A SHORTAGE OF \$43,000

DOUGLAS FINDLAY UNDER ARREST

LEADING A GAY LIFE WATCH GAVE HIM AWAY

Only 21, He is Said to Have Systematically Gotten Away With McDonald & Maybee's Funds by Ingenious Methods.

With a shortage of \$43,000 disclosed by an audit of his books occupying three months, Douglas B. Findlay, former bookkeeper and office manager of the firm of McDonald & Maybee, cattle dealers, was arrested at the request of the Toronto police at the Village of Athlone early yesterday afternoon. Detective Alex Mackie was leaving the Union Station with instructions to follow the young man across the continent if necessary when he was informed of his arrest by wire. Detective Mackie will bring the young man to the city this morning. The arrest was made upon a warrant sworn out by David McDonald, member of the firm, at the city hall yesterday morning, and the wires were overworked in an effort to locate the man, who was then believed to be in hiding at Tottenham, Ont., where he was staying with his cousin, E. J. Hamilton, a butcher. Later he was found at the farm of his uncle, Millard Hamilton, two miles out of that village, and was located at Athlone later in the day, where he was staying with his uncle.

Policy of Progress Finds Little Sympathy in Upper Chamber - A Step Towards Socialism.

OTTAWA, March 25.—(Special.)—The senators discussed public ownership to-day. In the opinion of Senator Power public ownership was a step towards socialism, and the avowed objects of socialism were the overthrow of all the religious and domestic relations of government and of property.

The progress of the world has been due to individual effort and socialism would destroy such effort and bring everything and everyone down to a dead level. Russia furnished an example of what socialism would lead to. Behind public ownership and operation was the vast shadowy form of socialism, which would follow with all its consequences if public ownership were adopted. Corporate management was better than state management where politics were bound to interfere.

Senator Power quoted authorities to show that Great Britain had furnished many examples of the failure of public operation. He preferred the plan by which the Toronto Street Railway was run, being operated by private parties and paying for the use of the streets. That principle could be applied to other public utilities with some measure of public control of rates.

Senator Belmont also declaimed against public ownership, declaring that it was responsible for the fall of the Roman Empire.

FARMERS' BANK EXTENDS BUSINESS TO THE WEST

Important Negotiations Satisfactorily Concluded by Which Western Interests Are Brought In.

The Farmers' Bank will "go west," negotiations having been at last concluded whereby several prominent business and financial men in the west and in British Columbia have taken up the unsubscribed stock of the Farmers' Bank. Many of these interests have been connected with the Bank of Winnipeg, who has a charter but which has never taken advantage of it.

As a result the Farmers' Bank will have a subscribed capital of \$1,000,000, and it is contemplated to make one of the biggest in the west. Five directors will be chosen in Winnipeg and the west, and a branch will be opened in the city within the next few weeks, while other branches will be opened in other western centres as soon as business and capital warrants.

Col. James Munro, M.L.A., will continue as president, and James Travers as general manager, while a Winnipeg business man will become vice-president.

He became suspicious early last spring, when he noticed Findlay, who had been living at a rate apparently above his means with a gold watch worth about \$300.

He asked Findlay where he had got this, and Findlay told him that he had married a young woman, resident in Toronto, whose father he said was very wealthy and had given him the "timepiece." About this time his ramble became gorgeous and he sported a handsome diamond ring, worth about \$300. He told Mr. McDonald that the marriage had not been made public, as both he and the girl were so young. She is but 18 years of age.

The young lady and her father are both out of town, but her relatives said last night that while Findlay had sent her many handsome flowers, it was not believed that they had even been engaged in a formal marriage.

It appears that even while in the employ of McDonald & Maybee, Findlay was living a double life. He, together with a dashing blonde, was registered at the Rossin House under the Van Norman name, on Dec. 13, 25, and Dec. 7, 12, 18 and 23. The last day registered is that upon which the audit of his books was begun. At the hotel it was learned that he passed as a diamond merchant from Australia. The woman who was, or posed, as his wife, was very popular. His ramble, as both he and the girl were so young, she is but 18 years of age.

Daily enquiries were said to be received at the hotel for this gentleman of imaginary identity.

Findlay is a son of William Findlay, church caretaker, 128 William-street.

FOUND SURGEON'S LANCE. Inside of Victim. Operated on for Appendicitis.

VANCOUVER, March 25.—(Special.)—William Argyle Campbell, laborer, 40, died to-day, a victim of the result of gross carelessness of a surgeon several months ago. Campbell suffered from appendicitis, but, recovered. After recommending work he was attacked by pains in the side, which increased so that he nearly became insane. A new operation in the abdomen was performed. Imbedded between tissues, the surgeon found the lance used in the first operation.

Campbell was unable to recover from the shock of the second operation.

Kaiser's Court IS CLOSED TO YANKEE

Appointment of Dr. D. J. Hill as Ambassador is Not Acceptable to Germany.

WASHINGTON, March 25.—The German Government has declined to receive Dr. David Jayne Hill in the capacity of United States ambassador to succeed Charlemagne Tower, whose resignation has been accepted, to take effect upon the qualification of his successor.

Dr. Hill is at present United States minister to The Hague and was formerly first assistant secretary of state under the administration of Secretary Hay.

The objection to Dr. Hill is purely personal to Emperor William. The emperor's objection is connected with the visit to America several years ago of his brother, Prince Henry, the ranking admiral of the German navy. Dr. Hill at that time was first assistant secretary of state and necessarily was brought into official contact with the distinguished foreign visitor. Just what he did not do to give offence is not known here.

As the German Foreign Office cordially responded some time ago to the usual cautious overture from the state department here as to Dr. Hill's availability, to-day's decision has come as a complete surprise to official Washington. It is, nevertheless, final as far as Dr. Hill is concerned, for the etiquette that governs international relations does not permit of any question of the right of a sovereign to interpose an objection to the reception of any ambassador.

David Jayne Hill has for many years been regarded as an authority on international law.

NEW LINE ACROSS B.C. C.P.R. Has Bonded Terminal Site for Half Million.

VICTORIA, B.C., March 25.—(Special.)—The C.P.R. has bonded for \$500,000 the large waterfront acreage at Hardy Bay, on the north end of Vancouver Island. It is rumored that this property will form the terminal for a second line of the company, running across the province thru Yellowhead Pass, connecting by ferry with Hardy Bay, thence establishing an ocean route to Japan, several hundred miles shorter than the present Vancouver line.

It is contemplated the move is an effort to checkmate the G.T.P. should the latter company determine to establish a ship line from Prince Rupert to the Orient. Hardy Bay is approximately the same distance from the Orient as the G.T.P. terminus.

The present plans will also provide for the sharing up of the trade of Queen Charlotte Islands between the two rival railway companies.

DEVoured BY WOLVES. Fate of Boy Who Was Kept In After School.

FORT FRANCES, March 25.—(Special.)—American settlers living at Big Fork River, opposite the Canadian boundary, who visited Berwick, Minnesota, last week, report that a 9-year-old boy, who was kept in after school and did not start for home till after dark, was killed and eaten by timber wolves.

His mother, missing him, started out to search with a lantern and was horrified to find torn shreds of clothing and finally the boots with the feet frozen and still in them. The rest of the body had been devoured by the beasts, which have been unusually daring and rapacious this winter, presumably because of the scarcity of deer.

BRITISH PREMIER SINKING. Public Given Guarded Notification of His Condition.

LONDON, March 25.—Premier Sir Henry Campbell-Bannerman is steadily growing worse. The public to-day was given a guarded notification of the real gravity of his malady, which up to the present time has been known only to a few persons.

The bulletin issued this morning says: "The prime minister had a good night and a good sleep, but he is weak and his condition gives rise to much anxiety."

HARTWICK INSANE. LONDON, March 25.—(Special.)—James Hartwick was adjudged insane this morning, and was committed to the asylum at Hamilton. He was on trial for murdering his wife.

Detective Wallace Goes East. Detective Wallace left for Ottawa, where he is to appear before the senate as a witness for the applicant in the divorce suit of Mrs. W. J. Fawcett against her husband, who was recently extradited to Buffalo, N. Y., upon a charge of theft of money from a hotel of which he was night clerk.

ANTI-TRUST LAW TO BE MADE MODERN

Roosevelt Suggests Necessary Changes - Right of Labor Unions to Strike.

WASHINGTON, March 25.—President Roosevelt to-day sent a special message to congress in which he calls attention to certain measures as to which he thinks there should be action by the congress before the close of the present session.

After declaring that child labor should be prohibited throughout the nation, he renews his recommendation for the immediate re-enactment of an employers' liability law, drawn to conform to the recent decision of the supreme court, and urges that action be taken along the line of the recommendations he has already made concerning injunctions in labor disputes.

Dealing with the other measures, including that of the interstate commerce law, the anti-trust law, strikes, financial legislation, tariff revision and waterways commission, the president says in part:

"It has now become important that there should be an amendment of the anti-trust law, because the several statutes as to how this law affects combinations among labor men and farmers, if the combination has any tendency to restrict interstate commerce. The present anti-trust law, in its construction and working, has exempted only too well the kind of legislation which, under the guise of other legislation, is drawn up in such sweeping form as to become either ineffective or else mischievous.

Improving the Law. The substantive part of the anti-trust law should remain as at present; that is, every contract in restraint of trade or commerce among the several states or with foreign nations should continue to be declared illegal; provided, however, that some proper governmental authority (such as the commissioner of corporations acting under the secretary of commerce and labor) be allowed to pass on any such contracts.

"Probably the best method of providing for this would be to enact that any contract, subject to the prohibition contained in the anti-trust law, into which it was desired to enter, should be filed with the bureau of corporations or other appropriate executive body. This would provide publicity within, say, sixty days of the filing, which period could be extended by order of the department whenever for any reason it did not give the department sufficient time for a thorough examination—the executive department having power might forbid the contract, which would then become subject to the provisions of the anti-trust law, if at all in restraint of trade.

The Right to Strike. "It is important that we should encourage trade agreements between employer and employe where they are just and fair. A strike is a clumsy weapon for fighting wrongs done to labor and we should exhaust so far as possible the process of conciliation and arbitration as a substitute for strikes. Moreover, violence, disorder and coercion, when committed in connection with strikes, should be as promptly and as sternly repressed as when committed in any other connection. But strikes themselves are, and should be, recognized to be entirely legal. The right of employe to combine and contract with one another and with their employers, should be explicitly recognized, and so should the right of the employe to combine and contract with one another and with the employers, and to seek peaceably to persuade others to accept their views and to strike for the purpose of peaceably obtaining from employers satisfactory terms for their labor.

Repeating to a question by Mr. Martin (P.E.I.), Mr. Pugsley stated that a deputation had waited on him respecting the construction of a tunnel between the city of Toronto and Toronto Island, and that he had promised to have a report made, not committing the government to any expenditure.

Mr. Oliver was able to report that the W. Dodds, who had written a letter to an agent in London in connection with frauds, was no other than Dr. Dickey, the dismissed immigration inspector.

Mr. Pugsley was unable to find for Mr. Bennett any record of the construction of a dock on island number 19, in Stony Lake. Mr. Bennett said it might assist the minister to know that the island was owned by J. R. Stratton, a member of the late Ross Government.

Another question by Mr. Bennett was answered by Mr. Graham, who said claims by owners of islands in Stony Lake for damage by flooding were settled. Among the amounts paid was \$500 to Mr. Stratton.

Answering Mr. Borden, the finance minister gave figures of the cost of the Quebec bridge to the people of Canada as follows: The government in 1899 appropriated one million dollars as a subsidy. Of this, \$374,353 was paid, the amount, including interest to June 30, 1907, was \$6,899,033 to which is to be added interest from June 30, 1907, on the advances for which the bonds of the company were pledged. The cost includes for custom duty, harbor dues and fees \$510,288.73. No estimate has been made of the cost of re-construction.

IN THE COUNTRY. Yesterday was raw and cold in the bush, and the sugar and syrup-maker looked in vain for a flow of sap from the maple trees. No rain is much to be expected to-day if the predicted sleet and rain arrive. But to-morrow may fill the buckets, and the heart of the man that tends to the evaporating pans.

Laura Fry was the first bluebird on the farms about the city; they they disappeared as if they had made a mistake. Sunday saw flocks of killdeer plover in the newly uncovered plowed fields; two nights ago the little cat-owls could be heard hooting from the trees in the woods, away at a distance from the barns. Medlarks came on Monday, and more than a fortnight ago could be seen these little birds—some call them short larks, others horned larks; that lay their eggs in the furrows just bare of snow and water.

The Bridge Company advised that the cost of the bridge, including Chaudiere bridge and the railway approaches to March 1, 1908, was \$6,899,033 to which is to be added interest from June 30, 1907, on the advances for which the bonds of the company were pledged. The cost includes for custom duty, harbor dues and fees \$510,288.73. No estimate has been made of the cost of re-construction.

New Discovery Regarding Dyspepsia

An eminent London specialist, long skilled in the treatment of stomach troubles, has just announced that nervous Dyspepsia does not affect the stomach, it proves conclusively that nine-tenths of the work of digestion is carried on in the intestines. No wonder that so many doctors have failed to cure these cases—they have had no remedy that comes more highly recommended for Dyspepsia than Ferrerozine, which possesses more power to cure than even pepsin, pancreatine or any other temporary digestive aids.

There is locked up in the bosom of Ex-Ald. Thomas Davies a secret, which, when unfolded, will place the city in the highly satisfactory position of being able to obtain a supply of pure water without expending a cent on a filtration plant.

Mr. Davies informed the board of control yesterday of his important discovery, but its details he investigated with secrecy profound. His plan, he said, had the backing of a prominent local engineering firm, but until he had struck a bargain with the city, whereby he would receive 5 or 7 per cent of the amount the city would save, he would not divulge its nature.

Society Notes

P. H. Bennett of Bolton, Ont., manager of T. D. Elliott, who under the direction of Hon. Adam Beck, had charge of the horses displayed at the Toronto and other horse shows by His Majesty the King, Earl Grey, Earl of Yarrowburgh, Lord Allan Percy, Lord Rothschild, and many other prominent owners, is spending a few days in the city, a guest at the Clyde Hotel.

Ernest Oldham of Muskoka, after a most enjoyable winter vacation of nearly four months, spent in the Queen City, a guest at the Hotel Daly, leaves for New York and Buffalo to-day before returning to his home for the summer season.

Mrs. Albert Nightingale, 490 Euclid-avenue, will receive to-day, and not again this season.

Mrs. G. W. Parsons of 43 Howland-avenue will not receive Friday, nor again this season.

Mrs. Patrick, 69 Kendall-avenue, will not receive on Friday, nor again this season, owing to illness.

The Imperial Order Daughters of the Empire branch of the C'nnaplan Tercentenary and Quebec B'n'fields Association has been formed in Toronto. Collecting books are being sent out. The names of the committee will be published next week.

After the routine business had been dispensed with at the regular meeting of the Toronto Garrison Sergeants' Association, the president, Staff-Sergeant L. A. Kirkland of the Royal Grenadiers, presented Staff-Quarter Master Sergeant G. E. Falkner of No. 2 Co. C.A.S.C., on behalf of the association, with a handsome gold watch chain, in recognition and appreciation of the able manner in which he discharged his duties as chairman of the Royal Alexandra theatre party committee.

which he discharged his duties as chairman of the Royal Alexandra theatre party committee. The charm is of solid gold, the border of which is a wreath of maple leaves encircling a sergeant's chevron, and surmounted by a crown.

AT THE THEATRES

Eddie Foy, at his best in the big musical entertainment "The Orchard," is to be seen at the Princess Theatre three nights, commencing March 30, with special matinee Wednesday. The book is by James T. Tanner, Americanized by Joseph W. Herbert; lyrics by Adrian Ross and Percy Greenback, with the music from the pens of Ivan Caryll and Lionel Monckton. It is in two acts and three scenes. The scenes show the bowered grounds of the horticultural college, the public square at Nice and the Bal Blanc in the Nice Opera House, and are eclipsed in beauty only by the bewildering display of gowns and the general gorgeousness of the costuming.

"In Old Kentucky," originally produced in "The Paul in 1892, has been played every year since that time and still remains one of the most successful offerings on the stage. With a fine cast, the most splendid scenic equipment it will be seen at the Grand next week.

In "A Child of the Regiment," Chas. E. Blaney's latest military drama, written by himself, which will open a week's engagement at the Majestic next week, a gaiting gun will be used in the piece, which represents the interior of Fort Lookout, surrounded by Indians. The defenders are rescued by a band of cowboys.

The bill at Shea's Theatre next week will include a number of new acts never seen here before. Among those to appear are: Carlyle Moore, Ethelyn Palmer & Co., presenting "The Man's Robust," in Joseph Hart's "Examination Day at School," "Lind," Leon Rooze, Mareena, Nevaro and Mareena, the Kinetograph and others.

Those who like bright, clean comedy are enjoying themselves this week at the Royal Alexandra Theatre, where Piner's comedy, "The Magistrate," is being produced. The play is so full of amusing situations that the audience is kept in one scream of laughter.

The general verdict is that this is the best work that the Royal Alexandra players have yet given Toronto. Next week one of Haddon Chamber's best works will be presented by them. This is also of the lighter class of plays, and "The Idler" will doubtless meet with the approval of Toronto theatre-goers. The story deals with the man who has a peasant instead of a woman, as in "The Magistrate." But thru it all there is that rich vein of humor which the English playwright knows how to work out so well.

There will be a matinee to-day and Saturday of "The Magistrate."

Every reader of The World should read the ad of the P. E. Karn Co., which appears in this issue. The firm is making a special offer of Dr. Greene's great blood remedy. This is one of the most widely used spring medicines in the whole universe; all ways sold at one dollar a bottle. As a spring medicine it is unsurpassable. One thousand bottles will be put on sale this morning at less than the cost of the empty bottles.

This is the time of year to get the human system in order. There is nothing in the whole world that acts on the system so efficaciously as Extract of Sarsaparilla. Dr. Greene's is the oldest and best blood purifier. The well-known Karn Medicine Co. are making an exceptional offer in this issue. See advt.

The enormous advance in the price of Ceylon Tea has made it necessary for the "Salada" Tea Company to adopt one of two courses. Lower the quality or advance the price. It was felt that the latter course would prove the most satisfactory, consequently, the company adopted it. The price of "Brown Label" "Salada" is now 30c per pound instead of 25c per pound, as formerly.

Can Go to Buffalo. William Perry, after having been three times turned back at the border, has at last received permission to go to Buffalo to secure a pair of artificial limbs. He was the victim of a car accident here.

BREDIN'S HOME-MADE BREAD

About the only thing that the people will stand for to-day that might be classed in the "old-fashioned" list is the old-fashioned "baking."

Bredin's Home-made Bread, for instance. And it's true to all the old traditions of bread baking, with quality paramount always.

OPEN AIR HORSE SHOW

The Prize List Adopted and Other Arrangements Made for July 1.

At a meeting of the Open Air Horse Parade Directorate letters from influential ladies and gentlemen in the city were read warmly approving of the Dominion Day show. Treasurer Dr. W. A. Young reported that subscriptions were coming in fairly well. J. J. Dixon, O. B. Sheppard, W. Harland-Smith, W. E. Wellington, George Pepper and H. C. Tomlin were chosen members of the executive, to act with President Noel Marshall, Vice-Presidents R. W. Davies and Alfred Rogers, Treasurer Dr. Young, Secretary and Manager H. J. Good and Assistant Secretary T. J. McCabe. H. C. Cox and William Mead were added to the directorate and Miss Wilks and Langdon Wilks to the list of honorary directors.

The prize list was entirely revised. A new class was made for ponies in harness, the two old horse classes, one for pony and outfit, 12 hands and under; another for pony and outfit, over 12 hands and under 13.1, and a third for ponies and outfit, not exceeding 14.1. In addition there is a class for pair of ponies and outfit, and for ponies under saddle, 12.2, and another over 12.2 to 14.1. Poles under saddle, and boy or girl rider on pony, are two other classes.

G. W. Beardmore, M.P.H., has consented to present a group of heavy-weight hunters ridden by farmers, or their sons, whose land the Toronto Hunt hunt over.

In the commercial classes a class was added for horses and outfits owned by fruit, fish and game dealers. The object of this class is to relieve the unenumerated class of last year, who had no fewer than 68 entries. It was also decided, if the unenumerated class had sufficient entries, to divide it into two, one section being for heavy horses and the other for light horses. With the additions, there are now 25 classes in the show devoted to commercial horses in harness. The two old horse classes were retained and the class for Royal Canadian Dragoons, dropped last year because the dragoons were in camp at Peterborough, spent their girlhood days.

The bands of the Royal-Grenadiers, Queen's Own and 48th Highlanders will be engaged.

The prize list will be out in the course of a few days and can be had, with entry blanks and any other information desired, from the secretary, H. J. Good, 11 Ann-street, or by addressing Mr. Good, Box 243, Postoffice, Toronto. Entries are set to close on Wednesday, June 17.

WHIPPED WRONG MAN.

Edna Bruns, the Actress, Made a Little Mistake.

WATERBURY, Conn., March 25.—Miss Edna Bruns, the actress, niece of Francis Wilson, playing "Miss Isaacson" in his production of "When Knights Were Bold," created a sensation by marching into the editorial rooms of The Waterbury American and horsewhipping Roland P. Andrews, the American's associate editor and dramatic critic. The expedition was entirely successful, save for one small detail. The critic doubtless deserved the reproof administered, but in the excitement of the moment Miss Bruns got the wrong man.

It developed later that the actress wielded the lash, not with the idea of expressing her disapproval of reviews written by the critic during her season as leading woman of the local stock company last summer, but because she was indignant at an article appearing in the newspaper's local columns a week ago, in which she was mentioned in connection with Mark Hanna, Jr., whose marriage to Miss Bruns recently took place in Bridgeport.

Japanese Cabinet Reorganized. TOKIO, March 25.—A reorganization of the cabinet has been effected. The following appointments were announced this morning: Baron Senge, former governor of Tokio, to be minister of justice; Viscount Hotta, minister of communications; M. Mutsaers, minister of finance; M. Hara, minister of the interior.

This constitutes a coalition cabinet.

Punishment Worse Than Death. PEKIN, March 25.—Seven men arrested recently charged with trafficking in governmental secrets have been found guilty and sentenced to long terms of imprisonment.

This punishment is generally considered to be worse than death.

PRESERVE THIS

Here is a good recipe for Coughs, Colds and La Grippe. It has been found to be simple, cheap and effective, and can be procured at any drug store. It is a trial will convince you of its merits. Glycerine, one ounce. Syrup White Pine Compound, one ounce. Fluid Extract Licorice, one-half ounce. Tar-Oil, one ounce. To this add three ounces of hot water and take a dessert-spoonful every two or three hours.

CITY OF WEST TORONTO.

Bill to Incorporate is Passed—Municipal Election Dates.

A bill to incorporate Toronto Junction as a city, to be called West Toronto; was passed by the private bills committee of the legislature yesterday.

The bill changes the date of the civic election to New Year's Day, confirms certain tax sales and authorizes the issue of \$25,000 debentures for a new public school and \$100,000 debentures for improvements.

The committee threw out a bill to grant to the C.N. Railway News branch of the C.P.R. and a bill to relieve the Niagara Falls Y.M.C.A. from taxation.

A bill to allow municipalities to hold their nominations on the last Monday in November and their elections a week later was thrown out by the municipal committee.

DEFINING A FANCY LOAF.

Great Care Will Be Needed—McNaught Bill Discussed.

W. K. McNaught's bill to regulate the weight of bread was again discussed by the municipal committee of the legislature yesterday.

Dr. Sheard, city medical health officer, said that the present law was unoperative because bakers were able to protect themselves by putting labels on the bread so that consumers had no way of knowing the weight of the loaf to reduce the size of the loaves.

Mr. McNaught said that he recognized that greater care was needed in defining what was a fancy loaf. The difficulty could be overcome and the clause in relation to inspection could be changed so that prosecution could not be avoided on technical grounds.

Mr. Callow of the Bakers' Union hoped that the bill would pass as it stood. Mr. Farrell said that while Toronto bakers were giving twenty ounces, the weight of the loaf in American cities was only 14 and 16 ounces.

E. J. Weston, C.P.R., for George Weston, argued in favor of inspection at the factories.

Cemetery For Pets.

CINCINNATI, O., March 25.—A burying ground for canine pets was unearthed to-day by workmen engaged in excavating on the site of the old Zimmerman homestead in Mount Auburn, where the Duchess of Magchester spent her girlhood days.

Drank Poison by Mistake.

WINNIPEG, Man., March 25.—Menor Webb, aged 38, foreman of the C.P.R. switching gang, is dead, and Charles Clark of the same gang is dangerously ill, tho there are hopes of his recovery, from drinking formalin.

HAND TERRIBLY MANGLED.

While employed in a steam laundry, the left hand of Mr. Ab. Wheeler, Marine and Stationary Engineer, of 145 Front-street, Belleville, Ont., became caught and was accidentally drawn into a hot mangle. He says: "As soon as possible the machinery was stopped and my hand was extricated, but before the least of the skin of the hand was literally cooked to the bone and the fingers flattened out of shape. My hand and arm became frightfully swollen to the elbow and the hand presented a shocking sight. No one can imagine what I now suffer, and endure. Not only was it hard to bear on account of the cruel pains, but it was a great shock to my nervous system. It was some time after the injury before the cooked flesh could be removed from the palm and then only very little at a time. As soon as it had been well removed, healing balms were applied, but as improvement was so slow I obtained permission from the doctor for Zam-buk to be used exclusively, as several of my men friends (having previously used it for severe injuries), spoke in the highest terms of its unusual healing qualities and urged me to give it a trial. From the commencement Zam-buk soothed and relieved the pains and drew out the soreness. In about three weeks the swelling of my hand was nicely healed over thru daily applications of this wonderful remedy, Zam-buk, and all inflammation and swelling was thoroughly banished from both hand and arm."

Many medical men to-day freely extol the merits of Zam-buk. It possesses a wide range of usefulness, being especially recommended for eczema, bad legs, piles, running sores, ulcers, pimples, boils, chapped hands, scald diseases, barber's rash, cold sores, festering sores, poisoned wounds, cuts, burns, scalds, and all diseased, injured and inflamed or irritated conditions of the skin. Of all druggists and stores, fifty cents a box, or from the Zam-buk Co., Toronto.

TO SAVE THE BISON.

Plans for Buffalo Reservation in Montana.

NEW YORK, March 25.—Announcement was made by D. William T. Hornaday, president of the American Bison Society, of the completion of plans for the preservation of pure blood American bison upon a projected permanent national bison range twelve thousand eight hundred acres in extent, on the Flathead Indian Reservation, in northwestern Montana. Dr. Hornaday said he had been authorized by the society of which he is president to give the federal government a charge of 20 bison, which upon the permanent range, are expected to increase in number to one thousand within the lifetime of men now living.

SCENE IN COURTROOM.

Man Sentenced for Forgery Attempts.

PETERBORO, March 25.—There was a scene of wild excitement in the police court this morning, when George Shepherd was sentenced to two years in Kingston penitentiary on a charge of forgery.

Shepherd listened quietly while Magistrate Dumble pronounced sentence, and as he finished, sprang to his feet, seized the brass pin in his tie, and rapidly stabbed himself three or four times over the heart. The chief of police and several constables grabbed Shepherd and wrested the pin away from him, not, however, before he had punctured himself several times.

Shepherd confessed to the doctor that he attempted to commit suicide in the county jail last night by stabbing himself with the same pin as he used this morning, smearing it with tobacco juice in order to produce inflammation.

Shepherd is an Englishman, and is said to be a morphine fiend.

DR. DIXON SURRENDERS. Said to Have Married Second Wife in Hamilton. NEW YORK, March 25.—Dr. William A. Dixon, 42 years old, who gave his address as 314 Delaware-street, Buffalo, went to the district attorney's office last yesterday and surrendered himself. He was wanted on the charge of bigamy, and when later arraigned before Magistrate Droegre in the Jefferson Market Court, was held in \$2000 bail for examination to-day. Dr. Dixon testified in the breach of promise suit against Senator McCarron, who was sued by Dixon's wife. It is alleged that he swore that he had been married the second time to a woman in Hamilton, Ont., on Dec. 23, 1893, and had supposed that his first wife, the one who brought the suit against the senator, was dead.

The bargains you need==just when you need them most....

It's a regular trick of the Bargain Shoe Houses to offer you Oxfords in December and winter boots in July at a great bargain.

I'm offering you \$10,000 worth of reasonable shoes for Spring and Summer, and I have more than cut the price in half.

Moreover, I know the parentage of these shoes. They have no brand on them--that's been taken off. But they look like good shoes, and every one of them can look you in the eye and convince you that they are still worth the price they have been selling at before this sale.

There are some bargains for everybody, but these are the lines that are creating a furore:

- For Gentlemen: I have still 1200 pairs of fine Goodyear welt sewn shoes—all sizes and widths in all the desirable models. I'm selling them like this: All Shoes at \$4.50 for \$2.50. \$5 and \$6 shoes for \$3.50. \$6 and \$7 shoes for \$3.95. It's so near half price that you might call it a half price clearance.
- For Ladies: Whatever is smart and clever in shoemaking this store has it—so that you may expect the something better than the ordinary here. Ladies' \$3.50 Walking Shoes and Oxfords, \$2.50. Ladies' \$4.00 and \$4.50 Patent Leathers and Calfskin Boots and French Oxfords for \$2.95. Some of the finest samples of \$5.00 Shoes for \$3.45.

This will not occur again, but we ordered a tremendous stock of spring shoes—Dolly Varden and "Napoleon" (Foot-rite)—and I must have the room and the money to put them and pay for them. That is the plain truth.

Frank Mercer, 110 Yonge Street, Toronto. I will not fill mail orders at these prices. My store is open evenings.

NOTE AND COMMENT

An eastern company, headed by Bob Shillington of Ottawa, are endeavoring to buy the Moss Park rink property for the purpose of erecting an arena.

The entries at Benning show up sparsely when compared with the winter tracks, the anti-betting agitation likely keeping the horsemen away.

It is said that the powerful pool room influences are working in harmony with the anti-betting contingent in New York to secure the passage of the Agnew-Hart bill at Albany, and with racing dead in that state there would be a regular harvest for the tucker gamblers.

Among the horses sold in the paddock at Los Angeles on Tuesday were Countess for \$50, and Chippewa for \$50.

Bun Clarke Goes to Hamilton

The executive of All Saints' Football Club met last night at the residence of F. H. Bridgen, 108 Rose-avenue, and discussed matters for the spring season.

Star Pitcher is Holding Out McGinley Wants Salary Boosted

After the game on Friday with the students here, the Lynchburg team play on Saturday, also on the college diamond, and the Kellyites leave for Richmond, Va., on Tuesday, where they spend three days and then put in five at Norfolk, Va., before taking boat to Delaware, Md., and from there thru the Tri-State Circuit.

McGinley refuses to report until his salary is raised and Manager Kelly to-night gave him a week in which to change his mind. If he doesn't report then Kelly says he can stay at home for the season.

The weather continues fine and warm and players are practicing hard twice daily.

Pat Connelly, the new pitcher from Haverhill, is built on the Apollonian plan, long and lean. He has good control for so early in the season.

This afternoon the team worked from 1:30 to 3 and then vacated the grounds for a game between Virginia and Fishburne Academy. Weather today warm and sunny.

Bill Phyle weighs exactly the same as he did at the close of last season, 185 lbs. He is working hard to reduce and says he will be in the best condition he ever was in his life this season.

Association Football

All Saints to Have Senior and Intermediate Teams--Notes.

The executive of All Saints' Football Club met last night at the residence of F. H. Bridgen, 108 Rose-avenue, and discussed matters for the spring season.

The prospects are brighter than ever for the committee, but nothing at all definite was decided upon, but the Saints are making big preparations for the most successful season they have ever had in football, which, with the Saints, means extra fine.

The senior team will be managed by D. W. Heaslip; the intermediate will be taken in hand by Bert Darlington. The following Maple Leaf football players are requested to be at the Boys' Union field at 6 o'clock Saturday.

The Irish Football Association are considering the question of sending an amateur team to take part in the world's football tournament in connection with the Olympic games.

At a special report dealing with the question of new grounds was received and adopted, and it is likely that a new playing field will shortly be secured.

A Hamilton despatch states that Bun Clarke, who has been playing for the Toronto team, has signed with the Hamilton team for the coming season.

Kit Irvine of Brampton drifted into the city yesterday, with his nomination for first vice-presidency of the C.L.A. also brought along the nomination of Tom H. Henry for the council.

With the nomination of Irvine for first vice, all the offices for the C.L.A. will be contested this year. Jack the night and Jim Bailey, for the presidency; Tommy Doyle and Kit Irvine for first vice; and the management will be glad to see all the old players and any new ones will be made welcome.

The Eureka organized last night at the Queen's Own the Eastern Ontario championship last night by defeating the 48th Highlanders after one of the most exciting games of the year.

The Queen's Own will now play Windsor on Saturday night for the championship of Canada, and a close and exciting game is looked for.

The Canadian Union championships and Olympic try-outs in fencing take place here on April 3 and 4. The Ontario trials in swimming and water polo in Toronto May 2 and 3. The Ontario trials in gymnastics and table tennis are being held at the University of Toronto.

DEAD, OR WANDERERS? MYSTERY OF TWO MEN

Benjamin Dancy's Strange Disappearance From Aylmer Hotel Nine Years Ago.

On behalf of the A. O. U. W., the courts have been asked to declare whether or not Benjamin E. Dancy is legally dead.

Dancy while a guest at the Mansion House, Aylmer, in April, 1899, left word to be called for the 7 a.m. train. When a boy went to his room he had gone and has never since been heard of.

If alive he is 49 years of age. Five grown up sons are in the family, two occupying farms in Malahide Township and two in Elgin County, to which latter pair is left the \$2000 insurance. One is a doctor in Michigan. Their mother died in 1890 and according to the charge Ontario Government by the executor a second marriage occurred about ten years ago in an hotel in the Village of Belmont, Middlesex, about midnight, the woman being Ellen Moore. She was and is possessed of means and continued to live at her home. She and her husband quarrelled over money matters and parted on a day before his disappearance Dancy spoke of getting a divorce.

The A.O.U.W. are also asking to have Fred C. Marshall of Kingston declared living or dead. On May 17, 1900, he set out in a small boat. There was a storm and next day the boat was found, but there have been no stories of his having been seen since at St. Louis.

One Year For Shooting. QUELPH, March 25.—(Special.)—Judge Chadwick today sentenced Warden Spahn to one year in the Central Prison for drawing a gun on T. Arnott, Arnott and Bailiff Ryan went to Spahn's farm, near Mount Forest, about a month ago, to settle an account for rent.

Shand brought a gun and ordered them off the place. The gun was accidentally discharged and the charge entered Arnott's hand.

Succession Duties Cheque. BROCKVILLE, March 25.—(Special.)—A cheque has been forwarded to the Ontario Government by the executor of the late Charles E. Fulford for \$13,000 succession duties.

Coroner Crawford will continue the Alex Anthony inquest at the city hall on Monday night.

Joe Wolfish was sent to trial from police court yesterday morning upon a charge of stealing a quantity of jewelry from Catharine Wolfish, his sister-in-law.

Two Italians Killed. KENORA, March 25.—(Special.)—Another terrible dynamite accident happened this morning at Macdougall Camp 2 north of Dryden on the transcontinental, which instantly killed two Italians, names unknown, and dangerously injured Augustus Machray.

ASSAULTED CHINAMAN.

Dispute Over Bill Ends in a Serious Encounter. Mack Chong, a Chinaman who operates a laundry at 352 West King-street, is in the Western Hospital with a severe scalp wound and ugly cuts upon the forehead and lip; the result of a vicious assault committed on him by a man who entered the laundry shortly after 4 o'clock yesterday afternoon.

The man asked for his washing, and a dispute arose over this, when the visitor suddenly struck the Chinaman with a bottle and fled by the back door.

The Chinaman ran into the street, bleeding profusely and the passengers from a passing car went to his assistance. Endeavors to find the assailant failed.

Two Italians Killed. KENORA, March 25.—(Special.)—Another terrible dynamite accident happened this morning at Macdougall Camp 2 north of Dryden on the transcontinental, which instantly killed two Italians, names unknown, and dangerously injured Augustus Machray.

KUBELIK ENTRANCES CANADIAN CHARM

Large Audience at Massey Hall to Enjoy Unusually Fine Program.

Last night at Massey Hall an immense audience heard in marvelous quality every effect of which the violin is possible, until the instrument seemed "a weird, wild thing; bewitched from end to end." And Jan Kubelik stood forth as a wizard more potent than any other violinist of the present day.

For the effects themselves there was everything to delight and astonish—ravishing tone, nuances of all kinds and all the special devices, such as his incomparable harmonic trills in saltato. But also it was all in the dexterous fingers of Kubelik and the strings which lay responsive above the bridge and finger board of his sweet Stradivarius. There was nothing in the music itself that could touch and play upon the heart-strings of humanity; there was something in the being of the man and woman who heard and marveled, but wept not for joy.

For technique are not an end in themselves; they are a means of touching the heart and imagination with "fervors of the beyond." Yet Kubelik must be acknowledged the present-day King of the Violin, and as great as Paganini in his day.

What a marvelous performance Kubelik gave us in beyond imagining and must have been heard to be conceived. But there is no doubt that he is as Eric Mackay said of Sarasate in his day: "A student of the future."

The Muses' brother, and their youngest one. "This side the sun." But I cannot close without adding great praise to the performance of the solo pianiste, Mile. Berthe Roy, a young and gifted virtuoso, a native of Quebec.

A student of Marmonteil of Paris, she has become under his tuition as brilliant in technical accomplishments as her sister artist, Mme. Samoroff; and I am sure her bright French-Canadian temperament will enable her soon to be as wonderful a pianiste as any of her sex have been.

But I cannot close without adding great praise to the performance of the solo pianiste, Mile. Berthe Roy, a young and gifted virtuoso, a native of Quebec.

A student of Marmonteil of Paris, she has become under his tuition as brilliant in technical accomplishments as her sister artist, Mme. Samoroff; and I am sure her bright French-Canadian temperament will enable her soon to be as wonderful a pianiste as any of her sex have been.

N. YORK AGAIN STIRRED BY REACTIVE FINANCY

Early Sluggishness on Wall Street Is Followed by Activity—Little Public Interest in Locals.

World Office. Wednesday Evening, March 25. The continued activity of Wall Street lent a little more enthusiasm to the Toronto stock market today. The reaction in instances were forced through yesterday's high prices. Outside speculation was small, but the attractive influence of quotations had its effect on a few semi-investors, who are hopeful of a further rally.

Wall Street Pointers.

The Aldrich bill is expected to pass the senate to-day or to-morrow. The demand for steel is confined to light finished mill product.

There is no early resumption of North American dividend payments. There is light demand for stocks in the loan crowd.

This financing plan for \$5,000,000 notes due April 8 are expected at the directors' meeting.

New York Central earnings last year were 6.2 per cent on stock.

April dividend and interest disbursements will exceed \$18,000,000.

The suspension is announced on the consolidated stock exchange of Henry W. Genrich & Co., 43 Exchange-place, New York.

Consolidated Gas is advancing on narrow trading, small offerings and belief that recent demand for fuel has reduced the price of gas.

CHICAGO—The works of the Hammond Steel Car Company, employing nearly one-quarter of the population of Chicago, will close indefinitely at the end of the present week.

ALBANY—Without debate the assembly has passed a bill which provides for a dividend on the part of New York City to Coney Island.

The third week of high earnings reported to-day show up practically as unfavorably as earlier in the month, in comparison with the first week of losses ranging all the way from 10 to 25 per cent.

WASHINGTON—President's message to congress to-day renews many recommendations made in previous messages, but it is notable for its brevity, for the absence of strong adjectives, for the fact that it contains no attack on all-street and for its dignity and impartiality.

LONDON—This is the first making-up day, and carry-over arrangements restrict dealings, but the undertone is firmer on the defeat of the government in the Peckham by election, which is taken to forecast the industrial leadership for a few days.

Bullish operations are again on the program for to-day's market. On swells we believe profits should be taken and developments awaited.

The market ruled irregular with considerable realizing and short selling, London bought 100 shares on balance, reporting a light contango for Americans at the settlement.

TRYING TO FOLLOW NEW YORK.

An attempt is being made to make the Toronto exchange follow the New York buoyancy, but the initiation is very tentative, and securities bull hard.

The operations in the market to-day were chiefly those of the pools. Rio was made quite enticing during the morning, and the usual guff that London buying accounted for the strength was handed out to the innocents in the market.

The sentiment of holders unposted in stock operations is distinctly bullish under advancing prices, but astute speculators who have profits are taking advantage of the market's strength to sell.

This does not apply to the investment branch of the exchange, where the offerings are small and the buying power in equal, if not greater, quantity.

MARKETS ABOUT STEADY TRANSACTIONS SMALL

Professional Operators Both at Toronto and New York Are Opposed to Rising Prices.

World Office. Wednesday Evening, March 25. The markets for the Cobalt securities, including the price of the whole were quiet, but the undertone to prices was anything but encouraging.

Buyers were quiet a different getting order in advance at transaction prices, and many orders are now standing on the books of brokers.

The only prominent firm at the advance, New York and Boston professionals are reported still heavily in the market to-day, as was in Toronto at the advance.

Local professional operators are not encouraging their risk-taking, but the outside buying is gradually clearing up the floating supply of the better class of shares.

### MAYOR BAIRD IS WELL PLEASED AT CITY'S NAME

Incorporation as West Town or Will Soon Be a Reality—Suburban News Items.

TORONTO JUNCTION, March 25.—The bill to incorporate the Town of Toronto Junction as the City of West Toronto was passed this morning by the private bills committee of the legislature. Mayor Baird and Town Solicitor Anderson were present to urge the passing of the bill, but there was no opposition. In addition to the incorporation of the city, the bill gives the municipality the power to raise \$25,000 to provide proper school accommodation, to consolidate the debentures for the purpose of raising \$100,000 for improvements, to validate tax sales and to hold the municipal elections on New Year's Day. A short discussion took place over the last clause of the bill, and it was thought that an amendment would have to be made to the Municipal Act, but as this power was extended to North Toronto last year, the clause finally carried. The bill will now come before the legislature.

Mayor Baird said to-night: "I am well pleased at the way the bill was received. I believe it will benefit the town in every way."  
Following the period of exceptional activity that has been indulged in by the local police during the past few days comes the news of a happy event having occurred to-night, in which a popular member of the force figures prominently. The occasion was the marriage of Police Constable J. Lavery to Miss Mary Ellen Mantle of 59 East Annet-street. The ceremony was performed by the Rev. J. D. Fitzpatrick at the rectory, 238 Crawford-st., Toronto. The officer and his young bride are extremely popular in town and the happy event caused not a little local interest.

### Positive Cure for Deafness.

A large proportion of all cases of impaired hearing and deafness is due to disease of the middle ear and eustachian tubes, caused either by acute inflammation or chronic catarrh.  
Nearly all these cases can be cured, or the progress of the disease arrested, by inflation of the ears through the nose. It is sure death to the microbes of life which maintains the inflamed condition, and also through its healing properties restores the diseased organs to a healthy, normal condition.  
It is not mere theory. The result of actual experience proves that ninety-nine cases in one hundred can be cured and stay cured by the use of Catarrhaze.  
Catarrhaze is a new scientific remedy for all diseases of the nasal and respiratory passages caused by microbial life, and if you are affected with catarrh, asthma or bronchitis, it is well deserving of your attention. You simply breathe the medicated air, it does the rest—nothing could be simpler. Complete outfit, sufficient for two months' treatment, price \$1, at all dealers, or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn. U. S. A.

### STUDHOLME PLEASED AT PARTY'S PROSPECTS

**Will Welcome the Independents—Use of Automatic Gun Discussed.**

Allan Studholme occupied two hours less six minutes of the night session of yesterday's legislature in what was a considerable improvement on his last speech, and which displayed all the picturesque qualities of a forlorn hope. For most of the time he was addressing empty seats, as the quorum in the house gathered behind him and left for Mr. Meeson a solitary occupant of the treasury benches. He enunciated the labor platform, and contrasted the conflicting statements of the two parties as to the results achieved by the government. He hailed the possible accession of A. Wright and Kelly Evans to the independent ranks.

He attacked the legal talent in the government, of whom he counted four, and thought they should be paid larger salaries to devote their time to government business and not to attending to private practice, as the provincial secretary did. He was going to hold up every man in the government for what he had done amiss and to meet them on the public platform. He reproached the speakers on the debate.

### NEWMARKET Local Member For North York Gets Great Reception

NEWMARKET, March 25.—(Special.)—One of the most enthusiastic Conservative smokers ever held in North York was that of to-night in Newmarket town hall. The big building was packed to the doors and hundreds were unable to gain admission. T. H. Brunton was a model chairman, and the appearance of "Herb" Lennox, M.L.A., was the occasion of a great ovation to North York's popular member.

A special car arrived from Toronto shortly before 8 o'clock, bearing Hon. Dr. Pyne, R. R. Gamey, M.L.A.; W. H. Hoyle, M.L.A.; J. Dargavel, M.L.A.; Dr. Jessop, M.L.A.; Hon. C. Cairns, M.L.A.; C. Calder, M.L.A.; Hon. Frank Cochrane, M.L.A.; W. R. Smythe, M.L.A.; A. McCowan, M.L.A.; and J. Duff, M.L.A.

### LAMBTON MILLS. Conservatives Hold Rousing Meeting.

LAMBTON, Ont., March 25.—(Special.)—A Conservative "smoker" was held in Bryan's Hill here to-night. The hall was crowded and the enthusiasm unbounded. M.L.A., Dr. Forbes Godfrey, M.L.A., Capt. T. G. Wallace, Dr. Hackett, A. J. Wilson, William Edwards, pres. W.Y.C.A., were the speakers. Dr. Emerson Smith presided.

**LIVE STOCK INSURANCE.**  
Live Stock Insurance has so far not received the attention it deserves in Canada, but a company is now being organized which will provide the necessary facilities to the farmer and breeder for protection against death from whatever cause for his live stock. The company to be known as the Ontario Live Stock Insurance Co., has an authorized capital of \$500,000 with head office at 168 East King-street, Toronto. The provisional directors are Hon. Thomas Clarendon, M.P., Toronto; Peter Christie, M.P., Manchester, Ont.; John Bright, Myrtle, Ont.; T. A. Graham, Clarendon, Ont.; Wm. Greenwood Brown, Toronto; Charles C. Van Norman, Toronto; E. C. H. Thindale, Beaverton, Ont.; J. Stark, Metropolitan Bank (Market branch), secretary.

### VIOLATED BUILDING PERMIT.

Owner, Contractor and Workmen Haled Into Court.

Charles W. Thompson was charged in the afternoon court yesterday with erecting or causing to be erected a building on the Don Esplanade which does not follow the specifications under which the permit was granted.

### Harvard Expels Son of Novelist.

CAMBRIDGE, Mass., March 25.—H. Marion Crawford, a son of F. Marion Crawford, the novelist, has been expelled from Harvard for failure in his studies, and sailed yesterday for his home in Italy. Young Crawford had had an uneven career at Harvard. For three years he tutored for maintenance, only to fail at the examinations. He finally entered last fall.

### Meat Prices Up.

CHICAGO, March 25.—J. Ogden Armour, one of the packing trust kings, returned to-day from New York in most optimistic spirits as to the return of prosperity. The price of all kinds of meat began to soar.  
Lamb rose \$1 a hundred. Mutton and lamb took on an added value of from three to five cents a pound. Pork, cheapest of all meats, and legal circles of the city, due to the failure to boost pork higher is due to the fact that Chicago has received this winter more hogs than in four years.

### EACH TOWNSHIP MAY HAVE RURAL HIGH SCHOOL SOON

**Hon. Dr. Pyne Announces the Government's Policy of Public School Extension.**

To amend the Public Schools Act; to amend the Department of Education Act, and respecting separate schools, fifth classes and continuation schools were the three bills introduced by Hon. Dr. Pyne in the legislature yesterday.

These bills embody an extension of the government's policy in respect to the public schools. They provide for the continuation of the normal school classes. The policy follows the line enunciated at a conference between trustees and inspectors during the 1907 meeting of the Ontario Educational Association. In future there will be continuation schools and fifth classes, a distinction being drawn between two grades of what were hitherto termed indifferently secondary education classes. The continuation school will be, to all intents and purposes, rural high schools, and under the new classification, already number over one hundred.

### NEED GOVERNMENT GRANT. Victoria Industrial School's Sewage System Held Back.

When Beverley Jones, J. J. Kelso and Chas. Perrier, superintendent of Victoria Industrial School, approached Hon. Mr. Hanna regarding a grant for the institution named, the provincial secretary did not offer them any encouragement, on account of the institution having been the recipient of \$15,000 last year. The interview was reported to the Industrial School Board yesterday, but no discouragement was felt as better results were hoped for in a second interview, preparation to which Dr. Godfrey, M.L.A., has promised to exercise his influence. The main requirement for the school is a new sewage system to cost \$8,500, which cannot be gone ahead with unless an appropriation from the government is received. Other contemplated improvements are: Additions and changes to No. 3 cottage, \$6,000; Renovation and renewal of present barns, \$5,500; A new engine, \$1,100; A telephone exchange, \$700; Granolithic sidewalks, \$1,200; Outside lavatories, 1,000; Two septic tanks, 35 feet x 7 inches, and 4 filtration beds of 45 square feet each are required in the new sewage system.

### PARKS ENQUIRY ENDED.

Bookkeeper in Parks Department Contradicts Ex-Commissioner.

The park's inquiry has concluded with the evidence of Sidney Adelard, bookkeeper of the parks department for 15 years, taken at his home, where he is confined by illness. Judge Winchester, counsel, and Mr. Chambers were present.

### Dr. Soper :: Dr. White

Chambers' express orders and witness, on same instructions made out vouchers without seeing invoices.  
The pay sheets had never been padded, although the time sheets might have been.  
M. Chambers' evidence previously given was that the splitting of vouchers had probably been done by Mr. Adelard for his own convenience.  
Williams' New Restaurant.  
The contract for remodeling the restaurant of Albert Williams has been given to Messrs. Sexton & Co. The plans are for a new marble front and vestibule, an antique English grill room, with a large Louis XIV. ball room and banquet hall with a capacity for seating 200 guests, together with several smaller private dining-rooms which, when completed will make one of the most complete restaurants in Toronto. Mr. Williams is sparing no expense and has given Messrs. Sexton & Co. instructions to have everything first-class.
