### FORTY-FIRST ANNUAL SESSION

OF THE

## SYNOD OF THE DIOCESE OF MONTREAL.

#### FIRST DAY.

TUESDAY, 16TH JANUARY, 1900.

The Forty-First Annual Session of the Synod of the Diocese of Montreal was held on Tuesday, the sixteenth day of January, in the year of our Lord, one thousand nine hundred.

There was service with sermon and celebration of the Holy Communion in the Cathedral at half-past ten o'clock. The preacher was the Reverend Rural Dean Robinson, M.A. The Lord Bishop was assisted by the Reverends Principal Hackett, Dr. Norton, N. A. F. Bourne, and F. H. Graham.

The Synod assembled in the Synod Hall at two o'clock, when the session was opened with prayer by the Bishop.

At the request of the Bishop, the Rev. F. Charters called the roll of the clergy, and Dr. Davidson that of the laity.

The Bishop delivered his charge, and at its close the members of the Synod joined in singing the National Anthem.

#### BISHOP'S CHARGE.

"I desire, at the close of twenty-one years' experience, as chief pastor of the diocese, to give you, in brief outline, a compendious view of its present circumstances. It will, I think, be convenient that I should begin with the city of Montreal itself, which is the centre alike of population and Church life. In this city (and in this diocese, we have but one great city), in the city then, are our only wealthy congregations, to whom the poorer churches must look mainly for sympathy and support; and in the city also we have every kind of Christian association and society, for the relief of suffering, the instruction of ignorance, and the exercise of religious worship.

#### THE CITY RECTORIES

are sixteen in number. A rectory, you will remember, has certain fixed privileges, secured by the canons of the Church in this diocese. A mission is more dependent, both upon the Bishop and upon the

beneficence of the other congregations. In the first days of the independence of the Diocese of Montreal, it was considered right to

restrict pecuniary help to the country churches, where a sparse congregation gathered from some distance, rendered the local support of a settled ministry well nigh impossible. But time brings changes, and a large suburban population has settled just outside the city limits, to which it has been thought right to extend certain help tentative rather than permanent. These churches are, for the most part, offshoots of our city rectories; cherished by the young men and women, gathered for church work in guilds and associations. Some of our city rectories, (indeed, most of them), made such a beginning; for instance, St. John the Evangelist, Grace church, and St. Matthias, to name one or two of the first amongst them. They rise often from occasional services held in the summer; sometimes from the settlement of districts in the neighbourhood of factories or mills: and, in fact, from many other causes. The mother churches, with their thriving branches, are of great interest and pleasure to the Church at large, and I heartily hope the thriving branches will grow, flourish and extend themselves wherever the English tongue is spoken. They promote the observance of the Lord's Day, open Sunday schools, and provide religious comfort and strengthening to many persons beyond the reach of a regular ministry; and, in time, as I have already indicated, become parent churches themselves. must not grudge them time or money in their day of small things. Binding together and gathering up the fragments of religious needs. that nothing should be overlooked, I must here draw attention to 'city mission' work, which deals with the sick in hospitals and infirmaries, and with those who have none other to help them. So far as we can, effort is made to reach them all. Led by the clergy and fostered by lay men and women in regular organized societies, the hospitals and homes are visited, and

#### ALL THAT CAN BE DONE

for relief and assistance is done, not only in the way of direct religious service, but also in promotion of bodily health and happiness. I may refer especially to the home for convalescent children, to fresh air excursions and country visits, so helpful to city people, weak and ailing, and to young children in the heart of an exhausting midsummer atmosphere. In this department I feel bound to notice the faithful and untiring work of our city missionary and hospital chaplain, the Rev. E. McManus. I distinguish (as I think it right to do), between the functions of clergy and laity, but I do not distinguish between general Christian work for the good of body and soul. prefer rather to quote the sacred words spoken by Our Lord Himself:

Luke iv., 18, 19, (Is. lxi., 1), 'The Spirit of the Lord is upon me, because He hath anointed me to preach the Gospel to the poor; He hath sent me to heal the broken-hearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty them that are bruised, to preach the acceptable year of the Lord.'

"Ten of our city churches have their ministrations amongst the working classes, viz.: Trinity, St. Thomas', St. Stephen's, St. Mary's, St. Luke's, Church of the Redeemer, Grace Church, St. Jude's, St. Simon's, and All Saints'. It follows as a necessary consequence that the number of actually poor people in these congregations is great; for a large number of the working classes, when accident or adversity overtakes them, fall immediately into poverty, more or less extreme. Of these ten church buildings, I may notice, two of them, because of their position, large and handsome, requiring for proper maintenances a considerable income. The people who built them have, some of them, passed away, and others, following the tide of fashion, have taken up residences in the west and north of the city. The case of the poorer part of the families left behind in their large edifices is very much on my mind. It is not right to leave these families without Church services, and religious instruction and care; but they are unable to provide—suitably—either for maintenance of the buildings or for a settled pastorate. The other churches at the east and south of the city are, some of them, struggling with pecuniary difficulties from partly the same cause, but not perhaps to so great an extent, because the circumstances of general maintenance are easier. On the other hand, the reports from Grace church, and St. Jude's, are most encouraging, while St. John the Evangelist (free church), St. Martin's (in a sense) free, and All Saints', are prosperous. In the centre of Montreal trade, surrounded by shops and stores of every description, is Christ Church Cathedral, which at the time it was built (rather more than forty years ago), promised to be the centre of private residences, occupied by English speaking people, of the wealthy and educated classes. Christ Church is the mother church of the diocese. In its diocesan character it is a cathedral, by its position well adapted for this purpose, the church in which the Bishop has his official seat. Here the Synod meets for Holy Communion, and here also, on the occasion of all great Church meetings and services, we visibly assert our oneness in Christ, and pray for God's blessing on the united action of the diocese. In its parochial character it ministers to the parish within the limits assigned to it by the synod, and is subject to the control of the rector. But within twenty-five years the resident population has gradually moved away, and, as you know, stores and shops are for the most part left on Sunday to the charge of watchmen only. St. George's, a most flourishing church, with a most liberal congregation, especi-

ally with reference to the mission fund, and the care of its poor, is well placed at present; but how long it will continue to be so no one can say. The new St. Stephen's chapel also seems excellently well placed, and we may predict for it a long course of usefulness. St. James' church is doing very well, and being westward, is constantly enlarging its borders. Itself an offshoot of St. Stephen's, it is the parent of the Church of the Advent, and the Church of the Redeemer. All three are doing very useful work, constantly growing, dividing and sub-dividing. The older churches have thus thrown out their offshoots and missions, some of them now more important in locality and numbers than the church out of which they sprung. St. George's claims as the result of its energies, St. Matthias', St. Jude's, St. Simon's and St. Barnabas' at St. Lambert, and it is now doing its utmost for the Maisonneuve Mission, where they have lately built a church. St. John the Evangelist church originated as the Cathedral mission church. St. Philip's, Montreal West, has grown of itself to a self-sustaining parish.

#### DEANERY OF MONTREAL.

"The deanery of Montreal includes also some of our oldest country churches, and to the present condition of these I now invite your attention. . We are again met with the difficulties attendant on a migrating population; the East is struggling, the West progressing. Lachine has two churches, both rectories, and both with outlying offshoots and missions. Sault au Recollet and Outremont, combined, support themselves and promise well. St. Anne's is independent of the mission fund, but not yet fully organized, according to canon. St. Lambert is a rectory, and its circumstances are quite satisfactory. On the other hand, Mascouche, New Glasgow, Rawdon and Kildare, each with several outposts and churches, some of them with but few persons of our communion to whom to minister, are struggling. Kildare has a small local endowment. Sorel, being endowed, survives with a very small congregation. Longueuil does not grow as I should wish. Berthier and the school help each other. The parish, but not the school, is endowed. Coteau du Lac is also endowed, but has few English speaking residents. The Indian village of St. Francis is also failing from migration. The mission of Sabrevois is suffering in consequence of the removal of the college to Montreal. St. Vincent de Paul consists simply of the Church of England convicts in the penitentiary, who are ministered to by a chaplain.

the few English-speaking residents. The rectories are well off; each has an endowment, and the prospects of the deanery very favorable. There is little room for expansion, the Church members being settled on the land, educated, and in good circumstances. Bedford provides for a mission as well as for the parish church. Dunham possesses the great advantage of a Church Ladies' school, which is prospering and doing good and useful work. The parish provides services for two outlying missions. From the rector of Cowansville, honorary secretary of Dunham Ladies' College, I have received a most encouraging report. He speaks of steady progressive success in the financial standing of the school; and still better, in the amount and quality of instruction given and received. Consequently, there is found great improvement in the general tone of the establishment, as well as in the bearing of the pupils. The committee, principal and professor of the college, deserve our best thanks; and we heartily and reverently give God the praise and glory. Let us by no means relax our efforts on behalf of this most useful institution. Philipsburg and Stanbridge East have each a mission, with a church attached, and are making good progress.

### BURAL DEANERY OF BROME.

"In the Deanery of Brome the two rectories, Knowlton and Sutton, are in all respects satisfactory. There are three out-stations in each, with one church building in each, showing hearty and unselfish work. Of the Synod missions, Bolton is doing fairly well. It has three church buildings, though one of them may have to be closed, in consequence of the migration of the people. Brome and Eastman each show a good record with its out-stations. Glen Sutton, with its out-stations, prospers. Iron Hill, which includes West Brome and Bondville with a church in each place, is doing well. Potton and Adamsville, on the other hand, each is rather retrograding, though there is no sufficient reason for their condition.

#### RURAL DEANERY OF CLARENDON.

"The Deanery of Clarendon is in a very satisfactory position. There are three rectories—Shawville (with a very small endowment), Aylmer and Hull, each with a respectable amount of endowment. They are all doing well. Shawville has two outside churches, besides other stations, in one of which another church is being built. Aylmer has an out-station. I was enabled, through the information of the rural dean, to say, 'no church in the deanery has any debt on the building.' Each mission has at least one church; some have two, and some three. I am very pleased to add that Portage du Fort,

by its own voluntary act, becomes self-supporting; thus entering in 1900 on the status of a rectory. I feel sure that God will grant the parish increased blessing. There is still room for expansion in this part of the diocese, and I would be glad to have three additional men engaged in this work. The outlying post of the 'Desert,' nearly 100 miles north of Hull, from which the shantfes are visited in the winter, and where the men employed in the lumber business are ministered to in their journeys to and fro, is fulfilling an important mission.

#### RURAL DEANERY OF IBERVILLE.

"The Deanery of Iberville brings us back to the older Church stations, and we meet again the difficulties attendant on the migration of the English-speaking people. There are seven rectories. Chambly and Christieville, both partly endowed, stand still for lack of people to form congregations; but Clarenceville, Huntingdon and Lacolle (having a small endowment) are in much better case and prospering. The same may be said of Ormstown and St. Johns, with out-stations. Of the mission stations, Valleyfield, though a new mission, takes the lead, owing to the presence and liberality of the officers and hands of the Montreal Cotton Company, and should soon reach self-support. Edwardstown stands still, being in part, gradually absorbed by French-speaking people. Good work is still done in Hemmingford, though two out of its four churches are falling into decay, for lack of English-speaking people. Very little is possible at Sabrevois.

#### RURAL DEANERY OF SHEFFORD.

"Shefford is also one of the older deaneries. The two rectories, Waterloo and Granby, are quite prosperous, being in towns where are factories and a lively business. The mission districts are not thriving, owing mainly to migration. North Shefford with South Roxton and Warden, is in fair condition. West Shefford perhaps holds its own.

#### RURAL DEANERY OF ST. ANDREW'S.

"The deanery of St. Andrew's has three rectories, Vaudreuil, which is quite successful; Grenville, which prospers, and St. Andrew's, which is but struggling. Vaudreuil and Grenville have each a prosperous out-station with a church building. In the mission of Arundel there are five outposts, and in Buckingham, two. There is marked progress. There is good progress in Lachute, with one outpost, having a church building, and North Gore, with two outposts. Mille Isles, with Morin, is but struggling. Papineauville, with its three outposts, suffers from migration; but Portland, with one outpost, is progressing.

#### SOME OBSERVATIONS.

"I have thus touched upon the outward aspect of the diocese as it presented itself to my mind during the visitation of the past year, I may now proceed to make some brief remarks on the subject that have occurred to me from time to time. admitted that a mission, especially a weak mission, depends mainly under God, on the character of the missionary, for its expansion and success. He must be zealous, energetic, having tact, showing at the same time the fruit of the spirit, love, joy, peace, long-suffering, gentleness, goodness, faith, meekness, tempérance; he must be much in prayer, he must shine as a light in a dark place; he must thus gain the love and respect of the people to whom he ministers. Then he will not want to part with them; they will not want to lose him. He will be a moral and religious centre, recognized as such from the oldest to the youngest. That all our men desire to reach the standard of the Apostle and that more come near to that standard than many people suppose, is, I think, quite true. Those who live in the city seldom meet our missionaries under circumstances which allow the perception of those qualities, which most commend them to their own parishioners. There is one thing required by Synod, which comes hard upon our missionaries, the raising of money for personal services. We know that it is right and necessary that the people should contribute to the maintenance of the ministry, and we know that something has been done, and more attempted, to relieve the missionaries of this invidious duty; but it puts the pastor in a wrong light, when he has to plead on his own behalf. I do not say that this cannot be done; there are men so exceptionally gifted that they can meet even this difficulty, without losing influence or dignity. Nevertheless, we must in each and every case, look to the richer and larger churches, especially in the city, to help the country missions, and the outlying and poorer districts of the city. And you must have perceived that such thought for others and such ministration to their spiritual necessities is fraught with blessing to those to whom God has given the power and will to help for Christ's sake. You must have observed that those churches which have been most self-denying in planting offshoots, in promoting all mission work, have been in themselves most blessed of God, have had their spiritual life quickened, and their spiritual prosperity assured. You must have observed that, however at times straitened, the churches that were faithful to mission claims found their own internal strength increased.

separate congregations; our expenditure, ought not to exceed our income; and it need not, and will not, if you will only, with prayer, consider the ground of the command, 'freely ye have received, freely give,' if you will only remember the free and full salvation, the gift of God through the sacrifices of the Lord Jesus. Circumstances, however, may require an exceptional conduct of our affairs. Shall we close the door in the face of men, women and children seeking the higher things of the kingdom of God, because they have not the means to provide for the messenger of God, and we are somewhat straitened in means? God forbid! We dare not! Who shall say whereunto the word of the messenger may grow. But sure we are that if isolated communities are left without spiritual instruction, without the education of the moral and religious faculties, those faculties which are as capable of receiving instruction as any other faculties of the human being; those communities will in time have bitter experience of the works of the flesh summed up by St. Paul, 'adultery, fornication, uncleanness, lasciviousness, idolatry, witchcraft, hatred, variances, emulations, wrath, strife, seditions, heresies, envyings, murders, drunkenness, revellings and such like.' We dare not close the door against the cry of the spiritually destitute. And yet what are we to do? We must appeal to you, so highly favored of God, that ye open your hand wide at the cry of the spiritually poor.

"There is another view of this matter that it is time to consider, the condition of those English-speaking missions, which are suffering from migration, leaving but few members of the Church in certain localities. They must not be left as sheep without a shepherd. I commend this to the attention of the executive committee. Amalgamation may be possible, in some instances, as a partial remedy. In other instances a "travelling missionary," with carefully defined limits, might meet the difficulty.

#### IMPROVEMENT NOTED.

"In closing this part of my review, I think I may with some hesitation, add that I have discerned an improvement on the part of the country missions in the carrying out of what is known as the 'mission fund plan.' If the plan be a right one, as I think it is, with a little more patience, with continued explanation and increasing encouragement, the missions, the missionaries and the executive committee, will rejoice together, never losing sight of this truth: that for progress, for stability, for true strength, (spiritual and temporal), there must be the aim at self-support, and the effort for its attainment, with the help of God, at the same time hating that selfishness which would refuse help to others.

"I desire to call your attention to the culpable remissness of some of the clergy in failing to have elected delegates to this Synod at the proper time. I am informed that thirty four parishes or congregations, affecting 108 delegates to Synod, failed to send in certificates to the lay secretary of Synod within fifteen days of such election, as required by the constitution. The secretary of Synod had to send a special notification so late as November, and even to repeat, in some cases, this notification, to avoid depriving the parishes of their representatives. The clergy have no right to impose this tax upon the Synod office, nor risk disfranchising the parishes. I trust that where possible, the elections will be held at the Easter Vestry meeting, and the certificates transmitted to the lay secretary of Synod within fifteen days after such election.

"In this year's visitation, 120 congregations have received ministrations, when 76 confirmations were held, and 811 persons—330 male and 481 female—were confirmed. At Rawdon an additional portion of ground, and at Bristol a private lot, were consecrated. At Valleyfield, St. Mark's church was opened. At Buckingham, the Dean laid the cornerstone of the new church, and at Beauharnois, Trinity church was consecrated. Two ordinations were held, when two were made deacons, and three were admitted to the order of priesthood.

"That I may not lengthen out my charge, and subject the Synod to repetition, I shall merely draw your attention to the various societies and associations at work in the diocese. Their reports, which will be submitted, will lay before you in detail the operations of the year.

#### THEOLOGICAL COLLEGE.

"I must first, however, speak of the Diocesan Thelogical College, I learn from the reverend the principal, that the progress made in 1899 (last year), was very gratifying and satisfactory; ten students have been added to the twenty on the roll, and three scholarships, each for two years, worth \$200 each, have been announced as open to competition, under wise and liberal conditions. I think the clergy should bring these scholarships to the notice of churchmen in the country, as well as city parishes, for the encouragement of young men who feel themselves called to the ministry. It is a thing worthy of note that all our theological students, at the present time, are either graduates, undergraduates of McGill, or are preparing for matriculation. The college has now a complete staff of professors, whose great aim is to raise the standard of learning, while they strive to maintain, at their highest, piety, purity and simplicity of character. We should be greatly pleased if a

considerable addition were made to our library. This, in a measure, could be effected if an arrangement could be made whereby the books in the Synod library were transfered to the College library. The college library is open to all the clergy of the diocese, and the free use of the books would be very gratifying. The college magazine, now under the charge of the principal, is useful, as affording practice and experience to the young men, and conveying information to the members of the Church. It should be supported by the clergy and their congregations. The principal and his staff have taken charge of the missions at St. Hyacinthe, St. Jerome, Coteau du Lac, and Amherst Park. This is very helpful, and deserves our warm recognition. I think that the members of the Church should subscribe much more freely and generally to the college. It would be a wise and worthy act and is imperatively needed. I trust you will do your utmost in this behalf. It is a claim in which the whole diocese, and beyond the diocese, is deeply interested.

#### THE CHURCH HOME.

"The Church Home is in a very satisfactory condition, and doing useful, benevolent work. The Robert Jones Convalescent Home is admirably conducted, and has been a great blessing to many who have enjoyed its recuperative position; but it has been the cause of much anxiety and care on account of its finances. Its closing would be a loss to the works of mercy by the Church. The Andrews Home has accomplished a most satisfactory work during the past year. The efficers and committee, have carefully managed its affairs. The institution is conducted with great economy, without imparing its general usefulness, and I anticipate in the immediate future visible effects most beneficial not only to the Church, but for the country at large; encouraging, as it does, immigration into Canada of the best and most valuable class of settlers.

"You will find by the report of the Woman's Auxiliary that it is still increasing in activity and usefulness. The missionaries of the diocese, of the Dominion, and of the foreign field are receiving at its hands substantial aid and comfort. It is a great strength to the Church. The Prisoners' Aid Association is redoubling its energies, having lately engaged the services of a lady to visit and watch over the inmates of the jail for females, in addition to its other duties. The Girls' Friendly Society, the Young Men's and Young Women's Christian Associations, and the Temperance Societies, The King's Daughters and many other associations unite in striving to counteract the aggressive work of the evil one, and strengthen the efforts of the Church. May God bless them.

"Of the French mission work, I may say-that its prospects are brightening through the blessing of God upon the zealous care of our honorary secretary. Principal Lariviere, with his staff, is devoted to his duties. The ladies' committee have added greatly to the comfort and efficiency of the building, amongst other things, having put in a gymnasium. The Rev. H. E. Benoit, sent to England to solicit funds to remove the debt, has been so successful as greatly to reduce its amount. We shall welcome Mr. Benoit's return to the mission work in connection with the Eglise du Redempteur. Whilst we give God all the glory, I feel that Mr. Benoit deserves the warmest thanks of the French mission. I confirmed seven persons in the church last May.

#### THE MISSION FUND.

"I must now glance at our Church funds. The mission fund, except in the case of a few of the congregations where liberality abounds, has not benefited by the general prosperity of the country. I see no improvement. I have nothing to add to my appeal of last year on behalf of the Widows' and Orphans' Fund, and there is no improvement in the Superannuation Fund. They are each pretty well on the footing of a year ago. They still require your active interest, support and attention.

"We have received a bequest of \$150, less tax, for the Widows' and Orphans' Fund, from the executors of the will of the late Thomas Elliott, Esq., of Shawville. Mr. Elliott was a true and faithful member of the Church. As a Church, we are indebted to the Elliott family for more than money, although the fact should be noted, that the sum now acknowledged on behalf of the Widows' and Orphans' Fund is the fruit of industry and labor, and not a gift out of boundless wealth. But more than this, two sons have been sent from the parental homestead to be partakers with us in the ministry of the Word. 'May the spirit of God move others to follow this good example, and devote themselves and their gifts to the sacred work, not because they are actually rich in the things of this world, but because they are moved thereto by love for the Lord Jesus.

#### A WORTHY TRIBUTE.

"A great and good man has passed from among us since we last met. Those who were privileged to know Sir J. William Dawson, and to note, through the forty years of his residence in Montreal, his wonderful power of organization and administration, the patience, meekness and forgetfulness of self of his character, together with his right judgment and tenacity of purpose, those persons will, I think, be ready to acknowledge that an exceptionally gifted leader and teacher of men, guided the English education of this province for nearly half a century.

"His work is in McGill University, in the Protestant public schools of Quebec, in scientific societies and valuable museums, all over the learned world, to testify to his great achievements, and a heavy responsibility rests on those who follow him to see that what he accomplished does not suffer loss in his death, but goes forward to extended usefulness and further progress. To omit mention in this Church Synod, met for ecclesiastical conference, of Sir William's great merits as a scientist and instructor, would be to do him less than justice. Yet, as a Christian bishop, speaking to a Christian Synod, I desire to lay most stress upon the purity, truth and strength of his Christian character, manifested not only in his books, but also by identifying himself with every religious and philanthropic effort to benefit mankind, as for example, the Bible Society, of which he was for so many years president in this province. Belonging, as he did, to a sister communion from conviction, as well as from birth and education, we may yet claim him for the whole Church of Christ. His character was formed on the pattern of Christ, as laid down for our learning in the Holy Scriptures, and as far as human nature may, he followed it consistently from youth to mature old age. His Christianity was part of himself, rendering all his work unselfish, pure and elevated. He saw and worshipped God in His creation, as well as in His word and set forth the same in his writings, his teachings, and in his daily life. With one hand, so to speak, he sustained the science of the day, and with the other the unchangeableness of the Divine will and power and word. "He has entered into rest, full of years, full of honors, full of blessings—the blessedness of those who die in the Lord and whose works do follow them.'

"In the death of Mrs. Norton, the respected and beloved wife of the rector of Christ Church Cathedral, her family and friends, and the Church have lost a most valuable and affectionate member of the Church, and of society. Notwithstanding feeble health, she was always willing to spend and be spent for the members of the church to whom her husband ministered, and even to extend her interest and energies to missionary efforts, in which the ladies of the congregation, meeting and working under her general superintendency, have been eminently successful, making many hearts in distant places rejoice. We will, I am sure, unite in expression of our sincere and deep sympathy with her mourning family, as well as our appreciation of her gentle, unselfish character, and the Christian fortitude and resignation with which through the presence of her Lord, she bore her long and painful illness.

DIOCESE'S JUBILEE.

"I remind the members of Synod lay and clerical that A.D. 1900 brings us to the jubilee year of this diocese. Fifty years ago the Right Rev. Francis Fulford, was consecrated bishop, in England, and appointed to the bishopric of Montreal, an appointment which proved to be for our great advantage and advancement, as well in things temporal as spiritual. A wise and good man, with great talent for organization and administration, Bishop Fulford devoted himself to the extension of the Church and to the institution of this Diocesan Synod. Ten years later, being appointed Metropolitan of Canada, with Montreal as the metropolitan see, he performed the same good offices for the ecclesiastical province, and gave equal thought and care to the formation of our provincial Synod. Some steps should certainly be taken to mark suitably this jubilee year, and set it apart for special prayer and thanksgiving; and we shall be grateful for thoughtful suggestions in this behalf, that there may be unity of action as well as oneness of intention. For the observance of such seasons, there is full Scriptural warrant and example. They were kept as times of rejoicing, but there was a distinct understanding that they were times of rejoicing before the Lord; times in which to recall and make mention of mercies vouchsafed and prosperities enjoyed; times in which there was diligent cultivation of grateful, affectionate and benevolent feelings towards God and man.

#### THE SOUTH AFRICAN WAR.

"There is a subject pressing heavily on each heart, upon which I must touch in closing. It has been, and is difficult for many of us to understand how we came under the burden of this awful war. A war between European Christians, in a land full of uncivilized, savage Africans. The Orange Free State had no quarrel with England, and it did not seem probable that the Transvaal would reject the reasonable and very moderate proposals of the Colonial Office for the adjustment of the difference between Her Majesty's subjects in the Transvaal and the autocratic president of the so-called repub-Light upon the dark matter seems dawning slowly and by degrees. We now know, that under the pretence of the fear of English oppression, the Boers of South Africa have for ten years or more been acquiring foreign guns, and hiring mercenary soldiers, in order to invade English colonies from the Zambesi to Cape Town. It is too soon at present to say what the end will be. The situation is found to be much more serious than was at first anticipated. (Renewed applause.) Boer policy in taxation and oppression for Europeans; hard work in slavery for the black man. Kaffirs in the colonies are British subjects, with as much right to British protection as the white man. (Loud applause.) Cost what it may in men and money, the quarrel must now be fought to its issue. (Continued applause.) England cannot yield to the enemy. We are fighting not for mere victory, not for bare glory; we are fighting for freedom, justice, law, civilization; we are fighting in a quarrel which has been forced upon us, and you know how in that case, we ought to carry ourselves. We grieve for our aged Queen, whose beneficent and enlightened reign seems closing in strife and bloodshed, and we humbly and devoutly pray, that she may live to see peace restored, and her arms victorious in her most just and righteous cause. (Prolonged applause.)

#### IN CONCLUSION.

"In closing, I would move you to gratitude and humble thanksgiving to our gracious Father, by telling you that I believe I perceive
throughout the diocese a higher spiritual tone, a more general pressing toward the mark for the prize of the high calling of God in
Christ Jesus. And why should not this be visible? Year after
year, for many years, there has been special preparation, (by prayer,
by preaching of the word, through confirmations taught by the Holy
Spirit, by earnest seeking to God), for Holy Communion in the body
and blood of Christ, that we may meet together as one body in
Christ at each yearly visitation. Surely when God has given His
express promise that He will grant His Holy Spirit to them that
ask, we ought to look for the fruit of the spirit, and rejoice in the
manifestations of the presence of God.

"Now, the God of peace that brought again from the dead our Lord Jesus, that great Shepherd of the sheep, through the blood of the everlasting covenant, make you perfect in every good work to do His will, working in you that which is well pleasing in His sight, through Jesus Christ, to whom be glory for ever and ever. On motion, the Rev. Dr. Allnatt, of Lennoxville, was invited to a seat on the floor of the House.

It was ordered that at the close of the routine business, Dr. Allnatt be invited to present the reports of Bishop's College.

Reports of committees were handed in, and notices of motion for their adoption were given as follows:—

By Canon Davidson, on Marriage Laws.

By Rev. R. Hewton, for services for communicants, etc.

Notices of motion were given for the following resolutions, by Rev. R. Hewton, re General Synod; by Rev. J. F. Renaud, re Archdeacon Lindsay; by Rev. Canon Davidson, re rule of order, No. 5; by Rev. E. P. Judge, re stipends of clergy; by Rev. Principal Hackett, re mission fund plan; by Dr. Davidson, re college library.

It was moved by Rev. Canon Davidson, seconded by Rev. Rural Dean Nye: That the Synod recalling to mind the weighty references on the subject by the Chief Pastor, in his charge to the Synod at the preceding session, and further the fact that the Canon for deaconesses has long been found on the pages of the "Constitution and Canons, etc." (p. 40), expresses the hope that responsive action may be reached this year:

(1) In the setting apart through individual devotion and consecration of some of our earnest godly women to an office alike primitive, scriptural and practical.

(2) In the drawing attention of persons of means (women or men) to the great need and desideratum of a house or home where might centre, and whence might emanate and expand, direct renewal of the godly ministrations of women, such as surrounded our Divine Master's person, and attended the inspired and primitive promulgators of the Gospel.

Davidson: That this Synod sincerely regrets the enforced resignation of the Rev. Canon Adams, D.D., as Principal of the University of Bishop's College, Lennoxville. The success of Canon Adams, as the head of the University, and in the general work of the Church, is too well known to be enlarged upon. The Synod can alone place on record its sorrow that such a brilliant career in the wide field of education should have been brought (it hopes) to a temporary close by the illness of the esteemed Principal. The Synod earnestly prays that in God's good time, the Rev. Canon Adams may be restored to health and activity.—Carried unanimously.

It was moved by Rev. Canon Davidson, seconded by Rev. W. P. Chambers: That, in the judgment of this Synod, the discriminations in the Church Temporalities Act of this Province, excluding women of the Church from membership in the Vestries of this Diocese, should be repealed, to which end the officers of the Synod are hereby instructed to take needful action before the Legislature of this Province for the earliest possible removal of the disability imposed in the existing Act.

# APPENDIX

At the May meeting it was decided that the grant be continued and stipend paid at the present rate until next meeting of the Executive Committee. A similar minute was adopted at the meeting held in September.

Sault au Recollet-Grant of, \$100 (one hundred dollars) was made

for 1899.

Sabrevois-Grant of \$100 (one hundred dollars) was made for 1899.

The Executive Committee voted the sum of \$500 (five hundred dollars) to the Lord Bishop, to enable him to station a missionary at Fort Coulonge or its vicinity, to minister to the spiritual wants of the members of the Church of England in the townships of Mansfield, Pontefract, Waltham, Upper Lichfield, Allumette Island, and other townships not now reached by any missionary of our Church. The amount still remains at the call of the Bishop.

#### SECRETARY.

The following resolution was adopted by the Executive Committee

at its meeting in February:

"Resolved,—That the Rev. J. G. Baylis be appointed Secretary of the Executive Committee of this Diocese. That in view of the hope expressed by the Synod that some arrangement might be made that would secure the benefit of the experience and knowledge of the Rev. Canon Empson in the conducting of the business of the Committee, it is desirable that,

in addition to his duties as Secretary of the Synod, that gentleman be requested to act in an advisory capacity to the incoming secretary, in addition to the duties incident to the Secretaryship of the Synod-preparing minutes for publication, etc. That the amount paid for the whole work be now divided—the sum of \$700 (seven hundred dollars), with

house and other considerations of heating, etc., be paid to the Rev. J. G. Baylis, who will have the financial responsibility, and the sum of \$300 (three hundred dollars) to Canon Empson; the arrangement to take effect

from January 1st, 1899."

# CHARTERED ACCOUNTANT.

The services of Mr. George Durnford, chartered accountant, have been secured to audit the accounts and to advise with reference thereto-

The following is his report:

"GENTLEMEN. I beg to report that I have completed the audit of the ooks of the Synod for the year ending 31st December, 1898, and present balance-sheet of same, together with report of the annual proceedings, to the financial statement of which I have appended my signature.

"I also inclose verifications of the current mortgages from the mortgagors, and have personally verified the Frelighsburg debentures.

"I find that in collecting the rents the practice has been to receipt the Agent's book. I would recommend that in future statements be rendered of the rents collected, and that the ordinary Synod form of receipt be given for the money received. With this exception, which is merely a detail, I have found counterfoils for all moneys received, and vouchers for expenditures, and have pleasure in stating that the books have been kept with exceeding accuracy and care, reflecting credit on the Secretary's department.

"With some condensations, I think the work of the Secretary might be materially lightened and simplified.

"I would advise that all moneys due to the Synod be paid in full, and that cheques be issued for contra accounts or commissions.

"Respectfully submitted.

"G. DURNFORD, C. A.

Audited and verifled.

MONTBEAL, 30th June, 1899.

G. DURNFORD, C. A.

In connection with the Auditor's report, the Auditors appointed by the Synod at its last session have made the following statement:

Montreal, 24th November, 1899.

Rev. J. G. Baylis, B.D., Secretary.

Dear Sir,—Having read the report of the chartered accountant, Mr. George Durnford, dated 30th June, 1899, and his balance-sheet presented to the Executive Committee of the Synod of Montreal, and also having seen the amounts as checked by him, we append our signatures, believing the accounts to be correct.

E. P. HANNAFORD, Auditors.

At the February meeting of the Committee the Bishop appointed Mr. Richard White to be a member of the Executive Committee in place of Mr. Chipman, resigned.

At the meeting held in September the following resolution was

adopted:

"Resolved,—That the Committee desires, in a spirit of sincere affecttion, to congratulate His Lordship, the Bishop, on having reached his 84th year, and to assure him of their devotion to him as 'our beloved Father in God,' and to pray God that he may long be spared to rule over a diocese whose experience of his wise administration and devoted zeal cannot easily be described."

At the meeting held in November the following resolution was

adopted,

"Resolved,—That this Committee desires to congratulate the Chancellor of the Diocese on having attained his 78th birthday, and to express the hope that God may spare him for many years to come to aid the diocese by his wise counsels, which he has always been so ready to give to all who require them."

# AYLMER STREET BUILDING.

By arrangements between the Executive Committee and the executors of the will of the late Mr. Shelton, the whole of the Shelton property, under the will, it is expected, will be handed over to the Synod of the Diocese of Montreal.

The state of the buildings on Aylmer and Berthelet streets, belonging to the Shelton property, was such as to decide the Committee to have them pulled down; and. after mature consideration, to erect in their place a block of six dwellings, in flats. The block is fast approaching completion, and will when tenanted, yield a fair revenue. The value of the property, including the land, will be about \$18,500,—\$13,212, the cost of the building, stands at present as an investment for Sustentation capital funds.

#### BOSCOBEL AND NORTH ELY-

The insurance of all the Church property is always punctually paid. The two churches and the church horse sheds continue in good repair, but both churches need repainting. The parsonage, particularly on the south side, needs reshingling. The carriage shed, stable and barn are, upon the whole, in a very unsatisfactory

\$8,150 00

state; however, I am of opinion that in the course of next year, probably in the early part of next summer, a new barn, stable and carriage shed will be built. We have on hand for this purpose \$60, which, there is reason to believe, will be augmented during the

Two very dilapidated glebe-land fences have been removed, one a frontage fence, and two neat and substantial fences have been substituted, at a cost of \$15.

The Mission Endowment still continues to be \$200; but the interest on \$100 due from the Boscobel congregation is often left unpaid. although in all other financial respects it merits great commendation. The other \$100 having been invested in the Synod by the North Ely Vestry, as a matter of course does away with all uncertainty in regard to annual payment of interest. The North Ely new organ balance debt has been defrayed.

At a meeting of the Executive Committee, held 11th January, 1900, the following resolutions were adopted:—

Resolved,—"That, in view of the applications for new grants from the Mission Fund from time to time, the Executive Committee would recommend that the scale of the Canon and Mission Fund plan—of \$500, \$600 and \$700 for the income of our missionary clergy—be followed in making the grants for 1900, provided no grant be made exceeding \$400, and provided the Executive Committee are satisfied that any mission in question is contributing all it is able to do towards the clergyman's stipend."

Resolution, calling upon the Mission of Ahuntsic and Outrement to send in its application to the Committee, in the Ordinary Form, for grant for another year.

Resolution, placing \$300 at the disposal of the Bishop for mission work in the Hochelaga district.

# REPORTS OF COMMITTEES.

### REPORT ON "THE BETTER OBSERVANCE OF THE LORD'S DAY."

Your Committee, in presenting their annual report to Synod on "The Better Observance of the Lord's Day," are guided by the Master's own words. (Luke xxii. 38): "For the things concerning Me, have an end."

And very significant, very suggestive, and very solemn is that end, reaching backward in its origin to the Creation, and reaching forward, in its results, to the limitless ages of Eternity. And proportionably arduous is the task imposed upon your Committee, in their retrospect and annual Synod report, since it embraces a review of a subject, now for many years annually handled; and Sabbath Desecration protested against, in all its varied forms, whether by steamboat, rail or city car travel, by enforced labour, by theatricals, or by private amusements.

Not only this year, for twelve short months, but also for a century, and a century of marvellous progress in art, science and literature; specially in those previously hidden powers of nature, steam and electricity, annihilating space, bringing the remote to be near, throwing light upon darkness, with indications of still further undeveloped powers, such as the beneficent and useful X-ray light discovery.

Then, looking in quite another direction, from the material to the moral; as, for example, to the Zionist movement to old prophetic days: who can say to what this now grain of mustard seed movement may ultimately grow? But even thus far the by gone century is to be numbered among the most wonderful of all the centuries which have preceded it.

Ages past, and the Rest Day of Creation was again emphasized by God Himself to His ancient people in the ten words, which He spake to them at Sinai, by the significant word "Remember," prefixed to the Fourth Commandment in the Decalegue. Ages again flew by, when amid the choir of angels, our elder brethren, singing "Glory to God in the Highest, peace and good-will towards men," "The Lord's Day" was born, heralding the Advent of the God-Man, of the Great Deliverer, for whose Second Advent we all are now waiting, assured that His word will then find a more full accomplishment; "For the things concerning Me, have an end."

How far, or how near, that end may be, we know not, beyond the Master's own warning admonition, that it will be as the lightning's flash, "in such an hour as we think not;" that it will be as in the days of Noah and of Lot, when they were marrying and giving in marriage, planting and building, eating and drinking, immersed in the ordinary affairs of life.

In the Lord's Prayer, the petitions, "Thy kingdom come, Thy will be done on earth as it is done in heaven," show that the Christian's

only safe position is to be one of habitual readiness.

Your Committe, however, now close their report in the words, slightly altered, of the late Lord Tennyson, then Poet Laureate:—

"The year (the century) is gone, let it go;
Ring out the old, ring in the new;
Ring out the thousand years of wars,
Ring in the thousand years of peace;
Ring out the darkness of the land,
Ring in the Christ, the Christ that is to be."

# REPORT OF THE COMMITTEE UPON THE JUBILEE OF THE DIOCESE.

The Committee appointed at the last Session of Synod to take such action under the direction of the Bishop as might best secure the due and proper observance of the fiftieth anniversary of the creation of the Diocese of Montreal, beg to report:—

That your Committee recommends the following as means of due observance of an event of so great importance to this Diocese, viz.:

1. That a concise history of the formation and progress of the Diocese should be prepared and issued to the members of the Church, giving particulars (a) as to the Bishops thereof, (b) Clergy, (c) Parishes and Missions, (d) Churches, (e) Sunday-Schools, (f) Population, (g) Contributions; and to this end that two or more historiographers should be appointed to prepare such history; and they respectfully suggest as such historiographers the Rev. Canon Davidson, D.C.L., and the Rev. Canon Mussen, M.A., D.C.L., and the Ven. Archdeacon Naylor, M.A., to act in conjunction with the Lord Bishop of the Diocese.

(a) Celebration of Holy Communion at 9 a.m.; (b) special service for the Children of the Sunday-Schools in the City of Montreal at 3.30 p.m., or such hour as may be fixed; (c) a grand evening service at 7.30 p.m.; all which services the clergy of the diocese, together with Delegates and Churchwardens, shall be specially requested to attend.

3. That a conference of the Clergy should be held on the day preceding that appointed for the services, viz., the 17th October, 1900.

4. That an Evening Reception be held on the evening of the 17th day of October, to which the Bishops of adjacent dioceses and other prominent men in the Church, together with representatives from the Church in the United States, should be specially invited.

5. That an effort should be made to form a Restoration and Maintenance Fund for Christ Church Cathedral, assuming its cathedral

6. That for the purpose of carrying out these recommendations, or such of them as may be approved by the Synod, special committees be named by the Lord Bishop of the Diocese.

The whole respectfully submitted,

W. B. MONTREAL,

Montreal, 16th January, 1900.

REPORT OF THE COMMITTEE ON CHURCH PROVISION FOR THE LUMBER DISTRICTS.

1.—THE COULONGE RIVER DISTRICT.

There is a good opening for the formation of a permanent mission similar to that at River Desert, and your committee urge that the ground should be occupied as soon as a suitable missionary can be secured. It is becoming less and less possible for the clergy of the deanery to visit the shantles owing to the increasing demands upon their time in their own parishes.

## 2. THE RIVER DESERT MISSION.

The Rev. R. C. Brewer reports to the following effect :-River Desert Village. - Services held, 75; total attendance 1,436; average, 19. Holy Communion, total attendance, 134; average, 9. Sunday-School, total attendance, 485; average, 16; Teachers, 2. Mrs. Brewer is superintendent. Mrs. (Dr.) Mulligan is a faithful and efficient organist, and Mr. Ernest Corrigal has also greatly helped.

Mr. Foster Bennet, merchant of this place, presented the church with a handsome hanging lamp, a gift greatly appreciated. The church is one of the smallest, if not the smallest, in the Dominion of Canada. In the winter months the congregation is increased by depot clerks, strangers and shantymen.

The new lots on the hillside between River Desert and Maniwaki, have been paid for, and the congregation now possess a beautiful site for their new church, toward which there is already a fund amounting to \$200. The contribution of \$230 by the Christian women of River Desert, Maniwaki, and Montreal, is acknowledged. Our own church members in settlements and shanties have loyally kept up their payments to church and mission funds. The present mission property will become valuable when connection is made with Ottawa by rail.

Northfield is an important station from a church standpoint, and should be regularly served. Five services have been held, with an attendance of 117, and there are 10 regular communicants. Miss Hastey, of Northfield Farm, has a Sunday-school at home. The number of young people attached to this mission is encouraging to the missionary.

Mont Cerf is a small but growing outpost; 12 services were held, total attendance, 145. Mr. James Grant has a Sunday-school at his house. The Roman Catholic school authorities kindly lent their school house for services during the summer.

The Joseph River is a small community of church people, loyal, frontier farmers; 11 services have been held, total attendance, 130. There are 4 regular communicants.

The Castor.—This place is 25 miles north of River Desert, on the highway to the shanties of the Upper Gatineau. Three families reside here, church people; 7 services have been held, attendance, 117. The Baskatong Depot, 17 miles beyond, has been occasionally visited, as have also the Indian settlements around the Island Farm, Upper Gatineau.

The Tomasine District is N.W. of River Desert. Here Messrs. Gilmour and Hughson, and W. C. Edwards & Co. have great timber limits. In January last 12 shanties were visited, and 381 men met with. Services were held in French and English, and tracts, papers and Bibles, in both languages, were distributed. The men always welcome the Missionary, and the foremen and agents are courteous and considerate. The knowledge that some souls have found peace and hopefulness in the faith of the Saviour's love and atonement is a great encouragement to the missionary.

Our Lord in his day sent out his missionaries two and two. Can his Church do less to-day? Companionship in these journeys in the far north is almost a necessity. It is gratifying to know that Mr. Brewer's appeal last winter for a companion in his journeys has been responded to, and Mr. Ralph W. Hodgins, of Shawville, left on the 5th inst. to join Mr. Brewer in the trip which he is now making.

We in the populous centres of the diocese can hardly realize the loneliness of missionary work in such an outpost as this of River Desert. Mr. Brewer speaks of the encouragement he derived from the meeting of the Rural Deanery of Clarendon at River Desert last May, and from the visit of the Rev. Dr. Ker in October.

3. Your Committee tender their thanks to Mr. Geo. Hague for a gift of \$10 for the purchase of magic-lantern slides on the "Life of our Lord," to be used in work amongst the lumbermen, and they would also thank all who have assisted this work by gifts of books and papers, and contributions toward the new church and parsonage at River Desert, and they commend the whole work to the hearty support of the Church.

Respectfully submitted,

W. H. NAYLOR,

Convener.

# REPORT OF THE COUNCIL OF THE CHURCH OF ENGLAND TEMPERANCE SOCIETY.

The Council can only report that nothing unusual has been accomplished by the Church of England Temperance Society during the year.

There are many reasons why it is difficult to establish adult Societies in our parishes, but it is felt that junior branches might be established and maintained throughout the diocese with benefit to the young and much profit to the Church.

It is well to have it clearly understood that under the C.E.T.S., total abstinence associations pure and simple may be formed.

The second Sunday in December has been fixed upon as Temperance Sunday. This affords an admirable opportunity of bringing the claims of temperance before our people.

Each clergyman in charge of a parish was asked to inform the committee through its secretary whether the sermon was preached as requested. To this only 28 replies were received. So we cannot report that a Temperance Sermon was generally preached on the occasion referred to above. The evils of intemperance are so far-reaching and terrible, that the Church of England should do all in her power to enforce the catechetical admonition of keeping the body in temperance, soberness and chastity.

A Church with our history and influence should be foremost in

the battle for the right.

To the Synod of Montreal:

The Corporation of The Andrews Home respectfully submit their fourth annual report to the Synod of the Diocese of Montreal now in session.

According to charter, the annual meeting was held in the Board Room on the 25th day of January, 1899, when the Secretary reported the action of Synod in re-electing the members of the Corporation. At this meeting the Corporation elected the following gentlemen to be members of the House Committee:—Mr. A. F. Gault (chairman), Mr. F. Wolferstan Thomas (hon. treasurer), Ven. Archdeacon Evans, D.C.L., Rev. J. F. Renaud (secretary), Rev. A. French, M.A., Mr. Chas. Garth, Dr. L. H. Davidson, Major E. L. Bond, Mr. H. J Mudge.

During the year the Corporation met quarterly, and received monthly reports of the House Committee.

During the year the House Committee met every second Thursday in each month at 9.15 a.m., transacting the business of the institution and advising the Secretary in all matters connected with the Home and in the general interests of immigration work. The President, the Lord Bishop of the Diocese, has visited and personally inspected the Home and Office work from time to time during the year.

The Bishop nominated the following ladies to be visitors of the Home :- Mrs. Carmichael, Mrs. A. F. Gault, Mrs. L. H. Davidson, Mrs. E. L. Bond, Mrs. Redpath, Mrs. Garth Bulmer, Miss Mudge, Miss Bond, Mrs. Robert Lindsay, Mrs. Mercer.

The Corporation take this opportunity of acknowledging the punctual and efficient work cheerfully rendered by the members of the House Committee. It must be gratifying to the Synod to know that the Andrews Home since its foundation in 1895 has steadily gram in its usefulness and increasing helpfulness to the newly arrived, which fact the Corporation think the statistics for the year emphasise.

Our Secretary, the Rev. J. F. Renaud, is the appointed chaplain of the Society for the Promotion of Christian Knowledge, the Church Emigration Society, London and Liverpool Self-Help Emigration Society. We are in receipt of letters from the above societies shewing the importance of the work which we are carrying on.

It is a pleasure to welcome again the Rev. R. O. Greep, assistant secretary of the S.P.C.K. in Rev. J. Bridger's office, St. Nicholas Vestry, Liverpool, who came out last July with a party going through to the North-West, Mrs. Greep remaining in the Andrews Home till her husband's return. Both Mr. and Mrs. Greep expressed thmesives wen satisfied with the attention and care shewn by the Staff. Among other remarks left on record by Mr. Greep was this statement: "I have no hesitation in recommending this Home to all, young or married people, leaving England."

In August Mr. H. E. Scott (who is one of the secretaries of the venerable Societies for the Promotion of Christian Knowledge, Northumberland Avenue, London) with his wife arrived at the Home.

We make the following extract from our visitors' book:-" I had the great pleasure of passing two or three days at The Andrews Home and inspected all the arrangements for promoting the wellbeing of Immigrants who may come under its care. Everything in connection with the Institution appeared to me to be as satisfactory and as comfortable as could be expected or desired. Beside the above we have similar testimony from Miss Gertrude Gibbs, Visitor for Dr. Barnado's Homes; the Rev. E. L. King, St. Mary's Rectory, Virden, Man.; Miss Day, Calgary; the Rev. J. Waller, Missionary at Najano, Japan; the Rev. S. C. Armstrong, B.A., T.C.D., Rector of Templederry, Ireland, S.P.C.K. chaplain; the Rev. Ch. D. Hutton, rector of Standish, S.P.C.K. Chaplain; the Rev. Ch. L. Dundas, Vicar of Charminster, Dorset, and formerly Dean of Hobart, Tasmania, Australia, S.P.C.K. Chaplain; the Rev. F. M. Dean, M.A., Senior Curate of St. Paul's, Burslem, England; the Rev. Th. Hackett, of St. James Brae, Ireland; the Rey. F. W. Bennett, Assistant Curate of Parish Church, Rugby; the Rev. L. Klamborowski, Rector of Chedburgh, Suffolk, S.P.E.K. Chaplain; the Rev. W. Millington, Vicar of St. Paul's, Southport, and Rural Dean; the Rev. W. Griffith, Vicar of Leandervifail Hay, and of 67 Hampton Road, Southport, S.P.C.K. Chaplain; the Ven. Archdeacon Lofthouse, C.M.S., Churchill, Hudson Bay; Mrs. A. C. Lyman, the Misses Redpath, Eastbourne, England; Thomas A. Leigh, Esq., Liverpool, all of whom expressed themselves as most thankful for what the Church in Canada is doing to assist and welcome the newly arrived.

Beside our own Diocesan Clergy, who kindly assist in placing our lads, and when placed, care for them, we would note the assistance of Rev. G. A. Kuhring, of Toronto, and Rev. H. T. Leslie, of Winnipeg.

The Girls' Friendly Society continue to make use of the room assigned for the members of this Society who wish to occupy the apartment and benefit by special privileges accorded them at the Andrews Home, Miss Mudge, Secretary, carefully looking after their interests. A certain number have availed themeslves of the room for rest or when changing their situations.

Our Matron being from Bavaria, speaks German, and is also conversant with French and English. From her knowledge of her people, she is certain that many a German girl would be glad to emigrate to Canada if assisted. Part of the work has been the securing of berths on tourists' cars for individuals and parties en route to the North-West, Vancouver, etc. During the summer a good many of such parties have been cared for in this way, as well as procuring provisions, looking after baggage, exchanging tickets, etc. The inauguration of the Imperial Limited Express of the C.P.R. shortens the immigrants' journey on this route and saves money. During the past summer this train met at St. Martin's Junction all immigrants travelling by their line each day of the week. By this accommodation the immigrant did not require to come into the city, consequently our numbers have been by that means materially decreased.

The Grand Trunk System and the Canadian Pacific Railway authorities are most courteous and facilitate our work in every possible way.

We also acknowledge the valuable help rendered by the Dominion Government Immigration Agent, Mr. John Hoolahan, and his assistant, Mr. Alphonse Regimbal, in this city, and also the assistance given us by the Provincial Government Agency and their officers at Quebec.

Your Corporation is careful as to the class of immigrant whom it assists. The Andrews Home is not what is known in Canada as a house of refuge. We do not admit the tramp element. 1044 newly arrived individuals have been admitted to the Home during the past year, an increase of 206 over the previous year, while 2932 have passed through the Home. We had 1524 inmates, an average number of 21 daily boarders; 23,757 meals supplied, giving a daily average of 65. The greatest number of people in the Home on any one day was 71 on the 19th of April. All inmates, with a few exceptions, pay for their accommodation as required by the Board. Besides receiving and providing for the ordinary class of immigrant, the Home has also received and accommodated representatives of the clergy, military, legal and medical professions, the musician, electrician, also the governess and trained nurse. several brides elect entrusted to our care, and have forwarded these young persons on their way rejoicing.

The benefit of our Home was manifested on the sad occasion of the accident to the SS. "Scotsman," the doors of the Andrews Home being thrown open to any that wished to use it. We were enabled to provide and care for the immediate wants of a party of seven, among the number a little baby of 18 months, also the husband of the poor woman who was drowned, also the son of a Church of England clergyman. We have received from all acknowledgments of our kindness. It must be a comfort to absent friends to know that

our Chaplain in cases of sickness or sorrow is always ready to visit and comfort. There have been several cases of sudden and sad death at the hospitals and elsewhere, where he has visited and subsequently became responsible for necessary funeral expenses. We have endeavoured, in connection with out work, to carry out the Lord's injunction to befriend the stranger, visit the sick and minister to the wants of the dying and sorrowful.

In such varied work we wish to acknowledge the generosity of most of the city daily papers, the Star, the Witness and the Herald, the management of which have donated copies and inserted free of charge advertisements on behalf of our immigrants.

To Messrs. Lovell & Son we are indebted each year for the gift of their valuable city directory.

The Transatlantic lines, the Allan, Dominion, Beaver and Elder-Dempster, have all interested themselves in securing the comfort and care of immigrants coming through their several companies.

We have received several free-will offerings to the amount of \$12, beside fruit and vegetables, which bear testimony to the appreciation of inmates of the Home.

We thankfully acknowledge the grant of books amounting to £6 from the S. P. C. K., to form the nucleus of a Library for the Andrews Home, which are being read with pleasure by the inmates. The Corporation would thankfully receive gifts from others of books and literature for use in the Home.

St. George's Society, as in former years, has been most generous in assisting the sick or needy immigrant to return to the Old Land. Many a generous act and helpful deed has been extended towards the needy and distressed by this Society.

Your Board are glad to testify of careful management of the trust. Constant care and personal supervision have been exercised in the purchase of all necessary supplies.

The staff generally has given satisfaction. During the year the Janitor has not missed a single immigrant train, and the work both within the Home and outside has been efficiently carried on.

The accounts have been duly audited by a chartered accountant, Mr. George Creak, the total expenditure for the year being \$3983.66.

Latterly, through illness, the Board has been deprived of the counsel and assistance of their Honorary Treasurer, Mr. Wolferstan Thomas, whom they hope, please God, may yet be restored to health.

Our Secretary reported a pleasant and satisfactory visit to Quebec in the interest of immigration, when the Premier and several of the Ministers expressed themselves much interested in what has been done at the Andrews Home, and promised to facilitate our work by instructing their agents to notify Church of England Immigrants session.]

# REPORT OF COMMITTEE ON DOMESTIC AND FOREIGN MISSIONS.

1. Your Committee are thankful to report signs of increased missionary life and activity both in the diocese and throughout the ecclesiastical province of Eastern Canada as a whole. The diocesan offerings during the past year reached the total of:—

Domestic M	lissions			 		 \$2,061.41
Foreign Mi	ssions .		 • •	 ••	••	 1,302.09

\$3,363.50

- 2. It is believed that the returns are seriously lessened in amount, owing to the failure on the part of some earnest people to report their offerings to the Secretary of the Syned. It is earnestly to be desired that all missionary offerings, however designated, should be reported to the Synod office for the benefit of the whole Church.
- 3. While your Committee find much cause for thankfulness, they find nothing to boast of, but, on the contrary, the greatest need of an increased awakening to the urgent necessities of the mission field at home and abroad. The Provincial Board of Domestic and Foreign

kfulness, they eatest need of e mission field c and Foreign Missions has issued a special report for wide circulation appealing strongly for greater activity all along the line. Your Committee would quote from that report, and gravely commend to the serious consideration of all Christian Churchmen the following searching words:—

"Again and again fields of work have presented themselves; faithful, devoted men and women have offered themselves to occupy such fields and again and again such opportunities have been lost, because the power of the Board was limited by the insignificant missionary income placed at its disposal. Surely it is time for the whole Church (bishops, clergy and laity) to ask itself how long such a state of 'lost opportunities' shall be characteristic of the Canadian Church? And whether we should transfer into the opening century so close to us that pettiness of aim and paltriness of effort which honestly compels us to acknowledge is characteristic of the closing hours of the century about to die. . . . The Board is not, never has been, and with God's help never will be, a party board, using its means and influence for party purposes. Its one object is to save souls by the preaching of the Gospel of the Lord Jesus Christ and the extension of His Body the Church; to uplift the Cross of Christ, to work for the Master 'whilst it is day'-it has neither time, heart, nor inclination for anything that would enervate a holy passion for saving souls."

- 4. Your Committee beg to remind the Synod that the Canadian Church now stands alone in its responsibility for the maintenance of its missionaries in Japan; it has no longer the support of the S. P. G. It appeals, therefore, to the Canadian Church for \$20,000 in order that it may effectively carry on its foreign work.
- 5. In the Domestic Fields of Algoma and our great North-West, moreover, the gradual withdrawal of the English societies enforces the Board's urgent petition that another \$20,000 be sent in to strengthen its hands in ministering to the growing needs of this vast region.
- 6. Nor should we forget that the heathen and other foreigners are pressing in upon the inviting fields of our own fair Dominion. Opportunities abound on every side. We need not go beyond the seas to search for heathen. They have come of their own accord into our very midst. God's ancient people, Israel, too, are among us, and are numbered in our largest centres by thousands. And other foreigners, Christian in name, but really unenlightened, have a genuine claim upon our Christian sympathy. We may well remind ourselves that "our sufficiency is of God," lest we should shrink from facing our manifest duty in all these directions. The Holy Spirit can work wonders as mighty as even in the days of old,

through Christians honestly surrendered to do the will of God. Our brethren in other Christian bodies are setting us a noble example. Let us emulate them in holy rivalry that we may "provoke one another to love and good works." The end of the century is near, but the coming of the Lord may be nearer still. May He find us faithful and on the watch to meet Him with joy and not with shame.

G. OSBORNE TROOP, Secretary.

# REPORT OF SYNOD COMMITTEE ON DUNHAM LADIES' COLLEGE.

My Lord,-

The Synod Committee of Dunham Ladies' College beg to report that the work of the college has been carried on through the past year with unabated success.

The number of pupils who went up for the June examinations was restricted by the fact of many of the pupils taking only a partial course, yet fifteen of the number passed successfully, and one of the ex-pupils attending the McGill Normal School passed fifth in a very large class.

The closing exercises in June were of a most interesting character. The Bishop was present, and preached the convocation sermon, and Principal Hackett, D.C.L., and Miss C. Derrick, M.A., addressed the students. The gold medal was not bestowed, owing to the percentage of marks attained not being sufficiently high, but class and special prizes were given, besides the silver medals for first place in Prayer-Book and Church history subjects.

The institution from an educational standpoint, is self-sustaining, a surplus of about \$600 being reported at the end of the school year, as anticipated, but it is still practically without endowment of any kind. The ideal school cannot be attained without money, brains and executive management. Of the two latter the college does not seem in need, but only of money. Educationally, Dunham need be afraid of no competitor. The Inspector of Public Academies speaks in high commendation of the work done, but financially the College is weak and needs to be loyally sustained throughout the diocese, as it deserves to be, for we have a great college right at our doors not unreasonably demanding distinct recognition as one of the very first missionary agencies in the diocese. The college fabric must be sustained, and will before long have to be improved and enlarged. Gifts and bequests are urgently needed for this purpose.

As to the work of the first term since the opening in September last, we find 60 pupils enrolled, 33 of these being in residence, 8 in the AA class, 27 in I. and II. academy, 43 in the model classes, and 10 in the elementary. Of these, 29 pupils took instrumental music, 10 vocal music, 7 special drawing, 31 Latin, 2 Greek, 9 German and all in the regular course took French.

Forty-four pupils wrote at the Christmas examinations, twelve taking an average of between 70 and 80, two of between 80 and 85, and two of 87. Good results are therefore confidently looked for in June next.

When this institution comes to be recognized by those in whose interests it was conceived, and set on foot as the best, safest, wholesomest, healthiest, happiest, most womanly and (all things considered) the chespest place of education that a church girl could possibly attend, there will be no stint of patronage, no fear for its success, no delay in solid endowment.

The college is now receiving pupils from Cape Breton to Minnesota, from Vermont, Connecticut and New York, the majority coming from the Eastern Townships and Montreal.

Two of our clergy are sending their daughters, and there should be several bursaries established to enable more to do so, and also scholarships for open competition.

The teaching staff is an excellent one, and sufficiently full for more than present needs.

With the encouragement and endorsation that a Diocesan Synod might easily bestow on a college so deserving in every particular, with the enlisted active sympathy and co-operation of the whole Church, with an increased attendance and a generous share of the Lord's money to endow it, an enviable and specially bright future is in store for our "Diocesan School for Girls."

Asoto the financial standing at the close of this last term in December, an apparent debit balance of \$30 is properly recognized to mean a credit balance of \$300 on the work of the first term, certain accounts chargeable to the whole year's expenses having been discharged out of the assets of that term, so that by the end of the college year in June next it is confidently expected that there will, unless quite unforeseen adverse circumstances arise, be a balance of something like \$750 on the year's educational transactions.

All of which is respectfully submitted.

J. MACKINNON, Convener.

The Special Committee on Dunham Ladies' College beg to report that the results of the present year promise to exceed anything in the past history of the institution; but being still unable to report, as definitely as they could wish, upon the immediate question referred to them, again beg to report progress, and respectfully ask that the committee be continued to report at next session, and that the matter be also referred to the Executive Committee for report thereon.

> E. N. ROBINSON, Convener.

Montreal, 17 January, 1900.

# REPORT OF COMMITTEE ON EVANGELIZATION OF THE JEWS.

Your Committee beg to report that the Church of England, as such, is doing no work whatever on behalf of the evangelization of the several thousands of Jews resident in the City of Montreal.

Contributions to the general work of Jewish Evangelization are made annually in the diocese on Good Friday, but such sums are disposed of by English societies not actually carrying on their operations in Canada.

Your Committee are informed that the London Society for the Promotion of Christianity amongst the Jews is considering the question of the appointment of an active missionary to some central sphere in Canada; but as yet no definite conclusion has been reached.

An undenominational mission to the Jews in Montreal is being carried on under the supervision of the Rev. I. McCarter, which enjoys the confidence of some earnest people, but has to contend with singular indifference on the part of the Christian public generally, as well as with increasing opposition on the part of the Jews themselves.

Your Committe earnestly call the serious attention of the Synod to this report, and ask for direction with special reference to the Jews in Montreal.

G. OSBORNE TROOP.

Convener.

# REPORT OF COMMITTEE ON FRENCH WORK.

Your Committee on French work beg to report as follows: That the missions at the villages of Sabrevois and St. Francis being now on the same footing as the English missions, the missionaries at those places have sent their reports in the usual way, and there is no reason for a special reference by this committee. We are pleased to notice that the Society which is carrying on our French work in this city has met with great success during the past twelve months. Beside making needed improvements on their building on Chatham Street, it has been able to reduce its liabilities to the extent of \$5600.00. This reduction of financial indebtedness is largely due to the consecrated and untiring efforts of the Rev. H. Benoit, who has been engaged for the past year collecting in England. Mr. Benoit intends to return early in February, when he is expected to take charge of l'Eglise du Redempteur, and it is hoped that a fresh impetus will be given to the work in Canada.

The Sabrevois College is, as usual, doing its work most efficiently. Last spring one of its students matriculated in Arts at the University of Bishop's College. One of its former students took an exhibition at McGill University. At present there are 52 pupils, and the teaching staff consists of the Principal and two male and two female teachers. The college is now represented not only at Bishop's and McGill University, but also at the M.D.T.C. and at the Business College. Your Committee expresses the hope that the clergy of the Church ministering in any mission or parish, will interest themselves in the Sabrevois schools, and whenever they are aware of persons being unsettled in their faith, will use their best efforts to direct such to Sabrevois schools, where they will receive a good education, with special instruction in religion according to the teaching of the Church of England, at a very reasonable cost.

Your Committee is also glad to report that the Committee of the Colonial Church and School Society has seen fit to adopt, at least partly, the suggestions given to it, in our last year's report, and that it is asking this Synod to name or elect ten of its members, five clergymen and five laymen, to sit as members of the corresponding committee.

Your Committee, in view of constant attacks made upon the Church by the Roman Catholic clergy, and missions held for the conversion of our people to Romanism, would call the attention of the Synod to the necessity of carrying out the resolution presented by Dr. Davidson, and passed at the last session of the Synod, which suggests that special sermons should be preached and instructions given upon the position and claims of the Church of England; and further, your Committee would suggest that immediate action be taken by the Synod to provide that a mission be held in one of the principal churches of our city, in which sermons setting forth the position and teaching of the Church be addressed to Romanists by a man appointed by His Lordship the Bishop for that purpose.

The whole respectfully submitted,

D. LARIVIERE,

Convener.

REPORT OF THE COMMITTEE ON CARING FOR YOUNG CHURCH PEOPLE COMING TO MONTREAL.

My Lord,-

Your Committee, in presenting their report to Synod, wish to return public thanks to A. Johnson, LL.D., Vice-President of McGill University, for his continued interest in the students. Dr. Johnson has for many years furnished lists of the Church of England stu-

dents to the Very Rev. Dean Carmichael, who this year divided them according to place of residence with the clergy of the city nearest to them.

2. The Ven. Archdeacon Evans continues his lectures to as many of the pupil teachers of the Normal School as are members of the Church of England. This is a highly important work, and the careful training which he gives must result in great good to our Church in coming years. The Archdeacon notifies the clergy of the churches where the students claim to attend on Sunday, so that they may be visited by them.

3. The Chaplain of the Andrews Home, the Rev. J. F. Renaud, continues to render his careful, attentive and sympathetic ministrations to the strangers from the Mother country.

4 The report of the Rev. E. McManus shows that he is not only a city missionary, but that he also cares for strangers who come to the city for treatment in the General Hospital, Royal Victoria and the many other hospitals and institutions of the city. The work Mr. McManus does could not be so well and efficiently done by men who have so much to do as the clergy of the city of Montreal.

Your Committee would again most respectfully request their brethren of the clergy living in the country district to do their utmost to furnish letters to every young person and others coming to reside in the city of Montreal, or when they go to other cities or to the United States.

Your Committee recommend that when any of the said parishioners are removing to Montreal, unless they know the part of the city where they intend to reside, the letters had better be addressed to the Rev. E. McManus, 170 Elgin Street, who will be found to be one of the most methodical and painstaking of men, and who will scon find out the particular clergyman to whom the strangers should apply, and to whom he will introduce them.

Your Committee recommend that in addition to the letter given to the person removing, it would be well for the clergyman to send a copy of it or a post card with the address of the person to the Rev. Mr. McManus or to the clergyman to whom they have introduced their parishioner, because letters are very often given which are never presented to anyone unless some trouble causes their presentation, often years after they were given.

5. Your Committee would again suggest that the members of this House who may be members of the Provincial or General Synods, be instructed by this Synod to have the question of a system of printed inter-diocesan cards of introduction brought into use, by which members of the Church removing from one diocese to another may be similarly introduced.

#### REPORT OF COMMITTEE UPON SUPERANNUATION.

Your Committee beg to report that up to May 1st, 1899, 30 of the clergy are qualified to rank upon the fund through having complied with all the requirements of the canon; and 17 through having complied with the requirements of the canon under the special provisions of the canon as amended in 1884. Thirty-five of the clergy are disqualified up to May 1st, 1899, through being in arrears in the annual subscription to the fund, and 19 are disqualified to the same date both through being in arrears of subscriptions and through having failed to take up the required annual collections for the fund. Four of the clergy are already qualified up to May, 1900. The whole as per attached lists.

Those who are disqualified, by complying with the requirements of the fund before May 1st, 1900, can be placed on the list of those who are duly qualified to rank thereon.

While thankful to note a slight improvement in the accompanying lists as compared with the figures of previous years, they cannot feel that the showing is satisfactory so long as less than half the clergy of the diocese are disqualified to become beneficiaries of the fund should occasion arise.

# REPORT OF UNIVERSITY OF BISHOP'S COLLEGE, LENNOXVILLE.

415 0 To the Lord Bishop of Montreal and the Synod of that Diocese, for the year 1899, including portions of the academical years 1898-9 and 1899-1900.

My Lord Bishop and President of our Corporation, and Gentlemen of the Synod:

I have to lay before you a summary of the progress made by our college since the end of December, 1898, the period up to which my last report was carried.

The resignation of the office of Principal by Dr. Adams, received in November last is doubtless already known to everyone here pre-The circumstances which made it necessary, his enfeebled health and shattered powers, must be a matter of deep regrst to all who remember his untiring energy, ceaseless activity, his uniform kindliness and courtesy, his distinguished intellectual powers and

his devotion to the interests of the institution which he represented. The loss of his active and energetic presence, continually pressing those interests in all directions and among all classes, has been seriously felt, and no doubt will continue to be felt for a long time to come.

Notwithstanding disadvantageous circumstances, however, the work of the academical year 1898-9 in its various departments, was carried on without interruption, and with good results, as tested by the examinations, of which the final one was conducted in great part by outside examiners.

In the department of Arts, 12 students completed the prescribed course in one or other of its forms (Honour, Optional or Ordinary) and proceeded to the degree of B.A.

Of the divinity students, 4 presented themselves for the preliminary theological examination for Holy Orders conducted by the board of examiners under the canon of the Provincial Synod, and passed successfully, 3 in the first class, and the fourth within three marks of it.

"The other divinity students were examined by Professor Body, of the Theological Seminary, New York.

In addition to the regular and ordinary courses of our curriculum, we have been enabled during the past year to initiate a system of instruction in the art of teaching, with a view of qualifying students for the position of teachers of Academies in the province of Quebec, after taking their degree of B.A. in the University. scheme representing a course of over 50 lectures in this subject, of the same character as that which was approved by the Protestant Committee of the Council of Public Instruction for the University of McGill, was drawn up, and submitted to the Committee in February last for its approval, together with a proposal to secure supervised exercise in teaching in the academies of Lennoxville and Sherbrooke. The approval was readily granted; the lectures were duly delivered by members of the college and school staff, assisted by other experienced educationalists, including Mr. G. W. Parmelee, secretary to the Protestant Committee; and a class of seven students completed the course and qualified themselves thus far for the

Besides the twelve degrees of B.A. in course, to which reference has already been made, and which were conferred on the 29th June last, the following degrees were also conferred at the same time:—

D.D. (jure dignitatis), on the Lord Bishop of Niagara, who was university preacher on that occasion; and on the Very Rev. L. W. Williams, Dean of Quebec.

In addition to the above, the degrees of M.D., C.M., were conferred on six candidates, and that of D.D.S. upon five candidates, at the Convocation of the Faculty of Medicine on 11th April.

At the business meeting of Convocation on 28th June, John Hamilton, Esq., M.A., was unanimously elected to the office of Vice-Chancellor, made vacant by the resignation of the Rev. R. W. Norman, D.D., D.C.L.

FOR THE YEAR 1899-1900.

Our numbers during the opening term of the present academical year have been diminshed from various causes.

One of our most valued divinity students was taken from us in the midst of his course by a sudden death, being drowned in the Massawippi in June last. Three students have been prevented by serious illness from resuming their work thus far, and two others have been obliged to go home on sick leave. The total number of those upon whom we may probably reckon as likely to complete their year's course of study in divinity and arts is 48, of whom 25 are candidates for Holy Orders, 8 of the latter being divinity students.

With the current year we have, moreover, been enabled to make a new and important departure in the form of an additional professorship, that of English. In connection with this a new honour course has been instituted in English subjects, comprising Logic, Psychology, Political Economy, Moral Philosophy, History and English Literature. To facilitate entrance upon it, Convocation has decided that Greek shall no longer be compulsory (except in the case of candidates for Holy Orders) for matriculation or the B.A. course, a sufficient alternative in English subjects being provided. Mr. L. R. Holme, M.A., of Jesus College, Cambridge, whose efficiency in work of this character has been thoroughly tested, was appointed to the new Chair, and we have been enabled to secure Mr. G. Oswald Smith, an Oxford graduate in high honours, as assistant lecturer in this department, as well as in that of classics. The staff now consists of five professors and four lecturers.

On the 22nd of September, a special meeting of Convocation was held, at which the degree of D.C.L. (honoris causa) was conferred upon the Rev. Principal Shaw, of the Wesleyan College, Montreal, and upon Rev. Professor Cunningham, of Trinity College, Cambridge, the author of standard works on history in its relation to economics.

The death of Dr. Robert Hamilton, one of the two leading benefactors of this University, at the opening of the last academical year, was followed by the death of the other, the Hon. Senator Price, just before the opening of the present one. The loss in each case, I need not say, was a most serious blow to the College.

The proposition for a memorial to the former gentleman, in the form of architectural extension and improvements in the arts building of our University, has been acted upon, and in part carried into effect, by means of the offerings of a large number of contributors, foremost among whom were the Bishop of Quebec and Senator Price. The building has been considerably enlarged, the school being now provided with a spacious dining-room for its exclusive use; and the college with a new lecture-room, dining-room, students' room, bathrooms, etc. The kitchen department, upon which both sides of the institution depend, has also been greatly enlarged and improved. Much, however, still remains to be done. Only one section of the proposed reconstruction has yet been undertaken. The help of our friends is sorely needed for the continuance and completion of the work, so vitally essential to the well-being of our institution.

Most unfortunately, just as we were in the act of thus extending our accommodations, as well as the scope of our educational work, we were informed, without the slightest previous warning, that the Government grant, now of so many years standing, would be diminished by one-half for the current year, which then was near its close. Being thus deprived of this portion of the year's expected income, we have been a good deal embarrassed in our efforts to meet the year's expenses. If, as there appears reason to fear, the entire grant is to be withheld in the future, the endeavors we are making to render our work more comprehensive and more generally advantageous to the community at large, will be sorely crippled, if not altogether frustrated.

Another source of diminution in revenue is the steady decrease in the rate of interest on invested funds. The question assumes a specially serious aspect from the fact that as our means increase our needs increase in even greater proportion,—those arising from an enlarged range of subjects taught, as well as adequate manner of teaching; such as is absolutely requisite in an educational institution at the present day.

In conclusion of discipline, an the part of the All

BISHOP'S COLLEGE SCHOOL, LENNOXVILLE.

REPORT OF THE HEADMASTER TO THE SYNOD OF MONTREAL, JANUARY, 1900:

There were at the close of the Michaelmas Term 104 boys in the school, of whom 88 were boarders.

The Staff consists of the Headmaster, six resident masters and instructors in Music, Drawing and Shorthand.

The work of the school embraces the usual course of study adopted at the English public schools, modified in some respects to suit the requirements of Canadian life.

A change has lately been made in the domestic arrangements of the school, whereby the lady matron is responsible not only for the care of the boys and for the superintendence of the schook building, but also for the kitchen and dining-room department. The lady matron is assisted by a sub-matron, who is a certificated hospital nurse, and who has charge of the school Infirmary.

The religious life of the boys is carefully provided for, and is supervised by the Chaplain. A confirmation class is held every Sunday morning, the chaplain being assisted in the Sunday-school work by the Headmaster and some of the assistant masters. Weekly lectures are given to the boys on church doctrine.

Of the 104 boys mentioned, above two-thirds are members of the Church of England, and one-third comprises Presbyterians, Methodists, Congregationalists and Roman Catholics.

Owing to the increase in the number of students and boys during the last two years, it has been found necessary to make arrangements for separate dining-rooms, that for the boys being the old dining-hall extended, and so arranged that it is entirely separate from that of the college. This new plan will prove of advantage to both branches of the institution.

The new Gymnasium has proved a great success, and a competent instructor for drill and gymnastics superintends the physical culture of the boys.

SESSION.]

The health and general conduct of the boys was excellent throughout the term.

The whole respectively submitted.

H. J. H. PETRY, M.A., Headmaster.

#### REPORT OF COMMITTEE ON WORKS OF MERCY.

Your Committee beg to submit the following report of the various works of mercy in connection with the Church in Montreal:—

In presenting my first annual report since I assumed the additional duties of hospital chaplain, I wish to express here my warm appreciation of the valuable services, so heartily rendered, by the St. George's Y.M.C.A., and I thank God who has put it into the hearts of these young men to continue to manifest the same zeal and earnestness in this good work, which for so many years have characterized their labors under your ministry.

I also desire to acknowledge with thankfulness the good work done on similar lines by members of the St. Andrew's Brotherhood in the Royal Victoria Hospital, and particularly in assisting by their presence on several occasions at the celebration of the Sacrament of the Lord's Supper for patients. I wish also to thank you and the Revs. Geo. Johnson and Henry Gomery for the discharge of my duty in the hospitals during the week I was absent from the city.

GIRLS' FRIENDLY SOCIETY, MONTREAL DIOCESAN BRANCH.

The work of the Girls' Friendly Society has been very satisfactory during the past year, and the reports from the several branches as given in the annual general report show decided progress. The branches are fortunate in having secretaries who have the work of the Society at heart, and who take a deep interest in the welfare of the young women of our Church. The number of members commended to us from England, Ireland and Scotland was 17, but several have left the city. There are now about 150 members, and with the associate, honorary and working, the numbers reach about 220. We very much regret the resignation of our President, Mrs. G. D. Redpath, owing to her having left Montreal for an indefinite time. The warm interest she took in the work of the Society, and he helpful addresses at the annual meetings, will not soon be forgotten. The election of her successor will take place at the annual business meeting in May.

A number of the members have availed themselves of the G.F.S. room in the Andrews Home, and have expressed great satisfaction at their reception there.

The annual service was again held in St. George's Church, by the kind permission of the Very Rev. the Dean. The preacher on that occasion was the Rev. Canon Dixon, who gave a very practical address to the members from the text: "She hath done what she could." The Dean conducted the rest of the service, and there were also present the Revs. O. W. Howard and G. Johnson.

The annual festival was held in the Synod Hall, and the attendance was the largest we have ever had. The presence of the Bishop was a source of great pleasure, knowing the deep interest he takes in the work of the Society.

The annual business meeting took place on Ascension Day, May 11th, in the library of the Synod Hall, the Bishop in the chair. The annual reports were read from the various branches, and short addresses given by Rev. Canon Dixon and Rev. Arthur French.

The members of the branches have worked diligently during the past year on behalf of various good objects, either in their own parishes or for missions.

LAURA MUDGE,

Secretary.

### MONTREAL DIOCESAN WOMAN'S AUXILIARY.

In regard to the work of this Society, I beg to submit the following report:—The monthly meetings of the M. D. W. A. are well atended, and the increase of interest and enthusiasm is very marked, while there is a stronger desire in the hearts of many to do purely missionary work, Dorcas work and charity in various forms are not neglected, as the following places and people could testify: Algoma, Athabaska, Calgary, Moosonee, McKenzie River, 'Rupert's Land, Dynevor Hospital, Selkirk, the Chinese Mission, B.C., Uganda, scholarships in India, Zenanas, Jews and lepers.

So rapidly is the work of the Woman's Auxiliary extending, that it will soon be found co-extensive with that beloved Church to which it is the desire of that Society to be a devoted and faithful handmaid.

Respectfully submitted,

MARY WHITWELL EVERETT,

Rec. Sec'y M.D.W.A.

This institution is a great boon to children whose parents or guardians are not in circumstances to incur expense, as the patients are admitted gratis, when in a convalescent state, on a clergyman's and doctor's certificate.

REPORT OF WESTERN HOSPITAL VISITATION FOR 1899.

Having been out of town on every Sunday during the year, a Friday evening visit has been substituted in lieu of the Sunday morning service, and as members of the Y.M.C.A. have for some few years now been holding Sunday services, and from the additional fact, that two of the wards have been made semi-private, the Sunday service must be allowed to lapse, and the Wednesday morning and the Friday evening services are, in the opinion of the hospital staff, acceptable and satisfactory on the whole, and the interest in the work does not diminish as the years revolve. Only one administration of Holy Communion with a member of St. Luke's Church and a member of the G.F.S. is recorded, but no request has been overlooked for service of any sort that was required. The total number of visits registered during 1899 was 107.

Respectfully submitted,

# REPORT OF THE COMMITTEE OF THE SYNOD ON MARRIAGE LICENSES.

The Committee beg to report that circumstances have precluded any special action on the part of the Committee. They, however, ask for continuance, with an increase of membership, including the Very Rev. the Dean, the Ven. Archdeacon Evans, the Rev. F. H. Graham, and Mr. James Mackinnon. The Committee are impressed with the importance of the subject as affecting the social and

religious interests of the population of this province. In the dominating influence of one great religious organization we find conflicting principles invoked which intensify antagonism between sections of our people and disturb the equality of privilege and conditions which is the indefeasible right of every citizen, irrespective of class, nationality or creed. Ere another session of this Synod, they hope to recommend some definite solution of existing complexities which deny equal rights to contracting parties in the Province of Quebec as compared with other less tramelled portions of the Dominion.

On behalf of the Committee,

J. BURROWS DAVIDSON,

Convener.

FORTY-FIRST

REPORT OF COMMITTEE ON SPECIAL SERVICE FOR CON-FIRMATION AND COMMUNICANTS' CLASSES.

My Lord and Brethren,-

Your Committee beg to report as follows:-At a meeting convened on the 10th day of January, 1900, it was decided, after having carefully considered the question, that the want would best be met by two distinct forms of service :-

(1) A special service of preparation for established communicants. (2) A shorter and simpler form to be used with candidates for confirmation, or young communicants.

A draft service of special preparation for the Holy Communion was laid before your Committee, and after due consideration was adopted. This form has been submitted to His Lordship the Bishop for approval and authorization.

The Committee have the second form under consideration, and will submit it to the Bishop as soon as possible.

> R. HEWTON. Convener.

### RURAL DEANERY OF BEDFORD.

My Lord,-

The thirty-ninth annual meeting of the Rural Deanery of Bedford was held at Farnham on Tuesday, January 9, 1900. All the clergy but two were present and assisted in the deliberations. The parochial reports for the past year were carefully read and considered, and these, with the verbal reports of the clergy present, showed, on the whole, a condition of healthy, if not rapid progress.

#### CHURCH PROPERTY.

Some notable additions have been made to the church property in this Deanery.

- (1) The Misses Whitwell, of Philipsburg, have given to the parish of St. Armand West a commodious church hall, designated "The Whitwell Memorial Hall," in memory of their father, the Reverend Richard Whitwell, for many years Rector of the parish. The same ladies have conveyed to the parish authorities a valuable tract of land (21 acres), and lumber for the completion of the rectory, the value of which has been increased thereby by at least \$500. The thanks of the whole diocese are due the Misses Whitwell for these munificent gifts. The roof of the rectory has been re-painted at the sole cost of another parishioner, Mr. Wells.
- (2) The same generous benefactresses mentioned above have presented the parish of Bedford with a building lot in the centre of the town, which has been sold for \$200.
- (3) The rector of Abbotsford reports that repairs have been made in the churchyard, and a new fence placed around it, costing \$140; also that an endowment fund has been started for keeping the yard in good repair in perpetuity.

#### EDUCATION.

We are pleased to report that the Dunham Ladies' College continues to grow in numbers and influence. Under its present admirable management it has prospered exceedingly, and has won the confidence of the public as a thoroughly reliable church school for girls.

#### CLERICAL CHANGES.

There has been only one change in our clerical staff during the year, occasioned by the appointment of the Rev. N. A. F. Bourne, B.A., to the Rectory of Longueuil. The Rev. Henry Plaisted, M.A.,

## RURAL DEANERY OF BROME.

My Lord,-

This Deanery has been convened into chapter twice during the past year. The first was a special one called at the request of Your Lordship for the consideration of questions relative to East Bolton and its church. Advantage was taken of this meeting to organize certain deputations to visit the parishes of the deanery in behalf of missionary interest and the Diocesan Mission Fund. In addition to the staff composed of the local clergy, we had the great pleasure of having in one section the valuable service and eloquent addresses of Rev. H. Kittson, M.A., rector of the Church of the Advent, Montreal; and in the other, those of Rev. Alex. Crone, M.A., Rector of Newport, Vt. These meetings were regarded as successful, being a pleasant and withal profitable irruption on the rather monotonous and routine aspect of country church life. Under the caption of

#### MISSIONARY MEETINGS.

I would draw attention to the fact that, whether from intention or oversight, the amended Canon on Rural Deans does not mention, as aforetime, as one of his duties, the holding of these meetings in every parish. Consequently, the organizing and carrying out of such meetings must hereafter be considered as entirely at the discretion and option, as to need, time and speakers, of each individual rector, incumbent or missionary. The second meeting was the

#### ANNUAL CHAPTER.

This was convened in the parish of Sutton on January 9th of this year. All the clergy, save one, were present and one lay delegate. The work of the chapter was concentrated on the several reports from the parishes and also on the working of the mission fund plan. The cases of dissatisfaction seemed to arise more from the want of thoroughly carrying out the plan as expressed by the Canon than from any inadaptability in the plan itself.

#### RETROGRESSION IN MISSIONS.

There are three of the missions in this deanery that show features of declension, namely, Bolton, Potton, Adamsville, under which is included East Farnham. It has been said in certain quarters that there is no sufficient reason for their condition. When one has to report that from Potton has gone forth by death or removal during the last ten years nigh unto twenty families, that the business of the place has declined visibly, that the condition of the people from a financial standpoint has not improved, but rather gone the other way, one is led to ask, is not this a strong reason for its retrogression? And add to this the notable circumstance that every young girl, trained by the present incumbent for either baptism or confirmation, has in time gone to the United States to live, and that every youth in like manner has, when able to do so, gone to Montreal or elsewhere to gain his livelihood, and no new families of church habits take their place. From what, then, shall the Church When we scan the report from Adamsville and hear the Incumbent's verbal remarks, whereby it seems there are but three bona fide church families in Adamsville, and only eighteen in the whole mission, and when we are informed that since 1891 twenty families have gone, not counting over one hundred individuals removed. Considering these figures, and some others that need not be here touched upon, one may surely say: Is there not here a cause, and a strong one, for its state?

And when we see the same causes at work in Bolton—its manufactories closed, its church population lessened in number and lessened in means, as has been observed in former reports, one again asks: is there not in these things strong reasons, sufficient reasons, for their present condition?

I have, my Lord, before I conclude, this pleasant fact to record and report, namely, that a remarkable

has been built by the church-people of Sutton, and by funds raised within their own bounds. The house is of wood, two and a half stories high, is of tasteful design, and as to accommodation, heating, lighting and water supply, is up to date with any city house. The whole structure is well finished and substantial in every respect. The cost was about \$2,000. The Rector, Rev. E. T. Capel, has entered into residence with the best and gladsome wishes of his

REPORT OF RURAL DEANERY OF CLARENDON, 1899. My Lord,—

There have been the usual meetings of our Deanery held during the past year, one at Hull for the adoption of the annual report, and another held at the River Desert last May. I beg to submit the following report:—

## I. CLERICAL CHANGES.

The Rev. J. M. Coffin having been transferred from Bristol, has been succeeded by the Rev. J. J. Lowe. The Rev. W. E. Kaneen has been transferred to Eardley, left vacant by the departure of the Rev. W. Weaver, the mission of Aylwin being temporarily supplied by the Rev. V. Larivière, M.A. The Rev. H. Plaisted, M.A., transferred to the Rectory of Dunham, has been succeeded by the Rev. W. F. Fitzgerald, M.A.

The Rev. Maurice D. Baldwin, M.A., has been appointed assistant to the Ven. Archdeacon Naylor, of the parish of Clarendon.

### II. MISSIONARY WORK.

The Rev. R. C. Brewer gives the following report of his visitation of the lumber shanties.

In the Tomasine district Messrs. Gilmour & Hughson and W. C. Edwards & Co. have large limits, where in January last twelve shanties were visited and 381 men met with. Services were held in French and English, and bibles, tracts and papers were distributed, which were in both languages. The men gladly welcomed the missionary, and the foremen and agents were courteous and considerate.

Bark Lake district was also visited. This region is vast in extent, with roads over lakes forty miles long and twenty miles in width. Three shanties were visited and two depot farms, where the missionary came in contact with 215 men.

Hardships and danger are encountered on these journeys, and it is thought desirable, if possible, that someone should accompany the missionary. At the Castor on the way to the shantles, where

there are a few church families, seven services have been held, with an average attendance of 18. The Baskatong district has also been visited, as well as the Indian settlements and the Island.

In connection with our missionary meetings in the Deanery generally, we made a departure this year from our usual practice by obtaining a special deputation from Montreal, the Rev. Dr. Ker and the Rev. Rural Dean Robinson respectively visiting the Gatineau and Upper Ottawa. The meetings were reported as well attended, and the services as bright and hearty. It has been thought that as both of these clergymen are members of the Executive Committee, it may bring our missions into closer touch, and create even more sympathy for their different needs.

#### III. s. P. C. K.

The Rev. J. H. Bell was appointed secretary for the Deanery. Though special meetings have been held by the agent of the society, the Rev. H. Gomery, yet it is felt that there has not been such a liberal response as we justly owe. Our sense of gratitude should be far greater than it is.

#### IV. SUNDAY SCHOOLS.

A meeting of the Deanery Branch of the Diocesan S.S. Association was held at Shawville in the month of October. The reports were encouraging, and the thoughtful papers read and addresses given will no doubt act as an incentive to more earnest work, and a deeper sense of privilege and responsibility in this department of the work of the Church.

#### V. SPECIAL RESOLUTIONS.

1. That in view of the large Church of England population in the townships of Thorne and Leslie, and the adjoining districts, and in view also of the extent of country to be covered by the work of the Church, this Deanery recommends the following re-arrangements, viz., (1) the mission of Thorne, to consist of the township or Thorne; (2) the mission of Leslie, to consist of the townships of Leslie, Aldfield, Huddersfield, Clapham, and the districts of the Upper Pickanock River and Lake Dumont.

It was further resolved that as soon as the people of these two proposed missions take steps to meet the increased expenditure of such re-arrangement, the proper representation be made to the Executive Committee, with the view of obtaining the financial aid session.]

# VI. SPECIAL PAROCHIAL REPORTS.

- 1. Aylmer.—The Rev. R. F. Taylor reports that during the past year the congregation have paid off an old outstanding debt of \$250. A new organ has been purchased for the chapel, costing \$75, and extensive improvements made in the outbuildings and rectory, costing \$100.
- 2. Alleyne.—The Rev. T. W. Ball reports that a new organ has been purchased and paid for by the congregation of St. Peter's, Cawood. The congregation of Holy Trinity, Alleyne, are looking forward to building a new church as soon as the required funds are at their disposal. A portion of the material is already on the ground, and over \$150 has been raised by the congregation. The plan accepted by the vestry was kindly drawn by the Ven. Archdeacon Naylor. The parish has made an effort to free itself from arrears with good success.
- 3. Aylurin.—Through the exertions of Mr. Ireland, who was acting as lay preacher during the summer months, the balance of debt resting on the church at Kazuabazua has been removed, and it is now ready for consecration. A new organ has also been purchased for the mission.
- 4. Bristol.—The Rev. J. J. Love reports that a new stained glass window has been placed in the east end of St. Luke's Church.
  - 5. Clarendon.—Ven. Archdeacon Naylor reports:—
- St. Paul's Church, Shawville.—Improvements and repairs have been made upon the church and parsonage to the value of \$60.
- (2) St. Alban's, Parkman.—The church has been supplied with seats, the exterior has been bricked, the woodwork finished and painted, a belfry and spire erected, and the ground surrounding the church has been beautifully graded. An oak prayer desk, harmonizing with the rest of the furniture, was given last Easter by Mr.

session.]

John Smiley. The cost of all has been about \$255, of which the congregation contributed \$100, and we are indebted for the balance to the S.P.C.K. and a kind friend outside the parish. There is no debt resting upon the church.

- (3) Radford.—Vigorous preparations are being made for the erection of a church next spring. The schoolhouse used for many years proves too small to hold the congregations which now assemble.
- (4) St. Matthew's, North Clarendon.—Preparation is being made here also to build a new church. A site has been donated by Mr. B. Workman, and stones for the foundation have been placed upon it. The old church has been improved internally by a re-arrangement of furniture and the placing of new carpeting, the cost of all being about \$16.42.

The Rev. J. J. Lowe, whose able assistance contributed greatly to the working of the whole parish, has been removed to Bristol. He has been succeeded by the Rev. M. Day Baldwin, son of the Bishop of Huron, who is also rendering most efficient help to the rector, and has special charge of the North Clarendon district.

- 6. Chelsea.—Rev. F. Allen, who has been assisting his father, the Rev. A. A. Allen, reports that during the last summer regular services have been held every Sunday at Chelsea and Ironsides, with services on alternate Sundays at Kingsmere and Kirk's Ferry. Mr. Bryson, of the former place, deserves great praise for his kindness in giving the use of his country house for the meeting of the congregation.
- 7. Hull.—The Young People's Guild of St. James' Church have, during the past year, purchased a new Estey cabinet organ for the Sunday-school, and have raised in all by their own exertions the sum of \$150. They also presented the rector with a new surplice. The Women's Guild have raised enough to complete the re-roofing of the church, having now over \$300 to the credit of this fund. I am happy to report during the past year an increase of attendance at public worship and at the Sunday-school.
  - 8. North Wakefield .- The Rev. J. H. Bell reports :-
  - (1) Church of the Good Shepherd, Wakefield.—Painted inside and outside, chancel raised, the chancel choir stalls and aisle beautifully carpeted, the said carpet being the gift of J. W. Wurtele, Esq., of Ottawa and Wakefield. A stained glass window has been placed in the east end, which is the gift of Mrs. Wurtele.

9. Onslow.—The Rev. W. F. Fitzgerald reports that the debt on the new church tower is now reduced to \$100, towards which there are outsanding promises to the amount of \$39.

10. Portage du Fort.-The Rev. R. Warrington reports :-

(1) St. George's Church has been painted, sacred mottoes put on the walls, seats altered, painted and varnished, chancel raised, and new platform put in front for choir. The chancel and aisles have also been carpeted. The entire cost of these improvements amounted to the sum of \$225, all of which has been paid with the exception of \$20, which will be paid at the end of the month.

(2) St. James' Church, Bryson, has been bricked and a new porch built, the entire cost being \$214, which is paid.

(3) St. John's Church, Clarke's.—Eight new seats have been placed in this church, at a cost of \$20. A new organ has been purchased, which cost \$65, for which there is money on hand to pay.

(4) St. George's Parsonage.—A new cooking range has been placed in the parsonage and repairs made on the outside of the building, which in all cost \$41. An effort is being made in this parish to become self-supporting.

11. River Desert Mission.—The new lots on the hillside between River Desert and Maniwaki have been paid for, and the congregation now possess a beautiful site for their new church, towards which there is already a fund amounting to \$200. In payment of the lots purchased and in contributions for the new church building, the Christian women of River Desert, Maniwaki and Montreal have in different ways contributed over \$230. Mr. Foster Bennett, of River Desert, has presented the congregation with a handsome hanging lamp for the mission chapel, a gift which is greatly appreciated.

A full and encouraging report of the different services held in the mission, and the average attendance, will be found embodied in the report of provision for the lumber districts. As this is the northern missionary outpost of the Diocese of Montreal, and its little Algoma, I would express a hope as Rural Dean that the kind people of the city of Montreal will in every way endeavour to assist the Rev. R. C. Brewer and his congregation in building the new church which is so urgently needed.

12. Thorne and Leslie.-Rev. C. Lummis reports:-

The only improvement made during the past year is the shingling and plastering of the parsonage. Thorne Centre has in hand a small fund of \$20 towards purchasing an organ.

In concluding this report of our Deanery of Clarendon, I think that I am only giving voice to the sentiment of its members in saying that we require three more clergymen to meet its increasing demands. As year by year the Ottawa and Gatineau districts are being opened up, being pre-eminently the missionary end of the Diocese, our motto must necessarily be, "the regions beyond."

All of which is respectfully submitted,

F. R. SMITH,

Rural Dean.

#### RURAL DEANERY OF SHEFFORD.

My Lord,-

I have again the honour of presenting my annual report of the work of this Deanery for the year.

The annual meeting of the chapter was held in Granby on the ninth day of January, preceded by a celebration of Holy Communion in St. George's Church by the Rural Dean. Upon assembling for business in the Victoria Memorial Hall, there were found to be present the Rural Dean (in the chair), Revs. T. B. Jeakins, R. Emmett, J. W. Garland and C. P. Abbott, and nine laymen, in all 14.

Reports were read from all the parishes except that of Milton and Canaan, which is at present vacant, as is also the parish of North Shefford, Roxton and Warden, through the recent removal of Rev. S. R. McEwan (also secretary of our chapter) to Fort Covington, N.Y. The continued absence of Ven. Archdeacon Lindsay deprived us of his wise counsel and opinion on church affairs of the Deanery arising out of the discussion on the reports as they came under review.

These parochial returns had been very faithfully made, and were encouraging in many particulars, while the items under the head of

#### SALARIES

were in some cases far from satisfactory, the veteran incumbent of Boscobel not yet receiving as much as \$600, though he has worked for a period of over 30 years, and is entitled to \$700, while the incumbent of South Stukely, also entitled to the same salary, is obliged to report the paltry figure of \$460 as his angual income, while receiving the maximum grant of \$400 from our Diocesan Mission Fund.

#### MISSION FUND PLAN.

On the whole, the plan is working successfully as an educating factor in establishing a better business relationship between the missions and the executive in Montreal, and as soon as the reason for appeals for increased local contributions is understood, a growing readiness to work towards a financing point within measurable distance of self-support (which in one or two missions may be ultimately secured) may be confidently depended on.

If this mutual co-operation can be attained without the employment of a salaried agent of the executive, there need be no diversion of mission fund monies from their well understood object, i.e., the direct support of our forty-five missions and the extension, as need arises, of our diocesan operations.

By a reference to the subjoined tabulated statement of one or two of our more important statistics it will be seen in which direction our Deanery work is proceeding:—

Deanery, we are glad even to feel that she is holding her own. We have lost only six families while increasing the number of our confirmees and communicants, but in all but two parishes the number of Sunday scholars has been slightly decreased.

We have, I regret to say, received the same amount of money grants from the Mission Fund, and also we have raised about the same amount as usual for the fund. One rectory, Granby, has added considerably to its parochial endowment by the sale of lots on their glebe.

About \$1,000 of an increase has been made in the yearly amount raised for general purposes, without any extraordinary objects requiring outlay of funds. Also the grand total shows a small advance over that of last year.

The Deanery shares the hope that the two vacant parishes of North Shefford and Milton may be speedily provided with pastoral oversight, whatever disposition may in the future be made of the latter.

The Rectory of Waterloo is anxious to be freed from the responsibility of looking after Frost Village so soon as your Lordship can assure us that you will be prepared to act on our suggestion to connect that portion of it with some adjoining mission or otherwise, as your wisdom and the hand of God may direct.

Of French Evangelization work, there has been a cessation since the colporteurage of Mr. A. Parent came to an end, and we have therefore nothing to report.

Warden, a centre from which such work might be profitably undertaken, still remains attached temporarily to North Shefford and Roxton.

All the church property is well insured, and improvements are noted as follows:—

At Boscobel portions of the glebe and parsonage fences have been replaced by a new suitable one of barbed wire and net, at a cost of \$21.

At North Ely a new organ, worth \$90, has been placed in the church and a second-hand one in the district schoolhouse.

At Granby internal repairs and improvements have been effected in the old stone rectory in the line of hardwood flooring and painting, at a cost of \$200.

At West Shefford the parsonage and outbuildings have been thoroughly repaired, making it a most comfortable home, and the stable suitably renovated.

At South Stukely, St. Matthew's parsonage has been re-shingled and the cellar cemented and other repairs made, at a cost of \$77.52, of which sum \$32.52 was raised from outside sources. A new fur-

In the rectory of Waterloo a new and beautiful window, the work of Spence & Sons, of Montreal, has been placed, and solemnly consecrated to the service of God, in the chancel of the church at Frost Village. It is erected by the parishioners, past and present, as a memorial of the loving regard in which the faithful pastoral work of the Ven. Archdeacon Lindsay is held by them, covering a period of over forty years of uninterrupted service as rector.

The vestry of St. Luke's, Waterloo, have taken steps towards the erection and completion of the church tower, contributions to the amount of some \$800 being already secured for that very commendable object.

All of which is respectfully submitted.

# RURAL DEANERY OF ST. ANDREWS.

My Lord,-

SESSION.

I beg to present the annual returns of the Deanery of St. Andrews. The annual meeting of the Deanery was held in the library of the Synod Hall on Tuesday, January 16th, 1900, at 10 a.m., when a small but representative number responded to the notice given. Reports were presented from all the parishes, though as usual some were handed in at the last moment. On the whole, they were satisfactory, some showing progress and strength, others a struggle for existence.

During the year some changes have taken place. Rev. A. E. Mount resigned North Gore, and accepted the rectory of St. Andrews. He has been succeeded by Rev. L. Foulkes, whom your Lordship ordained deacon in September, and whom we welcome among us. The Rev. J. W. Dennis has left Mille Isles and Rev. F. W. Steacy, B.A., has taken his place. Papineauville unfortunately is vacant. We are pleased to observe that under Principal Hackett, the students of the college have undertaken services in St. Jerome, which is counted in the mission of Mille Isles, and we wish the undertaking all success.

During the summer students were sent to assist Revs. R. Y. Overing, of Buckingham, and R. F. Hutchings, of Arundel, in their large and difficult fields of labour.

Rev. R. F. Hutchings, of Arundel, still remains in his immense mission in spite of offers to move to easier posts, and he deserves the thanks of the Church for his devotion, and it is a question if the people fully appreciate his services when, with the maximum grant, his income is only \$540.

Rev. R. Y. Overing has manifested much energy in undertaking the erection of a stone church in Buckingham, which is a necessity, and of a church at Glen Almond, also much needed. Grenville continues its usual active course, and has practically secured a very suitable parsonage, on which many improvements have been made at considerable outlay.

Portland is doing well, and has during the year spent \$100 on its parsonage.

At Hudson, St. James' Church has been much improved by extensive work done in the interior of the building.

The bank failure last summer affected some of the parishes seriously. The Mission Fund Plan has worked fairly well, though it is felt more remains to be done by the executive coming into direct contact with the laity before its idea can be called quite satisfactory. We congratulate the Executive Committee upon its forward step in recommending the canon scale for the income of our missionaries, and believe the result will be good, as the action was just.

All of which is respectfully submitted,

W. SANDERS.
