Hindenburg Dead After Clash With The Kaiser

Associated Press Quotes News From Paper Published At Hague

German Field Marshal Said To Have Died of Congestion of Brain Following Stormy Scene With Kaiser—Differences Over Fighting on West Front—His Work in Russia Won Him Post As Chief—Was 70 Years Old

Amsterdam, July 12.—(By the Associated Press)—Field Marshal Von Hindenburg is dead, according to the newspaper Les Nouvelles. His death is said to have occurred after a stormy interview with the German emperor at Great Headquarters.

The emperor and the field marshal are declared to have had serious differences of opinion concerning the German offensive towards Paris. The field marshal died from congestion of the brain.

In the last six months there have been several rumors of the death of Field Marshal Von Hindenburg and there have been many reports that he has been in poor health. A despatch received in London on Friday from the Hague quoted a Dutch traveler from Germany as declaring that a report that the field marshal was ill and unable to participate in the work at army headquarters had spread all over Germany. German newspapers were not permitted to mention the rumor. The traveler added that General Lindendorf, the first quartermaster general, had taken over the field marshal's duties as chief of the staff.

Keeping step with reports of the field marshal's health have been despatches from Germany indicating that the field marshal and the emperor had had disagreements concerning the German offensive movement in the west. Late in May Field Marshal Von Hindenburg was reported ill with typhoid fever at Strasbourg. The field marshal on June 18, was reported by the Tribune of Geneva to be suffering from an acute nervous disease. The newspaper declared it had learned from a reliable source that his mental capacity was much affected and that he was confined in a private sanitarium. It added that the field marshal had taken no responsible part in the offensive on the western front.

At the outbreak of the war Field Marshal Von Hindenburg was general in retirement. He was credited with evolving and carrying out the campaign against the Russians in East Prussia which resulted in the serious Russian defeat at Tannenberg, for which he was promoted to field marshal on August 30, 1916, when he was appointed chief of the general staff, in succession to Gen. von Falkenhayn. When he became chief of the general staff, he was reported to have acted as his chief of staff on the Russian front, came with him as his right hand man, with the title of chief quartermaster general, and Von Hindenburg was seventy years old on September 26 last year.

The newspaper Les Nouvelles, which reports the death of the German leader, is published in the French language at the Hague.

AMERICAN AIRMAN IS PRISONER IN GERMANY

French Army Headquarters, July 12.—(Via Reuters' Ottawa Agency)—A letter has been received by a friend in France from Captain James Norman Hall, an American aviator, author of "Kitchener's Mob," who since April, when he was brought down in the enemy's lines, has been a prisoner in Germany. Captain Hall, writing from a hospital in Germany, says: "During a combat I had the misfortune to break the wing of my aeroplane, and then a shell from a small quick fire hit my motor. My ankle was badly broken in landing, so that I am now in hospital, where I am most likely to remain for some time."

KILLED IN FLYING ACCIDENT

Sigal Corps Observer Victim of 100-Foot Fall at Mincola.

Mincola, L. I., July 12.—Bruce N. Culmer, a private in the Sigal Corps, who was being trained at the army aviation field here in aerial observation and radio work with airplane, was killed at Feld 2 when a plane driven by Aviation Cadet J. Foster, fell about 100 feet. Culmer, who was making observations from the machine, was injured so severely that he died on the way to the hospital, but Foster, the pilot, escaped with scratches and bruises.

Culmer came to the field only a few days ago. He was a son of W. W. Culmer, of Martinsville, Ind.

Cobb Now At Top

Replaces Sisler As Leader

His Batting Recovery One of Most Spectacular Cabb Has Ever Staged—Crah Still Leads in Nationals

Chicago, July 12.—Tyron Raymond Cobb, batting champion of the American League, after getting away to a late start, is making the trail for the 1918 pennant by leading the American League in batting average.

The remarkable batting streak which Cobb is making to the top was started on June 17, and he maintained average in his batting average for the last thirteen games, he has cracked out eleven hits, stolen four bases and scored eight runs. He passed Hooper of Boston for the lead in scoring, having counted fifty-four runs during the season.

Leading batters for thirty-five or more games: Cobb, Detroit, .311; Sisler, St. Louis, .283; Baker, New York, .281; Burns, Philadelphia, .280; Pipp, New York, .277; Milan, Washington, .276; Walker, Philadelphia, .275; Hooper, Boston, .268; Ruth, Boston, .267; Murphy, Chicago, .262; Hedie Gray, Cincinnati, .261.

Washington, July 12.—A plan for action in Russia contemplating propaganda and trade extension, is being prepared by the committee on the Russian American Economic League, said to represent 500,000 Russians in the United States.

RUSSIANS IN STATES HAVE PLAN FOR A CAMPAIGN AT HOME

Washington, July 12.—A plan for action in Russia contemplating propaganda and trade extension, is being prepared by the committee on the Russian American Economic League, said to represent 500,000 Russians in the United States. The committee's proposed intervention in Russia at this time.

THE KAISER AS PROPHET

Amsterdam, July 12.—How the German emperor pictures the future of the world is recorded by his personal correspondent, the "Faithful" Karl Rosner, of the Lokal Anzeiger.

The emperor, after a busy day in surveying operations from a chain of observation posts, the emperor, chatting with his entourage, spoke with glowing enthusiasm, says Rosner, of the time when the forces now let loose on construction would again be placed in the service of peaceful pursuits.

The emperor then described "the marvellous possibilities" of the new gas motors which he would be covered by extracting nitrate from the air.

"With daring flights of fancy," continues Rosner, "the emperor predicted the harnessing of the rays of the sun and the recovery of the ocean's inner treasures."

This will all come to pass, the emperor assured his hearers, once Germany secures the "strong power" for which she is working.

ANNA STAMERS' MEMORIAL SERVICE SUNDAY EVENING IN CENTRAL CHURCH

At 8.15 tomorrow (Sunday) evening in Central Baptist church, following the regular service, a memorial service of a half hour duration will be held out of respect for the late Nursing Sister, Anna Stammers, who was lost in the hospital ship Landover Castle, torpedoed by the Germans three weeks ago off the Irish coast.

At the close of the ceremony flowers will be placed at the foot of the memorial by various church and patriotic bodies, as well as by private individuals and nursing organizations.

KAISER ILL OF INFERNITA?

Said to Have Left Western Front Because of Attack of Spanish Grip.

Rome, July 12.—Emperor William himself has fallen a victim to the influenza that has been so prevalent in the German army, according to advices from a Swiss source that have reached the Express.

It is said that the emperor has gone home from the French front because of the last fifteen years' business manager and treasurer of the Toronto Globe, has resigned and will soon assume the position of treasurer of the Russell Motor Car Company.

SUPREME COURT TO TAKE IT UP NEXT WEEK

Ottawa, July 12.—The Canada Gazette today contains a formal notice calling the supreme court in special session on July 18 to hear argument as to the validity of the order-in-council of April 20, cancelling exemptions in certain classes under the Military Service Act. Judgment is expected before the end of the present month.

DRASTIC ACT IN EFFECT MONDAY

New Prince Edward Island Liquor Law

MOST STRINGENT IN CANADA

An Outline of Some of the Main Provisions—One of Most Exact- ing Clauses Held for Proclamation of Governor

Charlottetown, July 12.—What is known as the most drastic prohibition act in Canada, passed at the last session of the provincial legislature, will go into effect on July 15. The measure was framed at the request of a commission appointed by the government last year to enforce the act and in whose hands the enforcement will still remain.

The main change is the appointment of a police officer to the handling of liquor is taken entirely out of the hands of the druggists.

The latter are not allowed to keep it on hand for any purpose except as alcohol in the manufacture of essences, tinctures, etc.

Provision was made for importation by the appointment of one wholesale vendor. He shall import all alcoholic liquors, and shall sell to the retail vendors under control of the prohibition commission. Inspectors to inspect all premises where any business carried on under the prohibition act will have practically unlimited power.

There will be more control exercised over the granting of prescriptions by doctors. A doctor must first officially have visited a patient before he can grant a prescription. He is also provided with a number of prescription blanks. The commissioners have realized that the quantity under the old act was not sufficient in certain cases, and have revised the schedule in the new act, so that a person living within ten miles of a vendor can obtain twenty-four ounces and anyone beyond ten miles forty-eight ounces.

There are already 15,000 French members of the order on active duty, the statement said. The headquarters of the American order are at Emmettsville, Md. The Sisters wear the habit of their order, which consists of a dark blue garb with a wide flaring coronet. In all other respects the Sisters follow Red Cross rules.

Nuns Join Red Cross

Sisters of Charity Organize American Base Hospital 102

New York, July 12.—American Sisters of Charity have called as war nurses, according to a statement issued by the Atlantic Division of the American Red Cross.

St. Vincent's Hospital, Birmingham, Ala. has organized Loyola Unit, officially known as Base Hospital 102, the members of which are now in New York being outfitted. The nurses are led by Sister Chrysothemis. The unit consists of ten Sisters, including a dietitian, laboratory assistant and secretary, and ninety Red Cross nurses.

There are already 15,000 French members of the order on active duty, the statement said. The headquarters of the American order are at Emmettsville, Md. The Sisters wear the habit of their order, which consists of a dark blue garb with a wide flaring coronet. In all other respects the Sisters follow Red Cross rules.

IDENTIFY GERMAN DEAD BY WATCHES

Amsterdam, June 12.—(Associated Press Correspondence)—Germany has recently issued a list of the numbers of watches found among the belongings of men killed in action who cannot be otherwise identified. Watches when sold or repaired are usually marked and numbered by the watchmaker, and recorded, and the German military authorities by circulating this list among watchmakers throughout Germany hope to establish the identity of many dead soldiers.

DUKE SETS A NEW RECORD FOR SWIM

Chicago, July 12.—Duke Kahanamoku, Hawaiian swimmer, yesterday made a new record for sixty yards in the Chicago Athletic Association tank meet, covering the distance with the crawl stroke in 25.15 seconds.

EXPULSION OF JEWISH PEOPLE FROM FINLAND

London, July 12.—The Finnish senate has decided to expel all Jews from Finland, according to advices from Copenhagen to the Exchange Telegraph. More than 800 Jewish families will be forced to leave the country.

Improve Port of Paris

Paris, July 12.—(Havas Agency)—A committee of the municipal council of Paris has submitted a report approving an issue of credit for fifty million francs with which to defray the expenses for improving the port of Paris.

London Bank Merger

London, July 12.—The British treasury has sanctioned the fusion of the London Joint Stock Bank with the London City and Midland Bank.

ANOTHER OF THAT GALLANT BAND WHO GAVE LIVES WHEN MERCY SHIP SANK

This is a picture of Pte. William David Duffie of Fredericton, whose sister is living in St. John and who lost his life when the hospital ship was sunk by the Hun while engaged in its work of mercy.

At the outbreak of the war Field Marshal Von Hindenburg was general in retirement. He was credited with evolving and carrying out the campaign against the Russians in East Prussia which resulted in the serious Russian defeat at Tannenberg, for which he was promoted to field marshal on August 30, 1916, when he was appointed chief of the general staff, in succession to Gen. von Falkenhayn.

IN FEAR OF REVOLUTION

AUSTRIANS SELL ESTATES

Italian Army Headquarters, July 12.—(By Associated Press)—The Y. M. C. A. prisoners confirm reports that a large number of noblemen are selling off their estates in Bohemia and Moravia because they fear a revolution. It is said that Count Czernin, former Austro-Hungarian foreign minister, has sold 3,000,000 crowns all his lands in Bohemia and that the purchaser was a bank with agricultural interests.

POSITION OF BRITISH IN STATES WITH ARMY LIABLE FOR SERVICE

Washington, July 12.—Induction of British subjects into the United States army in accordance with provisions of the draft treaty between the United States and Great Britain is suspended until further notice by an order sent yesterday to all local draft boards by Provost Marshal General Crowder.

British registrants may be voluntarily enlisted for the British or Canadian army while the order remains in force and the British and Canadian recruiting mission last night issued an appeal to British subjects to enlist under their own flag before they finally become liable to compulsory service under the American draft act.

GERMANY CANNOT WIN ON THE BATTLEFIELD

Amsterdam, July 12.—In the course of a debate on Wednesday in the Prussian upper house, Dr. Bernhard Dernburg, former German minister of colonies, argued that a peace was never concluded on the battle field alone. Without the co-operation of diplomacy no peace could be attained, he declared.

FRENCH GENERAL CHIEF IN THE GREEK ARMY

Paris, July 12.—(Havas Agency)—General A. Granat of the French army, has been commissioned chief of the general staff of the Greek army.

THE PREMIER'S "GREEN LIP"

Frederick Gleason, one of the North Shore lumbermen who was in the city yesterday got ahead of Premier Foster by taking the green one to sport on the "Glorious Twelfth." The premier had one on the latter had only a rinceau, which he had worn for only half an hour, stolen from his automobile at Edmundston, last week.

MONTREAL BEST OUTSIDE MARKET THIS YEAR FOR RIVER BERRIES

Price 22 to 25 Cents a Box—Later Varieties Now Being Sold

Fredericton, N. B., July 12.—(Growth of strawberries in this section of the province and in all others where this particular small fruit is raised in marketable quantities have suffered heavy losses on account of the remarkably heavy rains which fell during the first week of July.

The earlier varieties of the berries were ripening when the rains began and they were beaten to pulp. In addition there was the fact that the rain made picking difficult or impossible. The later varieties of berries are now being placed on the market.

The Montreal market appears to be the best outside one which the New Brunswick strawberry grower has this season. Some shipments were made to Boston but the bulk of the shipments has been going to Montreal where the fruit follows the active crop. According to the Montreal market is paying twenty-two to twenty-five cents a box. This is equivalent to a local price of fifteen to nineteen cents, which is several cents better than the average price which the New Brunswick market has been paying.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

EAGLE'S EYE AND MRS. SLACKER, FEATURE BILL OF GEM PICTURES

This afternoon and tonight the Gem will offer a big week-end treat in pictures. "The Eagle's Eye" episode this time shows the shrewd German plots to tie up industry in the United States by fomenting labor troubles and sabotage. Then there is a glorious five reel feature, "Mrs. Slacker," one of those really big ones for which the Gem is noted. Gladys Huette and Creighton Hale play the leads. Come at 2:30, 7:15 and 8:45 and enjoy a big hour and a half for five or ten cents.

PERSONALS

Mrs. Margaret Ready has announced the engagement of her granddaughter, Edna Josephine Ready, to Major Curtis Herbert J. Morgan.

Mrs. Atwater Smith is expected in St. John today to visit her father, Mr. Ed. Smith, who will spend a month at the Algonquin.

Rev. D. Fraser was the guest this week of Colonel and Mrs. M. B. Edwards, Sydney street.

Mrs. A. B. Hannay and children, Mary and Joan, of Ottawa, are visiting Mrs. Hannay's sister, Mrs. J. W. McKean, Garden street.

Miss Rosamond McAvity and Miss Dowling left this week for Toronto.

Miss Joan Foster, Miss Helen Gully and Miss Phyllis Kenny arrived home after a delightful fortnight spent with school friends in Upper Canada.

Judge and Mrs. Grimmer left Wednesday evening for western Canada to be gone several weeks.

Rev. Wm. McCallough, C. S. S. R., Montreal, called to the city lately on account of the illness of his father, Patrick McCallough, Exmouth street, will return to his duties on Monday.

J. Glick will leave tonight for Montreal, where he will remain until the 24th inst.

Dr. and Mrs. J. M. Barry and little daughter, accompanied by Miss Maude Clark, left on Thursday by auto for Melrose, N. B.

H. C. Grant, general superintendent of the C. P. R., New Brunswick division, arrived home last night from Brockville, where he was on an inspection trip.

Mrs. Harry Griest and family, of Moncton, who were visiting Mrs. Griest's mother, Mrs. Mary Jeffrey, of 30 Somerset street, had returned home.

BABY-SAVING SPECIAL HOSPITAL ON A TRUCK

Three-Roomed Clinic to Go Through the Streets of Cleveland—Nurses and Doctors.

Cleveland, July 12.—The Cleveland children's year committee has just put into operation the first "Baby Saving Special." It is a traveling child hygiene dispensary mounted on a street car chassis and with side tents in position affords a three-room clinic for mothers and babies.

The "Baby Saving Special" is a feature of Cleveland's participation in the national children's year campaign by which the government hopes to save 100,000 babies. Driven by society women who have organized a volunteer motor corps the "baby special" is taken daily through the slum sections of the city where frequent stops are made for the examination of babies and young children who are brought to the doors steps by their mothers. When a sick babe is found the mother and child are immediately sent to the Babies' Dispensary and Hospital for treatment. If the baby be found well and strong the mother is referred to a municipal clinic where free instruction is given in how to "keep well." Through intensive work with the traveling dispensary Cleveland expects to have little or no trouble in saving its quota of 897 baby lives before April 6, 1915—the end of children's year.

BIRTHS

FLEWELLING—On June 10, to Mr. and Mrs. B. A. Flewelling, Faldville, a son—Frederick Bertram.

DEATHS

HINBS—In this city on the 10th inst., Margaret Hinbs, widow of James Hinbs, leaving four sisters and three brothers to mourn.

Funeral from the residence of her brother, Philip P. Clarkin, White street, Monday at 8:30 a.m. to the Cathedral, where requiem high mass will be celebrated. Friends invited to attend.

NOLANE—On the 10th inst., Alice Gertrude, wife of Richard Nolane, daughter of the late Andrew and Catherine Pansley, leaving her husband, two sisters and three brothers to mourn.

Funeral on Monday morning at 8:45 from 94 St. James street to St. John the Baptist church for high mass of requiem. Friends invited.

LONDON—At the General Public Hospital, St. John, on July 12, John P. London, aged forty-eight years, leaving his wife and four children to mourn the death of a kind and loving husband and father.

Funeral at her parents' residence, Lancaster Heights, on July 12, Dorothy Jean, infant daughter of George A. and Bertha Morrison.

Funeral Saturday afternoon at 2:30 p.m.

LEACH—In this city on the 10th inst., Andrew Leach, in the eighty-fifth year of his age.

Funeral from the residence of his grandson, Thomas Walsh, 177 Rockwood street, Sunday at three o'clock, friends invited.

HODGSON—In this city on the 11th inst., Olive, eldest daughter of John and Rosanna Hodgson, aged nineteen years, leaving her parents, five brothers and one sister to mourn.

Funeral on Sunday from 216 Duke street, at 1:30 o'clock, service at 1 o'clock; friends invited.

IN MEMORIAM

ARMSTRONG—In loving memory of Robert H. Armstrong, who departed this life July 18, 1917. Gone, but not forgotten.

SISTERS.

THE NEW WATER MAIN AT LAKE FITZGERALD

Plans for Quick Connection When The New Pipe is Laid

Although their men now are on the scene of the work assembling the plant and making other preparations, it will be a week or two before the Lock Joint Pipe Company will be able to commence casting the concrete pipes for the new water main at Lake Fitzgerald. At present they are delayed by the non-arrival of reinforcing materials for the pipes.

R. W. Wigmore, M.P., who is acting as inspector on the work which had been planned under his supervision while he was commissioner of water and sewerage, had worked out a plan for making connections between the new section and existing mains when the new section is completed with a little delay and inconvenience as possible. He believes that they will be able to make connections at both ends of the pipe over night and be able to restore a normal service the next day. The work will be started on a Saturday night, when the city's water requirements are at the lowest, and he hopes to see the work completed before Sunday morning. If any delay should occur, it will be on Sunday when the demands on the water system are not heavy. While the connections are being made the city's only source of supply will be from the Little River reservoir.

All arrangements in good standing are particularly requested to attend a mass meeting in the Orange Hall, German street, this city, on Monday evening, the 13th inst., at 8 o'clock p.m. Francis Kerr, county master.

The Man In The Street

A Saturday half-holiday—and almost none! How did it happen?

Hindenburg again is reported dead. An anxious world awaits information as to whether he intends to remain dead.

If Hindy really has passed to his reward, Hades is liable to suffer from a riot of fanatics as his case has received the attention it merits.

Some of the stock phrases will be noticeably absent from the ordinary notices which will appear in the newspapers of the civilized portion of the world.

The latest corpus set was invented to protect the liberties of the people; so was the military service act; they should not conflict.

While many citizens have been trying to evade the law in order to get a chance to serve overseas, others are invoking the aid of the law to save themselves from that glorious opportunity.

Must buy a supply of substitutes along with four orders after this; here is where the price advantage goes up.

Under war conditions, the young husband may be pardoned if he murmurs that wife's bread is not like mother used to make; he has an alibi.

The Standard is pained to find that Hon. Mr. Veniot reports there were irregularities in the government road work; is this too trivial a department from precedents under the former government to stir the present opposition.

The minister of public works probably will frame the uncollected tribute to the excellence of the work in Marsh road which the opposition organ published this morning.

Having previously informed their readers that the submarines had sunk more ships than the Allies own, the German newspapers find it difficult to explain away that army of a million Yankees in France.

TOO LATE FOR CLASSIFICATION

WANTED IMMEDIATELY 20 MEN for assembly department. Apply superintendent, Ford Motor Company, Colbybrook.

LOST—IN THE VICINITY OF Broad and Wentworth streets, a gold fob. Reward if returned to Mr. Fred Watson, 188 British street. 7-11

LOST—BLACK HANDBAG containing sum of money and registration papers. Miss Minnie Balantine, West-Field Centre, between Denzil's and 5th and 10th Centre. Return to Roland Skinner, 58 King street. 7864-7-15

WANTED—WOMEN TO WORK IN summer hotel near city. Apply Loch Lomond Hotel, Mrs. F. Cairns, 7-30 Richmond street.

FLIGHT LIEUTENANT WORDEN OF ST. JOHN HURT IN ENGLAND

George H. Worden of 45 Hazen street has been advised that his son, Flight Lieutenant C. Cecil Worden, has been injured in England. Soon after graduating from the High School and so soon as he had reached the minimum age limit, the young man enlisted in the field ambulance corps which was recruited and taken overseas by Lieut-Col. G. G. Corbett. While on the other side he applied for his transfer to the flying corps and had completed his course of training and received his commission.

A cablegram, received this morning, announced that Lieutenant Worden is in Canworth Hospital suffering from contusion of the brain and a contusion on the forehead. The message, however, says that the injuries were not so serious as had been feared at first and it is believed from this that he has a excellent chance for recovery. Further news will be awaited anxiously.

NEW FOOD REGULATIONS IN EFFECT MONDAY

The latest food regulations which regard to the use of wheat will go into effect on Monday. After today persons purchasing wheat flour will be required to buy a quantity of substitutes equal to that of their flour order, making bread it will be necessary to use twenty per cent of substitutes. This applies to home cooking as well as to the bakeries.

The order has been put into effect to tide the country over until the next harvest is ready for use and it is possible that it will be rescinded in the fall.

In preparation for the new regulation, the retail dealers have been stocking up with substitutes of various kinds. Among the grains which will be used as substitutes, it is believed that cornmeal will be the most popular. Potato flour also can be used to advantage and there are many cereal products which come within the scope of the order.

ADMIRALTY CAN NOT CONFIRM REPORT OF THAT U-BOAT STORY

London, July 12.—Charges made by Naval Paymaster Collingwood Hughes that a captain of a captured derelict German submarine left four British seamen on board the U-boat when he knew that it was about to be destroyed by a patrol boat were unimpaired, according to a statement issued by the British admiralty last night. The statement reads:

"There is no information in the possession of the admiralty in confirmation of the statement made by Mr. Hughes which were made entirely without authority."

HERE'S GOOD NEWS FOR Rheumatic Sufferers!

At last a medicine has been marketed that will forever banish rheumatism. No longer need the most dreaded of all ailments be unrelieved.

DR. ASKLAPUS' M.M.M. (three M) RHEUMATISM CURE is guaranteed to cure the most severe case of rheumatism.

Scores of persons right here in St. John—many who for years have been tormented by rheumatism—have been completely relieved after using one or two bottles of this remedy.

Easy and pleasant to take; and results are immediately felt.

Let us tell you of the many cases of relief that have come to our attention—many of them possibly your friends.

THE BEST QUALITY AT A RESPONSIBLE PRICE

Glasses Cure Eye Strain

Eye-strain is a mechanical trouble. It does not require medicine. It is cured by wearing properly fitted glasses. These, by shortening or lengthening the light rays, enable the eye to focus them without extra work for the muscles.

At Sharpe's modern scientific apparatus for testing eyes is used, by an optometrist of much experience and high professional standing. The glasses you get here are exactly the glasses you should have.

Jewelers and Opticians,
21 KING ST. ST. JOHN, N. B.

LOCAL NEWS

HERE ON WEDNESDAY

Martin H. Carnody, deputy supreme knight of the Knights of Columbus, has been to home his plans with a visit to St. John and will be here on next Wednesday, instead of Monday.

FOR PROSPECTIVE BRIDE
A shower for Miss Lottie Farham, whose marriage is to take place soon, was held on Thursday evening at the home of Mrs. Pearson, Princess street. Among the gifts was a silver scallop dish from the staff of F. A. Dykeman & Company, Limited, and there were other articles of silver, Limoges china and linen.

FOURTEEN DEATHS

Fourteen deaths were reported to the Board of Health this week as follows: Thomas Briggs' disease two, pneumonia birth two, uraemia, inanition, pneumonia, aplenomegaly, perforation of bowels one, scarlet fever one, tuberculosis, pulmonary tuberculosis and acute indigestion each one.

HARDWOOD HERE AND THERE

Hardwood four feet in diameter, is selling in Boston at \$18 to \$15 a cord, and the fact controller there is being asked to put the lower rate on John yesterday \$18 a cord was asked for hardwood, four foot lengths. As Boston cannot get hardwood at this price it can be produced here, it is evident that somebody is making the people's need an excuse for profiting.

LAYING CONCRETE

The N. B. Power Company is laying a concrete pavement between and on each side of the rails of the new turnout which has been constructed on the Glen Falls line opposite Fernhill. This will be a decided advantage at a place where the extra rails make the clear roadway rather narrow.

IN THE MARKET

There was a good supply of produce on hand in the country market this morning. The price of eggs showed an increase this week. They were offered for 50c and 52c a dozen. The price of butter remains about the same as for some time. New vegetables are a little lower. A partial list follows: Carrots 10c a bunch, celery 10c a head, green peas 8c a peck, new potatoes 8c a peck, beets 15c a bunch, turnips 8c each, butter 45c and 48c a pound, eggs 50c and 52c a dozen, strawberries 15c a box, wild berries 40c a box, ducks 25c each, chickens 22c a pair.

POLICE COURT

A soldier, who appeared in the police court this morning charged with drunkenness, pleaded guilty and was warned that he was liable to a fine of \$200. He said he procured the liquor from a boot-legger in the North End and paid \$4 a bottle. In answer to Magistrate Ritchie he said he drank the liquor because he was discouraged. He said he is from the States and when he signed on he did so in order to go overseas. The authorities now, he said, will let him go home.

DRAMATIC ACT IN EFFECT ON MONDAY

(Continued from page 1.)

Right of search has been enlarged so that any premises where liquor is reported to be sold may be searched by the inspector without a warrant. The penalties are practically the same as the old act, with the addition of penalties for minor offences.

Sections bearing upon patent medicines, flaccid and perfumes, will be put into operation under the order-in-council has been passed. Provision is also made for restrictions of so-called tonics. The act requires that every sufficiently medicated to prevent use as a beverage.

To meet the requirements of invalids who require alcohol for bathing purposes the commissioners have inserted a proviso which upon the certificate of a druggist or a graduate nurse of any recognised institution, who has registered with the commission, alcohol for this purpose may be obtained from any licensed vendor.

Any person who will illegally sell liquor to a person, who means death as a result of intoxication from that liquor, may be prosecuted and penalized heavily. The act also allows the police to arrest a man who is intoxicated and compel him to divulge the source of his supply. The act leaves little room for the drinker to escape telling who gave him drink. Any person driving any kind of a vehicle—motor or horse—under the influence of liquor is subject to a heavy penalty.

No person may keep or have in his possession any liquor unless such has been purchased from a proper vendor. All the statements made by a vendor shall, until actually used, be kept in the container on which the label has been attached by the vendor. The label shall have the name and address of the person for whom the liquor has been prescribed, with the number of the certificate or prescription under which the liquor was sold. This clause, however, is held in abeyance until put in force by proclamation of the governor.

The old act, according to Rev. R. G. Fallon, in addressing the Social Service Convention here this week, left many loopholes for evading the law.

For example, last December, twenty-four horse-loads of liquor were seized in a cellar in this city. The commission spent considerable money in fighting the case, which they lost on the ground that this liquor was being held for international trade. It was said it was sold here and sent to Nova Scotia and New Brunswick, but the sale could not be proved.

The commission recently had some difficulty with regard to releasing violators.

A certain druggist in the eastern part of the island was sentenced to jail over a year ago. He left the province, before he could be committed. He came back and remained at large for some months, and last week was put back in jail. He remained only four days, became very ill, and the governor, moved by a compassion which the commission failed to appreciate, released him.

EIGHT KIT IN WITHIN WARREN'S OFFICE IN MONTREAL COLLAPSES

Montreal, July 12.—The upper floor in the warehouse of Limbourn, Limited, St. Paul street, collapsed this morning, killing eight people and injuring five.

For Compulsory Service
Havana, July 12.—The bill to establish compulsory military service in Cuba, following four days of bitter debate, was approved by the house last night by a vote of 45 to 38.

NEW Y. M. C. A. DRIVE
Y. W. C. A. to Get \$15,000,000

(Continued from page 1.)

As this year involves the women, we have included in our budget the sum of \$15,000,000 for the Young Women's Christian Association. Since the last meeting in this room the centre of the heart of our people has shifted to Flannery and the Young. It is there that we are primarily needed. It is there that the war will be won.

Dr. Mott read a telegram sent by Colonel Wheeler of the 10th Field Artillery, who said: "Give me 900 men who have had the Y. M. C. A. training rather than 1,000 who have not." This message was approved by General Pershing.

George W. Perkins said that the Y. M. C. A. in France and at the training camps created a home atmosphere, which was of the greatest possible benefit to men necessarily subject to its homesickness. He said that the Y. M. C. A. needed more than \$12,000,000 to carry through its programme on a great scale, and that he believed the public would oversubscribe generously, as it had done at the last Red Cross drive.

More than 1,000 men in New York city have so far this week volunteered to go to France as Y. M. C. A. secretaries. Of these about 600 will be accepted. It was announced by Herbert L. Pratt, vice-president of the Standard Oil Company of New York, who is in charge of the Y. M. C. A. overseas recruiting drive. The Y. M. C. A. desires to recruit in this campaign a total of 4,000 able men over draft age to go to France, and New York's quota was 1,000. Mr. Pratt said that it appeared that New York would send 2,000 men of an exceptionally high type to France.

"Both in quantity and quality," said Mr. Pratt, "the returns from our campaign have been most gratifying." "When I came back from France I emphasized particularly the need over there for the big, successful business men of this city and nation in the Red Triangle service overseas. Edgar D. Pouch, who is receiving all applications, reports that the great majority of volunteers are men who are earning from \$5,000 to \$10,000 a year, with occasionally a man whose income is \$20,000."

Mr. Pratt said that D. Q. Brown, vice-president of the Tidewater Oil Company, had volunteered to go to France and had offered to recruit at least fifty men from the oil industry to go with him.

couple of other writers who have become rather celebrated as cabaret poets have just unbosomed themselves. They say they wrote to have fun with the reviewers and in the hope of raising a laugh at the expense of the Imagists, Vortilists, et al., that might drive them to the tall timber and turn the thoughts of readers again to real poetry.

They were at a performance of the Russian Ballet at the time and Byrner asserted that anyone could find one of these schools. Glandorf, at his programme to write away the time he noticed that one of the numbers was "The Spectre of the Rose". It suggested a name to him. "I will form a school of poetry," he announced, "and I will call it 'Spectrism'."

Maybe one of these days Edgar Lee Masters will make a hit with normal-minded people by confessing that his poetry is a hoax, that he wrote for the purpose of ridiculing the eccentric high-rows who just adore the very thing it is, perhaps, too much to hope, but a

But for the golden notes dancing in my eyes, I loved a woman whose two blue, one grey, would block, like cliffs, my foothold in the skies. She is dead, they say—dead as a peacock. Asparagus is feathery and tall, and the hose lies rotting by the garden wall. "Candle, candle, flicker and flow— I knew you once— But it was not long ago— It was last night, And you spoiled my otherwise bright evening." Best Since Shakespeare.

Among the critics who hailed the new planets of poetry was he of Reddy's Mirror, who said: "They are vitalized grotesques, which at first seem like parodies of some recent poetry, but it is only seeming." As Byrner traveled about the country lecturing on poetry, he naturally heard many discussions of the new school. One man in his hearing said: "It's the best thing since Shakespeare," but a more old-fashioned reader said: "I wouldn't say that; call it nearly the best thing since Shakespeare." Whereupon the first speaker walked away in a huff. Once or twice the authors had to sit silent when somebody else boldly announced himself as the author of the book. They received many letters from youthful poets, enclosing specimens, and wanting to know if they reasonably could be considered Spectrists. They had another friend, a Miss Selfert, who was in the secret, procured herself a Spectrist and, under the name of Elijah Hay, got a lot of stuff printed in various magazines and won the warm approval of Alfred Kreyenberg and other representatives of modern poetry.

It was elicited at the Chicago I. W. W. trial that members caused grain fires in the west by throwing matches into threshing machinery.

How Hall's Wine Helps

Hall's Wine renews health at its source, builds strength by building vitality, restores the energy which anxiety or illness has depleted.

Without the help of such a tonic in times like these, you'll find your worries 'grow on you,' undermine energy, stifle happiness, make you a burden to yourself and all around you.

If your health is already injured—whether from overwork, strain, influenza, colds, operation or serious illness—you need the help of Hall's Wine even more, for not only will Hall's Wine quickly renew your health, strength and vigour, it will safeguard you against the danger of those 'complications' which always threaten when weakness prevails.

More Proof of How Hall's Wine Helps

"I was ill for over three years and had given up hope. After taking half a bottle of Hall's Wine I felt new energy returning, and after the fourth bottle I feel better than I have ever felt in my life."

"Influenced and internal trouble left me weak and depressed. The doctor ordered me Hall's Wine, he said it contained the properties to cure me. To my surprise I felt better after one dose, and after a week friends remarked: 'You are just like your old self again.'"

Hall's Wine THE SUPREME TONIC RESTORATIVE

Hall's Wine is a scientific preparation from the prescription of a Member of the Royal College of Surgeons, London, Eng.

GUARANTEE—Buy a bottle of Hall's Wine to-day. If, after taking half of it, you feel no real benefit, return us the half-empty bottle and we will let you refund your entire outlay.

Your Druggist sells it—Extra large size bottle, \$1.05. Smaller size, \$1.00.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, JULY 13, 1918

The Evening Times and Star

ST. JOHN, N. B., JULY 13, 1918.

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE WAR SITUATION.

Another week ends without the expected German offensive on the western front. The French have made further important gains this week, and the British and Americans have improved their position. German resistance has not been at all effective in these minor operations. The Italians have not only gained more ground in the Piave area but they and the French have gained substantial success in Albania, suggesting important new developments on the Macedonian front. No success has been scored by the enemy during the week.

The past week has further emphasized the fact that the submarine is steadily being overmatched and that the movement of troops and supplies is less and less seriously interfered with by the U-boats.

Rumors of very grave internal conditions in Austria must be discounted, so far as any immediate effect on the war situation is concerned, for Austria is at the mercy of her stronger ally. Nevertheless the explosion is bound to come sooner or later, and would be hastened by Allied success on the Macedonian front.

The German chancellor is as indolent as ever in his talks about peace, and as determined as ever to continue the war. There is another report that Hindenburg is dead, but it is not official. The Russian situation grows more hopeful, from the Allied view-point, but armed intervention is not at present regarded as a good policy.

THE GLOUCESTER ENQUIRY.

Hon. Mr. Veniot finds, after a sworn investigation that while there were some irregularities in connection with the Gloucester county road work the province has not lost money, nor are the main charges made by Hon. B. Frank Smith supported by the evidence. Mr. Veniot's report covers the whole ground of enquiry, and there is no attempt to shield anybody. It is perfectly clear that the main charges were unfounded. There was no padding of payrolls such as marked the regime of the old government. The supervisor by careless methods laid himself open to censure, however, and if the enquiry has the result of waking up all supervisors and other officials, and giving them to understand clearly that there is a new government and a new policy, it will have done good. Of course the purpose of Hon. B. Frank Smith was to discredit the government. His organ this morning devotes its whole editorial space to a gross misrepresentation of the case. That was to be expected. This may deceive some people, but since Mr. Veniot's report appears in the same issue there is at least an opportunity for every reader to form an independent judgment. So far as the evidence taken at the enquiry shows irregularities, the minister will of course insist upon greater care on the part of all officials in the future. To that extent the enquiry will do good.

THE VOCATIONAL BOARD.

The vocational education board for New Brunswick has now been constituted. It consists of Chief Supt. Carter, Principal Bridges of the Normal School, Secretary Reek of the agricultural department, Director Steves of the elementary agricultural education department, Fred Magee, M. P. P., Rev. Father Testler of St. Joseph's, and Mr. George H. Maxwell of St. John. Mr. Magee represents capital and Mr. Maxwell labor. One of the three last named is to be made the chairman, and Supt. Carter is vice-chairman.

The government appoints only the last named three, as the act provides that the other four shall be members of the board. Appointed members hold office for three years, and may be re-appointed. Now that the board is complete it will doubtless proceed at once to business, as enquiries concerning the new law have been received from school authorities in various towns where it is desired to take advantage of the terms of the act to make a beginning in the matter of providing some measure of vocational training.

The act is very simple, and it is only necessary for a school board or boards to make the required provision and ask that the work be begun. There will of course be a director and it will not be difficult to get the fullest information.

The province has taken a very important forward step. It was not anticipated when the government appointed the provincial committee, in September of last year, to report on the subject, that within less than a year there would be a very progressive law on the statute books, highly praised by competent authorities in other provinces and the New England states, and with a board duly constituted to bring its provisions into effect. The quick results are due in part to the diligence of the committee, but very largely to the fact that Fred Magee and Dr. J. Roy Campbell, representing the two parties in the house, threw themselves heartily into the work. They enjoyed the confidence of the house, and its hearty sympathy. But even their

zeal would not have produced such a notable result had it not been that they and the rest of the committee had the services of Mr. Fletcher Peacock, to gather information, make important suggestions, and prepare such a report as convinced every reader of the need of the proposed legislation. It is now the task of the new board to popularize the act and get results.

THE SUB-NORMAL CHILD.

In an address on Social Service, delivered recently before the Synod of Nova Scotia, Miss Potts referred especially to child-welfare. A report of her remarks says: "The remedy for 'misfits' is in understanding the child. Every child should undergo a medical and psychological examination. There are three methods of treating the sub-normal child. First at the home of the parents with expert treatment, secondly in the school by special class of which there are now three in Halifax. The Daughters of Empire are doing a splendid work along this line by the establishment of a home for children of the disaster. The third method is that of the colony group, where the children are constantly under the care of expert superintendents, and grouped in cottages according to their class."

The report adds that the address of Miss Potts made a deep impression upon the Synod. It is a hopeful indication that the churches are manifesting a growing interest in social service, and that departments dealing with this subject are of increasing importance in synods and conferences.

Touching the particular question discussed by Miss Potts, as here reported, it is easy to see how very far our communities are from an ideal condition. In St. John we are now to have medical inspection, but there are no classes for retarded pupils, nor any institutions for the care of the feeble-minded, who mix with the other children and perhaps by their inability to learn retard the progress of the whole class. As they grow older these sub-normal children become a menace to the welfare of the community, for some of them develop criminal tendencies and some fall into immoral ways. Society as a whole must be aroused to a sense of responsibility. The war is making terrible ravages in our young manhood, and it is a national duty to take such steps as will give all the children a fair start in life, that they may develop into strong men and women, inspired by right ideals. There are great tasks before the Canadians of the future, and whatever makes for the standard of manhood and womanhood, in health, morals, intelligence and industry should be given first place, apart from war work, in the minds of the people.

CORP. BIDDISCOMBE IS KILLED IN ACTION

Corporal Joseph Alfred Biddiscombe, son of Mr. and Mrs. Joseph Biddiscombe, of Chipman, was killed in action in France on June 29, according to information received in the city yesterday by Detective Patrick Biddiscombe of local police headquarters. Corporal Biddiscombe was a bright young man of twenty-three years of age, and the news of his death will be heard with keen regret by his many friends. This week word came to the bereaved parents at Chipman in the form of a letter of condolence expressing sympathy to the family in the death of their son in France on June 29. This was the first intimation that the young soldier had appeared in the casualty list. The father came to the city yesterday and acquainted his son, Detective Biddiscombe, of the particulars of the case. The latter immediately wired Ottawa for information and word came back that his brother had been officially listed as "killed in action."

Corporal Biddiscombe leaves besides his parents, who reside at Chipman, three brothers, of which Detective Biddiscombe is one and also two sisters. Further particulars of his death were promised in yesterday's despatch.

It appeared yesterday in orders that Lieutenant Aubrey Oty Cruikshank, of Fredericton, had been detailed for duty with No. 1 New Brunswick Depot Battalion at Camp Sussex. Lieutenant Cruikshank had his commission with the 10th Battalion and later became attached to a machine gun corps. He has seen service in France and was invalided home through illness. Captain Charles F. Gillis has been detailed for duty in Military District No. 7, to take effect from June 22.

Remove Those Unsightly Warts
By applying Putnam's Corn and Wart Extractor. It cures corns, warts and unions permanently, painlessly and surely. Every druggist in America recommends and sells Putnam's Extractor; it's the best, 25c. per bottle.

CELEBRATIONS OF THE "GLORIOUS TWELFTH"

The twelfth of July was marked by the first fine day in a fortnight and the outdoor celebrations by the Orange lodges in various parts of the province were carried out with great enthusiasm. In recognition of war conditions there was no central provincial celebration, but many of the local lodges observed the day with special features. At Lunenburg, Mount Purple and Corner Brook lodges held an all-day celebration. Early in the morning the members gathered at the hall and, headed by Wallace Galbraith, a procession of 200 men was formed. When crossing the bridge there were cheers for the King, the men at the front and King William of Orange. The procession marched to Sea View House, where dinner was served. In the afternoon the parade returned to the hall, where speeches were delivered by Dr. J. B. M. Baxter, A. E. McGinley, R. W. Anderson and members of the local lodges. A wrist watch was presented to George O'Dell, a member who has enlisted. In the evening an enjoyable ball was held. Dominion Lodge, L. O. L. No. 141, this city, and many of the friends of the members enjoyed an excursion to Crystal Beach. A programme of sports was held in the afternoon and the excursionists had a good time.

In St. Martin's a dance, which was given in the Orange Hall, was largely attended. The celebration at Petitois yesterday afternoon and afterwards heard speeches from an outdoor platform. A programme of sports was held in the afternoon and a dance in the hall in the evening. Westmorland county Orangemen had one of the largest gatherings in their history at the celebration at Petitois yesterday. After the procession speeches were delivered from the balcony of the Mansard House.

SONS OF TEMPERANCE MEET IN SACKVILLE

The semi-annual session of the New Brunswick Grand Division, Sons of Temperance, was opened in Sackville last evening. All the speakers mentioned with satisfaction the successful enforcement of the prohibition law and urged the keeping up of temperance organizations to prevent reaction. A report of the grand scribe, Rev. W. R. Robinson, showed that receipts for the year amounted to \$14,000. During the last six months 291 members were initiated, forty-four were suspended, six withdrawn and four died. He paid a glowing tribute to the work of Rev. D. Wilson, chief liquor inspector and his deputies, for the good work they have accomplished. He asked that his resignation be accepted, owing to ill health and business demands, but his request was refused. All officers were continued in office for another term.

RED CEDAR SHEATHING

5-8 in. x 3 in. V Joint—Perfectly Clear
This sheathing will take on a beautiful finish, and is very suitable for shabbling or wainscoting. It is both moth-proof and rat-proof.

RECENT WEDDINGS

Wood/Norris.
A very pretty wedding was solemnized at three o'clock on Thursday afternoon in the Tabernacle church, when Rev. A. L. Tedford united in marriage Miss Elizabeth Norris, daughter of Mr. and Mrs. Albert Norris, of Barnesville, Kings Co., to William Gordon Ward of Richibucto. The bride, who was given away by her father, looked charming in a white silk voile dress with silk trimmings. She wore a bridal veil with orange blossoms and carried a bouquet of carnations and sweet peas. The bride was attended by her sister, Mrs. Roy Linton, who was also given in white and carried a bouquet of sweet peas. The groom was supported by Harry Norris, brother of the bride. The church was beautifully decorated for the occasion by girl friends of the bride. The wedding march was played by Charles Wilbur-Titus of this city, on Tuesday, July 2. The ceremony was performed by Rev. A. J. MacLeod, at the home of the bride's parents.

Miss Catherine Merle Graves was united in marriage to Warren H. Huggard at the home of Mr. and Mrs. Willard Graves in East St. John last evening. The ceremony was performed by Rev. A. Lawrence Tedford. After the ceremony Mr. and Mrs. Huggard left by auto for Norton.

RECENT DEATHS

Many friends in this city will regret to learn of the death of Mrs. Richard Nolans, which occurred suddenly at her home in Sackville, Ont., on Wednesday. She was a daughter of the late Andrew and Catherine Pauley of this city. Besides her husband she is survived by three brothers, John R., of this city; Andrew of St. Louis, and Joseph of St. Stephen, also two sisters, Misses Jennie and Bessie Pauley of this city. The sympathy of a wide circle of friends will be tendered to the members of the bereaved family.

Stewart McNair was fatally injured last Monday while working in J. D. Irving's mill in Buctouche. He was hit by a piece of broken saw and died from his injuries a few hours later. He was twenty-seven years old and is survived by his wife and one child.

ONE WAY OF FEEDING THE PEOPLE

London, July 12.—(British Wireless Service)—A despatch from Constantinople dated July 7 describes one of the methods used by the Turkish government to make the population of the city believe that wheat was arriving there from Ukraine. Several ships left Constantinople by day and proceeded during the night to a port on the Black Sea where stores of wheat were held for the Turkish army. This wheat was taken aboard and the ships returned to Constantinople where it was brought ashore. It was announced that this was a grain shipment from the Ukraine. The authorities added, however, that the army was short of wheat. During the night the grain was returned to the Black Sea port from which it had come.

Dunlop and Auto History

Practically speaking the automobile has been in existence in Canada only since 1903.

Years before that we made hundreds of thousands of tires for the bicycle.

And since that time we have made hundreds of thousands of tires for the automobile, until the manufacture of Dunlop Auto Tires—"Traction," "Special," "Plain"—has become a big industry in itself. To you it is as important that Dunlop preceded the automobile as it is that Dunlop grew with it—became an every-day factor in this new utility of the nation.

The automobile knows no better running mate—than Dunlop Tires.

TWO RECTORS INDUCTED
The beautiful little church of St. Jude's, West side, was last evening the scene of a ceremony that will be memorable in the annals of the Anglican church in New Brunswick. The Lord Bishop of Fredericton inducted into the charge of the parish of St. Jude's the new rector, Rev. John Herbert Arkwright Holmes, previously rector of Hammond River, and into the charge of the parish of Gagetown, the Rev. H. T. Buckland, formerly of Greenwich, and there was present at the ceremony amongst many other prominent clergy of the diocese, Rev. W. B. Armstrong, who was that day celebrating the fiftieth anniversary of his ordination.
Amongst the clergymen who were present at the induction last evening were Archdeacon A. H. Crawford, of St. Paul's church; Canon Daniel, of Robesay; Canon Armstrong, of Trinity church; Rev. J. V. Young, of the Mission chapel; Rev. W. P. Dunham, of Fairville; Rev. R. P. McKim, of St. Luke's church; and Rev. C. G. Lawrence, of Hampton.

A MEMORIAL TO EX-MAYOR MITCHELL
(New York Times)
Our neighbor the World appeals to all that is soundest and best in the public opinion and feeling of this community when it suggests "a great public subscription for a suitable, worthy memorial to Mayor John Purroy Mitchell, U. S. R., aviation corps, for four years mayor of New York city, by which the city, honoring a hero, will also honor itself."
The city will not only honor itself by erecting a memorial to Mayor Mitchell. It will bring home to the minds of the people the great value of the service rendered to New York city by the administration of Mayor Mitchell as the head. Fame is generous to the great men of the nation, for public attention everywhere centres upon national figures, the memory of the best of our public men.

Baptist Churches On Sunday

MAIN ST...... North End
REV. D. HUTCHINSON, D.D., Pastor.

HEROIC "BLUE DEVILS" AND THEIR WAR EXPLOITS

Charles Poult and His Pals Have Brilliant Record of Deeds on Battlefield

They call them "Blue Devils," and the name is an implied compliment to the hundred French poilus now on this side of the Atlantic and who are expected to visit Toronto soon. The "blue" is, of course, a reference to their light blue uniform. The "devil" is a pleasant suggestion of their wonderful bravery and dash in a long series of allied work has learned to love the poilu, far away the enemy has found a stouthead and good-will that were never revealed of apparent unpreparedness in the army, but the emergency has brought out all the high qualities of the French and showed their resourcefulness and endurance. The poilu fights on at a pitance per day; his family struggles on behind the lines with a stouthead and good-will that were never thought possible under such a trial.

"Hero 'Blue Devils' reached New York a few weeks ago they received the French welcome that can be given by a volatile people, now for the first time realizing what the war means. They were hailed for what they are, as natural heroes. One could go over the ranks and find something worth writing of the experiences of every one of them. That silent fellow crawling across No Man's land of a comrade. That lieutenant with the heavy glasses, a boy of twenty-one, was picked up blinded on the field by Germans and sent back to France, where his sight was partly restored. Another, playing in front of the army with a crowd of adoring youngsters, brought up ammunition under a hail of fire and carries innumerable scars of bullet wounds on his body.

Charles Poult is picked from this noble company by The New York Sun for special description. Poult didn't want to be a hero, he wanted to stay at home and be comfortable and perhaps to work in the butcher shop again. Instead of which he had medals pinned on him by General Petain and was saluted on both cheeks by that idol of the French soldiers. That was after he had routed, alone, 150 German soldiers charging across No Man's Land, killed a number of them, driven twenty-five into the French lines to be made prisoners and scared the others so that they beat a quick retreat to their own trenches. He did not get a scratch that time, although he expected to be killed, and, as he had nothing to do, he was smiling in a deprecatory way. "If I had thought, I would not have done it, perhaps." Did Not Like War. Poult, as a reservist, left his butcher shop in New Orleans at the call of his

RAILWAY TROOPS FROM THE DOMINION

Canadians laying a light railway track near the firing line. The permanent way was made up with ballast provided by demolished buildings in the neighborhood. The Canadian Railway Corps was organized by Gen. J. W. Stewart, railway contractor of Vancouver, and includes in its ranks men from all sections of Canada.

DEVELOPMENT IN FLYING

So rapid has been the development of flying since the commencement of the war that but comparatively little notice was taken of the inauguration a few days ago of an aerial mail service between New York and Washington. Now, with hardly any preliminary announcement, an aeroplane has flown from Montreal to Toronto carrying mail. Advancements of this kind in the science of flying are now taken as a matter of course. It is considered that almost anything may be expected in the way of development in the use of the flying machine and that it is only a matter of time, any way, until they will be in daily use in civil endeavor.

The initial experiment with aerial mail service in Canada came off successfully. The machine carrying mail from Montreal to Toronto made the flight in six hours. Captain Bryan Peck, the aviator, landed at Leaside, and from there the mail was transferred by automobile to the Toronto general post office in a little over an hour. The whole time between the start from Montreal and the delivery of the mail at the post office in Toronto was very much less than that required for service by train. This is not the inauguration of aeroplane mail service in Canada, but that is bound to come, and soon. Such service is practicable beyond question. One of the principal difficulties to be overcome is that of landing. Although it seems rather remarkable, landing presents more of a problem in air work than almost anything else. An interesting suggestion for the solution of the problem but one that is not considered very practicable was made in New York the other day. It was that a turn-table be installed on the roof of the New York Frenchmen instead of one lone pole more desperate than themselves. Then Poult had to crouch again under the fire which was directed at his hiding place, stuck it out there until darkness came and somehow got back to his own lines. shell hole was filled with death-flinging

post office, this table to revolve at a speed corresponding to that of an approaching aviator desiring to land, the aviator to alight on the table and revolutions to take up the momentum of his machine until he brought it to a stop.

A transatlantic flight is now proposed for this summer. The suggested course is from Newfoundland to Ireland by way of the Azores. Airmen believe not only that the flight can be accomplished successfully but that it will be followed by the delivery of European American aeroplanes for war purposes making the transatlantic passage under their own power.

It is of interest in connection with this proposed flight to note that the engine which, according to present plans, has been selected to carry the first aeroplane from America to Europe is an English product, the Rolls-Royce. It has been found that this engine is the most dependable of all those in use.

When the war began Britain was supposed to be behind other countries in such modern matters as flying. The war had not been in progress long, however, before she showed that she had a few tricks up her sleeve. The war has produced no better aviators than the British, and no better flying machines than those of British production.

Up To Date.
Husband (meeting his wife at the railway station by appointment)—What makes you so late?
Wife—I stopped to shorten one of Emily's dresses for the party she's going to tonight. I can scarcely realize that she's quite grown up now—Vancouver Province.

Guide. (In the Passing Show)—Sir, there is an extraordinary echo to be heard at this spot. For instance, suppose you shout "Two mugs of beer" as loud as you can, and listen.
Simple Tourist—"Two mugs of beer!" (Pause.) I can't hear the echo.
Guide—No, sir. Well, anyhow, here comes the beer!

Well, we could get along without any more imported nuts, the native crop being quite numerous—Ottawa Citizen.

The Mystery Of The Cyclops

No Clue To Disappearance Of U. S. Collier

Craft of 19,000 Tons

Three Hundred Men on Board Represent Largest Single Loss in History of the American Navy—Some Theories

Few tragedies challenge the imagination as does the mysterious disappearance of a ship at sea, and had it not been for the war the whole world would have been eagerly speculating upon the fate of the great naval collier Cyclops which

Every 10c Packet of WILSON'S FLY PADS WILL KILL MORE FLIES THAN 50¢ WORTH OF ANY STICKY FLY CATCHER

In a voyage from Barbadoes to an Atlantic port vanished without leaving a trace. This ship of 19,000 tons had aboard a crew of about 300 men. She was a powerful vessel, built to weather the roughest seas, and had all modern equipments, including wireless. Yet not a call for help reached any port or any other vessel in her neighborhood. Disaster must have come like a thief in the

ABCOCK'S famous origination, Corylopsis, the delicate, gentle fragrance which so daintily suggests the magic charm of the East, combined with talc powder of misty lightness, gratifying to the skin as soft-wave silk.

MARVEN'S WHITE LILY BISCUITS Are Crispy, Tasty, Delicious They Surely Satisfy

night to the Cyclops and doomed her before a single cry could be sent out. Hope had not yet been given up completely that some news of the Cyclops will be received, although it seems too much to expect that she will ever again be seen, and those near to the crew now mourn them as dead.

The Cyclops left the Barbadoes on March 4, and was expected to reach her destination with a cargo of manganese nine days later. When she did not arrive on time no anxiety was felt, for it was known that one of her engines was not working and delay was inevitable. But for two months now American vessels of all sorts have been searching the sea for her, examining coasts and shores where wreckage might be washed up. Lonely boys where the vessel still intact but a captive might have been conveyed have also been explored. It is considered almost impossible that she could have been made the victim of a German marauder and sent under her own steam to Germany. In the first place she did not have sufficient coal for such a voyage, and in her crippled condition how could she have been expected to blimp through the cordon of British and Allied Cruisers that meshes all approaches by sea to Germany?

respects the collier was not in the best condition to ride out rough weather. In the first place, there was the damage to her engine, and in the second place she carried an unusually high and heavy superstructure. Eight steel derricks rose above her decks, towered above her hull, and there was other heavy framework to give her a maximum of efficiency in loading or discharging cargo. In a sudden tempest the Cyclops might have listed, and being unable to recover on account of the heavy superstructure. Thus, she might have disappeared in the trough of a huge wave and have gone under in a few seconds.

THE SOCIAL EVIL PROBLEM (Halifax Chronicle.) In view of the movement which is being organized to combat the social evil which has become a problem of grave menace, it is interesting and instructive to note the legislative action which has been taken in Ontario. The Act for the Prevention of Venereal Diseases, passed at the last session of the Ontario Legislature, came into force and operation on July 1st. The law is drastic in some respects and confers upon medical health officers considerable powers of enforcement.

Subject to the regulations, where a medical officer of health is credibly informed that a person resident in the district is infected with the disease, and has infected or is liable to infect, other persons, he may give notice in writing to such person requiring him to consult a legally qualified medical practitioner to procure a certificate from such that he is not suffering from the disease.

Made In Canada Begin the day with BAKER'S COCOA "Is Itself a Food" A pure, delicious drink; should also be considered a valuable adjunct to a meal, as it contains a large amount of nutritive matter in an easily digested form.

If such certificate is not given, another doctor can be appointed to examine and report on the matter. If it be found that the person is suffering from venereal disease, the physician can take the necessary action prescribed in the act. Where the person infected produces a report or certificate from his own physician, the officer may allow that physician to prescribe for him on condition that he forwards him such evidence from time to time that he is carrying out the provisions of the Act. The medical health officer is empowered to enter any house for the purpose of making inquiry and investigation with respect to the health of any such person therein, and may also order their removal to a hospital. Hospitals are required to make provision for the examination and treatment of all such persons. No one but a legally qualified physician can legally attend upon or prescribe for those afflicted with venereal disease. Any one found guilty of contravening this provision of the law is liable to a fine ranging from \$100 to \$500.

DEMONSTRATION AND FOOD TALKS GIVEN

At the weekly demonstrations arranged by Mrs. Richard Hooper under the auspices of the Housewives' League and held in the Y. W. C. A. rooms in Union street, there is such a demand for admission that only invited guests are present. The second of the series was held yesterday afternoon when the invited guests were Miss Josephine Durick and Mrs. W. E. Raymond presided. A helpful paper on the uses of milk was read by Miss Alice Fairweather, and Miss Hilda Shaw was a very capable and efficient demonstrator of the best methods of making the new war-time muffs and quick breads. The president, Mrs. J. W. V. Lawlor, was present at the meeting and gave an interesting account of her work of visiting the Women's Institutes in Northumberland, Restigouche and Gloucester counties. Mrs. Raymond gave a practical talk on canning which was timely and much appreciated. An announcement was made which was heartily approved, that the league had arranged to hold meetings and demonstrations in the basement of the Calvin church, the first to take place next week, when Mrs. Jean Muldrew will be the speaker and...

Few Drops When Corns Hurt, Pain Stops! Corns Lift Out

Don't let corns ache twice! Lift any corn or callus off with fingers—Here's magic!

No hump! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without any pain. This drug is called frezone and is a compound of ether discovered by a Cincinnati chemist. Ask at any drug store for a small bottle of frezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus. It is the most marvelous drug known.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers. Frezone doesn't eat out the corns or calluses but shrivels them without any irritation. Women! Keep frezone on your dresser and apply a few drops whenever a corn begins aching. Pain stops, corn goes!

PAINT! PAINT!

I have 700 gallons of the best Paint, made by one of the oldest established paint houses in Canada. Guaranteed perfectly pure, fresh stock, and made from the best White Lead and Linseed Oil.

\$3.00 Per Gallon

Put up in Gallons, 1-2 Gallon and Quart. In lots of 5 Gallons and over, special price will be given.

Food Board Flashes For Feminine Folk

It is an old, old saying that union is strength. War serves but to emphasize the truth of it. Organized women can do more than unorganized women. This is why it pays to cultivate the community spirit, to pool equipment and ideas and energies. A dozen women working as one can accomplish infinitely more than twelve women going their several ways. It is estimated that only 15 per cent of Canada's women belong to organized bodies. This is a small percentage. It does not matter whether it is Red Cross work or canning, or knitting, or gardening or reforming—do it en masse! In the community way! Belonging to an organization is an incentive to work. Instead of criticizing freely wouldn't it be a good idea to belong to some organization and help to "make things go." They are all doing what they consider best for the national cause.

NEARLY 1,000 AT CONVENTION OF KINDERGARTEN

(Continued from Yesterday's Times)

"It has been said that there are three essentials in the life of a soldier—first a garden, second a dog (any kind) and third, music. America is the first nation that has definitely capitalized music with the men. There are now in the American army fifty-five men whose sole business is to go to the various camps and get men to singing. "It is just as necessary to be able to sing a note as it is to be able to shoot a rifle," and "A singing army is a fighting army" are sentiments expressed by famous military leaders. The German army goes to battle expressing its feelings through the heroic song, but the American soldier has become so proficient in the art of camouflage that he sings any kind of music he likes in his camp. His views concerning popular music in the eighteen days I have been in army service. Music is a music admirable, but considered from the standpoint of what it does for the moral of the American army it is well worth the \$22,000 which George Cohen received for it. If the war only keeps us long enough, the influence of music on the soldier is going to make a musical nation of America. The artist, the poet, the dreamer of dreams work hand in hand in the practical man. "Without a vision the people perish." The dreamer guides the path that the worker follows. The music of the International Kindergarten Union were held Thursday at the University of Chicago. The main initiative and organization in education was discussed by Miss Caroline De Alborn of Boston, Miss Grace Mix of Farmville, Virginia; Miss Catherine Watkins of Washington, D. C.; Miss Mary Elizabeth of Chicago and Miss Burke, Teachers' College, Columbia University. In the afternoon Dr. Henry Newman of the Ethical Culture Society of Brooklyn spoke on "What the Kindergarten can do for Democracy." He said "we must give the child a fighting chance to make himself a worthy American citizen." "The kindergarten is helping the child to learn democracy by practicing it," he said. "You kindergartners tell the grade teachers that if it is a good thing to lay emphasis on democratic self-control, initiative and voluntary co-operation in the kindergarten, it is just as necessary a thing to continue such an education in the grades. If the America of the future is to keep her fair heritage of true freedom, then our schools must educate for democracy." Miss Jane Adams spoke on The Kindergarten and the Immigrant. She stressed the fact that the immigrant needed badly an easy method of expression with the neighborhood—that he must begin early, at four, five and six to acquire the technique of fellowship. "The kindergarten is invaluable," she said. "It brings to education elements that the necessary—the power to make connections naturally and joyously. Foreigners of today miss most the ability to express their deepest feelings. Had this power been developed at the kindergarten...

SAVE THE CHILDREN

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer. In most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets cure these troubles, or if given occasionally to the well child will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the newborn babe. They are especially good in summer because they regulate the bowels and keep the stomach sweet and pure. They are sold by medicine dealers by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

PROBLEMS FOR COUNTY COUNCIL

Several matters that have been giving not a little trouble in the municipal council during the past year or more were discussed yesterday at a meeting of the finance committee of the council. His Worship Mayor Hayes occupied the chair and there were present Commissioners Fisher, Bullock and Hilyard and Counsellors O'Brien and Howard. J. King Kelley, K.C., the county secretary, was also present. Heretofore the money paid in by the New Brunswick Power Company for the care of the Marston road was expended by order of the councillors for...

War times are teaching us that there is no economy in buying the cheapest goods nor the fancy high priced ones. We are depending on the solid values of the good standard brands—the brands that were good in peace time and have doubly proved their worth in war time.

Red Rose Tea—costing today only about 1/4 of a cent per cup—is one of the solid war time values that anyone can afford—and that everyone will enjoy.

It is truly a war time tea

Hon. Mr. Veniot's Report
On Shippegan Road Charges

Allegations Not Supported by the Evidence
But Minister Finds a Few Irregularities,
With Which he Deals Frankly

Fredericton, July 12.—Following is the report of Hon. P. J. Veniot, minister of public works, on the Shippegan road charges.

In honor, the Lieutenant-Governor-in-Council.

B. F. Smith Esq., a member of the legislature for the county of Carleton, having made the charge before the public accounts committee of the legislature that he had credibly informed, and had reason to believe, that supervisors of roads, P. J. McNally and Germain M. Hebert, were guilty of irregularities in connection with the expenditure of public money on the roads of the county of Shippegan, acting under authority of Chapter 19, of the Consolidated Statutes, and that he had the creditably informed, and had reason to believe, that supervisors of roads, P. J. McNally and Germain M. Hebert, were guilty of irregularities in connection with the expenditure of public money on the roads of the county of Shippegan on the 18th of May, 1918.

It was further alleged that to secure work on the Barron Road it was necessary that the men should promise to deal at the store owned by J. G. Robichaud, M. L. A.

The only evidence produced touching on this point was that of Agapit Mallet, who swore that he "asked John G. Robichaud for work on the road," and "he told me at first that there were enough men." In answer to the question put by Mr. B. F. Smith, "Did any conversation occur between you and Mr. Robichaud with regard to your taking goods out of his store for your day's work on the road?" the witness answered "No."

This witness swore that after Mr. Robichaud told him there were enough men on the road, he then went to Supervisor McNally, who gave him work and "he told me that I would take goods out of Mr. Robichaud's store." This latter statement was daily contradicted by Supervisor McNally.

The statement made by Mallet that he was never asked by Mr. Robichaud to pick berries in the barren for him, and that the horse was driven by him (the father), and that when the supervisor told him he had put the boy's name on the list, he said to leave it there. The father received the pay in the name of the boy.

It was further alleged that checks for the workmen reached J. G. Robichaud, M. L. A., through some channel other than the proper one, so that he received a part of the money for the payment of goods bought at his store by these workmen.

No evidence was produced that could substantiate such a charge, but it was stated that the workmen, such as Agapit Mallet and Albert T. Duguay, gave orders to Mr. Robichaud to draw their money from the post office, with authority in one case, to endorse the check, and keep same in payment for the workmen reached J. G. Robichaud, M. L. A., through some channel other than the proper one, so that he received a part of the money for the payment of goods bought at his store by these workmen.

It was further alleged that checks for the workmen reached J. G. Robichaud, M. L. A., through some channel other than the proper one, so that he received a part of the money for the payment of goods bought at his store by these workmen.

It was further alleged that checks for the workmen reached J. G. Robichaud, M. L. A., through some channel other than the proper one, so that he received a part of the money for the payment of goods bought at his store by these workmen.

It was further alleged that checks for the workmen reached J. G. Robichaud, M. L. A., through some channel other than the proper one, so that he received a part of the money for the payment of goods bought at his store by these workmen.

It was further alleged that checks for the workmen reached J. G. Robichaud, M. L. A., through some channel other than the proper one, so that he received a part of the money for the payment of goods bought at his store by these workmen.

It was further alleged that checks for the workmen reached J. G. Robichaud, M. L. A., through some channel other than the proper one, so that he received a part of the money for the payment of goods bought at his store by these workmen.

It was further alleged that checks for the workmen reached J. G. Robichaud, M. L. A., through some channel other than the proper one, so that he received a part of the money for the payment of goods bought at his store by these workmen.

It was further alleged that checks for the workmen reached J. G. Robichaud, M. L. A., through some channel other than the proper one, so that he received a part of the money for the payment of goods bought at his store by these workmen.

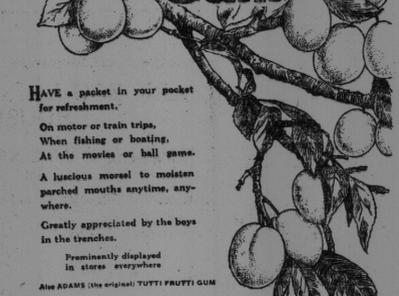

It was further alleged that checks for the workmen reached J. G. Robichaud, M. L. A., through some channel other than the proper one, so that he received a part of the money for the payment of goods bought at his store by these workmen.

GIVES UP GERMAN NAME

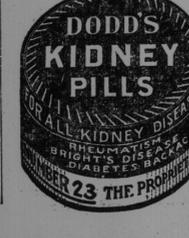

Max Eberhardt Schmidt, president of the Continuous Transit Securities Company, 68 William street, New York, for many years a prominent consulting engineer, announced this week that he has obtained permission from the Supreme Court of New Jersey to change his name to M. Eberhart Smith.
Though born in Germany and a veteran of the Franco-Prussian war, Mr. Schmidt declared that forty years or more of residence in this country has made him a thoroughly devoted and loyal American.
"I felt that I owed it to myself, my children, and my friends," said Mr. Schmidt, who is now seventy years old, "that I should change my German name, expressing by that change the fullness of my allegiance to America."
As he spoke Mr. Schmidt received a letter from his former attorney General George W. Wickesham, which read:
"My dear Mr. Schmidt: I have your note, and I can understand how hard it was for you to have to take this step. You have taken it. And yet these are days when one must not hesitate to emphasize his full identification with America and his complete and unshaken loyalty to it. So I congratulate you upon the step you have taken."
"GEORGE W. WICKESHAM, Esq."

FREE TO ASTHMA SUFFERERS

A New Home Cure That Anyone Can Use Without Discomfort or Loss of Time.
We have a New Method that cures Asthma, and we want you to try it at our expense. No matter whether your case is of long-standing or recent development, whether it is present as Hay Fever or chronic Asthma, you should send for a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with asthma, our method should relieve you promptly.
We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, opium preparations, fumes, patent smokes, etc., have failed. We want to show everyone at our own expense, that this new method is designed to end all difficult breathing, all wheezing, and all those terrible paroxysms at once and for all time.
This free offer is too important to neglect a single day. Write today and begin the method at once. Send no money. Simply mail coupon below. Do it Today.

FRONTIER ASTHMA COUPON

FRONTIER ASTHMA CO., Room 2087 Niagara and Hudson Sts., Buffalo, N. Y.
Send free trial of your method to: _____
Respectfully submitted,

GERMANS WHISPER TO WEAKEN MORALS

Rumor Mongers Exploit Every Prejudice and Hurt War Work

(Written by Harvey O'Higgins for the Committee on Public Information, Washington, D. C.)

In a previous article we have noted how the German agents in this country are using their whispering propaganda to set against the French, the British and the Japanese by circulating among us all sorts of slanders and ill reports against these allies. In the campaign to promote domestic dissent the pro-German rumor monger has been even busier. He is working here, exactly as he worked in Italy, upon religious prejudices. He has spread the report that the Masonic orders have protested to the government against the Knights of Columbus being permitted to build recreation huts in the camps. No such protest was ever made. He has circulated stories that Catholic nuns were refused permission to do Red Cross work unless they wore Red Cross uniforms, and that Catholic soldiers—and few soldiers—were being discriminated against by Red Cross officials. All such stories are outright inventions. At the same time he passes around every kind of rumor of Catholic disloyalty, such as the famous one that President Wilson's secretary, a Catholic, had been executed for treason. He has filled the mails with printed copies of an alleged "bloody oath of the Knights of Columbus" given on the pretense of a religious ceremony in the Congressional Record. It was printed on the Record because it was read into a debate before the house of representatives on an election protest, in order that it might be denounced as a forgery and a libel upon a Catholic candidate. A pro-German agent has been caught distributing copies of this "bloody oath" in New Jersey and sent to prison for it.

In Spain and the Catholic countries of South America the Kaiser poses as the champion of Catholicism against the enemies of the Vatican. He does not preserve that pose in Catholic Belgium or Catholic Poland. And in America the Kaiserites use this very claim of the Kaiser to arouse animosity against the Catholics, just as in Italy the German agent used it in an unsuccessful attempt to reduce the Italian Catholics, and now in America accuses the Italian Catholics of having succumbed to the seduction. As a matter of fact, the Catholic chaplains in the Italian army were among the first to discover this propaganda among the soldiers, reported it to the officers, and combated it diligently. Various persons and publications that made a living out of sectarian animosities before the war are unconsciously aiding the work of the enemy by assisting the spread of anti-Catholic and anti-Protestant slanders. They can only be

The Cause of Appendicitis

Now Definitely Known

The commonest cause of appendicitis is constipation. Every doctor says so. When you require physic, don't use a cheap daisy pill—get Dr. Hamilton's Pills, which are made from the private formula of one of the greatest physicians. Dr. Hamilton's Pills regulate the stomach, regulate the bowels and prevent any tendency to appendicitis. In one day you feel the difference. Dr. Hamilton's Pills. By purifying the blood and cleansing the system they prevent headaches, hives, constipation and drive away weariness. No medicine so successful as Dr. Hamilton's Pills. Sold every where in 25c boxes, with yellow covers get the genuine.

KNOW YOUR OWN COUNTRY

St. John River Valley

The Garden of New Brunswick

The St. John is a lovely river, with a beauty all its own. There have been attempts to label it "The Rhine of America," but in the opinion of those who know and appreciate the St. John, its beautiful name is of sufficient distinction—an opinion with which those who have traversed the two rivers will in all probability agree.

Delimiting an area of some 30,000 square miles, and with its principal tributaries comprising some 1,300 miles of navigable waters, the River St. John, after a course of 450 miles, discharges its flood through a narrow rocky gorge, where are the famous Reversing Falls, into the Bay of Fundy.

OWES HER LIFE TO "FRUIT-A-LIVES"

The Wonderful Medicine, Made From Fruit Juices and Valuable Tonics

MADAME ROSINA POISZ

"I am writing you to tell you that I owe my life to 'Fruit-a-Lives'. This medicine relieved me when I had given up hope of ever being well. I was a terrible sufferer from Dyspepsia—had suffered for years and nothing I took did me any good. I read about 'Fruit-a-Lives' and tried them. After taking a few boxes, I am now entirely well. You have my permission to publish this letter, as I hope it will persuade other sufferers from Dyspepsia to take 'Fruit-a-Lives' and get well."

MADAME ROSINA POISZ, "Fruit-a-Lives" is the only medicine in the world made from fruit. It is a tonic, a purgative, a blood purifier, a skin cleanser, a hair restorer, a general health builder, and a cure for all ailments arising from impure blood. It is sold by all druggists and health food stores. Price, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of notes by Fruit-a-Lives Limited, Ottawa.

SWAIZEMA CURES ECZEMA AND SKIN DISEASES

This new discovery has cured many after Specialists said they were incurable. Money refunded if you do not get results. Guaranteed and sold in St. John by J. Benson Mahony, The Ross Drug Co., Limited, Oliver's Medical Hall.

Wash That Itch Away

There is absolutely no suffering from eczema when you use the simple wash D. D. D. and do not feel immediately that wonderfully calm, cool sensation that comes when the Itch is taken away. This soothing wash penetrates the pores, gives instant relief from the most distressing itching, and is sold by E. Clinton Brown, Druggist, St. John, N. B.

D. D. D.

Inside the water, and whether you look down, over or across you see a subject for the landscape painter. In a plain, freshman, J. J. LeBlond, each in his turn had his experience on the middle Upper St. John Valley. There is a world of beauty yet to be unfolded about what they said, wrote and did. If this is a country with a past, it is surely a country with a future. Most beautiful crops must come from that fertile soil, to be largely increased each ensuing year with the modern means of exportation.

Above Woodstock the course of the St. John is through a magnificent pastoral country. Approaching the Grand Falls the scenery becomes wilder more rugged. The Falls rank with the great cataraacts of North America, and seen from above present a fascinating spectacle.

Between St. Leonard and Edmundston, the St. John River is the boundary line between New Brunswick and the State of Maine, and Canadian and American villages face each other on its opposite banks. The line operated by the Canadian Government Railways at present extends from Centerville, Woodstock, Fredericton to Gasqueton, and that portion from Gasqueton to John. The variety of the view is what surprises and delights. Here you are up on a high piece of ground and the river is winding along in the distance as a huge silver snake, with cultivated flats and charmingly wooded heights in the farther distance. There are many striking

single out for the role of a public benefactor. He is a man who has the farmer alone the market price of his skill and labor? "Why attempt to regulate the price of wheat?" "I believe it is no exaggeration to say that we are confronted with the danger of starvation in the next twelve months. The energies of the government want to stimulate agricultural production? Then strike the shackles off the farmer and leave him free of other producers. In the name of common sense, of justice and of patriotism, I make this appeal to the president and congress."

As a matter of fact, it is not true that the American farmer has been discouraged in the planting of winter wheat. He has seeded this year 42,170,000 acres of winter wheat. That is 2,000,000 acres more than the year before, 160,000 acres more than ever before, and 7,000,000 acres more than his average acreage before the European war began. The December estimate of the department of agriculture placed his yield of winter wheat last year at 1,200,000 bushels more than last year's crop. And the reports that have since been received by the department indicate that the December estimate was too low by 80,000,000 bushels. It is equally untrue that the "price of corn has been less than the average price of wheat for years previous to war were, roughly, 80.9 cents a bushel for wheat and 66.6 cents for corn. The average price of wheat which he has received has been \$2.04 for wheat and \$1.28 for corn. The increase over the average price has been 181 per cent. in the case of wheat and only 109 per cent. in the case of corn. The increase in transportation have altered the relation of these prices in some localities, especially the price of wheat has been consistently higher than the price of corn.

The Truth About Price Fixing. It is not true that there has been an attempt to regulate the price of farm products. There has been no attempt to regulate the price of any farm product. The allied governments in Europe had set up agencies to buy food supplies in America. Their purchases of American wheat were sufficient to control the price. They could drain America of its wheat and leave our poorer classes to starve. In order that rich and poor might be treated alike, it was necessary to establish a government control of price and distribution. And the price of \$2.20 a bushel for No. 1 northern wheat based on Chicago was agreed upon by an independent commission, appointed by President Wilson, upon which the farmer has an absolute right of appeal. The measures of food control have been directed more against the middleman than the producer. While fixing the price of wheat, the government has not fixed the price of flour, and the millers, by their system of hoarding, have been able to profiteer on the farmer's dollar. The food administration has fixed the price of coal because the miner would not work for reasonable wages as long as the miller was making an unreasonable gain. Profiteering in army and navy contracts and in shipbuilding has been stopped by the power obtained from congress to fix the price of cost, plus a reasonable profit, and the increase in cost has gone to the workman, not to his employer. All profiteering has not yet been done. The way to do it is to increase in cost has gone to the workman, not to his employer. All profiteering has not yet been done. The way to do it is to increase in cost has gone to the workman, not to his employer.

DR. FERDINAND KING, New York Physician and Medical Author, says physicians should prescribe more organic iron—Nuxated Iron—to supply the iron deficiency in the blood. Dr. King, formerly Surgeon of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital; Dr. A. J. Newman, former Police Surgeon of Chicago, and other physicians who have thoroughly tested the value of Nuxated Iron.

Lemon Juice For Freckles

First Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

FRECKLES

Don't Hide Them With a Veil Remove Them With Othine—Double Strength. This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails.

Let Cuticura Save Your Hair

On retiring, comb the hair out straight, then make a parting, gently rubbing in Cuticura Ointment with the end of the finger. Anoint additional parting until the whole scalp has been treated. The next morning shampoo with Cuticura Soap and hot water.

Sample Each Free by Mail. Address post: Cuticura, Dept. N, Boston, U.S.A. Sold by dealers throughout the world.

Major Peters, of Boston, handled the tractor which tore up a local golf club turf for tubers.

To Keep Fit

The best work is demanded from all at this crisis in the world's history. We can't do our best when the system is full of poisons. The liver and kidneys must be kept active so that the blood will be properly filtered. Dr. Chase's Kidney-Liver Pills are the most effective regulators of these important organs. They will help you to keep well and active and to do your best work.

GENERAL EMBURY

HOW IS YOUR APPETITE?

Loss of appetite during the summer months is a common trouble, and indicates that the digestive system is out of order. Lacking a healthy appetite many people—especially women—go long without food, or eat sparingly because food seems to distress them, and it is no wonder that they complain that they are constantly tired and unable to stand the hot weather. This simply means that the digestive system is not doing its proper work, and that the organs of the body, in other words the blood is growing thin and watery.

You need a summer tonic, and in all the realm of medicine there is no tonic can equal Dr. Williams' Pink Pills. Take a short treatment with these pills now and notice how promptly your appetite returns and your power to digest food improves. Your food will then do you good, your strength will return and you will not longer complain that the hot weather tires you out.

The best time to begin taking Dr. Williams' Pink Pills is the moment you feel the least bit out of sorts. The sooner you do so the sooner you will regain your old time energy. You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Bill and 'Emy had not met for some time, when quite unexpectedly they came across each other in the street. Noticing that his chin was looking downcast, Bill clapped him on the back and said: "Got cheer, 'Emy? How are you getting on? Still workin' for the same people?" "Yes," was 'Emy's sad reply. "Buffo, mother-in-law and ten kids."—Buffo, Commercial.

Sun Burned Skin

You want a healthy summer tan. But sometimes you get it too quickly and then there is a few days of suffering. The application of Dr. Chase's Ointment takes out the stinging and burning and leaves the skin delightfully soft and smooth. Because it is equally effective in relieving stings of insects and ivy poisoning as well as chafing and skin irritations it is invaluable in the summer camp.

Physicians Explain Why Women Need More Iron in their Blood Today than 30 Years Ago

Say Anaemia—Lack of Iron is Greatest Curse to the Health, Strength, Vitality and Beauty of the Modern American Woman.

Less than a quarter of a century ago, little or no effort was expected of the average woman and her quiet pursuits demanded far less strength, energy and endurance than now.

Today there is not a woman but who stands ready to serve her country and do a man's work if needed. But to meet the strain she must be full of the life, vim and vitality that come from having plenty of iron in the blood.

DR. FERDINAND KING, New York Physician and Medical Author, says physicians should prescribe more organic iron—Nuxated Iron—to supply the iron deficiency in the blood. Dr. King, formerly Surgeon of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital; Dr. A. J. Newman, former Police Surgeon of Chicago, and other physicians who have thoroughly tested the value of Nuxated Iron.

Any woman who tires easily, is nervous or irritable, or looks pale, haggard, and worn should at once have her blood examined for iron deficiency—administration of simple Nuxated Iron will often increase the strength and endurance of weak, nervous, careworn women in two weeks' time.

There can be no strong, healthy, beautiful, rosy-cheeked women without iron, says Dr. Ferdinand King, a New York Physician and Medical Author. "I have strongly emphasized the fact that doctors should prescribe more organic iron—Nuxated Iron—for their nervous, run-down, weak, haggard-looking women patients. Pallor means anaemia. The skin of an anaemic woman is pale, dry, cracked, brittle, and she is irritable, irritable, irritable, irritable. When the iron goes from the blood of women the roses go from their cheeks. "In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sage, farina, dehydrated cornmeal, no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cookery, by throwing down the waste pipe the water in which our vegetables are cooked, are responsible for another grave iron loss. Therefore, you should supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt."

Dr. A. J. Newman, former Police Surgeon of Chicago, and former Homeopathic Physician of Bellevue Hospital, Chicago, says: "It has been my particular duty during the past six years to assist in keeping Chicago's five thousand blue coats in good health and perfect fighting trim, so that they would be physically equipped to withstand all manner of storms and ravages of nature's elements. Recently I was prompted to give Nuxated Iron a trial. This remedy has proven through my own tests of it to excel any preparation I have ever used for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders."

Dr. Schuyler C. Jacques, formerly Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given out any medical information or advice for publication, as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York and Westchester County Hospital, says: "Thousands of persons go on suffering year after year, doctoring themselves for all kinds of ills, when the real and true cause underlying their condition is simply a lack of sufficient iron in the red blood corpuscles to enable Nature to transform the food they eat into brain, muscle, tissue and energy. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city at Wasson's drug store and by all other druggists."

DOING WELL ON WAR-GARDEN LOTS
Busy Scene Last Evening Out Mahogany Road
Potatoes Much Ahead of Last Year—Large General Yield of Produce Predicted by the Energetic Workers

Mary, Mary quite contrary when asked how her garden grew could not have been any more enthusiastic than were the other women of the city land out the Mahogany road set aside by the council for citizens' war-time use. The scene was truly one to make a farmer's heart glad. Never did the products of the city contain such an exhibition of potato plants—some in full blossom, others ready to flower, big healthy vines all nicely hoed and planted in long serried ranks like a miniature army.

By comparison with last year's initial planting on the city lots at Lancaster this season's display is wally a month ahead. This time in 1917 the tops of potatoes were just barely peaking above the ground while this year they are blossoming. In fact hoeing is nearly finished by those who are putting a lot of fast work on their crops. Cabbages are doing excellently, peas will be a good yield, beans will suffer from excessive rains but turnips, carrots, and other vegetables are going to turn out bumper. In fact the lots will produce—if nothing like a scorching spell or a deluge sets in—a ninety per cent. return.

GIRL BERRY-PICKERS ARE HARD AT WORK
Cheery Word Comes From the Y. W. P. A. Young Ladies Who Are Busy at Sackville Farm

The St. John girls of the Young Women's Patriotic Association, who left for F. C. Fawcett's farm at Upper Sackville on Wednesday to earn some patriotic money as berry pickers and farm-ettes, have already put in a couple of days' work and are enjoying it immensely.

Upon reaching their destination President Jessie Church and her corps of associates found that Mr. Fawcett had their tents erected and cook-house all ready for them. This consideration on the part of their employer was much appreciated. There were eighteen girls in the first party, two more arrived on Thursday and six others went forward in last evening's train. When all the berry pickers arrive they will be twenty-eight strong.

On Thursday afternoon work in the berry patches was commenced. While Farmer Fawcett quite cautiously refrained from offering any criticism of the pace by the young girls in gathering the fruit the smile he wore as box after box piled into the crates betokened satisfaction. On Friday morning bright and early—country time, too—the Y. W. P. A. girls were at it again and by noon they had overtaken "Home Nature." All the berries ripe enough to pick had been boxed. So the "gang" was knocked off, as they say in labor circles.

On Friday afternoon a bevy of ten of the girls slicked themselves up in their white outfits, gay lombards and sweaters and tripped merrily into Sackville town to see the sights. Some had friends or acquaintances in the 9th Siege Battery detachment out there, and so—

Tomorrow the farmerettes will attend church. There is a Methodist church handy but the other denominations have their places of worship three miles distant in the town. Miss Church—true to her surname—promises to have church parade for everybody according to their desires.

THE BAN ON THE AUTO "CUT-OUT"
St. John Order in Line With the Times—Will End That Sputtering Racket—What of The "Smokers?"

St. John is going ahead like a house afire in some directions, even if it does lag in others; to wit it now officially bans the cut-out.

But what is a "cut-out?" You can hear people ask when they read this announcement.

Well a cut-out is a contrivance of deplorable mechanical usefulness connected with the exhaust pipe of an automobile. When the driver of a car opens up this device his auto sputters and cackles along, rattling and chugging like a steam engine. The exhaust from the engine does not pass into the muffler and purr out behind the car—it crackles and chugs like a 1910 model and creates all sorts of attention, mostly wild-eyed.

You have often in days gone by, when Chief Simpson's men were not so well versed in automobile etiquette as they are now, heard a little car sputtering up King street making enough noise for a ten-ton truck. It's the cut-out that makes the noise.

Some experts say these cut-outs add nothing to engine efficiency in climbing hills, others pooh-pooh the idea. But efficiency or no efficiency the police now have orders to stop the nuisance and arrest offending chauffeurs. This is in line with all well-regulated cities and citizens will doubtless appreciate it.

As a matter of fact the cut-out has been considered in poor taste by "correct" motorists since the days of the early summer. It has grown to be looked upon as motor-ial four-flushing and in a sense vulgar. The high ambition nowadays is to have your engine quiet and subdued, so much so, in fact that it will passfoot up to a traffic policeman so softly that a toot from the horn is necessary to attract the official wave of the hand.

Now that the cut-out has been marked for official disfavour the next thing our efficient bluecoats want to get after is needless smoking. A half dozen cars passing too much lubricating oil in their containers—an overdose, you may call it—can send forth enough foul-smelling blue smoke almost to stiffen women and children on the sidewalks on a breezy day, let alone the unfortunates in cars and on foot. In the States they fine offenders from \$10 to \$30 for smoking—that's the auto kind of smoking, remember, not the Walter Raleigh kind, invention, for that would never do, these worrisome war times!

THOUGHT HIM ON DEEP WITH NAVY; VISIT A SURPRISE
Harry S. Harrington Arrives, Unexpectedly at Home, Lancaster Heights—Two Others in the War

When they had last heard from him, Harry S. Harrington, son of John Harrington of Lancaster Heights, was on active service with the British navy on the other side of the Atlantic ocean. Consequently, it was a great surprise—and a very pleasant one—when the young man walked into his home this week and greeted the members of his family. He soon recovered from the shock sufficiently to give him the welcome the occasion warranted. The visit was but a brief one, as the sailor had crossed the ocean on duty and had only a brief furlough before returning to the Canadian port which he had last visited.
