Battle Scene Shifts to Champagne in West; Turkish Dominion Shaken By Medina's Fall

BRITISH KEEP UP HEAVY FIRING AND RAIDS ON ENEMY TRENCHES

Highlanders Win Distinction in Patrol Work

FRENCH UNDER ATTACK IN THE CHAMPAGNE

Germans Fail to Hold Small Gains Around Tahure—Berlin on Other Hand Reports Repulse of Determined French Attack at Verdun.

London, June 28.—The war office communication issued tonight says: "During last night there were raids and patrols entered enemy trenches at several points, bombing the enemy and inflicting casualties."

"Near Angres one of our raiding parties found the enemy trenches badly damaged by shell-fire. The enemy apparently had suffered from gas, we had successfully discharged gas from our trench. A particularly successful raid was carried out by the Highland Light Infantry near the Vermelles La Basee road when 46 prisoners and two trench mortars were captured, and two enemy mine shafts were destroyed, with the loss of only two men."

"Today the enemy exploded a small mine near Neuve Chappelle and another near Hulloch, but excepting slight damage, no serious results were obtained. We successfully exploded two mines southward of the Bethune-La Basee Canal. Bad weather yesterday prevented much flying."

New Attack in Champagne. Paris, June 28.—The official communication issued tonight says: "In Champagne after intense artillery preparation the Germans succeeded in penetrating some of our small positions in the direction of the Tahure salient. They were driven out soon afterwards by counter-attacks."

"On the left bank of the Meuse the bombardment continued with big shells in the sectors of Avocourt and Chamancourt. Preparations for an attack going on in the German trenches east of Hill 904 miscarried under our artillery fire."

"On the right bank we made some progress with the grenade north of Hill 321 and in the neighborhood of the Thimant Wood."

"The Belgian communication: 'Quiet prevailed today.' French Hold Ground. Paris, June 28.—The text of the morning statement follows: "In the region to the south of Lesigny the Germans endeavored last night to deliver several surprise attacks upon minor French posts. All their efforts resulted in failure."

An official photograph from the Saloniki front showing some of the British trenches that have been hewed through solid rock.

BRITISH CREDIT OF \$50,000,000 TO BE ESTABLISHED HERE Canadian Bankers Have Conference With Finance Minister—Convalescent Homes Under Overseas Administration.

(Special to The Telegraph). Ottawa, June 28.—At a conference held today between the minister of finance and a committee of the Canadian Bankers Association steps were taken looking to the establishing in Canada, through the co-operation of the banks, of a further large credit for the imperial government to the use in payment of further war munitions and supplies for the imperial munitions board. The total amount of the new credit to be established has not yet been definitely fixed but it will probably be upwards of \$50,000,000. Further negotiations will be pending for some days yet.

Announcement is made of the creation of the Canadian hospitals commission as a branch of the Canadian expeditionary forces with more direct jurisdiction in connection with convalescent homes and buildings. This has been decided upon as a result of the steady increase in the work of the hospitals commission due to the increasing number of invalided soldiers arriving from the front.

Under the hospitals commission, therefore a new hospital unit has been formed, for purposes of securing military discipline, administration and command. It will be divided into ten divisions, one for each military division in Canada. Each hospital or convalescent home will be in charge of a major or subordinate officer, subject to the hospitals commission at Ottawa.

"The new unit will be in charge of Lt. Col. Sharples, of Quebec, who has been in charge of the depot for returned soldiers. The chief purpose of the new organization is to put the military hospitals and convalescent homes under strict military control."

Paris, June 28.—A Zurich despatch to the Mail says that Germany's demands on Switzerland for the exchange of commodities are in the form of an ultimatum which expires at 6 o'clock Thursday night.

Announcement was made in the Swiss parliament last week that Germany had demanded that the Swiss government permit the exportation of cotton and foodstuffs collected by the German agents, stating that if the demand were not complied with Germany would prohibit exportation of coal, iron and other materials essential for Swiss industries. The Swiss authorities asked for time to reply and sent a delegation to Paris to confer with representatives of the Entente Allies.

NO GERMAN MONEY BEHIND UPRIISING SAYS CASEMENT

Prisoner Makes Dramatic Statement During Trial for Treason

CHIEF OF COUNSEL COLLAPSES IN COURT

Did Not Ask Irish to Fight for Germany, He Says, and Refused to Accept German Gold to Finance Expedition—Man, Branded as Traitor, "Can Also Be a Gentleman"

London, June 28.—In the Sir Roger Casement case today the court overruled a motion to quash the indictment. Mr. Sullivan's argument that the indictment should be quashed, based on the ground that no man could be tried for treason committed outside the king's realm, was followed by an address by Professor J. H. Morgan, of counsel for the defense, who entered into an argumentative discussion with the judge. The attorney general, Sir Frederick Smith, replied to these arguments, after which the court overruled Mr. Sullivan's motion.

Announcement was made by Mr. Sullivan that the prisoner desired to make a statement. This was postponed until the afternoon session. Mr. Sullivan's argument that the indictment should be quashed, based on the ground that no man could be tried for treason committed outside the king's realm, was followed by an address by Professor J. H. Morgan, of counsel for the defense, who entered into an argumentative discussion with the judge. The attorney general, Sir Frederick Smith, replied to these arguments, after which the court overruled Mr. Sullivan's motion.

"The afternoon session of the trial, however, was brought to a sudden and dramatic close. While summing up for the defense Mr. Sullivan collapsed as he was in the middle of an impassioned appeal, and the court adjourned until tomorrow morning. At that time the defense will continue with its plea."

"Sir Roger Casement made the promise statement and Sgt. Sullivan then rose and began an eloquent address in summing up. The attorney said the charge against Sir Roger was that he had aided Germany during the war. He declared Sir Roger was recruiting men for service in Ireland after the European war had ended, and that there was no idea of giving aid to Germany. Sir Roger, he said, never had asked Irishmen to fight for Germany, and not one atom of aid had been rendered to Germany."

Sgt. Sullivan asserted the plan was that an Irish brigade was to be quartered in Germany until after the war. If Germany was successful the brigade was to proceed to Ireland to strike a blow for home rule. If Germany lost the brigade was to be sent to America. At this point Sgt. Sullivan's strength failed and the court adjourned. Sir Roger's Statement.

Sir Roger made the declaration. He never had accepted German gold and his voice trembling with emotion, he leaned toward the jury as though supplicating the jurors to believe his statement. He said: "My lords and gentlemen of the jury, I desire to say a few words, only with reference to some allusions made by the prosecution."

"As to my pension and the honor of knighthood conferred upon me, I shall say one word only. The pension I had earned by service rendered, and it was assigned by law. The knighthood was in my power to refuse."

CARRANZA YIELDS, PROBABLY NO WAR, AUSTRIA WARNED

American Prisoners Released and On Their Way to Border, is Official Report

General Funston Gets Word of Party En Route—New American Note to Austria Speaks of Attack on Tanker Petrolite as "Insult to American Flag" and Demands Instant Reparation.

El Paso, Texas, June 28.—Gen. Jacinto Trevina has ordered that the American prisoners, interned in the penitentiary at Chihuahua City be taken to Juarez and there with their arms and accoutrements be released. This information was received at the Juarez Commandancia today. Mexican authorities asserted that Gen. Geo. Bell, jr., commanding the El Paso military district had been notified of Gen. Trevina's order, and that the prisoners are expected to reach Juarez tomorrow. Gen. Bell did not deny the report but refused to discuss it. There are twenty-three American troops held at Chihuahua City including Lem Spillbury, the Mormon scout.

San Antonio, June 28.—Gen. Funston received tonight a report from Brig. Gen. George Bell, jr., at El Paso which stated Gen. Bell had been notified by Mexican Consul Garcia that the American prisoners taken at Carrizal now are on the way north to Juarez, and probably will arrive there tomorrow morning.

Austria Brought Sharply to Task

Washington, June 28.—The American rejoinder to Austria regarding the Austrian submarine attack on the American steamer Petrolite, made public today by the state department, describes the act as "a deliberate insult to the flag of the United States and an invasion of the rights of the American citizen," and requests a prompt apology, punishment of the submarine commander and payment of indemnity. In vigorous language the communication sent a week ago today makes it clear that the United States government believes the facts of the case entirely different from what the Austrian submarine commander reported them to be, and that immediate amends are expected. The Austrian claim that the Petrolite's captain voluntarily gave up supplies taken from the steamer by the submarine commander is flatly contradicted as are the claims that warning shots were fired across the Petrolite's bow before she was shelled and that her appearance was such as to justify the submarine commander in mistaking her for a cruiser.

The attack on the Petrolite, a Standard Oil tanker, occurred in the Mediterranean on December 8. A protest, sent forward on preliminary reports from the tanker's captain and crew brought the Austrian communication to which the new American note replies. Belgians Not Conscripted. Berlin, via London, June 28.—Governor General Von Bismarck at Brussels has issued an official denial of reports circulated abroad that the German government intends calling the Belgians for military service.

Furniture Polish and Eau-de-Cologne Peasants' Substitute for Liquor

But Prohibition of Vodka Has Had Good Effect and Russian Duma Unites to Make the Law Permanent and More Effective.

Petrograd, June 28, via London.—The bill providing for the permanent prohibition of vodka came up in the Duma today for the first time, and the session was given over to a discussion of the effectiveness of the present regulations forbidding the sale of liquor and the advisability of perpetuating the advantages of the increased prosperity evidenced throughout the country since the imperial decree at the beginning of the war. The present prohibition has been prescribed by the government and no opinion given to the people, except in the matter of light wines and beer, which has been left in the hands of the municipal councils in various parts of the empire. But judging from the preliminary debate, the representatives of the people will support the government and will signify their approval of the prohibition by abolishing forever the sale of vodka.

In fact the general sentiment expressed by the members of the Duma was dissatisfaction with the laxity in the enforcement of the regulations. Quoting the figures covering eleven months in 1915, in which despite the prohibitory regulations nearly 4,000,000 vedros—a vedro equalling three and one-quarter gallons—of government liquor had been sold, one speaker asserted that drunkenness was becoming as prevalent as before the war and declared that measures should be taken to strengthen the laws now in operation. Drunkenness, continued the speaker, also had been increased by the imbibition of large quantities of furniture polish, eau-de-Cologne and other substitutes for liquor, consumed by the peasant population. The measure making the prohibition permanent will be put to a vote at an early date, and it is expected will be passed with little opposition.

ARAB TRIBESMEN IN REVOLT WEST MEDINA FROM TURKS

This Means Serious Complications for Germany's Ally—Italians Continue Successful Advance—Air Combats Over Riga Bay.

New York, June 28.—A New York Journal despatch from Cairo today says: Arab tribesmen in Arabia, who rebelled against the Turkish government have occupied Medina, after a siege. ITALIANS GO FURTHER.

Rome, June 28, via London.—The Italians today advanced on the Asiago Plateau occupying the southern side of Assia Valley and reached the slopes of Monte Rasta, Monte Interrotto and Monte Mosoiagh. Monte Colombara was carried and the Italian advance reached the Galammar Valley. ITALY IN WAR UNTIL VICTORY ATTAINED.

Rome, June 28, via Paris, 6 p.m.—The chamber of deputies today held its first session since the selection of the new cabinet, and Premier Boselli, in his speech outlining the policy of the government, said emphatically that Italy would continue the war with her allies until victory was attained. The premier said the army had proved its valor and endurance in repulsing the Austrian advance in the Trentino. The chamber applauded enthusiastically when he alluded to the devotion of King Victor Emmanuel to the country and the army. He presented the nineteen new ministers who, with fifteen under secretaries of state, form the largest Italian cabinet since the establishment of parliamentary government.

REPORT GERMAN ULTIMATUM SENT TO SWITZERLAND

Paris, June 28.—A Zurich despatch to the Mail says that Germany's demands on Switzerland for the exchange of commodities are in the form of an ultimatum which expires at 6 o'clock Thursday night.

Announcement was made in the Swiss parliament last week that Germany had demanded that the Swiss government permit the exportation of cotton and foodstuffs collected by the German agents, stating that if the demand were not complied with Germany would prohibit exportation of coal, iron and other materials essential for Swiss industries. The Swiss authorities asked for time to reply and sent a delegation to Paris to confer with representatives of the Entente Allies.

the region of Bann toward the Turco-Persian frontier. Aerial Fights at Riga. Berlin, June 28, via London, 6.30 p.m.—An official statement issued here today reports two aerial engagements at the western entrance of Riga Bay in which the German aviators had the advantage. In one case a German naval plane fought five Russian aeroplanes and brought down one. The other fight was between five Russian and five German aeroplanes, in which two Russian machines were brought down badly damaged. One German plane, because of damage to its propeller, dropped and sank but its crew was rescued. The remainder of the German craft returned undamaged. Austrian Statement. London, June 28.—Successes for the Austrians against the Russians near Kudy in Bukovina and by the Germans over the Russians in Volhynia are recorded in the Austrian official communication received here tonight. The communication says: "We have repulsed further Russian attacks near Kudy. The Germans are storming the Aleks-Winiewka line and other positions west of Solal (Volhynia). On the Italian front we captured 540 prisoners Monday in repulsing attacks between the Etsch and Biesta rivers and on the Passbio front."

KITCHENER NEW NAME FOR BERLIN

Berlin, Ont., June 28.—Providing the lieutenant-governor's council ratifies the by-law changing the name of the city, the name "Berlin" will be wiped off the map of Canada, and the city will hereafter be named as "Kitchener." The electors have voted in favor of Kitchener, with Brock as second choice and Adams as third.

BRAVEST OF THE BRAVE NEW BATTALION HERE

Lieut. A. Laurie, Wounded in 42 Places, Still Feels Effects of Gas

INHALED FUMES AS HE LAY WOUNDED

Heroic Officer, for Long Time a Resident of Charlottetown, Will Assist in Raising Company Which He Will Command—in the Famous Second

"The bravest of the brave" is the way in which one of his superior officers characterizes Lieutenant A. Laurie, a former resident of Campbellton (N. B.), who is now a member of the New Brunswick command

Lieutenant Laurie received no less than forty-two separate and distinct wounds at the battle of Ypres when he was fighting with the 2nd Battalion of the first Canadian contingent.

Lieutenant Laurie is born in the Province of Quebec, the son of Mr. and Mrs. Archie Laurie, who still reside there, but he said, "I'm a regular New Brunswicker now, you know, for I lived in Campbellton for some time."

Lieutenant Laurie was through Flanders and came through that bloody battle with a whole skin, doing excellent work and leading his men forward unflinchingly.

It was at Ypres that he received the knighthood. How that put him down for the night. It was in the middle of a heavy bombardment that a German shrapnel shell burst directly
