## HAPPY HOUR

WEDNESDAY

Popular Star in Superpicture of Powerful Story

Stirring Romance of Northwest Provides Dustin Farnum with Biggest Play of Career.

"A Man In the Open" is universally pronounced to be by far the strongest screen vehicle thus far provided for Dustin Farnum, and to this Mr. Farnum adds his own unhesitating testimony in pronouncing his latest superpicture the very best he ever had the good fortune to play.

### THE STAR

Dustin Farnum's stage and screen artistry and his likeable, virile personality have placed him in the forefront of present day actors. To "A Man In the Open" he brings the enchanted qualities and convincing naturalness inspired by a role with which he is self-confessedly keenly delighted, and of which he goes on record as saying that it will add a host to the number of his friends.

### THE BOOK

By its rapid succession of thrilling interest, its gripping suspense and the human appeal of its predominant love story, Roger Pocock's "A Man In the Open" has achieved an enviable popularity and many thousands of readers.

### SWIFTESS OF ACTION

From the moment Jessie, the half-drowned sailor struggles ashore on a strange shore, to the final episode in which the unexpected happens and the trick of Fortune suddenly promotes happiness by its welcome turn, the action speeds with breath-catching acceleration, heightened by periods of suspense which grip attention, holding the audience in eager anticipation up to the final solution of the plot.

### THE PICTURE

The picture is a masterly production and attracts by reason of its clearness, its easily followed continuity beautiful photography and its direction. The variety of scenes ranging through tempest tossed ocean, shipwreck, wave washed shore, rough mining camp, and its rougher populace, to magnificent mountains and virgin woods, with unique snapshots of night photography gives to the picture a surpassing fascination and places it high in the scale of superlative screen achievement.

## "The She-Devil"

Will Rank as one of the Greatest Theda Bara Productions

"The She-Devil" deals with the story of a wild Spanish coquette who plays the great and absorbing game of love with all the finesse of a veteran. A dozen men madly love her, but she will have none of them. The one man she does love, cares little for her. And her love and the love of her suitors is the hot, wild, furious passion of the mountain Spaniard.

It is necessary for "The She-Devil" not only to win the respect of the man she wants, but to overcome the powerful opposition of her suitors. She does it—of course—but there's fire and life and action enough for forty ordinary photoplays developed in the process! And for situations that are novel—interesting—unique—this latest Theda Bara production is without a rival.

The action oscillates between the mountain home of the heroine and the great capital of European Bohemia—Paris. The girl's real sweetheart is a Parisian artist, and she follows him home even after he has politely declined to take her with him. Here develops a situation to stir the interest and the imagination of even the most blasé theatre goer—a wild, daring, fearless mountain girl in the heart of Bohemian Paris! The opportunities of such a situation are tremendous from a dramatic standpoint and Theda Bara and J. Gordon Edwards have developed them to the limit of their artistic possibilities.

Here is a picture that is so powerfully compelling—so vitally different in plot and theme and treatment—so full of the flame and fury and vigor of untrammelled life—so strong and human and natural in its tremendous appeal that it not only will prove one of the biggest productions of the season, but will make money for you so fast you will be hot on the trail of the Fox branch manager for an extension of dates.

Lonesome Luke Comedy—"His Clean-Up"

FRIDAY and SATURDAY

"Peggy Does Her Darndest" the latest Metro play in which the irresistible star, May Allison, will be seen at this theatre on Friday and Saturday next, is a glittering story of enticing youth—sparkling with love and humor. It tells the story of a young mad-cap who is the despair of her conventional sister, the joy of her father and the conqueror of a mere man who finds it impossible not to fall madly in love with her. How her tom-boy athletic training comes into vital use and in the end makes her the heroine of the family is thrillingly shown, and the romance which runs through the scintillating play is of the appealing kind which goes to the heart of the observer.

## To Prevent Appendicitis

Here is the Experience of a Man Who Escaped the Surgeon's Knife.

You hear almost daily of some one going to the hospital for an operation for appendicitis. Do you know of any one who was ever really well afterwards? Besides the risk and expense of the operation, the results are usually disappointing. For this reason alone it is well worth while to try to avoid appendicitis by keeping the digestive system in healthful condition.

Many have written me about Dr. Chase's Kidney-Liver Pills as a preventive and cure for appendicitis. This letter is a fair sample of the cases described.

Mr. John Pook, R. R. No. 6, Dresden, Ont., writes: "I was taken very sick with severe pains and cramps in my stomach. I called in a doctor, who said I had appendicitis in the worst form, and my case was very serious. He gave me medicine, which relieved me at that time, but I was far from being cured. He said I would have to go through an operation before I would be well, but this I did not wish to do. One day in looking through Dr. Chase's Almanac I saw that Dr. Chase's Kidney-Liver Pills were recommended for appendicitis if taken in time, so I thought I would try them. I took them regularly for two years, and now I am perfectly cured. I can do all kind of hard work without any trouble. I would not be without Dr. Chase's Kidney-Liver Pills in the house under any consideration, for I can truly say that they will do just what is claimed of them."

Perhaps the one greatest rule of health is that which calls for daily movement of the bowels. With this program in effect there is no danger from appendicitis or similar dangerous diseases. Chronic constipation of the bowels is cured by Dr. Chase's Kidney-Liver Pills because they get the liver in healthful working order. In other words, they get at the cause of the trouble and remove it, thereby effecting thorough and lasting benefit.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers or Edmanson, Bates & Co., Limited, Toronto.

## Province will get Road Money This year

There is every possibility of New Brunswick taking advantage this year of a portion of the allotment made by the Dominion Government for durable roads in each province. Mr. B. M. Hill Provincial Highway Engineer has returned from Ottawa where he was in conference with Mr. A. W. Campbell, Federal Highway Commissioner. The regulations under which the Federal highway grants to the various provinces will be given, soon will be ready for presentation to the Federal cabinet and when passed by that body will be met by the provinces.

### New Brunswick's Share

The annual allotment to New Brunswick will closely approach \$250,000. The grant is made up of an initial grant of \$80,000 and a supplementary grant on a basis of population. Some of the durable highways in this province already has received what practically amounts to Federal approval and it is expected that almost all the durable work in the province will be approved.

## OBITUARY

MRS. JOHN WILLIAMS.

Mrs. John Williams died Tuesday at Bushville Northumberland Co., after a lingering illness, aged 34 years. She is survived by her husband and four small children, three boys and one girl, the latter an infant only fifteen days old; one sister, Mrs. Walter Walsh, of Nelson; and one brother, William Reynolds, of Nelson.

## \$7000 Victory Bonds Lost

The theft of seven thousand dollars worth of Victory Bonds from his home on Thursday night was reported at police headquarters yesterday by Mr. George M. Murray, an aged and highly respected citizen of Truro, N.S., who was in Moncton yesterday on business and took advantage of the opportunity to report his loss in the hope that the local authorities might be able to do something towards recovering his lost bonds. Mr. Murray, when he became aware of his loss at once took the matter up with the police of Truro, who are investigating the case.

Mr. Murray, in giving the facts of the theft to Chief Rideout, stated that the bonds were kept by himself in a drawer of the dresser near his own room, and his first knowledge of them being missing was when he awoke yesterday morning and found the drawer open and the bonds gone.

The Truro police were at once notified and immediately set to work to recover the stolen property. As Mr. Murray, who is well known in this city, found it necessary to come here yesterday on business, he reported the loss to the local police. Chief Rideout took the matter up with the Truro police chief, who informed him of the theft being reported. The Truro authorities, however, did not know just what to make of the alleged robbery and were inclined to believe that the missing bonds would be located about Mr. Murray's home, the police being of the opinion that they were mislaid by the owner, who is now a man over seventy years of age.

Mr. Murray while in Moncton did not inform the police as to whether the bonds were registered or not. (Moncton Times.)

## Public Meeting For Returned Soldier Celebration

The Public Meeting held in the Police Magistrate's office last night, for the purpose of completing arrangements for the celebration to be held on Wednesday August 27th, for the Returned Soldiers was very slimly attended by the citizens. Mr. George Stables was chosen as chairman of the meeting. Police Magistrate J. R. Lawlor outlined to the meeting the procedure which the Returned Soldiers Celebration Committee had decided upon and said that this meeting had been called for the purpose of hearing the views of the citizens in general and also to consider the matter of financing the undertaking.

Mr. C. C. Clarke, thought that if the citizens of the town would help the committee in their endeavors and in a financial way as well, that the celebration would be a success, and further stated that the Finance Committee, which had been appointed to solicit contributions for the purpose, should immediately get to work and ascertain what the citizens were prepared to give.

Mayor Doyle stated that the securing of funds for the proposed celebration was of vital importance, and the Finance Committee of the Town Council would meet the committee's Finance Committee at any time they wished, or if necessary he would call a Special Meeting of the Town Council if they so wished to discuss the matter.

Mr. Thomas Makby said that he had been exceedingly busy lately and did not have time to devote to the solicitation of funds, but would endeavor to do so at once. The chairman Mr. George Stables was heartily in favor of the proposed celebration and would do anything he possibly could to make it a success.

It was then decided that the meeting adjourn until Friday evening 8th inst at 8 o'clock sharp, when it was hoped that all citizens would attend and final arrangements be made.

## Carvell Resigns

Ottawa, Aug. 1.—Carvell resigns from political life.

The Ottawa Citizen this afternoon carries an authorized announcement from Hon. F. B. Carvell that he is retiring not only from the government but from political life as well. He declined to discuss his future, but the newspaper states that he is likely to be succeeded as minister of public works by Sir Douglas Hazen, chief justice of New Brunswick, who is here to-day, and that Mr. Carvell will probably either succeed Sir Douglas on the bench, or become head of the Railway Commission in place of Sir Henry Drayton, who is slated for the ministry of finance.

Sir Henry Drayton has arrived at the capital, and according to current gossip, will succeed Sir Thomas White as minister of finance.

The new minister of agriculture, in place of Hon. T. A. Crear, will be F. S. Tormie, member for Victoria B. C.

The Changes are expected to be announced tomorrow.

## PILES

Do not suffer another day with itching, bleeding, protruding Piles. No surgical operation required, and as certain cure you see, a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

## Presentation Of The 26th Colors

When the Prince of Wales visits St. John he will present the regimental colors to the 26th New Brunswick Battalion, the presentation taking place at the Armory on the morning when His Royal Highness inspects the veterans. These colors were prepared quite a while ago by the Daughters of the Empire, but through some misunderstanding did not reach the unit as intended.

The consecration of the colors will be conducted by Canon Kuhring and Major A. J. Brooks, inspector of W. V. A. will provide music, and the programme should be particularly interesting. Lieut-Col. Brown, D. S. O. commanding the 26th Battalion, would like to see as many of the old unit turn out as can possibly do so.

## WEDDINGS

STICKNEY—AITKEN

A quiet wedding was solemnized at the home of the bride's mother, Mrs. Wm. Aitken, on Saturday morning the 2nd inst; when Miss Jean Aitken was united in marriage to Dr. William Stickney of Rutland, Vt., by the Rev. L. H. MacLean, pastor of St. James' Presbyterian Church. The ceremony was witnessed only by the relatives and close friends of the contracting parties. The bride was the recipient of many beautiful presents. Dr. Stickney has recently returned from overseas, where he was a surgeon with the American Expeditionary Forces. Dr. and Mrs. Stickney left Saturday afternoon for Mr. Wm Parks Fishing Pool, on the Northwest Miramichi, where they intend spending a week fishing, and will then return to Rutland, Vt. where they will make their future home.

POLICE COURT NEWS

In the Police Court on Tuesday last before Magistrate Lawlor, Arthur McLaughlin, a local teamster was fined \$20.00 and costs for using profane language at the C. N. R. depot. The fine was allowed to stand pending future good behavior.

On Thursday Robert Adair was before the court charged by Inspector Dickson with a violation of the N. B. Prohibition law, but was dismissed for lack of evidence.

### Wheat Yield May Be Light

Brandon, Man., July 29—Reports of rust and samples of rusted wheat are shaking the confidence of the wheat farmers in Brandon district in their optimistic belief that the wheat average in this district will be between 18 and 20 bushels to the acre.

Individual fields located in all points of the compass, with Brandon as the hub, show damage from rust, in some instances cutting the yield estimate for the fields affected from 25 bushels an acre to chicken feed only. This refers particularly to late wheat.

### LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Frezome costs but a few cents at any drug store. Apply a few drops on the corn, callus and "hard skin" on bottom of foot, then lift them off. When Frezome removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never very tender or irritated.

### Weekly Agricultural Report

Haying operations have been held up by recent rains. A lot of hay remains uncut. The majority of farmers have started cutting, while some have practically finished. The crop is cutting off better than anticipated and, while it is light in some sections, taking the province as a whole, it is a fair average crop.

The spring grain crops are looking good and promise to be well up to the average. Rains are coming at a time that will result in the heads filling well, resulting in good quality grain. Some damage is reported on the more advanced grain from lodging as a result of the storms; where this takes place the yield will be reduced to some extent.

The potato crop is growing well and gives promise of being a good crop. The bugs are reported to be plentiful and Early Blight has shown up in some places. This latter is not so serious a disease as the Late Blight. These blights are both controlled by spraying with the Bordeaux Mixture.

Recent rains will prolong the growth of pastures which have been good up to the present. Live-stock generally are reported in good condition, one report stating that cattle were never in better shape. Lambs are also growing well. There will be some high-class lambs to market from the province this year.

The apple crop is growing well. Most orchards will yield a good crop. The Scab has developed to quite an extent on some varieties. Raspberries will be benefited greatly by recent rains. There appears to be a good crop. They are coming on the markets quite freely at the present time and selling at from 30c to 35c per box.

### Chicago Riots Responsible for 32 Deaths

Chicago, July 29—With twenty-four known dead and hundreds injured, scores of them seriously, sporadic rioting between whites and blacks was reported renewed tonight in various sections of the city, including the small north side area populated by negroes. City and state officials, including Governor Frank Lowden remained on the scene throughout the night and expressed the opinion that the worst of the rioting was ended.

The most serious situation was reported on the south side, where thousands of negroes and whites had gathered. Virtually all north side and loop police were ordered to this district thus leaving almost without police protection sections from which came reports of intermittent outbreaks.

A sinister silence that prevailed in the black belt on the south side at dusk gave way to confusion and sharp clashes, principally with clubs and knives as weapons, as the night wore on. Where these outbreaks occurred the negroes predominated in numbers. Several meetings at negro halls were broken up by the police, after which crowds formed in the street. In the early night clashes various weapons were used including table knives and sling shots. Few guns appeared.

The coroner's death list showed the total deaths in the clashes divided evenly between blacks and whites, eleven of each being killed. Troops had not been ordered to patrol the black belt, the police maintaining that they were still able to handle the situation.

The body of a negro who had been shot and burned was found tonight in the west side Italian district when the police responded to a riot call. He had been stabbed also, and the gasoline poured on his body set fire.

A mob of whites attacked the Provident Hospital, an institution for negroes tonight and in the shooting that followed, one negro was probably fatally wounded and two policemen, one white and about six other persons were wounded. When the mob surrounded the hospital an attempt to enter the building was beaten off by policemen.

### Clemenceau Sends Warning to Germans

Paris, July 30—Premier Clemenceau, as president of the Peace Conference, sent a letter today to the German peace delegation protesting against the action of Germany in seizing national properties in Schleswig in which plebiscites are to be taken for decision by the population as to union with Denmark.

The note gave warning to the Germans that all the properties in question were considered as possible security for the payment of Germany's indemnity and that the Peace Conference would hold Germany responsible for the proceeds of such sales.

### Preparing For Another Loan

Ottawa, July 30—The members of last year's victory loan, Dominion executive committee, consisting of prominent citizens, and financial experts from all parts of Canada, have been invited to a conference to be held here on Friday for the purpose of considering the organization of the next Dominion loan, which will be made about the end of October. The requirements of the government for demobilization expenses including the existing war service gratuity to soldiers, loans to soldiers, land settlement important public works, of a capital nature, ship building and credits for the purchase of Canadian wheat and other foodstuffs and manufactured articles, are very large and the loan is regarded as most important from the national standpoint. The response to the invitation from the minister of finance, it is stated, has been most gratifying.

### Austria Given Until August 6th

Paris, July 29—(By the Associated Press)—Austria has been granted seven additional days for consideration of the peace terms. August sixth will be the final day on which the Austrian representatives may submit inquiries. This was decided upon by the Supreme Council to-day.

The council also decided to ignore Von Bothmans-Hollweg's request to stand trial for the former Emperor. A commission of experts will be named to apportion control of the rolling stock of the German, Austrian and Bulgarian railways. The economic clauses of the Bulgarian treaty which are now virtually complete excepting definition of the boundaries of Bulgaria were approved.

The council approved the report of the special postal commission which authorizes all the Allied countries to resume postal and wire connection with Germany under such restrictions as the individual countries regard necessary.

Paris, July 29—(By the Associated Press)—The Allied Supreme Council decided today to appoint a permanent commission to coordinate and interpret the German peace treaty. The commission will be composed of five members representing the five great powers.

The commission will have its headquarters in Paris but is empowered to convene elsewhere if necessary. It will sit after ratification of the treaty. The members will have diplomatic standing and will be aided by staffs of technical advisers.

The Earl of Derby, British Ambassador to France, was announced today as Great Britain's representative.

Bulharest, July 29—(Havas)—The offensive of the Hungarian Soviet government troops along the Theiss River has been completely broken up and the initiative in these operations has passed to the Rumanians, it was announced here today.

Berlin, July 29—The Hungarian people's commissaries visited Colonel Cunningham, the Allied representative at Budapest today, according to the Berlin Lokal Anzeiger and proposed negotiations for the peaceful resignation of the Soviet and the formation of a new government. This proposal was said to have been forwarded to the supreme council at Paris.

TUESDAY, AUGUST, 5 1919

THE LIBERAL LEADERSHIP

In the interest of Hon. W. S. Fielding, the suggestion is put forward that Premier Martin will not permit his name to go before the Liberal Convention as prospective leader. Mr. Martin has not yet stated his own position in this regard, but it is rather strange if at this late hour after his friends have for months been pulling all possible wires in his support, he should desire to withdraw. Naturally such an action is in accordance with the wishes of those who favor Hon. Mr. Fielding, for it is considered that with the western premier out of the way the chances of the veteran Nova Scotian may be somewhat improved. Otherwise, despite Mr. Fielding's recognized ability and his long parliamentary experience, the vote of the convention would undoubtedly go to a younger man. Yet whether Mr. Martin has retired or has not retired, the long list of prospective candidates for Laurier's shoes seems to be dwindling down to a comparative few. During the past several weeks, names have been put forward of many hopeless, impossible, back-bench politicians who had seldom been heard of outside their own constituencies, and because of this clouding of the issue by the active leaders in Upper Canada, the rank and file of the party have been unable to even hazard a guess as to the probable outcome of the election. Yet as the date of the meeting approaches, these suggestions are being dropped, and unless sectionalism results in a deadlock leading to the selection of a compromise candidate, there will be no more regarded as "improved" down to comparatively few names.

WHAT FAKERS GATHER

In the United States, it is estimated that \$500,000,000 are annually lost by financial takers. The average loss is less than \$100 a year, but it is a loss unless there is some way of recovering it. The United States Government has a plan to nearly double the total amount loaned by the United States to Allied Governments. There is no means of ascertaining how much is lost in Canada in this way. It is reasonable, however, to assume that the per capita loss, \$3, is the same in this country, which would mean that in an average year about \$25,000,000 are raked in by fakers. What are these huge sums lost in? In "wild cat" and "wild cat" real estate ventures, one cannot but conclude that the estimate is not far astray. Will the faker get your money or will you invest it in something safe that will pay well? Put it into War Savings Stamps and you will obtain a small Government bond that is absolutely safe and yields 5 1/2 per cent compounded half-yearly.

The Cause of Sickness

Almost Always Due to Weak, Impoverished Blood.

Apart from accident or illness due to infection, almost all ill-health arises from one or two reasons. The great mistake that people make is in a realising that both of these have the same cause at the root of them, namely poor and improper blood. Either bloodlessness or some trouble of the nerves will be found to be the reason for almost every ailment. If you are pale, suffer from headaches, or breathlessness, with palpitation of the heart, poor appetite and weak digestion, the cause is almost always bloodlessness. If you have nervous headaches, neuralgia, neuritis, and other nerve pains, the cause is run down, exhausted nerves are also a result of poor blood, so that the two chief causes of illness are one and the same.

This accounts for the great number of people, even in indigent health, pale, nervous and dyspeptic, who have been made well and hearty by Dr. Williams' Pink Pills; for no other medicine ever discovered is so valuable for increasing the supply of rich red blood and giving strength to worn out nerves. Men and women alike

greatly benefit from a course of the splendid blood builder and nerve tonic.

If your dealer does not keep these pills you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Drayton For Finance Post

Ottawa, July 31 - If, tomorrow, Sir Robert Borden makes the announcement as it is confidently predicted he will make, Sir Henry Drayton will thereafter be addressed by correspondents as minister of finance, instead of chairman of the dominion board of railway commissioners.

Sir Henry is at Tadoussac at present but there seems good authority for the statement that he is willing to leave the comparatively safe birth of chairman of the railway board to essay the difficult tasks inseparable from war time finance of a nation which has almost beggared half the world and left the dominion saddled with a load of debt that would staggered the imagination of pre-war financiers.

There are more thorns than roses to-day in the portfolio Sir Henry is said to be accepting but for a man of energetic temperament who likes a hard job that is no deterrent. If it can be arranged, a Toronto constituency would probably be opened for Sir Henry Drayton. In most of the constituencies now vacant it is understood that any Unionist candidate would have hard slogging and even in Toronto because of Conservative dissatisfaction there would be a lot of arranging to do.

As Sir Douglas Hazen is in Ottawa today, attention is given to the rumor that he is to succeed Sir Henry Drayton. That would again leave vacant the post of chief justice of New Brunswick if the rumor should prove true.

It is expected that the announcement will be made of the acceptance by James Stewart of the post of chairman of the Canadian wheat board when he returns from New York.

STRANGE VISITORS TO INDIANS

Savages Not Unnaturally Alarmed When Airmen "Dropped In" to Their Village.

Army aviators stationed at France field, near Cristobal, in the Panama canal zone, are required to do much of their flying over water and along the coast. Recently two pilots made a flight to the Gulf of St. Blas, which is situated on the Atlantic coast about one hundred miles west of France field. The numerous and small islands in the gulf are inhabited by Indians, who are very unfriendly.

Due to the overheating of a motor one of the pilots was compelled to descend, and landed on one of the most populous of the islands. His companion in the second airplane followed him. Consternation reigned among the natives when the two airplanes "taxied" up to the dugout village and came to a halt. What followed is described in the bulletin of the air service which contains an official report of the trip.

"It is doubtful who was the most fearful on this occasion, for when the bogged pilots alighted from their machines the entire population of the island was lined up, armed to the teeth. The chief of the village very reluctantly took his place at the head of this aggregation and with a machete in his hand greeted the visitors with a scowl.

"One of the pilots was a new arrival in Panama and unfamiliar with stories about the unfriendliness of the Indians. As soon as he stepped on the beach he rushed up and greeted the chief in a very effusive manner, and fortunately his friendly smile was properly interpreted. After this the pilots were permitted to go through the village, and by way of courtesy the chief was asked by means of signs to take a ride in one of the airplanes, which invitation was not accepted.

The pilots tried to take pictures of the Indians, but the appearance of the cameras aroused such hostility that they finally gave up the attempt. Before leaving the village the chief and a few of the young men were induced to smoke cigarettes which the aviators produced.

Has Biblical Sanction.

The American Humane Education society thinks it has made a point by showing that "spare the rod and spoil the child" cannot be found in the Bible, but was written by Samuel Butler in 1633. Butler probably got the alliterative "spare and spoil" from Ralph Venning, who used it in 1640, but the idea goes back to Proverbs 13:24: "He that spareth his rod hateth his son; but he that loveth him chasteneth him betimes." We are with the Humane society (and the chastening) in questioning the dominance of unselfish love in the average "chastening," but cannot approve of its quibbling as to the quotation, so far as substantial sanction goes. But most people would be surprised to learn that the exact words were not scriptural, just as they would be to learn that there is no direct statement about the lion and the lamb lying down together. Many still think "God tempers the wind to the shorn lamb" is from the Bible, although Sterne quoted it, without credit, from Henry Estienne. Wesley's vague quotation of an ancient Hebrew's "Cleanliness is next to godliness" sounds like Bible. Numerous passages from hymns are also erroneously ascribed to scripture.—New York Times.

COPENHAGEN CHEWING TOBACCO

Copenhagen is used differently from ordinary chewing tobacco.

Take a small pinch for a start, and put it between the lower lip and gum, in the centre.

Afterwards you can increase the size of the pinch to suit the strength of the chew you desire.

Copenhagen is strong, because the tobacco of which it is made is cut into fine grains, which makes it impart its strength thoroughly and quickly.

Hence, a little "pinch" goes a long way, showing that Copenhagen is not only an unusually economical chew, but also one of the finest quality, being made of the best, old, rich, high-flavored tobacco.

**Buy Paint NOW—and the BEST**

Many people have allowed their homes to run down in appearance and are still putting off repainting thinking that paint will come down in price.

Even if paints were cheaper six or eight months hence, which is unlikely, because the supply of raw material has fixed the price far ahead and because thousands of house owners are exactly in your condition—bound to paint soon, remember that it is better to paint than repair. Your house can be painted more cheaply now than later.

**Fritz-Randolph Case Dismissed**

St. John, N. B., July 25—The jury after being out over two hours in the case of Charles Fitzrandolph vs. Elizabeth Fitzrandolph before the New Brunswick Divorce Court at Fredericton Thursday afternoon brought in a verdict declaring the defendant guilty of adultery.

After the verdict was rendered Dr. J. B. M. Baxter, K. C. for the defence moved for the dismissal of the libel, and such dismissal was ordered by Judge Crocket. The case was the first to be tried by jury in the divorce court of the province. It was tried previously by Judge Crocket, who granted a divorce, but his decision was reversed by the Supreme Court of the province on appeal.

M. G. Teed, K. C., counsel for the plaintiff, completed his address to the

jury after which Judge Crocket charged the jury, taking up that evidence in detail. Eight questions were put to the jury by his Honor, all of them related to the defendant's adultery, and they were answered by the jury in favor of the defendant. The five unanimously and three with a decided majority.

# MOTHERS TO BE

Should Read Mrs. Monyhan's Letter Published by Her Permission.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia, I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."

—Mrs. PEARL MONYHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

# Army put Canada On French Map

That business-men in France are turning their attention to Canada as a source of supply more than before the war is emphasized in the information reaching the Canadian Trade Commission. It appears that the participation of Canadian troops, many of them with a knowledge of French, has stimulated interest, and has been so to speak, an advertising source for Dominion trade. A typical instance is quoted by the Commissioner General for Canada in France, who in describing the requirements of an importing house says:—"I sincerely believe that much sentiment exists here in France from the many interviews I have had and continue to have with men of all sorts—business, commercial and professional. I believe that the sentiment exists that purchases would be much preferable

Someone will win a fine Piano for a moment's work. Someone will win a beautiful Talking Machine. Some will get valuable Vouchers. It should be you. Try hard. There is luck in the lucky star for someone. The decision of the judges in this matter shall be final.

**WHY WE DO THIS!**—The scarcity of salesmen and the enormous salaries demanded by those obtainable have compelled us to find another method of disposing of pianos and Talking Machines. This is purely and simply an advertising proposition. We want to get the name of the Amherst Pianos and the Cremonophone Talking Machines before every family in the Maritime Provinces.

We intend to send every person who enters this competition a Catalogue of Amherst Pianos—and Phonographs.

**THIS CONTEST IS FOR FAMILIES WHO DO NOT OWN PIANOS**—

We want this Piano to go to some family who does not own a Piano now. Should the person entering the best solution own a piano; the solution will not be considered in the awards.

**THIS IS A PIANO ADVERTISING CONTEST**

Therefore if you own a piano do not enter this competition. This contest is open to all persons and families who do not own Pianos. Send in your solution early. Gather the family around, let them all try. Let them all have an equal interest in the Piano if you win; Use your head; a little time and a little careful attention to detail will win a magnificent Piano for someone—it should be you.

**\$5,000** In addition to above Prizes, we will issue \$5000 in Purchasing Orders—Acceptable on Pianos, and Phonographs according to conditions.

**Hon. Walter Scott Locked Up**

Mahonmen, Minn., July 29.—At Pembina North Dakota, today, en route from Victoria, B. C., via Winnipeg to Detroit Lakes, Minnesota, Hon. Walter Scott, former Premier of Saskatchewan, was peremptorily ordered from the Northern Pacific train at ten o'clock this forenoon by U. S. Immigration Officer F. R. Russell, and kept locked up during three and a half hours until nearly two o'clock p. m., in a strongly barred cell. Mr. Scott alleges that he then liberated

himself by breaking through the plastered wall into a hall, which led to a stairway into a ground floor office, and thence it was simple to open a window and regain freedom.

Official Russell later found Mr. Scott in the Northern Pacific telegraph office and said he should be arrested, went out and returned together with a man whom he said was a constable, but changed his mind on being shown a draft of a telegram which Mr. Scott was filing, addressed to Sir Robert Borden, Premier of Canada, regarding the incident.

**Parliament To Be Called About September 4th**

Ottawa, July 31.—Parliament will be called, in all probability, early in September. Thursday September 4th, is suggested as a tentative date, although nothing has yet been officially determined. As pointed out some days ago, an earlier calling of session than was at first contemplated will be necessitated owing to the place of the war measures act (and the orders-in-council passed under it) on the peace. It is further regarded as of great importance that there should be no delay in ratification of the peace treaty by the Dominion Parliament.

**Keep Children Well During Hot Weather**

Every mother knows how fatal the hot summer months are to small children. Cholera, infantum, diarrhoea, dysentery, colic and stomach troubles are rife at this time and often a precious little life is lost after only a few hours illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevent trouble comes suddenly—as it generally does—the Tablets will bring the baby safely through. They are sold by medicine dealers or by mail at cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Clean to handle. Sold by all Druggists, Grocers and General Stores

THERE IS ONLY ONE GENUINE ASPIRIN

Only Tablets with "Bayer Cross" are Aspirin—No others!

If you don't see the "Bayer Cross" on the tablets, refuse them—they are not Aspirin at all. Your druggist gladly will give you the genuine "Bayer Tablets of Aspirin" because genuine Aspirin now is made by Canadians and owned by a Canadian Company.

WEEPING ECZEMA SOON RELIEVED

A Perfect Treatment For This Distressing Complaint

"I had an attack of Weeping Eczema; so bad that my clothes would be wet through at times. For four months, I suffered terribly. I could get no relief until I tried 'Fruit-a-tives' and 'Sootha Salva'. The first treatment gave me relief. Altogether, I have used three boxes of 'Sootha Salva' and two of 'Fruit-a-tives', and am entirely well!" G. W. HALL.

Both these sterling remedies are sold by dealers at 50c. a box, 6 for \$2.50, or sent on receipt of price by Fruit-a-tives Limited, Ottawa. "Fruit-a-tives" is also put up in a trial size which sells for 25c.

County Sunday School Convention

The County Sunday School Convention at Millerton, Monday afternoon and evening, was one of the best attended and most successful gatherings of Sunday School workers ever held in the County.

After devotional exercises, conducted by Rev. W. M. Matthews, officers were elected as follows:—

Rev. W. M. Matthews, President. T. C. Clarke of Newcastle, Vice President.

Miss Jessie McKnight of Lower Napan, Secretary-Treasurer.

The report of the secretary-treasurer showed the finances to be in a healthy condition, several of the districts exceeding their allocations.

The County Association will pay into the treasury of the Maritime Association this year the sum of \$232.25. Addresses were given by Rev. J. H. A. Anderson and Rev. W. A. Ross on conditions in county work.

Miss Rena Murray read a well considered and helpful paper on the planning of lessons. Rev. J. M. Fraser sought to impress upon teachers the importance of creating an atmosphere in the schools to make it natural for the young to confess Christ.

In the evening session Rev. Mr. Weaver of Whiteville led the devotions. Rev. W. A. Ross spoke on the outlook for Sunday School workers in regard to applying the principles of sound education to the needs of various ages in the schools.

Rev. E. A. McKinley spoke on the problems of the young men—18 to 21. An appreciative resolution of thanks to the people of Millerton for courtesies was adopted.

Miss Jessie McKnight was chosen to represent the convention at the Maritime Convention to be held in Amherst, N. S., and, in recognition of her good work as Secretary-Treasurer, it was ordered that her railway fare to the Convention be paid. Mrs. Wm. Anderson was also elected a delegate. Mr. T. A. Clarke and Rev. E. A. McKinley alternates.

The attractive features of the Summer School to be held in Sackville, Aug 7-14, were pointed out, and Sunday Schools urged to send representatives thereto.

Among the Superintendents of departments are Rev. J. H. A. Anderson (Administration), Rev. E. A. McKinley (Adult), Mrs. F. D. Swim (children), Rev. G. P. Tatye (young people), Miss Lydia Benn (education), and Mrs. G. R. Parker (I. B. A.)

The recommendations of the committee and resolutions were presented by Mrs. T. A. Clarke and unanimously adopted by the convention. These included an appeal for greater care, promptness and completeness in reporting of schools and departments; and a call for special emphasis during the ensuing year upon the study of Teacher Training courses.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make this beauty lotion for a few cents and see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months.

When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

Serious Fire Narrowly Averted

Amherst, July 29.—What would have undoubtedly proved a serious fire in the Rhodes, Curry Co's plant was averted last evening by the prompt action of the sprinkler system. An alarm was rung in about seven thirty. The fire department of both town and the company turned out in quick order. On arriving at the scene the blaze was found to be well under the control of the sprinkler system, thirty heads of which had gone off in the heat, sprinkling the water all over this part of the building.

The origin of the fire is uncertain, but so far as can be learned, it was due to spontaneous combustion among the paints and oils that were stored on the second floor of the building. Had the fire once gained headway it would soon have reached large proportions on account of the inflammable nature of the contents of the place and of the building itself. It was a splendid demonstration of the efficiency of the automatic sprinkler system. The extent of the damage is unknown, but is mostly due to water.

Four-Towns In Honduras Taken by Revolutionists

San Salvador, July 31.—Four towns in Honduras have been captured by the revolutionists, according to despatches received here today, while government troops have scored successes at three points. General Lopez Gutierrez, one of the leaders of the revolution, was routed at Tupacant, according to the Honduran Minister here, Seor Fortin. General Gutierrez was said to have sought refuge on Ejuboc Mountain, but his exact location is unknown.

Colonel Francisco Carbona, with a force of 800 men was reported defeated yesterday by Government forces at Gaballitos and Goacorán. At Goacorán Colonel Juan Velasquez was killed.

The four towns taken by the revolutionary forces, according to despatches here, were Corayagua, Guatasa, Camasca and Marcala. In the department of Ulanitida Colonel Serrino Dolagado is said to have taken up arms.

In the fighting at Danil, which despatches yesterday reported the revolutionists had taken, there were a number of killed and wounded. Much live stock and material that was taken had to be abandoned.

Hot Weather Rules

- 1. Load lightly, and drive slowly. 2. Stop in the shade if possible. 3. Water your horse as often as possible. So long as a horse is working, water in small quantities will not hurt him. But let him drink only a few swallows if he is going to stand still. Do not fall to water him at night after he has eaten his hay. 4. When he comes in after work, sponge off the harness marks and sweat, his eyes, his nose and mouth, and the dock. Wash his feet but not his legs. 5. If the thermometer is 75 degrees or higher, wipe him all over with a damp sponge, using vinegar water if possible. Do not wash the horse at night. 6. Saturday night give a bran mash, lukewarm; and add a tablespoonful of saltpetre. 7. Do not use a horse-hat, unless it is a canopy-top hat. The ordinary bell-shaped hat does more harm than good. 8. A sponge on top of the head, or even a cloth is good if kept wet. If dry it is worse than nothing. 9. If the horse is overcome by heat get him into the shade, remove his harness and bridle, wash out his mouth, sponge him all over, shower his legs, and give him two ounces of aromatic spirits of ammonia, or two ounces of sweet spirits of nitro, in a pint of water, or give him a pint of coffee warm. Cool his head at once, using cold water, or, if necessary, chopped ice, wrapped in a cloth. 10. If the horse is off his feed, try him with two quarts of oats mixed with bran, and a little water; and add a little salt or sugar. Or give him oatmeal gruel or barley water to drink. 11. Watch your horse. If he stops sweating suddenly, or if he breathes short and quick, or if his ears droop, or if he stands with his legs braced sideways, he is in danger of a heat or sun stroke and needs attention at once. 12. If it is so hot that the horse sweats in the stable at night, tie him outside, with heading under him. Unless he stools off during the night, he cannot well stand the next day's heat.

Political Railroadings

Government operation of the United States railways is becoming more of a farce under present conditions than it was in the most strenuous days of the war. It will be recalled that Mr. McAdoo recommended to Congress before he retired from the directorship of the railways that government operation should be continued over a period of five years.

For the month of April the railways showed an increase in the volume of business of 4.9 per cent., but there was a decrease of 62.7 in net income. This loss in net was registered despite the fact that freight and passenger rates have been increased about 50 per cent. since the government took over the railways and began to operate them. The promising increase in net earnings during the peace conditions proved to be a false prophecy; there has been a steadily-increasing deficit.

During the first four months of the present year there has been a net loss for railway operation of \$185,000,000 notwithstanding the increased rates. The financial expert of the New York Times gives the following figures relating to government operation this year, taken from the records of the Federal Department of Railways:—

In comparison with the three-year average upon which the government rents the railways there was an increase of \$110,117,000 in gross earnings and a loss of \$41,182,000 in net income. (This is for April only.) Over the four months of this year

there was an increase of \$447,000,000 in gross earnings and a decrease of \$174,112,000 in net income. The loss of 72 per cent. in net earnings LEFT FOR THE GOVERNMENT \$65,804,000 WITH WHICH TO PAY \$240,216,000.

What more convincing object lesson of the failure of government ownership could be asked than those two totals, an increase of \$447,000,000 in gross earnings and a decrease of \$174,000,000 in net earnings? That means a difference of more than \$600,000,000 between government and private operation in the short period of four months, or of \$1,800,000,000 in a single year.

Part of that loss is due to mismanagement and part of it to padding the railroad pay rolls. Senator Cummins, formerly an advocate of government ownership, read statistics in the Senate recently to back his assertion that there were 200,000 useless men in the employ of the Railway Administration. He said the whole of them could be cut off without injuring the service in the least. In other words, there are more than 200,000 purely political positions under the railway management.

Little wonder that the Democrats have cut government ownership from their party platform and that even the radical supporters of Senator Johnson failed to make any mention of it in their "Progressive" platform. In 1912 and again in 1916 the Progressives made government ownership a headliner in their policies. Now the idol has fallen so low that none will do it reverence.—From the Los Angeles Times.

**VACCINATION**  
At Moncton, officials of the provincial health department are overseeing the arrival and departure of every train and are doing much efficient work. Dr. F. J. Desmond has charge of this branch and though there has been some objection from travellers, most of the people look upon the medical inspection in a philosophic light and submit without any bother.

**BARGAINS BEING OFFERED**  
The sale now being conducted by Mess. A. D. Farrah & Co. is one of the largest money saving sales ever put on in this district. The many satisfied customers testify that the bargains were genuine. The \$1.00 per pair boots and shoes can never be equalled again with the level of high prices advancing rapidly in this line. All who have taken advantage of this sale, have saved real money. There are still more bargains that have not yet been shown owing to the lack of room for display, and which will take the place of those sold. The White footwear, is certainly being sold at a sacrifice, and Mess. A. D. Farrah & Co. would rather give the benefit to their customers, than carry the stock over till next season. Saturday and Monday, the opening days of the sale, proved to be a grand success, and we feel confident that the closing days will be as successful.

## AT THE HAPPY HOUR WEDNESDAY

Coming with the reputation of being by far the most powerful offering ever put on the stage, Dustin Farnum's lot and affording a special attraction by its magnitude, thrilling story, talented acting and unique photography, "A Man In The Open" is assured of large and welcoming audiences for its engagement at The Happy Hour.

This powerful romance of the Big Northwest is closely based on the thrilling novel of the same title by Roger Poock and, as its name indicates, is staged largely in the Great Outdoors. Mr. Farnum will be seen on an ocean voyage, adopted into the comradeship of rugged landmen, but tricked into marriage with an adventuress. Then follow his startling adventures in the great forests and mountains where he lives as a Man In The Open" is sure to gain for him a host of new friends, an opinion amply borne out by the welcome everywhere given that sterling actor in this remarkable superpicture.

## Appointment Of P. G. McFarlane

FREDERICTON, July 31—Lieut. Col. G. W. Mersereau, of Doaktown, who recently returned from overseas in impaired health, has resigned as inspector of schools for district No. 1, and P. G. McFarlane has been appointed in his place.

At a meeting of the Board of Education, in St. John, a resolution was passed expressing appreciation of Col. Mersereau's long and valued services, and regret at his retirement. Mr. McFarlane has been acting inspector for nearly three years, having given up the principalship of the St. Stephen High School to enter upon the duties.

Major A. J. Brooks, inspector of district No. 5, who also recently returned from overseas, will resume his duties about Sept. 1. S. A. Worrell, who has been acting as inspector in that district, has been appointed principal of the Sussex High School.
