KING ASKS SASKATCHEWAN FOR DUNNING

WOULD TAKE HIM INTO CABINET, HE DECLARES

Western Premier Raps Conservatives On Tariff Issue HURTS THE WEST

Declares Canada's Ruin Would Follow Adoption of U. S. Customs Scale

Staff Correspondent Canadian Press. REGINA, Sept. 30.—Premier King last night made his appeal for Progressive support. He announced that it was his intention to have a Minister of Immigration devoting his whole time to immigration, and he expressed his hope and desire that the people would go to a western man. He indicated his intention to invite Premier Dunning of Saskatchewan to join his cabinet after the elections. He would like Saskatchewan to have two ministers in the cabinet, and he added that he would like to see the good people of Saskatchewan to allow him to take to the wider councils of this nation the Premier of Saskatchewan.

Wants the West to have adequate cabinet representation, provided the West sends me the following out of which I can make adequate representation," warmly proclaims the Prime Minister.

PLEADS FOR UNITY You must choose. You cannot have your cake and eat it. If you prefer Western Canada to send to Premier Dunning a group of men who are not going to help the administration, who are going to say we are better than they, we will stand apart, we will keep our eyes on the prize, we will choose cabinet ministers.

DUNNING ON TARIFF. And to this plea of Premier King was added a similar plea by Premier Dunning of Saskatchewan.

On a straight fight between Liberals and Conservatives Mr. Dunning did not think Saskatchewan would return a single supporter of Mr. Meighen. "With the prospect of three covered contests," he proceeded, "there is Tory activity even in this province."

There are, of course, a number of issues, but the outstanding one in relation to the welfare of our people is the proposal of the Conservative party to return to power to bring about an all-round increase in the customs tariff. I sometimes wonder if the people of this part of Canada have yet fully grasped what this proposal means to them. Whatever the tariff may mean

WOMAN INVITED TO BE P. Q. CANDIDATE Mrs. Henry Joseph However, Declines Nomination in St. Lawrence St. George.

MONTREAL, Sept. 30.—For the first time in the history of the province of Quebec, a woman's name was put forward as a candidate for political honors here last night. At the conservative convention in St. Lawrence-St. George division, Mrs. Henry Joseph was proposed. Mrs. Joseph declined the offer. She had offered a candidature in another division, which she was considering, she said. C. H. Cahon, K. C., was selected as the candidate.

FATHER GETS CHILD San Francisco Court Awards Daughter to Former Ont. Lawyer.

SAN FRANCISCO, Cal., Sept. 30.—Six-year-old Sherry Cooke has been awarded by the superior court to her father, James Cooke, an Ontario attorney, after a long drawn out legal battle between the parents of the child, for her possession. Mrs. Cooke recently disappeared, supposedly with the child, as she did not respond to a court summons. She was reported to have been last seen in Reno.

CHILD, MISSING SINCE MONDAY, STILL SOUGHT JURISDICTION OF RAIL BOARD IS QUESTIONED

OTTAWA TO FURNISH PORT FACILITIES AS TRAFFIC NEEDS THEM Officials Apparently Fail to Hear of Saint John and Halifax Harbor Wants; \$250,000 Courtenay Bay Vote Termed Not Enough

BY A. M. BELDING Staff representative of The Telegraph-Journal and The Evening Times-Star, who is now on an active canvass of Canadian importers and exporters in behalf of the more general use of Canadian ports.

OTTAWA, Sept. 29.—If the ports of Saint John and Halifax are in need of increased facilities to prevent congestion during next winter, Ottawa does not appear to have heard about it.

Vice-President Dalrymple of the C. N. R. and the heads of steamship companies who told me in Montreal last week that increased facilities are urgently needed at both ports are not regarded here as accurate judges. One needs to have a sense of humor to appreciate the situation.

As fast as facilities are provided we will furnish the traffic," says Mr. Dalrymple. "As fast as the traffic requires it we will furnish the facilities," says the railway department. "It is your move," says Mr. Dalrymple. "No, it is your move," says the railway department.

And there you are. "You may rest assured," an official of the department said to me today, "that as soon as the volume of traffic overtaxes the present facilities we will provide more, because it would mean more business for us."

An official of another department suggested that I interview the Government engineer at Saint John and be convinced that if the harbor authorities were less obstinate about giving a steamer a berth there would be enough to go around without causing serious congestion.

I HAVE been given to understand that Hon. Mr. Foster will have an announcement of some kind to make in a few days. If it relates to Courtenay Bay, I can also understand that the quarter of a mile pier at Courtenay Bay will not be built, as it is not a profitable working unit there, and that there must be other appeals to Parliament before steamships will dock at the head of Courtenay Bay. Both here and in Montreal, while sympathy with the Maritime is expressed, I find that the past deeds of Governments in making unproductive expenditures at both ports rise up against us in the form of a large question as to the full justice of present claims for consideration.

What appears to be necessary is to get the railway and steamship people and Government departments together to iron out their differences of opinion regarding the actual needs of our ports.

"We are forced by legislation," said a steamship man in Montreal, "to take our ships to ports that are not properly equipped."

The British preference is the legislation referred to, and the ports are Saint John and Halifax, as already noted, his assertion about inadequate present facilities is discounted here. The question of harbor management also comes up frequently in conversation and Montreal is held up as an example Saint John should follow in that respect.

Of course, this is not a good time to visit Ottawa in search of information, since the capital is largely deserted, but there are enough straws about to indicate the direction of the wind, and the Maritime ports must look to their needs or go on waiting.

Royalty Sets Fashion For Tartan Skirts

LONDON, Sept. 30.—Scottish plaids are in vogue in Scotland. Queen Mary and Princess Mary gave them a boom at a recent gathering at Balmoral Castle at Broompark by appearing in tartan skirts.

Now the "Black Watch" tartan and Black and White Shepherd's plaid which are neutral in tone are in special demand. Skirts made from the plaids are closely pleated at the back like kilts. The fronts are wrapped and fastened on the right side with large gold or silver kilt pins. These add a smart touch to the garment. Both the Queen and Princess wore skirts which fell almost to their ankles. They also wore woollen stockings.

SEARCH FOR RUTH DOUGLAS IS FRUITLESS

No Reason Seen For Disappearance of Girl

SHORES COMBED Missing Youngster Thought Seen in King Square Yesterday, But Vanished

DESPITE all efforts of relatives, friends and the police, Ruth Douglas, 11-year-old daughter of Mr. and Mrs. C. S. Douglas, 163 Brittain street, who has been missing from her home since Monday afternoon, had not been found this afternoon. It was said this morning that nobody had been found who had seen the girl since 5:30 o'clock Monday afternoon, when she was noticed by a school chum talking to a boy about her own age at the corner of Mackinburg and Carmarthen streets.

The father of the missing girl sought information from this lad, who he said to be employed as a delivery boy for a local meat store, but said the youth refused to divulge any information, but evening missing it off with the remark: "Oh, that's the little girl that is missing."

MOTHER SEES NO REASON. Mrs. Douglas, mother of the girl, when seen this morning at her home in Brittain street, by a Times-Star reporter said she could offer no reason for the girl's disappearance. She seemed to lean towards the opinion that something ill had befallen her little daughter, either that she was being held forcibly by some person or person, or that she had wandered along the waterfront and fallen off the wharf.

Mr. Douglas searched along the shores at Courtenay Bay this morning at low tide, but no trace of the girl resulted.

Sergeant Detective Power and Detective Biddiscombe visited the Douglas home early this morning and sought all available information. They are carrying on an active search in person or to return within a reasonable time to the whereabouts of the girl, which will relieve the worry and suspense of the Douglas family.

SEEMED ILL IN SCHOOL. The girl left her home on Monday at noon and went to King Edward school, where she is a pupil in Grade VI. At 8:05 in the afternoon she failed to be excused from the room and the teacher granted permission, seeing that the child was apparently ill. When she failed to return within a reasonable hour search failed to find her. The next sign was seen of her was during the conversation at 5:30 o'clock at the street corner with the errand boy.

NEVER AWAY BEFORE. Mrs. Douglas said today that she felt sure that the girl was on her way home at this time, but some one for which she can give no explanation.

CHURCH NOMINATION IS REPUDIATED Northwest Toronto Conservative Association Opposes His Candidacy.

TORONTO, Sept. 30.—Conservative opposition to the candidacy of Thomas L. Church, party nominee for the riding of Northwest Toronto, in the coming federal elections, was registered last night, when a meeting of 800 electors of the constituency formed the Liberal-Conservative Association of Northwest Toronto, and adopted a resolution which repudiated the proceedings of the Conservative convention on September 25, when Mr. Church was nominated.

Weather Holds Up Canadian Paddler SPEZIA, Italy, Sept. 30.—George H. C. Smyth, Canadian canoeist, paddling from Naples to Leningrad, Russia, on a waver of 10,000 lire, has been forced to put in to Portovenice because of bad weather. SHIP COMMANDER SCORED ADVICE Refused to Turn Shenandoah to South as Storm Threatened, Witness Says.

LAKEHURST, N. J., Sept. 30.—Disregarding the advice of his own expert, Commander Zachary Lansdowne held the airmship Shenandoah on her prescribed course until she was drawn into the storm that wrecked her, Lieut. Joseph B. Anderson, aerologist on board testified yesterday before the naval court of inquiry.

The suggestion that the ship be turned to the south was made at least half an hour, and probably an hour before she was wrecked, Anderson said, adding that Lansdowne had declined to heed the advice because the aerologist had been unable to point to any specific immediate danger signal in the skies to warrant a change of the course.

After the Shenandoah was caught in the storm and had made her first list, and then levelled off, Anderson's advice that a southeasterly course be followed then in an effort to get out of the storm, also went unheeded, he declared. Commander Lansdowne was ordered to follow it, but the other officers in the control car, advised against it, because storm clouds were in that direction.

MISSIONS BOARD IN LAST MEETING Methodist Body Never Will Sit Again as at Present Constituted.

TORONTO, Ont., Sept. 30.—With Rev. W. H. Hearts, of the Maritime Conference, presiding, the general board of missions of the Methodist church met here yesterday under definite assurance that never again would it meet as at present constituted. The first important decision unanimously confirmed the sale of outgoing missionaries for China, scheduled for October. Meetings continue all week. The 101st annual report of the Methodist Missionary Society was presented. Fourteen missionaries from West China and Japan and five new workers were introduced. Rev. W. J. Suplee, of Victoria, B. C., was appointed secretary, succeeding G. W. Barker, Toronto. In Dr. Clow's absence, Rev. Dr. Hearts was elected chairman. Heading delegations on furlough from foreign fields, Rev. D. B. McKisic, Japan, and Rev. J. L. Stewart, China, took seats as members.

Name of Saint John Firm On Hat Tag of Man Found Dead In B. C.; Dead About 4 Years

VANCOUVER, B. C. Sept. 30.—Identity of the skeleton of a man found in the bush of Surrey municipality, near the new Westminster bridge, Monday, has not yet been made. The man's hat had inscribed on a tag the name of a dry goods store in Saint John, N. B. The remains are believed to be those of a person about 60 years of age, five feet nine inches in height, and of rather heavy build. The man had been dead for four years, in the opinion of Dr. F. Sinclair.

Contests will take place in Bilserville, Burton and Northfield.

SEPT. WHEAT JUMPS Advances Six Cents in Chicago, But Swift Reaction Follows.

CHICAGO, Ills., Sept. 30.—September wheat jumped six cents a bushel on the Board of Trade today. The fact that this was the last day for settlement of September wheat contracts was chiefly responsible for the quick advance, which carried September up to \$1.49 1/2, as compared with \$1.37 1/2 to \$1.37 3/4 at yesterday's finish. A swift reaction followed, wiping out most of the gain.

COMMUNISTS AGAIN GIVEN LABOR SETBACK Suggested Apology To Soviet Russia Is Rejected

A BIG MAJORITY Move to Have Workers' Party Withdrawn From Commons Also Defeated

LIVERPOOL, Sept. 30.—The Red section of the Labor party has received another heavy setback this morning, with the defeat of a resolution by which they planned to open an attack upon J. Ramsay MacDonald, for his procedure regarding the notorious Zinovieff letter while he was Premier.

One part of the resolution, which was a composite one, demanded that the Labor executive send an apology to the Soviet government and M. Zinovieff, through Mr. MacDonald, since the executive had been unable to prove the authenticity of the letter which advocated overthrow of the British government.

WITHDRAWAL BEATEN. The resolution also urged the Labor party to withdraw from parliament and force the resignation of Premier Baldwin's cabinet. The next Labor government, it affirmed, must appoint trusted working class representatives to take charge of all the administrative departments.

The resolution was overwhelmingly rejected by a show of hands.

WINS ACTION OVER WINES IN QUEBEC Company Sued Liqueur Commission for \$154,200; Gets \$92,428 Verdict.

QUEBEC, Sept. 30.—An action in damages to recover \$154,200 from the Quebec Liqueur Commission was sustained by Mr. Justice D'Auteuil in the Superior Court here for an amount of \$92,428.37 in favor of La Compagnie des Agences Europeennes.

The action arose over the sale of wines to the Liqueur Commission by the company already mentioned, which the commission claimed to be not up to the standard laid down by law. When the Quebec Liqueur law went into effect the plaintiff company was doing a large business in wine and liquor importations and it had a large stock on hand in local warehouses. Arrangements were made by the company to sell its stocks at cost prices to the Liqueur Commission and an analysis of the wines was made in Montreal by the Liqueur Commission. Later the commission claimed the wines were not of standard purity and refused to fulfill its contract with the company. It was then the company entered the action which was sustained, but for a smaller amount than that claimed by the plaintiffs.

SEARCH FOR RUTH DOUGLAS FRUITLESS

Continued from page 1.

had happened to cause her to change her mind. Whether she had fallen into bad hands or wandered away and became lost the mother was unable to explain. The child had never been away from home before, had been faithful in her attendance at school except when away through sickness or some other legitimate cause and was evidently satisfied with her lot at home, which her mother said had always apparently been a happy one. Speaking of her daughter's health, Mrs. Douglas said that the girl was naturally of nervous disposition. On Tuesday she was to have taken an examination in arithmetic at school and on the outcome of this was to depend her staying in Grade VI. Whether this had preyed on the little girl's mind or not her mother could not say.

IN KING SQUARE Detective Biddiscombe reported this morning that he thought he had seen the little girl in King Square yesterday afternoon. He stopped his car and when he returned to the spot where she was seen with another little girl, both had disappeared. Whether this was really the missing girl or not the detective could not say. The girl is described as being of medium height for her age, good looking with fair complexion, blue eyes and wearing dark shelled rimmed glasses. When she left home on Monday she was wearing low white shoes, fawn silk stockings and a brown fanned dress. She is said to be rather talkative and would readily engage in conversation. Her father is employed as chauffeur for S. Hayward Company, Ltd.

According to the detective department they had been unable up to early this afternoon to locate the young lad said to have been seen talking to the Douglas girl at the corner of Mecklenburg and Carmarthen streets late on Monday afternoon. They had so far secured no trace of the girl. They are of the opinion that she is still about the city and feel that nothing harmful has come to her.

PERSONALS

Mrs. J. T. McCarrill, sister of Mrs. P. Brennan, who came to the city from St. Stephen to celebrate Mr. and Mrs. Brennan's 30th wedding anniversary, is remaining for some time with her sister, Mrs. Primrose Felton, of Yarmouth, N. S., the guest of Mrs. T. Walter Magee, 29 Mecklenburg street, while visiting the Misses Nellie and Kathleen Magee.

Miss Edith Bauld, of Halifax, noted Maritime golfer, who has been visiting Colonel and Mrs. W. B. Anderson, has returned home. Miss Bauld was nicely entertained by her hostess and several friends while here.

Frank T. Lewis, chairman of the local Conservative executive and secretary of the Federal executive, who has been quite seriously ill at his home, 2 St. James street, is showing some improvement today.

Mr. W. J. Mahoney, barrister, is a patient in the Saint John Infirmary. Miss Carrie Irwin left last evening to visit her sister, Mrs. Fred C. McLean, at Fort Wayne, and on her return she will visit friends in Toronto and Montreal.

Roy A. Willet, accountant-secretary of the Civic Hydro Commission returned yesterday from Halifax.

PREPARING WAREHOUSE

A crew of 20 men are preparing the city shed for use by the C. N. B. as a potato warehouse. The under-structure of the shed is to be used to store in need of repairs. A representative of the Great West Wine Company, Montreal, a tenant, was expected here today, and it was thought the work would likely be cleared soon to rush the work.

SAFETY CONGRESS SEEKS REMEDY

Terrific Toll Among Children, Say Safety Advocates at Cleveland

United Press.
CLEVELAND, Sept. 29.—The United States was branded as the most careless nation on earth at the opening of the fourteenth annual National Safety Congress here this week.

The principal aim of the congress, which will be in session here until Oct. 2, during which time 450 speakers will address 80 separate meetings, will be to impress upon the people of this country the fact that the American accident death rate is 76.8 per 100,000 of population, or almost two and one-third times the accident rate for England, the world's second most careless nation.

DENMARK SAFEST

The safest country in the world is Denmark, where nearly 20 persons out of each 100,000 are killed annually by accident, delegates said in pointing out the wide room for American improvement in this respect.

Speed, flippers, and gasoline, this country also leads the world in automobile accidents, it was pointed out. Automobile fatalities here number 148 to every 100,000 population.

Translated for impressiveness this means that the toll of human life taken by motor vehicles in this country is at the rate of more than two persons every hour in the day.

Prominent traffic authorities, city planning specialists and police officials will tell the convention what methods have been and are to be adopted to combat this evil.

TOLL AMONG CHILDREN

Accidents are also taking a terrific toll among children in this country, safety advocates said. They revealed that 21,600 boys and girls were killed during the last year and at least 800,000 were injured.

It was estimated that more than 7,000 youngsters were killed on streets and highways. Nearly 5,000 children were burned to death.

The remainder of the fatalities were the result of falls, poison, asphyxiation, drowning, and miscellaneous causes.

MANY REPRESENTED

Participating in the National Safety Congress will be the National Safety Council, National Civilian Rehabilitation conference, National Organization of Public Safety Nursing, American Society of Safety Engineers and trade groups representing every industry in the country.

The League of Nations will make recommendations to the congress. Dr. Frederick Rittmann, of the International Labor Office of Geneva, Switzerland, who will represent the League, will tell about plans for accident prevention campaigns in other countries.

Rittmann will also attend the congress to obtain data on efforts being made here to conserve life, vitality and property.

Judge John Barton Payne of the American Red Cross, whose topic will be the "Nationalization of Ideas and Ideas," will dwell on the measures needed to reduce this country's huge accident toll.

SELF DEFENCE IN HAMMER SLAYING

Thirty-Year-Old Woman Said to Have Confessed to Killing.

SAN ANTONIO, Texas, Sept. 29.—Mrs. Mabel Longworth, Sheridan, 30 years old, signed a statement here in the presence of District Attorney C. M. Chambers in which the prosecutor says she confessed to the slaying of Mrs. Ada McCobb, 59 years old, a wealthy widow. She used a hammer. The statement said she will plead self-defence. The district attorney refused to divulge the details.

Officers found Mrs. Sheridan in an unconscious condition in the apartment of Mrs. McCobb, where the latter lay dead.

Jewelry valued at \$10,000 belonging to Mrs. McCobb was missing in a trunk nearby jewels valued at \$80,000 remained untouched.

The dead woman has spent the winters in San Antonio for many years. She always wore many jewels. She frequently spoke of tours of Europe undertaken. She is known to have had and referred to members of the nobility with whom she said she was acquainted. She is known to have had extensive interests in Mexico City, where she frequently visited. Mrs. McCobb had no relatives here and officers have been unable to find any in whom she confided.

Agricultural Fair at Moosepath Tomorrow

Unusually large entry lists in several departments and keen competition are expected at the Saint John County Agricultural Society Fair which takes place at Moosepath tomorrow. The fair will open at 10 o'clock in the morning and last until 6 in the evening. There is a big number of dairy entries including Ayrshires, Jerseys and grades, entered. There are many entries in the pig classes and the competition promises to be exceptionally keen among the bacon hogs.

Several draft horses have been entered for the Saint John county fair. In the women's department there is a large number of entries in the household arts classes, including cooking, needlework and the like. There promises to be good competition also in the farm produce classes.

MINISTER SCORES FAITH OF FLAPPER

Going Through Life With a Giggle Stirs Glasgow Pastor.

BELFAST, Sept. 29.—Motion pictures, the dance hall and the lure of the street have made home only a place for bed and breakfast in many cities, in the opinion of the Rev. Dr. J. Watt of Glasgow Cathedral, who expressed himself recently before a Baptist church conference.

"There is an entire loss of parental control in our cities," he asserted, "and the world appears to have turned to the flappers' faith to have a good time and go through life with a giggle."

N. S. HAS DEFICIT OF \$2,000,000

Gross Debt Likely to be \$38,000,000, Says Provincial Sec.-Treas.

1924 Shortage, Given as \$7,000, Put at \$1,400,000 or More

HALIFAX, N. S., Sept. 29.—The Halifax Herald in its news columns today says:

"A deficit on current accounts of two millions, possibly more, a gross debt that may reach \$38,000,000, these are the appalling figures that face the people of Nova Scotia for the fiscal year 1925, which closes today, according to statements last night by Hon. G. S. Harrington, Acting Premier and Provincial Secretary-Treasurer.

"In the public accounts for the fiscal year ending September 30, 1924, the late provincial government showed a deficit on current accounts of about \$1,000,000. The actual deficit on current accounts at that date, as far as can be ascertained to date, should have been at least \$1,400,000 and possibly considerably more.

\$26,000 DEFICIT ESTIMATED.

"In their figures submitted to the legislature last spring, the late government estimated a deficit on current account for 1925 of \$26,000,000. The actual deficit for the fiscal year 1925 will be at least \$2,000,000, possibly more. This figure carries forward the deficit as at October 30, 1924. The total funded debt of the province as at August 31, 1925, was \$36,533,318.94. When current liabilities are added the gross debt will be upwards of thirty-eight millions.

"Colonel Harrington explained that 'ACCOUNTS DEFECTIVE.' 'The finances of the province, as discovered by the present government, he added indicate that no accurate statement could be given heretofore. The accounts were so defective as to leave it a matter largely of conjecture.'

Funerals

Mrs. Vincent Wilson. A large number of friends gathered at Cambridge, Queens county, yesterday afternoon for the funeral of Mrs. Vincent Wilson, which was held from the home of her daughter, Mrs. John Jones. Mrs. Vincent, who had reached the great age of 90 years, had won the respect of the whole community and this was shown in the large attendance at the funeral, in the many messages of sympathy received by the children and in the large number of floral tributes that were placed about the casket. They were from friends in the neighborhood, from Saint John and from other parts of the province. The service at the house by Rev. David Patterson, assisted by a choir, the body was escorted to the Baptist church, where services were conducted by Rev. Mr. Patterson and Rev. Samuel Perry. Among the hymns sung there was 'Come to the Garden Alone' which was a great favorite of Mrs. Wilson's. She was laid to rest in the cemetery at Cambridge.

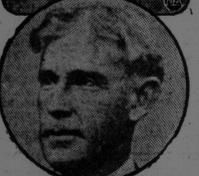

William J. Cornfield. The funeral of William J. Cornfield, who died at the home of his daughter, Mrs. James E. Evans, Martinton, was held from her residence this afternoon, with service conducted by Rev. W. P. Dunham of Hampton, formerly of the Church of the Good Shepherd, Fairville. Interment took place in Cedar Hill. The cortege was met at Tilton's Corner by members of Carleton Lodge No. 8, F. and A. M., who marched in a body to the grave, where the lodge conducted the funeral service. Lovely floral tributes were presented from the lodge and personal friends of the family.

Mrs. Robert H. Cheyne. The funeral of Mrs. Susan L. Cheyne, wife of Robert H. Cheyne of West Saint John, was held on the arrival of the D. J. Purdy up place in the family lot. The service at the house in West Saint John was conducted by Rev. C. J. Bertram of the Carleton United Church, who accompanied the body to its last resting place, conducting the service at the grave.

Personal Notes of Baptist Interest

The following items are from the Maritime Baptist: Rev. W. J. Hamilton has closed his services with the Pughwash-Wallace pastorate and taken up pastoral duties with the Millstream group of churches in Kings county, N. B. We are pleased to learn that the sudden illness which overtook Rev. C. N. Barton some weeks ago proved, in no sense, to be paralysis. Mr. Barton is recovering and hopes soon to be in all condition for full service. Rev. Charles Riseborough expects to sail from Boston on the S. S. Carmania, October 15, to spend the winter months in England. Mr. Riseborough plans to return to this side in the spring, probably about May or June. Rev. T. D. Hill has instructed us to send his Maritime Baptist to Coldstream, Carleton county, N. B., which we presume means that he locates with that group of churches as pastor. Rev. C. Wellington Camp, D. D., writes that the church at Campbellton has invited him to remain with them until the last of October and that he has consented to do so. One day last week our office was favored with a call from Harry Coulter Todd, M. D., LL. D., of Orlinonous City, who has been spending some time in New Brunswick visiting his old home at Woodstock and other places. Recently a large party motored from Lawrenceton to Hantsport and happily surprised Dr. and Mrs. H. G. Mellick. Pastor Whitman voiced kind and loving regards toward Dr. and Mrs. Mellick. The address was accompanied by a substantial purse of money as a token of their kind remembrance of their former pastor and his wife.

Kills Suitor

Objecting to the attentions paid to his daughter, Elizabeth, 24, W. B. Cole, millionaire Carleton textile manufacturer, shot and killed William W. Ormond, 30, war veteran, on the streets of Rockingham, N. C., and is now on trial there for murder. His only comment since the shooting has been that he did it to save his daughter and the daughters of other men. Miss Cole is expected to testify. The American Legion is demanding punishment for Cole. Above, Miss Cole; centre, Ormond; below, Cole.

HEALTH MINISTER AT OTTAWA URGED

Social Hygiene Council Secretary Says Department is Necessary.

OTTAWA, Sept. 29.—"We earnestly hope that both political parties will see to it that there will be in the Canadian cabinet, whoever goes in premier, a minister whose duty it will be to bring forth specific plans for the conservation of the health and the preservation of the lives of Canadians. Such a man and such plans constitute the greatest needs of social hygiene and of Canada," said Dr. Gordon Bates, secretary of the Canadian Social Hygiene Council, who addressed a section of the Canadian conference of child welfare this morning. A minister of health, who could give his whole time to that department and a progressive health program were necessities, said Dr. Bates.

to some sections of Canada, not even Mr. Meighen will question that the people of Western Canada it is a tax pure and simple and is in fact the highest individual tax now borne by the people. Whether or not the tariff brings advantage to some other parts of Canada is debatable but it is beyond debate that no possible advantage can accrue from it to the people of the West.

"The leader of the Tory party admits that when he offers a species of horse trade by way of alleged but very indefinite compensation in railway rates to the West and the Maritimes for the extra taxation involved in his tariff proposals. That form of compensation is a futile and impractical as to be unworthy of serious discussion and no one anywhere in Canada is discussing it as a serious proposition. His only motive since making the proposition has been opposed and are today opposing the measure of maximum freight rates for years guaranteed by statute to this part of Canada under the Crow's Nest Pass agreement.

CONDITIONS BETTER.

"I am not prepared to say that Western Canada is out of the woods and on the high road to prosperity, but I can say that the efforts put forth by our people along these various lines are bearing fruit today in improved conditions throughout the West, in increased buying-power on the part of the farmers.

"We in the West can begin to see daylight and just at the time when the first rays appear, along comes Mr. Meighen and his party with a definite proposal to rob us of the fruits of our years of struggle by an all-round increase in that part of our taxation which at present bears most heavily upon us.

CO-OPERATION URGED.

"All parts of Canada must make concessions in order that all may share in the benefits of a united country. Many parts of Canada, especially the West and the Maritime Provinces, are making today under the present tariff very great sacrifices in the way of a form of taxation which brings them no benefits and the great issue before our people on October 29th is whether this burden shall be still further increased by a policy which cannot possibly mean a higher price for any commodity we have to sell but would definitely mean a higher price for everything we have to buy from shoes and clothes for the family to the machinery used in developing the great natural resources of the country.

WOULD MEAN RUIN.

"In some parts of Canada Conservative speakers are stating as the policy of their party the raising of the Canadian tariff to the same level as that of the United States. I have made some study of the possible effect of this and wish to solemnly state here my opinion that a Canadian tariff on the same basis as that of the United States would ruin Western Canada by forcing the cost of production so high as to make farming operations generally unprofitable. I cannot bring myself to believe that the people of any part of Canada would be so stupid as to make farming operations generally unprofitable. I cannot bring myself to believe that the people of any part of Canada would be so stupid as to make farming operations generally unprofitable.

"With an issue so clear and fundamental as this, the wonder is that those opposed to increasing the tariff tax burden do not organize together with the common objective of preventing the return of a Tory government. No one regrets more than I do the division of the low tariff forces in Western Canada but I do not intend to waste time in criticism of men or parties who differ with me on some matters but who think as I do with regard to this great tariff issue."

MANY SENT FLOWERS

General Sorrow at Death of Thomas L. Wilson Expressed in Floral Tributes.

Weddings

Calnan-Lynch.

St. Peter's church was the scene of a pretty wedding this morning at 5.30 o'clock, when Rev. James Woods, C. S. R., solemnized, at nuptial mass, the marriage of Miss Elizabeth Agnes Lynch, youngest daughter of Mrs. Adelaide Lynch of 189 Bridge street and the late Dennis Lynch, and Joseph Charles Calnan, son of Mrs. Ellen Calnan and the late John Calnan of Fairville. The bride, who was given in marriage by her uncle, J. E. Ballard, looked lovely in a powder blue Canton crepe dress with medallions of cream lace, a velvet hat of midnight blue with silver trimmings and a fox fur and carrying a bouquet of American Beauty roses. She was attended by Miss Edna M. Dever, who wore a rust colored georgette dress and a picture hat of black and gold and red fox fur and carried a bouquet of Sweetheart roses. The groom was supported by Frank Gillis. Mrs. M. A. Quinlan played the wedding marches and Harold Gillis sang Ave Maria.

After the ceremony the bridal party motored to the home of the bride's mother, where a dainty wedding breakfast was served to the immediate relatives. The dining room was tastefully decorated with cut flowers and candles. The nicely appointed table was centred with the bridal cakes, and on a reflector was placed a basket of sweet peas, while suspended over the centre of table was a floral ball, from which hung streamers of sweet peas and maidenhair fern. Girl friends of the bride who assisted in serving the Misses Genevieve Cronin, Lucy Kierwan, Marion Dever and Lucy Dunn. Many beautiful gifts of silver, cut glass and linen were received, also substantial checks from the bride's mother, the groom's mother and bride's uncles, William Kierwan and J. E. Ballard, and Mrs. Ballard; M. A. Malone, in whose business the bride was employed, presented a beautiful mahogany clock. The groom's gift to the bride was a substantial check to the bridesmaid, a silver mesh bag, and to the best man an initialed silver cigarette case.

The bride on leaving for the wedding trip wore an ensemble suit of rust broadcloth with squirrel trimmings, hat of taupe and grey shoes. Mr. and Mrs. Calnan left on early train for a wedding trip to Montreal, Toronto, Niagara Falls and Hamilton. They will reside at 187 Bridge street.

Huckins-White.

In St. Rose's church, Fairville, this morning at 7 o'clock Rev. Wilfred Mallette solemnized, with nuptial mass, the marriage of Miss Alice A. White, daughter of the late Mr. and Mrs. Michael White of Saint John, and Arthur Huckins of Albert county.

McMonagle-Walsh.

Miss Hazel Margaret Walsh of Moncton, daughter of Mr. and Mrs. M. J. Walsh of New York City, and Cecil McMonagle of Moncton were married in St. Bernard's church there on Monday morning, with Rev. E. J. Savage officiating at nuptial mass. After a wedding trip spent in Nova Scotia they will reside in Moncton.

Cameron-Bean.

John S. Cameron of Moncton and Miss Olive Bean of Epping, Essex, England, were married in Trinity church, Quebec, on Sept. 21. On their return to Moncton Old Country friends called at their home and tendered them a surprise party.

Daniel Webster's eyes were described "as black as death's."

Two Set Out In Catboat On 770-Mile Voyage To Bermuda

NEW YORK, Sept. 30.—With a vicissitudes at the hands of the Bolshevik Government. Mr. Gritzay said he expects to cover the 770 miles to Bermuda in from ten to twelve days. The crossing of the Labrador Current and the Gulf Stream, he said, would make the actual distance traveled considerably more than the distance in a straight line. There is no engine in the Four Bells, as the craft is called. Neither is there a stove. The men will live on biscuits, canned meats, vegetables, fruits and water. There are no beds and they will have to sleep in their clothes in the cockpit.

The skipper of the small boat is Leon Gritzay, 26 years old. His companion and aid is Leon Prosovor, 28 years old. Both are graduates of the Russian Naval Academy at Petrograd and received their diplomas in 1918, that last year that that institution functioned. Both men came to this country in 1923 after suffering many vicissitudes at the hands of the Bolshevik Government.

JUDGE EXPRESSES VIEWS ON DIVORCE

New York Jurist Blames Parents For Part of the Marital Troubles.

NEW YORK, Sept. 30.—Further comment on the causes of matrimonial difficulties was made by Judge Selah B. Strong when he blamed early, hasty marriages for the great deluge of divorces and separations which the courts have to deal with today.

"It's the runaway marriages, the hasty marriages, the hurried marriages that bring husbands and wives before me," said the judge.

Another thing that Judge Strong blamed was carelessness in choosing a husband. A man or a woman should not choose their life partner as they would a dance partner, he insisted.

NATURE HELPS MAN IN WAR AGAINST PESTS

By DAVID DIETZ

Man must do continual battle for his place in the sun. He has enemies ranging from invisible disease germs to man-eating tigers.

But the scientist has a warning also for a man in the playing of this game. It must be done with extreme care and only after a thorough study of the facts.

But instead of the rats becoming fewer in number, the insects became far greater in number.

Obviously the balance of nature had been upset in the islands but not at all in the way man had hoped.

Investigation revealed what had happened. The mongooses instead of feeding on the rats took to feeding on the lizards, ground birds and small doves which were apparently much easier to catch.

YOUTH ARRESTED ON WEDDING EVE

Posed as Millionaire, But is Charged With Grand Larceny.

PASADENA, Cal., Sept. 30.—Pasadena society is gossiping over the arrest here of Robert A. Winthrop on charges of grand larceny and obtaining money under false pretenses.

Winthrop had posed as a young millionaire since he came here some time ago, and was engaged to be married in less than two weeks to one of the wealthiest society girls of the city.

Several hundred invitations had been sent out, presents had been received and the wedding was to have been one of the events of the season.

Private detectives say that he admitted to them shortly after his arrest that he has a wife living at Benson Hills, Mass. Advice from Oregon state that charges were brought against Winthrop for offenses alleged to have been committed in October, 1924. His bond was set at \$5,000 for each of three counts.

CLOUD DIGGER SAYS WINTER BAD ONE

Connecticut Weather Prophet Says November Severe in New England.

PACKERVILLE, Conn., Sept. 30.—The Cloud Digger's 74th semi-annual prediction of weather for the coming six months is out. The predictor of weather has announced the exact date of over 1,000 storms, earthquakes and tidal waves in the past 77 years, it is claimed.

He keeps his identity secret. No man, no paper and no organization has ever been able to say truthfully who the Cloud Digger was, although many think they know.

From 1925 up to March 31, 1926, he predicts a bad winter the first part of autumn to be very dry, only one blow, about Sept. 20 to 25, dry up into October. For November he says: "This is to be the worst November New England has known in nearly half a century, much cold weather, several bad storms, one toward the last of the month, very, very bad, probably snow, but no one can tell whether it is to be snow or rain 10 hours in advance."

December is to have much mild weather and about three very bad

Helpful Advice to Overworked Women

DAY in and day out, week in and week out the tired, overworked housewife and mother toils on, sweeping, dusting, cooking, cleaning and mending. Is it any wonder that after a time a weakness, such as Mrs. Chapman had, develops and the wife and mother pays a toll in physical weakness and pain for her efforts of love, the natural result of overwork?

Women who find themselves afflicted with weakness, pain, headaches, backache, nervousness, irritability and melancholia will be interested in Mrs. Chapman's letter, and should realize that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is especially adapted to overcome such conditions.

Mrs. Chapman's Letter Reads as Follows:

New Albany, Ind.—"I took Lydia E. Pinkham's Vegetable Compound for a weakness which many women have from over work, and from which I suffered for quite a while. I wasn't fit to do my work and my sister advised me to take this medicine. After the first few days the pains were not so severe as they had been and after taking a few bottles I am not bothered any more. I am doing my housework every day and highly recommend the Vegetable Compound to any woman suffering from female trouble. Only yesterday a friend called me on the phone and knowing what I did for me wanted to know what to ask for at the drug store, as she meant to give it a trial."—Mrs. C. E. CHAPMAN, 1520 Elm Street, New Albany, Indiana.

Another Case of Nervous Breakdown

Maisonneuve, Montreal.—"I was always feeling tired and heavy, with a weakness of the back and pains in my right side, and I had a nervous breakdown. A friend was taking Lydia E. Pinkham's Vegetable Compound and she gave me half a bottle to try. It did me so much good that I have been taking it ever since whenever I feel the need. I often go a month or so without taking it, but when I feel the least headache, or any other bad feeling, I just make for that bottle. I recommend it for any female trouble, and very few of my friends are without it in their homes."—Mrs. J. CHAPMAN, 351 Third Avenue, Maisonneuve, Montreal, Quebec.

MEETING OF ALL LOCAL AMATEUR CLUBS CALLED FOR FRIDAY

DOYLE PROTESTS MILLIE'S ACTION SETTING DATE

Acadia University Fifteen To Meet Trojans Here October 3

Along The Sport Trail

By JOHN J. DUNLOP.

Local Clubs to Consider Matters About Annual Meeting

A MEETING of all Saint John clubs affiliated with the M. P. B. of the A. A. U. of C. has been called by W. E. Stirling, New Brunswick vice-president, for Friday evening of this week, to consider matters arising out of the decision by A. C. Millie, Halifax, president, to hold the annual meeting of the M. P. B. in Halifax on Friday, October 16.

Local sport followers are puzzled to know why Mr. Millie can set the date and place in view of his being in a minority in the executive council.

It is not a question of our having anything against Mr. Millie personally, Mr. Stirling said this morning, "but what we do want is to see our constitution lived up to. If it is to be violated in this fashion, why protest at all? Another matter for criticism is the fact that we have received word from the Halifax officials that all notices of motion to come before the annual meeting must be in the hands of the secretary by Friday of this week.

Local clubs, therefore, are asked to meet at once and select delegates for the meeting Friday night. If a competing, there may be sufficient weight behind any resolution passed to obtain what Mr. Stirling is fighting for—a square deal for all.

The action of the New Brunswick branch in protesting this has occasioned much comment outside and developments here are being watched with interest.

Under the constitution, 15 days' notice is required of this. If matters are to be run like this, I feel

SOME IDEA of the big hold that Rugby football has obtained on the youth of this city this year can be obtained by a quick run around the city these days. On the Allison grounds the Trojans have about 30 out while in the afternoon a High School squad of between 30 and 40 is out booting the pigskin around. Turning to the City Intermediate teams, we found that all four Nationals, formerly Orioles, Canucks, champions last year, Wanderers and Martellos have an average of about 20 out each night. That gives a rough total of about 150 of the young manhood of the city taking part in this strenuous sport. Which is a healthy indication of the fact that Rugby football in the next few years is going to make great strides through the development of a strong City League and the introduction of inter-city competition. And the Trojans, who took the lead a few years ago, can be thanked for most of it.

LOOKING back over the Springhill-Watermen series, that pitching performance of Ira Hannah's stands out like a lighthouse at sea in the march of the Watermen to the pennant. That sure took the "spring" out of the miners.

MONCTON ball fans should be proud of the young team that represented the Water team that will not admit that Moncton gave them the heaviest defeat of all, even including Saint John the Baptists in the City League play-off. It is no secret that the locals expected a walkaway from the boys of the railway centre and in the first game here when Moncton scored two runs in the first inning and led all the way until the seventh, the New Brunswick champions got the biggest surprise of their lives. It was just a timely single by Greenman in the final inning that saved the day. Then at Moncton, it required 11 innings before the locals finally won out. So, Moncton made the best showing of all, their young twirler, Harris Wall, covering himself with glory, even though beaten. Next year, Moncton should get into a real league and if they do meet a Saint John team in the play-offs, they can rest assured they will never be held lightly again in view of the experience of the Watermen this year.

A REPORT from Fredericton has it that the capital city is desirous of having a football team represent it in the proposed league between U. N. B., Moncton and Trojans. There are enough college stars up there to give the capital a creditable representation.

IT IS RARE, indeed, that horses dead-heat in a race but when three of them do it, the fans start looking up the records. Recently, at Polkstone, England, three horses dead-heat and a search of the records, revealed the fact that it was the eighth time in the history of British racing that it occurred. To the intense excitement of the spectators, three horses, Roccos, Golden Book and Breezy shot past the post neck-to-neck. The seventh time it occurred was at the Newmarket Craven meeting last year but probably the most famous of all triple-beats was in the Cesarewitch in 1857 when Plovers, El Hakim and Queen Bess bracketed. According to an English report, at the Newmarket Houghton meeting in 1885 four horses passed the post together with the fifth a short head away.

It is time we protest, and for this reason I am calling a meeting of all affiliated clubs to decide our course of action. We simply want justice and don't want to see any railroading going on.

Local clubs, therefore, are asked to meet at once and select delegates for the meeting Friday night. If a competing, there may be sufficient weight behind any resolution passed to obtain what Mr. Stirling is fighting for—a square deal for all.

The action of the New Brunswick branch in protesting this has occasioned much comment outside and developments here are being watched with interest.

TOM McAVITY IS NEW CHAMPION FOR RIVERSIDE

Eighteen-year-old Golfer Defeats Harwood In Finals

TOM A. McAVITY, 18-year-old son of Mr. and Mrs. Allan G. McAvity, playing his second year in senior golf, won the 1925 championship of Riverside yesterday afternoon by defeating A. O. Harwood, 4 and 2. The contest elicited a great deal of interest and some brilliant golf was flashed by both finalists.

MISS STETSON IS CHAMPION

At the Riverside Golf and Country Club yesterday afternoon Miss Frances H. Stetson defeated Miss Barbara Jack in the final stage of the ladies' club championship. It was a spectacular contest. Miss Stetson was club champion in a previous season and a runner-up in ladies' Maritime championships in 1922. The game was watched by a highly interested gallery.

WELDON CUP WINNER

Another contest which attracted a deal of attention throughout the season was finished yesterday in the Weldon Cup match, played in a long series of elimination stages. To the delight of his friends, C. H. Peters emerged from the semi-finals along with Simeon A. Jones, two players who by steady plodding vanquished a long procession of championship entrants, including young McAvity, who won the blue ribbon of the club yesterday. The final stage resulted in Mr. Jones capturing the cup with a score of 4 up and 3 to go. In the last stage, Peters, who was not in the least deterred from Mr. Jones' fine game—was the comeback of Mr. Peters after a protracted period of convalescence from a serious illness. The Weldon Cup went to the only match in the Riverside Club list in which handicaps are used.

OTHER WINNERS

In the club championship consolation Robert E. Duncan defeated W. C. Thomas. A. McAvity is also the winner of the June handicap event and will hold the John A. McAvity cup until the next season in recognition of his fine showing in the opening month of the season. Eric D. Thomson is winner of the Thorne Cup series, a 27-hole medal play fixture at scratch. The new champion, Tom McAvity, is to receive another cup at the close of the season for winning the "edges" contest—the lowest scoring in each individual hole during the season. Though the par score for the nine holes is 35, McAvity's fingers totalled only 27. George H. Roberts wins the 30-handicap cup and for a comparative newcomer showed a great deal of class.

The closing of the off-season of the Riverside Golf and Country Club will take place on Thursday, October 8, in the afternoon, when the prizes during the season will be presented to ladies and gentlemen and a play for the day will be mixed foursomes. Tea will be served and the usual enjoyable fare is anticipated. On Saturday, October 10, a post-season pambore will be held, when all members of the club will play in the annual "Beehive" match, the winning side to be guests of the losers at a dinner party in the club gift. This is usually one of the happiest events of the season.

BRAVES FIGHTING FOR FIFTH PLACE

Browns and Tigers Series For Third Place Opens Tomorrow at St. Louis.

NEW YORK, Sept. 30.—Major League teams are closing the season on the schedule today, and there was only one game yesterday. The contest, however, restored the determined Boston Braves to fifth place, through the defeat of Brooklyn by Philadelphia. Ten runs in the first four innings of Grimes, sewed up the game for Fletcher's aggregation, ten to four. Interest tomorrow will turn to the closing struggle of three games between the Browns and Tigers at St. Louis, for third place in the American League. The Browns will return home tomorrow, the Robins will start today, the Washington Senators will make their farewell American League appearance in a single contest with the Yankees, at the capital on Sunday. The Pirates wind up in Cincinnati with a three-game series against the Reds starting on Friday.

HALIFAX BOUTS

HALIFAX, Sept. 30.—"Bing" Conley, Lewiston, Maine, middleweight, was awarded the decision over Tommy Robson, Malden, Mass., in the post-round of a scheduled 10-round fight, here, last night. "Red" McDonald, New Brunswick, knocked out local featherweight, Haven, Conn., in the fifth round of a 10-round semi-final, and Honolulu Kid, New York, retired with a sprained thumb in the

Prominent In Maritime Sporting Circles

STANDING, LEFT TO RIGHT: EDWIN STIRLING AND MURRAY STIRLING. SEATED: W. E. STIRLING, NEW BRUNSWICK VICE-PRESIDENT OF THE M. P. B., AND LLOYD STIRLING.

Above is pictured a family quartette that has figured quite prominently in sport both here and the Maritimes in the last several years. Headed by W. E. Stirling, present vice-president of the Maritime Provinces branch of the Amateur Athletic Union of Canada, it includes Lloyd Stirling, the promising young pitcher on the Waterworks team, champions of New Brunswick, Edwin Stirling, well known in local baseball circles as a twirler, and Murray Stirling, right fielder for the Watermen.

There is probably few better clerks of the course for any athletic meet than "Ernie" Stirling. When he is on this particular job things hum right from the start. He first broke into the sport world in the running game in 1906 when as a youngster he competed against some of the best men in the Maritimes, running under the colors of the old Crouville A. C. At Pictou, 1907, he took thirds in the half-mile and the mile. That same year, he figured in probably his hardest race, a 10-mile road race from

Rothesay to Saint John against Lenerton. It was a neck and neck struggle all the way. He broke several long-standing Maritime records during his year for Fair Vale and the Watermen, in 1922, Lloyd played with that capacity made a great name for himself. Lloyd Stirling is considerably in the limelight now through his great work with the Waterworks team this year. Including all games he has pitched this year for Fair Vale and the Watermen, in 1922, Lloyd played with his eighteenth birthday this week, has won 20 and lost 4 games, six of those being championship games with the Watermen. In 1922, Lloyd played with the Garrison team, winning 4 and losing 1. In 1923 he was with the East Saint John Clippers and also with Fair Vale. He was also with these same teams in 1924 and in 1925 joined the Watermen. With a powerful team filled with the year. In the winter he plays basketball, being a lively young centre player. Included in his wins this year is a

WATERMEN DUE HOME TOMORROW

May Start Saturday's Game Here Against Abbies at 2.30 O'clock.

Saint John Watermen, champions of New Brunswick, are due back here Thursday evening at 5.00 o'clock from Charlottetown, where they were to meet the Abbegwits in the first game of the finals for the Maritime baseball championship this afternoon. The second game will be played here on Saturday afternoon. Arrangements probably will be made to start the game at 2.30 o'clock to take advantage of the sun.

Commenting on the local win here last Saturday, "Scoop" Ross in the Amherst News says: "Springhill lost out to Saint John on Saturday by the large-sized count of 15-3. Judging from the appearance of this one-sided score, the air of Saint John did not agree with the Miners. Under ordinary circumstances, they should be able to hold the present baseball series Springhill in a close count. In the present baseball series Springhill had an off-day when they encountered Halifax Wanderers, although the Cumberland team was far and above the Halifaxians in all departments of the game. It is unlikely that the same situation would apply in connection with Saint John, as the Loyalist City has invariably produced exceptionally fine ball players. The Saint John team has been composed of heavy hitters in past years, and I have been informed that the present New Brunswick representatives play a consistent brand of inside baseball. In this respect they would have an edge over the old "Army" game, used by the Miners.

At Last!

NILES, Mich., Sept. 30.—Articles of agreement for a world's championship heavyweight match were signed here last night at 6.20 p. m. in a country doctor's office, between Jack Dempsey and Harry Wills, negro challenger. Paddy Mullins, Wills' manager, signed first, followed by Wills, Dempsey and Floyd Fitzsimmons, promoter of the match. The party stayed at Niles only long enough to sign the papers and then motored by the South Bend. The trip to Niles was for the purpose of signing in a state which legalizes boxing, prize-fights being prohibited in Indiana. The principals decided to take no chances on legal technicalities.

P. F. R. A. Defeats Team From Navy

The Permanent Force Rifle Association of Military District No. 7 held its weekly shoot yesterday afternoon in conjunction with a match between seven members of the crew of the warship visiting this port. His Majesty's Canadian ship, Patriot, and a like team from the local association. The "Patriot" put up a game fight, but were obliged to admit defeat after the six hundred range had been shot, when the Permanent Force boys finished up with some fifteen points to the good. Great enthusiasm was displayed by both teams, and much good natured banter was exchanged during the shoot. C. N. V. R., won the "A" class spoon; Sergeant A. C. Beesley, R. C. O. E., the "B" class, and Sergeant C. F. Garnett, R. C. A. S. C., the "C" class. Sergeant J. McIven, C. M. S. C., making the qualifying total of seventy-five, graduated from "C" to "B" class.

WOLFVILLE TE.

HERE FOR FIRST TIME IN YEARS

Local Intermediates To Open Saturday With Doubleheader

Acadia University's fifteen will meet the Trojans here in an exhibition game on the Allison grounds on Saturday, October 31, if present plans carry. The Trojans have been desirous for several years of bringing the Acadians here for a game owing to the large number of alumni living here and have at last succeeded. So, former Wolfville men will have an opportunity of seeing their college colors on a gridiron field here for the first time in a great many years.

In addition to Acadia, the Trojans will entertain Mount Allison here on Nov. 7. The following is the Trojans' tentative schedule for the year, so far: Oct. 5—U. N. B. at Trojans; Oct. 10—Trojans at U. N. B.; Oct. 17—Moncton, possibly, at Trojans; Oct. 24—Trojans at Mount Allison; Oct. 31—Acadia at Trojans; Nov. 7—Mount Allison at Trojans; Nov. 14—U. N. B. at Trojans, Thanksgiving Day.

The Intermediate Rugby League to open its season on the ground at the Sand Point Road, West Saint John, on Saturday afternoon with a doubleheader. The Canucks and Nationals will play beginning at 2.45 o'clock with the Wanderers and Martellos following. This was decided at the league executive meeting last evening when the schedule was drawn up. At the opening of the league the president, C. H. Cochrane, will officiate.

The schedule after the opening is as follows: Oct. 10—Wanderers vs. Canucks, West Saint John; Oct. 17—Nationals vs. Martellos, Allison Grounds; Oct. 24—Martellos vs. Canucks, West Saint John; Oct. 31—Canucks vs. Nationals, Allison Grounds; Nov. 7—Wanderers vs. Nationals, West Saint John; Nov. 14—Canucks vs. Martellos, West Saint John.

**NEW YORK CITY
SCORING**
Methodist Episcopal Church
Board Hands Out
Indictment

States the people are asking whether or not they have created a Frankenstein in building the gigantic city of which they are so proud.

HERE IS INDICTMENT

The indictment of New York by the board of temperance, prohibition and public morals of the Methodist Episcopal Church reads as follows:

"The whole country has assailed the indecency of a certain large group of magazines and of the product of certain popular novel writers. Most of this nastiness is coming out of New York City.

"Fully two years ago there was a nation-wide outburst of indignation over the character of theatrical exhibitions emanating from New York City. Particular objection was had to nakedness, profanity, blasphemy and obscenity in their productions. Now the word comes from New York that the present season is to be the profane and nakedest in American history.

"From New York emanates most of the propaganda leading to violation of the prohibition law and attacking the standards of Americanism, which Greenwich Village calls 'puritanism.'

"No great city in the world has a larger group of high-minded, patriotic, intelligent business men than New York. They have considered themselves, and the country has been led to consider them, custodians of the financial power of the country, and its leaders in social development. But recently the great mass of un-American people which plagues that city have seemingly found that they are in an actual majority, and are convinced that they do not need to consider those with American habits of life within the city's borders, nor those with puritanical habits of thought out in the vast

spaces, where, in their opinion, the Indians howl and the buffalo roam.

"If New York has the safety of its own future in mind, it will apply pressure upon theatrical producers, publishers of erotic literature, and propagandists of crime."

Second Member of Same Family
Murdered; Was Called
Bootleg King.

CHICAGO, Sept. 29.—For the second time in seven months unknown assassins have taken their toll from the Taddeo clan in Melrose Park. Anelio Taddeo, head of the family, and lately risen to affluence as the bootleg king and "fixer" of the west suburbs, lies dead.

Two hours after Taddeo was riddled with bullets a 17-year-old girl was being questioned and four young men suspects were being widely sought.

The first family victim of assassins was Lazzaro Clemente, a cousin of Taddeo, who was shot to death in February, his assailants escaping in an automobile, as Taddeo's did also.

The tragedy occurred broad daylight upon the principal thoroughfare of the village and in view of many motorists. Taddeo was leaning against the automobile of Dr. L. A. Vertuno. The two were chatting. Taddeo with his back to the street. A sedan glided up. "Hello, Anelio," one of the three men in the sedan called out.

Taddeo, wearing a revolver, receiving a revolver bullet in his forehead and two charges of buckshot full in his chest and shoulders. He sank to the ground without a word. Dr. Vertuno was injured.

Daring Mariners
In Lifeboat Tests

LONDON, Sept. 30.—In order to test a theory concerning supplies which should be compulsorily carried by ships' boats in case of disaster, and how far wireless equipment can aid seafarers who are compelled to take to their boats, three Cornish mariners and a wireless operator have started on a 38,000 mile voyage. They left Newlyn, Cornwall, in a converted lifeboat, forty by ten feet, supplied with power of a fifteen horsepower internal combustion engine. The boat carries five tons of foodstuffs.

The party expects to be away two to three years, during which they will go through the seven seas, make calls at fifty ports and visit practically every port of the British Empire.

The leader of the expedition, Captain George Hitchens, decided to make the test as the result of the sufferings and privations endured by the master and crew of the Trevissa when that vessel was lost.

SAY RUM RUNNERS ON KENNEBECASIS

Reports of Activities in Landing Cargoes at Renforth District Are Hoard.

Reports of alleged activities of rum runners along the shores of the Kennebecasis River, especially in the vicinity of Renforth, are current. During the last two months motor boats, it was said, had landed cargoes of liquor, and the wet goods were speedily loaded into automobiles, which headed in the direction of the city on some occasions and on others up the line.

Residents in the locality have often heard motor boats in the early hours of the morning, and heavily laden automobiles were seen passing a short time later. Lights are reported to have been seen on Long Island, and these are alleged to have been caused by rum runners, who are said to have caches there at times.
