Easy & Practical Home Dress Making Lessons

Prepared Especially For This Newspaper by Pictorial Review

ATTRACTIVE FOR SMALL GIRLS.

yoke of the same material, the sleeves being cut into one with the yoke. Belt, collar and cuffs are of the plaid, and the neck may be finished in either high or low effect.

To make the dress requires:
3/4 yards 28-inch material at 36c. yard \$2.82
1/2 yard plaid for trimming at 60c. yard \$0.30

Since the vest is an adjustable affair, this may be transferred from dress to dress.

When 28-inch material is used, it can be folded to splendid advantage in cutting out the dress. The skirt being a straight flounce, it can be arranged about 2 inches from the edge of the sponge, on the fold. The pleating follows next, being laid a little further toward the open edge. The back and sleeve (in one piece) is laid on a fold of the goods. The round collar, cuffs, pleating for back and sleeve and front are all arranged on a lengthwise thread of the material.

Now, to make the dress, first gather the upper and lower edges of front and lower edge of back between double "TT" perforations. Sew upper edge of front to back and sleeve section, notches and center-fronts even; large "O" perforations indicate center-front. Close under-arm and sleeve seams as notched. Adjust stay to position underneath gathers at lower edge of waist, centers even (large "O" perforation indicates center-front), small "O" perforation at under-arm seam. Close back seam of round collar (indicated by small "o" perforation), sew to neck edge as notched. Sew standing collar to stand as notched. Close cuff seam as notched, sew to lower edge of long sleeve as notched.

For the skirt, turn hem at lower edge on double "oo" perforations. Pleat, creasing on slot perforations bring folded edge to line of small "o" perforations and press. Gather upper edge between double "TT" perforations. Lap right front gore on left, centers even (double "oo" perforations indicate center-front); stitch to position, leaving free above large "O" perforations for opening. Sew to lower edge of waist, centers even, bringing line of single small "o" perforations to under-arm seam.

Dress for small girls, carried out in cotton sponge and made without a lining. The back and long sleeves are in one piece, and the straight skirt has pleats at the sides, but gathers at the front and back.

Of attractive frocks for the small girl there is no end, and as the season progresses pretty new models appear day after day. The daintiest are, perhaps, among the new spring and summer creations. The clever model shown here is of dotted sponge trimmed with Scotch gingham in a pretty plaid. There is a long blouse, with a shoulder

APPEAL FOR GIRLS' HOME

Lieut.-Governor MacGregor and Rev. E. B. Moore Deliver Addresses in Halifax Church

(Halifax Echo)

The J. Wesley Smith Memorial church was crowded to the doors Sunday evening to hear eloquent and stirring addresses in support of the proposed Maritime Home for Delinquent Protestant Girls by His Honor the Lieutenant Governor of Nova Scotia and Rev. E. B. Moore.

In the course of his address Lieut. Governor MacGregor referred to the fact that there were many institutions philanthropic and charitable in Halifax but none for the Protestant delinquent girl. He spoke of the movement started in New Glasgow by the Women's Council through the conviction of a young girl who was sent to jail. This movement spread and thanks to the energetic efforts of Rev. G. W. F. Glendinning and Rev. Dr. J. W. McMillan much had been accomplished. A home had been purchased within the town limits of Truro, up to date subscriptions had been received to the value of \$8,185 which had come from 185 persons. His Honor made a stirring appeal for funds for this worthy project. He said that many a woman had fallen low, who if the right means had been used in her case might have been redeemed.

Rev. E. B. Moore spoke of the care of delinquent girls as one of the greatest problems of the civilized world. "What are we doing for these girls?" he asked. "We let them run

WOMEN'S CANADIAN CLUB

A meeting of the Women's Canadian Club was held yesterday at the residence of the president, Mrs. E. A. Smith, the object of which was to make final arrangements for the last lecture to be delivered to the members before the close of the season. It was arranged that the lecture should be given in the York assembly rooms this week by Rev. T. A. Drummond, of Campbellton, who

will take as his subject The Isle of Man. Lantern views will be shown. Rev. Mr. Drummond is a native of the "sea-girl" island, and, consequently, well qualified to speak on the subject. It is a part of the British dominions seldom referred to, though its history and attractions are of absorbing interest.

Twenty-five new members were elected at the meeting, the total membership now exceeding 800. The season, just closing, has been very successful, much good work having been accomplished, not only in the way of providing a series of interesting lectures, but in forwarding such measures as transforming Fort Howe into a dominion park, and the plans for rebuilding the new Salvation Army metropole.

Miss Lang Shah is the eldest daughter of the new Chinese minister at Washington. She speaks English fluently and is thoroughly conversant with occidental customs, yet she wears native clothes by choice.

AGAIN ENJOYED
The Suffragette Convention, which was presented most successfully last week in the Mission Hall, East St. John, by the members of the East St. John Girls' Gymnasium Club, was repeated with success last night in the vestry of St. Mary's church, Waterloo street. There was a large attendance and the performance was much appreciated. Those who took part were: Miss Clara Magee, Miss Bertha Forbes, Miss Margaret Foley, Miss Mary Eastwood, Miss Annie Marshall, Miss Grace Magee, Miss T. Read, Miss Edith Magee, Miss Annie Gillen, Miss Maud Jocelyn, Miss Ada Foley, Mrs. Charles Farham and James Basanson. During the evening solos were sung by Mrs. Read and Mrs. Ferris.

Judge William Kelley, of St. Paul, has worn a white rose in his buttonhole every day for the last twenty-six years in memory of a daughter who died in 1888.

Book For Men, Free
8,000 Words, 30 Illustrations

TO MY READERS:
Of the little illustrated advice book described below, which I gladly send free to all men who fill in the coupon. I beg to say that it represents the very BEST information of a private nature which I am able to offer you as a result of over 30 years' observation and study of my subject, during which time I have personally interviewed many thousands of men, young and elderly, single and married, rich and poor alike, who came to me in confidence with their confessions of debility, loss of nerve force and falling strength. It is, reader, this vast and unusual opportunity which has enabled me to compile this very popular and valuable little free book (over a million of which have been sent everywhere to men who wrote me for them), and in a manner to reflect the exact living, breathing experience and needs of real men who sought information as to the newer ways of self treatment without the use of drugs.

Remember, this book of over 8,000 words and 30 illustrations will come to you by return mail in reply to your request, and in a perfectly plain, sealed envelope, for it is no one's business but your own what the envelope contains. There is absolutely no obligation on your part to buy anything or pay anything, and merely the receipt of this book does not mean in any way that you are to use one of my VITALIZERS (see description below) and, in fact, only a portion of the book has any reference to the VITALIZER at all. Primarily it is a compendium of useful information for private reference, which you and all other men may easily profit by through life.

Therefore, please use the coupon, or, if nearby, I should be very glad to have you call.

SANDBEN, AUTHOR.
It is a fact, reader, which you and I must recognize and admit, that the whole world admires and is fascinated by strong, vigorous, husky, manly, manhood, and we must also admit that it is this same manhood and this alone which is the book of the real leaders and producers in every walk of life. No matter where we go, we find it to be the manly, vigorous, vital fellow who forges to the front, who fascinates men and women of this community, who does the really great things. An unmanly man merely means nature's laws gone wrong, for it is he who halts and hesitates, who takes the back seat, who does not fit into the picture in a way that a manly, vital nature should. And yet, reader, it is my firm belief that any man, no matter what his past, no matter what disappointments or follies may have left their mark upon his physical and mental being, I say to you that such a man, unless there be some unusual reason, may hope for a complete return of his strength, vigor and self-confidence, if he but go about his self-restoration in a natural, commonsense way.

I make a little appliance which we will call a VITALIZER, because I think that is the best word to describe its strange power. I don't want you to think of getting one of these VITALIZERS just now, but I would like you to investigate my claims as to what I believe can be accomplished by almost any weakened man who uses this VITALIZER faithfully for a few weeks. I speak, of course, of him who is willing to give up dissipation and lead a decent, conservative life, not only while using the VITALIZER, but for the future. The other kind of man, the dissipated, can hope for nothing from any treatment, no matter what it may be, hence such a man is eliminated from my consideration.

This little VITALIZER is made to wear upon the body all night. It weighs only several ounces and is no more unhandy than an ordinary belt, yet it generates a great FORCE that I call VIGOR, which flows into your blood organs and nerves while you sleep. Men say it often takes no time in the "morning better in my life" class. Special attachments carry the FORCE of the VITALIZER to any part of the body, for the use of women as well as men in cases of rheumatism, kidney, liver, stomach, bladder disorders, etc.

Over two hundred thousand of these VITALIZERS have been used or are now being used by men all over the world.

You had better learn more of this VITALIZER. It is fully described in my free book. If you live near me, why not call and test the VITALIZER yourself?

WHAT THE FREE BOOK TELLS

The free illustrated advice booklet mentioned above is meant to be a simple declaration of certain important truths that every man in the world should know. The day has gone by when men are kept in ignorance of the real problems pertaining to these private subjects, and this illustrated advice booklet, which I send to men sealed, by mail, gives certain important facts relating to sex, just as these facts are. The booklet also fully describes my VITALIZER and you are told how you may get one for your own use if you decide that you want one. Please use coupon below, or call, Hours 9 to 6.

SEND THE DELEGATION

The St. John City Council, Board of Trade and Trades and Labor Council will find in yesterday's discussion in parliament the very strongest reason for sending a delegation to Ottawa without delay, to protest against a renewal of the Gutelius agreement.

The Intercolonial Railway and its management were under discussion, and in the course of the debate Mr. Borden quoted with approval assurances which he said were given him by officials of the I. C. R. that the rates charged the C. P. R. between St. John and Halifax were fair and reasonable, and all things considered were profitable to the government line.

Hon. Mr. Hazen is to introduce a bill relating to pickled fish. There is a roll in pickle for Mr. Hazen, if the Gutelius agreement is renewed.

One satisfactory feature in connection with the new city council is that the majority of the members are in favor of the open door.

The Borden government has performed another great feat of administration. It has appointed another Royal Commission, this time to investigate marine department affairs at Quebec.

An interesting feature of to-day's management of the Intercolonial Railway is the partiality for high officials from the United States and also for coal from over the border.

The need of more school houses in St. John is one of the evidences of growing population. Each new school building erected should be of the most modern type, and money expended in getting the necessary information to ensure that result would be money very wisely spent.

The Unionist press attacks Mr. Lloyd George for boosting the income tax. The chancellor, however, is only placing the burden of taxation upon the shoulders of those who are best able to bear it.

There will be no complaint from the people who are constantly living in dangerous proximity to the bread line.

The export of milk from St. John to Boston has brought out the fact that Boston milk inspectors are not satisfied with the conditions found on some of the farm premises from which milk is shipped.

Before the next delegation goes to Ottawa each member should be interrogated to learn whether there are any doubts in his mind as to the justice of St. John's claim for a square deal in connection with the mail and passenger as well as the freight service. Halifax may be safely left to plead its own case.

Referring to the Royal Commission, the Standard this morning wildly demands: "Does the Telegraph, the Times, the Moncton Transcript or the Fredericton Mail this morning dare to throw their mud at any of the members of this commission? Have they the courage to suggest, or even to insinuate, that Sir Frederick Barker, Hon. H. A. McKeown or W. S. Fisher would be parties to an investigation that will not be open, fair and searching?"

Neither of the Journals mentioned has any design whatever upon the Standard's mud-bank.

Why spend your summer months in a smoky city, when you can have a beautiful summer cottage like this. The size of this building is 18 x 25, with a verandah 6 ft. wide the length of the building. ST. JOHN IS INTERESTED. A matter to which the new city council will no doubt give early attention is that of the town-planning conference in Toronto the last week in May. The city council should be represented, and if there were also an exhibit from this city it should prove a good advertisement. The Amherst News says that Amherst will have an exhibit, and St. John should not do less than Amherst.

There is as yet no intimation that the board of trade will send a representative to the conference. It certainly should do so. No better disposition could be made of a small portion of its funds than to pay the expenses of a well informed delegate to this conference, to bring back to the board and to the citizens the inspiration and the knowledge gained there. St. John does not take itself seriously enough when matters of great importance to its welfare are under consideration. The city council and board of trade are representative bodies. The citizens have a right to look to them for leadership and a progressive policy.

A very great injustice will be done if a town-planning commission for this city is not soon appointed, and a comprehensive plan of civic and suburban development prepared and adopted.

Preliminary to such action there could be nothing better than to send a good delegation to the town-planning conference in Toronto.

THE ROYAL COMMISSION. No exception can be taken to the personnel of the Royal Commission which has been appointed to investigate the Dugal charges. All that can now be asked is that no effort be made to limit the inquiry, but that it be made thorough and complete, so that all the facts may be brought out. It is fair to assume that the commission will begin its work at an early date, and that every facility will be given to Mr. Dugal to submit the evidence, so that the whole matter, both in relation to the crown land charges and those in relation to the St. John Valley Railway, may be probed to the bottom. Much, of course, will depend upon the power given the commission, and to the extent they will be permitted under those powers to admit evidence and summon witnesses. No event in the recent political history of

this province has created so great a sensation, and the people will follow with the keenest interest the proceedings before the commission. While the government press has continued to assail Mr. Dugal and those associated with him in the bitterest fashion, there has been no attempt on the part of the opposition to pre-judge the case. They have been content and are now content to await the evidence and the findings of the commission, asking only that full opportunity be given to examine witnesses and bring out the facts.

Hon. Mr. Hazen is to introduce a bill relating to pickled fish. There is a roll in pickle for Mr. Hazen, if the Gutelius agreement is renewed.

One satisfactory feature in connection with the new city council is that the majority of the members are in favor of the open door.

BIRTHDAYS OF NOTABILITIES

WEDNESDAY, MAY 6

This is the natal day of Lt-Col. Hugh Clark, M. P., who has represented North Bruce in the House of Commons since the last dominion election. He was born forty-seven years ago near Kincardine and has spent most of his life editing the Review in that town. His chief title to fame is probably the extreme facility with which he can utter puns and other witticisms. In appearance, grave as a judge, his play of humor is all the more effective and in company with a crowd of boon companions he becomes inimitable. One night, when he was a member of the Ontario provincial legislature and was visiting Hon. W. J. Hanna in Saranac, he and the provincial secretary were walking along the street and noticed the window of a bank building standing wide open. Mr. Hanna expressed some anxiety, "Now, I wonder why that window is open?" said he. "I suppose," drawled the colonel with equal seriousness, "it must be to let the drafts in." This is a fair sample of the kind of jest that lights member for North Bruce is constantly getting off.

Also born today:—Hon. Alphonse Desjardins, born Terrebonne, P. Q., 1841. Hon. A. E. S. Martin, Victoria, B. C., born Hamilton, Ont., 1865.

OUR ancestors would great cumbersome watches with keys and were satisfied if they ran within a couple of minutes a day.

Our ancestors bought diamonds of any shape, any color, any cutting.

Today there is a growing demand for watches that are small and thin and that will run within 80 seconds a month.

Today there is a big demand for the finest diamonds to be had. They must be WHITE, ROUND, FREE FROM FLAWS AND PERFECTLY CUT. WE HAVE THEM.

WE HAVE THEM AT THE RIGHT PRICE.

WE EXTEND A MOST CORDIAL INVITATION TO ALL TO EXAMINE OUR GOODS AND VALUES.

A despatch from London says that the public is tiring of the militants. "Bout time."

A government which can overlook a little item of six million dollars is a good one to do business with, but it's liable to be rough on those who have to pay the bills.

A morning paper suggests that the congestion in the schools is a proof that our population is growing; those who have spent the last few months trying to find a vacant house or flat need no such further proof.

Commissioner Russell has four years ahead of him in which to find a way to reduce the ferry tolls to one cent, but Commissioner Potts has only half that period to convert the other members of the council to the single tax system.

While conscience may make cowards of us all, the element of surprise may have the same effect. The experience of a local canine illustrated this the other day.

It was an old collie with a short temper, and he had found it necessary to adopt a warlike attitude towards the children of the neighborhood in self-protection; but this method failed and the dog suffered ignominious defeat, when he met a two-year-old tottler the other day.

The little chap approached the dog with great glee, but after a suspicious glance the collie showed his teeth in a snarl and gave an ominous growl. It was all part of the game to the youngster and, thrusting out his black, he bared his teeth and gave as savage a growl as he could manage in imitation.

This was a new species; the dog gave one startled look, yelped, turned tail and fled.

When Fairville 'comes a town, Michael L. Geary sends The Man in the Street the following:

Some people are always trying, They try and try again, It is a lesson taught by fate, And sometimes bring you shame; Makes no matter what you try, It's a case of up and down, But I wonder what will happen When Fairville 'comes a town.

Chorus. When Fairville 'comes a town, Will they do the thing up brown? We will have to have another track, You know one car is always black, Say will they get the license back When Fairville 'comes a town?

There will be some awful changes, There'll be no more village belles; But what's the use of hollering, When you have no college fees, So it's not much use to frown; But I wonder will the women vote When Fairville 'comes a town.

Chorus. How will we know what's going on, We haven't any press; Not even a nickel, Ain't we in an awful mess? No opera house to blow about, How will the news get round, Will we know it in our tax-bills When Fairville 'comes a town?

Chorus. There's a lot of rumors going round For folks are bound to talk; And some are awful strange, Just like an eight-day clock; But keep them all a-going, We'll get used to their sound, I guess they'll have their own time When Fairville 'comes a town.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back its Color and Lustre With Grandma's Sage Tea Recipe

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair.

While mussed, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly.

ATTACKED AND ROBBED IN HOME AFTER NIGHT IN THE NEW YORK CABARETS

Rich Widow May Die as Result of Blows From Wrench in Hands of "Dr. Verney"

New York, May 6.—The man whom she believed to be her close friend and who posed under the name of Dr. Arthur Verney, sprang upon Mrs. Johanna Manheim, a widow, in her home at 54 West 92nd street at four o'clock in the morning after they had returned in a taxi-cab from the rounds of the cabarets, and beat her with a wrench until she was mortally injured.

At the same time a servant girl, believed by the police to have been in a conspiracy with Verney, robbed a strong box upstairs of \$8,500 worth of jewels and about \$800 in money and escaped.

Mrs. Manheim, who was reported by the police as dying in the Lexington Sanitarium at 140 East 6th street, last night, fought her assailant vigorously with the wrench. She pulled from him his collar and tie and his gold watch and chain, which the police have, together with a gold-headed walking-stick left by him as he escaped through the front window in a leap of more than twelve feet.

Mrs. Manheim, who is about forty years old and exceptionally attractive, met Verney two years ago. They went to restaurants several times together, but he disappeared and she heard nothing of him until a few days ago when he telephoned to her that he was back in town and wished to call.

Upon her invitation he took dinner with her at her home. The same day a new servant was employed in the dwelling of the Manheim family, and it was noted that she

automobile wrench, wrapped first in a piece of brown paper and then in a silk handkerchief. As she uttered a cry the weapon struck her head. She continued to scream as she clutched at him. In the fight she tore off his collar and black bow tie, and his gold watch and chain.

The struggle and her cries awakened the household, but Verney escaped. The police said it was evident that while Verney and Mrs. Manheim struggled in the drawing room his confederate opened the strong box and got the jewels and money.

RECENT DEATHS

The death occurred last evening of Miss Annie F. Carson, of this city. She was a daughter of the late William and Mary Carson, and a sister of the late Rev. Father Carson, of St. George's, N. B., and leaves to mourn, two sisters, Mrs. C. B. Dever, and Miss Elizabeth Carson, both of this city, and two brothers, Patrick and Henry, both of Boston.

Marian Brown, widow of John Savage Brown died on Sunday at the home of her nephew, Frank M. Brown, Marguerite, aged eighty-six years. John K. Gillespie, of Calais, is dead. He was a native of Charlotte, N. B., and when a young man went to Calais and entered as an apprentice in the carriage factory of James Robinson. He learned the trade in its several branches, and afterwards entered into partnership with Mr. McWha of St. Stephen, the business being carried on in that town. Mr. Gillespie later went to Calais and established a carriage manufactory of his own, which business is still continued. He leaves a widow and three sons—Clarence, of Detroit; Henry W., of Calais, and Frederick, of Boston. He was sixty-eight years of age.

Here is a Short Sharp Statement

IT SHOWS THAT DODD'S KIDNEY PILLS ARE NO FAITH CURE

Patrice Cote had Kidney Disease—He Sent for Dodd's Kidney Pills Just to Try Them—They Made Him Well

Patrice Cote had Kidney Disease, he writes, makes the following statement: "For five months I suffered from Kidney Disease. I sent for two boxes of Dodd's Kidney Pills to try them. They made me well."

Mr. Cote's experience is similar to that of scores of others in their neighborhood. They had Kidney Disease, they tried Dodd's Kidney Pills and they found health. They have proved for themselves that no matter how far advanced the Kidney Disease is, the cure is the same—Dodd's Kidney Pills.

Dodd's Kidney Pills are no faith cure; neither are they any cure-all. Thousands of sufferers have tried them who had little faith in them. They found the cure just the same. Dodd's Kidney Pills simply cure the Kidneys. To be sure you hear of them curing Rheumatism, Dropsy, Bright's Disease, Diabetes, Gravel and other diseases of the Kidneys or caused by sick Kidneys. The natural way to cure them is to cure the Kidneys. Dodd's Kidney Pills cure the Kidneys.

SEVERE BRONCHIAL COUGH

Doctors Feared Lung Trouble—Restored to Health by Vinol

The medical profession does not believe that lung troubles are inherited, but a person may inherit at weakness or tendency to them.

Mrs. Kate Heckman, Springfield, Ohio, says: "A few years ago I was in a very bad run-down condition, and the physician told me I had consumption. I tried another physician, and he told me I had ulcers on my right lung. I quit the physician and started on Vinol. Today I am perfectly healthy, and that is why I recommend Vinol."

Vinol soothes and heals the inflamed surfaces and allays the cough. Vinol creates an appetite, strengthens the digestive organs and gives the patient strength to throw off incidental pulmonary diseases.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Watson's Drug Stores.

Loyalists' Day

At a meeting in the offices of R. W. W. Frink yesterday afternoon representatives of the different societies interested discussed plans for the celebration of Loyalists' Day, May 18, in commemoration of the landing of the loyalists at St. John in 1783. In addition to the usual programme of addresses and songs with dancing at the close, it was announced by Archdeacon Raymond that the gathering would be addressed this year by J. H. Stark, of Boston, author of The Loyalists of Massachusetts and an authority on the coming of the U. E. Loyalists to Canada. It was also announced by Archdeacon Raymond that the Loyalist Society of Toronto would observe May 18 this year in recognition of the landing of such a large body at St. John.

SATISFIED WITH MANAGEMENT OF INTERCOLONIAL

Vote of Censure Defeated—C. N. R. Resolution Today—To Raise Standard of Pickled Fish

Ottawa, May 5—The government declares itself well satisfied with the manner in which the Intercolonial is being operated. The opposition declares that no one else is and that people in the maritime provinces are very much dissatisfied.

The question was debated in parliament today. Hon. Henry Emmerson moved a vote of censure on the government for the manner in which it is running the people's railway. He protested that rates had been unreasonably raised; that the train service had been improved; that the American and Canadian Pacific officials had been brought in, replacing Intercolonial officials; that while ordinary people were being charged unduly high rates the Canadian Pacific had been given unwarrantably low rates. On this point he affirmed that the Intercolonial was charging only \$800 for hauling 400 tons between St. John and Halifax, though it cost the Intercolonial \$616.

Buying coal in the United States was the latest offense. He concluded by moving that the methods followed by the government in running the Intercolonial are oppressive to the employees and the public, and detrimental to the interests of the road and the country. The resolution was heartily supported by E. M. MacDonald and J. H. Sinclair.

Hon. J. D. Reid and Premier Borden affirmed that the grievances as to rates had been remedied, that the train service was adequate, that officials stated the rate given the Canadian Pacific was fair and reasonable and that the road was being run by Mr. Gutelius as a business proposition to the satisfaction of every one.

R. B. Bennett wanted to know if he were the resolution in regard to the C. N. R. was brought down the government would furnish particulars of the \$850,000 alleged to be on hand for the completion of the C. N. R. He wanted to know how this was made up. This was very important.

The Premier replied that this would be brought down. The amount was not altogether in securities, but included subsidies yet to be earned. Hon. Rodolphe Lemieux brought to the attention of the house the fact that there had been three accidents on the St. Lawrence this spring. It had been alleged that the lights and buoys had not been properly placed.

Hon. J. D. Hasen replied that work had been somewhat delayed owing to the inability to place the lights till the ice left the river. If placed earlier they would only be carried away and destroyed. He said that everything possible to prevent accidents had been done.

The vote on Mr. Emmerson's motion of censure was taken at 1.30 a. m. It was defeated on a straight party vote by 69 to 89, a government majority of 30. Six Millions Fought.

The missing \$6,000,000 referred to last night in connection with the wrong addition in the return tabled yesterday by Premier Borden, was found today. An item of \$5,995,754 for the completion of the tunnel and terminals at Montreal was omitted from the return by "clerical error." The addition was made up on the supposition that this item was in. The carelessness in presenting the return is a matter of general comment and criticism even among the Conservative members here today, who are taking many quiet digs at the government for the tangled skein of blunders which have already developed in connection with the bringing down of the proposals.

Inspection of Fish. Ottawa, May 5—Among the legislation which was announced by Premier Borden as yet to be brought before the house this session was with regard to the inspection and branding of pickled fish. This will be introduced by Hon. J. D. Hasen tomorrow.

This bill aims at bringing into general use an improved standard barrel for curing and marketing pickled fish; and raising the standard of curing and packing to such a degree that the cured article shall secure the confidence of dealers at home and abroad.

A staff of inspectors, after being duly drilled and instructed in their duties, will thoroughly examine the cured product, while it is still in the hands of the original packer, and provided the barrel is of the standard size and make, and the fish packed and graded in accordance with the act and its regulations, apply to each barrel so conforming to the requirements, a brand or guarantee of quality, which will show the grade of fish, the year of packing and the inspecting officer's initials or number.

It is intended that, preceding the enforcement of the act, an educational campaign will be conducted among fishermen and packers. It is also intended, after the passing of the act, to carry on systematic advertising both in the home markets and those of the United States, of all that the government brand stands for, with a view to expanding the outlets, and enhancing the prices for pickled fish.

The act will apply to the industries on both the Atlantic and Pacific coasts, and it is contended that under its provisions a great pickled fish industry will be re-created in Canada.

Cut This Out

Famous Specialist's Recipe for Catarrhal Deafness and Head Noises

If you know someone who is troubled with head noises, or catarrhal deafness, cut out this formula and hand to them, and you will have been the means of curing some poor sufferers perhaps from total deafness. Recent experiments have proved conclusively that catarrhal deafness, head noises, etc., were the direct cause of constitutional disease, and that salves, sprays, inhalers, etc., merely temporize with the complaint, and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by a noted specialist in perfecting a pure, gentle, yet effective tonic that would quickly dispel all traces of the catarrhal poison from the system. The effective prescription which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that anyone can treat themselves in their own home at little expense.

Secure from your druggist 1 oz. Parment (Double Strength), about 75c worth. Take this home, and add to it 1/4 pint of hot water and 4 oz. of moist or granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

The first dose promptly ends the most distressing headache, neuralgia, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of mucus and mucus dropping in the back of the throat are other symptoms that show the presence of catarrhal poison, and which are quickly overcome by this efficacious treatment. Nearly ninety per cent of all ear troubles are directly caused by catarrh; therefore there are but few people whose hearing cannot be restored by this simple home treatment. Every person who is troubled with head noises, catarrhal deafness, or catarrh in any form, should give this prescription a trial. There is nothing better.

A. GORDON LEAVITT TALKS ON BIRDS

The monthly reading of the Natural History Society of New Brunswick last evening at the museum in Union street, was given by A. Gordon Leavitt, the treasurer. W. F. Burditt, the president, was in the chair. The subject of the reading was birds in general, though Mr. Leavitt dealt chiefly with such birds as are found in New Brunswick at some season or other.

The following donations were received for the museum: Old padlock said to be from the first police station in St. John, gift of Solomon McConnel; model of dugout such as is used by the river men of upper St. John, gift of the Girls' Guild of St. Jude's church; mounted moose head, gift of Mrs. Walker; Balkan pipe which went through the Balkan war, presented to the society by Andrew Rolston through George McSorley; a large number of articles loaned by Herbert G. Currie, including twenty-three guns, eight pistols, one sword bayonet and many other historical objects, cash donation of \$10 from Miss Mary Jardine; sparrow hawk by Mr. Stockford.

COMMISSION TO INVESTIGATE THE DUGAL CHARGES

Sir Frederic E. Barker, Mr. Justice McKeown and W. S. Fisher Appointed by Lieutenant Governor Wood

Fredericton, May 5—Lieutenant-Governor Wood tonight announced the names of those who are to compose the royal commission for the purpose of taking evidence and reporting upon the charges preferred by Mr. Dugal in connection with the timber bonuses and the Valley railway. The commission is to consist of: Sir Frederic Barker (chairman), Mr. Justice McKeown, W. S. Fisher (of Emerson & Fisher), Attorney-General Clarke waited upon Governor Wood tonight when his honor arrived from St. John, and Mr. Wood announced the names to him and afterwards courteously gave them to the newspaper representatives. His honor was much gratified upon being able to persuade Sir Frederic Barker to act as chairman. Sir Frederic was at first reluctant to undertake the work, but as he has been enjoying a rest and his health is much improved, Governor Wood was able to persuade him to act, and Sir Frederic's sense of public duty was a strong factor in his consent.

It will be necessary to have commissions issued to these gentlemen, and it is anticipated that this will be done by order-in-council during the next day or two. This will be followed by an organization meeting of the commissioners at a date which will be arranged at their convenience. From what Governor Wood said tonight the understanding is that this royal commission will take evidence on both of the Dugal charges—those in connection with the crown land bonuses as well as those concerning the Valley railway.

Suffragettes' Convention The members of the East St. John Girls' Gymnasium Club repeated in St. Mary's school room last evening the play entitled the Suffragette Convention which they put on very successfully in East St. John last week. The play was very entertaining and caused a great deal of laughter throughout the performance. Those who took part in the proceedings of the convention were Miss Clara Magee, Miss Bertha Forbes, Miss Margaret Foley, Miss Mary Eckerbrecht, Miss Annie Marshall, Miss Grace Magee, Miss T. Read, Miss Edith Magee, Miss Annie Gillen, Miss Maud Jocelyn, Miss Ada Foley, Mrs. Charles Farnham and James Bazanson. During the evening solos were rendered by Mrs. Read and Mrs. Ferris.

THE HALF-SPEED MAN AND WOMAN

What it Means when You Feel "All Out of Sorts."

You know what it means to feel "all out of sorts." Most people have felt this way at some time. Nerves out of order, irritable, languid, depressed. An aching head, a lagged brain, appetite had and digestion weak. With some people this condition comes and goes; with others it is chronic; they can't shake it off. It interferes with business, spoils recreation and robs life of all its joys. These men and women are only able to live and work at "half speed."

Half speed people have lost that abundant natural vitality which enables others to go "full-speed-ahead" through life. Their energy and nerve power have evaporated—they cannot work long without breaking down. The trouble is nerve weakness and is caused by poor, watery blood. You can begin to improve your condition today by taking Dr. Williams' Pink Pills. They make rich, red blood once more pulsate through your veins, and your nerves thrill with fresh vigor. Here is convincing evidence that new strength and full health can be had through the use of Dr. Williams' Pink Pills. Dr. Williams' Pink Pills, North Tryon, P. E. I., says: "I am a farmer and naturally have to work very hard. The result was that I found myself very much run down. My blood became thin and watery, and my muscles flabby. I took doctors' treatment but it did not help me and I grew so weak that I could scarcely work at all. As I found the medical treatment was not helping me I decided to try Dr. Williams' Pink Pills, and in these I found the medicine I needed, as in a short time I was restored to my old health and vigor. I shall always recommend these pills to all sufferers."

ANNUAL MEETING OF LOYALISTS SOCIETY

At the annual meeting of the New Brunswick Loyalists Society last evening, Ven. Archdeacon Raymond was chosen as delegate of the society to the meeting of the Royal Society of Canada to be held in Montreal during the last week of this month. The election of officers for the ensuing year resulted as follows: President, D. J. Seely; first vice-president, C. A. MacDonald; second vice-president, J. S. Flagg; third vice-president, C. E. L. Jarvis; treasurer, R. W. W. Frink; secretary, G. Morrissey; assistant secretary, L. D. Milne.

High tribute was paid by the president to the memory of the late Dr. R. Jack, who for many years contributed greatly to the success of the society. The undertakings of the Loyalists Society of which he was a prominent and active member until his death.

PARALYSIS AND LOCOMOTOR ATAXIA

The most dreaded results of neglected nervous diseases—Study this chart and the symptoms stated here to learn if you are in danger—DR. CHASE'S NERVE FOOD will cure you.

To understand paralysis and locomotor ataxia, which is paralysis of the limbs, and their causes, it is well to remember that every movement of the body or its members is due to the contraction of muscle, which can only take place under the influence of nerve force. As this all-important nerve force is created in the nerve centres of the brain and spinal cord, and conducted along wire-like nerve fibres to the various parts of the body, any derangement of the brain, spinal cord or nerve fibres may result in paralysis or loss of the power of movement.

Paralysis, then, is the natural result of all neglected nervous diseases. If you find yourself nervous and irritable, oversensitive to light, sound and motion, addicted to continual movement or tapping of the fingers, twitching of the muscles, sudden startings and jerkings of the limbs during sleep; if you have nervous headaches or dyspepsia, are unable to sleep or rest, feel downhearted and discouraged, and unfit to fight the battles of life; if your nerves are weak and exhausted, your blood thin and watery, you have every reason to fear paralysis of at least some part of the body, and consequent suffering and helplessness. Paralysis can always be prevented, and partial paralysis actually cured, by the timely use of Dr. Chase's Nerve Food. The time to begin treatment is when any of the above-mentioned symptoms become apparent. These are indications of a degeneration of the nerve cells, and when nerve force becomes exhausted, paralysis is bound to follow.

ALL GOES WELL FOR TESTIMONIAL

Tribute by St. John People To Hugh Campbell, Popular Vocalist

Tickets are out and plans are well advanced for the testimonial to be given for Hugh Campbell, veteran vocalist, in the York Theatre on Thursday, May 14, and everything points to an evening of keen enjoyment of a superior program.

Hugh Campbell When a Young Man

me, as well as in the knowledge that all who attend will be assisting in a tribute to one who never declined the call when his voice and talent were requested at local entertainments. Mr. Campbell recently had the misfortune to break his leg and the present has been declared an opportune time for the testimonial entertainment. Few vocalists have had so long a record of good service. His first appearance on the stage was when he appeared in the old Mechanics' Institute, more than forty years ago. It was very gratifying to all who heard him, for the public recognized that Mr. Campbell possessed a fine voice. Mr. Campbell appeared one year later in the Dramatic Lyceum, situated on the south side of King Square. During his spare moments he began the study of music in earnest, and under the tutorage of James Scribner, of Scribner Brothers' Minstrels, his voice developed until he was recognized as the finest ballad singer in the maritime provinces. Afterwards he sang in Lee's Opera House, Dock street. Four years later Mr. Campbell joined the famous "Home Circle Minstrels," a local company possessed of much talent. He sang with them in Nova Scotia, New Brunswick and Prince Edward Island. Afterwards he joined the renowned Skiff and Gaylord's Minstrels, as ballad soloist. He travelled with them throughout the maritime provinces and also covered Newfoundland, his last public appearance being at Eastport, Me., where he was given a great reception by the mayor and common council at that time. Soon after that Mr. Campbell was called to London, N. S., and sang there one evening and the people in appreciation of his services presented to him a purse of gold. Later on he joined St. Peter's church choir, where for fifteen years he has been a leader. During all these years Mr. Campbell has sung in halls of all denominations, and he is always willing to assist and co-operate in any good work. Today, notwithstanding he has been singing for more than forty years, he possesses a fine, sweet voice.

At least three times in his long musical career Mr. Campbell was given testimonials by his friends. In 1871 or 1872 a benefit concert was held in the Temperance Hall which then stood at the corner of Simonds and High streets, North End. The second benefit was held under the auspices of St. Joseph's

DAIRY INSPECTION

At a meeting of the board of health yesterday the matter of dairy inspection was considered. Letters were read from the Boston board of health saying that an examination of milk sent from St. John has passed a severe test. It was said, however, that when the Boston inspectors came here they found conditions on New Brunswick farms were not the most ideal for dairying. The Boston department offered the services of a capable inspector for a few months to the St. John board, but it was reported that the provincial inspectors

Waltham Watches

Waltham is the name of the best-known and most widely-used watch in the world. Waltham is the index to all that is desirable in a watch—accuracy, beauty, inbred quality, faithful service. Waltham on a watch means high quality, but not necessarily high price. There are Walthams for as low a price as will buy a good watch, and up to as high a price as any one should pay.

GRAND UNION GOES

Noted New York Hotel Is One No More

SUBWAY SWALLOWS IT

Is Taken by Public Service Commission and is Valued at \$3,000,000 to \$4,000,000 — Farewell Dinner to Simeon Ford

New York, May 6—The Grand Union Hotel, one of the historic hostelrys of the city and the only one at which Simeon Ford has not been at some time an after-dinner speaker, closed its doors. Simeon Ford never spoke at a banquet there because he has been one of its proprietors since 1888. Mr. Ford's partner of recent years has been G. T. West. "The shrine of American humor and rice pudding," the hotel was often called, although Mr. Ford never intended to be humorous. He says to himself, but he cannot rid himself of his reputation. He is still to New Yorkers the one humorous American hotel keeper. What is he going to do now? It is a question, indeed. The heartless Public Service Commission has taken the site of his hotel for subway purposes, and the property is valued at from \$3,000,000 to \$4,000,000. Then too, it is generally believed that the business has been a fairly successful one. No one in New York cares to charge Mr. Ford with being a millionaire, but everyone believes he will be able to live comfortably for the rest of his days. This being the case, the question of the future is not really a vital one. Mr. Ford may retire to his estate at Rye, or he may travel in Europe with his family. Perhaps he may wish to gather further data on the correct manner of extorting tips from wealthy Americans in the high-priced foreign hotels. In the poor old Grand Union Hotel, which began its existence as the Westchester House and gradually absorbed thirteen surrounding dwellings, there were no pretensions at modern luxury. Mr. Ford declared only a few months ago that if he were to start all over in the business he would build a hotel on a lodging house plan, a kind of glorified Mills No. 1, only there would be no philanthropy concealed about its works. It would be on the dollar-a-day idea, with 1,000 rooms. He would let everybody break from cover and grab pie and crullers at a nickel in the slot. But Mr. Ford said this in an after-dinner speech, and everybody insisted it was a humorous speech. On May 12, perhaps, he will become sentimental. On that evening the hotel men of Greater New York will tender him a dinner at the Waldorf. Mr. Ford's first partner was W. D. Garrison of Garrison, N. Y., and later the firm name became Ford & Shaw.

GARIBALDI-ITALIA'S GREAT PATRIOT

IN the cause of Personal and National Liberty this modern Rienzi of sunny Italy would have gladly laid down his life. It inspired him to deeds of immortal grandeur, of superb valor and of boundless suffering. Garibaldi would not have legislative tyranny of any kind enter into his own private life any more than will our millions of liberty-loving Italian citizens. His flaming soul scorned any legislation which would prohibit ALL because ONE man out of thousands imbibes in gluttonous quantities. He knew that the light wines of Italy and the barley brews of Germany are beneficial to humanity. Upon an old Germanic basis 57 years ago Anheuser-Busch, brewers of Budweiser, established their brand. The Constitution of the United States is the sole authority upon which they launched their business in America. Every day of these 57 years has been devoted to the brewing of an honest Barley-malt and Saazer Hop brew—the kind that spells Temperance throughout the world. Seven thousand, five hundred people are daily required to keep pace with the public demand for Budweiser. Its sales exceed any other beer by millions of bottles.

The Canal Tolls.
New York, May 6—Notification from Washington has been sent to the shipping companies announcing that the tolls for the Panama Canal will be \$1.20 a ton based upon the canal measurement. This means that any enclosed space on the promenade deck like a smoking room, gymnasium, or drawing room will be paid for at that rate. A vessel in ballast will pay about 60 per cent of the duty, but if there is one passenger on board the full rate of \$1.00 a ton will be charged.

STEAMER COLUMBIAN IS BURNED AT SEA

Thirteen of Crew Picked up—Forty-five Missing—Hope All May be Rescued—Explosions Followed Fire

Boston, May 5—The mystery surrounding the identity of the steamer which has been on fire in the westbound trans-Atlantic steamer lane south of Sable Island for forty-eight hours, was solved today, when wireless messages from the Cunard liner Franconia told of the burning of the freighter Columbian and the rescue of thirteen members of her crew from a small boat. The death of Chief Steward Matthews, whose body the survivors had in charge, and the disappearance of a second boat in which were nineteen men, including the first and second officers, were also reported. The Columbian caught fire Sunday night when about 300 miles south of Cape Race. A series of violent explosions followed almost immediately. Captain McDonald gave orders to the wireless operator to send out calls for assistance, but one of the explosions put the wireless out of commission, cutting off the Columbian from communication with nearby ocean liners which could have gone to the rescue. The men left the Columbian in two boats. Chief Steward Matthews was in charge of the first. This boat put away from the steamer and lay for a time, but in the dense smoke which surrounded the burning vessel the other boat was not visible and the steward's boat finally drifted far from the scene. The old story of Cinderella was repeated with variations recently in Brooklyn, N. Y. Mrs. Eggleston was to sing at a wedding and put her light shoes in the large pockets of her raincoat, but found one gone when she arrived. Instead of waiting for a fairy prince to bring the lost shoe, however, she advertised and an ordinary young man returned it and received a reward.

AUTO ASSOCIATION ELECTS OFFICERS

T. P. Regan Again is President—Annual Meeting Was Held Last Evening

The annual meeting of the New Brunswick Automobile Association was held last evening. After the election of officers, the most important business was a resolution passed, effecting the affiliation with the Canadian and American automobile associations. The latter organizations comprise among their membership, automobile owners from all the provinces of Canada and all the states of the union. It is anticipated that the move will be of valuable assistance to the work of the New Brunswick association.

T. P. Regan was re-elected president of the organization. The other officers were elected as follows: R. D. Paterson, first vice-president; Ernest Hutchinson of Newcastle, second vice-president; F. W. Sumner of Moncton, third vice-president; Hon. George J. Clark of St. Stephen, fourth vice-president; J. F. Van-Buskiik, fifth vice-president. Directors—Percy W. Thomson, Hon. W. C. H. Grimmer, W. B. Tennent, Fred Magee (Port Elgin), G. Fred Fisher, J. H. McFadden (Sussex), and F. G. Spencer; Harry Ervin, secretary; J. M. Roche, treasurer; Rev. J. J. McCaskill, chaplain; Manning W. Doherty, chairman of publicity committee; Fred J. Likely, chairman of the good roads committee; George W. Fowler (Sussex), chairman of legislative committee.

The reports that were presented at the meeting were most encouraging. During the next few months an endeavor will be made to have every automobile owner in New Brunswick made a member of the organization. It is believed that at the present there are more than a thousand automobiles owned in this province. Matters of a routine character were taken up.

BASEBALL LEAGUE

Negotiations Among Four Teams Completed

St. John, Halifax, Moncton and Pictou County All in Line, But Local Team Must Bear Big End of the Expense

After nearly two months of strenuous negotiations, arrangements and re-arrangements, propositions and counter propositions, the formation of the Maritime Baseball League has been completed and the clubs are now ready to go ahead and secure their teams for the opening games, which will probably take place on May 23.

At the league meeting which was held here on Saturday St. John, Moncton and Halifax were ready to go ahead with the proposition and required only the cooperation of the Pictou county men to make the league go. It was impossible for the Pictou county men to get here, so Joe Page, the promoter, and William McMullen, of the Moncton club, went to New Glasgow yesterday and succeeded in coming to an agreement with N. A. Mason, of the Pictou county club, which puts all four teams in line.

In order that the league might become a certainty St. John is obliged to grant further concessions to the Pictou county team, besides those there and playing games for nothing. The new Glasgow team would not consent to come to St. John and play under the conditions suggested, a guarantee of \$50 with a privilege of 40 per cent of the gate receipts and asked for a flat rate of \$75 a week day and holiday morning games and \$175 for Saturday and holiday afternoon games. This was, after some discussion agreed to with the condition added that they were to be guaranteed nothing in case of wet weather.

The arrangements between the different clubs are now as follows: St. John and Halifax will play at Moncton and New Glasgow and receive no share of the gate receipts. New Glasgow will receive from their games with Halifax, \$80 for a week day and holiday morning games; \$75 for Saturday games, and \$100 for holiday afternoon games, flat rate, without privilege of percentage.

New Glasgow will receive from their games with St. John, \$75 for week day and holiday morning games, and \$175 for Saturday and holiday afternoon games, flat rate, without privilege of percentage or guarantee in case of wet weather.

St. John and Halifax will exchange games with a guarantee of \$75 a game, the visitors having a privilege of taking 40 per cent of the gate receipts.

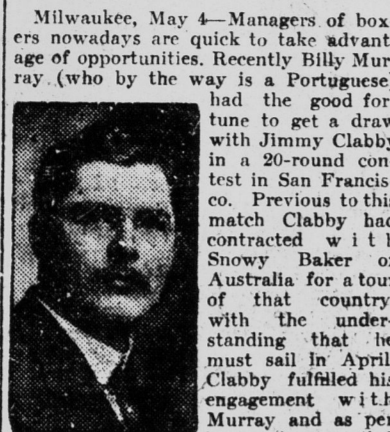

New Glasgow and Moncton will exchange games with a guarantee of \$30 a game, or the privilege of taking forty per cent of the gate receipts.

The Pictou county men at yesterday's meeting asked for a flat rate of \$400 for every three games played in St. John and after considerable argument agreed to the \$75 and \$175 proposition. This agreement was reached only a few minutes before train time, but has been signed by Mr. Mason and the league is already now for the start of play.

Although there has been considerable difficulty in getting the teams into line, it is now hoped that there will be no further difficulties met and that St. John will again enjoy organized baseball.

Claims Middleweight Title

(FROM T. S. ANDREWS)

Milwaukee, May 4—Managers of boxers nowadays are quick to take advantage of opportunities. Recently Billy Murray (who by the way is a Portuguese) had the good fortune to get a draw with Jimmy Clabby in a 20-round contest in San Francisco. Previous to this match Clabby had contracted with Snowy Baker of Australia for a tour of that country, with the understanding that he must sail in April. Clabby fulfilled his engagement with Murray and as per his contract, sailed for Australia. Murray, through his manager, Jack Kearns, challenged Clabby to another match, but he must have known that Jimmy was under contract to go away. After Jimmy's departure Manager Kearns began to make the best of things and here are a few extracts from a letter just received from him: "Because of the peculiar action of Jimmy Clabby in running out on Billy Murray, I am now claiming the middleweight championship of the world for

Murray. I believe that the public will realize the justice of my claim. Murray recently boxed Clabby to a draw. Following the bout Promoter Coffroth offered them a return match. Did Clabby accept? Not at all! Instead he sailed for Australia immediately after the Murray bout. Coffroth did everything in his power to get Clabby to consent to a return match, but he refused the issue. On this account I am claiming the title." Had Manager Kearns issued this statement before Clabby departed for the Antipodes, it would have given the Hammond boy a chance to defend himself and his claim to the title. Clabby is too game to run out of a match with anyone in the world at his weight and it is not right to take advantage of him in this way. We will admit that Murray is a high class boy; in fact, he must be in order to take the chances he will not have, but it will be far better for him to go along and get his reputation by fighting as Clabby has done and no doubt he will. The chances are he will not wait a great while for it is the intention of Clabby to return to the States in about five or six months and then the San Francisco boy will be given an opportunity meet in the meantime Clabby should meet with a set-back on the other side.

MOTOR CYCLE

Local Club Elects Officers.

The St. John Motor Cycle Club held its annual meeting last evening and elected the following officers: President, A. R. Cruikshank; vice-president, E. A. Gilbert; secretary-treasurer, G. G. Gilbert; captain, J. Olive; vice-captain, Chester Brown. The secretary reported that the finances of the club were in an excellent condition and that indications pointed towards a successful year for the organization. A club run to Hampton on May 24 will mark the official opening of the season. Six 1914 model motor cycles have been sold to date and the agents anticipate a greater demand when the season opens.

Sidcars are becoming popular with the members and in addition to six of the convertible machines will be listed here this summer.

BASEBALL

Some Players We Now

Manager Bob Ganley, of the Perth Amboy club in the Atlantic League, who was field manager of the Fredrickton Pets last season, has on his roster Frank Flynn, better known in these parts as "Forky," who started the season last year in the outfield with the Pets and who up to the time of his release, was well up in the batting list. Bert White, of Lowell, another of the Pets' outfielders is also slated for a position in the Perth Amboy team. During his stay in the N. B. and Maine League White did some good stick work, hitting for .284 last year.

Ganley has also made a bid for Pitchers Condon and Detrich, both known in this section, who are now with Lynn in the New England League, but was unable to pry them loose from the Lynn squad.

It is possible that Victor Shankey, the Marathons' big first secker and utility pitcher, may also get a berth on the

Perth Amboy team, it depending on the present incumbent's success.

Among the old N. B. and Maine Leaguers now in Lynn uniforms are Lee, the old St. Croix catcher; Reed, who was in the Bangor outfield; Red Murphy, Fredrickton's old catcher; Outfielder Jacobson, of the St. Croix club, and McPherson, who was in the St. Croix infield. Catcher Flaherty, who was with the Marathons last year is second catcher on the Lynn roster, having beaten Red Murphy out for the position. It is said that Murphy and some of the other players will be released as soon as the season is well under way.

LEND A HAND ON MOTHER'S DAY

The Editor of the Times:—Sir:—In these busy days we have let go many old rites, ceremonies and customs, among them "going a-mothering," a custom observed in mediaeval times in England on the fourth Sunday in Lent.

Of late years throughout the United States and in Canada the second Sunday in May is observed as Mother's Day. A white carnation is worn, but any white flower worn on that day is a tribute to mother.

In St. John we do not consider the days of old, and turn again home in thought, if not by actual presence, and send loving letters and remembrance to the parents perhaps far away. Also let us lend a hand toward helping bereaved and lonely ones—there are many such in our city.

Rumor Says Physicians Consider it Unwise—Issuing of Commissions, Therefore, Said to be Delayed

That Sir Frederic E. Barker will not be able to act as chairman, or otherwise serve on the royal commission to investigate the Dugal charges, is a report which is current in the city today. The reason given is that his physicians will not permit him to undertake this arduous and trying task on account of his health, which has not been of the best.

MR. PLUMMER OF DOMINION STEEL WAS HERE TODAY

Improvement in Business Reported—The Matter of Duty on Wire Rods

In his private car "Catalone" attached to the Atlantic express at noon today J. H. Plummer, president of the Dominion Steel Corporation, Limited, passed through the city from Montreal on his way to inspect his various interests at Sydney, C. B. Mr. Plummer did not stop in St. John except between trains. Speaking of the industrial conditions in Canada he said the steel industry showed considerable improvement of late, and was probably coming into its own again after the late financial stringency. However no great demand for products had been observed as yet, though a substantial improvement was expected.

LEFT HERE LAST WEEK; NOW IS DEAD IN MONTREAL

Percy H. Williams, Winter Port Man, Only Few Hours Ill

Word received in the city yesterday of the death of Percy H. Williams, which occurred at five o'clock yesterday morning in a Montreal hospital, after a short illness. Mr. Williams was employed with the C. P. R. at St. John during the winter port season and with his wife and family boarded with Mrs. Robert Wilby, 27 Coburg street. They left for Montreal last Wednesday. Mr. Williams then seemed to be in good health. He was stricken with paralysis on Tuesday evening and died early the next morning. Mr. Williams was an Englishman and spent several years in South Africa before coming to Canada. Mrs. Williams was a daughter of an Anglican clergyman in South Africa. Much sympathy will be felt for her and her little son by many friends of the family in St. John.

LOCAL NEWS

GOOD BYE, BOYS.

K. R. Jack, F. C. McCallum, M. P. Ryan and J. F. W. Beasley, who have been employed with the C. P. R. at St. John, will leave tonight for Montreal for the summer season.

THE VALLEY RAILWAY

Mr. McDonald, of the firm of Kennedy and McDonald, contractors for the Valley Railway, was in Andover last week and said that work would be begun at Andover, on the section between there and Centreville, during the first week in May.

WAS NOT ILL

In a report from Dorchester, N. B., this morning it was said that His Honor Mayor McKim had not been ill, as was stated in the Westmorland sitting of the circuit court owing to illness. His friends will be pleased to learn that he was not ill, which prevented his presence. He simply could not be in two places at once, as he is presiding over the circuit here at present.

EVANGELISTIC

There was a large attendance at the evangelistic meeting in the Queens Rink last evening. Mr. VanKorne led the song service, and the scripture reading and prayer were conducted by Rev. Mr. Camp and Rev. Mr. Wentworth, and the announcements were made by Rev. Mr. Crisp. The subject of Rev. Dr. Burrows' sermon was The Somnambulist, and he was heard with deep interest.

HOLIDAY FOR MAYOR

Mayor Frink is busy these days straightening out the affairs of the department of harbors, ferries and piers, which have been in his care for the last several months, in order to turn the department over to Commissioner Russell. It is probable that he will take a well earned rest of a few days next week when affairs are running smoothly again after the election.

DEATH OF MRS. D. STEWART

The death of Mrs. David Stewart occurred last evening at her home in Marsh street, after an illness of a few weeks. She had for many years been a resident of Garnett Settlement, St. John county, and while there had been active in the interests of the Episcopalian church. She was esteemed by many friends. Besides her husband, she is survived by three sons—Francis J., George S. and David, all of this city; one daughter, Mrs. J. Davis, of Lakewood; one brother, George Garnett, of this city; and Mrs. D. Douglas, of Garnett Settlement. The funeral will be held on Thursday afternoon from her late home in Marsh street.

MISS COWIE'S WEDDING

Of the recent marriage of Dr. Charles Bruce Trites to Miss Annie DeWolfe Avery, eldest daughter of Mrs. Sarah Cowie, both of Liverpool, N. S., a letter from that town says:—Miss Cowie belongs to one of the most highly esteemed families in Liverpool. Her father was the late Andrew Cowie, Jr., of St. John, N. B., and she is a great-granddaughter, through her father and mother, of the original members of the old firm of Cowie and Campbell, who for many years carried on a flourishing business in this town; both having also represented this constituency in the legislature for a period of nineteen years. She is a graduate of Mount Allison.
