The Toronto World BRITISH TAKE OVER MANY GERMAN WARSHIPS

Military Service Act Defaulters to Be Outlawed for Twenty Years

GOVERNMENT RAILWAY HEAD CONFERS WITH MINISTERS

Possibility That Headquarters of Entire System May Be Located in Montreal.

Ottawa, Nov. 21.—President D. E. Hanna of the government railway system, with a number of leading officials, was in conference here today with the minister of railways and the deputy minister, Major Graham Bell. General questions of betterments, branch line constructive financing, terminals and administrative policy were under review.

GERMANY SURRENDERS NINE BIG BATTLESHIPS

Five Battle Cruisers Also Pass Into British Possession With Many Smaller Craft, for Internment in Scapa Flow—Enemy Destroyer Strikes Mine and Sinks.

London, Nov. 21.—The German fleet, as specified in the terms of the armistice with Germany, was surrendered today to the allies. The admiralty statement reads: "The commander-in-chief of the grand fleet has reported that at 3.30 o'clock this morning he met the first and main instalment of the German high seas fleet, which is surrendering for internment."

Another flotilla of German U-boats surrendered today to a British squadron. There were nineteen submarines in all; the twentieth, which should have come today, broke down on the way. Describing the surrender of the German warships to the commander-in-chief of the grand fleet, Sir David Beatty, today, correspondents say that after all the German ships had been taken over, the British admiral came thru the line on the Queen Elizabeth, every allied vessel being manned and

CANADA'S RECORD OF ACHIEVEMENT IN THE GREAT WAR

What Dominion Has Accomplished From a Military Point of View.

TWENTY BIG BATTLES Casualties Numbered 211,000 With Over Fifty Thousand Deaths.

Ottawa, Nov. 21.—The following statement, showing what has been accomplished from a military point of view, by the Dominion since the beginning of the war, was issued today by the militia department:

When Canada entered the war in Aug. 4, 1914, she had a permanent force of only 3000 men and an active militia of 60,000. When hostilities ceased on Nov. 11, 1918, Canada had sent overseas 418,950 soldiers. At first Canada supplied a division. This was increased until by 1916 we had in France an army corps of four divisions, cavalry brigade, and numerous other services, such as line of communication troops, railway troops and forestry corps. On Sept. 30, 1918, the Canadian troops in France numbered 156,250. The cavalry brigade included a strong draft furnished by the Royal Northwest Mounted Police.

The Canadians engaged in the United Kingdom and France in co-operating and operating railway lines and in cutting down forests and milling the timber number about 50,000. Of the Royal Air Forces, some 14,000 or 15,000 were raised and trained in Canada; in addition many joined the R.A.F. after going overseas in the Canadian Overseas Force. On Oct. 31, 1918, the casualties numbered over 211,000. There have been over 40,000 deaths, 127,000 have been wounded, and when hostilities ceased the prisoners of war numbered 2300.

Roll of Canada: 1915: Second battle of Ypres (April and May); 1916: The Somme (8th to 13th April); Sanctuary Wood (2nd and 3rd June); Hooge (5th, 6th, 13th and 14th June); battle of Somme (September, October and November); 1917: Battle of Vimy Ridge (9th to 13th April); battle of Arras and Lens (9th April, 10th and 11th May); battle of Lens (June); battle of Hill 70 (16th August); battle of Passchendaele (26th Oct., 10th Nov.); 1918: Second battle of Somme (March and April); battle of Amiens (12th Aug.); capture of Monchy-lez-Reux (23rd, 24th and 25th Aug.); breaking of the Hindenburg line (4th and 6th Sept.); crossing of Canal du Nord and Bourlon Wood (27th-29th Sept.); 1918: Second battle of Cambrai (18th-20th Oct.); capture of Douai (19th Oct.); capture of Denain (20th Oct.); encirclement and capture of Valenciennes (21st Oct.); advance and capture of Mons (24th-11th Nov.).

CZECHO-SLOVAKS FORM MINISTRY

Dr. Karl Kramar Becomes Premier of New State.

Prague, Bohemia, Nov. 17.—(Via Berne, Nov. 21.)—The Czecho-Slovak ministry has been constituted as follows: Premier, Dr. Karl Kramar; minister of foreign affairs, Vojta Benes; minister of national defence, M. Kofar; minister of agriculture, M. Praschke; minister of education, M. Soukup; minister of finance, M. Masing; minister of public works, M. Staneik; minister of commerce, M. Stransky; minister of posts, M. Svehlik; minister of health, M. Frole; minister of war, M. Slatanik; minister of the interior, M. Svehlik; minister of food, M. Aronsky; minister of social welfare, M. Winter; minister of railways, M. Zahrednik; minister without portfolio, M. Kruban.

NO LARGER RATIONS FOR FRENCH CIVILIANS

Paris, Nov. 21.—Victor Boret, the French minister of provisions, in an interview today, said that it would be impossible at present to increase the rations to civilians put into effect during the war because of the necessity of supplying food to the central powers and neutral countries. He said that the minister would maintain the present level of rations, but that the amount of oil for fuel would soon be distributed, and that Algerian oil, preserved, rice and dried vegetables were expected to reach France in a short time. M. Boret said the price to the consumer of certain goods, including wine, would be considerably lowered. He expected that normal conditions in France would be entirely restored in time for the next agricultural season.

POSEN CAPTURED BY POLISH PARTY

Great Portion of Province in Prussia Also Overrun.

Amsterdam, Nov. 21.—The town of Posen and a great part of the Province of Posen, in Prussia, are in Polish hands, according to The Berlin Vorwaerts. The Poles in the soldiers' and workmen's organizations have seized the reins of power and are forming a legion. Posen, a strongly-fortified city of Prussia, was one of the most ancient Polish towns.

WHITE SUGGESTS TAXES EXCHANGE

Income Tax to Be Federal, and Land and License Provincial.

TO COMBINE AGENCIES Premiers Favorable to Coordination of Provincial Employment Bureaus.

Ottawa, Nov. 21.—The introduction of bills at the next session of parliament, to enable the land colonization and soldiers' settlement schemes, discussed at the conference of provincial premiers here, to be brought into effect is considered likely. The first of these projects, which was introduced to the conference by Hon. J. A. Calder, minister of immigration and colonization, is to enable the purchase by the provinces, with money lent to them by the Dominion, of private land, and to enable them to sell it to settlers. The second scheme, suggested by Hon. Arthur Meighen, minister of the interior, provides for giving additional aid to returned soldiers, desirous of settling on the land. At the conference today Hon. Gideon Robertson, minister of labor, brought up the question of technical education. In the discussion that followed, the committee of opinion appeared to be that the provinces should control this matter themselves. They might be assisted by the Dominion with subsidies and grants when necessary.

EMPLOYMENT AGENCIES

The minister of labor also introduced the question of federal and provincial employment agencies. The establishment of which, it is hoped, will prove instrumental in solving the problem of unemployment in Canada. The suggestion is to have a central agency in operation in two provinces for some years, and an effort is now being made to broaden their scope and co-ordinate their work so as to make it a national wide in its scope. The discussion of this matter appeared favorable to the project, and will be continued tomorrow. Consideration of a scheme for the housing of workmen also took up some of the time of the conference. Sir Thos. White, minister of finance, gave a review of the financial and economic condition brought on by the war, and raised the question of the overlapping of taxes and duties. He asked if some arrangement could not be arrived at whereby there would be a proper division of taxation. A suggestion put forward for the consideration of the conference by the finance minister was that the income tax might be handed over to the Dominion Government, and that the Dominion Government might seek to secure some arrangement could not be arrived at whereby there would be a proper division of taxation. A suggestion put forward for the consideration of the conference by the finance minister was that the income tax might be handed over to the Dominion Government, and that the Dominion Government might seek to secure some arrangement could not be arrived at whereby there would be a proper division of taxation.

BRITISH CAVALRY RIDE OVER WATERLOO FIELDS

London, Nov. 21.—British cavalry today were riding across the fields of Waterloo on their way to the German frontier. Large numbers of guns were taken over yesterday in groups by the British.

GERMANY WILL INTERN FUGITIVE TURK PASHAS

Amsterdam, Nov. 21.—Enver Pasha, the former Turkish minister of war, and Talaat Pasha, the former grand vizier, who have arrived at Berlin disguised as German officers, are to be interned, according to Berlin newspapers, pending their expulsion when peace is declared.

FINNISH PORT SHELLED BY RUSSIAN WARSHIPS

Copenhagen, Nov. 21.—The Politiken's Helsingfors correspondent reports a three hours' bombardment of Vitskalla, Finland, by three Russian warships flying the red flag of Kronstadt. The despatch adds that the Finnish Government has ordered the evacuation of the frontier districts, fearing hostilities.

CLEMENCEAU ASKS LEGAL OPINION ON EXTRADITING KAISER

French Premier Makes First Move to Bring Wilhelm to Trial.

QUESTION IS COMPLEX Paris Lawyer Believes It Impossible to Demand Ex-Ruler's Surrender.

Paris, Nov. 21.—Premier Clemenceau has asked Charles Lyon-Caen, dean of the faculty of law at the University of Paris, to give an opinion on the question whether the extradition of William Hohenzollern, the former German emperor, can be demanded. Owing to the complexity of the question, M. Lyon-Caen has asked that he be given time to prepare a reply, La Liberté says. Edouard Cluget, the leading French authority on international law, has given it his opinion that it is impossible to demand the former emperor's extradition. In discussing the position of the former German emperor The Temps says: "The government of Holland has always the power to expel an undesirable guest. Let it use this power."

The Temps admits that Holland's receiving the kaiser could be understood while it was not known what was going on in Germany, when refusal might mean that he would be lynched at a frontier post, but adds: "Nothing can excuse the outrage of the hunt for M.S.A. defaulters of millions should enjoy peaceable exile in a country which would have lost its independence if we had been successful." "If William is placed aboard a boat or conducted to the Belgian frontier, the allies will know that they ought to do with him. If he is conducted to the German frontier, the Berlin government will have an opportunity to show the depth of its republican convictions by the order it displays in punishing the authors of the war."

MAY ADMIT NEUTRALS TO PEACE CONFERENCE

Powers Which Bore Brunt of War Will Determine Participation of Others.

Washington, Nov. 21.—Aside from personnel of the American delegation and the preparations for President Wilson's journey to France, interest here in the peace conference centres on what nations are to participate in the deliberations. The allied and associated powers have borne the brunt of the war and their representatives will outline a plan of procedure for the conference. These powers also will determine the extent of the participation of other nations which have declared war on the central powers. Others which only severed diplomatic relations, still others which observed "a benevolent neutrality" toward the associated nations and, finally, the neutral nations which might seek representation on the ground that their future will be vitally affected by the expected decisions of the conference. Each nation admitted to participation in the conference will be regarded as a unit. The number of its commissioners or delegates will not matter, nor will it be expected that decisions will be recorded on the basis of majority votes of these units. If the usual rule governing such international gatherings are observed at Versailles and officials here believe there will be no attempt made to 'bind minorities' to the opinions held by a majority of the commissioners, each nation will be free to adhere to any declaration of principles proposed to the conference or to withhold its assent.

U. S. EXPRESS CHARGES TO DOMINION RAISED

Fifteen Cents Per Hundred Pounds Additional Imposed by New Order.

Washington, Nov. 20.—General increases in express rates were announced today by Director-General McCaddoo of the railroad administration. Merchandise rates to Canada are raised 15 cents per 100 pounds, and commodity rates, with many exceptions, are to be raised 10 cents per 100 pounds. Milk and cream rates, in rates and intrastate, are to be advanced 25 per cent. above the rates in effect last July 1. Garden products and other food articles shipped extensively by express to cities will take the new rates of the classes in which they fall. Intrastate scales and classifications are abolished.

DEFAULTERS OUTLAWED FOR TWENTY-YEAR TERM

All Other Bans on M.S.A. Offenders Lifted and Entry Made Free for All Into United States.

Advices from the immigration department received yesterday afternoon by the M.S.A. registrar in Toronto stated that the officials at the border between Canada and the United States will be instructed that they are no longer to demand a military permit from an person traveling into the United States. This means that the Military Service Act defaulters are free to leave Canada and enter the States, so far as the immigration authorities are concerned. It is understood the M.S.A. registrar has received advices in a wire from Ottawa that no further round-ups of defaulters or offenders under the M.S.A. will be proceeded with. The 200 cases of M.S.A. defaulters now pending in the courts, however, will be proceeded with, it is learned. The dropping of the hunt for M.S.A. defaulters is also made practically a certainty because of the official announcement that the civil section of the military police members, formerly known as the "Dominion police," have been already discharged. The government doesn't want the impression to go out that the M.S.A. defaulters are to go altogether free. It is said a law similar to that in force in the United States will likely be adopted in Canada. This law makes a Military Service Act defaulter an outlaw for 20 years, or, in other words, renders him "a man without a country." Even at the end of the 20 years a defaulter would be proceeded against in his own country. The Ontario M.S.A. registrar is compiling statistics on the defaulters. All particulars of the operation of the Military Service Act, including the totals of men dealt with by his department, and by the tribunals. This information will later be returned to Ottawa and placed before parliament.

NEW BELGIAN CABINET SOON TO TAKE OFFICE

Paris, Nov. 21.—A new Belgian ministry, it is expected, will be formed with the summoning of the chambers tomorrow, according to a Brussels despatch to Havas. M. Delacroix is mentioned for the premiership. The program of the new ministry will include universal suffrage for persons over 21 years of age. An election will be held at the earliest possible date, probably in May, 1919. The question of woman suffrage has not yet been settled with respect to the program. The installation of a Flemish university is also mentioned, as well as the extension of other educational facilities. The new government will hold office probably until after the coming election.

BRITISH RESUME MARCH ON GERMAN FRONTIER

London, Nov. 21.—Field Marshal Haig tonight reports on the British advance as follows: "The second and fourth armies resumed their march this morning toward the German frontier. The movement of our troops is being conducted in accordance with program, without incident. On our right advanced detachments are pushing forward toward the Meuse south of Namur. On our left we have reached the general line of Gembloux-Wavre."

GERMAN MOVEMENT TO PUNISH CRIMINALS

London, Nov. 21.—A despatch to the Exchange Telegraph from Copenhagen says Hans Deibnueck and other German Conservative politicians, have appealed to the German Government to appoint a committee of impartial men, including prominent neutrals, to investigate accusations of breaches of international law by Germany during the war. The appeal said the investigation must be conducted regardless of the rank or dignity of the accused persons, so that "the German people may be able to clear its conscience."

BRITISH PARLIAMENT HAS BEEN PROROGUED

London, Nov. 21.—Parliament was prorogued today. The King's speech, which was read by a commissioner, owing to his absence in Scotland, expressed "humble thanks to Almighty God for the success with which it has pleased Him to crown our arms." The King urged "continuance of the exertions which have carried us to victory until the ravages of war are repaired and the fabric of national prosperity is restored."

Long Special Trains Carry Italian Prisoners Homeward

Berne, Nov. 21.—Special trains, each with 800 Italian prisoners of war, released from Germany and Austria, have passed thru on their way to Italy. Arrangements have been made for the transportation of 100,000 such prisoners by way of Switzerland. TWO BUSY DAYS. Friday and Saturday are two very busy days at Dineen's, and today and tomorrow Dineen's expect quite a rush. Now that the war is over and people are settling down, they will naturally think of their winter wardrobe. This is a reminder that the Dineen Company, Limited, deal very largely in the following lines: Ladies' Fur Coats, Ladies' Cloth Coats, Ladies' Suits and Skirts, Ladies' Fur Neck Pieces and Muffs, Ladies' Blouses and Sweater Coats, Ladies' Hosiery, Ladies' Millinery, Men's Fur and Fur-lined Coats, Men's Imported Hats, Caps and Raincoats, Children's Furs, Auto Rugs, Caps and Gauplets. Dineen's prices are always the lowest. 140 Yonge Street.

THE BRITISH IMPERIAL WAR PLANTS.

Why not the Canadian Government take over the three or four big munition plants in Toronto and Montreal now being abandoned because of peace, and use them for the construction of railway outfits—cars, engines, and the like. A VIADUCT SALE. The southeast corner of Bloor and Jarvis streets, 57 x 130 feet, has been sold by Robins, Ltd., to a private owner, who will put up an apartment house with stores on the Bloor street frontage. The price was in the neighborhood of \$25,000.

PRICES IN GERMANY FOUND SKY-HIGH

Thirty-Seven Cents a Pound Charged for Sugar.

CANDY OUT OF SIGHT Bare Necessities of Life Retailed at Comparatively Lower Figures.

With the American Army of Occupation, Nov. 21.—The Americans who on Wednesday passed the Luxemburg frontier got an idea of the high prices of food and other articles prevailing in Germany as a result of the war. In Esch, which was entered by detachments of the first division, they found plenty of candy in the stores, but it was twenty francs (\$3.70) a pound. Sugar brought from Germany was retailed in Esch at two francs a pound. A square of chocolate, the size that sells in the United States for 40 cents, sold in Esch at from ten to twelve francs (\$1.55 to \$2.20). But there was little to be had, even at that price. What chocolate was available had been held over from pre-war days or was brought into the country by way of Switzerland.

Coffee in Esch retailed at 30 francs (\$5.55) a pound, it reached Luxemburg by way of Switzerland. Eggs were selling at about a franc apiece, owing to the dearth of them among the German officers. The Americans had bought half the eggs in the Esch stores within an hour after their arrival. There was plenty of beer in Esch at half a franc a glass. Meat, bread and other necessities were high in price, but not in proportion to luxuries, necessities having been regulated so far as was concerned. A franc is worth about 12 1/2 cents, Canadian money.

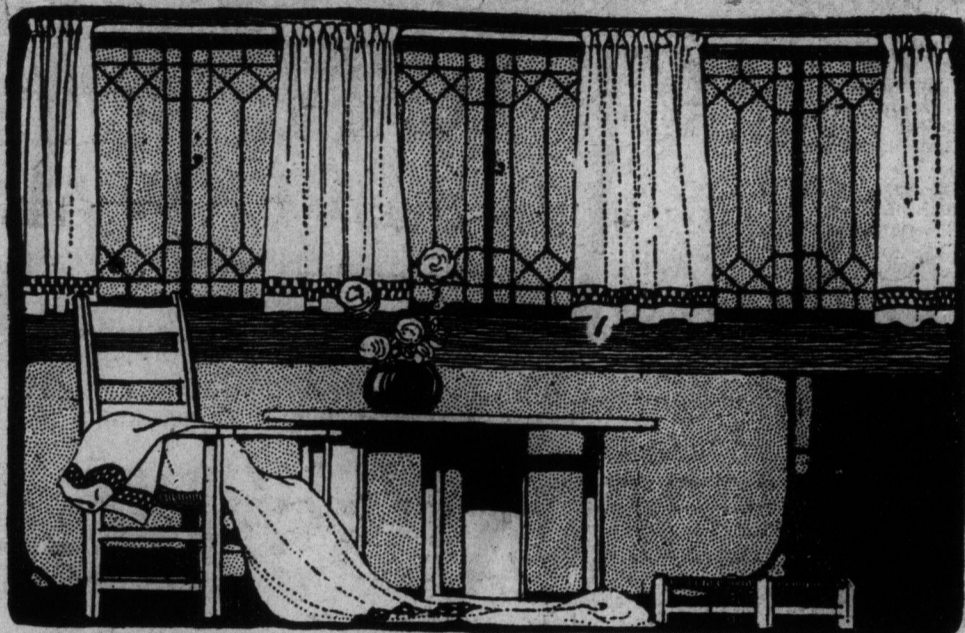

FOCH STATUE PROPOSED. Washington, Nov. 21.—A resolution authorizing the erection of a statue to Marshal Foch in Washington and appropriating \$100,000 for the purpose was introduced in the house today by Representative Sinnott of Oregon.

MUST LEAVE CHURCH OR FACE CRITICISM

Baptists to Call on Hon. Dr. Cody to Resign Rectorship of St. Paul's.

DOUBLE RELATIONSHIP

People Will Not Tolerate It, Says Rev. Dr. McKay.

Hon. Dr. Cody will have to resign the rectorship of St. Paul's Church or become the target for an attack from the Baptists at their approaching big convention.

Rev. Dr. W. J. McKay of the Ontario and Quebec Baptist Association executive made this quite clear in a frank statement to The World yesterday afternoon.

Rev. Dr. McKay said: "Dr. Cody must not remain the pastor of a church if he is to continue as minister of education. Once he accepts this position of cabinet minister, he steps in the public eye and the public have a right to say what their servants shall do."

"For one thing, no living man can do the work of minister of education if he is also at the same time pastor of a church, and even Dr. Cody cannot do it. The work of the department is of such magnitude that it will require the undivided attention of the man who accepts the responsibility."

"In addition to this, however, I should like to say to Sir William Hearst that there is no religious denomination among non-Catholics to which a more serious cause of suspicion will attach than to a member of the Church of England."

"The traditions of the Church of England are for state churchism. The people of Canada have made much progress since the days of Bishop Strachan, and will never tolerate again anything of this kind."

Rev. Dr. McKay said that protest had been delayed by the fact that Dr. Cody ample time to drop the "double relationship," but that "the protest will have to be made unless some guarantee is given before long."

ASK GOVERNMENT TO STAND FIRM

Resolutions passed by the Order of the Sons of Temperance now in contention in Toronto touching upon the temperance question were presented to Dr. Cody, minister of education, and to Hon. Sir William Hearst thru Hon. W. D. McPherson, provincial secretary, yesterday. The resolution of the prime minister commended the legislature for its stand on the Ontario Temperance Act, which, it was said, had brought untold benefits to the province.

In the resolution to the minister of education it was recommended that an effort be made by the department of education to press more vigorously teaching of scientific temperance in public schools. It was requested that such additional text books as may be necessary be secured and that the subject be retained upon the curriculum and that examinations be held on the subject.

Those composing the deputation were: J. M. Walton, Aurora, grand worthy patriarch; T. N. Willmott, Orillia; W. H. Orr, W. N. Tice, N. A. Howard-Moore and J. A. Miller, Toronto.

Building Permits May Reach Sixteen Millions

City Architect Pease stated yesterday that he believes that the building permits for 1919 will total fifteen to sixteen millions of dollars. "In talking to a number of prominent architects it was evident that they are all very optimistic regarding the possibilities of building next year," he said. He was of the opinion that this was merely a question of raising the money. "This should be easy if the government will furnish it at a reasonable rate of interest."

The following building permits were issued yesterday by his office: British Forgings, Limited, to erect a one-story temporary munition building at 27 Atlantic avenue. It will cost about \$4000. Permission was also granted to move the garage on the same property.

The Toronto Harbor Commission were granted a permit to alter a freight shed to a garage, at a cost of \$2500. James Harris, 43 Hogarth avenue, was permitted to build three brick dwellings at \$1000 each, at 143, 145 and 147 Sears street, near Knox avenue. Permission for these buildings had to be granted by the board of control for the erection of this type of buildings on an exceptionally narrow street.

SOLDIER RE-EDUCATION.

Dr. John Brashear, Pittsburg, was a visitor to the parliament buildings recently. He visited Hon. Dr. Cody, minister of education, and took up with him questions pertaining to the re-education of returned soldiers. Dr. Cody put him in touch with Sir Robert Falconer, president of University of Toronto, and an inspection of the work at the Hart house was made.

Dr. Brashear is known in Pittsburg as the children's friend. He is a prominent astronomer and has made many of the largest lenses for telescopes work in America. It was he who made the telescopes for the Dominion observatory at Victoria, B.C.

MISSING CHILDREN FOUND IN BANK OF TORONTO

After being missing from their home at 206 Logan avenue since Monday morning, Viola, age 10, and Eddie Taylor, age 7, were found asleep wrapped up in horse blankets yesterday morning in the corridor of the Bank of Toronto, Yonge street branch. The discovery was made by Policeman Smith, of No. 2 division, who took their children to detective headquarters.

The children were last seen by Mr. C. W. Spink, who owns a boathouse on the foot of Leuty avenue, and it was thought by some people that they had ventured out in a boat and been drowned.

The only reason the older girl could give for the runaway was that they wanted to see Scarborough Beach before the snow came, and later they intended to go up town and see Santa Claus.

The children went home with their father, E. Taylor, who came for them nine o'clock and took them home to their mother, who had worried herself ill at their continued absence.

OSGOODE HALL NEWS

Appellate Court—First Division. List of cases set down for hearing for Friday, Nov. 22, at 11 a.m. Sutherland v. Harris (to be continued).

Mann v. Gray. Silverman v. Legree. Ball v. Toronto Railway Company. Shaw v. Clarkson Jones.

The following gentlemen were called to the bar: Robert Bland Johnston, Joseph Emile Bedard, Tracy Earl Carmichael, Jacob Laurence Cohen, William Howard Walter, Ashton Roy Douglas, Leo Abraham, Madaiver, James Frederick Clarke, Whalley, Meyer Rotenberg, Robert Elmer Pennell, Jean Charles Gaston Fontaine.

Crippled Soldier Complains Of Toronto Courtesy

Seven pages of bitter complaint against Toronto's treatment of wounded soldiers were received by The World from a Western Man at Whitby. Having turned a verbal machine gun with a full belt on the R.A.F., whom he has even less use for than he had for the Hun, he proceeds to rend everybody in the directory over the age of nineteen.

But, discounting 95 per cent of what "Western Man" says and probably does not mean, there is still sufficient smoke to point to a fire, and it is evident that he at least has been given a reception from ignorant or careless residents of this city such as should be sent out to any man who has lost a limb in their service. One of his chief complaints is that discourteous employees of the Toronto street railway and indifference to the distress of standing cripples in the attitude of healthy civilians who remain seated when the cars are crowded.

How to Address Letters To Soldiers in Siberia

To facilitate the handling of mail for the Canadian expeditionary forces, Siberia, and to insure prompt delivery, it is requested that all mail be addressed as follows:

- (a) Regimental number. (b) Rank. (c) Name. Capt. R. H. Bradfield, M.C., has also been awarded the D.S.O. He is an 84th Battalion officer. His home is at 23 Rosemount avenue. Mrs. Hugh Haley, 29 Ashland avenue, has received word that her husband, Lt.-Col. Hugh Haley, has been awarded the Military Medal for bravery.

Further Military Honors Received by Toronto Men

Among the Toronto men newly decorated with war honors is Lieut. Richard Roe Oliver, who has received the Military Cross for gallant work as an observation officer. He is a son of F. G. Oliver, Capt. R. H. Bradfield, M.C., has also been awarded the D.S.O. He is an 84th Battalion officer. His home is at 23 Rosemount avenue. Mrs. Hugh Haley, 29 Ashland avenue, has received word that her husband, Lt.-Col. Hugh Haley, has been awarded the Military Medal for bravery.

NEW ROUTE TO WESTERN CANADA

On your next trip to Western Canada, why not travel over a new route, using the famous train known as the National on your journey, and traversing some of the most interesting scenery in the Dominion? The National is a through train, which leaves Toronto at 8:35 p.m. on Tuesday, Thursday and Saturday. The rails of the Grand Trunk are used to North Bay, which is reached early on the morning following the departure from Toronto. A daylight run is made through the lake-land beauties of the Timiskaming and Northern Ontario to Cochrane, calling at Cobalt, with its wonderful mining activity. From Cochrane to Winnipeg your journey lies over the Canadian Government Railways, with splendid opportunities of inspecting the fertile regions of New Ontario, including the famed clay belt, where tens of thousands of settlers will make their homes in the future. The three railways have combined to make the passenger service over this new route of the highest possible standard. The greatest travel comfort is assured, while there is no added expense for railroad fare as compared with any other route. For further particulars apply to any Grand Trunk ticket agent, or C. E. Horning, D.P.A., Toronto.

EARLS COURT LIBRARY FUND.

At the meeting of the committee of the Earls Court and District Memorial Hall and Public Library Fund, it was decided to go energetically forward with the collection of funds. Books of tickets representing bricks, and books of coupons representing square feet of land, were issued to those present.

LIEUT. A. E. HOLMES IS SERIOUSLY ILL

Gunner F. O. Riddell Dies of Wounds at Boulogne.

Lieut. Albert E. Holmes, who has been convalescing in the Prince of Wales Hospital, London, England, from severe compound fracture of the ribs, is now reported ill with influenza and pneumonia. He is the elder son of Principal Holmes of Palmerston School.

Flight-Lieut. Noel S. Jones, in hospital in France, is believed to have met with his injuries in a flight he took the day before he was to have started on a six-weeks furlough. He is stated to be "weeks" furlough. He is known to his friends as "Al" and is known by his injuries. Before enlistment he was an employee of the Bank of Commerce at the head office and lived at 62 Spencer avenue.

Flight-Lieut. J. D. Vance, son of Mrs. Vance, 77 Galloway avenue, had been interned, following a forced landing.

Pte. C. E. Rogers, 21 Lindsey avenue, of the Divisional Cyclists, has died of wounds. He was born in Toronto 24 years ago.

Pte. C. E. Rogers, 21 Lindsey avenue, of the Divisional Cyclists, has died of wounds. He was born in Toronto 24 years ago.

Pte. George Sharp, brother of C. E. Sharp, is reported to have received wounds on Nov. 11. He enlisted when 22 in the 86th Battalion.

Signalman E. J. Sheridan, 915 Bathurst street, 29th St., is reported to have been wounded five days before the signing of the armistice. His wound is in the left foot.

U. S. Exports to Europe Tighten Stock Feed Supply

A matter that is attracting attention is the fact that the United States food administration had decided to supply feeds to the central empire with the result that the feed supply will be considerably tightened up. Just what action will be taken in this regard will be decided at a meeting of the resources committee at Hamilton on Wednesday, Oct. 27, according to an announcement made by P. Bailey, deputy minister of agriculture, yesterday.

The sale and manufacture of standard feed will be taken up and there is in storage in Hamilton now about \$1,000,000 worth of cotton seed and oil cake, which are being put in the United States. The question of storage, manufacture and sale of concentrates will be considered and finally dealt with.

More Street Cars Running; New Motorners in Hundreds

When the city's case before the Ontario Railway Board to improve the Toronto Street Railway to improve their service, came up yesterday, the company's counsel, Mr. McCarthy, said the company had 171 more cars in operation on Nov. 20 than they had on Oct. 17. Men were being secured and they anticipated no difficulty with the men now in training in getting into operation in ten days a better service than a year ago. George Powell, representing the labor, said that the company was doing their level best to increase the service. The company had issued 293 badges to new motorners and conductors since Oct. 12. The case was adjourned until Dec. 6.

Consolidated School for Kapuskasing Settlement

It is the intention of the government to open a consolidated school for the benefit of the 100 children of school age in the soldiers' settlement at Kapuskasing, by the first of December the scheme will, it is expected, be in operation. Of these 100 children, 60 reside in various settlements some distance from the centre, so the idea is to have three vans go out in the morning to bring them in and take them home after school. The children will have lunch at school, and hot drinks will be provided. Had it not been for the influenza epidemic and the consequent use of the school for a hospital, the scheme would have been started Oct. 1.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble—Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to serious stomach ulcers. Fermenting food creates the distending gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with opiate digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quiet glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation, and there is no sourness or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

PROPOSED CHANGES IN TAX COLLECTION

In order to stop a leak in the collecting of business and income taxes, Finance Commissioner Bradshaw is asking the board of control to secure legislation whereby the taxes levied on persons can be collected immediately after the assessment has been made and confirmed.

Removals from the city, the commissioner pointed out, were chiefly responsible for the loss in collection. Just how large this sum is can be gathered from the figures on record in the department. From 1909 to 1916 inclusive, the amount of uncollected taxes was \$558,978. For the year 1916 the amount was \$108,124.

The commissioner in his report to the board of control says: "According to the present method the assessment is made early in the year and taxes are not levied on that assessment until the following year. On the average a period of 16 months intervenes between the time of assessment and the period for the payment of the tax, and in that interval a great many changes take place in the residence and condition of those assessed, with the result that losses have been incurred, as above indicated, and the general welfare of the city made to suffer therefrom."

"In order to remedy this matter it is suggested that legislation be sought whereby the tax may be levied and collected immediately after the assessment has been made and confirmed by the court of revision. It is believed that it would be possible to bring about the collection within say two or three months after the assessment has been made, and about 13 months earlier than at the present time, and, of course, with much less chance of loss to the city."

The board of control have the matter before them for investigation.

SPECIAL COMMITTEE ON LOAN COMPANIES

At a private session of the special loan committee appointed at last session of the legislature in the parliament buildings yesterday, suggestions in reference to loan companies were presented by Hon. I. B. Lucas, attorney-general. It is understood that this met the approval of the committee and that the clauses will be printed and presented to the board of control in Ontario for consideration.

There will be a meeting called of all these, the date for which was not decided, but the matter will be taken up shortly.

Machinists Claim Short Hours Increase Employment

Reconstruction was the main theme of discussion at the convention of machinists held yesterday at Labor Temple. Momentous questions which it was hoped would be thrashed out in a day may cover several days if not more than a week. Among the subjects considered was the reduction of hours in order to distribute labor among a greater number of workers.

Religious Reconstruction Among Toronto Churches

Toronto is to be headquarters of a new interdenominational campaign for Christian stewardship. It will be a religious reconstruction movement to recognize and vitalize the laymen's movement for missions, which had a phenomenal success during a few years preceding the war. The reconstruction movement will begin with a three days' series of special services on Sunday, Dec. 1, in the various churches, followed by two days of conferences and organization meetings. A preliminary meeting will be held on Nov. 30 at a luncheon at St. James' Parish Hall.

Rev. Dr. W. E. Doughty of New York, chairman of the Methodist centenary committee of the United States, and Geo. Innes of Philadelphia, hon. secretary of the United Presbyterian Mission Board, will address the conferences. Right Rev. Dr. Roper, Bishop of Ottawa, is in the city to attend the convention.

MAYOR DENOUNCES POWER ENCROACHMENTS

Says City Inadequately Protected—Works Commissioner Takes Opposite View.

"In my opinion the city is not adequately protected, and such an order should not have been issued," said Mayor Church yesterday afternoon, in reference to the power lines being erected on Shaftesbury avenue. "But it is a matter of policy for the board of control to decide. The Leaside Company is supplying the United States with munitions, and now that the armistice has been signed I believe that the hydro could have taken these people as customers. This order was passed on Nov. 8, before the city council refused the application, and I think that it is a high-handed piece of business. The local hydro commissioners are not in favor of it. It is an unusual thing that the power companies and hydro are not made parties to this order."

Mayor Church was of the opinion that it was no war measure at all and that the power controller had no right to make it. The mayor pointed out that they had no right to allow the use of the highways without the consent of the city.

Works Commissioner Harris stated on his return from Ottawa yesterday that the city's rights were adequately protected by the order of Dominion Power Controller Drayton allowing the Leaside Munitions Company to construct a power transmission line along the Canadian northern right-of-way to Bayview avenue, and up that street to their works at Leaside.

It is the Leaside Munitions Co. and not the power company that is erecting the power line. At Shaftesbury avenue there is a kink in the railway right-of-way necessitating the erection of three poles on that street.

"Will the city take any action?" Works Commissioner Harris was asked. "Not on my advice," he replied. "The order of the power controller will be submitted to the board of control and the recommendation of the works commissioner will probably be followed."

The city has been exercising constant vigilance so far as the Toronto and Niagara Power Company is concerned, and any encroachments by that company will be opposed with vigor. The fact that the work is being done by the munitions company, with no rights to distribute power over erect poles, the officials say, puts a different light on the matter.

Machinists Claim Short Hours Increase Employment

Reconstruction was the main theme of discussion at the convention of machinists held yesterday at Labor Temple. Momentous questions which it was hoped would be thrashed out in a day may cover several days if not more than a week. Among the subjects considered was the reduction of hours in order to distribute labor among a greater number of workers.

Religious Reconstruction Among Toronto Churches

Toronto is to be headquarters of a new interdenominational campaign for Christian stewardship. It will be a religious reconstruction movement to recognize and vitalize the laymen's movement for missions, which had a phenomenal success during a few years preceding the war. The reconstruction movement will begin with a three days' series of special services on Sunday, Dec. 1, in the various churches, followed by two days of conferences and organization meetings. Colonel F. C. McCordick Leaves Headquarters Staff Lt.-Col. F. C. McCordick, recently appointed officer to investigate soldiers' complaints at Toronto military headquarters, has resigned and will return to civilian life. He went overseas in 1915 as commander of the 86th Battalion, and served with distinction. His work at military headquarters will now be carried on by Lt.-Col. R. C. Windeyer, former commander of the 74th Battalion.

To the People of Toronto A Note of Appreciation The Executive Committee in charge of the Toronto Victory Loan Campaign desire to congratulate the citizens upon the wonderful showing represented by their 170,414 subscriptions, aggregating \$144,946,100, as compared with 128,590 subscriptions for \$78,132,200 last year, and to thank the public generally for the enthusiastic co-operation which made this splendid result possible. The Committee particularly wish to thank the numerous volunteer workers, whose time and energy, so generously and effectively given, were so important a factor in the accomplishment of the greatest financial achievement in Toronto's history. J. W. MITCHELL, Chairman, Toronto Executive Committee.

SIXTIETH KING'S PLATE NEXT SPRING

The Ontario Jockey Club Directors Hold Annual Meeting Next Week.

According to the bylaws of the Ontario Jockey Club, the annual meeting of the directors will take place the fourth Thursday of this month, which is Nov. 28, one week from yesterday.

There will be little to report, as the story of the activities of the past year will consist of a recounting by Mr. W. P. Fraser, secretary-treasurer, of how the 59th King's Plate was decided at Woodbine Park last May, keeping up the remarkable continuity without being, and some horse show events, instead of six other well-filled races, as the added attraction.

The board will be re-elected without change as follows: President—John J. Beagrum, First vice-president—William Hendrie, Second vice-president—A. E. Dymont, Executive committee—Geo. W. Beagrum, M. H. H. Col. Sir John S. Hendrie, R. C. G. C. V. O., Lieut. Col. D. Kings Smith, M. D. Campbell, J. A. Christie, Joseph Kilgour.

Secretary and treasurer—W. P. Fraser. Racing Legal After War.

Of course they will discuss the future of racing. The board will start Ottawa and the law allows it. That is the conclusion in well-informed circles. It is not that new laws will be necessary for the reopening of the race course, but if the thoroughbred are to be started before the start of the season, it is altogether likely the government will pass a law at least that the superintendent do so to stop the merry-go-round and also name government supervisor for legal tracks.

Racing in Canada was merely stopped by the war, till after the war by order-in-council.

There are three other race tracks in Toronto besides Woodbine Park, Woodbine Park and Hillcrest Park, half mile, and the new modern mile course at Thorncliffe Park, the last named owned by the Davies estate, and operated only once when the property was inadequately leased to undesirable outsiders.

O.J.C. and Thorncliffe. It is understood that the lessees who ran the races at the Ontario Jockey Club last spring have sold out, and rumor has it that the Ontario Jockey Club has secured the controlling interest. If so, or some of the directors or shareholders have not given up the contest, the secretary-treasurer did not know.

"I never heard of it and know nothing about it," said Mr. Fraser, in his usual courteous manner, when asked yesterday.

Don't forget that this country is better equipped than ever before for a resumption of racing, as far as stake horses are concerned. Events for Dominion-owned horses will size up with the open races, unless they are too one-sided. The best stake horses in the world are now possessed in Canada. Regarding the recent purchases of Commander Ross, a New York turf writer.

"No longer than a week ago one Canadian bought \$75,000 for three horses. The American would have expected to have his time taken up with helping the trainer. Three days after he had sold he wired his trainer to sell no more, as he would continue racing, and in the meantime he would gladly give \$100,000 to get back the three thoroughbreds he had sold for \$75,000."

This writer assumed that racing would be resumed in Canada next season, for, as he said, the sport would be discontinued for the duration of the war, and the government, automatically, without any legislation whatsoever.

LATONIA RESULTS

Latonia, Nov. 21.—The races here today resulted as follows: FIRST RACE—Six furlongs: 1. Retta B., 112, \$13.30, \$7.50, 40. 2. The Gleamer, 112, \$10.90, \$7.10. 3. Response, 112, \$2.30. Scratched: Marmon.

DOMINION IRON AGAIN ADVANCES

Steel of Canada, Cement and Canadian Locomotive Are Also Strong.

Trading in stocks on the Toronto Exchange continues of a desultory character, and while yesterday's total transactions exceeded those of Wednesday this was due to the changing hands of a large block of Canada Permanent, which contributed 600 shares to the day's aggregate of 1262. Canada Permanent sold at 16 1/2, a point above the high of the year, but 6 points higher than the minimum price, above which the stock did not rise until a few months ago.

Dominion Iron, with a turnover of 175 shares, ranked next in activity. The buying evident inspired by the announcement of the increase in the dividend from 5 to 6 per cent. Opening strong at 62 3/4, Iron touched 63 and then reacted to 62 3/8, showing a net gain of 1/8. Steel of Canada was sympathetically firm, moving up to 61 1/2, but later yielding to 61, so that the net advance was 1/8. The 3-4 Bullish gossip respecting Canada Cement's prospects of extensive business under peace conditions in circulation, and the rally was carried further yesterday to 62, a gain of 1-1/2. Five shares of Canadian Locomotive sold at 61 1/4, an advance of 3-8, and Maple Leaf at 62 1/2, a gain of 1/2. Monarch Knitting common was unchanged at 46, but the preferred declined two points to 78. Mackay common weakened 1/2 to 73 1/2, presumably because of some uneasiness as to the attitude to be taken by the United States Government toward the wire and cable companies. Mackay preferred was, however, firm at 64 3/4. Twin City rose to a high for the movement at 52, but fell back to 51 1/2, showing no net change.

In the bond section the only transaction was one of \$1000, par value, in the 1927 war loan, which was firm at 96.

BANK OF FRANCE

Paris, Nov. 21.—The weekly statement of the Bank of France shows the following changes: Gold in hand increased 4,711,000 francs; silver in hand, increased 1,000,000 francs; notes in circulation decreased 379,125,000 francs; Treasury deposits decreased 22,000,000 francs; general deposits increased 45,544,000 francs; bills discounted decreased 427,000 francs; cash decreased 9,324,000 francs.

BANK OF ENGLAND

London, Nov. 21.—The weekly statement of the Bank of England shows the following changes: Total reserve increased 2,929,000; circulation, increased 2,286,000; bullion, increased 2,585,456; other securities, increased 2,124,000; public deposits decreased 2,940,000; other deposits, increased 2,369,000; notes reserve, increased 2,331,000; government securities, increased 2,312,000. Total reserve of the bank's reserves to liability this week is 16.48 per cent.; last week it was 16.66 per cent. Rate of discount 5 per cent.

"SCOTIA" BANK DIVIDEND.

The Bank of Nova Scotia has declared a dividend of 3-1/2 per cent. payable Jan. 2 to shareholders of record Dec. 16.

RUSHING BURNSIDE MILL.

Milling equipment is being hurriedly installed at the Burnsides property in Kirkland Lake in an attempt to begin production before the end of the year. Ore bodies recently revealed appear to be sufficiently rich to finance the proposed big expansion.

When Personal Executorship Flourished

BUSINESS in the days of old Upper Canada was not so complex as it is nowadays in the federated Provinces. Their cities were small and isolated. Communications were difficult. Interests were more purely local.

It was possible then for a man to attend to his own business and still to have some time left to give to business for his friends.

Yet even then personal executorship had its disadvantages; and none the disadvantages of personal administration are even greater. Have you considered them? We are glad to mail anywhere our booklets describing how the modern trust company has overcome them.

NATIONAL TRUST COMPANY, LIMITED

28 KING ST. EAST :: TORONTO

GREAT PROGRESS BY BANK OF MONTREAL

Large Increase in Total Assets and Deposits Shown for Fiscal Year.

In the annual financial statement of the Bank of Montreal for fiscal year ended October 31, the bank's total assets are shown to have increased from \$289,562,678 in 1917, the first year of the war, to \$558,415,546, and during the war period the liquid assets rose \$80,000,000, being now \$370,351,000. The bank made great progress last year, partly due to the absorption of the Bank of British North America, but also to its large resources which were placed at the disposal of Imperial and Canadian Governments and Canadian municipalities and industries.

The measure of assistance lent the Dominion and British Governments is reflected in the Government securities of value of \$46,570,586, as compared with \$25,572,322 a year ago, and Canadian municipal securities and British, foreign and colonial public securities, other than Canadian of \$52,085,835, up from \$24,068,224. The amount of the general commercial business which was placed at the disposal of the bank is shown by the increase in the amount of deposits of \$146,028,861 as compared with \$97,607,464.

That the policy of thrift so strongly advocated by the bank has been followed in a large measure by the people of Canada, is shown by the increase in interest bearing deposits to the record level of \$345,522,764 as compared with \$246,500,000, while deposits not bearing interest stand at \$124,173,047 up from \$71,111,641.

The more favorable conditions under which the bank has operated during the year have resulted in a slight increase in the profits as compared with the previous year. The profits amounted to \$2,673,730 as compared with \$2,477,969 of the previous year. The balance carried forward in balance of profit and loss is \$1,961,513 compared with \$1,664,893 at the end of the previous year.

BUSINESS LESS ACTIVE IN MONTREAL MARKET

Dominion Iron Moves Within Narrow Range — Cotton Stocks Are Firm.

Montreal, Nov. 21.—Business was less active on the Montreal Stock Exchange today, but there was some broadening in the demand and the tone of the market as a whole was firm. The smaller volume of transactions was due in the main to subsidence of the previous days' activity in the steel stocks, although Dominion Iron, with a turnover of about 1200 shares against 2700 on Wednesday, still ranked as the most active stock of the day. The wider price movement of the previous day, when the stock rose 1 1/2 points, to lose half the gain later, was succeeded by a narrow range of fluctuations, 62 1/2 to 63 1/2, with the close at 62 3/4, a net gain of 1/2 point. Steel of Canada, on a turnover of about 300 shares, sold at 61 1/2, closing 61, or 1/2 down. The cotton stocks, moderately strong more active and higher, Dominion Textile rose 1/2 to 74 1/2, established a new high record, with small loss selling at 74 1/2, and 60% the closing. Canadian Cottons, a rarely active stock for some time, was in some demand at 68 1/2, an advance of 1/4.

Bonds were more active, with the third war loan and Cedar Rapids again the firmer features.

Total business for the day, as compared with the corresponding day a year ago:

Shares 1918, 1917
5,312 380
do, unlimited 85 40
Bonds 226,500 113,200

CANADA LANDED DIVIDEND.

The Canada Landed and National Investment Company has declared the usual dividend of 2-1/4 per cent. for the quarter ending Dec. 31.
