WIFE SLAYER AGAIN ON TRIAL FOR LIFE

Walter Blythe Respited Twice By The Ottawa Government Is Again Given a Chance To Escape The Death Penalty.

Special to The Standard. Toronto, Oct. 22.—The new trial of Walter Blythe, of Agincourt, commenced this morning before Mr. Justice Magee, murder being charged. Blythe beat his wife to death after a long series of cruelties practised on her in January last. He was tried, convicted and sentenced to be hanged, but was respited by the Ottawa Government and finally the court of appeals granted him a new trial on technical grounds, the chief being that Justice Riddell, who heard the case, had not in his address to the jury referred to the question whether or not the man was drunk at the time he committed the crime and the action of the jury might have been influenced by the fact that he was drunk. Mr. G. Blackstock, K. C., is again acting as Crown prosecutor and T. C. Robinette, K. C., is again defending the prisoner.

PRIVATE BROUSSEAU NOT LIKELY TO RECOVER

Special to The Standard. Fredericton, N. B., Oct. 22.—L. C. Brousseau, of the R. C. R., is in a critical condition at the Victoria Hospital as a result of a bullet penetrating his body at the St. Mary's Rifle Range yesterday. During the day chances for his recovery were considered bright, but tonight death would not come as a surprise. No complications have set in but his condition is alarming.

Boston, Mass., Oct. 22.—The methods which inspired the militant suffragettes in their efforts to obtain "votes for women" in England, were laid before Boston sympathizers by Mrs. Emmeline Gould Pankhurst in her opening American campaign speech at Tremont Temple tonight.

Most Terrible Weapon She Described the Hunger Strike as the most terrible weapon which had been used in the contest and in answer to questions which were freely hurled at her at the conclusion of the meeting, went into some of the methods which had been pursued by the authorities of England in attempting to combat that particular phase of the movement.

Christian Workers of Japanese Commission Declare That Mission Board Has Not Kept Abreast of The Times.

Special to The Standard. Toronto, Ont., Oct. 22.—Three members of the Japanese Commercial Commission touring the prominent cities of the United States and Canada, arrived here early today. They are Torajiro Watake, of Tokio; S. Tamura, of Kobe; and Dr. Hara, of Yokohama. Messrs. Watake and Tamura are Christians and in an interview said that while they are thankful for what the Mission Board has done in Japan in the past, conditions have changed during the past 20 years, while apparently missionary methods have not.

IDENTIFICATION OF BODY NOW COMPLETE

Special to The Standard. Fredericton, Oct. 22.—The 37th convention of the Young Men's Christian Association of the Maritime Provinces opened here this evening with a public meeting in St. Paul's Presbyterian church. The meeting opened with a song service, led by Rev. George Wood of Chatham, and selections were given by the Arion Quartette.

Interesting Address. Capt. J. W. Masters, of Moncton, chairman of the Maritime committee, gave an interesting address on the aims and needs of the Y. M. C. A. in the Maritime Provinces. He outlined the growth of the work in the past twenty-five years. There were now 22 paid officials of the association in the Maritime Provinces and more men and more money were the great needs.

Well Established. With the identity of the victim apparently well established, the police believe tonight that they were fully prepared to go into court next Monday on the charge of murder. Hill's hearing in the district court has been set for next Monday.

JOHN FRASER ESCAPES THE HANGMAN'S NOOSE

New Glasgow Man Who Killed Duncan Brown In June Is Adjudged Guilty Of Manslaughter By Jury.

Special to The Standard. Halifax, N. S., Oct. 22.—John Fraser, charged with the murder of Duncan Brown, was found guilty of manslaughter at New Glasgow today. Brown met his death in New Glasgow June 3. The prosecution had a strong case against the prisoner but could show no motive for his awful act. R. H. Graham, who conducted the prosecution, concluded and rested his case after a ten minutes' address to the jury at noon today. The defence were able to prove that Fraser was not only under the influence of liquor at the time of the murder, but was also under the influence of morphine.

Tariff Saves For England Whatever Trade She Still Has With Canada—An Unbiased View.

Special to The Standard. London, Oct. 22.—In referring at Queensbury today to his recent visit to Canada, Lord Milner said that he met a man whose business it was to study the questions of the importation of British goods to Canada. He belonged to no party and he had no political bias, but he was possessed of much information. Lord Milner said he asked him to tell honestly what had been the effect on the Canadian preference as regards the importation of British goods, and his reply was that it had saved for Great Britain what ever trade she still had with Canada.

SHAL THE PEERS OF PEOPLE RULE

T. P. O'Connor Has Recourse to the Lloyd-George Battle Cry at New York.

In the United States To Solicit Financial Aid, Irish Leader Tells of Plans.

Time Never More Ripe For Home Rule Than Now, He Enthusiastically Declares.

New York, N. Y., Oct. 22.—"Ireland never in her history had such a chance for home rule as is her's now," said T. P. O'Connor, member of Parliament, from Liverpool, friend and lieutenant of John Redmond and fighter for the Irish cause, at his hotel in this city tonight. He was sitting in his room, preparatory to attending a reception in his honor by Irish societies and thought pressed for time, he paused to talk optimistically of his country's future, a subject which he will preach in the ears of Irish Americans from now until November 10, the United States day on the Lusitania.

But there is an 'if,' he continued. "Ireland must make the most of her chance and it is to ask Irish-Americans to help her make the most of it, to contribute to the carrying through of the general election now approaching, that I am here. We are a poor people and the 31 National or Irish members of Parliament, the people have to support, perhaps 60 by private subscription. A seat in the House with us, you know, carries no salary corresponding to the office of your representatives in congress."

The United Kingdom is in a ferment. Such revolutionary public utterances in responsible positions and such an answering temper in the people have not been known in three generations—not since the 30s when the rotten boroughs were wiped out. The issue before the people has been put squarely by Lloyd-George, and the people understand it. I cannot do better than to repeat his phrase "shall the peers or the people rule?"

Supplementary Veto. "But if the present Government is sustained at the polls they will demand of the peers a right of suspensory veto. That is to say, passed by the peers, but if the House again passes it in face of this rejection the bill shall forthwith become law."

King Edward has foreknowledge of the crisis that may confront him and the measure of his recent activities is a measure of his anxiety. The day now goes before the House of Lords. If they reject it the Government will go to the people for a vote of confidence. In my opinion the veto will be returned. The present Government would pass by 300 votes a home rule bill for Ireland were they not prompted by the conviction that the peers would kill it."

ADMITS RESPONSIBILITY

Special to The Standard. Toronto, Oct. 22.—Conductor Wilson, who was in charge of the up-train, assumes the entire responsibility for the head-on passenger train collision which took place on the C. P. R. at Melville Junction on Wednesday evening, and in which a number of persons were shaken up.

CITY CHURCHES TO HOLD EVANGELISTIC CAMPAIGN NEXT YEAR

Alliance Decided Yesterday To Devote February To Revival Work—Confer With Dr. Conrad Of Boston.

At a meeting of the Evangelical Alliance held in St. Andrew's church, yesterday, it was decided to institute a simultaneous evangelistic campaign in the St. John churches next February.

Those present were: Rev. J. J. McCaskill, Rev. G. A. Ross, Rev. J. H. Anderson, Rev. H. D. Marr, Rev. Dr. Planders, Rev. W. O. Raymond, Rev. W. Camp, Rev. G. A. Ross, Rev. Gordon Dickie, Rev. G. A. Ross, Rev. Neil McLaughlan. Several of the ministers were absent at the Chatham Sunday school convention.

After some discussion the following recommendations of a committee which had prepared a report, were unanimously agreed to: That it is desirable as suggested by the alliance at its last meeting, that a simultaneous evangelistic campaign be instituted throughout the city and environs.

That such a campaign continue as a simultaneous effort not less than three weeks. That the campaign be held during the month of February, 1910.

That the campaign be conducted without the employment of any of the participating churches. That the alliance appoint a bureau of information, a permanent committee to be charged with the duty of securing information touching the organization and conduct of such campaigns.

That the alliance open communication with the Rev. Dr. Conrad of Park street church, Boston, or some other clergyman equally well informed on work such as is proposed, with the view to having him discuss the entire question with the alliance at the earliest possible date.

In the discussion emphasis upon the importance of rallying the movement around a centre and preserving its unity throughout, also so organizing it as to give the various denominations freedom to follow their own methods within their own churches.

GEODETIC SURVEY PARTIES FINISH WORK FOR SEASON

Travelled 300 Miles By Trolley Car Taking Levels—Bench Marks Agree With Ottawa Records.

A small encampment on the Bay Shore, consisting of two or three tents, is the transitory home of a geodetic survey party which has been working during the season in this province.

Mr. F. C. Durand, of Ottawa, who is in charge of the party, has given his attention to the work of levelling. He and his six comrades have worked along the Canadian Pacific Railway from St. John via Me. and St. John to Edmonston, and along the Temiscouata road to the Quebec boundary.

Afterwards they followed the Shore Line from St. Stephen to the St. John River. It requires a keen observer to see what they have done in this 300 mile tour by trolley car. But they have found the height of every trolley above mean sea level, and at distances of some two or three miles have made their bench marks. A copper or brass nail or plug firmly driven in the rock or in a wall of masonry marks the sign. There is a mark above the end of the nail, and a record at Ottawa shows to a small fraction of an inch how high that point is above the mean level of the Atlantic.

This party has about completed its field work for the summer, and its record will be worked into a clear statement during the winter. Triangulation Survey. Another Geodetic Survey party at work in this province, is engaged in making an exact survey of the county in another way. This is a Triangulation survey, and is accomplished by dividing the province into triangles, obtained by observation from elevated positions.

At night one member of the party holds a light at a point on some high hill. The observer on another hill ten, or perhaps twenty miles away, watches for the signal and obtains the direction. From his position a signal sent to another distant hill and thus the whole country is surveyed with an accuracy impossible by the methods of an ordinary survey.

Chamcook and Ben Lomond are two of the points found said to be convenient for these observations. HITCH IN TRANSFER OF PROPERTY FOR SUGAR REFINERY

TEACHERS IN SESSION HEARD WHELPFUL ADDRESSES YESTERDAY

Dr. H. S. Bridges And Mr. T. B. Kidner Give Views On Important Subjects—Mr. W. G. S. Myles New President.

St. John city and county teachers heard two excellent addresses yesterday and adjourned in the afternoon, after a most profitable session. In the morning, Dr. Bridges spoke on "The Child and Child Nature," and his address contained many valuable suggestions.

Mr. T. B. Kidner, director of manual training, then delivered a very helpful address on manual training subjects, paying particular attention to the use of the material called Raffia. This is a tough plant fibre produced in Madagascar and is now being employed largely in manual training work.

Mr. Kidner spoke of the advantages of Raffia and claimed that it permitted of a very wide range of grading. From the smallest pupil of Grade 1 up to the graduates of High school and college the work with Raffia could be made interesting and all sorts of wonderful things made.

He exhibited some of the simpler models and commented upon the thanks of the company will be established there and the cement blocks for the building of houses manufactured. The construction of garages will first be taken up.

Mr. Craig's claim that he can build the cheapest and strongest dry dock in the world by his method of using hydraulic pressure is commented upon with much interest since the announcement that Harland and Wolff are likely to build dry docks here. It has been suggested that Mr. Craig may have an opportunity of putting his theories into practice sooner than he imagines.

Sympathy for the Boy. Mr. W. J. S. Myles, expressed his sympathy with the boy. He understood how a boy would stay away from school to see his father, especially if the boy came from Carleton. Many teachers made the mistake of keeping boys in at recess. This was wrong. The boy knows that he should not be absent, but he is deprived of his rights if causes either a sense of injury against the school or the teacher.

Mr. Brown inquired whether written or oral work were better in a school. Whether he had better teach his pupils to be able to tell in their own words of Cromwell's defeating the Scots and conquering the brave Irish or be able to write the same?

JIM JEFFRIES DECLARES HE IS READY TO FIGHT

Ex-Champion Itches To Get After Negro And Is Relying On Sam Berger To Complete The Details.

New York, N. Y., Oct. 22.—"Fight" said Jim Jeffries tonight, as he settled his big shoulders in his overcoat before going out to see a turn of American vaudeville, "why, that's what I'm here for. Whatever Berger has signed up for goes. I don't know what it is, but it goes."

"The division of the purse has been agreed on," put in Sam Berger, Jeffries' manager. "Johnson has conceded that to us. That leaves only three points to settle: "First, the selection of a stakeholder."

"Second, the referee. "Third, a place and time for the reception of bids. "That's all there is to it. The fight will go to the highest bidder. There's no way to wrangle about that. Various tentative offers have been received of course, but no formal bids. We ought to have a couple of weeks to get them all in, I should say, and then decision on them falls automatically to the best responsible bid."

"Will Jeffries consider any theatrical engagements?" was asked. "Nothing to interfere. "Nothing is going to interfere with our being on the spot when the time comes," replied Berger. "He can't pick up a little expense money, but he will sign for an extended tour, and any engagements he does make will contain a release clause, guaranteeing his presence in the ring. "How soon will he fight?" "That depends on the other fellow," said Berger. "Jeff is pretty near right now, but he'll be absolutely right before he puts the gloves on. Delay has been the one thing the public has had any cause to complain of, but remember the fellows who kick now when they are the very first to holler if Jeff turned up unfit."

After Jeffries had left, a little group of well known sporting men, headed by Bob Vernon, Billy Wright, Walter Knight, and Dan McIntire, still lingered to chuckle over Jeffries' splendid condition. "Ain't it wonderful," they chorused. "Why let's as frisky as a colt and keen for his work—right on edge." Jeffries will probably train while in town at Cooper's gymnasium. He wants the preliminaries over as soon as possible, so that he can get back to the mountain air again. The first thing he said this morning as he stepped off the Luskiana was, "I'm ready to fight Johnson tomorrow."

NOVA SCOTIA APPLES SHIPPED HERE ARE INFERIOR QUALITY

W. R. Willett Says Proportion Of Poorer Grades Is Very Large—St. John Market Is Overstocked.

Mr. W. Rupert Willett, of the Willett Fruit Co., Ltd., will leave by steamer this morning on a visit to his former home at Granville Centre, N. S., and incidentally make a trip through the apple growing sections of the Annapolis Valley. Mr. Willett will take to the Nova Scotia shippers the information that the St. John market is overstocked at present and advise the growers in their own interests to try the British market.

The apples shipped to St. John this year, Mr. Willett says, have been of an inferior quality and the proportion of No. 2's and 3's is very large. One schooner arrived yesterday with 200 barrels of No. 3's and a day or two ago a schooner with 187 barrels had 30 only of first class stock. At present the poorer grades of apples can be purchased in large quantities here for \$1 per barrel.

Mr. Willett says he is informed that the crop has been plentiful in Nova Scotia but judging from the fruit shipped to St. John the quality has been poor.

A report from Greece says that the King George has offered to cede the island of Crete to the Greeks in return for the evacuation of the island by the British. The offer is considered a great concession by the Greeks, and it is believed that the King will accept it.

The King's offer is a result of the change of minister and the pressure and another revolution. He then summoned the parliament and informed them that he was to cede the island to the Greeks.

GRUESOME FIND IN WAKE OF BIG FIRE

What is Supposed to Be The Remains of Three Human Beings Found in Ruins of Razed House.

Special to The Standard. Kingston, Ont., Oct. 22.—A despatch received here states that what are supposed to be the remains of three human bodies have been found in the ruins of a house which was destroyed by fire early this morning at Calabogie, on the K. and H. Railway, 89 miles distant from Kingston.

Special to The Standard. Fredericton, Oct. 22.—At a special meeting of the directors of the Fredericton Gas Light Company Luke Morrison was appointed secretary, succeeding his father, and Harry White was appointed mechanical superintendent.

What Does It Lack?

The title of this What-does-it-lack picture is reasonable enough. A group of people with craned necks are gazing at an advertisement apparently fixed in the air. Yet it is rather odd that the sign should appear so illogically. Evidently it would have been a more convincing picture if the artist had added a certain detail. Now, the question is, what is that detail?

SITUATION IN ENGLAND MOST GRAVE YEARS. Sir Joseph Lawrence in New York Discusses Political Situation in Mother Country-- The Budget and the Lords.

THE ISSUE AND ITS VARIOUS SOLUTIONS. New York, Oct. 22.—Sir Joseph Lawrence, a Member of the House of Commons and an active member of the Conservative and tariff reform party, who is the Plaza Hotel, expressed his views on the political outlook in England last night.

Propose Alternative Budget. "But however much the Government may desire to make this the solitary issue, the Conservative party in country will put forward a proposal of an alternative budget, which the House of Lords will pass and which an increasing number of the electorate will in all probability approve."

Tariff Reform Gains. "The effect upon the country has been most marked. Men who were five years ago Liberals and free traders have renounced their party and some over in great numbers to the tariff reform party, whose policy has been adopted by the Conservative political party."

A Venerable Priest. Owing to advancing years, the Rev. Joseph Pelletier, of St. Louis, Kent county, is leaving parish work and retiring entirely from ministerial duty.

Organized Criminals of New York City. (For the first time in many years the public has found an opportunity to see the inside workings of the New York Police Department--generally acknowledged the most corrupt department in the world.)

Slave Trade May Now Be Suppressed. London, Oct. 22.—News has been received of the conquest of Wadia, the last stronghold of the Mohammedan fanatics in the central Sudan, by a small French force.

BOMB THROWN BY BINGHAM IN CIVIC FIGHT. Former Police Commissioner Writing in McClure's Magazine Tells of Inner Workings of New York Department.

By Gen. Theodore Bingham. For three and a half years, from January, 1906, to July, 1909, I was commissioner of police of New York. I was suddenly removed from office.

GEN. THEO. BINGHAM. As the average citizen has no idea of the power of organized criminals, it may be worth while to give a story of my campaign against them, and my fight against me, to show how great their power is.

Political Clans. The officers and men belonged to secret political clans. The largest of these clans was the "Sullivan clan," which ruled the Tammany machine south of 14th-st. The political forces that elect them are drawn from the criminal centers that radiate from out the Bowery.

MAYOR GEO. B. MCCLELLAN. In my attempt to change these conditions, Mayor McClellan gave me no help and showed no interest.

AROUND THE CITY. Unconscious Since Saturday. Lying unconscious at the hospital since Saturday last when he was picked up on Mill street, Thomas Barrett, of Red Head, showed no improvement last evening, and it is believed that he will not recover. Meeting of Creditors. A meeting of the creditors of Charles H. Bonnell and Co., of 27 Main street, dealer in meats and provisions, was held yesterday afternoon at the office of MacRae, Sinclair and MacRae. An assignment was made to Mr. J. A. Sinclair. The liabilities are \$2500 and assets about \$1200. Annual Roll Call. The annual roll call of Ludlow street Baptist church will take place on Sunday evening. Special music will be rendered by the choir under the leadership of Mr. H. S. Mayes and Rev. W. R. Robinson, the pastor will deliver an address on Church membership. A special Thanksgiving service will be held in the morning. St. Luke's Junior Bible Class. The opening of the season for St. Luke's Junior Bible Class last evening was celebrated by a banquet at which a large number of the class were present. The election of officers resulted as follows: Albert Robinson, secretary; Douglas Watters, treasurer; Kenneth Gault, historian; executive committee, Guy Day, Kenneth Gault, A. Bailey, E. Jones and F. Lindsay. It was decided to hold a social entertainment every Tuesday throughout the winter. Inquest Next Wednesday. The jury empanelled to inquire into the cause of the death of Patrick McGoldrick, who died at the Public Hospital, on Wednesday last, viewed the body at his late residence at 8.30 last evening. The inquest will be held by Coroner D. E. Berryman in the court house, next Wednesday evening. Following are the jurors: Bart. Holt, foreman; John Fitzgerald, Wm. B. Hatfield, Joseph Doody, Jas. Wilson, A. Wallace Emery and Sydney Gibbs. A Denial. An evening paper on Thursday gave a statement in quotation marks from Mr. Bartley, purporting to explain that he was giving up Carvell Hall in consequence of his wife's desertion. All three morning papers yesterday printed shorter paragraphs giving the substance of this statement. Yesterday Mr. and Mrs. Bartley informed The Standard that the report was untrue and that the statement attributed to Mr. Bartley by an evening paper was entirely unauthorized. Blinded by Concussion From a Gun. A young son of Mayor Pickard of Sackville while out shooting a few days ago became suddenly blind in his right eye as the result of the concussion from the discharge of his gun. He was brought to the city yesterday and is now under the care of Dr. A. Pierce Crockett. When asked last evening if concussion from the discharge of a gun could produce blindness without injury to the front part of the eye, Dr. Crockett said such accidents did occur and young Pickard's injury was a case in point but that such accidents were exceedingly rare. \$100 For Recovery of Mr. Dalton's Body. The rough weather and heavy sea prevented any organized attempt for the recovery of the body of Mr. George F. Dalton, drowned off Ship Rocks on Thursday night and many familiar with the currents say that it is doubtful if the body will be recovered. Mr. Chas. E. Dalton, a surviving brother, and a number of friends searched along the shores of the bay yesterday, but could find no trace. Mr. Dalton advertises this morning a reward of \$100 for the recovery of the body of his brother. Trouble Over Liquor License. The liquor license commissioners were yesterday notified that Mr. F. J. Griffith proposed to bring an action against them for issuing a license to William Daley contrary to the liquor license act. The license in question was issued to H. P. Nice last spring. A short time ago Mr. Nice vacated the premises on King Square and left the city, and Mr. Griffith, who was his clerk, applied for a transfer of the license. Subsequently Mr. Wm. B. Daly applied for the same license and the commissioners transferred it to him. It is to be set aside this transfer that Mr. Griffith proposes to bring an action. Fined \$50 For Selling Calf Moose. B. W. Mitchell, of Queens county who recently shot a calf moose, which he sold to Peters and Rice, meat dealers of this city, and thereby got them in difficulty, was yesterday fined \$50 and costs by Magistrate W. J. Nicholson, at Colons. The defendant, B. W. Mitchell, left for Springfield, Mass., shortly after the trouble arose, but his father appeared for him yesterday and pleaded guilty to the charge. Mr. C. T. Dean, game warden, appeared for the prosecution. Mr. Dean returned to the city yesterday afternoon and will leave for Musquash this morning. Miss Frances Treanor came in from Shebena yesterday to spend the Thanksgiving holidays at her home, Brittain street.

DRY DOCK DELEGATION WILL ASK GUARANTEE OF 4 PER CENT.

Representative Citizens To Leave On Monday To Interview Government — Arrangements Made At Meetings With Capt. Newton Yesterday—C. P. R., Allans., Dominion S. S. Co., and Harland And Wolff Backing The Enterprise.

The proposal to send a delegation from St. John to interview the Dominion Government with regard to the establishment of a dry dock here took definite shape yesterday after some further conferences between Capt. D. C. Newton and representatives of the council and the Board of Trade. It has been decided that Dr. J. W. Daniel, M. P., Mayor Bullock, Mr. W. H. Thorne and Mr. W. E. Foster, president of the Board of Trade with one or two members of the Common Council will leave Monday evening and will be joined at Montreal by the Quebec delegation. The conference with Sir Wilfrid Laurier and members of the Cabinet will be held on Tuesday at noon. Capt. Newton spent a quiet day yesterday owing to the inclement weather. This morning he will be taken about the city in an automobile and the companies interested. It is understood that the C. P. R., the Allan Line and the Dominion Steamship Company are the three Canadian companies interested with Messrs. Harland & Wolff in the dry dock enterprise. The Belfast shipbuilders will hold a controlling interest or at least the largest interest in the project. While it is possible that a shipbuilding industry may be established at St. John in connection with the dock, that is not the basis of the present discussion. The plans seem to contemplate a complete modern building plant at Levis, but for the present at least, only a dry dock and repair works at St. John. As the design on the whole goes

WOMAN SAID TO BE INSANE JUMPS FROM TRAIN AT GRAND BAY

Mary Lamont From P. E. Island Brought To City Last Night—Became Violent And Acted Strangely.

Among the passengers on the city on the Boston train last evening was Mary Anne Lamont of Cardigan, P. E. Island, who was afflicted with a form of insanity. When she arrived in the depot she was very violent and it took two men to keep her quiet. She was taken to Central Police station for the night. The woman left here last evening on the Boston train, having purchased a ticket for Boston. Just after the train had left the depot she began to act in a strange manner, talking to herself and singing, and making other noises. She was travelling second class and the other passengers were rather more amused than otherwise. Just before the train reached Grand Bay, it slowed down and Mrs. Lamont gathered up her luggage and prepared to get off. The train did not stop, however, and she left her suit cases on the platform and jumped. Providentially she landed on her feet and escaped without injury. She immediately began acting in a peculiar manner, and attracted the attention of the station agent, who persuaded her to enter the waiting room. Once there, however, she became very violent, and threatened to do herself serious harm, so the agent summoned two other men and between them they managed to keep her quiet. She was held until the Boston train arrived about 11 o'clock and was placed on board of it and conveyed to the city. On arrival here the woman was taken charge of by Officer Clark and I. C. R. Officer Scowell and she was placed in a coach and driven to Central where she was placed in a cell. Today she will probably be sent back to her home in Cardigan, and placed in a hospital.

RIVER BOATS BRING DOWN LARGE CARGOES OF FARM PRODUCE

Victoria Had Record Porkers Yesterday—Some Farmers Are Not Digging Their Potatoes On Account Of Rot.

Judging from the heavy cargoes brought down by the river steamers these days the Thanksgiving market will be well supplied with staples and farm product of all kinds. Butter, fowl, potatoes, pork and vegetables are being rushed into the city and the steamers are taxed to their utmost capacity. On the Victoria yesterday were two immense hogs which are probably the largest brought to the city this season. They were shipped to Mr. B. Vanwart by Mr. Samuel Vanwart, of Cameron's Landing and the largest tipped the scales at 415 pounds. As an instance of the amount brought down at one landing alone yesterday, the Victoria took on 100 barrels of potatoes, several tons of hay and half a dozen fat cattle. Prices generally were high. The best country butter sold for 24 cents and chickens were quoted from 75 cents to \$1.00. The Thanksgiving turkey is not yet in evidence. River people are complaining bitterly of the prevalence of the potato rot. On some farms the fields were covered with water at the time of the
