EXTRAORDINARY SALE OF LINENS COMMENCING ON Tuesday Next, March 12

OUR ANNUAL SPRING SALE OF LINENS COMMENCES ON TUESDAY MORNING.

We have been preparing and looking forward to it for two months, and have for you the largest assortment of Under-priced Linen we have ever offered.

The major portion of our showing consists of very slightly damaged mill seconds in Bleached Tablecloths and Napkins and Table Linen Mill Remnants.

A new feature in our Linen Sale this Spring is the offering of 50 dozen fine Huck Towels slightly soiled at very much under price.

Come on Tuesday & After

In connection with this Sale of Table Linen and Towels we offer many grand values in Towelings by the yard. Towelings that we have been on the lookout for for the past two months, and that we have not previously offered for sale, are now shown at very special prices

....Come on Tuesday and After....

For one solid week our Staple Department will be given over to this Sale of Linens, and we would like to see you in.

LITTLE BABY TOOK POISON

Infant Daughter Of Mr and Mrs Basil Milner Meets Sudden Death

DISTRESSING ACCIDENT

One of the saddest deaths which has occurred in this city for some time, took place yesterday afternoon at one o'clock, when the little infant daughter of Mr. and Mrs. Basil Milner, passed suddenly away, at the home of Mr. Milner's father, Robert Milner, corner of Murray and William streets.

Death was due to poisoning, and the circumstances surrounding the death are particularly sad and unfortunate. The little child was thirteen months old, and was very bright for her age. She was a universal favorite with everyone who knew her, and her exceptional intelligence was remarkable. She was an active child, full of life, healthy and very pretty. At four o'clock Saturday afternoon, her mother left her alone for only five minutes. She left her in her bedroom while she went down stairs. As soon as the mother was gone, the little child opened one of the dresser drawers, and secured a bottle containing about half an ounce of laudanum. Childlike, she swallowed the contents, or more of it. It is estimated that she must have taken about two tablespoonfuls of the deadly poison, and thereby receiving into her system about eight grains of opium.

When the mother returned to the bedroom, she noticed the empty bottle and she became alarmed. She also noticed that the little girl was becoming drowsy, and she immediately sent for Dr. McKeough. The doctor arrived half an hour after the accident occurred, and at that time, the little child was unconscious, and her face was discolored.

Everything possible was done to save the life. Stomach pumps were used, and every medical appliance made for such cases was brought into use. Other doctors were summoned, and they worked with the child until death came at one o'clock yesterday. The combined efforts of all the doctors were of no avail, and the unfortunate little child never regained consciousness. One very peculiar feature in connection with the child was that she always, from the time of her birth, had a liking for anything that was bitter. It is thought that probably as laudanum has a bitter taste, this may account for her swallowing it. No one can imagine how the child ever found the poison. The mother thought that it would be safe in the dresser drawer, never dreaming that her little baby would open the drawer and find it.

The death has naturally cast a gloom over the entire household, and the little girl will be greatly missed. The members of the surviving family have the sympathy of a large circle of friends in their sad and sudden bereavement.

The funeral will take place tomorrow morning at 10:30 o'clock. The service will be private.

Useful Household Articles are being continually added to our bargain tables and are being sold regardless of cost. George Stephens, D. H. Douglas.

NEW HOTEL FOR TILBURY

Geo. Chalmers Will Erect One This Spring To Fill Great Need

PLANS BEING PREPARED

There will be a new and up-to-date hotel in Tilbury. The new proprietor will be George Chalmers, one of the most prominent men of that place, and his many friends look for him to do a thriving business.

The plans for the new hotel are now being made out by J. L. Wilson & Son, architects. It will be a fine structure, and will be one of the most complete hotels in this part of the district. For some time it has been felt that this thriving village has been in need of more hotel accommodation. With the finding of oil in that township, the village has gone ahead at a remarkable rate. Even at the present time, there is not enough hotel accommodation to meet the demands of the travelling public, and when the spring opens up, it is expected that the present congestion will be much increased.

There are now three hotels in Tilbury village. There is a by-law limiting the number to four, and the council of that place recently turned down a resolution to reduce the number to three. They recognized the fact that it would be a mistake in the interests of the place to limit the number to three.

There is no doubt that Mr. Chalmers will have a well kept house—the kind of a house that is desirable in any place. It is expected that the plans will be ready shortly, and the work of building the hotel will be commenced as soon as possible.

CARS TOTTER ON BRIDGE

Narrow Escape Of Train Falling Into Niagara Rapids

SMASHED THE RAILS

Niagara Falls, March 11.—A car jumped the track on the steel arch bridge of the Grand Trunk over the river, tore up the wooden filling between the heavy stringers, broke away from the train about the middle of the bridge and tottered on the edge Saturday.

The car behind it, pulled from the rails, plunged across the structure to the north side and stopped with the end hanging well out.

It seemed as though a breath would topple either car into the rapids, 180 feet below.

A New York Central switching crew took a long freight train from the Lehigh Valley yards on the Canadian side to pull it to the Grand Trunk yards on the Canadian side.

As the engine passed the water-tank switch, about 600 yards from the eastern end of the bridge, an empty refrigerator car, about the middle of the train left the rails. It bumped along the ties, across Lewiston avenue, tearing up the planking and ballast.

There being a sharp curve around the postoffice at the American entrance to the bridge, the engineer did not hear the cries of spectators nor see the signals of the crew. The train kept on over the bridge, the derailed car staying well within the rails, but smashing the railroad deck.

The car broke loose when about half way across. It swerved to one side, ripped through the pipe railing and hung as if in a balance.

Stops At Edge of Bridge.
The next car, jerked from the track by breaking of the train, veered off. One of the trucks caught in the bridge and the car stopped at the edge, one end swaying over the river.

The wrecking crews of both the New York Central and the Grand Trunk hauled off the forward and rear ends of the train. They carefully pulled the two cars back, jacked them up and put them on the rails.

The damage to the bridge will be covered by a few hundred dollars.

Continued on Page Eight.

BITTER FIGHT ON IN ESSEX

Liberals Falling Over Each Other In Contest For Senatorship

MAY ALL BE FOOLED

Windsor, March 11.—There is a bitter fight on in the local Liberal camp and the vacant senatorship is the cause.

Many are there who would like to wear the toga of the late Senator Casgrain, but they fail to size up to the accepted idea of the quality needed in that august body. Defeated candidates, ex-parliamentarians and active Liberal workers who have done yeoman service for Liberalism, have longed eyes on the place. It is not even sure that the pium will fall into the lap of any local male but there are a number who "Are ardent 'opes."

Those most prominently mentioned just now are: Arch. McNece, W. J. McKee, Dr. Samson and Mr. Ernest Girardot.

Mr. McNece has been one of the leading Liberal workers here for the past twenty years, and as editor of the Record has been a considerable factor in all election campaigns, frequently taking the stump himself.

Mr. Girardot is one of the Sandwich workers and at present is an commissioner to the exhibition branch of the Dominion Department of Agriculture. Mr. Girardot was a candidate at the last provincial elections, but was defeated. He will have a certain claim for the vacancy on account of being a French-Canadian.

Mr. McKee is an experienced politician and served two terms in the Ontario Legislature. During the second term he acted as Liberal whip.

Dr. Samson has frequently appeared on the platform here during recent political campaigns. Prior to his removal here he was defeated as a Kent candidate.

BELCOURT MAY SUCCEED CASGRAIN.

Ottawa, March 11.—Already there is discussion as to who is to succeed Senator Casgrain in the Senate. It is claimed to be the seat of an Ontario French-Canadian and rumors are strong that Hon. N. A. Belcourt, ex-Speaker, is destined for the vacancy.

MR. WHITMARSH LEAVES

Last Saturday evening after work the employees of the crating, mounting and shipping departments of the Wm. Gray & Sons Co. carriage works met and presented Mr. Whitmarsh, foreman of the crating room, with a fine meerschaum pipe, tobacco pouch and an address, prior to his leaving for Orillia to take charge of the mounting and crating rooms of the Tudhope carriage works of that place. Mr. Moore read the address and Henry Burrell made the presentation.

Mr. Whitmarsh takes charge of his new duties this morning, and he will be missed very much in the crating rooms of the Gray factory, where he has made himself a general favorite with all the boys.

SCOTCH CONCERT

Camp Carlyle, No. 82, Sons of Scotland, will give a social in the Auditorium this evening, March 11, to their friends. A good musical and literary program will be given as follows:

Remarks: by Chief H. Macaulay; violin selection with guitar accompaniment, by Messrs. Martin and Russell; song, "Highlanders," by R. W. Angus; "Chatham Scot," by M. Houston; song, selected, Miss Belle Riddell; song, selected, J. W. Wilson; "Last Year in Scotland," by Rev. Dr. Battisby; piccolo solo, by Hugh Collins; song, "Happy Times," Miss Lillian Wemp; reading, Miss Verlyn Lamont; song, "Within a mile of Edinboro' town," by Miss Helen Carter; reading, "A Great Choir Strike," by John Davidson; violin and guitar selection, by Messrs. Martin and Russell; Highland Fling, by Miss Bessie Collins.

Refreshments will be served, while several photograph selections will be given by W. B. Cumming.

The meeting will be brought to a close by the Maple Leaf and Auld Lang Syne by the house.

By attending to your own affairs a chance to attend to theirs.

REVIVAL IN FIRST CHURCH

Special Meetings Will Be Held For Next Three Weeks

PROMINENT SPEAKERS

Rev. A. H. MacGillivray announced at last evening's service in the First Presbyterian Church that he would inaugurate a series of special revival services in connection with the work of his church, commencing this week. His sermon last evening was preparatory to these services, and was a most able effort towards directing the minds of his listeners along lines of revival, and a quickening of the spiritual welfare of the life of the congregation.

These meetings promise to be very successful, and it is hoped that they will be productive of much good. Some of the very best speakers procurable have been engaged to address the meetings, and the musical part of the evenings will not be overlooked. Several of the members of the different choirs in the city have expressed their willingness to assist in every possible way.

The meetings commence to-night, when Rev. Dr. Arnold will be the speaker. Dr. Arnold has visited the city before, and created a most favorable impression as a forceful and earnest speaker. A song service will be held at the opening of the meeting.

These meetings are not solely for the members of the First Church. They are intended for everyone in the city who feels in need of the blessings they will give.

HE GETS TOO MUCH CREDIT

Rev. D. H. Hind Says All Marriages Are Not Of His Making

INTERESTING INTERVIEW

Windsor, March 11.—"One would think from the stories that appear in the newspapers that three-quarters of the Detroit divorces result from marriages that have taken place in Windsor," said Rev. D. H. Hind, of Sandwich, the pastor who is credited with most of the marrying business.

"As a matter of fact the proportion of divorces to Windsor marriages is very small indeed. For some reason or other many people applying for a divorce seem to think it will help them to say they were married in Windsor, and as my name is probably better known than that of any other minister, they give me the credit of it."

"One week no less than six applicants for divorce claimed to have been married by me, and as a matter of curiosity I looked up the names. I found that not one of them had been married by me. Thinking that they might have been married by some other minister I looked up the official records for Windsor, and to my surprise I found they had never been married here at all."

"There are very few Detroit people being married in Windsor nowadays. The cases that do come up in the divorce court are the result of marriages that took place some years ago. They accuse me of marrying people in secret, and I suppose in that respect Windsor differs from Detroit very materially. I don't suppose marriage licenses are ever suppressed over there, or that there is any truth in the story about licenses with half numbers being issued from the County Clerk's office. Such things are only done in Canada."

Rev. Mr. Hind is well known in this city and has preached several times in Holy Trinity church.

The designs turned out by the Victoria Avenue Green Houses are gotten up in the most artistic manner. Nothing but the best and freshest flowers used.

PERSONAL

If the lady with the dark hair and blue eyes, that had an absorbed expression in a Wallaceburg car on Saturday last and who became provoked because the gentleman in the seat in front of her turned over a page of his novel before she had finished reading it over his shoulder, will send her name and address and \$1.25 to Sulman's Beehive, Cor. King and 6th Sts., she will be spared in future the necessity of manifesting her displeasure at such rudeness. Please mention the name of the book to avoid an error.

WHITE CHINA FOR CHINA DECORATORS

10 Per Cent. Discount Off All Cash Orders March 11th to 18th

WORDS OF COMFORT.

Judge Barron, who has this winter addressed audiences in various parts of Western Ontario on tuberculosis, advances a theory that is new to us, but which, if it is authoritative, will bring much comfort to those who are the victims of the disease, or who fear that they may have the germs of it lurking in their systems.

The judge declares that "when an individual is completely and surely cured of a focus of pulmonary tuberculosis and sclerosis of the area previously affected has taken place, the individual becomes habitually and permanently immune, and this immunity, unlike the disease itself, can be transmitted from parent to off-spring."

The average layman is unaware of this, but it will carry comfort to many who, by reason of the fact that they, when cured of tuberculosis, still thought it their duty to the race, forsook the path of matrimony, and denied themselves the allurement of conjugal bliss.—Ottawa Journal.

THE ROSS RIFLE.

The Ross rifle has been a frequent subject of discussion and question in the House of Commons. Dr. Worthington, of Sherbrooke, has been industriously and persistently gathering by questions and motions for returns such information as could be had about the contract for this weapon. He has not yet secured all that is required, but it is shown that the department began to pay for the rifles some years before the first consignment was delivered, and in fact before the factory was built. Payment in advance on progress estimates has gone on ever since. In this way the contractor has been able to do business without much capital. As to the defects of the rifle itself Dr. Worthington has collected from official reports, departmental statements and other authentic sources a mass of evidence, part of which he presented to the House last week in an able and comprehensive review. The Minister of Militia defines the rifle, as a weapon, and in this he is supported by Colonel Sam Hughes. Colonel Worthington has on the order paper further questions concerning accidents caused by the use of this rifle. Though the Government claims that it is a military necessity or at least a military advantage to have the service rifle manufactured in Canada, it is admitted that many of the essential parts of the Ross rifle are manufactured in the United States.

MR. STRUBBE ONCE MORE.

Mr. Charles Strubbe, of Montreal, figured last year in an interesting Public Accounts inquiry. The Marine Department had bought from him 270 dozen saw mill files of a very costly character and also a large quantity of steel bars. It was known that the Department had no use for a tenth part of this stock and much inquiry was made before it was found that these files were a consignment sent from France to a son of the Minister of Marine for use in his mill. The consignment was not accepted and litigation was threatened. Finally the shippers sold the whole consignment for half price, less \$500 to Charles Strubbe, who immediately turned it over to the Department of Marine for \$4,786.45, a profit of \$2,470, or 107 per cent.

This year's bill tell of many purchases from Mr. Strubbe. One of them was 7,000 barrels of cement, made at Hull under the eyes of the Department, yet purchased from the Montreal favorite, though the Department was buying other cement direct from the same concern. Mr. Strubbe got the profits he bargained for but was not quite satisfied. While the contract was running Mr. Fielding added 10 cents to the cement duty, and though the manufacturers did not raise the price to Mr. Strubbe on his 6,000 barrels already bargained for, the Department kindly added the 10 cents per barrel to Mr. Strubbe's cheque, whereby he increased his profits \$561 on the 5,610 barrels remaining to be supplied. It should be said that the cement was sent direct from the manufacturers to the Government works.

LET THE STOMACH ALONE.

You can't cure catarrh by dosing the stomach. The disease is in the throat, nose and bronchial tubes. Inhale Catarrhose to the spot where the disease really is—it clears away foul secretions, stops discharges at once, purifies and heals the passages, literally annihilates every trace of catarrh. Nothing else is so direct and certain as Catarrhose. Results guaranteed. Two sizes, 25c and \$1, at all dealers.

THE STAGE

ANNOUNCEMENTS

Supplied to The Planet by Press Agents.

At the Brisco Opera House—
Sergeant Kitty—March 11.

SERGEANT KITTY TO-NIGHT.

The book and lyrics are by R. H. Burnside and the music by A. Baldwin. "Sergeant Kitty" is a musical play, but the number of real operas is comparatively limited. "Sergeant Kitty," which will be seen at the Opera House this (Monday) evening, is one of the limited number, for it has a plot and a good one, music and clever attractive music, that lingers with an auditor long after the lights have gone out on the last act. Not only is the material offered in this opera good, but we are promised that it will be served to us by a company of unusual excellence headed by petite, vivacious Helen Byron, an entertainer of the highest order. The other members of the company are most capable, and the costumes are both picturesque and elaborate. Miss Byron is well known in Ontario, as she was long identified with the Cummings Stock Company in Toronto, of which she was the leading lady—when the company was in its hey day. She was later the feature with the cast of "The Wizard of Oz." Miss Byron and her company in "Sergeant Kitty" are just returning from the Canadian Northwest. They opened their new theatre in Winnipeg on Christmas

Day, conceded to be the finest house in America.

The Galveston News of recent date says: "The scene of the play is in France, about the year 1830, during the great military periods of that time. Soldiers predominate among the characters and a great variety of characteristic mannerisms of the costumes are beautiful."

"LOVERS AND LUNAATICS" TO-MORROW NIGHT.

The natural combination of love and lunacy, and the mistaking of sane persons for lunatics, is the groundwork used for the story of "Lovers and Lunatics," the dainty musical farce that will have the run of the week at the Brisco Opera House.

Walter C. Parker is the author of the piece, and instead of turning out a mere vehicle for the introduction of numerous specialties and singing numbers, he has furnished an extremely funny and said to be well written farce, which more than answers the purpose intended. The singing portion of the comedy, which introduces forty people, is said to be one of the strongest and best drilled choruses ever carried with a road production. The costumes are said to be strikingly original and gorgeous, while the scenic and general effects are well high perfection.

This big company will come to the Brisco Theatre for one night, the date being Tuesday, March 12th.

Scene From Sergeant Kitty

The Family Physician

The best medicines in the world cannot take the place of the family physician. Consult him early when taken ill. If the trouble is with your throat, bronchial tubes, or lungs, ask him about taking Ayer's Cherry Pectoral. Do as he says. We have no secrets! We publish J. C. Ayer & Co., Lowell, Mass.

TAXATION IN ALBERTA.

Street Railway, Insurance and All Public Utilities Must Pay Tribute.

Edmonton, Alta., March 9.—The Alberta Legislature Thursday passed a controversial Premier Rutherford's bill providing for the taxation of practically all conceivable public utility and financial concerns.

Street railways will pay \$200 per annum and \$10 per mile for everything over twenty miles.

Telephone companies pay \$1 a mile for every mile of line.

Gas companies pay \$500 annually; electric lighting companies \$500 in cities of 10,000, \$100 in towns and \$25 in villages.

Insurance companies pay \$500; corporations taking money on deposit, \$200; banks, \$400 for head office and \$200 per branch; private banks \$200, and \$25 for branch.

The bill has passed through all committee stages and becoming law is now only a matter of formality.

REAL BAYONET CHARGE.

Honduras Defeat Nicaraguans With Heavy Loss in Men and Arms.

Fuente Cortez, Honduras, March 6.—Advice received here yesterday confirm the report that President Bonilla of Honduras defeated the Nicaraguans at Namasiquo, Honduras, March 6, and again defeated them March 7 at Tugure.

In the fight at Namasiquo, the Honduran forces delivered a bayonet charge against the Nicaraguan trenches, dislodged the enemy, and, besides a number of rifles, captured one cannon.

Salvador in It, Too.

San Salvador, Republic of Salvador, March 9.—The national assembly yesterday decreed the Republic of Salvador to be in a state of siege.

President Zelaya of Nicaragua has issued a violently worded program against Honduras, Guatemala and Salvador.

Previous reports that the Honduran troops are triumphing over the Nicaraguans have been confirmed.

SOCIALISTS SNUB KING.

Refuse to Rise While Representative of His Majesty is Present.

Victoria, B. C., March 9.—The first sensation of the session of British Columbia's new Parliament, which opened Thursday, has been provided by some members of the Socialist party, who deliberately, after consultation, declined to rise in accordance with the custom during the presence of Lieut.-Governor Dunsmuir, as the representative of King Edward.

Leader Hawthornthwaite subsequently defended the course of his party as consistent with the declaration during the campaign, that they recognized no flag but the red banner of Socialism.

He said they had remained seated because they did not propose longer to participate in "the mere mummeries of Parliament."

They had not risen in courtesy to the King's representative, nor would they do so hereafter when prayers were read by the bishop or any of the clergy.

Speaker Eberts yesterday made careful examinations of the rules and authorities, but could find nothing to prescribe a penalty for the implied disrespect to the crown, although a spoken slight is duly dealt with.

FOR SALE

Hoffman, Tait & Jones,
Patented Meters

Manufactured in Canada.

FOR SALE BY

Edward C. Tanner,
Sarnia, Ontario.

DISTRICT

DRESDEN

Dresden, March 8.—Miss Redman, of Portage la Prairie, is the guest of Miss Edith Hughes.

Mrs. Chase is the guest of her sister, Mrs. J. Wright. Mrs. Chase and Mrs. Wright will leave for Sarnia on Saturday morning to visit another sister, who is ill.

Frank Hughes, of Theford, has been the guest of his mother for the past few days. He returns to Theford on Saturday.

Invitations have been issued to the marriage of Miss Lillie Rosella Campbell and Mr. Edmund Noxell, which will take place at the residence of the bride's mother, Holden street, on Wednesday, March 20, at two o'clock.

The Rev. Mr. Hodgins, of Chatham, delivered a very able address in Christ Church on Wednesday evening.

A very pretty wedding took place on Wednesday, March 6th, at the home of Mr. and Mrs. Sandy Kerby, when their oldest daughter, Letty, was united in marriage to J. Hales, of Camden. The ceremony was performed in the presence of about 30 friends and relatives. The bride wore a pretty gown of white organdie trimmed with satin baby ribbon and carried flowers. The guests partook of a dainty wedding supper after the ceremony and the bridal couple left for their new home amidst the best wishes of their friends.

TO ENJOY A GOOD DINNER

How To Avoid Distress And Indigestion After Eating.

Let us tell you how you can enjoy a good dinner, so that the heartiest meal will set well on your stomach and cause no unpleasant and disagreeable after-effects.

We will show you how to regain the appetite of your childhood and the enjoyment of food, so that it will taste as well as when mother cooked the dinner.

There is no hard work necessary to do this. No need of a rigid and self-denying diet list. No call for nasty and disagreeable medicines. Simply take a Mi-o-na stomach tablet before each meal and before going to bed, and it will so strengthen the stomach that before long a hearty meal will give you gratification and comfort, without the least fear of distress and suffering.

The strongest proof we can offer of our faith in this advice, is the fact that we give an absolute, unqualified guarantee—applying to two 50c boxes of Mi-o-na—that your money will be refunded unless Mi-o-na cures. Mi-o-na is not a mere digestive, giving only temporary relief, but a specific for all diseases of the stomach, strengthening the digestive organs and making a permanent cure.

We absolutely agree that your money will be refunded should you buy a 50c box of Mi-o-na stomach tablets and not be satisfied with the results. Mi-o-na is sold by druggists everywhere, or will be sent by mail on receipt of price, 50c.

Write to-day for a free sample packet, and also give us your symptoms, and one of the best known stomach specialists will give you our care and personal attention without charge. Booth's Miona Company, Buffalo, N. Y.

WALLACEBURG

Wallaceburg, March 6.—Division Court was held here yesterday. Judge Dowlin disposed of the following cases: Scott vs. O'Neil, action of promissory note; Fraser for plaintiff, Carscadden for defendant. Judgment for plaintiff. De Wolfe vs. A. D. Fraleigh, action to recover sum of \$100 for rent and labor; judgment for plaintiff. Fraser for plaintiff, Fraser for defence. Fisher vs. Healy, enlarged jury case. Noxon Co. vs. H. Rabideau; Scullard for plaintiff, Carscadden for defence. Action on promissory note and garnishment. Judgment reserved. A. Gatzke vs. Moore; action on account. Carscadden for plaintiff. Verdict for plaintiff. A. Debnar vs. Amos Powers; action on promissory note. Judgment for plaintiff. McKay vs. Stonehouse; enlarged. Fraser for plaintiff, Carscadden for defendant. Baker vs. Gibson, an account, enlarged. Noxon Co. vs. M. and J. Cooper; judgment given for the plaintiff for the sum of \$78.

Turner vs. Lewis, enlarged for report from clerk of court at Peterborough. London Tea Co. vs. R. Moore; judgment for plaintiff. Dolson vs. McGaffery; judgment for plaintiff. Greenberg vs. Bagsley, verdict for plaintiff. Husband & Son vs. M. Martin.

Mr. Heidrick, of Chatham, representing the Noxon Company, of Ingersoll, attended court here yesterday. Mr. Brewster, of Dawn Mills, was a witness at Division Court yesterday. Miss Berrie Benn left yesterday for Toronto, where she has secured a position.

Rev. W. A. Gunton is suffering from a severe attack of tonsillitis.

A bargain seems to grow in importance after it has been allowed to pass.

In large sizes, at each 35c, 50c, 60c, 75c and..... **90c**

THE NORTHWAY CO. Limited

Canadian Parents' Great Son.

Sixty years ago, Feb. 11, 1907, Thomas Edison, the "electrical wizard," was born in the little town of Milan, Ohio, of Canadian parents. At this time electricity was known, but known rather as a thing to fear than as a thing to use. At the age of 19 young Edison became a railroad newsboy, and began in his spare moments to experiment in chemistry. Gaining the exclusive right of selling newspapers on his line, and coming into possession of some old type, he began editing and publishing a paper of his own, the Grand Trunk Herald, the first newspaper to be printed on a train.

A stationmaster became interested in the boy, and taught him telegraphy. It was Edison's initiation into the mysteries of electricity. He experimented with the machine and with wonderful fluid, and soon succeeded in producing an automatic repeater by which messages could be sent from one wire to another without the intervention of the operator. His next invention, perfected while he was an operator at Boston, was his system of duplex telegraphy. The quadruplex and sextuplex systems followed later. In 1871 he invented the printing telegraph, or the broker's "ticker," and established a workshop at Newark for the manufacture of these instruments. His inventive faculties now got full play, and he turned out one invention after another in quick succession. His list of patents includes the megaphone, the phonograph, the carbon telephone transmitter, the incandescent light, the kinetoscope, various metallurgical methods and a number of improvements to steel railway motors. His inventions total over two hundred, and of these about a quarter refer to telegraphy.

YOUR PAINFUL CORN.

What it wants is the soothing attention of Putnam's Corn Extractor, which lifts out the very root and branch in short order. No pain and no after effect, just clean, wholesome cure—that's Putnam's.

THE RINK
Skating To-night
At 8 o'clock
CHATHAM SKATING RINK

A snake was killed yesterday, March
10, on the G. T. R. tracks. This is a
sure sign of an early spring and
warm weather.

McGill & Harrington are to-day
attending the auction sale on the
farm of Nelson Ruhnke, of the 7th
concession, East Baldoon, Dover Tp.

Master Hector Landon, son of Mr.
and Mrs. W. R. Landon, who has
been very ill, was able to be out to-
day for the first time, and is now
on the way to rapid recovery.

John Gerber, while at work at the
Chaplin wheel works this morning,
had the misfortune to have his right
thumb badly lacerated. The thumb
was almost severed from the hand.

J. G. Kerr has completed the peti-
tion to the Government to have the
cut-off made to the River Thames.
This petition will be submitted to
the Government by the members of
the deputation from this city and the
county.

A petition will come before the City
Council at their meeting to-night to
have the northerly approach to the
Fifth street bridge paved. It is
understood that the petition has been
sufficiently signed. The southerly
approach to the bridge is also in very
bad shape and should be paved.

Under the new management, the
Grand Central Hotel is making a
highly successful bid for high class
trade. On Saturday there were 126
people for dinner, and the patronage
in this respect is growing. Cleanli-
ness is the watchword of the new
proprietors, Messrs. Carl Eberts and
James Baikie.

NEW CHIEF RANGER

Elected to Succeed Late Dr. Oronhy-
tekhah as Supreme Chief Ranger.

Toronto, March 11.—On Saturday
the Supreme Executive of the Inde-
pendent Order of Foresters met in the
Temple Building to appoint a suc-
cessor to the late Dr. Oronhyatekha, Su-
preme Chief Ranger, and Mr. E. G.
Stevenson, Supreme Counsellor was
unanimously elected.

Mr. Stevenson's promotion in the
order leaves one vacancy, and may
cause still another. Should Mr. J. D.
Clark of Dayton, Ohio, Supreme Vice-
Chief Ranger, succeed Mr. Stevenson
as Supreme Counsellor, Mr. Clark's
position would be vacant.

Mr. Stevenson's salary is to be set-
tled later. The late Dr. Oronhyatekha's
stipend was \$15,000. Mr.
Stevenson's income last year, private
and I. O. F., was \$30,000, it is said.
Memorial resolutions were passed
to-day.

Elliott G. Stevenson was born in
Middlesex County, Ontario. The fam-
ily moved to Port Huron when he was
16, and he studied law with O'Brien
and Atkinson of that city. For two
terms he was prosecuting attorney in
St. Clair County, and was the first
Democrat in 25 years to fill a St. Clair
office. He was Mayor of Port Huron
in 1885, declined nomination to Con-
gress, and in 1887 went to Detroit, be-
coming a member of the law firm of
Dickinson, Thurbur, and Stevenson.
Mr. Dickinson was Postmaster-Gen-
eral during the Cleveland Administra-
tion, and Mr. Thurbur became Secre-
tary to President Cleveland. Mr.
Stevenson was asked to accept the
Vice-Presidential candidature, but de-
clined.

Mr. Stevenson has a residence at
Amherstburg, Ontario, as well as in
Detroit, and has resided in Canada
fully six months in the year for some
time past.

DRANK RIVER WATER

A few weeks ago two popular
young boys of the city were skating
on the river. After skating for a
few hours they became thirsty and
wanted a drink. They cut a hole in
the ice and each took a drink. Last
week one of the boys was taken to
the General Hospital with typhoid
fever, and the other is being
treated there to-day. Their sickness
is credited to the one drink of wa-
ter taken from the river.

RESPECTED MAN GONE

The death of Mr. Fred Sutor oc-
curred yesterday morning at five
o'clock in his 45th year. A few
weeks ago Mr. Sutor contracted a
severe cold which developed into
pneumonia. A wife and family of
six are left to mourn his loss.

Deceased came here about sixteen
years ago and has been a well-
known and highly respected man.
The funeral will be held to-mor-
row at one o'clock from his late
residence, lot 10, Con. 8, Balclutha,
interment will be made in Maple
Leaf Cemetery.

FAIRS' ASSOCIATION

Messrs. John Houston and James
Chinnick, Chatham Township, were
delegates to the Fairs' Convention in
Toronto last week. The old topic,
"horse racing at the fairs" was again
discussed. The Minister of Agricul-
ture favored speeding contests, but
not for professionals. The general
opinion of the delegates present was
that there should be horse, bull and
seed shows at the Spring Fairs.

While in Toronto they attended the
Clydesdale Association, at which a
resolution was passed to petition the
Government to make the country
open for all imported Clydesdale horses
to be registered in Canada before they
were imported, thus preventing a lot
of poor animals from coming over
that are not eligible for registra-
tion in Canada.

K. Urquhart, Oungah, left for Re-
gina, N. W. T., this morning, per

MAY BURN US UP.

Vesuvian Astronomer Matteucci Fears
Comet Will Ignite Atmosphere.

London, March 11.—The approach
of a new comet which will imperil the
world has been announced by Prof.
Lorenzo Matteucci, of the Royal Ob-
servatory on Mount Vesuvius, who
with his more famous brother has re-
corded for years the eruptions of that
volcano. He and his brother are
both agreed that if the actual nucleus
of the comet is merely crossed by the
tail, the danger will be brief,
though necessarily acute. But if the
earth collides with the tail of the
comet our atmosphere will probably
be ignited, and every trace of life
will be immediately and violently de-
stroyed.

A DISTRICT LEAGUE

A meeting will probably be held
this week for the purpose of deciding
whether or not Chatham had better
enter the Canadian Lacrosse Associa-
tion for the coming season. If this
is decided upon, two representatives
will be appointed to attend the an-
nual meeting on March 16.

The indications are, however, that
Chatham will not seek admission to
the C. L. A. this season. Chatham
has got the worst of it in all her
past experiences with the C. L. A.,
which is strongly an eastern or-
ganization and has inevitably played
the eastern teams as favorites where
there has been a ghost of a show
to do so. Since the C. L. A. won't
do the square, it has been thought
best to leave it severely alone.

An endeavor will be made to form
a district league composed of teams
from Chatham, Blenheim, Dresden,
Thamesville and Wallaceburg. This
idea should meet with popular favor.
It will be more economical, and should
be the means of promoting interesting
lacrosse.

A NOTED MAN'S CAREER

Mrs. Peter G. Morgan, of Cam-
den Township, has received news of
the death of her uncle, Mr. John
Hoy, Brightlingsea, England, who has
had a somewhat interesting history.

Eighty-one years ago John Hoy
was born at what is now No. 42,
Station Road, having been bedrid-
den for about four years.

As a young man he entered the
navy, and he was one of the gun's
crew which fired the first shot in
the China War of 1840-42. He was
in the Crimea War, and was on the
only British ship off Balclutha,
which survived the terrible gale in
the Black Sea on Nov. 14, 1854. On
Dec. 22nd of the same year he was
in another severe gale in the Gulf
of Lyons, and was one of the com-
paratively few who escaped.

He was the means of saving ten
lives from drowning at different
times, and he held a bronze medal
for saving life, which is dated June
7, and 17, 1848.

Mr. Hoy went out in the Northern
Star in search of Sir John Franklin's
expedition. The ship was frozen up
for ten months. In releasing the
ship they had to cut through ice
nine feet thick, and it was found
that during their bondage the food
which the crew had eaten and the
coals which had been burnt had raised
the vessel in the water two feet.

As may be gleaned from the above
record, Mr. Hoy possessed the medal
dated 1842 for the China War, the
English medal dated 1854, and the
French medal dated 1855 for the
Crimean War, the medal for Arctic
discoveries, and the medal for saving
life.

Upon leaving the navy he trans-
ferred to the coastguard service,
from which he was invalided about
19 years ago. He married about 57
years ago, and his wife still sur-
vives him.

Notwithstanding his long illness,
his mind was alert and keen until
the last, and he took an interest in
all that was going on, each day
either reading or having read to him
the news of the day. In the early
part of the week of which he died
he read in a London paper a re-
port of the death of "the last sur-
vivor of Balclutha," and he at once
remarked, "Well, that is wrong, for
I know I am not dead yet."

The funeral of the late Mr. Hoy
took place in the parish churchyard.
The Rev. A. Perlewe (vicar) officiated.
The coffin was carried by
six coastguardsmen. Mr. Donovan,
the chief officer of the station, also
being present. The flowers were
beautiful and costly.

NEW ADVERTISEMENTS.

Things Worth Knowing About

Our Carpets And Rugs

This season we show an increased number of room size
rugs. Their advantages are many; they give less work in
handling at housecleaning time, are more sanitary, look nicer
and cost less than carpets of the same quality for a room.
We have added a number of desirable weaves to our already
large assortment.

New Brussels Squares, 2
qualities, all sizes, in florals,
art nouveau and Oriental de-
signs, solid wearing and eco-
nomically priced.

New Wilton Squares, made
of heavy worsted pile, select
medallion, small all over bak-
hara and oriental patterns, a
rug worthy a place in your
best room.

New Velvet Squares, en-
tirely seamless, with a deep
rich pile, all conventional pat-
terns and colors, in every
needed size.

New Tapestry Squares, this
season's showing is about
double our usual number of
tapestry squares, in 4 qualities
every color combination, and
size needed.

Axminster Squares are a
specialty with us. We show
two qualities and many en-
tirely new designs.

Note—We are sole agents
for Kent of the largest Ax-
minster Mills in Great Brit-
tain.

New Ingrain Squares, when
well made Ingrain Carpets are
the most durable, sanitary and
economical of floor coverings,
and our makes are recognized
as the best on the American
continent, they reverse, are in
all sizes and colors.

Visit our Carpet Department if but to
look through. Your time will be well
spent. No trouble to show our Goods.

musician, has been honored with the
appointment as organist from the St.
James church, Wallaceburg. Mr.
Watt began his duties on Sunday.

CAPT. DAVIDSON ILL

Superintendent Moore, of the Mt.
Clemens beet sugar factory, was in
the city Saturday, and informed Ald.
W. H. Westman that the reason Capt.
Davidson had not yet replied to his
communications re erecting a factory
in Chatham, lay in the fact that the
captain has been quite indisposed for
some time.

Captain Davidson is at present in
the South for the benefit of his
health, and for that reason the
scheme to establish a factory here
will have to be delayed till his re-
turn.

MASSE & CO.

THE BEAUTY AND STYLE

Of our Furnishings are beyond
question. Every Department is
replete with the newest things in
men's wear, things that will bear
the closest scrutiny and that every
tasteful dresser will be interested
in first looking at and then buying.
The quality of our goods can al-
ways be relied on and the prices
are reasonable for high-class fur-
nishings.

MASSE & CO.,

nishings

NEAR BIG CLOCK.

SHOT A SILVER FOX

Peter McNeil, a farmer living near
Glencoe, recently shot a magnificent
silver gray fox. The skin of fur-
bearing animals at this season of
the year is at its best. Mr. McNeil
sold the pelt to Mr. Wright, hard-
ware merchant, Glencoe, for \$170.
This price is considered very rea-
sonable for silver gray fox skin,
as they are such a rarity that it
is only occasionally they are to be
met with. Mr. Wright sent the pelt
away, and expects to realize \$300 for
it.

GOOD PREACHER

Rev. J. G. Williams, of Wales, who
is at present taking a six months'
course at McMaster University,
preached two powerful sermons to the
members of the William street Bap-
tist church on Sunday. Mr. Williams
has been an extensive traveler and
came here a few months ago. He
was so taken up with the country
that he decided to remain here. He
preached both the French and
Welsh languages, and his sermons
in the Old Country for over
sixteen years. Mr. Williams spent
Sunday with Mr. Roy Tobey.

AFTER CHARTER

Wallaceburg, March 11.—The first
meeting of the stockholders of the A.
J. Hawkin Milling Company, of Wal-
laceburg, was held in the Council
Chamber Thursday afternoon with
Mayor Stonehouse in the chair. A.
J. O'Flynn was appointed secretary
pro tem. The following were ap-
pointed provincial directors, as required
by the statutes Messrs. J. W. Husband,
H. A. Stonehouse, A. J. Hawkin, T.
F. Hunter and Capt. Somers. J. S.
Fraser was appointed solicitor. Capt.
Somers said the committee appointed
to look after suitable sites for the
mill, suggested the following: Slocum
and Tees property, 100 x 180 feet; Roe
and Cooper property, 100 x 180 feet;
Widow McDonald property, 200 x 300
feet; Baker property, 100 x 100 feet;
Bank of Montreal property, near rail-
road bridge. The latter property was
in the opinion of Mr. Hawkin, too
small. Any of the others would be
suitable for the purpose.

J. S. Fraser, D. A. Gordon, M. P.,
and A. J. Hawkin were appointed a
committee to wait on the officials of
the Pere Marquette and electric rail-
ways in order to secure proper ship-
ping facilities in the way of spurs,
etc.

The provisional directors were in-
structed to make application for the
procuring of a charter as per stock
book, and the directors were author-
ized to call a meeting of the company
on receipt of the charter.

LOVERS AND LUNATICS

Do not miss Lovers and Lunatics,
which appears at the Brisco Theatre
to-morrow night, starring Joe Morris,
supported by a cast of over fifty
people. This show is similar to I. O.
U., and Manager Brisco recommends
it to his patrons as a fun maker.

MCCALL DRUG COMPANY

A. I. McCall & Co., Druggists and
Opticians, have just nicely settled in
their temporary premises in the Op-
era House Block.

The store on the corner of King
and Fifth Sts., which they have re-
cently vacated, will in the future be
used as a ticket and express office
by the C. P. R.

Mr. McCall has purchased the store
at present occupied by Jas. E. Gray
and will occupy that store as soon
as Mr. Gray gets satisfactory prem-
ises elsewhere.

In their present location in the
Opera House Block, both the drug
and optical departments are arrang-
ed in a very convenient manner.
The optical department, particularly,
being arranged so that this part of
the business shall be attended to just
as satisfactorily as has been in the
store recently vacated.

During the time that Mr. McCall
is in his temporary quarters he will
offer great bargains in all the lines
carried by him. The sale is now on,
as advertised in The Planet, and
those desiring to purchase anything
in the line of drugs, etc., would save
money by calling upon him.

On November 24th, 1906, John Hop-
per, Dresden P. O., said: "For 15 years
I could not lie down to sleep, but lay
propped up on pillows, my inflama-
tory rheumatism was so bad. My legs
and feet were so swollen I could hard-
ly see my toes. For months at a time
I could only move around by crawl-
ing like a baby, and all this time I
was under doctors' care. Four years
ago I got a bottle of Veterin's Sure
Cure; the second bottle cured me com-
pletely. I have now come 18 miles
to get a bottle, as we would not be
without it in the house." W. K.
Merrifield, Sane's Block.

Minard's Liniment cures Burns, etc.

Notice to Gas Consumers

Natural Gas will be turned
into the mains of this company
on Tuesday, the 19th day of
March. Consumers are noti-
fied so that they may have
pipes tested and their gas
stoves fitted with closed tops
and flue connections in accord-
ance with our previous adver-
tisement.

Gas will be supplied at five
ounces pressure, instead of one
and a half to two ounces as at
present, but as a protection
against possible leakage, house
pipes should be tested at about
ten pounds pressure.

CHATHAM GAS CO., LIMITED
P. S. Coate, Manager

VANITY'S VISIONS.

Killing For Smart Woolen Blouses.
New Evening Headress.

One of the most distinctive features of cloth and woolen blouses is the little killed frills of taffeta with which they are trimmed. They outline the center box plait as well as the little straps which form a species of epaulet over the shoulders. In blouses of a more elaborate description these killed frills are carried out in lace dyed to match the material.

Worn at the theater was a delightful specimen of the new evening head-

WAIST OF RAJAH SILK—5441.

dress, consisting of a fold of white tulle laid softly around the knot of hair, with a large soft choux placed close against the hair at the left, and on this poised a brilliant green and blue humming bird, its thread-like tail plumage sweeping lightly down over the hair.

A great deal of handsome lace is to be worn in the spring, and it is not assuming too much to say that lingerie effects will be in high favor for the summer. Yokes, gumples and undersleeves of lace or embroidery will be important adjuncts to all frocks simple or elaborate, and the idea is a happy one for the woman who likes frequent changes to renew the freshness of her dresses.

There is a revival of the pale blue veil spotted with black chenille and edged with a narrow plaited fringe. This is the veil to wear with chinchilla and sable toques. It is also the veil for wintry weather if the complexion be clear and sufficiently bright, for pale blue veils are much more flattering to the skin than most women believe.

The waist seen in the cut is of plaid rajah silk. This silk in plaids and checks will make many of the smart little suits of the spring. As illustrated, it is made over a gumples of lace and muslin. The trimming is of velvet ribbon.

JUDIC CHOLLET.

DRESS WRINKLES.

Hints For Pressing a Skirt and Altering Skirt Patterns.

When pressing a skirt out it is always advisable to lay a damp cotton cloth over the material, so that it is not touched by the iron. This prevents the material from becoming shiny, while it obviates any fear of its being scorched.

When altering a skirt pattern which is too narrow over the hips, care must

VELVETEEN COSTUME—5558, 5465.

be taken to avoid enlarging it at the front width. Skirt patterns may be shortened by making a fold of the superfluous length across the middle of the pattern. They should never be altered at the top or bottom of the skirt.

If rubbed gently with breadcrumbs after each wearing, gloves will remain clean much longer than would otherwise be the case. Fold them in tissue paper when not in use.

Here is a way of fastening a blouse or slip that hooks up the back without any one's assistance. The blouse is put around the shoulders, with the back to the front, the sleeves being left free. It is then fastened from top to bottom in this way, with the exception of the hooks at the neck, which can be easily reached. The blouse is then turned around and the arms slipped into the sleeves without much strain on the fastenings. It must, of course, be understood that only an unlined blouse can be treated in this fashion.

Velveteen is worn alike by young girls and their mothers. The costume illustrated is designed for a girl of fourteen and is handsomely carried out in a beautiful shade of blue velvet called this season Neptune.

JUDIC CHOLLET.

WOMEN WILL NOT VOTE.

The Suffragettes Bill Killed For This Session.

London, March 9.—The debate in the Commons was a repetition of the familiar arguments for and against female suffrage and there was a complete divergence from the usual party lines, the rejection of the bill being moved by Mr. Whitehead, Liberal, another opponent being Mr. Cremer, also a Liberal, while both Conservatives and members of the Labor party were found among its supporters. An attempt was made to close the decision, but the Speaker declined to accept the motion and the opponents of the bill held the floor until 5 p. m., when the sitting was closed automatically. They thus won the day as this practically kills the bill for the present session.

MEN RULE BY FORCE, WOMEN BY CHARM.

And yet, because they live less strenuously, women neglect the early evidences of failing vigor. The wise woman will not permit her charms to be robbed by ill-health. When she feels appetite failing, nerves getting on edge, color fading, she takes Ferrozone. How it sharpens the appetite! How quickly rich blood is available to restore color to the cheeks, buoyancy to the step. Better try Ferrozone. You'll feel like a new being, with new vigor and ability to confront life's difficulties. You are sure to bless the day you commenced Ferrozone. Sold everywhere in 50c. boxes.

"Undesirable" Shippee.

London, March 9.—(C. A. P.)—Recently magistrates at Carlisle, Cumberland, discharged a prisoner, suggesting that his friends send him to Canada. Bruce Walker wrote the magistrates protesting against making Canada a dumping ground for such people. The magistrates replied expressing regret at this suggestion and promised the man would not be sent. Yesterday, however, Walker discovered the same man under a different name as a passenger on the Empress of Ireland, and had him stopped. The Salvation Army have taken charge of the man.

ARE YOU LOSING LOOKS OR STRENGTH?

Once you were robust, bright and happy. To-day you are dull, worried, failing in vitality and appearance. Just when you should be at your best you're paled out and need a cleansing, bracing tonic. Your blood will soon redden, your vivacious spirit will soon return, you'll be yourself again if you regulate the systems with Dr. Hamilton's Pills. A truly wonderful medicine. It searches out disease, positively drives away headache, weariness, and lack of vital force. Give yourself a chance. Use Dr. Hamilton's Pills and watch the result. Sold everywhere in 25c. boxes.

ARMIES CANNOT UNITE.

Ballington Booth Declares General's Force is Autocratic.

New York, March 8.—Ballington Booth, head of the Volunteers of America, declares that there can be no amalgamation of the volunteers and the Salvation Army in America as long as he lives, and that he has not heard of the arrival of General Booth, his father, in this country until he read of it in the newspapers.

It had been reported that General William Booth, as head of the Salvation Army, would try to bring about a union between the older organization and the volunteers through his son, but the latter declared the principles upon which the two organizations were founded are so different that a union is impossible.

He said the heads of the Salvation Army are autocrats, and the leaders of the Volunteers of America democratic.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poisons enter into a cough mixture, it must be printed on the label or package.

For this reason mothers and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must be so labeled. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other.

Sold by C. H. Gunn & Co.

They also serve who only stand and wait.

The street is full of humiliations to the proud.

Humor and Philosophy

By DUNCAN M. SMITH

WAITING.

Sitting round the station
When the lights are low
And the air is heavy
And the stove is slow
Listening to the drummer
To his mate complain—
Bless me, it is pleasant
Waiting for the train!

Gentlemen from Greece,
Gentlemen from Rome,
Gentlemen from Spain,
Wishing they were home!
Fellow with a breath
That suggests a can,
Proving that he is
Not a gentleman.

Lady in distress
Hanging round the gate,
Fearing she will miss
Train that's three hours late.
Stylish gentlemen
Wearing saucy lids,
Pa and mother with
Forty seven kids.

Pert and saucy youth
Of the freshest kind
Says he thinks the train
Must have changed its mind.
Dry old gentleman
Rises up to say
It may be along
Now most any day.

Hanging round the station
With a motley bunch,
Many of them fuming,
Others eating lunch.
Mothers quite impatient,
Children raising Cain—
Bless me, it is pleasant
Waiting for the train!

Utility.

"The colored gentleman is looking up his family tree."

"What for?"

"For a possum, of course."

Doubtful Advance.

"No, Mr. Nicely, I cannot be your wife, but I will always be a sister to you."

"Is that really the best you can do?"

"Well, I might arrange to be your widow if you could arrange it that way."

Different.

"Why are you afraid of the dark, Tommy?"

"I ain't afraid of the dark."

"Then what are you making a fuss about?"

"I am just afraid when it's dark."

Had Bought Before.

"Shall I send you up a ton of coal?" asked the cheerful dealer.

"No; you needn't go to all of that bother," replied the knowing purchaser. "Just wrap it up and I will carry it home in my vest pocket."

Found His Voice.

"Did you find it hard to think of something to say when you went to see her father?"

"Well, at first I did, but it wasn't long before I was saying earnestly, 'Ouch, quit kicking!'"

Presto, Change.

Life has for you a rosy hue
When things serenely flow,
But, oh, the times are out of joint
When you are out of dough!

Discredited.

"What sort of a fellow is Wilkins?"

"One of those of whom his friends are always saying, 'Oh, well, we know he means all right.'"

Preferable Brand.

A man may smile and smile and be a villain still, you understand; but if the villain we must have, we much prefer to have that brand.

Pert Paragraphs.

Consistency is a jewel the girls appreciate, but not to the extent of letting it take the place of a solitaire.

The pity is that most of the singing is done by people who cannot sing.

It took time for American girls to discover that dukes weren't worth the money.

You can stand for some things with a yellow streak in them. Custard pie for one.

The bootblack is an improvement on nature. He shines on a cloudy day.

That fellow must have had a great head on him who discovered that cold is the absence of heat.

Oratorical windmills seldom pump water. They don't know what it is used for.

Certain kinds of weather can come nearer being in two places at once than anything you ever saw.

Because they are fond of music is the reason why some people do not go to concerts.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop to the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for your self what it can and will do. We sell and cheerfully recommend

Dr. Shoop's Restorative

C. H. GUNN & CO.

McGee Gets Eight Years.

Montreal, March 9.—William J. McGee, the ex-secretary-treasurer of the People's Mutual Building Society, who pleaded guilty to the embezzlement of the society's funds and to charges of forgery in transferring shares of the society, was yesterday sentenced to eight years in the penitentiary—five years for forgery and three years for theft.

In assigning for the benefit of his creditors, McGee, who is only thirty years of age, states his liabilities are \$101,000 and his assets about \$58,000.

A Casket of Pearls. — Dr. Von Stan's Pineapple Tablets would prove a great solace to the doleful dyspeptic if he would but test their potency. They're veritable gems in preventing the seating of stomach disorders, by aiding and stimulating digestion. A box of these health "pearls" in a box, and they cost 35 cents. Recommended by most eminent physicians.

Sold by W. W. Turner.

Archie Roosevelt Better.

Washington, March 9.—The condition of Archie Roosevelt, the President's son, who is suffering from a severe attack of diphtheria, was encouraging yesterday, though the patient is still in a critical condition.

Powers Not Dickering in Orient.

Paris, March 9.—The Foreign Office here denies the report that negotiations are proceeding between Great Britain, France, Russia and Japan for the delimitation of their interests in the Far East.

For Catarrh, let me send you free, just to prove merit, a Trial size Box of Dr. Shoop's Catarrh Remedy. It is a snow white, creamy, healing antiseptic balm that gives instant relief to Catarrh of the nose and throat. Make the free test and see. Address Dr. Shoop, Racine, Wis. Large jars, 50 cents.

Sold by C. H. Gunn & Co.

The Thunderer.

The question has been asked how "The Thunderer" got its name. It is that it owes the name to Edward Sterling, who is said to have begun a Times article with the words: "We thundered forth the other day an article on the subject of social and political reform." Anyhow Sterling was always thunderous enough, and as Carlyle records, in the decade 1830-40, "the emphatic, big-voiced, always influential and often strongly unreasonable Times newspaper was the express emblem of Edward Sterling."

"Preventions" will promptly check a cold or the Grippe when taken early or at the "sneeze stage." Preventives cure seated colds as well. Preventives are little candy cold cure tablets, and Dr. Shoop, Racine, Wis., will gladly mail you samples and a book on Colds free, if you will write him. The samples prove their merit. Check early Colds with Preventives and stop Pneumonia.

Sold by C. H. Gunn & Co.

Struck Dead For Lying.

Superstition is more prevalent in most European countries than in England, but even in Great Britain there are remnants of the belief in a belief in the supernatural had upon the English people in the past. In the market place of Devizes, a town in Wiltshire, there stands a monument erected by public subscription as a warning to falsifiers and irreverent persons, to commemorate the tragic death of a woman who, according to the inscription on the stone, was stricken dead as a punishment for her blasphemy. The story, as told among the country folk, is that one of the village women, becoming involved in a dispute over money with a merchant in the Corn Exchange, called on the Almighty, with a fearful oath, to strike her dead if her statement was false. As she left the market place on her way home she fell dead upon the spot where the monument now stands, her perjured gains being afterward found in her tightly clenched hand.

Minard's Liniment Co., Limited.

Gentlemen,—Theodore Dorais, a customer of mine, was completely cured of rheumatism after five years of suffering, by the judicious use of MINARD'S LINIMENT.

The above facts can be verified by writing to him, to the Parish priest or any of his neighbors.

A. COTE, Merchant.

St. Isidore, Que., 12th May '98.

RECIPE FOR SMILING.

It is Fashionable, So the Charming Art Must Be Acquired.

Smiling has become fashionable. The long faced, sad, aesthetic type of beauty isn't anywhere to be seen. All the beauties of today are laughing beauties; hence to know how to laugh is the thing.

In the recipe for a sweet smile there should come some mention of fragrance. The breath should be scented laden and the most delicious odor should wait from the mouth.

The woman who wants to have scented lips should use the mouth wash daily and constantly, and she should be sure that her food agrees with her. If the food is indigestible and if there is a headache the lips will not be pleasant. They will be rough and chapped, and they will not give forth a nice odor. The digestion should be good if one is going to have clear skin and nice lips.

The prettiest women have a trick of scenting the lips. They take a little eau de cologne and dab it upon the lips with a little sponge. This makes them fragrant. They also scent the upper lip and put a little cologne under the tip of the chin just where the neck touches the collar. This will, as a rule, make the mouth fragrant.

You will also need while you are studying the smile a set of teeth. This means a good set of upper and an even set of lower. One missing tooth anywhere along the line will queer the whole combination. Your teeth must be good.

A PRACTICAL IDEA.

A Wall Workbox For the Bedroom.

Every woman and mother knows how frequently a stitch is required somewhere, perhaps just at the last moment. As few, too, keep their workbox in the bedroom, there is often a frantic rush for needle and cotton, or else the stitch in time is left undone, to require more than nine later on.

A housewife like that sketched would also be a welcome item in a bedroom, where the proverbial "stitch in time" would often have more chance if needle, cotton and thread were always handy when wanted for the buttons, hooks, tapes and the dozen and one little things that so often want a stitch at the last moment. The manufacture of such an article is very simple. The foundation is composed of thick cardboard, about eight inches long, five and a half inches wide and pointed at the lower end, and an old box will serve for the purpose. The covering for this foundation can be of any material or color you may choose, preferably linen or cotton, as less likely to catch the dust. Both sides must be covered smoothly and the edges oversewed, as follows:

TO AID THE STITCH IN TIME.

er-which a little silk cord will make a neat finish. The reels of cotton are threaded on a strong cord, which is tied at the back. The scissors are sewed on the foundation to hold them.

On the right hand side a little needle-book is fixed, which may be elaborate or quite simple; on the left hand side a little pocket to contain thimble and perhaps a few buttons, etc., while in the center at the bottom is a fairly long pouch. The housewife is suspended either by a ribbon or a silk cord. Such a housewife would be a real boon to invalids and old maids who pass the greater part of their time in one armchair and to whom fumbling about in a work bag or box for the needles and threads they require is sometimes rather trying.

If intended for this purpose, the idea is capable of being elaborated and extended, as a pocket could be added below to contain the work or knitting and a long narrow pocket for knitting pins or whatever may be the favorite recreation of the one for whom it is intended.

Peppermint Drops.

Place over the fire in a granite saucepan one large cupful of granulated sugar and four tablespoonfuls of hot water. When the mixture comes to a boil cook three minutes. Meanwhile have ready four tablespoonfuls of confectioner's sugar mixed with a few drops of peppermint. Turn this into the boiling sugar and stir quickly. Take from the fire, set the pan in a larger one of cold water and with a spoon drop the hot liquid in spots about the size of a nickel on oiled paper or marble. Do not place the lozenges so close together that they will run into each other or they will not be a good shape.

A Fair Exchange.

A mother is always a mother, but there is scarcely a man wearing the mortal coil who wouldn't exchange baby during teething time for a well bred ferret.

WINDSOR TABLE SALT

—never a suspicion of grittiness—
you taste the piquant savour—the
crystal melts unconsciously.

It was the wisdom of the ancients to consider what is most useful or most illustrious.

Inspector For Railway Board.

Ottawa, March 7.—An order in council has been passed approving the appointment of William Ogilvie to the railway commission staff as inspector of railway equipment and safety appliances.

Found Frozen Near Cobalt.

Cobalt, March 7.—An unidentified man was found frozen to death by J. S. Ketchum, managing director of the Devil's rock mine on the company's property on Lake Temiskaming.

"The blood is the life." Science has never gone beyond this simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers from disease. The brain is also clouded, the mind and judgment are excited, and many an evil deed or impure thought may be directly traced to the impurity of the blood. No one can be well balanced in mind and body whose blood is impure. No one can have a wholesome and pure life unless the blood is pure. Foul blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. When the blood is pure, body and brain are alike healthy and life becomes a daily happiness.

Standing out in bold relief, all alone and a conspicuous example of open, frank and honest dealing with the sick and afflicted, Dr. Pierce's Golden Medical Discovery. When the blood is pure, body and brain are alike healthy and life becomes a daily happiness.

St. Stephen, N.B., March 9.—William Franks, a cabinet worker, fell from the roof of his house yesterday afternoon, alighting on a picket fence, 15 feet below. He cannot recover.

Played With Matches; Dead.

St. Stephen, N.B., March 9.—The little daughter of Charles Blakely died last night from burns received as a result of playing with matches.

It's healthful, wholesome. It's good for one as the other. The more you take the better you sleep and eat. Makes people happy. That's what Hollister's Rocky Mountain Tea does. 35 cents, Tea or Tablets.

A. I. McCall & Co.

Stand out for what's right, whether you get it or not.

When Freedom from the Mountain high.

Unfurled her Standard for all to see.

These words appeared in black and white.

"Drink Rocky Mountain Tea."

A. I. McCall & Co.

It takes live fish to swim up stream.

Purity is our watchword. Selecting only the choicest herbs and roots known to pharmacists. No spirits or harmful drugs. Hollister's Rocky Mountain Tea is purity itself. 35 cents, Tea or Tablets.

A. I. McCall & Co.

The day worker acquires more coins than the day dreamer.

A FAITHFUL SERVICE

Captain John Bourke, who has severed his connection with the steamer City of Chatham, is one of the most skilled mariners of the Great Lakes, who has been sailing for the past 33 years. He rendered 19 years of his valuable service on the steamer City of Chatham, and previous to that he sailed the whole chain of lakes. His career has been remarkable, and too much credit cannot be given him. Through storm and sunshine he has always been faithful to his post, and through all his experience he has never met with any misfortunes, in spite of a great deal of difficulty in sailing many a dark and winding route.

He was always on time with his passengers and freight, and the public had confidence and felt their lives safe in the hands of the genial captain.

The City of Chatham was built in Toronto in the year 1888, and the captain commanded the ship from its birthplace to Chatham and abroad, thus making a career of 19 years service on the Chatham route. It is quite evident he knows the condition of the boat from spike to plank, and faithful to his post, and through all his many friends regret to see him leave his ship.

THE LYONS TAILORING COMPANY, of Hamilton, Brantford, and St. Catharines, will OPEN A STORE in CHATHAM, on KING STREET, THURSDAY, MARCH 14th.

ANNOUNCEMENT ! !

ON THURSDAY, MARCH 14th, we will OPEN a FIRST CLASS TAILORING ESTABLISHMENT on KING STREET, Opposite the Opera House, that will prove a boon to the good dressers of Chatham and vicinity. For the past eight years we have been making clothes for particular people in Hamilton, Brantford and St. Catharines, clothes of merit, snappy and distinctive in style, of correct materials and perfect in fit and workmanship. We buy all our goods for cash direct from the leading British Mills, and sell for cash, thus saving the middleman's profit on one hand and the losses of a credit business on the other. This enables us to make garments to order (Union Made) at the price of ready-made.

Our Stock comprises everything that is new and correct for Spring and Summer wear, and is the largest and finest ever displayed in Chatham. Just to get acquainted we are offering special values for 15 days.

SUITS TO ORDER - \$13.50 to \$20.00
RAINCOAT AND TOPCOATS - \$12.00 to \$18.00
TROUSERS AND FANCY VESTS - \$3.00 to \$6.00

We cordially invite your inspection. Union Label on every garment.

A BIG FIRE IN TORONTO

A Plate Glass Company's
Premises Entirely
Destroyed

THE DAMAGE IS \$135,000

Toronto, March 11.—The most destructive fire in a long time totally wrecked the premises of the Toronto Plate Glass Importing Co., 135 to 143 Victoria street, early Saturday afternoon. The building was of four storeys, going back 117 feet to a lane. The loss is estimated at \$135,000, with insurance of \$145,000.

Falling walls and flying glass were a menace to the firemen and several were more or less hurt. Capt. Wm. Crawford of Hose 4, Berkeley street, had his collar-bone broken. He was struck by a ladder, which was thrown over by the collapse of a wall.

Delay in sending in an alarm doomed the building before the firemen arrived. It is said that a boy, an employee of the building, ran to the corner of Queen and Yonge streets to send in an alarm a policeman refused to credit that there was a fire, and would not let him pull the box. One man says he stood in the lane in rear of the building for over 10 minutes watching the fire spread. He took it for granted that somebody else was calling the fire department.

Was Full of Fire.
Anyway, when the firemen did arrive on a telephone alarm about 2.15, the building was full of fire and when five minutes later the alarm box at St. Michael's Hospital, across the lane to the rear, was struck, Deputy Chief Noble says that the flames were distinctly visible from Queen and Portland streets, a mile and a half away, the flames having gotten through the roof.

Thousands of people out for Saturday afternoon amusement were attracted by the pall of smoke and the billows of flame and seemed to enjoy the two hours of excitement that was furnished. The conflagration was one of the most spectacular for the city in public in a long while, for the pyrotechnics were within plain view while the full fighting force of the fire department labored heroically with extension ladders, aerial trucks and throttling engines. The tumbling walls added the necessary evident spice of danger to satisfy the most fastidious taste.

Hospital In Danger.
Tenants in nearby buildings had to vacate, and St. Michael's Hospital and the new six-story building at Queen and Victoria streets were for a time in danger. Once the hospital roof ignited, but the blaze was promptly quenched.

The loss as estimated by S. J. Rutherford, manager of the company, is \$135,000, divided \$40,000 on building, \$20,000 on plant and \$75,000 on stock. There is an insurance of \$145,000 scattered among a score of the leading companies.

The following officers and men of the fire brigade were also hurt during the fire: Capt. W. J. Smith, truck 1, hand badly cut, and Lieut. Deans of truck 2, back and arm injured. Watermen Armstrong, Spence and Waterman received minor injuries.

FIVE MILLIONS INCREASE.

Canadian Revenue For Eight Months Shows Substantial Growth.

Ottawa, March 11.—The financial returns of the Dominion for the eight months ending with February shows a revenue of \$7,986,513, an increase of over eight million dollars, as compared with the same time in the previous year. The expenditure was \$37,629,000, an increase of about a half million dollars, so that there was a betterment in the finances of over seven and a half millions. In the capital expenditure there was an increase of one and a quarter million. This leaves a total increase in revenue of five millions. The figures for the month of February show an increase in the revenue of nearly two millions and an increase in the expenditure of about one million.

NOT TO REDUCE NAVY.

First Lord of the Admiralty Denies Peace Conference Rumors.

London, March 11.—The Lord of the Admiralty, Baron Tweedmouth, in a speech at Oxford Saturday night referred to the fact that the Government was receiving considerable obliquity from untruthful statements regarding its action in the matter of the Hague peace conference.

The Government, he said, did not intend to weaken its naval power, but believing the British navy must be kept sufficient for its purposes, whatever the cost.

"We should go to The Hague," he said, "fully desirous of reduction, and, if the other powers do not meet us, they must take the responsibility."

Alleged Curious Fraud.

Kingston, March 11.—An angry husband, living apart from his wife, has threatened law against parties for fraud in attempting to palm another woman's baby upon him as his own. It is said that a married woman connived with a young woman from the country to assume her child at birth. The two entered the maternity ward of the hospital on the same day, but a nurse soon found out the deception of the married woman and exposed the fraud. The husband, when he went to the hospital, was told by his wife that the baby was dead and taken away. Later he learned the real facts, and there is trouble.

Iroquois Fire Case Dropped.

Dayville, Ill., March 11.—Judge Kimbrough has decided that the Chicago ordinance, on which was based the trial of Manager William J. Davis, charged with manslaughter, in the Iroquois Theatre fire case, is invalid, thus putting an end to the trial.

WORK OF THE ARMY

Gen. Booth Will Visit
Nearly All Canada's Chief
Cities

APPROVES OF JAIL FARM

Toronto, March 11.—General William Booth of the Salvation Army reached the city shortly before noon Saturday, and was escorted to Government House, where he will be a guest during his stay in Toronto. There was no demonstration by the Army. At 4.15 in the afternoon he was tendered a civic reception at the City Hall, which was largely attended. In the evening he was greeted by Army officers and soldiers from all parts of Canada, who thronged Bond street Congregational Church to the doors, and who gave the venerable commander a rousing welcome.

Plan of Campaign.
In answers to questions as to his plan of campaign he general said: "First of all I stay in Toronto for a week and see my officers, and do

GENERAL BOOTH.

what I can to advance generally the interests of humanity and religion. Then to Montreal and Ottawa, where I stay with the Governor. Afterwards to Winnipeg, Vancouver and Seattle. From there I sail for Japan. I expect to spend my 75th birthday, the 10th of April, on the Pacific Ocean."

Speaking of his emigration schemes he went on to say:

Emigration Work a Science.
"The Salvation Army is rapidly reducing emigration to a science. What has been done has created the confidence now existing. Whatever people may think of the religious operations of the Salvation Army, and whatever they may think of our peculiar methods—and they are somewhat peculiar, forcing religion on the attention of men—I think the large majority (seven-eighths probably) of the people of England believe we are reliable. They have not been equal to the task, and they turn to us. When I came away we were getting 1,000 letters a day 750 letters and 250 applications at least a day, and as these represent families, the work is very important.

Commends Ontario.
He commended the Ontario system of making people repay what was advanced to them.

"It is a wonderful plan, and it is the only colony that does so," he observed.

With respect to the character of the men sent out he repeated his answer to Lord Rosebery. He could not guarantee that the men had never said a bad word, or told a fib, or taken a drop too much, or done any cheater.

"For that class you must go to the House of Lords," he told Lord Rosebery.

"They are all archangels here," agreed Rosebery.

"As far as we can we guarantee that the men are honest and industrious, and likely to make such settlers as a Government desires," the general declared.

He approved of the idea of a jail farm for the province.

"It is one of my great schemes," he said, "I commend you to make the trial. There are enormous difficulties," he added. It is best to let men mix up with the mass, and then they do not feel that they are branded, he advised as to after-treatment.

Trade Secretary Short \$5,000.

Baltimore, March 11.—David D. Carroll, president of the Merchants' and Manufacturers' Association, states that at a meeting of the directors on Friday, Clarence H. Forrest, secretary, was summarily discharged, it having been discovered, according to Mr. Carroll, that he was short in his accounts between \$5,000 and \$10,000.

California Would Bar Asiatics.

Sacramento, Cal., March 11.—The Senate Saturday unanimously adopted a joint resolution protesting against the naturalization of Japanese and instructing California's Senators and Congressmen to work for an exclusion law to include all Asiatics.

Nicaraguans Again Routed.

San Salvador, March 11.—At noon Saturday, a Nicaraguan column, as a reprisal for the recent victories of the Honduran, attacked the cavalry of Honduras at Tuguaré. After three hours' fighting the Nicaraguans were annihilated.

Suicide Bureau a Success.

New York, March 11.—Miss Booth of the Salvation Army announced yesterday that the anti-suicide bureau has successfully passed the experimental stage, and that it will be made a permanent feature of the organization.

Gets Hingston's Seat.

Ottawa, March 11.—Sir Wm Hingston's successor in the Senate will be J. J. Desaulles, business man, of St. Hyacinthe, Quebec.

CARS TOTTER ON BRIDGE

Continued from Page One.

being in the main to the wooden stringers and the deck.

There practically was no interruption of traffic, the derailment having occurred on the south track.

The accident is said to have been the first of its kind here.

Seat Collapses' Two Dying.

New York, March 11.—Six persons were precipitated into the hold of the Hamburg-American steamship Roman, at Hoboken Saturday, when the hatchway on which they were sitting gave way.

Boatswain Lewis and Seamen Walker, Horton and Kennok and Mess Boys Parsley and Cater were removed to a hospital in a serious condition. Walker and Parsley probably will die.

Baby Dead From Laudanum.

Chatham, March 11.—The 13-month-old daughter of Mr. and Mrs. Basil Milner died yesterday as a result of laudanum poisoning, after physicians had labored nearly 20 hours to save the life.

The mother left the child alone in a room Saturday for five minutes, during which time the child opened a sewing machine drawer and took from it a bottle.

Dundas Woman's Death.

Hamilton, March 11.—Some time during the night Mrs. Frank Brown, of Dundas, who had been in poor health since the death of her child, a couple of months ago, got out of bed, and without dressing herself wandered out of the house. When her absence was discovered search was instituted, and about 10.30 yesterday morning her lifeless body was found below the dam. It is supposed that while wandering aimlessly about she accidentally fell over the dam and was either drowned or killed. An inquest will be held.

34 Lost In Shipwrecks.

Berlin, March 11.—A despatch from Cuxhaven reports the loss of thirty-four lives by the foundering of two vessels—a German cargo steamer, the George Wattern, and a trawler—during a heavy gale in the North Sea.
