Had a Big Row in Electing

Church Wardens.

A ROUGH AND TUMBLE FIGHT

Is Said to Have Taken Place—Altar

Stripped by Order of the

Archbishop.

Montreal, Jan. 8.—(Special.)—The very

old boy is to pay in the parish of St. Ignace,

County of Berthier, and the provincial

quantity of pith has not yet reached the

market. The election of church

wardens is generally an important event

in every French-Canadian parish, and it

appears that a recent contest in St. Ignace

was of more than usual interest. There

was, in fact, it is said, a rough and tumble

fight, and as the bad blood had not cooled

of blows were exchanged in church the

sanctuary following the election a terri-

ble scandal the matter was referred to

the Archbishop of Montreal, and his Grace

resorted to very extreme measures. Canon

Archambault visited the parish of St.

Ignace on Saturday last to denounce the

conduct of the parishioners, and the arch-

bishop's decree concerning the desecera-

tion of the local church, which had taken

place on Saturday last, to denounce the

conduct of the parishioners, and the arch-

ELIZABETH STREET.

An Aged Baptist Gone.

Rev. Donald McNeill, One of Can-

ada's Oldest Preachers, Passed

Worldly Yesterday.

The death occurred early yesterday

morning at his late residence, 222 George-st.

of Rev. Donald McNeill, one of the oldest

Baptist ministers in Canada. Deceased

attended church a week ago Sunday. The

following day he was taken ill, but not

his death was expected. He gradually

grew worse, and despite all aid passed

away at 10 o'clock.

For the past six years Rev. Mr. McNeill

had lived in this city. He was born 70

years ago in Colonsay, Scotland, and

came to this country with his father when

18 years ago. They settled in Bruce

County. At an early age deceased gradu-

ated from Woodstock College, and was

ordained as a minister of the Baptist

Church. For eleven years he labored in

that parish, doing much to build up the

congregation. For seven years he was

transferred to St. Ignace, and a year later

to Ormand, near Ottawa. There he preached

the latter place he filled the pulp of the

Baptist Church for eleven years. Six years

ago he retired.

Rev. Mr. McNeill was, in his day, an

eloquent speaker and a man who made a

good impression upon his audience. He was

an ardent supporter of the cause of the

poor, some of which are highly commen-

ded upon by his fellow-countrymen. During

his residence here at 222 George-st. his

GEN. HUTTON IS PLEASED

At Appearance of Mounted Infantry Here—Says They Are a Credit to the Country.

STREET PARADE ON WEDNESDAY

Eight More Men Leave Last Night for Quebec—Lieut.-Col. Kitson Complimented by G. O. C.

Some pretty quick mobilization work took place yesterday in connection with the second Canadian contingent for service in South Africa. Late Sunday night Lieut.-Col. Mead received word from Ottawa to secure eight more artillerymen to fill the vacancies in "E" Battery, Quebec, in response to this call for additional men, which was not made public until yesterday morning, about 50 volunteers offered themselves at the Armouries yesterday morning, and in a few hours the desired number was chosen, passed the medical examination, took the oath of enlistment and in the evening left for Quebec. Surgeon-Major Elliott exercised the same care in selecting the men as he did in the other cases, and everyone who passed the examination is physically perfect. The names of those who were sworn and their occupations are as follows:

- Left for Quebec: J. H. L. Patterson, 9th Field Battery, Cavalry; C. O. DeLisle, 48th Highlanders, bank clerk; V. B. Spink, Q.O.R.; J. F. H. Hiron, 9th Field Battery, infantry; C. H. Anderson, 9th Field Battery, infantry; I. See, civilian, fireman; William C. Sempie, farmer, 16th Field Battery; Frank Loosemore, 9th Field Battery.

Before leaving for Quebec the boys were given a rousing farewell at the Union Station last night. A large number of relatives and friends, saw the boys off and cheered enthusiastically as the train pulled out.

Gen. Hutton's Inspection. The three troops of "A" Squadron and the regimental staff at present quartered at Stanley Barracks were subjected to a searching and rigid inspection yesterday by Major-General Hutton. The task occupied the greater part of the day and was done thoroughly and systematically. First the three troops were paraded on foot and the Major-General walked down the ranks, glancing critically at each man, and frequently asking questions as to his equipment, whether he could shoot and ride, etc. Next the horses were led into the riding school, and for a couple of hours or more General Hutton occupied himself in looking at their good qualities and trying to pick out their bad ones. Lastly the men were inspected on their horses, particular attention being paid by the general to their riding.

Organized the Troops. The work of organizing the troops was also begun yesterday. They were divided into mounted infantry companies of forty men each, the section commander was appointed and a man detailed to hold the horses when in action.

Five Found Wanting. As the result of General Hutton's inspection, five men were discharged from the ranks on account of being medically unfit or not able to ride properly. They were: Private Burgar, Second Troop, St. Catharines; Private Chipman, Second Troop, St. Catharines; Private Pilgrim, Second Troop, St. Catharines; Private Richardson, Fourth Troop, London; Private Berry, Fourth Troop, London.

A Splendid Regiment. Just as General Hutton was leaving the parade ground after the inspection Lieut. World managed to have a few moments' conversation with him. "What do you think of the men and horses, General?" he was asked. "I am very, very much pleased with them; they will make a capital regiment and do credit to their country," he replied. "The horses, considering the very short time in which they have been broken, are excellent animals, and although they are not of a uniform size, as I should have liked them to be, still, as I said before, I am very much satisfied with them, and I am sure they will be in charge of the recruiting here, is to be warmly congratulated, both on the horses and men he has secured. He has discharged the duties laid upon him by the government in an eminently satisfactory manner, and in a way that has left nothing to be desired."

A Parade To-Morrow. A parade of the mounted infantry will be held through the streets to-morrow morning. The men will leave the barracks at 10.30 in command of Lieut.-Col. Evans, Capt. Bruce and Lieutenants Elmley, Cookham and King. The route taken will be through the Old Port to Wellington-street, east to Jarvis-street, north to Wellesley, west to Main-street, and thence to Adelaide-street and Strachan-avenue, and thence to the barracks. The men will all be mounted, and will likely wear the new rifle green uniform which arrived at the stores yesterday.

THE tea trade of the Dominion is rapidly becoming ours by right of conquest. The only weapons used are incomparable quality and value.

At Appearance of Mounted Infantry Here—Says They Are a Credit to the Country.

CEYLON TEA

Used in millions of teapots daily. Lead Packets Only, 25c, 30c, 40c, 50c, 60c. ALL GROCERS.

At the Harbour Collegiate Institute last night Mr. John Duguid, who will accompany the mounted infantry to South Africa in the capacity of trooper, was presented by his fellow-students with a purse containing \$75. Mr. Duguid was the captain of the Cadet corps, and the presentation was made by Lieutenant Fairbairn and Evans. The affair was also made the occasion for several speeches, followed by a short musical program, during which the cadets sang the "Men of the North" and "Soldiers of the Queen" very acceptably.

Some Sad Incidents. Several sad incidents were noticed. One depot, who had come to see her son off, was unable to make her way through the crowd, and as the train pulled out without her, she was left in a state of despair. Several mothers were noticed with tears in their eyes, unable to reach the train. Several women, unable to reach the train, were left in a state of despair.

A Fireman's Death. Mr. David See, fireman at the Lombard-street Hall, who called yesterday in the morning, and left last night for Quebec, was presented by his comrades with a handsome wristband watch. Chief Thompson made the presentation, and speeches were delivered by Ald. Sheppard and others. A large number of friends were present and wished Mr. See farewell and a safe return.

Will Leave in a Few Days. It will probably be definitely announced to-day when the Toronto boys leave for Halifax. Orders have already been received to have everything in readiness by Thursday, but it does not necessarily follow that they will leave on that day. Several troops left the barracks last night in charge of a number of horses which are being shipped to Halifax.

Gave Him \$50. Among the stalwart Toronto boys enlisted in the second Canadian contingent is William Wallace, a pressman in the Methodist Bookroom, and a member of the Toronto Field Battery, who was given a handsome sum of \$50, with the usual hearty wishes for "good luck and safe return."

Comforts for the Boys. The Ladies' Committee of the Red Cross Relief Society report a handsome response to the request for comforts for the contingent. Over 100 packages of forty men each, the section commander was appointed and a man detailed to hold the horses when in action.

A Good Send-Off. W. J. Tomley and F. McElroy, two boys of the second contingent, were given a parting send-off last night at Coleman's by their fellow-residents of Wood-street. The form of a unanimous approval, followed by speeches, songs and recitations. Sergeant Straton led the choir, and those who assisted in the good time were: David Nichol, Frank Welch, H. McConnell, T. Slack, R. Laidler, Blackhall and Smith.

WESTERN MEN ON THE CARS. A Great Scene of Enthusiasm at Winnipeg, Including Some Sad Incidents. Winnipeg, Jan. 8.—(Special.)—It was on the stroke of 10 o'clock this morning when the train of 15 cars steamed out of the C. P. R. depot for the East, while the immense crowd which had gathered to bid the soldier boys farewell cheered with one long, continuous roar.

Crowds in Winnipeg. Crowds were collected at different points along the route of march in Winnipeg this morning, as the Winnipeg contingent, numbering 80, under Major Williams, marched away, and they joined in with the procession. The men were waving down Broadway-street, and cheered greeted the boys at intervals along the route. When the special was drawn up in readiness, the crowd was so great that it seemed as if the soldiers would have considerable difficulty to reach the train. One side mass of humanity completely blocked the way and pressed in between the station offices and the platform of the train or at the windows caught sight of the Winnipeg boys and the music of "Soldiers of the Queen" was heard. There were cries of "Here they are!" and "Good-bye!" and the big crowd sent up one long cheer that will not be forgotten for many days.

Some Sad Incidents. Several sad incidents were noticed. One depot, who had come to see her son off, was unable to make her way through the crowd, and as the train pulled out without her, she was left in a state of despair. Several mothers were noticed with tears in their eyes, unable to reach the train. Several women, unable to reach the train, were left in a state of despair.

McConnell, T. Slack, R. Laidler, Blackhall and Smith.

THE officers commanding "D" Battery at Ottawa indicated that a donation of a type-writing machine would be welcome. The machine would be used in striking orders.

At Appearance of Mounted Infantry Here—Says They Are a Credit to the Country.

ONTARIO MINING LAWS

Mr. McCharles of Sudbury Objects to Some of the Present Regulations—His Ideas.

Mr. A. McCharles of Sudbury is in town for the purpose of seeing the Government about the nickel industry. Trailing to the World he stated last night in his history the outlook for the Sudbury district. He stated that the nickel industry is in a state of depression, and that the Government should take steps to improve it. He suggested that the Government should reduce the tax on nickel, and that it should encourage the development of the industry.

Some Sad Incidents. Several sad incidents were noticed. One depot, who had come to see her son off, was unable to make her way through the crowd, and as the train pulled out without her, she was left in a state of despair. Several mothers were noticed with tears in their eyes, unable to reach the train. Several women, unable to reach the train, were left in a state of despair.

The Petroleum Idea!

At Appearance of Mounted Infantry Here—Says They Are a Credit to the Country.

Invaluable for Throat and Lungs.

These organs, so important, so active, so delicate, are subject in this northern climate to the most severe strains. There is not a moment during life that the throat and lungs are not coming in contact with the outer air. In zero weather they must take in the freezing air; in damp weather they must absorb the unhealthy moisture; and in hot weather they must consume the hot and dusty atmosphere. On a cold day we may put on our overcoats and on a warm day take them off, but we cannot so protect the throat and lungs. These organs are covered with a delicate lining, called the mucous membrane. When, for any reason, this membrane becomes inflamed, the irritation causes a cough. The constant coughing increases the inflammation, and bronchitis, weak lungs or consumption follows. Then how necessary it is to remove the cause as early as possible! There is nothing known to medical science that will so quickly and surely do this as will Angier's Petroleum Emulsion. The healing, antipsetic and reconstructive properties of Petroleum are well known, and Angier's Petroleum Emulsion contains all these in a concentrated, palatable form. It allays all irritation, strengthens weak lungs, builds up new living tissue and tones up the general health.

ANGIER'S PETROLEUM EMULSION

This is What a Toronto Man Says. ANGIER CHEMICAL COMPANY, Toronto, Ont.

Gentlemen,—For the past four years I had been troubled with a severe bronchial cough, which caused me loss of sleep and appetite, and often after a night of coughing I was so weak and exhausted that I was unable to attend to my business. About a month ago I was advised to try Angier's Petroleum Emulsion, and though I have only taken two bottles I am entirely cured of the cough and feel benefited in other ways from the treatment. I consider your Emulsion without an equal, as I had tried cod liver oil and cough syrups without getting benefit at all. You may use this letter any way you see fit, as I think any poor devil suffering as I did would be glad to find a cure as I have.

Wishing you every success, I remain, Yours very truly, A. MILLIGAN.

Jan. 8, 1900.

Don't neglect bronchial troubles. They usually begin with an ordinary cold and cough. The trouble extends down the bronchial tubes, and the entire mucous lining becomes a mass of disease, secreting quantities of offensive and poisonous matter, which is only removed by painful coughing, at times persistent and exhausting. Angier's Petroleum Emulsion seems to possess a special soothing, healing and cleansing power for such conditions, relieving the cough, allaying the inflammation and soreness, and cleansing the congested membranes of the poisonous matter. Improved appetite and digestion and better rest at night are immediate results.

Angier's Petroleum Emulsion is for sale by leading druggists everywhere at 50 cents and \$1.00 a Bottle.

ANGIER CHEMICAL CO., Confederation Life Building, TORONTO.

MINING STOCKS

Remember we buy and sell mining stocks on all markets where we have our own agents. We devote our whole time and attention to the mining business, and can give reliable information regarding any of the stocks offering for sale.

WILSON BARR & SONS, Sun Life Building, Hamilton, 36 King Street East, Toronto.

AN OFFICE TO WHICH

Severe testimony to give of one's self—but F. A. Bottom, of Cookshire, Quebec, does so in the interest of the thousands who are like sufferers.

He had Catarrh for twenty years and was cured radically and completely by Dr. Agnew's Catarrhal Powder.

A powerful, but searching remedy that will relieve a cold in the head in ten minutes and has cured Catarrh cases of 50 years' standing.

most rigorous, and in many cases apparently cruel, treatment, with the chances then by long odds in favor of cure. Dr. Agnew's Catarrhal Powder will give decided relief in from 10 to 60 minutes. And perseverance in its use will permanently cure the most aggravating and deep-seated case of Chronic Catarrh. Its healing qualities have been so permanently established, and there have been so many testimonies to its real worth that the medical profession have given it special recognition, and in the practice of some of the most eminent specialists in throat and nose troubles, this great remedy is the basis recommended and prescribed as the most efficacious and permanent relief from catarrh ravages. And when the profession are willing to use, recommend and champion a case, which, until the introduction of Dr. Agnew's Catarrhal Powder, required the

every thousand souls on this continent as its victims. These are alarming figures, but it has been proven true on the highest medical authority that this percentage of the American population suffer from the catarrh taint in a lesser or greater degree. And it's so insidious—at first only a slight cold in the head, but lack of care and attention and it in a very short space of time develops into this distressing disease, which, until the introduction of Dr. Agnew's Catarrhal Powder, required the

That most prevalent and aggravating malady, Catarrh, can count nine hundred in

WHEAT

Market Open

Cash Demand showed a substantial increase from what was seen Jan. 4th.

There was a to-day, with a substantial increase in the price of wheat, which was 4 1/2 to 6 1/2c.

Liverpool closing bid to 17s 9d.
