YESTERDAY'S DEBATE ON THE ADDRESS DEVELOPED INTO AN UNIMPORTANT WARFARE

Light Skirmishes from Both Sides Gave Vent to Their Views on the Great Questions Confronting Parliament.

CRERAR RECEIVES LIBERAL THREAT

Quebec Member Does Not Care to See His Party Lined up With the So-Called Friends of Farmers' Movement.

Ottawa, March 3.—With both Government and Opposition holding guns in reserve, and the cross-benches sitting silent and neutral, the debate on the address developed into an unimportant warfare between light skirmishers. Mr. Arthur Trahan, who led off for the Opposition, is a medium sized, middle-aged gentleman with an Irish name, a French-Canadian outlook and mentality, and a Scandinavian appearance. In his own part of the country he is a not inconsiderable personage, being enough of a business man to operate a factory and sufficient of a lawyer to write a book about law. When he first came to Ottawa, which was in 1917, his knowledge of English was restricted to a score or two of words; but today, thanks to unremitting toil and determination, he can express himself in vigorous Anglo-Saxon as easily as most English members of the House.

Thrust at Crerar.

A Liberal, or at least claiming to be one, his liberalism is of the kind that must be sharply distinguished from radicalism. Indeed, in the brief speech which he delivered today he dealt with economic questions in a way which showed that upon some matters, notably the eight-hour day, he is far from abreast of the most advanced kind of Liberalism, and is not by any means eligible for the company of agrarian or even Unionist progressives. Nor is Mr. Trahan willing to see his party allied with the forces of Mr. Crerar. "So-called friends of the farmers like Mr. Crerar and Dr. Clark," was the way he characterized the agrarian leaders, which was not a very hopeful portent for the alliance which some profess to see in the future between Mr. Crerar and Mr. Leppine. Mr. Trahan, incidentally, also drinks to "Der Tag." He told the House that while Mr. Gaultier's creed was not one of revenge, Quebec was awaiting her hour, and that unless and until it arrived it was good-bye to the "bonne entente."

Farmers Dangerous.

Mr. W. F. Cockshutt, of Bradford, to whom protection is the Ark of the Covenant, and all radicals nuisances and pests, naturally saw danger in the Farmers' movement, which he thought tended toward class dominance, and adding that, had as were the Liberals, he would rather see them than Mr. Crerar in office. Not that this reconciled him to Mr. King, indeed he reminded that gentleman that Ontario was still inclined to ask people what they had done in the war, and thought that if an election were held, as the Opposition leader seemed to desire, the interrogation might prove embarrassing to the young Liberal chieftain.

King Defended.

Dr. Fontaine, of Hull, unashamedly said in defence of the war record of Mr. King. Was not the Opposition Leader in the United States settling disputes between capital and labor, and did not this work, by preventing strikes, increase the production of munitions; in truth, held Dr. Fontaine, while his leader was helping to make the world safe for democracy by working for the Rockefeller Foundation, Mr. Cockshutt was sitting in Parliament, helping by word and vote to sustain the profiteers.

Failed to Proclaim Independence Of Schleswig-Holstein Tuesday

Copenhagen, March 3.—The "Boeser Demokrater's" Osterberg correspondent telegraphs that the meeting of political leaders yesterday at Rendsburg, Holstein, did not proclaim the political independence of Schleswig-Holstein, because futile attempts to form Republics from parts of the former Empire in the spring of 1919, showed that the Berlin government would not accept such a decision.

Flensburg dispatches, received in London last night, reported the assembling of various political party members with representatives of Schleswig-Holstein organizations at Rendsburg to proclaim the emancipation of Schleswig-Holstein from Prussia, and the establishment of a new state.

Large Number of Armenians And Greeks Slaughtered By Turks

Paris, March 3.—(Havas.)—The Greek legation today made public a telegram announcing the slaughter of a large number of Greeks and Armenians by the Turks in Rodosto, 60 miles northeast of Gallipoli, in the Sea of Marmora. Details are lacking, but the telegram says that the French Governor of Dedeagatch, a seaport in Thrace on the Aegean Sea, has left hurriedly for Enos, the headquarters of the followers of Mustafa Kemal Pasha, Turkish Nationalist Leader, who are said to be terrorizing the inhabitants of that region. Enos is a seaport on the Aegean Sea, 38 miles northwest of Gallipoli.

ADMIRAL JELICOE'S REPORT ON CANADIAN NAVAL SITUATION BEFORE HOUSE NEXT WEEK

That Widowed Mothers of Canadian Soldiers or Sailors, Who Died in Active Service, Should Not Have Pensions Reduced Because of Other Sources of Income, to be Embodied in Resolution to Go Before Commons.

Ottawa, March 3.—(Canadian Press)—A resolution which, if carried into effect by Parliament, would institute steps for the formation of a permanent commission to govern all ocean steamship traffic between ports in the United Kingdom and ports in Canada, is to be brought before the House in a few days by Mr. J. E. Armstrong Lambton East.

That widowed mothers of Canadian soldiers or sailors, who died on active service, should not have pensions reduced on account of other sources of income, is the plea of C. G. Power, member for West Quebec, who intends to bring in a resolution on the subject in the House. Neither should the widow be deprived of the pension if the death of her soldier or sailor son leaves her without any children, Mr. Power contends.

Fuller Report.

Hon. C. C. Ballantyne stated today the report of Admiral Jellicoe on the Canadian naval situation, would probably be tabled in the House of Commons early next week. It is now in the hands of the printer. Although the Minister of Marine declined some days ago to state whether the Government proposed to introduce legislation based on the report, he intimated that the Government had decided on its attitude in the matter.

MORE EMPLOYEES OF C. N. R. UNDER ARREST FOR THEFT

Nine to Receive Sentence at Fredericton Municipal Court Tomorrow Morning.

Fredericton, March 3.—The number of railwaymen under arrest as a result of the roundup by the C. N. R. Investigation Department, for freight thefts at Napanogon on the Transcontinental road, was increased to ten today, when Chief Detective B. J. Page, of Toronto, appeared in the police court with another prisoner charged with stealing hoots and tobacco while in transit. This prisoner pleaded guilty and was remanded until Friday morning when, with eight others, he is to appear again for sentence.

Chief Detective Page declared this morning that the roundup of railwaymen as a result of the thefts was not yet finished. Detective Tremblin and Lawson, he said, were expected to soon arrive with some more prisoners. Declaring the campaign against freight thefts was being carried on all over the C. N. R. system, Chief Page said that this morning he had received telegrams from Sudbury, Ont. and Toronto, three arrests having been made at the former division point, and two convictions at the latter, all employees of the Railway Co. who were charged with theft.

SIR HORACE HAS NEW PLANS FOR IRELAND'S HELP

On the Highest Authority it is Stated He Returns With a Policy That Will Bring Ireland Into International Affairs.

PROMISED AID FROM AMERICA

Many Promises Regarding Future Action of U. S. in League of Nations Based on Ireland Becoming Dominion.

Montreal, March 3.—The Montreal Star tonight publishes the following from a staff correspondent in Dublin: While Ulster is anxiously awaiting the arrival of Sir Edward to decide its policy regarding the latest Home Rule Bill, the remainder of Ireland is holding back to hear the proposals of Sir Horace Plunkett, who has lately returned from the United States.

Sir Horace, since his arrival in England, has maintained absolute silence, but it is announced that the alternative demand to the present bill will be presented at a great representative reception to be held in Dublin on Thursday.

On the highest authority it is able to forecast the fact that Sir Horace Plunkett's policy would bring Ireland into the whirlpool of international affairs. First, it includes the proposal to demand for full Dominion status, claiming the right of the various countries to decide their relationship to the Central Constituent Assembly by a proportional representation vote. Then, the committee of the League of Nations would examine the claims of all parties, to co-operate with the assembly in the formulation of a political constitution.

American Aid.

I understand that Sir Horace has the firm promise of the United States to withdraw the reservation to the covenant of the League which affects Dominion votes in the League of Nations, and also to assist in the adjustment of the exchange situation if Ireland's problem is settled on the Dominion basis.

Meanwhile, every effort is being made here to bring together all the parties to agree to Plunkett's proposals, and this effort is not without success.

Not only all Ireland will be represented at Thursday's reception, including the Dublin members, but special efforts will be made to bring to the conference representatives of English opinion.

In Dublin the proposals are regarded more hopefully and the leaders are most optimistic. The idea of turning Ireland from the Gulf, to bridge the gap between Britain and the United States, is regarded as a really practical solution.

Great Britain Will Not Interfere With Hungarian People

Have Perfect Right to Choose Any Such Regime as They Prefer. Provided Hapsburg Dynasty is Not Restored.

London, March 3.—The question was raised in the House of Commons today, whether the government's attention had been drawn to the murder of Bela Kun, editor of the newspaper "Nepesava," at Budapest, and whether Great Britain would protest against such a regime as has occurred since the overthrow of the Hungarian Soviet Government, Sir Hamar Greenwood, Under Secretary of Home Affairs, replied that the British Commissioner at Budapest had constantly urged on the Hungarian Government the necessity of discovering and punishing the guilty parties in this and similar outrages. Great Britain, however, would hardly feel justified in protesting against the choice of Hungarian people's right to choose any such regime as they prefer, provided there was no restoration of the Hapsburg dynasty, and no hostilities were undertaken against neighboring states.

POLAND'S DEMAND TOO EXTRAVAGANT

London, March 3.—A Moscow wireless despatch received here says the proposed peace conditions with Poland have been denounced as extravagant. The despatch adds that Nikolai Lenin, the Bolshevik Premier, in a speech at the Cossoak Congress said: "If the Polish aggressor invades our country we will give him a blow that will not be forgotten."

Japan Determined To Pursue Its Course Regarding Shantung

New York, March 3.—Japan's course in regard to the Shantung question will be pursued "unswervingly" no matter what action China takes, K. Shidna, the new Japanese Ambassador to the United States, declared at a dinner given by the Japan Society in his honor here tonight.

Two alternative courses are now open for China to take," the Ambassador said, "either to effect an early settlement of the Shantung question, or to leave the question unadjusted and pending for an indefinite length of time. In any case, Japan knows her responsibilities to China and to civilization. She will go forward unswervingly, along the pathway which she believes leads to international peace and stability. What difficulties, then, could there possibly arise between the United States and Japan with respect to Chinese problems?"

CAILLAUX DISPLAYS FEELING OF BITTERNESS WHILE ON STAND IN OWN DEFENCE WEDNESDAY

Spectators and Senators Join in Counter Manifestations That Greeted Many of His Caustic Replies to Prosecutor—Noisy Scenes and Demonstrations Brought Forth Warning Words from President of the Court.

Paris, March 3.—When the cross-examination of Joseph Caillaux, former Premier, was resumed this afternoon, among the evidences introduced by Caillaux was the report of the United States Senate committee investigating German propaganda in America. The former Premier pointed out that in the report of nearly one thousand pages, his name was not mentioned once. Referring to the American Senator's report, the former Premier said that if he had been associated with Bela Fasola in his propaganda work in the United States and elsewhere, the searching inquiry of the Senate committee would unquestionably have brought out this fact.

Noted at the trial of the cross-examination of Theodore Lescouze, prosecutor of the Republic, M. Caillaux displayed a greater feeling of bitterness today than at any time since the trial opened. The spectators, and even some of the Senators, joined in the counter manifestations that greeted many of his caustic replies to M. Lescouze. Leon Bourgeois, the presiding officer, immediately warned the Senators that an exhibition of sympathy either for defence or for prosecution would cause him to disbar Senators "guilty of such a breach of conduct unbecoming to judges."

M. Caillaux reiterated his previous testimony that James Minotto, son-in-law of Louis F. Swift, of Chicago, had been lunched for by Edward Moran, American Ambassador at Rio Janeiro, who, Caillaux claimed, not only introduced Minotto to him but received the latter in his house as a permanent guest.

RIGHT TO ENACT 8-HOUR DAY UP TO PROV. GOVTS

Minister of Labor Makes Important Ruling on Question of Concern to Various Provinces.

Ottawa, March 3.—The right to enact legislation on the eight hour day is in the hands of provincial governments, it is announced by the Minister of Labor in connection with the application of one of the provincial acts for a ruling on the subject. The position is that the Federal Government has no jurisdiction under its treaty-making powers to enter into legislation, as may be necessary to give effect to the provisions of any international treaty, if the provincial legislatures do not see fit to act in the matter.

In connection with the national industry conference of last September, when legislation on the eight hour day appeared to be purely domestic concern, it was proposed to refer to the Supreme Court of Canada the jurisdiction of Federal and Provincial legislatures in governing hours of employment. The adoption, subsequently, in Washington by the International Labor Conference of a draft convention on the subject of the eight hour day in industrial employment has changed the situation somewhat, it is stated in the Minister of Labor's announcement today.

AMERICAN LINER DISABLED AT SEA

S.S. St. Paul Develops Boiler Trouble and is Rushing to Halifax to Repair Damage.

New York, March 3.—The American liner St. Paul, which left here February 28 with passengers and cargo for Southampton, developed boiler trouble when about 300 miles off this port and was put into Halifax, according to a wireless message received here. The ship is due to reach the Canadian port Friday morning, the message added, and it was announced at the office of the line here that part of the passengers would be transferred there to the steamer Canada for the rest of the voyage. Others will embark on the Cedric due to reach Halifax Monday.

TREATY DEBATE WANDERS INTO EUROPEAN LAND

Idaho Senator Thinks Old Regime Still Rules in European Courts as Shown in Adriatic Controversy.

CHILDISH TALK FROM REID

Treaty's Friends in Final Effort to Rescue it from Deadlock to Which it Seems Headed.

Washington, March 3.—Senate debate today on the Peace Treaty developed some sharp passages when it wandered into the field of European play. Senator Borah, Republican, Idaho, asserted that the old regime still ruled in European courts, and that the stand of the Allies in the Adriatic controversy was only another illustration that the new day prophesied by President Wilson had not come.

In reply, Senator Hitchcock, Nebraska, the Democratic leader, declared that some European nations, particularly Great Britain, had become Democratic, in some cases more responsive to public opinion than in the government of the United States.

"The voice of an American had become the public, moving, mocking voice of a synchphant of Great Britain," Senator Reid, Democratic, Missouri, declared. "It is the voice of this treaty that has poisoned the foundations of pure patriotism for the Senator from Nebraska. (Mr. Hitchcock). He stands here like a brass monkey claiming that all is pure and holy over there, while the President is threatening to withdraw the treaty and the League of Nations before the streets of the beautiful city of Omaha, his white hair lifted to the native breeze of Nebraska, arm in arm with the Mikado of Japan—the Slavic twins of Modern Democracy."

Friends Active

While the debate dragged on in the Senate without action, the Treaty's friends began a final determined effort to rescue it from the deadlock to which all leaders agree it again headed. Republican and Democrat Senators joined in the movement, but they were only moderately hopeful of success. Putting collateral issues of aside, they addressed their efforts to the Republican reservation to Article Ten, long the storm center of the treaty fight, which the Republicans' leaders have said they cannot modify, and which President Wilson has said he cannot accept.

Such compromise proponents professed to see a possibility that an acceptable modification might yet be formulated. Others believed that despite assurances of Democratic leaders enough Democrats to put through the reservation as it stands might yet be induced to quit the President's intractable opponent, apparently, was not shaken, and leaders of the two parties maintained that ratification would fail.

PEACE CONFERENCE CLOSED LONDON SESSIONS WED.

London, March 3.—The Peace Conference closed its London sessions tonight after preparing the Turkish treaty and its economic conclusions in such manner that they may be completed by assistants. The treaty will be handed to Turkey at Paris on March 22, it was announced.

Grand Jury Investigations Reveal Members of "Vice Squad" Are Grafting Among Women.

New York, March 3.—Startling revelations as to the Police Department were predicted at the District Attorney's office today, after John J. Gannon, a police detective, had been indicted on charges of bribery. Further indictments against members of the "vice squad" were forecast, and it was stated that the disclosures would result in the greatest upheaval in the department since the Becker case.

Enver Pasha Credited With Desire To Enter Into Negotiations With Entente

London, March 3.—The London Times Berlin correspondent has received confirmation from a wholly independent source of the presence in Berlin of Enver Pasha, the former Turkish War Minister and leader of the Young Turks. He is credited with a desire to enter into relations with the Entente representatives. There is no indication, however, of a reciprocal desire on the Entente's side. "It would be surprising," says the correspondent, "if the Entente showed a disposition to respond to Enver's advances, seeing that he is a figure in the extralimitation presented to Germany. Possibly partly for this reason Enver Pasha is anxious to leave Germany."

SWITZERLAND IS A REFUGE FOR ROYALTY

More Ex-Kings, Ex-Princes and Ex-Nobility There Than Anywhere Else.

Geneva, Feb. 29.—Switzerland has become since the armistice the refuge of royalty. There are probably more ex-kings, ex-princes and ex-nobility in Switzerland than in any other country in the world.

Former Emperor Karl of Austria-Hungary has been residing at the beautiful chalet near Frangins near Geneva, since a few days after the armistice, when, accompanied by British officers, he was rushed across the frontier.

Karl spends most of his time shooting, fishing and boating. His wife, the former Empress Zita, has much to do looking after the welfare of her five children, one of whom is the duke of Salm.

The Associated Press correspondent met the former imperial couple a few days ago. Dressed as ordinary tourists they had come here from Frangins on a shopping tour when the correspondent ran across them in the flower market.

ARSENAL OF SINN FEINERS RAIDED

Huge Haul of Lethal Stock—List of Deadly Weapons and Supplies Captured Reads Like Inventory of Army Supplies.

Belfast, Feb. 25.—When a Dublin constable brought in McGrath, a Sinn Feiner, who was declared to be in the murder gang which assassinated Constable Wash and wounded Sergeant Dunleavy yesterday morning, he did Dunleavy's work in the interests of law and order in Dublin.

The premises were quickly surrounded by a cordon of police and troops. Two armored cars and a tank were in attendance.

Following that a raid was made on McGrath's house, 55 Belgrave square, Rathmines, where on the floor being ripped up by the police were found a large quantity of detonators, small arms and their ammunition, military books and documents relating to an attack on Limerick prison.

At the other houses in Dublin visited by the police, and at 27 Sullivan street, ammunition was found.

Question of Leadership. With the resumption of parliament this week the question of leadership again looms up and speculation is already rife as to who shall succeed Sir Robert L. Borden.

Toronto, March 3.—The Canadian Reconstruction Association, in a statement issued tonight says: "Alarmed at the prospect of losing many profitable Canadian accounts, an increasing number of United States producers and merchants are offering to accept payment in Canadian currency."

Imperial Press Conference Plans

Distinguished Visitors Will Arrive at Halifax July 25 and Visit Every Canadian Province—Conference Meetings in Ottawa.

Arrangements for the Imperial Press Conference which is to be held in Canada next summer are rapidly approaching completion. This conference which will be attended by one hundred of the leading editors and publishers of the British Empire, including men like Lord Northcliffe, Lord Burnham, Lord Riddell and others of similar prominence, as well as distinguished American publishers, is the greatest event of its kind in the history of the British Empire.

The meetings of the conference itself will be held in Ottawa and will extend over three days, but before that event it is planned to take these distinguished journalists on one of the most extensive tours of Canada that visitors have ever had opportunity to make.

As at present arranged the visitors will arrive in Halifax, July 25, where they will be royally welcomed by representatives from the press of Canada, the Governor-General, the Dominion Government and the Nova Scotia Government.

On two special trains, one supplied by the Government Railways and one by the C. P. R., the party will leave Halifax, July 27 making a trip up to Annapolis and return on that date and to Sydney on the following day. On the 29th it is planned to visit Prince Edward Island, returning to arrive at St. John, N. B., Aug. 30. Leaving St. John next day with stops at Fredericton and Woodstock, the party will arrive at Quebec Sept. 1, reaching Montreal on the following evening. Sept. 2 and 3 will be spent in Montreal, after which the party will proceed to Ottawa where the conference will be held Aug. 5, 6, and 7.

Leaving Ottawa the night of Aug. 7 it is planned to spend Sunday at Niagara Falls and then proceed to Toronto, staying there from Aug. 9 to the morning of Aug. 11. Leaving Toronto the party will go through Western Ontario to Windsor where they will take the lake boat of the Northern Navigation Company to Port Arthur, arriving there Aug. 13 and at Winnipeg, Aug. 15. That day being Sunday will be spent quietly, the official reception program being held over till the following day. On Aug. 17 Portage and Brandon and Carberry will be visited.

Its opportunity to entertain the visitors to a trip up the Ogishagan Valley, arriving at Vancouver, Aug. 25 at 10 a.m. Wednesday. On the morning of the following Friday they will take the day boat to Victoria, spending there the 27th and 28th, returning to Vancouver without stop-over on the 29th. There will be a brief stop at Kamloops that day. The next day will be spent at the New National Park at Jasper, the trains arriving in Edmonton on the 31st and leaving on the morning of Sept. 1. After a short stop at Wainwright Park, Saskatchewan will be visited. On the way back it is proposed to give the delegates a day at Winnipeg, Sept. 3, for rest and relaxation after their train experience.

Leaving Winnipeg on the night of Sept. 3 they will come via Cochrane and Ironsides Falls, with stops at Timmins and Cobalt, arriving at Toronto again on the morning of Sept. 8, for one day's visit at the great National Exhibition there, returning to Montreal on Sept. 9 and proceeding to Quebec that night. Here in the historic atmosphere of the Plains of Abraham the final sessions of the conference will be held. Extensive plans for the entertainment of the guests during their two or three days stay here are in prospect. It is expected that the party will sail for home again via C. P. R. lines between Sept. 13 and 15.

The arrangements for the conference and its trip are in the hands of C. F. Crandall of the Montreal Str. who is acting as honorary secretary of the Canadian Press executive which is issuing the invitations.

MULTIPLICITY OF NAMES BOTHERS IN FUR BUSINESS

Standard Trade Names for Furs Suggested by Conservation Commission to Protect the Public.

Ottawa, March 3.—Difficulty has been experienced in the fur trade owing to the multiplicity of names by which the skins of certain of our fur-bearers are known after processes of manufacture. This has been especially the case with muskrat, rabbit and skunk. At the fur trade conference of the Commission of Conservation in Montreal, recently, it was suggested that the Commission appoint a committee to consider and suggest standard trade names for furs, as a protection to the public and of benefit to the trade throughout Canada. It has also been suggested that an effort be made to have an act passed, similar to the English law, which requires all furs to be sold under their real or officially recognized names.

ANTI-INFLUENZA SERUM PROVING SATISFACTORY

Now Being Used in Montreal Where Epidemic is Prevailing—Used Among Soldiers Overseas.

Montreal, March 3.—A new anti-influenza serum is now being used by Col. Bridges, A. D. M. S., and the medical officers of M. D. 4, as a preventative, not only of the influenza itself, but chiefly of the pneumonia which has proved more fatal than the influenza. This is a serum known as the Poly-valent serum, and it is administered subcutaneously. Colonel Bridges said that he had used this serum at the military camps in England last year, and had also been inoculated himself, and he felt confident that its use with the troops at the Fort Street Barracks had resulted in stemming what might have been an unpleasant outbreak of the "flu."

intended women to be strong, and happy as the day is long, of being sick and wretched, can any woman be healthy when the whole nervous system is unstrung.

The trouble is more attention to their social and domestic duties than they do to their health. It is a wonder that come irritable and nervous, flushed, faint and dizzy spells, and sinking spells, and everything in times dark and gloomy.

of the Heart and Nerve Pills are a remedy that nature has provided for the restoration of the nervous system to its normal state of health.

H. Ryan, Sand Point, N. S., "I have been a great sufferer from nervous troubles. I was so weak I could not sleep at night. My appetite was very poor. I could not walk across the floor without staggering. I had hot flushes and spells. When I was on my box of Milburn's Heart and Nerve Pills, I felt better and until I had used six boxes I felt like a different person. I could walk without a tremor, and I was able to do my work without a moment's rest."

Local Government Scared Plotters

Extraordinary Revelation of How Province Escaped Soviet Revolution—Government's Reputation Daunted Mysterious Four.

That four men in New Brunswick had undertaken the job of overthrowing the Venetio-Poeter Government and setting up the Soviet system in this province last summer is a bit of alarming news developed during the trial of the strike leaders at Winnipeg. The prosecution put in evidence of some sort that the Winnipeg was part of a nation-wide conspiracy to overthrow constitutional government and establish Soviets all over the country. As proof of its comprehensive character it was said that there was one man in Montreal implicated in the plot, four in New Brunswick and more in Nova Scotia, which apparently had such a fine government that the Reds were content to leave it alone.

Why the four men in New Brunswick did not rise when the signal was given from Winnipeg, and overthrow the Venetio-Poeter Government, is a mystery on which no light was thrown at the Winnipeg trial, but it is believed here that the local Government's great reputation for bravery, foresight, vigilance and energy caused the four to contract cold feet when the desperate moment arrived on the scene.

Many sins of omission and commission have been charged up to the local Government, but in the light of the knowledge that it prevented the plot of the four upsetting established institutions and setting up Soviet rule the people will have the profoundest feelings of gratitude if the Government had fallen before the uprising of the four, we might have had some experiments in nationalization, which would have enabled us to see just what nationalization of the harbor means.

Dr. A. W. Meahan. Among the floral tributes was a large wreath of roses from the N. B. Telephone Company. The sons of the deceased acted as pall-bearers, and inter-

STEADY DECREASE IN "FLU" CASES

Situation in City and County Gradually Getting Back to Normal—Diet Kitchen May be Closed.

Each day shows a steady decline in the number of influenza cases under treatment in the city. No new cases have been reported to the Board of Health for the last two days, while the recoveries have steadily increased. With the addition of the nineteen reported yesterday, the recoveries now number 213, which means, as the total number of cases reported is 288, and the deaths fifteen, that but sixty cases are now being treated in the city and county of St. John.

Eleven patients are still under treatment at the Emergency Hospital, and the excellent work of the diet kitchen is also being continued. It is felt, however, that if the situation warrants such a step, that the kitchen may be closed some time next week, although yesterday four new families were added to the list.

If Thin and Nervous Try Bitro-Phosphate

While excessive thinness might be attributed to various and subtle causes in different individuals, it is a well-known fact that the lack of phosphorus in the human system is very largely responsible for this condition. It seems to be well established that this deficiency in phosphorus may now be met by the use of Bitro-Phosphate, which can be obtained from any good druggist in convenient tablet form.

In many instances the assimilation of this phosphate by the nerve tissue soon produces a welcome change—nerve tension disappears, vigor and strength replace weakness and lack of energy and the whole body loses its ugly hollows and shrump angles, becoming enveloped in a glow of perfect health and beauty and the will and strength to be up and doing.

CAUTION:—While Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

LIKE A SATURDAY BATH

Lots of Folks Wait Until the Liver and Bowels Stop Acting—Take "Cascarets" Tonight

Don't day after day sit with a bloated, constipated, laxative-treated, not without griping and sickening oil, upsetting salts and griping pills of the old days! They're back numbers—like candles and horse cars! Take Cascarets occasionally—feel its work while you sleep—and their splendid always. They are a regular cost is so little. Switch to Cascarets!

Why do Some People Always Wake up Tired

LOTS of folks sleep all night. But they don't rest. They sleep too "light." Or they dream all night and get up in the morning almost as tired as when they went to bed.

Many don't get the right kind of sleep because of their beds. You can't get real sound sleep unless your bed invites every nerve and muscle to relax.

Most beds have a loose joint that rattles. Or a spring that creaks. Even the least bit of noise will keep the nerves on edge.

Anyone would sleep better if he'd get rid of his old wooden or loose-jointed rattling metal bed and get a Simmons Metal Bed, with Waldorf Box Spring and a Simmons Mattress and Pillows.

THE Simmons Metal Bed is noiseless. It locks firm at the corners. The corner locks are made of pressed steel—fit true and snug—not a creak, rattle, or feeling of unsteadiness.

It is perfectly rigid—moves like one solid piece.

The Simmons Pressed Steel Corner Locks are protected by basic patents—exclusive with Simmons Limited—not to be duplicated or imitated.

And these patented corner locks have made possible the Three-piece Bed—the new Simmons idea—the spring forming a single unit with the side rails.

THE Waldorf Box Spring really does what you have always wanted a spring to do. It invites complete relaxation.

It supports the body at ease on fine resilient spring coils—each coil conforming freely to the contours, so that the spine is perfectly rested, whether one sleeps on the back or on the side.

Simmons Waldorf Box Spring is covered with ticking of the finest grade and great wearing quality, in new and attractive designs.

It fits firmly on the bed—never sags or humps, never loses its resiliency.

And Simmons Mattresses and Pillows are in every way worthy to go with Simmons Metal Beds and Waldorf Box Springs.

YOU probably are thinking a lot about sleep these trying days.

The Simmons Metal Bed and Waldorf Box Spring will give you better, sounder sleep than you have ever known.

Many folks can't sleep even in the best bed if they are disturbed by the restlessness of another sleeper.

Simmons Limited makes a specialty of Twin Beds—where one sleeper doesn't disturb the other or draw on the vitality—and you don't "catch" sore throats, coughs or colds.

Your choice of exquisite designs in brass, or enamel in colors and delicate "wood effects" in Simmons Beds—prices no higher than for ordinary beds.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time, established beautiful and authoritative design in Metal Beds.

All the leading merchants in this section have Simmons Beds, Waldorf Box Springs, Simmons Mattresses and Pillows.

If you care to write us, we'll tell you where to get them.

PROVINCIAL NEWS

FROM OUR CORRESPONDENTS

St. Andrews

St. Andrews, March 1.—Dr. Wallace Broad has returned from a trip to Montreal.

Mr. Harry H. Burton, manager of the Bank of Nova Scotia at Port Elgin, is visiting Mr. and Mrs. George F. Hibbard.

Mr. and Mrs. Elmer Rigby entertained at cards on Tuesday evening.

Mr. Herbert Everett has returned to his studies at McGill.

Miss Freda Wren entertained the evening Bridge Club on Friday evening.

Mrs. Warren Stinson made the highest score.

Mr. Andrew Allerton, manager of the Place Viger Hotel, Montreal, spent the week-end at his home here.

Mr. T. A. Hart, M. P., has gone to Ottawa.

Mr. Warren Stinson was in McAdam this week.

Dr. Percy Hart has gone to Harvey to help fight the "flu".

Miss Alice Anderson has returned from New York, where she has been spending a couple of months.

Mrs. Howard Grimmer entertained All Saints' Parish Guild at the tea hour on Tuesday.

The Misses Dorothy Rankin and Gladys Horenell are home from Mount Allison, while the "flu" epidemic is raging in Sackville.

Judge Byron and family are moving into the "Clarke house" recently occupied by E. Davis.

Major Stuart Grimmer, who is employed by the Forestry Department of the French Government, is visiting his parents, Mr. and Mrs. J. D. Grimmer at Chamcook.

St. Andrews' friends are very much interested in the marriage of Miss Lois Hazen Grimmer, daughter of Judge and Mrs. Grimmer to Mr. Geoffrey M. Wheelock of Shanghai, which took place in St. John on Tuesday.

Both Mr. and Mrs. Wheelock are well known in St. Andrews and have the best wishes of their many friends here.

Mr. Austin Buckman has gone to New York.

St. Andrews has suffered from the heavy storms of the past week. On Friday there was no train service at all and on Saturday the train did not get through until five o'clock.

The N. B. Telephone Company had to bring its crew from Fredericton to repair the damage done to the poles and wires.

So far St. Andrews has been very fortunate in not having any cases of the "flu".

In Tuesday's Standard, the death of Mrs. Russell Covans of Montreal, is reported. Mrs. Covans was an annual visitor at St. Andrews.

Mrs. W. J. Shaughnessy another well-known summer visitor is reported as very ill.

Penobscot

Penobscot, March 1.—The wind storm on Thursday night did considerable damage in Penobscot and throughout the parish. A barn belonging to Daniel Robinson had half the roof blown away. A machinery shed owned by Byron McLeod was turned over. In several houses windows were blown in and the Lower Baptist Church lost one of its spires. In Goshen a few miles from Penobscot, three barns lost their roofs. While one barn was lost not only the roof but most of the bay was blown away.

An accident that might have had fatal results occurred at Partridge last week. The roof on Roy Brook's mill collapsed from the weight of snow just fifteen minutes after the men had stopped work for the day. Had the accident occurred while the men were at work, four men would have had narrow escapes.

Miss Alice McLeod, Sussex, entertained a number of her friends on a driving party to her former home here on Wednesday night of last week.

John McLeod spent Friday and Saturday in St. John.

Mrs. Marie Branscombe is the guest of relatives and friends in Corn Hill.

Mrs. Annie Perry is visiting friends in Apohaqui.

Again there has been a change in one of the stores here. A. W. Currie has gone into partnership with Robinson and McLeod and now the firm will be known as Currie, Robinson and McLeod.

Gagetown

Gagetown, N. B. Feb. 25.—Although the returns from the Anglican Forward Movement are not yet completed, \$740 has already been subscribed, of which \$467 was contributed by St. John's Church, Gagetown, and \$233 by St. Stephen's, Queenstown. As the objective for the parish was \$600, and Summerhill and Upper Gagetown are yet to be heard from the whole parish should go over the top by a considerable amount. The objective for the Methodist National Campaign Fund here is \$700, and a large part of this has already been subscribed. The work of collecting has been carried on under difficulties owing to the bad roads and frequent storms, collections in country districts having many difficulties with which workers in the city are not familiar.

The snow storm which began yesterday morning has continued all today with increasing intensity, and at sunset this evening, about twelve inches more had been added to the already hopelessly large amount now on the ground, and the storm showed no signs of slackening. Conditions in this locality have not been so bad for many years as they have been since the big storm of three weeks ago. In many sections no attempt has been made to break out the roads, and in consequence these localities have had no mail service. There was no road to Queenstown or Summerhill until yesterday, and the road to Upper Gagetown has not yet been broken out. If it were not for the Valley Road, towns along the river would be hopelessly isolated. As it is, mails are brought in by express every other day from St. John. However, in order to send a letter to Upper Gagetown, which is seven or eight miles away, the mail has to go to St. John, thence to Fredericton, and from there if opportunity offers, to Upper Gagetown. The latter place, however, has had only two or three mails since the fifth of February and Summerhill has had none.

The situation has been a discouraging one for the lumbermen during the past three weeks, some of whom have been unable to do only a few days' work in that time. Others have taken up valuable time breaking roads some times two or three miles long, through the icy crust half an inch thick, which came after the first storm, and keeping the roads cleared out since. On some of the roads the horses can hardly be seen above the snow which borders the road.

There are now about sixteen cases of influenza in the village, most of which have developed during the past few days. Mrs. F. L. Robinson, Ray Robinson, and Mrs. Robinson's four little girls are ill, also Mr. and Mrs. George McKay and five children, who developed the disease yesterday. Fred L. Corey and C. A. McKenzie, Albert Erb is very seriously ill with pneumonia.

Loggieville

Loggieville, Feb. 25.—In connection with the recent Forward Movement campaign here there is a singular coincidence related. At a joint meeting of the elders and managers held at the beginning of the canvass to make the necessary arrangements, there were eleven contributions amounting to \$1111 handed in. The figure 11 stood out very prominently here in connection with the first evening's canvass for the "Peace offering" and brings to mind the important place the figure eleven took at the time the Armistice was signed—the eleventh hour of the eleventh day of the eleventh month.

Knox Church has now over subscribed its allotment to the "Peace offering" by about \$500. The church's objective was \$1,600. In addition to this the Missionary Society had an objective of \$200. The total contributions received to date are in the vicinity of \$2,300.

Professor Prince and Dr. Huntsman of Ontario, members of the Federal Biological Board, were in town for the past week getting specimens of fish life through holes in the ice, in continuation of the biological survey they made of the Miramichi River in 1918 and 1919.

The leap year social and entertainment held in Temperance hall, on Tuesday evening under the auspices of the Tuxis Boys and Pathfinders, proved a splendid success financially and socially. The boys and girls were assisted in their program by local talent, also by Mr. Elder of Millbank. Each program number was well rendered and heartily applauded. During the evening luncheon was served. Everybody attending voted the entertainment an enjoyable one. The proceeds were in vicinity of \$70.00. This amount the Tuxis boys intend using to furnish a room for their own use.

Mrs. Ellen Johnstone's many friends are glad to know that she has recovered sufficiently to be able to be at her home here now. She was in the Chatham Hospital for several weeks.

Miss Susie Herbert is able to be out again, having been confined to her home with pneumonia.

Andrew Loggie of Dalhousie, was in town for a few days recently.

Miss Zena Walls has gone to the Miramichi Hospital, where she will remain. Miss Walls' friends wish her every success in her new interest. She will be missed from social circles here.

Geo. Harper has returned from Charlottetown, where he was called owing to serious illness of his son, Murdoch, who is now convalescent.

Forest Long of Devon, who visited at the home of his aunt, Mrs. William Walls, for the past two weeks, has returned home.

The Misses Isla and Laura Lewis entertained friends one evening recently.

Miss Hazel Johnstone is recovering from a recent illness.

Miss Jessie Manderson, who spent several weeks at her home here, has returned to Brooklyn, Mass., to resume duties there.

Mrs. David Cripps has returned to her home in Blackville. Mrs. Cripps spent a few days at the home of her father, David Savoy.

Miss Jessie Mathews, who underwent an appendicitis operation in the Miramichi Hospital some weeks ago, has returned to her home here.

RURAL CARRIER COVERS ROUTE ON SNOWSHOES

Fredericton Board of Trade Names Representatives to Join Delegation to Visit Ottawa in Plea to Abolish Business Profits Tax.

Fredericton, March 2.—In order to serve a rural free delivery route in the Parish of Lincoln, Sunbury coun-

ty, which adjoins the City of Fredericton, and had been without mail for several days, the carrier made a 10 mile trip on snowshoes yesterday.

Mayor Hanson and A. A. Colter were named as delegates by the Fredericton Board of Trade today to accompany representatives of other boards in the Maritime Provinces to Ottawa where the government is to be asked by a large delegation to abolish the business profits tax. Arrangements were also made for the visit tomorrow of the traffic expert of the Canadian Manufacturers' Association, who is visiting the Maritime Provinces looking into charges of discrimination against manufacturers in the East in freight rates.

"FLU" IS INFECTIOUS

A Disease Easily Spread Through Close Association.

It passes in the form of minute germs from the coughs or sneezes of people who in the first stages mingle with others.

Therefore avoid exposure—this may be difficult, almost impossible. But we can all keep our blood full of vitality and enable it to resist the attacks of disease germs, by taking Hood's Sarsaparilla, the pre-eminent blood-purifier and health builder. This good medicine promotes assimilation so as to secure for the body the greatest possible value of food. It aids digestion and "makes food taste good." After influenza or any other blood-poisoning, prostrating disease, it is remarkable how it promotes convalescence and brings perfect restoration to health. A good cathartic like Hood's Pills helps greatly by keeping the bowels regular.

HELP FOR STARVING PEOPLE OF EUROPE

Government Offer To Find \$50,000,000

House of Commons.—Mr. Chamberlain announced yesterday the conditions on which the Government are prepared to find a further £10,000,000 for the relief and restoration of distressed parts of Europe. He said:—

In view of the great urgency of the matter, and despite the difficulty of the financial situation in the United Kingdom with regard to foreign exchange, the British Government have informed the American Government that over and above the twelve and a half millions voted for relief, we are prepared to contribute a further sum not exceeding half the sum contributed by the United States, and not exceeding in all ten millions.

The British share will be applicable to the provision of British supplies of foodstuffs, raw material and other essential commodities, and to the payment of the same.

AMAZING PROGRESS IN TRANSPORTATION

Expert Traces Development and Tells of Early Methods Used.

Every mode of highway transportation from the days of the Nile, when bricks made of mud from the River Nile were transported by man power, and through the subsequent steps furnished by boat and vehicle, are being actually demonstrated in America today.

Man still carries bricks, sacks of grain and what not on his back; the primitive sledges is reproduced in the sleighs and sleds of our Northern States, camels and elephants are seen with cars mounted on their backs every circus day; ox carts are still in use in many of our Southern States; "prairie schooners" are on duty in rural sections untouched by railroads; Eskimos use pack dogs in the frozen North; pack mules solve transport difficulties in Mexico; steam engines almost as wild as the Tom Thumb are puffing along on narrow gauge railroads, and motor trucks—the ultimate in modern highway transportation—are chugging their way through city streets and on country highways.

Practically every means of highway transportation has had its greatest expansion and efficiency developed in the United States, according to the travel and transport bureau of the B. E. Goodrich Rubber Company. In reviewing the important steps in the evolution of carrying over the roadways the bureau points out the dominant position now held by motor vehicles and the vast possibilities of future development.

In the days before the discovery of America the aborigines were served by wheelless transportation. The only two mediums of land traffic were the pack dog and the llama. This half of the habitable globe had not, 450 years ago, a horse, ox, cow, mule, burro or sheep to its name; the dog was the only domestic animal it possessed. The Spanish introduction of the horse, mule, burro and ox to America marked the longest stride ever taken in so short a time in the arts of transportation.

America's first vehicle transportation system was established in 1823 by Solomon Smith and James Moore of Burlington, N. J., and consisted of horse drawn Canastota wagons. A Philadelphia paper, in March of that year, carried the following announcement:

"This is to give notice unto gentlemen, merchants, tradesmen, travellers and others that Solomon Smith and James Moore of Burlington keepeth two stage wagons intending to go from Burlington to Amboy, N. J., and back from Amboy to Burlington again once every week or oftener if that business presents."

From that advertisement have grown all the schedules, time tables, railway stations, freight depots, rural motor express lines and the whole complex system of movement which has become the chief and indispensable feature of modern American life. The principle of organizing and selling periodic transportation was destined to creep over the entire land.

During the early years of periodic transportation slow progress was made in the use of private travel vehicles. This fact is illustrated by records which show that in the year 1761 there were but thirty-eight wheeled conveyances in Philadelphia. There were twenty-two private wheeled vehicles in Boston in 1768. These cases were doubtless paralleled in other cities during this period.

Slowly the people began to grasp the meaning of wagon transportation and its relation to them and the country. During the eighteenth century and up until twenty-five years ago every manner of wheeled vehicle took the highway for conveyance duty. Wagons and carts proved powerful auxiliaries to steam railways, whose development started with Peter Cooper's "Tom Thumb," the first American locomotive, which made its trial trip in 1830.

The era of automobiles and motor trucks marked the next important step in the march of highway transportation progress. It is interesting in this connection to note that the passenger car is really a descendant of the motor truck, for the first self-propelled highway vehicles were planned and used for haulage purposes and their use for passenger service was not at first seriously considered.

The phenomenal progress of motor transportation is familiar to every one. Today America possesses over 7,500,000 motor vehicles and the most extensive system of highways in the world. High powered motor trucks are rapidly replacing horse drawn conveyance for city and industrial haulage. Hundreds of suburban, rural and inter-city motor truck lines are in successful operation.

Motor vehicle travel and transportation have been largely responsible for the good roads, progress made in America, but less than 20 per cent. of the nation's 3,600,000 miles of roads are improved. However, America is in the midst of the greatest highway building campaign in the history of the world, and as new lanes are opened up for transport service thousands of motor trucks will be called into service.

SENATE MAY DELAY APPROVAL OF COLBY

New Secretary of State Cannot Assume Duties Until Confirmed.

Washington, March 1.—Bainbridge Colby cannot assume the portfolio of the Secretary of State and begin discharging the duties until he is confirmed by the Senate. This was the definite decision of the parliamentarians and lawyers of the Senate today, announced by Senate Knox (Penn.), chairman of the Committee on Rules.

If the nomination had been sent in while Congress was in recess Mr. Colby could have been sworn in and performed the duties, and he would have been eligible to continue them until he was rejected, or until the succeeding session of Congress had adjourned.

since die without acting on his nomination. But being nominated while Congress is in session, he must be confirmed before he can take office.

The temper of the Senate today pointed to the probability that under this ruling there may be a considerable delay in filling the office.

Peace Treaty in the Way.

The Foreign Relations Committee is unlikely to take up the nomination until after the peace treaty is disposed of, Senator Lodge being entirely occupied with it. He has undertaken to keep it before the Senate to the exclusion of all other business until it is settled one way or another, and the best judgment is that this will require a minimum of two weeks.

Nobody is disposed to attempt any procedure to hurry the committee. Dissatisfaction over the nomination is at least as strong on the Democratic as the Republican side, but on neither side are there many Senators who care to talk for publication of the objections,

To Relieve Catarrhal Deafness and Head Noises

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parmint (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

Should Mr. Colby not be confirmed by the end of this session of Congress the President could appoint him again after the recess had begun, and he could then be sworn in, according to present understanding of the legal situation. That was done in at least one

inquiry it was generally insisted that no precedent exists for rejecting a nomination for membership in the Cabinet. Further inquiry is reported to have found three cases in which such nominations have been rejected. A good deal more investigation will be made in this and other directions before action is taken.

Attacked by Senator Reed.

Senator Reed (Mo.) today vigorously attacked the selection and his speech from the floor strengthened the impression that a fight will be made, first in the Foreign Relations Committee and later in the executive sessions of the Senate against confirmation. Few Senators believe that rejection is a serious possibility, but confirmation is not at all certain.

which privately they urge to Mr. Colby's selection. The disposition is to think it over very carefully before acting. At first

famous case under the Roosevelt Administration and a Federal Judge was kept in office in Alaska by successive recess appointments. The Senate would not confirm and the opposition could not gain enough votes to reject. For the present, however, it is not possible to determine what will happen, because Senators are not determined in their attitude.

Business was not transacted in this sort of way in the late Government's time. In those days the Auditor-General minded his own business, and did not interfere in the working of the

DISMISSAL OF C.P.R. PORTERS IS TROUBLESOME

Ottawa, March 3—A further report from the members of the Board of Conciliation, which investigated the dispute between the Canadian Pacific Railway Company and its sleeping car porters, has been received by the Minister of Labor.

The majority members of the board took the matter into further consideration and now find that "the evidence before the board was that these seven porters were dismissed for general unsatisfactory service, and that their dismissal was not due to the fact that they were members of the order of Sleeping Car Conductors."

They find that the Canadian Pacific Railway acted within its rights under the contracts of hiring and dismissing the seven porters.

Provincial Meeting L.O.B.A. Mar. 18th

Preparations for the Event Are Now Being Made and a Large Delegation is Expected.

An event of much interest will take place in St. John this month when the first provincial meeting of the Ladies' Orange Benevolent Association will be held. The dates set are March 18th and 19th, and it is expected that fifty delegates from the province will attend. A very interesting programme is being prepared which includes a banquet to be given at the Clifton House, at which fifty members from outside points, one hundred or more St. John members and a number of invited guests will be present. Every preparation is being made for the entertainment of the delegates during their stay in the city.

A meeting of the L. O. B. A. was held last evening, presided over by the Most Worthy Grand Master, George O. Akerley, at which final arrangements for the meeting were made. Mrs. Akerley announced that on Monday at Moncton she had organized one of the largest L. O. B. A. ever formed. The Worthy Mistress is Mrs. Cook, and fifty-six charter members joined at the quarterly meeting, while a large number of applications for membership were received. This Order throughout the province is most flourishing, and has a splendid record of work, accounts of which will doubtless be heard at the coming convention.

JURY DISAGREE

Skowhegan, Me., March 2.—The jury at the trial of John A. Burke, former deputy sheriff and tax collector at Jackman, who was charged with the murder of Nelson W. Bartley, keeper of a sportsman's hotel, reported a disagreement today after considering the case nineteen hours. Burke was released to jail to await a retrial. Burke and Bartley were arrested a little while before the latter's death over Canadian liquor smuggling operations in which they had been engaged. On the night of the murder, Burke returned home with a bullet wound in the leg, and said that Bartley had shot him. Bartley's body was found in the woods three days later.

Albert Scott

Penobscot, N. B., March 1.—After a lingering and painful illness from heart trouble Mr. Albert Scott passed peacefully to rest on Wednesday morning, February 26th. Mr. Scott was a great sufferer but bore it all with great patience and fortitude, putting everything in God's hands and resigned to his lot, died happy. Deceased was a very prosperous farmer and was well and favorably known throughout the province. He is survived by his wife, formerly Miss Ida deMille, daughter of the late Mr. T. H. deMille and Mrs. deMille, Sussex and one child, Marguerite Annie Jane, also one sister, Mrs. Henry Harmer, Moncton; two brothers, Messrs. John Scott and Melbourne Scott, Sussex. The funeral took place from his late residence on Friday at 2:30 p. m., Feb. 27th. Services were conducted at the house and grave by Rev. Mr. Currie, assisted by Rev. Mr. Perry. Members of the Baptist Choir rendered favorite hymns of the deceased; "Adeep In Jesus," "In the Street by and Bye" and "Shall We Gather at the River." Those from outside to attend the funeral were: Messrs. Geo. Frosen, Hampton, M. T. deMille, Roxton, J. B. Sibson, St. John, J. L. Cameron, Moncton, A. G. Parkin, Petticoctidae, Mrs. S. A. W. Covey Writes On Amateur Sport

Present Position in Maritime Provinces—Moncton Transcript Says Amateur Athletic Machinery in Railway City is a Mystery—400 Amateur Athletes Registered.

(Moncton Transcript)

A. W. Covey, St. John, President of the M. P. B. A. A. U. of Canada, in an open letter to the "Amherst News" deals plainly with the Amateur situation in the Maritime Provinces. The Amateur Athletic Union machinery in this city is a mystery to many, and many questions are now the order of the day. Covey writes: "I have been trying for twenty long years to find a medicine that would cure my troubles, but my efforts failed me completely until I commenced taking Tanlac." "The remarkable statement made recently by Mrs. Alice McCluskey, residing at No. 66 Park street, Lewiston, Me., a well-known and most highly respected woman of that city.

"I just feel like I would give the world to meet everyone who suffers as I did and tell them about this medicine. If I could only have gotten Tanlac twenty years ago it would have saved me a lot of suffering and money. My principal trouble is indigestion, and for many years I could not eat meat or pastries for I would feel as if I was eating something that was not mine. Then, to add to the rest of my suffering, I contracted rheumatism in my shoulders and hips and the awful pains suffered can never be told in words. This trouble finally got so bad I could hardly walk and my arms pained me so I could scarcely raise my hands to my head. I even had to give up my housework and was hardly able to get around at all.

"You can imagine how happy I was when after taking only a few bottles of Tanlac, I found such a wonderful improvement in my condition! Why, it was just the medicine I needed all this time and I continued taking it until now I am perfectly well again. I can truthfully say that I am enjoying as good health now as I ever had in all my life. I have gained about 14 pounds in weight and can again do all my housework without the least trouble. I don't get tired like I did and after doing my work I can get out and walk for blocks and feel just fine when I get back home. I earnestly advise everyone who suffers as I did to take Tanlac."

Tanlac is sold in St. John by Ross Drug Company and the leading druggist in every town, under the personal direction of a special Tanlac representative.—Adv.

WEDDINGS

Married-Breen. A very pretty and interesting wedding was solemnized yesterday afternoon at 2 o'clock in St. Paul's church, Rothesay, when Rev. Canon Daniel Smith officiated. The bride, Miss Phyllis Breen, eldest daughter of Mr. and Mrs. F. C. Breen, of Rothesay, to Percy Terris, son of Mr. and Mrs. Edward Hatfield, of Cambridge, N.S. The bride entered the church with her father to the strains of the wedding march played by Mrs. G. M. Heslop. Miss Marguerite Kirkpatrick attended the bride and Harold Breen, brother of the bride, supported the groom. The church was nicely decorated with evergreens. The bride was charmingly dressed in a tailored suit of navy blue with a geometric hat of navy and ostrich trimming. The bridesmaid wore a suit of taupe satin with hat to match. After the ceremony the happy wedding party went to the home of the bride's parents, where a dainty luncheon was served. The groom's gift to the bride was a handsome set of fox furs, to the bridesmaid a crescent pin and to the groomsmen a stick pin. Many costly presents were received. Mr. and Mrs. Hatfield left at 6:10 p. m. for a short visit through New Brunswick. They will reside in Rothesay. Among those present were Miss Nellie Morrison of Cambridge, Mass., sister of the groom. Cochrane-Oak. At the residence of Mrs. William Edgar, 28 Simonds street, on Tuesday, Mrs. Nellie Morrison, Oak of New Brunswick, was united in matrimony to James Cochrane of Welsford, Queens county, Rev. H. L. Eisenor, pastor of St. Matthew's Presbyterian church, performed the ceremony in the presence of a few friends. The bride and groom were unattended.

RETURN FROM BERMUDA.

Dr. J. W. and Miss Sangster, of Sackville, reached here on R. M. ship Chignecto Tuesday after a round trip to Bermuda, the West Indies and as far south as Demerara. It was their intention to stop off a month at Barbados on the return trip, but the climate disagreeing with them they found it necessary to return at once.

Cruelty To Horse Case Before Court

Lady Lodges Complaint Against Truckman for Abuse of Horse—Other Matters Disposed of.

As the result of a woman's love and solicitude for dumb animals, and her keen sense of observation, the wheels of justice were set turning yesterday afternoon in the police court, and a wrong that would otherwise have passed unheeded, will now be remedied. As one official remarked, "If we only had more women of that stamp, what a city this would be."

A charge of teasing a horse, unfit for work, was preferred against James W. Campbell, trucker, in the police court yesterday afternoon, the prosecution being conducted by S. M. Wetmore, secretary of the S. P. C. A.

The first witness called, Mrs. Kathleen Dufresne, stated that at about 11 o'clock Monday morning she saw a horse standing in front of a harness shop on Union street, near the corner of Sydney. When the horse lifted its head, she noticed a raw open sore as big as a tea cup under the horse's collar.

She asked a man standing by to watch the horse until she got a policeman. In a few minutes she returned with an officer, who, after examining the horse, went into the shop and spoke to the driver.

William Golding, the next witness called, said he was on Union street Monday morning at about 11 o'clock, a lady, the previous witness asked him what steps she should take to report a horse suffering from a bad sore. He advised her to report the matter to a policeman, and at her request watched the horse until she returned a few minutes later with Officer Dykeman and George Paul, all four examined the horse and found a raw sore under the horse's collar "as big as one's fist." The horse standing outside of the street today looked like the same animal, he added.

George Paul said he was talking to Officer Dykeman when Mrs. Dufresne reported a horse with a sore on its shoulder. He accompanied the officer and lady to where the horse was standing and found that the sore was a large raw red one. He again saw the horse Tuesday on Union street with a load, and noticed the horse before coming outside the court, it seemed better than on Monday.

Mr. Campbell—"Are you sure that is the horse you saw yesterday? I have two gray's."

Witness—"Then you must have left the thinner one at home."

Officer Dykeman corroborated the evidence of previous witnesses. He said he had examined the animal and found it unfit to be used. In addition to the sore described by previous witnesses, it was in a poor condition and worn out. "I told Mr. Campbell," continued the witness, "to take the horse home and not let me see him driving it again." Campbell said, "Oh, that horse is alright, and that sore is not raw. When he squeezed the sore the horse groaned."

The court adjourned to examine the horse which was standing on the street. A veterinary was then summoned to give his opinion.

Dr. J. A. Donovan came and pronounced the horse unfit for any kind of work in its present state. He found a contusion of the dorsal vertebrae, as well as a tumor on the breast. He thought that as the horse was over twenty years of age, the best thing to do would be to destroy it.

Mr. Campbell took exception to this. He described the horse as a great worker, and the case was allowed to stand till 11 o'clock Friday morning, that the defendant might have another veterinary examine the animal.

A returned soldier pleaded guilty to drinking in public and was fined the minimum amount.

The case against Frank Denville, charged with a serious offense, was postponed to three o'clock Thursday, in order that the defendant might produce witnesses and a lawyer for his defense.

In the case of William Perry, charged with theft, evidence was given by two witnesses and the case postponed.

Frank Gates, charged with the theft of a pair of shoes from the Anchor Donaldson line, was sentenced to six months in jail.

Four men pleaded guilty to drunkenness and were remanded.

GERMANY BECOMES REGENERATE IN HER DESIRE FOR FOREIGN TRADE

German Paper Received by The Standard Explains That the Republic is a New Nation, Looking for a New Religion and New Trade—Sir Conon Doyle's View.

The Standard has received a copy of "The World of Trade," of Frankfurt on the Main, a monthly journal published in German and English and devoted to reconstruction and the promotion of Germany's foreign trade.

On the first page appears a letter from Sir Conon Doyle, creator of Sherlock Holmes and believer in spirits, in which he addresses the editor as follows:

"Dear Sir—I have no ill feeling against you, but we have suffered so heavily in this country from the policy of your rulers, which has never been in any way apologized for or atoned for by your people, that we all have a horror of Germany and all things connected with it. Hardly a family in the land has escaped loss, rich or poor, and all because we were placed in the dilemma of either incurring these losses, or forfeiting our national honor forever by breaking our solemn promise to stand by the British flag. We chose the path of honor and duty, but it has cost us dear and we have no love for those who, as Prince Lichnowsky's report shows, forced us into a position of human culture in the past were admitted to the German nation. I am sure that all this generation of Britons, but a full admission of error and expression of sorrow may at last bring an appeasement."

In reply, the editor apostrophizes Sherlock Holmes and the British nation at great length, declares that when during the Boer war the world resounded with abuse of Britain he was British friend, and wants to know what human culture would be if all Germany's attainments in the past were cast off. Admission is made of Germany's guilt and the world is invited

WILLIAM H. KELLY DIED LAST NIGHT

Heart Trouble Removed from Life's Sphere a Man Respected and Esteemed by All Associates.

Very general regret is expressed at the death of William Henry Kelly, who took place Tuesday night at 86 Burpee avenue, on the 3rd instant. He was ill but a few days and his death was due to heart failure.

He is survived by two brothers, J. King Kelly, K. C., county secretary, and John Hamilton Kelly, of the C. N. Railway, and two sisters, Mrs. M. Smith, and Mrs. A. Gunter McTulkin. He was a son of the late John and Mary Dunbar Kelly.

The deceased was a member of Hilberts Lodge F. and A. M. He was for a great many years foreman of the St. John Telegraph, and was very popular with his associates. A large circle of friends will mourn his death and much sympathy will be felt for his relatives.

The funeral will take place on Saturday afternoon.

KINDNESS REWARDED

House Secretary of Y.W.C.A. Presented With Gift by Young Ladies Under Her Care.

Mrs. C. A. Hardie, house secretary of the Y. W. C. A., King street, was the recipient of a gift on Tuesday evening, when she was presented with a fine umbrella by several of the guests at the Y. W. C. A. This action was the result of a kindness shown to her by Mrs. Hardie, and her gratitude to her for the care-taken of them during a period of illness. The presentation was made by Miss Lode's Society. Others having a share in the gift were Miss Edith Greenlaw, Miss Fannie Doane, Miss Laura Frost, Miss Margaret Cottam, Miss Gertrude Harper, Miss Dawes.

The second fatal accident to take place during the past three days occurred yesterday morning, when Alexander McLean, aged nineteen years, and a seaman on-board the steamer Manchester Brigade, was fatally injured by being crushed between two derricks. He was rushed to the General Public Hospital where he was operated on immediately. 3.30 yesterday afternoon he died, death being caused by the severe injuries to his abdomen.

INTERESTING TALK BY A. M. GREGG

Spoke on the Importance of Having an Object in Life Before Men's Bible Class.

A. M. Gregg, Maritime Secretary of Boys' Work, was the speaker at the Men's Bible Class of St. Mary's Church, last evening. Mr. Gregg spoke on the importance of having an object in life. He said that people speak of being "called to the ministry," but he felt that a person was called to whatever walk of life they had chosen. In every employment it should be a man's ambition to do his best in his profession, trade, business, or employment. Rev. R. Taylor, pastor of St. Mary's, presided and conducted devotional exercises with which the meeting began.

WEST ST. JOHN LOVES MUSIC

Making Plans for the Organization of a Brass Band—Enthusiastic Over the Proposition.

Plans for the organization of a West St. John brass band were made at a meeting held Tuesday night at the joint auspices of the West End Board of Trade and the Carleton Curling Club, presided over by R. R. Lee, a former member of the Carleton Cornet Band. The county councillors were made members of a committee which will investigate and report at a later meeting on the question of uniforms and instruments.

INDIA TOPIC AT MISSIONARY MEETING

Society at St. David's Heard Interesting Papers Read on Mission Work.

The "fascinating land of India" was the subject discussed at the regular meeting of the Women's Missionary Society of St. David's, held at the Society of St. David's, last evening. The papers read by Mrs. R. D. Willitt and Mrs. S. R. Jack.

The president, Mrs. R. C. Cruikshank presided and an important feature of the meeting was the making of arrangements to carry out the programme originated during the recent Movement—the visiting of the congregation for the purpose of promoting friendship, sociability and church work. The subject of "what is" will be especially looked after.

Mrs. A. R. Melrose, convener of this committee and Mrs. David McClelland, secretary. The city has been divided into districts and the thirty ladies of the committee will be allotted certain districts to visit.

The subject of the next meeting is "Formosa."

L.O.D.E.'S OBJECT TO HEARST PAPERS

DeMotts Chapter Adopt Resolution Protesting Against Their Admission to Canada

A resolution that the Dominion Government take action to prohibit the sale of Hearst newspapers in Canada was adopted, yesterday morning, by DeMotts Chapter, I. O. D. E., at their regular meeting. This resolution will be sent to the Municipal Chapter to be forwarded to the National Chapter. The reasons given are that the Hearst papers are anti-British.

Mrs. W. E. Foster, regent, presided, and Mrs. A. W. Adams was appointed councillor to attend the meeting of the National Chapter at Calgary in May, and two councillors were chosen to attend the Provincial Chapter.

The sum of \$28.00 was voted towards the Free Kindergarten, and \$12.50 was voted towards the passage to England of a soldier's wife.

It was decided to hold a bridge at Easter week for the benefit of the chapter's funds.
