PREPARE TO RETIRE TO A NEW HINDENBURG LINE

Indications That Germans Are About to Give Up Roye-Lassigny-Noyon Salient—Further Progress by British and French

Paris, Aug. 17.—(Havas Agency)—The Echo de Paris says that the Germans are preparing to evacuate the Roye-Lassigny-Noyon salient. It is indicated, the paper adds, that German pioneers and laborers are at work behind the German front lines on a new Hindenburg line.

SOUTH OF ROYE

Paris, Aug. 17.—In the region south of Roye, French troops have made further progress in the Loges Wood and have reached the outskirts of the wood on east, says the official statement from the war office today. There was heavy fighting west of Roye during the night.

Northwest of Ribecourt, the French have repulsed two strong German attacks. The enemy efforts were directed against the Monolith and Carroy farms. German raid northwest of Ribecourt failed.

OTHER BRITISH GAIN

London, Aug. 17.—In Picardy British troops have made additional progress, a Field Marshal Haig in his official statement today. The British lines have been pushed eastward north of the Amiens-Roye road, and north of the Ancre.

British troops have gained further ground in the neighborhood of Vieux-Reguin, at the apex of the Lys salient.

THE SUCCESS OF THE CANADIANS GLORIOUS

All Previous Work Outdone in Present Fighting—Territory Re-Taken From Germans Includes 22 Towns

Ottawa, Aug. 17.—The following despatch was received yesterday by the director of public information from Sir Edward Kemp, minister of the overseas forces:

The capture of prisoners by the Canadian corps in recent operations is now reported to be 10,000 in addition to 150 men and machine guns which are now limited in the thousands. The territory retaken in the advance of the Canadian corps representing an area of 7,500 yards, finishing on a frontage of 10,000 yards and netting a depth of 20,000 yards, includes twenty-two towns, some of which are of considerable size. The portions of this success will be better understood when it is remembered that

HEAVY PENALTY FOR ASSISTANCE TO DESERTERS

Ottawa, Aug. 16.—Amendment has been made to the Military Service regulation by order-in-council. They now provide that any person who knowingly employs, harbors, or conceals, or in any way assists a deserter or a man absent without leave from the C. E. F. is liable to imprisonment not exceeding six months or a fine not less than \$100, and not more than \$500.

THE WESTERN CROPS

Regina, Aug. 17.—Crop prospects in Eastern Saskatchewan have improved twenty-five per cent in the last two weeks, while ripening has been retarded to some extent, according to announcement made yesterday by Hon. W. R. Motherwell, minister of agriculture.

FIFTY-TWO CASES OF LIQUOR SEIZED

Billed From Montreal to Small Ontario Towns But Meant For Toronto

Toronto, Aug. 17.—Fifty-two cases of liquor, one of the largest "bags" of recent months, were seized yesterday by the provincial license authorities at Pickering, a village fifteen miles east of Toronto. The liquor was consigned from Montreal, and was billed under fictitious names to Pickering in the belief, apparently, that the license officers would not be likely to put in an appearance at such a remote spot. Toronto was to be the ultimate destination, the cases being brought into the city by motor.

HUMBERT'S HOPES WELL REALIZED

French Army Commander Talks to Correspondents After Capture of Ribecourt

With the French Army in France, Aug. 16.—(By the Associated Press)—The commander of the French third army, General Humbert, on receiving press correspondents just after the German rush toward Compiègne had been stopped in June, said:

"We hope to better." General Humbert talked to the correspondents today after the capture of Ribecourt. He modestly refrained from referring to his previous operations, saying simply that he had got back on to the Lassigny-Masnil and would stay there until he saw further orders. He described generally the work of his men.

The operations of the third army, which resulted in the wiping out of the Montdidier salient, was subordinate to the attack on Field Marshal Haig's forces north and south of the Somme. It was a preliminary operation, designed to attack until the operations elsewhere had produced results, as there were serious terrain difficulties facing it.

TORPEDO MISSES, COMES BACK AND SINKS SHIP

New York, Aug. 17.—A ship's lifeboat, with thirty-one castaway seamen in it and towed by a patrol boat to the United States Coast Guard steps at the United States Barge Office, says the Times, brought the news to this city that the Norwegian freighter Sommerstad had been torpedoed about twenty-five miles southeast of Fire Island on Monday morning. The navy patrol boat had picked up the survivors late that night after they had rowed toward the land for eleven hours. After making his report to the Norwegian Consul General, the captain told of the destruction of his ship.

"We were bound from Norway to New York in ballast, under charter to the United States government. The Sommerstad was steaming along the Long Island coast about eleven knots at eight o'clock in the morning, when the lookout man forward reported that he saw the wake of a torpedo coming toward the ship from starboard. The torpedo missed the bow by a narrow margin, and sped on for several yards, and then made a half circle and returned toward our ship, which it struck on the port side amidships, exploding with terrific violence. Several of the watch on deck were knocked down by the force of the explosion, and the cook was blown clean out of the galley. The vessel later sank."

It is explained that the course of a torpedo is regulated by the gyroscope, which can be so set before discharging so that the weapon will describe a circle.

JEWS OF PALESTINE ALMOST TO A MAN OFFER FOR ARMY

London, Aug. 16.—The enthusiasm that has marked the opening of recruiting offices in Jerusalem and Jaffa for the enlistment of Jews in the Palestine forces from England has been striking and significant, according to despatches received by Reuters' Jerusalem.

Virtually all the able-bodied Jews of Palestine have applied at the recruiting offices for service.

Capt. McLeod in Command. Lieut.-Colonel W. J. Osborne of Fredericton has received a letter from his son, Gordon Osborne, formerly with the 9th Siege Battery, that he is now with the 5th Siege Battery and that Captain Norman P. McLeod is in command during the illness of the commanding officer. He says Capt. McLeod is one of the best officers over there and very popular with the men.

Tragedies of Civilian Life Behind the Lines

Where Homes Stand Abandoned or In Ruins With Their Former Occupants Scattered by War—Contrasts of The Days That Were and Conditions Now Existing

ARTICLE No. 12 (By Lacey Amy)

With the Canadian Forces in France, July 18.—The civilian tragedies of the war, are none the less pathetic. To the perils of his lot the soldier brings the nonchalance of experience, the patience of knowing that some day he may get back. But the civilians of France close to the fighting front, now largely women and children, have only the long, hopeless black trail ahead of them, the loss of their friends, the loss of their homes, the future a fog of helplessness and hopelessness.

I have travelled sixty miles along the front, close enough to No Man's Land to see shells bursting behind me and our guns hitting back all about me, and to be screened by camouflage from enemy eyes, to marvel at the perfection of defence prepared against any new offensive. I have run through towns and villages by the dozen which German shells or the threat of them have rendered desolate of life. I have peeped through my glasses at heights in the hands of the Hun and

vast stretches where to show oneself is to invite destruction. And I have returned with a great pity for the hundreds of thousands of helpless civilians to whom life holds up the back of the mirror. I would rather be a soldier with a rifle than a civilian without home or friends or hope.

Where the German was stopped is not the limit of his reach. The ordinary guns of warfare make something like a wilderness for miles behind the lines. The big guns of this war seek to stretch the wilderness far back into the rear where pleasant fields are ripening to the harvest and hard working women and precocious children perform uncomplainingly the tasks planned only for the men of the household.

AUSTRIA TAKES ADVANTAGE OF GERMANY'S TROUBLES ON WEST FRONT TO MOVE FOR PEACE

London, Aug. 17.—According to a despatch to the Daily Mail from The Hague, Germany has demanded that Austria send an ultimatum to the Polish question, on conditions that Germany would accept Austria's solution of the Polish question and make a strong peace move, including the evacuation and restoration of Belgium. The despatch asserts that Germany promised to concede to Austria's solution of the Polish question, including the naming of an Austrian archduke as king.

SWEDEN READY TO MEDIATE BUT SEES THIS IS NOT THE TIME

London, Aug. 16.—According to the Copenhagen despatch to the Exchange Telegraph, Professor Eden, Swedish premier, replying to a deputation from the Swedish organizations of Good Templars, who asked whether one of the neutral states could take the initiative regarding peace negotiations, said that as there was no reason to believe that the belligerents were willing to consider mediation Sweden could not commence negotiations.

SIX AUTO ACCIDENTS IN MONTREAL; ONE FATALITY

Montreal, Aug. 17.—Six cases of automobile accidents occurred yesterday in Montreal, with one fatality, when Chief Riley, on his way to a fire, ran over Lucienne Tetreault, aged twelve, who was crossing the road with her mother, at the corner of Notre Dame and Discourselles streets, St. Henri.

Cailloux Case to Senate

Paris, Aug. 17.—(Havas Agency)—The Temps says that it is able to confirm the report that the case of former Premier Cailloux, who is charged with treason, will be referred to the senate, sitting as a high court of justice. The newspaper adds that it is on the initiative of the government that the senate will investigate the charges.

Objectors Leave For Penitentiary Singing

Toronto, Aug. 17.—Hundreds of Ontonians waiting for the seven o'clock evening boat at Niagara-on-the-Lake were somewhat surprised to hear men singing such hymns as "Nearer My God To Thee" and others of similar strain at the dock. Upon closer observation could be seen six men, some in khaki, handcuffed in pairs, standing on the wharf under military guard, all singing sacred songs.

CHECK ON ENEMY ALIENS IN STATES

Washington, Aug. 17.—Freedom of departure of aliens from this country, by means of such dangerous enemy agents have been able to escape from the authorities since the United States entered the war, will not be permitted after September 15, on a proclamation signed by President Wilson and an executive order, putting into effect the alien control law passed by congress in last May.

LIFT BAN FROM BRITISH MACKEREL AND HERRING

Washington, Aug. 17.—The importation of cured and preserved mackerel and herring from Great Britain heretofore prohibited by the war trade board, will hereafter be permitted, under a ruling made yesterday by the board.

BRITISH DOWNED 339 HUN PLANES IN WEEK

OUR MEN PAY READY TRIBUTE TO THE TANKS

Admiration Mutual—"We Will Go Anywhere With Canadians," Says One Officer

With the Canadian Forces, Aug. 16.—(By J. F. B. Livesey, Canadian Press Correspondent)—All ranks of the Canadian force freely admit the great part played in the victory by the imperial tanks operating under the command of the Canadian force. The tanks are an imperial force exactly as is the Royal Flying Corps and in both are many Canadian enlisted men. In this battle the tanks went ahead of our infantry, clearing the way, busting out roads through entanglements, overwhelming the enemy trench system, breaking up machine gun nests and even coming to grips with concealed enemy batteries.

Here, too, are the humors of war that alone make it endurable. One tank was standing on Thursday at the limit of its objective.

"Why the devil don't you go on? You are badly needed ahead," cried an excited staff officer as he galloped up.

"No petrol and no paper, sir," was the reply.

"What on earth do you need paper for?" queried the officer.

"We have run right through our map and want a new one for the most part," was the explanation given.

The tanks are commanded by imperial officers. Each ran his own show and a gallant and resourceful lot they are. Many of them fought with us at Vimy and they are our tried comrades.

"We will go anywhere with the Canadians. Such a show as you put on has never been seen in this war," said one of them.

HELP FOR FARMERS IN GATHERING THE CROPS STILL PRESSING NEED

Ottawa, Aug. 17.—"Canadians cannot afford to relax in food production or food conservation because all that can be grown or saved will be needed," says a statement issued yesterday by the Canada Food Board.

"Nothing could be more dangerous than to assume that our position is yet safe. The food board wishes to emphasize especially the necessity for the utmost effort to save this year's harvest from waste or loss. The responsibility resting upon city and town men to see that the farmers have sufficient help to bring in the crops is still pressing, and must not be ignored."

EXPECT 25,000 ULTIMATELY FROM QUEBEC UNDER M. S. A.

Ottawa, Ont., Aug. 17.—Although up to the present time the operation of the Military Service Act has produced only 8,857 draftees from the province of Quebec as compared with 50,856 from the rest of Canada, the officials here declare that final results a month or so hence will not be nearly so disappointing. Some 19,000 appeals from exemptions granted by the local tribunals in Quebec will soon have been disposed of by the central appeal judges and these appeals should net more than 10,000 more draftees from the province. In addition to this there are said to be more than 12,000 defaulters in the Quebec military district. Eventually, it is said, most of them will either come in of their own accord next autumn and else be brought in under arrest by the military police.

The military service act, it is said by the officials here, should finally yield some 25,000 Quebec draftees in class one.

Prince to Montreal on Wednesday. Montreal, Aug. 17.—Prince Arthur of Connaught will pay a brief visit to Montreal informally on Wednesday evening, and will stay over Thursday.

French Wheat Crop Bigger. Paris, Aug. 17.—(Havas Agency)—The total production of wheat in France this year is estimated at 188,500,000 bushels, an increase of twenty-five per cent over last year's crop.

Threatening Forest Fires. St. Thomas, Ont., Aug. 17.—Forest fires that are raging between Middle March and Fingal, just west of this city, are endangering thousands of dollars worth of crops and property.

Our Losses Were But a Third

MOST FORMIDABLE OF WAR

Continual Bombing of Enemy Works Also Very Effective—A Destroyer Hit—Day and Night Bombing of Somme Bridges

London, Aug. 17.—Measured by the number of machines engaged, the intensity of the fighting and the magnitude of the losses inflicted on the enemy, the fighting in the air during the last week was the most formidable of the war.

Some of the most severe conflicts occurred on August 8, in the sector between Albert and the Amiens-Roye road where the German air forces were increased considerably soon after the opening of the Allied offensive. The air fighting resulted in the destruction of forty-eight enemy machines, while seventeen others were driven down out of control. Fifty British machines did not return.

During the six succeeding days, 185 enemy airplanes were destroyed and eighty-nine driven down out of control, making a total of 380 German machines for the week, compared with 123 British airplanes missing.

In the same period British bombing squadrons continually attacked enemy aerodromes, railways and other military objectives, dropping more than 820 tons of bombs and causing great damage. Low flying scout machines raked the enemy's congested roads of retreat with machine gun fire, inflicting many casualties.

A notable feature of the aerial operations was the virtually continuous night and day bombing of the enemy bridges over the Somme. This greatly hampered the supply and reinforcements of the German troops. The week's work also included a number of destructive raids into Germany.

London, Aug. 17.—During the period of Aug. 8 to 15 royal air force contingents working with the navy have carried out a large number of bombing raids on military objectives with good results. In all approximately sixty tons of bombs have been dropped on the Zebruggen and Ostend docks, the Ypres aerodrome, the La Broigne works, the docks at Bruges and on Blankenberg and Middelkerke, as well as on many enemy convoys and billets. As a result of the attack on the Vessene aerodrome six machines that were lined up were set on fire and a fire started among the hangars on both sides of the aerodrome. Two Gotham hangars were hit and one demolished. Large petrol dumps also were set on fire. Fires were observed burning three hours later.

NEW REGISTRATION NEEDED TO FURNISH MAN POWER

Washington, Aug. 17.—Telegraphic orders to local authorities to arrange for the registration, on August 24, of youths attaining the age of twenty-one since June 5 have already been distributed. President Wilson's proclamation exempts the territories of Alaska, Hawaii and Porto Rico from the registration, temporarily, but a later day will be for these. Only men in the armed service are exempt from registration.

It was pointed out at the provost general's office that this registration would be entirely distinct from the registration that will be necessary shortly when the draft ages are extended. It was also announced that the suggested date, September 5, would not be the day for the registration of men from eighteen to forty-five, even if Congress passed the bill in time, because several of the largest states hold primary elections on that date. The present registration was made necessary by the approaching deficiency of man power.

King George's Keys (London Daily Mail) If you stand outside the Tower of London any night at ten o'clock you will hear the echoes in the great towers suddenly awaken by the blast of bugles giving the guard's salute—a quaint and interesting ceremony which has been carried on continuously for the past 500 years.

In the Tower itself one can almost induce oneself to believe that one has been transported back into medieval times. Besides waking the slumbering echoes, the bugles have set grey shadows flitting over the flag-stones and lichen walls. Traitors' Gate, enveloped in gloom—relieved here and there by little mosaics of silver as one catches glimpses of the river beyond—has its row of traitors' heads; although they eventually turn out to be pigeons roosting on the spikes, still the romance of the spot remains.

Then from far down the cobble way comes the steady tramp, tramp of heavy feet, and the beams of a centuries-old lantern dance ahead of the bearer, nearer and nearer sound the footsteps, until there comes into view a sight which causes one to rub one's eyes and exclaim, "Can this be real?"

There, framed in the low arch of Bloody Tower (where, maybe, the ghosts of the two little Princes look sorrowfully down on the same scene) stands a quaint old-English figure. The lantern sheds its soft ray on a long gown of vivid scarlet, a solemn-looking jowl that only a Harrison Ainsworth could describe, crowned with a bonnet of black velvet, all sprinkled with tiny flowers. And to the right and left of the figure stand—why, surely they are not halberdiers? But, yes, they are halberdiers in khaki!

Then, almost before one's eyes have become accustomed to the picture, a challenging voice rings out, "Halt! Who goes there?" And the answer comes from the low of the solemn jowl: "The Keys!"

"Whose keys?" "King George's Keys!" "And the sentry cries: "Pass King George's Keys—ill's present!" And as the Keys pass he presents arms.

HAS GIVEN HIS LIFE

PTE. DOMAS WHITE.

The Big Leagues

Chicago, Aug. 17.—"Zack" Wheat, with an average of .341, is showing the way for top batting honors in the National League, with "Jake" Daubert trailing him twenty points. Groh, of Cincinnati has fallen into a tie for third place. The honors in scoring are held by Burns, of New York, with seventy runs. Carr of Pittsburgh has a big lead in base stealing with fifty-three. Mollwitz, of Pittsburgh, drove Roush, Cincinnati, out of the lead for sacrifice hitting, with a total of twenty-six. Cravath, Philadelphia, with seven circuit drives to his credit, leads the home run hitters.

Cincinnati, with an average of .272, is leading in club batting, and New York in team fielding with .972.

Other leading hitters are: Smith, Boston, .260; Groh, Cincinnati, .260; Merkle, Chicago, .246; Hollocher, Chicago, .244; Roush, Cincinnati, .244.

In the American League Ty Cobb, besides leading in batting and scoring, threatens to annex the base stealing honors. He has thirty-three thefts to his credit, while Siler, of St. Louis, and Roth, of Cleveland, are tied with thirty-five each. Roth is out of the race as he has been suspended for the balance of the season.

Coaling Ship

(London Daily Mail) Coaling ship in a grand fleet battleship is a real red-hot evolution. Everybody is on the run from the moment the collier is made fast alongside until the last bag of coal is stowed in the bunkers and the ship is once more ready for sea. There is a ceaseless rattle of winches, the roar of steam, and the shrilling whistles. The steel decks quiver as the hoists of coal come thudding down, a ton at a time; and the men work around the dumps in a swirling fog of coal dust.

No time is wasted in telling off the hands. Everybody knows his job and jumps to it on the pipe "Hands coal ship!"

The coal is dug and filled into bags in the collier's holds by the seamen, each of the four parts of the ship—fore, main-top, and quarterdeck—which work against each other in the effort to get out the most coal. Nothing is done by hand, and the work is considered a good coaling and merits the distinction of a signal from the admiral: "Coaling well executed."

The running of barrows from the dumps where the coal is landed on the battleship's deck to the bunker chutes is done by marines, who also supply the tippers at the chutes. They are usually big R. M. A. gunners, for when the ship is doing a good coaling each one of them has to lift some fifteen to twenty tons of coal an hour, four after four.

Other men are busy working winches, unhooking the straps with which the bags are hoisted aboard, collecting, checking, and weighing bags; while the boys keep the decks clear of loose coal which impedes the barrows. Every man of the ship's company is employed in some capacity, save only the sick-berth ratings, who, like the surgeons, are never allowed to coal ship.

Down in the bunkers the stokers are trimming coal so though their lives depend on it, keeping pace with the ceaseless stream which pours down the chutes and working in an atmosphere so thick that the lamps can scarcely burn and a man cannot distinguish the blade of his own sword.

A bugle blares out and the rattle of winches stops suddenly. After the continuous racket of the last few hours the silence is uncanny. A few flags creep to the yard-arm, flutter for a moment, and are hauled down. The boss's pipe shrills out: "Stand by to let go collier!" and a crowd of black figures, naked to the waist, swarms out of the holds and casts off the hawsers. The evolution of coaling is finished.

GERMANS SAID TO HAVE SEIZED KRONSTADT PORT

Paris, Aug. 17.—(Havas Agency)—A Stockholm despatch to the Matin says reports are in circulation in Finland that the Germans have seized the Russian naval port of Kronstadt.

Copenhagen, Aug. 17.—Forty of the most prominent representatives of the Russian Socialist party have been arrested by the Bolsheviks, says a telegram to the Social Democrat from Socialists in Russia. It is said it is feared the men will be sentenced to death because they had planned to summon a conference of all Russian workers.

The Bulgarian and Turkish ministers to Russia have arrived in Berlin from Moscow, according to an official despatch from France. Quoting from Neueste Nachrichten, the despatch says the Germans are greatly disappointed at not being able to depend upon the Bolshevik rule. The paper says the Soviet government was incapable of protecting the German embassy, and adds that the situation in Russia is analogous to one which the Entente ambassadors find themselves at Archangel.

GOOD NEW BILL AT OPERA HOUSE ENJOYED Programme Varied and Contains Excellent Catchy Feature

The new vaudeville programme presented in the Opera House last evening proved highly entertaining to large and appreciative audiences. There is an abundance of musical numbers with old-time minstrel show, good comedy, and several catchy songs, with something of clever dancing and acrobatic feats.

The three American Beauties won instant favor. Their songs were catchy and well chosen, and they were greeted with hearty and prolonged applause.

The Elite Duo were given a grand ovation when they proceeded to regale the audience with an old-time minstrel show. They played popular and standard selections on the banjo, trombone and tubophon, and were forced to respond to several encores.

Dale and Boyle are dancers, par excellence, and in addition to this they render several songs hits, as well as selections from the Choccolat Soldier. The big surprise of the act comes towards the close, and is in itself a feature.

LIFT OFF CORNS FREEZONE IS MAGIC

Costs few cents! Sore, touchy corns lift right off with fingers. No pain!

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't hurt one bit. Yes, Magic!

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and causes, without soreness or irritation, Freezone is the much talked of other discovery of a Cincinnati genius.

SENATOR GALLINGER DEAD Franklin, N. H., Aug. 17.—United States Senator Jacob H. Gallinger of New Hampshire died here early today. He was born near Cornwall, Ont., eighty-one years ago.

UP IN AIRPLANE. W. R. McCurdy of Halifax was one of the Canadian newspaper men to make a flight over London in a huge bombing airplane the other day.

How to Look and Feel Bright in Hot Weather

When depressed by the heat and you want to freshen up for the afternoon evening, just bathe the face in a lotion made by dissolving an ounce of pure powdered kaolin in a half pint of which has been added a few drops of rose water. You will find this more refreshing than any soap.

Good new bill at Opera House enjoyed

Programme varied and contains excellent catchy feature

The new vaudeville programme presented in the Opera House last evening proved highly entertaining to large and appreciative audiences.

The three American Beauties won instant favor. Their songs were catchy and well chosen, and they were greeted with hearty and prolonged applause.

The Elite Duo were given a grand ovation when they proceeded to regale the audience with an old-time minstrel show.

Dale and Boyle are dancers, par excellence, and in addition to this they render several songs hits, as well as selections from the Choccolat Soldier.

Self-Government Plan For India

Constitutional Reforms of Sweeping Character Proposed — Gradual Development from Existing Institutions

(Toronto Star) As a result of the visit of Mr. Montagu, secretary of state for that country, a report on Indian constitutional reforms has been made. It recommends: (1) Completion of the edifice of local self-government in India.

(2) A consular measure of responsibility in various fields to the provincial legislature, which are to be mainly composed of elected representatives, with as broad a franchise as is possible under Indian conditions.

(3) The viceregal legislature to be bifurcated, the upper chamber being called the Council of State.

(4) The provision of machinery for periodic inquiry for considering whether the Council of State can be transferred to popular control.

(5) The setting up of a select committee of the House of Commons on Indian affairs.

(6) An inquiry into the constitution and working of the secretary of state's council and the Indian Office.

(7) The creation of an Indian Privy Council and a Council of Princes.

The first thing to be observed is that the plan begins with provincial self-government. No reference is made in the summary to the experience of Canada, Australia, and South Africa, yet it is interesting to bear in mind that in all these cases self-government began with comparatively small areas. For instance, Nova Scotia had its first provincial government in 1792, and Upper Canada in 1848.

THE FIRST LINE OF DEFENSE

Pure blood is the body's first line of defense against disease. Strong, healthy blood neutralizes the poisons of invading germs, or destroys the germs themselves. That is why many people exposed to disease do not contract it. Those whose blood is weak and watery and therefore lacking in defensive power are most liable to infection. Everybody may observe that healthy, red-blooded people are less liable to colds and the grippe, than pale, bloodless people. It is the bloodless people who tire easily, who are short of breath at slight exertion, who have poor appetites, and who wake up in the morning as tired as when they went to bed.

While women and girls chiefly suffer from bloodlessness the trouble also affects both boys and men. It simply affects girls and women to a greater extent because there is a greater demand upon their blood supply.

To renew and build up the blood there is no remedy can equal Dr. Williams' Pink Pills. They tone up the red, feed and strengthen starving nerves, increase the appetite, put color in the cheeks, give refreshing sleep and drive away that unattractive, sallow complexion of sunlight and wholesome food will do the rest.

You can get Dr. Williams' Pink Pills through any dealer in the morning as tired as when they went to bed. MUST LAY IN STOCKS OF SOFT COAL INSTEAD OF USUAL ANTHRACITE

The danger of a serious shortage of anthracite for the maritime province is imminent, according to a warning issued by the fuel controller, who urges dealers to redouble their efforts to secure all available stocks of hard coal at once. He also warns consumers to lay in stock immediately at least fifty per cent of the requirements in soft coal so as to be protected against the inevitable shortage of anthracite.

J. H. Frink, provincial representative of the fuel controller, says that great efforts are being made to secure hard coal by rail and he has been advised that a large quantity will be received in West St. John by rail within a few days.

Large dealers in coal in St. John have registered protests against the maximum allowed by a recent order for the charges for handling coal here and their protests have been forwarded to Ottawa by Mr. Frink.

BRITISH DOWNED 339 HUN PLANES IN WEEK

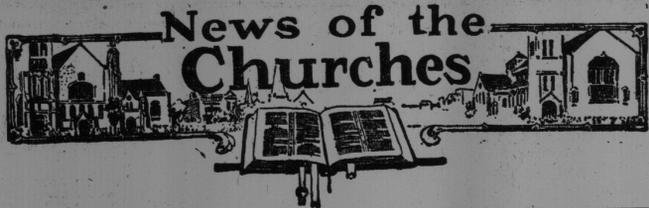

(Continued from page 1) On the 11th, as previously reported, a German airship was sighted in the North Sea and attacked by one of our machines. After a short engagement, the enemy airship fell in flames from a great height. Enemy shipping has been attacked successfully and a direct hit was observed on a hostile destroyer after which other vessels closed around the damaged ship. On the return journey when about eight miles from the scene a big explosion was seen to occur. During the engagement the maximum taken placed sixteen enemy machines as one captive balloon were destroyed at fifteen machines driven down out of control. Three of our machines failed to return.

In home waters during the same period continuous anti-submarine and anti hostile aircraft patrols have been maintained by seaplanes, airplanes and all ships. Submarines have been sighted and attacked and mines located and destroyed. All our machines have returned.

On West Front. London, Aug. 16.—The official communication dealing with aerial activities reads: On Aug. 15 the number of combat was not great. Four hostile machines were destroyed by our airmen and two German observation balloons were shot down in flames. Five hostile machines were driven down out of control. One of our airplanes is missing.

Much reconnaissance work and a good deal of observation for artillery of our airplanes is missing. The squadron was pursued by eleven enemy planes, six of which were speedily left behind. One of the remaining five was hit by American machine gun fire and forced to descend. Three aerial victories, two of which already have been confirmed officially, were achieved on Thursday by American aviators.

On the 11th, as previously reported, a German airship was sighted

THE WAR SITUATION.

The war situation at the week-end is intensely interesting, with a promise of still more interesting developments.

Following yesterday's announcement that a British force had arrived at Baku, on the Caspian Sea, comes news today from northern Russia that a new government has been formed whose object is to restore Russia to sanity and expel the German invaders.

SHIPBUILDING.

Of the remarkable work done in shipbuilding in the United States, Bradstreet's gives the following striking summary:

More ships were launched by the Emergency Fleet Corporation during July than were ever sent into the water in an entire year before.

IRELAND AND THE WAR. Assuming to speak for Ireland, the lord mayor of Dublin, with a group of nationalist members of parliament and two men acting in the place of the notorious De Valera and Griffith who were deported to England last May, has sent a voluminous address to President Wilson, denouncing conscription for Ireland and charging the British authorities with efforts to inflame prejudice against Ireland.

TRUMPET OF THE DEAD. "Trump Le Mort, J. E. Widener's crack imported three year old, is one of the season's great race horses.

Another paragraph has this fling at Ulster: "To obstruct the recent Home Rule bill the British executive allowed its favorites to defy its parliament without

punishment, to import arms from suspect regions with impunity, to threaten to break every law to effectuate their designs, to infect the army with mutiny, and set up a rival executive backed by military array to enforce the rule of a caste against the vast majority of the people.

Evolution. "Do you believe the old assertion that a politician is a statesman out of a job?" "Not altogether," replied Senator Sarum.

Lucky Man! C. R. H. writes back from a training camp where he arrived last week that he has been equipped with shoes weighing not less than twenty-five pounds apiece.

Co-operative marketing of wool has proved a success in Saskatchewan. The co-operative branch of the provincial department of agriculture this year handled seventeen carloads of wool, valued at more than \$240,000.

The fuel controller at Ottawa urges the people of the maritime provinces to lay in a supply of soft coal. Dr. Frink urges that fifty per cent of requirements be purchased in the form of soft coal.

Since 1915 the British wrecking companies have salvaged no less than 401 vessels that were sunk by submarines in British waters.

We are again warned that Canada cannot afford to relax in food production or conservation. Especially is there a warning against the waste of any of this year's products.

Jews in Palestine are rallying to the Allied cause. They will be a welcome addition to the fighting forces against the Turk.

Western crop reports, both from Alberta and Saskatchewan, are better than they were a few weeks ago. Manitoba will harvest 145,000,000 bushels of grain.

Let us hope the large potato crop will be large enough to save us from prohibitive prices next winter.

There was a strong hint of autumn in the air this morning.

LIGHTER VEIN

Sharing the Joy of Life. "The only real happiness in this life springs from doing things for others, and nothing gives us greater pleasure than bringing our loved ones a box of candy, of which we are very fond."

Save Ten for Coal. The food administration has frowned on the envelop plan of serving sugar in restaurants, but perhaps the idea ought not to be abandoned altogether.

But Don't Fit Like It. "Do you think there is a chance that people will be required to wear clothes made of paper?" "Shouldn't be surprised. They have already made a start. Some of this summer's designs look like wall-paper."

Evolution. "Do you believe the old assertion that a politician is a statesman out of a job?" "Not altogether," replied Senator Sarum.

OPENS UP PEACE RIVER DISTRICT

The Peace River district has been for many years the subject of much interest and speculation. Alluring tales from adventurous pioneers of its wonderful resources, charming climate and varying scenery, have long since lent to the district that charm of romance which distance and uncertainty blended with glowing promises.

The department of the interior, through its natural resources intelligence branch, has prepared and is distributing a new illustrated report on the district based on investigations made by an official of that branch during the season of 1917.

Co-operative marketing of wool has proved a success in Saskatchewan. The co-operative branch of the provincial department of agriculture this year handled seventeen carloads of wool, valued at more than \$240,000.

**FULL CUPBOARD.**

(Illustration by courtesy of National War Garden Commission, Washington)  
Well, rather. She has a perfect right to be. This is part of her contribution to the Allies' cause—rows of jam and jelly and canned fruit and vegetables. No wonder she wants to show Mrs. Next Door Neighbor the result of her July and August activities in the kitchen. Her jelly is the finest ever. Early in the fruit season she sent to the Canada Food Board for a booklet on the canning, drying and storing of fruit and vegetables. It only cost her five cents, but it saved her many a dollar and a good deal of time and trouble in the bargain. She got the right methods and she followed them in the right way. The result is that her shelves are—well, just all right!

**Canning Like Magic**

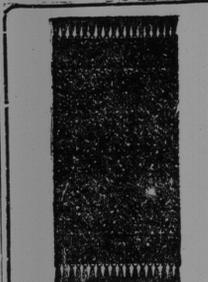

An almost magical way of canning raspberries, demonstrated by Miss Gladys Baxter; how to make two pounds of butter appear where there was only one before, demonstrated by H. C. Chase, and a very timely talk on the summer reorganization of diet through the use of fruit and vegetables were some of the special features of the Housewives' League Friday demonstration in the Calvin Hall this week. Besides these demonstrations and addresses there was much practical planning for future undertakings done at the meeting. A question box was instituted for the use of members or friends attending the meetings who had some special difficulty or some useful question which they wanted to bring to the attention of the lecturer or demonstrator. Further suggestions and arrangements were made for the holding of an exhibition of canning and home-made war breads in conjunction with the exhibition to be held by the War Gardens Association. Some of the members were also asked to find out the availability of wheat substitutes and their price in the city stores. The meeting was presided over by Mrs. Richard Hooper, and it was another one in the league's long list of practical, helpful and interesting demonstrations.

The people of the North American continent easily outstrip all other peoples in the world in their annual consumption of candy. It is estimated that in the United States alone half a billion dollars' worth of candy is eaten every year. Canada has the candy-eating habit in an equally pronounced degree. A noted physician has declared that sweetness is to the taste that beauty is to the eye and music to the ear. He says that more than one-half of all the foods in the world have a sweet taste, while only one-third possesses a salty taste and one-tenth a bitter or sour taste. Despite a big cut already effected in

**HUN POLICEMEN ACT LIKE LITTLE KAISERS**

Regard The Public as Their Servants

They Have Great Power—Apt to Deal Autocratically With Any Plan of Citizen Life—Their Own Magistrate at Times

The policeman in Germany is usually recruited from the army, says the Christian Science Monitor. If he is not, it is all the same; he takes care to acquire the military air and manner which will at once identify him with that august institution. The German police. So that if one really wants to understand the German policeman, why he carries a sword at his side, and wears a helmet like a "Pickelhaube," and marches, acts and salutes like a soldier, that fact ought to be borne in mind. He is under command of the captain and lieutenant, acting lieutenants and sergeant-majors, and wears his war medals and other distinctions as proudly as any soldier. His official designation is a "Schutzmán," that is to say, guardian or protector. Now in most countries the policeman is required to be the protector or guardian of the public safety, and as such the servant of the public. But while the German policeman is supposed to throw the weight of his protection over the public, he never forgets for one moment that he is more military than civilian, and that the public is his servant not he theirs. For the rest it is simply a question of what the regulations tell him he has to protect. In the first place, considering the number of weapons he possesses, and the stern authority with which he uses them, it appears obvious that he is posted in the public streets to protect himself, or rather, to put it in the true German way, to protect his uniform.

It might be said that it is this uniform that to a great extent makes the German policeman. It is in reality the symbol of the military system which he carries out, and if he has any faults they are the faults of the system. Without his uniform he is a simple and genial citizen like the rest; with it, he seems to be transformed into something apart, to belong to another race whose stern duty is to discipline humanity from morning till night. To him the people appear to resemble so many human units spending their time in some gigantic barracks which he oversees. To keep them in order he has countless by-laws and regulations. He can sternly reprove them for this, fine them for that, and arrest them for the other. He can peer into their courtyards to see that everything is in order, and he can pay his surprise visitations in the dwellings. He is often his own magistrate, and woe be to the negligent householder who should spill the water from the flower box of the balcony on to the pavement below. The policeman will whip up the state from the street and frantically demand the money tribute which the law requires for such a heinous offense.

He must know whether all the people in the dwelling are registered, according to schedule; he must have the census of the foreigners, and he must be satisfied that all changes of address are duly recorded. Offend him not in these matters, if you would have peace. The German policeman's voice is none of the gentlest, his manner none of the kindest, when occasion calls for his reproof. No military martinet could be more uncompromisingly severe.

Apparently the German policeman has no known weaknesses or self-indulgence. He does not ask for himself protection or favoritism, or high wages, or the perquisites that come from political patronage. He takes himself seriously and his duties just as seriously as a soldier should. As those duties seem to comprehend everything in the way of regulating citizens' mundane lives, he cannot, except by a stretch of the imagination, be said to ever exceed them. What is really everybody's business is

really his business, and the only mistake that one can make is to imagine that what is the citizen's business. There's the difference.

LOCAL NEWS

T. L. Irvine, local general yarmaster of the C. G. R., left last evening, accompanied by his wife, for Calgary, where he will visit his brother, O. S. Irvine, a conductor on the C. N. R. Captain Macdonald of the D. G. S. Ammore, was instructed yesterday by the marine department to abandon the Yarmouth-Boston route and report to Halifax to resume work in the light-house and buoy service.

Some of the nurses of the General Public Hospital gathered at the home of Mrs. H. Barton, last night, to tender to Miss Georgie Small a shower in anticipation of a coming event. Many very beautiful presents were amongst them. The evening was spent very pleasantly in games.

Avoid Harsh Pills!

Doctors Condemn Them Most pills unfortunately are harsh and drastic; they cause inflammation and great discomfort. Rather like nature is the way a pill should act, mildly but effectively. Science has established nothing more satisfactory as a family pill than the old reliable pills of Dr. Hamilton's which for forty years have had a premier place in America. Dr. Hamilton's Pills are very mild and can be effectively used by the aged, by children, and indeed by men and women of all ages. No stomach or bowel medicine is more reliable. No remedy for indigestion, headache or biliousness is so effective, so mild, so certain to quickly cure as a 25c. box of Dr. Hamilton's Pills.

Take Hall's Wine NOW!

It is not courage, but grave folly, to keep on working till you drop; it is too late to do anything but put all work aside perhaps for weeks and months of rest. 'HALL'S WINE has prevented many a serious breakdown' These words, from a doctor, are of vital meaning nowadays to tens of thousands overworked and overwrought. "Don't be too late."

Hall's Wine

THE SUPREME RESTORATIVE GUARANTEED—Buy a bottle today. If after taking Hall's Wine you feel any real benefit, we will return to you the money in full. Smaller size \$1.00. TRAGEDIES OF CIVILIAN LIFE BEHIND THE LINES

(Continued from page 1.) went to ride in at evening to a quiet hour in the yard behind the home were now ugly wrecks with rafters black and shattered, the interiors in the confusion of hasty departure. Tragic Homes. Bits of lace curtains still shrouded what few windows were unbroken, and the doors stood open as in the happy days. But within was no life—only a shuddering of clothing and dishes and furniture and ornaments, once the essence of home, to no less feeling at the end of the day than at the beginning. The baby's cradle was not portable; even its picture was to be left when best cups hanging on the parlor walls, and the church certificates and school prizes—they had all to be left when the hell were dropping about. Farm implements lay in the fields as the horses had been un hitched at the crashing of shrapnel, wagons and harnesses were cooking when the chaos broke loose. The sheets were on the bed, the chairs ranged as the housewife liked them. But father and mother and the children were somewhere far, far away where the kindness of a world could not recompense. A few of the outcasts I met. They had remained until the guns denuded the neighborhood of the C. G. R., left last evening, accompanied by his wife, for Calgary, where he will visit his brother, O. S. Irvine, a conductor on the C. N. R. Captain Macdonald of the D. G. S. Ammore, was instructed yesterday by the marine department to abandon the Yarmouth-Boston route and report to Halifax to resume work in the light-house and buoy service.

Grandmother Gave It To Mother, Mother To Me, I To My Baby

Read what Mrs. Wm. Gray, Jacques River, N.B., has to say about Dr. Fowler's Extract of Wild Strawberry. She writes: "There is no medicine I know of that can come up with Dr. Fowler's Extract of Wild Strawberry. It has been in our house for forty years. My grandmother gave it to my mother, she to me, and I to my baby. For summer colic, diarrhoea, cholera, cholera morbus, sickness and all bowel complaints. In the South End Baseball League last night for the Potts' trophy, the Buffaloes defeated the Pirates, 18 to 6.

**THE TURF.**  
New Record Hung Up.  
Pop Geers, driving St. Frisco, hung up a new record for trotting stallions at the grand circuit meet in Philadelphia yesterday, when he won the free-for-all in 2:01 3/4, 2:04 3/4 and 2:08. Direct work won the two-year-old event in straight heats; best time 2:06 1/2. Allan Watts captured the 2:20 trot, two out of three heats; best time 2:06 1/2.

**Victoria to Race in Montreal.**  
Dr. D. H. McAllister of Sussex has matched Victoria against Pin Knot, owned by LeFebvre of Montreal for a side bet of \$1,000. The match is to take place today.

**West Side League.**  
In the West Side Baseball League last evening the Giants defeated the Courtneys by a score of 12 to 1. The game went seven innings and was witnessed by a record crowd of fans. The Giants got away to a good start and by hard hitting forced their opponents to use three pitchers. The Courtneys failed to tally until the last of the seventh when an error allowed them to score their lone run with two men out.  
Hansen and Dever formed the battery for the Giants and Stockford, Seely, Beaty and Dalton worked for the Courtneys. Hansen pitched a notable game, though not having to go his best all through. His opponents secured only one hit off his delivery while he had ten strikeouts to his credit. He was given much credit for his effective work.

New York, Aug. 17.—More than two score pugilists and referees of varying degrees of prominence participated in a boxing carnival at Ebbets Field, Brooklyn, last night, for the benefit of the Knights of Columbus war fund.  
Jack Dempsey, who came from Chicago to box, 141, on with Battling Levinsky of New York. Levinsky went four rounds to a draw with Billy Miske of St. Paul. Dempsey spared four rounds with Clay Turner, a sparring partner.  
Johnny Dundee of New York out-fought Eddie Wallace of Brooklyn in a four round bout. Irish Patsy of New York out-fought Phil Bloom of Brooklyn, and Walter Mohr beat Eddie Tremblay of Pennsylvania, both four round contests. Jim Coffey of the U. S. navy, defeated Jack Bends of California in four rounds.

**Baker's Over-Anxiety Hurts His Batting**

According to Miller Huggins, Frank Baker should be a 400 hitter. Baker has one batting fault which Huggins would like to correct, and the latter stakes his reputation as a Judge of baseball ability on his prediction that Baker will be a 400 hitter if he will make the change. Baker's fault is his over-anxiety to hit, with the consequent tendency to take a swing at the first pitched ball. Opposing pitchers realize this and con-

**McGraw Pessimistic About Ball Prospects**

Toronto, Aug. 18.—Manager McGraw of the New York Giants, who defeated the Toronto club in an exhibition game, here on Wednesday is not at all sanguine regarding the prospects for baseball next year. The new draft regulations raising the limit to forty-five, he believes, will put a stopper upon the diamond pursuit. He gives Fred Mitchell credit for having a smart ball club at Chicago, but here on Wednesday is not at all sanguine regarding the prospects for baseball next year. **GET THE TY. COBB IDEA**

Ty Cobb this summer got into one of the worst batting slumps of his great career, and sporting editors have been declaring that Father Time had started to count him out. Most folks thought the same. Ty did not, and he has been hitting the old pill from here to yonder. He refuses to be counted out.  
Canada is going to show the Ty Cobb idea, and he is up there at the finish. Every man can get in this by saving food, producing food, saving money, and working unselfishly for one cause.  
There's a war winning job almost, if not right up to your door. Get to it now. There's a farmer waiting for your help.

**Ball Players' Ages Often Very Hard to Judge**

Bay players ages are very often hard to judge. A man has been before the public for eight or ten years and fans are prone to regard him as a real old timer, yet they err frequently in their estimate of an athlete's age. When the recent decision of the National League was issued by Secretary of War Baker many fans were of the opinion that Larry Doyle was over the age and would be spared to the Giants, yet Larry bobbed up with a registration card which showed that he is class 44, of the draft. On request of that John McGraw wired to Otis Crandall, who has been pitching in the Pacific Coast League, to find out how he stood, and Otis, who is a real veteran, replied that he is in class 44. And it wasn't so long ago that Bob Harmen, resenting the application of the word "old" to him, produced a registration card showing that he is twenty-nine years old.

**AN OPEN LETTER**

To St. John Boys and Girls at Home and on Their Holidays Out of Town

READ EVERY WORD IT'S IMPORTANT

St. John, N. B., Aug. 17, 1918.

Dear Boys and Girls:—  
Suppose you thought we had forgotten all about your favorite serial story, but such is not the case. We felt when the "Bull's Eye" ended it would be foolish to start another story just when schools were closing and most of you would be scattered all over the Maritime Provinces enjoying your vacation. So we have held off putting on a new serial until you started homeward again.  
On Friday, August 23, we are going to commence a story by the Vitagraph Company entitled "A Fight for Millions" in which a big brave William Duncan will be the hero, Bob Hardy, and pretty Edith Johnston the heroine, Jean Benton. Joe Ryan, whom you will remember as "Shooting in 'The Fighting Trail'" will be the villain and Willie Calles, Indian actor, will play a friendly part, as "Iron Star." There will be other "good fellows" and "bad fellows" in the fifteen-week story, but these people are the chief players.  
"A Fight for Millions" is another wholesome Western drama filled with advantage and sound sensible story-value. Theatre managers throughout the United States report that it is even more interesting than "The Fighting Trail."  
So that all boys and girls, as well as the older folks may enjoy the story to the very limit, we have arranged with the Evening Times newspaper of this city to publish a chapter every Thursday night commencing August 22, (this coming Thursday.) The following two days, Friday and Saturday, we will show the pictures of that printed chapter. Therefore, if you should happen to miss the opening episode or any other of the chapters as the weeks go by it will always be possible to know just how the story is progressing by reading it in the Times.  
We publish this letter to spread the good news because even at this date there are many of regular imperial patrons still enjoying their holidays out of town, and we want to assure them that when they return they can take up the serial story by reading the preceding chapters. In fact we will be glad to mail free to any boy or girl, now out of town on vacation, copies of the first two weeks' chapters, as printed in the Times, if they will send us names and addresses on a postcard. Then when they come back to town everything will be connected up.  
The Imperial is making great plans for the coming fall and winter and whatever has been its good record in the past day regarding a proposed increase in the price of natural gas. The citizens of the railway town are strongly opposed to an increase.  
Yours very truly,  
IMPERIAL THEATRE,  
King Square.

**Chalmers**  
MADE IN CANADA

ONE question must arise in every motorist's mind when he reads of the Chalmers "Hot Spot" and "Ramshorn" manifold.

How do they affect the performance of the car?

That is a question to-day's Chalmers can answer in a most convincing manner.

When you drive the car—as you surely will—you will recognize the unusual smoothness—the unusual efficiency that has been attained.

The handicap of low-test gas has been largely overcome. The Chalmers motor "warms up" instantly into smooth, responsive action. You will admire the fine easy-working controls, the flexibility and power of the motor.

The more critical you may be the higher appreciation you will have of this sensibly priced car.

You are invited to test to-day's Chalmers any time. Arrange for a demonstration to suit your convenience.

**THE NAVY LEAGUE APPEAL**

The committees for the big drive on behalf of our sailors are now getting into work and arranging details, and find everyone only too eager to assist the navy. The special day has been fixed for Sept. 5, when the objective will be \$25,000 for the province, and the opening gun will be fired at the annual service of the St. John Power Boat Club, when the total collection will be expected. A request has been received by the dominion president of the Navy League, through His Excellency the Governor-General from His Majesty the King, that part of the collections in Canada shall be for King George's Fund for Sailors, the object of which is to secure more efficient aid for the marine and sailors' benevolent institutions throughout the kingdom, and so it has been decided that the present appeal by the Navy League shall be for the following purposes:

A—For King George's Fund for Sailors.  
B—For sailors of the navy and mercantile marine and prisoners of war.  
C—For the relief of British and Canadian sailors and their dependents, for sailors' homes, institutes and hospitals in Canada and throughout the empire.

**DEMANDS PRISON TERM FOR SECOND OFFENCE.**  
Section ninety-two of the prohibition act caused considerable argument in the police court yesterday afternoon when the case of Edward Burks, charged with supplying liquor to William Faddock, came up for consideration. Rev. W. D. Wilson contended, as this was Burks' second offence, according to section ninety-two, if found guilty, he was liable to a penalty of from six to twelve months in jail without the option of a fine. The magistrate was a little puzzled over the section and set the case until Tuesday afternoon. William M. Ryan appeared for the defendant.

**ANNIVERSARY OF THE ST. ANDREWS SCHOOL.**  
The hundredth anniversary of the opening of the Charlotte county grammar school was celebrated last night in the assembly hall of the Prince Arthur school, St. Andrews. The chairman was Dr. Wallace Broad. The speakers of the evening were Rev. J. B. Kerr, Rev. Dean C. M. Sills, Dr. W. S. Carter, William Brodie, S. A. Worrell, E. A. Smith, Rev. Miles Howland and M. N. Cockburn.

**CANAL GATES SWEEP AWAY; LOCKMASTE RISE DROWNED**  
St. Catharines, Ont., Aug. 16.—Three gates of Lock 12 of the Welland Canal were carried away today when the steamer Pawne, of the Montreal Transportation Company, rammed the head gates of the lock. Richard Carroll, vice of the town of Merriton, and lockmaster, who was standing on one of the head gates, was carried into the flood which followed and drowned.

**GAS RATE INCREASE.**  
E. B. Reeser of Pittsburg, vice-president and manager of the M. T. E. & G. Company, held a conference with the members of Moncton city council yesterday regarding a proposed increase in the price of natural gas. The citizens of the railway town are strongly opposed to an increase.

**CLAIM DEAD MAN'S SALARY.**  
Relatives of Frank N. Hall, who was manager of the Moncton & Buctouche Railway and who was killed in a wreck four years ago, have brought action against the company to recover \$8,416.66 for alleged extra salary due Mr. Hall during his lifetime.

The renovations of the various offices in city hall has been completed and the finishing touches are now being given to the building by the redecoration of the halls. When the whole job is complete the building will present a more attractive appearance than in many years.

**IN THE MARKET**  
There was abundance of green stuff on the market this morning and usual high prices ranged. String beans and peas were the leaders. For beans they were demanding from sixty to sixty-five cents a peck and peas about sixty. Cucumbers were five cents each, same price for carrots and beets.

**GIRLS' BAZAAR SUCCESSFUL**  
On Thursday afternoon three little girls of West St. John, Muriel Ring, Muriel Purdy and Lillian Cox gave a bazaar on the lawn of Mr. Ring's residence, St. George street. They realized \$15, which they gave to Mrs. Young of the Field Comforts, with the expressed wish that it be used for comforts for the boys at the front.

**A FINE WEEK-END PROMISED**  
With brilliant weather, although suggestive of September rather than August, the prospects for a pleasant week-end are arousing pleasant anticipations throughout the city. There have been few Saturdays during the summer which held such promise for out of door enjoyment and the variation makes this all the more welcome. The bathing beaches and swimming scows, the horse races and ball games offer attractions for those interested in sports and for those who look ahead to the river and other suburban places will have an unusually strong appeal.

**ST. JOHN GIRL IN SECOND PLACE**

Miss Nora A. McGrath Prominent in Examinations for Grammar School License

The following are the names of the candidates who passed successfully the examination for grammar school class in last June, arranged in order of merit: Frances Louise Scott, Fredericton, N. B.; Mona R. McGrath, St. John, N. B.; Helen C. Plummer, Hardland, N. B.; Grace Davis, Sussex, N. B.

For class I candidates who made 75 per cent or upwards, 60 per cent being required for pass mark, included Jean H. Somerville, St. John, and Ren. Whipple, St. John West, 4th; Margaret C. Newcomb, St. John West, 6th; Marion W. Thompson, St. John, 9th.

There were none from St. John in class II.

**GOOD SHEPHERD JUBILEE**

In the Monastery of the Good Shepherd, Waterloo street, last evening, a celebration was held in connection with the festivities commemorating the silver jubilee of the Sisters in this city. Rev. A. D. Allen, chaplain of the institution, Mayor Hayes and a large number of friends were present. Addresses were given by Father Allen, the mayor, Dr. S. H. McDonald, Richard O'Brien and others, after which the children of the institution gave a pleasing programme of songs and drills, which evoked hearty applause from all present.

This afternoon a requiem mass was celebrated by Rev. Father Allen. He was assisted by Rev. Francis Walker as deacon and Rev. Robert Fraser as sub-deacon. An eloquent sermon was delivered by Rev. Dr. O'Reilly, chaplain of the Mater Misericordiae Home. This afternoon at 5 o'clock Benediction of the Most Blessed Sacrament will conclude the celebration of the silver jubilee.

**KEMP SUCCEEDS SUGRUER AS LABOR ORGANIZER**

J. L. Sugruer recommended last evening at a meeting of the Trades and Labor Council that some one replace him as representative organizer of the American Federation of Labor. In explanation, he said that his duties as commissioner on the compensation board would keep him busy. The council recommended John Kemp, president of the Trades and Labor Council, as his successor. The committee of the Labor Week Fair reported that the work was progressing very favorably.

**TRYING TO BREAK A DEATH BED WILL**

An attempt was begun in the Moncton probate court yesterday before Judge Hewson to break a will made on a death bed. The case has to do with the estate of the late Charles S. Powell of Moncton in which a caveat was filed by James and Evans Powell, sons of the deceased, contesting the validity of the will. A. A. Allen, proctor, and Hon. J. B. M. Baxter, St. John, as counsel for widow and executrix, and George A. Hutchinson, Richibucto, and H. A. Powell, St. John, appear for the caveators.

**CHARGE OF BEING CHICAGO ALDERMEN**

Chicago, Aug. 16.—Ten city council men were subpoenaed today to appear before the grand jury in an investigation of bribery charges resulting from the passage on Monday of a traction ordinance which provided for municipal operation but not ownership of surface and elevated street railways.

Maclay Herne, state attorney, has charged that bribes from \$8,000 to \$8,000 were offered aldermen for their votes favoring the ordinance.

**LT. ARTHUR FINN KILLED IN WAR**

Son of the Late Mr. and Mrs. M. A. Finn of St. John

The sad news that Lieut. Arthur Finn, son of the late Mr. and Mrs. M. A. Finn of this city, had met his death at the front, apparently killed in action, has been received by Mrs. Joseph H. Ritchie of Wentworth street and Mrs. D. C. Dearden, Douglas avenue. The word came from Lieutenant Finn's sister, Madame Finn of the Sacred Heart Convent, Halifax, who had received the news from her sister, Lieutenant Madeline Finn, who is engaged in Canadian field comforts work in England.

Lieutenant Finn enlisted in the west, where the family had made their home after removing from St. John several years ago. He had been wounded twice before and only recently had returned to France, a survivor of a period of convalescence in England. He was a fine young man of many excellent qualities and his death will be learned with regret by the many friends of the family in St. John. His personal friends here would not be so many on account of his leaving the city at such an early age. Four sisters survive—Mrs. Bolden of Edmonston, Madame Finn in Halifax, Lieutenant Mabel in London and Miss Marie in Vancouver.

**WRITES OF DEATH OF SERGEANT BIDDESCOMBE**

Lieutenant of His Company Sends Word to Father With Appreciation of Soldier's Worth

How Sergeant Joseph Biddescombe, brother of Detective Biddescombe of the local police force, gallantly gave his life in the war is recounted in a letter from his lieutenant, sent to his father, Joseph Biddescombe, of Chipman, as follows:

Dear Mr. Biddescombe, 18th July, 1918.

You would hear from Ottawa a few days ago the sad news that your son had been killed in action on 28th June. I was his platoon officer at the time and I am writing to extend to you my deepest sympathy and to give you some particulars of his death. It occurred at 11 p. m. on the above date. Our platoon was in the support line and I was ordered to take out a patrol and your son, as my platoon sergeant, was to accompany me. We were making our way up a communication trench connecting the support line with the front line trench, preparing to get out on patrol, when a small German shell landed in the trench near your son and killed him instantly, some of the shrapnel entering his head just behind the left ear. It all happened in a second and I am sure he never realized what occurred, as his face was quite composed when I saw it afterwards. I had only known him for two weeks, but I soon found he was a good soldier who did his work fearlessly, and I was very sorry to lose him. The boys all knew him as "Joe" and he was very popular with them. They have often expressed to me their deep regret at his going.

The loss of your son will be a heavy blow to yourself and all others near and dear to him. The only consolation is that he died, a good soldier fighting for the righteous cause of his country.

Again asking you to accept my deepest sympathy, I sign myself, I am, Yours sincerely,

J. A. TAMAHILL, Lieut.

**REV. DR. ERB'S VISIT**

Something of Former St. John Man's Work—Now in High Position in Philadelphia

Rev. Dr. Frank Otis Erb, of Philadelphia, who is visiting his parents, Captain and Mrs. George W. Erb, of 82 Victoria street, is well known throughout the city. Doctor Erb graduated from the St. John High School in 1894 with honors and then entered Normal School. In following year he went to the University of New Brunswick and graduated with the degree of Bachelor of Arts in 1896. He then went to Rochester and took a four year course in the Baptist theological seminary. Upon the completion of his studies he accepted the pastorate of a Baptist church at Glace Bay, N. S., where he remained for five years. At this time he decided to resume his studies and left for the University of Chicago where he remained four years and graduated with a degree of Ph. D., magna cum laude. While taking this course he was assistant pastor of Hyde Park Baptist church. Upon his graduation he went to Portland, Me., where he became pastor of the Free Street Baptist church. In 1917 he left for Philadelphia and accepted his present honored position as editor of "Young People," a Baptist publication issued by the American Baptist Publication Society, as well as officiating in a similar capacity for other publications.

Associated with Doctor Erb in the editing of literature for children twelve years of age is Miss Nan F. Weeks, a daughter of Dr. W. W. Weeks, formerly of St. John. Rev. Dr. Weeks was pastor of a church in Moncton for some years.

Speaking about his weekly paper, Doctor Erb said it had a circulation of 200,000 copies. He said that they have the largest denominational printing establishment in the world and they issue more than 60,000,000 copies of Baptist literature yearly. The American Baptist Publishing Society supply no fewer than 8,000 Sunday schools with literature south of the Mason-Dixon line.

Doctor Erb will remain in the city until next Tuesday, when he will leave for Ocean Park, Me., where he will deliver a series of addresses before the New England Baptist Assembly.
