

FIST FIGHT STOPS WORK IN COMMONS

Joseph Devlin, Irish Nationalist, Provokes Fellow Member Beyond Endurance.

FREE FIGHT ON FLOOR OF HOUSE

Speaker Adjourns the Commons But Later Devlin's Assailant Apologizes.

London, Nov. 22.—A violent scene occurred in the House of Commons this afternoon during the period of questions regarding the situation in Ireland. Joseph Devlin, Nationalist, and a Unionist member came to blows. The sitting was suspended.

Murder Must Cease

The government, continued Mr. Lloyd George, had resolved to suppress murder and conspiracy in Ireland. It was realized by all that to suppress such carefully organized highly subsidized plots would take time but the government was convinced the despite the recent happenings the Irish authorities were succeeding in breaking up the "gangs of assassins."

Mr. Devlin rose and asked why it was that when Sir Hamar Greenwood, the Chief Secretary for Ireland, was asked a question he recited the horrible occurrences that had happened yesterday and yet said nothing about the suppression of military forces at the football match. He was interrupted with loud cries of "sit down."

Mr. Devlin retorted: "I shan't sit down," and continued. "Why has not been made acquainted with a recital of these events, of the entry of the military into the football field and the indiscriminate shooting of ten people?"

Sir Hamar replied emphatically that he has been asked nothing about that question but that he was prepared to answer.

TWO CANADIANS ARE LIBERATED BY BOLSHIEVIKI

Suffered Fearful Hardships from Lack of Food and Warm Clothing.

CAPTURED AFTER KOLCHAK'S DEFEAT

Score of Officers and Men Are in London After Long Imprisonment.

London, Nov. 22.—Captains H. E. Brickett and Sapper W. D. Smith, of the Canadian Engineers were amongst the score of officers and men reaching London after many months imprisonment by the Bolsheviks who captured them in Siberia after the defeat of Admiral Kolchak. This party were all members of the British Railway Mission.

POLICE WILL WEAR BUTTON TO SHOW THEY ARE ON DUTY

Montreal, Nov. 22.—The trouble caused amongst the policemen of this city by the new adapted brassard, this morning terminated when it was decided to substitute a button in place of the buckle, hitherto used to fasten this new "ornament" signifying that the constable was on duty, around the wearer's arm.

The officers of the law complained that it was a nuisance to them when making arrests, as the law-breakers could catch hold of it but the substitution of the button removes this danger.

The police union had previously stated that if something was not done, the men would absolutely refuse to wear the brassard.

BOOK OF NOBLE DEEDS

London, Nov. 22.—Premier Lloyd George regarded sympathetically in the House of Commons today the suggestion for a preparation of a book of noble deeds in the Great War.

Paid Assassins To Start Campaign in England Now

Sir Hamar Greenwood Says Plans Include Murder and Property Destruction.

London, Nov. 22.—Sir Hamar Greenwood, Chief Secretary for Ireland, declared in the House of Commons today that plans of "paid assassins" discovered recently, included destruction of life and property in England as well as in Ireland.

FOUR THOUSAND MEN QUIT WORK AT SYDNEY IRON

Tie-up at Dominion Iron Due to Ultimatum Issued by 125 Railroad Men.

SHUT DOWN FOR WEEK AT LEAST

Company May Ask Ottawa for Redress Under Industrial Disputes Act.

Sydney, N. S., Nov. 22.—When 125 railroad employees of the Dominion Steel Corporation served an ultimatum on the management this morning, demanding a settlement of the differences before five o'clock, the company replied by closing the works various mills at noon and ordering the banking of the blast furnaces. This action automatically threw 4,000 men out of employment, pending the settlement of the dispute with the railroaders.

It is estimated that it will require at least a week to get the furnace in operation again, and it is believed that the big plant will be tied up for that period at least. The company, in the meantime, it is understood, is making application to Ottawa for redress, under the provisions of the Industrial Disputes Act. It has been stated that lack of orders has been threatening the operations of steel plants for some weeks past.

For the past two years the railroaders employed within the steel plant have been contending for the scale awarded as other railroaders in Canada, following the McAdoo award in the United States.

Strike May Spread

Sydney Mines, N. S., Nov. 22.—There is a possibility of the Scotia plant and colliery ceasing operations within the next twelve hours unless the demands of the trainmen who have followed the lead of their Sydney brethren, are accepted. At a conference between James Murdoch, vice-president of the Brotherhood of Trainmen and Superintendent McNeill of the company, the demands of the men for an increase of 18 cents an hour and an eight hour day were presented. The representatives were told that the best the company could do was to pay at the same rate as that paid by the Dominion Steel. Forty-three trainmen only are involved but their refusal would mean the general suspension of operations.

GIRL FOUND TIED ADMITS SHE TOOK HOSPITAL CASH

Confesses in Signed Statement That She Robbed Grace Hospital Till.

Toronto, Nov. 22.—Alice Barber, night telephone operator and office woman at Grace Hospital here, raised a commotion last night by calling for assistance. First arrivals found her with face scratched and clothes torn, lying bound by a rope. The officer's deck was open, the contents scattered about and money missing. After investigation, the police arrested the girl on a charge of stealing \$209. She later confessed she had tied herself up, and even scratched her face, pinching pieces of flesh out to draw blood. She gave the police a signed confession. When she appeared in the women's court this morning, charged with the theft of \$209, she was remanded until Thursday.

SERIOUS OUTBREAK OF FIRE IN HEART OF MONTREAL CITY

Montreal, Nov. 22.—The top floor of the Mechanics' Institute building, situated at the west side of St. Peter street, between St. James and Notre Dame streets in the heart of the city's financial district was gutted, damage to the extent of \$30,000 was done and several firemen were overcome by smoke in a serious blaze which broke out here shortly after four this afternoon. The building consists of five stories and their occupants made a hurried exit, several having narrow escapes.

FARMER PARTY WINS E. ELGIN BY 208 VOTES

Hard Fought By-Election Results in Victory for the U. F. O. Candidate There.

LIBERAL IS OVER 1,000 VOTES BEHIND

Result of Polling is Farmer 3063, Government 2855 and Liberal 1929 Votes.

Toronto, Nov. 22.—In the by-election held in the constituency of East Elgin in South Western Ontario today, B. S. McDermid, nominee of the United Farmers Party received 3,063 votes, as against 2,855 for J. L. Stensell, the government, and 1,929 for W. G. Charlton, Liberal. At the general election of 1917 the constituency returned David Marshall, Conservative and has usually elected a Conservative since 1892.

Its Past History

East Elgin in thirteen Federal general elections and three by-elections since Confederation prior to today's contest, has returned a Conservative twelve and a Liberal four times. The former member, David Marshall, was first elected at a by-election in 1906 by a majority of 73, and in the general elections of 1908, 1911 and 1917 his majorities were respectively 247, 394 and 395. The last occasion on which a Liberal captured the seat was in the general election of 1887 when Dr. Wilson polled a majority of 7.

Weather Was Bad

Out of approximately 11,000 voters, only about 8,000 voted, many remaining at home owing to the unpleasant weather conditions. The campaign was easily the hottest ever waged in East Elgin. Premier Meighon spoke twice in the riding and a number of government speakers were constantly on the ground. Hon. W. L. Mackenzie King and Hon. T. A. Crerar also addressed meetings during the campaign.

A big demonstration was held at Aymer tonight to mark the success of the Farmers' candidate.

IRISH QUESTION RELIGIOUS, SAYS ORANGE SPEAKER

If Sinn Feiners Refuse Britain's Rule Why Expect Ulster to Accept Dominion.

SELF-DETERMINATION WOULD RUIN EMPIRE

Great Crowd at Charlottetown Hears Rev. Edward Morris Reply to Lindsay Crawford.

Charlottetown, P. E. I., Nov. 22.—The Strand theatre was crowded to overflowing tonight at a meeting addressed by the Rev. Edward Morris, under the auspices of the Orange Order, the "Truth About Ireland." In the course of his address he replied to a number of statements made by Lindsay Crawford who spoke here recently.

He claimed that the Irish question was a religious question and charged Crawford with uttering sedition when he charged the British Government with ill-treatment of the Irish people. Self-determination meant disruption of the Empire. If the Sinn Feiners want self-determination why should not Ulster have it? If the Sinn Feiners want to submit to the government of Great Britain how can you expect Ulster to submit to Sinn Fein Government?

The speaker reviewed certain events in Irish history dealing with religious persecution and said there was danger of history repeating itself.

Overseas' Chaplain Speaks

Captain, the Rev. George C. Taylor, an overseas chaplain, spoke strongly against Irish Self-Determination, stating that we cannot have a free Canada, or a great Empire if it is broken up sectionally by race or creed. He contended that the clergy were at the head of the Self-Determination movement in Prince Edward Island.

FOUR DAYS OVERDUE AND BUNKERS EMPTY METAGAMA ARRIVES

Montreal, Nov. 22.—The C. P. O. S. Metagama from Liverpool due to dock here on the 18th, arrived tonight at 11 p.m. The vessel encountered such heavy storms on her passage over that her average speed was only 9 1/2 knots a hour or half her capacity. The further effect was experienced of heavy coal consumption causing her bunkers to be practically empty when she docked here. Passengers will be landed tomorrow.

Girls Pilot Irish in Murder Raids Sunday Morning

Nurse Near Dublin Held up and Motor Found to Contain Rifles.

London, Nov. 22.—Girls played a prominent part in yesterday's scenes in Ireland, according to reports reaching London this afternoon. A motor car driven by a nurse, Linda Keynes, which was proceeding towards Dublin late Saturday night was held up near Sligo and found to contain ten rifles, four pistols and much ammunition.

Another report said the men who did the shooting Sunday morning evidently were strangers in Dublin, and some of the squads were led to "spotted" houses by girls.

TWO BOY SCOUTS SWEEP INTO SEA OFF YACHT DECK

"Typhoon," Thirty-Five Foot Craft, Completes 8,000 Mile Cruise Across Atlantic.

LITTLE VESSEL IS ALMOST SWAMPED

Food Ran Out and Passing Spanish Tramp Gave Crew a Fresh Supply.

New York, Nov. 22.—A thrilling tale of the fury of the sea, as viewed and fought from the deck of a 35-foot schooner was told here tonight by Captain Wm. Washburn Nutting, as he brought his trim little craft, the "Typhoon," safely to a Staten Island mooring. He made fast a line and the vessel had completed an 8,000 mile voyage across the Atlantic and returned in her long boat, which started from Baddeck, N. S., July 22, for the Spanish-ruled Cape Verde, during the International Motor Boat Regatta, proceeded to French and Spanish ports, and left Corunna, Spain, on the return trip, September 15. She stopped at the Azores.

BABY SWALLOWED SHORT STOVE BOLT

Special to The Standard. The little five year old daughter of Mr. and Mrs. Burton Lawrence, of North Devon, had a miraculous escape from being choked to death at her home a few evenings ago, when she swallowed a stove bolt.

Mr. Lawrence had brought home some stove bolts and placed them on the table. The child was playing around at the time and got hold of the bolts and was playing with them. In a few moments she told her mother she had swallowed one of the bolts, with the remark "some throat." It was at first thought the child was mistaken but on counting the bolts one was found missing.

WORLD NEWS TODAY

CANADA

S. S. McDermid, United Farmers candidate, wins East Elgin by-election by a majority of 208 votes.

Four thousand men are out of work at the Dominion Steel plant at Sydney, and the Nova Scotia Steel workers may go out, too.

Late returns indicate the election of the Government candidate in the Yale by-election.

GOVERNMENT EXPECTS TO CARRY YALE

With Fifteen Places to Hear from Yet J. A. MacKelvie Has Lead of 182 Votes.

ELECTION CERTAIN IS GENERAL VIEW

Country Districts Voted Fairly Evenly Between the Two Parties is Report.

Vernon, B. C., Nov. 22.—With fifteen small isolated points yet to be heard from J. A. MacKelvie, government candidate, has a lead of 182 over his opponent, Colonel C. E. Edgett, D. S. O., Independent, endorsed by Liberals, Farmers, Soldier and labor in the Yale constituency by-election. National Liberal-Conservative officials express confidence that the missing reports will add to Mr. MacKelvie's majority and that his election is assured.

Vote is Close

While Vernon gave the Government candidate a majority of 294, and Summerland and Grand Forks gave him small majorities, Pentlagon, Kelowna and Greenwood swung into the Opposition column by narrow margins. The country districts were fairly evenly divided, except for the northern part of the constituency which gave Colonel Edgett a slight advantage.

It may be late before the fifteen missing points can report, as the telephone service has been more or less interrupted.

FRANCE REFUSES TO TAKE BLAME FOR ARMENIANS

Rt. Hon. A. J. Balfour Says Compassion No Longer Sufficient for This State.

COMBINED EFFORT TO SAVE NATION

Ideal Mandatory for Armenia is the United States' View of British Delegate.

Geneva, Nov. 22.—Speaking today on resolutions, demanding intervention in Armenia by the League of Nations in Armenia and supporting Lord Robert Cecil's demand that the assembly appoint a committee to examine into means for ending the hostilities between the Turkish Nationalists and the Armenians, M. Spalckovich of the Serbian delegation recalled that the United States Senate at one time had approved the use of the United States fleet to succor the Armenians.

It was recalled here in this connection that Senator Harding was a strong supporter of the resolution. (Continued on page 2.)

STEEL STRIKE TO HIT SYDNEY MINERS A SERIOUS BLOW

Only Two-Thirds Usual Supply of Coal Will Be Required, Which Means Less Work

Sydney, N. S., Nov. 22.—Already discounted somewhat by the two weeks' hoist necessary to obtain a vote of the miners, the threatening coal strike in Cape Breton was thrown into the shade by the menace of the strike and tie-up at the Sydney Steel plant this afternoon.

Among the first people to be hit by the new strike will be the miners, because of the annual output of 4,000,000 tons of coal over 1,500,000 tons are consumed by the steel plant. Every day the strike lasts means a cut of thirty-three per cent. in the required coal and consequent slackening of work.

Tonight Caledonia local, which has stood out against the Montreal agreement, voted to accept it.

FAMILY CALLED TO BEDSIDE OF THE EX-GERMAN EMPRESS

Doorn, Holland, Nov. 22.—All the Hohenzollerns are paying what might be their last visit to the former German Empress Augusta Victoria.

The condition of the former Empress is considered most serious. She passed a good night, but her temperature this morning reached 112.2 Fahrenheit.

Three Assassins Caught Red-Handed in Dublin City

One of the Trio Had Been Wounded Sir Hamar Greenwood Announces.

London, Nov. 22.—Three of the assassins of British officers in Dublin, Sunday, were captured red-handed with their arms. It was announced in the House of Commons this afternoon by Sir Hamar Greenwood, the Chief Secretary for Ireland. One of the assassins had been wounded, he added.

LIBERAL SMASH SEEN IN RESULT OF THE POLLING

Government Well Satisfied With Splendid Battle of Candidate in East Elgin.

FARMER LEAD IS MUCH REDUCED

Two Contests Show Old Time Liberal Party is in Dire Confusion.

Special to The Standard. Ottawa, Ont., Nov. 22.—Although government workers expected the ministerial candidate to carry East Elgin by-election, the result, having regard to the political history of the riding, created little surprise in political circles.

East Elgin, it is pointed out, has always been hard fighting ground. In 1917, for example, when almost the whole English speaking Canada rolled over overwhelming majorities for the government, it gave the late David Marshall, the small majority of 115 on the home vote. Then again in 1919 in the Ontario Provincial elections the United Farmers carried the seat by a majority of 1,572.

Made Good Showing

Under the circumstances therefore the showing by the government candidate in reducing the Farmer majority to 208 is considered by observers here to have been the most the ministerial party had a right to expect.

Despite this there is no disguising the fact that the result has caused some disappointment in government circles, a disappointment, however, somewhat compensated for by the splendid government majority in Yale.

Liberal Party Smaashes

As for the main, or official Opposition in the House, led by Mr. King, the result for it is the severest kind of a blow. It indicates that in Ontario as in the West the old Liberal party has all but disappeared. Mr. Charlton the Liberal representative was a strong candidate and Mr. King, who visited the riding staked everything on securing his election.

ALLIES TO WARN GREECE AGAINST EX-KING'S RETURN

Paris, Nov. 22.—An active exchange of views between London and Paris on the subject of Greece is in progress. M. Leygues, the French Premier, in a long despatch this morning, set forth the French viewpoint for the second time. It is understood that the Premier insisted upon the necessity of the two Governments making a declaration before the Greek Parliament, so that Mr. King may know in advance the consequences of its votes to proceed with a plebiscite on the question of the former King Constantine's return.

CRUSHED TO DEATH UNDER FAT BULLOCK

Perth, N. B., Nov. 22.—Mrs. James McAdam left this morning for Perth, Victoria county, having been called there by the death of her nephew, John Christie, which occurred on Saturday night. Mr. Christie owned a large farm at Kincardine and was driving some cattle to Perth, where he was to sell them. On arrival there he was herding the cattle when one of them slipped and fell on Mr. Christie, crushing him to the ground. When the animal got on its feet it was found that Mr. Christie had been frightfully bruised. He was taken to a nearby house and medical assistance summoned, but he was so badly injured internally that he passed away last night. He is survived by his parents, Mr. and Mrs. Wm. Christie, and several brothers and sisters.

DUBLIN CITY ENCIRCLED BY THE SOLDIERS

City Being Combed Thoroughly for Those Responsible for the Sunday Murders.

MANY RAIDS AND FIRES IN THE CITY

Much Shooting is Reported from Dublin and Cork and More Deaths Feared.

Dublin, Nov. 22.—There has been tremendous police and military activity in all parts of the country today. Raids, searches and arrests have occurred in all directions. This evening the City of Dublin is surrounded and apparently is being combed by the military and the police. There was incessant firing early in the evening. A boy of ten years and a man of seventy were shot.

Firing in Cork

There also was much firing in Cork tonight, but no fatalities have been reported. Raids by men in lorries were made at the Cork and Queenstown town halls and the residences of town clerks of these cities. Many documents were seized. Thirty-six arrests were made at Queenstown.

Other places raided included Fermoy, Carrick-on-Shannon, Galway, Lis-towel. In nearly all these places documents belonging to the local officials were taken. At Galway those taken into custody included Professor O'Brien and many students of the college.

Some Houses Burned

Some houses in the vicinity of Galway were burned. These included the residence of Mrs. Della O'Connor, who recently returned to Ireland after a long residence in the United States. George Murnaghan, a well-known North Ireland solicitor and prominent as a Sinn Feiner, was arrested in Omagh. Constable Ryan, who was kidnapped in Cork Sunday, has been released.

The houses of two Sinn Feiners at Swords, six miles from Dublin, were burned this morning. At Serris, Patrick Matthews, a Sinn Feiner laborer, was seriously wounded at Rush, a neighboring village. Armed forces entered the house of a Sinn Feiner named McCann, dragged him to the road and shot him dead.

LABOR WILL NOT TOLERATE CUTS IN WAGE SCALE

Tom Moore Declares Advances Have Not Equalled Increased Cost of Living.

SEES DANGER OF TROUBLE IN CANADA

Low Wages and Unemployment Liable to Act as an Incentive to Rioting.

Montreal, Nov. 22.—Tom Moore, president of the Dominion Trades and Labor Council, speaking at the weekly luncheon of the Canadian Club, today made it clear that organized labor would not tolerate any reduction in wages. He argued that, although in some cases there might have been unusually generous wage advances in great trades, the wage advance had no kept pace with the cost of living, so that organized labor was not prepared at the present time to consider any talk of reductions.

Strike is Irrational.

Mr. Moore laid it down that "of all irrational actions workers can attempt there is nothing more irrational than a general strike."

Mr. Moore added that, with low wages and unemployment, he knew of no country outside of Russia more liable to revolutionary movements than Canada, with its employing classes generally one generation old, made up of enterprising men, and the employed class largely comprised of adventurous immigrants who could easily be stirred to trouble should conditions become too bad.

WEDDING OF DRUNKEN GROOM IS ANNULLED

Court Found That if Bride Got His Consent it Was by Fraud.

Montreal, Nov. 22.—The marriage of Frank Rogers, of Ottawa, and Lucille Hebert, of this city, which took place September 27th last, before Rev. J. A. Thompson, of St. James' Methodist church, was annulled today in the practice court. It was shown that the latter obtained Rogers' consent to the marriage while he was completely intoxicated and unable to know what he was doing. The court found there was no legal consent on the part of Rogers and that if the woman got such consent, she got it by fraud.

WEST FIGHT STOPS WORK OF COMMONS

Joseph Devlin, Irish Nationalist, Provokes Fellow Member Beyond Endurance.

FREE FIGHT ON FLOOR OF HOUSE

Speaker Adjourns the Commons But Later Devlin's Assailant Apologizes.

(Continued from page 1) Mr. Devlin again rose, amidst angry cries of "bat down," and was endeavoring to speak when a member of the Opposition, Mr. J. J. McLaughlin, intervened to pull him down. Mr. Devlin lunged forward in an effort to shake off the hand of the member, and the latter, in an effort to keep the pair from touching, threw his arms out to separate the pair, but despite these efforts the two men struggled forward. Mr. Devlin, losing his coat in the process, held his opponent by the collar. "This is English courage and English chivalry, to attack one man in his hands," after a minute or two the pair were forced into seats by friends and the speaker suspended the sitting.

Apologized to House.

Upon resumption of the session, Major John Molson, Coalition-Union member for the Gainsborough division of Lincolnshire, who was Mr. Devlin's opponent, rose and apologized to Mr. Devlin, the speaker and to the House, saying he was advised he had allowed himself to be provoked, and had forgotten himself. Mr. Devlin accepted the apology and assured Major Molson that in this or any other matter that affected him in the House he had no personal feeling. His complaint was against the growing practice of the members taking out of the speaker's hands the question of order in relation to questions. The question he wished to ask was, why the chief secretary for Ireland had not recited all the incidents which occurred in Dublin Sunday, instead of giving a part of the story. The minister had not told of the murder of ten or fifteen civilians, Mr. Devlin pointed out.

Replies to Question.

Sir Hamar said that although he had not been asked that question he was willing to reply, and said: "The authorities have reason to believe that Sinn Fein gunmen came to Dublin Sunday under the guise of attending the match in order to carry out the murders. Consequently, they were armed and ready to back-kill ten and wounded others." Sir Hamar also gave details of the slaying of two officers and the shooting of a man and a woman, which latter he regretted.

Fighting Assassins.

The statement made by the Secretary of Ireland earlier in the session in reply to a question regarding yesterday's events was that he hoped "that this series of outbreaks, carefully planned atrocities would bring vividly before the House and the public the cruel reality of the Irish situation. We are fighting," he said, "an organized and well-armed assassin whose plans, recently discovered, included destruction of life and property in this country as well as in Ireland. As to present conditions in Dublin he stated he had received a telegram saying everything was apparently normal in that city, no fresh disturbances having developed.

A Second Scrap.

After Mr. Devlin had made his concluding statement there was a pause at arms between Jeremiah McVeigh, Nationalist member for South Down, and Sir Edward Carson, the Unionist leader, during which Sir Edward called the Nationalist member a "liar" for saying Sir Edward "had begun the use of rifles" in Ireland. Mr. Carson, the government leader, brought about peace among the members at this point by announcing that Wednesday will be given over for a discussion of the Irish question in the House of Commons.

FIRE AT SYDNEY

Sydney, N. S. Nov. 22—Damage which will amount to at least \$50,000 was caused by a fire which broke out at 11.45 tonight in Merchants' Department Store on Chesham street. The fire started in the rear of the third floor and spread rapidly. Thousands of dollars worth of costly furs on this floor were burned and all the goods in the lower floors were ruined by water and smoke.

FILLED LIGHTED LAMP WITH OIL AND BURNED ALL

Lamp Exploded and Set Fire to House Causing Nine Deaths.

BLAZE STARTED NEAR FRONT DOOR

Exit from Home Was Blocked by Flames and Family Was Entrapped.

Padoue, Matane County, Que., Nov. 22—Seven children and two adults were burned to death yesterday in a fire which destroyed the residence of Mr. Alphonse Theriault and wiped out his whole family. Mr. Theriault was filling a coal oil lamp, which was still burning, when it slipped from his hands and fell to the wooden floor. In a few seconds the whole place was aflame.

Front Door Blocked

As the accident happened near the front entrance, and the smoke immediately filled the whole of the lower portion of the small house, the family fled in panic to the second story. Mr. Theriault rushed through the smoke and broke all the windows in an effort to give the smoke an outlet. He then tried to rescue his family, but was driven back by the roaring flames which, by that time, were eating their way rapidly to the upper portion of the building, where the people had taken refuge.

House a Furnace

From seven to eleven last night the house was converted into a regular furnace, and it was only half an hour after the building fell into ruins that the bodies of the victims were found among the still smoldering embers. The victims are: Mrs. Theriault and her five children, Mrs. Litalien, Mrs. Theriault's sister-in-law and her two children.

SEES INCREASE OF ANGLO-CANADIAN TRADE RELATIONS

Believes Next Twelve Months Will Show Big Gain—Advices Exchanging Visits.

By FRANK TEWSON (Copyright 1920 by Cross-Atlantic) London, Nov. 22—Signs here make it evident that British traders are showing an increased interest in the produce of Canadian manufacturers according to H. M. Field, trade commissioner for Toronto, who is now in London.

"The next twelve months will see a vast increase in the volume of inter-empire and Anglo-Canadian trade in general," he said. "All industrial sections in Great Britain find the opportunities to build up and extend their business throughout Canada. It not only applies to export trade but to the import of goods. There is also a keen desire manifested to increase the value of imports from the Dominion. I may say that all obstructions in the way of Anglo-Canadian trade will be removed shortly."

FRANCE REFUSES TO TAKE BLAME FOR ARMENIANS

Rt. Hon. A. J. Balfour Says Compassion No Longer Sufficient for This State.

COMBINED EFFORT TO SAVE NATION

Ideal Mandatory for Armenia is the United States View of British Delegate.

(Continued from page 1) A resolution requesting the President to send marines to Bafum was adopted by the Senate on May 13, last. It was offered by Senator Harding on behalf of the foreign relations committee.

A. J. Balfour, of Great Britain, speaking on the resolution said that if the United States had been willing to take the mandate for Armenia, she had the strength, money and spirit to make her an ideal mandatory. The League has been unable to accomplish anything with regard to the situation in Armenia. Mr. Balfour admitted, because the condition of Armenia, he argued was not such as the League was organized to deal with.

Combined Effort Essential

Mr. Balfour said an appeal must be sent to the forty one states of the League for a combined effort to save Armenia. Rene Viviani of France, following Mr. Balfour said, all were agreed that compassion would no longer suffice for Armenia.

"It is not the fault of France if the League today is disarmed in the face of the situation in Armenia," said M. Viviani. "Virtually the entire assembly applauded the statement. It was noted, however, that the British delegation did not applaud."

French Proposition

M. Viviani presented a resolution inviting the council of the League of Nations to consult the powers with a view to the constitution of a force sufficient to put an end to the hostilities in Armenia. Dr. Fridtjof Nansen of Norway, estimated that 60,000 men would be a force sufficient to deal with the situation.

Delegates Joneacu, of Rumania, supported M. Viviani's proposition. The debate gave the impression of every one thinking of a resort to intervention, and yet not wishing to call it by that name. Hon. C. J. Doherty, Canadian Minister of Justice, put it as an exceptional remedy for an exceptional situation. At the close of the debate, however, Lord Robert Cecil said he would favor armed intervention, or any other practical plan of dealing with the situation.

Carries the Crowd

M. Viviani proposed that a committee select one power, which would accept the responsibility of taking up negotiations. He carried almost the entire assembly with him in his eloquent peroration, in which he demanded immediate action.

Mr. Balfour wanted further light on the proposed negotiations. He asked what the French delegation proposed to offer mustapha Kemal Pasha, the Nationalist leader, as it was quite necessary, the British delegate said, to offer the Nationalist leader either money or territory. He thought it would be very difficult to organize an expedition of 60,000 or 80,000 men. "Failure to take practical action

The furnishings of the living room is a matter that deserves serious consideration. The reason for this is plain when we consider the part it plays in our daily life. For a short time in the kitchen we prepare our meals—for a short time in the dining room we eat them—for quite a time in the bed room we sleep—but in the living room for quite a while we live. The furnishings of this room, then, are bound to affect us. If furnished with one of our CHESTERFIELD SUITES, its beauty and cosiness will soothe and please you; its utility, comfort and rest you; in fact, it will be a living room in the full sense of the word.

here on this question," responded M. Viviani, "will be to demonstrate the default of the League of Nations. 'Call it negotiations or mediation,' M. Viviani cried, 'unless we make this minimum effort, we have only to register our failure and continue our academic discussions while the Armenians perish.'"

The whole assembly was on its feet, with exception of the British delegation, cheering M. Viviani long after he had regained his seat.

DISAPPEARANCE EXPLAINED.

Quebec, Nov. 22—The mystery of the disappearance of Mr. J. O. Morin, former member of the local legislature for the County of L'Islet, who had been reported as missing five weeks ago may be on the eve of being solved. According to detectives it is stated that Mr. Morin has simply left the province in the interest of his business. Further search for him has been abandoned.

NEWFOUNDLAND WILL HELP THE FISH BUSINESS

Government May Guarantee Purchases of Codfish to Relieve the Situation

HUGE QUANTITIES ARE UNSOLD

Mediterranean Market is in Exchange Rate of the Industry.

St. John's, Nfld., Nov. 22—Newfoundland Government is active steps with a view to preventing serious loss to the fisherman colony as a result of the price drop of fish. Sir John A. Blizard, Governor of Newfoundland, conferred today with Wm. Minister of Fisheries and Fisheries, and James Arthur Paddock, member of the House of Assembly, in a proposition that the government should guarantee purchase of fish.

Fish is Unsold.

A great amount of fish caught by the Labrador Coast during the season and cured at Newfoundland fishing ports remains unsold. It is explained as largely due to the fact because of differences in change rates and other abnormal conditions there has been a very market in the Mediterranean which ordinary absorb most Labrador product.

Inter-State Commerce Commission is Told Their Mission is Desperate.

Washington, Nov. 22—United States financial relief is the New England Railroads, most of them will very soon be driven into receivership, the Interstate Commerce Commission was told today by Chas. F. Oake, Jr., and La. Ross, Jr., counsel for the railroads.

St. John River Is Closed With Ice Formed Solidly

Fredericton Bridges Closing on Devon Shore.

The ice over the St. John River formed so solidly yesterday above the bridges at Fredericton that two men crossed over on foot near the city pumping station.

Reports from other sections down the river are to the effect that ice had formed, but was so thin that it was a great trouble on the waterway.

The greater number of reports have been received from Fredericton and vicinity. It is taken for granted that the John River service is about to be suspended.

Recently the Standard published dates of river services for many past and this date corresponds a few days of others mentioned.

NEWFOUNDLAND WILL HELP ITS FISH BUSINESS

Government May Guarantee Purchases of Codfish to Relieve the Situation.

HUGE QUANTITIES ARE UNSOLD YET

Mediterranean Market is Poor and Exchange Rate Hits the Industry.

St. John's, Nfld., Nov. 22.—The Newfoundland Government is taking active steps with a view to preventing serious loss to the fishermen of the colony as a result of the prevailing low prices of fish. Sir Alexander Murray, Governor of Newfoundland, conferred today with Wm. Coaker, Minister of Fisheries and acting Premier, and James Arthur Padon, manager of the Bank of Montreal, regarding a proposition that the government should guarantee purchase of codfish.

Fish is Unsold. A great amount of fish caught on the Labrador Coast during the last season and cured at Newfoundland fishing ports remains unsold. This is explained as largely due to the fact that because of differences in exchange rates and other abnormal conditions there has been a very poor market in the Mediterranean ports, which ordinary absorb most of the Labrador produce.

NEW ENGLAND'S RAILS REQUIRE HELP AT ONCE

Inter-State Commerce Commission is Told Their State is Desperate.

Washington, Nov. 22.—Unless immediate financial relief is afforded the New England Railroads, "all or most of them will very shortly be driven into receiverships," the Interstate Commerce Commission was told today by Chas. F. Oate, Jr., and William La Rue, Jr., counsel for the lines. The commission was told that the actual returns to the roads in September, and the estimated returns to the roads for October under the increased rates granted under the Transportation Act confirmed that the income received by the roads was not sufficient to meet their requirements. As one means of relief the roads asked for a re-adjustment of the division of freight rates on through traffic between roads west of the Hudson River and those east of that river.

St. John River Is Closed With Ice

Ice Formed Solidly Above Fredericton Bridges—Skating on Devon Shore.

The ice over the St. John river formed so solidly yesterday morning above the bridges at Fredericton that two men crossed over on foot from near the city crossing station to the mouth of the Mathewsensis stream. Sunday afternoon people were skating along the Devon shore as well as at some spots on the Fredericton side of the river.

Reports from other sections further down the river as to the effect that ice had formed, but was so thin that the least trouble on the waters caused a breaking up.

The greater number of river steamers have been moored to winter quarters at Indiantown, and while navigation will be kept up to certain points it is taken for granted that the St. John River service is about closed. Recently the Standard published dates of river closings for many years past and this date corresponds within a few days of others mentioned.

MEIGHEN BACK AT CAPITAL TO WORK ONCE MORE

House Will Meet About January 20 Next if Present Plans Are Continued.

Ottawa, Nov. 22.—With the return of the Premier and other cabinet ministers to their offices today, there is an air of renewed activity on Parliament Hill. Hon. Arthur Meighen returned to his office this morning after his absence in the west, and spent the forenoon going through the piles of accumulated correspondence and meeting several of the many visitors who had sought appointments with him. The same conditions prevailed in the offices of the other ministers who had returned today. There were Hon. J. A. Calder, Sir Henry Drayton and Hon. G. D. Robertson.

Some Business Delayed. A number of matters which have been hanging fire during the absence of the Prime Minister are expected to be cleared away this week by cabinet council. Among these are, it is understood, some proposed changes in the luxury tax regulations, which may lead to exemptions being extended in certain cases where relief is being sought by the trade, and also a decision as to the date of parliament meeting. For some time it has been known that the government proposed to have the House meet on or about January 20, and while the opening may perhaps be delayed for another week, it is believed that the government still has the original date in mind and hopes to adhere to it. It has been further stated that there will be some action toward filling certain of the Senate vacancies before the House meets.

Sugar Still On Downward Trend

Atlantic Refineries Meeting Competition With Another Reduction Today.

Sugar prices in this city are still on the downward trend, and, effective this morning at 9 o'clock, it is learned that the Atlantic Sugar Refinery Company are meeting competition by quoting sugar for delivery, wholesale, at a reduction of one cent per pound. In other words, retailers are now able to purchase sugar at \$11.10 per hundred weight.

Pleasant News. This news no doubt will be gladly received by all householders, and should result in cheaper sugar to the consumer. One grocer in this city was advertising granulated sugar yesterday at ten pounds for \$1.25, five pounds of granulated for sixty-four cents, ten pounds of light brown sugar for \$1.18, and five pounds of light brown for sixty cents; while another merchant was selling eight pounds of granulated sugar for \$1.00, one hundred pound bag of the same sugar for \$12.35, and one hundred pounds light brown for \$11.35. According to a report emanating from Halifax a retailer in that city was selling sugar on Friday last at the new low price of ten cents per pound, another at five cents for forty-eight cents, the latter being along with groceries.

WHY HAVE CATARRH

So Disagreeable to Yourself and All About You. Catarrh is generally conceded to be a constitutional disease. Therefore it requires a constitutional remedy like Hood's Sarsaparilla which reaches every part of the system by thoroughly purifying and enriching the blood. This medicine removes the cause of the trouble, which if not checked may lead to more serious disease.

In 46 years of use and test Hood's Sarsaparilla has relieved many cases as told by voluntary letters of commendation. Why not get a bottle to-day and give it a trial? It combines economy and efficiency. Keep Hood's Pills on hand as a family cathartic.

"I Feel as Tho' I Could Not Drag Thru the Day's Work"

is the complaint of many a woman in the household, office or factory. After suffering pain, feeling nervous, dizzy, weak and dragged-down by weaknesses of her sex—with eyes sunken, black circles and pale cheeks—such a woman is quickly restored to health by the Favorite Prescription of Dr. Pierce. Changed, too, in looks, for after taking Doctor Pierce's Favorite Prescription the skin becomes clear, the eyes brighter, the cheeks plump. It is purely vegetable and contains no alcohol.

Druggists sell it in tablets or liquid, or send Dr. Pierce, at Invalids' Hotel in Buffalo, N. Y., 10 cts. for trial package. After taking this well-known remedy you will feel strong and healthy. Such a change in feelings, too—there's sparkle in the eyes, a rose tint in the cheeks, for one has rich, red blood. There's elasticity in every movement and a spring in the step. Love comes to every woman who has bounding health—but when she is pallid, dull-eyed, languid, she has no magnetism, nor does she appeal to any man.

PLAN BETTER NEWS SERVICE WITHIN EMPIRE

Col. Amery Says Canada and Great Britain Are Negotiating to Aid Services.

PERCY HURD IS ASKING QUESTIONS

Anxious to Know What Empire is Doing to Improve Cable Conditions.

London, Nov. 22.—Percy Hurd, in the House of Commons today, asked whether any fresh arrangements were being made or contemplated with Reuters' agency for the continued transmission of subsidized news to Canada and other parts of the empire, and, if so, what is the character of the news to be subsidized, the amount of public money involved, what contributions would be made by the other governments of the empire and the terms of operation to which the government contributes is one to the Union of South Africa, the colonies and protectorates in East Africa, Malaya and Hong Kong, which had been approved up to December.

How Bills Are Paid

The cost approximately is two-thirds paid by the overseas government and one-third by the Imperial Government. The news sent re-states events of imperial interest in all parts of the empire and almost ministerial statements of public importance, which in ordinary circumstances would not be sent or sent only in a condensed form. In regard to Canada, the government would be glad to see the news service from the United Kingdom improved. There is reason to think that the Canadian government take a similar view. Various discussions have taken place, but no arrangements have been arrived at.

COURT OF APPEAL TO DECIDE LEGALITY OF BEER SEIZURES

Fredricton, N. B., Nov. 22.—The court of appeal will be asked to decide the legality of the recent seizure of 81 kegs of beer from a cellar on Charlotte street by Chief of Police Charley, acting as sub-inspector under the prohibition act for the Fredericton district. After Mr. Justice Barry, by a judgment in chambers this morning had ordered the writ of prohibition under which Sheriff Hawthorn seized the beer from the police station set aside with costs, application was made and granted for a writ of prohibition on behalf of the owner of the beer in order that the case may be carried to the full bench of the court of appeal to decide the intricate points of law involved.

ARMORED CARS IN THE STREETS

But City and All the Suburbs Are Much Calmer Since the Outbreak.

Dublin, Nov. 22.—Twenty-six persons are dead and seventy others are lying in hospitals as a result of Sunday's orgy of assassinations and the wholesale shooting in Croke Park, Park, where soldiers first on the crowd which had gathered to witness a football game between the Dublin and Tipperary teams. Dublin's apprehensions that reprisals would follow last night proved unfounded, and it is believed that Government reports of three or four killings in the city after midnight were due to their confusion with outrages near Dublin. Aside from military activities and searchings, including Mansion House, armored cars passing through the streets, and the fact that all thoroughfares leading out of the city were closely watched, Dublin and its vicinity were quieter today. It appeared that yesterday's outbreak, following the lines of other Irish disturbances, was not being sustained.

SUGAR PRICES LOWER

Montreal, Nov. 22.—Today the price of sugar registered a further drop, wholesalers offering it at 11 cents, less five per cent. cash, and the retail trade selling at 12 to 13 cents. This is the lowest point reached since the decline in prices started on July 26, on which day the peak was touched at twenty-four dollars per 100 pounds, less five per cent. cash, wholesale.

FALL OF GREEK PREMIER UPSETS PARIS POLICY

Foreign-Office Believes Turkish Partisans Will Ask Treaty Revision.

GRECIAN TROOPS WOULD BALK IT

They Will Never Admit Compromise—Kemalist Attack Means Recall of Venizelos.

Copyright 1920 by Public Ledger Co. Paris, Nov. 22.—The French foreign office indicated to your correspondent today that the defeat of Premier Venizelos will have the most far-reaching consequences on French foreign policy, inasmuch as the extraordinary concessions made to Greece by England and France after the Turkish treaty were accorded with the sole purpose of maintaining the prestige of Venizelos. Now it is affirmed that the partisans of old Turkey, who are still both active and numerous in France, will immediately seek to profit by the occasion and demand a revision of the treaty in favor of Turkey and obstruct its ratification. The sudden reverses of Premier Venizelos, indeed, has produced a profound impression in France, as the result of the election had been considered a certainty for the Greek premier. It is learned that Venizelos took measures to prevent any demonstration of the army in Asia Minor, which has been ardently supporting him in his political combat with ex-King Constantine. From the same sources which predicted a certain victory for Venizelos before the elections your correspondent obtained today a Greek analysis of his defeat. The informant said:

Fall Due to Internal Policy

"The failure of Premier Venizelos has been due principally to the disapproval of his internal policy during the last two years. The high cost of living and the discontent of many persons still adhering to the old regime in the administration and in the army urged the interpretation of all government restrictions as acts of tyranny and of all acts of generosity as signs of weakness. Thus the majority unfortunately were persuaded to overlook the territorial advantages and the diplomatic successes of Venizelos which had created a new Hellenic prestige among the nations. Recalling the policies of Venizelos during 1917, when he preferred to let Athens fall in line with the great powers in order to avoid civil war at home, the opposition even regarded the premier as a suppressor of national independence. Nevertheless, the foreign policies of Greece will be compelled to remain unchanged. The execution of the Treaty of Sevres, the financial situation, the commercial needs and the peculiar geographical position of Greece make impossible any policy contrary to the great Mediterranean powers, and will impose, willingly or unwillingly, on Greece maintenance of the present diplomacy.

Army Is Dark Point

The only dark point in the army which has given the blood in the struggle against the Turks, and which will never admit a compromise with that nation, the Venizelists will do all they can to arouse the adherence to submit to the popular verdict. It is not unlikely that a certain Venizelist deputy will hasten his resignation in order to make way for the compulsory re-election of the premier to parliament, as the presence of Venizelos there is indispensable to avoid all diplomatic blunders, in view of his experience in diplomatic negotiations during the last three years. "The question of accession points toward Prince George, who is affianced to a princess of Romania. But the western powers will never accept the restoration of Constantine who is considered an absolute undesirable with whom it is impossible to renew normal relations.

"Unfortunately conditions face the army in Asia Minor, and it is certain the Kemalists will try an offensive against the Greek, and if Greek discipline is relaxed the people will face a different situation tomorrow, in which they may realize the great error they have committed, the only remedy for which will be the recall of Venizelos."

TAKE CARE OF THAT COUGH

Some people get a nasty cough and don't pay much attention to it, saying, "Oh, it will wear away in a short time," but while it may wear off, serious injury may have been done to the lungs and respiratory system by a prolonged, harsh, racking coughing. On the first sign of a cough or cold get a bottle of Dr. Wood's Norway Pine Syrup. It will stop that nasty, troublesome cough, ease the distress across the chest, and loosen the phlegm. Mrs. Wm. Earnshaw, Aspley, Ont., writes: "Last winter I caught a bad cold, had a sore throat and a terrible hacking cough that I could not get rid of. I could not sleep at night. I tried quite a few remedies but they did not do me much good until I got Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles, my cough was all gone. I feel that 'Dr. Wood's' has no equal." When you get Dr. Wood's Norway Pine Syrup, you are not experimenting with a cheap untried remedy, but you are taking a reputation extending over thirty years. Put up in a yellow wrapper; each bottle has the trade mark; price 50c. and 90c. a bottle manufactured only by The T. Mitchell Co., Limited, Toronto, Ont.

Fox Industry In New Brunswick

Business Developed Extensively During Last Twelve Months.

That the silver fox industry in this province has developed very extensively during the past twelve months, and is far in excess of any previous year on record, was the statement made on Saturday by one of the most successful fox breeders in New Brunswick. Fox breeding has become a commercial industry on a large scale in several parts of the province, and there are extensive silver black fox farms at Black's Harbor, Salisbury and Moncton.

An Illustration.

As an illustration of the growth of this line of business in New Brunswick, in one case it is understood that the owners have now about one hundred and twenty silver black fox, an increase of about fifty per cent. on last year. Practically all foxes bred in this province are of this species, which are being sold for breeding purposes or killed for their pelt. The prices vary, of course, according to the animal, but a pair of silver black foxes sells from \$1,000 to \$1,200, although some sell at a lower price, while pelts range from \$200 to \$300, averaging about \$300 or \$400 each. The maritime provinces are very much to the fore in the fox industry, and two steel baggage cars, carrying more than ninety pairs of first quality Prince Edward Island silver black foxes, were sent forward last week to the five fox exhibition in Montreal, which opens in the Motorrome building on November 25th, and the interest has developed to such an extent that a party of black fox owners from Summerside and Charlottetown, P. E. I., have left for that city. It is estimated that the total value of foxes which are being sent to Montreal from this part of the country totals about one million dollars.

To Japan and Norway.

New Brunswick owners are looking forward in the near future to selling first quality silver black foxes to Japan and Norway, which is now being done by breeders in Prince Edward Island; and there is a very extensive trade for voluminous business in these countries. Big industries are doing business on the other side of the border-line, in the States of Michigan, Maine and New York. The exhibition this month in Montreal will be the first international silver fox exhibition ever held in Canada, and the commission of conservation has received over five hundred entries.

AIRSHIP FORCED TO MAKE LANDING IN BEDFORD BASIN

Halifax, N. S., Nov. 22.—Major A. P. Shearer, commanding the local airplane station and Martin Graham, a mechanic, were forced to descend in Bedford Basin today when the engine of a H. S. 24 machine they were testing out after having been overhauled developed trouble. The machine was later towed to its base. Asked regarding the report that one of the two had been injured in the forced descent, Major Shearer said neither got so much as a ducking. "It was a fairly good landing," he said, "in view of the fact that we were unable to use our engine upon nearing the water."

RAILWAY BOARD JUDGMENT EARLY CARVELL'S VIEW

Manitoba Asked Suspension of the Rate Increase Recently Permitted Companies.

EXHAUSTIVE REVIEW IS PROMISED NOW

Conference on Situation is to be Held in Ottawa on December 14 Next.

Ottawa, Nov. 22.—Judgment was reserved this evening by the Board of Railway Commissioners in the application of the Manitoba Government for suspension of the railway rate increase granted recently by the Board Chairman F. B. Carvell in reserving judgment stated that the board would make every effort to deal with the matter promptly, and that its written findings might be expected before the end of next week. He stated that many of the questions brought before the board at the present hearing would be discussed in this judgment. Probe Railway Rates. The chief commissioner also announced that there would be an exhaustive investigation into railway rates generally along lines to be indicated in the pending judgment. "It should, he said, be thorough, and the board was prepared to do its utmost to make it out. If any injustice existed in railway rates, not only in the west but in any part of the Dominion, it was desirable that it be eliminated. It was decided that a conference between the board of railway commissioners and all parties interested in the railway rate investigation shall be held in Ottawa on December 14 to determine the lines that the investigation shall pursue and to decide on further dates.

BRITISH WORKMEN DO NOT APPRECIATE AMERICAN FOREMEN

Resent Importation of Men from United States to Take Charge of Shops.

BY PATRICK HIGGINS

London, Nov. 22.—The introduction of American foremen into the engineering and building trades in London and in many provincial cities is creating considerable irritation among the English workers who are not used to bustling methods.

At the Ford Motor works in London where a number of Americans have been recently introduced, the English workmen have shown a tendency to reduce rather than increase output. When the matter was brought under the notice of the Executive of the Engineers' Union, Tom Mann, the militant secretary of that body, declared that he would sooner throw up his job than allow a British mechanic to be "domineered by any Yankee huster."

Mann's views were not, however, endorsed by the Executive and the men in the Ford Motor Works were told quietly that they must conform to the rules of the firm and do a fair day's work for a fair day's pay, otherwise they could not expect the support of the Engineering Union in any dispute that might arise. Wonderful Study Of Fisherwoman

By MARK ZANOWILL.
(Cross-Atlantic Newspaper Service.)
London, Nov. 22.—Strangely academic, for an artist who has always been so prominently associated with the French Impressionist movement, are the works of Peix Vallotton, painted between 1903 and 1920, exhibited at the Independent Gallery, 17, Grosvenor street, off Bond street. But the significance of the artist's message is more vital than his manner of delivering it, and Vallotton has decided something worth saying. There is one truly great work in the present collection. It is the "Vieille Pêcheuse," a fisherman, wonderful in characterization, and splendid in the sincerity of its subtle craftsmanship. It would be difficult to find its equal among the moderns. She sits in a reverie, her head raised, her hands folded; her thoughts are of "old unhappy far off things," and she hears far off voices. The color is quiet, and harmonizes perfectly with the sentiment of the picture. There are other figure studies here, but nothing equal to this.

Miss Vera Willoughby, who is exhibiting at the Dorien Leigh Galleries, is at present away by many influences, archaic, cubic, and academic. When she has evolved a definite style, she should produce fine work. For she has imagination and a feeling for rich, harmonious color, and when these are effectively combined, as they are in her picture of a "Bachante" with leopards, in a fine decorative design, the result is entirely admirable. Her "Judgment of Paris" is, however, treated from the cubic standpoint; the nude lady under judgment being an attenuated creature of most uncomfortable angles. And imagine a cubic apple! Yet the whole is decorative.

Polo Championship Closed Saturday

In Final Game at Madison Square Garden West Point Defeated Ontarios 13 to 5.

New York, Nov. 22.—The polo championship of the national horse show which closed Saturday night at Madison Square Garden was won by the West Point team which in the final game of the series defeated the Ontarios by 13 to 5.

Ontario put up a stiff game, but the superior team work of the army men, and notable hitting ability of Major Wilson overpowered the Canadians.

On the last day of the show, Drift Wood Blase, Mrs. Walter Hanley's brown gelding, former Canadian raiment horse, again won the ladies' saddle horse championship.

NEW CIVIL WAR MENACING CHINA

Anfu Leader is Believed to be on Way to Shanghai to Form All Southern Gov't.

By ROGER AMES BURR.
(Copyright 1920 by Public Ledger Co.)
Peking, Nov. 22.—The Chinese note regarding the escape of Hsu Shu Cheng has been drafted and will state that the Japanese legation has not adhered to the terms of the note of August 9, reporting the presence of nine Anfuite refugees in the Japanese legation and assuring China that their channels for outside communication and also their political activities would be restricted. The note will suggest that the Japanese legation, since it is unable effectively to guard the Anfuites had better turn them over to the Chinese government. The government believes that Hsu Shu Cheng is en route for Shanghai to join his Anfu friends in an endeavor to promote an Anfu coalition in Yunnan. Canton and Shanghai for the purpose of holding up the northern reunification plans by the formation of a strong all-southern government with Japanese financial support. The Japanese financier, Nise Hihara, negotiator of the Shantung loans in 1918, is now in Shanghai reported negotiating with that end in view.

Anfuite Pro-Jap.
(Hsu Shu Cheng was a protégé of Marshal Tuan Chi Jul, who as head of the Chinese army, set an Anfuite dictatorship in Peking a few months ago and precipitated a civil war in which his troops were finally defeated by the provisional forces, and President Hsu Shi Cheng restored to power. It was the president's removal of Hsu Shu Cheng from his post of commissioner in Inner Mongolia that precipitated the Anfuite rebellion. The An-

Won Right To Meet World's Champion

"Strangler" Lewis Threw Wladek Zbyzsko at New York.

New York, Nov. 22.—Ed ("Strangler") Lewis, of Lexington, Ky., threw Wladek Zbyzsko, of Poland, in a catch-as-catch-can wrestling match here tonight, with a flying headlock, in one hour, 25 minutes and 45 seconds. Lewis thereby earned the right to meet Joe Stecher, of Dodge, Neb., the world's champion, who tonight threw Dan McDonald, of Nova Scotia, in the mat with a body hold in ten minutes and 22 seconds.

The Lewis-Zbyzsko bout was rough, both men trying often for toe holds. In the last five minutes of the match Lewis-obtained three headlocks, from two of which his opponent escaped. Lewis was in jeopardy when the Pole got a toe hold and a body hold, but squirmed out and gained his feet. With the final head lock he threw Zbyzsko to the floor and, retaining the hold, forced the dazed Pole's shoulders to the mat.

O'Donnell, who appeared in this country for the first time, gave a clever exhibition of defensive work until he succumbed to Stecher's favorite body scissors hold.

Riot of Finery For Movie Star

Ruth Roland Has Marvellous Frocks for New Picture Released.

Imagine a man, even a popular star in the movies, bearing up under the strain of a necessary revision of his "society" every week or two. Yet fashionable women with everything stated on the subject of the Toronto of the gentler sex who are about the busiest human creatures on earth, joyously seek the slightest excuse to "go shopping." In the case of the latter, of course, frequent attendance upon their dressmaker and milliner has the added importance, of being "big business."

Recent additions to Ruth Roland's autumn wardrobe comprise a wonderful three-piece suit of jade blue, heavily embroidered in real silver with motifs in wool embroidered of benna and blue; a splendid wrap of mole-skin and squirrel reaching clear down to Ruth's dainty ankles; a dinner gown of black chiffon tulle with wide lace chantly garlanded and tiny chic bunches of French blossoms in var-color; many smart tailored street suits and one-piece frocks of satin, broadcloth and serge, three "dreams" of dinner gowns—one of Japanese perlimon georgette sort of a shade between an orange and an apricot ("truly" as it were) embroidered in gold and silver; another of Georgette royal blue with attractively lovely roses over its silken surface; and a tulle of golden brown net with silver iris blossoms and dozens of other creations serve to keep up to the minute the rather elaborate wardrobe necessary for one of filmland's favorite Social Stars.

Out at the Brunton Studios the other day, where Ruth is starting to work on a serial of the old Spanish days, she was attired in a wondrous costume of a belle of high degree in the

PREMIER NEVER MADE COMMENTS ON HARRY FLYNN

Interview That Came from Aymer, Ont., is Denied by Hon. Mr. Meighen.

Toronto, Nov. 22.—Last night the Canadian Press, Limited, received from its correspondent in Aymer, Ont., and transmitted on the wires a despatch purporting to be an interview with Hon. Arthur Meighen, in which the premier was said to have stated that he had observed that certain newspapers had taken Harry Flynn "under their wing." The Ottawa Bureau of Canadian Press today sent the following:

"It was stated at the premier's office today that the interview published in the morning papers from Aymer was unfounded. What Mr. Meighen stated on the subject of the Toronto meeting was in a public address, and no reference was made to individuals. The premier stated that he had not given an interview on the Toronto matter to anyone. His denial of the charge that he had refused to meet Toronto returned soldiers was made during his public address, in reply to the address of welcome tendered him in Aymer, and his words were substantially as reported by Canadian Press, Limited. He had made no reference to Harry Flynn, or to any other individual, as he was reported to have done in the last paragraph of the despatch from Aymer, Ont.

Leaves The Farm To Build A Racer

Capt. Joseph Conrad Has Schr. Racing Bug and Will Order a Fast Vessel.

La Have, N. S., Nov. 22.—Captain Joseph Conrad, formerly skipper of the fishing schooner Ruby Pentz, will leave his farm at Central Clarence, N. S., and ask Amos Pentz, master builder at the Modill yards at Sheburne, to build him a fishing schooner with sufficient speed to compete in the ocean races to be held off Halifax next year, according to the Halifax Herald.

Captain Conrad left the sea last season, turning over the Ruby Pentz to the late Captain Calvin Lohnes, who was drowned off Halifax harbor when his vessel was setting sail for home after the Nova Scotian ocean races.

SOME ACTION NEEDED.

Under Provincial legislation a man who operates a stationary engine is not to be a qualified engineer and hold a license. His recognized efficiency is a form of insurance against accident in the plant in which he is employed.

There is no substantial reason why the Amusement Tax in this province should not be done away with also. It was put on as a "war tax" and the war is now over.

CATCHING THE "DUMPERS."
Sir Henry Layton's remark that perhaps the Customs officers should be authorized, under the anti-dumping Act, to require a statement of manufacturers' cost of goods "dumped" into Canada, raises a point of acute interest just now.

A MEAN TAX

While the war was on, a great many things were done on the pretext that they were necessary under existing conditions. We not only read of the inequities of war as they were to be found on the fields of Flanders, but we were called upon to endure them at home.

By a needy administration was the Amusement Tax. This tax bears hardly on those who should be the children. It is not so long ago that the price of admission to the moving picture theatres was less than half of the amount charged today.

and his victory does not come as any surprise. It was a three-cornered fight, with all the uncertainties that usually accompany triangular contests.

After a rather close contest, the U. F. O. candidate in East Elgin secured the most votes, over 200 votes, the Government candidate being second.

There are thirteen entries for a motor car race at Los Angeles, and the result is likely to justify the speculation.

Those who were Edmonton newspaper readers two and three years ago, and were impressed by the persistent attacks which were made by a certain editor on Mr. Crear (then a member of the Union government) on the ground that he represented "Big Business"—the reference being to the powerful grain company of which he was the head—must be somewhat confused by the same editor's present fervid plea for co-operation between Mr. Crear and Mr. King.

Credulity Ended.
It was hard enough to believe that the imprisoned Lord Mayor of Cork took no food until just before his death, but to do it was possible when all the circumstances were considered.

WHAT OTHERS SAY

Simple Justice.
Sir William Meredith, chief justice of Ontario, thinks the Crown should pay costs when a person is charged with a criminal offense and honorably acquitted. It is not a novel idea, but without setting it forth by a chief justice, it ought to be the practice, since it is simple justice.

Prominent Citizen Died Yesterday

A. W. Adams, Although Not Well, Was at His Office Last Friday.

The community was shocked and grieved yesterday by the sudden death of Arthur W. Adams, one of the best known and most highly respected of the business men of this city. He was seized with the fatal attack Sunday morning and buried to the Central Public Hospital, where he passed away about five o'clock yesterday morning.

Mr. Adams was a son of the late William H. and Julia A. Adams and was fifty-nine years of age. He first entered the shipping business in partnership with his brother, Thomas S. Adams, on the North Wharf. Since the death of his brother he has carried on the business alone, later on Nelson street. He was a splendid type of citizen and his death is a distinct loss to the community.

He was a member of the Knights of Pythias and Masonic fraternity, a vestryman of Trinity Church, president of the Wiggins' Male Orphans Institution and secretary of the Union Club Company.

Besides his wife, Mr. Adams leaves one brother William H., of Montreal, three sisters, Beatrice and Mrs. Barclay Boyd of this city and Mrs. Ronald Grant of Montreal. The funeral will be held this afternoon from Trinity church.

Out of respect for the deceased, the flags were flying at half-mast on practically all the shipping in the harbor yesterday.

Scouts' Executive Monthly Meeting

Plans Formulated for Display of Scout Work and Entertainment.

The executive of the St. John Boy Scouts Association held their monthly meeting at the new headquarters in the Ritchie building, Princess street last evening.

Plans Formulated

Plans were formulated for a big display of scout work and an entertainment to be given by all the scout troops in the city some time in the early part of the new year. A committee consisting of A. C. Skelton, chairman of the local board, and Guy Short, the district commissioner, were appointed to perfect plans for the entertainment.

Commissioner Short and Lloyd Campbell were appointed a committee to re-arrange the list of proficiency badge examiners. Those present at the meeting included the chairman, A. C. Skelton, District Commissioner Guy Short, Col. W. H. Harrison, John H. Kimball, Sea Scout Master, the Rev. Morehouse Legate, S. G. Olive, Lloyd Campbell, Charles E. Uphan, F. M. Cramp and V. C. Kimberley.

Another Meeting

All the scout masters of the city are to meet at Scout headquarters during the first week of December when much business of an important nature will be discussed and plans for an active carrying on of scout work during the Winter will be brought before the meeting.

Those present at last night's meeting expressed themselves as much pleased with the spaciousness of the new quarters.

WEDDINGS.

Harrison-Gallagher

A very pretty wedding was solemnized in St. Peter's Church yesterday morning by Rev. Fr. Scully, who united Miss Dorothy Gallagher, daughter of Mrs. and Mrs. Arthur Gallagher, 48 Murray street, city, and Leo H. Harrison, son of Mr. and Mrs. M. Harrison, 9 Chesley street. They were married at 11 o'clock. Among the out of town guests were Mr. and Mrs. J. Gallagher and Miss Patricia Gallagher, of Montreal.

The Pochasset was built in Mystic, Conn. in 1874, and registered 254 tons gross.

Favors Abolishing The Level Crossing

City Council Places Itself on Record—Sells Fire Equipment to Lancaster.

The city council yesterday placed itself on record as being in favor of going away with the level crossing on Douglas Avenue, gave permission to the commissioner of public works to sell some fire fighting equipment to the Parish of Lancaster, gave the mayor power to have the captured German guns set up and authorized the commissioner of safety to make arrangements for the use of the millpond as a skating rink for the winter.

Mayor Schofield brought up the matter of placing the captured guns and referred to the request of the city council members of that order. The council expressed the opinion that as the guns had been given to the city they could not be dedicated to any one society. He said one would be placed at Haymarket square, one at Queen square, one at Riverview Park and one in the West End. He was authorized to make the necessary arrangements. While this matter was under discussion Commissioner Frink raised a laugh by referring to a square on which the new school would not be built.

On motion of Commissioner Thornton he was given authority to arrange for the use of the Stetson and Custer millpond as a skating rink, on the same terms as last year.

Commissioner Frink moved that he be authorized to sell to the fire wardens of the Parish of Lancaster one fire engine at \$300, one hose wagon at \$100, 500 feet of hose at \$500 and a quantity of fittings and ladders at a price to be agreed upon by the commissioner and fire wardens. Carried.

Commissioner Frink reported on the application of the New Brunswick Telephone Co. for permission to erect two poles in Wm. street, that the city did not own the poles and moved that no action be taken. Carried. Commissioner Frink brought up the level crossing at Douglas Avenue question and moved that the council place itself on record as being in favor of abolishing the level crossing and the mayor and city solicitor be asked to prepare a proper resolution to submit to the council on this matter. Carried.

In connection with the installation of water and sewerage to the vacant Douglas Avenue, Commissioner Jones presented a report submitted to him by the city engineer, which called for regulations at every forty feet, the estimated cost of which would be \$16,500. Of this amount the lot owners would have to pay about \$8,500. As the plan showed some six lots it would mean a cost of \$1,416 per lot. It was decided to take the matter up on Thursday and have the engineer present.

OBITUARY.

Mrs. Daniel Morgan.

The death of Mrs. Margaret Morgan, wife of the late Daniel Morgan, a former councillor for St. John Co., took place yesterday morning at her residence, Golden Grove. She was one of the oldest residents of that community and was well known and highly respected. She leaves four sons, Dr. F. W. Morgan of Washington, D. C., Daniel of Golden Grove, Cornelius and James of this city, and one daughter, Mary Nellie, at home. Three brothers and three sisters also survive—William and Edward Duffier of South Boston, and George of Golden Grove. She is survived by her son, Mrs. Amy McJovens and Mrs. Mary Desmond, all of South Boston. The funeral will be held on Wednesday afternoon from her late residence.

William Dixon.

Hamilton, Ont., Nov. 22.—William Dixon, prominent here as a wholesale fruit merchant for nearly half a century, died this morning following a paralytic stroke. He was 72 years old. Mr. Dixon was well known throughout the province, and was actively associated with the Liberal party here many years, holding the office of treasurer of the association.

Joseph Jeffrey.

The death took place last evening of Joseph Jeffrey, of Somerset street. He had contracted scarlet fever, and was taken to the Infirmary Hospital, where he passed away about nine o'clock. Joseph Jeffrey went overseas with the Heavy Siege Battery. He leaves a wife, who was reported last evening as dangerously ill. A mother and sisters live in California.

FUNERALS.

The funeral of John McCarthy took place yesterday morning from his late residence, 97 Winter street, to Holy Trinity church, where requiem high mass was celebrated by Right Rev. J. J. Walsh, V. G., D. P. Interment was in the new Catholic cemetery.

The body of Mrs. Depona Juliet Fairweather was taken to Hampton on the noon train yesterday and taken to the Church of the Ascension at Lower Norton, where service was conducted by Rev. T. P. Farlow. Interment was in the cemetery there. A short service was conducted Sunday night by Rev. H. A. Cody at the residence of Mrs. Clarence Dixon, 20 Orange street.

The funeral of Mrs. Joseph F. Stead took place yesterday afternoon from her late residence, 115 Sheffield street. Service was conducted by Rev. H. A. Cody and interment was in Greenwood cemetery.

C. H. Dexter, of Hampton, was in the city yesterday. G. J. Horvath, of Fredericton, is at the Victoria.

Prospects of Lower Coal Prices Soon

Output in Bituminous Fields Reaches Normal—Anthracite "Diggings" Increase.

There is prospect of a decline in coal prices if the present output of the mines is continued, according to the opinion of a Captain of industry who was in the city yesterday, on his way to Sydney from Philadelphia.

"The bituminous situation," he said, "is picking up rapidly and is more reassuring each day. I find the industrial world has been saved from the disastrous possibility of a coal shortage this winter. It is gratifying to note there has been a steady drop in price of soft coal at the Pennsylvania mines wherever prices have been high."

Speculators to Blame

"Had it not been for the unfortunate and unscrupulous speculation in some quarters there would have been no excessive prices in the market. The speculation, however, has now been almost entirely eradicated. The approach to normal supply has been a dominant factor in bringing high prices down."

Factories Well Supplied

The Western sections of Canada as well as the United States are receiving their full supply and no longer are there any immediate shortages reported anywhere throughout the country. Manufacturing plants in dire need of soft coal early in the fall now have an ample supply on hand.

"The hard coal situation is not clearing up as rapidly in the States as is the soft. A considerable improvement is reported, however, and I expect to see the output increased materially within a month. With the increased output there will necessarily be a drop in price of anthracite and that will be welcomed by the people here, where, I understand, hard coal is costing the consumer around \$75 a ton. The speculator in coal is, in my opinion, destined to meet the same trouble as has the sugar speculator."

Committee Named To Fill Vacancy

Hospital Officials to be Chosen by Special Committee to Report to Board.

The commissioners of the St. John Public Hospital met in a special meeting at the hospital yesterday to consider the securing of a superintendent of nurses, and also a chairman of a committee, consisting of Dr. G. R. J. Crawford, Miles E. Agar, Colonel Alexander McMillan, J. King Kelley and the hospital superintendent, Dr. H. Heddon, were appointed with power to act in the securing of a superintendent.

The name of a young lady residing in the province was placed before the board as a likely candidate for the position of dietitian. The superintendent was instructed to make arrangements to have her meet the board at her earliest convenience.

Those present at yesterday's meeting were the chairman of the board, Senator Daniels; Dr. G. R. J. Crawford, Colonel Alexander McMillan, W. E. Emerson, Miles E. Agar, J. King Kelley, the Hon. Dr. Roberts, and the hospital superintendent, Dr. Heddon.

HOME-MADE BREAD

Home bread-making reduces the high cost of living by lessening the amount of expensive meats required to supply the necessary nourishment to the body. The increased nutritious value of bread made in the home with ROYAL YEAST CAKES should be sufficient incentive to the thoughtful housewife to give this important food item the attention to which it is justly entitled. Bread made with Royal Yeast will keep fresh and moist longer than that made with any other. Made in Canada.

Reach Agreement On Working Conditions

Waterfront Workers and Shipping Companies Come to an Understanding

Officials of the various waterfront organizations and representatives of the shipping companies were in conference yesterday afternoon and evening for a thorough discussion of questions in controversy between workers and employers.

The workers asked for an increase in wage schedule of 20 cents an hour over the schedule in force last year. The shipping interests refused to consider this for a moment, and there was no chance for agreement.

The workers asked for better working conditions and those were thoroughly discussed and gone over in detail.

Agreement Reached

The Shippers showed a commendable disposition to do all in their power to make the working conditions as attractive as possible for the men and were willing to make them more than half way in the matter.

AS A WOMAN THINKETH

By HELEN ROWLAND (Copyright, 1920, by The Wheeler Syndicate, Inc.) The "Emotional Sex"

Did you ever lie awake at night, When you were a little lad, And wish you were an "ancient monarch," with power of life and death.

So that you could have a lot of people beheaded— The little boy who threw stones at helpless cats, and tied fire-crackers to the tails of poor little dogs.

And the little girl who pinched your fat legs and stuck out her tongue at you.

And the woman who whipped his horse? And when you had grown up, did you ever wake up in the middle of the night (after eating a lobster salad or a lot of chocolate pudding).

And think of all the things you'd like to do to people— To the woman who stole your cook, or to the man who shoved you off the step of the trolley-car.

If it weren't against the law? Well, so have I! But, it isn't any use! Never, never again, will a pretty woman be able to commit a "crime," without paying the penalty for it!

Never, never more, will she be able to "get away" with anything from speeding to murder!

So, if you are thinking of breaking the law—DON'T. Because they are putting WOMEN on the jury— And everything is different!

It won't do you the least bit of good, to go into court wearing a lovely clinging black gown and a drooping, fluttering picture hat, and a weeping-looking black veil.

Or to display a beautiful pair of silk-laced ankles. Or to gaze up at the jury with dewy, violet eyes and a pale pathetic smile.

Because these women jurists are so "fussy" about the LAW. They actually sit there and LISTEN to all the witnesses; And ask the judge questions about the law; and weigh the evidence.

And then, they go out without even looking at you, and decide whether or not you're BROKEN the law.

And bring in a perfectly unbiased verdict—a JUST verdict! But, if you're guilty, you don't want justice. You want MERCY!

You want a nice Man-Jury; that always begins by assuming that a pretty woman CAN'T be guilty.

And that, anyway, she was "driven to it," or it wasn't her fault. And then sizes up the evidence according to the color of her eyes, or the way her hair curls about her forehead, or the way her voice trembles when she speaks.

And ALWAYS decides that she's innocent! Men are SO tender-hearted—and chivalrous! But, if you are thinking of "putting something over" on a woman—jury! Because a woman-jury'll catch you—if you don't watch out.

They call WOMAN, the "emotional sex!"

Watch Your Gums—Bleeding a Sign of Trouble

Medical science knows how serious is the sign of bleeding gums. For it knows that tender and bleeding gums are the forerunners of Pyorrhea, the dread disease which afflicts four out of five people over forty.

If the disease is undetected, the gum-line recedes, the teeth decay, loosen and fall out, or must be extracted to rid the system of the Pyorrhea poisons generated at their base—poisons which seep into the system and wreck the health. They cause rheumatism, nervous disorders, anæmia, and many other ills.

To avoid Pyorrhea, visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has already set in, use Forhan's according to directions and consult your dentist immediately for special treatment.

Famous Dancer In Turko-German Film

Imperial Has Extreme Novelty in Robt. W. Chambers "The Dark Star."

Allan Dwan, who directed Marion Davies in "The Dark Star," now being shown at the Imperial, sat comfortably back in his chair for a short time during the filming of that picture.

Miss Davies herself put the members of her cast through their paces.

The occasion was a now dance called for in the story, and Mr. Dwan, quickly recognizing Miss Davies' knowledge of the terpsichorean art, gladly availed himself of her offer to act as dancing instructor to the other members of the cast.

It will be remembered that Miss Davies sang and danced her way into the hearts of thousands of admirers through the musical comedy route less than two years ago, and although her time is now entirely devoted to pictures, she is a natural dancer and is able to achieve the most difficult steps with consummate ease and grace.

An excellent four-piece orchestra played at the studio during the entire filming of the picture—Director Dwan, believing it to be equally essential that the artist should have music while they are creating their parts as to the finished product should have its orchestral accompaniment. Miss Davies has had larger audiences, but it is doubtful if she has ever had a more enthusiastic one than that composed of her co-workers in this new production.

The consensus of opinion seemed to be that, when motion pictures gain a star, the art of dancing lost an efficient.

"The Dark Star" is a picture of Robert W. Chambers' famous novel of the same name, and is a most thrilling photoplay dealing with German intrigue in Turkey. It is a highly specialized picture, marvelously produced.

Watch Your Gums—Bleeding a Sign of Trouble

Medical science knows how serious is the sign of bleeding gums. For it knows that tender and bleeding gums are the forerunners of Pyorrhea, the dread disease which afflicts four out of five people over forty.

If the disease is undetected, the gum-line recedes, the teeth decay, loosen and fall out, or must be extracted to rid the system of the Pyorrhea poisons generated at their base—poisons which seep into the system and wreck the health. They cause rheumatism, nervous disorders, anæmia, and many other ills.

To avoid Pyorrhea, visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean. Start using it today. If gum-srinkage has already set in, use Forhan's according to directions and consult your dentist immediately for special treatment.

"GHOST" SAYS "UNKNOWN SOLDIER" WAS KITCHENER

(Copyright, 1920, by Public Ledger.) London, Nov. 22.—The Kitchener legend, which bobbed up sporadically during the war and came to its imagination and emotions of English men everywhere, is again in the air.

This time the romance of the legend surpasses anything previously conceived in connection with the death of the noted general and is worthy of a place among the English mythological classics.

A solemn discussion is actually taking place and the War Office is being besieged with inquiries as to whether the unknown soldier buried in Westminster Abbey on Armistice Day is not Lord Kitchener. Some one who pretends to have "inside" connection with the mysteries of spiritualism claims he received a short message

telling him it was Kitchener's bones to which Great Britain paid her tribute on Thursday. Belief in this is going broadcast and finding many adherents, for after all Kitchener's mysterious end really made his the symbol of all missing warriors.

BIGGEST THING OF THE KIND EVER SEEN HERE

Entire Trainload of Tanlac Sold in the Dominion of Canada in Only Few Months' Time.

ST. JOHN DEALERS ARE ENTHUSIASTIC

Celebrated Medicine Now Selling at Phenomenal Rate of 7,500,000 Bottles Per Year—All Records Broken.

The fact that ten carloads or an entire trainload of Tanlac has been sold in Canada within the short period of ninety days is a big business item that will attract attention throughout Eastern Canada for nothing like it has ever happened before. It breaks all records.

Mr. Thomas F. Carey, special Tanlac representative, made this remarkable announcement when seen in the Ross Drug store yesterday and imparted the additional information that the preparation was now selling at the phenomenal rate of approximately 7,500,000 bottles a year.

"The present rate continues," said Mr. Carey, Eastern Canada alone will require considerably over 2,000,000 bottles a year. This is a tremendous figure, but I am really conservative in making this statement. These enormous sales mean but one thing and that is merit.

"Tanlac has been well advertised, it is true, but such a large and rapidly growing demand could not be brought about by advertising alone. It is what the people themselves say that counts. One bottle of Tanlac is sold in every neighborhood through advertising, but ten more are sold in that same community as a result of the sale of that first bottle and that is why Tanlac has succeeded. People everywhere will talk about their ailments, but they are more than glad to tell others of the medicine that helped them. It is something they could not keep to themselves if they tried, for the impulse to sympathize with your fellow man and want to help him is one of the strongest, as well as one of the biggest, things in human nature.

"As I have just stated, the enormous demand for Tanlac is due to merit alone, for although Tanlac is extensively advertised, no amount of advertising would continue to sell any article that does not possess real merit. Unless full value is understood by the article advertiser, the advertiser will ultimately fail of its own weight. You can fool some of the people some of the time, but you can't fool all of the people all of the time."

"This applies to every line of business, and the modern business man or firm can only succeed through honest advertising and fair dealing. When the manufacturers of Tanlac placed it on the market, something over five years ago, they did so with the firm conviction that they were offering to the people the best and purest product of its kind on the American market. They did not hesitate, therefore, to expend vast sums for advertising

SALE REMARKABLE SAYS LOCAL FIRM

Sales Since Its Introduction Hope Have Reached Astonishing Total of 28,368 Bottles—Demand for It Unprecedented.

In referring to the unprecedented demand for Tanlac in St. John since its introduction here a short time ago, Mr. Ross, proprietor of the Ross Drug Company, the well-known retail drug store, said: "I have been closely identified with the drug trade in this city for a number of years and in all of my experience we have never handled anything in the way of a proprietary medicine that even approaches Tanlac as a seller.

"In a year and a half's time we have sold and distributed 28,368 bottles of Tanlac, and I believe that I will be safely safe in saying that this amount of business in so short a time establishes a new sales record not only for St. John but for the entire Province of New Brunswick. On one Saturday alone we sold over 146 bottles. The sales are now averaging over 200 a week and the demand is constantly increasing.

"While we were aware of the success the preparation had achieved in other cities of the country, we had no idea that the medicine would become so popular in St. John in so short a time. From the repeat sales and expressions of satisfaction from those who have actually tested Tanlac, and who state they have been benefited by it the preparation must therefore possess unusual merit.

"The class of people who are buying Tanlac are among the best in our city; people who are capable of judging impartially and who carry weight in their statements. When it is considered that the demand is confined to one preparation, it is indeed remarkable and in fact, the biggest thing of the kind ever seen in our city."

because of the absolute confidence in their product.

"Tanlac has never been advertised as a cure-all or that it would perform unheard wonders. The advertising has been clean, straightforward and conservative. Actual facts and figures have been stated and stated in a true, business-like way that has commanded the confidence of all in the conservative claims set forth.

"When I came to St. John to superintend the sale of Tanlac in your city, I stated publicly that the success of the medicine would be as great in this city as elsewhere. I offered Tanlac upon its merit, knowing full well that it would prove satisfactory if properly tested. The success the preparation has achieved here has amply proven that my confidence was well placed. A large percentage of our best people are now using the preparation and are daily testifying to its remarkable powers as a medicine."

"Tanlac is sold in St. John by Ross Drug Co., and F. W. Munro under the personal direction of a special Tanlac representative.—Adv.

GERMANS CLAIM ENTENTE READY FOR OFFENSIVE

Hun Newspaper Professes to Believe Germany is to be Invaded Soon.

BY VIGGO TOEPPER
Copyright 1920, By Cross-Atlantic, Berlin, Nov. 22.—The "Grosse Vaterland," the newborn Germany is in danger, for it is about to be ruthlessly crushed by the militaristic entente powers, writes a member of the Reichstag from the Rhine provinces in the "Vorwaerter."

"The entente," he says, "at present has an army of 150,000 men in the occupied territory, which is far more than is necessary to maintain order. That this force is a direct menace to Germany and is intended for an offensive is proved by military preparations now actually carried out in order to facilitate a sudden attack by far greater masses of troops which are held in readiness.

"At present an enormous military camp is being laid out covering an area of 600 hectares, and large enough to supply ammunition for an army of millions. The entente troops are being trained in building bridges across the Rhine in places where it will be easiest to throw troops across at a moment's notice.

The writer adds that it is only the French and Belgians who are making these preparations in order to compel Germany to give in to their demand.

DUBLIN UNIVERSITY IS BIG GARRISON

All the Students Are Potential Soldiers, Says Student Visiting London.

BY FRANK TEWSON

London, Nov. 22.—J. O. Plunket, of Toronto, who is a law student at Dublin University, and now on a vacation in London, says of College life in Dublin.

The whole building is more like a garrison than a University, and all the students, to a man, potential soldiers. They all belong to Officers' Training Corps, and it is obvious, when you see men in the late tricolors with war ribbons, doing fisticuffs than drills and parades in the day-time and studying strategy and tactics by night, that they are not students in the ordinary University sense.

There has been some excitement for us since I went there last year. When there's any trouble in a town we are confined to barracks, and the only relief from their monotony is when we have a scrap with the fellows of the Roman Catholic Institution.

PRUSSIANS HAVE NO USE FOR BOLSHEVISTS

BY VIGGO TOEPPER

Copyright 1920, By Cross-Atlantic, Berlin, Nov. 22.—The Prussian "Junke" has no use for Bolsheviki agitators. The Prussian Minister of the Interior has ordered the deportation of Snowjow, President of the Committee of Their International, and of Lomowski, President of the Russian Trade Unions. Pending their departure, they are being kept under police surveillance. Both had delivered violent speeches at the meeting of the German Socialists at Halle, inciting German workmen to bloodshed and terrorism in their fight against the capitalists.

WALL STREET IS ON UPWARD WAY AFTER ITS FALL

Securities Marked by Greatest Weakness Lately Revive Sharply in Late Trading.

CALL MONEY DROPS TO FIVE PER CENT.

Foreign Exchange is Firmer and Contributes to the General Strengthening of List.

New York, Nov. 22.—In the vernacular of the speculative element, the stock market today "turned the corner"; the list almost as a whole manifesting an unmistakable disposition to throw off the acute depression of the last three weeks. This improvement, extending from two to almost ten points in many issues, was accomplished in the face of renewed unsettlement in other markets for leading staples, notably grains and other food stuffs. Events over the Sunday recess were mainly helpful to the recovery of stocks.

Local federal reserves strengthened, call money dropped to 5 per cent, the lowest quotation in many months, after opening at 7 per cent, and it was generally believed that many impaired accounts had been "taken over" by strong interests at private settlement.

Foreign exchange also indicated firmer conditions abroad, although London reported further distress over the outlook for commodities and contraction of trading in securities growing out of the situation in Greece. Industrial developments at home, especially in the west and southwest, pointed to continued retrenchment, this being evidenced by the additional decrease of tonnage on leading railway systems, running out of Chicago and St. Louis.

Weak Issues Revive As was to be expected, today's greatest gains were made by issues of recent weakness in the steel, equipment, oil and shipping divisions. The more conspicuous net gains included Crucible Steel, 3 1/2; Mexican Petroleum, 3 1/2; Baldwin Locomotive, 4 1/2; American Locomotive, 3; Retail Stores, 5; Tobacco Products, 3 1/2; and Reading, 3 1/2. Other gains among rails and specialties extended from 3 to 5 points. Sales amounted to 1,100,000 shares. Convertible railway bonds benefited chiefly by the rise in stocks, and Liberty issues also closed at gains. Total sales, par value, aggregated \$13,550,000. Old United States bonds were untraded on call.

WHEAT FIRMER BUT TRADING IS SMALL ON MONTREAL LISTS

Improvement in New York Only Slightly Reflected on the Canadian Exchange.

Montreal, Nov. 22.—Most of the stocks traded on the local Stock Exchange began the day at higher levels which were maintained to the close, sentiment being helped at the close by the strong upturn in New York. The market was, however, not active and offerings were very light. The least inactive trading was in the Spanish Rivers, Abitibi, Riorion, Brompton and Sugar.

The paper stocks showed a continuation of Saturday's improvement, all the issues traded in showing a net gain for the day, except Howard Smith, St. Maurice and Spanish River. The first named lost 2 points. St. Maurice was down 25 points from a sale on October 7th and Spanish held steady at the week-end close.

NEW YORK SUGAR

New York, Nov. 22.—There was no change in the local sugar market early today and Cuba's were available at 4 3/4 cents and freight, equal to 12 to 20. Lower, Theatres Securities were again rather inactive with Loews Ottawa Common a little weaker at 9 to 10 1/2, and Loews Montreal Common being offered at 56. Montreal O was also inactive, the price of taking place at \$1.15, the lowest price for some considerable time. Laurentide Power is now 22 bit sales having been taken at this price, two points below the week-end close. Canadian Westerns are a little off, being offered at 48 with no bid, and Train Power after selling at 3 1/2 during the week, sold at 10 today and 10 1/2 on Nov. 19 to 14.

BUYING PARALYSIS SENDS WHEAT TO MUCH LOWER LEVELS

Winnipeg and Chicago Pits Continue to Slump With Little Trade Taking Place.

Winnipeg, Nov. 22.—The downward trend was again apparent today and prices broke as heavily as on any previous day in the wheat market, with only a slight reaction shortly before the noon hour, only to turn weak again and continue downward later. Active liquidation took place during the early part of the session, and the business that was going on in the pit largely spreading and undergoing spreads. The market was so erratic that new business from the shippers standpoint is checked and only the adjusting of old business is going on. At the low points of morning from the previous close Winnipeg wheat showed a low of ten cents.

The cash wheat market is steady with a good demand for all grades, and the premium 1-4 to 1-2 cent better today. The offerings continue light. The coarse grain markets were all much weaker and were affected largely by the break in wheat. Wheat close 3 to 4 cents lower; oats 1-4 to 3-4 lower; barley 1-2 to 2-1-2 lower; flax 1-4 to 1-1-2 lower and rye unchanged to 1 cent lower. Chicago, Nov. 22.—Paralysis of general buying led to a collapse of 11 1/2 cents a bushel today in the price of wheat. The market afterward rallied a little, but the close was somewhat depressed 2 1/2 to 3 cents lower. Corn gained 1-4 to 1-2 cents, and provisions there was a setback ranging from 57 cents to \$1.50. Almost complete lack of confidence in the bull side of the wheat market was shown by a majority of traders. EXPERT MINERS IN NORTHERN ONTARIO HAS GOOD PERIOD

Conditions in the Silver Area Much Improved During Last Few Months.

Special to The Standard. Toronto, Nov. 22.—While the mining share market falls to develop strength or activity as the days go by, conditions at the big Ontario mines are considerably improving. Arrangements concluded with the British agents have resulted in the influx of some experienced miners from the old land. The labor situation in the mining country has also improved considerably in other ways during the past couple of months. Many more have been available for the different jobs than was the case a few weeks ago and generally speaking the outlook for big production is decidedly bright.

CRUCIBLE STEEL ISSUES STATEMENT

New York, Nov. 22.—The following statement has been issued by H. S. Wilkinson, chairman of Crucible Steel: "Crucible Steel of America steel is certified by Price, Waterhouse & Co., and is properly drawn, absolutely conforming, and gives clear and concise statement of real assets and liabilities of your company. The statement shows amount of your current assets is almost three times your surplus of August 31st, 1920, was \$29,871,760, after having deducted all dividends, cash and stock, which have been distributed during the year. Earnings of the company for the twelve months ending August 31st, 1920, have been \$17,274,488. From this amount must be deducted depreciation for the year, \$3,775,290 interest and loss on sale of bonds, \$489,001, inventory \$1,230,175, leaving net profit of \$11,780,020.

MERCHANTS' BANK HAS GOOD PERIOD

Montreal, Nov. 22.—The balance sheet of the Merchants Bank for Canada for six months of the fiscal year to October 31, shows a growth in total assets to the record figure of \$309,450,448, being an advance over the figures for the corresponding period of last year of \$10,942,855.

Deposits also reached a record of \$170,634,061 being a gain of \$4,628,048 in the same period last year. Paid up capital increased by \$1,614,434 to \$9,955,570 and an outstanding feature of the sheet is the increase of current loans and discounts in Canada by \$18,162,890 to \$129,515,463 in the period covered.

TOKIO HEARS TREATY DRAFT IS COMPLETED

Rejoicing in Japan Over Prospect of Agreement With United States.

CONCESSIONS MADE ON LAND OWNERSHIP

No Protest on California Matter Until Results of Referendum Officially Certified.

By GLENN BASS. (Copyright, 1920, by Public Ledger.)

Tokio, Nov. 22.—Unofficial reports of the completion in Washington by Ambassador Shidehara and Morris of a draft of the proposed Japanese-American treaty are welcomed in official circles in Tokyo as marking a great stride forward toward a satisfactory settlement of the issues which have been regarded as most serious.

While the foreign office has not yet received an official report from Ambassador Shidehara on the completion of the draft of the treaty, officials believe press dispatches to that effect to be true and consider the agreement of Ambassador Shidehara and Morris indicates the two governments have practically reached an accord in principle.

It is pointed out that while the reports of the two diplomats to their governments can be no more than suggestions, both ambassadors have been working with full instructions and their every move has been known to the chancelleries of Washington and Tokyo. That they should now have reached their agreement appears to be a successful and early conclusion of a treaty.

Protest on California Unlikely. In view of the progress toward a treaty which, it is expected here, will guarantee to the Japanese in California all the rights which they would lose under the anti-alien land ownership act recently passed there, it is improbable that the expected protest against that law will be made, at least not while the present program toward an agreement continues. Under any circumstances, it is stated, there will be no protest until the results of the California referendum have been officially certified.

While no official statement has been made here regarding the scope of the treaty, well-informed observers are agreed on one point, namely, that no amputation restriction clause will be included in the treaty itself. This matter will be covered in a revision of the gentlemen's agreement. That is stated to be the one point on which Japan cannot yield, because first, it would be a grave national affront to be compelled to sign a treaty embodying such a racial slur, and second, its inclusion in the treaty would make it impossible for all other nations to demand similar treaty provisions, an opportunity of which the British dominions would not be slow to take advantage.

Japan is willing, however, to make the provisions of the gentlemen's agreement more stringent in preventing immigration toward America, but insists the power to exclude her subjects must be exercised by Japan and not by the country from which they are excluded.

Concession on Landownership

Your correspondent understands the landownership problem will be dealt with by a reciprocal clause guaranteeing the most favored nation treatment to the citizens or subjects of each contracting power in the other country. Japan is prepared to make an important concession on this point by permitting landownership by foreigners to any extent heretofore not allowed.

This would be easy, as a law embodying such provisions passed by the Diet in 1910 still is on the statute books, although never promulgated.

MEN AND BUSINESS (By Richard Spillane)

In forwarding a report of the election of officers of the Better Business Bureau, John H. Mason, president of the bureau and also president of the Commercial Trust Co., writes: "I often wonder if it is realized that worthless and fraudulent securities are being marketed to the American people. From my experience in the Treasury Department I am quite sure that if we could obtain accurate statistics it would be a markedly greater amount."

"Of course, a large amount of this loss must fall on the community, and it is with the hope of eliminating it all or in part that I have undertaken the task of the presidency of the Better Business Bureau."

The estimate of \$250,000,000 a year is moderate. The sale of worthless securities is an "industry" in America. It would not be if the public exercised common sense in financial investments.

Any time a savvy and glib-tongued person offers an opportunity to you to make large profit by buying stock in something or other the chances are 100 to 1 you will get stung if you part with your money. Any time a gentleman you do not know calls you on the phone and wants you to make a young fortune out of something he has for sale he is operating on the theory of Phineas T. Barnum that a fool is born every minute, and sometimes two.

Don't imagine all the "suckers" are included in the great mass of the public who have only a hazy idea of Wall Street, of investment banking, of stocks, bonds, etc.

Recently, one of the foremost men in America, a man of very great talent whose name is international, was swayed by two men in connection with a stock floating affair. A representative of this newspaper wrote to an associate of the man of international reputation that one of the two persons bringing the suit, and who poses as a banker and broker, had a criminal record, having been in prison twice on charges of swindling. The newspaper man got a reply to this effect: "Much obliged. The other fellow is a crook, too."

What are you to think when the associate of men high in industry and high in finance is plucked by sharpers just as are clergymen, physicians, widows, the many who have comparatively little money and little knowledge of stocks but who have the foolish notion that possibly they will be favored by "fortune"?

This "get rich quick" business has its foundation in the belief that a majority of persons consult your banker when it comes to investments. If you do any investigating do it before putting in your money. Mr. Mason says it is with the hope of eliminating all or part of this "get rich quick" swindling in alladepia that he has accepted the presidency of the Better Business Bureau. Philadelphia has approximately 2 per cent. of the population of the United States. Accepting his estimate of \$250,000,000, Philadelphia has been omitted to the extent of \$5,000,000 a year. You can wipe Philadelphia off the "sucker list" if you will.

Only an imperial decree would be needed to make this law effective. Moreover, the government is now considering a bill for introduction into the Diet convening on Christmas day to extend the privileges of the 1910 bill, which excluded foreign owners from Hokkaido, Saghalin and Formosa.

Serious difficulty is known to have been presented by the widely-varying American state laws affecting Japanese landownership. In a recent conversation a well-informed person told your correspondent he expected "arbitrary phrasing" in the treaty to take care of this point.

The suggestions of Ambassadors Morris and Shidehara have yet to undergo the scrutiny of their governments before the final draft can be started by plenipotentiaries holding treaty-making power. Mr. Shidehara at present has no such power.

AROUND THE CITY

GRAIN COMING ALONG. Grain for shipment this winter is now arriving in the city and is being stored in the C. P. R. elevator. About one hundred cars have arrived to date.

The St. Paul's Y. P. A. applied themselves last evening to rehearsing a minstrel show which they intend putting on Dec. 2nd. The usual rehearsal was not held for this reason.

IS NOT RESIGNING. L. R. Ross announced yesterday that he was not resigning his position with the C.N.R. to take up the position of general manager of the New Brunswick Power Co. He said he understood Mr. McCauley was resigning.

GUEST OF ROTARY CLUB. G. A. Margolis left last evening for Montreal, where he expects to be a guest at a Rotary Club meeting in that city.

FORMER MISSIONARY HERE. Rev. Dr. W. K. Mackay, of Cape Breton, formerly a missionary at Hamilton Harbor on the Labrador Coast, where, with Mrs. Mackay, he did splendid work among the men of that region, is visiting Mr. and Mrs. A. P. Akery, Bridge street.

HAS GOOD BANK BALANCE. Mayor Schofield yesterday announced that the city was in a better financial position at the end of October this year than was the case a year ago, the credit balance at the bank this year being \$155,108.17, as compared with \$87,900 October 31, 1919.

VALLEY TRAIN LOADED. The closing of navigation on the St. John River has caused passenger traffic on the Valley Railroad to pick up. The down train yesterday was loaded with passengers for this city. It is sincerely hoped by the business interests of the city that the summer schedule of passenger trains on the Valley Railway will be continued through the winter.

COMMITTED TO TRIAL. In the Fairville Court, yesterday morning, before Magistrate W. H. Allingham, a case against Clarence A. Whipple, charged with stealing a bag of rubbers and 10,000 BB caps from a C. P. R. car in the Fairville yards, was resumed, and the evidence of several witnesses was given, the accused was sent up for trial. Inspector Catlow, of the C. P. R., and Constable Costello, also of the C. P. R., were among those who gave evidence. J. A. Barry appeared in the interests of the accused.

L. O. B. A. FAIR. A large attendance was marked again last night at the fair being held by L. O. B. A. No. 36, in their hall on Simonds street, the worthy purpose of which is to raise funds for the Provincial Memorial Home. A list of last night's prize winners follows: Door prize, William Rolston; ladies' bean board, Miss Buckley; gentlemen's bean board, Mr. Adams. A lottery is being run on a fully equipped motor yacht, donated by William Logan; a handsome sofa, by Mr. Aubur, and the large rooster, the donation of Charles Bailey, of Westfield. The fair will continue over the night this week.

Take Good Care of Last Year's Lid. Threat of a Shortage of Straw Hats Next Season—Row in Shantung Cause. A local haberdasher informed The Standard there is a threat of a shortage of straw hats next year. This may not worry you just now, when most men are concerned more about their winter clothes, ear tabs and coats, supplies than Palm Beach suits and summer hats, but six months hence it may be different. It is said there is a shortage of straw braid, and what is in stock is not of particularly good stock. No explanation is forthcoming. A guess might not be amiss. Most of the straw braid comes from Shantung. The row there between the Japanese and Chinese may have interfered with the gathering and marketing of the usual supplies. At any rate there is a shortage. Take good care of last season's lid.

The St. John Board of the Women's Canadian Council for the Immigration of women for household services will hold their regular monthly meeting at the Board of Trade room, Wednesday, Nov. 24th, at 3.30.

Fire Department Members Resigned

Four More of No. 3 Company Leave Department—Gave Music Box to Hospital.

A meeting of No. 3 Hose Company in the fire department was held in their room on Union street last night, when some important matters were dealt with. For quite a number of years this company has been united with little or no changes as far as membership is concerned, but at the close of the session last night it was decided that the membership is only about half what it formerly was.

Early Summer Retirements. In the early summer two members retired from the company, and last night four others handed in their resignations to Captain Nixon, and a fifth member has announced that his resignation will be in the hands of the commanding officer within two weeks, viz. the date when the firemen's year closes.

There was considerable discussion at the meeting, principally the talking of old times and of events that has transpired at times of consequences during the time that the members have been together and a strong feeling was felt by the retiring members that in any future occasion that should there be a chance that they would only be too pleased to help those remaining in the company, and like former days assist in fighting fires for the safety of the citizens and property.

They Served Well. The four members who handed in their resignations to the captain of the company last night have done excellent service during their term and will prove a great loss to the fire-fighting force in the city. William Walker was a member of the department for eighteen years; Murray W. Baird for nine years; John Walsh seven years, and William Nichol six years. In addition to these four, another fireman who is at present out of the city, but who will return in a few days, and who has had ten years' experience in the department, states that he will resign, not counting two other members of this company who severed their connection with the department last summer.

The reasons given for resigning are best known to the firemen, they feel that they have performed their duty as best they could and are ready to leave a vacancy to others who would like to become a "Call Man" in the department. They all have a good record, and any new members will surely have a real trial blaze for them. A firefighter simply has to leave the department and can recall the many occasions of dangers and hard work along with the times of pleasure when sociability in the station was looked forward to. The members resigning last night, and those who are remaining talked over many instances that have happened during their term of membership, and there is still a link of friendship that will never break between this body of men.

Gift to Hospital. Among the articles in the meeting room to be disposed of was a valuable musical stand with numerous steel records or plates, and it was unanimously decided that this should be donated to the St. John County Hospital, where it could be enjoyed by the thirty-eight returned soldiers, the children and others of the ninety-eight patients who are in the institution, and furthermore, that it should be delivered to the hospital by Mrs. J. H. Tillotson, who, since the commencement of the war, and who is still "Carrying on" is known as "Mother" not only to the brave soldiers who went overseas, but to their dependants. The fire ladies praised the music box and trust that it will be received at the hospital as a small token of their way of making a few moments pleasant for the inmates.

Other matters in connection with the company's affairs were discussed and decided on, and the meeting adjourned with good hearty handshakes and a promise in the near future to meet again and talk over the many hundreds of fires in which they worked together.

St. Peter's High Tea And Bazaar Enjoyed

The St. Peter's High Tea and Bazaar opened in the basement of St. Peter's church last evening. All the tables were filled during the tea hour, and when the pike was opened later in the evening, every booth received a generous patronage.

Attractive Displays. The attractively decorated dining hall, which greeted one on entering, was but a forerunner of the tasty and excellent meal which followed. Everything that would coax the palate was evident on the bill of fare, and Miss Lynch, as general supper convener, might well be congratulated on the splendid results obtained by herself and her aids.

The booths on the pike were decorated with equal good taste. A brisk trade was piled by the Fancy Table, containing, as it did, many beautiful gifts suited for the Christmas season. The Doll Booth was most popular, and doll prize winners were much in evidence. The other booths were not without their charms, and the crowd was attracted to the Chance Booth, with its prizes ranging in value from \$5 to \$60, the Ice Cream Booth, the Fish Pond, Aunt Jimmie's Grocery Store and others.

Y. M. A. Booth. A booth run by the St. Peter's Y. M. A. was resplendent in the club's colors of green and white. A very clever model aeroplane, the work of Mr. John Cavanaugh, was exhibited with this booth. A large group of handsome championship trophies won by the St. Peter's boys during the period of 1908-1920 drew the attention of all.

An entertaining programme of selections was rendered by the City Cornet Band during the course of the evening. This evening and Wednesday afternoon

Many Gather At Seamen's Institute

Programme of Unusual Interest Carried Out at Reopening of This Popular Home.

A programme of unusual interest was arranged for last evening at the reopening of the Seamen's Institute. Members of the executive of the Navy League and of the Seamen's Institute had been invited to attend, and an audience was extended to the public, to inspect the improvement made in the building for the comfort of sailors visiting the port. Quite a number of citizens availed themselves of the opportunity given and enjoyed the excellent numbers on the programme.

Changes Made. A feature of the changes made is working surrounding the motion picture screen. Above the screen is the device of the Seamen's Institute with the words, "The Seamen's Institute and Navy League" in white letters on a dark blue ground. Along the sides runs the legend, "The Seamen's Institute and Navy League Welcome the Men Who Guard Our Shores and Carry Our Trade Over the Seven Seas."

Walter Brindle, manager, acted as chairman last evening. All the performers were encouraged. Splendid selections were given by the Martello Band. Those taking part were: Mrs. Blake Purris, J. Simpson, Thomas Guy, Miss Estelle Earle, Miss Ethel McGinley and Fred. Punter.

No. 1 Salvage Corps Are Guests of No. 2

Captain Cunningham and Fellow Members Presented Excellent Programme.

No. 2 Salvage Corps and Fire Police last night in their homes, Main street, were the hosts to Captain MacRae and members of No. 1 Company, and with refreshments and smokes the large number assembled fully enjoyed a most delightful programme. Among the invited guests were His Worship Mayor Schofield and Commissioner John Thornton, an ex-captain of No. 2 Company, with a record of over six years in harness.

The Programme. Captain R. L. Cunningham, of No. 2, presided, the addresses were to the point the stories told were short but pleasing the refreshments were all that could be desired and the following programme was also enjoyed: Instrumental selection—Mr. Cochran.

Address—Capt. Cunningham. Vocal solo—W. C. Parker. Mandolin selection—H. E. Sibson. Address—Mayor Schofield. Sketch, "Joking the Jailor"—McAulay and Wallace.

Vocal solo—C. A. Munroe. Reading—Roy Harding. Address—Capt. K. J. MacRae, No. 1 Co.

Musical sketch—North End String Band. (Messrs. Kane, Wallace and Ring. Piano solo—Mr. Cochran. Musical duet—Messrs. Wallace and Ring. Reading—E. R. W. Ingraham. Vocal solo—Mr. Dennison. Address—Commissioner John Thornton.

Comic song—H. E. Sibson. Address—Harry Ervin. Reading—George Wallace. The programme was brought to a close with the singing of the National Anthem, and all present voted that a most pleasant evening was spent.

Part of History Books Arrive

Eighty-Four Copies Are Here for Needs of About 200 Scholars.

Eighty-four copies of the new history to be used in the public schools arrived in St. John yesterday. This is the entire supply for two hundred pupils of Grades IX and X of the High School who are supposed to be using this book. Latin books, Roman histories and Greek books have not as yet been received from the publishers, although they were ordered for the beginning of the fall term. "The Story of England" is the history which will replace Myers' History. It will be remembered that it was Myers' History against which so many objections were raised that it was withdrawn from the New Brunswick schools by the Board of Education. Up to now pupils of the St. John High school have been given oral lectures in historical subjects owing to the non-arrival of these books.

BONUSES AWARDED GRADUATE NURSES

At a meeting of the General Public Hospital Training School Board, held yesterday afternoon, the names of Miss Beatrice Reid and Miss Lillian Shand, who were recently graduated as trained nurses from the hospital, were recommended for a bonus of \$100 each, which the board now awards to nurses on graduating from the hospital and who are recommended by the superintendent. Some \$1,800 has been paid in bonuses to graduating nurses since the board instituted the practice at the first of the year.

LOST—A Sum of Money, between Prince William and Charlotte streets, via King, Reward if lost at Victoria Hotel.

The music will be furnished by St. Peter's own orchestra, the City Cornet Band again playing on Thursday evening. Supper will be served on each of these evenings. Friday evening the grand drawing for prizes and an auction sale will be held.

Comparison of The Prices For Turkey

Sixty-Five to Seventy Cents Pounded Here—Twenty-Eight on P. E. I.—31 in Quebec.

A striking instance of how prices vary is illustrated in the price commanded by turkey in the local market as compared with prices elsewhere. Local dealers asked from sixty-five to seventy cents a pound for the lord's bird yesterday, while at the same time reports from Prince Edward Island stated turkey was selling for twenty-eight cents a pound there, and it was further reported that in western parts of Quebec thirty-one cents a pound was all that was asked for turkey, cleaned and ready for cooking.

Recent Slump. Locally there has been a slump in the price of chickens and fowl, which dealers ascribe to the prospect of an early close in river navigation. They say the weakening of prices may also affect turkey and send it down to around sixty cents a pound for Christmas.

One dealer said the price would have to be a fairly reasonable one at the close of the season or he would touch his keys at all. Last year ninety cents a pound was asked from Christmas shoppers and only the war could see their way clear to purchase. As a consequence a number of dealers were left with a heavy stock of turkeys on hand and lost heavily. The dealer in question was one of them and he intends to be wary of high-priced turkey this year.

Fake Inspector Collected Money

Tony Vasil Claims He Was Trimmed—Young Girls Remanded—Other Cases.

Twenty dollars a flask was not enough for a man, who representing himself as a liquor inspector, searched Tony Vasil's shop recently. After he had been given thirty dollars he agreed to return a flask he had found to Tony and say no more about it. The transaction came out in the police court yesterday when Vasil was being cross-examined by Liquor Inspector Hopkins in a case in which the Austrian was charged with selling liquor unlawfully.

The information was proffered by a fellow countryman, Fred Kosy-Rozko who was in court on a drunkenness charge. Vasil pleaded not guilty and was allowed out on a deposit of \$100. The case will be taken up again Wednesday afternoon.

A drunk who pleaded not guilty in the morning was brought before the court in the afternoon and fined \$8 or two months, after four officers had testified to his guilt. Four other drunks were sentenced in the morning.

Two young girls who gaze their ages as seventeen and eighteen were remanded on a charge of lying and larking and failing to be able to give a satisfactory account of themselves.

John Koussayus, an Austrian, was before the court for failing to give a satisfactory account of himself. He was remanded and an attempt will be made to cut his frequent visits to a police station short by shipping him as a fireman on the next liner that comes into port short handed.

YOUNG GIRLS ARE WELL LOOKED AFTER

A young girl who was before the police court yesterday morning, after being arrested by Policeman Thomas, Sweeney, for lying and larking in an alleyway off Sydney street, and not being able to give a satisfactory account of herself, is to be sent to her home in Newcastle today. She will be in charge of her mother and will leave on the 7.10 train this morning. Her companion, who was arrested on the same charge and who lives in the city, was sent home to her parents. The girls gave their ages as seventeen and eighteen years respectively.
