffra, reports May 26, from Cape Belvedere, British straits, passed a vessel's topmast and spar protruding out of water, apparently attached to a wrecked ship. St. Pierre, June 1—Brig Maue (Fr) struck on Point Blanche while entering harbor during thick fog on early today and six fishermen were drowned.

RECENT CHARTERS Lumber—Norwegian bark Hatholmen, 1133 tons, from Nova Scotia to the River Plate, basis 80 to Buenos Ayres, from Jacksonville, Fla., 424 tons, from Jacksonville to Havana, 8023; British sloop, Delta, 287 tons, from Nova Scotia to the River Plate, basis 80 to Buenos Ayres, from New York to Halifax, coal, 51; British sloop, 101-105 Charlotte street, opening of new dining room, 1963-4.

MARINE NEWS Schooner Henry H. Chamberlain cleared last Wednesday from New York with a cargo of hard coal from Fredericton. Battle line steamship Leucra arrived at London May 30 from Cienfuegos. Yesterday's Boston Journal says—"It was bargain day for schooners down on Commonwealth docks, South Boston, yesterday, for just nine sailing ships that were tied up there, most of them three-masted, but for any one of the fleet was 80,000 for the three-masted schooner Woodward, 1133 tons, from Nova Scotia to the River Plate, basis 80 to Buenos Ayres, from New York to Halifax, coal, 51. The next highest figure was \$4,750, bid by Arthur Friend of this city for the Jennie S. Hall, a three-masted schooner, 101-105 Charlotte street, and Miss Charlotte street, which used to be a brigantine and is now a two-masted. The price was \$900. The tug brought only \$505.

PLANS \$25,000,000 TERMINAL FOR TORONTO Toronto, June 2—A. P. Gillies, of the engineering firm of F. M. Andrews & Co. New York, is in Toronto completing arrangements for placing before the city council the proposition to build a great terminal station in Toronto. Plans are now being prepared. Mr. Gillies will ask the council for a franchise to construct and operate a terminal for steam railroads, with a hotel and office building connected the estimated cost of the work is twenty-five million and this money is promised to be supplied by outside capitalists. The terminal proposed for Toronto is planned on the line of the one now under construction by Andrews & Co. in Tacoma, Wash. All the steam railroads would be brought in underground and road would be left for trolleys if they should decide to build them.

THE WEATHER Fresh to strong northeast to north wind, clearing Saturday, fine and moderately warm.

SUB DEAN STREET HAS ANNIVERSARY Fredericton, N. B., June 3—(Special)—University students held their usual post-convocation celebration last night, confining their operations to college hall. The cannon recently imported from St. John and used for firing the customary salute, was over-charged for the seventh shot and went to pieces.

BARK GOES ASHORE NEAR PASPEBIAC Halifax, N. S., June 3—(Special)—The bark C. R. C., 241 tons, Capt. T. J. Brent, belonging to the C. Roblin Collins Co., Ltd., Halifax, went ashore eighteen miles from Paspebiac at 3 o'clock Wednesday morning and is likely to be a total wreck. The seas were dashing over her when the crew left four hours later.

They rowed and sailed to Paspebiac and some members of the crew arrived in Halifax last evening, bringing tidings of the wreck. It was foggy at the time of the accident. The C. R. C. was bound from Barbados to Paspebiac. She had a valuable cargo of molasses and sugar. The firm carried insurance. The crew, all foreigners, all reached shore safely. The vessel was registered at Jersey.

A STRONG COMMISSION

The announcement that Prof. James W. Robertson, former commissioner of agriculture, and later the head of the MacDonald Agricultural College, is at the head of the Royal Commission on Industrial Training and Technical Education is a guarantee that its work will be thorough and in every sense satisfactory.

There has been much speculation regarding Prof. Robertson's future, when he severed his connection with the MacDonald College, and there will be universal satisfaction that his great talents are now to serve Canada in a capacity not less important than when he organized the agricultural department and gave a new impetus to farm life.

The personnel of the commission in general is such as to commend it to the people of the country. Two men connected with technical colleges are members, and both the manufacturers and wage earners are to be represented.

The commission will first tour Canada, making a very thorough enquiry into industrial conditions, and will then visit the United States, Great Britain, Germany, France and other countries. The enquiry will last about a year, and the report and recommendations of the commission will be of a very great value, forming the basis, no doubt, of both federal and provincial legislation. The government is to be congratulated on a course of action which is of the very highest importance to the welfare of the country.

A USELESS ACT

In an interview in the Telegraph today Mr. J. N. Harvey points out that the much boasted Public Utilities Act of the present government is not at all what it should be. Mr. Harvey is the chairman of the board of trade telephone committee, which reported on the exorbitant charges of the New Brunswick Telephone Company. When asked if the board would apply to the Public Utilities Commission for an enquiry, Mr. Harvey pointed out that the board has no funds beyond those required for its actual expenses, and that under the provisions of the act the appeal to the commission would be an expensive affair. In other words the government had pretended to offer something to the people but had hung it up beyond their reach.

Mr. Harvey states that after full enquiry, and after a four-hour conference one evening with the directors of the telephone company, the committee were still unanimously of opinion that the company is imposing excessive charges for its service in St. John, and that St. John subscribers are paying far more than their fair share of the company's expenses. He assumes that the board will lodge a complaint and hand over its evidence to the commission, but on account of the expense which he does not believe the board can afford to go any farther.

It will evidently be necessary to amend the act before it will be of any real value to persons who suffer from the grasping methods of public utility corporations.

THE CIVILIZERS

From an issue of an American paper of Wednesday we quote the following headlines, each appearing over a separate article: "Corbett says he can make John quit." "Johnson takes day off to answer Corbett." "San Francisco grants a day for fight." "Jeff rides in new 'si' then taken nap." "Sullivan's views of the coming fight." "Thousands cheered Jeff as fighter boxed at San Francisco."

It appears that San Francisco, which a few years since was laid waste by an earthquake desires to have an exceptional celebration of the Glorious Fourth of July, the great national holiday of the great American people, who introduced Liberty to a down-trodden and shackled Humanity, and who are the leaders of the world's Civilization—or something of the sort.

In order to show to the world the triumph of liberty, equality and fraternity under the stars and stripes, the Californian city has jumped at the chance to have a colored gentleman and a white gentleman fight forty-five rounds for the splitting of humanity and the gate receipts. Mr. John

THE LATEST DECALOGUE

Thou shalt have one God only; who would be at the expense of two? No graven images may be worshipped except the currency; Seven not at all, for by thy course Thine enemy is none the worse; At church on Sunday to attend; Thou shalt not kill, but needst not strive Officially to keep alive; Do not adultery commit; Advantage rarely comes of it; Thou shalt not steal; an empty feat; When it's so lucrative to cheat; Best not false witness; let the lie Have times on its own wings to fly; Thou shalt not covet, but tradition Approves all forms of competition.

IN LIGHTER VEIN

SIXTY CENTS A DOZEN "Somebody stole a dozen fresh eggs from our house yesterday." "Do you suppose they intend holding them for a ransom?" "Houston Post."

IN EVERY FOOT

Centipede—"Gee, but I'm in an awful bad fix!" Sammy Snake—"What's the matter?" Centipede—"I've got the chills!"

THE LAMB'S FINISH

Mary had a little lamb, But it she could not keep. For ere a year had passed away, It was a great big sheep.

HIS CHOICE

Judge—You are privileged to challenge any member of the jury now being impaneled. "Well, then, yer honor, O'Jill fought the small man wid wan eye, in the corner there fermin' yez."—Metropolitan Magazine.

TAKING NO CHANCES

It was at a country football match. The referee had just sent Giles off the field for deliberately fouling. Instantly the other team sent off another man with him. "Why do that?" asked the referee. "You can have 11 men though the other side will play only 10."

CONDEMNED LYE

Grocer—"Well, little girl, what can I do for you?" Little Girl—"Mamma says to send her a box of condemned lye."

ABSENT-MINDED BILL

Bill Thompson is the only Fremont county man who is ornery enough to steal from himself. Last week, during a fit of absent-mindedness, he stole a pair of spurs off his own boots and sold them, thinking they belonged to someone else. There is some talk that the kind of depravity—Riverfront (Wyo) News.

FINAL DEPTH OF DEPRAVITY

"I hear there was a burglar in your house who got away with a good deal without awakening anybody. What did he take?" "Oh, the silver, several rings and if blood is lacking in quantity of quality, you had better get Dr. A. W. Chase's Nerve Food will be of great possible assistance to you."

DO YOU NEED MORE BLOOD

To Restore Health, Vigor and Energy—Then Turn to DR. A. W. CHASE'S NERVE FOOD.

Are the lips and gums pale? Does the inner side of the eyelids show lack of blood? Are you pale, weak and easily fatigued? This is the test you should apply, and if blood is lacking in quantity or quality, you had better get Dr. A. W. Chase's Nerve Food will be of great possible assistance to you.

While the pills in pill form, this medicine is more like a food because it supplies to the system in concentrated form the very best of the most valuable and rich ingredients of Dr. A. W. Chase's Nerve Food, and is made for any person who is pale, weak and anemic.

It is sometimes spoken of as particularly a woman's medicine, because so many women are subject to anemia and general weakness arising from lack of rich red blood.

With the use of Dr. A. W. Chase's Nerve Food vigor and energy are restored, the complexion improves, the hair is rounded out, 50 cts. a box, all dealers, or Edmondson, Bates & Co., Toronto.

MORNING NEWS OVER THE WIRES

The York Mills and Harvey Station Mutual Telephone Association was organized at Harvey Station on Monday evening with eighty members in the association and the following officers: Robert Little, president; Walter Perry, jr., secretary; treasurer; Frank Coburn, Amos Little and Alex Little, directors; Joseph Robinson, auditor.

The civil list of Emperor William of Germany is to be increased to \$5,000,000 a year in order that he may keep up his establishment of fifty-two town and country houses without getting into debt.

A disgraceful affair occurred in St. Stephen yesterday when the company which controls the cemetery locked its doors against a funeral because the company's hearse was not employed. The undertaker, acting under orders from those interested broke the lock on the gate with an axe and the interment was made. It is said that an action for breaking and entering may be brought and it is also stated that Rev. Mr. Rennie, the clergyman in attendance, may bring an action against the company for obstructing a clergyman in the performance of his duty.

INSURANCE AGAINST STRIKES

Industrial insurance against loss by strikes has taken root in Germany. The bureau of statistics reports 48 companies organized, 13 strike indemnity companies, 28 employers' associations for strike insurance and nine in which indemnity is from occasion to occasion granted.

The assistants under which strike indemnity which is developing in St. John and confers great benefit upon the province and Dominion. The Conservative machine hates him for that, and especially at the present moment for his efforts to have the people of the St. John valley provided with a real railway.

Folding Baskets and Pails

THE MOST CONVENIENT ARTICLES YET INTRODUCED

Made of thoroughly waterproofed brown canvas on folding steel frames. Automobiles, Sportsmen, Anglers, Yachtsmen, Campers and Tourists will find them great space and weight savers, as when empty they can be folded and packed in a very small space. They are easy to open and fold, and carry liquids and solids equally well.

What One Smoker Did

It is doubtful whether the confirmed smoker ever really enjoys himself. The habit becomes merely mechanical. M. Maestelneck has hit upon a happy expedient whereby he continues to enjoy the pleasure of his pipe and at the same time guard against its injurious effects. He is, it appears, the slave to a habit. "Without the help of tobacco," writes a recent biographer, "he seemed incapable of receiving inspiration or crystallizing it into words. If he has not overcome the need he has outlived it. Smoking, he noticed, had lost its virtue as a stimulant, and instead of rousing the brain to activity, as at first, had come to disturb its functions; so now, in lieu of ordinary tobacco, he fills his bowl with a de-nicotinized preparation, tasteless, indeed, but harmless. His pipe is still always alight when the pen is busy, but it is hardly now more than an innocent substitute intended to cheat and to satisfy an irresistible mechanical craving."—London Chronicle.

RADWAY'S CURE FOR RHEUMATISM

In attacks of this agonizing disease prompt attention is all important. The moment signs of it appear apply Radway's Ready Relief to the affected part, and chest, and give sufficient quantity of the Syrup of Ipecac to produce vomiting. If this treatment is followed in one case in a thousand will prevent it. Ask for RADWAY'S and be sure you get what you ask for.

One Dollar and Fifty Cents

Is not a high price to pay for a pair of Good Shoes. If you are interested in Good Medium Priced Shoes, it will pay you to take a look at our

\$1.50 Shoes

We have them for Men and Women —yes, and for Boys and Misses also. It is not common ordinary Shoes that we are selling at this price, but real downright good ones—the kind that wear and look well. When others see them on your feet, they will think that you paid more for them. For \$1.50 we can give you almost any style you want, wide, round, or medium narrow toes, heavy or light weight soles. **G. P. R. ORGANIZES A TOURIST DEPARTMENT.**  
 Montreal, June 2.—In an attractive, illustrated circular just issued by the G. P. R. the establishment of a general tourist department for the purpose of organizing and conducting train and car parties is announced. The Canadian Pacific has unusual facilities to offer the tourist, owning and operating as it does its sleeping and dining cars, hotels, lake and ocean steamships.

The new department is expected to develop tourist travel. E. Benjamin, the general tourist agent of the company, says that Americans are coming more and more to realize the advantages offered by the G. P. R. as a trans-continental line. Seven special trains of bankers have already been booked, two westward and five eastward en route to and from the convention of the American Bankers' Association to be held in Los Angeles, on October 3. Three trains will come from New York city and others from the central states.

Last year the birth, marriage and death rates in Scotland were the lowest yet recorded.

**GREAT SCENIC ROAD UNDER CONSTRUCTION**  
 Victoria, B. C., June 1.—The finest scenic highway in western America for automobilists, drivers, equestrians and all other classes of tourists who scorn the railway's rattle, haste and smoke is now under construction by the British Columbia government. By this time next year it will be completed at a cost of \$4,000,000 for new links of connecting road, new bridges and extensive repairs to established trunk \$1,250,000.

If one takes into consideration the original cost of all sections of the projected through trunk road system, which is to continue for 1,200 miles with but a single unavoidable interruption (where ferry is taken across the Gulf of Georgia, from Campbell river far up Vancouver Island to Crow's Nest Pass, at the summit of the Rockies, the cost will run to many millions. At Crow's Nest this great scenic road and through trunk highway of British Columbia will link up with the road system of the adjoining province of Alberta, which is now being extended up the eastern slope of the mountains to make this important connection.

 By RUTH CAMERON

**"LET'S."** That tent a very long word is it? and yet I have an idea the habit of a little "let's" would sometimes save a good deal of trouble.

When I asked a nice little woman whose married life is marvelously happy, to kindly give me some of the secrets of this happiness that word "let's" might mean along to you among other things, she gave the credit to that word "let's."

"Now, you mustn't laugh," she said, "when I tell you that one of the things that made the most difference in our married life was, John's learning to say 'let's.'"

"You see, when he was courting me and when we were first married, I noticed that whenever he had any plan in his mind he would always speak of it like this, 'When we are married, Lacy, I think we will go south on our honeymoon,' and then later, 'When we have the hall done over we will have a much lighter paper.'"

"Usually this suggestion would be something I would entirely agree with. Often it would be a plan for my pleasure, and yet there was something in that calm assumption that I simply couldn't stand. I don't believe that I am any more independent or obstreperous than most women. But I didn't like to have anybody else saying what I'd do or wouldn't do without consulting me at all.

"Maybe you think I was perfectly absurd, but I couldn't help it. That way of John's was something I really wanted to do, just because that way of putting it riled me so.

"Often when he'd say, 'I think, Lacy, we will do this or that,' I'd up and argue against it, even when it was something I really wanted to do, just because that way of putting it riled me so.

"I don't suppose that you will believe it, but we had a perfect tornado one day when John said, 'I'll keep the blankets under the bed.' I wanted them down, because if you take them up people track in a lot of dirt, but the minute he said that, I made up my mind we'd have them up right away, and I was so obstinate and silly about it that for almost the first time since we were married, John got real put out with me.

"It was the best thing that could have happened, though, for it ended in my having a crying spell and weeping what John's shoulder until all the trouble was over and telling him that if he would only say "let's" instead of "we will," I was sure I would be able to do anything he wanted.

"John laughed a little when I got over my crying fit, but he said he'd try, and he did. And now he never thinks of saying anything else when he wants to suggest something.

"A little thing, my dear, I know. But what else is the happiness of married life but a tissue of little things—little things remembered and little things given up, little things said, and little things left unsaid, and little things forgiven.

"Choose a man that says, 'let's,' my dear, or else—teach him to—that's my advice."

And pretty good advice, I fancy.

"While two Frenchmen, Louis Bleriot and Count De Lesseps, have crossed the channel in an aeroplane, it remained for the English to perform the double feat. The distance across between the two points is twenty-one miles, so that his complete round trip between Dover and Calais is ninety minutes.

As the two Frenchmen, Louis Bleriot and Count De Lesseps, have crossed the channel in an aeroplane, it remained for the English to perform the double feat. The distance across between the two points is twenty-one miles, so that his complete round trip between Dover and Calais is ninety minutes.

**M. P.'S PAY VISIT TO OIL WELLS OF ALBERT**

Moncton, June 2.—The members of the local opposition met this morning for the consideration of some matters of further interest to the party. They had with them Hon. C. H. LaBrosse, who arrived by the morning train, as well as C. M. Legere, M. P., who returned from his home. After the session the party, upon the invitation of Hon. C. W. Robinson, visited the oil wells in Albert county, making the trip in the automobiles of Messrs. Robinson and Hon. Mr. Sweeney and F. W. Sumner, who has been much interested from the outset in the development of this wonderful natural resource.

The manager, Mr. Boggs, gave them a hearty reception and after dinner showed the party what had been done to bring this wonderful wealth of oil and gas from the depths of the earth. All those present were amazed at the possibilities shown them, and thoroughly convinced that there had been no exaggeration in the reports concerning the production of oil and gas.

**Canadian News Notes**

Moncton, June 2.—The estate of the late Adam Tait, of Shediac, was probated this week before Judge F. W. Emmerson. Letters testamentary were granted to his son, R. Chealey Tait, of Shediac. The estate is valued at \$33,000, chiefly personal.

Ottawa, June 2.—(Special)—A vein of silver, a sample of which assays \$1,900 ton, has been discovered in a rock quarry, the property of Stewart & Hewitson, Port Arthur contractors, about half way between that city and Fort William.

Winnipeg, June 2.—A very heavy snow and sleet storm last night along the main line of the Canadian Pacific railway between Medicine Hat and Calgary, and over the southern part of Alberta, has interrupted the communication between Calgary and the coast. Only one wire is working with Winnipeg.

The storm appears to have extended into the mountains. Three or four inches of snow and sleet fell, pulling down many telegraph wires and seriously hampering train operations.

Ottawa, June 2.—In connection with the creation of the international tribunal for control of rail traffic crossing the border to which Chairman Mabee, of the railway commission, has been appointed as Canadian representative, it is possible that some arrangement may be reached by the governments of Great Britain, United States and Canada for a similar tribunal to afford some medium of control of rates both on passenger and freight traffic charged by Atlantic steamship companies.

Liverpool, N. S., June 2.—(Special)—A drowning accident took place at the McLeod, Pulp & Paper Company's boom early this morning when Samuel Robar, of Greenfield, Queens county, lost his life. Mr. Robar was employed on the Halloway & Kempton drive of logs. The body was recovered. Mr. Robar was twenty-one years of age.

**NIGHT TRAINS BETWEEN HALIFAX AND SYDNEY**

Starting from Halifax, June 6, and from Sydney, June 7, the night train service on the Intercolonial Railway will be resumed between these points. This will be good news to regular patrons of the road and to the traveling public generally. The night service proved highly successful last season and a great convenience to the people. It will be possible now for travelers from this city to make connection for Cape Breton points via Truro by leaving on No. 28 at 12:40 or by the night express departing at 2:30. From a tourist point of view, the last is preferable as the journey through beautiful Cape Breton will be by daylight.

**The Women's Mission Work**

The sessions of the N. B. and P. E. I. Women's Missionary Society of the Methodist church were continued in Central hall yesterday. In the afternoon Miss McLeod, missionary under appointment, conducted the devotional exercises, and Mrs. P. S. Enman conducted the Mission Band session. During the service, Miss E. Bettle gave a short talk on the Leontine Committee, and Mrs. Robinson spoke on How to Lead a Band. A solo by Mrs. J. P. Crockett was much enjoyed.

Miss H. S. Stewart, B. A., editor of Palm Branch, submitted her report which showed that the total number of subscriptions for the year was 4,708, of which 1,828 were from New Brunswick and P. E. Island. This is an increase of seventeen over last year. After this, graphic word pictures of missions in Canada were given by Mrs. Corbett, who spoke on the French Protestant Home, Montreal; Miss A. O. McLeod, on the Italian Mission, Toronto; Mrs. Groulx, on the All People's Mission, Winnipeg; Mrs. Dawson, on the Galician Home, Edmonton; Mrs. Sanford, on the Waikato and Koloireka, Alberta, and Mrs. Roper on the Oriental Home and School, Victoria. The latter address was read by Mrs. Crosby in Mrs. Roper's absence.

In the evening, Miss Elizabeth H. Alchorn gave an address on the work of the society in Japan. The address was much enjoyed by the large number present. This morning the officers for the ensuing year will be elected as well as the delegate to the board meeting.

In using an alcohol lamp be sure that it is set upon metal or some non-inflammable substance, or the woodwork may be ruined, though a bad conflagration is escaped. asbestos plates are excellent for this purpose, or an old marble-topped table can be used.

Explorer Peary has been named an L.L.D. of Edinburgh University.

**ROYAL COMMISSION ON INDUSTRIAL TRAINING HAS BEEN APPOINTED**

Ottawa, June 2.—The personnel of the royal commission on industrial training and technical education has been announced by Hon. Mackenzie King, minister of labor.

The commission consists of Prof. James W. Robertson, president of the Royal Society for Canada and later head of the Macdonald Agricultural College. He is now in England, but will return at once.

Sydney, barrister and member of the Nova Scotia legislative council, will represent the maritime provinces.

Dr. George Bryce, president of the Royal Society of Canada and principal of the Manitoba College, will represent the west.

G. de Serres, president of the Technical Institute of Montreal, will represent Quebec.

Dr. Joseph of Berlin, principal of Berlin Collegiate and Technical Institute, will represent Ontario.

G. M. Murray, secretary of the Canadian Manufacturers Association, will represent that body, and James Simpson will represent the wage earners of Canada, having been nominated by the Dominion Trades and Labor Congress.

The secretary and reporter of the commission is Thomas Bengough, of Toronto.

The commission will begin work next month and it is expected they will require a year in which to complete their investigations and make a report. They will commence by making a general tour of Canada and taking the evidence of workmen and employers at all industrial centres. Afterward they go to the United States, Great Britain, Germany, France and other European countries. The commissioners will be required to give their entire time to the work. It is anticipated that one of the first investigations which will be made under the commission act of last session will be into the meat industry of Canada. The labor department has received information that there is a combine among the meat handlers.

It is possible that Hudson Bay may not see Earl Grey this summer. Private business has called him to England and he and Lady Grey will sail on June 10. His clemency may return to Canada on the cruiser Niobe, which Canada has purchased as the first of the new fleet, and which is expected to reach Halifax some time in July.

**ENGLISH BIRD-MAN FLIES OVER ENGLISH CHANNEL AND BACK**

Dover, Eng., June 2.—The Hon. Charles Stewart Rolls, captain in the London second of the army reserve, driving a Wright biplane, vindicated Anglo-Saxon aeronautics by crossing the English Channel twice this evening without alighting. He made the round trip between Dover and Calais in ninety minutes.

As the two Frenchmen, Louis Bleriot and Count De Lesseps, have crossed the channel in an aeroplane, it remained for the English to perform the double feat. The distance across between the two points is twenty-one miles, so that his complete round trip between Dover and Calais is ninety minutes.

**BUSINESS OF GENERAL ASSEMBLY YESTERDAY**

Halifax, June 2.—The Presbyterian general assembly got under way this morning with the guiding hand of the moderator, Rev. President John Forrest, D. D., keeping the ecclesiastical ship steady and in smooth waters. Dr. Forrest has always been a regular attendant at synods and presbyteries. He knows the rules and he is firm. He is good-natured and bright, not too devoted to red tape or ceremonial and does not hesitate to overrule the proceedings with remarks of his own.

The five great matters that engrossed the attention of the assembly today were the statistical report, the report of the committees on Sunday school publications, augmentation and the colleges. In the evening, home missions was the chief topic.

There are twelve ministers who seek admission to the church from the communion. Their names were sent to a special committee to look into their qualifications. It is rare that all pass the ordeal. The committee dealing with this subject, which is in two sections, one for ministers who wish admission under the other for students, is one of those whose inquiries is more or less feared. They are as follows:

Ministers—Dr. Ramsey (convener), Rev. Dr. Bennett, Dr. Ballantine, Rev. D. C. MacGregor, Rev. J. Currie, Professor Bryce, Rev. M. Jack.

Elders—George Rutherford, Hamilton Cassels, James Rogers.

The committee to consider the cases of ten students who wish to have certain scholastic difficulties removed which prevent their receiving license as ministers are as follows:

Ministers—Dr. Abraham, Whitty (convener), Rev. James Binnie, Rev. G. I. Johnston, Rev. D. D. McLeod, Rev. G. A. Woodside, Rev. R. G. MacNeil, Elders—John Lowder, Ed. Brown, Hon. B. Rogers, Dr. I. Thorburn.

The report on the individual colleges was interesting, especially to the friends of each. The most enthusiasm was manifested when the statement was made regarding Westminster, at Vancouver, the progress of which seems to have been remarkable. About \$10,000 has already been raised for the college by the citizens of Vancouver. New professors are being engaged and a boom apparently is on as respects this institution.

In moving the recommendations on the statistical report, urging greater regularity and thoroughness, Rev. Dr. Somerville, the treasurer, sharply rapped some of the presbyteries. They neglect, he said, to furnish ample statistics to show the condition of their work but yet they go to the committees for large grants to help them. They must show what they are doing to help themselves before they need outside help, he remarked.

John Lowder, of Toronto, presented the Stinty school publication's report. Amid applause, he said that we have now the finest lesson helps and papers in the world. There are eleven published with a circulation of over a quarter of a million copies. A new Sabbath school monthbook, a year book and several booklets have been published. The cash balance is \$17,504.

**UNIMPEACHABLE**—If you were to see the unequalled volume of unimpeachable testimony in favor of Malta-Vita, you would be so long in taking this effective medicine for the blood, disease from which you are suffering.

Once in a great while a man's self respect keeps him from enjoying life.

**U. N. B. GRADUATE TO CHICAGO UNIVERSITY**

Frederick, N. B., June 2.—At the entrance of the University of New Brunswick here today the largest class in the history of the institution was graduated. The class is distinguished as containing the first graduates in forestry sent out by the college, and also by the fact that the arts students all were graduated in the first division. Prof. Raymond, who was acting chancellor in the absence of Dr. C. G. Jones, who is in British Columbia, remarked on this occurrence, stating that it was the first arts class which to his knowledge had done so.

The class of 1910 contains fifteen graduates in arts, fifteen graduates in civil engineering, four graduates in forestry and one in electrical engineering.

The formal ceremonies attending the graduation being over, the students celebrated informally tonight by observing the time honored custom of firing the cannon and having a bonfire.

The class of 1907 with representatives of other classes, held a dinner in Washington's restaurant this evening to mark the class reunion.

Miss Frances L. Fish, of the graduating class, has been awarded a scholarship in Greek at Chicago University and will go to that institution for a postgraduate course.

**Government Annuities \$545,877**

Ottawa, June 1.—The total revenue from the sale of government annuities to May 31 is \$545,877. The number of annuities is 716, and of this number 411 were from Ontario.

**Ferry Superintendent Warning**

Ferry Superintendent Waring has changed the schedule so that the boat which formerly left the east side floats at 1 p. m. on Saturdays will not leave until 1:30 p. m. during the months of June, July and August. This will give the people of Carleton who work in the city and have the half holiday, a chance to get home earlier.

**KILLS THE GERMS**

Every Woman Can Have Beautiful, Luxuriant Hair

That Glorious Hair, Radiant and Luxuriant, and Free from Dandruff

CAUSED BY THE IDEAL HAIR DRESSING AND TONIC

**PARISIAN SAGE**

Now that the clever women of America, ever anxious to keep their beauty, have learned that Parisian Sage, a remarkable and almost marvelous hair nourisher and beautifier, is almost entirely responsible for the charming hair of the ladies of France, the demand for it has become enormous.

A chemist who analyzed Parisian Sage said: "It is the ideal dressing for the hair. The ingredients are so scientifically combined, that Parisian Sage is first of all a hair grower, because it surely destroys dandruff germs, and nourishes the hair roots."

"Second, it puts life, substance and brilliancy into the hair, which improves the attractiveness of any one."

"Third, it is very delicately scented; is not a particle sticky or greasy, and does not contain one atom of anything that could possibly injure scalp or hair."

Parisian Sage is now sold all over Canada by progressive druggists, who are glad to guarantee it to eradicate dandruff, stop falling hair and itching scalp in two weeks, or money back.

It is the finest dressing for children's hair and puts it where every family can afford to use it. A large, generous bottle for 50 cents. Made in Canada by Gironx Mfg. Co., Fort Erie, Ont., who fill mail orders, charges prepaid, on receipt of 50 cents. The girl with the Auburn hair is on every package.

**Malta-Vita** THE PERFECT FOOD

Little children like Malta-Vita but that isn't the best reason for letting them have it. Malta-Vita provides them with all the nourishment their young bodies need, and in such a form that they digest it easily. This perfect whole-wheat food is the ideal food for children. It makes them healthy and robust. There is nothing else so delicious, so satisfying as a bowl of Malta-Vita with milk or cream. It's good for the children whenever they're hungry. Always ready to eat. No cooking. No inconvenience. All grocers.

People often pay more by auction than the price we ask, and you take no chances here about the instruments being satisfactory, as each instrument is fully warranted by us.

**Constable to be Dismissed**  
At a meeting of the treasury board last evening it was decided to recommend that Constable A. G. Sherwood be dismissed paying him on the first visit and \$10 on any other. Finally Mrs. Rufino agreed to cure the girl within a week for \$50. Mrs. Spinella promised to pay when her daughter recovered but the girl died and immediately Mrs. Spinella and the Rufinos lost the return of the money they had given her and were warned by Mrs. Rufino that if they informed the police or made any trouble all would be stricken with disease to which they would succumb. The charges of the coroner, however, had led their terrors and the complainants informed the medical society, which quantified the police of the facts. After hearing the testimony Magistrate Kerneohan remarked, "Now I understand why they need to burn witches."  
Mrs. Rufino waived examination and was held for trial.

### WITCHCRAFT PRACTISED IN DARKEST NEW YORK

Blue Ribbon and Yellow Powders  
**Superculous East Siders**  
**Prize Penny**  
Strange stories of modern witchcraft, were told to Magistrate Kerneohan in before Market Court, New York, last week when Mrs. Carmela Rufino, of 30 Grand street was arraigned for practicing medicine without a license. Mrs. Rufino was arrested on a warrant obtained by the County Medical Society on information furnished by Leonard, Leonard and Giovanni Bufanno of 50 Wallace avenue, Jersey City, and Conchetta Spinella. The Bufannos said they gave the woman \$370.

Mrs. Lenora Bufanno alleges that about March 1 she visited the defendant's home and told her she was suffering from stomach trouble. The woman, she says, rubbed her with a yellow powder, which she said would cure her. For this treatment the Rufino woman demanded \$200. Two days later the complaint cured. Mrs. Bufanno visited Mrs. Bufanno's home at midnight, and after weird incantations announced that the house "was full of devils." To rid the Bufanno home of the evil spirits, she alleges, Mrs. Rufino said to place 83 in a pan and cover it with and after which the defendant took the pan away, promising to bury it and its contents in a vacant lot. The devil would be charged her \$20 for doing so, and followed her.

Three or four days later Mrs. Bufanno visited the sorceress and told her she still was afflicted with pains in her stomach and hiccup. She alleges that Mrs. Rufino rubbed more powder on her, tied a blue ribbon around her left leg, and charged her \$20 for doing so, and followed her.

Recently a daughter of Mrs. Conchetta Spinella, a neighbor of the Bufannos, was taken seriously ill and Mrs. Bufanno recommended that Mrs. Rufino be consulted. Mrs. Spinella alleges that she did so, paying \$10 on the first visit and \$10 on any other. Finally Mrs. Rufino agreed to cure the girl within a week for \$50. Mrs. Spinella promised to pay when her daughter recovered but the girl died and immediately Mrs. Spinella and the Bufannos lost the return of the money they had given her and were warned by Mrs. Rufino that if they informed the police or made any trouble all would be stricken with disease to which they would succumb. The charges of the coroner, however, had led their terrors and the complainants informed the medical society, which quantified the police of the facts. After hearing the testimony Magistrate Kerneohan remarked, "Now I understand why they need to burn witches."  
Mrs. Rufino waived examination and was held for trial.

Ladies' Stylish Coats and Costumes FOR SPRING At Reduced Prices

We have decided to mark the prices of all Spring Coats and Costumes down to a figure that is bound to clear them quickly. There is a tempting choice in colors and styles. Some of the Coats show elaborate trimming, and some are trimmed very little. The same may be said of the Costumes, but there is an air of elegance about them, all that will appeal to all good dressers.

A Customer's Reasonable Wish is This Store's Pleasure.

DYKEMAN'S AN EXTRAORDINARY SALE OF Cotton Wash Materials

We have been fortunate in securing, from an agency, a clearing line of manufacturer's wash materials, consisting of white piques, white mercerized broads, white mercerized poplins, fine French ginghams, in neat checks, striped lawn ginghams, white cross barred muslins, white vestings, spotted muslins, black stripe and check muslins, and a variety of other weaves too numerous to mention.

Altogether about 1,800 Yards will be placed on Sale, many of them at half their regular price. There are 15 cent Muslins which will be sold for 8 cents, 17 cent Muslins which will be sold for 10 cents, 20 cent Muslins which will be sold for 12 cents. A lot of very fine French Ginghams, 33 cent quality to be sold at 17-1/2 cents. There are other lines up as high as 50 cents a yard which will be sold at 25 cents. The most of them are of the finer weaves and are very rich in quality and texture. These goods will go on Sale on Saturday, and the sale will continue until the goods are all sold. No samples.

LOCAL NEWS

The Military Veterans, Association met last night and transacted routine business. Policeman Scott was called to extinguish a bonfire in Mecklenburg street last night. A coal cart owned by J. S. Gibbon & Co. broke down yesterday in Main street and delayed street traffic for some twenty minutes. All members of the Artillery Band are requested to be present at the room tonight as there are important announcements to be made. A royal salute of twenty-one guns was fired at noon today by No. 1 battery, Maj. Harrison commanding, in honor of the birthday of King George V. The day was observed as a public holiday in this city only by the officials in the customs house.

There will be four vacancies in the Sussex high school staff at the close of the present term. Three male teachers, Messrs. Lawson, Atchinson and Patterson and one lady teacher, Mrs. Stevens, will retire when the holidays arrive. The vacancies in the departments presided over by male teachers will be hard to fill, says the Record, as few men are now taking up teaching as a permanent profession.

Do not forget the entertainment to be given on Tuesday evening next in St. Michael's hall under the auspices of the Father Matthew Association. A choice programme of varied numbers has been arranged and it is sure to please all who attend. It will consist of musical and vocal numbers, readings and a short sketch. The St. Cecilia orchestra will furnish music, and other good local talent will take part.

FORMER ST. JOHN MAN SUGGESTS DAY TO RAISE FUNDS FOR THE POOR

The following letter and clipping were received by the Times-Star from H. D. Rankin, formerly of St. John, but now living in Los Angeles, California: Pasadena, Cal. May 16. Editor Times-Star: Sir:—I am enclosing a clipping from one of our reliable newspapers of southern California, the Los Angeles Express, an evening newspaper. You will please note the grand total of \$11,800 from one day's sale of tags at 10 cents each. This is an annual occurrence in the city of Los Angeles, Cal. This year the day selected was Saturday, May 7. This money goes through very safe and reliable hands for distribution to the needy poor families all through the city of Los Angeles, a city of 250,000 population. How I would feel delighted to hear of the good people of your fair city having a day of this sort, say about exhibition time or at a time the most people are in the city. What a blessed occurrence for the deserving, needy poor of this year, should you have a day of this sort or some sort and gather in say \$7,000 or \$8,000 for the poor—as the poor we always have with us. I am sincerely yours, HENRY D. RANKIN, 345 Hope Street, Los Angeles, Cal. (Los Angeles Express)

The sum of \$11,800 has thus far been received by the Associated Charities as a result of Tag Day, and small amounts of money still continue to come in. These will probably continue for some time, but will not aggregate any great sum. Both Polytechnic and Los Angeles high schools are said still to have a small amount to turn in, but Polytechnic probably is ahead on tag sales again this year, although Los Angeles high made a phenomenal gain. This year 'Poly' has turned in about \$2100 and Los Angeles high about \$1,900. The grammar schools also made good gains over last year. Thus far they have turned in \$2084.49. While last year their receipts were \$2,182.21. Theatrical parties this year turned in \$407.90 against \$400.82 last year, but most other sources of tag receipts fell off this year. These included the individual contributions, and the sales in hotels and department stores. Probably \$11,500 will be about the total.

WILLIAM DUKE'S ESTATE \$12,500

In the probate court today William Duke's will was proved. He appoints his wife Margaret his chief beneficiary and nominates her as executrix and she was sworn in. Real estate is \$1,500, personal estate, \$11,000. Thomas P. Regan, is proctor.

HEAVE HO, HEAVE HO!

Here's a record for river men to beat. A letter to the Times-Star states that Capt. (and crew) R. A. Cameron, of St. John, master (and crew) of the tug Clifford C. of 100 tons, took her to Fredericton and landed a cargo of molasses for A. F. Randolph & Son, and did it all alone. The letter states that Capt. (and crew) Cameron is sixty years of age, and has the underhook on most men of thirty. If there is any other coaster or river man or yachtsman who has anything on Capt. (and crew) Cameron of the good ship Clifford C. of 100 tons, this paper will give it the widest publicity. As it is the record stands.

GARR'S APPEAL DOES NOT FALL ON DEAF EARS

Gets Another Chance If He Leaves Town At Once—His Plea Earnest and Striking

Joseph Carr, arrested some days ago when found sleeping in a Pullman car in the I. C. R. yard, made a forceful and striking appeal for his liberty this morning in the police court. "I have been for eight months, steady," he said, "an inmate in that jail and I would like to get a chance to shake the dust of St. John from my feet. You can place any restrictions you wish on me, and I'll promise to keep them. I have nothing to give but my word. His Honor reminded him that he had frequently been allowed out on giving a promise, but had come back repeatedly, and was now in a position where a warrant being his being dealt with under the dominion act, and could be sent to jail without a fine. However, Carr, Judge Ritchie said, "I think I will give you another chance. I want to see that there are no bones, no drunken men, leading about the city this summer, especially at exhibition time. If you promise to leave town within an hour I will let you go with a fine of \$50 or two months' jail struck against you. Drink has been the cause of your downfall, so try to keep away from it." Carr promised to go to Chipman to work and be gone in an hour's time, so he was allowed to go. A fighting case taken up was adjourned for witnesses.

MONKTON'S NEW SCHOOL BUILDING TO BE FINE ONE

Mr. Brodie's Plans Promise Superior Structure for Railway Town Scholars—Ready by September

About the time the public schools of Monkton have reopened for the next term that city will have a handsome new building for the accommodation of the schools, one which is expected to excel all others in the maritime provinces in appearance, equipment and modern improvements. Tenders for the erecting of the structure will close on June 17. F. Neil Brodie, of St. John is the architect, and he expects to have the new building ready for occupation by September. The school is to be built adjoining the present building in Weldon street, being connected with it by a brick-covered corridor eighty feet long by eight wide. It is mainly because of the fact that an exhibition hall was needed that the school as to be built and when it is completed, it will contain an assembly hall ninety feet long by forty wide, with a seating capacity of 1,200 and a stage eight feet long by twenty wide, capable of seating 200. There will be a twenty-foot ceiling in the room and at each side of the stage will be seating 'chairs' rooms. There are large hall, four class rooms, with two cloak rooms to each, will be constructed.

A new departure in school buildings in eastern Canada will be the construction of four absolutely fire-proof staircases, which are considered safer than fire escapes, and by which the assembly hall may be emptied in a few moments.

The new school house will be of brick, two stories high, with cut stone trimmings and a slate roof and will be wired throughout with electricity. A first class heating and ventilating system is to be installed, the former to be done by the Webster Modulation System of steam heating. In the near future it is planned to erect another school building in the same block and adjoining the others. When completed, no city in the maritime provinces will it is said, have better school accommodations than the railway town.

MOVED BARGE BUT SIX FEET

Tug Captains Hopeful That Tonight They Will Free No. 4 From Rocks at Cape Spencer

The tugs Lord Wolsley, Lord Beresford and Lillie went to Cape Spencer last night and at high water took a pull on barge No. 4, above that place. The vessel moved off about six feet, and then the hawser parted. A heavy sea was running and the tide was up, so the tugs returned to port. They will go down tonight and make another effort to pull her off the rocks. They will probably be assisted by the government's powerful tug Helena. Captain Farlie of the tug Lillie, says about fifteen feet of the tug Pepperscock is out of the water, and that if the weather continues fine the tug may be floated. If so, she will be brought to this harbor. The tide will be more than a foot higher tonight than it was last night at Cape Spencer, and it is thought that barge No. 4 will probably come off. Barge No. 2, which was also ashore and was towed off, as before stated, is now at Dunn's wharf, west end. She will be put on the blocks for inspection.

WILLIAM DUKE'S ESTATE \$12,500

In the probate court today William Duke's will was proved. He appoints his wife Margaret his chief beneficiary and nominates her as executrix and she was sworn in. Real estate is \$1,500, personal estate, \$11,000. Thomas P. Regan, is proctor.

In the estate of John Riley, carrier, the petition of John Mitchell, executor, surviving executor and trustee, to pass the accounts and for order of distribution was received. The addresses of some of the next of kin being unknown the citation was ordered to be published in the Royal Gazette for three months and made returnable Sept 12. Thomas P. Regan, proctor.

Are You Starting House This June? If so, a Glenwood Range Will Make Your Cooking Easy

In starting house keeping it is well to start with little and have it of the best, than to fill a house up with inferior goods. We don't know anything about your furniture, but we do know that we can supply you with a Glenwood Range that will give you satisfaction from the start, will save your fuel, and make your labors light. It is true you can get cheaper ranges than a Glenwood. But we can't make them and put material and workmanship in them that we put in our Glenwoods. The Glenwood Ranges are well known. They are made right here in St. John. We can give you a range from \$23.00 up. Call and examine our lines.

Men's \$1.25 and \$1.50 Shirts SELLING AT 98 cts.

Every now and again we have to put Shirt stocks in order by clearing out short lots—we've sold a good many Negligee Shirts thus far this season. If a line can't be filled again by re-orders—whether because the maker is out of goods or is working on Fall orders—whatever the reason, all the Shirts in that particular line are apt to be classed as odd lots. They go in the clean-up group. Hence the values today are exceptionally good. All sizes in the lot from 14 1/2 to 17 inch. Regular prices, \$1.25 to \$1.50. Special price to clear 98c. Half Hose Men's light weight Summer Half-Hose made of the finest French Lisle Thread in Black, Tan and fancy effects All new Summer goods, regular price, 25c., 30c., 35c. per pair. Special price this week 19c. per pair.

Neckwear We are showing some very special values in washable Neckwear for Summer wear in very neat patterns. 15c. each, 2 for 25c.
