# LOCAL OPTION FORCE SCORE BIG TRIUMPH IN YESTERDAY'S ONTARIO MUNICIPAL ELECTIONS

at Least 67.

## 4. HANDICAPPED BY THREE-FIFTHS

Results of the Polling Yesterday in Cities, Towns and Townships of Province.

Local option made tremendous gains heard from, 67 went "dry," 30 were than formerly is the expectation of defeated, largely through the opera-temperance people. Hundred and Fifty Cut Off. As a result of the voting, about 150 Meenses are cut off, and when final returns are complete the total will run

### Voting Was Close.

The voting was close in a large number of municipalities, and the operation of the three-fifths clause is perhaps responsible for this. It is a handicap vote, and it was to be expected that the polling would be quite close. For instance, Strathroy carried local option by five and two-fifths votes. The bylaw had a very large majority, 166, in a municipality of that size, but six votes would have prevented local option from carrying.

The Brantford Fight. One of the most spectacular fights in he Province, and one watched with the losest interest, perhaps, was that in Brantford. There was an overwhelming temperance sentiment there. Out of a total of 4,610 votes east, 2,710 were in favor of local option, while 1,-900 voted against it, giving local op-tion a clear majority of \$10. That lacked 56, however, of sufficient, votes o carry it, according to the threefifths clause. In every ward in the city there was a godo majority in favor of the abolition of the hotels. There were 20 licenses in peril. As a result of the vote yesterday, however, a movement for the reduction of the number of licenses will be commenced at once, with every chance of success.

### Lost at Peterboro.

Peterboro was the scene of another hard battle, but local option was de-feated there. It does not thrive in the cities as elsewhere, apparently. The largest place to carry local oplion was Galt, where a very hard campaign was fought. There was a majority of seven in favor of it-quite sufficient, of course. A very striking operation of the three-fifths clause was illustrated in MOCK PARLIAMENT

Bayfield, Just two-fifths of a vote was necessary to carry local option. It was lefeated by that narrow margin. Orillia again voted local option. It will be remembered that it passed a Organization of Debating Body year ago. On a technicality the bylaw was declared null and void, but Hon, W. J. Hanna refused to grant any licenses under the circumstances. took the ground that the wish of the people was overwhelmingly in favor of local option, and their wishes should be

## In Middlesex.

In Western Ontario there were some great campaigns. Middlesex County formation of a minstrel show in conwas a battle-ground, and the temperance party scored quite heavily. Six townships in the county voted, and it pected to be present, and all Liberals carried in four In Adelaide, West-minster and Lobo the result was a foregone conclusion, and when they carried it there was no surprise. Both parties claimed North Dorchester, but when the results were made known the temperance party proved victors by 10 majority. There was a heavy battle in London Township. Twelve licenses were in the balance, and the best organized fight in this section was put up against local option. However, in spite of that it had a favorable vote of 364, but lacked ten and two-fifths votes to carry, rather a narrow majority.

In Delaware there was another hard battle. It was anticipated that the bylaw would carry there, but a stubborn opposition was put up against it. and child, she, as well as the boy, was frightfully burned Mother and child as a result the bylaw was short 11-5 votes to carry.

Mayor, Aldermen and Buisnessmen Take Kindly to the Idea to Make London Greater-Some of the Opinions Gleaned by The Advertiser Today.

The possibility of the formation of a 100,000 club, and the organization of buyers' excursions into London, as printed exclusively in last night's Advertiser, has "caught on" with the citizens generally, and it has been a long time since any suggestions have been received with such manifest favor. The mayor, aldermen and big businessmen have practically all expressed their heartiest approval, and there is certainly no doubt that they will all lend their aid in making the club and the excursions a gigantic success.

THROUGH BOARD OF TRADE. Mr. A. T. McMahen, as president of the Board of Trade, gave his official stamp of approval to it teday, and suggested that the scheme be worked out The damage to megal 955 is estimated and steps are now being put form to make that organization permanent and increase its member-hip. If the permanency of the league is assured, the formation of a 169,000 club and the working out of buyers' excursions into London were next in line.

London were next in line. As a matter of fact, much detail in connection with the formation of such organizations has been gathered, and it will be presented. A general meeting and a banquet will be held within a short time by the tritizens' Municipal League, at which this matter will be taken up.

## **EXPORTS AT WINDSOR**

1909 Greatly in Excess of the the Year 1908.

Windsor, Jan. 3.-Exports from Canada to the United States, through the United States consular office here, in 1909, were in excess of the previous year. The total for 1909 was \$3,062,334. The total for 1908 was \$2,937,185. The increase over last year would have been considerably larger but for a large falling off in the export of Canadian whiskey, always one of the largest. It was owing to litigation in connection with the pure food law. The total whiskey export for the year was \$685,972, against \$870,488 in 1908. The export of chicle, used in the manufacture of gum, amounted to \$608,576, over a quarter of a million dollars more than the previous year. The value of household goods taken into the United States by people moving from Canada was \$6,000 more than in 1908.

## **NEW YEAR'S DAY NOT** POPULAR FOR ELECTION

Fewer Votes Cast Saturday Than in the Election of

New Year's Day is apparently not he most popular day for election.
According to the statement made by City Clerk Baker, there were about 6,190 votes cast altogether on Saturday. A year ago, before the day of voting was changed, there were 6,300 votes cast, a difference of 200 votes.

And it cannot be alleged that there was more interest taken last year than this While this election was very quiet, it was little more so than 1909. ## LONDON OPENS AT SIMCOE TONIGHT

A Large Number of Fans Will Accompany Team on Special Train.

AFTER DATES

Goderich Has Written for a Contest, and Cleveland May Come.

The London Intermediates expect to take down a couple of hundred fans on the special train to Simcoe this evening,

The train will leave the Grand Trunk station at 6:30, and will arrive a reasonable time before the game starts. The locals expect to win, and are taking down a strong seven.

Immediately after the contest the special will start for London, and will make good time.

The probable lineup is as follows: Goal, Pearson; point, Casselman; cover, Capt. Bernhardt; rover, Mallen, centre, Orr;

right wing, Prodgers, left, Crow Carroothers or Cossey. Goderich has written for a date in that town with the local intermediates, but they cannot be accommodated. They may be taken or later. The Grand Fraternity team, of Cleve-

Election Was a Decidedly Warm One-Local Option Met Defeat By a Small Majority—The Vote By Sub-Divisions.

The municipal elections in London Township yesterday brought out the largest vote ever recorded there. More than ordinary interest was taken in the local option campaign, which resulted in a defeat of the bylaw by 6 2-5. Councillor Jackson, who opposed Reeve-Elect Frank Glass, has represented the township as deputy reeve and councillor for many years. He contested the east riding of Middlesex for the Dominion House of Commons in the Liberal interests, and for ten years under the former county councillors' act he represented his township in the county council.

When the result of the vote was announced at St. Johns town hall last night, Mr. Glass made a brief address, thanking the electors for their support. First Deputy Reeve-Elect B. C. Brooks also spoke, and speeches were made by second Deputy Reeve-Elect Bert Roberts, Councillor-Elect William Noyes, Joseph Ardiel and Ex-Reeve Kimball. The returns were as follows:

bec, Canada. W. T. Strong, druggist, 184 Dun-las street, London: das street, London:
Dear Sir,—I have recently had occasion to test a sample of your Baking Powder for alum and acid phosphate of lime, the two substances commonly substituted for cream of tartar in the poorer brands of Canadian baking powders. I found your statement of the stat powders. I found your product entirely free from these substances. I note that Bulletin 174 of the Laboratory of the Inland Revenue Department not only classes yours among the pure cream of tartar powders, but gives such results on the amount of gas produced per pound of powder as would place your brand among the most efficient of its class.

## GLADYS M'CONNELL IS PRETTY BUT BAD

Stole Room-Mate's Clothes and Tried to Lie Out of it.

Gladys McConnell, the pretty little Irish girl, who was up before Magistrate Love a few days ago for being drunk, was gathered in on a serious charge on Saturday afternoon by Detective Nickle, that of stealing lothes from a young girl in a Ridout street boarding-house. In the witness-box this morning, Miss McConnell pleaded not guilty, and suggested that he young girl in question had deiberately placed the stolen articles in the McConnell grip out of spite, so that

she would be arrested.

## REFUSES MILLION TO QUIT OPERA

Oscar Hammerstein Turns Down Big Offer of Opposing Organization.

New York, Jan. 4-One million dollars is the price Oscar Hammerstein is said to have refused to retire from the opera business. A few days ago, the rumor goes, the head of the Manhattan organiza-

tion was approached on the question of leaving the operatic field clear to his adversary providing he was properly reimbursed. The feeler was con-veyed unofficially and in a roundabout manner. Hammerstein said that no amount of money would induce him to withdraw from his present "The public is my partner." he re-

urned, looking seriously at his cigar, and so long as the public continues to give me the support it always has shall give opera. When it does not, well"-and the impresario walked slowy to the window of his office on the top floor of the Manhattan Opera House, and looked out.

At the Metropolitan it was vigor-ously denied that any offer, either directly or indirectly, had been or directly or indirectly, had been or would be made to Hammerstein to give up his operatic enterprises. Nevertheless it was conceded that a crisis in operatic affairs has been reached, that the public of New York cannot support the many performances of-fered each week, and that important changes of policy must soon be made by the Metropolitan directors if the present season's apparent deficit of

## THE IMPERIAL LIFE

AN EXCELLENT YEAR'S RECORD.

Toronto, Jan. 4.-The outstanding features which have characterized the recent annual statements of our important financial institutions are the satisfactory profits they have carned and the substantial increase in their resources-sure indications of their enjoyment of public confidence, and of the steady improvement in affairs generally throughout the Dominion. The preliminary statement for the year ending Dec. 31, 1909, of the Imperial Life, which has been prepared with commendable promptness, evidences year's record of unusual attainments The new life insurance effected and policies revived were larger than it any previous year, and reached \$5,-165,567. The aggregate of all policies in force was \$26,507,691. The assets, 79 per cent of which are composed of first mortgages, debentures and Covernment securities, amounted to \$5, 03,236, an increase in the year \$749,392. The reserve for policyholdreported seriously ill with ers was increased by \$597,494, and icart trouble at his home in Toronto.

Miss Ethel Sparling has returned to 055,540. Notwithstanding the large inspending the holidays with her friend, lesses for the year were less than thos of the previous year, and amounted to \$270.933, and from profit on sale o \$282,946, which was \$51,737 greate than that received in 1908, and \$157. 695 more than the total death losse of the year. The surplus carned greater than in 1908.

ed surplus over and above all liabili ties and reserve for policyholders was \$627.519. On account of the favorable rate received on western mortgages, the average rate of interest earned on the company's funds was 6.20 per cent, being an increase of .17 in the rate per cent over that of 1908. These excellent results were accomplished at a slightly reduced expense rate. The high standard of efficiency

which marks the conduct of the Imperial's business, and which permeates its entire organization, is again reflected in the results disclosed by the year's operations.

Mr. Israel Taylor, the company's able manager for this district, who has associated with him his brother, Mr iness at his agency during the past year was most satisfactory, being largely in excess of any previous year, and that prospects point to a still larger volume of business in 1916.
