The whole city is urged to get behind the skating meet

VOL. XXII, No. 90 EIGHTEEN PAGES

SAINT JOHN, N. B., SATURDAY, JANUARY 16, 1926

TWO CENTS ON SATURDAY ONLY

DESIGNS FOR CITY'S TROPHY CONSIDERED BY CLUB EXECUTIVE

Question of Cup, Shield or Bronze Figure Debated—Local Skaters Warned to Get Entries in Before January 20.

THE advance sale of tags for the worlds skating championship meet here on January 26, 27 and 28, will open next week. It is expected that complete details in regard to this important matter will be announced on Tuesday morning by the officials.

Designs for the championship trophy to be presented by the City of Saint John to the winner of the world's meet here were considered this morning.

CHOICE OF THREE

One was a cup, beautifully mounted, while another concerned a shield. Still another was a figure in bronze of a skater. A decision on this matter will be made soon by the executive.

Encouraging reports on the grandstand construction and from the decorations committee were made this morning. The grandstand will be ready next week while on the matter of decorations, it is expected some lighting scheme will be carried out at King Square.

ENTRIES CLOSE JAN. 20

Local skaters who are planning on entering the meet are advised to get their entries in early as possible. All entries for the meet must be in the hands of the committee by Wednesday of next week, January 20, in order that the program may be made up. Local boys who neglect this will find it extremely difficult to get in as post-entrants and they are urged to see to this at once.

THUNDERBEG'S PLANS

Word was received here this morning from Lake Placid that Charlie Jewett, Lake Placid flash, and Clas Thunberg, Olympic champion, would compete in a series of races at Lake Placid and Saranac Lake on Feb. 13, 14, 15 and 16. The distances will be 200, 400, one-third of a mile, 800 yards, three-quarter mile, one and one-half miles and three miles. An invitation tournament also will be held. If this is correct, Thunberg has changed his plans about returning home. His original intention was to leave this side on Feb. 5.

SUPPORT URGED

Regarding the tag sale, a prominent citizen said this morning it was a matter of civic pride for every citizen to buy at least one of these tags and so aid in putting the meet over successfully. As expenses, running into many thousands of dollars, were being incurred to bring the world's championship meet to Saint John—the first to be held on the North American continent in many years—and the support of every citizen was necessary if the project was to be put over to the lasting credit of the city.

MAN SAVED FROM MARKET SLIP

C. CREIGHTON RESCUE HERO IN MARKET SLIP

George Thomas Pulled Safely From Slush Covered Water

BOTH TO HOSPITAL

Rescuer, Unhurt, Proceeds to Home; Victim Suffering From Shock and Chill

GALLANTLY risking his life by jumping into the slush-covered waters of Market Slip, Clifford Creighton, 51 Richmond street, saved George H. Thomas, Erin street, from drowning about 11:20 o'clock this morning after a hard struggle.

The man was going down for the second time when his rescuer reached him, and he immediately seized Creighton in the frantic grip of a drowning man. It was only after breaking his hold that Creighton was able to get the rope thrown him around Thomas. After being got ashore, both men were taken to the hospital, where Creighton was found to be little the worse of the adventure, but Thomas was suffering considerably from shock and exposure.

Mr. Thomas was showing snow from one of the teams at the end of South Wharf when he slipped and fell into the water which was covered with slush from the large quantities of snow that had been dumped into the slip.

GOES TO RESCUE

The tide was fairly high at the time. The cries of the man, who was unable to swim, attracted the attention of Mr. Creighton, a steamer, who without hesitation, quickly threw off his heavy coat and dived into the slip. After reaching the struggling man and taking hold of him the rescuer suddenly found himself seized in a regular death grip and it was only with great difficulty he broke the hold.

BOTH PULLED OUT

Meanwhile many citizens had been attracted to the scene and a rope was thrown toward the men which Creighton secured and finally succeeded in getting it wrapped around Thomas, who was then pulled close against the side of the wharf and his head and shoulders lifted clear. Another rope was lowered for Creighton who was able to assist the men in hauling to the top of the wharf. He was immediately rushed into the office of Andrew Malcolm and wrapped in warm blankets.

The dory was lowered from one of the schooners in the slip and the members of the crew succeeded in rolling Thomas ashore and hoist him aboard the schooner and thence to the top of the wharf where he also was taken to the Malcolm office.

FIRST AID RENDERED

Police man John rendered first aid before the ambulance arrived. Both men were taken to the General Hospital, where after a brief examination it was found that Creighton apparently had escaped without serious effects and he was taken to his home. The victim of the accident, however, did not get off so easily and early this afternoon he was still suffering greatly from shock and chill.

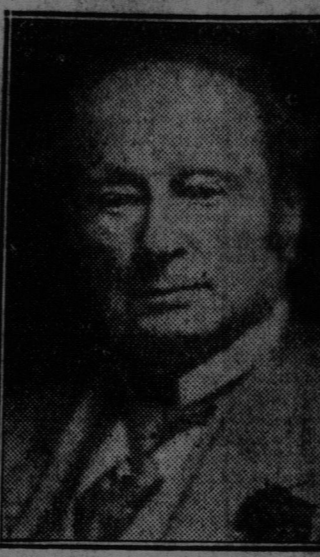

Many citizens who witnessed the gallant deed were loud in their praise of Creighton's bravery, as the act involved great personal risk. Not only were the ordinary winter conditions to be contended with but also the slush on the water made the work doubly difficult. The accident attracted a large crowd to South Wharf during the time the rescue was taking place.

PREMIER TO STAND IN PRINCE ALBERT

Question of Conservative Opposition Has Not Yet Been Decided On

OTTAWA, Jan. 16.—The storm which raged in parliament during the week flattened out into calmer conditions yesterday and today with everywhere evidenced expectancy and prophesy as to what the next steps in the House of Commons would be.

ANOTHER AMENDMENT? But whether the Conservatives will move another amendment is not known.

Many of the Ontario and Quebec members went home for the week-end, and those who remained in general instances, are understood to be occupied in conferences of various kinds, where plans are being carefully laid for the operations of the coming sittings of parliament.

The announcement that Premier King would run in Prince Albert, Sask., was the most important development of yesterday afternoon, and there is so far no definite statement as to whether he will be opposed.

The following is the history of previous Dominion election results in Prince Albert since 1911:

Table with 2 columns: Name, Party, Votes. Includes J. McKay (Conservative), Andrew Knox (Unionist), G. McLeod (Liberal), etc.

LAST RETURNS. In the general elections Mr. MacDonald carried the constituency with a plurality of 2,668 over Albert Knox, Progressive.

There were three candidates, the vote standing: MacDonald, Liberal, 5,901; Knox, Progressive, 3,233; Diefenbaker, Conservative, 2,412.

Conservatives, it is understood, now contemplate moving a further amendment as soon as the debate on the speech from the throne begins.

Indications at present point to the likelihood of this amendment being moved on Monday afternoon by Rt. Hon. Arthur Meighen, Conservative leader.

WANT PENALTY FOR VIOLATION

Proposal to Deal With Sardine Fishermen Breaking Agreement

Charlotte Meeting Recommends Standard Hogsheads—Saint John to Give Views

ST. ANDREWS, Jan. 16.—A recommendation that all sardine fisherman be required to measure their catches for export sale in standard hogsheads containing 101 tubs of 14 imperial gallons each, was unanimously adopted here today at a representative meeting of their fishermen from eastern and central Charlotte county.

Hemorrhoids Or piles are quickly relieved by Dr. Chase's Ointment.

It is a serious matter to have piles and one person in four has them at one time or another. The annoyance and distress is great. It is difficult to obtain lasting relief. So much so that a physician may tell you that a surgical operation is necessary. That is unless he is familiar with Dr. Chase's Ointment for many doctors recommend this treatment to their patients.

INDIGESTION!!! UPSET STOMACH, GAS, GAS, GAS

Chew a few Pleasant Tablets, Instant Stomach Relief!

Instant relief from sourness, gases or acidity of stomach; from indigestion, flatulence, palpitation, headache or any stomach distress.

In the latter part of the year, a period during which the greatest run of sardines ever recorded visited New Brunswick and Maine waters, New Brunswick fishermen sold hogsheads that contained more than the aforementioned quantity or otherwise disposed of their fish to United States packers at less than the required \$10 per hogshead price.

CONSIDER PENALTY ENOUGH.

Today's meeting recommended that anyone in future found guilty of a violation of the proposed regulation be deprived of his license for a year, a penalty which the meeting considered sufficient.

WANT PRICE CLAUSE.

The gathering, which was attended by about 50 fishermen, many of whom, having been kept away by the snow-blocked roads, voted unanimously in favor of the \$10 export price clause being continued as a condition in the license.

Majority of 3 Not Smallest One on Record

OTTAWA, Jan. 15.—The majority of three cast against the Conservative amendment is one of the slimmest on record, but there have been majorities still narrower. Last session the Speaker's casting vote was needed in one division, although it was only on a private member's motion. One of the budgets in the last parliament carried with only a majority of eight. There is also a tradition of one famous division years ago when the balance was swung on one vote—that of a sick member carried into the chamber in blankets.

At Westminster, the Melbourne government was defeated on a non-confidence motion by only one vote. The government went to the polls and was defeated.

John county in the near future to get the sentiment of fishermen there regarding the retention of the price condition in the license.

FORWARD! SAINT JOHN, N. B. (AN OPEN LETTER)

To the Citizens of Saint John:

In an effort to bring to the people of Saint John the advantages of supporting our local Merchants, we take this means of asking your co-operation in furthering the "BUY AT HOME" movement. Not only does this mean that you are supporting the Merchants, who give a living to thousands of our own people, but, by so doing, you help to increase their turnover of merchandise; all of which tends to lower prices, reduces Taxes, and promote general Prosperity.

Further, might we stress the importance of buying MADE IN SAINT JOHN goods, whenever possible, as, like our fellow Merchants, they are responsible for large Pay Rolls, that mean Your livelihood.

At present there are thousands of dollars being sent out of our City to concerns that are not paying one cent of Taxes towards the upkeep of Saint John, yet thousands of our Citizens are helping to support them.

We feel that such is the case because costly Catalogues, picturing many tempting buys, are in your Homes. In an effort to prove to every Citizen that they can buy to even better advantage at home, a monthly Catalogue is being compiled to go to every home in Saint John, carrying the message in every advertisement that it will pay to SHOP IN YOUR HOME CITY.

Surely, it is not asking too much of you Loyal Citizens to "BUY AT HOME" when it means more prosperity for each one of you!

THE COUNTRY WANTS ACTION.

The proposed by-election in Saskatchewan to give the Prime Minister a seat in the House could not well have been brought on before February 15, the date set, but the extraordinary suggestion has been made that the debate on the Speech from the Throne, which is to begin on Monday, may occupy a month.

What is false? The Buffalo Times prints a picture of Thunberg, the famous Finn, and under the picture it presents the following "information" for the enlightenment of its intelligent public: "Here's the champion Swiss ice skater, who recently arrived in this country seeking further laurels. He will compete in the coming international races to be held in New York and St. John, B. C."

Other Views SETTLERS AND COLONISTS. (Quebec Action Catholique) Our government is engaging to disburse large sums of money to assist in the transportation of immigrants, while it persistently hesitates to offer similar assistance to real Canadians, who would prefer to establish themselves in the west rather than to emigrate to the United States. It is for this reason that it is more costly for a Canadian from Quebec to go to the west than for an emigrant from Britain.

Miss R. M. De W. Archibald, King's English Drill Author, Interesting Visitor In City

A delightful visitor at the office of The Times-Star yesterday was Miss Rosamunde M. DeWolfe Archibald, author of "The King's English Drill," of which the fourth edition has been nearly exhausted.

Increasing success has attended her method of teaching correct grammar by means of the repetition of simple exercises which give the correct form of phrases that in common practice are frequently incorrectly spoken.

During the brief stay in the United States, on the trip from which she was returning yesterday, Miss Archibald arranged with the American publishers regarding an edition of her book of drills in English for the use of United States children.

This book of plays has been adopted for use by all Junior Chautauqua leaders, and to Miss Archibald herself a tempting offer was made to become the instructor of the Junior Chautauqua leaders for the study of her book of games, or to enter the field as a "classroom speaker."

Premier Says He Intends To Speed Session During Business

Conservatives Will Occupy the Treasury Benches After 43 Years

HALIFAX, Jan. 15—The first session of the fifteenth parliament of Nova Scotia will assemble Tuesday, Feb. 9, according to a statement issued this afternoon by the Premier, Hon. Edgar N. Rhodes.

The season this year is being called earlier than customary and a traditional rule of years' standing, that of

summoning Parliament on Thursday, has been broken.

WILL BE BRIEF BUT BUSY.

Premier Rhodes explained these variations by declaring that the coming session will be brief but busy. He intends to make it a business session and has called it early because, he stated today, he believed the conditions of the country demanded consideration by the Legislature as quickly as possible.

Opening the House on Thursday, the Premier maintained, meant that no work would be accomplished that week beyond hearing the speech from the throne and the commencement of the debate.

WORK WILL BE READY.

The Premier has advised all members to make every effort to be in their seats on opening day, prepared to deliver at once into the affairs of the province and requested that all members have any bills they wish to introduce during the session ready to present to the House at the first opportunity.

All Government legislation, the Premier said, would be ready for consideration the day Parliament assembled.

SWEPT INTO POWER.

In the general elections of June 25 the Conservative party, headed by Hon. Mr. Rhodes, former Speaker in the House of Commons, was swept into power and only three Government supporters returned to a House of 48 members.

From a representation of two members the Conservatives emerged with 40.

British Junior Red Cross Magazine Gives Front Page Mention To New Brunswick

NEW BRUNSWICK Red Cross Juniors have front page mention in the December number of the British Junior Red Cross magazine published in London and the first picture in that issue is a very fine photograph of the Junior Red Cross pageant in Saint John, when the British Junior Red Cross pageant was shown at a mass meeting in the Imperial Theatre.

The reference to New Brunswick Juniors is contained in a long letter from Miss Jeanne E. Brown, director of Junior Red Cross for Canada, who describes her tour with the banner in New Brunswick. She writes of this province as one of the most beautiful in Canada, refers to the United Empire Loyalists, who were among the earlier settlers in the southern part of the province and to the French colonists, many of whose descendants reside in the northern part of New Brunswick.

GUARD IT WITH CARE.

Miss Browns has quoted at length from the illuminated address which was presented to her by the Junior Red Cross members in

Chatham when the banner was shown there. She closes her letter by promising that the banner given by the British Juniors to Canadian Juniors will be well cared for as it is expected to carry its message to generations of Juniors yet unborn.

Mystery In Lord Willingdon's Trip To China

LONDON, Jan. 15.—Lord Willingdon left England today for Canada on the S. S. Montrose, accompanied by Lady Willingdon, en route for China, where he will act as chairman of the Boxer indemnity delegation. He will stay for a few days with His Excellency Lord Byng and will sail from Vancouver on the Empress of Asia on Feb. 5.

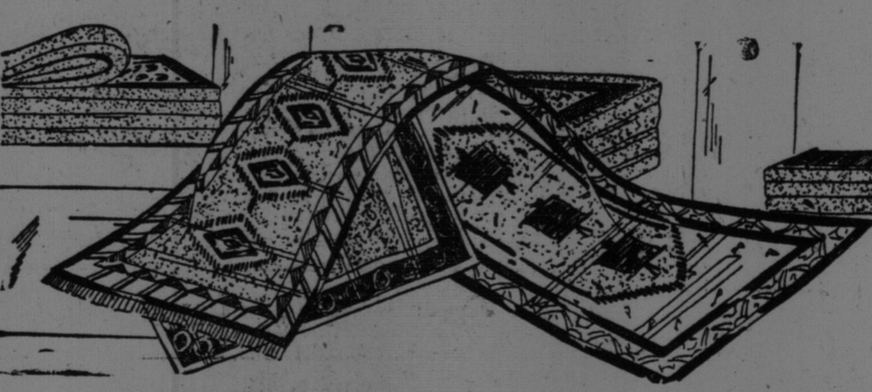

Already his mission has aroused some mystery. In official circles it is stated that he is going to China purely in the capacity of chairman of the Boxer delegation to deal with the distribution of funds which have accumulated, but others say with the greatest confidence that Lord Willingdon will take an opportunity to find out what the situation is in China and that he is formulating a policy which he will recommend to the cabinet.

British trades losses in China are enormous and merchants are continually protesting against the inactivity of the Government, but the hands of the Government are tied by the "Hands of China" policy and the only hope is that the problem will solve itself without pressure from the outside.

Should a Husband be Expected to Do Housework?—Will Young Bride be Happy in Same Apartment House With Her Mother-in-Law?—Should He Marry His Stout Sweetie or Look Around for Thinner Girl?

DEAR DOROTHY DIX—My wife is very negligent with her housework, and leaves most of it for me to do. I have helped her a great deal, and now she seems to depend upon me entirely. When I come home at night the beds are not even made. I have my work to do and I am not able to hold down two jobs, and do justice to either. My wife is a strong, healthy woman, and has everything handy with which to do her work. What I want is a clean home, one that I am not ashamed to receive company in, yet if I ask her to do her work she becomes hateful and indignant. Do you think I ask too much? HOPE.

ANSWER: You certainly do not, and what is more you should not only demand that your wife make a comfortable home for you, but force her to do so under penalty of losing her job as a wife. If she thought that she would be turned out of her house if she did not keep it clean and orderly, she would get busy with the broom, and you would find everything spic and span when you got home.

DOROTHY DIX

It is because women have found out that they can loaf off their jobs that so many lazy and unprincipled ones turn quitters. They take all that they can get out of their husbands, let their husbands furnish them with shelter, food and clothes, and give nothing in return. They idle and gossip, and run the streets, and keep their houses as dirty as pig sties. They feed their families out of delicatessen stores and tin cans, and never seem to realize how dishonest they are.

For it is just as much a woman's duty to take the raw materials which her husband provides and make a comfortable home out of them as it is his duty to provide them, and if she fails to do this she is nothing but a poor, cheap, miserable grafter. And she is the most contemptible sort of a cheat, because she cheats the man who trusts her, and who is bound by law to take care of her, and that is like robbing a blind baby of pennies.

No woman who isn't an invalid should ask her husband to help her with the housework. That is part of the work. And she should not superimpose it upon a man who is already tired out with working hard all day at his own job. If she does, she is mighty apt to kill the goose that lays the golden egg, because there are very few men who have the physical strength to carry on two jobs at the same time.

The woman who wants her husband to succeed, and get along in the world, should realize that she adds to his earning power by making his home a place of relaxation and rest—a place where he can gather up his strength for the next day, where he can recharge his batteries, and go forth strengthened and refreshed to his labors.

No man can do that who returns to a home presided over by a lazy and slovenly woman, a home that is untidy and disorderly, and where he has to help get the dinner. The mental friction that such a state of affairs involves, and the physical labor he has to do, tag him out in body and soul.

Personally, I think a man is a gump to stand a wife who won't keep a clean house and set a good table. There are mighty few wives who wouldn't reform if they either had to do so, or get out and earn their own living. DOROTHY DIX.

DEAR DOROTHY DIX—I am to be married in the near future, and my fiancé plans for us to live in the same house with his parents. They have the upstairs apartment; we are to take the downstairs apartment, each with our individual housekeeping arrangements. His mother is a very fine cook, and he seems enthused over the idea of having her re-charge his batteries, and go forth strengthened and refreshed to his labors.

I have met my sweetheart's family and they are very agreeable to me, but I am afraid to get and live in the house with my prospective mother-in-law, and my own mother warns me against it. I would very much appreciate your advice. WONDERING.

ANSWER: No two women, unless they are far more angelic than most of our sex, can run the same house without coming into conflict, but I see no reason why any two women who have any common sense at all, cannot live under the same roof in peace and harmony. You can do it, if you will make up your mind to treat your mother-in-law as a person, and not as a woman. You would treat any other woman who lived in the same apartment building with you.

If the woman in the flat above you was Mrs. Jones or Mrs. Smith, and a perfect stranger to you, you would expect to get along harmoniously with her because you wouldn't interfere with her affairs. You would recognize that people who live in apartments have to respect each other's rights and privileges, and because it would be more comfortable to be on good terms with her you would try to make yourself as pleasant as you could. Believe me, if you will try those tactics out with your mother-in-law they will work just as well as they will with any other woman. Better, for, take it from me that your mother-in-law is far more afraid of not getting along with you and more anxious to get along with you than you are with her.

For she knows that whether she loses her son or keeps him depends on her standing with you, and because she loves her boy she wants you to like her.

You say your mother-in-law is a fine cook. You can make yourself solid with her and increase your husband's affection for you by sitting at her feet and letting her teach you the art in which she excels. Most girls haven't enough sense to take any of the things that their mothers-in-law could teach them, yet their husbands' affections could impart to them the secret of how to hold their husbands, and because a man's mother is wise to all his little weaknesses and peculiarities. And the wife who can cater to these holds her husband within the hollow of her hand. DOROTHY DIX.

DEAR MISS DIX—I am a man 29 years old, have a good job and no bad habits. I am keeping company with a woman 27 years old, who is nice and pleasant and a good cook, but she is almost too fat. She weighs 214 pounds. Also she is a divorced woman with two children. Do you think me foolish to marry this woman, when there are so many girls to get? Don't you think a more slender girl is more stylish? TONY.

ANSWER: Undoubtedly the thinner a woman is the more stylish she is and the better she can wear flapper clothes. This is the day of the living skeleton, when angles are more admired than curves on the feminine frame, and so if you are picking out a wife who is strictly in vogue you must get one who is a lightweight instead of a heavyweight.

But to my mind, Tony, this emaciation business is overdone. There is nothing in a girl who looks like a half-starved kitten that looks like a lady love to me, and if I were a man I should pick out a nice, plump, healthy girl instead of one who had reduced herself to that she had the appearance of being about to go into T. B.

They say nobody loves a fat woman; but, believe me, there is a lot to be said in favor of a nice jolly, well-nourished woman. Fat people are nearly always more good natured, more easy going and pleasanter to live with than scrawny ones. If it is the people who are nervous and irritable and who worry a lot who can keep a perfect thirty-six figure. DOROTHY DIX.

Aged Circus Elephant To Be Electrocuted

TEX, veteran circus elephant, who has drawn laughs from children and grown-ups in all parts of the country for more than a score of years, is about to make his last appearance. Tex "went bad" last fall, broke loose and slew himself to a regular rampage. When he was recaptured he had killed nine men, seriously wounded two others and destroyed thousands of dollars' worth of property.

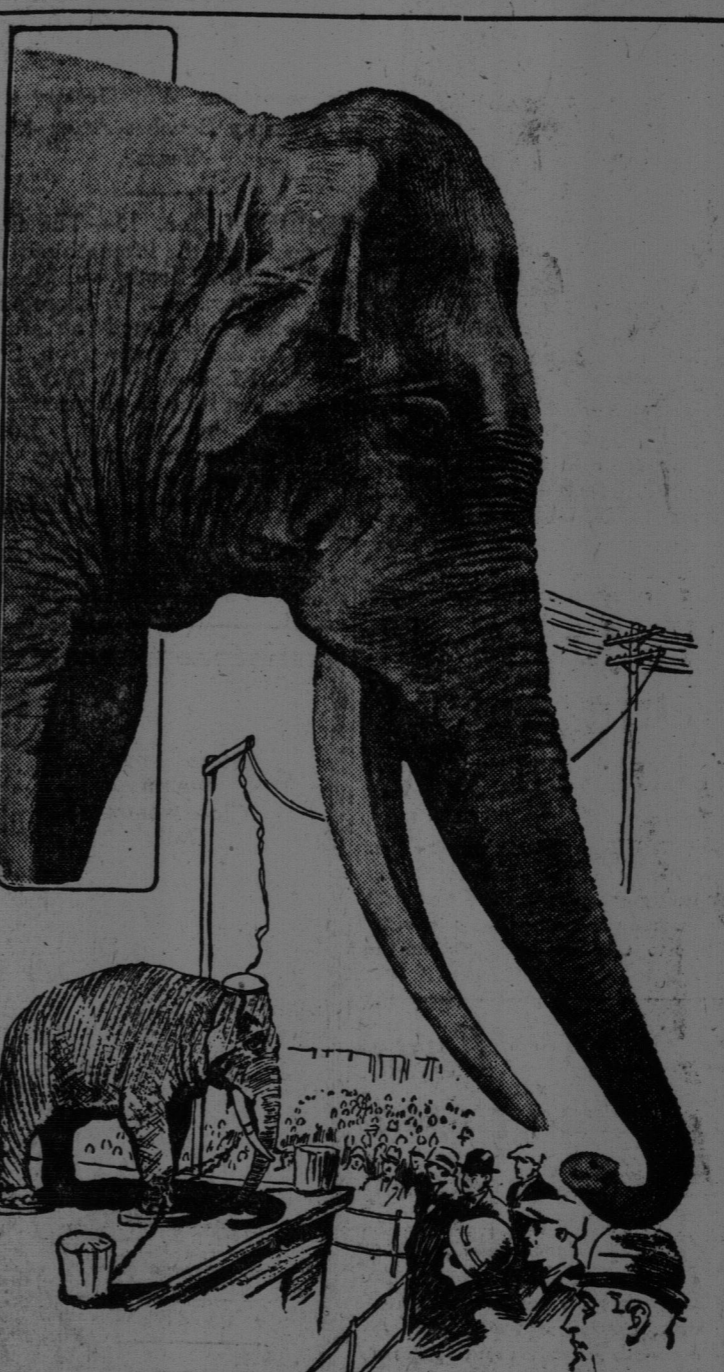

So now he is going to be electrocuted—the first elephant in the world's history to be put to death by this method. Only they are going to let Tex die in decent privacy, as other man-killing outlaws do. It's going to be a public festival, with hundreds of people paying so much a head to see it. The great gaunt beast from the Indian jungles, who has looked out in uncomprehending wonder at the ring of faces about him in the past, must gaze at his death with the same curious faces spread round him.

CIRCUS PERFORMER FOR YEARS Tex is owned by the Moon Brothers' Circus, which operates under the leadership of "Honest Bill" Newton. He—Tex—had played his monotonous part for many, many years, taking spectators that the kids offered him, clambering awkwardly onto a round ball in the middle of the arena and bearing a red-coated trainer on his back down the dusty streets of thousands of parades.

Then, last fall, Tex remembered the jungles. Elephants weren't made for circuses. So he stuck his tusks into his trainer, wounding him within an inch of his life, broke his cage and trotted off. He was gone for five weeks before they caught him. During that time he spread death and destruction like a living tornado. He broke down barns, uprooted trees, tore up crops, killed people who got in his way. The circus had a pretty bill for damages. So, when he was caught, there was only one thing Bill put out feeling: He was going to let Tex die in decent privacy, as other man-killing outlaws do. It's going to be a public festival, with hundreds of people paying so much a head to see it. The great gaunt beast from the Indian jungles, who has looked out in uncomprehending wonder at the ring of faces about him in the past, must gaze at his death with the same curious faces spread round him.

CITIES BID FOR ELECTROCUTION. Now here came the chance to recoup. Why not make an event out of it? "Honest Bill" put out feeling. The response was quick. A number of cities, including Kansas City, St. Louis and Memphis, bid for the privilege of seeing Tex killed. "Honest Bill," being patriotic, gave the plum to Little Rock.

The open-air auditorium at the state fair grounds will be the scene. Tex will stand on a platform, each foot resting on a brass contact plate, with another strapped to his head. It will take 40,000 volts to kill him, so the

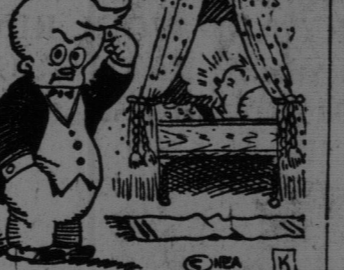

Tex, the elephant that must be electrocuted.

city's power must be shut off for a time. And all around the platform will be hundreds of people, each with a ticket-stub. For three days before the electrocution Tex will be on exhibition at the fair grounds—securely chained, of course. After his death his body will be presented to the medical department of the University of Arkansas. And that will be Tex's final appearance.

ADVENTURES of the TWINS by OLIVE ROBERTS BARTON

THE SECOND CAT OF THE THIRD PRINCESS "What did you come for?" asked Ub Glub when the Twins and Inch o' Pie had managed to seat themselves on the wooden perch in the big bird cage, where the Nib Nob of Nobody's Land had invited them. "We came to find out if you know how we could catch Twee-knose, the bad goblin," answered Nick. "Will you please pass me that feather?" asked Ub Glub. "I can't think until I sneeze the cobwebs out of my brain, and I can't sneeze until I tickle my nose with a feather."

Each o' Pie looked around, and soon spied a tiny green feather stuck between the bars of the bird cage which he passed to Ub Glub. "Wasn't Ub Glub the queer fellow though? The Twins thought so, but they were entirely too polite to express their feelings. "Achoo! Achoo!" went Ub Glub suddenly, and everybody jumped.

"Dir you ring, sir?" asked the tall man with two noses popping into the room suddenly with the umbrellas still under his arm. "No, Mister Nossy," said Ub Glub. "I didn't. I was just sneezing up an idea. But while you are here, can you tell these good people where they can find a hair with three ends?"

Everybody looked so astonished at this odd request that Ub Glub hastened to say, "Oh, I forgot to tell you. I got an idea when I sneezed. I think I know how you can catch that little bow-legged rascal of a goblin. I'm not the Nib Nob of Nobody's Land for nothing. I always find a way."

The man with two noses interrupted here to say that he had heard that the Third Princess' second cat had whiskers such as his master described. "Every hair of this remarkable cat's whiskers, they say, has three ends," he added. "It is probably one of these hairs you are in need of."

"The very thing!" cried Ub Glub. "Send me the Third Princess at once. So out went Two Noses again, and in about 35 seconds he returned with a little girl spattered from head to foot with mud. The Third Princess had been making mud pies.

Ub Glub pressed a button and the bird cage disappeared through the ceiling, perches and all, dumping the visitors out into nice red velvet chairs quite bouncy and soft. "My daughters don't like me to sit in a cage," whispered Ub Glub to Nancy. "You see I only do it to be safe from bullets, for we never can tell who is going to get in."

"But I should think bullets would go through the bars," Nancy was about to say, when the man with two noses said solemnly, "The Third Princess is new to speak."

"What is it, Daddy?" asked the Third Princess. "What did you send for me for? I was having such a good time in the beautiful mud. There is no mud in Nobody's Land."

GAIN OF 33 PER CENT SHOWN IN REPORTS AT HEALTH CENTRE

Possibility of Purchasing Present Building Discussed at Annual Meeting—Suggestion Receives Favorable Comment—Short Sketch of Work Accomplished

DURING the last year there was an increase of 33 per cent. in the attendance at the Health Centre Clinics and the total attendance was 18,539 at 1,060 clinics. It was reported at the annual meeting held last evening with Dr. G. A. B. Addy, president, in the chair. The nurses' home visits in that time totalled 10,512 and it was pointed out that these visits were giving a special type of social service to the community. The opinion was expressed that a community social service worker was needed in the city. There was some discussion on the possibility of purchasing the building now occupied of which the present lease expires on May 1, 1927.

An address by Miss Elizabeth Smellie, general superintendent of the Victorian Order of Nurses in Canada, was a special feature of the meeting and at its close a social hour was enjoyed and refreshments were served.

GENERAL THANKS EXPRESSED. Hearty votes of thanks were extended to the doctors and dentists, the nurses and all who have assisted in the Health Centre activities.

The annual report of the director, Miss H. Dykeman, and the medical director, Dr. W. Warwick, summed up the activities of the Health Centre, which had been almost entirely clinic work.

The anti-tuberculosis clinics totalled 135; individual cases, 994; attendance, 1,001; new cases, 823; discharged as non-tubercular, 250; home visits of nurses, 4,931; patients sent to the county hospital, 48; and to River Glade, 10.

SOCIAL CLINICS. The social hygiene clinics of the provincial department of health totalled 808; individual cases, 425; new cases, 212; total attendance, 13,929; referred to other care, 11; home visits, 894, and letters, 241.

The Victorian Order of Nurses held prenatal and infant welfare clinics. There were in all 1,060 clinics with 15,289 total attendance. The total of home visits was 10,512.

The report also referred to the use of the Health Centre as a meeting place by various organizations and commended the janitor and his wife for the spotless condition of the institution. Reference was also made to the

Lady Byng camp for delicate children conducted under the Health Centre auspices at a cost of \$1,277.88, which cared for 46 children, who made an average gain of 8 1/2 pounds.

The report recorded the establishing of a building fund of \$1,800 from life membership fees with the hope of purchasing the building at some time. Warm commendation was given the two directors and their report was warmly applauded.

Receipts totalled \$6,811.88 and the balance on hand, \$787.82. Mrs. T. N. Vincent for the ways and means committee reported tag days and an entertainment given by the Service First Club of the N. B. Telephone Co. had added \$2,095.46 to the funds. It was decided to apply for permission to hold a tag day in 1926 to provide necessary funds.

E. J. Henneberry, honorary secretary, pointed to the success of the Health Centre in fulfilling the objects for which it was established, greater co-operation and co-ordination in health work in the city.

QUESTION OF PURCHASE

With reference to the lease of the building which expires on May 1, 1927, Dr. Addy said up to that time the Board had the option of purchasing it at \$18,000 cash, or \$30,000, if part is taken on mortgage.

Commissioner T. H. Bullock strongly urged raising the necessary amount, \$6,000 to \$7,000 additional and purchasing the building within the stated time. The suggestion was warmly applauded.

Ten directors were elected for three years as follows: Hon. Dr. W. F. Roberts, John Kelly, Mrs. J. H. Doody, Mrs. T. N. Vincent, Mrs. L. Isaac, Mrs. A. E. Logie, Mrs. J. B. M. Baxter, Mrs. Allan Beattay, Mrs. M. E. Agar and James MacMurray. An additional member is Hon. Dr. H. I. Taylor, Minister of Public Health.

Other members are as follows: Governors to retire in 1927, W. S. Fisher, Dr. G. A. B. Addy, Miss M. McClellan, John MacKinnon, Mrs. G. Wilford Campbell, Mrs. John E. Owens, Mrs. J. H. Frink, Mrs. W. P. Bonnell, Mrs. W. F. Roberts and G. Fred Fisher.

Governors to retire in 1928 are J. S. Gregory, Thomas Bell, Thomas Nagle, R. T. Hayes, Mrs. E. Atherton Smith, Hon. J. G. Forbes, E. J. Henneberry, Mrs. H. Usher Miller, T. H. Bullock and Mrs. J. J. Stothart.

Hon. Dr. H. I. Taylor, Minister of Public Health, sent a telegram expressing regret at his inability to be present. The sensational paper of the public health section of the International Conference of Nurses of Helsingfors, this summer, was one by Miss Mary Gar-

liner, which dealt with the changing emphasis in public health nursing in the last decade, Miss Elizabeth Smellie, superintendent of the Victorian Order of Nurses, said in her address at the annual meeting of the Saint John Health Centre, last night.

Miss Smellie is paying a brief official visit to the local Y.O.N. centre and arrived in the city yesterday. She represented the Y.O.N. at the international conference and afterwards spent a month in England and Scotland studying public health methods in those two countries.

Miss Smellie is one of the leaders in her profession in Canada and she declared her belief last night that Canada had the greatest opportunities of any country that she knew of.

WISE SELECTION URGED

She recommended that in this country a wise selection should be made of those public health measures which had been tried out in the United States and in England and had proved sound. It was by following a similar policy she said that Scotland was held to have a better public health program than England could boast.

Speaking of the international convention she explained that it had been held in Finland because it was the home of the international president, Baroness Manneskin, sister of the liberator of

Finland, who wanted her native land to receive the inspiration of the meeting.

GOOD WORKERS

The delegates had found the people of Finland tremendous workers, practicing such thrift as had enabled them to meet their war indebtedness to greater extent than any other small country. The warmth of the welcome from the whole country, the singing of the nurses of Finland and the ideas of the convention that it should stand for greater unity of thought, sympathy and purpose were some of the things of which Miss Smellie spoke more particularly.

NEXT PLACE OF MEETING

The choice of the next place of meeting she said had rested between Canada and China and China had been chosen because of the plea that it would benefit that country to so great an extent to have the convention held there.

GIVES SUMMARY

Miss Smellie gave a comprehensive summary of Miss Gardiner's paper relating how in the last ten years there had been a change in the emphasis of public health nursing as regards the type of work, the area covered, the administration and the nurse herself.

There was a change in administration of public health nursing also. It was no longer all charity, but today the people were not being pauperized but were being asked to pay as much as they were able.

The public health nurse, she said, was required to nurse, to teach, to have tact, a pleasing appearance, resourcefulness and a general, rather than a specialized training. She was in fact to be such a personage that would fill the statement of one doctor, "if I knew such a woman I would marry her myself."

Very hearty applause and cordial thanks were extended to Miss Smellie at the close of her address.

TO PICK PRINCESS

The children's princess will be picked at the Arena a week from today. This is the fourth year a princess has been chosen and great interest in the event is shown by the little ones. The last princess was little Miss Marjorie Simsted. Previous selections were Misses Beatrice McKinney and Marjorie Johnson.

"I BECAME ACQUAINTED over the chess board with a physician in this city. He believed that the colon contained the ill of the human body and that Yeast was the cure. Later I was afflicted with boils and carbuncles and was unable to work. One day in the restaurant where I dined, the proprietor said: 'Have you forgotten your old friend's remedy? Let me give you a yeast sandwich.' . . . The daily eating of Yeast has given me remarkable 'pep.' Health and happiness were restored. Never again did I forget my old friend's advice." Warren H. Ripley, Indianapolis, Ind.

The Success Story of Thousands

"I WAS TROUBLED with gas on the stomach, pimples, constipation and loss of appetite. My physician recommended Fleischmann's Yeast. I ate it between meals. After two weeks, the gas on my stomach ceased and gradually my condition returned to normal. My appetite is splendid, my skin has cleared, and my intestinal tract functions perfectly." John W. Hemmerle, West Philadelphia, Pa.

Constipation conquered, skin and stomach disorders corrected, youthful vitality regained—thanks to One Food

NOT a "cure-all," not a medicine in any sense—Fleischmann's Yeast is simply a remarkable fresh food.

The millions of tiny active yeast plants in every cake invigorate the whole system. They aid digestion—clear the skin—banish the poisons of constipation. Where cathartics give only temporary relief, yeast strengthens the intestinal muscles and makes them healthy and active. And day by day it releases new stores of energy.

Eat two or three cakes regularly every day before meals: on crackers—in fruit juices, water or milk—or just plain, nibbled from the cake. For constipation especially, dissolve one cake in hot water (not scalding) before breakfast and at bedtime. Buy several cakes at a time—they will keep fresh in a cool dry place for two or three days. All grocers have Fleischmann's Yeast. Start eating it today!

And let us send you a free copy of our latest booklet on Yeast for Health. Health Research Dept. L721, The Fleischmann Company, 208 Simcoe St., Toronto, Ont., Canada.

THIS FAMOUS FOOD tones up the entire system— aids digestion—clears the skin—banishes constipation.

"I am a stenographer. I was generally run-down, lost my appetite and could not sleep well. I also suffered from many annoying pimples. Then I began taking yeast. I took three cakes a day before meals. Soon my condition began to improve. I began to enjoy my meals and my pimples are a thing of the past." Evelyn Barnes, Chicago, Ill.

"LAST FALL I felt tired and worn out with a lack of energy caused by constipation. Also troubled with pimples and black heads on neck and shoulders. My friends were eating Fleischmann's Yeast and so I began. I ate two cakes a day spread on crackers. In the short space of three weeks I felt like a new person; no longer troubled with constipation and my skin free from blemishes." Mrs. Albert Gunn, Akron, Ohio

Stratford Woman Restored to Health by Lydia E. Pinkham's Vegetable Compound

Stratford, Ontario: "After my first baby was born I started to work on the tenth day and did a big washing on the twelfth day. Being so young I was married and I don't know what was the matter, so let it go until I was all run-down, weak and nervous, and had a bad displacement. For nearly two years I could not sleep and I would always complain of having not a head-ache, but a pain-ache. My mother is taking Lydia E. Pinkham's Vegetable Compound during the Change of Life and she recommended it to me. After taking two bottles I began to get a little sleep and to feel better and I have never left off since then, except for about three months. I can safely say I have taken thirty bottles since my second baby was born. I think it makes child-birth easier as I had terrible pains with my first three children and very few with my fourth as I was so much stronger. I am now able to do my work alone, but I am still taking the Vegetable Compound as I am nursing baby."

The lectures for the week were by Scoutmaster Boyaner at Mission church headquarters on Thursday evening when St. James' and Mission troops listened with great interest to his interesting talk on "Light, Color and Vision" which was well illustrated while on Friday evening Dr. Wm. McIntosh delighted the members of No. 1 Knox and No. 25 Assumption troops with a talk on "Camping Methods" a tour of the museum and a series of lantern slides illustrative of "Camping and Canoeing in New Brunswick". The lecturers were heartily thanked on both occasions, and the lecture committee of the Boy Scout Council feel well repaid for their efforts to secure interesting speakers for the Scouts.

EXECUTIVE MEETING

The executive of the council met and completed the arrangements for the monthly meeting of the Scouts of Saint John on February 8 and it is expected that all the Scouts will take the opportunity of hearing this celebrated "Bird Man" when he comes to Saint John to give his wonderful lectures and talks on bird life. Being the champions of the birds, the Scouts are naturally greatly interested.

What Causes the Skin to Chap?

Chapping of the skin on the hands and face in the Winter time is due to evaporation of the natural moisture, caused by artificial dry heat indoors and high winds out-of-doors. NO. 25—ASSUMPTION TROOP.

Well, here we are again, and very glad to report we are still on the scouting map. Our meetings are getting into full swing now. Last Friday there were 18 Scouts present. Our 23. M. and A. S. M. gave a few hints on signalling, and we engaged in some interesting games. The Scouts wish to thank Mr. Foley and Mr. Johnson, also the young ladies who assisted at the recent hike and supper in East Saint John, at which six troops united and had such an enjoyable time.

NO. 17—TRINITY TROOP.

Trinity Troop met on Monday evening, and a good lively meeting it was. One boy, Edgar Fairweather, took his Wolf Cub and was invested as a Tenderfoot Scout. The patrol competition got into a good way, with the "Wolf Patrol" leading by half a point, the Roosters second, the Beavers third, and Foxes fourth.

NO. 12—TRINITY PACK.

Our pack had a very successful and interesting meeting on Wednesday evening. Considerable star work was taken up, and four boys, Robert McCutcheon, Stanley Crawford, Walter Beckingham and Murray Carson, were invested as Wolf Cubs after having duly taken the solemn promises and the Wolf Cub pack. We also welcomed three recruits who, we feel sure, will make good Cubs in due course.

NO. 14—VICTORIA ST. BAPTIST.

The Victoria Street Baptist Troop held a regular meeting on Monday evening in Victoria street, old church. After the usual opening ceremonies, the patrol corners were carried on with unusual success, while the games were carried off with ease. While the usual Scout work was on the board, a signalling team was formed, with the following Scouts as members: Murray McAuley, Murray Corbett, Percy Mott and Jack Manning. Harry Barry, who is examiner for the signalling course, will be coaching the signaller team, and we are looking for good results in this direction. After the meeting, several tables of business were discussed and settled. At a future concert our troop will sell candy, etc., the proceeds of which will go towards our camping funds.

NO. 19—ST. JAMES' TROOP.

On Thursday evening we visited No. 8 Mission Troop and had a most enjoyable time. We were delighted with the program and very grateful to the members of Mission Troop of the fine manner in which they treated us, especially for their refreshments and the excellent entertainment.

NO. 5—ST. JUDE'S PACK.

Our meeting of Wednesday evening was attended by 20 Cubs and two new boys. We started at 6:30 sharp, and a very successful program was carried on. In the inter-ex competition the sixes stand as follows: No. 1, under Sixer D. Brown, 16; No. 2, under Siker J. McKelghan, 17. At a later date a six prize will be presented to the leading six. As the points indicate, the competition is closely contested.

NO. 1—KNOX PACK.

No. 1, Knox Pack, held a very successful meeting on Thursday evening, with 14 boys present, including two new recruits. The program included special training in canoes and first star tests. We are looking forward to a visit from some of the city packs, and are planning to be hosts to one of the packs when they visit us during next week.

NO. 5, ST. JUDE'S TROOP.

On Monday evening our meeting opened at 7 o'clock with S. M. Linton in charge. After the opening ceremonies, those members of the troop in possession of sixes went to the Crow Mountain and had a very enjoyable evening, covering the journey out in 40 minutes and returning in 30 minutes. We returned somewhat early owing to the intense darkness. We think it much more enjoyable skiing when the moon is bright. The other members of the troop stayed at the hall and carried on a good meeting, the program included knot tying and rope contests with a very enjoyable council circle.

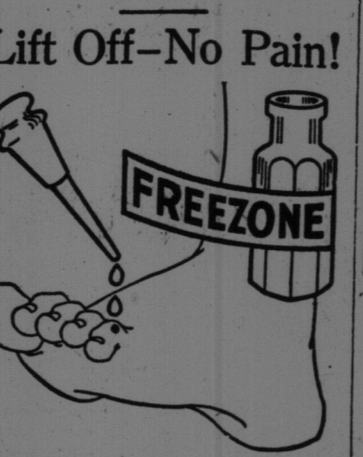

NO. 8, MISSION TROOP.

The record meeting for Mission Troop for some time took place on Thursday evening in the form of a combined meeting with No. 19, St. James' Troop. The meeting was presided over by the official ceremony, following which the two troops lined up facing each other and every Scout promptly introduced himself. General and special inspection by the three Scoutmasters followed. Then came an inter-troop game which was won by Mission Troop. Scoutmaster Eli Boyaner then gave a most interesting talk on "Light, Color and Vision," which was greatly enjoyed by the boys, who expressed their appreciation by giving S. M. Boyaner the Scout honors.

Following Mr. Boyaner's talk another competitive game was held and was won by St. James' Troop, making a tie for the competition of the evening. Next came the council fire program, at which cocoa and hard tack prepared by the troop cooks was served and really enjoyed. The closing ceremonies included flag lowering, prayer, promises, O Canada and the King, also the Scout yell. Next week we hope to

On last Saturday we had our long postponed hike and it was a great success. After having to put off our hike for three weeks owing to weather we at last got away and held a most enjoyable paper chase to Seaside Park, naturally the snow afforded many splendid opportunities for tracking, which we were quick to grasp.

"I have suffered from rheumatism for 10 years and have tried many so-called remedies, and several doctors have treated me with no success. Fortunately, I was recommended to try 'Fruit-a-tives' by a person interested in me, and after taking four boxes was greatly helped, and finally completely relieved, and am now without 'Fruit-a-tives.' — Elie J. Moineau, 2052 Park Avenue, Montreal, Que.

Pair Are Married With Coffin At Door

KEIGHLEY, Jan. 16.—A bride who arrived at the parish church for her wedding found a coffin at the church door and the church full of mourners. The situation had arisen through a misunderstanding about the times of the two services. The wedding ceremony was held, the mourners leaving the church and leaving the coffin at the door. The marriage was signed to the strains of "Oh, rest in the Lord," and the bride party were a good people of Keighley, near Strassburg, with a mystery as creepy as any plot ever woven by Edgar Allan Poe.

Girl, Dead For Years, Vanishes From Vault

PARIS, Jan. 15.—A dusty vault, an empty coffin and the missing body of an eighteen year old girl have supplied the good people of Turckheim, near Strassburg, with a mystery as creepy as any plot ever woven by Edgar Allan Poe. The girl, daughter of a civil servant, died early in 1916 without any suspicious circumstances attached to the case, and the body was quite regular, and the remains were laid away in the family vault.

VETERANS GIVE \$25 TO SKATING MEET

THE G. W. V. A. executive at its meeting last evening went on record as heartily in accord with the efforts of the local skating association in bringing the world's meet to Saint John. It was decided to assist in any way possible to put the meet over in first class style and the sum of \$25 was voted towards this end, which amount will be placed in the hands of the skating committee to expend as they deem fit.

Rebuilt City Asks For Population

PARIS, Jan. 16.—While the people of Paris are clamoring for houses, flats and apartments, there is within a few days' journey a newly rebuilt city begging for inhabitants. It is the city of Rheims, of which the war left very little, but which is now a city of fine houses, large stores and factories. The Cathedral, towards the reconstruction of which Mr. Rockefeller contributed some \$5,000,000, will be ready. It is anticipated, for the Easter season.

Insurance Plan To Pay School Costs

SHREWSBURY, Jan. 16.—A new scheme of educational insurance was discussed at the Headmasters' convention here. The object is to provide for the education of a boy whose responsible parent might be killed or disabled at school. A well-known insurance company has offered to handle the scheme, guaranteeing a school payment of \$200 per term for the payment of a premium of \$5 per term. This premium would be paid direct to the school authorities in the same way as all other charges, and on the death of the parent payment of school fees would be continued, thus assuring continuation of the child's education.

Jap Officer Suicide; Gave Wrong Order

TOKIO, Jan. 15.—Because months ago he gave a wrong order to the men of his company, resulting in the death of three conscripts, Lieutenant Ishigami, one of the officers of the Mito garrison, committed suicide in one corner of the parade ground at his post. He delayed shooting himself for nearly a year, he explains in a note found on the body, because he desired to help his other conscripts through their two year term without the stigma of the death of a fellow soldier. The dead officer was highly thought of by an honor graduate of the Tokyo Military Academy.

OLD COFFEE HOUSE WAS NOTED PLACE IN EARLY LIFE OF CITY

There Business Deals Were Discussed and Gossips Exchanged News— Old Time Ball at Which "Gentlemen Were of All Sorts."

The story of the "Coffee House Corner" is told in an interesting manner in the records of the Saint John office of the Dominion Archives, as follows: The Exchange Coffee House stood on the corner of Prince William and King streets, where the Bank of Montreal now stands. It was a low two-story building, with a shingle roof, and was built within 15 months of the landing of the Loyalists. It was owned by Charles McPherson and was designed as a place of refreshment. One room was known as the "Assembly Room," and here on Jan. 18, 1783, an elaborate entertainment was given. Benjamin Marston, in his diary, gives a description of it: "Queen's Birthright. Governor Carleton gave a ball and supper at the Assembly Room. Between 80 and 400 ladies were present and near 400 gentlemen. The ladies were of the best families only, but the gentlemen were of all sorts."

FIRST BEN LOMOND HOUSE.

In 1803, William Cody leased the Coffee House and prepared to furnish entertainment, liquors, good board and good stabling for horses. William George Cody was born in 1771 at St. George's, Granada, W. I., a son of Oliver Cody, born at Drummore, County Down, Ireland, in 1744. William married in 1798, at Halifax, N. S., Susannah, born in 1779 in London, England, daughter of Osmand Button of Devonshire. After a year's residence in Halifax, where their eldest child, Susannah James, was born, the couple moved to Annapolis Royal, where their first son, William Oliver, was born in 1800, and a second son, James Osmond, in 1803. Shortly afterwards William Cody and family moved to Saint John. In 1824 Mr. Cody moved to Loch Lomond, where he established the Ben Lomond House. Here he died at the age of 70 years in the year 1840.

CITY MEETING PLACE.

Under the management of William Cody, the Coffee House thrived, and here for many years met the leading professional and business men to discuss their affairs, and read the news of the town, who used to sit and smoke and argue over the latest news from the Old Country. It was the meeting place for a great variety of purposes, social, political and otherwise. Sabine, in his "Loyalists of the American Revolution," refers to Cody as "The Prince of caterers and the most obliging of landlords," and adds: "The Coffee House was a famous place of meeting for a long time. Within it the Loyalists gathered year after year to discuss their affairs, both public and private, to tell of their losses, sufferings, and expulsions from their native country, to hold high revelry, to read the news, to transact business and to devise means to develop the resources of the country."

LOCARNO PACT IS DISCUSSED

Dr. W. C. Kierstead Speaks to Women's Canadian Club Deals With Events Leading up to Adoption of Agreement by Signatories

An enlightening address on the Locarno pact was delivered by Dr. W. C. Kierstead, professor of philosophy and economics at U. N. B., before the Women's Canadian Club in the Church of England Institute last evening. Dr. Kierstead outlined the conditions that made Locarno. The League of Nations covenant, he said, provided for disarmament, arbitration and mutual assistance to some extent. This, however, was not enough to satisfy France which wished to form a tri-partite agreement with Great Britain and the United States for defense against Germany. This agreement fell through because the United States refused to ratify it. Since then France has sought to get Britain to guarantee her western frontier against Germany.

A mutual assistance treaty was proposed in 1923. This Great Britain would not ratify claiming it was too much like the old defensive alliance against Germany, gave the League Council too much authority, and imposed tremendous obligations on the British navy. Ramsay MacDonald felt obliged to find a better solution and outlined the Geneva protocol. This provided for compulsory arbitration. It provided that the protocol should not come into force until a disarmament conference should be called and steps taken to disarm. The present British government refused to ratify this after consulting all of the self-governing dominions. Then Mr. Chamberlain secured the negotiation of the Locarno treaties. By these Germany, France and Belgium agreed to submit their differences to arbitration, and Germany

MET LAST EVENING

W. C. T. U. Held Parlor Meeting at Home of Mrs. Hope Thomson

An enjoyable parlor meeting was held last night under the auspices of the Saint John W. C. T. U. at the home of the president, Mrs. Hope Thomson, Princess street. Mrs. T. O. Dale, superintendent of parlor meetings presided and led the devotions giving choice readings. Mrs. Mary Seymour gave the opening prayer and was followed by Mrs. C. W. Dickinson and Mrs. Thomson. A duet that was much enjoyed was sung by Miss Esther Sleep and Miss E. B. Earle and the company was delighted with readings by Miss Marie Collier.

Short readings on appropriate themes were given by Mrs. Dickinson, Mrs. Seymour, Mrs. Thomson, Mrs. Ellsworth Scott and Mrs. Charles Hutchings. A collection was taken at the meeting and was voted to be given for providing necessities for a family in need. The hostess served dainty refreshments at the close of the evening and a hearty vote of thanks was tendered her.

Alberta Soon To Get Natural Resources

EDMONTON, Alta., Jan. 15.—Alberta's natural resources will be under provincial ownership and control some time next summer, if the necessary preliminary action can be secured within that time, Premier Brownlee stated today. As matters now stand, a formal agreement between the Provincial and Dominion Governments has been signed, embodying the terms of transfer in full detail, he said. The next steps will be for legislative ratification.

and France agreed to recognize the frontiers as fixed by the Treaty of Versailles. England had gained European peace and consequently a market for her manufactures. She had fulfilled her duty to France by guaranteeing the frontier of western Europe without forming a defensive alliance with her. France had secured the support of Britain and Italy as well as Poland and Czechoslovakia in case of future war. Germany had been recognized and taken into the League of Nations as a member of which she hoped to have some of the more humiliating terms of the peace treaty lightened. Mrs. Allan FitzRandolph, president, extended to Dr. Kierstead the very hearty thanks of the members. A short business meeting was held before the address of the evening and Miss Leslie Pickett submitted her report as corresponding secretary. Miss A. Tingley gave the treasurer's statement. A review was given of the activities of the club since the annual meeting and Mrs. W. Edmund Raymond, who is the club's representative in the League of Nations Society, presented a very interesting report of the recent achievements of the League. At the close of the evening refreshments were served and a social hour enjoyed.

GOOD THINGS COMING TO THEATRES OF SAINT JOHN

GAY AND LITING MUSIC SHOW COMING

Another western comment upon "Three Little Maids" to be heard here Jan. 25-26—comes from Edmonton. It is—
"Sweet girls, sweet music, gorgeous gowns, beautiful scenery, sparkling lines—and George Patrick Huntley—all these, and more, go to make up that delicious musical comedy, "Three Little Maids," which is at present holding unscathed sway over the New Empire Theatre, and which will terminate its local engagement with the Wednesday evening performance.

Many gay, luring musical pieces have come out of "Merris England" in the past, but few have had a greater appeal than "Three Little Maids." Originally produced 20 odd years ago, this delightful musical play enjoyed a tremendous vogue, and though it passed Edmonton by at that time, it proved that theatre goes had something to look forward to, as practically all those who have seen it during its present engagement are willing to admit that it was well worth waiting 20 years to see.—Edmonton Journal.

A GREAT PICTURE BUT NOT "TOUTED"

"The Dark Angel," which is to be Imperial Theatre's chief picture Monday and Tuesday, has the unusual distinction of being an extraordinarily fine production—worthy of intensive exploitation—and yet it is not being touted by its producers. The reaction to this quiet method of placing so good a film before an intelligent public is certainly satisfactory, for the people

themselves are doing the advertising for it. While "The Dark Angel" is a war story in its recruiting and battle scenes, that part of the romance occupies but a couple of reels, and the remaining 6,000 feet is the most charming English society love-sequel the human heart could desire.
Ronald Colman, the male lead, and Wyndham Standing, his honorable rival, are both Englishmen, and officers in the late war. Vilma Banky, Budapest diva, is a London favorite, and George Fitzmaurice, the director, is also an importation from England, so the sweetly British fiction is receiving dignified, natural and altogether lovely English treatment in such capable hands. "The Dark Angel" is a story of a young British officer, who hides away from his aristocratic sweetheart because of being blinded in the war. When discovered the soldier tries to deceive her by feigning the use of his eyes again. It is a unique and heart-felt romance, and will create a mild furor.
