

## PREMIER SAYS FEDERAL GOVT. HAS NO POWER IN DECREE CASE

Jurisdiction In Regard to Ne Temere Entirely in the Hands of the Provincial Legislatures—Solely a Question of Law, Declares Mr. Borden.

Ottawa, Nov. 30.—In the House today Mr. W. E. Knowles, Liberal member for Moosejaw, launched a broadside at the Government's fiscal tariff-raising operations. The younger member subjected it to a vigorous arraignment in which Dr. Michael "Mark" and Dr. Neely joined, and Dr. Field found his hands full explaining.

**Ne Temere Discrepancy.** Relative to the ne temere decree, Mr. Borden inquired whether the Dominion Government had power to equalize or validate any or every marriage solemnized anywhere in Canada. Premier Borden replied that the question was one of law. The Dominion Government, he proceeded, had no power whatever in such matters. The jurisdiction of the Dominion Parliament and the provincial legislatures was defined in the British North America act. "That's a safe," concluded Sir Wilfrid, amid relieved laughter.

## REV. RALPH SMITH TELLS OF MISSIONS

Interesting Address on Thursday Night in Adelaide St. Church.

## GOOD WORKS IN INDIA

Mr. Smith Tells of How Conditions Have Changed Since the Era of Modern Missions Began.

The annual thank-offering service of the Woman's Mission Circle of Adelaide Street Baptist Church was held in the church auditorium Thursday night, Rev. James H. Boyd, the pastor, presiding.

After singing hymns, Mr. Cyril Hayes read most impressively the 26th chapter of Matthew.

The choir, under Mr. Woodward, rendered very beautifully the anthem, "All Thy Works Shall Praise Thee, O God," Mr. C. F. Maynard taking the tenor solo.

A few words of welcome were then given by the president of the society, Mrs. A. E. Woodward, and supplemented by the pastor.

The address of the evening was given by Rev. Ralph E. Smith, B. A., M. Th., who has recently returned from the Telugu mission field on furlough.

From Adelaide Street Church.

Mr. Smith referred in appreciative terms to the four missionaries who had gone forth from the Adelaide Street Church to the foreign field, and to the warm personal friendship that had existed between himself and the three who were laboring among the Telugus in India.

He went on to say that the situation that existed in non-Christian lands today was vastly different from that when Wm. Carey inaugurated the era of modern missions over a century ago. Then the doors of the pagan nations were fast-barred against the entrance of the missionary.

God, in answer to prayer, had flung those doors open. The missionary had entered only to find the people custom-bound, conservative, stagnant and indifferent. Then he said the church of God with him prayed for an awakening of the people. God had heard that prayer, and prayer had flung today with an awakened Orient. The millions of China, Japan, Siam, Korea and India were seeking with a new life. The Christian ideas of equality and freedom, and the worth of the individual, of personal holiness and spiritual happiness were fermenting in the minds of the great masses of the people of these non-Christian lands, and were producing wonderful and startling changes. All should take full stock of this fact and labor with the new situation in view.

**Different Conditions.** Referring to the fact that the meeting was a thanksgiving meeting, the speaker contrasted the prosperous, happy, free conditions in which we live in this country with the enslaving superstitions, the fearful customs and the fears of plague, cholera, leprosy, fever and famine that are so characteristic of life in India as causes for gratitude, and told instances of conversions to show how the people obtain freedom from these things when they become Christians.

Mr. Smith was listened to with rapt attention by the audience, and it is safe to say that few missionary addresses have ever been given in London more worthy of a hearing, and that good results in increased interest must be the outcome.

A solo by Mr. George White followed, and the reciting of the thank-offering, hymn, and prayer by the pastor, concluded a most inspiring and instructive service.

## FOUR COLORED MEN WILL STAND TRIAL FOR ASSAULT

Four young colored men who were arrested on the Monday of Old Boys' week, charged with assaulting Thomas Bastia, the proprietor of the Bank Hotel, and his wife and son, and who have since been out on bail awaiting trial by jury at next week's sessions of the county judge's criminal court, appeared before Judge Macbeth at the courthouse this morning and surrendered.

They elected trial by a jury without a jury, and pleaded not guilty. They

## SANTA CLAUS LETTERS POUR IN

The boys and girls of London are sending their letters by the dozen to Santa Claus (care of The Advertiser), and the first instalment will be printed in Saturday's paper. Most of the boys and girls are in homes where St. Nicholas will have no trouble in making an entry. But there are a few who might be overlooked unless assistance was given the jolly old gentleman, and for that reason Mrs. (Dr.) Kingsmill and a committee of ladies have agreed to care for those little ones who are wanting gifts, but who do not happen to be on the road that the reindeers will travel.

Mrs. Kingsmill is organizing a band of "waits" who will make a tour of the city before Christmas and secure contributions to pay the fees on the toys, games, sweet things, etc., that will be required.

Meanwhile, girls and boys, remember that all of your letters will be printed, and that they are certain to be brought to the attention of the finest old person in all the world.

Address your letter as follows:

SANTA CLAUS,

LONDON, ONTARIO.

## MANDAMUS ASKED TO COMPEL TAKING OF LOCAL OPTION VOTE

Name of Thomas Sutcliffe Appeared Wrong on Voters' List and Forest Council Threw Out Largely Signed Petition of Temperance People.

[Special to The Advertiser.] Forest, Dec. 1. — One of the greatest local option fights that has ever been waged in the Province is in progress here. Whether or not the ratepayers will have a chance to vote depends on a legal point. Those wanting a bylaw submitted by 161 names, which was signed by 161 names, only 125 were required by the statute, and the nine not needed were struck off. When the voters' list was submitted to the council, after having been printed, it was found that the name of Thomas Sutcliffe appeared in it as Joseph Sutcliffe. Mr. Sutcliffe signed his name on the petition as Joseph Sutcliffe. The council threw the petition out as a result of the name not being in accordance with the bylaw. The voters' list as printed, the clerk who prepared the list blames the printer for the error. Rev. L. H. Curtis, acting on behalf of the temperance people, left today for Toronto to try and secure a mandamus, by which the council will have to submit the bylaw. The council of the matter is being awaited with the keenest interest here.

## BANDS AND VOCALISTS WILL SERENADE FOR SWEET CHARITY

A Laudable Move to Secure Funds for Poor Children at Christmas.

A laudable move to secure funds to buy Christmas gifts and necessities for the children in the Protestant and Catholic Orphan's Homes of the city will be launched by Mrs. (Dr.) Harry Kingsmill shortly.

Mrs. Kingsmill proposes to organize what are known as "waits." These consist of parties of singers, accompanied by bands, who visit the houses of the wealthy and serenade the owners.

Then a young man or young woman goes to the window and presents a bag on the end of a pole. Therein may be dropped such serenaed deems proper.

## LESS THAN TWO MILES OF TRACK IS COMING TO THE CITY NOW

Interpretation of Bylaw No. 916 Puts New Light on Street Railway Extensions.

The city will be entitled, it is claimed, now, to 1.73 miles of increased street railway track, not 2.32 miles, as expected, from the London street railway.

According to the agreement with the street railway, the city is entitled to a mile of track for every 2,000 population. Some years ago the population, for street railway purposes, was fixed at 39,000.

As the present time the population is 46,177, or 7,177 more than when the number was fixed.

Since that time the Ridout street line has been constructed, taking 6,670 feet in addition.

It was thought at the city hall that every person over 39,000 would count in the reckoning, and as a result the mileage should be figured on an addition of 7,177 people, which, at one mile for 2,000 population, would give the city 2.32 miles, besides the Ridout street line.

## RECRUITS FOR THE FARM

Col. Lamb, of Salvation Army, Says He Could Get Them Throughout England.

[Canadian Press.] Ottawa, Dec. 1.—Col. D. C. Lamb, director of Salvation Army emigration, London, is here to interview the Government as to just how far the organization may go in its work as a recruiting Canada. In his own words, he will wait on Hon. Robert Rogers, "to see whether he will go stronger or weaker" on immigration to Canada.

"There is an unsatisfied demand in Canada for domestic," said Col. Lamb, "and to supply this we have made plans which will carry us for four or

## FRED SHIPLEY DID NO WRONG

Toronto Photographer Honorably Acquitted in Local Police Court.

## CRUELTY CASES HEARD

Youth Fined for Brutally Using Team—Another Man Drove Horse With Sore Shoulder.

Fred Shipley, the Toronto photographer, charged with fraud, was honorably acquitted by Magistrate Judd in the police court this morning. The enlargements were being delivered to the people from whom the orders were taken, and everything was satisfactory. Mr. Edmund Meredith, C. J., was his counsel. Shipley was tried in Stratford on the same charge, but was honorably acquitted there.

George Brenner was given another chance by Magistrate Judd. This is the third and last chance Brenner will get.

The next time it means that Brenner goes to the Gaol for six months," said the magistrate. Brenner must keep away from his wife, who refuses to put up with him. Mr. J. F. Faulds pleaded for him.

**Fined for Cruelty.** On complaint of Adam McGuire, William Bugler, a young lad, was charged with cruelty to animals. Bugler, according to McGuire and two other witnesses, whipped his team of horses unmercifully on the street the other day. He was fined \$2.

Charles Venus was also charged with cruelty to animals. P. C. Westman testified that Venus had a mental note to keep a lookout, and find whether the new owner is driving the horse with the sore Time.

Harry Allen did not appear to answer to his name. His wife was there and she claimed that he had brutally assaulted her. The case was adjourned until tomorrow. A warrant was to be sworn out for Allen, but just as court was over he walked in and promised to appear tomorrow.

Two old-time drunks were each fined \$10 or 30 days for committing breaches of the liquor license act.

Three first-time drunks were allowed to go.

## BORDEN MAY PROBE THE CEMENT MERGER

An Investigation May Be Made Into Sir Max Aitken's Pet Corporation.

[Special to The Advertiser.] Ottawa, Ont., Dec. 1. — In spite of his friendship for Sir Max Aitken, Premier Borden appears to have been holding out a hope to Sir Sanford Fleming to aid him in obtaining an investigation of the cement merger, in which Sir Sanford last year charged that there had been an improper divergence of securities amounting to about thirteen millions.

Members of Parliament have received a pamphlet from Sir Sanford dealing with the case, in which he says that he has received a letter from Premier Borden, stating that so far as the interests of the people are concerned the Government intends to provide relief through the establishment of a permanent commission of tariff inquiry, and that the Government is now considering the question of providing some sort of a check upon over-capitalization.

**SUCCESSION DUTIES.** Toronto, Dec. 1.—November collections of succession duties by the new treasury totaled \$51,835.44 compared with \$40,905.71 for November, 1910. The dues collected in Wentworth County totaled \$2,385.

## Doctor Refuses a Certificate For Burial of Mrs. Taylor

HOLLAWAY MONEY HAS BEEN DIVIDED

Judge Orders \$136 To Be Paid to the Father For Medical and Legal Expenses.

Justice Middleton's judgment in the action brought by William Hollaway against the city of London on behalf of his infant daughter, who was permanently injured through falling over an embankment at the edge of a sidewalk on Wellington street, north of St. James street, was received in London this morning. The matter was tried in the police court this morning, but the court has adjudged that of this amount \$136 be paid to the father for medical and legal expenses, while the remainder will be paid into court and held for the child until she becomes of age in 1931.

## TRACTION LINE BUYS NEW CARS

Four Passenger Coaches of a Heavy, Modern Type Have Been Secured.

Station Facilities Increased, and the Entire Roadbed Is To Be Heavily Ballasted With Gravel.

The London and Lake Erie Transportation Company has decided upon the purchase of four of the most modern type of traction cars.

At a recent meeting of the directors of the company held in this city it was decided that the equipment was to be augmented, and a committee was appointed to examine the different makes of cars.

A decision has been made and the order will be delivered in London in time for the summer traffic. The cars are of a heavier type than any used at the present time and will compare with those used on the best radial lines in Canada.

The transportation company has added to its station facilities considerably, and with the work of ballasting the entire line completed, it promises to be one of the most comfortable lines in Ontario. Eleven acres of gravel near Lambeth have been secured.

Others matters of importance are being considered at the present time, including the advisability of using hydro power on the line.

## EVERY DAY IS TO HAVE ITS FIGHT

There's To Be No Let Up to Attack of the Liberal Opposition.

**THE SPOILS SYSTEM NEXT**

Premier Borden Will Be Asked To Explain Wholesale Dismissals of Government Employees.

[Special to The Advertiser.] Ottawa, Ont., Dec. 1. — No day without a fight seems to be the motto of the Liberal Opposition. It was supposed that after the debate on the address was concluded that the Government would have been given a little peace, but apparently they will have to fight daily for existence as long as they are in power. This afternoon the fight will be continued on a new tack. On motion to go into supply Mr. A. K. MacLean, of Nova Scotia, is going to discuss the spoils system as inaugurated by the new Government, for the benefit of its followers. He will call attention to dismissals, big and little, of Government employees high and humble, and will demand of Mr. Borden an explanation of the policy of the Government in regard to this question. It is expected that the question will be discussed for most of the afternoon.

The remainder of the supply for this year will be put through before adjournment, and will pass the senate on Monday. Then the services which have for some week been without funds will be supplied.

The Senate is likely on Monday or Tuesday to adjourn until after the holidays.

The adjournment of the Commons will be fixed for a later date.

**LORD'S DAY ALLIANCE.** Toronto, Dec. 1.—The meeting of the Lord's Day Alliance opened this morning in the Metropolitan Church, when the secretary's report was read. The delegates present, it was decided to start an education campaign for the furtherance of the Lord's Day act and also to look into the work at the silver camps in New Ontario with the idea of maintaining the observance of the Sunday laws there.

**MRS. HEATHERINGTON DEAD.** Detroit, Mich., Dec. 1.—Mrs. Florence Heatherington, 93, who was a maid in waiting to Queen Victoria, and served at the queen's coronation dinner, died yesterday at Amy, Mich. She had lived on the same farm for 68 years.

## Dr. Niven Demands That Case Be Investigated at Once.

**DEATH OCCURRED VERY SUDDENLY**

**Crown Attorney and Coroner Will Likely Straighten Matter Out.**

Pending an inquiry into the death of Mrs. Mary T. Taylor, an old lady who was found dead Thursday evening in her home, just outside the city limits on Adelaide street, or instructions from the authorities, Dr. J. S. Niven will not sign a certificate of her death.

A couple of days ago the woman sent for him, and as Dr. Niven did so soon, in justice to himself, he desires that the cause of death be discovered.

Mrs. Taylor had lived in the neighborhood of Adelaide street north for nearly forty years. While she was white, her husband was a colored man, a well-known character in London in the earlier days. About three years ago he died.

A year ago an Aseyrian named Omar Hassan, a man about 35 years of age, went to live with her, and these two have been the only persons in the house.

**Made a Will.** On Nov. 10, Mrs. Taylor made a will, in which her property was all willed to Hassan. Prior to that time she and Hassan had agreed very well, but on Nov. 16, she sent for her solicitor, asking him to change the will, alleging that Hassan had been cruel to her. He did not know that she had cut him off in her last will.

Three days ago Dr. Niven went to see the woman, who was ill. Nothing seemed to be wrong with her particularly, and he suggested that she go to the hospital.

**Didn't Look for Death.** Dr. Niven did not anticipate her early demise, and did not call the next day. Thursday night he was sent for, and when he arrived Mrs. Taylor was dead, and had been dead for some time. There were no marks of violence, so far as could be seen, but Dr. Niven thought that in the interests of all parties concerned he should have a coroner's inquest.

He consulted with the woman's solicitor, and the latter advised him to see a coroner. The facts were also laid before Crown Attorney McKillop to determine what action will be taken, and he is now considering the matter.

Hassan claims that he went away Thursday afternoon, leaving Mrs. Taylor home in bed. When he returned at night she was dead.

Mrs. Taylor's property is valued at about \$500. She was 77 years of age. Coroner MacLaren has been notified by Dr. Niven of the death of Mrs. Taylor, and he will conduct the investigation.

## UNIONISTS LEAVE IN BODY SCENE AT WESTMINSTER

Bonar Law Objects to the Guillotine for Insurance Bill Amendments.

London, Nov. 30.—There was a remarkable scene in the House of Commons tonight, when the Government applied the guillotine to 470 amendments in the report stage of the insurance bill.

Mr. Bonar Law, leader of the Opposition, heatedly accused the ministers of acting in obedience to the Redmondites in thus flouting Parliament in order to clear the road for home rule for Ireland. Mr. Lloyd George, the chancellor of the exchequer, as hotly replied that the Government was only following the example set by Unionist governments.

The excitement was intense, and the members faced the prospect of a division on each amendment, when on the speaker's putting the amendment, the entire Opposition rose and made a dramatic exit from the House, pursued by derisive Ministerial cheering. Then in a dreary monotone the speaker began formally putting the amendments, and when he became fatigued the deputy speaker relieved him. The entire 470 amendments were adopted, and it was only a single case was the division challenged by the Laborites.

This concluded part one of the bill. The remaining parts will be guillotined tomorrow.

## ROUSING CHEERS FOR MR. ROWELL

The Liberal Leader Presents  
His Policies to Electors  
of Waterford.

### WEAKNESS OF WHITNEY

Administration of Sir James Sharpy  
Criticized by New Chief and the  
Opposition Candidate.

Waterford, Nov. 30.—Crowding into the town hall till it was jammed to the doors, and thronging around the doors, the electors of North Norfolk tonight rallied in hundreds to hear the Liberal leader, Mr. N. W. Rowell, K. C. His audience was very attentive and responsive, cheering frequently as he scored point after point. The chairman having stated that in North Norfolk County there are now forty teachers on permits, Mr. Rowell paid special attention to the education plank in his platform, eliciting hearty applause by his pleas for county model schools and more progressive educational methods. He criticized the public scandal of different ministers speaking at variance with one another, each man scrambling for election speaking to panders to his own constituents and none stating frankly and courageously his own position on this great question.

**Bilingual Schools.**  
Alluding to a newspaper report of Mr. G. H. Ferguson's speech in South Wellington, in which he was credited with stating that in some bilingual schools there were children not being taught English, and teachers who did not understand English themselves, Mr. Rowell demanded who was responsible for the administration of education in this province for the past seven years.

Referring to Sir James Whitney's remarks at Guelph on Wednesday night to the effect that the Liberal leader's policy was something he had never seen the like of "in the heavens above, or the earth beneath, or the waters under the earth," Mr. Rowell said: "I don't suppose he has seen only what we are constituted to see. Our policy is not Tory in its conception, its ideals, its outlook, or its aspirations. Liberalism is democratic, progressive, in the interests of the moral, social, and industrial uplift and progress of the people."

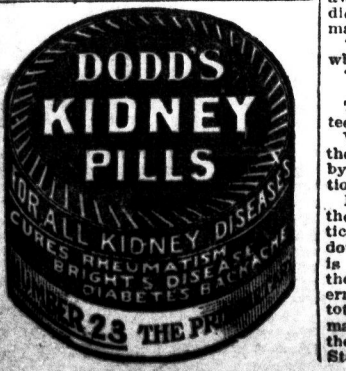

As Waterford is hiring power at present, Mr. Rowell told his audience: "If you are thinking of taking power under the hydro-electric system you are vitally interested in this question; whether you want this system to be administered by a commission in an economical, efficient, business-like way, or as an adjunct of either political party, and subject to political management and pull."

Rural telephone being another matter of special interest here, Mr. Rowell quoted figures showing that in 1905 Manitoba had 5,000 telephones in use, Alberta 850, and Saskatchewan 350, the Bell Company controlling the whole situation. Today the figures are 30,000, 12,000, and 15,000 respectively, the Government having taken over the trunk lines in each province, Ontario, which used to lead the provinces in progress, is now said Mr. Rowell, "not only behind the western provinces, but also behind Great Britain, Australia, New Zealand, and South Africa."

### THE PREMIER SAYS

Continued From Page One.

know," said he, "that the combines have great claims upon this Government. The new Minister of Finance stated he was not concerned with them, but, on the first opportunity, he listens to their mandate and grants them what they demand." By the new interpretation of the section which had been adopted, a duty of 25 per cent. on the value of the lumber which had heretofore been permitted to enter free. During the first five months of the present fiscal year the value of the lumber so imported was \$2,330,623. "Twenty-five per cent upon that is a pretty penny to the consumer, besides having to pay the enhanced price of the combine," declared the Moosejaw Liberal. It was done in a subtle and underhand way, but when the big interests piped the Conservative party had to dance. "The timber combine," concluded Mr. Knowles, "is bitterly felt by the

farmers and homesteaders throughout the prairies, where lumber is at a premium. It is heartless in its operations. I have seen it take the ox from the stable of a homesteader or the stove from his home when it got its hold upon him."

**Government's Defence.**  
Hon. Dr. Reid made a somewhat laborious and lengthy explanation. It was true that the lumbermen had waited upon him in reference to the interpretation of the customs regulations on the import of lumber. He had referred the matter to the customs board, and upon the report of that body had issued his instructions. All that had been done had been to instruct customs collectors to watch the import of lumber more carefully, and prevent lumber being on one side and an end getting through free, as had been the case under the late administration.

Why change the course of your predecessors? What was the reason? "Where's the difference?" retorted the Minister of Customs. "Twelve million dollars a year difference to the consumers," replied Mr. Knowles, amid Liberal cheers. "What you have done, in a word, is to create customs detectives to aid the combine."

Dr. Neely was afraid the people were already getting their first winter taste of the medicine which was to be expected from a Government which was the creature of the trusts and combines.

Mr. Taylor, Conservative member for New Westminster, defended the stricter interpretation of the regulations, under which lumber prepared in the manner defined would be subject to 25 per cent duty, instead of coming in free, as under the Fleming regime. He claimed that the old Government was the "champion of smuggling," and said he had come to Ottawa with delegates from the lumber association to seek the action. He had, however, no retainer from the combines.

**Dr. Clark.**  
Dr. Clark characterized the New Westminster man as "the voluntary defender of the trusts." It had not taken long to dispel the claim that there was no tariff difference between the two parties, that they were both adherents of the "same old N. P." The act of the Government had already brought about the conditions under which the price of lumber was raised to the settler and consumer in favor of the manufacturer. It had not taken the lumber manufacturers long to give evidence of the truth of the Conservative claim that the victory of Sept. 21 was "a victory for patriotic sentiment."

Mr. Meighen, who closed the debate, found himself somewhat embarrassed by Dr. Clark's reminder of his resolution to reduce the duty on agricultural implements last session, and expressed his vague assurance that the Government would do what was right.

Mr. Knowles' motion, calling for the production of all correspondence relating to the charge, was adopted, after having been amended by Mr. Reid. The minister's amendment was written in the wrong place. "It's mixed now," observed Mr. Speaker Sproule, who started to read the motion. "As badly mixed up as the Government," mildly inquired Sir Wilfrid, amid Liberal laughter and cheering.

The order of questions by members brought out a few items of interesting information from the Government. Hon. Charles Murphy was told that the axe had fallen on thirty seasonal employees of the late Government, and twenty-four new men had been taken on.

In regard to the acquisition of branch lines of the Intercolonial, Mr. Emmerson was told that the question of taking further steps to implement the legislation now on the statute books in this connection had not yet been considered. The Minister of Railways further stated that the Government had not yet considered the question of continuing the business of management of the Intercolonial. In reply to Mr. Emmerson's further query as to whether representations had been received by the Government from the railway companies, Mr. Cochrane said any such communications were "confidential."

The Minister of Labor told Mr. Pardee that the proceedings under the anti-combines act against the United Shoe Machinery Company of Quebec would be gone on with, and the board of investigation would meet to begin the case on Dec. 4.

Hon. J. D. Hazen informed Hon. A. K. McLean that tenders had been asked for the repairs to the hull of the Niobe, and that an order had been placed for the bronze castings for the stern post and rudder.

Hon. Frank Oliver moved for the production of all papers in connection with the appointment of Arthur Hawkes as special commissioner to the immigration branch of the interior department. In so doing the ex-minister took occasion to urge upon the new Government a continuation of the vigorous and progressive policy adopted by the late administration.

Hon. Robert Rogers spoke briefly. He defended the appointment of Mr. Hawkes, and said he had communicated with every provincial premier in the Dominion asking them to co-operate on a general policy of immigration. He had received acknowledgments from all, stating that they would be willing to meet Mr. Hawkes with a view to co-operating in an active policy of settlement.

Mr. Paquet (Nationalist) wanted to know if the minister had considered the question of the repatriation of French-Canadians. Mr. Rogers said the matter had not yet been discussed.

Mr. Proulx asked if the minister was aware that Mr. Hawkes had stated in Halifax that "one Englishman was as good as seven Frenchmen." Mr. Rogers said he was not aware of any such statement. He did not think that Mr. Hawkes would make it.

"Will the Government inquire whether he did?" asked Mr. Proulx. "No," replied the minister.

In Supply.  
The House then went into committee of supply.

When Deputy Speaker Blondin took the chair he was accorded an ovation by the Nationalist-Conservative coalition.  
Hon. Mr. White, in bringing down the estimates, said they were practically the same as those brought down by Hon. Mr. Fielding. "There is nothing in them that was not in those brought down by the late Government," said the minister. The total difference amounted to \$11,725, made up by miscellaneous items in the departments of the Secretary of State and Justice, and mail subsidies.

# FULL WINTER STOCKS AND QUICK SERVICE MAKE PLEASANT SHOPPING HERE

Cold weather, even in the midst of holiday shopping, sends people hurrying for warm winter supplies—warm bedding for the home, underwear for the children, warm stockings and winter clothing of every description for man, woman and child. Sickless has a mighty poor show, even in cold weather, when it has to fight warm stomachs, warm feet, warm backs and warm chests. People who hurry to Smallman & Ingram's seldom have the doctor hurrying to them. And the toy store itself—what a sight it is! Children are not an incident; they are the chief factor of this store, both at Christmas and every other time. The roots of this store go deep and are clutched fast in the earth.

The walls of this store rise—high above the surface, yet it remains for those little ones who come tomorrow to choose their wagons and their dolls and to nod their approval or their disapproval. It remains for them to say whether this store shall be filled with vital life and busy energy twenty years from now; they are the hope for the future of every branch of mercantile life in this city. The years run too fast for the strongest man to ignore the weakest child. So we're going to try to have a mighty good time here tomorrow, if only for the sake of the future of the Smallman & Ingram store. Come in the morning.

# Men's Overcoats, Underwear and Pyjamas

These are the big leaders for Saturday selling, and a careful perusal of every item listed will guide you to great savings Saturday. 30 Men's Tweed Ulsters will go in the morning at \$5.93, the odds and ends of many higher priced lines to clear, \$10 to \$15 Coats. The Underwear is an annual clearing event. By the end of November we expect to have our Winter Underwear business practically done, and odds and ends are then cleared to make room for sale of holiday furnishings. Out they go tomorrow at 69c, and also four dozen suits Pyjamas to clear at \$1.19. COME AT EIGHT O'CLOCK SATURDAY.

**The Overcoat Question**  
Today is, "Where?" Not "Whether"  
**The Answer is, Smallman & Ingram's**

Every man knows by this time whether or not he needs a new winter Overcoat. And a few minutes' inspection will prove to him that he can—and had better—get it HERE.

## Cook's first aid

The handy packet of Edwards' desiccated Soup is something the cook is always wanting, always ready when she needs it.

It solves the problem of good soup on busy days because it takes so little time to prepare. It helps her to make a tasty meal out of things that get "left over." It strengthens her own soups and suggests many a meal when she's wondering what to give.

## EDWARDS' DESICCATED SOUP

There is not a kitchen in Canada where Edwards' Soup isn't needed; not a day when it does not aid the cook, and not a dinner which it will not help her to improve.

Edwards' desiccated Soup is made in Ireland from prime beef and fresh vegetables. Buy a packet to-day.

Edwards' desiccated Soup is made in three varieties—Brown, Tomato, White. The Brown variety is a thick, nourishing soup, prepared from best beef and fresh vegetables. The other two are purely vegetable soups.

### GIRLS WHO WIN SUCCESS

[By Cynthia Grey.]

Success is much the result of one's own push. Love and marriage is not the aim of every girl. There are those who believe, and wisely enough, too, that if conjugal bliss is destined for them, it will come in its own good time. They are not worrying over it.

The girl who is perchance the only support of a widowed mother and little brothers and sisters, and who is not born with a golden spoon in her mouth, realizes that she has no time to sit down and worry over love and marriage. She must make her way in life alone and unaided until such time as Cupid thinks it worth while to come to her aid.

She sets about for some useful occupation, putting heart and soul into it. First of all, she has a healthy mind; she does not build air-castles reared over a quagmire. Nor does she expect, even though she is a bright-eyed merry-hearted, vivacious girl, that only a millionaire is intended for her.

It is well to remind girls that not every millionaire is desirable as a husband. They may have had entanglements, but they always leave kindness in a man's heart, and honor. It may be wiser to choose a man whose everyday life is like an open book to those about him.

Girls who win success in any or in every walk of life are those whose ideals are not too high; those who remember that this is a workaday world and who balance equally romance and judgment.

DON'T LOOK BACK.

The girl who is successful in life looks at all disappointments philosophically. She does not allow them to wound her heart. She does not look back upon the past, but strives to improve the present. She takes up her duty in her own sphere, nor wishes it other than it is.

The girl who would win success in all or any walk does not waste her thoughts in vain. She waits the fulfillment of boundless hopes and indiscreet desires. She is not conning what the mysterious future will bring; her belief is that she must always do the best she can and let results take care of themselves.

Even the girl who finds that she has made a bad bargain in the matrimonial market may turn it into success if she is resourceful and has to deal with a husband who can be coaxed into going the right way, but cannot be driven. Much of a man's success in life depends upon the wife he chooses. She can help him up the ladder of fortune, or she can be a dead weight clinging to his knees, keeping him from advancing.

The successful girl never gives way to the blues. She knows that is time lost. She never makes those who love her unhappy. She knows that it is better to be a shadow than a dark, grim shadow. If by any chance, love should pass a woman by, the wise girl feels assured that she was intended for a better man, and bides her time. There is not so much enthusiasm about her as there was in the past, but there is contentment.

Last, but by no means least, the girl who is successful is not too severe upon other people for their faults. It takes many traits to make a girl a success in life. She never lets the world know about the griefs she has had. The rosey mist of hope veils the path that lies before her with its trials, temptations and joys. No matter in what rough places she may be walking, she makes all with whom she comes in contact believe that she is treading on flowers.

## Cynthia Grey's Correspondence

Stick to Him.

Dear Miss Grey: 1. A. is a foreman; B. is the man working under him. A. has been paying attention to me for some time, but I do not like him. B. has been paying attention to me, too, and I dearly love him. I do not think it right to have both of them coming around, but I will not throw B. down. I do not want A. at all, but if I throw him down he will dismiss B. from his work. What would you advise me to do?

2. Some time ago I had a sore on my head from getting lye on it, and, thinking what a nuisance it might be, I put peroxide on it to heal it, it healed it, but bleached a portion of my hair quite red. Could I get anything to restore it to its natural color (dark brown)?

3. Is peroxide any good as a skin-bleach?

4. Will rosewater injure the hair?

5. The hair on my eyebrows and lashes is very thin. Could I use anything to thicken it?

6. What is belladonna, and what is it used for? Also what is mercurized wax?

7. A—1. Be true to the man you love. If the foreman, however, is a capable workman, I am sure if your love is mutual he will be quite willing to take the chance with the foreman's displeasure, rather than have you encourage the latter also.

2. Best leave the hair alone, and in time it will grow out its natural color.

3. It will bleach and make superfluous hair less perceptible, but if used too freely and continuously it is apt to dry the skin.

4. No.

5. Rub cocoa butter or olive oil in at the roots with the tips of the fingers, night and morning.

6. Belladonna is a medicine used by eye-specialists in treating the eyes.

Mercurized wax is a patent preparation which may be purchased at a drug store.

Blue Eyes.

Dear Miss Grey: 1. Is cold cream good for the face and hands? Does it make hair grow?

2. What is a nice way to end a letter to a friend?

BLUE EYES.

A—1. If a good quality is used and in moderation, it is not harmful.

2. Yours affectionately. Your loving friend.

Awful Suffering of New Jersey Woman—Lasted Five Years.

When you don't want your breakfast, your stomach is out of order. Stomach trouble is either caused by weakened rundown system, or will certainly be followed by that condition.

Mrs. L. D. Cook, Vineland, N. J., says: "I was sick five years with indigestion. My stomach seemed to have a heavy load in it and at other times it seemed to be tied in knots. Nobody knows how I suffered."

"I tried a great many doctors and a great many kinds of medicine, but nothing did any good until I took Vinol. It has helped me wonderfully. I am improving fast and feel as if I am getting my flesh back again. Vinol has done me a world of good."

We know the great power of Vinol in curing chronic stomach trouble and building up all weakened rundown persons, and that is why we guarantee it as a

## Buy PURITY—the high-class flour and do your duty to your cooking-ability

WITHOUT a high-class flour like PURITY you cannot do your duty to your cooking-ability.

A cheaper, weaker, ordinary flour cramps and puts a limit on your efficiency.

On the other hand, PURITY FLOUR broadens your scope; provides you with unlimited opportunities to do ample justice to the cooking-ability of which you are so rightly proud.

PURITY FLOUR responds nobly to the skill of the cook. It yields

the daintiest and most delicate cakes. And pies so creamy, so delicious, your husband will vote you a wonder.

And such golden-brown biscuits, such griddle cakes, such buns, and

such bread you have never before succeeded in making, no matter how earnestly you've tried.

And the reason is not hard to discover. PURITY FLOUR consists exclusively of the high-grade portions of the best Western hard wheat berries.

Unlike ordinary flour, PURITY FLOUR contains no low-grade portions, nor is it weakened by mixing soft wheat flour with it.

PURITY FLOUR will cost you slightly more, because it costs us more to make. But it's worth the difference.

## PURITY FLOUR "More bread and better bread"

Reminder: Because of the extra strength and it requires more shortening when making pastry and more water when making bread.

minutes and 7 minutes; seven-pound, two glasses of port wine, if desired. Seal joint in bag. Allow plenty of space in the oven. Allow for joint of three pounds, 1 1/4 hours; seven pounds, 2 1/2 hours; fourteen or fifteen pounds, 4 hours. This must be cooked in a moderate oven.

leg back over the edge of the table, and loosen the sinews. Grasp the upper part of the leg, hold it firm; with the other hand grasp the leg, twist a little, then give a quick jerk and the sinews will come out clean.

Cut off the head, fold the skin back and carefully remove the crop; when the crop is loosened so that you can take it out in your hand, cut away that part which is fastened to the intestines at the neck. Pull the wind-pipe out carefully, so as not to break the skin, then cut the neck off close to the body.

Make an incision at the end of the breastbone, insert two fingers, loosen the intestines, keeping the fingers well up against the breastbone until the heart is reached; then work down on to the body.

These directions will do for either a turkey, chicken or guinea hen. After the fowl has been picked hold it over a burning gas jet, or over a little burning alcohol, and carefully singe off the long hairlike feathers. Unfold the wings, so that they are properly singed. After it is singed, put into a pan of cold water, wash and scrub thoroughly, then rinse in clear water and dry. To remove the feet, carefully cut the skin at the leg joint, bend the

each side to the backbone, and carefully pull out the entrails. In this way all will come out at once. Care must be taken not to remove the gall sack, as it lies under the left lobe of the liver. Care must also be taken to remove all the intestines; everything must be taken out that can be removed. Cut away the oil sack from the top of the tail.

With a damp piece of cheesecloth or old linen wipe out the inside of the fowl. Never put it into a pan of cold water to soak.

Gas Piping and Fixtures at Cost

There are residences in London not piped for the best and cheapest lighting and cooking fuel in the world—GAS.

We offer terms that will induce the majority of these property-owners to make their houses thoroughly modern.

Will be done and fixtures installed at actual cost—not a cent more—with profit to no one except the customer.

This is the kind of a proposition that comes only once in a long while. It will represent genuine saving, and will make every house equipped more valuable for renting or selling.

## WRECK OF THE RALEIGH

Storm is Still Raging and Vessel May Break Up Any Time.

Buffalo, Dec. 1.—At dawn this morning the wreck of the steamer Raleigh, blown on the rocks off Skerston, Ont., yesterday, could still be seen among the breakers a quarter of a mile off shore,

but there was no sign of life on the wreck to indicate that Engineer Prichard was still alive. The body of the other victims of the wreck—Fred Wise, a sailor, and his wife, Mrs. Wise, the steamer's cook, were washed ashore last night, and it was reported this morning that a third body had been tossed up on the beach two miles below the scene of the wreck. Members of the crew have started down the beach to ascertain if the third body is that of Engineer Prichard. The storm is still raging, and it seems likely the Raleigh may break up at any time.

## RICH MAN DETAINED

United States Officials Investigating the Citizenship of Wealthy Greek.

Boston, Dec. 1.—George Rusk, a wealthy Greek, who has travelled all over the world and amassed a fortune by speculation during his wanderings, together with his Egyptian wife, whom he married a short time ago in Cairo, is being detained here today by the immigration officers. The wife is thought to be suffering from an eye disease which will compel her exclusion, and the husband is held pending investigation as to his citizenship. He claims to be an American citizen, having naturalized in San Francisco some years ago.

Rusk was one of the first to reach the Klondike when the search for gold began. He has prospected for gold and silver in all parts of North America, as well as in Asia, Africa, Australia, and

## POPE'S LATEST DECREE HAS ONTARIO BEARING

Excommunication For All Who Cause Ecclesiastics To Be Brought Into Court.

[Canadian Press.]  
Ottawa, Nov. 30.—The last number of the "Acta Apostolicae Sedis," just received here from Rome, contains an important "motu proprio" of the Pope regarding the excommunication inflicted upon those who bring ecclesiastics before the civil courts. The Pope's pronouncement reads as follows:

"Since in these evil times it has been the custom to pay so little heed to ecclesiastical immunity that not only clerics but even bishops and cardinals of the Holy Roman Church are brought before the lay tribunals, the situation requires of us that we restrain, by the severity of the penalty, those whom the gravity of the offence does not deter from this sacrilegious action. Wherefore we 'proprio motu' lay down and decree that any private person, layman or cleric, male or female, who, without permission of the ecclesiastical authority, summons before a lay court any ecclesiastical person, whomsoever, either in criminal or civil cases, and compels him to appear there publicly, shall incur excommunication a lata sententia, especially reserved to the Roman Pontiff. And what is laid down in these letters we will be valid and ratified, all things to the contrary notwithstanding."

The new decree has a bearing of some what particular interest just now, coming as it does, after the recent case, in which Bishop Fallon, of London, and a priest whom he had removed from his post after an adverse finding by the ecclesiastical tribunal whom the church has delegated to be appointed to decide these matters, gave evidence. The priest had declined to give up his position, though ordered to do so, and the case finally came before the civil courts.

## THE PERSIANS REJECT RUSSIAN ULTIMATUM

National Council Refuses to Dismiss Morgan Shuster—An Assassination.

[Canadian Press.]  
Tehran, Persia, Dec. 1.—The National Council has rejected the Russian ultimatum to give up his position. The foreign minister has resigned.

Two days ago Russia issued an ultimatum to Persia demanding that Morgan Shuster, an American, who is treasurer-general, be dismissed from office.

Assassin Busy.  
Berlin, Dec. 1.—A telegram to the German Cable Company from Tehran says that a revolver shot was fired this morning at Ala-Ed-Dowleh, a member of the former Persian ministry, at Berlin, in front of his residence. He is reported to be dead. Ala-Ed-Dowleh had lately been promoting a railroad through the Government, and the ex-shah, which is reported to be desired by Russia. His brother was involved in the controversy concerning W. Morgan Shuster, an American, who is treasurer-general of Persia, whose dismissal has been demanded by Russia. The crime is a sign of the growing bitterness among the people.

## WINGHAM SCOUTS HAD FINE DRILL

Classes in Signalling Did Some Splendid Work at the Y. M. C. A.

[Special to The Advertiser.]  
Wingham, Dec. 1.—The Wingham Boy Scouts under the direction of Scout Master E. N. E. Barron, had a great drill last night at their headquarters in the Y. M. C. A. The Scouts have completed their course in semaphore signalling, and last evening had an exercise in the Morse code.

F. Mannel and G. Houston are now first class scouts. The boys are preparing for a visit from Mr. Hammond, of Toronto, who some time ago sent Mr. Barron to Wingham to organize the Scouts.

The Methodist Church last night a splendid entertainment for the little children was held in connection with the anniversary celebration.

Principal J. Fire Drills. The public school, has for some time been giving his pupils exercises in fire drill. There were about 300 pupils in the building, and the last time the alarm was given the school was cleared in 50 seconds.

The Ladies' Aid of the Wingham Baptist Church met at the residence of Mrs. Peter Fisher yesterday for the purpose of arranging for a bazaar in the church.

To Aid Hospital. The Ladies' Auxiliary of the Wingham General Hospital held a bazaar in the council chamber. Quite a number of pieces were sold; also, home-made cookies and candies. The proceeds will go to aid the hospital. A large number attended from the town and surrounding districts.

The people of Wingham will be visited this week in the Salvation Army barracks by Ensign Brown, of Toronto, who was formerly a prize-fighter and brewer. He will tell the story of his past life. The music for the occasion will be furnished by the army band.

There will be a meeting of the advisory committee in the city hall on Monday night to go over the plans for the coming year.

## BUILDING PERMITS WILL TOTAL MILLION

Those Issued to Date Amount to \$850,000, and There is Yet a Month to Come.

The building permits for the year have passed the \$850,000 mark, and there is no question but that they will reach a million before the end of 1911. Four large permits for big structures will be taken out within a few days. The plans for two of them are already in the hands of City Architect Nutter, while the others are nearly ready.

They are as follows: Additions to the Darch building, Talbot street, \$16,000; new Marx store, \$20,000; new Kingsmill block, \$30,000, and the Masonic Temple \$45,000, a total of \$111,000.

There will be many smaller jobs, so no difficulty will be found in running the permits above a million dollars," said City Architect Nutter.

## NEW CRUISER SAILS

Cowes, Isle of Wight, Dec. 1.—One of the small armored cruisers ordered to be built in England by the Cuban Government, has now been completed and sailed today for Cuba.

## MOCHA BOMBARDED

Perin, Dec. 1.—The bombardment of the fortress of Mocha, on the coast of Arabia, caused considerable damage, but only three Turks are reported to have been killed.

The Turkish gunners in the fort replied to the fire from the Italian warships with fifteen shells, all of which, however, fell short except the last one, which passed over an Italian cruiser, causing it to withdraw promptly.

It is stated that the bombardment will probably be resumed on Dec. 4 by a more powerful Italian warship.

## FLOOD AT WINGHAM DID MUCH DAMAGE

Ice Caused Big Jam in River Near Electric Light Station.

[Special to The Advertiser.]  
Wingham, Dec. 1.—The lower part of the town of Wingham had a close call from being badly flooded at an early hour this morning, when the ice coming down the river in large quantities after the recent rains jammed at the second gate in the race-way at the electric light station, and the water rose rapidly.

Engineer Macknall, who was in charge, called for help as quickly as possible, but before the ice could be removed the water had risen about two feet, and was pouring over the bank. Chicken coops were washed away, and a large number of chickens were drowned. The water poured into the cellars of half a dozen houses, and when people in the vicinity got up in the morning they were surprised to find vegetables of all kinds and general debris all about their yards and in the street. Had it not been for the prompt action of the engineer a great deal of very serious damage would have resulted. The damage at the electric light station was sufficient to put the engines out of commission, and the power was shut off completely. The streets were like skating rinks after the water subsided.

## HELD GIRL DOWN TO SAVE HER LIFE

Ten-Year-Old Girl Caught Foot in Railway Track at a Toronto Crossing.

Toronto, Nov. 30.—The story of the extremely narrow escape of a 10-year-old daughter of Mr. Fisher, 642 Woodbine avenue, was told to the board of control today by Mr. G. Newton, secretary of the Woodbine-Height Ratepayers' Association, who protested against the condition of the railway crossing at Woodbine avenue.

Mr. Fisher with his two girls was passing over the crossing about 4 o'clock last Saturday afternoon when one of the girls got her foot caught between the planking and the outside of the north rail. The Montreal express was due and Mr. Fisher was unable to get the child's foot free.

He heard the train coming and when it was about 60 yards of the crossing, he held the girl down to save her life.

## Don't Persecute your Bowels

Cut out cathartics and purgatives. They are brutal—humane—unnecessary. Try CARTER'S LITTLE LIVER PILLS.

Putnam, N. Y. "I am a sufferer from constipation, and have tried many cathartics and purgatives, but they are brutal—humane—unnecessary. I have tried CARTER'S LITTLE LIVER PILLS, and they have cured me. I feel better, and my bowels are regular. I can now eat and sleep as usual. I am a great believer in this medicine, and I recommend it to all who suffer from constipation."—J. H. Carter, Putnam, N. Y.

## OFFICERS WERE GIVEN FAREWELL

Reception Tendered Col. and Mrs. Chandler at S. A. Citadel.

## NEVER FORGET LONDON

Col. Chandler Expressed His Thanks to Citizens in General For Kindnesses Shown Him.

An event of special importance to the work of the Salvation Army in this city was held in the Citadel on Saturday evening, when the officers and soldiers of the London division of the Army gathered for the purpose of tendering Col. and Mrs. A. A. Chandler a farewell, prior to their departure for Toronto.

A very large crowd attended the reception, and expressions of regret at their leaving, but praise for their splendid work during the short time they have been in London, were voiced by the speakers in bidding Col. and Mrs. Chandler farewell.

**Heats of Friends.**  
Although having been in the city only a year, the colonel and his estimable wife have made hosts of friends, who feel keenly the loss in their removal, but wish them every success in their new field of endeavor. Their coming to London marked an epoch in the annals of the work of the Salvation Army in this city. Entering in their efforts to assist in working out the problems of the city, and especially in their work among the poor, Col. and Mrs. Chandler were found to be salvationalists of the truest and most faithful order.

Major McGilivray presided at the reception, and the St. Thomas band, assisted by the No. 1 and No. 2 London bands, rendered music.

Addresses were given by Major McGilivray and Mrs. McGilivray, Capt. Turner, Staff Captain Wilson, Sergeant Andrew, Evangelist H. E. Wilson, of the City Mission; Capt. Treasurer, of St. Mary's, and Mrs. Wilson, of the Sisters of Mercy League.

**Unanimous Praise.**  
All were unanimous in their praise of the work done by Col. and Mrs. Chandler in London, and each felt that what was London's loss was Toronto's gain. Mrs. Chandler stated in reply that during her stay she had learned to love the people of London, Ontario division.

"I have met some beautiful hearts here," she continued, "and I feel that I am leaving this division loving everyone."

Col. Chandler, in his reply, stated that he would never forget London, everybody here had been so kind. His work had brought him into contact with Governor Carter, Chief Williams, and Magistrate Judge, to help them solve the great problems that they are confronted with. He had found them all extremely kind. He had also to thank the press, the doctors, and the ministers for their kindness to him and Mrs. Chandler. In conclusion, he paid a great compliment to Mrs. Chandler by stating that it was her noble efforts in London that gave him strength to do his part.

**The New Officers.**  
He also asked the people to welcome Major and Mrs. Morris, who will succeed him and Mrs. Chandler in London, and stated that they were a worthy couple.

After the reception the officers of this division, together with the members of the St. Thomas band, were invited into the basement to partake of refreshments that had been provided there by the Sisters of Mercy League. As the meal concluded, Major McGilivray, on behalf of the officers of the London division, presented Mrs. Chandler with a splendid mahogany music cabinet, while the colonel was presented with an English commercial travelling bag.

**MAKING A CHARGE FOR AREA SPACE**  
Board of Works Could Not Reach a Decision on Thursday Evening.

The board of works Thursday night could not arrive at any decision as to the rental to charge for space under sidewalks. A report was read from a member of the board to the effect that in Toronto a minimum charge of 2 cents a foot was made, with the maximum 4 cents. There was a difference of opinion as to the charge, some urging 2 cents on the back streets, and 4 cents on the principal business thoroughfares. The matter was not decided, as the committee desired to have Mr. Grant's opinion on the subject.

The board received a communication from the C. P. R. to the effect that the company would give \$500 towards paying the cost of a new drain at the Tailor street subway. City Engineer Wright estimates that it would cost \$325 to put in a new drain, provided permission were given to cross the C. P. R. property to the river. He will take the matter up with the company and obtain permission to cross their lands.

Cromwell street was again the scene. After some discussion it was decided to ask Mr. W. J. Anshel to

## MAKING A CHARGE FOR AREA SPACE

Board of Works Could Not Reach a Decision on Thursday Evening.

The board of works Thursday night could not arrive at any decision as to the rental to charge for space under sidewalks. A report was read from a member of the board to the effect that in Toronto a minimum charge of 2 cents a foot was made, with the maximum 4 cents. There was a difference of opinion as to the charge, some urging 2 cents on the back streets, and 4 cents on the principal business thoroughfares. The matter was not decided, as the committee desired to have Mr. Grant's opinion on the subject.

The board received a communication from the C. P. R. to the effect that the company would give \$500 towards paying the cost of a new drain at the Tailor street subway. City Engineer Wright estimates that it would cost \$325 to put in a new drain, provided permission were given to cross the C. P. R. property to the river. He will take the matter up with the company and obtain permission to cross their lands.

Cromwell street was again the scene. After some discussion it was decided to ask Mr. W. J. Anshel to

## LORD ROBERTS PRAISES THE ITALIAN ARMY

Says It Is Unfair To Criticize Severe Measures That May Be Necessary.

London, Dec. 1.—Field Marshal Lord Roberts said yesterday regarding the charges against the Italian army in Tripoli:

"It is totally unfair, as we are a friendly nation, to criticise any military measures which the Italian commander-in-chief may have found necessary to put in force without having access to information on which he acted. So far as can be learned from more trustworthy reports than have reached this country, the Italians were suddenly faced with a rising of Arabs in the direct rear of their line. Resistance to such a desperate state of affairs would in any case warrant desperate measures to re-establish the equilibrium of battle. Time also was pressing, as the main attack by the Turks and Arabs was imminent."

"That the means employed to re-establish what I have called the equilibrium of battle was severe is true, but in war it is usually the severest measures that are in the long run the most humane. No soldier will put any credence in the report that women and children were deliberately killed by the Italians, but doubtless in the act of clearing the hostile villages behind the Italian lines many innocent people suffered with the guilty."

"Such things are unfortunately inevitable in war. In no army in the world could the orders which Gen. Canova found it imperative to issue for the clearing of the Tripoli oasis have been carried out without instances of regrettable severity. Only those who have had experience with war in all its phases have the right to judge of the expediency of these reprisals, and then only when they have access to the information which was at the time in the possession of the directing staff."

## PROFESSIONAL THIEVES

Man and Woman From a Cave in Philadelphia Plunder Horse Owners.

Philadelphia, Dec. 1.—Frank Brown, the self-confessed horse thief, according to Captain of Detectives Souder, has stolen at least 100 horses. It was declared by the detectives yesterday that the young woman who was arrested with Brown, and whom he calls his wife, knows of many of the thefts. Captain Souder said that Brown would steal the horses and then sell them, sometimes getting in exchange another horse, which he would also dispose of. In this way

scores of horses have got so mixed up that it will take Captain Souder some time to recover all the horses and have them returned to their rightful owners. Captain Souder admitted that Brown had made quite a long confession, and that a number of the horses had been recovered during the day, but that he was not yet prepared to give out a list of the owners of the animals. Souder asked all those in Pennsylvania, Delaware and New Jersey who had lost horses to communicate with him or call at the detective bureau at once, as they may have a chance of recovering their property.

It was learned for the first time yesterday that Brown and the woman who

poses as his wife lived for a considerable time in a cave in the northeast section of the city, and that their whereabouts was only discovered by the illness of the woman. Detectives Timlin, O'Brien, Brown and McDermott worked on the case for some time before they made this discovery. They said that several times they were almost on his heels, but that he would disappear as fast as a rabbit to his burrow. The detectives had no idea at this time that the fellow had a cave, and that it was practically surrounded with shrubbery. So thick, in fact, was the shrubbery that when he peered into his cave it closed in around him in the way that rendered him for the time being safe from arrest.

In a case of this kind the detectives said that dogs, such as are trained and used by the New York police and others, would have been of the greatest service, as they would have hunted the fellow to his lair. Brown has plenty of money, and refuses to eat or to allow the young woman arrested with him to partake of

the meals supplied at the expense of the city. He orders their meals, which are of the best, and are always accompanied with many delicacies. On Saturday evening, when the case was first reported, it was stated that the body of a dog found by the police in the cave was the only one of its kind found in the national commission has been paid the fine of

## FRIDAY, DEC. 1, 1911. CANADIAN LEAGUE HIT BY CRISIS

Report of Meeting at Toronto Shows Efforts to New Rules STILL TALK

Officials Have Not Lost Pending Circuit as F. Ottawa

Hamilton Spectator: League officials were given for thought when the result of the decision of the major league annual meeting at St. Louis was made known. It has been decided that reason than ever for the league to have C class. Under the old rules and draft from class D clubs, but that at the end of many class D clubs were of the hole financially by fact that major league clubs would take a cut through the draft route all changed, and only can draft from class D clubs. This means that there much grating from the for the simple reason that magnates are not given and have not the money, as the major league class A clubs to grab up. And then to make the drafting price has with the result that class set \$400 for drafted players they only got \$200, as a son why the class C do much drafting. Uncondition of affairs in buying by the major is a safe bet that class the losses financially. drafting of players is a important part in the every class D league, rule works out to disadvantage to be a large-scale fall.

What the Canadian will receive their application C rating goes without ally if Peterboro, Ottawa are taken in. The population of a league composed London, Brantford, St. Thomas, Peterboro and be as follows: Hamilton ..... London ..... Toronto ..... Ottawa ..... St. Thomas ..... Guelph ..... Brantford ..... Peterboro ..... Total

As class C rating will all leagues having a total of 200,000, it would be better for the Canadian get the desired rating. The expansion takes it was desired class B secured, although there the present time, at an attempt to fly that high, and Ottawa, the competition would be 661,192, to the required 200,000.

## CANADIAN LEAGUE HIT BY CHANGES

Report of Meeting at San Antonio Shows Effect of New Rule.

## STILL TALK TORONTO

Officials Have Not Lost Hope of Expanding Circuit as Far East as Ottawa.

Hamilton Spectator: The Canadian League officials were given much food for thought when they received the result of the deliberations of the major league managers at the annual meeting at San Antonio a couple of weeks ago, and as a result it has been decided that there is more reason than ever for the Canadian league to have C class rating.

Under the old rules any league could draft from class D clubs, with the result that at the end of each season many class D clubs were brought out of the hole financially by reason of the fact that major league and class A clubs would take a couple of players through the draft route. Now it is all changed, and only class C clubs can draft from class D organizations, which means that there will not be so much drafting from the class D clubs, for the simple reason that the class C magnates are not given to the art, and have not the money that is possessed by the major league clubs or class A clubs to grab up the players.

Price is Boosted. The result of the drafting price has been boosted, with the result that class D clubs will get \$400 for drafted players where they only got \$300, an additional reason why the class C clubs will not do much drafting. Unless the new condition of affairs leads to more buying by the major league clubs, it is a safe bet that class D clubs will be the losers financially. The sale and drafting of players performs an important part in the maintenance of every class D league, and if the new rule works out to disadvantage, there is sure to be a large-sized holler next fall.

What Might Be. That the Canadian League officials will renew their application for class C rating goes without saying especially if Peterboro, Ottawa and Toronto are taken in. The population figures of a league composed of Hamilton, London, Brantford, St. Thomas, Guelph, Toronto, Peterboro and Ottawa would be as follows:

Hamilton	61,879
London	46,177
Toronto	376,340
Ottawa	36,340
St. Thomas	14,050
Guelph	15,148
Brantford	23,046
Peterboro	15,312

Total 661,192. As class C rating will be granted all leagues having a total population of 200,000, it would be a simple matter for the Canadian League to get the desired rating if the proposed expansion takes place, while it was desired class B rating could be secured, although there is no desire at the present time, at any rate, to attempt to fly that high. With Toronto and Ottawa in the combined population would be 661,192, some difference to the required 200,000.

## CHAPIN HAS PAID FINE OF \$1,368.32

Owner of Rochester Eastern League Club Hands Over Money Without Further Appeal.

Rochester, Nov. 30.—There was another echo yesterday of the rumour which grew out of the Eastern League's attempt for a post-season series. President Chapin, of the local club, gave out a letter which he sent to J. H. Farrell, of the national board, to the effect that the local club would stand by that body's decision of the local club's appeal from the fine imposed upon it by the league. In other words, the case will not be carried to the national commission. The league has been paid the fine of \$1,368.32.

## BRUCE-BROWN WINS GRAND PRIZE RACE

A Wealthy Young American Pilots Italian Fiat to Victory at Savannah.

## HEARNE'S BENZ SECOND

No Foreign Driver Could Get Through, While All American Cars Failed.

ORDER OF FINISH AND TIME.	
Driver and Car	Time.
Bruce-Brown (Fiat)	3:31:39
Hearne (Benz)	3:33:39
De Palma (Mercedes)	3:34:40
Brass (Fiat)	3:51:51

Savannah, Ga., Nov. 30.—Flying faster than the biting wind which swept the frozen racecourse, David L. Bruce-Brown, the young American millionaire, today established a new world's record for automobile road races in winning his second grand prize race in 32 many years, at an average speed of 74.65 miles an hour. His average last year over the same course was 70.59 miles an hour.

The supreme honor again went to an American driver, piloting a foreign car, but this year it was an Italian Fiat instead of a German Benz that carried the dauntless Bruce-Brown to victory. His elapsed time today for the 411.38 miles was 321 minutes, and 29 and 12-100 seconds.

Bruce-Brown captured the greatest American trophy only after a fierce and nerve-racking struggle, in which Eddie Hearne, driving a Benz, was second, two minutes behind, at 333:33, 7-100, and Ralph De Palma third, at 334:40, 85-100.

There Were No Mishaps. No mishaps involving life or limb marred the running of what probably will be the last of these classic races at Savannah.

Of the sixteen foreign and American racing machines which started away at 9 o'clock this morning in the 411.38-mile contest only six finished. The others could not undergo the tearing endurance strain, and were eliminated from time to time by the breaking of vital parts. Foreign cars apparently surpassed the American, as not one of the latter finished one, two, three. On the other hand, American drivers demonstrated superiority over the foreign pilots.

## BOON TO TEACH GOTHAM HOCKEY

Montreal Star to Spend Two Weeks Imparting Information to New York Players.

Montreal, Nov. 30.—Dickie Boon, of Montreal, is going to give the benefit of his expert knowledge of the Canadian game of hockey to the New York Athletic Club, playing for a couple of weeks. Mr. Boon has a two weeks vacation coming to him, starting tomorrow. The New York Athletic Club has a great hunch that Dickie's expert knowledge might be of great value to the New York A. C. players if imparted at the practice stage of the game, which has just about commenced in New York.

Therefore the New York A. C. has sent the littlest of the "original little men of iron" a very cordial invitation to kill time for a couple of weeks in New York and handle the hockey team at the same time.

Mr. Boon has accepted the invitation, and leaves for New York tomorrow.

## TOMMY O'TOOLE NO MATCH FOR DUNDIE

Philadelphia, Nov. 30.—Johnny Dundie, of New York, showed championship form this afternoon when he out-fought Tommy O'Toole, the champion feather-weight pugilist, of this city, before a packed house at the National A. C. O'Toole started out in the first round in great fashion, but after this Dundie had a local boy at his mercy. O'Toole managed to stay the limit, and made a good rally in the sixth.

The bout between Young Ernie and Kid Burns was called off by Match-maker O'Brien, owing to a small attendance.

## CHANGE OF RULES MAY BRING GAMES

Varsity May Meet Pennsylvania in an International Match Very Soon.

Philadelphia, Pa., Nov. 30.—Officials of the University of Pennsylvania Athletic Association are greatly interested in the proposal of the officials of the Toronto University football team, made here today during the Pennsylvania-Cornell game, for a slight change in the football rules, and even for a game with that distant college. Though all of the officials of the association were in a whirl of social events this evening incident to the Pennsylvania victory, they said they expected to give the matter serious consideration at a later meeting. "Andy" Smith, president of the association, and formerly one of the greatest gridiron stars of the United States, had tonight that he was greatly impressed with the proposal of the Canadians. "Though I had little time to consider the question since the game, and met the representatives of Toronto University for a few minutes only, I will say that it ought to be possible for something to be done by the officials of the two associations."

WOLGAST IS IN CHEERFUL MOOD. Los Angeles, Cal., Nov. 30.—Ad Wolgast was cheerful today and well on the road to recovery. He displayed great interest in the Welsh-Ritchie and McFarland-Murphy bouts.

FRANK BROWNING SLIPPING. San Francisco, Nov. 30.—Frank Browning, for three seasons on the San Francisco pitching staff, was traded to San Antonio for Pitcher Toner. Browning came to the Coast League from Texas.

## "BUNNY" AUSTIN IS ACHIEVING FAME

Arthur Warner, an English Welter, Now Challenges East Londoner To Go Any Distance.

Arthur Warner, late of Seftield, Eng., who is now in this city, is anxious to arrange a boxing contest with "Bunny" Austin, the East End lad who attracted the attention of Alf Palmer while the latter was putting on a stunt with a couple of others on the midway during the Western Fair. Austin accepted the challenges of Palmer, but since then nothing more has been heard of the proposition. Now Warner wants to meet him for any purse up to \$100. He fights at 145 and is willing to weigh in two or three hours before the contest. Warner will go twenty rounds or a finish if necessary. He is now in training in the Y. M. C. A. boxing classes.

Warner has quite a record in England having met a number of men of good class before coming to this country.

## PAINT HYDRO ADS ON WATER CARTS

Water Commissioners Are Anxious to Advertiser Their Power Wares—A Meeting on Thursday.

The water commissioners held a special meeting Thursday afternoon to pass the accounts so as to finally close their financial year. On the suggestion of Commissioner H. A. Stevenson, it was decided to ask No. 2 committee of the city council for permission to paint hydro-electric ads on the water carts next season. The carts will have to be repainted, and the commissioners are of the opinion that it would pay them to paint the carts and place their advertisements on them next summer.

An experiment will be made with a light on every pole on the streets. Superintendent Glauhaits and City Engineer Wright will select a street, for experimental purposes, and a light will be put on each pole to see the effect. This will be done at once.

The financial statement will be required the account against the Western Fair board from \$900 to \$850.

Four extra lights, such as are now in use in Victoria Park, will be placed about the Soldiers' Monument to be erected in the park. A light will be placed at each corner.

The financial statement will be issued in a very short time. It is expected that the commissioners will show balance in each department.

Those present at the meeting were Chairman Philip Pocock, Commissioners Chapman, John Marr, Dr. H. A. Stevenson, Mayor Beattie, Superintendent Glauhaits and Secretary Ellwood.

## The Ideal Reading Lamp

Opticians agree that the light from a good oil lamp is easier on the eyes than any other artificial light.

The Rayo Lamp is the best oil lamp made. It gives a strong, yet soft, white light; and it never flickers. It preserves the eyesight of the young; it helps and quickens that of the old.

You can pay \$5, \$10, or \$20 for other lamps, but you cannot get better light than the low-priced Rayo gives.

## SCOTS MADE MERRY ST. ANDREW'S NIGHT

A Big Banquet and Entertainment  
Held in Masonic  
Temple

### SCOTIA'S LIFE AND MEN

A Long and Interesting Toast List  
Carried Out—Dr. Ross, Dr. Little,  
T. H. Purdon and  
Others Spoke.

St. Andrew's Day was fittingly celebrated Friday evening by St. Andrew's Society with a banquet and dance at the Masonic Temple. One hundred and fifty Scotchmen and their wives were present, and enjoyed one of the most pleasant evenings in the history of the society. The affair was decidedly informal, but it was none the less enjoyable on that account.

At 8 o'clock the Scots began to assemble, and promptly at 8:30, President Alex. Fraser led the party to the banquet hall, preceded by Sergt. MacDonald and his pipers.

The excellent dinner was taken care of, and then the president introduced the toast list. He read greetings from the St. Andrew's Societies of New York, Albany, N. Y., Toronto, Winnipeg, Montreal, Windsor and St. Catharines, and a telegram of regret at inability to attend from Major Thomas Beattie, M. P.

Welcomed the Ladies.  
In his opening remarks, President Fraser welcomed the ladies. It was an innovation to have them present, but no doubt this would not be the last time St. Andrew's banquets would be graced with their presence.

After the health of the King had been drunk, President Fraser asked Mr. J. W. Jones, who has been for many years treasurer of the society, to explain the objects of the organization. The latter, in a brief speech, told of the many good things they had done during the many years of their organization. Over \$1,000 had been distributed in charity, and in other ways. Poor Scotchmen had been assisted to better things.

Dr. Little's Address.  
The first toast was that "The Day and All Who Honor It," to which Dr. R. A. Little responded in a clever address. He spoke of the great love the Scotchman has for his old home. No matter where he may be, he is always thinking of his ancestral hills. The hard climate bred strong, self-reliant men.

Dr. Little declared that two great movements tended to divide the Scotch into one strong patriotic nation. Language was not the unifying principle, nor yet his sense of humor—it was his

## Stops a Cough IN ONE NIGHT

CATARH AND WEAK THROAT  
NOW CURED WITHOUT SWALLOWING DANGEROUS DRUGS.

By Breathing the Soothing, Healing  
Vapor of Catarrhose All Throat  
and Catarrhal Trouble is  
Quickly Cured.

It's simply wonderful to think how quickly a bad throat or catarrh can be cured with Catarrhose. Its rich balsamic vapor is carried along with the breath into the innermost recesses of the lungs, bronchial tubes, and chest, making it impossible for the germ of any disease to live. Thus soreness in the chest is at once relieved—phlegm is loosened and ejected from the throat, old-standing coughs are removed.

It suffered from an irritable, weak throat for three years. I had a severe cough, pain over the eyes, constant bad taste in my mouth, and noises in my ears. It was chronic catarrh. Nothing gave permanent relief till I used Catarrhose. In one hour it relieved, and in a few weeks drove all trace of catarrh from my system.

"TIMOTHY A. SALMON,  
"No. 6 Lopez street, Kingston, Ja."

REMEMBER THIS—You breathe Catarrhose and it will cure any throat, chest or bronchial cold. Large size, guaranteed, cost \$1.00, and lasts two months; smaller sizes, 25c, and 50c. Beware of imitations and insist on "CATARRHOSE" only. By mail from the Catarrhose Co., Buffalo, N.Y., and Kingston, Ont.

## "SALT RHEUM"

Had It On Hands For Two Years.

ITCHED SO DID NOT KNOW  
WHAT TO DO.

Tried Three Doctors and Went to  
Hospital.

All skin diseases are more or less occasioned by a bad state of the blood, and no one can expect to be free from some form or other of skin trouble unless the blood is kept in good shape. All skin diseases can be very easily cured by the wonderful cleansing properties of Burdock Blood Bitters.

This is due to the unrivaled purifying action of Burdock Blood Bitters on the blood, coupled with the thorough manner in which it cleanses and expels the impurities from the body.  
Mrs. Richard Coutine, White Head, Que., writes: "I have been bothered with salt rheum on my hands for two years, and it itched so I did not know what to do. I tried three doctors, and even went to Montreal to the hospital without getting any relief. I was advised to try Burdock Blood Bitters. I got three bottles, and before I had the second used I found a big change, and now to-day I am cured."

Burdock Blood Bitters has been on the market for about 35 years and is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

Popular character. The two great national movements were the struggle for national freedom and the influence of the religion of John Knox. These common sentiments had welded the nation into a unified whole, and made Scotland the force she was today in the world politics.

"Canada, Our Home."  
"Canada, Our Home," was the theme of a great speech by Mr. T. H. Purdon, K.C. This gathering was one of the many festive gatherings that were being held throughout the world at this time. Scotchmen everywhere left their work and their play, and spent an hour or so, in their old land, in song and story. It was a tribute to the strong home feeling that existed in the breasts of every Scotchman wherever he went.

"Scotland furnished the brains and Canada the opportunity to make many of her sons great," said Mr. Purdon. "I have an idea that Lord Strathcona would never have been Lord Strathcona in Scotland. He had the brains, and Canada gave him the opportunity, and he has used both to the great advantage of the human race. I do not think that Hon. Alex. MacKenzie, the brick mason, would have been given the opportunity of making his famous speeches had he not come to Canada, the land of opportunity, the place where all good Scotchmen should come."

What is Canada.  
The great question which was asked Mr. Purdon through his trip through the West was "What is Canada?" That was a large question, one that required great care to answer. That question put in, another way, was "Will Confederation Last?" The Eastern Provinces are a little kingdom by themselves, with a life distinct from the others. Quebec was a self-contained nation, and Ontario was different from all the rest. The west was developing its own life, a life not to be compared with the others. There was a wide gulf not only between the east and west, but between the provinces that must be bridged. If Confederation was going to endure, if Canada as a nation was going to live, it is difficult to get a common sentiment between the new west and the old east.

Close to the Centre.  
"One cannot help but feel that in Winnipeg is the close to the centre of Canada," said Mr. Purdon. "The great lines of railways verging out from that city, the great possibilities of that country, a land now almost empty, and the wonderful future of the west, inspire that opinion, and makes one certain that in a short time that wonderful city will be the hub of this country."

Mr. Purdon declared that he would rather send ships of wheat to England to feed the poor than send battle-ships. The fact that 60 per cent of the school children there were not in good health made it imperative that Canada, the land of plenty, do something for the children across the seas.

Mr. Purdon spoke of the great development of education throughout the west. In every one of the new provinces there was a new university, and in this broad educational policy of the governments of the west lay the hope of Canada.

"The ties that bind Confederation are none too strong," said Mr. Purdon. "It is our duty to see that more British immigrants are brought to this country to settle its broad acres, and spread the sentiment of patriotism everywhere."

Rev. Dr. Ross.

Rev. Dr. Ross spoke on "Scottish Life and Character," and gave most interesting address on the many sides of the Scot's nature.  
After paying tribute to the wonderful love the Scotchman has for his old home, Dr. Ross stated that one of the outstanding characteristics of the Scotch was his frugality. He was a canny, saving chiel, his friends declared. The hard life of Scotland taught the Scotch to save—it was a matter of necessity with him. The Scotchman loved to own his own home, but in Scotland unfortunately he rarely did own his home. In spite of his frugality and saving, all he could own there often was his own grave, and many times it was a family affair.

The secretiveness of the Scot was another characteristic. He did not carry his heart on his sleeve. "A Scotchman never tells his wife that he is dying until the doctor has given up all hope, for fear that she would be too much lifted," said Dr. Ross.

Modesty and sentimentality were two other outstanding features. Every Scot is a poet in heart. He will write poetry, but it is in everyone. He was a great lover of books.  
There were three types of religious life in Scotland, the moderate, the evangelical and the mystical. The first class belonged to the established church, the second was a free church man, and the third was the man who saw visions, and dreamed dreams, the real religious man. The Scotch were pre-eminent known for their religious fervor.

Scottish Literature.  
Mr. John Stevenson gave a delightful talk on Scottish literature, traced it through three periods. The first contained such names as King

## Every Day Bargain Day

Every day is bargain day with the Scotland Woolen Mills Company. To begin with you couldn't duplicate the suits we sell for from twenty-five to thirty dollars. Next there is the fact that you couldn't duplicate the cloth we sell at any price, for it is made specially for us at the mills and is all wool and a yard wide.

## No Competition Anywhere

We have not any competition in London or in any other city of which we have as yet heard. This is a fact and you can prove our contention if you would go a little out of your way—devote five minutes—and pay a visit to our store. Some rarely fine suitings and overcoatings being shown now. ## POWER COSTING \$50 UNFAIR TO OWEN SOUND CONSUMERS

Hon. A. G. MacKay Was Given an Enthusiastic Hearing and Showed the Injustice of the Whitney Government's Policy for the North.

[Special to The Advertiser.]  
Owen Sound, Dec. 1.—At one of the largest and most enthusiastic meetings ever held here, Hon. A. G. MacKay last night spoke for more than an hour and showed the defects in the policy of the Whitney Government. There were many Conservatives in the meeting. Mr. John McQuaker presided, and besides Mr. MacKay, addresses were made by Messrs. M. Kennedy and James E. Keenan.  
Mr. MacKay's appearance was greeted with thunderous applause. He attacked the Whitney Administration on the hydro policy. Since the province generally was responsible for the scheme and the bonds, he contended that there should be a fair rate throughout the territory. It was eminently unfair that the province should be committed to a power policy which insured power to points on the Niagara Peninsula for \$12 per horsepower, while it would cost Owen Sound about \$50; yet Owen Sound businessmen stood equally responsible for the Provincial bonds with the men who profited most, residents of the territory with a comparatively short distance of Niagara Falls.

**Local Option.**  
Mr. MacKay also went on record straight against the three-fifths clause relating to local option voting. With regard to bilingual schools, English was the language of the province and

nothing but that language should be taught.  
A dead set was made on the Government's refusal to grant municipalities the power to amend the present assessment plan whenever it was possible. The prison reform work was commended, but Mr. MacKay thought that the plan should be carried farther, and he scored the Administration for not energetically taking up the Industrial School question.

**The Haines Write.**  
But it was when he came to deal with the famous Haines writ that the audience applauded most vociferously. Mr. MacKay showed the absence of any foundation for a case against him, and created a sensation when he charged four Owen Sound men, whose names he withheld, as being instrumental in framing the blackmailing conspiracy to destroy his good name. He stated that he had taken steps to keep himself acquainted with every move they had made, and was thoroughly aware of the use they were making of their statements to blacken his name in the townships of North Grey. Displaying a number of papers he had dealing with the matter, Mr. MacKay declared that the Toronto end of the evidence, if it could be called, in the case, was a concoction of forgeries and lying statements, pure and simple. In conclusion, he threw the gauntlet down by declaring that if anything more were heard of the case he would be perfectly willing to face the four Owen Sound men, and Haines if necessary, on the public platform.

## IN WRECK OFF PORT COLBORNE TWO GO TO THEIR DEATH

Lifeboat Capsizes When Carrying Crew From Stranded Ship to the Shore, and the Steward and Wife Perish.—Boat Will Be Total Loss.

Port Colborne, Nov. 30.—The steamer Raleigh, bound from Quebec to Erie with a cargo of pulpwood, was wrecked on Thursday night, six miles from here, this evening, and two persons, the steward and his wife, were drowned. The vessel put out from here last night. On account of the severe storm blowing she was forced to run back, and this morning at 7 o'clock was noticed outside the breakwater with distress signals flying. Part of her machinery had broken down and she could not make the harbor. No tugs would venture to her assistance on account of the heavy seas which were running mountains high. She held her position until 2 o'clock this afternoon, when her anchors would hold no longer, and she started to drift with the wind. The Buffalo lifeboat was wired for, but on

account of the fierce storm could not respond.  
She struck about six miles from here, and soon broke in two, her stern sinking. The crew of about twelve men took to the boats. The first boatload upset when a short distance from shore precipitating the occupants into the icy waters. A number of men on the beach bravely rushed into the water and dragged the freezing men to shore. The steward and his wife were so shocked from the freezing water and exposure that they expired on the beach.

The chief engineer, Wm. Pritchard, refused to leave the ship. Doctors were soon on hand, and as the men arrived they were attended to. The vessel's cargo is strewn along the beach, and she will probably be a total loss.

## POULTRY SELLS HIGH AROUND BRUCEFIELD

Buyers Paying Ten Cents Per Pound For Live Chickens.

[Special to The Advertiser.]  
Brucefield, Nov. 30.—There is a great demand for poultry in this vicinity at the present time, and buyers are purchasing all that they can secure. Farmers are getting as high as ten cents per pound live weight in some instances. There is a steady demand for turkeys. Some farmers are selling and others are keeping them for the Christmas market.  
Mr. George Holland, of Holmesville, had a sale of 25 cows here yesterday. They were a good lot, and sold well. The highest brought \$11.50, and the minimum was \$3.10 for a young heifer.  
Mr. James Burdge and wife, who lately returned from Calgary, after residing there for several years, have decided to go to Hamilton to live.  
Mr. Harry Ellier, M. P. P., South Huron, was here recently.  
Mr. H. Hooper, of Clinton, was here last night with a check for Mr. John Snider for \$1,171. Mr. Snider had an endorsement policy, and is much pleased with the results.  
Mr. E. H. Savers has moved his family to St. Helens, North Bruce, where his induction will shortly take place. He and Mrs. Savers drove all the way. Mr. and Mrs. Savers have

been here twelve years, and have made many friends, who regret their departure, but wish them success in their new home.

**Will Celebrate.**  
The anniversary services in connection with the Presbyterian Church here will be held on Dec. 3, when Rev. Mr. Wishart, of Brussels, will conduct service from shore precipitating the occupants into the icy waters. A number of men on the beach bravely rushed into the water and dragged the freezing men to shore. The steward and his wife were so shocked from the freezing water and exposure that they expired on the beach.

The programme will consist of music by the choir and the Hensall Quartette. Mrs. (Rev.) Shaw, of Esmondville, and Mrs. McGuire, of Seaford, will assist. The Misses Rance and Grant, of Clinton, will give recitations, and addresses will be delivered by Rev. Mr. Grant, of Clinton, and Rev. Mr. Wishart, of Brussels, and the neighboring ministers.

Mrs. Boyce and her friend, Mrs. Kernell, of Goderich, are visiting at the former's brother's, Mr. James Swan.

Mr. Ezra Hohner, who has been sick some months with pernicious anaemia, is slightly improved.

**KINCARDINE ORGANIST  
GOES TO STRATFORD**

Dr. J. H. Smith Was Pleasantly Surprised By Chorus of Two Churches.

[Special to The Advertiser.]  
Kincardine, Nov. 30.—A farewell organ recital was held in Knox Presbyterian Church last night by Dr. J. H. Smith, prior to his departure today for Stratford, where he has accepted the position of organist in the Methodist Church. The recital was a splendid success. Dr. Smith was assisted by Mrs. Fred Tomlin, Miss Florence Smith, Mr. J. A. Young, and the choir of 24 voices.

The programme was splendidly varied, and every number was thoroughly enjoyed by the large audience. Mrs. Tomlin's rendition of "The Birthday of a King" was particularly enjoyed.

At the conclusion of the recital Dr. Smith and his family were greatly surprised when the choir called at their home in a body, and after expressing their appreciation of his services as organist and choir leader presented him with a handsome clock and an address.  
Dr. Smith was given another surprise at the home of Mr. J. J. Hunter, editor of the Kincardine Reporter, where he was invited, and presented by the choir of the Methodist Church with a gold-headed umbrella, suitably engraved, as a token of their esteem. Although organist for the Presbyterian Church, he found time and the will to aid materially in the improvement of the organ and the choir of the Methodist Church.

**FWELER LOST.**  
Fort Worth, Texas, Dec. 1.—Aviator Robert G. Fowler, clipped 76 miles from his flight from Los Angeles to New York yesterday, but he was four hours and forty-five minutes in doing it. He left here at noon en route to Houston. He lost his way twice and after circling over the country for the greater portion of the afternoon finally landed at Corsicana.

# The Grand Climax of Young's Big Fire Sale

An absolutely unparalleled ten-day event in which twenty thousand dollars worth of absolutely uninjured and perfect clothing and furnishings for men and boys must positively be sold. An epoch-making carnival of smashed prices and tremendous values that has had no counterpart in the history of London retailing, and that is bound to break even the selling records of the last few weeks of these crowded stores. We can guarantee nothing to late comers to this spectacular climax sale, for lots sufficient for a month's ordinary selling will melt away, even in a day, and these offerings can positively not be duplicated. Do justice to your pocketbook and come early. **Sale opens Saturday morning at 8:30. Read carefully—every detail spells true economy.**

Some One Stole Chewing Material From in Front of a Store in East London.

About 5 o'clock this morning some person broke into a gum slot in front of Thomas Shaw's grocery store on Dundas street east, and stole about 25 cents' worth of gum. The machine was badly damaged, but the money in it was not disturbed. Mr. Shaw heard the noise made by the thief, but thought it was someone standing in the hall stamping their feet. The machine is owned by the O-Pee-Choo Gum people, who have a standing reward of \$10 for information leading to the arrest of the parties damaging their machines. The police were notified.

**Music and Drama**

A Marvellous Lad.

Pepto Ariola captivated the hearts of a large audience of local music lovers at the Auditorium Thursday night.

The marvellous boy endeavored himself to all and his listeners all most went wild with delight. But there is something about the quiet bearing of the handsome, romantic-looking boy which forbids undue exuberance in the expression of appreciation of an enthusiastic audience.

Pepto plays with the technique and finish of the world's best masters as he regarded it as the most natural thing in the world. There is a distinctly sophisticated or worldly-wise air about the delicate features of the Spanish profile overhung with dark curls. In his appearance he is a charming boy, but in all his actions, in the heavy, romantic tread characteristic of his race with which he comes onto the stage, in his graceful bow, in the way he raises his hands over the keyboard and rises from the piano, he is the mature youth who has received the plaudits of royalty and the world's greatest celebrities, and yet has passed unperceived through all this with inconceivably perfect measure and truly marvellous technique, the fingers of the youthful artist played over the keyboard and unfolded a flood of music incredibly beautiful.

As an interpreter of Liszt Ariola is not to be excelled. In the evening

he played the "Hungarian Rhapsodie No. 6" and "La Bestraume." In the afternoon he played the "Grande Polonaise." More words cannot describe the wonderful melody produced. Schumann's "Warum" and "Vogel als Prophet" also pleased the audience greatly. Lesschitzky's "Octave Etude" was charmingly rendered. The selections from Chopin showed Pepto's versatile art again at its best. He could not resist the applause which greeted his rendering of the "Polonaise, A Flat Major, Op. 53," and his encore number was equally applauded.

Pepto played one of his own compositions, "Romance in F," a piece of exquisite beauty, which well embodies the artistic temperament and inherent romance of the gifted child. The other artists were London favorites and that London can claim for her very own, artists like Cyril Dwight-Edwards, Miss Louise Macdonald and Miss Florence Eggleston, advances greatly the musical credit of this city.

Mr. Dwight-Edwards, baritone, was in exceptionally good voice. In the afternoon, among other numbers, he took his audience by storm with Capella's "Lorraine, Lorraine, Lorraine." His rendering of this number was particularly excellent.

The duet, "Bayonara," by Cadman, a pretty Japanese romance, was delightfully interpreted by Mr. Dwight-Edwards and Miss Macdonald.

Among his best numbers were Massenet's aria, "Salome, Salome," "Annie Laurie," the old favorite that Londoners always delight to hear him sing, and the stirring ballad by Lowe, "Edward." His rendering of the last, which was the final number on the programme, was truly magnificent.

The marvellous boy endeavored himself to all and his listeners all most went wild with delight. But there is something about the quiet bearing of the handsome, romantic-looking boy which forbids undue exuberance in the expression of appreciation of an enthusiastic audience.

Pepto plays with the technique and finish of the world's best masters as he regarded it as the most natural thing in the world. There is a distinctly sophisticated or worldly-wise air about the delicate features of the Spanish profile overhung with dark curls. In his appearance he is a charming boy, but in all his actions, in the heavy, romantic tread characteristic of his race with which he comes onto the stage, in his graceful bow, in the way he raises his hands over the keyboard and rises from the piano, he is the mature youth who has received the plaudits of royalty and the world's greatest celebrities, and yet has passed unperceived through all this with inconceivably perfect measure and truly marvellous technique, the fingers of the youthful artist played over the keyboard and unfolded a flood of music incredibly beautiful.

As an interpreter of Liszt Ariola is not to be excelled. In the evening

he played the "Hungarian Rhapsodie No. 6" and "La Bestraume." In the afternoon he played the "Grande Polonaise." More words cannot describe the wonderful melody produced. Schumann's "Warum" and "Vogel als Prophet" also pleased the audience greatly. Lesschitzky's "Octave Etude" was charmingly rendered. The selections from Chopin showed Pepto's versatile art again at its best. He could not resist the applause which greeted his rendering of the "Polonaise, A Flat Major, Op. 53," and his encore number was equally applauded.

Pepto played one of his own compositions, "Romance in F," a piece of exquisite beauty, which well embodies the artistic temperament and inherent romance of the gifted child. The other artists were London favorites and that London can claim for her very own, artists like Cyril Dwight-Edwards, Miss Louise Macdonald and Miss Florence Eggleston, advances greatly the musical credit of this city.

Mr. Dwight-Edwards, baritone, was in exceptionally good voice. In the afternoon, among other numbers, he took his audience by storm with Capella's "Lorraine, Lorraine, Lorraine." His rendering of this number was particularly excellent.

The duet, "Bayonara," by Cadman, a pretty Japanese romance, was delightfully interpreted by Mr. Dwight-Edwards and Miss Macdonald.

Among his best numbers were Massenet's aria, "Salome, Salome," "Annie Laurie," the old favorite that Londoners always delight to hear him sing, and the stirring ballad by Lowe, "Edward." His rendering of the last, which was the final number on the programme, was truly magnificent.
