The British Birdman Flies The Atlantic

REPORT IS HAWKER SIGHTED OF IRELAND

NOTHING OFFICIAL YET

Reports From U. S. Navy and From Sopwith Headquarters, However, Say Daring Airman Has Made the Trip—Last Report Said 150 Miles From Land

London, May 19—Harry G. Hawker in his airplane has been sighted off Ireland, according to an unofficial report received by the American navy here.

The Sopwith Airplane Company have received a report that Hawker was 500 miles off the Irish coast at three p.m. A Manly Rival

St. John's, Nfld., May 19—A report was received here at noon today that Harry G. Hawker's Sopwith biplane had been sighted off the Irish coast. There was great rejoicing by his associates here, and Frederick P. Raynham, his rival, whose trans-Atlantic start came to grief here yesterday, immediately cabled congratulations.

London, May 19—The manager of the Sopwith Airplane Company received a report at five o'clock this afternoon that Aviator Hawker was 150 miles off Ireland at four p.m. today.

Brooklands, England, May 19—(By the Associated Press)—The reports received this afternoon that Harry G. Hawker, who flew from Newfoundland yesterday in his Sopwith airplane, had been sighted off Ireland, with the greatest enthusiasm here, where the Sopwith headquarters are located.

So confident were Hawker's friends that he would succeed in his trans-Atlantic flight that as soon as his departure was announced arrangements were made for his reception.

London, May 19—Aerial and military lookouts on the western coast of Ireland reported at two o'clock this afternoon that they had seen no sign of Hawker. London anxiously awaited news of the aviator, but up to four o'clock there was no official confirmation of the report that he had been sighted off Ireland.

Discussing the Chances. St. John's, Nfld., May 19—In the absence of any word from Harry G. Hawker and Commander MacKenzie Grieve on their death-defying flight to reach the Irish coast, navigators and aviators here today sought the weather reports received from vessels in mid-ocean to learn under what conditions the daring Britishers are making their non-stop dash to beat the Americans.

Every indication pointed to favorable observation conditions with high visibility from a clear sky and a full moon only four days old. Reports were that atmospheric conditions improved during the night. For the first 200 miles of the flight, head winds prevailed, but for the next 1,000 miles a light west wind obtained. Except for a report of unimportant low pressure over Ireland, all messages received indicated generally improving weather conditions.

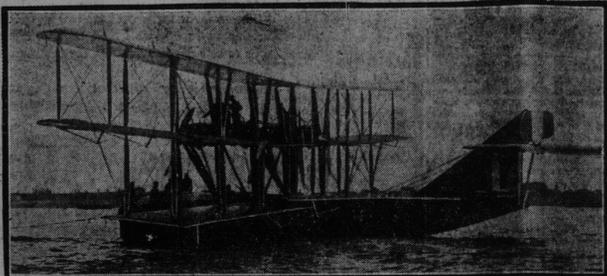

It was calculated by navigators here that Hawker and Grieve would meet the sun about 4:30 o'clock this morning, approximately at 21 degrees west longitude. This was assuming that the flyers would maintain a speed average of 100 miles an hour. Hawker expected to average 100 miles. The little Sopwith biplane carried sufficient fuel for a twenty-two hour flight under ordinary conditions and enough for twenty-four hours in very favorable weather.

Out of Touch. Hawker's machine carried a wireless transmitter capable of a 250 mile radius and it was estimated that this distance was covered during the first two hours. After that the flyers were isolated, except that their calls might be relayed by passing ships.

The Sopwith Company, builders of the biplane, felt no uneasiness early today when no news was received from Hawker. Captain Frederick P. Raynham, pilot of the Martinsyde machine, and his navigator, Captain C. W. Morgan, sustained painful injuries when their plane was wrecked yesterday in an attempt to take the air in answer to Hawker's challenge to join in the flight.

German Delegation Head Returns To Versailles

Paris, May 19—(By the Associated Press)—The Council of Four met this morning. The German note on the status of the German religious missions and further details of Bulgarian and Turkish affairs were to be considered.

Count von Brockdorff-Rantzau, head of the German peace mission, who left for Spa on Saturday night, returned to Versailles this morning. He was accompanied by Herr Landsberg and Herr Giesberts, two other members of the delegation, who had been in Berlin.

With the plenipotentiaries were General von Schet, military expert, and about forty other persons. The exchange of credentials between representatives of the Allied and associated powers and the Austrian peace delegates took place this afternoon. The session lasted four minutes.

The German Reply. Berlin, Saturday, May 17—(By the Associated Press)—The preface to the German answer has been completed and forwarded to Berlin for the cabinet's consideration, according to the Tagesspiegel correspondent at Versailles. As the Versailles delegates are working in conjunction with Berlin, doubt is expressed as to the possibility of the German reply being ready by May 20, as it must be rendered into English and French text for the printers.

Never Says English. Berlin, May 19—(By the Associated Press)—President Ebert, in addressing a demonstration here yesterday, said that Germany would never sign the peace terms. The demonstration was attended by a great crowd. He described the peace terms as "the product of the enemy's hysterical hysteria" and added: "Foreign countries will not permit the prescription of Germany. They will raise their voices with us that this peace of enslavement which we will never sign shall not come to pass."

Future of Turkey. Paris, May 19—Depositions that have been made before the Council of Four by Edwin Samuel Montagu, British secretary for India, the Maharajah of Bikanir, and Mussulman delegates from India have, according to the Temps, led to a decision that the settlement of the Turkish problem in some particulars. The Mussulman laid emphasis upon the fact that they had taken a preponderant part in the operations against Turkey, Germany's ally, and recalled an engagement that had been made that advantage was not to be taken of a victory to humiliate Islam in the person of the Sultan.

Although no decision has been taken, it appears likely that the plan adopted will respect the integrity of Turkey proper, excluding the notably Arabic countries. Under this solution the Sultan would retain Constantinople and the mandate to assist Turkey would be divided among the Allied and associated powers, each receiving the mission for a distinct geographic sphere, according to this plan—the United States for Constantinople, Greece for the western coast of Asia Minor, Italy for southern Anatolia and France for Northern Anatolia.

German Reports. Paris, May 19—(Havas Agency)—An important meeting to consider the peace situation was held in Berlin on Friday. It was attended by all the members of the German cabinet, representatives of the various political parties and several generals, so say the newspapers. Chancellor Scheidemann, it is added, referred to the possibility of an alliance with the Russian Bolshevik government, but without advising it.

Field Marshal von Hindenburg is reported to have told the meeting that all resistance was impossible and that the military leaders were inclined to the necessity of signing the treaty.

It was reported in Versailles, without confirmation, last night that Count von Brockdorff-Rantzau had offered his resignation and would be replaced eventually by Chancellor Scheidemann. Chinese Students Protest. Amoy, China, May 18—(By the Associated Press)—Upwards of 3,000 students held a demonstration today in protest against the cession of Tsing-Tau to Japan by the peace conference.

ROUMANIA AND RUSSIA AT WAR

London, May 19—Owing to Roumania's disregard of the ultimatum from the Russian Soviet government demanding an evacuation of Besarabia, a state of war exists between Russia and Roumania, according to a wireless despatch from Moscow received here.

Bolshevik troops have crossed the Danester River in the Tiraspol district where they have defeated the Roumanian and occupied Tcheretchi.

BOLSHEVIKI ATTITUDE KEEPS ALLIES FROM SENDING RUSSIA FOOD

Paris, May 19—There is a general impression that the reply of M. Tchitcherine, Bolshevik foreign minister of Russia, to Dr. Fridtjof Nansen's proposals to feed Russian, brings the whole project to a close. The reply is generally accepted here, as in effect, a refusal by the Bolsheviks to cease attempting to invade their neighbor's territory.

If the Bolsheviks persist in trying to destroy law and order outside of Russia proper, the Allied attitude will not doubt be to vote for no peace and no food.

LAYS IT BEFORE WILSON

Paris, May 19—United States Secretary of State Lansing, on his return today from England, referred directly to President Wilson the request made recently by a delegation from Europe as the representatives of Irish societies in the United States. This was that the secretary present a formal request to the British government that Professor De Valera, Arthur Griffiths and Count Plunkett, Sinn Fein leaders, be given a safe conduct to come to Paris and present their case to the peace conference.

SOME OF WOUNDED MEN HOME

The small St. John contingent of convalescent soldiers who arrived on the hospital ship Essequibo at Portland, Me., yesterday received a glad welcome at the depot as the belated Boston Express rolled in. A group of V. A. D.'s, among whom were Misses Munro, Dunlop and Jones, were on hand to lend any assistance necessary and the reception committee of ladies' delicacies, etc., included S. H. Mayes and others representing the S. H. Mayes and others representing the soldiers' welcoming committee were on hand as well. A number of decorated automobiles conveyed the men to their homes.

WINSTON CHURCHILL ON MISSION TO PARIS

Paris, May 19—Winston Spencer Churchill, British secretary for war, arrived in Paris today. It is understood his visit is concerned with the trouble on the Afghan frontier.

PRINCE OF WALES TO OPEN NEW PARLIAMENT HOUSE AT OTTAWA?

London, May 19—(Reuters)—The Sunday Observer says it is not unreasonable to believe that a meeting of the Prince of Wales and Sir Robert Borden on Friday concerned an invitation that the latter appears to have given to the new parliament buildings at Ottawa.

OBJECTIONS TO NEW ELECTRICAL BY-LAWS HEARD

Provisions Under Fire at Meeting of Council Committee SOME AMENDMENTS MADE

CITIZENS FEARED THAT TOO MUCH RED TAPE AND TOO GREAT EXPENSE WOULD BE INVOLVED—GRANT WANTED FOR WEST END PLAYGROUNDS

A lengthy session of the common council committee was devoted this morning to consideration of the draft of the new electrical code. Delegations representing various interests were on hand to discuss the measure and strong opposition to some of the sections developed. Explanations removed some of the difficulties and amendments were necessary to deal with others, the chief objection being that the by-law would be too expensive to carry out.

It is necessary to call in an electrician for the smallest alteration or adjustment and that it would cause heavy and needless expense to the citizens. Excellent progress was made and consideration will be resumed at 10:30 o'clock on Tuesday morning.

The committee also heard an application for a grant of \$800 for West Side playground improvements. The mayor presided and all members of the council were present.

Frank Belyas, on behalf of the West Side Improvement Association, told the commissioners of their plans for improving the playgrounds on that side of the harbor and asked for a grant of \$800 to supplement the work which will be done by the members of the association and others.

W. E. Scully said that the request for \$800 was a modest one. He suggested that another grant of \$900 next year be made.

W. L. Harding and R. H. Parsons spoke in support of the proposal. Mr. Fisher suggested that a report be prepared showing the expense necessary for the west end improvements.

The delegation retired. Electrical By Law. The draft of the law relating to the installation and use of electric current was taken up section by section and delegations were heard. Among those in attendance were F. W. Daniel and J. H. Vaughan of the Retail Merchants' Association; Peter C. Sharkey of the Trades and Labor Council; W. C. Downey, A. P. Saunders, H. C. Lawton, Electrical Trades Union; A. H. Wetmore, Board of Trade; S. C. Webb, W. P. Dyleman and Hugh Montague, electrical contractors, and LeBaron Wilson, city electrician.

Mr. Thornton explained that the object of the law was to safeguard life and property, as many fires had been caused by defective installations. The requirements were lower than in most places, as low as the national code would permit.

Section two, regarding application for installations, was adopted. Section three, fixing a penalty for installing without a permit, was vigorously opposed by Mr. Wetmore on the grounds that private individuals should be permitted to make minor alterations in wiring, etc., in their own premises. As Hiram Sees It

"Say," said Mr. Hiram Hornbeam to the Times reporter this morning, "I feel that I've been across the Atlantic must 'ave took a good swig of Hawker's tonic—what?"

"His name was Hawker," said the reporter. "Well," said Hiram, "I'd like to be of some use to you, whether he got it from a tonic or was born that way. Say if old Christopher Columbus could 'ave seen a bird-like that when he was 'crusin' around lookin' for a new world I callate he'd never 'ave got any further. Well, I s'pose we'll soon 'ave an air line to the settlement now. Bests all how we're goin' ahead. I kin remember the old feller tellin' me to go away to fight again well he's look up when he holler goodbye. I nearly laughed my head off once when a feller recited a piece about Darius 'gainst his flyin' machine—but Darius he'd the idea—what?"

"It is never very safe to predict what we may see next," said the reporter. "No sir," said Hiram, "it ain't. Now I just seen an old lady on King street with a young gal's finery on. People stopped an' looked after her as if they couldn't believe it. One of 'em said it was like puttin' lace curtains on the winders of a grain elevator. What do you know about that?"

BIG OPENING FOR OUR EXPORT TRADE

Opportunity Spelling Prosperity in Wood-Working Outlined in Cable From Australia

Ottawa, May 19—Immediate openings for Canadian export trade, amounting to many millions of dollars and spreading over several years in such varied forms as to spell prosperity in the wood-working trades, are outlined in a cable message received from D. H. Ross, Canadian trade commissioner, Melbourne, Australia, sent to the commercial intelligence branch of the department of trade and commerce.

The Canadian trade commission at Ottawa is actively co-operating to bring the possibilities before the wood-working industries intimately concerned, but as a sample of what may be obtained in other lines. The trade commission prospectus emphasizes the long period over which delivery is required in this prospective business.

MUST NOT BE ON THE CITY STREETS AFTER NIGHT

Miss Ross of police headquarters has been instructed to take the task of trying to keep women and young girls off the streets late at night. With another lady to assist her, she will help the police in this work in the interests of morality.

Any girl in the street after 9 o'clock may be accosted and asked what her business is at that hour. If a satisfactory answer is not given the girl may be warned in the first instance, but on any subsequent occasion will be arrested and taken to the police station, where special quarters have been fixed up for the reception of such.

At the 9 o'clock mass in the Cathedral yesterday His Lordship Bishop LeBlanc spoke on this matter and strongly urged the parents to keep their children off the streets at night.

RAISE PAY OF C. P. R. PORTERS

Montreal, May 19—The latest class of railway employes to secure an increase in wages is the sleeping car porters of the C. P. R. They say they have to a great extent had to depend upon the gratuities of the traveling public and that these tips have been decreasing. The railway board of adjustment and increases of \$7.50 a month were granted to porters in standard sleeping cars, \$12.50 a month to porters in observation cars, making their monthly salary \$85. With their tips porters now expect to earn on standard sleeping cars \$132.50 a month and other trains \$145.

BRITISH LABOR LEADER THOMAS IS TO VISIT STATES AND CANADA

Ottawa, May 18—The Right Hon. James Henry Thomas regarded as the chief representative of labor in the British parliament, will soon leave England for a tour of the eastern United States, and will extend his trip into Canada, where he will address three or four gatherings, probably of Canadian clubs.

Soviet Government in Winnipeg Proclaimed

Quietly Effected at Midnight Meeting, Says Despatch to a Toronto Paper

Toronto, May 19—The Toronto Star prints the following from Brandon, regarding the situation in Winnipeg: So far as 80,000 strikers and their sympathizers are concerned, a "Soviet" government exists in Winnipeg. It was instituted without any particular formality at midnight on Saturday on the river front within a stone's throw of the police station and a few blocks removed from the city hall. There was no violence, but considerable cheering by some 3,000 strikers.

Rev. W. Ivens, editor of the Labor News and generally recognized as the brain centre of the trades union cause of the city, was the principal speaker. The speakers with as much calmness as if they were discussing an academic thesis declared that from now the "Soviet" government, under direction of the trades council will administer the affairs of the city. Rev. Mr. Ivens said that the new form of government would soon regulate all the cities of Canada and that it would be instituted without violence.

He added that two representatives of the city council would be invited to the trades council to sit on the Soviet directory with the members selected by the strike executive. The news that a Soviet government would be proclaimed had been announced at the labor temple Friday night, was generally discussed over the city.

The new scheme of government has been discussed for weeks by socialistic organs, circulated, some openly and surreptitiously, through the streets of Winnipeg. While the Soviet government was being proclaimed at St. James' Park, the citizens' committee of one thousand was in session at the industrial bureau, with probably five hundred automobiles stretched along Main street on both sides for blocks.

WOMAN BADLY BURNED BY CARBOLIC ACID

Mrs. Patrick McMullin, 68 St. Patrick street, was badly burned from carbolic acid this morning about ten o'clock. It was not learned until some three hours after, when the ambulance was summoned and she was quickly taken to the General Public Hospital. Owing to the delay, Mrs. McMullin is in a critical condition, her mouth being swollen and early badly burned and it was reported from the hospital this afternoon that the prospects for her recovery are not very good.

FATHER GAUDET TO ST. ANNE'S PARISH

Rev. J. J. V. Gaudet has been appointed successor to the late Father Joseph as parish priest of St. Ann's Church, in St. Ann's de Kent. Father Gaudet was formerly parish priest at Adamsville. At the time the 165th battalion was mobilized he was appointed chaplain of that unit and crossed overseas with them. For three years he served as chaplain with the fifth West-India Forestry Battalion, of the 22nd Battalion, of a casualty clearing station and in hospitals. He returned here early in April and since the seventeenth of that month has been supplying in St. John the Baptist church for Rev. F. J. McMurray. In addition to the parish church in St. Ann's Father Gaudet will have charge of the churches in Rexton, at South Branch and at Chapel Point.

BERLIN CROWD IN ANGRY SHOUTS AGAINST ALLIES

Paris, May 19—Describing recent demonstrations before the Adlon Hotel in Berlin a despatch to the Temps from the German capital says the crowd shouted: "Down with France, England, America, Clemenceau, Foch and Wilson." It says that the shouts against Wilson seemed to indicate that he is particularly reviled by the German populace, public opinion not pardoning him for interpreting the fourteen points at variance with the German interpretation of them.

REPORTED ILL

A casualty list from Ottawa today contains the name of W. Grant of St. John, medical services, reported ill.

Morgenthau Says U. S. Must Fight Again In Fifteen or Twenty Years

Coblenz, May 16—(By the Associated Press)—Henry Morgenthau, former American ambassador to Turkey, addressing soldiers here last night, predicted that the United States would again be involved in war within fifteen or twenty years. He said that at present the world was only enjoying a suspension of hostilities. The former ambassador, who came to Coblenz from Paris, declared that many of the delegates to the peace conference would leave Paris dissatisfied and that this would bring on other misunderstandings.

BRYAN MORE HOPEFUL. St. Louis, May 18—Declaring that the League of Nations is "the greatest step toward peace ever taken in 1,000 years," William Jennings Bryan, addressing the assembly of the Presbyterian church in the United States of America, yesterday said he was hopeful "that we are going to see peace unbroken from now on."

LOYD HARRIS TO BUSINESS MEN

Chairman of Canadian Mission Speaks of Trade Matters

London, May 19—(Reuters)—Lloyd Harris, chairman of the Canadian mission, who is to accompany Premier Borden to Canada, in an interview said he was convinced from first hand information that once trade got away from the leash it would enter such a future as to fill to overflowing the world's factories. "I see no cause for pessimism," said Mr. Harris, "and only hope for the initiative and energy, and that is the message I take back to Canada. I am convinced that the British commonwealth, of nations emerges from these last crucial years as a new entity capable of solving every problem."

"So far as the work of the Canadian mission is concerned, the immediate and vital problem is shipping. Representatives from different parts of the empire should discuss this with a view to an inter-empire shipping programme."

Mr. Harris said he considered various means might be devised, if the various governments got together, by which inter-empire transport might flourish into a great business enterprise, which on its human side, would tend to bring the outlying parts of the empire into even closer relationship.

CIVIC CLEAN-UP CAMPAIGN GETS UNDER WAY TOMORROW

Householders Expected to Remove Refuse From Yards to Street; City Teams Will do the Rest; Board of Health Watching Delinquents

The annual spring clean-up of back yards and premises commences tomorrow in various parts of the city and citizens are expected to take advantage of this opportunity to get rid of the refuse which has accumulated during the winter. The city teams will patrol the streets picking up the material which householders deposit on the sidewalks.

The districts which will be cleaned tomorrow are as follows: South End—South of but not including Union street. Indiantown—From the river eastward to Acadia street.

TRAINMEN'S CONVENTION DEVOTES ATTENTION TO WAGES MATTER

Columbus, May 19—Resolutions endorsing the league of nations and requesting a new trial for Thomas G. Mooney, convicted in the San Francisco bomb plots, were adopted yesterday by the Brotherhood of Railway Trainmen. The discussion yesterday was devoted mainly to wages. It was the consensus of opinion that railroad men were being underpaid. Leaders declared that many of their men were being paid less than the war labor board schedule, and that the bureau of labor statistics say a man needs "to live decently."

WESTERN MAJORITY FOR ONE BIG UNION

Regina, May 19—One big union has carried in western Canada according to complete returns announced by officials of the Trades and Labor Council here. Regina city vote, out of about 1,200 union voters was 800 to 64 in favor of one big union. The one big union committee is calling a conference in Calgary for June 4, to consider the next steps.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

FINE QUARTETTE LAST TIMES THIS EVENING

Opera House Also Announces Notably Good New Bill For Tomorrow

Have you heard that good male quartette, The Quaker City Four, at the Opera House? They sure can sing and are one of the best hits the Opera House has offered for some time.

The regular change of programme, opening tomorrow afternoon offers Orpheus, in a novelty English musical act. Dorothy Richmond and Company, in a comedy one act playlet; Frank Jaha and Company in comedy novelty, "Bankology"; Bert and Elsie Mathews in comedy, "The Man of the Hour"; and a new feature, "Stars from Toyland," a comedy maskin offering in a miniature theatre, a great treat for the kiddies and the grown-ups as well. The matinee tomorrow is at 2.30.

WINNING NEW SERIAL; OPERA HOUSE SCREEN

Wm. Duncan in "The Man of Might" Tomorrow—Wonderful Feats of Physical Prowess

With a manly hero, and enchanting heroine, the screen's most crafty villain and the most sensational fight chapter drama the new "Villain" serial of thrills and romance, "The Man of Might," starts off tomorrow afternoon at the Opera House with the fighting famous leading man of The Fighting Trail, Edith Johnson, Joe Ryan and others in prominent roles.

With William Duncan in the title role, "The Man of Might" is no titular exaggeration. His record as an athlete, his classic encounters with Sandow, the wrestler; his famous health farm—tend to engender anticipation in such feats of physical prowess as one does not ordinarily see in a plot that is just replete with sensation, thrill, punch, action, and about every other definition of that which joins men out of the crowd. Complacency and grips you hard and holds you firmly tensed until the last fade out on the screen.

The scenes were taken through Lower California, Mexico, the Arizona desert, in the Sierra Nevada mountains—all natural scenery. Experts have proclaimed "The Man of Might" as the best serial ever made. See the first chapter tomorrow, Wednesday or Thursday and it is safe to say you will not miss those who follow.

EXTRAORDINARY BILL AT THE IMPERIAL TODAY

The Fox Corporation production, "Falls of the Great Gorge," which Brockwell is starred at the Imperial today and tomorrow is a daring attempt by the motion picture method at exciting conditions in a plot that is almost every community.

The picture has created a great stir wherever shown. The usual miscellaneous single reels, are in the bill also. Concert orchestra. An added feature will be a 1,000-foot moving picture of the 26th Battalion and its left St. John in June, 1915—just who the returned boys and their friends.

SURPRISE AT THE LYRIC

Many new performers have been engaged for the Lyric Stock Company. The personnel as it faces the audience tonight will represent a very many new faces. An unusual attractive offering has been prepared, and patrons of the Musical Stock Company are promised an evening of genuine pleasure. The singing and dancing, it is said, will be an improvement on the previous company and this means a good deal, as the company at the Lyric has created a record at St. John with eight months of continued popularity.

Opera Sale Opens Wednesday. So that the music loving public may have plenty of opportunity to book their seats for the opera season (June 2nd to 10th) the Imperial will put the whole six evening performances on sale Wednesday morning of this week starting at 10 o'clock and continuing on Thursday, Friday, of course, be on daylight time. The company has been creating a greater following than ever in Upper Canada, especially in Ottawa. The singing is Majestic Theatre, Montreal, this week. See advertisement for particulars.

THINK MAN THEY SAW WAS ONE WANTED FOR REXTON SHOOTING

Rexton, N. B., May 19—Thomas Whalen of East Branch, while driving to his home on Friday evening, reports he saw a man whom he took to be Robert Childs, fugitive murderer, behind the fence of his brother, James Childs. On the approach of the horse, he says, the man crouched down. On Saturday evening Charlie Thompson, a lad of ten years, while driving a cow near the Catholic cemetery, met a man answering to Childs' description—a tall, large man with short grey moustache, wearing a slouch hat and black overcoat. One of his boots had the sole tied on. He had in his hand a large revolver. He asked the lad if he had any money and if he would come to Rexton and get him a bottle of beer. The boy took fright and ran and in an excited manner told the story to his mother, who sent the report out. Sheriff Boudreau was notified and a large number of citizens armed with guns kept watch during the night. Chief of Police Rideout of Moncton and others arrived yesterday morning for a search.

HOMER FROM THE FRONT. Joseph McHugh of Little River, who returned to Canada on the Olympic after overseas service with the 25th N. S. battalion, arrived at his home here yesterday and received a joyous welcome.

CARPENTIER NOT TO TAKE PART IN BOUTS AT ALLIES' COMPETITION

Paris, May 18—A cable despatch was sent today to the United States Golf Association and the Western Golf Association to indicate golfers who will be available to play in the inter-Allied competition. It is planned to hold the golf tournament at Versailles. Francis Oulmet, present French golf champion, is eligible to play, as he was a lieutenant at Camp Devens.

The French army is now collecting its boxing entrants for the inter-Allied games. It has been announced officially that Georges Carpentier will not appear. Paul Hans, a French negro fighter, and a French heavyweight, have been picked as contestants.

THE B. R. T. WILL NOT CONSIDER A STRIKE IN SYMPATHY WITH WINNIPEG

Columbus, Ohio, May 19—Under no circumstances will the Brotherhood of Railroad Trainmen consider a strike locally or otherwise in sympathy with the strike in Winnipeg, it was advised by officials of the organization yesterday. Eighty-five delegates representing 15,000 members of the trainmen in Canada. "Positively not," was the answer sent from President W. G. Lee's headquarters to a question as to possibility of any sympathetic move.

THE VALLEY RAILWAY

No confirmation can be secured here today of a story which appeared in a Fredericton newspaper on Saturday to the effect that Premier Foster was to present D. B. Hanna, chairman of the C. N. B. board, a request that the government should take over the Valley Railway as it stands, complete construction and charge the cost of the work to the province. So far as the province's proposal of this nature has been made, and the province will complete the road before expecting the federal government to take it over for operation.

MONTREAL WARMLY WELCOMES THE 22ND

Montreal, May 19—The twenty-second battalion (French-Canadian) was welcomed here by this city this morning. Their special trains arrived at the C. P. R. Viger station to the sound of the ringing of hundreds of church bells. A public holiday had been declared by Mayor Martin and many thousands of men, women and children lined the route of the soldiers' march through the city. The regiment was headed by its original commanding officer, Col. Guadagnoli. Detachment after detachment of the city took part in the parade.

On Fletcher's Field decorations were bestowed by Brigadier-General Tremblay. This evening there will be a fête in Lafontaine Park in honor of the returned men. Tomorrow, Mr. Emard, chief general of the French-Canadian will conduct a requiem mass in Notre Dame church for the repose of the souls of men killed during the war.

IN MEMORIAM

ADDISON—In memory of Pte. Herbert Addison, who was killed in action May 19, 1918, one year ago today. Beneath a wooden cross in France he sleeps tonight.

Far from his native shore; He gave his life in freedom's fight. Though he is gone freer to a better land above. Cruel death it came and severed from the one we dearly loved.

Though our heart is full of sorrow, We will again with joy. Because we know he better done his bit for his country's sake, We will sleep forever more be praised. WIFE AND DAUGHTER.

LASKEY—In loving memory of G. H. Laskey, who departed this life May 17, 1918. Sleep on, Dear Father, take thy rest, God called thee when he thought it best; We shall sleep, but not forever, There will be a glorious dawn; We shall meet to part no more. On the resurrection morn. WIFE AND FAMILY.

D. MAGEE'S SONS Limited For Sixty Years ST. JOHN

PERSONALS

Miss Lillian James, who has been attending Mt. St. Bernard Convent, Antigonish, and Wm. James, a student of St. Francis Xavier, accompanied by their mother, Mrs. P. R. James, returned home on Friday for the summer vacation.

Premier Foster left on Saturday evening for Ottawa to attend the meeting of Liberal Ministers. The men went out of uniform on Thursday—the first civilian apparel in nearly five years. Bandmaster Perkins and Trombonist Buckle are with Imperial Theatre orchestra and most of the men have returned to former positions. There is a strong feeling that this excellently trained material should be retained for a permanent band before it becomes too late.

DEPT. BAND NON EST. The Depot Battalion Band is now definitely demobilized. The men went out of uniform on Thursday—the first civilian apparel in nearly five years. Bandmaster Perkins and Trombonist Buckle are with Imperial Theatre orchestra and most of the men have returned to former positions. There is a strong feeling that this excellently trained material should be retained for a permanent band before it becomes too late.

HUMORS IN SPRING

Afflict thousands of people and seem to demand the use of a Spring course of treatment without delay.

The very best medicine to take now is Hood's Sarsaparil, which thoroughly cleanses the blood and effects radical and permanent relief by perfecting the processes of absorption and elimination—giving healthy activity to the stomach, liver, kidneys, bowels and skin.

It originated in a Boston physician's successful prescription, and enjoys high reputation as a satisfactory all-round family medicine. Accept no substitute, but insist on having Hood's Sarsaparil and get it today. It will do you good.

OBJECTIONS TO NEW ELECTRICAL BY-LAWS HEARD

(Continued from page 1) subject to inspection. There was a general feeling, he said, that the law had been prepared in a way to favor those in the electrical business, as those who drew it were interested more or less in that business.

Section four provided for emergency repairs without permit, on condition that the work be done within forty-eight hours.

Section five, relating to the various sections, a man apparently could go ahead and do almost any repair work, and take his chances, the penalty being effective only if one persisted in a violation after being notified.

Section six, providing for preliminary and final inspections on new buildings or installations was passed.

Section seven, an inspection is required on each change in tenancy if the fixtures have been replaced. The section was amended to make the landlord liable for cost of repairs found necessary, and was recommended.

Section eight, re covering wiring without permit and number also re interference with wiring, were passed.

Section nine, providing for penalties for discharging his electrical apparatus or turning on current in violation of the law, this was passed.

Section ten, fixing and objecting was made to the possibility of an inspector bringing in a rival contractor as his assistant. This was allowed to stand until tomorrow morning when consideration will be continued.

PRESSENTATION TO MAGISTRATE After the court adjourned today Magistrate Reilly was called into a room and made recipient, by Sergt. Powers on behalf of the police officials an address and gift, in recognition of his long service on the bench.

REPORT IS HAWKER SIGHTED OFF IRELAND

(Continued from page 1) London, May 18—(Associated Press) Claude Graham-White, aviator, although not unduly surprised that the Americans succeeded in crossing the Atlantic, says he is thoroughly delighted with the great enterprise shown. He says that the flight is an object lesson to the British authorities, because so far as the British machines are concerned, the flight means life or death as there is no chain of destroyers to pick them up if they meet with an accident.

St. John's, Nfld., May 18Mrs. Hawker, wife of Harry Hawker, Australian aviator, said: "Our boys have had no help at all. Even the weather reports are unsatisfactory. Still I believe we will be first."

St. John's, Nfld., May 19—No word from G. Hawker had been received here up to 7.50 a. m. today.

London, May 19—The air ministry announced a little after 5 o'clock that it had no confirmation of the report that Hawker was off Ireland at 4 o'clock this afternoon.

CREW OF N. C. 3 REPORTED SAVED. Washington, May 19—Although it was said it was possible London might be the first news, the navy department early today had not been informed as to the unofficially reported rescue of the crew of the seaplane N. C. 3, as told in a news despatch from London. It was said, however, that interrupted cable service between the Azores and the United States might account for a report of the rescue reaching London before it was received here.

REPORTED SHOOTING

The report that an employe of the Provincial Chemical Fertilizer Company in East St. John, had shot himself, reached the city just as The Times was going to press. Dr. F. C. Kenney, coroner, had been notified and was preparing to leave for the scene of the tragedy to investigate. There were no details.

A later report says the man's name is Carl Pedersen.

IN WALL STREET. New York, May 19—Opening of the special session of congress was made the occasion of another bullish demonstration in stocks at the opening of today's trading. Ralls reflected this factor more than any other division, lower grades and standard issues making further advances of one to three and a half points in the first half hour. Shipments also materially enhanced last week's gains, especially Marine common. American International and Pacific Mail, which rose one to three points. Numerous equipments and specialties were at highest prices and the year end making further advances of one to three and a half points. Numerous equipments and specialties were at highest prices and the year end making further advances of one to three and a half points.

DAUGHTER ALWAYS TIRED

Maher Says Vinol Built Her Up and Completely Restored Her Health.

Long Island City, N. Y.—My daughter is a milliner and she got into a run-down condition, pale and had no appetite. After other medicines failed to help her, Vinol gave her a good appetite, built her up and completely restored her health.—Mrs. H. Ott.

The reason Vinol was so successful in this case is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weakened, run-down system, and create strength.

COST \$200. The case of George Paddock, charged with bootlegging, was again brought up at 12.30 today in the police court. He forfeited his deposit of \$200 and was allowed to go.

THE ROTARY CLUB. Captain Phillips, who was the first secretary of the club; Captain Wetmore, a new member; W. H. Thackeray, Lieutenant Jennings and B. C. Nowlan of Montreal were welcomed at the Rotary Club luncheon at Bond's today. F. H. Quirt, president, Capt. E. M. Case, who is an expert, gave a most interesting talk on care of the feet. Captain Case was engaged in treating the feet of soldiers in Victoria, B. C., for a considerable time. The club decided to raise \$1,500 toward the expense of the national conference on moral education in the schools in relation to Canadian citizenship. The convention will be held in Winnipeg Aug. 25, 26, 27. The club accepted an invitation from Rotarian F. A. Dykeman to have a picnic at his summer home at Ononette.

years, was for many years one of the leading pilots of the port, but had retired about six years ago.
Practically his whole active life had been devoted to the work of piloting vessels in and out of the port of St. John and during that career he had won a reputation among shipping men as an exceptionally able pilot whose knowledge of conditions in the harbor and the bay was remarkable in its accuracy and whose judgement always could be relied upon. He was one of a group of pilots of exceptional ability whose services to the port it is difficult to measure.

Frederick of this city.
The funeral will be held on Tuesday morning to St. John the Baptist church.
The death of Emily J. Williams occurred at her home, 351 Charlotte street, West St. John on Saturday, May 17. She leaves her husband, Captain Edwin S. Williams, and two brothers.

Word was received by Mrs. McN. Shaw of Montreal, of the death of her brother, Dr. George Theal in Wynberg, Cape province, South Africa. Dr. Theal, who was of Loyalist descent, was born in St. John in 1837, and was educated at the local grammar school here. He went to South Africa and was successively a school teacher, reporter and an editor. In 1877 he entered the Cape Colony civil service and has filled many important positions.

The death of Joseph R. Dawson occurred at Watertown, Mass., after a short illness from pneumonia. He leaves his wife, two young daughters and seven sisters, including Mrs. John H. Duncan and Mrs. George T. Willis of St. John.

FORHAN'S FOR THE GUMS
Be suspicious of TENDER GUMS
Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhoea—an insidious disease of the gums that destroys the teeth and undermines bodily health.
Gradually the gums become spongy. They inflame, then shrink, thus exposing the unenameled tooth-base to the ravages of decay. Tiny openings in the gums form gateways for disease germs to enter the system. Medical science has traced many ills to these infecting germs in the gums weakened by Pyorrhoea.
They are now known to be a frequent cause of indigestion, anaemia, rheumatism and other serious conditions.
So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhoea (Riggs' Disease) if used in time and used consistently.
And in preventing Pyorrhoea—it guards against other ills.
Forhan's (For the Gums) cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean.
If gum-shrinkage has already set in start using Forhan's and consult a dentist immediately for special treatment.

Salt Lake City, Utah, May 19—The eight-hour law for women, passed by the last legislature, became effective May 12, it provides that women shall not be employed for more than eight hours in any one day nor more than forty-eight hours a week, except in cases where life or property, or both, are in danger. The only exception made concerns women who work in canning plants. Violations of the act will be punishable by a fine of not less than \$25 and not more than \$100, and the costs of prosecution. Certain employers of office help have appealed to the industrial commission for permission to have employes work eight and one-half hours every day but Saturday, and on Saturday to make up the difference by allowing the girls a half

The Evening Times and Star

ST. JOHN, N. B., MAY 19, 1919

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

SATURDAY'S WELCOME

What the people of St. John saw on Saturday when the serried ranks of steel moved through the streets was similar to what they might have seen at any time in the war zone, when battalions were marching along the roads to the front lines.

The reception given to the returned heroes on Saturday was one to be remembered. The crowds, the cheers, the decorations—but above all the joyous expression on the bronzed faces of the soldiers as they marched along the narrow lane with shouting friends on either side will be remembered by all who enjoyed the privilege of participating in the event.

Yesterday was Loyalist Day. In its spirit the Loyalists of 1783 could have witnessed Saturday's demonstration the same must have filled them with a great content. Many of their descendants had proved as great a loyalty, even unto death.

BRIDGING THE ATLANTIC

While American aviators have reached the Azores in their effort in a series of three flights to cross the Atlantic, the British airmen are making a non-stop dash from Newfoundland to reach Europe first. It is the most amazing race in the world's history.

COURTENAY BAY.

The \$750,000 voted at Ottawa last week for Courtenay Bay work was for improvements other than the dry dock. The original Norton Griffiths contracts provided for a large amount of dredging, the construction of the breakwater, and four piers.

"Notwithstanding some derogatory things have been said about it, it is going to be one of the finest harbors in Canada when it is completed."

Some extracts from Hon. Mr. Carvell's speech will be of special interest at the present time. We quote: "Up to the time that the contract was assigned to the new company it had been carried on by the Norton Griffiths Company, and about \$4,000,000 had been spent on the harbor improvements and about \$950,000 on the dry dock. The latter will cost at least \$5,500,000."

The contract calls for the construction of a dry dock and of a ship repairing plant. The ship repairing plant itself comes under the dry dock subsidy act, but the money will be furnished by the company and not by the government. It involves an expenditure of, I think, \$3,250,000. The company are also laying out a big shipyard, but that is entirely their own affair; we have nothing to do with it whatever; it has nothing to do with the dry dock subsidy contract, nor with the harbor works. Under the contract the dry dock was to be ready for operation in the summer of 1922, but we believe from the progress which they are making and from the reports of our engineers that it will be ready for operation in the summer of 1921. It will be one of the largest dry docks in existence. It is 1,150 feet in length, 125 feet wide, 100 feet on the sill, with 40 feet of water at high tide. In every way it will be one of the most up-to-date dry docks in the world. There are only three others on the American continent that will at all compare with it—at Levis, at Boston, and at the Atlantic entrance to the Panama canal. It will be equipped with the most up-to-date machinery, and with the ship repairing plant will go a long way toward being a shipbuilding plant. Mr. Carvell had previously explained

that the company itself was to finance the dry dock, and receive from the government interest on an amount up to \$5,500,000 at four and one-half per cent for thirty-five years; and when all the work is completed the dry dock and ship repair plant will belong to the company and the harbor improvements to the government. Actual work to the amount of \$1,000,000 must be done on the dry dock before any bonds are guaranteed, and none have been guaranteed as yet. With regard to the dredging Mr. Carvell said:

"The channel leading from the main St. John harbor into Courtenay Bay was to be 32 feet at low water. That involved some submarine rock work. We have eliminated all the rock work in the channel and the channel itself will be dredged down to 22 feet. We have reduced the cost of the channel by hundreds of thousands of dollars and are not doing any submarine rock dredging there."

Mr. Carvell expressed the view that this would not affect traffic, as he believed no ship would try to dock at dead low water, but wait for half-tide. He added that all work is being done and to be done under the contract prices of 1912—and not at present prices for similar work. St. John readers will be especially interested in the following extract from Mr. Carvell's speech:

"It is true that we have a very high tide to contend with; it is true that nature has not been kind to the port of St. John; but geographically it is in the place where business is being done. The people of St. John have had the courage and energy to do what no other city or community in Canada has done. They started out to do a trans-Atlantic business and to make St. John a great national port, and they have put up between \$2,250,000 and \$2,500,000 of their own money, carrying out the work, financing it and taking hold of it themselves. It is urged that the government should take the port over and put it under a commission. I believe it ought to be done. However, they have spent their own money and the Dominion of Canada has spent less on the harbor of St. John than on any other harbor in Canada of its size and importance. There is more business done at the port of St. John than in any other port in Canada save Montreal. In the last fiscal year \$231,000,000 worth of business was done through the port of St. John. The business there does not start until after November. The armistice was signed in November, but since that time \$175,000,000 worth was done through that port. It is the natural port of Canada in the winter time. There is no use in saying that there are some mud banks and for that reason we cannot go on. The mud banks may be there, but it is the duty of any man who occupies this position to see that the port is fairly dealt with and that it is put in a position to carry on the business they have there in the winter time. We must either do that or hand it over to Portland or Boston. It is true that we have the port of Halifax, the finest, probably, on the American coast; but unfortunately it is 200 miles farther away from the business of Canada than St. John, and, notwithstanding all the war business that has been going through Halifax it has not done a quarter of the business that has been done through St. John. That is on account of the geographical position of St. John."

The Liberal conference in Ottawa on Saturday appears to have been very satisfactory, as a preliminary to the great convention in August. Senator King must have been a proud member of the conference, having with him one son who is a member of the New Brunswick legislature and another who is a member of the government of British Columbia. Incidentally it came out that the provincial elections in Prince Edward Island are to be held almost immediately.

Mr. Henry Morgenthau, former American ambassador to Turkey, believes the United States will be involved in war again within fifteen or twenty years. If the peace conference closes with a good understanding between the four great powers of the Entente and a war that may break out will be of very brief duration. They can wield an economic pressure that would make it madness for any other power to oppose their views in international affairs.

Mr. Lloyd Harris believes there will be a tremendous development of trade in the near future in which Canada will largely share. The great problem, he says, is to get the shipping.

Bootleggers did a thriving trade on Saturday, and now we are told the police will not administer the law because the civic and provincial authorities cannot come to terms.

President Ebert has again asserted that Germany will not sign the peace terms. What's the idea?

GOOD YEAR MADE IN CANADA CORD TIRES

A Fourteen-Year Drive to Build This Tire

Fourteen years ago scientists and engineers commenced the work which provides a better tire for your car to-day.

A tire which, through sheer quality of design, material and workmanship does four very important things for you.

- 1.—Renders such unusual mileage as to materially lower your year's tire-bill.
- 2.—Saves on gasoline and car depreciation greatly.
- 3.—Adds a new and almost unbelievable comfort to the riding of any car.
- 4.—Is ultimate in appearance.

The Goodyear Cord Tire, strong with the strength of thousands of rubber-cushioned cords, is a luxury tire in performance which yet goes so far as to cost less in the end.

It is the logical outcome of the Goodyear policy of ever striding towards lower motoring cost. No tire built with an eye to the present price can ever compete with it in value.

The Goodyear Service Station near you can supply your needs—and can serve you, too, by advising the Goodyear Heavy Tourist Tube, a better, thicker tube which justifies its price by longer service and greater tire mileage.

Are Your Coal Bills Heavier than They Should Be?

When you buy Coal, remember that every pound of ash, clinker, stone or slack in the coal you select represents so much waste in your purchase, besides the added expense of carting it away.

Make **QUALITY** your watchword in considering any coal prices; and this applies now, more than ever before, for coal will cost in St. John three-quarters of a cent a pound this year. Bear in mind, then, that

CONSUMERS COAL CO.'S AMERICAN ANTHRACITE

Loyalist Day
Yesterday was observed in this city, the 188th anniversary of the landing of the Loyalists, although there was no very elaborate ceremony. Mention of the anniversary was made in the churches. Rev. Canon R. A. Armstrong, in Trinity church, told of the glorious traditions of the indomitable founders of the city, in two sermons.

Not only is May 18 the anniversary of the landing of the Loyalists, 10,000 in number, in St. John, but two years later it was incorporated by the people who founded it being the first overseas city in the empire to receive a charter. It was not until fifty years afterwards that the second city in Canada was granted a charter.

The public schools have a holiday today in honor of the founding of St. John in 1783.

Tramways Wages Award.
Montreal, May 18.—The award of the board of arbitration in the Montreal Tramways case, was announced to the employees on Saturday. The rank and file regard the award as favorable, and more than eighty per cent. voted for its acceptance. The award is to go into effect on July 1. Increases run from six to twelve cents an hour, for those paid by the hour, and from twenty per cent.

German War Losses.
Paris, May 19.—(Havas Agency)—German war losses up to last April 30 were 2,000,000 dead, 4,000,000 wounded, and 615,000 missing, according to figures published in Berlin.

The firemen responded to two alarms Saturday, one in the morning for a fire in the barn owned by the F. C. Kinsman

estate on Southwark street. The building was quite badly damaged before the fire could be extinguished, the loss being about \$600. The second was for a brush fire out the Marsh road, which gave the firemen a needless run.

Fresh, Rich Milk Always on Hand

SURELY, you'll be interested in Carnation Milk—milk that you can keep in any quantity on your pantry shelves. For weeks or months. Against any unexpected need.

Again, you can use Carnation Milk for everything. For everything—in every way you can ordinarily use milk and cream. It is the only milk supply your home needs.

As it comes to you—doubly richer than ordinary milk—its delicious creaminess adds flavor to tea, coffee, fruit or cereals.

For the children's drink, you should add an equal quantity of water to Carnation Milk. For cooking, add even more water.

Carnation Milk—"from Contented Cows" is fresh whole milk. Part of the water—and water only—is evaporated. Then it is sealed safe in airtight cans and sterilized.

Begin to-day to get your milk supply in this convenient, safe, economical form. Order three or four trial cans (16 oz. tall size) from your grocer. NOW! Directions on every can. Try Carnation Milk—for a week or a month—and you'll never go back to ordinary milk.

Write for "The Story of Carnation Milk"—a splendid booklet which is just what the title says. It contains 100 tested recipes—you'll like every one. Sent free for the asking. Write us at Aylmer, Ont.

THE GROCERY MARKET The following comment on the market situation as regards foodstuffs appeared in Canadian Grocer last week: Reports from the grocery trade this week are satisfactory, wholesale dealers and jobbers alike declaring a steady movement of stocks. While price declines are not at all marked, and are more or less the exception, the grocery trade is gradually readjusting itself and stocks are in much better supply than a few months ago.

Montreal. Changes this week are many, and nearly all of them are upward. Tomatoes, canned, are the feature of the canned goods section, going to \$1.90 and \$2 per dozen. There is a steady and heavy export demand and local consumption is fairly large. Fruits of the canned variety are firm and there is really no canned fruit or vegetable that has an easing tendency. Beans are very firm again and some supplies are less plentiful. Peanuts are up, and almonds, brazil nuts, etc., are all tending to higher levels. Rice, of the better grades, is tending to advance. Raisins have gone up in one quarter. Maple sugar and syrup are being held for high prices by the farmers, who, it seems, no sooner get a bona fide offer than they want more. This makes a decidedly nominal price basis. Coffee are advanced one to two cents per pound. Self-raising flour, cornmeal, both are higher in price and there is a firm tone to self-raising flour and cornmeal. Flour is also quoted higher and being looked for by some. Hay prices have soared to \$40 per ton. Tea prices are firm. Cabbage is up again. Oats and barley are moved higher. Declines are made on caraway seed, celery seed, pineapples, leeks and rhubarb. Trade is good.

Toronto. The market for the most part is steady and very firm this week, with comparatively few changes, strong tendency in rolled oats and earlier quotations on some lines of spices mark the principal features in the week's changes. Golden cornmeal is also quoted higher and the position of the meal market is generally strong with the trend inclined upwards. Peppers are quoted slightly easier and coffee are slightly higher. Show marked declines. Tea and coffee are very firm and indications from primary points are that quotations will be high. There are some low grade teas that are selling at easy prices, but the better qualities are very firm. Some lines that have been off the market for some time, and in some instances for the duration of the war, are again this week being quoted. Dromedary dates are offered at 88. Norwegian sardines, too, are again on the market. Receipts of Turkish figs from Smyrna are soon expected. In provisions, fresh meats show no change, the strong position of the live stock market holding prices firm. Butter is also firmer, and eggs show no indications of becoming easier. Lard and shortening are quoted higher. There is a very active demand for both. Cheese is very firm.

Receipts of new vegetables and fruits are on the increase and demand is good for the same. Ontario potatoes are selling around 82 and 82.10, and new potatoes from Florida are much easier, selling at 88 per barrel. Pineapples are in good supply but prices on both Porto Rico and Cuban are slightly in advance of last week. Strawberries are easier. Dried fruits continue at high levels and supplies are limited. Prunes are available in very small lots and quotations show advances. A feature of the dried fruit market is the easier prices on Grecian currants, at from 22 to 24 cents per pound. Jobbers have quotations on Sultana raisins, but they are inclined to be high, costing 20 cents laid down in Toronto.

Winnipeg. Trading is very active with good demand for all lines. All markets are very firm with upward tendency. If present volume of business continues, jobbers predict greater difficulty securing goods than during the war. Rice is expected to soon return to highest levels reached during the war. Jam prices on new crop will be 10 per cent higher. Coffee continues upward tendency. May be a shortage of sugar at preserving time. Numerous price declines in the vegetable market. Tea is moving rapidly. A further advance is shortly expected on Cacao.

FARM LOANS FOR SOLDIERS

The Soldier Settlement Act

Purpose To assist ex-service men who desire to make farming their permanent occupation, and who, it is considered, are qualified to make a success of the farming business.

Procedure The returned soldier who seriously intends to adopt farming as his life work, and desires financial assistance to purchase land, live stock, and equipment, may receive full information and instructions how to proceed from the representative of the Soldier Settlement Board in the district in which he resides.

Financial Assistance Available Loans may be granted qualified settlers, according to their needs, on the following basis— (1) Up to \$4,500 on the purchase of land for agricultural purposes or the discharge of encumbrances; (2) Up to \$2,000 on the purchase of live stock, implements, and other equipment; (3) Up to \$1,000 on the erection of buildings.

Interest at the rate of five per cent. will be charged. All Qualified Men Assisted The applicant, after securing a Qualification Certificate, may then apply to the Loan Advisory Committee for financial assistance. Should he desire to purchase land he may indicate the particular parcel of land which he desires to acquire. The Committee will appraise the land with regard to its agricultural possibilities, and if it is satisfactory and its value is in keeping with the soldier's ability to comply with the financial requirements of the Act, the land may be secured.

Equipment The Loan Advisory Committee also determines the amount of loan to be granted to the soldier settler for the purchase of live stock and implements, and the erection of necessary buildings in keeping with the settler's absolute need. The Soldier Settlement Board has made arrangements to secure these needs for the settler at specially low prices.

Who Are "Qualified" The qualifications of all applicants are investigated by an Agricultural Qualification Committee, composed of men of superior standing, who understand the farming business. All applicants are required to appear in person before the Committee in their district.

Military Service.—Any person who served with an honourable record: (a) In the Canadian, Imperial, or British Colonial forces in an actual theatre of war, or (except in U.S. or Bermuda) outside of the country in which he enlisted;

Supervision The Soldier Settlement Board has a staff of agricultural advisers, whose duties are to promote the prosperity of the soldier settler by timely advice and assistance. It is also enlisting the co-operation of experienced and successful farmers, located near at hand, who will direct and assist the settler to make a success of his undertaking.

Special Transportation Rates The Railway Companies of Canada have offered special rates to soldier settlers who travel for any of the following purposes: (a) First trip to appear before Qualification Committee, to work with farmer, to attend an agricultural school or to look for land; (b) To return to his home for the purpose of transporting his family or goods to his farm. The rate will be allowed on the production of a certificate issued by the Soldier Settlement Board.

THROUGH THE WAR WITH THE 26TH N. B. BATTALION

Possible Now to Review Career of Regiment; Traced From the Crater Fight to the Invasion of Germany

Owing to the press censorship prevailing it was impossible while the war was in progress to give names of places where the 26th Battalion was holding or attacking against the enemy, but a brief summary in connection with the return of the troops should prove of interest.

The first real fighting experienced by the 26th was on Oct. 13, 1916, in the Messines sector during the eventful "crater show" when "A" company went over, assisted by the battalion bombers and a part of "B" in support, making a daylight raid on an enemy trench. Soon afterwards several homes in St. John and other parts of the province were saddened by news of what it cost that day. Following this there came some months of ordinary trench warfare, but under most horrible conditions—only those who have been through it can know what a trench in that part of the line could be like; more resembling deep pools of stagnant water than a portion of land. However, the boys carried on all that winter until April, 16, when they were moved to the St. Eloi sector in the Ypres salient, famed in this war for its terrible scenes of hard-fought struggles. Here occurred much crater fighting until the Boche came over in June and succeeded in getting into our trenches upon the third division.

The 26th were sent in to hold after the 1st division had retaken the line and remained with the other units of the 2nd division carrying on with trench warfare and doing several successful raids until the division went on the march to the Somme in September. Here occurred one of the most famous engagements of the war—Courcellette—in which the New Brunswick lads more than won their share of glory, but suffered severe casualties. On the return from the Somme they went back around the Angres sector in front of Bully Grenay. Here the 26th participated in several raids but the front was considered a veritable "home" to those who had put in the previous winter around Zillebeke and Vermezeele. Three weeks rest around Bray and Houdain were a welcome feature, after which the battalion took over the Quarry line, Mt. St. Eloi, the towers of which, the most historic landmark for miles of country, can never be blotted from the memories of those who have seen them. In March the division was taken out of the line and in the Grand Servins area practice was begun for what was to prove a battle and conquest which would send the name of Canadians ringing throughout the world as fighting troops of unequalled valor.

There is a large field in the Servins area which will no doubt be pointed out to tourists in the future as the scene of the rehearsal of Vimy. There for days the great battle was fought in miniature, albeit there was no resistance, only tapes of varied colors to guide one battalion, one company, one platoon after another as they would need to go when fighting their way through the maze of shell holes and trench whose acquaintance they were soon to make in the capture of that enviable point of vantage, Vimy Ridge. It had been the scene of early Vimy and After.

dians proved their mettle and overcame all resistance, penetrating to an extent of thirteen miles, the greatest Allied advance recorded in the history of the war. They succeeded in shattering the Hun more, inflicting enormous casualties and took thousands of prisoners, besides making all possible chance of the capture of Amiens and a march on Paris out of German calculation.

With hardly any rest the battalion was again brought north and the Arras "show" was begun on August 27. It was in these operations that the so-called invincible Hindenburg Line was smashed, an event which will go down in history as one of the greatest achievements of the Canadians in the world war. Here again, town after town was wrung from the enemy—Cagnicourt, Biencourt, Cherly, Vis-en-Artois, Hendecourt, Wancourt and many others.

Where McKenzie Rests.

It is in the military cemetery at Wancourt that Col. McKenzie lies buried, besides other brave members of the battalion he had loved and served so well. Following the severe fighting in this Arras show there was a lull of a couple of days in the position of some advanced posts, they held the line for other Canadian troops who went over in the general advance. Following this advance the New Brunswick boys were bivouacked at Bourlon Wood and there, "kicking off" themselves, continued to push on until they, with other troops of the 2nd Division, went through there early the same morning and were given the credit for the capture of the town. By this time the troops were getting well out of the region of trenches mud and mire and civilians were again to be seen. A rest of three weeks brought relief to the tired fighters, after which they were taken to Anzin, near Valenciennes.

End of Fighting.

It was a few miles in front of this town where was begun the final drive. Jumping off at Quivrain at 4 a. m. on November 8, they pushed along through several Belgian villages, Elouges, Douz, Bois-De-Bousson, and others to Wasmes, clearing the way for an entrance into the historic city of Mons. The day of the armistice found the 26th well in the forefront of the advance and they joined with the inhabitants of the villages which they had just helped to liberate. It was a happy occasion, in making merry over the fact of the freedom of the world from German tyranny and oppression. It was the absorbing interest for more than a week during which the wildest excitement prevailed among these poor people now being freed from the German yoke. They were enthusiastic in their welcome to our fellows, and demonstrative as well, as many a lad who was warmly embraced a dozen times or more on the first appearance of khaki in the villages, can testify. Soon the Canadians were members of the family name, or a nick-name, with his own seat at the family table and the best bed in the house to sleep in. There was much food and with his usual big-heartedness Tom, or Jack or Bill helped from his own rations to better the meagre fare.

And so it went on until the march into Germany was begun. In its earlier stages this was remarkable pleasure, for it was through a friendly country—huge crowds were awaiting with a hearty welcome in every Belgian village and town, and in the presence of the German soldiers and receptions were held in their honor—"les braves Canadiens" will forever be glorified in the history of Belgium, for they were here hailed as "deliverers from bondage."

In Enemy Land.

It would have been proper to close the story of the 26th without reference to their march into Germany. Only two divisions, the first and second, took part in this historic and stirring march. It was a march of triumph, in all kinds of weather and with the railways not in proper working order, because of not having had a week's rest, the march was caused by the Hun's retirement, it was difficult to keep up communications, supplies and other necessities, and the march was a long, hard, however, and crossed and the lads from New Brunswick began their duties as part of the 26th in the morning of the 12th of the march. It was a satisfaction to know that they had won the right to occupy this land of the enemy, though they thought of often-times with those who had given their lives in order that this conquest might be attained. They returned to Belgium in the morning of the 22nd of the march, crossing to England last night, the second last chapter in a lengthy series of events which have made their name glorious and immortal.

ST. JOHN TO RECEIVE \$2,100,000 FOR HARBOR

Ottawa, May 17—It is now understood that a bill is being prepared by Hon. Mr. Ballantyne, following conferences with Hon. Mr. Carleton and the St. John Albert members, providing for the purchase or nationalization of St. John harbor property for \$2,100,000, the city to be paid by harbor commission notes or debentures, which would be backed by government security. The bill would be the same as that creating the Montreal harbor commission.

Sat Up in Bed To Get Her Breath

Palpitation of the heart, shortage of breath, inability to lie on the left side, feelings as if smothering, oppressed feeling in the chest, dizzy and faint spells, tired, weak, worn out feeling, involuntary twitching of the muscles, sleeplessness, restlessness, etc., all point to the fact that either the heart or nerves, or both, are not what they should be. Any of these conditions should be remedied immediately so as to avoid a complete breakdown of the whole system.

Milburn's Heart and Nerve Pills will bring energy to the weakened constitution, strengthen and regulate the heart, and tone up the tired, overstrained nerves. Mrs. William Stevens, Chemical Road, N. B., writes: "I have been a great sufferer from nerve troubles and palpitation of the heart, which was so bad, I had to sit straight up in bed to get any sleep. I could not lie on my left side at all. I tried doctor after doctor, also several different remedies, but got no help from them. My mother insisted on me trying Milburn's Heart and Nerve Pills. By the time I had used one box, I was feeling very much better. I took in all three boxes, and now I am in perfect health and can enjoy a good sound sleep, and can lie on my left side without any trouble." Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Reunion of the 26th Officers Those Who Came on Saturday Guests of Earlier Arrivals at Complimentary Dinner

A complimentary dinner by friends to Lieut.-Colonel W. R. Brown, D.S.O., and his staff of officers of the 26th New Brunswick Battalion, C. E. F., Saturday night at the Bank of Montreal building, King Street, was one of the features of the fine welcome which the "fighting 26th" received on its return to St. John. The function was a jolly gathering of the present staff of officers and all those who since its organization have one time or another been identified with the 26th. Ringing speeches were made by officers who have been in France and know personally of the history and record of this crack battalion.

Sickly Women Given Strength, Vigor, Spirits

Many of the woes of womanhood, are due to kidney weakness. At first the back aches. Then pains gather around the hips and lodge right in the small of the back. To stoop or bend seems impossible. Headaches are constant. Unhappy existence. No pleasure in life when the body is overloaded with poisons that the sick kidneys can't filter out. Bright's disease is the next stage, but it can be prevented by using Dr. Hamilton's Pills of Mandrake and Butterbur. They cure sick kidneys and cure them permanently.

What the English Working Woman Has Proved

Her own story: told now for the first time from her own viewpoint. What did she lose? What did she gain? Did she lose more than she gained? And now, what? What will come to these women for giving their beauty, their health, their lives? What do they want? Here is the first direct answer to these questions

I was American and expressive. He was British and reticent. And yet I sat thrilled by every word of this shy man. Neither of us knew a soul in Paris. Yet his coat was full of ribbons: decorations!
Once it is given every woman to know that she at least has seen the man for whom she has been made, the uncompleted circle. Those whom life has so joined will understand my miracle.
He was like a man from whom every drop of blood, every vestige of color had been drained.

That Has Come out of the War

He had seen six hundred of his men blown into the air by a German mine. He himself had been blown up, and then buried under the dirt. He lay there for ten hours, while the living passed over. All night he lay. Gradually extricating himself, he recognized a flashing pool as water and crept wearily to it only to find that it was blood instead of water. He fell against a log, and in the morning the stretcher bearers had taken him unconscious off the German dead body where he had pillowed.

Most women have said "No: it can't be done. A home is different." But is this so? One man has dug deeper into this subject than any other. And he now talks.

A. J. GANGE OF TORONTO GAINS TWENTY POUNDS

Can. Pac. Fireman Says Tanlac Ended Trouble of Seven Years Standing—Is in Fine Shape Now.

"Getting one's health back after suffering as long as I did is something to appreciate, and I have recommended Tanlac to several of the boys on the road since it put me back in shape," said Alexander J. Gange, who lives on Keele street, Toronto, recently. Mr. Gange is a fireman on the Canadian Pacific railroad, and is well known, especially in railroad circles. His statement while remarkable is only one of many wonderful endorsements that have been given the "Premier Preparation" in Toronto.

"I'm feeling fine now," continued Mr. Gange, "and have picked up twenty pounds in weight, but I certainly was in bad shape before I began taking Tanlac. My stomach and kidneys had been bothering me for six or seven years. My appetite seemed to be all right, but my stomach was all wrong, and nothing I ate agreed with me. My food just seemed to lodge like a lump in my chest and fill me with pain. For several hours after every meal I could hardly get my breath. I had intense pain across my back and my kidneys bothered me so at night I could hardly get any rest. I tried most everything I knew of but kept getting worse. My back got to hurting me so bad if I stooped over I could hardly straighten my back up.

"In fact, I had gotten to the place where I was almost disabled for work. One day an engineer friend of mine persuaded me to try Tanlac and that's where the long and rugged road began to smooth out for me. My stomach trouble, and all signs of indigestion have disappeared entirely and what I eat does me good. All the pain has left my back and my kidneys never bother me any more. Tanlac has certainly fixed me up in great shape. I'm feeling better than I have in years and so I have the best reasons for saying a good word for Tanlac."

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro, under the personal direction of a special Tanlac representative.—(Advt.)

ST. JOHN GIRL THROUGH WAR-WRECKED AREA

Miss Irene McQuade Has 350 Mile Tour of the Battlefield

Miss M. Irene McQuade writes to her mother, Mrs. W. H. McQuade, under date of April 28, from No. 7 Stationary Hospital in France, a very interesting letter from which the following are extracts—

"While at the Hotel du Nord we went for a five days tour over some of the battle-fronts. Roughly speaking we covered about 350 miles. The principal places we visited are Etaples, Montrenil, Hesdin, St. Pol, Aubigny, Mont St. Eloi, Souchez, Lens, Lille, Carvin, Scelin, Vimy, Arras, Bapaume, Albert, Hondain, Villers, Hasebrouch, Steenvoerde, Poperinghe, Ypres, Hooge, St. Omer and no end of small places.

"We were sent here yesterday. The place is perched right on the top of a hill in the middle of a pretty country. Yesterday we arrived in a blinding snow storm and after all the home comforts of du Nord it was an awful shock to come back to camp life and have no baths and no fires. Then to crown it all we were both put in Bosch wards."

Miss McQuade hopes soon to get home. Her brother, Lieut. W. C. McQuade, of the 20th Battalion, returned with that unit on Saturday.

ALL WILL TAKE PART IN LIBERAL CONVENTION

Statements at Ottawa by Representatives of Provinces

P. E. Island Opposition Leader Predicts Liberal Success in Coming Provincial Elections—The New Brunswick Delegation

Ottawa, May 19.—That representatives of all provincial Liberal governments and oppositions will participate in the national Liberal convention the first week in August and that the arrangements so far made are satisfactory to the provincial ministers were developments at a conference held here on Saturday by representatives of provincial Liberalism, D. D. McKenzie, Liberal parliamentary leader, and the members of the national advisory committee of the Liberal party, of which J. A. Robb, M. P., is the chairman. So says an official outline of the proceedings given to the Canadian Press.

P. E. Island.

J. P. Bell, M. L. A., opposition leader in Prince Edward Island, and formerly a member of the dominion house, approved of the calling of a national convention and expressed the willingness of himself and those associated with him to help make it a success. He said that dominion politics were not being discussed much in Prince Edward Island at present because a provincial election was expected within a month. He predicted that the Liberals would be successful.

Nova Scotia.

J. H. Sinclair, M. P., on behalf of Nova Scotia, explained a plan adopted by the Liberals of that province last fall to obtain united action. A meeting had been called to which all Liberal candidates in the previous provincial election as well as federal candidates, whether or not they favored conscription, were invited. Since that meeting Mr. Sinclair declared big progress had been made by the party in the direction of united action.

D. D. McKenzie said that after the election differences between Liberals in his constituency had vanished, some Liberals had opposed him but the party was again well united.

New Brunswick.

The New Brunswick delegation provided one of the features of the convention. It was headed by Hon. G. G. King, senator representing Queens. He had with him his two sons. One of them, George H. King, represents Queens in the New Brunswick legislature, while the other, Hon. J. H. King, is minister of public works in the British Columbia legislature. Addresses were delivered by Senator King and his son and Plus Michaud, M. P., A. B. Copp, M. P., and O. Turgeon, M. P. They predicted an excellent delegation from constituencies at the convention. The delegation included Dr. Hetherington, speaker of the New Brunswick legislature. Hon. J. P. Veniot and Hon. E. A. Smith were here a few days ago.

Sir Lomer Gouin, Hon. Rodolphe Lemieux, Hon. Dr. Beaud, Hon. Jacques Bureau and Frank Cahill, M. P., James M. Robb, Dr. J. H. Fontaine, M. P., E. B. Devlin, M. P., and L. J. Papineau, M. P., represented Quebec and all declared their appreciation of having been invited and spoke most heartily of the prospects in Quebec. He said he and his colleagues would do everything in their power to make the convention a success, so that Liberal principles would once again prevail.

The main object of the convention held on Saturday was to lead up to the appointment of a convention committee to co-operate with a federal members' committee in the framing of the national convention agenda.

At the same time it was decided to ask the provincial Liberal parties to send delegates to the committee so that united action may be the result.

CAPT. R. F. ARMSTRONG HOME FROM THE WAR

CAPT. R. FRASER ARMSTRONG

Among the Canadian officers who came over from England in the last trip of the steamship Olympic was Captain R. Fraser Armstrong, M. C., of St. John. Captain Armstrong went overseas to England and France as a lieutenant in the 28th Battery, C. F. A. In France he was transferred to the engineers, in which branch of the service he received his promotion and was awarded the M. C. He was with the chief engineer Canadian Corps as field engineer in charge of water supply work in the water supply installations carried on during the forward pushes of the Canadian troops in 1918.

Previous to going overseas Captain Armstrong was engaged for four years in general municipal construction in western Canada and for a year and a half before donning the king's uniform had been engineer and superintendent of the water and sewerage department, St.

Cheap Tubes Are an Extravagance

The cost of a tube is not measured by its price or life alone. It is the assistance it gives the tire to render greater mileage that counts.

Suppose you purchase a cheap tube for a few dollars less than the price of a good one. Then you put this tube into a high-priced casing—and lose thousands of miles of service.

A tube which fails to hold air properly is the most expensive tube in the world. The air escapes slowly but surely, lowering the pressure and deflating the tire. The best casing made cannot stand such treatment. Under-inflation quickly ruins any tire.

Goodyear Tubes are built up of many thin sheets of fine flawless rubber—with the valve patch vulcanized in. It costs more

to make this tube. It costs you more. But it costs less in the end because it goes farther—it helps the tire go farther.

Particularly remember—the larger your casing, the more important is it that the tube should serve you well. For with a large and costly casing you have much more to lose should the tube fail you.

For greater service, Goodyear produced the Heavy Tourist Tube—extra thick and extra good—a tube which will more than earn its extra cost in long life and assistance to the tire.

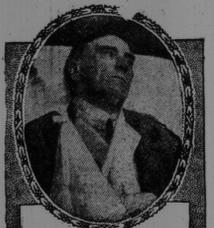

When you buy tubes, say "Goodyear"—distinctly. And if you buy the Heavy Tourist, see that you get the handy waterproof bag it comes in. Box, bag and tube are stamped "Heavy Tourist."

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."

—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia, Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

B. McFarlane, and given a check for \$25 in recognition of her presence of mind in sending the police to a house where burglars had entered. The wife of a local commercial traveler was alone in the house with her baby when three burglars made their way in. The woman attempted to telephone, but the men attacked her and she had only time

to shout "Help!" into the transmitter. Miss Moore, the operator, heard the cry, looked up the address and notified the police immediately. They made a quick run to the house, but the burglars had taken the alarm and got away.

SHOULD BE BANNER YEAR FOR BASEBALL Several Leagues Forming and Lots of Talent Available—North End League Opens This Evening Baseball will boom in St. John this summer according to present indications. Several leagues have been formed and games will start in a few days in all quarters of the city where grounds are available. The daylight saving measure will be a big asset in making twilight baseball a success, as the teams will be able to play nine inning games. West St. John will be the centre of attraction, as the senior league of the city will play their games on Queen Square diamond. This league is comprised of four teams, representing the four corners of the city—the Y. M. C. I., representing the North End; a team from Fairville and one from Carleton. These four organizations will comprise the best baseball talent in the city and some good games should result. The league will be opened next Monday night, when the Y. M. C. I. and Carleton teams will clash. The following night St. Peter's and Fairville will meet. In the North End there will be two leagues, one called the North End League and the other St. Peter's League. The former league will play on the Elm street diamond and the latter on their own grounds in the rear of Clarendon street. The North End league is due to open this evening and the Wolves and Beavers are scheduled to clash in the initial contest. They are to play for the Hilyard silver trophy. Johnny Armour will officiate as umpire-in-chief and his choice is a good one as he thoroughly understands the game and knows how to handle the players. St. Peter's League in all probability will open next Monday evening. Four teams are entered and arrangements are now under way to have the grounds to handle the players. Commissioner Thornton will pitch the first ball. In the South End the boys are getting together and are to have a good league. They have their grounds in pretty good condition and with a little more work they will be ready to open the season. A Junior league is to be formed in the East End and will play on the grounds

recently secured by the Playgrounds Association. Junior teams in other parts of the city are also organizing and will use the senior diamonds in the afternoons and on nights when no games are scheduled. SUDDEN DEATH OF NORTH SHORE FARMER Newcastle, N. B., May 19—David Bryerton of Bryerton, a prosperous farmer, died suddenly yesterday. MICHAEL CONNOLLY CASE Said to Have Admitted Intention to Make Money Through Dishonesty of Alleged Telegraph Company Employee Buffalo, N. Y., May 19—Captain Michael J. Connolly of Montreal, who alleges that he was swindled out of \$150,000 through the operations of a wire tapping scheme in Buffalo several months ago, was cross-examined on Saturday in the hearing of Arthur E. Recreant, a former Canadian M. P. Recreant is accused of complicity in the alleged swindle. Counsel for Recreant asked Connolly if he had not come to Buffalo to make money by taking advantage of dishonesty of the supposed employee of a telegraph company, and Connolly admitted that he had. Hector de Grasse, superintendent of a building which had been identified by Connolly as the place in which he placed bets on the races, testified that on Nov. 20 he discovered "blind" telegraph and telephone wires in an office which had been rented by a man who gave the name of A. E. Francis and said to represent an oil company. He said the wires did not lead out of the room. He said that steps were being taken to eject the tenants, but they disappeared without giving any notice. Agnes Ayers, stenographer for the agent of the building, in an affidavit identified Recreant as a man who accompanied Francis when he rented the offices. CHAPLAIN OFFICIATED In St. John the Baptist church, Broad street, yesterday, the services were conducted by two chaplains of the Canadian expeditionary force who have lately returned from overseas. The 8 o'clock mass was celebrated by Captain (Rev.) J. Paquin, S. J., chaplain to the 26th New Brunswick Battalion who returned with his unit on Saturday. The high mass, at 10 o'clock, was celebrated by Captain (Rev.) Father Gaudet, chaplain of the 186th Battalion, who lately returned from overseas and who, in the

ALMOST BLIND FROM HEADACHES It is hard to struggle along with a headache that aches and pains all the time. Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels. The reason Burdock Blood Bitters makes permanent cures of all cases of headache, is because it starts the organs of elimination acting freely, and the poisons and impurities carried off from the system, purified blood circulates in the brain cells, and instead of pains and aches there is revived mentality and bodily vigor. Mrs. Geo. Mosck, Arden, Ont., writes: "I have been troubled a great deal with sick headaches, and at times would almost go blind, and have to go to bed. I tried different kinds of medicine without any benefit until I was advised to use Burdock Blood Bitters. After taking it, I have not been troubled since." B. B. POLICE COURT

In the police court today in the case of George Tait, charged with stealing from Fred Colwell, Detective Biddiscombe gave evidence. He said that he went to Apohaqui with a warrant for arrest of the defendant. When he asked at the house for Mr. Tait, he was told he was not at home but the defendant went upstairs and found Tait in the attic and arrested him.

Defendant pleaded not guilty. His honor decided to send him up for trial and refused bail.

George Terriault was charged with assaulting women at the Union depot on Saturday. He was arrested by Detective Biddiscombe. He was remanded.

James Burgess was charged with being drunk and breaking glass in Chas. Dumphry's house in Simons street. He said he had been given whiskey in Main street, was doped and had \$80 taken from him. He was fined \$8, and paid for the window.

Ernest Gunn, charged with being drunk and drinking in public, was fined \$208 or eight months in jail. Three other drunks were fined \$8 each or two months in jail.

HISTORY REPEATING ITSELF

Home-Coming of 26th and D. A. C. and Arrival of Loyalists

R. E. Armstrong, secretary of the board of trade, in a note to The Times-Star this morning says:—
"In the enthusiasm to welcome that was extended to the returning New Brunswick heroes on Saturday the fact was almost lost sight of that on the same day 186 years ago a shipload of Loyalist heroes from New England was slowly feeling its way up the Bay of Fundy with St. John as its objective. Very different was the welcome accorded the two groups. There were no reception committees with glad hands and welcome gifts; no bands or banners, or bunting for the latter, but the same great idea filled the hearts and souls of both—the British flag, veneration for British institutions. In referring to the Loyalists, Ven. Archbishop Raymond, writing from Toronto to the secretary of the board of trade recently, remarked:—
"Next Sunday evening the United Empire Loyalist Association of Ontario held its anniversary service at St. James' Church Cathedral. The service is commemorative of the founding of the province of Ontario at the close of the American Revolution in 1788. The day selected is that on which the founders of St. John landed (May 18th), as being the first important migration from the Old Colonies to Canada, and also as being the 184th anniversary of the first city incorporated in the British Empire outside of Great Britain—O' fortunati quorum jam mania surgant! It was nearly fifty years later when the next incorporation took place. St. John as regards its charter is far ahead of Halifax and Toronto. But it did not in early days elect other officers than aldermen, assistants, constables and church wardens. All civic officers, including the mayor, were appointed by the 'governor-in-council' down to 1854, when James Olive was first elected by the citizens. There were only three mayors in the first forty-two years—Ludlow, William Campbell and John Robinson."

KIDDIE ASLEEP IN SAND PILE AT 1 A. M.

While passing down Main street on Sunday morning about one o'clock Fred Garnett was surprised to see a small boy lying asleep on a sand pile near Murray street. He aroused the little fellow and learned his name was Green and that he resided in a house in the rear of Main street, with his aunt, Mrs. A. Green. He accompanied the little boy to his home, but failing to get a response to his knock, took him to the North End police station.

THE EVERETT TEXTILE MILLS RESUME; NEW BEDFORD HAS STRIKE

Lawrence, Mas., May 10—The Everett Mills, which have been idle since the beginning of the textile operators strike on Feb. 8, resumed operations today. Strike pickets estimated the number of employees who went to work at not more than 100 but mill officials said that approximately one-third of the usual force was at work. The company ordinarily employs from 1200 to 1,600. Representatives of the United Textile Workers of America expected to submit to all the mill owners today a demand for a general wage increase of fifteen per cent. This was in conformity with the plan of the organization to demand a similar increase in all textile centres. The United Textile Workers have not taken part in the present strike.

New Bedford, Mass., May 19—Steam engineers of the textile mills here struck today for a wage increase causing a complete shut down of plants employing 30,000 operatives. No attempt was made to operate any of the mills dependent upon their own steam power. The mill firemen are supporting the engineers in their demand for \$42 weekly for operating engineers, with time and one half for work in excess of forty-eight hours weekly.

Canadians Hear Dean Rousmaniere in St. Paul's Cathedral, Boston

Boston, May 18—"Edith Cavell, Nurse and Martyr" was the topic of an address by Dean Rousmaniere in St. Paul's Cathedral tonight. The service was attended by a large number of members of the Canadian Club and British naval veterans and other similar bodies. Dean Rousmaniere paid a glowing tribute to the English nurse and to the profession she represented and spoke of closer welding of the ties between England and America and of the consummation of the great purpose for which Miss Cavell died a martyr.

Increasing the Capacity of Your Office Without Enlarging it

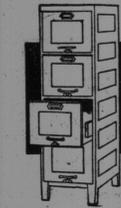

Surprising the increased capacity of an office once it systematizes itself. Seems to get through twice the work in less time and friction than does an office run on the old schedule.

This store is the mecca of progressive business houses—little or large—seeking office equipment that will serve to solve filing problems for example.

We feature the Macey system here, because of its ready adaptability to any business of any size—from the one man office to the nation-wide corporation with offices dotting the continent.

Our Office Furniture warehouse is at 87 Canterbury St. and a phone message to 383 will have a representative there in five minutes. It will pay you to call—not alone in quality of furniture, but also in the important question of price.

Everything a well-balanced business house should have will be found here.
