TO-DAY is Watford's civic holiday and the populace of that thriving village are enjoying an outing at Sarnia and Sarnia's famous summer resort, Lake Huron Park. About 9.15 o'clock this morning a special train of some twelve cars arrived at the Cromwell street depot over the Grand Trunk Railway, having on board about seven hundred excursionists from Watford.

Electric street cars were in being conveyed the crowd to Lake Huron Park where a basket picnic is being held.—Wednesday's Observer.

OUR enterprising furniture dealer, Mr. H. A. Cook, has made a decided improvement in the appearance of his premises on Main St. A handsome new plate glass front adds greatly to the appearance of the show room, a balcony has been erected on the second floor and the undertaking warehouse painted. Mr. Cook can congratulate himself on having one of the finest furniture establishments west of London.

By an unanimous vote on Monday last the ratifiers carried the by-laws by which a loan of \$12,000 is made to the Jenks-Dresser, Limited, manufacturers of bridges and structural iron works, and a grant of \$12,000 is made to the Standard Chain Company, of Pittsburg, a company controlling a large share of the chain business in the United States and Canada. The establishment of these two industries means an increase of 500 in the population.

REV. FATHER STANLEY, pastor of St. Mary's Roman Catholic church at Woodstock, has at last secured peaceable possession of the priest's house. Rev. Father Cook, the former priest, who refused to vacate, on Wednesday morning turned over the key. The machinery of the law had been set in motion to eject Father Cook, and a motion for an order to eject him was returnable the same afternoon before Judge Finkle, but the handing over of the key made further steps unnecessary.

THE nation which should act on the theory that war can be made so dangerous that men will not engage in it or that peace can be arbitrarily brought in by force might well expect to share the experience of a doughty Confederate colonel who, after the civil war, returned with his war-worn and defeated veterans to his native village and was twitted on the fact that four years earlier, he had boasted that he and his men could lick the Yankees with popguns. "So we could," answered the colonel stoutly, "but the Yankees wouldn't fight that way."

MR. J. R. MINIHINICK, a former well-known hotel man of Bothwell, and latterly of London, concluded a deal Monday whereby he secured, for the sum of \$30,000, the property, license, furnishings and goodwill of the Grand Pacific Hotel, London, of which Mr. G. H. Bindner has been the proprietor for some time. Mr. Minihinick took possession Monday. He promises to make some up-to-date improvements in the hotel, and to establish it as one of the best of the smaller sized houses in the province.

MR. THOMAS WOODS met with what might have been a serious accident on Friday afternoon. Mr. Woods was on the point of descending from the top of the veranda, where he had been attending to some small job, when he grew dizzy and fell to the ground. Dr. Gibson was summoned and found that no bones were broken, but the old gentleman was

badly bruised and shaken up. Mr. Woods has been in poor health for some time, and this will go greatly against him.

THE firm of Hanna, LeSueur & Price, barristers, etc., Sarnia, henceforth will be known as Hanna, LeSueur & Co. This change has been occasioned by the removal of W. H. Price to Toronto. Edward Bayly, of the firm of Corley, Bayly & Price, barristers of Toronto, retired from that firm, to accept the position of solicitor to the attorney-general of Ontario. Mr. Price goes to Toronto to take Mr. Bayly's place in that firm, the firm in the future to be known as Corley, Price & Price. Mr. Price will leave Sarnia about July 15th. Since coming to Sarnia Mr. Price has made numerous friends, all of whom will regret his removal.—Observer.

## Traders Bank Bad Bills.

Toronto, July 6.—Five dollar counterfeit notes of the Traders' Bank of Canada are in circulation. One of the notes were detected in the Merchants' Bank of Canada at the Montreal office, and the manager wrote to the Traders' Bank as follows:—

"We beg to advise you that we have today cancelled by stamping across the face 'counterfeit,' a \$5 note purporting to be your 219,356, dated July 2, 1897, series D, signed W. G. Bryans, Pro General Manager, Chas. D. Warren, President. The chief of police here has at present the bill in question in his possession, and is exhibiting it at the different banks. We understand also that he intends circulating a description of the note."

Miss Alice Tanner was successful in passing the Examination of the Normal College at Hamilton. Miss Tanner is another pupil who has done honor to the Watford High School.

AN ice cream social and programme will be held on the lawn of Mr. Jno. McCormick, Kingscourt, on Thursday evening July 25, under the auspices of the Congregational church. Particulars next week.

A bus load of Petrolia Sons of Scotland drove out to the residence of Mr. W. J. McAlpine, in Warwick, Tuesday night, and spent a social evening. A right royal welcome was extended to them by that gentleman and his family.

On Wednesday, June 26th, a happy event took place at the home of Mrs. Perry, Main Road, when her daughter, Drasilie E. Perry, was married to Andrew A. Iles, Rev. E. B. Horne officiating. There was a large number of relatives and friends present and the decorations were very tasteful. The wedding march was played by Jean Ross; little Anna Auld, niece of the bridegroom was flower girl, and another niece, Merle Dodds was maid-of-honor. The bride was handsomely gowned in white silk. The young couple will be at home at their friends at the residence, Main Road, after August 1st.

We are pleased to note the name of Miss Bertha Johnston, formerly teacher at Kingscourt, on the graduates' list at Harding Hall College, London, for 1907. As well as doing excellent work as a teacher Miss Johnston has honorably won her place in the graduating list in winning two diplomas, M. L. A., Mistress of Liberal Arts; and A. C. C. E., Associate of the Central Conservatory of Elconton. Her many friends of Watford, Kingscourt and vicinities are unanimous in their expressions of congratulation at past success and their wishes that her future may be still more successful. Miss Johnston still retains her position as resident governess of Harding Hall College.

## Too Late.

Our fool treatment of Canada in another illustration of what our legislators can accomplish. The Dominion has now made up her mind to treat us as to harsh laws as can be devised, and her decision is wise and right. For a quarter of a century she has waited patiently, while one President after another, and one Secretary of State after another, devised treaties intended for the mutual benefit of Canada and the United States. Every time the Senate, imagining itself to exist for sequestering benefits desired by the well-entrenched, has protected its clients against the administration and the people. Calmly, at length, Canadian leaders have seen that no fair measure of reciprocity could ever pass the Senate, and she has decided to do all in her power to stop trade with us, to develop it with England and other colonies; to favor all Europe against the United States, to develop her own incalculable resources. We wish her well. Whatever harm our ass policy brings to us has been fully and painstakingly deserved.—Collier's Weekly.

## The Strawberry Attacked.

Let all the strawberry eaters spring to the defence of their favorite fruit, which is being grievously set upon by a fashionable London physician. His charge is that strawberries, taken in quantities of more than a dozen at a time, produce bad temper, particularly in women, who become sulky and intolerant of questions. It is no new thing to learn that our ministering angels have their fits of pique, but it is surely stretching a point to ascribe their little huffs to such a cause. Impatient of questions! Save the mark. Who'd have ever guessed it was strawberries? Is there nothing else to bring about that frame of mind? Silence is a refuge. Besides, every woman has a right to what goes on in her own head. Let us respect the privacy of her thoughts, but for heaven's sake, don't let us blame the strawberries when she refuses to answer. A woman need not do wrong to have something to conceal. Every heart has its shrine, its sacred inner room, whose door nobody is allowed to rap at. Most often it is guarded by silence and a distant manner. Only the basest of materialists could identify these sentinels with a surfeit of strawberries.

We observe that our London doctor cautions his patients not to take more than a dozen berries at a time. That he should be obliged to tender this advice only goes to show that English-women are not nice in their feeding. Either the strawberries in England are very small, or the ladies' mouths are very large. In any case, twelve strawberries at a gulp looks more like the work of a wine press than of a person in good society. In Canada we are satisfied to eat our strawberries singly. Sometimes the best re-

# Help! Help! I'm Falling

Thus cried the hair. And a kind neighbor came to the rescue with a bottle of Ayer's Hair Vigor. The hair was saved! This was because Ayer's Hair Vigor is a regular hair medicine. Falling hair is caused by a germ, and this medicine completely destroys these germs. Then the healthy scalp gives rich, healthy hair.

By the gate of our lips he passes to the tongue, the teeth nipping him and taking toll of his flavor. He lingers a while on the palate, like a whisper of love, and then he goes the way of all good strawberries, titillating the soul as he travels along the gullet. No ill effects can come of eating strawberries this way.—Star.

Council will meet July 27th at ten a.m. as a Court of Revision on the Gillatly drain, and at 2 p.m. on the Hart drain and general business.

## FATHER, MOTHER AND CHILD

All Cured by Zam-Buk.

"Zam-Buk is the best household balm ever brought into a home." Such is the opinion of Mrs. Sarah McDonald, of Birr (Ont.). She says: "My little girl had a severe and obstinate rash on her skin. I applied Zam-Buk a few times and the skin trouble, which had defied all other remedies, went away like magic. Soon afterwards my mother burned her finger. Zam-Buk was applied, and immediately eased the pain. My father got scratched with barbed wire. Zam-Buk closed the wound, prevented blood poisoning, and healed the injury in quick time. I consider that for skin disease and injuries Zam-Buk is really wonderful."

For eczema, abscesses, summer skin troubles, insect stings, sore feet, chafed places, cuts, burns, bruises, etc., Zam-Buk is a sure cure. Also for piles, 50 cents per box, all stores and medicine vendors, or Zam-Buk Co., Toronto.

## High Court of Justice.

[Before Britton J.]  
Logan v. Drew.—Judgement in an action brought by a jury at Sarnia. Action by William J. Logan to have declared that certain assignments of mortgages, amounting to about \$5,600, made by his father John Logan, to the defendants his sisters, though absolute in form, were made to defendants as trustees for the assignor, plaintiff being representative of his father by assignment of his claim. The assignor is 75 years of age. The learned Judge finds that there was no fraud or undue influence or weakness of mind or want of proper advice. Action dismissed with costs. Thirty days stay. E. M. Meredith K. C., R. M. C. Tothie, and I. Greenizen, for plaintiff. A. Weir, Sarnia, for defendants.

"The happiest moment of my life," answered the old bachelor, "was when the jeweler took back an engagement ring and gave me sleeve links in exchange."

## FARR-THOMAS.

A pretty wedding was solemnized at the home of Mr. Joshua Thomas, Inwood, on Wednesday, June 26th, at high noon, when his daughter, Addie Elizabeth, was married to Mr. M. B. Farr, commercial teacher in Alma College. The ceremony was performed by Rev. Dr. Warner, Principal of Alma College, assisted by Rev. J. M. Wallace, M. A., B. D. The bride's gown was of white French faille en train and she carried a large shower bouquet of cream roses.

After the ceremony the guests numbering about fifty repaired to a beautiful marquee erected on the lawn, where a sumptuous wedding breakfast was provided.

Many costly presents attested to the

popularity of the young couple.

The bride's going away gown was of black and white Shepherd's plaid silk with touches of green with hat and coat to match.

The young couple were driven to the G. T. R. station en route for London and Jarvis, thence to Kentucky, where Mr. Farr has purchased a commercial college.

## Sleeper Loses Trousers.

Toronto, July 5.—"Allan Raymond" called Inspector Black, who stood at the dock in the police court.

There was a little pause and Allan stepped forward.

"Oh," said his worship, "this man had no trousers on when he was arrested. Is he clad now?"

Investigation revealed the fact that Raymond was fully dressed. And then Raymond, who was charged with being drunk, told a remarkable story.

"I was going home last night," he said, "when I got lost. I lay down and went to sleep. While I was sleeping someone came along, took my trousers off and walked away with all my money. I had to get home as best I could, but was arrested on the way."

Amidst a gale of laughter Raymond was allowed to go.

## Ontario Board of Health is Trying to Purify Cheese Factories.

Toronto, Ont. July 5.—Dr. C. A. Hodgetts, secretary of the provincial board of health, is making arrangements to install at one or two representative cheese factories, septic tanks and any other appliances found necessary for the disposal of sewage. "This subject has heretofore received very little attention from a scientific standpoint, and the necessity for better provision for the disposal of sewage is becoming more and more apparent. The cost will not be great, and it is expected that the department of agriculture in conjunction with the provincial board of health will be prepared later in the season to make some definite recommendations as to the most suitable methods for the disposal of factory sewage."

## Contracts Hold.

That farmers must live up to the terms of their contracts with canning concerns was decided firmly by Vice-Chancellor Leaming, of Camden, N. J., May 7. The case under consideration was that of Curtis Bros. Co. which had a cannery at Woodstown, against Jas. E. Gattis and others, farmers, who had made contracts to deliver their entire output of tomatoes to the Company at a stipulated price. It is alleged that the contracts were broken by the farmers, who sold their product to outside buyers when the price of the vegetable advanced under sharp competition.

In deciding that the farmers must abide by the terms of their contracts, the vice-chancellor said that if necessary a receiver could be appointed to harvest the crop and deliver it to the company which had contracted for it.—American Grocer.

## An Easy Mark.

Pater—Well, my boy, so you have interviewed your girl's father, eh? Did you make the old codger to the mark?  
Son—Yes, dad; I was the mark.—Boston Transcript.

## Lucky Find.

Ruthven, June 25.—While rowing along the shore of the lake E. R. Wigle noticed what he took to be a large sack on the shore. On examination, he found it was a large cork life preserver, and that it contained a cotton bag in which was secreted quite a tidy sum in bills and silver. Mr. Wigle nearly fell in the lake after making the discovery. He is waiting for the owner to call and identify the preserver, together with the currency.

## Appropriate Hats.

For a lawyer—Fee-dora.  
For a watchman—Wideawake.  
For a stepladder—High hat.  
For a chappie—Soft hat.  
For a bookmaker—Derby.  
For a blimp—E-R hat.  
For a knacker—Opera hat.  
For a bedpecker—Helmet.  
For an acrobat—Spring hat.  
For a grave-digger—Skull cap.  
For a convict—Liberty cap.

## Kingsville Mystery.

Mystery still surrounds the disappearance of a package containing \$500, which Ernest Brown, of the firm of Brown & Wigle, shipped on May 30. The money was traced to the stage driver, Clay Cooper, who claimed he delivered it to Edward Liddle, the agent of the Pere Marquette station. Liddle, however, denied that Cooper had given him the parcel.

**Robber Gets Away With \$200 Woman Had Concealed.**

Winnipeg, Man., July 5.—John Peters and wife were drugged and robbed of \$200 in immigration hall in some mysterious manner. The crime had been reported to the police. The money was concealed in the woman's stocking, which she was wearing at the time.

## CROP PROSPECTS GOOD.

**Brandon Farmers Are Satisfied With the Outlook.**

Brandon, Man., July 5.—W. Philip, one of the big farmers of the Beresford district, says the crop outlook in his locality is first class. There has been abundant moisture, and north towards Alexander so much rain that it assumed the nature of a flood. Melville Boddick, of Brandon Hills, says that although his district missed the early rains, the recent big showers have done great good and the growing crops are coming ahead rapidly.

# Inflammatory Muscular RHEUMATISM

Sciatica and Neuralgia are Cured by

# "Bu-Ju"

UNBRIDGE, AUG. 31st. 1904.

"It is with much pleasure that I send you this testimonial, regarding the wonderful benefit I have derived from the use of Bu-Ju Kidney Pills. Have been an invalid for nearly 3 years, with Inflammatory Rheumatism, and was bed-fast until about 6 months ago, when an old friend of the family called to see me, and left me some of your Pills. I began to feel the benefit of them after taking one box. I have continued using them and am now able to get out of bed and dress myself and can go without crutches. Before taking the Pills I was as helpless as an infant and had to be taken care of like one."

JOHN McCULLOUGH.

Sick, weak kidneys are responsible for Rheumatism, Sciatica and Neuralgia. When the kidneys are not well, they won't filter out uric acid from the blood. It is this poison, remaining in the blood and carried to joints, muscles, nerves, that causes the pain. The only way to permanently cure Rheumatism, Neuralgia, Sciatica—is to cure the CAUSE of the trouble—the Kidneys. The only safe, certain way to make sick kidneys well is to take

# "Bu-Ju"

"Bu-Ju" never fails—never disappoints. It takes away every trace of the trouble. 3c. a day will cure you if you take Bu-Ju.

THE CLAFIN CHEMICAL CO., Limited. - WINDSOR, Ont.

## Companionship of Books.

Will you go and gossip with your housemaid or your stable boy when you may talk with kings and queens, while this eternal court is open to you, with its society wide as the world, multitudinous as its days, the chosen and the mighty of every place and time? Into that you may enter always, in that you may take fellowship and rank according to your wish. From that, once entered into it, you can never be outcast but by your own fault.—John Ruskin.

## Mislead the Pudding.

Dinner was late, but when the mistress started to make a mild remonstrance the new maid was on time with her excuse.

"Sure," she said, with an irresistible Irish smile as she placed the soup on the table, "sure, I mislead the pudding, and there I was hunting the house for it, and where would it be ather all but in the oven!"

## Shopping.

There is nothing finer for the temper than a new hat, no balm for hurt feelings like a fresh gewgaw. Ordering new frocks takes a woman out of herself. Cut a woman off her shopping, and the result may be disastrous.—London World.

## The Polish He Needed.

"I stopped down the street," said the man who prided himself on being blunt, "to get a polish on my shoes."  
"Don't you think," asked his sarcastic companion, "that you began at the wrong end?"—Baltimore American.

## As Usual.

Friend—You took your son into your establishment some months ago to teach him the business, I understand. How did it turn out?—Business Man (wearily)—Great success. He's teaching me now.—Chicago Journal.

A man is never so on trial as in the moment of excessive good fortune.—Wallace.

## Now, Then.

[Atlanta Constitution.]  
"The man who refuses to subscribe to his home paper," says the Whitsett Courier, "and yet borrows it from his neighbor as soon as it leaves the press, would drop a nickel with a hole in it in the contribution box at church, sigh because the hole wasn't bigger, and then go home and do without sugar in his coffee for a week in order to get even."

## Helps Men to Work Hard.

"That's what Ferrozone does; it supplies the additional strength that enables a man to maintain health under difficulties." "Last spring I was so completely ragged out I could not work," writes J. W. McNichol of Turnbull, Man. "In the morning I was tired—limbs ached all over. Had no appetite, was sleepless, nervous and unhappy. Ferrozone put new life into me. Now I eat heartily, nerves are strong, I sleep well. I know the joy of health." It's by supplying nourishment and good blood that Ferrozone builds up; try it—50c per box at all dealers.

If your children moan and are restless during sleep, coupled, when awake, with a loss of appetite, pale countenance, picking of the nose, etc., you may depend upon it that the primary cause of the trouble is worms. Mother Graves' Worm Exterminator frequently removes these pests, at once relieving the little sufferers.

WEAK WOMEN
READ BELOW.

One woman in three is struggling against
weakness.
Are you one of the weak ones?
Not exactly sick, but oh, how miserable!
You discharge your daily duties, but who
can measure the burden, the trial?
Talk of bravery, where find a finer spirit
than among half-sick women, fighting,
struggling to do their duty against terrible
odds—and they never give up until they
drop.
If you could put a drop of blood under
the microscope the cause would be revealed.
You would find the blood thin and wat-
ery, red cells far too few, the carrier of life
very greatly reduced in vitality, and this
means slow death.
Ferrozine cures weakness by fortifying
both appetite and digestion, and making
plenty of blood.
Ferrozine cures weakness by supplying
nutriment and building material, by giving
the body the constituents it requires for
restoring tired organs.
It gives vim, vigor and endurance.
Ferrozine is a tissue builder.
It adds force to all the vital functions—
the stomach, liver, kidneys.
Ferrozine gives sound sleep, sound diges-
tion, promotes perfect removal of all the
body wastes.
Ferrozine makes the body glow with
health.
Any weak, pale or sickly woman that
Ferrozine won't cure—why she must be
hopeless. Wonderful power in Ferrozine,
wonderful cures it makes, and this you can
prove by trying it. Sold everywhere in
50c. boxes.

Cold Year, Famine Prices.
Carlisle, Pa., June 29.—Jacob A. Snive-
ly, of Keedysville, possesses a pewter
medal, commemorating the year 1816,
when there was no summer and when
everything became scarce and high in
price. On the medal is a table showing
the cost of various foodstuffs, showing
that bread, butter, meat, barley, and
ham were at rates much higher than any
modern monopolies have forced on a
suffering public.
A loaf of bread was worth over 40
cents; barley, \$2.50 a bushel; wheat the
same, and other things in proportion.
The year 1816 was known throughout the
United States as the coldest ever experi-
enced by any living person.

It Rings in Your Ears.
The same cough is everywhere you go,
deep and hollow because consumptive.
First it was catarrh which could have been
cured by Catarrhoxone. Moral, never ne-
glect a cold, never trifle with catarrh, go to
your druggist and get Catarrhoxone. It's
instant death to colds, cures them in a few
minutes. Throat trouble and catarrh dis-
appear as by magic. Catarrhoxone is the
great throat, nose and bronchial remedy
today. Thousands use it, doctors prescribe
it,—why, because it does relieve quickly
and cure thoroughly. Two sizes, 25c and
\$1.00 at all dealers.

Couldn't Deliver the Goods.
St. Thomas, Ont., July 3.—Norman
Lindop, of this city, answered an adver-
tisement for a Buffalo firm, offering for
sale ready-made cottages. Lindop sent
\$275, but repeated queries brought no
answer.
He went to Buffalo and enlisted legal
aid, and went to the address, but the
proprietor could not produce the cottage,
and was forced to disgorge the \$275.
Three stenographers were at work in
the office and stacks of mail were in evi-
dence. The business is well advertised
in Canadian papers.

Steel Knife in the Flesh.
That's the sensation experienced by
Robert Price of Hecaton, Ont. He knew it
was scintilla and of course used "Nerviline."
As usual it cured and he says: "No lim-
iment can excel Polson's Nerviline. Severe
pains made my side lame. It was
like a steel knife running through the
flesh. I rubbed in lots of Nerviline and
was completely cured." A regular snap for
Nerviline to ease Sciatica and rheumatism.
It sinks into the core of the pain, cures it in
short order. Large 25c bottles at all deal-
ers.

society returned on July 3rd, after visit-
ing children at Forest and in the town-

their progress favorably.

STOVES which are not used in summer
should be kept from rusting by the ap-
plication of linseed oil. A thin coating
should be thoroughly rubbed in, and the
stove then covered with oil cloth. When
the first fire is lighted there will be a
slight smell from the oil, but to no very
great extent, and the stove can be black-
ened as usual.

THE WORLD IS FULL OF PAINS.—The
aches and pains that afflict humanity are
many and constant, arising from a multi-
tude of indistinguishable causes, but in the
main owing to man's negligence in taking
care of his health. Dr. Thomas' Electric
Oil was the outcome of a universal cry for
some specific which would speedily relieve
pain, and it has filled its mission to a re-
markable degree.

POOR fellow said a benevolent lady,
kindly, "what has brought you to this
desperate condition?" "My wife, mum."
"Your wife! How is that?" "Well,
you see, mum, I've found her three good
jobs, and blessed if she ain't lost every
one of 'em."

THE Manley triplets, born at Staples,
on March 16th, are on exhibition in De-

money going towards the support of the
Manley family, who are poor.

A BUSINESS man in Neodesha recently
was solicited by one of his local ministers
for funds for the church, remarking as he
did so that he was collecting for the
Lord. The business man wrote out a
check for \$5, payable to "The Lord."
He wondered how the minister would get
the money on the check, but if he
thought the minister would fail he was
doomed to disappointment, for the check
turned up in the regular way, with the
following endorsement on the back:
"The Lord, by Rev—, His Agent."

MESSRS. C. McLEAN, John McNabb
and James McLean, members of the
Lambton County Council appointed to
be a committee of Broke Council, met
in Alvinston last week to inspect the Mc-
Kellar bridge, 21 sideroad, to ascertain
the county's portion, if any, towards
erecting a new structure. The committee
decided to grant Broke Council 50 per
cent. of the cost of same. Reeve Darvill
is to be congratulated on bringing this
matter to so successful an issue.

The statute which requires partner-
ships to register certificates, imposes a
\$50 penalty for failure to obey it, and in
St. Thomas, recently, some enterprising
graters concluded they would make an
effort to capture a few fines. They went
to the proposition and it looked like a
sorry matter for the victims, but the
judge, fortunately made the fines nomi-
nal, and the result was that the graters
were at more expense than the net earn-
ings from fines amounted to. It is a
lesson for favorable comment that they
were treated in this way, and all who try
a similar dodge should be treated as they
were.

Barn Wrecked by Lightning.
Millbrook July 3.—Mr. Robert Hooten,
ex-Reeve of Bavan, had his barn struck
by lightning, which struck the building,
running along the whole hundred feet of
its length, shattering posts and boards,
and entering the stone wall, rendering it
like so much clay. Mr. Hooten, who
was in the house, ran out and found the
stable on fire, but with the help of his
wife succeeded in extinguishing the
blaze. The wreck of the buildings is
considerable, but the loss is covered by
insurance.

## Ontario Flour Wheat.

In view of the fact that the freight rate to Montreal from Manitoba is as low as it is to Ontario points, the success of the efforts of the Ontario millers to capture the market of the Maritime Provinces are nothing short of phenomenal.

The farmers of Ontario have lost heavily in the decline in the demand for Ontario wheat, which has resulted not only in lower prices for fall wheat but in the present era of high prices for bran and shorts. Farmers and stockmen need hardly blame the millers for these conditions when agriculturists contribute to Western prosperity by buying Manitoba instead of Ontario blended flour when they purchase the family groceries at the general store. Even in those districts where wheat remains a staple, it is no uncommon sight to see the man who has hauled his own wheat to the mill jogging back with a barrel or bag bearing some well-known Western brand.

The people of Ontario have taken Western flour partly on its merits as a "strong" flour, and partly as a result of the glamor of the Great West, which has been so well advertised throughout the old and long settled parts of Canada. In spite of the vogue of the flour made from the spring wheat of the West, it is an indisputable fact that the flavor of the Ontario flour is very much superior. If enough Western wheat is added to bring up the proportion of gluten, the resultant blend is much superior to either the Manitoba or Ontario flour. The bread is nourishing and has all the delicate flavor of the Ontario wheat. It is with Ontario blended flour that Ontario millers have captured the Maritime market, to the mutual advantage of the millers and the farmers of this province.

The increased market for Ontario flour is a matter of vital interest to farmers all over the province; it offers an incentive to wheat growers and will enable stockmen to procure feed at living prices. The purchase of blended flour for home use will help create a demand for the new flour right here in Ontario, and will mean an enlarged market for Ontario wheat.

## BOSANQUET COUNCIL.

Council met on the 2nd inst. Members all present except Mr. Wight who was absent in the forenoon. Minutes of last meeting read and confirmed. The engineer's report for the proposed Gillian drain was read and considered and by-law for same provisionally adopted. A by-law was passed rescinding by-law 627 which authorized drain commissioners to issue their orders in favor of the contractors. Petitions were received from A. D. Donald and others for a drain to drain lots 14, and 20, con. 9, and from S. Stewardson and A. Hare for a tile drain and the clerk was instructed to notify the engineer and examine the lands etc. The following orders were given: C. W. Lucas, \$110 first payment on gravel pit and \$6.50 for stripping the pit; John McKenzie, \$18 looking after the pit; Wm. Beer, \$22.25 for plank; A. S. Code \$50 balance on Aux. Sables survey \$17; Gillard drain report and \$23.75 restaking S. B. drain charged to the drains; Geo. A. McCubbin \$51.75 examining Shawana drain, and \$26.75 engineer's assistants; W. N. Ironside \$130 for cement, etc; Joseph Stewardson \$5 ditching on Proof Line; W. J. Brander, \$2.15 equalizing Arkona Union School section. Council adjourned to meet on Monday 29th inst. at 10 a. m. as a Court of Revision on the Gillard drain at 11 a. m. for general business.

## Film Flammer at St. Kitts.

St. Catharines, July 5.—A slippery customer visited the city yesterday and endeavored to work a bogus cheque game upon several merchants. The first place he visited was Charles Togan's furniture store, where he tendered a cheque for \$458 in payment for \$132 worth of furniture purchased. He did not get away with the game, however, as Mr. Logan was suspicious and refused to accept the cheque. The stores of Andrew Foster, John W. Timmons and Roath & Furringer were also visited with the same or similar motives, but in no case did the game come out as anticipated. At the postoffice he approached the wicket and asked the young lady if she could give him a \$30 bill or \$20 in bills. She replied that she had a \$10 bill and two \$5 bills, and he then emptied his pocket, saying that would do. Fifteen dollars was found all right and taken by the young lady, but upon counting over the balance \$5 was found to be only \$4.75. In the meantime he had asked her to put it in an envelope and seal it. The young lady then turned to wait upon other customers, and later returned to him and told him of the shortage, to which he replied: "Oh, she must have given me the wrong change." He then handed her the envelope, promising to go and get the correct change, and she, supposing it to be the original \$20 put it in the cash drawer. Suspicion that all was not right occurred to her this morning, and upon opening the envelope it was found to contain a blank paper. The man registered at the Russell as

R. Graham, of Toronto, and cheques tendered merchants were drawn on the Bank of Toronto, payable at Toronto. The story told was that he was taking 200 bronchos from Chicago to Calgary, and supplies were purchased to be taken today. The man paid his bill at the Russell and departed on a trolley car for the Falls.

## Sugar Takes a Drop.

A despatch from New York announces a reduction on all grades of refined sugar of ten cents per hundred pounds, a most unusual occurrence on the eve of the "preserving season." As a rule a change in New York is reflected almost at once in the Canadian market, but trade in sugar has been so quiet that local wholesalers do not anticipate any general movement one way or the other. Indications are that the housewife's "dollar's worth" will not be any larger for the present.

## Struck by Train.

Port Huron, Mich., July 7.—While walking on the Grand Trunk tracks this morning, John C. Paton, an employee of the company, was run down by a freight train and seriously injured. He was removed to the hospital, where there is little hope for his recovery. Six cars passed over him. Paton is married and has one grown-up son.

## Ontario Government Prizes.

The Canadian Hackney Horse Society special prizes in the natural history department at the Canadian National Exhibition for the best collection of insects injurious to horticulture; for a collection illustrating the effects of fungoid diseases upon cultivated plants, and for the best exhibit of woods and leaves from the forest trees of Canada. Prizes of \$30 will be given in each section.

## A Good Fruit Yield.

Ottawa, July 8.—The departmental fruit crop report for June states that the season is catching up, and the fruit yield is likely to be good. The late spring did not cause the delay that was expected. The apple crop prospects are very encouraging and grapes are making good growth, but small fruit is hurt by weather conditions. Strawberries are late and may be a little short.

## Must Sue Where the Defendant Lives.

Judge Riddell has made an order prohibiting the trial of a Division Court action brought by an Oxford County man in Oxford against a man who lives in Huron County. The judge finds that Buchanan, the plaintiff, who lives in Ingersoll, must sue in Huron County and cannot compel Brown, the defendant who is a Seaforth man, to leave his county. The amount at issue, is only \$18.30.

## G. T. Shifts Officers.

Montreal, Que., July 9.—Several important changes in the Grand Trunk management staff are announced.

William Wainwright becomes fourth vice-president, and his present office of comptroller is abolished.

Joseph Hobson becomes consulting engineer.

His present position of chief engineer is filled by Howard G. Kelley, now chief engineer of the Minneapolis & St. Paul.

William McNabb becomes principal assistant engineer.

The most significant change is the virtual retirement of Joseph Hobson, 10 years chief engineer of the G. T. R. Mr. Hobson attained international fame in the construction of the tunnel under the St. Clair river, connecting Sarnia and Port Huron.

## A Great Year for Fish.

Cleveland, Ohio, July 8.—For the past decade there has been a general falling off in the quantity of fish caught in the Great Lakes. This year, however, the nets of the fishing companies all along the chain of lakes have almost been invariably overrunning with fish when lifted. The usual output of the lakes for previous years past has been close to \$150,000,000 pounds annually, of which Lake Erie produced over half. The increase in the catch this year is, doubtless, due to the protection to fish given by the various state laws prohibiting fishing during the winter season, and to the law regulating the size of the mesh of the nets.

Although the supply was greater this spring, yet the price was practically unchanged owing, the dealers say, to the high price of meat, which caused a greater demand for fish.

## Stunned by Lightning.

Ottawa, July 8.—During the electrical storm this evening the house of Alphonse Monette was struck by lightning and somewhat shaken.

The family of 11 was badly scared, and a young lad, son of the man, was struck on the shoulder and rendered unconscious for some time.

## The Coldstream Guards.

Sir Wilfrid Laurier has written to Lord Elgin of interest in securing the band of His Majesty's Coldstream Guards for the Toronto Exhibition this year. In a letter received by Dr. Orr this morning Sir Wilfrid Laurier said that on reaching London again he would personally endeavor to have the request of the Exhibition authorities granted.

One of the attractions at the Exhibition will probably be a working model of the new invention by which cars are

run on a single rail. It is the intention to have the display sufficiently elaborate to show the feasibility of the principle and the speed that can be attained.

## Tried to Rob Two Toronto Ladies.

Montreal July 8.—An attempt was made at the Windsor station last night to rob two Toronto ladies, Mrs. FitzGibbon and Miss Francis, of their jewelry while they were boarding a train for Toronto. The ladies shouted, and their assailants made their escape. The police are looking for the men, who are said to be Italians.

## Fell into a Cistern.

Brighton, July 8.—Mrs. Margaret Hill of Brighton fell into her cistern on Sunday, breaking through the covering, and was drowned before help could reach her. The funeral will take place tomorrow at 1 o'clock, leaving the house of her son-in-law, Wm. Harvey, with whom and her daughter she made her home. Mrs. Hill was about 68 years of age. She was a member of the Methodist Church, and was of a quiet, retiring disposition, and somewhat of an invalid.

## Gas From Straw.

Winnipeg, July 7.—Russell Coultis, of Cleveland, claims to have invented a process of obtaining gas from straw. Mr. Coultis is making arrangements to establish a plant in Brandon.

Mr. Coultis is a son of Rev. Jas. Coultis, formerly of Bunyan, and is well known to many in this district.

## The City of Marriages.

Windsor, July 8.—Windsor still retains its reputation as being the city of marriages, and, as usual, the majority were from the United States. City Clerk Lusted's figure for six months ending July 1 show that there were 685 marriages, an increase of 177 compared with the same period of 1906.

A sad death occurred in Maidstone, township at the home of Ira Cowell. The nineteen months old child of Mr. and Mrs. Samuel McIntyre, who were visiting at Mr. Cowell's home, got hold of a can of lye, and before anyone noticed what the infant was doing the babe drank about a spoonful of the contents. The mouth, throat and tongue were frightfully burned and disfigured. Dr. Doyle of this town, was called, but the child was beyond medical aid and died in a few hours.

### BASEBALL.

The games that the boys have been dreaming about for the past week are played and over. After trimming Oil City on Monday nothing but Chicago or New York seemed big enough to go up against. However they condescended to play a couple of games with the McClarys, the champions of London, for a little practice as it were. A double header was played here on Tuesday afternoon. In regard to games we have few comments to make. The McClarys are a fast aggregation and a splendid lot of ball players. We think it did our boys good to meet them, they now know their class. The score tells the tale, yet not all. Attendance 400, gate receipts \$65.

McHugh, Costello and Towle carried off the batting honors. Stan Smith headed the list with strike outs.

### ISLES—PERRY.

A pretty wedding was celebrated at the home of Mrs. W. P. Perry, Main Road, Warwick, on Monday afternoon, June 26th, when their only daughter, Drusilla E. was married to Mr. Andrew Isles, of Wisbeach. The bridal party came out to the verandah during the playing of Mendelssohn's Wedding March, by Miss Jean Ross, and the ceremony was conducted by the Rev. E. B. Horne. The bride was dressed in a dainty gown of white silk and carried a bunch of bridal roses and white carnations, she was accompanied by her brother, James Perry, and was attended by little Alma Auld, carrying the marriage ring in a basket of orange blossoms, and Miss Merle Dodds maid of honor, both nieces of the groom. The groom's gift to the bride was a handsome Carmen bracelet set with pearls, to the maid of honor, a pearl stick pin, and to the ring bearer a pearl locket. The numerous wedding presents were beautiful and useful. After a wedding dinner Mr. and Mrs. Isles left amid showers of blossoms and good wishes, on the evening express for a short trip.

### HARPER—CAMPBELL.

A very pretty and happy event occurred the home of Mr. Robert Campbell, 2nd line, N. E. R. Warwick, on Wednesday, July 3rd, when his daughter, Miss Mary Adelia, was united in marriage to Dr. A. W. Harper, a prominent young physician of Manion, Mich. The ceremony was performed by Rev. R. F. Hoskings, of

Warwick, in the presence of a large number of relatives and friends of the contracting parties. Many beautiful presents were received by the bride, who is one of Warwick's most popular and esteemed young ladies. A dainty luncheon was served after the ceremony, and the happy young couple were the recipients of numerous congratulations on the happy event. Dr. Harper is an old Warwick boy, who is meeting with great success in his profession, and many friends join in wishing the young couple all happiness and prosperity.

### London Won two Games From Arkona.

Arkona, July 9.—"Rube" Kerr, the big McClary twirler, put the "kibosh" on the local team to-day in a one-sided double-header. Waddell, from Forest, was on the rubber for the Arkonites in the first spasm and was ripped and bruised to the tune of 18 bingles, most of them for extra bases. When the dust flew northward and all was peaceful once more, the score board read 12-1.

The second game was simply a continuation of the slaughter and poor Smith, the fast local man, was forced to stand there and watch the sphere go sailing off the willow with the rapidity and regularity that was certainly cruel to say the least. The bats gained 11 runs in this game on 7 hits, while their opponents were content with two. "Rube" Kerr pitched both games and was it with a capital "I" all the time. In the eighteen innings he caused 21 to fan, allowed two to walk, while the hits numbered 7.

The Arkonites played fair ball, but were outclassed. Special features were the fast fielding of Costello, Eccleston and McHugh, the latter doing exceptionally well. Costello and McHugh had six hits apiece, most of them for extra bases. They are a fast bunch and, as one of the spectators put it, "By gum, them cantankerous critters ought to be in Chicago, and not cavorting around these here pastures."

The score:

Edwards—Graham, that the Clerk prepare a by-law for next meeting for raising \$1500 for improvements in S. S. Nos. 7 and 2 Warwick and Brooke.—Carried.

The Council then adjourned to meet on Monday, Aug. 5, 1907, at one o'clock p.m.

### N. HERBERT, Clerk.

### Died at Strathroy.

Strathroy, July 5.—The Union Jack is at half-mast today at the town hall in honor of the late ex-Mayor Wm. A. Armstrong, who passed away at the home of his mother on Victoria street yesterday afternoon.

The late Mr. Armstrong had been suffering from Bright's disease for a number of years, but was able to attend to his business affairs and had only been confined to the house during the last two months, when he passed peacefully away on Thursday afternoon. The late Mr. Armstrong was the second son of the late W. A. and Elizabeth Armstrong, and was born in Strathroy 49 years ago. With the exception of two or three years out West he spent his entire life in Strathroy.

Mr. Armstrong took a keen interest in the town's affairs and was not only a councillor for a number of years but mayor of the town for two years, 1897 and 1898. In the Methodist Church, where the deceased was a devout member he occupied several important positions, and will be greatly missed.

### REUNION NOTES.

Only five weeks away.  
 The official badges are in good demand. Better secure one early.

Procure your decoration supplies early. The supply is limited.

The Old Boys and Girls from the Canadian Soo are coming down in full force.

Addresses of welcome will be given from the bandstand the first day of the Reunion.

The concert the first night of the Reunion will be one of the best ever given in Watford.

The officers of the Watford Old Boys have been invited to attend the Kincardine Old Boys' Reunion July 22-27.

The parade on Monday will be the finest ever seen in Watford. The societies will be well represented, and some special features put on.

Several applications are being received for positions in the Old Boys' base ball team. The sporting committee is very particular, and you have to show them.

The Watford Silver Band, although somewhat crippled in numbers, will take part in the parade, and will put on a specialty that will cause no little amusement.

A meeting of all committees is called for Monday evening at 8 o'clock in the Council Chamber. Citizens generally are invited to attend. Any suggestions will be appreciated.

The Committee hope to have a membership fee of 1000. If you are not already a member get in line. Members tickets admit free to grounds both afternoons of the Reunion.

Only a few weeks until the Reunion. Order your official badge now as the supply is limited, will be on sale at Downing's, Guide-Advocate and Miss Nesbitt's studio, Main St., over Fitzgerald's law office.

The contract for decorating the town has been let to J. J. Turner & Sons, of Peterborough, who make a specialty of this business. They guarantee a first class job. The firm has the contract for the Ottawa Old Boys for which they receive \$1,500. The decorations will be placed in position on Saturday, and taken down on Wednesday.

THE Rev. R. W. Howard, M. A., has accepted the invitation to preach in Trinity Church on the Sunday before Reunion, and Rev. A. Langford, one of the first Methodist ministers in this district, has been invited to fill the Methodist Church pulpit, other denominations are arranging with former pastors.

Tickets for the Reunion will be issued on all roads in Canada, west of Pt. Arthur, from August 15th, good to return until August 24th. If 300 attend, which is practically certain, a single fare will be given. Where the return fare exceeds \$2.50, passengers are required to obtain standard certificates from the agent where tickets are purchased. These will be used by the railway representative in attendance at the Reunion, and, when presented according to conditions attached, will entitle holder to free return ticket in the territory of the Eastern Canadian Passenger Association. Circulars containing railway instructions will be forwarded next week.

### SERGEANT BATE'S GRIEVANCE.

Sergeant James Bate, late of His Majesty's Royal Infantry, having served for a quarter of a century in the British army is very sore at the treatment that has been meted out to him. The Sergeant has recently been released from the Sarnia jail, after spending nearly five months in that institution and claims that there was no cause for his committal. He was charged with another crime than poverty and considers his detention as a criminal unjust and illegal. It appears to be harsh treatment for an old veteran to be punished in this way. If he was unable to support himself the House of Refuge was the place for him. The attention of the Provincial Secretary will be called to the case.

### KERTCH.

Miss Jessie Dewar, of Kertch, was very successful at her recent graduation examination at the London Conservatory of Music, winning the scholarship given by the Heintzman & Co., piano manufacturer to the best pupil at the examination. Mr. Rudolph Ganz, the celebrated Swiss pianist, was the examiner. Miss Dewar is now an A.L.C.M., piano graduate of W. Caven Barron, principal of the London Conservatory.

### BROOKE.

The Rev. T. B. Conpland will (D. V.) give an instructive Lecture on the Holy Land, in the Bethesda Methodist Church on Monday night at 8.30 o'clock. Illustrated with lime light views of eastern scenery. Also 500 feet of life moving pictures. Admission, adults 20c., children, 10c.

### Miner's Strike at Cobalt.

Ottawa, Ont., July 9.—Mr. F. A. Ackland, secretary of the Labor Department, left for Cobalt at noon to-day to explain to the striking miners the provisions of the Lemieux Act. The miners are evidently under the impression that the Act applies only to coal mines and not to

### AS A WORKING TOOL

for the student and the writer, as an authoritative reference book for schools, teachers, families, business and professional men, there is one book which offers superior advantages in the solid value of its information, and the ease with which it is obtained.

One's admiration for Webster's International Dictionary increases daily as it comes to be better known. It never refuses the information sought and it never overwhelms one with a mass of misinformation illogically arranged.

The St. James Gazette of London, England, says: For the teacher, the pupil, the student and the litterateur, there is nothing better; it covers everything.

The New and Enlarged Edition recently issued has 25,000 new words, a revised Biographical Dictionary and a revised Gazetteer of the World, 2380 pages and 5000 illustrations. It has just received

#### Dehorning a Rhinoceros.

A rhinoceros which lived in the London zoo was troubled by its horn, which grew down in front of its mouth, so that only with difficulty could it eat or drink. To save its life the keeper decided on amputation. The horn of a rhinoceros is not a horn at all, but an accumulation of hair and skin which has hardened and become cemented together by some gummy substance. The owner of this one had a very touchy temper and was not easily approached. Its keeper, however, decided to try what he could do. For some days it required all his skill to persuade the beast to come to the front of the cage and put its horn through. Then for some days he stroked the horn, much to the animal's disgust at first, although later it seemed to like it. When it found he meant no harm it let him take the horn in his left hand and then with the right imitate the motion of a saw across it. When this had been done some time and the rhinoceros no longer minded it, a piece of wood was held in the right hand, and at last, when even this no longer worried the animal, a real saw was brought in and the horn cut off without the slightest remonstrance from the owner of it.

#### Outcome Always Same.

A Philadelphian was praising for his learning and uprightness the late Judge M. Russell Thayer. He quoted the moving passage from Judge Thayer's will, "Owing to the fact that almost my entire life has been passed in the public service of the United States and of the state of Pennsylvania, I have but a small estate to leave to my dear children and wife."

"Judge Thayer," he continued, "was a very honorable man. First as a lawyer, afterward as a judge, he treated all with whom he had dealings with the greatest fairness. Once, years ago, after he had served me well in a difficult case, I remonstrated with him about the smallness of his fee.

"Well," he said, smiling and smelling the flower in his buttonhole, "I, you know, am not that type of lawyer whose client once said:

"I never was entirely ruined but twice—once when I lost a lawsuit and once when I gained one."—Washington Star.

#### A Terrible Punishment.

A man suspected of treason in Morocco was punished by having the flesh of his hand sliced, the wound filled with salt and the whole hand sewed up in leather. It is a common belief that this punishment causes mortification to set in and that the hand decomposes, but such is not the case, for by the time the leather wears off the hand is healed, the result being that the hand is rendered useless and remains closed forever. It is a punishment not often in use, but is sometimes done in cases of murder or constant theft, as, without in any way injuring the health of the man, it prevents his committing the crime a second time or for the hundredth time, as the case may be. It is a punishment that cannot be applied except by the sultan's orders.—Blackwood's Magazine.

#### A Fairly Big Fish.

Paddy had been telling the story of a big pike he caught, too big to get into the boat, so that he had to be towed behind (with the gaff in it, it must be understood). Then followed this dialogue: "What weight, Paddy?" "Divil a know I know, but he was an ojus baste." "Was that the biggest you ever saw, Paddy?" Then Paddy gave a description of the biggest he ever saw. "What weight, Paddy?" "Sorra a bit I know. He was a terror!" "How big, Paddy?" "Sure, I can't tell to a foot or two, but a man could walk down his throat." On this incredulity, but Paddy "clinched the matter and silenced all controversy" by adding, "Wid his hat on."—Angler's Evenings.

#### Emergency Foods.

According to Dr. Robert Hutchinson of London, if at any time meat is not available, bread, sugar and eggs will make "a very respectable support for the body." Sugar is an exceedingly valuable article of food as a source of energy, the unfortunate thing about it being that it contains no nitrogenous matter. Bread, however, does contain some; hence it balances up well when combined with sugar. In times of scarcity of food bread and molasses is not a half bad diet—at least it can be relied on to keep the body up to a fair state of efficiency.

#### Women as Walkers.

Even the athletic girls and women of today can hardly make any advance upon the record of Mary Lamb, who wrote to Miss Wordsworth (both women being between fifty and sixty years old): "You say you can walk fifteen miles with ease. That is exactly my stint." She then speaks pityingly of a delicate woman who could accomplish "only four or five miles every third or fourth day, keeping very quiet between."

#### THE DUTY OF HAPPINESS.

Keep Your Face to the Sunlight and Smile Through Your Tears.

I know an old man who has had a great deal of trouble and many losses and misfortunes, but he started out in life with a firm determination to extract just as much real enjoyment from it as he went along as possible—not in dissipation, but in wholesome recreation and fun. He has always tried to see the humorous side of things, the bright side and the duty of happiness.

The result is that, although this man has had more than his share of sorrow in his career, he has developed the inestimable faculty of making the best of every situation and of always facing the sun and turning his back to the shadows. This life habit of cheerfulness and optimism has brought out a sweetness of character and a poise and serenity of mind which are the envy of all who know him. Although he has lost his property and the most of his family and relatives, yet he radiates sunshine and helpfulness wherever he goes.

A man who can laugh outside when he is crying inside, who can smile when he feels badly, has a great accomplishment. We all love the one who believes the sun shines when he cannot see it.

A potted rose in a window will turn its face away from the darkness toward the light. Turn it as often as you will, it always turns away from the darkness and lifts its face upward toward the sun.

So we instinctively shrink from cold, melancholy, inky natures and turn our faces toward the bright, the cheerful and the sunshiny. There is more virtue in one sunbeam than in a whole atmosphere of cloud and gloom.

#### A FRIEND.

A harbor of refuge from the stormy waves of adversity.

A balancing pole to him who walks across the tight rope of life.

A watch which beats true for all time and never "runs down."

A permanent fortification when one's affairs are in a state of siege.

The first person who comes in when the whole world has gone out.

One who loves the truth and you and will tell the truth in spite of you.

The triple alliance of the three great powers—love, sympathy and help.

One who multiplies joys, divides griefs and whose honesty is inviolable.

A jewel whose luster the strong acids of poverty and misfortune cannot dim.

One who combines for you alike the pleasures and benefits of society and solitude.

A bank of credit on which we can draw supplies of confidence, counsel, sympathy, help and love.

One who considers my need before my deservings.—London Tit-Bits' Prize Competition.

### Explosion at Petrolia.

Petrolia, July 7.—People who were enjoying a quiet Sunday afternoon rest were considerably startled this afternoon shortly after 3 o'clock, when a terrible explosion took place. The whole town was shaken and many windows were shattered.

Upon investigation it was discovered that the building at the Bradley nitro-glycerine works had been completely wrecked. The building is located about a mile north of the town. The manager stated that in the building which was wrecked only a very small quantity of the explosive could have been present.

Within less than a hundred yards of the building were two magazines, each containing several hundred quarts of nitro-glycerine. How they escaped destruction is at present unknown, but had the glycerine stored in them exploded the effect would have been disastrous.

### Education Department May Inaugurate Campaign Against Tuberculosis.

Toronto, July 6.—It is stated that the Provincial Government will ask Mr. A. U. Colquhoun, M. A., L. L. D., deputy minister of education, to represent Ontario at the international congress on hygiene, to be held at the University of London, London, England, next month.

It is believed that the proceedings at this congress will have an important bearing on the framing of certain features of the new educational policy for the Ontario public schools.

Next year it is understood to be the intention of the education department to apply itself to the general improvement of hygienic conditions in the public and separate schools. The step was foreshadowed by the minister himself in an interview some weeks ago, when he indicated that a special campaign was in preparation against the inroads of the great white plague. Further, it is the intention to include in the series of new text books now in preparation special articles dealing with the prevention and treatment of tuberculosis and other contagious diseases.

It is believed that Mr. Colquhoun may lay before the international congress some of the plans that the Ontario department has in view, and solicit consideration and advice upon them.

Among the matters which will likely be considered in relation to Ontario's schools are: Methods for the first and subsequent medical examinations of school children; school work in its relation to the duration of lessons, the sequence of subjects and the season of the year; the school in its relation to tuberculosis; the lighting and ventilating of class rooms.

"The most important factor in the educational work of our Province is the health of its people," said Hon. Dr. Pyne, "and in as far as it is in our power we purpose to give it every possible attention in our schools."

It was the intention of the Minister of Education, as a medical man, to have attended this international conference himself, but he has found that it will be impossible for him to leave Canada this year.

### Royal Visit to Ireland.

London, July 8.—King Edward and Queen Alexandra, started this afternoon for Ireland, the second visit since their ascension. On the way their Majesties will spend to-morrow at Bangor, and lay the stone of the University of North Wales. The royal yacht is awaiting the royal party at Holyhead, and will convey them to Kingstown. During the morning of July 10. One of the special objects of the King's present trip is to visit the Dublin Exhibition.

### SUMMER COMPLAINTS.

At the first sign of illness during the hot weather give the little ones Baby's Own Tablets, or in a few hours the trouble may be beyond cure. Baby's Own Tablets is the best medicine in the world to prevent summer complaints if given occasionally to well children, and will as promptly cure these troubles if they come unexpectedly. But the prudent mother will not wait until trouble comes—she will keep her children well through an occasional dose of this medicine. The tablets ought, therefore, to be kept in the house at all times. Mrs. Chas. Warren, Nevis, Sask., says: "My little boy was greatly troubled with his stomach and bowels, but a few doses of Baby's Own Tablets wrought a great change in him. I would not be without the Tablets in the house." Sold by all medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

### Wallaceburg Demonstration.

Wallaceburg, July 8.—Unquestionably the best celebration ever held here will be the Provincial Firemen's Demonstration and Tournament, which will be held here on August 5, 6 and 7. Fire Brigades from all over Ontario will be here in force, and a large crowd and grand celebration are expected.

St. Catharines, Aylmer and Merriton have signified their intention to be present, and each will bring a brass band, while acceptances have been received from a large number of other departments. Lithographs will be issued in a few days, giving the programme and list of events and prizes. A gala day is looked for and no doubt, Wallaceburg will have a greater crowd than has been.

### Warns Western Farmers.

Winnipeg, July 8.—Senator W. D. Perley, the largest farmer in Saskatchewan, who harvested ten thousand acres of wheat last year, has issued a statement, through the newspaper, warning farmers of Northwestern Canada to exercise close economy this year. He sounds a pessimistic note, and says that the crop will be less this year by from 25 to 30 per cent. than last year.

"We western farmers have had six years in succession of good crops and great prosperity," he observes, "and under such circumstances it is quite natural to forget that it is possible to have poor crops."

In the meantime crop prospects are improving all over the west, Sunday rain was general in Manitoba.

### Hon. Adam Beck Returns.

Montreal, July 5.—Hon. Adam Beck arrived in this city from England today and left tonight for Toronto. He is greatly pleased with the prize-winning results of the horses he exhibited. He captured thirteen prizes with his string.

### TORONTO.

Toronto, July 9.—The run at the city cattle market today was 80 loads, with 800 head of cattle, 1,275 sheep and lambs, 300 hogs and 402 calves.

Trade was good and altogether a fair, steady market today, with prices generally firm all round. The run was light and there was a good demand for the local butcher trade. Stocks in the hands of the wholesale men are light and there was therefore plenty of buyers for all the good butcher cattle to be had. While the mar-
