*Resolution passed by the Committee relative to Grants to Sunday Schools.*

That in all applications for grants of Bibles to Sunday Schools, the applicant be requested to furnish the Secretaries with an account of the state of the School; the number of Scholars and Teachers; the amount of Funds at the disposal of the Managers; who are its officers; and why it is necessary to make such application: all of which should in every case be certified by a Minister of the Gospel, or some person of known respectability. And further, the Committee recommend that the Secretary be instructed to make grants in future only to destitute settlements; reporting the same to the next General Meeting of the Committee.

W. C. Chewett & Co., Printers, King Street East, Toronto.

## NOTICES.

All Branches, Associations and Depositories, are particularly requested to make out a Yearly Report, which shall embrace all the principal occurrences of the year, and a List of Subscribers; and send the same to the Secretaries at the Depository, Toronto, on or before the *First of March*, that there may be sufficient time to prepare the Annual Report.

\* \* \* IT IS PARTICULARLY REQUESTED, that when Remittances are made to the Upper Canada Bible Society, it may be specified whether the same are to be placed to the *Purchase Account*, or as a *Free Contribution*.

It is particularly requested that the various Branches will effect an Insurance on their Stock.

## RESOLUTIONS

*Passed at the Twenty-seventh Annual Meeting of the UPPER CANADA BIBLE SOCIETY, and Thirty-seventh of the Society's operations, held in the Wesleyan Church, Richmond Street, on Wednesday evening, 8th May, 1867.*

The Hon. GEORGE W. ALLAN, President in the Chair.

Reading the Scriptures, by the Rev. GEORGE YOUNG.

Prayer by the Rev. ALEX. TOPP, A.M.

Report read by GEORGE HAGUE, Esq.

Moved by the Rev. W. S. BALL, seconded by the Rev. G. YOUNG.

1. That the Report now read be received and printed, under the direction of the Board; and that the following gentlemen be the Office-bearers and Directors for the ensuing year (see next page):

Moved by the Rev. J. G. MANLY, seconded by D. WILSON, L.L.D.

2. That as the welfare of Communities, the peace, purity, and enlargement of the Church, and the spiritual interests of individuals can be promoted only through the influence of the truth set forth in the Word of God, it becomes us, in dependence on the blessing of God, to labour with unabated energy for the circulation of the Scriptures throughout the earth.

Moved by Rev. W. COCKER D.D., seconded by Rev. W. BROOKMAN.

3. That appreciating the blessings of peace and prosperity with which God is favouring our land, and recognizing the obligations under which we are laid to improve our opportunities, we cordially invite our Auxiliaries and Branches to continued co-operation, and to still more earnest efforts for the wide dissemination of the Word of God.

Moved by Rev. A. GREEN, D.D., seconded by Hon. Wm. McMASTER.

4. That the most cordial thanks of this Meeting be given to Hon. George William Allan, M.L.C., President of the Society for his able and efficient services in the chair.

Moved by Rev. L. TAYLOR, D.D., seconded by H. MORTIMER, Esq.

5. That the thanks of this Meeting be given to the Trustees for the use of this church, and to the choir for their kind assistance.

Benediction by Rev. LACHLAN TAYLOR.

## LAWS AND REGULATIONS

OF THE

### UPPER CANADA BIBLE SOCIETY,

*As adopted at a General Meeting of the Society, held in the City of Toronto, on the 3rd day of August. 1855.*

[UNDER THE ACT OF INCORPORATION.]

ARTICLE I.—This Society shall be denominated the “UPPER CANADA BIBLE SOCIETY,” having the same object in view as the British and Foreign Bible Society, that is—the circulation of the Bible, without note or comment.

II.—This Society shall endeavour to unite all the different Societies in the Province, and to concentrate their operations, in order to give more efficiency to the whole.

III.—This Society shall maintain in the City of Toronto a general depôt of Bibles and Testaments from which all the Bible Societies in connection with it shall be supplied with the Scriptures at the lowest price at which they can be afforded.

IV.—The business of this Society shall be conducted by a Board of Directors, consisting of a President, Vice-Presidents, Treasurer, and Secretaries, together with twenty lay members, fifteen of whom, who shall have most frequently attended, shall be eligible for re-election each year, five of whom to form a quorum. All ministers of the Gospel, who are members of the Society, shall be entitled to a seat, and to vote with the Directors.

V.—The President, Vice-President, Treasurer, Secretaries, and Agents of all Bible Societies in connection therewith, shall be *ex-officio* members of the Board.

VI.—At the meeting of the Directors, the President, or, in his absence, the Vice-President first upon the list then present, and in the absence of such Vice-President, the Treasurer, and in his absence such member as shall be chosen for that purpose, shall preside.

VII.—Each person paying annually one dollar, shall be a member of this Society; and persons paying twenty dollars at any one time, either to this Society, or any of the Societies in connection therewith, or through them to the British and Foreign Bible Society; or who may have rendered important services, shall at the discretion of the Directors, be declared Life Members.

VIII.—That each Life Member of this Society shall be furnished with a Certificate of Membership, under the Corporate Seal of the Company, duly signed by the President and Secretaries for the time being, and shall be allowed to receive from the Depository annually, for distribution, Bibles and Testaments to the value of one dollar.

IX.—That the Board of Directors for the time being, shall have the appointment of Agents, Depository, Colporteurs, Book-keeper, and Assistants of the Society, and the fixing of all salaries and allowances; and shall have the superintendence and management of all the property, real and personal, of the Corporation, as well as the management and control of its general affairs, and the appropriation of its funds, with full power to enact such rules as may be requisite to effect the objects contemplated by the Act of Incorporation.

X.—The Board of Directors shall meet for the transaction of business once in each quarter, and at any other time when called together by the Secretary, or any three of the Directors.

XI.—A general meeting of the Society shall be held in the month of May, in each and every year, or at such other times, as the Directors for the time being may deem best for the interest of the Society: when the Officers and Directors for the ensuing year shall be chosen; a report of the proceedings for the foregoing year presented; together with the Treasurer's and Depository's accounts, duly audited.

XII.—In the Annual Report of the Society, the efforts of the several Societies in connection with it, shall be distinctly mentioned, as respects the circulation of the Scriptures, and the contributions to the funds, together with such other matter connected with them as may be generally interesting.

XIII.—That the general meetings of the Society shall be opened by reading a portion of the Sacred Scriptures, and with prayer.

XIV.—That no alterations in this Constitution shall be made except at a General Meeting of the Society, and after one month's notice of the same has been given to the Board.

---

#### RESOLUTION PASSED BY THE COMMITTEE RELATIVE TO GRANTS TO SUNDAY SCHOOLS.

That in all applications for grants of Bibles to Sunday Schools, the applicant be requested to furnish the Secretaries with an account of the state of the School; the number of Scholars and Teachers; the amount of Funds at the disposal of the Managers; who are its officers; and why it is necessary to make such application:—all which should in every case be certified by a Minister of the Gospel, or some person of known respectability. And further, this Committee recommend that the Secretary be instructed to make grants in future only to destitute settlements; reporting the same to the next General Meeting of the Committee.

RULES  
FOR THE ESTABLISHMENT OF AUXILIARIES.

---

That the members of the Bible Society in any city or other principal centre approved of by the Board of Directors, may form themselves into a Central Auxiliary to the Upper Canada Bible Society under the following Rules and Regulations:—

1. That no Central Auxiliary shall make any laws or regulations inconsistent with the fundamental principles of the Bible Society.
2. That all the general Travelling Agents of the Society shall be appointed by and be responsible to the general Board of Directors.
3. Each Auxiliary shall have full power to establish Depositaries, employ Colporteurs, organise Branches, collect moneys, consult with, and advise Agents (while in their Department of the field), and do all other business necessary for the efficient cultivation of that portion of the country assigned to it.
4. Each Auxiliary, in addition to the *ex-officio* members of this Board, shall have power to appoint three of its members on the general Board of Directors—their appointment to be notified to the Secretary of such Board, who will place their names on the printed list of Directors, and give due intimation to the Secretaries of such Auxiliaries of all Quarterly Meetings, at which alone the Travelling Agents shall be appointed.
5. The General Boards may make grants to the auxiliaries for defraying the expenses of additional Colporteurs within their fields of labour, on special cause appearing to the Board to justify the same.
6. As all the books kept for sale by the Auxiliaries will be obtained from or through this Board, the auxiliaries shall make quarterly returns to it of all money received by them for the sale of the Scriptures or otherwise; and after paying local expenses, the balance, together with the free grants from the various Branches, be remitted to the Board, to aid in the work of Bible distribution by the Upper Canada Society, and by the British and Foreign Bible Society, as the Auxiliaries or Branches may direct.
7. Each Auxiliary shall prepare and forward to the General Board, on or before the 15th of April in each year, a detailed account of its operations including the Branches, up to the 31st of March, with a view to the preparation of the Society's Annual Report.

RULES  
RECOMMENDED TO BRANCH SOCIETIES.

---

I. That a Society be formed in connection with the British and Foreign Bible Society, through the medium of the Upper Canada Bible Society, for the purpose of contributing to the circulation of the Holy Scriptures, without note or comment: the English copies being of the authorised version *only*.

II. That the Society be denominated "THE ——— BRANCH BIBLE SOCIETY."

III. That all persons subscribing one dollar annually, or five dollars at one time, shall be members of this Society.

IV. That the business of this Society shall be conducted by a President, Vice-Presidents, Treasurer, Secretaries, and a Committee, consisting of not less than ——— other members; five to constitute a quorum.

V. That all Ministers of the Gospel who join the Society shall be reckoned members of the Committee.

VI. That the Committee shall meet quarterly, or oftener; the time and place of meeting to be fixed by themselves.

VII. That the Committee divide their sphere of operations into Districts, and appoint two of their own members for each district, to solicit subscriptions and donations from the inhabitants, and also to ascertain the wants of the people regarding the word of God.

VIII. That the whole of the subscriptions and donations received by this Society shall be applied, after deducting incidental expenses, to the purchase of Bibles and Testaments from the Upper Canada Bible Society, to supply the neighbourhood (which copies of the Scriptures the Committee are to sell to members at a reduced price, to others at cost, and to give, *gratis*, to those they know cannot purchase): and that the surplus be remitted, half-yearly, to the Upper Canada Bible Society, for the purpose of translating the word of God into the Indian languages, and for supplying other nations, through the Parent Institution, with the pure word of God.

IX. That a General Meeting of the Subscribers be held on the ——— day of ———, in each year, at ———, when the accounts shall be presented, the proceedings of the past year stated, a new Committee appointed, and a Report agreed upon; the Report to be published under the direction of the Committee, if required.

X. That on the formation of a new Committee, the Presidents, Vice-Presidents, Treasurers, Secretaries, and such three-fourths of the other members of the committee as have most frequently attended, shall be eligible for re-election for the ensuing year.

RECOMMENDED TO BRANCH SOCIETIES  
I. That a Society be formed in each of the British and Foreign  
This Society, through the medium of the Upper Canada Bible Society, for

TWENTY-SEVENTH ANNUAL REPORT  
OF THE  
UPPER CANADA BIBLE SOCIETY.

---

The Directors of the Upper Canada Bible Society, in presenting their Annual Report, have pleasure in stating that notwithstanding the obstacles thrown in the way of their work by the military excitement of last year, the cause of Bible circulation has made steady progress.

The wicked and lawless invasion of a peaceful Province by organized bands of men, whose conduct proved that they neither feared God nor regarded man, called forth in a remarkable degree that spirit of loyalty and patriotism for which the people of Canada have ever been distinguished. Under the constitutional rule of our beloved Queen, the throne is established on the basis of that truth which has its highest expression in the Divine Word. England is eminent amongst the nations of the earth as a land where the Bible is the universal standard of truth and right; and the attachment of the people of Canada to her, which is as disinterested as it is fervent, is undoubtedly stimulated by this consideration.

It cannot be wondered at, then, that the spirit of our people, under such circumstances, was deeply roused, and that, from one extremity of the land to the other, the prominent subject of thought and conversation for several months last year, was the defence of the Province.

The commercial business of Canada, in consequence of this, suffered considerable depression at the time, and the work of the Society was to some extent interfered with. An opening for usefulness, however, arose out of this, which your Board had pleasure in availing themselves of. Large numbers of volunteers were assembled in the city during a considerable part of the summer, and, through the medium of the "Young Men's Christian Association" (whose active efforts on their behalf are worthy of all praise), a considerable number of copies of the New Testament were gratuitously distributed to them. Considering how hasty was the summons at which the volunteers left their homes, it must be evident that such gifts would be of the greatest

service, in the new and unexpected circumstances in which they were placed, and your Board have reason to believe that they were accepted with gratitude.

The harvest with which we were favored by the Giver of all good, succeeding as it did a harvest of extraordinary abundance in 1865, produced a marked revival of commercial activity; and the year through which we are now passing will undoubtedly prove to be one of the most prosperous that Canada ever has known.

The receipts of the Society, we may expect, will feel the influence of this better state of things, and it is to be hoped that a long course of steady increase and development is before it.

The attention of your Board has been given, during the year, to a rearrangement of the districts occupied as fields of labour by the Agents of the Society.

By the measures then adopted, they conceive that greater economy of time, and consequent increase of efficiency, have been secured, and the work of the Society proportionably advanced.

The detailed Reports of the Agents are appended, and the Directors have pleasure in calling particular and careful attention to them.

In this connection your Board may briefly state that their attention has been called during the year to complaints in certain quarters of undue expenditure on the part of the Society.

On careful consideration of those complaints, it was found that the burden of the allegations rested on the expense of maintaining our Agencies.

That the Agencies produce an ample return for the expenditure upon them, and that, were they discontinued, the income of the Society would suffer to a far larger extent than the supposed saving which would be effected, your Directors have long been convinced.

The matter, however, was of such importance, that it was deemed desirable to refer it to a committee of gentlemen having experience in finance and accounts. The Report presented by them fully met, in the opinion of your Board, all the complaints made, and for the satisfaction of the friends of the Society, it was widely distributed amongst them.

The Board, in consequence of representations made by several Branches, had their attention directed to the subject of the circulation of the Scriptures with the Psalms and Paraphrases, as issued by the National Bible Society of Scotland. After full consideration,

they appointed a sub-committee to prepare a circular to the Branches explaining the course hitherto followed by the Society, and which it was not considered expedient to alter. Such circular was prepared and issued; and it is hoped that any difficulty that may have been experienced in connection with this matter, will by a judicious and conciliatory course on the part of all, be removed, and that the friends of the Bible Society will be enabled, as heretofore, to cooperate in the good work of circulating the Word of God.

The Colporteurs of the Society have continued their zealous and self-denying labours during the year, and have carried the Bible to many homes in the backwoods regions of the Province. Your Board have recently revised their fields of labour, with a view to the same result as that which has, they hope, been secured in the case of the Agents. They have also taken care that on the whole the Colporteurs shall be confined to the remote and thinly-peopled portions of the country. It is not always, however, that the labours of a colporteur are found to be superfluous even in older settlements. On this subject, they have pleasure in calling attention to an interesting extract from the Report of their sister Society in Ottawa for last year.

A synopsis of the labours of our Colporteurs is as follows :—

	Months.	Sold.	Gratis.	Receipts.	Families visited.	Miles travelled.

	44	7,753	287	\$1,471 47	11,779	9,348

Mr. Strain has been labouring during the year in the counties of Grey, Bruce, and Simcoe.

Mr. Lowry's labours during eight months have been in Oxford, Elgin, Kent, Middlesex, York and Ontario.

Mr. Dunn has been labouring in Haldimand, Norfolk and Hastings.

Mr. McPhail has laboured in Victoria, Durham, Ontario, Northumberland, and Peterboro'.

Your Board cannot report upon the labors of any Bible Women in connection with their own organization in Toronto. They have pleasure, however, in knowing that this mode of usefulness has been

used for some time in connection with the principal congregation of the Church of England in the city, and that labors of a kindred character are put forth by other bodies of Christians.

The report of the Bible Woman's work in connection with the Cathedral, acknowledges with thankfulness the help which your Society has afforded to the good work.

The business of the Depository is shown by the following summary:—

Making a total of forty-six thousand eight hundred and ninety-nine, being a decrease of two thousand six hundred and ninety-two, from last year.

The total number of copies of the sacred volume circulated by this Society since the commencement of its operations, is 616,370.

The stock on hand at the commencement of the year consisted of 11,343 Bibles, 6,973 Testaments, 191 Books of Psalms, 988 Parts, 10 Portions for the Blind. NOTE.—As the London Auxiliary had not sent their financial statement by the time when the books for the year were closed, the receipts and payments from this source are not included.

RECEIPTS AND DISBURSEMENTS OF THE LONDON BIBLE SOCIETY FOR THE YEAR 1874

## AUXILIARIES.

**KINGSTON.**—The Report of this valued Auxiliary, appended hereto, exhibits a condition of steady activity and progress. Three new Branches have been formed during the year. A colporteur has been engaged in circulating the Word of God in the destitute districts of the locality, and the business of the Depositary continues to be well performed. Mr. Brookman and Mr. Johnson have labored within the bounds of this Auxiliary during the year, and the results will be found in their Reports.

**LONDON.**—In consequence of the affliction which has befallen the Secretary, and for which the Society offers its condolence, the accounts of this Auxiliary have not been forwarded as usual. It may be observed that the total receipts of this Society appear to be smaller than last year, in consequence of the receipts from this Auxiliary not being included. Had that been the case, there would no doubt have been a considerable increase.

## KINDRED SOCIETIES.

**THE MONTREAL BIBLE SOCIETY** pursues its work with an energy and vigour that is worthy of all praise. Four colporteurs have been and are employed amongst the English-speaking population of Lower Canada, and endeavours are being made to secure the services of two French Protestant colporteurs for the Roman Catholic population. The Ladies' Association is doing a good work in the city, by the employment of four Bible women; three amongst the English-speaking population, and one amongst the French, all of them persons of tried qualifications for the work. The expenses of this good work have been defrayed by special contributions of friends, independently of the funds of the Ladies' Association, and there can be no doubt that the work has largely benefitted by the healthful impulse given by this aggressive missionary labour. The Association expects in a short time to be able to employ a fifth Bible woman, to visit the wives of the soldiers in the garrison. This admirable work, which has so well caught the spirit of that carried on for so many years in London, under the able management of Mrs. Ranyard, is worthy of imitation in all the large centres of population in Canada West.

**THE OTTAWA BIBLE SOCIETY**, at its annual meeting in January, published an exceedingly interesting Report of its proceedings during the year. In connection with this Society are twenty-seven Branches. One travelling agent is employed. Last year, owing to increased openings for usefulness, an additional colporteur was engaged, and the reports of their labours are of a most interesting character. The

following extract bears upon the question of the sphere in which the colporteur should be engaged, and puts with great clearness that Evangelistic feature of his work which many persons, in considering the expenditure of the Society, are apt to overlook :

"Some think, and the opinion is at times expressed, that, in church-going communities and particularly where depositories are kept there is no occasion for Colporteurs, and that to send them thither is a waste of means. Yet, in some such places, our Colporteur has met with his greatest successes. In two villages, where he was assured that it was utterly useless for him to attempt to do anything, there was quite a keen demand for his books. In a township, where he was informed all had Bibles, and none would buy, he sold in a short time above a hundred copies. Old persons with impaired vision, needed large type. Families, with but tattered and torn fragments of the sacred Word needed a fresh supply. And a goodly number of so-called Protestant households had to be furnished with their first Bibles; till then they had been in absolute destitution of the Bread of Life. In cases like these, many do not ordinarily feel their want, nor take the trouble of going to provide for it, but when the supply is brought to their houses, and put into their hands, they realize it, and willingly avail themselves of the opportunity of removing it.

In the remoter districts, recently settled, and with a sparse population the importance of Colportage has been still more strikingly proved. In such localities, our Colporteur has found a people scattered as sheep without a shepherd. Suffering the privations and hardships incident to a new settlement, and to the first conflict with the primeval forest, they greatly need, and all the more that many of them do not think it, the light, and joy, and comfort which the gospel of Christ alone can bring. To visit them with the Scriptures is truly Evangelistic work; it is to remind them of the wants of their spirits, of the love of God, and of other divine and eternal realities. But few call on them on such an errand, and therefore is the presence of the Colporteur the more suggestive."

#### THE BRITISH AND FOREIGN BIBLE SOCIETY,

as will be seen from the abstract given in the appendix, has pursued its course of usefulness during the past year with continued vigor and success. When compared with its vast operations, extending as they do over every part of the known world, our own dwindle into insignificance. We rejoice, however, though in so humble a sphere as we occupy, to be fellow-laborers in the great work of Bible

distribution, and to hold up in Canada, the standard of the absolute sufficiency and complete perfection of the Divine Word.

In the controversies now agitating the ecclesiastical world, this sufficiency and completeness are alike denied by the rationalist and the Romanist, the one claiming to supplement and bring it into judgment by human reason, the other by tradition and the authority of his church. Both alike are at issue with the Bible Society, and these extremes meet, as such often do, in a common dislike to the maxim, that the Bible and the Bible only is the rule of christian faith and the standard of christian practice. Our work and duty, in these times, as under all circumstances, are plain.

Our inestimable privilege it is to be the channel by means of which the Divine Word is diffused through the length and breadth of the land, and if we faithfully occupy this sphere, till our great Master come, we may hope for that highest of the commendations he bestowed on those who loved him, "she hath done what she could."

#### ADDENDA.

Since the foregoing was drawn up an interesting letter has been received from the Secretary of the Parent Society in London, from which we make the following extract:—

"Another year in the Society's history has closed, and in no previous year were its operations carried on with greater activity, or with more signal success. In Germany, especially, the work of Scripture circulation assumed proportions during the past year to which it had not previously attained, and the energies of our agents were tasked to the utmost to provide adequate supplies of copies. This was principally occasioned by the war, and it is a most gratifying and encouraging circumstance, that such large numbers of the men thus called out to risk their lives in furtherance of the ambitious views of their rulers, should have shown so great a willingness to expend a portion of the pittance allowed them as pay, in the purchase of a book of the Records of Redeeming Love. Our new Report will give many interesting facts connected with this work, and we know that thus many copies of God's word have found their way into the families of Roman Catholics, where otherwise they might never have been seen. The total circulation of our Berlin Agency comprised 164,637 copies, that of the Frankfort Agency, inclusive of Cologne, 267,292, and that of Vienna Agency 156,396,

making a total of 588,327 copies. In Poland many thousands of copies of Scriptures have been sold to eager purchasers, and in Russia our circulation has exceeded 60,000 copies, the greater number of which were in the Modern Russ language, of editions printed at the press of the Russian Synod. The Russian peasantry manifest great eagerness to become possessed of the Scriptures in their own language, and many pleasing facts are reported in reference to this by the Colporteurs who go among them, and whose labours are allowed by the authorities, because they sell only such books as bear the imprint of the Holy Synod.

"In Italy our work has again been prosecuted with success, and many facts are brought to light proving that the good seed of the word, which we are scattering over that country, is finding its way into hearts prepared for it by the spirit of God, and is there producing rich and glorious fruit.

"In Portugal our Colporteurs continue their sales, notwithstanding the opposition of the Romish clergy, and now that the public tribunals have decided that the public sale of copies of the Scriptures printed in the country is not a contravention of the laws, we feel encouraged to carry on the work with more vigour than ever.

"In France our Colporteurs have carried on their work without interruption, accompanied by many indications, that a blessing accompanies their efforts to diffuse the volume of Truth among the population of that country, who are so steeped on the one hand in superstition, and on the other in indifference, frivolity, if not infidelity. In connection with the Paris Exhibition, arrangements have been set on foot for promoting an extensive circulation of the Scriptures among the people of all nations, who will flock thither to gaze on the productions of man's wisdom and energy; and we are not without hope that among them there will be those who will carry away with them from the Emporium of Art, a treasure which will enrich them both for time and eternity.

"I might say something about our work in Turkey, in Sweden, Norway, Belgium, Holland, Mexico, the Brazils, in the Islands of the Pacific, in China, in India, but for this time fails me, and in the published Report, a copy of which shall be sent to you as soon as it is printed, you will find ample details of our efforts to supply the people of these countries with the gospel of Jesus Christ. We are encouraged in our undertaking, for we have such abundant evidences that our labour is not in vain, and the liberality of our friends and supporters is an additional stimulus to us to persevere. Great as the

amount is which is now annually contributed in aid of our work, this amount must be largely increased if we are to overtake the pressing claims of the world.

“Our new premises are making progress, but when they will be ready for us to take possession, it is uncertain to say. We still require some £20,000 to enable us to meet all our liabilities in connection with the erection, and to raise this amount a vigorous effort will 'ere long be made.”

---

#### LONDON AUXILIARY.

From the Report of the London Auxiliary we learn that the sales at the Depository there for the year were 1,115 Bibles, 659 Testaments, 4 Portions, in all 1768. The issues to the Branches were 2087 Bibles, 2792 Testaments, 13 Portions, in all 6,660.

The amount received from the London Auxiliary (since our accounts were closed) was \$1,022 30, viz., for Upper Canada Bible Society, \$477 70, British and Foreign Bible Society, \$534 60, Montreal Bible Society, \$10, and for French Canadian Missionary Society, \$10.

Various circumstances rendered the operations of the London Auxiliary less successful than might have been wished. But their prospects are more encouraging; and it is hoped that the operations for the present year will prove more extensive and successful.

---

#### KINGSTON AUXILIARY.

We have received the report of the Kingston Auxiliary. Their annual meeting was held on the 15th January. The total issues of the auxiliary during the year were 1852 Bibles, 2,510 Testaments, 59 Parts, the total issues since 1831 being 31,493 Bibles, 39,841 Testaments, 59 Parts; total 71,583. The receipts from all sources were \$2,069 21, and the expenditure, \$1,644 17. Mr. Finlayson, Colporteur, laboured during the year with commendable diligence, and his labours appear to have been productive of good results.

### REPORT OF THE REV. S. B. JOHNSON.

TO THE SECRETARIES OF THE U. C. BIBLE SOCIETY.

ORCHARD DALE, 31st March, 1867.

DEAR SIRS,—It is matter of deep congratulation, that as we are changing our political position, and aspiring to a more prominent place among the nations of the earth, that the interest in the glorious work of Bible circulation has so largely increased.

What may be the actual benefits of so large a circulation of Scriptures among ourselves, amounting as it does to near 50,000 copies annually, it is impossible to say; but this must happen, that the blessing of Him who has promised, that His word shall not return unto Him void, shall enrich the present and the future of our land.

The share we are permitted to take in the world-wide operations of the Parent Society is the strongest link which associates us with the British Isles, and will cement us together, it may be, when other ties are removed. May our statesmen and rulers be concerned to govern according to the principles of God's word, and the Dominion of Canada will rise to a foremost position among the nations of the earth.

In detailing my engagements during the past year, I may truthfully say, that this year has been on the whole the most successful I have ever known. By the providence of God I have been permitted to visit every branch within the limits of my division of our boundary, and whether in regard to the spirit of unanimity which has characterized the efforts of Christians belonging to different branches of the one great family of the Church of Christ, or to the actual monies raised to forward the glorious objects we have in view, or to the determination so frequently expressed to continue the efforts with renewed energy for the future. I would thank God and take courage.

My first visit was to our little branch at *Dumbarton*, where as ever I received a hearty welcome. After an interesting meeting I received \$40, to be equally divided as a free contribution between the British and Foreign and the Upper Canada Bible Society, which is a considerable increase over the contributions of last year.

I wish I could report as favorably of the branch at *Duffin's Creek*. Small praise to them to say they were not worse than last year, in so fine a section of country, with churches almost as thick as houses, they do not come up to their duty, or keep pace with other places less favorably situated in the honor which they display towards the possession and extension of the sacred Scriptures.

*Whitby.*—This branch still continues its efforts in the good work. Our meetings are not so large in this place as in many others, but the work of the Society is efficiently conducted, and the returns by no means inconsiderable. I received nearly \$150 for the various objects of the Society. The collections had not been made in *Oshawa*, but no fear need be entertained of this useful ally. Our meeting was large and influential, and I doubt not this branch will shew a respectable position as to zeal and benevolence in our forthcoming report.

*Bowmanville.*—Here I was glad to witness an increase in the contributions for the year. The resident clergy contributed much to the interest of the meeting by their excellent addresses, which was well sustained to its close.

*Newcastle.*—In this place we have the advantage of a most efficient body of officers and collectors, so that your agent may depend upon every thing being ready for the annual meetings. The attendance was good, contributions excellent, and largely above those of the preceding year. *Orono* too has reached its highest point this year, and gives the following contributions: upwards of \$20 purchase account, \$30 to the British and Foreign, \$30 to Upper Canada, and \$10 to the Montreal Bible Society. Our little society in *Kendal* is doing well. After a good meeting I received \$22, to be equally divided between the British and Foreign and the Upper Canada Bible Society.

Our Society in *Hope* still maintains its vigor and efficiency, and is one of the best managed country branches that I know; returns not quite complete on the occasion of the meeting, but will about equal the liberal contributions of last year. *Zion*, a small but productive little branch, after a good meeting I received \$30, to be equally divided between the Home and Foreign Society. *Claremont*, though the evening was very unfavorable, and the storm prevented our usual attendance, from the returns made some addition may be expected to the large donations of last year. A fruit bearing branch. I was delighted to find that our friends in *Pickering Centre* were enabled to report at their first annual meeting a success which already places them by the side of old and well tried branches. The sales of Scriptures had been large, and though all paid for, a good contribution proves that they do not confine their attention to home.

*Port Hope.*—In this town the Bible meeting is always large and enthusiastic, the clergy of the town all warmly co-operating to spread the Word of God far and wide. I received upwards of \$300 for the different objects of the Society; details will be found elsewhere.

*Newtonville.*—A great deal of energy has been displayed by the friends of this branch during the year; the result of which has been a most gratifying increase in their returns as witness upwards of \$30 on purchase, \$20 to the British and Foreign, \$20 to the Upper Canada and \$15 to the Montreal Bible Society. *Columbus* and *Hanpton* had not completed their returns, but I trust will both at least come up to their last year's returns, as both are old and faithful branches, yielding their fruit every season. *Baltimore* has from the formation of the branch shewn a most hearty spirit of liberality and efficiency. After an excellent meeting I received a small amount due for stock, \$30 to the British and Foreign, \$30 to the Upper Canada and \$8 to the Montreal Bible Society.

*Fenella*.—This new organization has begun its work well, and with proper culture will be found a means of usefulness to a section of country where its benefits will be likely to be considerable. *Hastings* had not made its returns, but will be found as in the past furnishing its quota of assistance to send on the living stream to fertilize and bless. *Norwood* is active and vigorous, fully up to the mark, and has an excellent staff of lady collectors. *Percy* has done nobly this year—upwards of \$60 on purchase account, and a contribution of \$12 to the Upper Canada Bible Society.

One of the best managed, and most liberal of the rural branches in my district, is *South Monaghan*—though its operations are confined to a small section of country, it is never behind in "Bible work." After an excellent meeting, I received \$55 to the Upper Canada and \$45 to the Montreal Bible Society. *Millbrook* will be found still actively co-operating in the extension of the "good seed." At our meeting we were favored by a most excellent address from Rev. Mr. Allan—returns since made.

*Peterboro'* gave us the best meeting of the season. The local clergy all present, strongly urging the claims of the Society. A great deal of local work has been done—a lady's society in active operation—a colporteur employed, and still the assistance rendered to the Home and Foreign Society is large. I had the pleasure of meeting on this occasion with an old and valued friend, Rev. Mr. McDonald of Fergus, who, though he had been travelling all day and only arrived in town quite late, no sooner heard that the "Bible meeting" was going on, made his way at once, and gave us a very interesting address. *Lakefield* is considerable in advance this year. After a large and interesting meeting, I received \$60, to be divided between the British and Foreign and the Upper Canada Bible Society, in equal proportion. After a Sabbath at *Warsaw*, I had the pleasure of forming a new branch on the Monday evening; where I trust much future usefulness will result.

We had an excellent meeting at *Keene*, where I found an active, vigorous organization, which should lead to a liberal contribution from this place, as in former years. At *Cobourg* we had one of the best meetings I remember for many years. The speaking was excellent, and the general tone of the meeting good. The employment of lady collectors has been a decided success. Returns as follows:—\$152 21 on purchase account, \$100 British and Foreign, \$30 to Upper Canada and \$30 to the Montreal Bible Society.

Our little Society at *Grafton* has been most efficiently conducted. The lady collectors discharge their duties with an evident desire to advance God's work in this department of Christian labor. I gave a meeting at *Vernonville*, where we have active friends and a liberal contribution, and was rejoiced to find the funds so well increased. *Brighton* is usefully holding on, but is not up to the mark of our many active and liberal branches. An improvement in Bible effort would do our friends there good—and be useful to themselves. I received \$14 to the British and Foreign, and \$13 75 to the Upper Canada Society.

The *Colborne* Society has been vigorously sustained during the past year. The labors of a colporteur having been employed for some time. I received \$40, to be equally divided between the British and Foreign and the Upper Canada Bible Society.

*Belleville.*—Here a most vigorous and successful organization is carried on. A ladies' society is also well sustained. The sale of Scriptures at the Depository is large, and the contributions for general purposes is very liberal. Our meeting was well attended, and the Protestant clergy were out in full force, the addresses were admirable, and from this important centre many portions of the streams of the water of life find their way to fertilize and invigorate the surrounding neighbourhood. *Stouffville* continues its interest in co-operating to diffuse the knowledge of the Lord by means of His own Word, and after an interesting meeting I received upwards of \$25, as a free contribution to the British and Foreign Bible Society. In *Uxbridge* we have a model branch, the Bible meetings are always well attended, an admirable choir is in attendance, and the local ministers always nobly assist. One important meeting was to have been held for local purposes, but was postponed so as not to interfere with our assembly. A fine hall has been erected in this enterprising place which is cheerfully given to us and not many towns furnish a more imposing or intelligent audience. I received nearly \$35 for stock and a free contribution of \$36, to be equally divided between the British and Foreign and the Upper Canada Bible Society.

From *Markham* I received \$20 free contribution, leaving on hand some \$60 to pay for stock, which is an improvement on former years. Our little Society in *West Brock* is usefully holding on. The meeting was lively and interesting, \$8 92 free contribution to the Upper Canada Bible Society. *Manilla* has much improved this year; instead of being the sole occupant of the platform, as I have sometimes been, I was delighted to welcome and press into the service, four residents of the neighboring village, who greatly assisted the engagements of the evening. I received \$18 free contribution to the British and Foreign, and \$18 to the Upper Canada Bible Society. *Cannington* also shows an improvement this year, thanks to the energetic Secretary. \$21 to the British and Foreign Bible Society. *Mariposa* is gradually coming up to the mark, but for so fine a section of country has not reached it at present, though we have some faithful friends; nearly \$35 for Bible purposes. Our meeting at *Woodville* was the best that has been held yet, and after a most interesting address from Rev. Mr. McTavish, I received a small amount on purchase and a contribution of \$20 to the Upper Canada Bible Society.

In the flourishing town of *Lindsay*, our organization has been usefully holding on, and we trust will increase to yet greater efficiency. I received \$29 80 on purchase account, and a free contribution of \$39 32 to the Upper Canada Bible Society. *Fenelon Falls* and *Bobcaygeon*, two branches which I formed last year, have but commenced active operations, and are likely to be a means of usefulness in that section of new country. From the former I received \$23 94 on purchase account, from the latter, \$24 15 on purchase account, and the following contributions, \$10 to the British and Foreign, and \$10 to the Upper Canada Bible Society.

*Brooklin.*—This branch which has not been so active as formerly, is now I trust revived to a spirit of greater zeal and liberality. A commencement has been made which will I trust continue and increase. *Mount Pleasant* (*Avon*) is still doing well. I received after an interesting meeting, \$22 16 on purchase account, and a free contribution of \$5 to British and Foreign

\$5 to Upper Canada, and \$4 to the Montreal Bible Society. *Cartwright* has done well this year, besides nearly \$12 on purchase account, I received \$15 to the British and Foreign, \$15 to the Upper Canada, and \$12 to the Montreal Bible Society. *Prince Albert* contributes nobly this year, and is an active, vigorous Society. *Beaverton* is a well managed branch, always gives us a good meeting and a liberal contribution. I received \$20 to the British and Foreign, \$20 to the Building Fund, \$20 to the Upper Canada, and \$10 to the Montreal Bible Society. My labours finished for the year with the formation of an interesting new branch at *Cavanville*.  
 May our Society in this eventful year of our political history, receive anew the blessing of God and the liberal support of our numerous friends.

I am, dear Sirs,

Very faithfully yours,

S. B. JOHNSON.

### REV. T. GOLDSMITH'S REPORT TO LONDON.

#### TO THE DIRECTORS OF THE U. C. BIBLE SOCIETY.

HAMILTON, March 31, 1867.

GENTLEMEN—Having completed my tour of the branches in your field not visited by my esteemed colleague in the early part of the season, I hasten to give you some account of my labors and of the state of the branches.

After corresponding with your Secretary and duly notifying the branches, I commenced my labors in *Belmont*, on Tuesday evening, the 4th of December. The roads were in a fearful state of mud—almost impassable—still the meeting was one of interest. The resident ministers of the place were there and did good service on the platform, while the subscription lists gave evidence that there are hearts here in the work. The next day I drove to *Birr*, London, N.E. Here, through unfortunate circumstances, the Committee were all absent, the roads in a dreadful state, and, as a consequence, the meeting was small but one of much interest. As the officers were not present, I did not learn the amount of subscriptions. They have, I suppose, made their returns ere this. The next day I went to *St. Johns*, where we had, despite the mud, a meeting of interest and spirit. We circulated a subscription in the meeting and appointed a staff of collectors. I hope you have heard of their doings ere this. The next day I drove into *London*, to meet and confer with your Board, and mature measures for canvassing the branches.

Remaining over Sabbath in the city, I drove over on Monday, the 18th, to *London*, N.W., where we had an excellent meeting. Here we were favored with the assistance of two ministers, one of whom came nine miles over the frozen roads to be present with us, and nobly did they plead the cause of the Bible Society. This branch contributed the noble sum of \$80, which they divide equally between the British and Foreign and your Auxiliary. On Tuesday visited *Siloam*. A sudden death in the neighbourhood, together with unfavourable weather, rendered our meeting small, yet I hope the collectors will ere this have done good service for our funds.

On Wednesday I visited *McGillivray*. Very good meeting. Their funds not yet ready: will send in. Thursday went with my excellent friend, the Rev. Mr. Fletcher, to *West McGillivray*. This was a journey of nine miles—three of which we rode together in the buggy, and then the roads were so rough that we had to put up the horse at a farmer's barn, and go the remaining six miles on foot. The meeting was one of interest, but then we had to walk the six miles back to our horse. However, a kind friend brought us on our way in a strong waggon for four miles, leaving us two miles more to foot till we got to our horse. Of this journey and the sore feet I retain a vivid recollection, and I venture the opinion that my good friend Mr. Fletcher, whatever he may have forgotten of our theological discussion by the way, remembers the six miles walk. The next day I visited *Nissouri*. Small meeting. Collectors not having their work done, there was no cash report. They promised to make returns in due time. I next went to *Southwold*, and found our friends doing something in the good cause. The meeting was one of interest. Next day went to *St Thomas*. Had a good meeting. Cash matters very good. *Fingal* is still alive in the work of the Bible Society. A social party in the village detracted from our meeting; still it was one of real interest. My next meeting was at *Ionia*. Meeting good, and things evincing interest in the work. This brought me to Christmas, and I returned home till after the municipal elections of the first week in January; and after spending one week in the U. C. work, proceeded, January 14th, to *East Westminster*, where I found a most efficient branch, and cash matters all ready and satisfactory. *Lambeth* and *Delaware*, though not strong, evince energy in the work. In the latter place we had a good attendance. *Mount Brydges*, in consequence of a concert of sacred music, in which some of the officers of the Society were interested, postponed their meeting for a week, and the Revs. Messrs. Grant and Newman undertook to hold the meeting. At *Strathroy* I found an excellent branch, working in harmony and with success. My next visit was at *Adelaide*, where we had a small meeting. The night was very stormy and cold, and the cash returns not yet ready. At *Watford* we had a good meeting. The branch is a new one. They have been able to pay for a good stock of books, so that hereafter their subscriptions will be available for free contributions. At *Warwick* the attendance was small, but cash contributions very good. The *Mosa* branch, as usual, has done well. They are engaged in building a fine new chapel, which has lessened their contributions a trifle this year. At *Strathburne* we had a furious snow storm, and, as a consequence, a small meeting—but the subscriptions were large. At *Melbourne* and *Appin* we had severe nights, and in consequence small attendance—but cash matters stand well. *Wardsville* is doing well; though, from the storm and cold, the attendance was small. *Newburg* is weak. Our meeting here was not duly published, and nothing had been done. However, I made arrangements to send out collectors at once, and make their returns in good time. At *Bothwell* I found an excellent branch. Congregation good, and subscriptions in advance of the past. *Thamesville* is a feeble branch; still there is life, but it wants more vigour. *Dresden* holds on its way. There is here a large colored element, who largely profit from our branch, and who seem to take considerable interest in its work. This branch is largely indebted for its efficiency to the vigilant oversight of the Rev. Mr. Hughes, its active and excellent President. *Chatham* is in advance of last year in its subscriptions. Though our attendance was not large for the size of the town, still

our meeting was one of interest. *Morpeth* has lost its President by the hand of death, a few days before our meeting. How oft the admonition comes home to us,—“Whatsoever thy hand findeth to do, do it with thy might!” The death of our excellent friend so near the time of meeting interfered with its arrangements. At *Ridgetown* we had a small meeting—cash returns good—but two of the officers being necessarily absent, no disposition of the funds were made: they will send in. Here closed a tour of five weeks, and I returned home to Hamilton fearfully exhausted.

Taking some work of the Upper Canada in my tour, I resumed my work in your Auxiliary at *Port Burwell*, on the 19th of February, where we had a meeting of interest, and found them doing well. *Vienna*, though it has suffered sadly from incendiary fires, is still alive to the claims of the Bible. At *Spartan* we had a very fine meeting. *Port Stanley*—small meeting—subscriptions in advance of last year. At *Aylmer* nothing had been done beyond the mere fact of announcing my appointment. The meeting was a success. We reorganized the committee and sent out collectors. I hope to bear favourably of them. At *Harrietsville* I found nothing had been done. We appointed collectors, and endeavoured to arouse the friends to action. *Gladstone* is so near to *Harrietsville* that they desire to become a part of that branch. They have done nothing during the year. At *Thamesford* we had a fine meeting. The night was stormy, yet the attendance was good and the subscriptions large. At *Thorndale* we had no meeting. The night was stormy, and nothing seems to have been done. From here I drove into *London*, and took the cars to *Bothwell*, and from thence by private conveyance I went to *Florence*, where we had a good meeting, though small.

This completes my labors in the London Auxiliary for this fiscal year. The other branches in your field Mr. Brookman visited before the change in our fields of labor. I have now visited 43 branches, and I am happy to report the work, so far as I have visited it, in a condition of peace, and in most instances commendable activity. It was unfortunate that the change of our fields of labor rendered it impossible for me to visit the branches at the season of the year they had been in the habit of holding their anniversaries. This arose out of the fact, that while I retain that part of my former field which I had visited in the fall and early part of winter, I entered upon that part of the Western work which Mr. Brookman had been in the habit of visiting at the same season of the year. Though this may have somewhat affected our meetings, I do not apprehend there is any falling off in the funds; on the contrary, I anticipate a slight increase.

Though my journeys have been long, and the duties of the agency exhausting,—and the more so as I was a stranger to the geography of the country,—still I met with a Christian hospitality and a hearty co-operation which tended greatly to sweeten, and in some instances to mitigate, the toil. Oft has my spirit been refreshed by witnessing the evidences of Protestant unity and expansive catholicity as manifested on our platforms and in our congregations, by the friendly meeting and mingling of ministers and people of all Protestant denominations in our councils and in contributions to our great Christian purposes.

Wishing you abundant success in the good work,

I am, Gentlemen,

Yours very truly,

T. GOLDSMITH.

## REPORT OF THE REV. W. BROOKMAN.

TO THE DIRECTORS OF THE U. C. BIBLE SOCIETY.

LONDON, C. W., April, 1867.

DEAR SIRS,—In again reviewing the work of the past year previous to addressing you upon the subject, many thoughts crowd into my mind; but one chord above all seems to be touched by the remembrance of the past, and the note of gratitude responds to that touch, though but feebly, as a sense of God's goodness amid manifold infirmities and unworthiness, constrains one to use the language of the Book we are circulating, and to say, "*Bless the LORD, O my soul, and forget not all His benefits. . . . who crowneth thee with loving kindness and tender mercies.*" Truly the Psalmist spoke well when he said that to praise God "is pleasant and comely." I desire and hope that we may all feel more deeply the importance of our trust, and may be preserved from doing the work in any mere formal manner; and that both our hearts and understandings may be fully enlisted and enlightened in God's will and work of visiting the Gentiles, "to take out of them a people for His Name."

My appointments this last year have amounted to 144; my field now being, through the late change, though as large in size, smaller in the number of its branches; yet it is increasing, as through the kindness of friends, to whom I take this opportunity of acknowledging my thanks, I have been enabled to form eleven new branches. Since April, 1864, to this present month, I have been instrumental in forming, under God's blessing, fifty-two new branches for the Society. I have also been permitted this last year to unfold and expound the blessed Word 136 times on the Lord's Day. This has given me somewhat extra travelling, so that on "overhauling my dead reckoning," as we say at sea, I find that I have "run" over 11,790 miles "all round the compass," and not all fair weather and fine roads; whilst many a Friday night-watch have I kept, and "pricked for the softest plank for a caulk," at some railway station, waiting for the night train—sometimes walking a few, and sometimes driving many, miles to reach the night station. Many a long and rough ride, too, in buggy and on horseback have I had, and travelled many a hundred mile on the Grand Trunk, without meeting with an accident, and that is saying something, considering the popular opinion that the trains should be advertized, according to nautical custom,—"*An experienced surgeon will accompany,*" &c I have travelled much these last seven years on the road, and, by God's directing hand, have never met with any accident. Thrice this last year have I been thrown from my horse by the falling of the animal under me, through the fearful state of the roads; but each time, through His kind and mighty hand, I have arisen unhurt. Since I commenced work in 1863, I have been run away with three times—twice with a pair of horses—but each time without injury; and once in a single buggy, down a tremendous hill of stumps, when the hold-backs broke, and that time I was thrown out and stunned: afterwards finding myself, on partially recovering, in a most confused state,—rolling about the track of road, endeavouring to regain my legs; but beyond the "stunning" fall I received no injury. A short time ago I was again thrown out of my buggy by the wheel catching in a root whilst going at a fair speed, thus causing a sudden stoppage of the vehicle, under which the

traces gave way and "spilt" your servant against the horse's heels; but He who shut the lions mouths could bind the horse's legs, and he stood perfectly quiet, whilst unscathed I arose and once more rigged up the craft afresh. Ever since I ran into a bullock, whilst on horseback, as the animal "crossed my hawse" suddenly, and both my horse, self, and bullock lay stretched unhurt on the sands of India;—ever since, I say, I have learnt to commit myself to His keeping whenever I go out and whenever I go to; and though I may meet with accidents, I have expected, from His Word, protection therein, and I have not been disappointed. However, my experience of land and sea cruizing is such as to warrant me in supposing, humanly speaking, that there is more danger "on shore" than "afloat;" in a shore "gig" than in a ship's "gig," in a shore "cutter" than a ship's "cutter," in a "buggy" than in a "boat;" and that, whatever the leatherman may say to the contrary, there's nothing like *rope!* I never take a cruise without it.

After attending a good annual gathering at Toronto, on the 9th May, I started for a western trip, commencing with *Ailsa Craig*, which branch had more than doubled its subscriptions, and though the time was not favorable for a meeting yet a fair number had assembled. At *Nairn* and *McGillivray* they had done well, but at *Widder*, neither the meeting nor collections were so good as usual. *I found out that they had given up the school section meetings, or rather that they had been neglected.* What an argument in favour of such meetings! *Arkona* too had declined, but I trust it is only temporary, and that under the present management all will go well yet. Preached at *Forest* and *Arkona*, and had a pretty good meeting at the former place on the evening of Monday. At *Errol* they had been busy and fruitful, and though *Sarnia* never witnesses, at least latterly, good meetings, yet the pecuniary interests of the Society had been well looked after. *Corunna* proved a battle-field, and much injury had been sustained both here and at *Mooretown*, through opposition on the part of a member. I visited *Corunna* again, and they came to the resolve to support the Society. Preached at *Corunna* and *Moore* thrice, through a wet Sunday, and proceeded the next day to *Sombra*, where but a small audience greeted your agent. This is a new branch; however they have started in the good work, and if a few friends of Bible circulation rally around them all will go well. *Wallaceburg* had done fairly as usual. We had a good meeting to inaugurate the Society at *Dawn Mills*. From thence I should have made my way to the *Oil Springs* and *Petrolia* regions, in order to have formed new branches at those places, but a severe cold and hoarseness prevented my so doing at that time, however, I visited them subsequently and succeeded in forming branches. In this swampy neighbourhood I fear I laid the foundation of two or three attacks of intermittent fever, from which I suffered occasionally during the next month of June. After the Synod meeting during that month I took a tour along Lake Erie, beginning at our flourishing country branch of *Wallacetown*, where good subscriptions had been made, and a good audience had assembled. And here I must pay a tribute to our excellent secretary, Rev. Mr. McDiarmid, who is about leaving this part of the country. To his energies and interest much, very much, of the success of this branch is to be attributed. Wherever he goes, I hope most sincerely, that the same zeal will actuate him in this good work. *Duart* turned out well, and quite a renewed interest seems now displayed here. Assisted by

Rev. Mr. Davis, of *Rondeau*, I next formed a branch at *Cook's Corners*, and then held our meeting at *Rondeau*; unfortunately this was on the 12th of July, the famous Orange day, and so our meeting was but sparsely attended. I found on reaching *Buxton* that by some delay in the postal department my letter had not reached in time for a meeting to be announced, although over a fortnight's notice had been given. I was glad to escape out of the place on account of the swarms of mosquitoes which luxuriate in that dusky region. I have never heard more angry buzzing since I left the shores of India, although I found the little tormentors most furious last year in the neighbourhood of the now famous gold regions. Truly they may be characterized as very cheerful insects, for a well known caricaturist notices that "they sing as they toil." I know not also that I ever saw the thermometer higher in India than I did upon this lake shore trip,—it often stood at 125° and upwards. But how very different are the effects of the sun in the two climes! What European cares about venturing out in the sun at all in an Indian climate, as it invariably tells upon his constitution most severely, even when at a comparatively low grade; and although a Canadian sun causes the thermometer to rise so high, there is no comparison in the effects of the two. The pale face, the lassitude, the weariness, the ennui, even under every appurtenance wherewith the houses are kept cool, are not known under Canadian heat. The average of the Indian thermometer during the cool season is greater than the average of the Canadian during the hot season. I certainly felt, however, on the ensuing Sunday, whilst preaching at *Rondeau*, that I should have been thankful for a punkah, or swinging fan, over my head, as is our Indian custom during service.

The next day I proceeded on to *Romney* to form a branch, but was disappointed in an audience, my assemblage at a late date amounting to two boys and four young women. That is, my audience was of such a character that I could not form a branch, though I should have talked to them had a branch been in existence.

I drove to *Colchester* the following day, and from thence to *Amherstburg*, having spent a little time at the previous place, and found all matters well arranged for opening a new Branch there. Many a quiet moment did I spend that day at *Colchester*, surveying with my old but capital telescope the various craft sailing up and down on the lake, on whose borders I was most pleasantly located at the residence of a friend, whose broad chesnut groves reminded one of scenes far off in the father-land. *Amherstburg* looks somewhat dilapidated, in its mixture of French and English buildings, and our meeting there was condensed into four committee-men in the vestry-room. A fair interest has, however, hitherto been shown in Bible Society work. It is a great pity that the public, as a rule, are so indifferent in the matter of attendance at annual meetings, as the information there imparted is so well calculated, under God, to induce deeper interest in the great work. I trust that Canadians will yet throw off their apathy in respect of attendance at annual meetings of the Bible Society, and show some of the enthusiasm in a good cause that characterizes such meetings in the mother country.

Proceeding on to *Sandwich*, I found a few assembled to hear about the work, but nothing has been done for three years. We made a fresh start that evening with a twenty-dollar subscription list. The flourishing town of *Windsor* presented the same poor aspect in the great enterprise of the Church. Whatever they may have yet learnt from their neighbours over the way, they

have not picked up their usual characteristic of fervor and liberality in such like good causes. From thence I wended my way to take Sunday duty at the *Oilsprings* of Enniskillen. After morning service, a gentleman volunteered to drive me to *Petrolia*, over such a road!—and, as might be expected, we broke down. I walked on, and unfortunately he changed his mind, and instead of following me up, as he said he would, he returned, taking my carpet bag (or rather one I had borrowed) back with him in the buggy. After encountering a few obstacles, I reached *Wyoming* for evening service, and returned with a gentleman to *Petrolia*, instead of being able to wait at *Wyoming* for the morning train. I went to bed at 11 p.m., rose and breakfasted at 1.30 a.m., and at 2 p.m. commenced a walk in the dark over seven miles of an old condemned plank road—a road that cannot be beaten in all Canada, I suspect—in order to catch the stage, which left *Oilsprings* at 5 a.m. Every now and then a jump—whether it would be into the middle of some hole blocking up the whole way, I knew not;—now clearing it; then “*plop*” into the middle; now afloat on a bundle of stray planks; now stumbling over sand which had been heaped up into a *chevaux de frise* almost across the road; presently capsizing down some little hill, which proved to be but the edge of a basin of mud. In short, what with this walk, and with guarding my face and neck from the furious flies—as the road led almost entirely through the bush—and with over twenty miles’ drive into *Sarnia*, I felt I had earned, and consequently enjoyed, a good breakfast at 8 a.m., when I reached that town. I then proceeded on to *Windsor*, by way of *Detroit*; and bidding adieu to those parts, I wended my way to *Colchester*, where we formed a new Branch in this old settlement, and the next day did the same at *Kingsville*: both these branches have been commenced under good auspices.

I returned home by a long drive through the counties of *Kent*, *Lambton* and *Middlesex*, and after a recess, started off for the fall and winter work, to *Dorchester Station*, where pretty good returns rewarded the labours of previous sowing. *Lambeth* was suffering a little under the illness of its excellent Secretary, who has since been called to his rest. The collectors were to be sent out as soon as possible. Delayed my appointed visit and drive of twenty miles or more to *Harrietsville*, as it poured hard the whole day and evening. *Komoka’s* collections had not been made, and but few came to the meeting. Here my meetings in the West came to an end, owing to a new arrangement of districts which had been made at *Toronto*, and consequently several appointments were cancelled.

Started once more, after a little delay, caused by new notices, two or three of which had also to be postponed by request, as the time for the meeting was not at all suitable, and likely to interfere with the prosperity of the collectors’ efforts. I visited *Kirkton*, where a fair meeting greeted me, but the collections had not been all gathered in. Then I passed on to *Rodgerville*, where but few were out to hear what your agent had to say in defence and advocacy of the great work, although it seems to me a bounden duty, if complaints are made of expenses, &c., that such complainants should attend the public meeting, and hear the subject, when touched upon, fairly ventilated. Nevertheless, there is considerable interest displayed in the matter of Bible circulation here; and I believe all seem impressed with the fact, at all events, that whatever they might allege against the expenses in the Canadian Auxiliary, the honored parent Society was doing a vast and good work, and was worthy of their hearty support. At *Hibbert*, through some oversight, the

letters announcing the meeting had never been delivered in time to hold a meeting, but had lain in the office for a fortnight or so, as the parties addressed obtained their letters at the next neighbouring post. *Fullerton* presented a rather thin meeting; but this excellent Branch held another capital one, in the winter, and transmitted a goodly sum to the parent Society. *Exeter* still retains its good standing, in spite of a little grumbling about expenses. How grumbles roll along, and make the grumblers grow as they roll! *Brucefield* was more successful in the way of meeting, but, like as at many previous and subsequent meetings in other places, the time was not so reliable as winter for collecting, and the collectors were awaiting that time. I have in many cases endeavored to induce Branches to collect at the time most suitable, as the annual meeting could be held at any period. *Seaforth* and *Clinton* looked hopeful, and *Goderich* turned out better than heretofore, and I think shows symptoms of a reviving interest. These two last-mentioned Branches had neglected to canvass the country parts, but they promised to attend to them. *Egmondville* always presents a scanty meeting, but a good bagful of cash; although I think the cash-bag would be still fuller, did they but know of what is going on in the Bible Society's wide field. Canadians are good hands at turning out at funerals and tea meetings—to commit something to the earth, and to partake of something from the earth;—may they soon become as heavenly-minded too! *Mitchell* is working up in every way, both in money and meeting. *Stratford*, *St. Mary's* and *Bayfield* postponed their meetings, fearing detriment to the Society. *Shakespeare* was approached on the 23rd October, through a heavy fall of snow, towards the end of the day; and so we had a cold meeting; but the interest is growing in the place, I believe. But few out at *Berlin*, as usual; yet the collections were much better. At *Eden Mills* we had a fair audience, and the collections were subsequently taken up, the Branch having devoted the month of February to that purpose. *Rockwood* takes a hearty interest in the good work, and during the winter they had another meeting, at which they made their annual report, as their collections are taken up in the winter. The report was most favorable, and the Society was indebted on that occasion to the able advocacy of our old and tried friend from Guelph, the Rev. W. Ball, himself once in the ranks of the Agency. At this time I received the welcome intelligence from *Park Hill*, that the people there had, under your agent's correspondence and the exertions of friends, formed themselves into a Branch.

Returning westward, I undertook for my colleague, Mr. Goldsmith, to form branches at *Oil Springs* and *Petrolia*, and succeeded in so doing. At present, however, there are no very bright prospects at *Oil Springs*, as nearly two thirds of the houses are vacated, the dwellers therein being compelled to clear out *pro tem.* awaiting a rise in the oil market, for the produce is far ahead of the demand. They have begun to "strip ship" and "send down" their lamps, for the village was capitally lighted, leaving only their masts standing, preparatory, I suppose, to going into dry-dock. May we never see the birch-broom at their mast-heads, denoting the good ship "*Oil Springs*" is for sale! "*Petrolia*" is beating up to windward, and just manages at present to "hold her own." May they both soon have a fair wind and plenty of "shot in their lockers" for the Bible Society, and all such kindred societies! for they are a liberal and enterprising people. Two years ago you had to hunt for *Petrolia* in the bush, and there found it amongst half a dozen shanties,—now good houses, improving streets (and

they needed them), a branch railway to Wyoming, and a couple of thousand or so in the incorporated town, have sprung up to testify to the energy of a few of our American cousins who gave it the start.

I returned the next week to Everton, where, owing to the pitch-like darkness of the night, I found but few assembled. The collectors could not get out. Speaking of dark nights, &c., I wish some people in some places would remember that an agent often travels many a long and many a dirty mile to meet them, and address them upon a MOST IMPORTANT SUBJECT, while a shower, a darkness, a cold, or some of the many *et cetera* excuses will easily prevent them walking a hundred yards to meet him, when perhaps the messenger of God has come, as I have many times, a hundred miles for that one evening. It is also the same in numberless instances upon Sundays too. These things ought not so to be amongst a professing Christian people. *Eramosa* was an exception to this general rule on the following night, and good collections were, as they always are, ready here.

Took a little rest for a few days, and started off once more to *Preston*, where we formed a branch of the society. *Galt* is still improving in its meetings and collections, and here I received \$230 free contribution.

What shall I say of our old friend *Guelph*? Capital collections, &c. ! Last year I said of it, "largely a-head of last year's contributions." This year it is, a wee bit, but only a wee bit, mind, astern! We started an extra subscription at the meeting, which somewhat reduced the difference, but did not bring it to the level of the preceding year. Nevertheless *Guelph* has done well and nobly. At *Nassagaweya* we had not a large meeting, but a good interest is displayed here. They do well in their collections, which are taken up in the following manner. To each school section so many collecting cards are sent, and the school teacher appoints, as a privilege, children to take up the subscriptions. I only hope that the contributors are actuated by right principle in giving, and then they will hand just as much to a child, for God's cause, as they would to the most buxom damsel that ever trod shoe-leather!

*Acton*, *Norval*, and *Georgetown* are doing well. I regret we are to lose an energetic president at *Norval*, the Rev. Dr. O'Meara, and trust that Port Hope, whither in God's providence he goes, may be benefited by his labors in the Bible cause. At *Hornby* we had to encounter bad roads and a dark night, which combined to limit our hearers very much. This branch collects subsequently to the agent's visit, as also does the next place visited, viz. : *Milton*, where an excellent branch has been long established and efficiently worked. From this time to the close of December, "bad roads and dark nights" were the general state of things. *Cummingsville* had not sent out its collectors yet, owing to the roads. *Wellington Square*—witnessed a good meeting. At *Nelson Middle Road*, through some neglect, the collectors had only been sent out a day or so previous, and so part of the neighbourhood was still uncanvassed, but what they had worked had fairly rewarded them. Will the branch be so good as to note this defect in their operations? There are some other branches that may take note also. *Oakville* produced fair collections and a good meeting, but the country around had not been canvassed. WILL THE BRANCHES SUFFER ME TO CALL THEIR ATTENTION TO THIS IMPORTANT MATTER? The farmer should be allowed the privilege of aiding in this work. As a class of people they are

less called upon than any other to aid in good cause, and consequently they suffer from it. I remember once in a country congregation notifying the churchwarden that the collection would be taken up after sermon whilst I commenced the offertory sentences. "Let your light so shine before men that they may see your good works," &c., when he naively replied, "Oh, we don't do good works here!" That's about the case with a good many of the country folk in Canada, and I hope all the branches will see to it, that the farmers have at least the chance given them of doing some "good works!"

*Streetsville* branch was in confusion about their accounts, and were all but disorganized. We endeavoured to start afresh, and I wait to see what a year will bring forth. The new County Town of *Brampton* was next called upon. I think that matters here give hope of improvement. *Derry West*, it appears, has been gradually declining the last few years, but they were induced to express some hope of retracing their steps. A little more business tact and method would be beneficial to *Cooksville* as far as the meeting goes; and a few more collectors would be of great use in the collections; as I found they had but two collectors, whilst a large district comes under their charge. *South Etobicoke* is doing well. At this meeting a singular instance of "CONSCIENCE MONEY," on the subscription list, came to notice. Seven or eight years ago a contributor in this neighbourhood neglected to pay his promised subscription of \$1 50 when he went to the United States. After several years residence in that country he was taken sick a few weeks ago, and died in the hospital. On his death-bed this matter arose before him troubling his mind, and he charged a friend to forward the amount to the Etobicoke branch, as "*conscience money to the Bible Society.*" I see occasionally that the Chancellor of the Exchequer at home receives such like contributions due the Crown, acknowledging the receipt of the same in *The Times*, and I may here intimate, that if any one in my district, upon reading or hearing of this, should find "Mr. Recorder," as Bunyan calls him, jogging his memory, I shall be most happy to acknowledge the receipt of such conscience money, with thanks, in the local paper of the neighbourhood. Amongst other contributions we received the very welcome one of more than \$8 from a Sunday School within this district. If ever the people in this country are to be made liberal supporters of all that is good, WE MUST BEGIN WITH THE YOUNG. What a dreadfully cold church we had at *Weston*! several out of the few present had to leave thereby. And now for several days I had a succession of drives, which were either good wheeling or good sleighing on the same road, or else were neither good wheeling nor good sleighing. *North Etobicoke* had done well, and we had a capital meeting. *Woodbridge* has been steadily increasing these last few years, but has not yet come up to the proper mark for such an old settlement. Talking about an "old settlement" brings to my mind a curious imposition which the road proprietors, in such an old settlement, practice upon the travelling public who are unfortunate enough not to live within their gates. They compel you to pay double fare, *i. e.*, you pay for going and coming at once, and whether you are to return or not signifies nothing to them; you are told, "you can come back, Sir, the same day, without paying." "But I'm not coming back, and why should I be made to pay as much to travel five miles as a resident has to pay for travelling ten?" "It doesn't matter, Sir, that's the law," is the reply. There are a few places

in Canada where this imposition used to be practised, but they have discontinued it of late. The amount is insignificant, but it is an imposition, and reveals the existence of unsound principles in the minds of the imposers of the toll, which may be strengthened thereby, and develop themselves more formidably in other ways and means. Passed on to *Chinguacousy East*, where I found matters have been running down for some time. I hope to report favourably at next visit.

And so Christmas has come at last! Christmas,—with all its dear associations of the home of early days;—with the holly, and the ivy, and the merry misletoe, and with the family gatherings around the loved old hearth. But Christmas never seems the Christmas that those days brought, unless it be spent in “the old house at home.” And where is home? “Home!” said an old west-countryman to a judge who questioned him as to its locality, “Home! where be it? Why! where mother be, to be sure!” But there’s another Home to which the dear old Book and Christmas points us; and while many an earthly chair has been vacated at the old hearth since we last saw the old day, many a heavenly seat has been filled up in that Home of rest, amid the welcome of “Well done.” If the Christian says, “Home! where is it?” Christmas tells him, “Where Christ is.” May my readers have a “good hope through grace” of meeting at the grand family gathering of our eternal Christmas home; and if so, endeavour to spread the Book, which has, through God’s love, and power, and grace, been such a blessing unto them!

I started on the 2nd of January from *London*, and reached the *York Church* meeting, north of Toronto, in good time. Though but few were out, yet the branch is working onwards. I was prevented attending *Scarborough* through a most severe hoarseness, but I heard afterwards that success had been with them in every way. *Eglinton* was taken for me very kindly by the Rev. Mr. Wilson, of the Methodist body, residing at Toronto, who reports “success.” *Thornhill* is not well canvassed as regards its surrounding country; but what is done, is done well. May they extend their borders. *Richmond Hill* rewarded our toils with a good audience, good collections, and good speakers. And so did *Malton*.—Here I was caught with my buggy in the snow, and as sleighing had fairly set in at last, though long in coming, I had to leave my buggy with a friend, and return home to *London*, and get my cutter up from a place near *Sarnia*. But such delays occurred on the railway, contrary to their promises, that I could not get my cutter through till too late to take the next week’s meetings. I subsequently overtook these places and the meetings, with the exception of two, one of which never gave out the meeting, as they had held it at the previous time appointed, although they did not trouble themselves to write and tell me of it, so that I could fill up that night in some other place; and, strange to say, the other branch wrote declining to call the meeting on the score of the previous disappointment, whilst they acknowledged that they conceived the branch had suffered injury by the non-appearance of the agent! They seemed, like some others, to conceive that an agent could not possibly avoid getting to a place in spite of railway delays, long distances, and sleighing season commencing or departing, &c. as if he were at his home within a few miles of the place. However, I understood they had done well in the funds in this place. I next was deputated to adventure myself on the Grand Trunk, as far as *Montreal*, to at-

tend the anniversary meeting there; and after preaching thrice on the Sunday near *Sarnia*, I started off from *Wyoming*, and reached the emporium of Canada safe and sound, under God's providence; although sage old gentlemen shook their heads, and tender-hearted ladies united with them in strongly advising that I should take an insurance ticket before proceeding upon such an *undertaking*! However, as I believe "a Christian is immortal till his work is done," I had to decline this kind advice, and hold on to my peaceful belief. The anniversary of the Tract Society took place on the Tuesday, and that of the Bible Society on the Wednesday, and they were great gatherings. At both of these your agent spoke and endeavoured to help on the work. It is written,—“Acknowledge Him in all thy ways, and He shall direct thy paths.” Doing this, I was prevented returning as I at first contemplated on the Thursday morning, and delayed my departure till the evening. We passed the morning train laying on the ice of some stream, on the bridge of which the whole train had overturned! and though no lives were lost, serious injuries were sustained by some of the passengers. Returned home, preached thrice on the Sunday as usual, and started off in the beginning of the week for *Hillsburg*. This is a new branch, which has made a good start, and, with a little business tact, will, I trust, prove a fruitful one. Through some mistake, my letter of delay on account of the Montreal meeting, had either never reached the President at *Orangeville* or he had mislaid it; but he being away, no conclusion could be arrived at. So we had no meeting; however, they had held the annual meeting the week previously, from not having received the notice I suppose. *Mono Mills* had done well; and *Erin* is a hopeful branch. At *Mimosa* they evidently did not understand the printed notice, being new hands at the work, and did not know that it was a great missionary gathering; but they have started well. *Garafraxa* is doing well. From this place I drove to *Mount Forest*, where we had a much better audience than hitherto, and things are looking up here. After the meeting I started at 10.30 for *Rockwood*—about 45 miles distant—in order to make sure of reaching the *Stratford* meeting. I got to *Arthur* about 1 a.m., made a good supper off mutton pies, at my hospitable friend the Rev. Mr. Whyte's house, and was off again soon after 2 a.m. Reached *Fergus*, rested and baited horse here a couple of hours, and then finished the remainder of my journey, 18 miles, by 8.30. Took breakfast;—took the 9.30 train, and reached *Stratford* in time and tune for a cold bath and a good dinner, which, with a wee nap on the sofa, freshened one up for the evening. We had a fair meeting, considering the difficulties which at present agitate this good branch of the Society. I spent the next week in the County of Peel, and found the branches doing well. *Campbell's Cross*, *Caledon*, *Alton*, and *Cheltenham* had all been fairly worked up. At *Arthur* we had a lively evening, and I hope to report good progress by next meeting. *Fergus* and *Elora* as usual—always good. The latter was in advance again, and nearly \$500, free contributions from the two little enterprising villages, were received by me! They are both examples of zeal in a good cause. *St. Mary's* is progressing favourably. *Rothsay* was reached in the evening, after riding and driving from six o'clock in the morning. Things are somewhat backward at present here. The committee had been so slack that they could not be got together. *Harriston* had made a fair beginning. The meeting was small on account of the inconvenient situation in which it was held. *Some branches seem to think the meetings must be held in different Churches each year, irrespective of their fitness as regards site.*

*This I think is a mistake which oftens costs us a good audience.* Another mistake that some branches make, is in having *such small placards* announcing the meeting. It is "penny wise and pound foolish." If we advertise by placards at all, we need to do it well. At *Drayton* we had our usual allowance of bad weather, and so but few were out. They had done pretty well here. Our new branch at *Hawksville* had started well. Sleighing had now given out in this neighbourhood, and fortunately I got my buggy over the Grand Trunk Railway in time for the next week's anniversaries, which commenced at *Winterbourne*. This place has always proved a remunerative branch. *Glenallen* was astern, and has been so for some time, but she has begun to "crawl up" again since my visit, and made a fair collection, which was forwarded through me to Toronto. *Hollen* was passing through a protracted meeting. *Mullbank* was not only in the same position, but had a political meeting also, and any one can guess the consequences. *I must here express my surprise that a religious local meeting, as I have sometimes experienced, cannot for one night be given up, to attend to the concerns of the heathen and nations destitute of God's Word. It does not testify to the spirit of true religion. I have even known a protracted meeting commenced in the neighbourhood at the same time as the Bible Society meeting. Besides, how little can such ministers know of the aid their Missionary Societies are continually receiving from the Bible Society! Well said the late honored President of the Wesleyan Conference, the Rev. W. Thornton, to the Rev. Dr. Gill, the representative from the British and Foreign Bible Society, as they were walking the deck of the steamer which brought them out in 1864 to this country,—"I do not know what the Wesleyan Missionary Society would do for Bibles were it not for the aid it receives from the British and Foreign Bible Society." Words which all Missionary Societies might echo truly! It seems to me that the honor of the Methodist body, so professedly favorable to the free circulation of the Scriptures; is compromised by such conduct. I passed on to Listowell, and found it improving both in work and collections, and its prospects are very good. So are those of Trowbridge. I hope to see a branch at Monckton some day, but at present it seems useless to try. I visited it, and made some inquiries.*

At *Hibbert*, if the Committee will be so good as to arouse themselves, I think a good Branch may be worked up. It is a new one, and made a fair collection last year. *Bayfield* has been somewhat troubled, but it has done well, as usual. *Blyth* was a successful meeting in every way, in spite of a heavy storm. Here I was caught in a tremendous snow-storm, lasting from noon on Thursday to 6 p.m. on Friday. Through the kindness of the Wesleyan minister, I was enabled to reach *Manchester* with his pair of Indian ponies and sleigh. This Branch had been busy, and was well prepared in the collections; so was *Lonsborough*. *Ainlayville* has always been a discouraging Branch, from the time I knew it; however, a fresh start was made that evening, and several dollar members were obtained. I borrowed a cutter here from a friend, and leaving my buggy till my return, I proceeded through very deep snow to *Wingham*, where we formed a new Branch under good auspices. *Bluevale*, which had been started last year, had not done anything, but they commenced then and there, and I trust will have a good account to give of themselves next time. *St. Helen's* has been a little bothered about the "Expense" question, or more money would have been gathered, they say. *Lucknow* had caught the cold chills too, from its proximity, I

suppose, to some of the former complainants; but we had a meeting which, we hope, may warm them up a bit. Here they had not even opened a depositary for the sale of Scriptures. Could some grumblers know of the injury they do to God's cause when they leave off giving or working, and begin their unseemly cavils, I almost hope they would turn over a new leaf. I could put up with a giving or a working grumbler about such matters, although he gives the Toronto Board no credit for having the same desire of economy in working, and the same zeal he expresses himself; but a man who ceases to support the Society with his generally small contribution (for such kind of grumblers are not liberal men, as a rule), and then goes about to stir up disaffection, is acting anything but a manly or Christian part.

From *Lucknow* I drove forty miles, through the night, after the meeting, reaching the morning train at *Seaforth* for home, and, under the good providence and kind hand of God, finished my year's tour on Saturday, the 30th March.

"Praise God, from whom all blessings flow."

I conclude, dear Sirs, as usual, with the wish, that MORE INFORMATION ABOUT THE GREAT WORK COULD BY SOME MEANS BE BROUGHT BEFORE THE PEOPLE OF CANADA. Under God, it is the secret of success in this work.

The system of collecting-cards, upon the fly of which a few facts are recorded concerning the work of the Society, and which were suggested and partly drawn up by your agent, have proved a most welcome auxiliary to your collectors, some of whom have often to meet questions which they have not been enabled to answer. It is a step, but only one step, in this most important matter of laying information before the people. The saying of a great political orator of Ireland was, "Agitate! agitate!" This must be our policy too, in a better, far better work than that to which the famous O'Connell bent his untiring energies, and gave that sound advice of "Agitation."

May it please our Great Master to grant unto us grace, wisdom and understanding to do our duty, and to Him shall be given all the honor!

With Christian love, I am, dear Sirs, yours faithfully in the Lord,

W. BROOKMAN.

### MR. JOHNSON'S REPORT TO KINGSTON.

TO J. MAIR, ESQ., M.D.

Orono, 5th January, 1867.

MY DEAR SIR,—In the course of the summer I visited those branches in connection with your auxiliary where I thought it most necessary. Not with a view to hold their annual meeting, but if possible to increase their interest in the important objects of our Society. I have reason to believe that much good was the result of these extra visits, but I need not particularise their meetings, as any information I may have to give I will narrate in connection with my annual report in the regular visitation of churches.

And to begin with *Trenton*. I am happy to say that this village is now more than nominally connected with us. After having stood on your list for

many years, the Committee fortunately were able during this year to secure the services of some lady collectors who faithfully performed their work. About \$29 was collected, and this sum the Committee determined, in the first instance, to appropriate to the purchase of Bibles and Testaments to be kept in supply for the immediate neighborhood. I was happy to hear the other day from one depository there that the sales have been good, and that a further supply will soon be necessary. I trust our friends having made so auspicious a commencement will be found for the future active and progressing in the good work.

At *Consecon* the interest is manifestly on the increase. A good subscription had been collected by our lady friends; and after a good meeting I received \$20 21 which was appropriated to your account due for Bibles, &c. received.

At *Bloomfield* I was happy to notice that our friends when collecting had taken with them each a few copies of God's Word by which means several copies had been disposed of. The treasurer reported nearly \$40 on hand which was reserved for purchase of a fresh supply of Scriptures. At *Wellington* our friends require to put forth more energy before they can be reported as yielding fruit.

At *Picton* we had an interesting meeting. The returns, however, were not made, but I have no doubt will be forwarded in due season.

At *Milford*, where I have paid now three visits, besides a Sabbath appointment, I hope another year to report some successful progress. The collections had not been made in time for the annual meeting. *Demorestville*, this branch which did nobly last year, will, I hope, be found up to the mark, but from local circumstances, it was found impossible to have the collections made in time for the meeting. From our friends in *Canifton* I received after a good meeting the sum of \$10 as a free contribution to the Kingston Auxiliary.

At *Stirling*, after preaching on Sabbath, we had a very excellent meeting on Monday night, our friends have their stock all paid for, I received \$10 as a free contribution to the Kingston Auxiliary.

*Madoc* may be reported as doing well. May she be still vigorous in the support and extension of that Word which "is more to be desired than gold, yea than much gold." The night was very unfavourable for a large meeting, but the results were highly encouraging. I received \$23 35 for stock purchased during the year, and \$8 75 on old account.

We held our annual meeting for the first time in the beautiful Marble Church in *Bridgewater*, for which the village is largely indebted to our friend the Hon. Billa Flint. After an interesting meeting, I received \$35 for Bibles, &c. to be supplied, and \$2 90 free contribution to the Kingston Auxiliary.

*Tweed* is up and doing. I received \$23 16 on purchase account. *Roslin*. Here after Sabbath appointment we had a good meeting. I received \$12 for a supply of stock, and \$5 62 as a free contribution to Kingston Auxiliary.

*Napaneé*.—Although the usual receipts are less than the previous year, this is most satisfactory that the collections made are considerably in advance, as two years operations were included last year. I received \$73 70 on purchase account, and \$10 as a free contribution to the Kingston Auxiliary.

At *Bath*, and *Amherst Isle*, the collections were not made, but our friends are active and reliable in both places. I had the pleasure of forming two new organizations, one at *Moir*, the other at *Big Creek*, which I hope will add to our efficiency.

*Gananogue*.—I am happy to say that here the results of paying extra visits were highly satisfactory. A useful supply of stock has been received and paid for. I received \$26 to be equally divided between the British and Foreign, and Kingston Society. I had made arrangements with my friend Rev. Mr. Bell to organize a new branch at *Pittserry*, but found it necessary to postpone my visit as the day fixed was taken up with matters connected with their own affairs as a congregation. I hope soon to report an active organization in this locality. *Waterloo*, near the city, has now an active and zealous staff of collectors, and did well for its first year. At an extra meeting held in the summer, my esteemed friend Rev. Mr. Fenwick Kaidly accompanied me, and did us good service by his admirable address.

At a meeting also held in *Portsmouth* we had the hearty support of Rev. Messrs. Rogers of this city, and Dobbs of Portsmouth.

At *Garden Island*, we also held an interesting meeting at which Rev. Mr. Kirkpatrick kindly came over, and presided. The collections at *Wolf Island* were not made previous to the annual meeting, but the Society may be reported as doing well. At *Glenvale* a small but vigorous branch is in operation. We had a good meeting, and their funds are I trust by this time on hand. After a ride through the drenching rain the next day and a Sabbath appointment we organized a new branch at *Sydenham*, which I trust will soon yield fruit.

I next visited *Odessa*, and held a very interesting meeting and trust soon to report an active organization in this neat little village which ought to do well.

*Newburgh* is, as the following will show, improving in the good work, an excellent meeting, after which I received \$41 36 on purchase account, and a free contribution of \$10 to the British and Foreign, and \$10 to the Kingston Bible Society. *Tamworth*.—This lively little village numbers some warm friends, the lady collectors have done well. An excellent meeting, after which I received \$22 15 on purchase account. I found our friends at *Roblin* quite alive to the importance of the work, and I hope will do well in their collections.

At *Selby* I held a small but interesting meeting, after which I received \$6 05 as a free contribution to the Kingston Auxiliary.

My last visit was to *Shanonville*, where I trust yet to see some interest displayed in Bible work, though they have allowed matters to run down.

And now in conclusion, I think it only fair to remark that the free contributions this year are not so available as they will be for the more diffusive objects of the Society in consequence of a considerable portion of these have been voted by not a few of the branches to payment on old accounts for which the present branches cannot strictly be said to be held responsible. Wishing you a year of increased usefulness.

I am, my dear Sir,  
Very faithfully yours,

S. B. JOHNSON.

## REPORT OF REV. T. GOLDSMITH.

## TO THE DIRECTORS OF THE U. C. BIBLE SOCIETY.

GENTLEMEN,—In presenting you a report of my labours on behalf of your Society for another year, I am happy to say that notwithstanding the extension of my field this year, and the increased number of Branches requiring to be visited, through Divine mercy, I have been preserved in health to meet all my engagements. I have visited during the year 136 Branches, and formed four new ones. Eight of the Branches I have visited twice, and one three times, making in all 150 visits. I have travelled in the work of your Society about 5,000 miles, besides preaching 100 times. I would gratefully record the friendly co-operation and valuable aid rendered me in my work by various of the Protestant ministers, and as well, the generous, Christian hospitality which has ministered largely to my comfort amidst the exhaustive fatigues of my agency. I have witnessed with great pleasure (and I am sure you will participate in the pleasure) an increasing interest manifested generally amongst the Branches in the good cause, both by an increased attendance at our meetings and in largely increased contributions to our funds. I find, from comparing my memoranda of the year now closed with that of the previous year, from the 1st of May till the 10th of November, during which months I visited the same branches, that I received 50 per cent. more money from the branches the past year than I did the year previous. From that time till the end of our fiscal year my labors have been expended on a part of the field not previously under my care, and consequently I have no data for comparing the state of the branches now with what they were a year ago.

I commenced my spring tour in *Lloydtown*, May the 15th, where, though we had a very rainy afternoon and evening, the meeting was well attended. In consequence of a newly-formed branch in *Schomberg*, that had previously been tributary to this branch, the sales fell off slightly, but the subscriptions were more. The next day I went over to *Schomberg*, where we had a spirited meeting. This branch, formed last year, is putting forth the vigor and elasticity of youth in a good cause. Their cash returns were \$50. At *Tottenham*, through some mistake, my meeting was not published. I however met the Committee, and secured the appointment of collectors, and arranged for a meeting in June. From here I went to *West Essa*, and found a fine audience: this branch is doing well. At *Thornton* some little local difficulty had deranged their operations during the year, and somewhat interfered with their success. The matter was amicably arranged at our meeting, and I left them in harmonious operation. On Sabbath, 20th May, I preached in *Barrie*, and held our meeting in this romantic county town of Simcoe on Monday evening. The night was very stormy, and hence a thin attendance. Their finances, I am happy to say, were a long way in advance of the previous year. The next day I drove to *Stayner*, a thriving little village to which the Northern Railroad has given birth. The object of my visit was to form a new branch, but I was mortified to find that my correspondent had overlooked the matter, and no announcement had been made. However, I found the Rev. Mr. Hunt, who entered with spirit into the matter, and we went through the village, calling at the principal business places, and publishing through the schools for a public meeting in the evening. We

succeeded in getting out a congregation, and organizing a branch in Stayner. Next day I went to *Innisfil*, where we had a good meeting; but the cash returns of this branch I found had been injured by local difficulties. The branch at Ebenezer has made application to unite with Bradford, and they have accepted the application. It was too feeble to be wrought as a separate branch. At *Bradford* our meeting was small, in consequence of a funeral in the family of the Wesleyan minister, which left town that day, and went by cars to St. Catharines, many of our officers and friends accompanying. The finances better than the previous year, but too low yet, for a town like Bradford.

June 20th, I visited *Aurora*, where we have a model branch. I found them all alive, and outstripping themselves in the good work. Our meeting was less numerously attended than usual in this place, from the fact that a company of brave volunteers from *Aurora* arrived in the village from the front at the hour of our meeting, and their friends assembled at the cars to bid them welcome home. We felt we could excuse them in such a case, and heartily unite in their feelings of patriotism. From some inadvertence, my circular was not announced in *Newmarket*, so I arranged with the president for a meeting in July. *Holland Landing* is about defunct. Monday, the 25th, had an excellent meeting at *Bond Head*, a branch of efficient workers. Next day made a second visit to *Tottenham*, and had a very good meeting. From thence the day following to *Laskey*, and was delighted to find this young branch working with a will. The day following I went to *Sutton*, and found nothing had been done. We reorganized, and I hope to hear of their success. From here I went by steamboat to *Orillia*. This is a lovely ride through the varied and romantic scenery of lakes Simcoe and Couchiching. And then the approach to *Orillia* by water is charming. The village is beautifully situated on an ascending slope, with a superb background of dense woodland, and commanding a fine view of the lake. Here I arrived on Saturday, and found my excellent friend, J. Dallas, Esq., awaiting my arrival. After enjoying refreshment and rest for an hour, at the pleasant and romantic residence of Mr. Dallas, I proceeded with the Rev. J. Sanderson, who had driven in to convey me out to *Rugby*, and enjoyed his hospitalities. On Sabbath morning I preached at *Rugby*, and in the afternoon we drove eight or nine miles, and preached again, and returned the same evening to *Rugby*, having spent a pleasant, and, I trust, not altogether unprofitable Sabbath. On Monday I returned to *Orillia*, where I had the pleasure of meeting my old and esteemed friends, Rev. Dr. Burns of Toronto, and Rev. S. F. Ramsay of *Newmarket*, who rendered valuable assistance on the platform. The meeting was a splendid success. The next night my meeting was published for *Oro*, but being summoned in to meet the Board in Toronto, my venerable friend Dr. Burns kindly undertook the meeting for me. From here I went to *Sharon*, where we had a special meeting within the bounds of the *Newmarket* branch, with the view of giving greater efficiency to the work in this village. The next night I went to *Newmarket*, where we had a spirited meeting. But there is far less interest taken in the cause here than should be. While the population of the village is nearly double that of *Aurora*, its contributions to our Society are far less. Sabbath, the 8th July, I spent with Rev. J. K. Hislop, at *Allison*, and addressed three congregations; and availing myself of his valuable services, proceeded to *Rosemont* on Monday, where we formed a new branch. On Thursday I formed another new branch

in *Priceville*, and on Friday I formed still another new branch in *Flesherton*. These were all in visiting villages, which I hope may prove fruitful branches in the future. Having now advanced so far in the busy season, I closed my spring and summer tour.

My next tour commenced Monday, September 3rd, in the county of Haldimand. I began at *Glandford*, where things looked much better than last year. *Caledonia* is slightly improving. *Hagersville* is feeble, but better than last year. In *Jarvis* we have an efficient branch. The meeting was a success. My meetings for the ensuing week were recalled, to enable me to meet the Board in Toronto, with a view to a new arrangement of the Western and central division of our work.

September 17th I resumed the broken thread of my arrangements by preaching in *Cayuga*. Next night our meeting here was a failure in attendance, though not in finances. The funeral of an excellent lady of the place took away nearly the entire Committee, and as they went to Dunville to bury, they could not get back in time for the meeting. The lady in question has been for many years a liberal contributor to our funds, and at her death left a handsome bequest (I think \$200) to our Society. In *Smithville* we had a good meeting. *Binbrook* is still doing well. The next week was the Provincial Fair in Toronto, when we could hold no meetings.

Sabbath, 30th September, I preached in *Grimsby* and *Ontario*, and on Monday evening had a good meeting in Grimsby. At Ontario the meeting was small—doing pretty well in finances. *Beamsville* is feeble. *Port Dalhousie*, small meeting. *St. Catharines*, good meeting, though not so largely attended as we could desire in so populous a town. *Thorold* was the scene of so much excitement from the military breaking camp the day of our meeting, that we deemed it prudent to abandon all idea of meeting, and instead, I preached twice on Sabbath to large congregations, and laid the claims of our Society before them. Though *Thorold* has suffered fearfully from fire during the year, still our friends expressed a firm determination that the funds of our Society should not suffer. We had a good meeting in old *Niagara*, *Queenston*, formed a year ago, is doing well. In *Clifton* we had a meeting of interest and profit. Though this branch has sustained the loss of one of its Vice-Presidents and its Treasurer, it is still holding on its way of usefulness. The following evening we had a fine meeting in *Drummondville* amid the roar of old *Niagara*. *Chippawa* still holds on in life, though it is feeble. The place is greatly deteriorated—it is but the wreck of its former self. At *Port Robinson* we had no meeting. About an hour before the time of our meeting, a telegram from Fort Erie of another Fenian crossing, roused the whole place to excitement and preparation to meet the foe. I remained however and preached on the Sabbath and laid the claims of our Society before the public. On Monday I went over to *North Pelham*, and found that through the death of their excellent President, Col. Schofield, the meeting had not been published, and nothing had been done. At *Font Hill* our meeting fell on the day of their Township Fair, and was nearly a failure. The next evening we had a most successful meet in *Welland*. At *Port Colborne* the Bible Society had been nearly forgotten in the Fenian excitement. Next day I went to *Bertie*, and with my good friend H. Dickout, Esq., who is President of Bertie Branch, I visited *Limestone Ridge*, the scene of Fenian outrage, and examined the bullet marks in the fences and trees, and looked at the spot where some of our brave boys fell in defence of our homes and liberties, and sighed to think that one drop of honest British

blood should have been shed on such vile miscreants and unworthy foemen. The people in Bertie never had so lively an appreciation of British liberties as they have since the visit of the Fenians, and I am happy to add they never gave us before such tangible evidence of their appreciation of that Charter Book of all our civil and religious liberties as Britons, as they have done this year.

My next visit was to *Caistorville*, where we had a nice meeting. Cash returns not complete. *Dunville*, good attendance—doing well. At *South Cayuga* we had (as usual here) a spirited meeting—attendance large, an excellent choir and liberal subscriptions. *Selkirk* is doing well, though a stormy night gave us a small audience—finances better than last year. At *Nanticoke* we had a crowded meeting and the subscriptions double that of last year. Visited *Waterdown*, Monday, October 29th, where we had a good meeting despite unfavorable weather. *Carlisle*, meeting small, branch feeble. We had a very fine meeting and good cash returns at *Nairn*. *East Puslinch* is doing well. But in *West Puslinch* we have now tried in vain for two years to get a meeting. It seems to be always inconvenient. *Dundas* judged the time unfavorable, and we arranged to postpone it till March. At *Ancaster* we had a meeting of deep interest. This branch does not collect till after their meeting. *Alberton* gave us an excellent meeting. Rev. J. Lees drove over from *Ancaster* and rendered good assistance. The following evening we had a fine meeting at *Jerseyville*. Next visited *Lynden* and *Capetown* and found them active and doing well.

From here I went into the County of Norfolk—to me entirely new ground in this work. My first meeting in this new department was at *Port Dover*, where I met many warm friends of our cause, and had a meeting of deep interest. The day following I went to *Port Rowan*, and was mortified to find that, through the removal of their Secretary from the place, and the absence of the President for a few weeks, my circulars had not been published, and we had no meeting. However I called on the officers, and arranged for a meeting in the spring. Next day I made my way to *St. Williams*, through a heavy rain, and had a small meeting. At *Vittoria* I found on the night of our meeting a concert to divide the interest with us; but, as the night was severe, neither meeting proved a success. I am much obliged to my excellent brethren, the Rev. Mr. Craigie, of *Port Dover*, and the Rev. Mr. Lees, of *Ancaster*, who kindly, at my request, visited this branch, and I am happy to say, with better results. On Sabbath, November 18th, I preached twice in *Simcoe*, and on Monday evening held our meeting there. A severe rain thinned our meeting. I was much gratified to find an efficient branch and capital meeting at *Lyndoch*. We had a large attendance at *Delhi*. Subscriptions not in yet. The next night found me at *Waterford*, in the midst of a furious snow storm, which I faced that day for 20 miles. A few of the committee came out, and we elected officers for the year, and adjourned till Sabbath evening, when we had the spacious Baptist Chapel crowded to the doors, and a meeting of profound interest. Their subscriptions not yet ready. At *Scotland* I found my meeting had not been published in consequence of another meeting the same night in the place. On Monday evening, the 26th, I visited *Mount Pleasant*, and had a right "pleasant" meeting. The next day I went through awful roads to *New Durham*, where, from the severe rain and deep mud, we had no meeting; and, I am sorry to say, nothing had yet been done in the way of collecting.

My next meeting was at *Beachville*, where, though the branch is not a strong one, yet we have some estimable and zealous friends. From here I

passed into the London Auxiliary, and as I give a report to that Board I need not report it here.

Tuesday evening, January 8th, we had our meeting in *Hamilton*, and were favored with the valuable assistance of the Rev. Dr. Burns, of St. Catharines, and the Rev. Wm. Stephenson, of Toronto, in addition to our own local force. The meeting was one of great interest—the speaking of a high order—the congregation larger than it has been since recent troubles in this branch—and the funds show an upward tendency. The next evening I was in *Brantford*, where we have, perhaps, the model branch of the Upper Canada Bible Society. The congregation was large, the platform was well occupied, the addresses excellent, and the collection at the close of the meeting \$160. I learn that their whole receipts this year are over \$700. The next night we had a large and intensely interesting meeting at *Paris*. They are doing splendidly. Their cash receipts this year amount to over \$244. I never attended three such meetings in one week since I have been in the agency. The next evening my appointment was for *Ingersoll*: but, from local matters, we had to postpone it till March. From here I passed again into the London auxiliary.

Monday, February 8th, I visited *Port Rowan* for the second time, and had a pretty good meeting, and returned once more to complete my labors in the West. Returning from London, March 5th, I went to *Ingersoll*, where we had a delightful meeting, and found the branch in a high state of practical efficiency. The next day I drove to *Embro*, through a violent snow storm. Here I found my good friend, the Rev. Mr. Straith, who had faced the storm as well as myself, from *Ingersoll*, to be with us at our meeting. The night was a fearful one, but a good number battled the elements and came out, and we had a good meeting and fine cash returns. Here I drew upon the kindness of my good friend Mr. Straith, who kindly undertook to save me sixty miles of a drive, by holding the meeting at *Lake Side* for me. *Princeton* is doing very well—good meeting and finances fair. The next evening we had a good meeting at *Dundas*, where we have a vigorous branch. *St. George and Washington*—fair meetings for the dreadful weather and roads. *Innerkip* is feeble. *Burford and Scotland*—good meetings, considering the dreadful roads. We had a good meeting at *Norwichville*. Their subscriptions are not yet in. *Otterville* is almost defunct. *Springford* gave us a fine meeting. At *Culloden* we had a blinding snow storm—still a fine turn out. *Tilsonburgh*—good meeting, doing well. We had a pleasant meeting at *East Oxford*, and found them doing well. *Chesterfield* this year has done right nobly—far better than ever before. They have contributed the noble sum of \$101 87. My last meeting for the year was held on March 29th, at *Beverley*, and our friends there prepared for a splendid closing of the year's work. The congregation was large and spirited, and the cash payments exceed all their former doings. Their collection and subscription lists, not including their sales, amount to \$87 22½, which they divide equally between the British and Foreign and the Upper Canada.

Thankful for the mercies of the past year, and praying that the Word of the Lord may have free course and be glorified,

I am, Gentlemen, yours very truly,

T. GOLDSMITH.

ABSTRACT OF THE SIXTY-SECOND REPORT  
OF THE  
*British and Foreign Bible Society,*  
1867

---

In recalling the mercies and recording the events of another year, your Committee feel that they have a pleasant duty to discharge, and that at the same time a solemn responsibility rests upon them. It is pleasant to speak of God's goodness and of His loving kindness, to trace His hand in the guidance and protection which He has afforded, and His grace and power in the openings through which His word has found an entrance into many lands; but in dealing with a work of such magnitude and importance, the thought will often arise, "Who is sufficient for these things?" and the burden would be too great for the creature to bear, were it not that faith is enabled to add, "Our help is in the name of the Lord." Feeble and unworthy as the instruments may be, His counsel shall stand, and He will do all His pleasure. He will not fail nor be discouraged till He have set judgement in the earth, and the isles, which have long waited for His law, shall give Him glory and sing His praise.

To what extent this blessed end has been advanced during the past year, the Report which your Committee now proceed to lay before their constituents will serve to show. May God condescend to employ it not merely as a record of past events, but to stimulate the flagging energies of His Church, and to quicken the zeal and love of His believing people!

FRANCE.—Colportage is still the main-stay of your work in France. Through this agency, 67,360 copies of the Word of God have been distributed during the past year, almost exclusively among the Roman Catholic population.

Of the 89 Departments into which France is divided, 60 are visited by the Colporteurs of your Society, and 10 by those in the employ of other Societies, whilst through the efforts of friends in Germany and Switzerland, measures are taken to supply the Scriptures in those Departments where no Society is yet at work. The total issues of this agency have amounted to 82,343 copies.

The opening of the Depôts in Paris, Bordeaux, Marseilles and Nice, is a step which M. de Pressensé regards year by year with increasing favour.

BELGIUM.—Mr. W. H. Kirkpatrick, who, at the death of his brother, kindly undertook the superintendence of your work in Belgium, has now been appointed by your Committee to the Agency of your Society. The last thirty years have witnessed great changes in the condition of Belgium, both religious and political; and it is a mournful fact, that the tendency of events is manifestly in the direction of infidelity. There are not, however, wanting instances of the good seed having fallen on prepared ground.

The total issues from the Brussels Depôt have amounted to 11,473 copies.

**HOLLAND.**—Mr. L. Van der Bom, who has hitherto acted as your Depository at Amsterdam, has, during the past year undertaken the agency of your Society in the Netherlands. The total issues from the Depôt have amounted to 28,297 copies. It is a hopeful sign as regards the maintenance of the Truth in this country, that increased attention is being given to Sunday Schools, in which the children are early taught the great doctrines of the Gospel.

**GERMANY.**—Germany is a field which your Committee have long regarded with deepest interest, and on the cultivation of which they have expended large sums of money, and bestowed much time and labour. Nor has their labour been in vain in the Lord. From the four centres of your work, Cologne, Frankfort, Berlin, and Vienna, more than 415,000 copies were issued, giving an increase of about 25,000 as compared with the previous year.

**COLOGNE.**—This portion of the Agency includes North-Western Germany and the Prussian provinces of Westphalia and the Rhine. The circulation effected from this point has been 98,242 copies. The work of colportage has been carried on with much success during the past year, and 54,621 copies have been distributed by means of this invaluable agency. Twenty Colporteurs have been engaged, and their sales show an increase upon those of the last ordinary year of 6599 copies.

**FRANKFORT.**—The aspects of your work, as connected with the Frankfort Depôt, are not less encouraging than those which attach to the Cologne District: No fewer than 136,085 copies have been sent out during the past year, to answer the numerous and urgent requirements of your work. Fourteen colporteurs have been employed in the district.

**BERLIN.**—The total issues from this centre have amounted to 141,040 volumes, being an increase of 3034 copies over the issues of the preceding year.

The King of Prussia has been pleased to order an annual subscription of 25*l.* to be paid in his name to your Society.

Mr. Millard's extensive operations having rendered it necessary to relieve him of some portion of the labour which devolves upon him, the Berlin District has been assigned to the Rev. Dr. Simon.

**AUSTRIA AND HUNGARY.**—The record of the work which Mr. Millard has been enabled, through God's mercy, to accomplish in this part of his district must ever constitute one of the most interesting chapters in the history of your Society. The work may be said as yet to be only in its infancy, and yet so manifestly has the blessing of God rested upon it, that during the past year the circulation has risen from 25,298 to 58,091 copies of the Sacred Scriptures. The depôts at Vienna, Pesth and Prague, have been maintained with great success.

Mr. Millard has made a tour in Transylvania, with a view of supplying the people with the Word of God.

From the Belgrade Depôt in **SERVIA** the issues have amounted to 2253 copies.

**POLAND.**—Mr. Millard has also paid a visit to Warsaw, with a view of ascertaining whether the way was open for the commencement of operations in Poland. His journey has been most successful, and his efforts have been prospered in a manner which calls for special gratitude.

**SWITZERLAND.**—The records of the past year connected with this important field of labour have been most interesting, inasmuch as Mr Davies has been able to undertake a tour of inspection through several of the cantons, and to gather information from various sources which have been most useful to him in the prosecution of his work. The issues have amounted to 47,843.

**DENMARK.**—The Rev. J. Plenge, who for some years was the Chaplain of the Danish Church in London, has been appointed to succeed the Rev. N. P. Grönberg as the Agent of the Society for Denmark. The issues for the year show a total of 16,568 copies.

**ICELAND.**—A fresh edition of 10,000 copies of the New Testament and Psalms in Icelandic is now in the press. The Old Testament has also advanced as far as Jeremiah, and is anticipated by the people with much gladness. Upwards of 250% has been received, as the result of the sale of the Scriptures during the past year.

**NORWAY.**—The frugal and domestic habits of the people of this country furnish a soil by no means unfavourable to the growth of Divine Truth, and the progress which education and consequent intelligence are making among them, renders it incumbent upon those who would direct such a movement not only to point out the word of God as the one text-book from which the great lesson of life may be learnt, but to place it within reach of all who are able to read and willing to receive its gracious record. From the Depôts at Christiana, Christianssand, Stavanger, Drontheim, Bergen and Tromsø, nearly 20,133 copies have been issued.

**SWEDEN.**—The issues from the Depôt at Stockholm have amounted to 72,211 copies.

Dr. Rohltlieb furnishes a most interesting account of the Jubilee Festival of the Swedish Bible Society, from which it appears that its circulation during the last fifty years has amounted to 800,000, whilst that of your own Society has raised this number to upwards of two millions, or, taking the population of the country at four millions, it may fairly be inferred that some portion of the Word of God has been placed in the hands of every third person in the Swedish dominions.

**RUSSIA.**—Russia is a country which, during the last few years, has made rapid progress along the highway of civilization. That the Scriptures are being circulated in large and growing numbers, is a most hopeful feature in the present history of this nation. A new Depôt has been opened in the capital during the past year, and, under wise counsel and careful supervision, the work is developing itself with an expansive power, which bids fair to overtake the neglect of ages, and to make itself felt in many a heart and many a home, hitherto cheerless for want of spiritual light. The total issues from your Depôt have amounted to 50,875 copies.

The Proverbs and Isaiah, in Modern Russ, have been translated during the year, and the New Testament, with marginal references, is being prepared,

**ODESSA.**—Your Committee have but little intelligence to communicate concerning their work in South Russia. Their correspondent at Odessa, Mr. Melville, has been suffering from severe sickness. The issues have amounted to 7958 copies.

**PORTUGAL AND SPAIN**—The Rev. F. H. Roughton has shown much judgment in occupying the ground committed to his care. The principal instrumentality employed by him for the circulation of the Scriptures has been that of colportage. He has now six men in regular work, and his difficulty is, not how to sell the Scriptures, but how to keep the men provided with a sufficient supply to meet the demands.

As regards Spain, your Committee have nothing new to communicate. The way is not yet open for the occupation of that country by any special agency, and their present duty seems to be to watch and pray.

**ITALY**.—Your committee have continued to circulate the Scriptures in Italy wherever they could obtain an entrance for them. The total distribution has amounted to 28,152 copies, very nearly equal to the numbers of last year, a result most satisfactory when it is remembered that in the south of Italy the cholera prevailed to such a fearful extent as to produce a complete panic. Nevertheless, the Colporteurs have maintained their ground. Thirty-six of these useful messengers have been employed, with very little intermission, selling an average of 470 copies each, and speaking a word in season, wherever opportunity offered, in commendation of that message of mercy, which their book contains.

**MILAN**.—The Scriptures have been circulated so freely, for some years, in Lombardy and the Northern parts of Italy, that it is no cause of astonishment to find the issues from your Depôt in this city reduced from 6056, which they had reached last year, to 5166.

**TURIN**.—The issues from this Depôt, which, in 1864, amounted to 4466 copies, have during the past year risen to 5810.

**GENOA**.—From the Depôt at Genoa, 3456 copies have been issued. A considerable number of these have been sold in the city itself, whilst some have found their way to the soldiers in the fortresses, and to the sailors in the harbour.

**FLORENCE**.—This is one of the most important centres of Christian effort in the whole of Italy. The Scriptures are here printed in large numbers, and during the past year your Society has issued another edition of 10,000 copies of Diodati's Testament, making a total since the press has been at work of 25,000 copies.

**LEGHORN**.—From the Depôt in this town, 969 volumes have been issued, a number not very large, yet well worthy of being noticed in the records of your Society's work.

**NAPLES AND SICILY**.—The issues from the Depôt have amounted to 5827 volumes, and the Colporteurs, who are under the superintendence of Signor Andreatini, have visited Calabria and the Basilicata as well as the Islands in the Bay of Naples.

**MALTA**.—The sales amongst the Maltese are always small. The rule of the priests seems supreme, and the fetters of bigotry are hard to break. Mr. Bruce, however, reports the issues as having amounted to 7391 copies, of which 1082 were sold in Valetta.

**ALGIERS**.—The sales of the past year have surpassed those of any previous year, and have amounted to 2250 volumes, for which £72 have been received.

EGYPT AND SYRIA.—Mr. Bruce has taken a tour in Egypt, and thence proceeded to Jerusalem, Beyrout, and Damascus. Several grants of Scriptures in English, Arabic and German, have been made during the year to Mrs. Thompson for use in her schools at Beyrout and the Lebanon.

TURKEY.—The total issues of the year have amounted to 16,155 copies, or only 1295 less than the preceding year. When allowance is made for the effects produced by cholera, as well as for the expansion of the operations of the American Bible Society, Dr. Thomson thinks that there is every cause for gratitude rather than discouragement.

CONSTANTINOPLE.—The Government is still the great obstacle in the way of any general advance towards the Truth among Mohammedan inquirers.

BULGARIA.—No detailed accounts have been received from the Colporteurs working in this country, but the sales have been considerably above the average.

ALBANIA.—There are many circumstances which have combined almost to shut out this province from the rest of the civilized world. Latterly, however, the country has become better known, and the spiritual welfare of its people is drawing out the sympathies of those who are ready to help.

IOANNINA.—Mr. Davidson has entered upon his work here with much zeal, and, since the middle of May, 1865, the Depôt has been in active operation.

SCUTARI.—Mr. Riedel has been discharging the duties of his office in connection with this Depôt with much diligence, his sales have amounted to 340 copies.

BOSNIA AND HERZEGOVINA.—Mr. Tabor, who superintends your work at Sraievo, has not failed to avail himself of every opportunity which has presented itself of forwarding the good cause. He has made six tours into the more important districts of the province, and has been the means of circulating 890 copies of the Scriptures.

GREECE.—It is a token for good, that meetings for the reading of Scripture have been more numerous than before, and have been well attended. The issues have amounted to 1437 copies.

INDIA.—The spiritual welfare of India still continues to occupy the anxious thoughts of your Committee, and to call forth the best energies of the various Auxiliaries which are scattered over its surface. The scheme of a special Agency for India, to which your Committee were directed in the Spring of 1864, has neither developed itself so extensively nor been productive of such results as they had anticipated. Colonel Lamb, who, nearly two years ago, was appointed Organizing Secretary in the Bengal Presidency, and left this country full of zeal for the cause of Christ, has found almost every step by which he sought to advance, encompassed with difficulties of the most perplexing kind. He has visited eighteen mission stations in search of Colporteurs; he has offered the Scriptures for sale in eighty towns and villages, for which purpose he has travelled 3,000 miles, and he has succeeded in selling 1,226 copies of the Word of God.

CALCUTTA.—The issues from the Depot, which has now been removed to a more favourable situation, have amounted to 27,114 copies, and have been about 7000 in excess of those of the preceding year. Great hopes are

entertained that Colportage may yet be useful in effecting a wider circulation of the Scriptures.

Your Committee have made the following grants to the Calcutta Auxiliary, viz:—For General operations, £500. For Colportage operations, £1,000. 700 Reams of Printing Paper, value £437 8s. 3d. 2799 copies of the Scriptures.

ALLAHABAD.—The work of the North India Auxiliary during the past year has not been marked by any events of a very special or striking character. Intelligence however has been received from many quarters to the effect that the progress of Scripture distribution is steady if not rapid. The issues of the year amount to 25,266 copies. An extensive system of Colportage has been worked out with much success. Three stations have been added since the last report, to the thirty-three which were then in existence.

LAHORE.—It is only two years ago since a Bible Society was formed whose operations were to embrace the Punjaub, and whose head-quarters were to be at Lahore. The population of the Punjaub amounts to about 15,000,000, of whom it is presumed that 800,000 are able to read. In addition to a grant of £200 and 250 reams of paper, voted in the early part of the year, your Committee have authorized the Auxiliary to draw for a further sum of £1000, and have made a free grant of 2820 copies of the Scriptures.

MADRAS.—The Madras Auxiliary has now been in existence forty-five years. It began in 1820 with a circulation of 3000 copies, and its issues now amount to 97,000. A total of 1,662,000 copies have been distributed by it since its formation. The Auxiliary has various Depôts. In the one at Madras are stored chiefly the English, Talmil, Telugu and Hindustani Scriptures. At Bangalore and Mangalore the bulk of the Canarese Scriptures are kept; whilst the Depôt at Trevancore contains the Malaylim editions.

BOMBAY.—This Auxiliary, though it is far from having received the amount of support which it deserved, and though its circulation is small when compared with the vast territory which it embraces, is yet able to report some progress. The total issues are 400 in advance of those of last year.

CEYLON—COLOMBO.—The chief feature of the work of this Auxiliary is the revival, under the Presidency of the Bishop of Colombo, of the public meeting, which has been discontinued for some years. The sales by Colportage and from the Depôts have amounted to 843 copies.

CHINA.—The entrance of the Gospel into China, and the readiness with which the Word of God has been received by its people, is a fact full of hope and encouragement to the Christian Church. Mr. Wylie has been most active and energetic during the past year, and has used every means in his power to extend the efficiency of his agency. Five native Colporteurs have been employed. The total distributions of the year by Mr. Wylie and his Colporteurs have amounted to 48,197 volumes.

SHANGHAE.—It is very gratifying to find that the people so far value the Scriptures that they are willing to purchase them at a low price. The issues from the Shanghae Depot have amounted during the past year to 94,769 volumes.

HONG KONG.—The issues from the Depot have amounted to 21,267 copies.

**PEKING.**—There are two Colporteurs engaged here in the sale of the Scriptures, who succeed in disposing of about 30 copies a month. The revision of the Gospels and Acts, in the Mandarin Colloquial, is announced as complete.

**AUSTRALIA.**—The Australian Auxiliaries now number sixteen, and the branches 140. Your active agent, the Rev. Dr. Tucker, is still the only superintendent of your Society's work in these vast colonies. Your Committee have had brought before them the necessities of the country districts where the population is too scattered to admit of any organized action, and, with a view of placing the Scriptures within reach of all, they have authorized Dr. Tucker to adopt for these localities the system of Colportage, and have made a grant of £100 towards the expenses of such an agency.

**NEW SOUTH WALES.—SYDNEY.**—The work of your Auxiliary at Sydney has not been marked with any special features of interest during the past year. Its issues have been well maintained, and have been rather on the increase, having amounted to 3794 copies. The sum remitted as a free contribution to the Parent Society has fallen from £500 to £300.

**NEWCASTLE.**—Very satisfactory accounts of this Auxiliary have been received from the Rev. W. Bain, who has remitted 70*l.* as a free contribution, which exceeds that of last year by 20*l.*

**PARAMATTA.**—The Rev. R. L. King has remitted 70*l.* from the Cumberland Auxiliary, 30*l.* of which was contributed by the Liverpool Branch.

**HUNTER RIVER.**—this Auxiliary has been maintained with unabated vigour, though the difficulties with which it has had to contend have been very great.

**GOULBURNE.**—During the past year Dr. Tucker has travelled through a considerable part of the district which is included in the newly-formed Diocese of Goulburn. There is a Depôt in Goulburn well supplied, and many of the Branches have also opened Depôts in some of the towns in the interior.

**QUEENSLAND.—BRISBANE.**—A new Depôt has been opened at Fortitude Valley, in addition to five others already in existence. Your Committee have made a grant to this Auxiliary of 150 Bibles and 300 Testaments for the use of Sunday Schools.

**IPSWICH.**—The sum of 100*l.* has been received from this Auxiliary, of which 60*l.* is a free contribution.

**VICTORIA.—MELBOURNE.**—Dr. Tucker has devoted a good deal of time and labour during the the past year in aiding the Committee of the Victoria Auxiliary, and he reports progress in the work in all respects. The issues have amounted to 10,890.

**PORTLAND.**—A communication has been received from the Rev. S. Kelso, to the effect that the friends at Portland have formed themselves into a separate Auxiliary.

**GEELONG.**—This Auxiliary maintains a Depôt for the supply of the surrounding district.

**SOUTH AUSTRALIA.—ADELAIDE.**—The position which this important and well-conducted Auxiliary has taken up, has been well maintained during the year. The liberal sum of 600*l.* has been remitted for general purposes. The issues have amounted to 6389 copies.

**TASMANIA.—HOBART TOWN.**—Only two letters have been received from Hobart Town during the year, but they both evince a liberal spirit which deserves the best acknowledgments of your Committee. In the first Mr. Hopkins remits the sum of 100*l.* as a donation from himself to the Building Fund, and in the second 300*l.* as a free contribution from the Auxiliary.

**NEW ZEALAND.**—Your Committee have but little intelligence to communicate concerning this distant but interesting field of labour. Few letters have reached them, and these have for the most part been destitute of all information. The printing of the Maori Bible has been suspended until the revision of the New Testament is complete.

**AUCKLAND.**—The sum of 150*l.* has been remitted from this Auxiliary on the purchase account, and the Secretary states that the demands for the Scriptures is steadily increasing.

**WELLINGTON.**—Through the activity and zeal of the Rev. I. Harding, the Auxiliary in this town has been revived. A remittance of 23*l.* 4*s.* 6*d.* has been received as a free contribution.

**CANTERBURY.**—The energy with which this Auxiliary has been conducted, and the liberality with which it is supported, are best evidenced by the fact that 150*l.* has been received during the past year as a free contribution.

**SOUTH SEAS.—TAHITI.**—The Rev. G. Morris has remitted to your Society the sum of 72*l.* 7*s.* 1*d.*, being the proceeds of Scriptures sold in the island during the past year. The number of copies distributed has been 946.

**SAMOA.**—The correspondence of the Rev. H. Nisbet has been very frequent, and the remittances made by him in payment for Scriptures very large. They have amounted during the year to no less a sum than 887*l.* 19*s.* 8*d.*, and bring up the total received for Samoan Bibles since 1863 to 2421*l.* 17*s.* 1*d.*

**SAVAGE ISLAND.**—A letter received from the Rev. W. G. Lawes states that he finds ample cause for thankfulness in the extended circulation of the Holy Scriptures, and that the people of Savage Island are making progress in the knowledge of God's Truth, to many of whom it has been the power of God unto salvation.

**NEW HEBRIDES.—ANEITYUM.**—Two letters, full of most interesting information on various points, have been received from the Rev. J. Inglis. He remits a sum of 30*l.* as a free contribution from the New Hebrides Auxiliary.

**FRIENDLY ISLANDS.—TONGA.**—The Rev. S. Rabone, of Sidney, has remitted 203*l.* 18*s.* 2*d.* on account of Scriptures sold in the Friendly and Fiji Islands, and the Rev. W. J. Davies, of Lifuka, has written a most interesting letter, conveying the best thanks of the Missionaries for the new edition of 5000 copies of the Tongan New Testament, which has been sent out to them.

**MAURITIUS.**—The sales and grants made through the Auxiliary during the year have amounted to 2800 copies—a number greater than those of the

two preceding years combined. Three additional Colporteurs have been engaged, so that five of these useful labourers are now at work, under the systematic supervision of four Missionaries who are members of the Committee.

**MADAGASCAR.**—Your Committee have received a very interesting letter from the Rev. R. Y. Hartley, dated Antanarivo, June 28. He gives a most encouraging account of the progress of the Gospel in Madagascar. During the last four years about 7800 copies of the Word of God have been circulated. Gratifying as this result may be, it is well to bear in mind that the population of the island is estimated at between three and four millions. The number of professing Christians is estimated at between 12,000 and 13,000, the greater proportion of whom are Hovas.

**SOUTH AFRICA.—CAPE TOWN.**—The total issues from this Auxiliary, since its formation in 1846, have amounted to 95,407 copies, and the sum remitted to the Parent Society to 12,493*l.* 4*s.* 6*d.* The branches connected with it are very numerous, and some of them are evidently in a very efficient state.

**PORT ELIZABETH.**—The first shipment of the Kaffir Bible and Testament has been received, and many eager purchasers have been found for them.

**GRAHAM'S TOWN.**—The number of Bibles and Testaments distributed has amounted to 2802 copies and the sum remitted to the Parent Society has been 200*l.* on the Purchase Account, and 20*l.* in aid of the Building Fund.

**KING WILLIAM'S TOWN.**—A large consignment of Kaffir Scriptures has been made by your Committee to this Auxiliary, which have been distributed, and are now on sale at every Mission Station in Caffir-land.

**DURBAN.**—A free contribution of £50 has been received during the year from this Auxiliary.

**WEST AFRICA.—SIERRA LEONE.**—Few reports which your Committee have this year received from the various Mission Stations with which they are connected have been more gratifying to them than that which has reached them from the Sierra Leone Auxiliary. During the first five-and-twenty years of this Auxiliary's existence, upwards of £1100 was remitted by it as a free contribution to the Parent Society; and now another five-and-twenty years having elapsed, it has celebrated its Jubilee in a manner worthy of its previous history, and voted to your Society the sum of £200 as a thank-offering for many mercies received.

**ODUMASE.**—The Rev. J. Zimmerman, who has long been engaged in the translation of the Scriptures in the Gâ, has, during the past year, completed the work. He is now engaged in a careful revision of the translation.

**SOUTH AMERICA.**—Your Agent Mr. Corfield, has, during the past year, at the suggestion of your Committee, visited the Pacific coast of that vast continent, to which his best energies have now for some years been devoted. No beneficial results of this visit can yet be announced.

**BRAZIL.**—The Rev. R. Holden, though not an accredited agent of your Society, still continues to superintend its work in the Brazils. He has had ten Colporteurs at work, two of whom are at Pernambuco, one at Bahia, one at Cardozo, one at Ferreira, and five at Rio.

WEST INDIES.—During the past year a plan has been matured for a special mission to the West India Islands. The Rev. W. M. Robertson, whom special circumstances had disposed to relinquish for a time his ministerial duty in this country, was, after mature deliberation, chosen to undertake this mission. The first Island to which he was instructed to direct his attention was Jamaica, and it may not have been without some special guidance of God's providence that he was led thither just at a time when the influences of God's Truth was most needed to calm men's minds, and subdue the excitement which the indulgence of angry passions had called forth.

MEXICO.—The Report of last year announced that the Emperor had granted Mr. Butler a license to sell the Scriptures throughout the whole of his dominions. Your Committee have since then received frequent communications from Mr. Butler, and though his course has not been so smooth as might have been expected under the security of the Imperial decree, he has yet been most successful in his work. Tampico, Vera Cruz, Mexico and Puebla have been the principal centres of operation during the year, but from these, journeys have been taken into the surrounding country, and the Scriptures have been freely distributed and gratefully received. The sales for the year have amounted to 2549 Bibles, 4005 Testaments, and 2710 Portions, making a total of 9264 copies.

UNITED STATES.—The receipts of the American Bible Society have amounted to £141,219, and the issues to 1,830,756 volumes. Among the new books which it has printed are the Gospel of St. Mark in the Creolese language of Curacao, and the Gospel of St. John and the Acts in the Benga language.

New plates are being prepared for a Reference Bible, 8vo., in the Hawaiian language, intended for families and Churches in the Sandwich Islands.

The Society has lately been engaged in celebrating its Jubilee, and the electrotyping of the Arabic Bible in ten different editions, is to be a memorial of this happy event, a waymark set up by which to commemorate the goodness of God in condescending so long to employ the American nation for the diffusion of His truth throughout the world. Your Committee have had much pleasure in acceding to the request of the Committee in New York to send a Deputation to represent your Society at their Jubilee Meeting. The Rev. Thomas Nolan, Incumbent of St. Peter's, Regent Square, and the Rev. T. Phillips, the senior District Secretary, have cheerfully undertaken this duty, and tidings have been received of their having reached their destination in safety.

The distribution of the Scriptures among the Freedmen of the South has engaged the attention and called forth the sympathies of your Committee more than once during the past year. The Rev. U. D. Ward having, in May 1865, applied on behalf of the American and Foreign Bible Society for a free grant from your Society for this purpose, 10,000 Testaments and 4000 Portions were willingly voted. A similar application has very lately been received, and a further grant made of 500 Bibles and 3000 Testaments.

BRITISH NORTH AMERICA.—TORONTO.—Your Committee feel much sorrow in recording the death of J. S. Howard, Esq., one of the Honorary Life Governors of your Society, and for upwards of twenty years the Secretary of the Upper Canada Auxiliary.

The most important event in connection with the operations of this Society has been a change in its constitution, providing for the establishment of Auxiliaries, having branches assigned to them within certain limits. A circulation of 35,231 copies has taken place during the past year, being 8638 in excess of the issues of the former year.

The sum of 2400*l* has been received from this Auxiliary in payment for books, and 96*l*. 5*s*. 10*d*. as a free contribution. This includes 70*l*. from the Hamilton Branch, and 20*l*. 14*s*. 9*d*. a legacy from the late T. Sandilands, Esq., of the Guelph Branch. Your Committee have voted as usual 200*l*. towards the expenses of travelling Agents and Colportage.

OTTAWA.—It cannot be otherwise than a subject of congratulation to the friends of this Auxiliary, that a sufficient increase of interest has taken place among its supporters to warrant the transmission to the Parent Society for the first time, of a free contribution of 50*l*.

MONTREAL.—The course of this Auxiliary during the past year is reported to have been one of usefulness and efficiency. Nine new Branches have been formed, which bring up the total number to 193. The issues have amounted to 16,046 copies.

QUEBEC.—The Auxiliary in this city has the remitted during the year the sum of 225*l*. on the purchase account, and has put forth considerable effort to enlarge its resources, so as to develop its operations more fully. Your Committee have renewed their grant of 100*l*., which is applied towards the expenses of Colportage among the French population.

NEW BRUNSWICK.—ST. JOHN.—It is pleasing to find, that though the Auxiliary has suffered loss through the removal of old friends, there has been no diminution of zeal. The free contribution to the Parent Society has reached the large sum of 585*l*. 2*s*. 3*d*.

NOVA SCOTIA.—HALIFAX.—The number of Bibles and Testaments distributed during the year by this Auxiliary have amounted to 4142 copies, being 862 more than in the previous year, whilst the sum of 200*l*. has been remitted as a free contribution to the Parent Society.

NEWFOUNDLAND.—ST. JOHN'S.—It is always a cheering sound when those who superintend the working of any Auxiliary are enabled to state that unimpaired efficiency and unflagging zeal are its characteristic features. Such is the testimony borne to the devotedness and activity of the friends of the Bible Society at St. John's.

DOMESTIC.—The review of another year brings with it the sad remembrance of the loss of long-trying friends, and daily experience proves that such friends are not easily replaced. Your Committee have to record with sorrow the death of two of their Vice-Presidents, the Right Rev. the Lord Bishop of Chester, and the Right Hon. Lord Glenelg. Your Committee have also to mourn the loss of three of their Honorary Life Governors, the Rev. Hugh Stowell, Hon. Canon of Chester; Robert Ramsden, Esq., of Carlton Hall, Notts.; and the Rev. W. Swan, of Edinburgh.

FUNDS.—The receipts of the year from ordinary sources have amounted to 161,828*l*. 15*s*. 3*d*.; for special purposes the sum of 9546*l*. 14*s*. 11*d*. has been contributed, making a total of 171,375*l*. 10*s*. 2*d*.

The amount applicable to the GENERAL PURPOSES of the Society is 80,-525*l.* 12*s.* 10*d.*

The RECEIPTS in PAYMENT of SCRIPTURES have amounted to 81,303*l.* 2*s.* 5*d.*

The TOTAL DISBURSMENTS have amounted to 182,402*l.* 3*s.* 5*d.*, being 12,-658*l.* 9*s.* 7*d.* more than the previous year, the expenditure which again had been 18,386*l.* 19*s.* 11*d.* more than that of the preceding one.

ISSUES.—The issues from the Depôts at home and abroad have amounted to 2,296,130 copies.

The total issues of the Society now amount to FIFTY MILLIONS, TWO HUNDRED AND EIGHTY-FIVE THOUSAND, SEVEN HUNDRED AND NINE COPIES.

THE SOCIETY'S NEW PREMISES.—It is with feelings of deep gratitude to God, who has thus far prospered their way, that your Committee announce that all difficulties connected with the appropriation of a site have been finally removed, and that the New Building has been actually commenced. His Royal Highness the Prince of Wales having graciously acceded to the request, conveyed to him through your President, that he would honour your Society by laying the first stone, this important ceremony was solemnized on the 11th of June.

It is not, however, without some feelings of serious anxiety that your Committee find themselves embarked in an enterprize which has been forced upon them by circumstances over which they had no control. The purchase of freehold land, and the erection of a building suited in the requirements of a work so vast in its dimensions, have necessarily entailed an amount of expenditure, which it will be difficult to meet without a combined and strenuous effort.

Still, if all will unite in their several stations, and according to their respective means, to do what they can, and to do it heartily as unto the Lord, ample funds will soon be provided to erect a house where the Word of the Lord may be stored, and whence the light of His Truth may radiate throughout all lands.

SCRIPTURES FOR THE BLIND.—Some members of your Committee have long entertained the conviction that the Bible in embossed characters might be supplied to the Blind at a far cheaper rate, than has hitherto been the case. An experiment has been made which quite confirms the hopes that were entertained. The New Testament, and four portions of the Old, have been printed. The Psalms have also been completed, and the whole of the Bible will be published in due course.

The Rev. T. Phillips, the Society's District Secretary for Wales, has collected for the Building Fund, from 1002 Schools in that Principality, the sum of 617*l.* 5*s.* 3*d.*

BIBLE WOMEN.—The Report of last year contained such a full account of the Agency known under the designation of the "London Female Domestic Mission," that it is not necessary to do more on the present occasion than to express thankfulness that it still pleases God to give favor to such an institution in the eyes of the Christian Church, and that so much good is effected through its humble instrumentality. It has been the distributing, during the year, 7538 copies of the Word of God, in payment for which the

sum of 986*l.* 6*s.* 3*d.* has been received. This amount your Committee have willingly voted towards the expense of the Agency by which the Books are circulated.

IRELAND.—The Hibernian Bible Society continues in faith and patience the important work in which it is engaged. Its receipts have amounted during the past year to £4815 2*s.*, and the issues to 59,406 copies.

SUNDAY-SCHOOL SOCIETY FOR IRELAND.—Your Committee have had much pleasure in again affording some help to this Society in the prosecution of its noble work, and have made a grant for this purpose of 12,000 Bibles and 9500 Testaments.

CONCLUSION.—It is in the spirit of deep thankfulness to God for past mercies that your Committee have sought to render up an account of their stewardship. What, in God's providence, may be the results of their labour human reason cannot calculate, and the records of time will never disclose. The battle which the powers of darkness have from the beginning been waging with the Truth of God, is still maintained with increasing vigour, and "hath God said?" is still the question raised with the most subtle ingenuity, in order to throw doubt and discredit upon the written Word. But if the records of the last sixty years which you have published be not a mere fable—if the story of grace connected with the circulation of the Bible in every land be indeed a reality—then the Bible Society can accept the challenge and furnish the most convincing answer—Yes, God hath said; He hath spoken in well-nigh every language under heaven, and nations of every clime have received His law and bowed beneath His sceptre. He hath spoken in the majesty of His power and in the tenderness of His love, and wherever His voice has been heard, the idols have fallen prostrate before it, the ice-bound soil of ignorance and superstition has been clothed with the verdure of grace, and the barren and blighted tree of man's corrupt and sinful nature has yielded the fruit of righteousness and peace. "Instead of the thorn has come up the fir-tree, and instead of the briar the myrtle-tree," and these still "stand to the Lord for a name and for an everlasting sign that shall not be cut off." Far and wide may the testimony of these witnesses be borne; deep into the heart of each doubting gainsayer let it sink, that men may know that "He whose name alone is Jehovah is the Most High over all the earth," and that thus a way may be opened for the advent of that glorious day, when "all the nations whom He has made shall come and worship before Him and glorify His name."
