LET SAINT JOHN AND HALIFAX HAVE THIS BUSINESS

Letter Sent to M. P.'s for Maritime Provinces

Quebec Man Says Eighty Per Cent. of Canadian Grain Is Being Exported Through U. S. Ports and Should Be Diverted.

A copy of the following letter of interest, which has been sent to the federal M. P.'s of the maritime provinces, as has been received by The Times:

The Members of Parliament of Quebec, New Brunswick and Nova Scotia.

For some years the grain grown in Canada for export has been shipped to Buffalo and the American railroads and sent to the sea ports of New York, Boston, Philadelphia and Baltimore. And this situation is getting worse instead of better, so that before long they will have all the business of the world.

Twenty-three of these vessels have been delivered and thirty-seven are to be delivered and it appears that they will all have to go to the ports of New York, Boston, Philadelphia and Baltimore for the purpose of carrying the Canadian grain that should have been routed via the Canadian sea ports instead of the American sea ports.

Does it not appear to you that Canada is maintaining the American canals and canals at a profit to the Americans, and maintaining the Canadian canals and canals at a loss to the Canadians when we allow our traffic to pass over the American route. This is a loss to our railroads and canals of six to eight million dollars a year.

If you find that this is right, is it not your duty to the people that elect you to represent them in parliament to have this traffic diverted back to the Canadian sea ports where it belongs, by taking the matter up with all the members of the provinces of New Brunswick and Nova Scotia, for the purpose of having the federal government impose an export tax on the Canadian grain shipped for export via the American channels?

The reason why our grain is shipped over the American channels for export is because it is nearly all sent by the railroads to Buffalo and Erie and then transferred into the barges at Buffalo. The reason why Canada has not sent this traffic to the American route is because the lake steamers that carried it all water from Lake Superior down to the Canadian sea ports were taken over by the imperial government after the war.

As these vessels did not return, Canada is not the required tonnage to take on to have the federal government build a fleet of steamers to carry our grain over the Canadian sea ports through to Montreal, Quebec, St. John and Halifax, so as to keep the elevators filled at these ports for supplying the six to eight million bushels of grain that it will not be necessary to send to American ports for cargoes of Canadian grain.

These lake steamers will carry grain from Lake Superior ports to our sea ports cheaper than the Buffalo and Erie route because there will be no trans-shipment into barges at an intermediate port as they do at Buffalo, and they will come through without the expense of coal from the mines at Sydney, in competition with the American steamers that are now carrying our grain to our Lake Superior ports and taking return cargoes of our grain to Buffalo.

The question will be asked, will it be to send the lake steamers through the ports of St. John and Halifax? The answer is yes, because the lake steamers will absorb the proportion of the sea route between Halifax, St. John and Montreal.

Let us support Canada instead of the United States, and give Canadians the control of their own grain from the prairie to the seaboard, and the exchange of our grain for American vessels carrying its tonnage. What we have to do is to send the lake steamers through the ports of St. John and Halifax.

Yours sincerely,
T. M. KIRKWOOD,
Box 1316, G. P. O., Montreal, P. Q.

NOTION QUESTION A SERIOUS ONE

Halifax, England, Feb. 27—Presiding over a meeting of the Halifax chamber of commerce yesterday, F. Holroyd said the Americans were making no effort of their intention to use the whole of the cotton crop produced in America, which would be a serious thing for the textile trade of Great Britain, unless steps were taken to obtain raw cotton from other sources. Another member of the chamber said the price of cotton was so high that wool was being used to make some materials.

French Hard Put To It In Fight With Turks But Extricate Forces

Severe Struggle in Vilayet of Aleppo in Syria—Compelled to Leave Their Wounded—Report of Massacre of Armenians Confirmed.

London, Feb. 27—Official despatches on the situation at Marash, in the Vilayet of Aleppo, Syria, where French troops have been having a severe struggle with Turkish forces, announce that the French succeeded in extricating their contingents after very hard fighting. The French evidently withdrew hastily, as they were compelled to leave their wounded, which will be cared for by the American Red Cross.

A message from the same source confirms the reports of massacres of Armenians in the Marash district, but does not substantiate the statement from Armenian quarters that the number slaughtered was several thousand.

THE REPLY TO WILSON IS AT WASHINGTON

Washington, Feb. 27—The reply of the British and French plenipotentiaries to the American note received today at the state department. It was sent to the White House immediately after being decoded.

Paris, Feb. 27—Premiers Lloyd George and Millerand were able to reply quickly to President Wilson's note relative to the Adriatic through the action of Premier Nitti, who anxiously to enter into fresh negotiations with M. Trumbach, Jugo-Slav foreign minister, says Pertinax, political editor of the Echo de Paris.

The British and Italian plenipotentiaries hastened to make known this new Italian concession to Mr. Wilson, begging him to use his good offices to facilitate an agreement.

Pertinax also says that the supreme allied council also considered yesterday morning the answer to the observations made by the Hungarian peace delegation to the treaty submitted to the conference by the Entente. The council, he understands, maintains the treaty terms in their essentials, particularly demands relating to territory.

PHASES OF THE BAN ON FOREIGN SECURITIES

Toronto, Feb. 27—Following up the ban declared on foreign securities, an advisory committee was appointed here yesterday to co-operate with the banks. It was made clear that securities already contracted for will be allowed to enter Canada to complete the deal. Another question raised was, could Canadian trade in American stocks which are listed in Canada? This would apply to a stock like MacKay. The answer, that trading between Canadians on a stock of this kind would be perfectly legitimate, but it would not be possible to buy further MacKay stocks from another country.

CLOTHIERS OF ONTARIO MAKE REQUEST TO BOARD

Toronto, Feb. 27—Representatives of the Retail Clothiers Association of Ontario waited on Major Lewis Duncan of the Board of Commerce yesterday to ask modifications of the board's order of Oct. 15, which permits merchants outside of Toronto to mark up goods costing less than \$20 at the rate of 26 per cent. profit, and 38 per cent. on all goods costing the merchants more than \$20.

LANTIC SUGAR WAS LEADER IN ACTIVITY

Montreal, Feb. 27—Local stocks showed a stronger tone at the opening. Atlantic Sugar led in activity and sold from 92 1/2 to 74, compared with 89 7/8 at yesterday's close. Breweries opened unchanged at 81 1/2, and rose one-half a point. Spanish opened one-half higher at 80 and rose to 80 1/2. Montreal Power on the other hand opened lower at 85 1/2 and declined to 85.

ANOTHER STRIKE AT NEW YORK POSSIBLE

New York, Feb. 27—Towboat owners and members of the local marine engineers' union conferred today over the latter's demands for a seventy per cent. increase in wages and the eight-hour day. The union, which claims a membership of 5,200, may order a strike if their demands are rejected.

BORDEN EXPECTED AT HALIFAX TONIGHT

Halifax, N. S., Feb. 27—The Canadian lines Carnarvon, on board which Sir Robert Borden is reported to be a passenger, is expected to arrive here late tonight.

The Red Cross liner Rosalind arrived today from New York, after a slow trip of fifty-one hours.

As Hiram Sees It

"Hiram," said the Times reporter, "the Canadian Club under a hit last evening. Did you know about it?" "I seem to remember about it in the papers," said Hiram. "Yes," said the reporter, "they had a man from the Labrador to speak to them about that country. He gave them some information about how to live in a climate like that of Labrador. The only regret is that he did not come sooner—before that climate moved down to St. John. However, I have arranged with him to send me a couple of copies and a kumuk, and if I live in East St. John or Fairville next winter I will be able to come to town every day."

"That's fine," said Hiram. "I understand," said the reporter, "that the Board of Trade and Commercial Club were to have conferences with the Labrador man today. They would like to have steamship service between St. John and Labrador, so that we could get supplies direct. It is also believed that if the people could be persuaded to adopt harbor commission at Indian Harbor it would improve the health of the natives and render the work of the missionary much easier. It is quite possible a delegation will go up next summer to look into the matter. It would be the beginning of a Forward Movement that would doubtless spread to New Brunswick and Hudson Bay, and spread the fame of St. John to those regions."

This here harbor commission," said Hiram, "must be as good as a patent medicine. Regular cure-all—suits it."

"Nothing like it," said the reporter. "Brother Jerome extracted gold from sea-water, down on the coast of Maine."

"Don't that beat all!" said Hiram.

DOGS KILL SHEEP BY THOUSANDS

Fifty Thousand in New South Wales Alone, Says Report to Washington.

Washington, Feb. 27—Depredations by packs of wild dogs are causing Australian sheep owners heavy damage, according to officials reports received here. Fifty thousand sheep were killed within a few months in New South Wales alone, and the government is endeavoring to build a "dog proof" fence to isolate a district of almost forty square miles.

HOW KOLCHAK DIED

London, Feb. 27—The story of the execution of Admiral Kolchak, head of the ill-Russia government, is related in a war office despatch yesterday, as follows:

"Irkutsk had been recaptured by Siberian troops formerly under Kappel, but now commanded by Volsheviski. This force, after cutting through partisan departments, surrounded at Chernovo, Volsheviski proposed terms to the revolutionary military Soviet, in exchange for which the evacuation of the city would be guaranteed. This offer was unhesitatingly accepted by the Soviet, and the payment of a large sum of money, the provisioning of his troops, and the surrender of Kolchak. This occurred on Feb. 27."

"The Soviet refused these terms, executed the admiral and began the evacuation. On Feb. 8 Volsheviski's men are reported to have entered the city."

TWICE FACED GALLOW; WAS INNOCENT

Accident Saved Life One Time—State Legislature Votes Farmer \$4,000 Compensation.

Jackson, Miss., Feb. 27—The lower house of the state legislature voted today to award \$4,000 to a farmer who, having twice faced the gallows only to be ultimately exonerated of the charge of murder on which he was convicted.

The killing was that of William Buckley, a witness in a whittapping case, and occurred twenty-six years ago near Columbia, Miss. On the day set for the execution the noose slipped and Purvis fell through unhurt when the trap was sprung. His counsel won a retrial and the killing of Buckley and he was pardoned.

Two years later, Joe Beard, another farmer, cleared Purvis in a deathbed confession relating to the killing of Buckley and he was pardoned.

To Ask \$20,000,000 For Shipbuilding

Ballantyne's Statement re Completion of Mercantile Marine Programme—Big Scheme of Cunard Line Announced.

Ottawa, Feb. 27—Hon. C. C. Ballantyne, minister of marine, said today that the government would ask parliament for a vote of \$20,000,000 to complete the government mercantile marine shipbuilding programme.

New York, Feb. 27—Purchase of ten standard 3,000 ton steel steamships from the United States Shipping Board has been announced by the Lloyd Royal Belge, of Antwerp. The ships, which will be turned over as soon as they have discharged their cargoes in United States ports, were built in 1917.

London, Feb. 27—New York despatches telling of the work of the Cunard Line in the formation of a great British shipping enterprise designed to capture Germany's former traffic in emigrants and freights between Central Europe and America, are featured in the Daily Mail.

Before the war, German lines, subsidized by the German and Austrian governments, were enabled to defy competition.

The Mail says the Cunard Line is negotiating for the purchase of large dock space and sheds at Hamburg, former base of the Hamburg-American Line, and will open the new service with the liner Saxonia, which will include Hamburg on its next eastern trip.

Minister of Marine, after a conference with a delegation of the federal labor union, announced that he understood that the railwaymen had a duty to stand by their comrades, but the government also has its duty and it will do it.

The premier added that he remained entirely at the disposal of the delegates, since a general strike had not been called.

The cessation in labor on the Paris Lyons & Mediterranean railroad was estimated yesterday to have reached 80 per cent.

Minister of Works L. Trocquer says the sole cause of the present conflict is the disciplinary measures of which the railwaymen are complaining.

The railwaymen are protesting against the object, and not the question of wages, which was under discussion.

Delegations of railway workers' unions conferred with the premier yesterday afternoon relative to some action against the railwaymen.

The executive of the national union of railwaymen last evening issued an appeal to the railroaders asking them to suspend their strike movement.

"It is incredible," says the appeal, "that after a five years' struggle against the railwaymen, who are the promoters of civil war."

SENTENCE IN THE NAPADOGAN CASE DEFERRED

(Special to Times.) Fredericton, Feb. 27—The seven employees of the C. N. R. who were arrested at Napadogan on charge of stealing goods in transit on the railway and who pleaded guilty before Police Magistrate Limerick here, came up for sentence this morning and were further remanded until March 5.

Two others were brought from Nainville by Chief Investigator H. A. Paige and Detective O. B. Lawson. They appeared in court today. One pleaded guilty and the other not guilty, retaining counsel. They will come up on March 5.

IMPORTANT LAND LAW REFORM IN THE OLD COUNTRY

London, Feb. 27—(Canadian Press)—The law of property bill introduced in the house of lords by the lord chancellor is the most important measure of land law reform for the last 300 years, and of 178 clauses and sixteen schedules, altogether 200 pages.

Its main object is to make the real estate and personal estate laws alike and to end similes conveyances with out, however, abolishing the power to settle land on descendants or dispose of under will.

EASTERN MATTERS IN BRITISH HOUSE

Bonar Law Heard on the Turkish Problem

Government Is Asked About Report That 20,000 Armenians Have Been Slaughtered at Marash and Turks Menace All Cilicia.

London, Feb. 27—In the House of Commons tonight Bonar Law declared that he could not imagine anything more calculated to make the League of Nations a failure in the outset than to impose upon it the burden of the Turkish problem.

Mr. Williams, Liberal, asked whether the government had any information that a report had reached the Armenian delegation in London to the effect that 20,000 Armenians had already been slaughtered in the evacuated district of Marash, that large Turkish forces were menacing Mesina, and that the whole of Cilicia was in danger of massacre.

The premier said that up to the present he had not heard anything to indicate that this deplorable rumor was true. But he added, if such news came to the conference today they would have to consider what steps were necessary to arrest horrors of this kind.

In an explanation to Lord Robert Cecil, who asked whether there were any British representatives at Marash, Mesina, or Adana, Lloyd George said there had been a skirmish at Marash between French troops and rebellious Turks. The French were in occupation of Marash after the British retreat, but he thought they had withdrawn. He was not certain about Mesina, but was under the impression that it was fairly strongly garrisoned. He was doubtful about this story.

After questions began in the house yesterday, on the motion for adjournment with regard to the important debate on keeping the Turks at Constantinople, it was understood that no division would be taken, but the government, leaving nothing to chance, had sent out an urgent wire.

It was known that the policy of the Allies was to retain the Turk on the Bosphorus but under stringent restrictions and though the Labor party have decided to throw in their lot with the "big bag and baggage" party, not a single one of their own advisory committee advised differently, the balance of reasoned opinion both in the debate outside the house, is undoubtedly with the government and after a long discussion the motion was talked out.

MATERNITY CASES CARED FOR FREE

Calgary General Hospital Advances Towards Ideal of A11 Treatment Without Charge.

Calgary, Feb. 27—All maternity cases will hereafter be cared for free of cost in the general hospital. Under the present system school children may have their tonsils cut or adenoids removed outside the hospital, but in the hospital, at a cost of fifty cents.

"The hospital committee is working towards an ideal of free treatment for all," declared one of its members, "but it is not in a position to get that far yet."

W. B. STEWART OF DIGBY IS DEAD

For Many Years the Valued Clerk of the Municipality.

(Special to The Times.) Digby, N. S., Feb. 27—A gloom was cast over the town today when it was learned that W. B. Stewart, aged clerk of the municipality of Digby, had died last night. His condition yesterday gave much ground for hope, but the end came suddenly.

Mr. Stewart was really born into the office of municipal clerk, as his father, the late Henry Stewart, was clerk before him, and he entered the office when eighteen years of age and had been there continually ever carrying on the duties on his sick bed.

He was 75 years old and leaves to mourn his wife, three daughters—Mrs. J. C. Dehalinard, in the west; Miss Agatha, in New York, and Miss Margaret Corbett of Annapolis, and Mrs. Sydney Wood of Digby.

FEARFUL DEATH OF N. Y. FIREMEN

New York, Feb. 27—Two firemen lost their lives and seven others were seriously injured last night during a fire in the Nassau plant of the Brooklyn Water Gas Company on the East River waterfront of far exploded, hurling the blazing liquor about them as they were fighting the flames.

DECLARES LEVER ACT AMENDMENT UNCONSTITUTIONAL

St. Louis, Feb. 27—The amendment to the Lever food control act was declared unconstitutional by United States District Judge Paris here yesterday when he sustained a demurrer of the defense and dismissed the case of the I. C. Grocery Company, which was charged with violating a banist profit on sugar.

MILLION FOR HOUSING. Manitoba Supplement Grant From Federal Government.

An appropriation of \$1,000,000 from provincial funds to meet the housing requirements of Manitoba during the current year was announced by Hon. Edward Brown, provincial treasurer, during a debate in the legislature upon a resolution of J. W. Wilton calling upon the Government to submit legislation designed to enable workers to build dwellings, improve and repair houses and obtain the capital required for these purposes. This million, the provincial treasurer explained, would be in addition to a million available from the Federal grant.

PENSIONS FOR MOTHERS.
Ontario Bill to Be Introduced This Session.

Toronto, Feb. 27—The mothers' pension bill will be introduced in the legislature early in the session, according to Hon. W. R. Rollo, minister of labor and health, who said today that the drafting of the bill was almost complete. There has been a rumor that Toronto would protest against contributing half the money to be expended in this city under the bill, but Mr. Rollo said such protest, if made, would be ineffectual. Once the bill is passed by the house, he said, the municipalities will have no choice but to provide half the money required. Local committees will have charge of the administration of the fund in their districts, Mr. Rollo said.

PENSIONS FOR MOTHERS.
Ontario Bill to Be Introduced This Session.

Toronto, Feb. 27—The mothers' pension bill will be introduced in the legislature early in the session, according to Hon. W. R. Rollo, minister of labor and health, who said today that the drafting of the bill was almost complete. There has been a rumor that Toronto would protest against contributing half the money to be expended in this city under the bill, but Mr. Rollo said such protest, if made, would be ineffectual. Once the bill is passed by the house, he said, the municipalities will have no choice but to provide half the money required. Local committees will have charge of the administration of the fund in their districts, Mr. Rollo said.

COMMERCIAL SECRETARY. It was announced at the last meeting of the Commercial Club that the executive would secure the services of a permanent secretary. The relation of a live secretary to such an organization as the Commercial Club is set forth in a very interesting way by Mr. Carroll R. Woods in the February Rotarian.

OUR FOREST WEALTH. The Toronto Globe is of opinion that Canada can supply her own needs from her forests and also have a large export trade, without destroying the source of supply. This could only be done by a nation-wide policy of conservation. It is safe to assert that the log cut and pulpwood cut in New Brunswick this year exceeds the forest growth for the year.

THE CAPTURE OF CRONJE. On Feb. 27, 1900, an advance of the Canadian in South Africa compelled Cronje, the Boer general, surrounded in the bed of the Moudier River, to surrender to Lord Roberts. It was Majib Day, the time when a British force twenty years earlier had been cut to pieces in the same region by Boer forces. The Canadians besought the commander to let them wipe out the stain that day on its anniversary and their request was granted.

IN LIGHTER VEIN. "I hear you are going to marry Archie Blueblood?" said one society woman to another. "Is it true?" "Merely a rumor," exclaimed the other. "Not likely. Upon earth could I do with him? He's rejected by the army, he can't ride, he can't play tennis, and for that matter, drive a motor car."

AN OUTPOST OF EMPIRE. One would not be at all likely to think of Labrador as an outpost of empire, but from the bleak shore of the Labrador which belongs to Newfoundland, with its regular population of only five or six thousand, went forth whites, Eskimos and half-breeds to fight in the great war. They went freely, for Dr. Harry L. Paddon told the Canadian Club last evening that when conscription came all the able-bodied young men had already gone.

There is a very significant statement in a report by Dr. Hastings, medical health officer of Toronto, as follows: "Toronto death rate in 1909 was 14.8 per thousand of population. In 1919 it was 11.4 per thousand of population, which means that there were 1,700 fewer people died in Toronto last year than ten years ago. A conservative estimate of the value of human life is \$2,500, and the courts place it at \$5,000. This means a saving of \$425,000."

His Private Stock Steals. Boston, Feb. 27.—All the planning of Dominic Caira of 2 Plympton street, Cambridge, to prepare for prohibition, according to the police, was frustrated when a thief entered Dominic's cellar, after forcing the lock on the door, and stole a barrel containing 16 gallons of wine. The thief, being unable to carry the barrel, procured a small boy's hand-truck and hauled the "merry mulligan" away. Dominic told the police that he followed the tracks of the hand-truck through the snow until he struck a hind trail where other tracks crossed and recognized the one that he was following. At this point he lost the trail and the hopes of recovering his wine.

THE AUTO SHOWS. Each year I go to see the show where autos are displayed, those works of art from every mart, the finest wagons made. The limousine is a brawler green, with cushions large and fat! "Some day," I sigh, "I hope to buy a gorgeous car like that." The new sedan of noble plan suggests a lilyon bliss. "Some day," I mean, "I hope to own just such a bus as this." And, bright and gay, the new coupe appeals to me.

SHOOTS FATHER

Girl Feared That Life of Her Mother Was in Danger.

Annapolis, Md., Feb. 27.—Recovering from a state of hysteria sufficiently to visit the story of the affair, Miss Ruth Jefferson, eighteen years old, of Eastport, a village just across Spa Creek from this city, told the conditions under which she was forced to shoot her father, who is now in a dangerous condition in the Emergency hospital. Annapolis, with a bullet wound directly above his heart.

"My father declared his intention of killing mother and then shooting himself," Miss Jefferson said. "He made similar threats on previous occasions when he did not appear to be himself."

She said nothing unusual had occurred until just before 12 p. m. when her father told her that she might be repared for "something awful."

"He told me," said the girl, "that he tended to kill mother and himself, and I would find them both stiff in the morning. Remembering there was a small revolver in the drawer of a bureau, I got it, and in the meantime I saw my mother in a cupboard. In a moment Papa went into the bedroom and I was standing by the cupboard. He demanded to know where she was, and I told him she had gone to town. He had a revolver in his hand at the time. (This weapon was .22-calibre.) Papa seemed to know that mother had not gone to town, but as in the cupboard, and coming closer to me, he said that if I did not tell

where mother was he would kill me, too. I was thoroughly frightened, but drew the revolver which I was holding behind me and fired a shot. Papa afterwards walked downstairs into the kitchen, where he fell."

Since being removed to the hospital, Jefferson admitted, during a brief period of consciousness, that his daughter had shot him in defense of her mother. Until the daughter's statement was made, an air of mystery overhung the case, as no action was taken by the police and members of the family refused to talk concerning the matter.

LEAVES HIS WIFE WITH JURIST FOR BAIL; JUDGE WORRIED.

Los Angeles, Cal., Feb. 27.—Police Judge Chesbro was extremely embarrassed when a woman had been left in his lieu of \$25 bail, and he did not know what to do with her.

Walter Lincercum appeared before the court on a misdemeanor charge. Judge Chesbro fixed the bail at \$25. Lincercum did not have the \$25. Mrs. Lincercum who was in court, had a bright idea and whispered to the judge. He nodded assent and Lincercum rushed to minutes Papa went into the bedroom and I was standing by the cupboard. He demanded to know where she was, and I told him she had gone to town. He had a revolver in his hand at the time. (This weapon was .22-calibre.) Papa seemed to know that mother had not gone to town, but as in the cupboard, and coming closer to me, he said that if I did not tell

Everybody was happy until 5 p. m. when he arrived and brought no Lincercum. It was time to close the court. The judge looked at the clock and at the bail and registered great unhappiness. Then at mother had not gone to town, but as in the cupboard, and coming closer to me, he said that if I did not tell

RECENT WEDDINGS

PARLIAMENT OPENING.

Ottawa, Feb. 27.—Following the speech from the throne yesterday, Sir George Foster, acting premier, moved a resolution of acknowledgement.

Hon. W. L. Mackenzie King, leader of the opposition, seconding the resolution of acknowledgement, referred to the general regret felt in the absence of the premier, Sir Robert Borden, as in the circumstances which compelled his absence. There was another whose absence was sadly felt, said Mr. King, in referring to the late Sir Wilfrid Laurier. Especially on such occasions of ceremony was the absence of Sir Wilfrid Laurier noticeable.

The liberal leader paid a tribute to Sir George Foster, saying that in the absence of Premier Borden it was fitting that the honor of welcoming parliament to its new home should have fallen to the oldest member of His Majesty's privy council in Canada. He extended to the acting premier the congratulations from the opposition side of the house.

Before adjournment Hon. Charles Murphy asked Sir George Foster if he would make any statement as to when Sir Robert Borden would return to his place in the house. Sir George replied to do so, replied Sir George. The house then adjourned until 3 o'clock on Monday afternoon.

FRENCH HONOR FORMER CANADIAN BISHOP BRENT
The cross of the Legion of Honor has been conferred by the French government upon a former Canadian, Bishop Brent of Buffalo, N. Y., who served as a chaplain-general in the war. He is associated with the Society of Mission Priests of St. John the Evangelist, and visited St. John during the bi-centennial celebration of the Anglican church here in 1910.

Spring Announcements

Just Arrived!

SPRING SUITS FOR GIRLS AND WOMEN

Styles as fresh and cheerful as the spring-time itself, and be good assortment from which to make selection.

When it comes to fine tailoring, these Suits will stand the test of the closest examinations and will be found splendid examples of painstaking care in every little detail of finishing.

COATS are showing with loose or semi-fitting backs, free hanging or belted, and skirts are fairly narrow in width.

GABARDINES, TWEEDS and SERGES are all favored for early spring wear and are developed in splendid shades of grey, light and dark sand, Copen, navy and others.

Touches of self-colored silk embroidery are evident on several of the more dressy models. Collars are mostly in roll shawl shapes. Pleated Coats are favored by those who prefer youthful lines, and smart belts are made in string style of self material, or very narrow leather bands. Pockets of various shapes and sizes are used in both Coats and Skirts.

Many other new style notes are also to be seen in these late Spring Models.

The Spring Bride-to-be could do no better than to select a frock from among these well chosen assortments.

(Costume Section, 2nd Floor)

NEW SPRING STYLES IN MEN'S SUITS AND TOP COATS

All that goes to make good clothes can be readily seen in our new stocks of Suits and Top Coats.

Men of all tastes will find here style, pattern and wearing qualities far removed from the common place, and customers who buy here take quality for granted.

TOP COATS for Spring are showing in many cleverly designed models. For the younger men Slip-ons seem to be the most favored, as they are correct for all occasions and offer the wearer complete comfort and snappy style. For the more conservative taste, "Chesterfields" are here in plain greys and blacks.

IN SUITS—Semi-form-fitting models are proving very popular. These are in two and three-button styles with soft roll peak lapel.

Other styles equally attractive are also being displayed.

Plain colors, pencil stripes and happily selected tweeds in good shades of brown and greys, as well as fancy mixtures, are predominant fabric features.

Society Brand Clothing

"SOCIETY BRAND" and other leading clothes makers have contributed to our showing of latest spring models.

BUILD UP BODY AFTER THE FLU

System Needs to be Strengthened, Blood Purified—"Liv-rite" Can do it.

A food to build up the body, to restore strength to the depleted organs, to purify the blood and make it good and rich again—that is what is needed by the many people who are just now recovering from attacks of influenza, la grippe, or heavy colds. Their constitution has been weakened and they need a tonic. If they desire to regain their strength there is no better medicine that they can take than "Liv-rite Tonic." It will strengthen the tired muscles, restore the vitality of the inner organs and set the system once again in good working order.

The iron used in "Liv-rite Tonic" is a blood and body builder, a new blood nourishment carefully prepared with vegetable oils. The formula strikes at the root of the trouble, repairs the liver, awakens it from the sluggishness into which it has gotten from the patient's illness. It renews life to those who have become run down in health and who find themselves greatly weakened by what they have undergone. If it is taken by those who have not been ill in such a way as to cause serious effects, it can prevent later troubles by fortifying the system against attack.

"Liv-rite Tonic" can be had from most reliable druggists or from the Maritime Drug Co., 108 Prince William street, on sending them a dollar when they will immediately return a package of "Liv-rite."—(Adv.)

Today is the twentieth anniversary of the Battle of Paardeberg, which was fought in the second Boer war. Tomorrow will be the twentieth anniversary of the relief of Ladysmith, an event which was elaborately celebrated in St. John and throughout Canada. Today is the thirty-ninth anniversary of the Battle of Majuba, fought in 1855, during the first Boer uprising.

URGENT DRASTIC LAW FOR PUBLIC HEALTH

Toronto Taking Steps Directed to Secure Better Housing Conditions.

Toronto, Feb. 27.—Seven amendments, some of which are fairly drastic in their nature, are asked by Dr. C. J. Hastings, Toronto medical health officer, in a report submitted to the civic legislation committee today. Summarized, they are as follows:

(1) To amend the Public Health act so that "owner" will be defined as the "person for the time being receiving the rent"; (2) Provincial Board of Health to advise government officers re heating of apartment houses and other residential premises; (3) to direct the alteration or destruction of buildings unfit for human habitation; (4) to prevent overcrowding in human habitations; (5) to control unnecessary noises; (6) to transfer control of residences from police commissioner to city council; and (7) to regulate and control all places where foodstuffs are made for sale or sold.

In regard to No. 1, Dr. Hastings wishes to avoid trouble in fixing the responsibility on the proper party where a prosecution is made. No. 2 relates to the many complaints made that there is a lack of heat in fall, winter and early spring in many apartment houses. "In many cases we have found that practically no heat was furnished," says Dr. Hastings, "and in many cases insufficient heat was given even where there were young children or sickens, and where it was necessary in the interests of health that a proper degree of heat would be maintained."

If this clause is adopted there would be a law to compel the proper heating of street cars. In regard to No. 4, the medical officer of health suggests 600 cubic feet of air space for each child in a sleeping room and 800 cubic feet for each adult.

No. 7 relates to the existing law regarding the civic licensing of places where cakes, pastry and candies are made for sale or sold, and he would make this much wider by applying the power to all foodstuffs.

ARGUING DECLINE IN BIRTH RATE

When He Received Telegram Announcing Arrival of His Seventeenth Child.

London, Feb. 22.—Arthur Hayday, M.P., was making a speech in the House of Commons bitterly attacking profiteering and giving statistics showing that the decline of the birth rate was resulting in a detrimental decline of the birth rate when a messenger interrupted him, handing him a telegram. Hayday read it, then continued:

"I believe I have a superior right to speak on this subject; I've just got the news of the birth of my seventeenth child."

After the applause had subsided, Hayday announced he would name his youngest child David, after the man who himself was born as "one too many" of poor people and who today is prime minister of Britain.

DOMINION L. O. L. FAIR.

There was a large attendance last evening at the fair which is being held under the auspices of the Dominion L. O. L. 144, in Simonds street, and the officials of the lodge are well satisfied with the results to date. The prizes were won as follows: Shooting gallery, gentlemen's gloves, George Slackhouse, ten pins, Miss C. Hamilton; bowling alley, coffee percolator, Mr. Saunders; gentlemen's bean board, pair of slippers, G. C. Chase; second bean board, watch, Mr. Beaman; ladies' bean board, large cake, Miss Ramsay.

ST. DAVID'S Y. P. A.

The regular meeting of the St. David's Y. P. A. which was to have been held last Monday but was postponed because of the "1920 Revue," was held last evening in St. David's church. R. W. Heine was in the chair and a very excellent programme was carried out, consisting of a piano solo by Miss Aird; solo, Miss Wally reading, Mr. Gardiner; solo, Mr. Girvan; reading, Mr. Rayworth, and an entertainment by the Tuxis Boys. Mr. Gardiner made the list of the evening and after the regular entertainment had been concluded, a number of games were played by the members.

A very pleasant surprise party was tendered Miss Swell and her party last night at the home of O. H. Tracey, Cliff street. There was dancing and whist games were played. Miss Swell, who is to take up her residence in

Former St. John Man Now in Florida Gains Twenty-five Pounds After Taking Tanlac.

"Yes, sir, I certainly do recommend Tanlac from the bottom of my heart, for it set me right several months ago, while I lived in St. John, New Brunswick, Canada, and I have been in good shape ever since. A few years ago, I was made up by John H. Greer, 1207 Florida avenue, Tampa, while discussing the merits of the medicine, a few years ago, Mr. Greer, who contemplates casting his lot with the people of Tampa, was formerly, and for many years engaged in the grocery business in St. John, New Brunswick.

"Tanlac has not only relieved me of all the bad effects of a spell of influenza, which I had last April, that came near costing me my life, but it has put me in shape to where I have gained twenty-five pounds in weight, besides, and I am a much stronger man. I believe it is the finest medicine in the world. The people up my way were buying it right and left and were all telling about the good it had done them."

"I was confined to my house and bed with the 'flu' for three weeks and then seemed to be little hope of me getting well. When I did finally get up I was just a complete nervous and physical wreck—so weak I was almost helpless. I was left without any appetite and my stomach so upset that even the sight of food was repulsive and I began to feel that I was not much longer for this world."

"I finally resorted to Tanlac, however, and both to my surprise and delight, I began to improve at once. My appetite picked right up, my nerves got stronger, and I soon felt myself regaining my lost weight and strength. As I became stronger, my old time energy returned and my friends were soon talking about my rapid improvement. I am still a well man and attribute my good health to nothing but Tanlac. I am glad to give the public the benefit of my experience with Tanlac because I believe it is just the medicine thousands of people are needing to build them up and make life worth living."

According to the testimony of the multiplicity of those who have used it, there is nothing more invigorating than Tanlac to persons suffering from the after effects of La Grippe, influenza, bronchial troubles, catarrhal troubles, or who are in a run-down condition from any cause.

In fact, there is no portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs thereby enriching the blood and invigorating the whole system. Next, it enables the weak worn-out stomach to thoroughly digest its food permitting the nourishing elements to be converted into blood, bone and muscle.

Tanlac is sold in St. John by Ross Drug Co. and by the leading druggists in every town.

HOW TO DARKEN GRAY HAIR

A Cincinnati Barber Tells How to Make a Remedy for Gray Hair.

Mr. Frank Harbaugh of Cincinnati, Ohio, who has been a barber for more than forty years, recently made the following statement:

"Anyone can prepare a simple mixture at home at very little cost, that will darken gray hair, and make it soft and glossy. To a half-pint of water, add one ounce of hair oil, one ounce of Orlex Compound and 1/4 ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is easy to use, does not color the most delicate scalp, is not sticky or greasy and does not rub off."

Windsor (Ont.), next week was presented a club bag.

The Portland Rolling Mills will be shut down today and the mill will be dismantled. The mills have been making bar iron for many years. About fifty men will be thrown out of employment.

Rub Backache Away.

Back hurts you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin. Linger up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

The Real Cause of Most Bad Complexion

It is a stern fact that no truly beautiful complexion ever came out of jars or bottles; the longer one uses cosmetics the worse the complexion becomes. Skin, to be healthy, must breathe. It also must expel through the pores, its share of the body's effete material. Oresans skin powders clog the pores, interfering both with elimination and breathing. If more women understood this, there would be fewer self-made, ordinary mercurized waxes. Instead of cosmetics, they would have natural, healthy complexion. This remarkable substance actually absorbs a bad skin, also unclogging the pores. Result: The fresher, younger appearance permitted to breathe and to show itself. An exquisite new complexion gradually peeps out, one free from any appearance of artificiality. Get an ounce of mercurized wax at your druggist's and try it. Apply like face cream, or a week or so, washing it off mornings.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more yawning, snuffling, mucous discharges, headaches, dizziness, no struggling for breath at night, your cold or catarrh is gone.

"Don't stop today!" Get a small bottle of Dr. E. J. Cream Balm from your druggist now. Apply a little of this great, antibiotic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. E. J. Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

ECLECTIC CLUB HEARS PAPERS

The Eclectic Club met last evening at the residence of Mrs. George F. Smith and enjoyed a fine programme arranged by Miss Edith Skinner dealing with the life and works of James Russell Lowell. In the absence of Miss Skinner, her introductory paper was read by Miss Anne Scammell. All of the papers greatly interested the gathering. Mrs. L. P. D. Tilley read a paper on Books and Libraries, following which Mrs. Alfred Morrissey gave a reading on the Vision of Sir Lancelot; Mrs. F. B. Ellis read an extract from a critique of Lowell's works with explanatory notes. Mrs. F. A. Foster chose for her paper a portion of Lowell's Italy. Mrs. Murray MacLaren read from the Bigelow Papers.

Votes of sympathy were extended to Mrs. James Harding and Miss Skinner in their recent bereavements. A special feature of the evening was an address by Dr. Harry L. Paddon of the Grenfell mission in Labrador. Dr. Paddon in a graphic manner described the living conditions of Labrador where last year the epidemic of influenza made terrible ravages among the people. He said the present situation seemed very high indeed unless those in more prosperous lands sent help to the kindly and optimistic Labrador people. He asked the sympathy and assistance of his hearers.

Refreshments were served at the close of the programme.

SEAMEN'S CONCERT.

The concert party of the Grampian, assisted by local talent, gave a splendid concert in the Seaman's Institute last night and was loudly applauded by an audience that numbered something over 400. The programme was a lengthy one and every number was given a grand reception. Vocal solos were given by Miss Edith Roper, Ernest Hammond, Miss Godfrey, G. White, J. Guig, A. Palmer, Miss McMan, J. Webb, Miss Rankin, Miss Knight, Miss Love, Mr. Byrne, General and Mr. Stewart, piano solos by Miss Morgan, Miss Robertson and Miss Lawrence, a piano duet by Miss Treva Wetmore and Len Wilson; a reading by Miss Orah Fisher; violin solo, by

Thin, Nervous People Need Bitro-Phosphate

Weak, thin people—men or women—are nearly always nervous wrecks; this conclusively proving that business, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that one of the best always for the nervous system is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate gives way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright and pale, sunken cheeks regain the pink glow of health.

CAUTION—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people report marked gains of weight in a few weeks. Those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

When two Wives Meet

Secretly, every wife is fiercely ambitious for her husband—his success, appearance, strength—his standing among his fellow men.

Be worthy of that wife of yours. Keep healthy! Strength, appearance, success depend on health.

Living habits today are largely artificial—indoor—sedentary. To be healthy, we must regard Nature's laws. And one of the first of her laws is "Avoid Constipation. Keep the poisons of intestinal matter moving out of your body."

By an entirely new principle Nujol will keep the poisonous waste moving out of the body. Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system.

Nujol prevents constipation by keeping the food waste soft, thus helping Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

It is absolutely harmless and pleasant to take—try it.

Nujol is sold by all druggists in sealed bottles only bearing Nujol trade mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet, "Thirty-Fest of Danger."

IF you want healthy, sturdy children, you must provide them with the right kind of food. At the same time it must be food that they enjoy.

The value of Cocoa as a beverage for children cannot be too strongly emphasized. It is both food and drink. It not only provides the hot drink which children crave, particularly in the winter, but it is rich in concentrated nourishment.

Often a child will refuse milk when it is essential to his health. Give him Cocoa and he loves it, and gets far more of the requisite nourishment than he would in a glass of milk.

Cowan's Cocoa, made in Canada, is prepared with an understanding of the requirements of Canadian children, and the mother who gives it to her children every day, is helping them to develop strong, healthy bodies and to withstand cold and illness.

HOSPITAL AID ELECTS OFFICERS

At the meeting of the Women's Hospital Aid Association, held yesterday afternoon in the board of trade rooms, Prince William street, the work of the past year was reviewed and the records show a remarkable growth, there now being 2,000 members enrolled and a sum of \$4,522.50 in the treasury. Mrs. E. Atherton Smith, the president; Mrs. J. Boyle Travers, the secretary, and Mrs. C. F. Sanford, the treasurer, were each re-elected by acclamation, and Mrs. J. Verrier McLellan was elected vice-president at large and denominational vice-president for the Methodists. Mrs. J. Boyle Travers, the secretary, submitted her report, in which she told of the good work done by the aid through its various committees. She also mentioned that the epidemic hospital had not been neglected as from time to time the committee has provided special delicacies. The entertainments at Christmas in the various hospitals were also mentioned. The untiring efforts of the aid in impressing upon the municipal council the need of a nurses' home and the fact that their efforts were not in vain, was also mentioned. Much pleasure was expressed by the meeting that such an addition will be made to the General Public Hospital. Mrs. A. C. Skelton, in the absence of Mrs. J. Duncan Smith, convener of the House committee, read the report. Mrs. May Travers, of the magazine committee, in her report mentioned that a book case was presented by Mrs. H. A. Powell and that the magazines each week are the gift of C. A. Munro. The various denominational vice-presidents reported that satisfactory work had been done by them during the year. Mrs. E. Atherton Smith, the president, addressed the members in which she mentioned the next goal to aim at was the furnishing of the nurses' home, which would probably cost about \$80,000.

Thanks to the board of trade were expressed to H. E. Armstrong in person, and also to others, Mr. Munro, Mrs. A. P. Crockett, Mrs. A. C. D. Wilson, Mrs. E. T. Sturdee and Mrs. Macdonald.

The other officers elected were as follows: Treasurer, Mrs. C. F. Sanford; secretary, Mrs. J. Boyle Travers; vice-president at large, Mrs. J. V. McLellan; committee convener, house, Mrs. J. Duncan Smith; visiting, Mrs. A. W. Adams. On motion it was agreed that members of the visiting committee should serve one week only. Magazines, Miss M. Travers; and ways and means, Mrs. W. W. White. Denominational vice-presidents were appointed as follows: Anglican, Mrs. A. C. Skelton; Presbyterian, Miss T. McLaren; Catholic, Mrs. James H. Doody; Methodist, Mrs. J. Verrier McLellan; Baptist, Mrs. J. H. Jenner, or in the event of her being unable to take office, Miss Alice Estey; Jewish, Mrs. L. Green; Congregational, Mrs. Flewelling, and Salvation Army, Mrs. Moore. Advisory board—Miss Addy, Mrs. A. W. Estey, Mrs. George E. Smith, Mrs. Fred Dunlop, Mrs. Gough, Mrs. Percy Thomson, Mrs. H. SAYS TECHNICAL EDUCATION WILL REDUCE H. C. L.

Toronto, Feb. 27.—By the development of technical education the cost of living could be reduced, said Professor Gill, director of technical education for Canada, to members of the Canadian Manufacturers' Association at a luncheon here yesterday. To ensure the success of technical education it was necessary, for the government to have the continued support of both manufacturers and labor throughout the country.

M. Martin an employee of the Cornwall cotton mill, had his arm caught in the machinery last night and was badly injured. He was taken to the hospital.

Warren Perry, charged with stealing \$1620 from C. H. Peters' Sons, came before the police court yesterday and was remanded. Jack Beckwith, charged with theft from the Benefit store, was also remanded. It is said he will be charged with escaping from the Boys' Industrial Home.

The employment of a traffic expert to report on St. John's transportation needs was discussed at a meeting of the council of the board of trade yesterday. The matter was referred to the traffic council. A. H. Wetmore, M. E. Agar, H. C. Schofield and W. S. Allison were appointed a committee to consider the matter of establishing an abattoir in the city. It was announced that the traffic expert of the Canadian Manufacturers' Association would address a meeting of the Rotary and Commercial clubs next month.

Lodge No. 1, Newfoundland Society, visited Mulborough Lodge, Sons of England, on Wednesday. R. J. Carloss presided and on the platform were Isaac Mercer and H. C. Vanwart. Refreshments were served by E. C. Tremaine, E. A. Darby, J. Mills, F. H. Shear, G. R. Lowell, and the following took part in a programme: G. H. Jarvis, E. C. Tremaine, C. Denison, F. H. Shear, R. E. Storey, J. F. Halsall, C. Ledford, B. W. Thorne, G. A. McKel, A. E. Milton, E. J. Duggall, H. W. Bird, A. J. Green and A. S. Webb.

The untiring efforts of the aid in impressing upon the municipal council the need of a nurses' home and the fact that their efforts were not in vain, was also mentioned. Much pleasure was expressed by the meeting that such an addition will be made to the General Public Hospital. Mrs. A. C. Skelton, in the absence of Mrs. J. Duncan Smith, convener of the House committee, read the report. Mrs. May Travers, of the magazine committee, in her report mentioned that a book case was presented by Mrs. H. A. Powell and that the magazines each week are the gift of C. A. Munro. The various denominational vice-presidents reported that satisfactory work had been done by them during the year. Mrs. E. Atherton Smith, the president, addressed the members in which she mentioned the next goal to aim at was the furnishing of the nurses' home, which would probably cost about \$80,000.

Thanks to the board of trade were expressed to H. E. Armstrong in person, and also to others, Mr. Munro, Mrs. A. P. Crockett, Mrs. A. C. D. Wilson, Mrs. E. T. Sturdee and Mrs. Macdonald.

The other officers elected were as follows: Treasurer, Mrs. C. F. Sanford; secretary, Mrs. J. Boyle Travers; vice-president at large, Mrs. J. V. McLellan; committee convener, house, Mrs. J. Duncan Smith; visiting, Mrs. A. W. Adams. On motion it was agreed that members of the visiting committee should serve one week only. Magazines, Miss M. Travers; and ways and means, Mrs. W. W. White. Denominational vice-presidents were appointed as follows: Anglican, Mrs. A. C. Skelton; Presbyterian, Miss T. McLaren; Catholic, Mrs. James H. Doody; Methodist, Mrs. J. Verrier McLellan; Baptist, Mrs. J. H. Jenner, or in the event of her being unable to take office, Miss Alice Estey; Jewish, Mrs. L. Green; Congregational, Mrs. Flewelling, and Salvation Army, Mrs. Moore. Advisory board—Miss Addy, Mrs. A. W. Estey, Mrs. George E. Smith, Mrs. Fred Dunlop, Mrs. Gough, Mrs. Percy Thomson, Mrs. H. PIGEONS SMUGGLE
DRUG OVER BORDER

Rochester, N. Y., Feb. 27—A flock of carrier pigeons is now bringing drugs to recent apostles of J. Barleycorn, the police have been told.

The pigeon man is said to be in touch with a Canadian who lives not far from Toronto. The man ships a coop of carrier pigeons to his Canadian friend, who in turn "loads" the birds for passage across Lake Ontario into the United States. It is claimed that during the past week no less than forty pigeons have arrived at their home stations, and that attached to a leg on each bird was an ounce of cocaine, "worth" \$12 an ounce at wholesale.

Since the prohibition era has dawned in Geneva and vicinity, many persons have observed that something has been obtained by certain characters stronger than hard cider.

Mrs. W. C. Good and Percy Reid conducted a sing-song for the members of the Boys' Club last evening. Marlborough Lodge, Sons of England, provided refreshments, which were served by Roy Handren and D. A. Ramsen.

LOCAL NEWS

TRAINS DELAYED.

The Montreal train, due at 6.45 this morning, did not reach the city until about 8.20. The Boston was reported four hours late and the Montreal two hours.

THREE BELOW.

The mercury started on a downward course last night and at seven o'clock this morning registered three degrees below zero. This is the first time in three weeks that the thermometer registered below zero.

ENGINEER LEES DEAD.

T. J. Cunningham, superintendent of the Elder Dempster Steamship Lines, this morning received word of the death of Herbert Lees, chief of the S. S. Akabo. Mr. Lees was well known in this port, having been here on several of Elder Dempster liners.

ENTRIES FOR RACES.

The entries for the city skating championships will close Saturday at noon. All those desiring to participate should send their entry to Joseph McNamara at the Y. M. C. I. Already the majority of speed skaters in the city have entered and some good racing may be expected.

PROPERTY LEASED.

The property at the corner of Sydney and Union streets, owned by the Roman Catholic B. shop of St. John, has been leased to the Bank of Montreal for twenty years. As announced in the Times yesterday, the bank is planning enlarging the premises now occupied by the Union street branch in this building.

APPOINTMENT.

Alfred Henderson, of this city, has been appointed New Brunswick representative for Benson & Hedges. Mr. Henderson was before the employment with Brock & Paterson, and returned from overseas last year. His friends are congratulating him upon the appointment.

FUNERAL POSTPONED.

The funeral of Mrs. Hugh Daley will be held on Saturday morning at half-past nine from the Mater Misericordiae Home to the Cathedral. It was to have been this morning, but was postponed to await the arrival of her son, Richard, detained en route by the delay of trains, due to storms. A son, William, arrived in the city yesterday.

FOUR NEW CASES.

Four new cases of influenza were reported to the Board of Health this morning that now makes a total of 283 since the outbreak of the disease, February 2. Out of this number there have been 183 recoveries, twenty-two of those reported this morning and thirteen deaths, which make the total of cases reported in the city at the present time only 117.

EARLY CLOSING.

It is expected that a delegation from the Clerks' Association will wait on the common council next week to ask that a bill be prepared and presented for enactment regarding early closing of retail stores in the city. It is understood that they will ask for all stores to be closed every evening except Friday and on Saturday afternoons throughout the year.

CASE DISMISSED.

Magistrate Allingham delivered judgment this morning in the Fairville justice court in the case against Charles Gillis, charged by inspector Merryfield with permitting liquor to be in his pool room at Fairville. The magistrate said that he had weighed the evidence and had come to the conclusion that the defendant had no knowledge of the liquor being on his premises. He therefore dismissed the case. William M. Ryan appeared for the prosecution, and J. A. Barry for the defendant.

IT IS HARD GOING BECAUSE OF STORMS

Reports From Suburbs—Four Below This Morning in Fairville.

The effects of the storm are still very apparent in the districts just outside the city. Roads are reported very heavy, in some places the snow banked high in the roadway and teams had to make passage by utilizing fields. Teamsters out toward Grand Bay and also from Spruce Lake direction say teaming is very arduous work since the last snow fall.

One side of Main street, Fairville, is still impassable for teams. It will cost a great deal to remove the snow, and yet the situation might be serious if a rain storm came along or a decided thaw occurred. The really only clear space is the street railway track which was kept open all through Wednesday's blizzard.

This morning the thermometer registered four below in Fairville at 7 o'clock.

RECEPTION TO BRIDE AND GROOM

An enjoyable reception was held last evening by the patrons and staff of the Salvation Army Hotel in honor of two members of the staff, Mr. and Mrs. J. W. Breen, who have just returned after their wedding tour. They were married in Oxford, N. S., on Feb. 24, and after a short honeymoon trip came to this city last evening. On entering the hotel a surprise came as all showered the happy pair with confetti and streamers. After cigars and a roasting reception, the party adjourned to another room, where a pleasing programme was rendered. Arthur Harris was the chairman and gave an opening address of welcome. The following programme was given: Song, King and Mrs. Laurie; comic song, Arthur Harris; recitation, Miss N. Craft; piano selection, Sergeant Tomkins; cornet solo, Essie Laurie; presentation of a reading lamp to the bride and groom, and appropriate reply was given. Refreshments were served and after the National Anthem and For He (and She) the Jolly Good Fellows, the party adjourned.

NOTABLES ON THE IMPERATOR

The Robert Reford Company, Limited, have received cable advice announcing the sailing of Cunard Line R. M. S. Imperator from Liverpool for New York on Feb. 22. Included among her passengers are Lord and Lady Auckland and daughter, Hon. Susan Constance Eden, Sir Ernest and Lady Glover, Count Louis Des, Hon. Crestes Ferraz, Don Enrique Sotelo, Colonel and Mrs. A. D. McCrear, C. B., and Col. H. S. Dean, C. M. G., E. S. O.

IT HAS COME!

She wasn't particularly attractive, nor was she one of those ladies whose social or other activities made her popularity known in the city. It was not known that she was one of the factors in the recent movement towards uniformity in dress for the working girls, yet she was certainly attracting attention as she passed quietly along the street. To the distant observer she bore no resemblance to the hundreds of other active people who passed to and fro, but all eyes turned and followed her. The reporter queried "a party?" He hastened his steps and the "story" developed. She was wearing a straw hat-dress, lit of straw. He's chief, stooped and gazed at a nearby thermometer. It was three below zero, and the most unkindliest cut of all—she was a working girl.

MORE ALIENS HERE.

Four more cars of aliens reached the city this morning from the west to sail aboard the steamer Melita for Europe. They are being deported from Canada as undesirable.

Panama, Feb. 27.—Lieutenants Foreman and Vaughn, two United States army aviators, carrying mails, were killed yesterday when their plane crashed from a height of 5,000 feet at Aguadulo.

BETTER FIRE PROTECTION FOR SYDNEY MINES

Sydney, N. S. Feb. 27.—The ratepayers have not only agreed that the Sydney Mines town council borrow \$10,000 to purchase additional fire fighting equipment but has recommended the installation of a fire alarm system and the town council will ask authority of the provincial legislature to borrow \$15,000 for fire purposes.

FORMER MINISTER OF WAR IN FRANCE DEAD

Paris, Feb. 27.—(Havas)—General P. A. Roques, former minister of war, died yesterday. He served with distinction during the war.

EVOLUTION OF MUSIC

An address by Mrs. J. M. Lawrence, on the evolution of modern music, was enjoyed by a large gathering of members in the rooms of the St. John Art Club last evening. She followed with appreciative interest and was assisted in the explanation of certain references by selections by Miss Helen Hazen, who presided, tendered the speaker a hearty vote of thanks.

St. John vs. Normal School

Frederick Glenner.—St. John High School basketball team and that of the Provincial Normal School will meet on Saturday afternoon at the Normal School gymnasium in this city. This is the first visiting team to play this year's Normal School team in this city, and the game is expected to prove an interesting one.

Ping Bodie Signs

New York, Feb. 26.—Ping Bodie, centre fielder of the Yankees, has signed his contract and is ready to go south with the club on Saturday. Bodie has been working in a shipyard in New Jersey, and is in fine physical condition. He weighs less than he did last season, and expects to show more speed.

Fire in Sydney

Loss of about \$169,000 resulted from a fire yesterday in the Bank of Nova Scotia building, Sydney. Included among the tenants burned out were A. D. Gunn, K. C. Gillies and Hill, and the Knights of Columbus, who lost a very beautiful home.

FARMERS OF B. C. TO UNITE IN ONE BODY

Victoria, B. C., Feb. 27.—(Canadian Press)—Farmers' institutes of British Columbia will likely pass from the agricultural life of the province before next

United Farmers of British Columbia to form one great independent farmers' organization free from all strings.

This is a result aimed at by a secret committee consisting of representatives of both bodies which came to a unanimous decision for amalgamation yesterday.

THE CAILLAUX CASE

Paris, Feb. 27.—The cross-examination of Joseph Caillaux by Prosecutor Lescove yesterday did not bring out any

new features or facts concerning Caillaux's activities during the war, but mainly dealt with the treaty of Versailles, which Leon Bourgeois, who is president of the high court, declared was necessary in order to throw light on Caillaux's activities during the war.

NEPONSET TWIN SHINGLES

Asphalt Saturation - Slate Surfaced - Fire Safe The owner of this comfortable and homelike residence in St. John, N.B., selected Neponset Twin Shingles for the roof. He wanted a dependable roof—a roof that would successfully weather every storm, the snow and the rain of the Maritime Provinces. He is thoroughly satisfied—his Neponset Roof is giving the protection he sought.

Follow his (and thousands of others) example by roofing with Neponset Twin Shingles. Neponset Twin Shingles are two shingles in one and are superior in every respect to any other shingle manufactured. They will not crack, curl or split. The ease with which they are laid—the labor they save—the few nails they require, and the fact that they are made of the best material, all these things are the reasons why Neponset Roofing is giving the protection they give, makes them the most economical roofing you can use.

Children and Music

FEW GROWN-UPS fully realize what music means to children—only a child holds the key to those elfin lands of delight—the fairy realm of a child's imagination, peopled by brave knights and proud princesses. Good music is as necessary to children as healthy exercise. A little one dancing to a merry tune, or listening open-eyed to wonder music that brings with it its picture of fairies and silver castles, is an exquisite thing to see. Such music is provided by the

PRINCE'S STRAIGHT TALK TO ETON BOYS

"Play for the Side, Not for Yourself" — Welcome to Windsor.

Windsor, Feb. 26.—I have often wished that I had been at Eton. The Prince of Wales could have said nothing more likely to please Eton boys than these words of simple sincerity. The prince had driven from Slough in a coach driven by white horses, and when he came to the school yard, his old brown walls carried with the names of hundreds of Etonians, the upper and lower schools were lined up before the chapel steps. Members of the Eton O. T. C. formed the guard of honor, and the band of the 2nd Life Guards played "God Save the King."

le B. Egerton, the captain of the school, and he read the boys' message of welcome. The prince shook hands with him, and then began his own speech. First he read from notes. This was when he was thanking the provost and masters of the college. But when he came to talk to the boys, it really was a talk—friendly, delightful, manly. The notes were put away, and it seemed as if the prince felt so perfectly at home

that words which came straight from his heart were easier than any written speech. "My experiences on active service brought home to me over and over again the wonderful worth to the nation of Eton and the English public schools," he said. "You produced many of our leading soldiers, whose names will go down to history, but you also produced thousands of gallant officers of lower rank, many of them my best friends, whose first thought was always of their king and country, and whose first care was of their men. "Playing for the Side." "I am not going to attempt to give you advice," the prince went on, "particularly as I do not possess the advantage that you do—that of being Eton boys—but there is one thing which I feel I must say to you today. That is, never forget the splendid example which is given you by the men who fought and won in the great war. "The splendid qualities of Englishmen, brought out in the war, are just as necessary now in peace time—living not for yourselves, but for your country, which is the same thing as playing not for yourselves, but for the side." "The many qualities of Englishmen, brought out in the war, are just as necessary now in peace time—living not for yourselves, but for your country, which is the same thing as playing not for yourselves, but for the side." After the happy little visit to Eton, the prince drove through the streets to receive the freedom of Windsor. A Solemn Declaration. The old town looked radiant, for there were flags everywhere, and all the Windsor people had left their homes and shops to give the prince the welcome which delicately forbids when the royal family is living quietly at the castle. Outside the jail, boys and girls guides made an escort. The prince had to make a very serious and quaint declaration before he was elected a freeman of the borough and admitted to the office of high steward. "I do solemnly declare that I will be subject and obedient to all the good order and customs of this borough," he said, "and I shall not consent to do or say anything whereby this town or the freedom thereof may be diminished." Prince's "Home Towns." A casket, made from Windsor forest oak, was given to the prince, in which to keep the documents of his freedom, and afterwards, the luncheon, given in his honor, he told the mayor how proud he was to be high steward of his "home town."

of the New York Commercial, writing in that paper: "Europe cannot pay us with gold as we are doing with our creditor nations, and we cannot extend further credit to her. Therefore she must pay us in goods. It may seem a strange doctrine, and yet if we can stimulate European commerce we will be materially helping ourselves. In the fifteen months since the signing of the armistice the world has merely been paying the way for reconstruction. It is a mistaken notion to assume that these intervening months have been part of the reconstruction period. That period is only now at hand."

WANT CUTTING OF THE EXPORT LUMBER TRADE

Urge Measures Similar to Those Governing the Export of Paper—Quota for Home Supply.

An Ottawa despatch to the Toronto Globe says: "Although the Board of Commerce has not yet taken any action with respect to the complaints arising from all parts of Canada as to the scarce and high prices of lumber, it has been represented to the board that the situation calls for the application to the export lumber trade of regulations similar to those governing the export of paper. It is urged that the measures should be taken in co-operation with the lumber manufacturers, the lumber merchants, the wood users and the builders to ascertain from year to year the estimated needs of every kind of wood, and to divide among the various mills at an average of filling this demand, making it obligatory for each mill to make its quota for the domestic market in order to gain permission to export the surplus. Will Be a Third Higher This Year. "It is stated here that lumber will be one-third higher in price this season than last year. About this time last year certain American buyers from North Tonawanda purchased the entire output of some Canadian mills at an average price of \$40 per M. for white pine. This year contracts have already been closed by American buyers for the entire output of some mills at \$60. Laths, which are now costing the public \$21 to \$25 per M., were sold originally by the mill at a good profit for from \$1.50 to \$2.50. Normally they are manufactured from slabs cut off logs when they are squared. The mill now charges from \$9 to \$13 per M., the wholesaler gets from \$15 to \$18, and the retailer from \$21 to \$25. There is a shortage because the Americans are willing to pay these prices or more. It is represented that it is more important for Canada to build houses and factories and to get its commercial fabric in running order than not to do this and get higher prices from the United States for the lumber. Many building men are afraid to buy at present prices, and they are anxious to prevent the country from being depleted of supplies. MUST IMPORT MORE. How the United States will face the new situation brought about by the crisis in foreign exchange continues to be a subject of daily discussion. Nothing since the armistice has brought about such a quick realization of the fact that the work of reconstruction is one of the greatest difficulties, and one which cannot be completed without following sound economic laws, and a certain measure of give and take. The idea which prevailed across the line for the first few months of the armistice that the world was at the feet of the new world ready to buy colossal quantities of goods has received much modification. "There can only be one cure for the foreign exchange situation, and that is for a free flow of goods in this direction," admits Walter D. Brown, editor
