Heavy Fighting on Italian Front; Counter Attacks by Austrians | New British Offensive Launched Against Foe Salient Near Ypres | Disorder in Kronstadt Quelled, Provisional Government Recognized

British Offensive Launched; First Objectives Carried

Progress Continues After British Open Sweeping Attack Against Sharp Foe Salient Near Ypres—Many Prisoners Taken in Opening Drive

By Courier Leased Wire

Bulletin, London, June 7.—The British opened an attack on a nine mile front between Meissons and Wytschaete and have taken all their first objectives. The official statement says that the British progress is being continued and that a number of prisoners have been taken.

The new British offensive is against a sharp German salient three miles south of Ypres. For several days the British have maintained a tremendous bombardment for almost thirty miles on this portion of their front. The salient itself is about three miles in width and the same distance in depth. An effective advance in this sector would seriously menace the German hold on Lille, which is about five miles from the nearest British position.

Bulletin, London, June 7.—The text of the official statement follows:

"We attacked at 3.10 a.m. this morning German positions on the Messines Wytschaete ridge, on a front of over nine miles. We have everywhere captured our first objectives and further progress is reported to be satisfactory along the whole front of attack. Numbers of prisoners are reported already to be reaching the collection stations."

French Official

Bulletin, Paris, June 7.—(Noon).—A strong force of Germans made an attack northwest of St. Quentin at midnight. To-day's official announcement says the attacker were caught under a violent French fire and retired after sustaining heavy losses.

Laurier Forces Canada Into a General Election

Action of Liberal Leader in Rejecting Proposal of Sir Robert Borden For Union Cabinet Compels Government to go to the People

By Courier Leased Wire

Toronto, June 7.—A despatch from Ottawa to the Daily News says:

"The proposals made by Sir Robert Borden for a union cabinet have been decisively rejected by Sir Wilfrid Laurier. As a result a general election is certain and will be called as soon as the necessary steps can be taken. The situation was explained to members of the house this morning when both parties held a caucus.

"Sir Robert Borden will now endeavor to secure a group of liberals for the government from inside parliament or if necessary from outside parliament.

Ottawa, June 7.—The Conservative Caucus today after hearing a report from the Premier on the failure of coalition negotiation gave what is said to have been practically unanimous approval to a proposal of Sir Robert Borden that the conscription bill should be brought down next week and forced through the house. So far as known there is no intimation of a general election but that may eventuate from development after the bill is introduced.

Correspondence on the coalition negotiations showed that the Premier had made his proposal to the leader of the opposition, who had replied in effect that it should have been broached before conscription was announced. The Premier suggested a cabinet of eight liberals and eight conservatives, with himself as the odd member, giving the present government a majority of one. The Premier also suggested that the coalition bill should be introduced with the pledge that it would not be given effect until the coalition had gone to the country and asked for a mandate on the measure.

The two leaders were unable to agree upon the composition of the cabinet and finally negotiations came to an end yesterday and the deal was declared off.

RIOTS IN SWEDISH CAPITAL

Workers Clashed With Police in Stockholm; Several Men Injured

A SOCIALIST UPRISING

The Laboring Classes Marched on Parliament Building Tuesday

CROWDS DISPELLED

Possibility of a General Strike Being Called by Socialists

By Courier Leased Wire.

Stockholm, June 6, via London, June 7.—One man was severely wounded and a second slightly hurt in the clash between the workers and police before the Riksdag building on Tuesday. For some days previously the socialist workers had been working on Tuesday and demonstrating before the parliament building when the socialist interpellations regarding revision of the constitution, shorter work days and higher wages, were scheduled to be replied to by Premier Swartz. Some agitators openly advocated violence.

Hjalmar Branting, the Socialist leader, attempted to stem the mischief by appealing to the Socialist Democrats for peaceable demeanour. Many factories stopped work at one o'clock on Tuesday afternoon and the employees marched to the Riksdag. They found the approaches to the building and to the Royal Palace guarded by police and soldiers. The crowd was noisy and threatening, and tried to overturn a street car. The mounted police, charged and drove the crowd back, while M. Branting emerged from the Riksdag, and vainly attempted to persuade the demonstrators to leave the vicinity. The mob made an attempt to rush the police, who charged fiercely, with drawn swords. Many heads were slashed and other rioters were knocked down and trampled upon. The platoon of soldiers guarding the bridge leading to the palace fixed bayonets and loaded their rifles, but did not fire. There was much bottle and stone throwing but ultimately the police triumphed and the mob melted away. The police estimated that the rioters, including onlookers numbered 10,000, mostly youths.

The Left Socialists later decided to demand a general strike throughout Sweden, but the mob which went out on Tuesday from the large factories, are reported to have resumed work to-day.

Demonstration in Norway. Christiania, via London, June 7.—The demonstration throughout Norway yesterday against the high cost of living passed quietly. In Christiania, 40,000 persons joined in a street parade. A deputaion of the demonstrators, was received by the President of the Storting.

Weather Bulletin

Toronto, June 7.—The disturbance which was situated in Iowa yesterday morning, is now hovering over Wisconsin, causing showery weather over the great lakes, elsewhere a fair weather prevails, except that a few local showers have occurred in the northern parts of Alberta and Saskatchewan.

Forecasts. Fresh to strong south to west winds, partly fair and warm to-day and on Friday with occasional showers and local thunderstorms.

SUB ROUTED

By Courier Leased Wire.

Paris, June 7.—The American steamer Silvershell, had a battle with a submarine in the Mediterranean. After an exchange of sixty shots the sub disappeared.

Details were made public today by the ministry of Marine. The Silvershell, commanded by Captain Tom Cahariton, sighted the submarine on May 30. In the running fight which followed the American boat proved speedier than its enemy and seemed also to be the master in gunfire. The disappearance of the submarine was sudden.

The Silvershell is a steamer of 5,605 tons owned by the Shell Oil Company of California. She sailed from America early in May with a crew of 43 men.

RUMANIA RESUMES FIGHTING

Army Has Been Thoroughly Reorganized and Is Ready for Service

HER NATIONAL IDEALS

Entered War Not For Conquest, But For Liberation of Enslaved

RUSS PEACE FORMULA

"Neither Annexations Nor Indemnities" Regarded as Acceptable

By Courier Leased Wire.

Paris, June 7.—Roumania has re-organized her army and is ready to resume the fight according to a statement made by Premier Bratianu in an interview with the Petrograd correspondent of the Parisienne. "The Roumanian Premier," said the Roumanian Premier, "has launched a new peace formula, neither annexations nor indemnities" and she wishes to impose that formula on her allies. Roumania finds the formula acceptable as far as she is concerned. She did not enter the war to make conquests. Her single object was and is the liberation of Roumanian territories enslaved by Hungary, which never had the right to dispose of themselves.

"My country is keeping its promises under the most difficult circumstances. It has been invaded by an enemy superior in numbers, it has lost its capital and more than half of its territory; it has suffered famine and disease, but it has made a great and manly effort to re-organize its army and it has never given up the struggle. To-day Roumania is ready to resume the fight, its army is perfectly trained and it has material such as it never had before.

"In the crisis we are passing through, at the moment when the war seems to be approaching its final phase, Roumania, who kept her engagements toward the allies, has the right to expect that the allies will remain faithful to the terms of the treaty, hindering them to her.

MONS FIXED.

Amsterdam, via London, June 7.—The city of Mons has been fined £20,000 because a Belgian paper published in Holland, announced that Crown Prince Rupprecht of Bavaria was in Mons when the city was bombarded by allied airmen.

GOOD NEWS

By Courier Leased Wire.

London, June 7.—The morning newspapers today display with gratification the news of the toll exacted from the German airplanes, which they remark was a terrible price to pay for a raid which resulted in nothing of military importance.

It is said that ten German machines were lost, which some of the commentators express the belief is almost enough to cause the Germans to cease repetitions of their air-raid attacks. The damage inflicted on the raiders, in connection with the reduction in sinking of vessels by submarines and naval and air attacks on enemy bases in Belgium has instilled a spirit of elation in the editorials and news columns generally.

LANDTAG OF ALSACE LORRAINE

"End War Victoriously and Protect Our German Alsace-Lorraine"

ALL HOPE FOR PEACE

Kaiser's Offer Denoted Readiness to End Miseries of War

UNION WITH GERMANY

German Socialist Deputy Will Hear of No Restoration

By Courier Leased Wire.

Amsterdam, via London, June 7.—The Landtag of Alsace-Lorraine was opened at Strasbourg on Wednesday by the Imperial Stadholder, Dr. von Hollwitz, who said: "This unbending will end the war victoriously, and will further protect our German Alsace-Lorraine."

At the first session of the chamber, Dr. Georg Ricklin, a Centrist was elected President by 29 out of 46 votes. Dr. Ricklin said: "We Alsacians and Lorrainers will never forget that our Emperor, by his peace offer, showed his readiness to end the miseries of the war. We bless every nation tending to shorten the war by a single day and reject everything which, allegedly undertaken to better our lot, in fact only serves to prolong the war and our sufferings. An overwhelming majority of Alsacians and Lorrainers did not want the war and only wanted to work out to completion their position as members of a state in union with the German Empire and to further proceed with peaceful labor. In this connection the war has made no change as far as we are concerned. We make this confession of faith in the face of the whole world. May it be heard everywhere and may peace be restored soon."

Copenhagen, via London, June 7.—A leading article in the Berling Forvarer, today, signed by the Socialist deputy, Herman Wendel, argues that the only possible solution of the Alsace-Lorraine question is the formation of the two provinces in the Federal state on the same basis as the other states of the Empire. Herr Wendel does not even contemplate the possibility of a voluntary return to the provinces of France. He rejects the principle of a plebiscite to determine the fate of the provinces, owing to the difficulty of those entitled to vote. Though admitting that Lorraine is largely French, he says that the Socialist solution is autonomy within the German Empire.

AUSTRIAN POSITIONS MENACED

Heavy Counter Attacks De-livered Against Italians Failed in Purpose

SITUATION THE SAME

Heavy Fighting Still Goes on in Various Sectors of Carso Front

CLAIMS OF AUSTRIANS

Charges Made of Capture of Over Ten Thousand Italians

By Courier Leased Wire.

Udine, June 4, via Paris, June 7.—The Austrian advance on the whole Carso front shows the enemy command, after repeated attacks in the Vodice zone, thought it necessary to make a supreme effort of his left wing where every Italian gain constitutes a menace on Liblach and Trieste. General Borsevics assaults failed entirely before the determined resistance of the Italian troops, who even made a further advance between Castagnavizza and Volcizza the tract dominating the Brestovizza Road, threatening the Hermada Stronghold. The modification of the line in the center, south of Jamiano, is due to the fact that the Austrian artillery on Hermada could still sweep the front of the new Italian positions. The whole situation is practically unchanged and the Austrian positions are still closely pressed and menaced by the gains made by the Italians in their last advance.

Austrian Official

London, June 7.—The Austrian official statement issued on Wednesday, follows:

"Eastern Theatre: On the Oltus Road a weak enemy thrust was crushed by our barrage fire. Otherwise there was only more lively infantry activity in places.

"Italian Theatre: The enemy yesterday exhausted himself in fruitless attacks between the Vipacco Valley and the sea, intended to wipe out the defeat he suffered in the last few days on the Carso plateau. His assaults were shattered. Our troops, by storming a height near Jamiano, enlarged their success and in fierce battles maintained all ground won.

"According to preliminary reports the prisoners in the last three days have been increased to 256 officers, including four staff officers, and 10,000 men. Some Italian regiments fell into our hands unrounded, with nearly the whole of their effectives. For instance, the eighty sixth regiment, with 2,686 men, the sixty-ninth regiment, with 1,932 men, and the seventy-first regiment, with 1,821 men. The brigades of Verona, Soracuso, Puglia and Ancona, in whose ranks these units fought were annihilated. In a tunnel near San Viovanne, a large field hospital was captured. The battlefield is covered with Italian corpses.

"On the moonlight night, we visited towns and places far behind our front. In the Austrian interior they came as far as Laibach in the Tyrol as far as Bozen, in addition to raiding the coastal district and Carinthia. Some inhabitants were killed, but there was no material damage."

Bulgar Official

Sofia, via London, June 7.—The official statement issued by the war office on Wednesday reads as follows:

"There was weak artillery fire on the whole Macedonian front. On the right bank of the Vardar and south of Huma an enemy attack against Resnikova was repulsed. There was aerial activity in the region of Sarichadan and an enemy airplane was brought down.

"On the Roumanian front there was rifle firing near Sakoha, Tulceia and Masnadie."

NEWS OF NORFOLK

Lt. Dugit's Last Duty Well Done; Letter From the Front

COUNTY COUNCIL SITS
Union School Section Stands After Considerable Discussion

OTHER SIMCOE NEWS
Bad Automobile Accident on Road to Brantford

Simcoe, June 7.—From Our Own Correspondent.—The following letter of consolation, addressed to his bereaved wife will be read with satisfaction by Simcoians, who knew the late Lieut. Louis Dugit. The brave young soldier died as a hero on:

France, May, 1917.
 Dear Mrs. Dugit: The sad news of your husband being killed in action has no doubt reached you, I feel there is little I can say that will help you in your sorrow.
 Lt. Dugit had proved himself a great soldier, brave and very resourceful. He had command of No. 1 Coy., of this Battalion, who were given a very difficult task in our recent operations. This was successfully carried out and your brave husband died knowing his duty had been well done. He was indeed a very gallant gentleman. May I hope some little consolation to you and yours in the years to come that your brave husband gave his life in a great cause.
 In deepest sympathy,
 Yours very sincerely,
R. P. CLARK,
 Lt.-Col. 2nd Cans.

The County Council met at 2 o'clock yesterday. Members all present. The minutes of the previous session were read and affirmed. The warden stated that Mr. S. L. Squires would address the Council at 10 a.m. on Friday.

Communications
 From County Treasurer giving statement of 3 months overdraft at Molson's Bank.
 From agent Children's Aid Society asking for \$300. There are 140 wards of the Society. Referred to the Committee of the whole.

From British Sailors' Relief Fund requesting further grants. It is stated that a Canadian Navy League, has been organized as a branch of the Overseas League. Referred to committee of the whole.

The clerk was instructed to secure the county papers for use of inmates of the Industrial Home.

Notice of Motion for the introduction of a by-law re equalization of assessment for 1917.

The clerk and Mr. Slater were on motion appointed to purchase coal for the county buildings.

Chairman Cunningham of the Road and Bridges Committee reported the report of Engineer Marston, re the Swing Bridge at Dover. Several of the piles supporting the western support and the centre piles are rotting at the water line and there is probably danger of a collapse of the superstructure. The report recommended action to prevent recurrence for which the county would quite likely be liable. Referred to the committee of the whole with power to report.

On motion Messrs Hyde and Welsh the council went into committee of the whole, Mr. Buck in the chair.

Committee of the Whole
 The communication from H. P. Innes, re memorial from W. F. Kohler re swing bridge. Referred back.
 Do Not Want Help Till Harvest. When the Production Club's note re urban assistance on the farm was called, "God help the farmer," said E. J. McEwen. McEwen, Warden, Cridland observed that he heard no one complaining. Mr. Keltum thought that harvest time would bring a shortage of help not now felt.
 "I know what bums from the town are worth," said Mr. McDowell. "I am not stopping on their toes, they are good men in their own place." Another suggested, "There are so many town gardens, that citizens will not have time to help outside." Mr. Lawrence spoke of labor at 15 cents an hour, without board by a group of laborers out his way. Another thought there was more crop in than the farmers could take off. Mr. Carter thought help from town might assist in fruit harvest, and some might harvest Mr. McDowell's trout stream.
 The chairman gave statistics showing dropping off of total grain crop raised in recent years. A motion for odd days was reported by several as unavailable. A motion to the effect that no action be taken to form a county organization owing to the fact that a committee had been formed in Simcoe was passed without division.
 The Union School Section stands. Referring to the petition to quash the award of the arbitrators, Mr. Keltum thought these people should have gone to the Minister of Education. He thought the council should back up the arbitrators. He was opposed to the move originally and thought the whole question of the district about Simcoe not yet settled, but he was opposed to meddling with the award. The chairman, by investigation, had found that no objection to the award had been launched during the time given. He thought there was not enough opposition to warrant interference. The objectors were said to be objecting on the question of cost only. Mr. Keltum referred to the assessment list as published in the Brantford Courier as conclusive evidence that the op-

COALITION IS OFF

Laurier Did Not Agree to Proposal

A JOINT STATEMENT
By Both Leaders in the Commons To-day

Ottawa, June 7.—Formal announcement of the outcome of the negotiations which have been in progress between Sir Robert Borden and Sir Wilfrid Laurier for the past ten days will be made today. In the meantime neither leader has given any inkling of what the nature of that announcement will be. Nevertheless, the report was widely circulated here last night that coalition by agreement between the Parliamentary chiefs of the two great parties was not to be. Sir Robert Borden and Sir Wilfrid Laurier conferred again at the Prime Minister's office in the east block at noon yesterday and at the termination of the interview neither would make any statement as to its result. It was not long, however, before the rumor spread that the two leaders had agreed to a joint statement to be made in the Commons today. That statement will probably be followed by declarations of policy by both Sir Robert and Sir Wilfrid. The meeting of the House will be preceded by caucuses of both parties.

Opposed to Conscription.
 Liberals here are predicting that Sir Wilfrid will, in his address, express opposition to both the military service bill and the extension of the Parliamentary term. He will call for another trial of the voluntary system of enlistment, and point to the record in Canada and the Opposition rate of recruiting as sufficient to provide reinforcements for the Canadian divisions in France in the immediate future.

He will then pledge himself to support some form of universal service in the event of the failure of voluntary enlistment.

Liberals for Conscription.
 It is asserted here that the government Military Service Bill will receive considerable support from the Liberal side of the House of Commons. Some say seven Western members, five Ontario representatives, two from New Brunswick, and one from Nova Scotia on the Opposition benches will cast their votes in favor of the measure. There is even a possibility, it is said, that two moderate Western and two English-speaking Liberals from Quebec may give their support to the government, which will have more than its normal majority.

It is also asserted that the French-Canadian Conservatives oppose the bill, a very doubtful contingency.

Before resigning, Mr. McKie, on behalf of the Golf and Country Club, invited the members of council to a 4 to 6 o'clock, at the club house.

Council adjourned at 6:05, and answering to the immediate call of the chairman, four committees got down to work, at once in what was now almost twilight, owing to the heavy clouds which preceded the violent thunderstorm, which passed over this region last evening.

Bad Heating System?
 The 1916 financial statement discloses the fact that it cost \$30,30 in natural gas to heat the town of Simcoe. A comparison of the Industrial Home's account for light, heat and other purposes for the same year, was \$504.85.

Ugly Auto Turnover
 Miss Pearl Murphy, daughter of the late Thos. J. Murphy, of Simcoe, was severely injured on Tuesday afternoon, accompanying a friend on a run to Brantford with a Ford runabout, when about a mile this side of Waterford, one of the chains on a front wheel caught on the fender of a frame, and the car turned over in the ditch. The young lady is pretty badly bruised and shaken up, but expects to be about again soon.

Hilton Forsyth's Visiting Friends in Seaford, recuperating after his recent severe illness.
 N. Stanley Boughner is building a cottage at Turkey Point.

Barn Raising
 There was an old time barn raising at Elmwood yesterday, when neighbors from Walsh to the gravel road assembled at the farm of Edward Fisher to assist in putting up a 30x45 frame barn. A crowd to get home before the rain storm broke, took the place of the old time races with the main parties, parties and rafters.

Woodhouse council has undertaken to improve the gravel road from Marr's hill to the half-way house. The road edge to the roadway is being scraped back across the gutter in the middle of the road, with a view to getting a narrower and better roadway.

J. M. YOUNG & CO.
 to join the Cabinet.
 Swayed by Quebec.
 There is also considerable speculation as to the reasons for Sir Wilfrid Laurier's reported rejection of Sir Robert Borden's proposals. It is pointed out that the Prime Minister offered a coalition on very generous terms, and the belief is expressed that the Liberal leader was simply influenced by pressure from his Quebec supporters. It will doubtless be explained that he was moved by "a conviction that a Coalition Government would not be feasible and so favored a decision upon the conscription issue at the polls."
 INDEPENDENT OF PROVINCE
 By Courier Leased Wire.
 Victoria, B.C., June 7.—When the Canadian Northern Railway was built through British Columbia, it was agreed with the provincial government that the latter by virtue of rates, but Sir William MacKenzie replied that the Canadian Northern, having received assistance, was now responsible only to the Federal Railway commission in matter of rates, and this contention was strengthened here yesterday by a remark of Sir Henry Drayton, Chairman of the railway commission, that he thought the Dominion was relieving the Province of its obligations in connection with the Canadian Northern Railway Company.
 SUPPORT CONSCRIPTION
 By Courier Leased Wire.
 Brandon, June 7.—The Brandon City Council last night unanimously passed a resolution urging the leaders of the government and opposition to bring in conscription, and disapproving a general election at the present time, and also urging the formation of a coalition government.
 Assist Nature. There are times when you should assist nature. It is now undertaking to cleanse your system—if you will take Hood's Sarsaparilla. This great medicine purifies and builds up as nothing else does.

THE COURIER

Published by The Brantford Courier Limited, every afternoon, at Dalhousie Street, Brantford, Canada. Subscription rate: By carrier, \$4 a year by mail to British possessions and the United States \$5 per annum.

Thursday, June 7th, 1917.

THE SITUATION

Events have commenced to move once more on the western front. Yesterday Haig's forces took enemy positions on a mile front north of the Scarpe River and over the

The Courier Leased Wire to-day comes word that they are attacking on a nine mile front south of Ypres having

at the time of the dispatch attained all of their initial objectives. The "ice cold" hahndashers are

manifestly in the midst of another big assault for which artillery preparation has taken place for some days back.

Hindenburg is making desperate efforts to win back ground lost on the Alsne front but the French are repulsing all assaults.

On the Italian front the Austrians have poured in their best troops in an effort to save Trieste, and are stated to be fighting like tigers.

They have gained a slight extent of ground, but generally speaking the Italians are holding their own.

The official report of British ships sunk last week by submarines shows fifteen vessels of 1,600 tons and over, three under that and five fishing craft. Compared with the previous week there is a decrease of three in larger size and an increase of two in the smaller.

Arrivals last week at British ports totalled 2,693 and sailings 2,642.

In the British House of Commons yesterday Capt. Bathurst, Parliamentary Secretary of food control, said that it was of the greatest importance to the success of the Allied cause that food exports from America should be on the highest possible scale for the remainder of the war.

A report from Washington states that negotiations have been opened with Brazil for the use by Uncle Sam of the forty-six German ships interned in Brazilian ports.

COALITION OFFER IS BALKED. Sir Robert Borden has made an earnest effort to bring about a Coalition Government and he has failed not because of any lack of sincerity upon his part, but because, as far as the facts are at present known, Sir Wilfrid Laurier could not see matters in that light.

It is said that the Premier offered to make the Cabinet half and half as far as party lines were concerned, these to be obliterated in a common and united effort on behalf of an undivided Canada in this time of great Empire crisis.

Such a proposal cannot be regarded as otherwise than eminently fair, and responsibility for its rejection will very properly call for a reckoning where that belongs.

Readers of the Courier are very well aware that this paper has from the first considered it unlikely that Sir Wilfrid would accede to such a proposal for the same reason which led him to refuse to join the National Service board—Quebec.

That Province has from the first been the foundation of all his political success, and that Province in a majority sense, has from the first been against participation in the war and rampantly opposed to the latest proposal of selective conscription.

Only recently, at a mass meeting in Montreal, Tancred Marshall made the statement amid loud applause, "Before we have conscription, we will have a revolution." Whatever the cause of the antagonism of French Canadians, whether clerical or otherwise, the fact remains that it exists and that Laurier has always taken Quebec feeling into his calculations.

It would have been the greatest act of his life had Sir Wilfrid joined forces with the government in this solemn hour, and the fact that he hasn't will prove a source of deep regret to thousands of his best followers outside of the recalcitrant province.

What has actually transpired between the two leaders is not authoritatively known at the time of writing, but it is significant that the Toronto Globe, in a leading editorial, makes the statement:—"The Prime Minister's straight choice yesterday was between Rogers and a non-partizan National government for Canada."

charge of his duties as Minister of Public Works pending the report of a commission upon the findings recently made against him by Mr. Justice Galt.

The same organ thinks that the failure of negotiations will result in an immediate dissolution of the House.

If so the straight issue will be conscription versus Quebec refusing to comply. There can be no doubt whatever as to the outcome of such a conflict. The answer in this country will prove just as emphatic as that recently secured in Australia by Hughes in a like struggle.

Canadians will most emphatically see to it that the hand of the Maple Leaf is not a slacker.

CAN'T SATISFY THEM

It is utterly impossible to satisfy certain Grit politicians. They were howling their heads off because profits were not more heavily taxed.

Along came Finance Minister White with a substantial levy, and now those same men are squealing on the ground that capital has been scared.

Hon. Mr. Graham, who is stated to be interested in "Canada Forgings Limited," a concern which has been doing extra well, made an impassioned protest, and so did Mr. E. M. Macdonald, M.P., who is said to hold a retainer from the Dominion Iron and Steel Company.

As for Mr. Nesbitt, Liberal member for North Oxford, he waxed almost into tears when he said:—"I do not know what the Minister's aim is exactly, whether he aims to make this country a pastoral country altogether or a farming community altogether, or if his aim is to stop big business in this country."

If his aim is to stop big business in Canada he is going the right way about it. If it is not to stop large business in Canada he is going the wrong way about it.

The financial papers, as the Minister knows, are protesting, some of them very strongly, against this taxation.

A man named Kelly Dickinson, writing to the Financial Times, quotes three firms which have cancelled important contracts for enlargements of plants. One Montreal company abandoned a contemplated investment of an additional \$1,000,000 in its business.

An American firm abandoned its intention to establish a Canadian subsidiary company with an initial investment of \$2,500,000. Another firm which had contracted for a number of new lathes to replace worn old lathes, cancelled the order and decided to do the best it could with the impaired and worn-out plant.

So far as I personally concerned, I think there is no one thing we want in this country more than capital. We cannot possibly develop the natural resources of this country without it.

We hear a great many people talking, both after dinner and before, about the wonderful natural resources of Canada, but we cannot develop them without encouraging capital to develop them.

My hon. friend, I think, is discouraging capital by his peculiar legislation here.

As for the general public, they consider that Sir Thomas has done quite right in making his levy.

NOTES AND COMMENTS. Just watch the Grit papers, which were urging a coalition Government, take the curve now that their own side has balked one.

Rogers has voluntarily withdrawn from discharging the duties of Minister of Public Works until charges against him can be further investigated, but that does not prevent the Toronto Globe of to-day from making a virulent assault upon him.

Characteristic. Notwithstanding the wiping out of the bars on Sept. 16th, everybody got soaked. But then it was of the water variety, and didn't count.

As for Laurier, it is still a case of "Come whatever may, by heck, you'll always find him with Quebec."

A correspondent writing to a Toronto paper, says: "The present Canadian Government has no legal right to exist at the present time." There's the kind of man still likely to believe that the moon is made of green cheese.

KRONSTADT INSURGENT NO LONGER; GOV'T. RECOGNIZED

Order Restored in Noted Russian Fortress, Local Committee of Soldiers' and Workmen's Delegates Submitting to Authority of Petrograd Cabinet; Visit of Socialist Ministers Brings Results

By Courier Leased Wire. Bulletin, Petrograd, via London.—June 7.—The Kronstadt incident is closed. The local committee of Soldiers' and Workmen's delegates has recognized the authority of the provisional government.

The local committee of the workmen's and soldiers' delegates at Kronstadt decided on June 1 to assume control of the great fortress and to refuse recognition of the provisional government, the government officials were removed. The Zionists put forward a program of splitting Russia up into a great number of self-governing communities and sent missionaries out to try and persuade neighboring towns to join them.

The Socialist ministers in the provision cabinet, M. Tzertelli and Skobeloff, went to Kronstadt from Petrograd and endeavored to persuade to Seceders to abandon their plan. The present surrender is apparently a result of their arguments.

SOLDIERS OF SOIL ARE RECOGNIZED

Medals Presented to Boys Aiding in Farm Work Through County HELPFUL ADDRESSES

Three Hundred Lads Engaged in Farm Work Here

The Ontario government is devoting some attention to supervising the life of the boys, between the ages of thirteen and nineteen who have left school to work on the farm to assist in the movement for greater food production.

Mr. Sidenius, who has been appointed to take charge of the work for Brant and the five adjoining counties, is holding meetings in various centers, and is making presentations to the boys of metallic buttons, which are provided by the government as a means of recognizing the service which these "soldiers of the soil" are rendering to the country.

One such meeting was held at Barford, Tuesday night, in "Barney Hall." It had been planned to have the event take place around a camp fire in Agricultural Park, but the inclemency of the weather prevented this.

The meeting was held under the auspices of the Junior Farmers' Improvement Association, with the President, Mr. Russell Templar, acting as chairman. An address was given by Mr. Schuyler, District representative of the Department of Agriculture, who explained the national service movement, and emphasized the prevailing sentiment for food production.

It was pointed out that there would be a need for greater production for some years to come. The boys who went on the farms to assist in alleviating this difficulty were performing an actual service to Canada.

He spoke of the situation of the farmer in the economic life of the country, and briefly pointed out the admirable and desirable features of the "back to the soil idea." Short addresses were also given by Rev. Mr. Hosford, Mr. E. H. Brennan, editor of the Barford Advocate, Mr. A. D. Main, manager of the Barford, Toronto, and Mr. J. E. Brethour, a prominent farmer of that district.

These gentlemen made the presentation of buttons to forty-seven boys. Mr. Sidenius spoke on the boy conservation movement, or the new national ideal. He pointed out that while their older brothers and friends were fighting and dying for Canada on the battlefields of Europe, the younger boys could work and live for Canada, fulfilling their duty as "soldiers of the soil."

He thought that the spirit of the day was a "get together one," referred shortly to the upheavals in Russia and China.

Mr. Sidenius told of how a few years ago the Presbyterian, Baptist, Methodist, Anglican and Congregational churches, the International Sunday School Association, and the Y. M. C. A. had held a conference and had adopted a standing program of works for boys which would develop the "fourfold boy, and had set down rules known as the Canadian Standard Efficiency Test Program.

The course of training was based on the life of Jesus Christ with Him as the ideal, as described in the verses, "And Jesus increased in wisdom, in the intellectual, stature (the physical) and favor with God (religious) and man (service)." At the conclusion of the meeting a short conference of the men interested in the movement and the older boys present was held, when arrangements were considered for sports meets and other similar entertainments for the boys, to be held after their working hours. Don Cayndeb.

GOES TO BERLIN

Amsterdam, via London, June 7.—A Sofia despatch says that Premier Radoslavoff left for Berlin on Wednesday. He was accompanied by the Chief of the Royal political cabinet and the director of the public

MUSIC AND DRAMA

"MOTHERS OF FRANCE" The world's greatest star, Sarah Bernhardt, is coming to the Rex this week, in the world's greatest photograph of the greatest war in the world. This tremendous production is entitled "Mothers of France," and it shows Madame Bernhardt's wonderful artistry at its best and greatest brilliancy.

The feature was written by Jean Richepin, famous member of the famous French Academy, and was directed by Louis Mercanton. Many of the scenes were taken in the French first line trenches, in the hospitals, and in the ruined villages of France through which the Germans advanced, and then retreated.

"Mothers of France" presents an interesting story of the effect on a group of people of the big war. This group of people are seen happily engaged in their daily tasks before the advent of the war. Then they are seen torn apart by war and later the remaining members of the group are seen trying to patch together a fragment of happiness. This is a wonderful offering, a supreme offering, an attraction that you cannot afford to miss.

G.T.R. SHOULD PAY TOTAL EXPENSES

In Construction of St. Paul's Ave. Subway, Says Railway Committee

The railway committee of the city council, and other city officials this morning conferred with Mr. C. Forrester, Grand Trunk Railway Superintendent, London, H. R. McLennan, Grand Trunk Railway Train Master, Brantford, and C. S. Coyne, Assistant Engineer, London, in regard to the city's relationship with the Grand Trunk Railway.

The entire question of the St. Paul's avenue subway, the proposed extension of Clarence and Northumberland streets, the spur into Eagle Place and the Holmedale were also considered, and the possibilities of having the construction of these lines proceeded with was discussed.

The following is the proposition that was made to the representatives of the railway, and which Mr. Forrester promised would be forwarded to the head office, and a reply received within a few days:— 1. That the city waive its insistence on the building by the Grand Trunk Railway Company of the Holmedale spur and the Eagle Place switches, and the maintenance of the Clarence home St. station as a station and as a stop.

2. That the Grand Trunk Railway Company convey to the city the extension of Clarence St., sixty-six feet, with south through the land of the Grand Trunk Railway Company.

3. That the Grand Trunk Railway Company convey to the city property for the purpose of enabling the city to build Northumberland Street westerly to the line of Clarence St.

4. That the Grand Trunk Railway Company assume the total cost of the St. Paul Avenue subway as a roadway, as directed to be constructed by the Dominion Railway Board.

The city's case was presented by Mayor Bowly, assisted by Ald. S. A. Jones and J. Kelly, city engineer. Harry Jones and Mr. John Fair, chairman of the Water Commission. It was pointed out strongly by Mayor Bowly that unless the Grand Trunk would acquiesce to the just demands of the city, that the company could be assured that its traffic, both passenger and freight, would not as a result, be increased in this district.

His Worship plainly intimated that unless that company would agree to a fair proposition, that the city would fight out the matter to the farthest extreme. Ald. Kelly thought that the difficulty could be hastened on a satisfactory basis to both parties concerned. Mr. Forrester could not definitely say what action would be taken by the Grand Trunk but assured the city deputation that their proposition would receive thorough and immediate consideration.

REPPING RHYMES

Spring brings the wet and helpful rains, the cloudburst and the flood; and then the broad and fertile plains are ploughed and sown with seed. We journey forth from our abodes, in wagon, boat or cart, and we get stuck in muddy roads, which break like the hammer's head. We spend about ten million bucks, each year to fix the pike, and in the springtime only ducks along the same can hike. The farmer stays away from town and doesn't blow his seeds, so we find commerce sagging down in all our western farms. The autos are no longer run, dead are their wonted fires; so worthy dealers take no mon for gasoline or tires. All trades in grain stagnation stand, 'tis this way are ploughers, sheik and merchant princes, wring their hands, and read their robes and swear. The roads are just long streaks of mud, a warning and a fright, and with the old accustomed that the mules sink out of sight. We spend some forty millions bones, each year, to fix the pike, go forth, I say, in thunder tones, and see what they are like. Go forth when 'tides are ebbing low, survey the dismal scene; and if you're wise, when forth you go, you'll use a submarine.

HISTORICAL SOCIETY

A meeting of the Brant Historical Society was held in the public library building this afternoon.

WOMEN'S AUXILIARY

The regular meeting of the Women's Auxiliary of the 215th Battalion was held yesterday afternoon in the Y. M. C. A., routine business only being disposed of.

MUSICAL EXAMINATION

Mr. A. T. Cringan, of Toronto is examining for the vocal examination of the Toronto University at the Academy of Music today.

INDEPENDENT PARTY

Last evening of the Grades and Labor Council was held last night, the hall being given over to the Independent Labor Party.

MEETING POSTPONED

The meeting that was to have been held in Cainsville last night for the purpose of presenting buttons to the boys of the 'teen age who are working on the farms, was postponed on account of the heavy rainstorm, until Thursday of next week. The committee in charge of the arrangements is composed of Messrs. A. B. Rose, warden; A. J. McCann, reeve; J. L. Barnes and R. J. McMillan.

WIDOWS' HOME

The Managers of the Widows' Home gratefully acknowledge the following donations: Messrs. Geo. Foster & Sons, one hundred pounds of sugar; Mrs. (Rev.) Woodside, Boy's Club, basket of candy for each child; Whitaker Baking Co., rolls and buns; Grace Church, Deaneys, roast of beef; L.O.P.E., 2 boxes of bread and butter; Miss Forde, sugar and coffee; Graham Bros., tomato plants; Ryerson Bros., bag of potatoes; Mrs. Meggitt, journals; A. friend, papers; Mrs. Schell, canned fruit and vacuum sweeper; meat, weekly, from Messrs Brohman, Mintern, Burns, Heyd, Bloxham, Livingston and Wilkinson, Hartley and Smith.

CLASS ENTERTAINED

Last evening of the Golden Circle Philathea Class of the First Baptist Sunday School were hospitably entertained at the home of Mrs. Geo. Elliott, Edgerton. St. Games and music were indulged in and dainty refreshments served. During the evening, Miss Best, the efficient teacher, was presented with a pearl ring as a slight token of the appreciation of the class to which she has been so faithful.

BUILDING PERMITS

Two permits were issued at the office of the city engineer this morning, one to Mr. R. J. Silverthorne, 171 Albion street for the erection of a frame garage to cost \$50 and the other to Mr. W. H. Wisson, 19 Edward street, for a frame addition to a frame kitchen, the estimated cost being \$30.

CONSTITUTION AMENDED

A meeting of the Independent Labor Party was held in the Labor Temple last evening, when the constitution of this recently organized body as drafted by the provisional committee was thoroughly considered and amended. The unfavorable weather undoubtedly kept down the attendance, and it was thought best to hold another general meeting when the officers could be elected from the floor of the house.

IS WOUNDED

Mr. W. H. Whitaker, 144 Chatham St., was yesterday notified by a telegram from Ottawa of the wounding of his nephew, Gunner George Edgewood Whitaker, who is reported as severely wounded in the legs, and who is now in the general hospital at Etaples, France. Gunner Whitaker enlisted with the 56th Battery at 20th, and went overseas with a draft from that unit. He has been on the battlefield for nine months. A brother is now on the firing line in France, and another brother is in a hospital in England, recovering from the effects of being gassed.

POLICE COURT

An interesting session of the police court was held this morning, when the Jamieson family, who assaulted County Constable William Taylor last December when he visited the Reserve to make an arrest, received warnings and fines. Clarence Jamieson was arrested in Toronto last week and was brought before Magistrate Livingston in the local police court and remanded for one week. This morning he was fined \$25 as was his father, Peter Jamieson, who was also concerned in the assault. Mrs. Margaret Jamieson, the wife of Peter, and her daughter, Levlina, were discharged, as they had apparently not been so directly concerned as the masculine members of the family. Ashton McNaughton was ordered to pay Clarence Jamieson \$26, and costs of \$12.12, resulting out of the court case instituted by the latter to obtain his wages. Velma Curran, who recently attempted to shoot her mother with a rifle, and doubts of whose sanity existed, has been adjudged insane, and this afternoon was taken to the Hamilton asylum by her father for treatment. Leslie Hall will appear again tomorrow on a charge of speeding his automobile. William B. Burrill was given two weeks in which to connect his house with the city sewer system. Constable J. G. Pickell had another dog owner up this morning for neglecting to secure the necessary license for its maintenance. It was discovered, however, that William Nock, the defendant, sold the canine last December, and the case was therefore laid over for another week in order to locate the present owner.

W.P.L. IS AIDING WAR VETERANS

Miss Church of Toronto and Others Addressed Women's Patriotic League

FORMING CLUB HOUSE For Returned Soldiers of Brantford and This Vicinity

An enthusiastic meeting of the Women's Patriotic League and others interested in the Returned Soldiers' Club was held in the auditorium of the Y. M. C. A. on Wednesday afternoon, Mrs. Livingston presiding.

After the National Anthem had been sung, Mrs. Livingston introduced the chief speaker of the afternoon, Miss Church of Toronto, who is the originator of the idea of a Tribute Night in Toronto, which was so successful that a most beautiful club house has been equipped there.

Miss Church then expressed her pleasure in being allowed the privilege of coming to Brantford to address the patriotic women of a loyal city. She called upon her hearers to remember the men who have given up all to fight for liberty, and thus have written Canada's name in the world's history, and to think of the women who with more Spartan courage have sent forth their sons to war.

"Everyone is doing his duty by the men overseas," she continued, "but while life lasts we must not forget the men who have fought the ruthless foe and have come back, some blind, some deaf, some maimed. We must strive to be worthy of them—to reach the heights of those who have given so much."

"Last September the men returned from St. Julien, Gevency and Langemarck formed a club. Public sentiment was then apathetic, but they determined to surmount all difficulties, and came to me as sister of the mayor, for help.

Miss Church then told how she called a meeting at which the returned men were the only speakers, who so thrilled the audience that by a standing vote everyone present pledged his support.

A Tribute Night was decided on as the means for raising money. Letters, explaining the object, were sent to the daily press and a copy forwarded to every woman's organization. Street cars were placarded and bulletins placed in front of houses. The hall was decorated with red, white and blue bunting, and the program consisted of songs and trench tales told by those who have been over."

On the night itself, there was a triumphal procession to the Hall, so thrilled the audience that they were motored, and their stronger comrades marched through lanes of cheering citizens. Inside an even more thrilling scene was enacted. The hall was packed. The stage, backed by a huge Union Jack was "decorated" with a realistic sand-bag parapet, barb wire entanglements and all. As the first returned soldier stepped on the stage, the men rose, waved and cheered and held up their children, and men wept with emotion.

Rolling speeches were given by returned men, and then in the middle of the program, representatives of each women's organization filed down the aisle with the total sum of \$4,843 had been received with pledges which brought the total up to \$5,000. A large number of "friends and relatives of the deceased" returned men completed the program.

It was decided to rent the mansion at the corner of Church and Carlton streets. When the Great War Veterans Association took possession they found fourteen bedrooms equipped with really good beds, a magnificent billiard room with three tables, offices, storeroom and library. Reception room, card room and library. Oil-laid pictures and gifts were received of books, a piano, a Victrola and even a grand father's clock.

After accomplishing this magnificent object however, the women of Toronto did not rest on their laurels. On March 10th they presented the G. W. V. A. with a cheque for \$5,000 as the nucleus of a fund for permanent headquarters, and they hope in the end to give the home as a lasting memorial.

Mrs. Livingston then called on Capt. Boddy, president of the Brantford branch of the G. W. V. A. to address the meeting. Capt. Boddy, on behalf of the returned soldiers, thanked the women for what they have done. He explained that his society has really only been organized for about a month, but already seventy-five members have been enrolled, with their credentials properly examined. The Association wants a suitable furnished house with a permanent secretary in charge, not so much, the captain explained, for the men who have already returned, but for the three or four thousand whom Brantford will some day welcome back.

Capt. the Rev. C. E. Jenkins was the next speaker. His object was to show the high ideals contained in the constitution of the G. W. V. A. These returned soldiers pledged themselves to give unstintingly to the Dominion and the Empire by their citizenship. On receiving their discharge papers the ydo not lose the right to give as they gave on the fields of France and Flanders.

Sgt. Broomfield also thanked the ladies for their kindness. He pointed out the necessity of having a club house where returned men whose friends might have left the city, could be made thoroughly at home. Quarters in some other building

Just Arrived 500 LADIES PANAMA HATS Our Price \$1.39 Our Price \$1.39 KARN'S Smallware Department Store, 156 COLBORNE

would be like a boarding house," he remarked, "but a club house of our own would be home." By a unanimous standing vote, the audience pledged themselves to support the movement to give the Great War Veterans a club house.

LONDON TOWNSHIP SCENE OF MURDER

Soldier Released From Hospital Found Killed in Woods Nearby

THE MOTIVE ROBBERY Rubber Heel Found Near Scene of Struggle May be Valuable Clue

London, Ont., June 7.—Gunner Harold Payne, 63rd Battery, a man of 40 years, and a native of Lincolnshire, England, who lived for a time before enlistment at St. Mary's, was found murdered this morning in the woods on the farm of Wesley Shoebottom, five miles north of London, B. P. Waterworth is to-day seeking the owner of a rubber heel found beside the body. Payne had been under treatment for rheumatism at a military hospital at Wolsely Barracks for some time. Saturday he obtained a pass, and left wearing his blue convalescent uniform, in which he was found.

Rouling specks in silver was found in his pockets, and pieces of either one or two \$2 bills had been trampled into the earth and almost buried in the base of a stump at the scene of the murder. It appears he had been torn during a struggle, for possession seemed evident. Payne, his comrades claimed, had about \$40 when he left the hospital. His breast was covered with blood from a three-inch gash in the throat, which, however, was not sufficient to have caused death. In the belief of Coroner McNeil of Arva, Payne was still on his feet after he left in a hurry. Then it appears he fled around the stump to escape his assailant and was brought down by a huge stone hurled at the right side of his head. The stone, blood-stained and matted with hair, was found beside a pool of blood, and there it is believed Payne's death occurred.

His murderer's first impulse was to strip the body to prevent identification and to this end he removed the shoes. The leather inner heel fell from one of them before he replaced the shoes and carried the body to a sugar house some seventy feet away.

The body had not bled after its removal. The heels of both the soldier's shoes were intact, but beside the stump where the struggle had evidently taken place a rubber heel was found. The owner of this, the police believe, is the murderer. Identification of the body was established by Major Cameron, commander of the 63rd Battery.

TRANSPORT CROSSES

Paris June 7.—At 11:35 a.m.—A large American transport containing wheat for American troops, which are to come later, has crossed the Atlantic under the protection of an American warship, the "Matin" announces. The transport is now being unloaded at a French port, the newspaper says. Preparations are being made for the reception of American troops the newspaper says further. A number of houses similar to those of the British army have been organized.

Nuptial Notes Yesterday at 2:15, Miss Kate Muriel Houlding and Mr. Ellis Wilson, were united in marriage at 99 Erie Ave. The ceremony was performed by Rev. David Alexander, of Emmanuel Church. The bride looked very pretty in a white silk dress of Georgette Crepe and carried a magnificent bouquet of white roses and lily of the valley. She was given away by her uncle, Mr. George Richardson. The groom's gift to the bride was a sunburst of pearls. The marriage guests, who included Mr. and Mrs. Alexander Wilson, of Newport, and several relatives and friends sat down to a dainty lunch served provided by Russell's. Rev. D. Alexander proposed the toast, which was responded to by Mr. Cecil Rich ardson. The happy couple left at the 6 o'clock express for Toronto and the Highlands of Muskoka. On their return they will reside for a time at 99 Erie Ave.

BROOKS—ARMSTRONG On Wednesday afternoon, June 6th, Miss Agnes Isabelle Armstrong and Mr. Dean Brooks were united in the holy bonds of matrimony at the Zion church manse, 113 Darling street, by the Rev. G. A. Woodside. Immediately following the ceremony the happy couple left on their wedding trip for points east.

STRAUGHAN—MITCHELL The home of Mr. and Mrs. Walter Mitchell, Dufferin Avenue, was the scene of a very pretty and charming wedding at four o'clock yesterday afternoon, when their third daughter, Grace Winnifred became the bride of Mr. Benson Straughan, of Minneapolis. The Rev. Llewellyn Brown officiating. The ceremony was a very quiet one, only immediate relatives of the contracting parties being present, including members of the groom's family from Goderich and Toronto. The room was resplendent with a wealth of beautiful floral decorations, and the ceremony performed in front of a bank of marigolds and ferns. The bride was charmingly attired in white silk organdie, wearing the wedding veil, and carrying a bridal bouquet of white roses and lilies of the valley. She was attended by her sister, Miss Helen Mitchell, also in white organdie and carrying Richmond roses, while the groom was supported by Mr. Reg. Beattie. The newly wedded couple, amidst the felicitations of their many friends, departed on the six o'clock train for Montreal.

Laid At Rest G. S. WINTERS. The remains of the late George S. Winters were yesterday afternoon tenderly laid to rest in Greenwood cemetery, the funeral taking place from the family residence, 85 William street. A large number of friends and relatives of the deceased were present and attended impressive services conducted at the house and grave by the Rev. Llewellyn Brown, pastor of the First Baptist Church, of which the deceased was a firm and active member during his lifetime. A wealth of floral tributes testified to the intense popularity which Mr. Winters had enjoyed during his long and useful life. The pallbearers were Messrs. C. Cook, C. Moyle, W. Pierce, J. F. Schultz, Fred Chalfant and C. B. Hitchcock.

CANADIANS RETAKE ELECTRICAL POST

Station at Lens, Storm Centre in Recent Fight, Won Back From foe

(By Stewart Lyons, Special Correspondent of the Canadian Press) Canadian Army Headquarters, June 6.—The Lens Central electric station was finally incorporated in the Canadian lines this morning. It was occupied again by British Columbians last night. The occupation cost very few casualties, fewer than many of the skirmishes that have taken place around it. During last night's further progress was made in the clearing out of trenches in the neighborhood of the station. The enemy used bombs, gas shells and heavy guns in his effort to stop this movement, but this morning the British Columbians held fast every foot of territory gained during the night. The station was the most important outpost of defense in Lens. It consisted of a number of large buildings which, as a result of the continual artillery fire, had been reduced to a jumble of brick, steel girders, twisted into fantastic shapes and wrecked railway cars from an adjacent siding. The debris from these had been sprinkled among the ruins of explosions of heavy shells. Beneath all this vast mound of rubbish the Germans with their customary industry, had constructed deep dugouts, for portions of which cars were used. In the area, around the building, they had also built strong machine gun emplacements in positions almost inaccessible to our artillery and from which a deadly fire could be directed upon any body of troops advancing to attack. The position was assaulted without success shortly after the battle of Vimy by splendid British troops. It was afterwards subjected to intense bombardment and Canadian troops began a movement to surround it, carrying a bit of trench, a group of miners' houses or a section of the numerous railway embankments in the vicinity when the enemy was discovered. Many lives were lost on both sides from this form of warfare, while the Canadians pushed forward so close to the station that the men in the front trenches were cautioned that they must not speak loudly because to do so gave an indication to the enemy's bombers where to direct missiles. The Lens electric station was often mentioned in despatches as the Windmill above Carency and the Souehes sugar refinery were two years ago. Its sinister reputation was added to by the struggle of last Sunday afternoon after taking the station and capturing part of its garrison, together with trenches to the east, two western battalions were forced to give back the ground they had recently held for eighteen hours of incessant fighting, during which they were hammered by the German heavy artillery. Despite their losses the westerners held firmly to the outposts, whence they had issued to attack the station. It remained unoccupied Monday afternoon but on the night of Monday, after searching the position with artillery, the Germans resumed possession. They did not long remain there. The British Columbians, who relieved the worn out men, had been holding our front at once began to stalk the habitations of the station. Well to the east of it, in open ground, after preliminary arrangements had been made, half a dozen men, moving at intervals, went out in an encircling movement. Believing a large force was about to attack, with bayonet and bombs, the Germans in the station evacuated it, retiring to trenches in the rear. The British Columbians swarmed out, establishing strong points and encircling the territory with outposts. The enemy resumed the shelling of the station and has kept this up at intervals ever since.

TAKING THE TOLL. By Courier, Leased Wire. London, June 6.—One British pilot who pursued the Germans toward Dunkirk, brought down two of the raiders. Later ten British machines from Dunkirk engaged the returning Germans, destroying two of their machines and forcing down four. Sixteen German airplanes took part in the raid over Essex and Kent, dropping bombs which killed two persons and injured 229. Two German airplanes were brought down by British anti-aircraft guns, while the raid was in progress.

AN ANGLER'S ELYSIUM The fishing at Algonquin Park this year has been better than for several years. Splendid catches of speckled trout and salmon are of daily occurrence. A delightful place to stop is "The Highland Inn" on the shores of Gache Lake and dozens of lakes filled with the grandest of the finny tribe are within easy distance of the inn. Just the place for a delightful sojourn and for rest and recuperation. Write C. E. Horn, Union Station, Toronto, for free illustrated booklet.

LAKE COMMERCE. By Courier, Leased Wire. Sault Ste. Marie, Mich., June 7.—The Statistical report of lake commerce through the canals at Sault Ste. Marie, Michigan and Ontario, for the month of May, 1917, shows a large decrease over last year. This showing was due to the almost unprecedented ice conditions over the western great lakes. The largest decrease is showing in iron ore, of which 5,426,467 tons were loaded through compared with 15,867,114 tons in May 1916. Grain and wheat showing a slight increase, all other items showing decrease.

Children Cry FOR FLETCHER'S CASTORIA

CREATE BOARD TO CONTROL COMBINES

Such a Body Would be of National Service, Says H. C. of L. Commission

Ottawa, June 6.—Several recommendations are offered by Mr. W. F. O'Connor, the cost of living commissioner, in a report which has been presented to parliament by Hon. T. W. Crofters, the Minister of Labor. O'Connor suggests the establishment of a trade and industrial board, which might have jurisdiction over trade combines and trade methods in Canada. He is of opinion that such a body might perform two useful services. It might supervise those necessary combines of other the purpose of extending Canada's export trade, and at the same time make more easy price fixing at home. Mr. O'Connor points out that Canada's equipment for industrial effort is said to be of a capacity twice or three times greater than domestic requirements demand. Increase in export trade or an influx of immigrants preferably of the agricultural class, he says, is therefore necessary to keep this equipment in use, and to give employment to artisans, particularly after the cessation of munition making and the return of the soldiers from the front. "Having in mind the demand for establishment of a board or commission to deal with the legal and other aspects of inland trade," says Mr. O'Connor, "my suggestion is that such a board is as much necessary for the purpose of foreign trade."

Provinces Are Laid. The cost of living commissioner points out that the provinces have exhibited little or no interest in the enforcement of laws against accumulation of products, unjust prices and combines. He holds that the Provincial authorities are primarily responsible for the enforcement of such a substantial law respecting the cost of living. He therefore proposes "the getting together of Dominion and Provincial authorities." He also advocates an amendment to provide that municipal investigations into the cost of living be instituted by mayors, wardens and other the officers of municipalities, only after application to the Minister of Labor and with his consent, and that once instituted, the investigation for the investigation to that end be upon those who instituted them. At present, Mr. O'Connor stated, municipalities commence enquiries, carrying the cost, while any relief is to be derived from them, and in case nothing is discovered to justify the charges which preceded them to unload municipalities, only after application to the Minister of Labor and with his consent, and that once instituted, the investigation for the investigation to that end be upon those who instituted them. At present, Mr. O'Connor stated, municipalities commence enquiries, carrying the cost, while any relief is to be derived from them, and in case nothing is discovered to justify the charges which preceded them to unload municipalities, only after application to the Minister of Labor and with his consent, and that once instituted, the investigation for the investigation to that end be upon those who instituted them.

Getting Results. Mr. O'Connor speaks of investigations which have been made, or are being made, by his branch of the Labor Department. He says that the monthly reports being made, he states will permit quick discovery in future of how much of a given commodity is held in storage, where it is, its cost and value. It will also provide comparisons with previous years as a check upon undue accumulation of goods. He says that it is impossible to say how such enquiries have reduced prices as it is to say how many lives health require to be saved. He says, however, that he has, he continues, sought out evidence of undue accumulation of commodities and warned against it, has many times been able to prevent rises in price. Moreover, he expresses himself, as sure that the knowledge that prices are being kept constant supervision has done much to restrain undue inflation.

AMERICAN LEAGUE MAGNATES ROUSED

Club Owners of Johnsonian Circuit Preparing to Fight Ban CASE OF WASHINGTON Transfer of Franchise to a Paying City is Demanded

New York, June 7.—The autocratic announcement of President Johnson of the American League to the effect that the clubs of the circuit must continue to bear Washington's rapidly growing financial burdens, and that the Senators will not be transferred from the National capital has stirred up a turmoil in the American League. Club owners are expected to summarily demand the transfer of the franchise. They point out that settlement will not pay salaries or assist in the alleviation of the conditions which are bound to grow worse as the war progresses. Most of the owners are loath to believe that Mr. Johnson really made the statement which is attributed to him, but are prepared to offer a unanimous front and battle him to a finish should he persist in loading Washington's burdens on their long-suffering shoulders. Brooklyn, Toronto and Baltimore continue to be mentioned in connection with the transfer of the Washington club.

A very influential American league magnate said to-day that while there is no likelihood of the Senators being transferred this season, the club will certainly represent some other city next year, no matter what Johnson says.

GUARD OF HONOR Furnished For Queen Alexandra by Men of 125th Mr. and Mrs. John Angus Hear From Their Two Sons

On Friday, May 17th at "His Majesty's Theatre" London, a matinee was given "Hello Canada" in aid of St. Dunstan's Hospital, an institution for the care and instruction of blinded soldiers and sailors. Queen Alexandra attended and men of the 125th Brant Battalion furnished a guard of honor for her. With regard to the event Mrs. and Mrs. John Angus, 139 Nelson St., have received a letter, dated at Witley Camp, from their son, George, with the 125th, in which he says: "I was up at London all right, on Friday, on the guard of honor. It was mighty hard work, but I wouldn't have missed it for a lot. We left camp at 8:20 and got to London at 10:15. Then we marched through all the main streets, including the Strand, Piccadilly, Trafalgar Square and Oxford Circus. We made a real good showing as we went as far as Atlantic House and put our rifles in an empty room. Then we marched to the Maple Leaf Club in Berkeley Square and had a meal and a wash up, after which we felt a lot better. We fell in again and went down to the theatre and formed up outside and gave the Queen the Royal salute as she was going in. We got dismissed at 5:30 and were told to go and buy our own supper, and for once in my life I had a real fancy one. Geo. Davison and I went into a small good showing as we went as far as Atlantic House and put our rifles in an empty room. Then we marched to the Maple Leaf Club in Berkeley Square and had a meal and a wash up, after which we felt a lot better. We fell in again and went down to the theatre and formed up outside and gave the Queen the Royal salute as she was going in. deserved salary or make some other arrangement, as the game is suffering without the presence of this picturesque shortstop...

There is plenty of logic in the arguments of the players. Wherever the Pirates have played this spring there have been many inquiries as to Honus, and the trend of these went to indicate that the fans want to see him somewhere on the field...

When Pittsburgh, with Honus played away from home to 10,000 people it is conservative to state many hundreds of these fans had Wagner as their first thought before leaving for the baseball park...

WARHOP FOR LEAFS.

Pitcher Jack Warhop, who has been with the Baltimore Orioles since the opening of the season, will join the Toronto team at Montreal today.

Warhop opened the season in Toronto early in May and shut the Leafs out 3 to 0. He also beat the Jolie's men in the opening series at Baltimore in April.

Matty Defeated His Old Team Mates Yesterday; Benton Hit Hard

ALEXANDER IN FORM

Held Cubs Scoreless and Welded Bat Like a Trojan Cincinnati, June 6.—Cincinnati made it two straight from New York yesterday. Four hits, an error by Herzog and a sacrifice fly by Toney netted Cincinnati four runs in the fourth inning.

SIDELIGHTS ON THE STAGE AND SCREEN

HUNTING A HANSOM

Director J. Seere Dayley has hired detectives for the purpose of finding a hansom cab. It is needed for Billie Burke's first Famous Players-Paramount picture.

GOOD, IF TRUE

A pretty story has been going the rounds of the Metro-York studios in Hollywood, Cal. The company recently had occasion to advertise for a number of "extras" for "The Secret Spring."

THE DREA WHAT DIDN'T

Fat Gillespie, the other day, received his Keystone cap suit, belt and club, complete, and was very proud of it until he wore them the first time in a scene.

SHE DREW THE LINE

Mrs. Max M. Dill, the wife of the well known Dill of comedy fame, was real excited upon hearing that her husband in his production of "A Peck O' Pickles" would have to board a live whale and ride him out to sea.

WELL KNOWN DILL OF COMEDY FAME, WAS REAL EXCITED UPON HEARING THAT HER HUSBAND IN HIS PRODUCTION OF "A PECK O' PICKLES" WOULD HAVE TO BOARD A LIVE WHALE AND RIDE HIM OUT TO SEA.

The scenario called for this and of course realism must be injected into every production. "Why the very idea," exclaimed Mrs. Dill, better known as Josephine Clark, "Max will not ride on a whale. He will break his contract with the Mutual Film Co. before I let him do that."

NEEDLESS TO SAY THERE WERE SOME VERY HEATED DISCUSSIONS IN THE DILL HOUSEHOLD BEFORE THE DAY CAME FOR THE REAL FILMING OF THIS BIG SCENE.

Josephine said that she would compromise by letting William Kolb ride the whale, if "realism" must be gotten, but not her "Maxie." In fact she even went to the point of hiding Dill's clothing so he could not leave the house, but friend Kolb was on the job and managed to smuggle his "side kick" out and the big scene was filmed.

THE LAST HEARD, JOSEPHINE HAD NOT FORGIVEN KOLB FOR HIS "BUTTING HER AFFAIRS, BUT WAS VERY HAPPY THAT DILL WAS SAFE AT HOME WITH HER.

The last heard, Josephine had not forgiven Kolb for his "butting her affairs, but was very happy that Dill was safe at home with her. Fat Gillespie, the other day, received his Keystone cap suit, belt and club, complete, and was very proud of it until he wore them the first time in a scene.

Phone Number Memory Test!

No advertising feature ever introduced by The Courier has created more interest than the Memory Test introduced on this page on Tuesday last. So many good replies were obtained that it is a hard matter to make the award to the successful ones in the test. A careful analysis is being made, however, and winners of the prizes will be announced in this space on Tuesday next, June 12. Today the advertisers are disclosing their identity, and will for the next few weeks tell you of the many advantages they can offer you both in service and merchandise.

Successful Contestants Will Be Announced
in This Space Tuesday, June 12th

Getting to Know Your
Battery Better!

If you are not fully posted on battery knowledge, drop in and see us. In the word "battery" the average motorist has come to see more than a black box with wires attached to it.

He has learned that some effort is necessary on his own part to keep that box sending out energy to his starter and lights.

He has also learned that Willard batteries last longer and are more reliable because they are backed by a service which teaches the owner to get results.

(From Wednesday's Daily.)
"Yes, sir."
"Did you arrest him?"
"No. We thought it ought to be reported to you before we did anything."

stretched out a hand. "Where is it?" he asked quietly. "Give it to me."
The lift attendant flushed and drew back. The directness of the demand had disconcerted him. "I don't know what you mean," he said. "I haven't got anything."

He whistled softly to himself when the other had gone. "I thought as much. She's put the cometh on this—and Hallett is a brainy man."
He revolved the matter steadily in his mind as he walked to Palace Avenue. Hallett, if he could be persuaded, would be a valuable ally in discovering what information Peggy Grey-Stratton had withheld. Menzies used the instruments to his hands; and there was no reason why he should have scruples.

CHAPTER IX.
News and a Note.
Jimmie Hallett had run into Wenzies in the police court corridor. Wenzies had been formally remanded "William Smith." The detective threw up his hands quickly in the attitude of one parrying a blow.

COURIER DAILY RECIPE COLUMN

WHAT SOME WOMEN DO.
Some weeks ago I wrote you about the woman who in asking unreasonable privileges trade on a shop's desire to keep their custom.

mean the women who demand adjustments on gowns that are fairly and squarely worn out; who have Persian rugs sent out for approval and return them after they have served their purpose of dressing up the house for a function; or do this same with cut glass punch bowls and even send them back unwashed.

"It's The Upper Class Women!"
She Says
"The middle class woman doesn't do that sort of thing," she wrote, "they are the ones who pay the costs. Don't add insult to injury by putting the blame on them instead of where it belongs."

ROGERS ASKS INVESTIGATION
Into Report of Mr. Justice Galt Which Reflected Upon His Character
Ottawa, June 6.—A Royal Commission composed of Sir Ezekiel Me-Leod, Chief Justice of the Supreme Court of New Brunswick, and Hon. Louis Teller, retired Justice of the Superior Court of Quebec, will hold an investigation into the findings of Mr. Justice Galt reflecting upon the honor of Hon. Robert Rogers, Minister of Public Works.

SCOTLAND
(From Our Own Correspondent)
Mr. and Mrs. John Cooper spent over Sunday visiting relatives in Brantford.
We are sorry to report the illness of Mrs. J. Merritt and hope for a speedy recovery.

MILITARY ADVISOR.
By Courier Leased Wire.
London, June 6.—According to an official despatch from Petrograd, General Michael Alekoff who recently retired from the Chief Command of the Russian armies has been appointed military advisor of the Provisional government.

Catarrah Cannot be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Careful attention taken internally, and acts directly upon the blood and its impurities. Catarrh is not a quick medicine. It was prescribed by one of the best physicians in the country for years and is a regular prescription. It is composed of the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for circular.

LEGISLATIVE COUNCIL.
By Courier Leased Wire.
Toronto, June 6.—While F. E. Pardee, Liberal Whip, was in Toronto yesterday, he saw N. W. Howell, Ontario Liberal Leader and Sir John Gibson: Mr. Rowell admitted having had an interview but would say nothing about the matter under discussion.

COURIER DAILY RECIPE COLUMN

SALMON SALAD
One can salmon, 2 eggs, 2 tablespoons sugar, 1 teaspoon mustard, 3 tablespoons cream (or milk), six tablespoons vinegar, a little salt and pepper and enough dressing to make moist.

DRESSING FOR SALAD
Two eggs, 1 teaspoon salt, 2 teaspoons sugar, 1 teaspoon mustard, 3 tablespoons cream (or milk), six tablespoons vinegar, 1 large tablespoon butter, the juice of 1 lemon.

TOMATO JELLY SALAD
One quart can tomatoes, 1 teaspoon sugar, 1 teaspoon salt, 1 slice onion, 1-4 teaspoon paprika, juice of 1-2 lemon, 6 whole cloves, small blade mace, sprig parsley, inch bay leaf, 2-4 box Knox's gelatine, 3-4 cup water.

LOBSTER SALAD FOR FAMILY OF FOUR
Take 2 medium sized lobsters, remove all that can be used of them; take 2 fresh heads of lettuce, place 4 of the best leaves on either a compact or medium sized platter; this is to place the salad on when completed. Chop the lettuce and lobster together, being careful not to get it too fine, mix a little vinegar and pepper, very little for some prefer to season it themselves. Make a dressing from the yolk of 1 egg, placed in a soup plate; stir equal parts vinegar and olive oil, mix alternately, first using the oil. To make the dressing thick, stir in more oil, to thin it use more vinegar. Garnish the dish with one hard boiled egg, either sliced or quartered, and the heads and legs of the lobster. Place in a cool place until ready to serve.

POTATO SAAD
Take 8 good sized potatoes, peel and let them stand in salted water about half an hour; put them on to boil in half soup stock and half water. When they are cooked, remove them and while hot cut in small dice pieces. Make a dressing of 4 large tablespoons of oil and 1 large tablespoon of vinegar, mix well, cut up very fine or a little chopped onion; pour over the warm potatoes and put on the ice to chill.

Chemically Self-Extinguishing
What do these words mean to you? They mean greater safety in the Home—Surely something that interests you keenly. Perhaps you have noticed these words and the notation "No Fire left when blown out" on our new "Silent Parlor" match boxes. The Splits or sticks of all matches contained in these boxes have been impregnated or soaked in a chemical solution which renders them dead wood once they have been lighted and blown out and the danger of FIRE from glowing matches is hereby reduced to the greatest minimum.
SAFETY FIRST AND ALWAYS USE EDDY'S SILENT SAVERS

Children Think It's Fun
And so do grown folks who know the difference between electric ironing and the drudgery of using ordinary irons.
Ordinary irons make sad ironing days. Probably that's why they are called sad irons.
It is cheering to know, however, that in thousands of homes throughout the country, ironing day is no longer a trouble day.
G-E Electric Flatirons
have driven the old-fashioned sad irons to the obscurity of some out-of-the-way shelf, thus abolishing their attendant train of well-known worries and unknown losses and expenses.
A G-E Iron consumes only about fifteen cents worth of electricity in doing the week's ironing of the average size family.
Come in and iron with the most popular iron on the market.
