PORT ARTHUR ASSAULTED.

Strong Attack by Japanese is Reported.

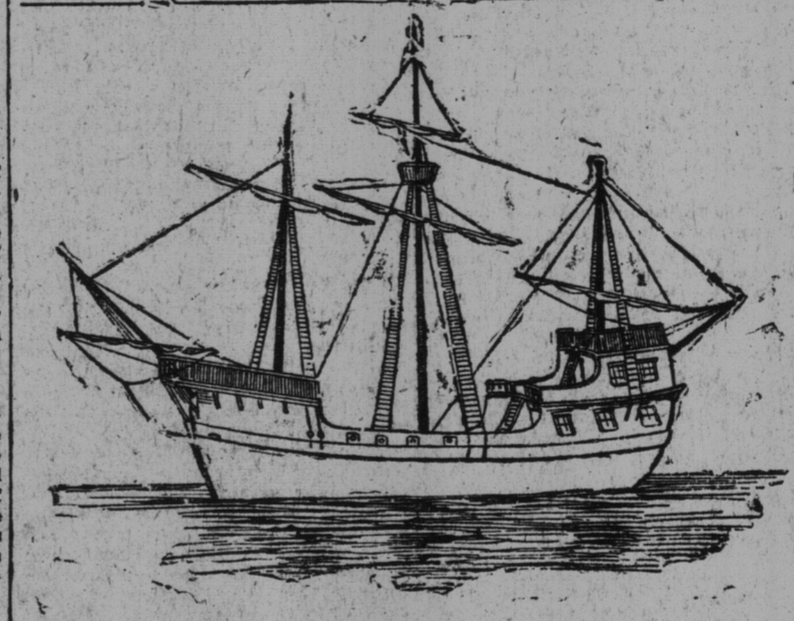

Kuropatkin Massing Troops and Getting Ready for Big Battle in Near Future

CHE FOO, June 23, 2.30 p. m.—It is reported here that the Japanese made a determined attack upon Port Arthur from land and sea yesterday, and also during the night. Two steamers just arrived passed Port Arthur at one o'clock this morning, some distance off shore. The captain, both reliable men, say they did not hear any firing at that hour.

CHAMPLAIN CELEBRATION IS IN FULL SWING.

Glorious Weather—Successful Regatta --Naval Visitors Welcomed-- Tomorrow's Programme

If St. John greeted Champlain, as he came sailing up the harbor three hundred years ago, with the same joyful countenance it is turning today to greet the hundreds of visitors and home comers. It is a wonder he did not burn his beard and hair and set down to live here. For nothing in the way of weather could be better. The skies are one big blue smile, the sun glows warm and glorious, but robed of its burning heat by a brisk north-west breeze that fanners all the gay bunting to its best advantage, the streets and wharves crowded with people, the harbor with its decorated warships and its hundreds of smaller craft—it would

The ship in which Samuel Timothy Lantalam De Champlain and his gallant companions will re-discover St. John tomorrow.

ST. PETERSBURG, June 23, 1.10 p. m.—The expectation of a great battle has been intensified by General Kuropatkin's speech to General Skakelberg's corps on Monday at Liao Chou, when the commander-in-chief said he would see the troops again soon, that they must settle the Japanese army and that they are not going home until this had been done. The general is understood to have stated that he would return from Liao Yang with a large force and give battle. It is pointed out that he can afford to leave a comparatively small garrison at Liao Yang.

In the opinion of many conservative military men, Kuropatkin's massing of troops at Liao Chou does not necessarily indicate his intention to give battle, but merely to check the Japanese advance and defer the occupation of New Chang, the possession of which would be of great advantage, and which he is not going home until this had been done.

JAPANESE NEW COMMANDER.

TOKYO, June 23.—The Marquis Oyama, formerly marshal and chief of the general staff, has been appointed to the supreme command of the imperial armies in the field. The chief of staff will be Lt. Gen. Kodama, late chief of general staff. Their positions succeed the various warships and a number of ships will be filled by Field Marshal Yamagata and Major General Nagata.

LIST OF DEAD NUMBERS 884.

But Many More are Still Missing.

THOROUGH CANVAS OF NEW YORK AND VICINITY WILL BE MADE COMPLETE LIST.

NEW YORK, June 23.—The canvases to determine the number of persons who lost their lives in the General Slocum disaster will be even more thorough than those intended. Not only will every home in the greater city, which is thought to have been directly affected by the disaster, be visited by the special detail of patrolmen appointed by the police commissioners, but the investigation will be extended to other cities and towns as well. From various points along Long Island and from cities and towns in this state and Pennsylvania have come reports that persons believed to have gone on the ill-fated excursion are missing. Such instances will be investigated. It is estimated that a week or more will be required to complete the canvases. Complete lists of dead, missing and saved.

Last night's searching for bodies of victims was more barren of results and less eventful than has been the case during any night since the burning of the steamer. The alertness and vigilance of the searchers was unrelaxed, but only one body was taken from the river during the night. The 884 bodies have been recovered, of which 778 have been identified.

RAISULI'S CAPTIVES FREE.

55,000 Ransom Paid and the Bandit Promised a Governorship—A Lucky Man.

NEW YORK, June 23.—A spot has been selected, says a cable to the Times for the delivery of the Moorish prisoners by Raisuli and the ransom to him of \$20,000 of the ransom. Raisuli undertakes to hand over his captives on that understanding, the other terms having already been filed. The remainder of the ransom of \$55,000 will be paid to Raisuli at the same time in checks on the Tangier Bank. With good luck the exchange should be accomplished today at a spot six hours' journey from here, and the captives may be in Tangier tonight. Raisuli has demanded that he obtain a large district to govern. The Moorish troops sent to guard Raisuli's detachment Tuesday and guarded the outside of the town last night. The result was that a male stolen by some guards and it was found today in his possession. A Moorish peasant, passing near another guard, was shot for no reason whatever and was seriously wounded.

The Tourist Association have had issued for distribution this week a special booklet with views of St. John and vicinity—also some interesting reading matter and a map of the city, showing all the points of interest and the street railway lines.

Canadian Magazine: Rev. J. C. Jack, of Sydney, Charles Francis Adams and Arthur Lons of the Massachusetts Historical Society, arrived here today. H. Hovenden, representing the Royal Historical Society of London, is in the city and is accompanied by his daughter.

The Troude brought over M. Kleckowski and Baron de Holroyd as representatives of the French republic. GOV. SNOWBALL'S LEVEE. Long before the hour set for the governor's levee throngs packed the lobby leading to the court room and extended out over the sidewalk. In the crowd were seen many prominent members of the Royal Society, Capt. Browning and officers from the British cruiser, officers from the French and American ships and prominent citizens. The gay colors of the ladies' costumes which the breeze rendered it safe to wear, the red and gilt of the officers' equipment and the quieter colors of the civilians all blended together and made a very pleasing picture to the eye.

With the governor there were Mrs. Snowball and Miss Laura Snowball, Lieut. Colmels White, McLean and McKensie. On his arrival at the court house the admiral at once paid his respects to the lieutenant-governor and the reception began. The commanders and officers of the visiting warships were first presented to the reception committee, which consisted of Lieut. Gen. Snowball, Mrs. Snowball, Admiral Douglas and Mrs. Snowball. Then came Col. Denison and the members of the Royal Society, followed by citizens generally. Several hundred citizens embraced the opportunity of paying their respects to his honor and of meeting our distinguished tercentenary visitor, Sir Archibald Douglas.

Among those present were: Mayor White, Rev. W. C. Gaynor, Rev. A. W. Meahan, Rev. J. W. Anderson, Mrs. M. Jordan, M. J. Paget, Mrs. Anderson, Mrs. Browning, Jas. Fowler, C. A. SIR FREDERICK BORDEN ON TRIAL.

The Toronto News is a journal independent of party politics.

The following is from the leading editorial of the News of Monday, discussing Lord DUNDONALD'S charges against the government:

"Lord DUNDONALD'S statement immensely increases the gravity of the entire transaction which has involved his dismissal.

The position of the government was awkward enough last week. The accusation now is far more serious.

Of immediate and grave interest is the charge of deliberate falsehood laid at Sir Frederick BORDEN'S door.

Behind that lies the deliberate assertion that the ministry, while spending two million dollars a year on nominal defence, has refused to take practical measures to enable the country to protect itself.

So little has it cared for the national safety that it has made a practice of regarding the militia as a fit subject for political patronage.

The personal issues between Lord DUNDONALD and the ministers sink into insignificance beside the great question thrust before the people of Canada.

Sir Frederick Borden could hardly be in a worse position. He repeatedly has asserted that Part II of Lord DUNDONALD'S first annual report was a secret and confidential document.

Lord DUNDONALD in the most explicit terms told the public that the report, so far from being secret, was intended for publication.

That means that Sir Frederick Borden lied from his seat in the House, lied in an official statement to the House.

Unless the minister of militia can clear himself from this charge, he must retire from public life.

We hardly can conceive Sir Wilfrid LAURIER retaining a colleague whose honor has been so fatally compromised.

That scathing arraignment undoubtedly expresses the feeling of all high-minded independent Canadians.

The editor of the News has been connected with the councils of the Liberal party long enough to know that there is not the slightest danger of his colleagues forcing the minister to resign.

But Sir Frederick and the honorable Sydney will not retire just yet.

THE TEMPERANCE CONVENTION. The provincial temperance convention held in this city yesterday is an event which rightly claims a share of public attention.

It will be observed that the addresses and the resolutions were practical in their character and moderate in tone.

To serve any good purpose a convention of this kind must be definite in its statements and demands, seeking such legislation as seems likely to be obtainable, and likely to be effective.

No doubt all of nearly all those who attended yesterday's meeting are in favor of Dominion prohibition.

That failing, they would support prohibition for the province. Meanwhile they commend the Scott act, which is prohibition for the municipality.

SENSATION IN CHATHAM. Stranger Deliberately Walked to Death Off the Ferry Boat.

CHATHAM, N. B., June 22.—A stranger committed suicide here this evening by jumping off the ferry steamer as she was at her slip near the Town Hall.

He was apparently a French-Canadian, hailing from Bangor, about forty-five or fifty years of age, rather tall, stout, of dark complexion, and with a large black mustache.

He had boarded at the River View hotel here for about a fortnight, and was said to have acted as if suffering from some mental trouble or as recovering from a protracted spree.

It is reported that he spoke to him as he was being pursued by officers of the law, and otherwise acted in a rather peculiar manner.

He was walking on the deck, stepped over the chain which guarded the open end of the boat, and jumped over.

He was quickly drawn from the water and gave indications of life, but owing to lack of judicious treatment life was extinct before the doctors arrived.

The scene of the tragedy. Coroner Benson was notified and an inquest is in progress. The verdict will be made in accordance with the facts as here set out.

THE STUMBLING-BLOCKS OF CARLETON. When you're starting, my friend, on a Journey On a West St. John thoroughfare, You never, no never, hurry.

But walk with all possible care. There are snares and obstructions around you; There's danger wherever you go; For this city's council is sleepy; As all Carleton's citizens know.

In winter the ice-covered sidewalks Cause people to slide and to slip; As the numbers of broken spots grow, For any old thing does for Carleton As East St. John citizens know.

There is seldom a light on our lamp posts, And one must have eyes like a cat To prove about Carleton at night time; And walk without tumbling flat; And when you're approaching those patches, Be careful to not stub your toe; For that will not cause you enjoyment As those who have done it know.

LETTERS FROM THE PEOPLE. A VISITOR'S PROTEST. St. John, June 22, 1904.

To the Editor of the Star: Dear Sir—It is with deep regret that I would like to call the attention of some of the aldermen and citizens in general to the wretched condition of that so-called Murray street, running between Main and Hilyard streets, North End.

The members of the Natural History Society may obtain reserved seats for the public meeting in St. Andrew's church tonight by applying at the office of A. Gordon Leavitt, Princess street.

ROTHESAY COLLEGE.

Closing Exercises Held Yesterday Afternoon.

John Interfered Somewhat With the Outdoor Programme—The Prizes Presented.

Due to the fact that rain threatened a large number left yesterday afternoon for Rothessay to attend the closing of the boys' college. The athletic sports started about two o'clock and resulted as follows:

- School Prizes: 1st Form—1st Percy Baker; 2nd, Thomas Gilbert; 3rd, Gordon Gilbert. 2nd Form—1st, Robert Blinning; 2nd, John Gilles; 3rd, John Bate. 3rd Form—1st, Doby Sadler; 2nd, Ward Pittfield; 3rd, Frank Young. 4th Form (A)—1st, Dean Clarke; 2nd, Chas. Barnhill; 3rd, Reginald Fitzgerald. 4th Form (B)—1st, Wilfred Soden; 2nd, Kingston Jones; 3rd, Ernest Alward. Music Prizes—1st, Ronald McAvity; 2nd, Raymond Daley. SPECIAL PRIZES: Scripture. 4th Form (A)—Dean Clarke. 4th Form (B)—Edward Donville. 2nd Form—Herbert Daniel. The first prize for English essay was won by Dean Clarke, and was a silver medal donated by the Old Boys' Association. In the competition for second prize Eduardo Beato was successful. A special prize for character was awarded to Hugh MacKay. This matter, instead of being fixed upon by the masters, is decided by the boys themselves. Rev. Mr. Daniel, in presenting this prize, said that as rector of Rothessay he quite naturally felt a keen interest in the school, which is so closely connected with his church. He had good reason to believe that the moral and religious standing of the boys was very high, and felt sure that the boy who won a prize for character in this school must be of exceptionally high standing. Athletic prizes were presented by L. W. Barker of the Old Boys' Association. The Old Boys' medal for athletics was won by Arthur Carson. During the afternoon music was furnished by the Artillery band. There will be no changes in the staff for the coming year. CHAMPLAIN TABLET. Unveiling in the Public Library on Friday. The following contributions have been received for the Champlain Tablet Fund by the treasurer, G. U. Hay: Previously acknowledged, \$100; received from Judge Landry, the contributions of the Acadia throughout New Brunswick, the names to be published in a future number of the Monitor Acadia; total, \$119. The tablet will be unveiled in the new public library building, St. John, on Friday, June 24, at 4 o'clock, p. m., by His Worship Mayor White. Brief addresses will be given by Rev. W. C. Gaynon, president of the Historic Society, Rev. W. O. Raymond and others. Dr. S. E. Dawson, honorary secretary of the Royal Society, will read a poem on Champlain. Admission by ticket. Members of the Natural History Society may obtain tickets from Dr. G. U. Hay, 21 Leinster street, of the Historical Society from the secretary, Clarence Ward, mayor's office, and of the Loyalists' society from Dr. A. A. Stockton, Prince William street. Others desirous of attending the unveiling may obtain tickets to a limited extent, from Wm. M. Jarvis, Prince William street. ORGAN RECITAL. In spite of bad weather and the attractions of Professor Ganong's lecture before the Royal Society, a very fair audience assembled last night at St. John's church, when Mr. Fox gave an organ recital, assisted by Mrs. Cooper and Harold White. The programme, though not long, was all refreshing, including, in addition to popular pieces, of the former, Bach's great fugue in G minor was performed with the utmost brilliancy. The execution of exact contrapuntal science with the most delightful melody being presented just as the clock struck would have executed it himself. Handel's Occasional Overture was also given, while of a lighter and yet exciting character were marches by Sullivan and Costa, a most captivating piece by Gounod, Dvorak's Largo (from the New World Symphony), and S. S. Wesley's variations on the theme composed for the Holmby chimney. All these pieces, the classical and the popular, were played with the firmness and delicacy which is so admirably embodied in his organ playing. No less acceptable were the two vocal additions to the programme. Mrs. Cooper was in admirable voice, which speaks sufficiently to the rendering of Allister's Song of Thanksgiving, which is by the way, a most effective solo. Harold B. White is the possessor of a powerful and well trained baritone voice, and a full justice to the dramatic as well as to the vocal demands of the great song, it is enough, from the Elijah. The recital lasted barely an hour, and yet it can be safely said that very rarely has better music been rendered on these occasions. FEAST OF ST. JOHN BAPTIST. Tomorrow being the feast of St. John Baptist, the day will be kept at the Mission Church of St. John Baptist with usual services. The first evening of the festival will be this evening when choral service will be held by 7.30, the preacher being the Rev. J. M. Gladstone; tomorrow there will be a celebration of the Holy Eucharist at 8 a. m., and evening at 8.30. There will be special services on Sunday, and on next Tuesday evening the patronal festival of the church will be celebrated by a conversation. Geo. McKean, the well known lumber shipper, fell the other day and suffered an injury to one of his limbs which will confine him to his home for some time to come. Regret will be felt by hosts of friends. Jim Jones—"I met a ghost last night and it spoke to me." Sam Smith—"What did it say?" Jim Jones—"It said: 'The heart lies.' I'm not familiar with the dead languages."—Chicago Daily News.

ROYAL SOCIETY

The probabilities in the morning papers yesterday were rather ambiguous and were studied during the forenoon with grave interest. So were the signs of the sky, which were also dubious. It was decided to attempt the Duke-Cove picnic, which had been arranged for on the invitation of D. R. Jack, who is the inventor of that charming summer resort. The Royal Society people with the delegates from outside and a few qualified guides made the journey by duck-board, and incidentally explored the park, the scenery about the falls and other points of interest, together with all or nearly all sites of Fort as a Tour. The pleasure of the ride was somewhat mitigated by a shower or two, separated by mist that shut out the distant prospects. But the Royalists are all philosophers, even those who belong to literary sections, and they brought up at Duck Cove in elevated spirits and ready to enjoy the society of ladies at exceedingly close quarters. For showers were more persistent and vigorous as the afternoon advanced, and the company which crowded into Mr. Jack's cottage, where refreshments were served, was perhaps a little larger than the building was calculated to accommodate. Members of the Natural History Society, the Historical Society and the Loyalist Society, with the ladies belonging to their families, all to the number of 100 or more, gathered at the ferry and train. Before that a well organized group of industrious ladies had prepared the rooms and set forth the refreshments. When the Royal Society party arrived the members were received on the veranda by a committee of ladies including Mrs. Mathew, Mrs. J. R. Armstrong, Mrs. J. V. Ellis, Mrs. Doody, Mrs. G. U. Hay, Mrs. A. A. Stockton, Mrs. W. O. Raymond, Miss Mack and Miss Peters. The remainder of the afternoon was passed in pleasant conversation, a few daring pluckers venturing to take short strolls on the beach or along the face of the cove. The general opinion of the strangers was favourable to Duck Cove as a summer resort. Mr. Jack has made many improvements on his own grounds. Mrs. J. R. Armstrong was chairman of the ladies' committee in charge of the arrangements for this excursion and picnic. The secretary was Mrs. Geo. Murray, while the treasurer, Mrs. Peters, were the other members. The details were in charge of five effective sub-committees under Mrs. Leavitt, Mrs. W. O. Raymond, Mrs. Fraser, Mrs. Mathew and Miss Grace Leavitt. Much was furnished by the City Corporation.

PROF. GANONG'S LECTURE.

The evening meeting of the society was held in the High School as usual. The drawing card was a lecture by Dr. W. F. Ganong of Smith's College. The lecture was delivered in a suitable hall, introduced by Dr. Ganong to the audience, though as the air he composed for the evening, Col. Denison acted as chairman. His lecture needed no introduction to New Brunswick people, nor indeed to people from the Dominion. His lecture on the subject of the Adaptation of Plants to their Environment. His lecture was a treat to those present, and the only regret was that the bad weather had prevented a larger audience from enjoying it. Dr. Ganong handled his subject in an entertaining as well as an instructive manner, and by the aid of a series of very fine stereopticon views held the undivided attention of his audience for over an hour and a half. He began by outlining the subjects that had been taken up by botanists since the study was first begun. The earliest form is the classification of plants, then the structure, the physiology of plants, the minute structure engaged in reproductive processes, and lastly, the adaptation of plants to their environment. This phase of the subject had been studied by early German botanists, but the real solution of the causes of color, odor, nectar, etc., which are found in plants was given by the great scientist, Charles Darwin. The lecturer proceeded to show by the aid of views the various processes of growth in the reproductive organs of plants, and how each plant adapted itself according to its surroundings in the various forms which carry out their life in the water plants we find the female flowers floating upon the surface; underneath the water is the fruiting pole. This floats to the surface and unites with the ovule. Another example was the Lady's Slipper, which a marked economy had been effected. The flower was so shaped that every insect which was attracted to it must receive some pollen on its body, and by this agency it would be carried to its proper ovule. This adaptation was

FREDERICTON NEWS.

Miss Margaret Nicholson Appointed to Halifax School for Blind—Sunbury County Court Opened.

FREDERICTON, June 22.—The marriage was performed this afternoon at J. Albert Perkins, of John J. Weddall & Co.'s dry goods establishment, to Miss Elizabeth Niles, fourth daughter of Hubbard Niles of Gibson. The ceremony was performed by Rev. James Crisp of the Gibson Methodist church in the presence of a number of invited guests. After the ceremony a reception was held and luncheon served. The newly married couple took the evening train for a trip to Boston and other western cities. On their return they will reside in this city. The right to cut wild grass on the ungranted crown lands of the province was sold at public auction at the crown land office this morning, and resulted in an addition to the revenue of \$285. The prices in most cases were merely nominal. Miss Margaret Nicholson of this city has been notified of her appointment as a primary teacher in the Halifax School for the Blind, and she will enter upon her new duties. The June term of the Sunbury county court opened this morning, Judge Wilson presiding. One criminal case is to be heard, that against a thirteen-year-old lad, Roy Wasson, charged with the theft of a pocketbook from James R. Miller of Northfield. P. J. Hughes appears for the crown and H. F. McLeod for the prisoner. One civil case, Mary J. Tracey v. Charles Boyle, has been ordered for trial. Hazen and Raymond for plaintiff; Scott E. Morrill for defendant. The case of Ira Fredericks v. Est. William Gibson was concluded in the York nisi prius sitting this afternoon, and resulted in a verdict for the plaintiff for \$40. The action was brought for the conversion of personal property seized by William Gibson in his lifetime under distress warrant. The jury found that no lease had been given by plaintiff as defendant alleged, and therefore distress was illegal.

KNIGHTS TEMPLARS.

St. John has the honor at the present time of entertaining some 90 members from Houlton, Me. Some 80 of these Maine people are members of the Knights Templars, No. 11, Knights Templars. The excursion party, composed of this number of officers and members of the Templars, was accompanied by the wives of some of these gentlemen, and some of their friends from Houlton and other neighboring places in Maine, and accompanied by the Houlton Carriage Band, left Houlton by special train for Fredericton Tuesday afternoon at 4 o'clock. They reached Fredericton at 8.40, having had dinner at McAdam at the C. P. R. hotel. Mr. E. Murphy of the C. P. R. passenger staff was with them from the time of their departure from Houlton till they reached St. John. The large party were accommodated at the various hotels in the capital, and yesterday morning were given all over Fredericton the Starliner Victoria being held an hour there for their accommodation. Fredericton was left about 9 o'clock and the run down the river was thoroughly enjoyed. Indian towns were reached about 4.30, and the country there was thronged with people to welcome the visitors. Citizens generally were there, but the important element for us as the knights from Maine were concerned were Alexander McNichol, N. E. and W. H. Wallace of St. John Commandery, K. T., Theo. Cushing, E. P. of DeMolay Precinctory and T. D. Walker, A. R. Campbell, F. L. Turts and W. B. Wallace of St. John Commandery and Dr. F. A. Godsoe, A. Dodge and Geo. E. Day of De Molay Precinctory. All arrangements had been made for the proper treatment of the visiting knights. Special cars were there to convey them to the respective hotels.

ABOUT DUNDONALD.

MONTREAL, June 22.—Previous to leaving here for Toronto the knights of Lord Dundonald was asked if there was any truth in the story published in government organs that he wished to have a line of forts along the Canadian frontier, and replied: "Just say that it is nonsense." There is no movement here among prominent citizens, irrespective of party, to tender Lord Dundonald a banquet and reception previous to his departure for Canada. Nothing definite will be done however, until parliament has finally disposed of his case. "He's too honest to use money on an election." "Well," said Senator Somers, "I don't know. Maybe he's too honest and, then again, maybe he's too economical."—Washington Star.

CARLOSS-ALMOND.

A quiet wedding took place in St. Mary's church at six o'clock yesterday morning. The interested parties were Miss Ella May Almond, daughter of Edward Almond of 3 Exmouth street, and Richard I. Carloss of the York Bakery. Rev. W. O. Raymond performed the ceremony. The bride was unattended. Mr. and Mrs. Carloss left on the early train for St. Stephen and other provincial points. They will reside at 25 Exmouth street. Dr. W. L. Ellis while preparing kindling wood almost severed one of his fingers yesterday. His brother-in-law, P. S. Taylor, who happened to be near by, got Dr. F. L. Kenney, who did what he could for Dr. Ellis, up-

MILITARY PRESENTATION.

Those Who Have Attended the School Honor Their Instructors. Letter to the Emperor of Russia Telling Why the Deed Was Committed. STOCKHOLM, June 21.—The Aftermath publishes a letter to the Emperor of Russia, purporting to have been written by Eugene Schaumann, the assassin of General Bobrikoff, governor general of Finland, the original of which Schaumann said would be found upon his body after his death had been committed. The letter follows: "Sire—Through the senate, which is obedient to Bobrikoff, the latter has succeeded in creating lawlessness in Finland. Through lies and false representations Bobrikoff and Fleberg (minister of the interior) have induced your majesty to issue ordinances incompatible with Finnish laws, which you promised at your accession to guard firm and unshaken. The best officials of the state have been removed without trial in favor of fortune hunters and others ineligible to state office under Finnish laws, and some of your most intelligent and trusted subjects have been banished. "The duty it is to report to your majesty all matters concerning the grand duchy of Finland, is not a Finlander, has no knowledge of Finnish laws and customs and has some interests with Bobrikoff. Therefore your majesty does not get true knowledge of the real situation. "As it is not probable that the real situation will be known to you in the near future unless Bobrikoff be removed, there is only one way to take in self-defense, action to render him innocuous. The remedy is evil, but it is the only one. "Your majesty, I have done my deed alone, after mature deliberation and in the moment of 'sath I swear there was no conspiracy. "Knowing your good heart and good intentions, I implore solely that you seek information regarding the whole empire, including Finland, Poland and the Baltic provinces. (Signed) With the deepest veneration, your majesty's humblest and truest subject, "EUGENE SCHAUMANN." The copy was mailed to a person who was not in Finland, Schaumann writing him that he was sure the letter would not reach the emperor.

THE NEW FIRE MACHINE.

Committee Considered Tenders and Will Report to Council. The special committee of the safety board to consider the tenders revoiced for the chemical engine and the combination machine met at the City Hall yesterday afternoon. All the members were present. The figures were gone over and the specifications submitted were looked carefully into. No decision was reached, but the committee will submit a report to the safety board, but probably not till Friday week. Even this will permit of the report reaching the next regular council on Monday week. All the civic boards will be in session next week, and it is feared the safety board will have too many matters to deal with, to discuss and decide on a report for submission to the council at the safety department's meeting on Monday next.

CHAMPLAIN'S CRAFT

Given a Trial Spin on the Harbor Yesterday. Milledgeville was visited by hosts of people yesterday, despite the unfavorable weather, who went there to have a look at the Champlain craft. The vessel was given a trial sail with the complete crew, who are to handle her when she comes up the harbor Friday. Capt. Fred Heans was in charge. The wind was light, but the vessel performed well when she was called upon to do with credit to herself, the gallant commander and his willing and capable crew. All sail was put upon her, but the light wind prevented her doing anything like what she is capable of doing. FALL RIVER, Mass., June 22.—Sight, Sch Omaha, for New York, to load for Calais.

ENTHUSIASTIC MEETING OF TEMPERANCE WORKERS

Several Resolutions Passed Which Are Calculated to Forward the Work—Addresses by Prominent Gentlemen.

The convention of temperance delegates from all over the province opened in Leinster street Baptist school room Wednesday afternoon and was continued in the evening...

Mr. Hamilton was chosen chairman for both meetings. W. C. Simpson, grand secretary of the Temple of Honor, was elected secretary.

Mr. Thomas considered the resolution a very easy one to move for he thought there would be no difference of opinion among them and the resolution stated that the prohibition was illegal in many parts of the province...

It was a fact that temperance sentiment made a stronger form. They had plenty that manifested itself in the present than at any other time for temperance legislation.

HO! FOR THE HOLIDAYS!

City Scholars Celebrate Coming Freedom in the Various Schools Today

The public schools closed for the summer holidays, and despite the temporary celebratory attractions there were many visitors at the schools.

At the High School quite an elaborate programme was carried out, and there were a large number of visitors. The programme was as follows: Music—High School Orchestra.

At the Douglas Avenue school there were no special closing exercises. In some of the rooms, however, there were recitations and singing.

In neither the boys' nor girls' school were there any closing exercises. The work of the past year was reviewed in each grade.

At the Victoria school, the closing exercises were held in the assembly hall, and there under the direction of Mr. D. Brown, the successful termination of the first year of this school and naturally both the principal, Mr. D. Brown, and his staff are somewhat elated at the result.

At the Newman street school each grade reviewed the year's work.

At the Leinster street school, the closing exercises were held in the assembly hall, and there under the direction of Mr. D. Brown, the successful termination of the first year of this school and naturally both the principal, Mr. D. Brown, and his staff are somewhat elated at the result.
