MARTIN

MIRAGE

Thought He Saw Water of Pacific and Went out of His Course.

HIT AND SLID

Condensed Liquid Food Kept Men Alive Till Trapper's Cabin Found.

(Canadian Press.)

Bellingham, Wash., May 26.—Cheered by 2,000 persons, Major Frederick L. Martin and Staff Sergeant Alva L. Harvey, wrecked members of the U. S. around-the-world air attempt, arrived here yesterday by steamer from Alaska. Mrs. Martin and her eight-year-old son Bobby met the Major at the Lummi Island, about ten miles out from Bellingham. It was a joyous meeting, the boy tackling his father's leg while Mrs. Martin embraced him. Mirage was blamed by Major Martin for his misadventure.

"Soon after leaving Chignik," he said, "I saw what appeared to be water, and thought it was the Pacific. I traveled toward it for some time, and finally it disappeared. Then I realized it was a mirage which I had been off my course in a northwesterly direction."

Bumps Mountain. "The weather was foggy and the clouds were low, probably 500 feet below the snow-covered ground and the clouds. I changed my course, heading south, but suddenly hit the north side of the mountain. Had we hit ten feet lower we would have struck an abrupt cliff and would probably both have been killed, but as it was we crashed on a gradual slope of the mountain and the plane slid up about 100 feet, tearing it to pieces."

Harvey was uninjured, but Martin broke a small bone in his nose and one eye was slightly hurt. The men told of wandering, sleepless, for three days, striking out on the trip which led them to a trapper's cabin. They thought they were on the Pacific side of the peninsula instead of the Bering sea, and their charts did not tell them of a canyon at Moller.

Good Fortune. "Owing to a bit of good fortune at the time of the crash, a bottle of condensed liquid food, two spoonfuls of which are sufficient for a meal, escaped breaking, although most everything else was demolished. With this food supply available they were never hungry. When they reached the unoccupied trapper's cabin they found more food. They also noticed a milk box with the lettering "Paf, Port Moller," upon it. This clue gave them much information, as it indicated Port Moller was not far away.

Harvey said he was slightly snow blind the first few days following the wreck, but recovered. Major Martin also suffered from snow-blindness, which grew steadily worse, and the last three days Harvey broke trail through the snow, leading Major Martin to the beach, along which they followed to the cannery. Harvey praised his superior officer as an efficient flier, and Major Martin declared there is no better, airplane mechanic than Harvey.

Swains Island is on the north side of Bonaville Bay, Newfoundland, and lies four miles from Sechart's Pond.

HILTON BELVEA TO FRANCE TODAY

St. John Seaman Had Trout in His New Shell Yesterday.

London, May 26.—Hilton Belyea of St. John, N. B., who has been training at Putney for the English regatta, in which he will make another attempt to win the Diamond Sculls, was out yesterday for the first time in his new boat, built for him by Sims of Putney, noted builder of racing shells. Belyea left for France today to practice on the Seine for the Olympic Regatta. Delay in completing his shell interfered with Hilton's plans to cross over into France last week to continue his training programme on the Olympic course according to a letter received by Mrs. Belyea this morning. Hilton wrote that on May 15, the Sims company shipped a shell to the Lorne Boat Club, of Halifax. On Wednesday, May 14, Hilton was in his shell most of the day, covering considerable distance. He started out to row down the Thames to the historic London Bridge but was compelled to turn back by rain after covering half the course. He says he intended performing this before leaving England. Hilton wrote that daylight time is in force in England and that it is quite light up to 9:30 p.m. The weather was slowly improving. Belyea wrote that he is thoroughly accustomed to the course and was anxious to get over into France.

VERY GREAT ASSEMBLY AT WEMBLEY

Nearly 125,000 People Join King George in Thanksgiving Silence.

NOTABLE SCENE

Canadians in the Procession Cheered—Days of War Recalled.

(Canadian Press.)

London, May 26.—There must have been nearly 125,000 persons in Wembley Stadium on Saturday afternoon to join the King in an Empire Day thanksgiving silence. Amid solid banks of humanity from suburban London and towns near by there were little patches of natives of all parts of the British Empire. A huge splash of white-betokened thousands of surprised choristers, and a thin line of men in ill-fitting blue clothes, many of them in invalid chairs, made a grave reminder that the war hospitals are not yet empty. Their Majesties had an almost overpowering reception on their arrival. The proceedings which immediately followed were unmistakably demonstrative of the breadth of the Empire, but were so admirably balanced as to exclude any suggestion of flamboyancy. Canadian Cheer. Trumpeters of the Household Cavalry heralded the procession. Royal Canadian Police who followed their more soberly uniformed brethren were loudly cheered. The same rounding reception was indeed given to every section of the procession. The soldiers of a generation when battles were less than of today, were probably the most cheering. GIVE WAY OR POWER TO GET AN AUDITOR

Commissioners Discuss Hydro Matters at City Hall Meeting.

Civic hydro matters occupied the most of the time of the City Council meeting this morning and after a lengthy discussion on the matter of audit of the books of the Civic Commission it was decided to give the Mayor power to engage the services of any firm of chartered accountants he deemed wise to audit the books and suggest changes in the accounting system, the city to pay the bill and charge it to general revenue.

His Worship disclaimed any knowledge of wrong doing on the part of the Commission but said there were certain things he wanted cleared up before he took his place as a member of the Commission.

Commissioner Prink expressed the opinion that the city was getting no desirable advertising from this discussion over an auditor.

A recommendation of the Civic Power Commission that they be authorized to purchase from the Packard Electric Co. 19 transformers at a cost of \$1,706.10, payable by bond issue, was adopted.

A recommendation that an additional grant of \$5,000 for the engineering and incidental account was also adopted.

Commissioner Prink said that a loan of \$10,000 be made to the commission to allow them to go into the business of selling ranges on the installment plan was taken up. It was explained by H. A. Willet, secretary of the commission, that each range meant a consumption of about 150 k.w.h. a month and they had in sight a market for 100 to 200 ranges and it was thought they could get 1,000 customers in the next two years. This load would mean, he said, that the commission would be able to pay its way. They expected to be able to pay back the original loan in two years.

Commissioner Prink said he thought the charter of the Civic Commission would have to be amended before they could go into this business.

Commissioner Harding said the commission was not going into this because they wanted to, but because they were forced to.

Mayor Potts suggested installing this matter over until the city auditor had been consulted, and defined the powers of the commission. Commissioner Prink said he would like to have fuller information.

On motion of Commissioner Harding

the matter was laid over for further information.

The Audit. A recommendation that the firm of Price, Waterhouse Co. to audit the accounts of the commission and suggest any changes necessary in the accounting system was then taken up.

Commissioner Prink said he judged from the reports of the Power Commission meeting that there was some difference of opinion about this expenditure. If His Worship knew of any wrong doing or malfeasance in office and wanted a motion for an investigation along those lines he was willing to make it.

Mayor Potts said he did not know that anyone was "stealing" or anything of that kind, but as he did not get information asked for, he would like to have the books audited. Was he wanted the auditor he did not think the city should pay.

Commissioner Harding said he thought the Civic Commission might pay if the Mayor could tell them where the money was to come from.

F. S. A. McMullin said the Civic Commission was already paying an auditor, and if the city wanted another audit it was felt the city should pay.

Commissioner Wigmore said to a certain extent the Civic Commission was a department at City Hall, and every department of City Hall had to pay all expenses incurred by it. He thought the Civic Commission should pay this bill. Mr. Willet said the city comptroller audited every bill which passed through his hands.

Commissioner Bullock said he had no objection to the Mayor getting any information he felt the city should pay. He was satisfied that so far as the construction account was concerned the city comptroller knew what every dollar was for before he passed the accounts for payment. If the audit was undertaken he felt the city should pay.

Commissioner Prink said the council was not doing the city much good in the advertising it was receiving in this discussion about the employment of an auditor.

On motion of Commissioner Prink consideration of this section of the report was deferred.

It was then moved by Commissioner Prink that the Mayor be given authority to engage the services of any auditor or auditors to audit the books of the Civic Power Commission, and make suggestions as to changes which might be made in the accounting system, the expenses to be a charge on general revenue.

This was seconded by Commissioner Harding.

Commissioner Prink suggested that before His Worship engaged any auditor he talk the matter over with the city comptroller.

Tenders for street lighting equipment were received from Winter, Jayner & Co., Northern Electric Co., Canadian Westinghouse Co., Powertech Devices, Ltd., and referred to the Civic Power Commission for a report.

Mother Nurse Baby

need never wean baby in advance of the normal time if she takes Lactagol, which, by stimulating the breast glands, ensures a plentiful supply of nourishing milk and so enables every mother to nurse her baby at the breast without fatigue or strain. The recent great increase in the deaths of infants was mainly due to impure milk, and the remedy lies in breast-feeding. Breast milk is the purest milk, and the only safe food for baby, so mother should always try to breast-feed baby with the help of Lactagol before experimenting with artificial foods.

Lactagol

may with great advantage be taken some months prior to the birth. MISTER BAGS SENDS SOME BILLS

There was a bill from Mister Bags

The next day the old cronies met as usual in Mister Bags' store in the woods. Old Daddy Cracknuts came in first. "Howdy, Mister Bags," said he. "How-

Liver Trouble The Cause

Mrs. A. C. Brown, Oromocto, Ont., writes: "I have been troubled with my liver for a few years back, and was so bad I did not feel able to do my work. I had severe pains in my stomach, so bad I could hardly stand them at times; coated tongue; bad taste in the mouth, especially in the mornings; whites of eyes tinged with yellow, and had a muddy and sallow complexion. I had read a great deal about Milburn's Laxa-Liver Pills and decided I would try a vial, and after taking two or three I found I was greatly improved, and can truthfully say that I felt more like living and can now do my own work without any trouble." Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

"I'll just rest a spell, if you don't mind," said Daddy. "I'm all tickered out today. Ma's been cleaning house." "Think you'll stay away until it's over, do you?" laughed Mister Bags, noticing that Daddy had absently reached into the cracker barrel and begun to munch at a soda cracker.

At that minute the door opened with a tingling and in came Mister Groundhog. "I need a match, Mister Bags," he wheezed. "I just thought I'd drop in and get one if you have any handy. Thanks! My old pipe doesn't draw any too well. Why, hello, Daddy!" You're out bright and early this morning."

So Daddy told him all about his wife's house-cleaning, and while he was listening, Mister Groundhog picked up a cracker and began to eat it. At that minute the door opened again and in came Ben Bunny. "Please, may I use your telephone, Mister Bags?" he asked. "I would like to telephone to my cousin across the meadow and ask him how the sassafras garden is coming along. The lettuce ought to be big enough to eat by this time."

"Certainly," said Mister Bags obligingly. "Help yourself!" When he was through telephoning he came over to the cracker barrel and dipped in.

Then came Ringtail Coon to look at Mister Bags' thermometer and talk about the weather.

Then came Mister Muskrat, and next came old Money Mud Turtle, and before long the store was full of gossip, all talking at once and dipping into the cracker barrel.

Nick also by with a little book and every time anybody dipped down for a cracker he put a mark beside his name. The next morning when Daddy Cracknuts opened his mail, there was a bill from Mister Bags.

It said: May 10-15 crackers-15c. And when Mister Bunny opened his mail he got a bill, too. It said: May 10-20 crackers-20c.

And Mister Groundhog got a bill and Ringtail Coon got a bill and so did all of them.

They were all hopping mad and rushed to the little store in the woods at once.

"Why, I never bought any crackers here in my life!" said Daddy Cracknuts.

"Neither did I! Neither did we!" cried the others.

"No, but you ate them so it's all the same," said Mister Bags. "I open a new barrel every day and you eat them all up. You do it without thinking, but I decided that I'd give enough cracker parties!"

"Why, that's so, I guess we do eat a good many crackers," said Daddy. "I never thought of that. Here's my money!"

"And mine!" cried everybody else. (To Be Continued.)

BOY SCOUTS HAVE A CAMPING PARTY

A regular camping party was enjoyed by a group of Boy Scouts on Saturday at Tucker Park. The troops represented in the party were No. 8 Mission, No. 11 St. Luke's, No. 14 Victoria Street Baptist, No. 19 St. James'. The Scouts assembled at Tucker Park and the Mission Troop was hailed with special delight as its members brought with them a trek cart, a two-wheeled affair which held all their camping impediments and their haversacks. On the return trip the trek cart was made to hold the belongings of all of the members of the four troops. It was the first time that a trek cart had been used locally and the Mission Troop's possession of it was the admiration of all the Scouts.

Both dinner and supper were served over the camp fire and considerable skill was needed in getting the supper fire blazing properly in a drizzling rain. After dinner Dr. G. B. Peat, district commissioner, gave a short talk on how to build a shelter in the woods and gave a demonstration to illustrate his talk, making a compact and secure shelter of boughs. Scout Master F. Choppin, of the Mission Troop, and L. L. Johnson, district secretary, were with the party and helped direct the boys in pitching their tents and selecting their camp site.

BOY GIVEN WARNING.

Harry Thorne, 164 Millidge Avenue, driver of one of the Gaskin Express motor trucks, arrived at police headquarters on Saturday with a boy in charge. The driver complained that the boy had thrown a stone and smashed a globe in the truck headlight. He did not wish the youngster arrested but given a warning. Sergeant Dykeman, after giving the boy a lecture, allowed him to go.

Housewives' Nerves

How to make work like play for half a cent a day

Like thousands of other married women who lead stay-at-home lives, Mary was dull. Her complaint was "Housewives' Nerves." She said she was "fed-up" with dish-washing, grate-cleaning, bed-making, cooking, room-scooping, polishing, dusting, washing, ironing, and the hundred and two odd jobs of a woman's day.

Dick noticed it. Dick was Mary's husband. Her depression, her lack of vim, her rebellion against the daily round, and those attacks of "Housewives' Nerves" made him begin to wonder if married life were worth while. There life were the setting for tragedy in that ordinary little house.

Then came the Woman who Knew. Domesticity wasn't dull for her. She looked alive, happy, healthy, pleased with life.

"What you want," she said to Mary, "is the Kruschen feeling." And she said other things too, which made full Mary sit up. But the fact which "stuck" was the information that for 75c she could buy a bottle containing 160 doses of magic powder at any druggist's if she gave the password, KRUSCHEN SALTS.

Mary began the course never missing a morning. Within three weeks she felt like a new woman. Gone was the lassitude, banished was her boredom, domestic work was no longer dull.

That is the effect which KRUSCHEN SALTS has on the woman worker. All she need do is to cover a 10 cent piece each morning with Kruschen Salts and drop the magic powder into her first cup of coffee or tea. Nature does the rest.

"In 3 weeks my face was entirely cleared!" writes Mr. CHARLES S. ABBOTT, of 28, Randolph Road, Clapton, London, England. "I contracted a very bad attack of Barber's Rash. My face was covered with the sore places and was very painful and swollen. I attended a hospital for some time, undergoing electric treatment, etc., without any appreciable result. Then a member of the family persuaded me to try a bottle of Clarke's Blood Mixture. The first two bottles stopped all the discharge and the swelling vanished. In 3 weeks my face was entirely cleared and no trace of the complaint has ever re-appeared."

FEEL LIKE DIFFERENT PERSON IN 14 HOURS

Hurried and improper eating, nervous worry and lack of exercise clogs intestines and weakens the Liver. Self Neglect and the use of "so-called" mild stimulants aggravate this condition and makes matters worse. The result is Self Poisoning. No longer can your liver do its work properly—and your health breaks down. That's why you wake up dull and tired—long coated, bad and offensive breath. That's why you often suffer from loss of appetite, bad digestion, gas on sour, weak stomach, constipation and a general run-down, nervous condition of the whole system. Make this test: Cleanse and tone your liver and bowels with Dr. Thacker's Liver & Blood Syrup. Put your stomach in condition—soothe your tired, overtaxed nerves, brace up your system, send pure, healthier blood coursing through your veins—and feel like a different person in 14 hours, or less. You, too, will be satisfied, as others have, or no cost. Dr. Thacker's Liver and Blood Syrup is sold and recommended by J. Benson Mahoney, cor. Union and Dock; Wassons Company, Ltd., 9 Sydney; A. **SIR T. WHITE AND
JUDGE M'KEOWN**

Text of Ex-Finance Minister's Letter re Commissioner's Powers.

Sir Thomas White gave to the Toronto newspapers on Wednesday a reply to the arguments of Eugene Lafleur, K. C., counsel for Government made before Mr. Justice McKeown, in the Home Bank inquiry. Sir Thomas sent the reply by telegraph to Mr. Lafleur and asked him to convey the reply to the commissioner. The statement sent to Mr. Lafleur reads:

"In closing my argument, I reserved and was granted by the commissioner the right to file a brief written or telegraphic reply, should counsel for the Government raise any matter not in evidence upon the record. Please convey to the commissioner the reply to my argument."

"Reply: Mr. Lafleur referred to finding of Chief Justice Meredith in Farmers' Bank case. That finding was that the treasury board did not do what it was incumbent upon the treasury board to do under the statute. The bank act is mandatory as to what the treasury board shall do before issuing its certificate permitting a bank to engage in business. The statute under which I acted, is permissive, that is to say, the action to be taken by the minister is discretionary and not obligatory as in the case of the treasury board."

Only Personal Opinion.

"Mr. Lafleur argued further that I am in error as to the meaning of the order-in-council as to justification for investigating through an outside auditor. My submission is, and has been, that any pronouncement by your lordship upon the question of justification or so-called error of judgment suggested by government counsel would be to bring under determination by your lordship the unconditional discretionary executive action of the minister for which he is responsible only to parliament and the Canadian people. This would only be a roundabout way of doing what Mr. Lafleur says he is not asking your lordship to do and which he admits is for parliament alone, namely the question of negligence or no negligence on the part of the minister. Mr. Lafleur says he is surprised at my raising the point. My contention is, and has been, that I desire parliament and the public to have the facts and draw any conclusions that may result upon those facts. What I have argued against is an expression of personal opinion on the part of the commissioner which, with much respect to your lordship, can be only personal and have no judicial quantity or weight because of lack of jurisdiction under the inquiries act or the law of the constitution. I submit that under the inquiries act, your lordship is strictly limited to reporting to the government the facts, that is to say, what occurred and what was done. It will then be for parliament and the public to decide as to my action as minister."

"S. T. WHITE."

MCCORMICK'S JERSEY CREAM SODAS

Delicious - wholesome. A complete food.

MCCORMICK'S JERSEY CREAM SODA BISCUITS

small space in your columns to express an opinion on existing conditions of our city today.

I was pleased to note in your paper quite recently where the Evangelical Alliance had taken up the matter of a more strict observance of the Sabbath Day. To the writer this is an important move in view of existing conditions. Some time ago an order was issued to the guardians of the law to enforce the Sunday closing law, which is on the statute books. This move was chiefly directed against the small shops, where milk and bread and other necessities of life are obtained, with the result that the householders who ran short on the supply of milk found it impossible to obtain it on Sunday.

Now I wish to draw attention to the fact that on Saturday a new gasoline service station was completed and opened for business, and on Sunday our Blessed Lord's Day, it was all "business as usual."

Would it be out of place to ask some pointed questions which are as follows:

Is our city—of which we should be justly proud—run by a certain clique or group of citizens? Or is there one law for the "class" and another for the "mass"?

A grocery store must close up because they are breaking the law by

selling goods on Sunday, but a gasoline filling station can operate and sell goods on Sunday, and still be within the law?

To the writer it seems inconsistent to forbid the sale of a necessity and then permit the sale of a luxury.

To the close observer there is but one conclusion which we must come to, which is this: If there are two separate laws, then the law that exists is being openly violated without a dissenting voice being raised.

In conclusion let me say that, as the writer of this letter, I have no private interests to serve, nor am I connected with any business in the commercial world, if I were I should feel it to be my duty not to let my business hours

encroach upon my Lord's time, which He has set apart to be kept holy.

As one who observes strictly the keeping of the Sabbath Day, I should like to see the day come when people would, of their own free will, pay strict attention to these matters without the necessity of the recourse to the law.

Thanking you, Mr. Editor, for your valuable space, I wish to remain,

Sincerely,
A. W. LEWIS.

THE STORE OF COMPLETE SATISFACTION

**POLICE ENFORCE THE
SUNDAY SALE LAWS**

Several local proprietors of ice cream cafes reported that they were advised by the police yesterday that the "blue laws" respecting the sale of ice cream and other refreshments on the Sabbath were henceforth to be rigidly enforced. One proprietor stated that he had been ordered to cease selling anything in his store on Sunday. Another said that he believed he could still sell ice cream but had to serve a lunch at the same time. There appeared to be no doubt among the dealers as to just what they might or might not sell legally.

Chief of Police Smith said last night that he had instructed his officers to see how the shop keepers were observing the Sabbath according to the Act. He said that according to the law it was a desecration of the Lord's Day to keep places of business open and sell goods on Sunday. It was unlawful for grocery stores or other places to sell articles to persons to carry said articles from the place of business, and for persons to transact any ordinary business on Sunday. A person might consume ice cream or lunches in a place on Sunday but could not carry the articles of purchase out with him such as bread, ice cream, canned goods, etc.

**RAINFALL SUNDAY
EXCEEDS 2 INCHES**

There were 2.15 inches of rain fell in the steady drenching downpour of Sunday. It was the heaviest rain of the season and the good which it brought to the country could hardly be estimated. In the 24 days of May preceding Sunday the total rainfall amounted to only 1.57 inches and the grass and planted fields were suffering for want of moisture in many parts of the province. Forest fires had started in some localities and were feared in others and the rain put an effectual stop to this grave menace.

There are 730,988 miles of railways in the world.

Fleet Foot

Crepe soles worn by tennis champions

THE new Fleet Foot crepe sole is one of the greatest improvements in rubber sole canvas footwear. Although lighter, more flexible and durable, the sole positively will not separate from the upper.

In the following terms, the United States Lawn Tennis Association have officially recommended the use of crepe soles:—

"We are glad to report that at last a sole for tennis shoes has appeared, which we believe meets all requirements—commonly referred to as crepe soles.

"Many prominent players, as well as your committee, found the following advantages in their use:—

"Lighter than any other sole;

"Softer, conforming more readily to the shape of the foot;

"More comfortable;

"More durable than any other rubber;

"Because of extra durability, less in cost;

"Most important of all, they give the player a surer footing—surer even than spikes."

It was pointed out that Johnson and Tilden both wore the crepe sole shoes in winning the world's and national championships, respectively.

See that your crepe soles have the Fleet Foot trademark stamped on the sole.

KASKY AND GARNETT DRAW SUSPENSIONS

Harry Kasky, of Chicago, a member of the United States Olympic ice skating team, was yesterday indefinitely suspended by the International Skating Union of America, when charges of professionalism brought against him were sustained at a special meeting of the union.

William Steinmetz, of Chicago, Richard Donovan, of Johnson City, N. Y., and Joe Moore, of New York, were brought up on similar charges but they were exonerated.

It was charged that Kasky demanded excessive expenses for his trip to St. John, Lake Placid and Saranac Lake for skating meets. Kasky is expected to put in an application for a rehearing of his case, which would be granted, president Savage said today.

Frank Garnett, St. John, N. B., was suspended for one year for foul tactics in one of the 1934 meets.

Seven American records established within the last year were recognized by the union. These include: 220 yards, 18 3/4 seconds, Paul Forsman, of New York, at New Rochelle, Feb. 12, 1934; 440 yards 36 3/5 seconds, Charles Gorman, of St. John, at Saranac Lake, Feb. 19, 1934; 100 yards, 25 1/2 seconds, Charles Jewtreff, of Lake Placid, at Lake Placid, Jan. 6, 1934; half mile, 1 1/2 minutes, 16 1/2 seconds, Charles Jewtreff, at Lake Placid, Feb. 9, 1933; mile, 2 minutes, 43 2/5 seconds, Richard Donovan, of Johnson City, N. Y., at St. John, N. B., Feb. 16, 1933; three miles, 8 minutes, 43 2/5 seconds, Richard Donovan, at Endicott, N. Y., Feb. 5, 1933.

LEONARD PLANS TO QUIT RING

New York, N. Y., May 26—Benny Leonard, world's lightweight champion, will engage this year in two more ring engagements and then forsake the pugilistic profession for the screen and the stage, according to Billy Gibson, Leonard's manager.

Negotiations for a match between Leonard and Mickey Walker, world's welterweight champion, are now pending, after which Leonard will defend his lightweight crown against his foremost challenger, according to Gibson.

Win, lose or draw, in either bout, Leonard, he added, would hang up his gloves for good.

PRO. LEAGUE AWAY TO A GOOD START

Shamrocks and Vets Divide Honors—Thrilling Plays Feature Contests.

The professional baseball season got away to a good start in this city last Saturday when the Shamrocks and Vets played a double header on the East End grounds. The teams divided honors, the Vets winning the morning fixture by a score of 8 to 7 and the Shamrocks capturing the afternoon game 9 to 4 in 10 innings. Stafford, handi-capped by cold weather and little practice, the players put up a good brand of ball and from all indications the local fans are assured of some thrilling contests during the season.

In the morning game Carruthers, a southpaw, was on the mound for the Shamrocks and pitched well. He held his opponent down in the first and second appearances will become a fixture with that team. Malcolm was opposing him for the Shamrocks and made a good showing. Doherty created support, many hits were made after three men should have been retired.

In the afternoon Tippetts appeared on the mound for the Vets and Parfies went after it, but failed to get close enough to prevent it taking a high bounce and landing on the roof of a small shack. As a result McGowan circled the paths and tied the score. In the tenth inning the Shamrocks were timely hitting and well placed bunts sent two more runs across the plate and by holding the Vets in the last half won out.

Jean Tippetts was the first man to have a clash with Umpire-in-chief Fred Mahoney. He resented one of his decisions and then became abusive as a result of which he was sent to the bench and fined \$5. The fans appreciating that such an action would be "snipped in the bud" and that an umpire's decision in organized ball should be recognized. Burke replaced him and finished the inning.

The work of outfielders Moore for the Vets and Finnamore for the Shamrocks was outstanding. The work of Umpires Mahoney and Parfies was satisfactory and their decisions were accepted with very little protesting.

The following are box scores and summaries:

Table with columns: G.W.V.A., AB, R, H, PO, A, E. Rows for Shamrocks and Vets.

Score by innings: Shamrocks 8, Vets 7.

Summary—Earned runs—Shamrocks, 4; Vets, 4. Two-base hits, McGowan, Finnamore, Tippetts, Home run, McGowan. Sacrifice hits, Mooney, Gibbons, Finnamore. Struck out, by Tippetts, 4; by Parfies, 7. LARGE CROWDS AT SOUTH END GAMES

Trojans Beat Royals; Machine Gunners Defeat St. John Baptist.

Cold weather attended the opening games of the South End League Saturday morning and afternoon but failed to dampen the enthusiasm of the league rosters who turned out in large numbers to see the Machine Gun Defeat St. John the Baptist in the morning, 11 to 6, and witness the defeat of the champion Royals at the hands of the peppy Trojans in the afternoon encounter, 4 to 3. Fully 500 attended the first game and nearly twice that number were present at the second one to give a helping hand to the league to pay for splendid improvements to the grounds, including a well-built grandstand. It is the intention of the league to cover this stand when finances will stand the expense.

For the first games of the season the fans saw some good playing, particularly the afternoon affair in which the score stood at 11 to 0 in favor of the Trojans at the opening of the sixth. Up to this Diggs, star slasher for the colored boys, and young Daley, a promising twirler, were having a merry pitching duel, with the former having slightly the better of it in the sixth, however, Trojans were given an opening and managed to have punch enough to crawl through with three runs tucked under their belt. They increased that by one in the next inning, but the Royals made a gallant try to catch up, falling short by one run. The Royal rooters were out in full force and enjoyed proceedings throughout the entire nine innings. If rooting will accomplish anything, the Royals are bound to be in it till the finish. In Earl Nelson, they have one of the best boys in the business today. Not only a fine fielder but a good hitter, Nelson is going to give "Les" Kerr and the other boys a chase for batting honors this year. Three successive times, Nelson smashed the ball over the fence on Saturday—the ground hitting contest, featuring a clutch cloud that was not walkaway for any entry and a much better brand than last year, it is expected. The games were exceptionally well handled Saturday by "Bob" Atcheson and "Tom" Morrissey.

CARROLL PLAYERS
SAY FAREWELLS

Leave Today After Forty Weeks' Engagement—Members Showered.

There was not a vacant seat in the Opera House on Saturday night when the Carroll Players made their final bow to a St. John audience. The lid

was off, as had been promised, and it was a night of fun, with a tinge of regret that partings always bring. The first two acts of "The Cave Girl" were allowed to progress near to normal, but there were little murmurings of the storm of jollity that was to come.

After the curtain on Act 2, Mr. Carroll spoke of the pleasant relations of the company through 40 weeks with their patrons here, with the house management and employes, and of the happy manner in which the members of the organization had worked with one another.

In referring to the company he said that Miss Edna Preston, the leading lady, had been playing for 100 weeks with only two weeks' vacation, which he carried with a record for stock.

Mr. Carroll then introduced each of

the company, and a round of speeches followed, closing with a pleasant address by His Worship Mayor Potts. Meanwhile there had been passed over the footlights bouquets and other gifts for the ladies of the company and packages as well for the men players. They made quite an array, suggestive of the Christmas season.

Then came the third act. The lines of the play were spoken and the plot carried out, but there were the most amusing impromptus and other gifts for the ladies of the company and packages as well for the men players. They made quite an array, suggestive of the Christmas season.

Once Jimmy Swift broke in upon a tender love scene in a forest setting with the announcement to the lady that "The ice man has come." Again, as Mr. Broderick was in serious converse with his daughter in the play (Miss Preston), he unexpectedly interpolated the statement that in her farewell speech she neglected to say that he had looked after the properties. And so it went all through the act. The finale brought all the company to the footlights and Auld Lang Syne was sung.

The members of the company left today for Sussex, where tonight they will produce "The Bat." They will play also in Moncton, Amherst, Truro and Halifax and will remain there for the rest of this week and all of next week.

LOUIS MEYER HAS CLIMBED UP HIGHER

Former St. John Man Now Heads Big New Movie Combination.

Referring to the formal taking over of the Goldwyn studios and general movie plant in Culver City, Cal., recently by the new Metro-Mayer combination of interests the last issue of the N. Y. Telegraph editorially says:

"Details of the ceremonies by which Louis B. Mayer, as representative of the recently organized Metro-Goldwyn-Mayer Company, took over the big Goldwyn Culver City studios have been received from the coast. According to this report, they were most elaborate, rising almost to the dignity of a civic celebration. Present, in addition to all the prominent movie picture producers, stars and writers, were city and state officials of California, delegations from the United States army and navy and several thousands of the miscellaneous populace. Fred Niblo was the master of ceremonies, and speeches were made by Mr. Mayer, Joseph M. Schenck, Rupert Hughes, Admiral L. E. Couts, Admiral Robinson of the Pacific Fleet, Judge Summerfield of the Los Angeles courts and others, not forgetting Will Rogers. Admiral Leitch turned over a massive key to the studio to Mr. Mayer, who, in turn, presented smaller keys to his chief assistants, Irving Thalberg and Harry Hatfield. There were statements of good wishes from President Coolidge, Herbert Hoover, Marcus Loew, Will H. Hays and the presidents of commercial and civic organizations of Los Angeles. Will Rogers had the best time of the afternoon, in which he "kidded" everybody and everything from the photograph of Marcus Loew to the bigger and better pictures idea. Sixty pictures are on the schedule for the new studio. The old Metro studio is to be cut up into building lots."

Louis B. Mayer, who is the executive head of this new and pre-eminent moving picture organization, is a St. John boy and left here 15 years ago. Starting tomorrow morning in the Copley Plaza Hotel, Boston, the Motion Picture Theatre Owners Association of America will hold its annual convention. Delegates from all over the U. S. as far west as the Pacific coast and also from Canadian centres will attend. It is the first time the convention has been held so far east. The deliberations of the organization will take all of Wednesday and Thursday. It is not probable there will be any representatives from St. John.

Robt. J. Romney, local manager of the Vitagraph Co., Chippman's Hill, is attending the international sales convention of his company in Chicago which began on Saturday. Reginald G. March of the Fox Film Corporation will leave in a few days for New York to attend that company's annual sales get-together. Joseph Lieberman, the newly appointed manager of the Universal company's Maritime branch here, has but recently returned from a sales convention in Chicago.

Baby Peggy Away To The Mountains

Little Baby Peggy, like any other hard working lady, relishes a chance to relax. Consequently, with the completion of "Helen's Babies," her second feature for Principal Corporation, the starlet has journeyed to Yosemite Valley, a beautiful spot for any rest seker.

Several years ago—when Baby Peggy was just a wee bit of a miss, her daddy, Jack Montgomery, was a forest

ranger. His work centered in and about the beautiful Yosemite. When the Montgomery family left Yosemite to seek their fortune in the city of Los Angeles, Peggy was just two years of age.

MAYOR OBJECTS TO BOND ISSUE

Matter Comes Up in Connection With Building Retaining Walls.

The matter of retaining walls was before the City Council this morning in committee. Commissioner Frink presented a programme of new walls calling for an expenditure of \$16,616.50. While the recommendation that the work be undertaken was referred to the council the Mayor expressed himself as opposed to bond issues at present and suggested the work be done from appropriation.

Commissioner Frink said that he had cut his appropriation by \$12,000 this year and he did not see how any further cuts could be made.

The suggestion to bond for these retaining walls was endorsed by Commissioners Bullock and Wigmore and Commissioner Harding expressed the opinion the necessary works should be proceeded with at once.

The walls which it was proposed to build are:—In front of the property of James Carleton, corner of Guilford street and Market Place, West Side, cost \$184; in front of the property of Mr. Doig, corner of Stanley and Winter streets, cost \$188; in front of the property of Miss Brown, 120 Guilford street, cost \$287; in front of the property of Mr. Dalton, corner of Lancaster and Tower streets, cost \$585; in front of the property of Miss Bruce, 276 Duke street, cost \$266; in front of the property of G. G. Bailyntyne, 268 Duke street, cost \$215; at the rear of the property of W. V. Hatfield on the north side of the old Burying Ground, cost \$1,263; Acadia street, cost \$6,166; eastern side of Prince Edward street, beginning at the corner of Richmond street, cost, \$6,702.50. All these, with the exception of the Acadia street work, which would be crib work, to be of concrete.

In connection with the Acadia street wall the commissioner read a letter from Barnhill, Sanford and Harrison, written last Friday giving permission to go on the property of John E. Moore to make repairs providing the sewer was extended to tide water and Mr. Moore compensated for damages. Commissioner Wigmore said the water and sewerage act gave the city power to go anywhere to lay a sewer.

"Look-ah-ere" said Mr. Hiram Hornbeam to The Times reporter. "I got a bone to pick with you town folks. You kin show more bare poles on the 24th of May than they is in a stretch of woods after a fire." "I don't quite get you," said the reporter. "I mean flag-poles," said Hiram. "Where was your flag Saturday? I went from the Mash Bridge to Injuntown and down to the Barracks—an they wasn't no flag on one pole in three. The folks didn't care a hang about it—no they locked the cat out an started fer the bush. You're nice Loyalists—you are. Why, we hev more flags flyin' in the Settlement.
