DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XLI. No. 18.

WOLFVILLE, NOVA SCOTIA, FRIDAY, February 17, 1922

\$2.00, payable in advance

## Correspondence

### OUR CHIEF ASSET

To the Editor of THE ACADIAN.  
Dear Sir:—I have been a constant reader of your paper for over a quarter of a century and have enjoyed and profited by its weekly visits during all these years. Always an exceedingly interesting and well conducted journal, I want to congratulate you, Mr. Editor, on the many improvements made during recent years. I am convinced that to too great a degree we fail to appreciate as we ought what a good service THE ACADIAN is rendering the community, and take this opportunity of my own personal contribution along this line. The well conducted local paper I regard as the chief asset of any town, and renders a service which it would be impossible to compute in dollars and cents. During the time I have been a reader of THE ACADIAN, Wolfville has made much progress and has developed from a sleepy village to a thriving town. Its citizens enjoy all the privileges of modern life and your paper is in a large measure responsible for the changes made. It has in most cases been the first to advocate improvements and has persisted in spite often of most severe opposition until the desired result was accomplished. THE ACADIAN has recorded all the incidents connected with our public, social and church life and has not failed to make mention of the success of our young people who have left us to make homes and names in the wide world. Permit me, Mr. Editor, to wish you abundant success in your endeavours to give a paper that is a real credit to the town and country and to express in this slight degree my appreciation of the valuable interest you are rendering. Most sincerely,  
AN OLD READER.

### A VALUABLE CITIZEN

To the Editor of THE ACADIAN.  
Dear Mr. Editor:—I hope that what I say in this letter will not raise any contentious feelings in the minds of any of your readers who took a certain side in the late municipal contest. I wish at the outset to disavow any feeling of partizanship in the matter. I have no quarrel whatever with those who cast their votes against the lady who is the subject of this letter, and I will go even further and say that I am not an enthusiast for women in public offices, although no doubt it will become fairly common as time goes on; but I am writing this letter to draw attention to the noble work done by Mrs. Laura Haliburton Moore in the community during the past ten or fifteen years, quite apart from anything she has done in her official capacity. Mrs. Moore is one of the most public spirited women that it has ever been my privilege to know, and she has laid the whole town of Wolfville under an obligation to her. There is her work among the poor in her private capacity which has I know entailed great inconvenience and personal expense, her work for the Children's Aid Society, the I. O. D. E., the Red Cross and the Victorian Nurse. I know what she did during the war in corresponding with the soldiers sending them presents and collecting for them. Since the closed Kent Lodge, she has literally slaved for every good public cause, often at the risk of her health. Indeed in her work for the community Mrs. Moore has invariably thought of everybody but herself. Such a fine spirit is rare and merits acknowledgement. Yours truly,  
R. F. DIXON

The Acadia hockey team met defeat last night at Sackville in the Intercollegiate Hockey League game with Mt. Allison, the score being 6-1. The result is that each of the college teams has one game to its credit—and a draw all around. The Acadia team was banquetted after the game by the Mt. Allison A. A. Association.

### MARRIED

ANTHONY—RATHE.—At the home of the officiating clergyman, Dr. A. C. Borden, Town Plot, Cornwallis, Nellie Rose Rathe, of South Maitland, Hants Co., to Austin Wiley Anthony.

## THE REV. POPE, PIUS XI

Cardinal Ratto, Archbishop of Milan, who was elected Pope on the seventh ballot of the Sacred College, was only created a Cardinal last June, and is in his 65th year.

## Annual Meeting

### Of the Acadia Dairy Co., Ltd.

The 28th Annual meeting of the Acadia Dairy Co., Ltd., was held at the Town Hall, Wolfville, on Monday afternoon, Feb. 13th. Out of about seventy stock-holders less than a dozen were present, evidence of a sure faith in those having the affairs in hand or a lack of interest in the business of the company.

Mr. C. R. H. Starr was in the chair, and after the reading of the minutes of the last annual meeting, presented a brief report of the year's work. The total output during the year amounted to 200,000 lbs., being 25,000 lbs. in excess of that of last year. Owing, however, to the lower price of butter, the receipts were considerably less than in 1921.

Mr. A. M. Wheaton, secretary, and manager, read the financial statement, which showed the affairs of the company to be in a satisfactory condition after 28 years of continuous operation. A dividend of ten per cent was received by the stock-holders during the year.

The secretary also read a communication from the Creamery Commissioner calling attention to a regulation recently passed, which provides for a grading of all cream into at least two classes, with prices to correspond. It was decided that Mr. Wheaton be requested to attend a meeting of Creamery Managers, to be held shortly, for the purpose of discussing the whole matter.

Messrs. D. S. Collins, S. A. Bower and John Donaldson, the retiring directors, were re-elected.

At the close of the general meeting there was a meeting of the directors at which Mr. C. R. H. Starr was elected president, Mr. Geo. H. Starr, vice-president, and Mr. A. M. Wheaton, secretary. The whole board of managers is made up as follows:

John A. Magee, C. R. H. Starr, James A. Allen, Geo. H. Starr, F. B. Westcott, A. H. Westcott, D. S. Collins, S. A. Bower, John Donaldson.

## FROM ABRAHAM TO ALLENBY

In the Book of Genesis it is told how Abraham dug "the Well of the Oath" at Beersheba, and from time immemorial the Bedouins have watered their flocks from the wells of Beersheba. The occupation of Palestine has brought twentieth-century methods to the oldest country in the world, and Abraham's wells are now equipped with modern pumps.

What is expected will be a most enjoyable dance is to be held at the home of Mr. and Mrs. J. Elliot Smith on Friday evening of next week, the object being to raise funds for the erection of a golf-house at the Ken-Wo Club grounds. Music will be furnished by a good orchestra and everything possible will be done to make a pleasant time for those who attend. Jackson's livery will furnish cheap and satisfactory transportation to and from Mr. Smith's residence.

## School Board

### Holds Meeting and Organizes-- Cost of New School Building

There was a meeting of the School Board at the Council Chamber on Monday evening, at which all the members were present. This was the first meeting of the new Board and on motion Dr. Leslie Eaton was elected chairman. The principal item of business was in connection with the new school building and a number of bills with Architect Fair's statement were read. Mr. Wright's bill of extras amounting to \$1492.50. It was ordered that the amount due the contractor amounting to \$3551.54 be paid less \$500 to provide for certain work yet unfinished.

The entire cost of the new building is placed at \$42,429.81, with a further of \$439.17 for the retaining wall at the south of the building and grading. Mayor Sutherland suggested that this latter expenditure should not be charged to capital but placed in the estimates to be discussed for this year.

The whole amount to be realized from the sale of bonds now authorized will practically pay for the cost of the building, less the cost of grading, etc. The bonds so far issued were disposed of at a loss of about \$700, but it is hoped that the new issue, to cover the temporary loan, will sell at par or over.

## NOTED BOER DIES

General Christian DeWet, who led the Boer forces during the South African war, is dead. He had a very notable career.

## CLINIC ITEMS

Dental Clinic, Friday, Feb. 17, at Kentville Academy.

Tuberculosis Clinic at Clinic Rooms, Kentville, Friday, Feb. 24, commencing at 2 p.m.

A healthy body is the best protection against the tubercle bacillus or any other disease breeding germ. Therefore keep well by observing the following rules:

Live, work and sleep in rooms flooded with fresh air and purified by sunlight every day. See that your sleeping room is thoroughly ventilated. Use good, pure nourishing food and thoroughly masticate what you eat. Cultivate cleanly, temperate and regular habits of living. Avoid breathing dust-laden air. In sweeping and dusting use a moist broom or duster. Don't spit on the floor of the dwelling, shop, school, public building or on the sidewalk. If you have a cough do not resort to quackery, but consult a physician or go to a dispensary. Make full use of good food, fresh air and rest. Live as much as possible in the open air, and have your sleeping room always thoroughly ventilated.

For the protection of others, when sneezing or coughing, hold a handkerchief before your face.—Canadian Association for the Prevention of Tuberculosis.

## GIVES \$200 TO ACADIA UNIVERSITY

Professor K. T. G. Webster, of the English Department, Harvard University, has given two hundred dollars to Acadia University, to buy books for the Logan collection of Canadian and two prize essays, in recognition of the work, as his note says, "of my old classmate, Dr. J. D. Logan, and Acadia University in promoting the study of Canadian literature."

Prof. Webster, who is a Nova Scotian, married a granddaughter of Ralph Waldo Emerson.

## Windsor Wins The Western League

### Defeated Wolfville Five to One in Clean Fast Game Of Hockey

WINDSOR, N. S., February 13.—In what was the fastest and most interesting game of hockey ever played in the Windsor Rink, the Windsor speed boys tonight defeated the Wolfville team 5-1 in the final game of the league. Wolfville needed a win tonight to tie with Windsor for first place, but the Windsor team outplayed and outskated the visitors in every stage of the game. The visitors were minus two of their regular players, but their substitutes turned in a good brand of hockey.

A feature of the game was the clean way in which the teams played, both realizing that men in the "cooler" naturally weakens their team, and both teams were out to win, and Mr. W. Wonnacott, of Halifax, had no trouble in keeping the game clean.

The first period opened with a spurt, and the visitors' defence had to indulge in long shots to keep their goal clear, until they sized up the locals' style of play, but in just exactly seven minutes F. Poole scored from a mix-up in front of the goal and in just three minutes more the same player bagged Windsor's second tally from a pretty shot from the wing. After the face-off the puck was carried to the Windsor goal, but Smith was on the job and made some wonderful stops until W. Kennedy scored the first tally for Wolfville from a mix-up in front of the goal. This put a little heart into the visitors, but the period ended with no further scoring.

The second period opened a little slower, the speed telling on both teams somewhat, but before the period ended S. Macdonald made some nice rushes to the visitors' front door, only to be blocked by Eagles, who got one of the best exhibitions of net guarding seen here for years.

After the puck see-sawed from end to end J. McDonald netted number one for Windsor, which ended the scoring in this period.

The third period opened at top speed, with the visitors forcing the play, and the local goalie stopped some shots that looked like sure counters, but this lasted only a short time, when McCann got the puck from a mix-up at cover point and carried it to Eagles, and beat him for another score. Shortly after this Moshier passed the puck out from the corner to McCann and Vic scored number five and the final goal of the game.

To pick a star from either team would be difficult, but the net guarding of both teams was exceptionally fine, and both men received the applause of the 600 spectators on different occasions, and the rushes of McCann and S. McDonald also brought the fans to their feet several times.

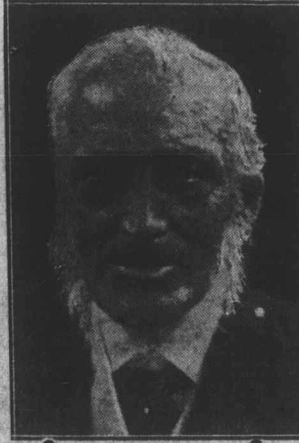

The line-up:  
**Windsor.** Goal F. Eagles  
Defence G. Smith, S. McDonald, V. McCann  
Forwards W. Singer, J. McDonald, F. Poole  
Substitutes E. Moshier, J. Hughes, F. Clarke  
W. Wonnacott refereed impartially.

## BOARD OF TRADE

The annual meeting of the Wolfville Board of Trade, which is to be held at the Council Chamber on Tuesday evening of next week should have the attendance of every citizen interested in the prosperity of the town. A number of important matters will be discussed including proposed harbour improvements. Officers for the coming year will be elected. It is hoped that every one who can possibly do so will make a point of being present.

One of the earliest railways in Canada was one built and used in 1830 at Quebec for the conveying of stone from the wharves to the top of Cape Diamond for the construction of the Citadel. It was an incline railway and was worked by a stationary engine.

## REV. J. H. JEFFERIE

Of Oakville, Ont. who will be 100 years old on February 15th. He is said to be the oldest Methodist minister on the continent. Coming to Canada from England in 1847, he preached for many years around Kingston, Gananoque and in Halton Co. In 1874 he was superannuated and took up a small farm near Oakville.

## Monday Night's Fire

### Kent Lodge Suffers From Conflagration

Kent Lodge, a valued landmark of Wolfville, and one of the oldest buildings in town, was badly damaged by fire on Monday night. The alarm was rung in at about 10.30 when the attention of one of the occupants returning from the rink was attracted by the smell of smoke on entering the building.

The fire was in the tower room and the firemen, who responded quickly to the alarm, had great difficulty in getting at it. The flames spread to the roof, which was burned through in many places while the interior of the building was badly damaged by smoke and water, and is practically a wreck. The firemen worked hard and by one o'clock had the fire out, having confined it largely to the new portion of the building.

Kent Lodge was the home of the late Judge DeWolfe, and was erected over one hundred and fifty years ago. The Duke of Kent stopped here when passing through the country in old coach days, and gave the place its name.

The property was purchased over fifty years ago by the late W. H. O. Haliburton and was his residence until his death. It was afterwards for a number of years used as a summer boarding house, and was a most popular resort for tourists. The house was well conducted by Mr. Haliburton's daughter, Mrs. Laura Haliburton Moore, who over twenty years ago made the large addition to the old building.

This work was very carefully superintended by Mrs. Moore and her brother, the late Captain Haliburton, and no expense was spared in making a good job. While the work was in progress it was discovered that the walls of the old building were lined with brick and the timbers and lumber used in its construction were of the quality used in bygone days.

Kent Lodge was purchased a few years ago by Acadia University, and has been used since as an overflow residence for Acadia and College students. It had about fifteen occupants at the time of the fire, and the belongings of these were mostly saved. The loss was covered by insurance.

Messrs. E. H. Johnson and A. M. Wheaton entertained a large company of gentlemen friends at the Parish Hall last evening. The guests were given a hearty welcome and Auction Bridge furnished pleasant amusement for the greater part of the evening. Mr. I. E. Calkin and Dr. C. E. A. de Witt were the prize-winners.

Bountiful refreshments were served after which story-telling and music and a real social good time was participated in. Messrs. Johnson and Wheaton proved ideal hosts and made a most enjoyable evening for their guests.

The young people of St. John's Church intend holding a dance at the Parish Hall on Wednesday evening, Feb. 22. Excellent music and a good floor is provided. Everybody come.

## Civic Club Meeting

### Citizens Assemble and Discuss Matters of Community Interest

Owing to the many social and business engagements which demand the attention of Wolfville residents it is exceedingly difficult to arrange a meeting convenient to the great bulk of our citizens. Those responsible for the meeting of the Civic Club on Tuesday evening were disappointed in finding that their well laid plans had gone amiss and that as usual many who would have liked to be present were prevented by other engagements.

However, at the appointed hour quite a number of interested citizens assembled at the Council Chamber, and the meeting which followed was an interesting one and it is hoped the outcome may be for the betterment of the community generally.

The president made a brief address in which he referred to the object of the meeting and the work of the Civic Club in general, after which Dr. Coit, Chairman of the Town Improvement Committee, was called for a report. Dr. Coit referred at some length to the fact that no School Exhibition was held last year and the importance of this institution to the community. He also suggested that an effort be made to improve the condition of the school-grounds and that this be made to include the planting of flower-plots, etc., in order to interest the youthful mind. He also referred to the need of improvement in the condition of the street and grounds adjacent to the railway station and at the "bridge."

Considerable discussion followed, it being the unanimous opinion of those present that the School Exhibition should be continued this year on a larger scale than ever. The report of the committee was adopted and Dr. Coit and his committee were requested to select a committee of citizens who would be willing to be responsible for the carrying on of the Exhibition, and report to another meeting to be called shortly for the purpose of considering the undertaking.

Dr. Elliott, Chairman of the Committee on Civic Education, presented a brief report in which he forecasted some interesting events to take place during the winter under the auspices of that committee.

The suggestion made by THE ACADIAN some weeks ago regarding the widening and safeguarding of that section of Gaspereau avenue, south of the junction of Willow avenue was brought up by Dr. Elliott and favorably spoken on by a number of those present. It was finally decided that Dr. Elliott be asked to represent the Civic Club at the next meeting of the Council and ask that this important matter receive consideration, in the interest of public safety.

## ACADIA DEFEATED SYDNEY ACADEMY

Acadia Academy defeated Sydney Academy at the Evangeline rink on Tuesday, in a fast and well played game of hockey by the score of 5 goals to 2. The game produced splendid hockey from start to finish and was one of the best School games seen here in years. Acadia had a slight advantage but for the most part the game was very evenly contested. Gilroy of the Acadia team was the star, getting three of their goals. Tupper got one, and McLean got one. G. Bushey netted both the Sydney counters after some pretty stickhandling. H. Fraser of the Wolfville A. A. C. refereed to the satisfaction of both teams.

The line up:  
**Acadia Academy**—Goal, C. Hickey; defence, R. MacLean, N. Mellish; forwards, Tupper, Gilroy, Morrison; subs., Pritchard, Philips  
**Sydney Academy**—Goal, Lewis; defence, W. Bushey, Wilson; forwards, E. Wilson, Ferguson, G. Bushey.

## BORN

ARCHIBALD.—To Mr. and Mrs. Leon Archibald, at the University of Minnesota, Minn. On Feb. 9, 1922, a daughter, Ane Lenore.

ARCHIBALD.—To Mr. and Mrs. J. Russell Archibald, at Wainipeg, on Feb. 9, 1922, a son.

**W. C. T. U. Notes**

Women's Christian Temperance Union first organized in 1874.

**AIM**—The protection of the home, the abolition of the liquor traffic and the triumph of Christ's Golden Rule in custom and in law.

**MOTTO**—For God and Home and Native Land.

**EMBLEM**—A knot of White Ribbon.

**WATCHWORD**—Agitate, educate, organize.

Let us not judge one another any more but judge this rather, that no man put a stumbling block or an occasion to fall in his brother's way. *Rm. 14 : 81.*

**OFFICERS OF WOLFVILLE UNION:**

President—Mrs. J. G. Elderkin.  
1st Vice President—Mrs. W. O. Taylor  
2nd Vice President—Mrs. G. W. Miller  
Recording Sec'y.—Mrs. Ernest Redden  
Cor. Sec'y.—Mrs. Roy Jodrey.  
Treasurer—Mrs. H. Pineo

**SUPERINTENDENTS**

Evangelistic—Mrs. William Chipman  
Parlor Meetings—Mrs. D. G. Whidden  
Laborer Work—Mrs. J. W. Vaughn  
Fishermen and Lumbermen—Mrs. W. E. Fielding.

Press—Mrs. M. P. Freeman  
Willard Hall—Mrs. M. P. Freeman

Temperance in Sabbath Schools—Mrs. C. A. Patriquin.

Business meeting of the W. C. T. U. the last Monday of every month

**NOTICE**

To W. C. T. U. Members—and others

Now our civic obligations have been discharged our minds are at rest and we can return to our W. C. T. U. duties with fresh zest. I would urge upon our members the privilege of helping on the Department of our work designated "Willard Hall" in our W. C. T. U. Column. This very mis-leading appellation simply means surprise Soap wrappers. For the benefit of the uninitiated I might say that "Willard Hall" is the name of the Canadian W. C. T. U. Headquarters, located at Toronto where all our Surprise Soap wrappers must be sent by our agents in Ontario and the Maritime Provinces.

At the risk of repeating previous explanations it would be well to state here that the proprietors of The Surprise Soap Company have generously offered to pay 50% on all soap coupons sent back to them by our W. C. T. U. Unions. A fund raised in this way helps to pay the salary of a woman (called "Travellers' Aid") at the Railway stations at Toronto who is expected to look after girls, children, or unprotected women, and render them what assistance is needed.

So please forward as soon as possible your Surprise Soap wrappers to Mrs. M. P. Freeman, at Miss Harwood's Apartments, Main St., who is the only authorized W. C. T. U. agent for Wolfville, P. O. Box 34.

**CHARACTER BY THE MONTH**

If a girl is born in January she is a prudent housewife, given to melancholy, but good tempered.

If in February, a humane and affectionate wife and tender mother.

If in March, a frivolous chatter box, somewhat given to quarrelling.

If in April, full of life and activity, quick tempered and sometimes extravagant.

If in May, handsome and likely to be happy.

If in June, impetuous, will marry early and be frivolous.

If in July, passably handsome, but with a sulky temper.

If in August, amiable and practical and likely to marry rich.

If in September, discreet, affable and much liked.

If in October, pretty and coquettish, and likely to be unhappy.

If in November, liberal, kind and to a mild disposition.

If in December, well proportioned, fond of novelty and extravagant.

**A JUBILANT JUNILEE**

"Some years ago," says an American who used to live in London, "before Queen Victoria's death and about the time the queen's jubilee was to be celebrated, there was overheard this conversation between two old Scotchwomen on a street corner: "Can ye tell me, wumman, what it is they call a jubilee?" "Weel, it's this, said the other. 'When folk has been married twenty-five years, that's a silver wuddin'; and when they have been married fifty years, a golden wuddin'. But if the mon is dead then it's a jubilee."

What's the use of telling a pretty girl how pretty she is? She knows it.

Nobody yet has ever been mean enough to take a snapshot picture of a girl getting off a moving streetcar backward.

Minard's Liniment for Coughs and Colds.

**STAR OF "THE KID" INIMITABLE IN "PECK'S BAD BOY"**

Equalling if not surpassing, his wonderfully successful performance in "The Kid," Jackie Coogan, six-year-old marvel of the screen, gives a truly delightful and refreshing characterization in the title role of "Peck's Bad Boy," which opens an engagement at the Opera House, for Wednesday and Thursday.

The production, as a whole, is a splendid accomplishment. The most amusing and interesting episodes from the celebrated works of the late Governor George Peck, have been incorporated in the screen version. The subtitles, which were written by Irvin S. Cobb, fairly snap with the brilliant humor of that clever writer, and Jackie Coogan's interpretation of the part of the mischievous youngster who is constantly getting himself and others into trouble is one of the most pleasing contributions that anyone—man, woman or child—has yet given to the screen.

In "Peck's Bad Boy" Jackie Coogan is the same sprightly, lovable little chap that he was in "The Kid." In some ways he may be a little naughtier, but he gives a portrayal of a real boy who inspires his shortcomings, wins the sympathy of all.

"Peck's Bad Boy" is brimming over with laughs and is the conveyor of not a few thrills. It is a credit to the whole motion picture industry, and a genuine triumph for the child star. It is a picture that all should see.

Jackie Coogan has excellent support in this picture. Doris May plays the role of the "bad boy's" sister. Wheeler Oakman is the Man in the Case. James Corrigan portrays Pa Peck, while Lillian Leighton is seen as Ma Peck. Raymond Hatton is the village grocer; Charles Hatton, Jackie's Buddie; Baby Gloria Wood, Jackie's "affinity," and, yes, "Tar Baby" is Jackie's dog.

"Peck's Bad Boy," one of the finest First National attractions released this season. On Mon. and Tues., Feb. 20-21. Patrons will be pleased to know we are showing Zane Grey's popular story "The Riders of the Dawn," taken from the book "The Desert of Wheat."

"Riders of the Dawn" is full of action from start to finish, a story that will hold the interest until the last foot of film is shown. Friday and Saturday we can especially suggest your attention to Dorothy Gish in a real, live, snappy comedy, "The Ghost in the Garret," full of real comedy and something unusual and different. Following "The Ghost in the Garret" is Harry Lemon in the Comedy "The Stage-hand," a peep behind the scenes with that great Comedian insures you of a barrel of fun.

**HOUSEHOLD HINTS**

To clean mica in stoves, use warm vinegar.

To make a faded dress perfectly white, wash in boiling water, to which cream of tartar has been added.

Chair bottoms that have sagged may be made as tight as ever by washing them with hot water and leaving them to dry in the open air.

To rid the house of flies, place large vases of sweet peas around. The flies will either escape or become intoxicated and fall, and can be easily swept up.

**IS THIS FOR YOU? HOW MUCH OWEST THOU?**

Perhaps many of our good subscribers do not realize that one of the most difficult things to deal with is the matter of getting in our subscription accounts. Newspapers are payable in advance, but large numbers neglect to pay. Perhaps this is due to the smallness of the account or to the smallness of the good natured, easy belief that the paper does not need money. Now when we tell our subscribers that in all the years we have been in the newspaper business it never cost more than it does to-day to get out the paper over twice as much as it used to cost, and we need thus money now on our books to pay the printers.

We are trying our best to publish a good paper every week, and we are therefore entitled to ask all our subscribers to pay up and make the financial path of the Editor clearer.

All we need is for our subscribers to pay their paper promptly. Let it be a case of good will all around. Now subscribers the prompt payment of overdue subscriptions will show that our confidence in you is not misplaced, so send or bring in what you owe at once and so make others happy and be happy yourself in the year 1922.

**BETTER WORKS NEEDED**

Father O'Leary was off to catch the Dublin express and on the way to the station he met the bishop. "Well, what's your hurry?" said the bishop.

"It's the Dublin express I'm after, your lordship," replied Father O'Leary.

The bishop pulled out his watch "Well," he said, "there are seven minutes yet. Let us walk together and both catch it."

They arrived at the station just in time to see the train steaming out.

"Do you know I had the greatest faith in that watch, O'Leary," said the bishop.

"Yes, my lord," replied O'Leary, "but what is faith without good works?"—Answers.

**AGES OF BIRDS**

An investigation has been made into the subject of the longevity of birds. With one notable exception, the carrion, or meat-eating birds are the longest lived. The exception is the swan. The average ages of some of the best-known birds are given in the following list: Blackbird lives 12 years; black cap, 15 years; Canary, 24; crane, 24; crow, 100; eagle, 100; fowl (common), 59; lark, 13; linnet, 23; nightingale, 18; parrot, 60; partridge, 15; peacock, 24; pelican, 50; pheasant 15; pigeon, 20; raven, 100; robin, 12; skylark, 30; sparrow-hawk, 40; swan, 100; thrush, 10; and wren, 3 years.

Ontario's hydro-public ownership is the largest public ownership scheme in the world.

This would be a quiet and peaceable world were it not for the movements of the under jaw.

**FITS** Stinson's home treatment for epilepsy. Twenty years' success. Thousands of testimonials. No case should be considered hopeless. Write immediately for free booklet. **Wm. Stinson Remedy Co., of Canada** 2611 Yonge Street, Toronto, Ontario

**HOME TOWN PAPER**

Of course, the whole family reads the "Home Town Paper." The whole family wants to know the happenings of the community; wants to read the news about what the people they know for miles around are doing.

The "Home Town Paper" is a complete history every year of you and your neighbours. It tells of the comings and goings, the births, the marriages, the joys and the sorrows—all the event that go to make up community life.

History? Why, the average "Home Town Paper" contains at least TEN THOUSAND NAMES in the 52 weeks of any year! Just reflect a bit and realize what that means. If you sat down and read a voluminous history of the whole world from the birth of creation, you would not find that many names in it. And yet the "Home Town Paper" makes a regular yearly custom of printing ten thousand names and sometimes twice that number.

The "Home Town Paper" is a sedative, a tonic to the nerves, a relief after hard work with hand and brain, an entertainment to you, your wife, your son and your daughter.

Have you subscribed to THE ACADIAN? If not, do so today.

And too, we need your support and hearty co-operation if we are to succeed in making your "Home Town Paper" all we desire it to be.

The young man who taught her to swim last Summer is now teaching her to skate and hoping that the ice is strong enough so that he won't have a chance to find out whether the swimming lessons were effective.

**"Saved My Little Girl!"**

Mother tells how her little Ethel's life was saved.

That is what one woman wrote us recently, and then she goes on to say:— "Ethel who is just past eight, caught a bad cold last August. The child is of a highly strung, nervous temperament and could not be kept quiet in bed. We tried everything we could think of to cure her cough. But, the cough became worse and from a rosy, healthy, sturdy girl she became pale and thin. Nothing we did seemed to stop the cough and by this time regular spasms of coughing had developed. These coughing spells left the child weak and completely tired out. I believe that in a short time the cough would have reached the child's lungs. After trying everything I could think of, I saw an advertisement for Carnol, saying that this preparation would build one up. I got a bottle from the druggist and before it was half finished my little girl had almost completely shaken off her cough. Her cheeks began to get back their old colour. She started to put on flesh again and would run and play all day without being tired. Today, after having taken two bottles of Carnol, she is looking and feeling better than she has ever felt in her life."

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle and he will refund your money.

**HOUSEHOLD HINTS**

Moisten fruit stains before washing, with camphor, and they can be easily removed.

To clean white enamel, rub it well with common baking soda, then wash with hot soap suds.

Roll raisins in a little melted butter, before putting them into cake, and they will not go to the bottom.

Roast beef to be used cold will be kept moist and tender if wrapped in a clean damp cloth before putting away.

Boil hooks and eyes in strong soda water before sewing them on garments and they will not rust.

Sprinkle a few drops of kerosene on a broom a little while before sweeping and there won't be as much dust.

When washing lettuce or greens of any kind, put a tablespoon of salt into water and the dirt and grit will go to the bottom of the pan.

To get the real flavor of the real country boiled dinner the vegetables should, with the exception of the beets, be boiled in the same kettle with the piece of pork or beef used.

The turnip should be put in to cook first, then the cabbage, the potatoes will not take as long. Allow plenty of time for the beets, also.

There should be a larger proportion of potatoes and beets than of the other vegetables, the potatoes for hash, and the extra beets to slice and put in vinegar.

In making the hash, omit carrots and meat, and heat in the liquor in which the vegetables were cooked, instead of frying with pork. Serve hot with hot biscuits and the pickled beets.

The liquor in which the vegetables were cooked is very nutritious and many like it to eat on the potatoes at the first meal, as a gravy.

To give your pickle, particularly the sweet cucumber pickles, a delicious flavor, put small pieces of horse radish root on top. It does not make them sharp, but gives them a fine flavor.

Save your wall paper sample books for the children to use in making kindergarten chains, book covers, dresses for paper dolls, tops for old candy boxes and many other things.

For cleanline cooking utensils secure a 10 cent metal mitt. This is made of copper wire woven in to cloth or twine, and shaped so that the hand may be slipped into it. As a time and temper saver it is the best thing of its kind that I know.

For chopping potatoes to warm, use edge of a round baking can, in the bottom of which a few holes have been broken. It saves the time and bother of using a meat grinder.

Clean oilcloths with milk and water; a brush and soap will ruin them.

Silver should never be washed with soap if you wish to retain its original luster. When it requires polishing use a piece of soft chamois and whiting, and rub hard.

When washing a red linen tablecloth, put enough powdered borax into tepid soft water to make it feel slippery. Use no soap. Put a small quantity of boiled starch into the warm rinse water. Hang in the shade and iron when almost dry.

To take the shine from clothes, rub gently with the finest emery paper. It is also good for cleaning white felt and corduroy hats.

The little girl travelling with her mother on a street car, was suddenly heard to say to the man next to her: "Da Da." Her mother said: "No, dear; that is not your daddy; that's a gentleman."

 OFFICE OF DISTRICT SUPERINTENDENT,  
 POSTAL SERVICE,  
 Halifax, Jan. 30, 1922.

**THE MAN IN THE MOON**

Observations made from August, 1920 to February, 1921, by Prof. William Henry Pickering, of Harvard, who is one of the world's leading astronomers and an authority on lunar and Martian phenomena, tend, he asserts, to prove beyond doubt that life exists on the surface of the moon. The professor bases his assertions on a series of telescopic photographs of a crater with a circumference of thirty-seven miles. Hundreds of photographic reproductions have it is stated, proved irrefutably the springing up at dawn, with an unbelievable rapidity, of vast fields of foliage, which come into full blossom just as rapidly, and which disappear in a maximum period of eleven days. The plates also show that great blizzards, snowstorms and volcanic eruptions are frequent. "We find," says the professor, "a living world at our very doors where life in some respects resembles that of Mars—a world which the astronomical profession has in past years utterly neglected and ignored."

**THE HOME MERCHANT**

Mid pleasures and palaces though I may wend, I find the home merchant a much-valued friend. . . The mail-order catalogue woos me in vain, for to pay-without-seeing may bring me a pain. . . The home merchant credits till pay-day arrives,—he knows all the whims of his friends and their wives. His overalls wear like the buck-skin of old,—his buttons ain't brass, if he tells you they're gold! Of every community he is a part, and even the kid know the path to his heart. He boosts for the chapel, the lodge and the school,—"Community uplift" is ever his rule. . . And even the baseball and basket-ball teams, look kindly on him, in their athletic dreams. . . I'd rather have him at my elbow each day than to deal with a shark many furlongs away. . . Let's make the thing mutual, and stand by our friend,—there's no place like home, for the money we spend!

**HUGE APPLE TREE**

At Meeth Gardens, Helston, Cornwall, England, is a remarkable apple tree planted over seventy years ago. It needs a thirty-five stave ladder to reach the top branches and the tree is dome shaped, with branches reaching to the ground. When underneath the tree it looks like a room capable of holding over 200 persons. It is reported to be the largest apple tree in Cornwall, Devon and Somerset, and this season was loaded with fruit of very fine quality estimated to weigh over two tons.

Horace Greeley told this story of himself: "Soon after he went to learn the printing trade he went to see a preacher's daughter. The next time he attended meeting he was considerably astonished at hearing the minister announce his text: "My daughter is being grievously tormented with a devil."

**A MARK TWAIN STORY**

The famous American humorist once edited a paper, and in answer to a subscriber who told him that he had found a spider in his copy and asked if it was a lucky sign, replied: "Finding a spider in your paper was neither good luck nor bad luck for you. The spider was merely looking over our paper to see which merchant is not advertising, so that he can go to that store, spin his web across the door and lead a life of undisturbed peace ever afterwards."

**HOW HE KNEW.**

Here's a bit of real boy. Archie aged five, had found a cat and given it the name of "Mary." "How did you find out that it's a girl cat?" asked his grandmother. "Well," replied the youngster, "I saw her washing her face and she washed her ears and she washed behind her ears, and nobody but a girl cat would wash behind its ears."

**FUNNY ADVERTISEMENTS**

(From the Annprior Chronicle) The weekly newspapers do not contain all of the funny advertisements. Most of us know that Torontoians were a hungry lot, but a Toronto newspaper tells it to the world in the following advertisement:—"A lady, living privately, will take a gentleman for breakfast and dinner." Those Toronto boarding-house ladies have voracious appetites.

**HOW IT'S DONE**

Two Irishmen were being shown round a colliery for the first time. When they saw the coal coming up the shaft from the pit, Mike remarked to his companion: "Shure and I'd loike to see the men who put those great lumps of coal in the skips. They must be terrible strong." "Don't be absurd," said Pat. "Why it's that dark down there they can't see what they're lifting."

In connection with Summer Tourist Travel which promises to be exceptionally heavy in 1922, Dominion Atlantic Railway solicits particulars from persons with farm house, private home, hotels, bungalow or log cabin accommodation for visitors, which must be at hand not later than February 20th 1922. Write General Passenger Agent, Dominion Atlantic Railway, 117 Hollis Street, Halifax, N. S. for proper form.

God looks not at the oratory of your prayers, how eloquent they are; nor at their geometry, how long they are; nor at their arithmetic; how many they are; nor at their logic, how methodical they are; but He looks at their sincerity, how spiritual they are.

Even the superlatively pretty girl ought to think occasionally of something besides herself.

**THE JOY OF TRAVELLIN'.**

Every bend in the road brings a vision of joy to the heart that's in tune with the ride; the reward measures up to the means we employ, as we treasure the things that abide. . . And the distance we go, as our vision expands, lends judgment with wisdom replete, if we pause not to wait at the uncertain sands, which cumber the way-farer's feet.

So onward and upward we travel each day, unconscious of shadder or tears. . . While the starshine of love adds its wealth to the way, and ripeness gives strength to the years. . . When wisdom encounters the bend in the road, no grim disappointments ensnare,—'Tis only the weakling that bends from his load, or sinks in the sands of despair.

It is possible to get a great reputation for wisdom by giving people the kind of advice they want.

If nobody were extravagant, some fortunes wouldn't grow up so quickly as they do.

If a girl has a shapely arm, why shouldn't she look at her wrist watch every little while?

The employee who is fired with enthusiasm is seldom fired by the boss.

**Your Estate**  
 There is but one certain way of having an Estate, and that is through life insurance.  
 Canadian Government figures recently compiled show that out of 107,109 persons who died in one year, 100,031 left estates of less than \$10,000. The vast majority left nothing.  
 This fact, that 93% of persons at death leave practically nothing, makes clear the necessity for Life Insurance.  
**Creating Your Estate**  
 THE CANADA LIFE will guarantee to provide at your death an Estate which is twenty or thirty times greater than the amount of your annual deposit with the Company. And if you live—  
 Every dollar of regular annual deposit will be returned at the end of twenty years, and substantial dividends will be paid at intervals.  
**Our "Capital Return" Policy**  
 1st. Deposits are made yearly. This is what you are saving, and at the end of 20 years the Canada Life guarantees the return of every dollar paid in.  
 2nd. Your life is insured from the day you make the first deposit—for \$5,000, or whatever amount you decide.  
 3rd. Dividends are paid at stated intervals in addition to the return of all deposits at the end of 20 years.  
 4th. These dividends may be used to increase the amount of your insurance, or be allowed to accumulate at interest for 20 years.  
 5th. The cash value of Policy and Dividends represents a valuable asset, useful in business, and your "estate" is protected by the insurance.  
 6th. At the end of Twenty Years you can draw out all you have paid in, along with the accrued dividends—  
 you can draw a Special Cash Guarantee, together with the Accumulated Dividends, making a substantial sum, and leave the \$5,000 Policy fully paid for and continuing to earn Dividends as long as you live—  
 this Special Cash Guarantee may be applied to increase a \$5,000 policy to more than \$7,500.

**DAVIDSON BROS., Printers and Publishers**  
Members of the Canadian Weekly Newspaper Association.

Subscription Rates—In British Empire, in advance, \$2.00 per year. To U. S. A. and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

## A WHOLESOME REGARD FOR LAW

It was no less an authority than Socrates who enunciated the principle that a good man should obey the laws of the state, even when he suffers by them. At various times through the centuries the correctness of this principle has been challenged, but it has generally commended itself to the moral consciousness of the best men.

It is a matter for sincere congratulation that the consensus of opinion among us runs strongly in favor of the high doctrine of the Grecian sage. People are coming to see more and more clearly that nothing can excuse disobedience to law. It has become thoroughly ingrained in the consciousness of British peoples that law must be obeyed at all hazards, even when obedience seems to work injustice to the individual. This respect for law has been developed and maintained in our country because of the unquestioned integrity of our law-makers, judges and magistrates, and also because of the privileges accorded our citizens to amend or repeal any law savoring of injustice.

It will be a sad day for this country when there shall develop in any general sense a disregard for Law. Of course there are all ways those among us who think laws are made to be broken. But happily for our Canadian commonwealth, that class of citizens are in the vast minority. One can not help feeling, however, that disregard for law is sometimes encouraged by those in authority failing to call for the strict enforcement of statutes which regulate the life of the community. This too often begins in the home. Rules are there laid down for the conduct of the family and penalties are stipulated for the breach of such regulations. Some members of the family break one or more of these laws and the penalties are not exacted by the indulgent parents, who think they are doing the child a kindness. The thing occurs again, and the child grows up with the idea that if he can violate laws of the home with impunity, he can, therefore, disregard them in the larger field of life. He goes out into life with a wrong idea of citizenship and will sooner or later find himself in conflict with the strong arm of authority which he cannot evade or soften like that of his fond parent, who, in the name of kindness, teaching his child to disregard law, has done him the greatest possible harm. The same applies to civic discipline. A bye law is upon the statutes. It may be as

simple a by law as that of coasting upon the public streets. The law is violated, not with any vicious intent, but purely in the spirit of playfulness. The violation does two things, first, and most obvious, it endangers the lives of the coasters and those they may chance to run into; and, secondly, the violators, innocent as they may be, are all too apt to reason: "If we can do this and get away with it, what is there to prevent us breaking other laws?" The blame in such cases rests not so much with playful youngsters, as with those in authority who wink at their violation of law. What we plead for is that our children and young people in home and school and in all relations of life be so environed as that they shall come to the fullness of their citizenship with a wholesome regard for law. This is what Canada has a reputation for in other countries and we should seek to live up to our reputation. Only last week the Chicago JOURNAL said editorially: "Our neighbor, Canada, sets us a good example of administration of law. The result is a wholesome regard for law throughout the whole country." We could wish that the words of that influential journal were more strictly true. In any case, it is the goal for the attainment of which we should all unceasingly strive.

## OUR CIVIC GOVERNMENT

The time is fast approaching, if it has not already arrived, when the citizens of Wolfville should be considering the question of some slight means of compensation for those who are gratuitously giving of their time and energy for the conducting of civic affairs. True, it is in some respects an honor to be called upon to assume the control of public office and entrusted with the government and well-being of one's fellows. This in a slight way compensates for criticism received in exchange for time lost from private duties. As a people, we are slow to show our appreciations of public services and it is time we gave some evidence of a change of heart in this respect. Ex-Mayor Fitch recently retired after a goodly number of years spent at the Council board in the respective capacities of Councillor and Mayor but no public manifestation was shown of the event, and other citizens have had a similar experience. If we are to continue to receive good service from our fellow townsmen, we must as citizens be willing to do our part. The position of Mayor is

an especially trying one, as the responsibility for the whole machinery of town government is practically upon his shoulders. This office, if the duties are to be properly done, makes heavy demands upon the person honored by the position and it is only fair that some compensation be made. If some action towards the providing of such indemnity was made it would undoubtedly make it easier for us to secure good men and ensure a more careful supervision of the different departments of town government. Citizens will do well to keep this matter in mind and consider well the advisability of such a change as is suggested. In the meantime, let us bear in mind that our civic rulers are placing us under obligations to them and that their sacrifice of time and energy in the public welfare deserves commendation.

We are unable to publish the communication signed "We and Us" because the writer has failed to comply with the condition requiring that the name should accompany the communication as a guarantee of good faith. The matter referred to, deserved attention, however, and we have placed the letter in the hands of the chairman of the Police Committee, who will undoubtedly take immediate steps to have the nuisance complained of done away with. We thank our unknown correspondent for the suggestion.

## VALENTINE PARTY

The Junior Philathea Class, with their teacher, Mrs. J. G. Elderkin, held a very enjoyable Valentine party for the mothers of the girls, last Saturday evening, February 11, in the Ladies' Parlor of the Wolfville Baptist church. The room was very prettily decorated with hearts and kewpies, and an open fire made it very cosy. When all had arrived the president gave a short address of welcome, after which there was a musical programme by the girls, followed by games, in which all took part, amid much laughter. Later dainty refreshments were served the girls proving themselves ideal hostesses.

## FOR PERSONAL USE ONLY

A small boy who was sitting next to a very haughty woman in a crowded car kept stuffing in a most annoying way until the woman could stand it no longer. "Boy, have you got a handkerchief?" she demanded. The small boy looked at her for a few seconds and then in a dignified tone came the answer: "Yes, I 'ave, but I don't lend it to strangers."

## ON ST. VALENTINE'S DAY

St. Valentine's Day is named for a Christian martyr who was arrested at Rome during the reign of Emperor Claudius II and he was supposed to have received his doctrine from a pupil of the Apostle Paul. Having no particular talent, and wishing to live a useful life he spared neither time or money in helping his fellow men. To the poor especially he gave gifts, according to their needs, and always anonymously. He was, however, after a long imprisonment, beaten with clubs, and finally put to death on Feb. 14th, 270, A.D. For many years it was the custom for people to place flowers on his shrine.

The Feast of the Lupercalis took place about the same date, and it was the custom for the young people of both sexes to gather together for the purpose of drawing names from a receptacle. A gentleman would draw a lady's name, and he was then supposed to be her lover for the next twelve months. For a time this necessitated the giving of costly gifts to each other, then later it was proper for the gentleman only to give the gifts.

To commemorate the good deeds and a loving thought of this beautiful man, St. Valentine, it was decided to honor the day of his martyrdom by combining it with the giving of love tokens, as at the Feast of the Lupercal. Thus we send loving messages to our dear ones, and call them Valentines. Let us not permit this beautiful custom to be abused, or fall into disuse. Let every Valentine we send be given in the spirit of St. Valentine.

F. FAYE HAINES, A. L. S.

## THE MEANEST MAN

Eleven years have passed since Mark Twain died, and the greatest tribute to his genius is that no humorist had arisen to take his place. Opinions differ as to which was his funniest story, but there are those who think that his yearn about the meanest man is not easily beaten. "The meanest man I ever knew," he said, "lived in Hannibal. He sold his son-in-law the half of a very fine cow, and then refused to share the milk with him, on the ground that he

had only sold him the front half. The son-in-law was always compelled to provide all the cow's fodder, and to carry water to her twice a day. Finally the cow butted the old man through a barbed wire fence, and he sued his son-in-law for damages."

The first monument erected by the Dominion Parliament was that to the memory of Sir George Cartier, one of the Fathers of Confederation. It stands on the terrace near the western end of the Houses of Parliament, Ottawa.

**Items Of Local Interest**

Miss Olive Purdy, who graduated last spring from Acadia Ladies Seminary has been engaged by the Faculty of the Dorland Bell School, Hot Springs, N. C., for teaching piano, harmony and counter point. She left Boston last week for North Carolina, spending one day in Washington, en route. Word has been received from her by her mother, Mrs. Purdy, of her safe arrival, and she expresses herself well pleased with the school.

Fred Crowell, charged with creating a disturbance at Evangeline rink last Friday evening, and resisting arrest, was up before Stipendiary Crawley yesterday morning for preliminary hearing, having been remanded from Monday. A number of witnesses were examined and the accused was sent up for trial at the Supreme Court. The case was well conducted for the prosecution by one of Wolfville's clever young barristers, Mr. R. B. Blauveldt.

The commodious home of Mr. and Mrs. F. M. Vaughan, at Port Williams was the scene of a very pleasant event on Friday evening last, the occasion being a "stag party" given by Mr. Vaughan to a number of gentlemen friends from Port Williams and Wolfville. There were about twenty guests present and a most enjoyable evening was spent, auction bridge being the chief number on the programme. After the game, bountiful refreshments were served and shortly after midnight the gathering broke up.

THE ACADIAN has received a copy of the program of an interesting service held at the Boradway Baptist church, Cambridge, Mass., on the occasion of the tenth anniversary of the pastorate of Rev. Austen T. Kempton, D. D.—Feb. 8, 1922. The program gives a fine picture of the church and also of its clever minister, who has won great prosperity, Dr. Kempton is a son of the late Rev. S. B. Kempton, D. D., a graduate of Acadia and well known in this vicinity. THE ACADIAN tenders congratulations!

Local Music lovers will have an opportunity to hear the Brilliant Zedeler Symphonic Quintet headed by Nicolai Zedeler, former Cello soloist with the New York Symphony and the Stockholm, Sweden, Symphony, Thursday evening, Feb. 23rd, Wolfville, Baptist church. Mr. Zedeler firmly believed that the masses really love the music of the masters. He organized his own company of artists to prove his theory. Today the Zedeler Quintet is known from coast to coast as a distinctively high-grade musical organization which always pleases and interprets only the best in music and its all done with violin, cello, piano and an especially constructed organ. A brief, comprehensive explanation of the number precedes its presentation, adding much to the enjoyment of the music and giving real educational values to the concert. Tickets \$1.00 at Rand's Drug Store.

**THE SIMPLEX FARM RECORD**

Is the most simple and complete way known for keeping a correct account of all farm operations, showing every item of income and expenditure, the actual cost of production of everything grown by him, whether farm produce or stock, and showing him at the end of the year just what has given best returns for the cost of production, and also just what has been done at a loss. He can then stop the leaks. It also supplies him with all needed information to correctly fill out Income Tax Return Forms, and is fully endorsed for that purpose by Mr. J. P. Edwards, Inspector of Taxation, Halifax. Prof. Cumming, of Truro, and Prof. Blair, of Kentville, also endorse it as the very thing needed. There is also a free supplement giving best information on most important farm problems. 100,000 copies already sold in Canada in four months.

Mr. Fred Graham, Avenport, has been appointed representative for territory east of Wolfville to Hantsport, and Mr. F. M. Vaughan, Port Williams, for the Port Williams section. They will carry a supply of records when calling on you in the near future, or will forward them to you at your request. Correspondence solicited.

**Coming Events**

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

Mrs. H. E. Woodman, will be At Home, at her residence, Main Street, on Tuesday afternoon, Feb. 21, from 4 to 6.

An interesting game of hockey will be played at Evangeline Rink on Tuesday evening next, Feb. 21, between teams from the Wolfville and Kentville Oddfellows. The Wolfville Oddfellows have twice defeated the Windsor Oddfellows, and a fast game is anticipated. Game called at 8 o'clock, admission 35 cents.

**GRAND PRE NOTES**

Mrs. R. L. Harvey has returned home after spending a few days in Clements with her friend, Mrs. William Jackson.

Mr. Irving F. Boates, who has been spending the winter in Brooklyn, Hants. Co., returned home last week.

We are glad to see Mr. Whitman out again after his illness.

Miss Mary Fisher spent the week end with her parents, Mr. and Mrs. S. Fisher, Somerset.

Mr. and Mrs. John Boutilier are receiving congratulations on the birth of a son.

Miss Mitchell, of Wallbrook, has been the guest of Rev. and Mrs. Whitman for the past week.

On Wednesday evening the hockey teams of Orpheus Lodge, Wolfville and Pesquid Lodge, Windsor, met at Evangeline Rink with the result that the home team won by the score of 9-7. A good brand of hockey was displayed throughout. Following the game both teams repaired to the I. O. O. F. Lodge Room where Turkey Supper was served.

The Wolfville Tuxis Boys defeated the Halifax Tuxis Boys in a closely contested game of hockey yesterday afternoon at the South End Rink, Halifax. Very fast clean play was witnessed and although the ice was slow the game is pronounced the best played at that rink during the season. Wolfville played better combination than their opponents and won by a score of 6-2.

IMPORTANT MINERAL DISCOVERY IN PICTOU COUNTY

(Eastern Chronicle.)

During the past year a mineral discovery was made in Pictou Co. that may mean much to the future of this part of the Province. It was the finding of a seam of Ankerite, which is an iron deposit of much more than ordinary value. The new find was made south of the Lorne Hills and close to the road leading from Lorne to Trafalgar. Its immediate location is a small lake called Elbow Lake, close to the road and near to the West Branch Lake. The story of the find, we are not familiar with, but the prospecting during the past summer has been carried on by the Nova Scotia Coal Company. The actual work has been in charge of Mr. Lauchlin McLean, who for years was the Company's superintendent at the Wabana Mines, in Newfoundland. The work on so far has been largely devoted to tracing the extent of the seam, which is said to be a clearly defined one and of good size. In the tests for distance it has answered well and has been tapped at several places considerable distances apart. The question now is the extent of the depth. Of this nothing is known. There has been no sinking in the seam. That will no doubt be undertaken in the spring. As yet it is merely a surface prospect but at that a very promising one. Very little has been said by those in touch with the situation, as no doubt they wished to assure themselves in the matter of the depth and extent of the seam before making any pronouncement, and when questioned the reply was "as a prospect it looks fairly promising, but remember it is nothing as yet, but a prospect." So that may be taken as cautiously summing up the situation.

We have heard stories of outcrops in other places along the West Branch and of offers being made under bonding privileges, but of that we have nothing definite, and we fear that it is too early to exclaim with one optimist in discussing the prospect, that it was the most important for Pictou County since the discovery of coal and assures the greatest future for the County.

Regarding Ankerite, it is an iron and lime combination of more than ordinary value, so the authorities state, and that it does not require additional substances to act as a flux in the smelting process. In composition it is closely related to dolomite, but differs from this in having magnesia replaced by varying amounts of ferrous and manganous oxides.

The chemical tests made of the surface showings at Elbow Lake, are said to be very satisfactory.

A Detroit magistrate announces that everyone convicted in his court this year of motor car speeding will receive a jail sentence, without the option of a fine.

GETTING READY FOR THE EUROPEAN CONCERT

Morris for George Mathew Adams Service

WOLFVILLE WON FROM CANNING

Before a good attendance at Evangeline Rink last Friday night, Canning played Wolfville in the second round of the Valley League, being the last of the series in Wolfville. The play opened fast on both sides, and each goal was besieged in rapid turns. Woodman was the first to score, Eaton quickly equalizing. The pace quickened, and after Spicer narrowly saved, Harvey skillfully wormed a path from goal to goal, putting Wolfville one on. Pretty combination between W. Kennedy and Baird enabled the latter to add the third, after Bennett had equalized with good stick work. Before retiring, W. Kennedy banged the fourth.

The second period was strenuously contested, the only score being Bennett's for Canning. The players seemed too excited for accurate combination, but Eaton made pretty individual displays at Centre, while W. Kennedy gave Grant lots of chances to save which he did effectively.

Coming on the third time, with Wolfville leading by 4 to 3, the struggle was resumed desperately, but was marred by a free-for-all in which, after a long scuffle, a police man removed the disturbers. Or resumption, Eaton gained one, and after Christie got another for Wolfville, Eaton again equalized. Two extra periods of five minutes ended pointless, necessitating further extra periods, when Eagles substituted Spicer in goal, and immediately on re-starting, Harvey took the puck on a rebound from Eagles and steered it prettily the length of the ice, beating Grant. Canning insisted on continuing time.

and at once Eaton equalized again. Four extra periods of five minutes a side were agreed upon. In the first Harvey again did the spectacular, then W. Kennedy added the eighth and last goal from a face-off, the last five minutes ending pointless. They retired at last—Wolfville 8, Canning 6.

Line-up as follows:

Table with 2 columns: Wolfville, Canning. Lists players and positions like Goal, Defense, Centre, Subs.

"Which weeds are the easiest to kill?" asked a Blanshard farmer to an old bachelor at Rannoch. "Widow's weeds," replied the latter. "You have only to say 'Wilt thou?' and they wilt."

An eminent Scottish preacher was trying to explain to an old lady the meaning of the scriptural expression, "Take up thy bed and walk." He informed her that the bed was simply a mat or rug easily taken up and carried away. "Na, na," was her reply. "I canna believe that. The bed was a regular four-poster. There would be no miracle in walking away wi' a bit o' mat or rug on your back."

NORWOOD RECITAL AT WOLFVILLE

Mr. W. E. Marshall, K. C., of Bridgewater, Pays a Glowing Tribute to His Poet Friend

"A night with Norwood" on Thursday evening, Feb. 10, proved to be the rarest of rich literary treats that the people of Wolfville have been privileged to enjoy for many a day.

Mr. Marshall, who was greeted with warm applause, then proceeded to deliver what he entitled a prologue, telling in choice diction of his long friendship with Dr. Norwood whom he called the "bardic genius of Nova Scotia and amongst the most versatile in the front rank of Canadian poets."

After Principal Silver had sung a classical solo, Dr. Cutten called upon Dr. Norwood, who received a great ovation. He, too, claimed to be an Alumni of Acadia, because Acadia and King's were one in spirit!

Then, turning to Mr. Marshall, with evident emotion, Dr. Norwood said that Mr. Marshall is a friend of many years, whose influence on my work I measure with that of Charles G. D. Roberts.

A plan for drawing trade to a town that has been successfully worked at several points might be adopted to advantage here. The plan is as follows: An agreement was reached between all the merchants whereby they offered special sales on certain days, each merchant selecting some special line of goods upon which he made a lower price than usual.

Minard's Liniment prevents Spanish Flu.

HOW EVERY MAN CAN HELP

How many of you men under whose eyes these words fall, know of a boy just growing up whose seems to have no ambition; who either goes dully through his days or is plainly as reckless of the things of tomorrow as he was of the things of yesterday.

Are you, who know such a boy, too busy, sir, to take a real interest in that growing young fellow? Don't you know that what that boy needs as much as anything else at his stage in life is a friendly advance from somebody older; that he needs advice not given as mere advice but quite plainly from a sincere desire to be of SERVICE to him and to his future?

Do not feel that the boy's father and his mother are enough. God knows that they try to do their best by their boy, but the fact is father and mother have been advising and governing him all his life and the young fellow takes it from them as a matter of monotonous duty and dull home routine.

Man, the touch you give that boy acquaintance may mean a good citizen or a bad citizen a few years hence. Forget his surliness; forget even seeming stupidity—they may be masks that cover the yearning for an understanding heart.

But whatever you do, Mr. Busy Man, take notice of your neighbor's growing boy when he is in your vicinity or when you meet him. A cheerful word and a smile will go a long way even if you have not time to stop and talk to him as one man to another.

THE SNAIL

"Ain't your hired man pretty slow?" "Yes, he's so slow that prab'ly if he was settin' on the fence and the top rail broke under him he wouldn't fall to the ground for several minutes after it happened."—Country Gentleman.

INSECTS WITH RUBBER HEELS

The jar-cushion of which we hear so much in all kinds of mechanical devices and instruments not to mention the cushion in our rubber heels, is by no means a new or original invention.

Many insects have them, and especially the grasshopper, which was in existence during the carboniferous period when coal was formed.

All softer parts of an insect are enclosed in a more or less hardened covering, which is commonly called the outer skeleton. Within this skeleton all muscles and meaty parts are formed, and when the grasshopper lands after jumping, it would receive a slight jar if no means of absorbing it were provided.

Of course, the joints take care of part of the shock, and the few bristle-like hairs found on the extremity also do this. But even these are insufficient to absorb the entire jar. Therefore Nature went to work and evolved an air-cushion.

The air-cushion is situated at the extreme tip of the tarsus, and just beyond the two claws of each foot. The claws help to keep the insect in precarious positions, where, without them, it would inevitably slip. By their means it can find lodgment on smooth grasses.

The air-cushion of the grasshopper is a round ball filled with air, and also provided with a few hairs. These, in a large measure, absorb the shock when the insect lands on some rock or boulder.

THE FAMILY PURSE

Once more a judge has stated his opinion as being that a woman is quite within her rights in taking money out of the pockets of her husband's trousers.

The pity is that women find it necessary at times to resort to such practices—likewise that men think it necessary to keep their money out of the wife's reach.

The family purse is a mutual affair, and is the property of husband and wife. The sooner married people get away from the "hand-out" idea and policy, the better for them both.

A man and wife who cannot sit down and plan the family budget and apportion the income are missing a lot of fun, and passing up the basis of a good working arrangement.

Sambo—Say, Rastus, something funny happened to me last night.

Rastus—Dat so. Sambo—Yea, las night I dream-ed I was eatin' shredded wheat an' when I woke up half my mattress was gone.

Personal Paragraphs

Mrs. J. W. Smith, who has been in Bermuda since the first of the year, returned home on Wednesday.

Mrs. Fred Jones, of Halifax, is visiting in town, a guest at the home of Mr. and Mrs. C. A. Patriquin.

Mr. and Mrs. J. F. Ryan, of Truro, are visiting at the home of the latter's parents, Mr. and Mrs. J. H. Bishop.

Miss Margaret Crichton, of Berwick, was an over Sunday visitor in Wolfville, a guest of Mr. and Mrs. C. A. Patriquin.

Miss Edrine MacGowan, who has been spending the past month with relatives and friends in Louisburg, Sydney and Halifax, has returned home.

Miss Marjorie Earl, who has been visiting her parents at North Sydney, returned on Monday and will spend the rest of the winter with Mrs. Ruffee, Gaspereau Avenue.

CLEAR 'EM OFF

With the huge quantities of snow clinging to house and store roofs, do not forget that you are responsible if it drops off any building of yours onto anybody's head and enables their heirs to collect the life insurance.

Snow melting and running down off the roof, freezes readily into icicles and nice three foot icicle droppings on the beam of some passerby may let you in for a lot of trouble and a bill for damages.

Remember the roof of a house is warmer than the snow upon it, and will loosen up the frost holding the snow to the roof at the first sign of a warm day. Then comes the slide.

As for icicles—you never know when they are going to drop.

So after you have dug all the necessary paths about the premises, look after your roof and if your premises are anywhere along a street line where the overhead deposits threaten danger to passersby.

WE think you.

CANNING ITEMS

The Birthday Party given in the vestry of the Methodist church on Wednesday evening last, was a most enjoyable affair containing a delightful hour of social intercourse, a musical and literary program, a substantial repast, with a contribution of one hundred and twenty-five dollars for Church purposes.

The Canning Hockey Club played a four to four game with Middleton on Monday night and on Tuesday night played Bridge-water, score four to four. On Wednesday night were defeated by Lunenburg 23 to 1, and expect to play Yarmouth tonight, Thursday. The team is certainly getting very strenuous exercise in playing every night.

A junior team played Port Williams boys on Wednesday night, here, score 8 to 6 in favor of Canning.

On Monday night the Church Street Dramatic Club, consisting of Mr. and Mrs. Darrell Suttan, Mr. and Mrs. J. T. Healy, Mrs. Carl Starr, Miss Muriel Starr, Mrs. Marriott, Fred Ibsen, Charley Cox, John Suttan and R. W. Starr, presented the Comedy-Drama, "Turning the Trick," in the Armouries to a crowded house. The Canning Orchestra assisted. The whole performance was very creditable, delighting the audience.

AVONPORT NOTES

The Misses Laura and Edith Trenholm, of Grand Pre, were week end visitors at the home of Mr. and Mrs. F. F. Graham.

Dr. B. C. Borden, of Sackville, N. B., spent a few days of last week at his old home.

Miss Winnifred Courtney, of Shubenacatie, is the guest of her sister, Mrs. C. A. Holmes.

Mrs. Arthur Lockhart left on Friday of last week for New York, where she will spend the remainder of the winter.

Mr. and Mrs. George Hutchinson, Jr., and friend, Miss Gladys Gibson, of Halifax, spent the week end with Mrs. Hutchinson's parents, Mr. and Mrs. W. B. Hutchinson, at Lockhartville, returning to the city on Monday.

Mrs. G. F. Huntley returned on Thursday from Hantsport, where she spent a few days with her parents, Mr. and Mrs. Duncanson.

Miss Kimba Lockhart and Mr. Brenton Borden, Jr., who are attending school at Wolfville, spent the week end at their homes here.

Mr. K. E. Shaw and Mr. J. A. MacPherson have returned from Indianapolis where they attended the Brickmakers' Convention.

A telegram to Mrs. Wm. Holmes last Friday, announced the arrival of a son to Mr. and Mrs. J. W. Walt, of North Vancouver, B. C. Mrs. Walt was formerly Miss Roxie Holmes, and heartiest congratulations are extended by their many friends here.

On Sat. Feb. 4th, a very exciting game of hockey was played in the rink here, between Port Williams and Avonport, the result was a win for Port Williams; score 7 to 3.

The apple warehouse of W. H. Chase and Co., has closed for the season, about one month earlier than usual, under the efficient management of W. A. Trefry, of Hantsport. Over eight thousand barrels were packed and shipped.

Gaspereau Division has accepted an invitation to visit Hopeful Division on Thursday, Feb. 16.

Wolfville Board of Trade

The postponed Annual meeting of the Wolfville Board of Trade will be held at the Town Hall on Tuesday, Feb. 21st, at 8 p. m. This will be the meeting for the election of officers and the mapping-out of activities for the coming year. The meeting will be an important one and it is hoped that every member will make it convenient to be present.

By order DAVIDSON.

VALENTINE TEA

Dainty heart-shaped invitations announced a Valentine tea which was held at "Flora Villa," the home of Mr. and Mrs. N. Evans, on Tuesday afternoon. Over a hundred of the lady friends of Mrs. Evans responded and the accommodation of the commodious residence was taxed to the utmost. The affair was one of the most brilliant and ambitious social events ever held in Wolfville, and the popular hostess received numerous congratulations upon the success of her undertaking. The handsome parlours and dining room were festooned with seasonal decorations in which kewpies and heart shaped ornamentation predominated. The floral decorations were carnations, roses, tulips and smilax, which were in profusion everywhere, the color scheme being of red, white and green. The refreshments were dainty and wonderful, including practically every imaginable Valentine design. Each of the guests received a favor of a heart-shaped basket filled with confections.

Mrs. Evans was assisted by Mrs. H. E. Calkin, Mrs. Cowie, Mrs. Flick and Mrs. W. Grant, while the serving was done by Miss Dorothy Duff, Miss Helen Munro, Miss Minnie A. McLean, Mrs. Woodman and Mrs. Foshay, while little Jeanette Foshay and Marjory Gue, waited on the door.

In the evening those who assisted her were invited to a chicken supper, followed by a very pleasant evening.

WHAT PUZZLED PAT

Two Irish passengers were gazing over the after rail of the steamer. "D'ye know, Mike," said Pat. "O' can't understand how the captain finds his way across the ocean at all, at all. If we was goin' the other way now all he'd have to do would be to follow that white streak behind there, but in front there's divil a mark of any kind."

TIPS!

The tender top leaves, most delicate, most delicious in flavor, are the ones put in every package of

Blue Bird TEA "Brings Happiness"

FACTS ABOUT CANADA

Sir William Logan, the eminent geologist, was the first native Canadian to be elected for work done in Canada, a fellow of the Royal Society of England.

Captain McClure was the first man to take a ship from Bering straits to Davis Straits. This was the long-looked for Northwest Passage found in 1850-51, but found to be useless for purposes of general navigation.

Sir Alexander Mackenzie, of the Northwest Fur Company, was the first man to cross North America by a route north of Mexico. He reached the shore of the present Province of British Columbia on July 22, 1793.

The first medical school in Canada was opened in Montreal in October, 1822. It was called the Montreal Medical Institute. In 1828 it became the Medical Faculty of McGill University.

The National Council of Women of Canada was founded in

October, 1893, in affiliation with the International Council of Women of the World.

The deposits of nickel near Sudbury, Ont., were discovered in 1885 by Mr. McConnell, while looking for tie-lumber for the Canadian Pacific Railway, then in course of construction.

The first paper mill in Canada, was erected at St. Andrew's East, Argenteuil County, Province of Quebec, in the year 1803.

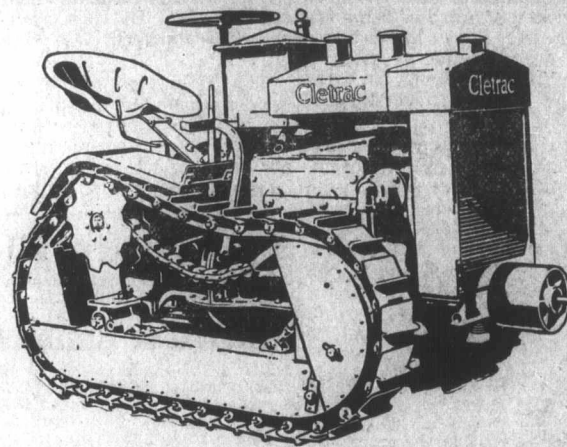

The Judicial District of the Yukon was established by a proclamation of the Governor-General, issued at Ottawa on August 16, 1897.

JACKIE COOGAN says

"Being bad like other kids ain't bad enough for me. "I'm tough—so tough that the cops beat it when I come around. "My folks don't like the idea, so I had to make 'Peck's Bad Boy' when they weren't looking. "Betcha I'm tougher'n any kid in this town, an I'll prove it in

"Peck's Bad Boy"

"Irvin S. Cobb helped me in it—so y'see my mob's pretty tough, too."

This we feel is the biggest announcement that has been made to patrons of this Theatre and long with, the lovable youngster who won the hearts of all who saw him in—"THE KID" is even given a bigger Role in "PECK'S BAD BOY".

Jackie is only 6 years old but as an Actor and Comedian he is a wonder. You can't afford to miss seeing him next Wednesday and Thursday, February 22 and 23.
