3 CENTS A COPY

J. & D. A. HARQUAIL COMPANY, CHURCHES, SCHOOLS AND THEATRES WILL BE CLOSED

(LIMITED)
CONTRACTORS, — PLANING MILL, — BUILDERS.
DRY-KILN, DOOR AND SASH FACTORY
CAMPBELLTON, N. B.

BEAVER BOARD.
If you are building or going to complete some unfinished room, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS.
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Manufacturers of:
STORE FRONTS, STORE OFFICE, CHURCH FITTINGS, Wholesale and Retail Dealers in PUTTY, SHELLS, RED and YELLOW OCHRES, METAL ROOFING and SIDINGS, REPOSET, PAPERS and ROOFINGS, SHEET LEAD, and ZINC, PLAIN, FANCY, ANTI-PLATE GLASS, MIRRORS, LOCKS, KNOBS, GENERAL BUILDING HARDWARE.

Manufacturers of:
SASHES, DOORS, MOULDINGS and GENERAL BUILDING MATERIAL.
Wholesale and Retail Dealers in GEMENT, LIME, COMMON, PRESSED, and FIRE BRICKS, ROCKWALL, PLASTER, CALCINE, PLASTER, FARM TILE, DRAIN TILE, and FITTINGS, NAILS, SPIKES, PAINTS, OILS, VARNISHES, STAINS.

Our Office is connected with the N. B. Telephone by two separate lines insuring prompt attention.
Office Hours—7 A. M. to 6 P. M.

Local and Provincial Board of Health Taking Every Precaution to Prevent Spread of Influenza—Large Number of Mild With Few Serious Cases in Campbellton and Vicinity.

In common with other towns and cities, throughout New Brunswick, Campbellton is suffering with an epidemic of influenza, and while very few cases are of a serious nature it has been thought best to take every precaution. It is said that there are two hundred cases of the disease, in various stages, in the town and adjoining country.

At Shives Athol there are a number of cases, four or five of which are very bad, of which two have developed pneumonia.

A special meeting of the local Board of Health, with the doctors of the town was held in the Town Clerk's office last evening when the necessary steps to prevent the spread of influenza were ordered to be taken.

As a first step the Board of Health has ordered the closing of the Schools, Churches and Theatres, and has forbidden the holding of any indoor meetings.

Every house in which cases of influenza exist will be placarded.

Elsewhere in this issue is published an advertisement setting forth some simple steps to prevent the spread of the disease which all should read carefully.

Citizens should not become unduly alarmed, but everyone should do everything in their power to prevent the spread of this disease.

ENTERTAINMENT VERY SUCCESSFUL

Crowded House at G. W. V. A. Entertainment at Opera House Last Night.

The Opera House was crowded last night to see "Lest We Forget" photo-play and entertainment under the auspices of the Restigouche Branch of the G. W. V. A.

Besides the photo-play, a varied programme was well received. The following is the programme rendered:

Programme.
Reading Cpl. Harry Murray
Step Dance Mr. Omer Guidry
"LEST WE FORGET."
Featuring RITA JOLIVET
A survivor of the Lusitania
The disaster that shocked the world
Special Music Albert Ratto
Reading Miss Rita McDonald
Character Song Tipperary Girls
Keystone Comedy entitled "His Torpedoed Love."
Victory Tableau
God Save the King.
The photo-play "Lest We Forget" was an exceptionally fine feature. This production gives in immortal form America's reason for making war up on the Hun. It shows graphically the sinking of that great ship the Lusitania, resulting in a wholesale slaughter of the innocents. The presence of Charles Frohman on that ill-fated journey has now become a matter of history. By his side was Rita Jolivet, who has given to the world not only his last immortal words, but also the present mighty photodrama of which she is the star. About the sinking of the Lusitania has been woven a noble story, showing conditions of the period both in America and in war-torn Europe, and an exquisite romance give a tender human note to this great spectacle, the most powerful photographic document of the war.

The entertainment will be repeated to-night and at Dalhousie Friday evening, and everyone should see it.

One of the features of the entertainment was a short address by Rev. W. R. Robinson of St. John on the aims and objects of the G. W. V. A.

ROUT OF GERMANS IS NOW ANNOUNCED

Canadians First to Enter Cambrai and Are Still Pushing Forward—Many Prisoners and Guns Captured.

(Special to the Graphic.)
London, Oct. 10.—British Headquarters report that General Haig's army inflicted heavy defeat on enemy yesterday, capturing ten thousand prisoners and from one to two hundred guns. On whole front between the Somme and Senee rivers British are making rapid progress eastward.

The Canadians who were the first to enter Cambrai, continue their advance.

General Haig's report says that German troops on a twenty mile front north and south of St. Quentin have been put to flight. Enemy fired everything possible before he began what virtually amounts to a rout of no less than thirty divisions (300,000) men, the smashing of which continues fiercely.

British have passed through Bertry and have reached Troisville and hold Manrois and Honeychurch and scores of other towns.

(Afternoon Bulletin, 4 p.m.)

THURSDAY, P. M.—General Haig reports allied troops within two miles of great German base of LaChateau. Further progress was made last night towards northern part of present battle front to east of Cambrai. Fighting is going on southeast of Cambrai on both sides of Caudry in district east of Lens. British have captured Sallaumines and Noyelles. Detachment from British headquarters reports Germans in Cambrai-St. Quentin region apparently on verge of utter rout. Allied cavalry pursuing retreating enemy along front of score of miles. British advance guard reported in outskirts of LaChateau. American headquarters report Americans through Kriemhilde line on front of four miles and are advancing northward with only natural defences between them and Belgian frontier.

RULES FOR THE AVOIDING OF "SPANISH INFLUENZA" AND FOR THE PREVENTIVE CARE OF THOSE SICK WITH IT.

1. Live as much as possible in the open air, and have houses well ventilated. Admit all the sunlight possible.
2. Avoid all in-door assemblies, and travel as infrequently as possible.
3. If the disease appears in family, put the patient at once to bed, preferably in an upper room, well aired, but so that the patient be not in a draft.
4. Keep patient by himself, permitting only the nursing attendant, the doctor, and the clergyman to see him.
5. Have whoever enters his room to wear a mask of simple gauze over the mouth and nose. The same gauze should not be used for more than two hours, and then burned.
6. Insist upon the patient using a handkerchief to cover coughing or sneezing (paper ones will do); these handkerchiefs should be burned at once after use.
7. Do not permit patient to mingle with his family or the public until all fever is gone, and until all discharges from mouth, nose and throat have dried up.
8. Patient, after recovery, should take particular care to avoid exposure to chills, and dampness, as pneumonia is quite frequent under these circumstances and constitutes the gravest danger connected with the disease. Remain in house three or four days after feeling well, as this is a critical period after recovery.
9. Call a doctor upon the occurrence of suspicious symptoms as unusual back-ache, head-ache, chills followed by fever, etc., as it is dangerous to depend upon household treatment in this disease.
10. Do not be too anxious, that is—do not worry respecting the danger of contracting the disease. Such worry serves no good purpose and sometimes renders one more liable to contract it. Follow the above preventive measures and the advice of the physician.
11. If, in the family affected, there be no suitable provisions for proper isolation of the patient, it is strongly recommended that he be removed to some hospital, or other place temporarily established, for the proper isolation and care of those affected.

RUSHING WORK ON NEW R.R. BRANCH

Large Number of men at Work and Grading Well Under Way.

The contractors for the new line from Moffats to Glenora, to connect with the I. N. R. at that point are making good progress. Construction has been under way for over two weeks.

The junction with the main line at Moffats has been made and rails laid for a considerable distance, and a large crew of men with a steam shovel and dinky engines are hard at work grading. It is hoped the work will be completed this fall. The scarcity of men is a drawback and the pay has been made very attractive.

RETURNING HOME.

Mr. Chas. Robinson of St. John, Secretary of the G. W. V. A. has received word that the following men for the North Shore have arrived at Quebec from overseas:

E. Babin, Bathurst,
R. W. English, Chatham,
F. Eloliger, River Louison,
J. T. Olsen, Chatham,
R. J. Stapleton, Chatham,
A. Caplin, Campbellton,
M. Dickson, Chatham,
R. Knowles, Clifton, N. B.

Among the soldiers passing through Campbellton yesterday morning, who recently arrived from overseas, were Pte's Jas. Duncan, Graham, and Arsenau.

Sergt. Fred W. Campbell also returned and passed through Campbellton yesterday morning enroute for St. John. He enlisted with the 104th Battalion and has been in England for the past two years.

Pte. Walter Brooks of Campbellton has also returned home. He went overseas with the 171st Battalion. He was at the front for some time but

'JACK THE HUGGER' HAS LEFT TOWN

Arrested last Friday night. Appeared Saturday and was Fined \$50.00 and Costs.

As reported in the Graphic of last week a certain individual known as Jack the Hugger was making matters very unpleasant for the fair sex who had occasion to be out after dark.

On Friday Chief of Police Adams arrested Albert Belanger on a warrant charged with indecent exposure. The prisoner appeared before Judge Matheson on Saturday, pleaded guilty and was fined \$50.00 and costs, which he paid at once.

There is not a doubt but that this is the man who was making the trouble and our readers will be glad to know that he has left town.

OBITUARY

Mrs. E. A. McCurdy.

Newcastle, Oct. 8.—The death occurred on Monday of Mrs. E. A. McCurdy after an illness of several years. She was formerly Miss Anna Wheeler, of Decided, Que., and was one of the most popular ladies of the North Shore. She is survived by her husband, manager of the Royal Bank of Canada here, one son, Blanchard, attending college at Toronto, and two daughters, Misses Elva and Margaret at home. Mr. Allan Wheeler of Ferguson Manor is a brother, and Mrs. (Dr.) Fish of Melrose, Mass., is a sister.

TOWN COUNCIL.

A meeting of the Town Council will be held to-morrow evening.

has been returned to Canada on account of ill health.

PUBLIC HEALTH NOTICE!

St. John, B., Oct. 9th, 1918.

To the Mayor of Campbellton, N. B.—

Ordered by the Department of Health of New Brunswick that all Schools, Churches and Theatres be closed, and public assemblies of any kind be prohibited on and after Oct. 11th, until further notice, in view of threatened epidemic of Influenza.

GEO. G. MELVIN, M. D.,
Chief Medical Officer of N. B.

WOMAN WORKS 15 HOURS A DAY

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Peru, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that I could not get on my feet and it did not seem as though I could stand it. I tried different medicines without any benefit and several doctors told me nothing but an operation would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to a factory and work all day, come home and get supper and feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. Anna Morrison, 26 West 10th St., Peru, Ind.

Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

W. T. COOK

SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL

Let folks step on your feet hereafter, wear shoes a size smaller if you like, for corns will never again send electric sparks of pain through you, according to this Cincinnati authority. He says that a few drops of a drug called Freestone, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts right out. This drug is a sticky, clear compound, but dries at once and simply shrivels up the corn without inflaming or even irritating the surrounding tissue. It is claimed that a quarter of an ounce of Freestone obtained at any drug store will cost very little but is sufficient to remove every hard or soft corn, or callus from one's feet. Cut this out, especially if you are a woman reader who wears high heels.

GIRLS! WHITEN YOUR SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your greener has the lemons and any drug store or toilet counter will supply you with these stanzas of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quart of the very best lemon skin whitener and complexion restorer known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands, and just as you have finished, wash with soap and water, and clear the skin. You will see the beautiful results with surprise.

Mr. Friel's Findings On Stumpage Charges

Unfounded and Absolutely Disproved Says Commissioner.

Finds Hon. Mr. Currie Innocent of Matters Charged but Speaks Strongly of Loss to Province Which Mr. Currie Could and Should Have Prevented.

St. John, N. B., Oct. 5.—"Murchie is lying." In these terse words James H. Friel, Royal Commissioner appointed to investigate the charge that Hon. Wm. Currie, speaker of the Legislature, induced Archibald Murchie, Government scaler, to make a false and insufficient return on logs cut by Mr. Currie's company with the understanding that Murchie's job should be safe. The Commissioner clears the Speaker of any collusion with Murchie in the preparation of scale, but finds, however, that Hon. Mr. Currie knew stumpage return was short by some millions of feet, resulting in a loss to the province of some \$4,000. He condemns the Speaker for his lack of courage to "back the system" by which the province has been robbed of millions of dollars in the last forty years—and goes on to recommend strongly the taking of the Crown Lands out of politics and placing them in the hands of an independent commission. The charges under investigation were made at the last session of the legislature by Hon. J. B. M. Baxter, ex-attorney-general, on the strength of affidavit by Murchie, and several sessions of the investigation were held.

The commissioner says: "Murchie is lying. I do not believe he or his counter ever went into the woods to scale and count, or that either of them ever made any scale or count, or that Murchie ever kept any books, or that either of them ever had anything to go by except what they would pick up here and there, knowing some of the operators and guessing quantities to suit themselves. I find, therefore, that the charges were unfounded and that they are absolutely disproved, and that Honourable Mr. Currie is innocent of the things that Murchie swore against him."

The Continental Lumber Company's Stumpage.

I would be pleased indeed, if, having made my finding on the charges, I should feel that the business of this commission ended, but in reporting the evidence taken, as I am required to do, there is something further to be said, and that is simply this, that no matter how it was done the province was defrauded out of a substantial sum in the stumpage of this company, of which Honourable Mr. Currie was the manager, and that he was in a position to have prevented it, and that outside altogether of the question of business honesty, it was especially his duty as a member of the legislature, and as actually the Honourable Speaker of the House, to see that the province was not defrauded, at least by his own people, when he could prevent it. One cannot commend his stand that this matter of stumpage did not call for his consideration, that it was not his job, and that signing the cheque was only routine. The itemized statement from the Department was sent to his Company and must have come to his own personal notice. The logging book was in his office. Mr. Purves was there, who made their scale and settled with the lumbermen. Mr. Currie did not inquire whether the bill was right or wrong. He could not help knowing that the bill was fraudulent and their cut that year was greatly in excess of what they were billed with. Mr. Currie does not say he did not know. He says that it was not his business. It surely was his business. He was elected to look after the interests of the province. He was honored by his party which had just got into power on the promises of honest administration, particularly in the Crown Land Department, where the gravest scandal had been discovered and exposed in the administration that had just been defeated. Mr. Currie's counsel says that we should not expect too much in a few months, that we cannot attain our ideals. Politicians are more subject to ideals when in opposition, it

no check on the scalers and that the Department is at their mercy. We were told that the chief of scaler's duties were to inspect the scalers individually and to see that they were alert, did their work and performed their duties in accordance with instructions from the Department, and made their monthly returns from time to time. We have seen how one scaler performed his duty and the chief scaler at Fredericton certified Murchie's final return the day it came in, with absolutely no knowledge as to whether it was true or false. Mr. Baxter said it was purely form and purely farce and I agree with him. The Deputy Minister was asked if they ever checked over the lumbermen's books and he answered: "They are very wary about giving us books, we have tried repeatedly to get into the offices of lumber people to see the books, but have not succeeded in scarcely a place." The lumbermen, or many of them, have refused or neglected, so the Minister's report says, to send in sworn reports when asked to do so. This is the way the business has been done. One would hardly call it systematic.

The lumbermen, having things in all their own way with low stumpage and scalers to suit themselves, realizing no doubt that such a way of doing business cannot go on forever have been cutting vast quantities of our timber. Whether they have been cutting more than conditions and natural growth should permit is something for the administration to ascertain. One thing certain is that they have been cutting very much more than they have been paying for.

It would appear from some of the evidence that the recent raise in stumpage to \$2.50 per thousand is discounted by the new regulation placing it on the actual cut in the mill which is said in cases to be from twenty to twenty-five per cent lower than the scale in the woods under former regulations. It is said openly that the province is getting an absurdly low rate of stumpage compared with what private owners of corporations are getting or what it is worth, now that lumber prices are so high.

These matters need most careful looking into.

In the latest report of the Crown Land Department it is set down that "the present methods of scaling are much more than a guess." It is going to commence building up an outside survey by utilizing to some extent the forest engineers, and gradually eliminating the objectionable features of the present system. Gradually eliminating will not sound very objectionable to the lumbermen. So far as this business of the stumpage is concerned, the trouble with the Department is that it is inefficient; it has got into a rut; it is not able to cope with the lumbermen.

Counsel for the Government in a way invited some suggestion from this Commission as to the future control of the Crown Lumber Lands. The problem is one for business experts not for amateurs. If I might venture a suggestion, it would be that the Crown Lumber lands be taken out of politics with as little delay as possible. I would almost take the liberty to suggest to Your Honor that you call in men of known business ability from both sides of politics or no side, and presiding over them in committee, make your tenure of office notable by establishing a system of dealing with our Crown Lands so that the province will, in future, receive full value, profit and benefit from that most important asset.

(Sgd.) JAMES FRIEL.
Moncton, N. B., Oct. 1, 1918.

Are you saving for Victory Bonds?

OCTOBER CANADIAN.

The Canadian Magazine for October contains an important article by T. Brailford Robertson, Professor of Biochemistry at the University of Toronto, on "Science and the War." It shows that the prosecution of the war had depended greatly on science, but that no outstanding discoveries have been made as a direct result of the war. Science has drawn upon her accumulated knowledge and made practical application of theories and discoveries that had never before had an opportunity of being used to advantage. "Blake and Thompson in Parliament" is the title of Sir John Willison's Reminiscences, a most interesting contribution. The number contains also a number of exceptional strong articles and stories.

Saving will provide both an umbrella and a machete for the "rainy day."

The LOUNSBURY CO., Ltd.

CAMPBELLTON, N. B. E. A. LeGALLAIS, Manager

Conseil de Comté du Comté de Bonaventure

Minutes d'une Assemblée Générale du Conseil Municipal du Comté de Bonaventure, tenue à l'hôtel de Ville, à New Carlisle, Mercredi le onzième jour du mois de Septembre, 1918, à 10 heures de l'avant midi.

PRÉSENTS.

Thomas Levesque, Ecr. Maire de Matapédia (St. Alexis).
Zoel Allard, Ecr. Maire de St. Jean I. Evangéliste.
John Arseneau, Ecr. Maire de St. Omer.
Edouard Martin, Ecr. Maire de Carleton.
J. Adhémar Cyr, Prefet, Ecr. Maire de Maria.
Angus Campbell, Ecr. Maire de New Richmond.
Pierre Ferlatte, Ecr. Maire de Caplin.
Albert Dugas, Ecr. Maire de Muscelville.
Alexis Poirier, Ecr. Maire de St. Simeon.
Alexis Arseneau, Ecr. Maire de St. Bonaventure de Hamilton.
Fletcher Blois, Ecr. Maire de New Carlisle.
Jas. LeBrasseur, Ecr. Maire de Paspébiac.
J. D. Ross, Ecr. Maire de Hop.
E. Anglehardt, Ecr. Maire de St. Godroy.
Levi Beebe, Ecr. Maire de Port Daniel Quest.
Pierre Darche, Ecr. Maire de Gascon.
F. X. Chapados, Ecr. Maire de Gascon.

Le tout formant un quorum selon les dispositions du Code Municipal de Québec, sous la présidence du Prefet, J. Adhémar Cyr, Maire de Maria. Après lecture faite, les minutes de la dernière assemblée furent lues et adoptées et approuvées par le conseil sur la Motion du maire Chapados, secondée par le maire Darche.

Le Secrétaire-Trésorier communiqua toutes correspondances reçues depuis la dernière assemblée, au Conseil, et fit la lecture de la Motion du maire Blois, secondée par le maire Allard, que ce Conseil autorise un Fond de deux cent piastres (\$200.00), à la Banque de Nouvelle Ecosse, à New Richmond, pour que Mr. Clement Bujead, Surintendant du Pont de la Grande Rivière Cascapédia, puisse toucher et payer, après 5 jours d'avis aux municipalités intéressées, tout compte pour réparation qu'il aura ordonné au dit Pont. Adopté.

Proposé par le maire Blois, secondé par le maire Ferlatte, que le compte de Mr. Clement Bujead au montant de deux cent vingt-huit piastres et quatre-vingt centimes (\$228.88) pour réparations au dit Pont sur la Grande

Rivière Cascapédia, soit payé, et chargé aux comptes des deux Municipalités intéressées.—Adopté.

Le Conseil alors prit en considération la question du Pont connu comme "Pont Scott", divisant les deux municipalités de New Carlisle et de Paspébiac, et ayant constaté par le secrétaire-trésorier que tous les avis nécessaires et requis par le Conseil Municipal de Québec avaient été dûment donnés et publiés, tel que pourvu dans pareil cas, passa et adopta la résolution suivante, sur la Motion du Maire Blois, secondé par le maire Allard savoir:—

Qu'il soit statué et ordonné par résolution du Conseil de Comté du Comté de Bonaventure que le Pont connu sous nom de "Pont Scott", divisant les deux Municipalités de New Carlisle et de Paspébiac soit déclaré un Pont De Comté aux frais et entretiens des deux dites municipalités rurales, selon leur rôle d'évaluation respectif.

Proposé en amendement par le maire LeBrasseur que le dit Pont Scott soit entièrement entretenu par la municipalité de New Carlisle.

Cette proposition n'ayant aucun second, l'amendement fut déclaré perdu, et la dite résolution dument passée et adoptée par le Conseil.—Résolution adoptée.

Proposé par le maire Blois, secondé par le maire Beebe, que Mr. Elias J. Briard père, soit nommé Inspecteur du Pont Scott, et qu'en demandant des souscriptions pour la reconstruction ou réparations nécessaires au dit Pont avis soit dument donné à cet effet aux deux municipalités intéressées.—Adopté.

Après discussion sur la question d'une augmentation du salaire du Secrétaire-Trésorier, il fut proposé par le maire Blois, secondé par le maire Anglehardt, que le salaire du Secrétaire-Trésorier soit augmenté à la somme de deux cent vingt cinq piastres par année (\$225.00).—Adopté.

A l'heure du midi le Conseil ajourna sa séance pour le dîner jusqu'à une heure et demie, sur la Motion du maire Chapados, secondé par le maire Darche.—Adopté.

A une heure de l'après midi le Conseil continua ses œuvres.

Proposé par le maire Arseneau, secondé par le maire Darche, que Mr. Edouard Martin, maire de Carleton soit autorisé de procéder à la construction d'une route de sûreté pour le bureau d'enregistrement de Carleton d'après les plans et spécifications fournis par le Gouvernement à cet effet, la dite route devant être bâtie sur la propriété appartenant à la municipalité de Carleton.—Adopté.

Proposé par le maire Poirier, secondé par le maire Darche, que les comptes suivants soient approuvés et passés par le conseil, comme suit, savoir:—

Transports d'aliénas,	\$120.00
J. Adhémar Cyr, Prefet, Re	
Cadenton,	2.00
H. A. Bedard, Rôles d'évalua	7.50
Graphie, Publication,	22.25
Bois, Bureau d'Enreg. Carle-	
ton,	30.00
Indemnités des Maires,	129.65

—Adopté.
Proposé par le maire Blois, secondé par le maire Darche, que le Prefet et le Secrétaire-Trésorier du Conseil soient autorisés à ajuster en proportion les indemnités de Messieurs les maires et membres du conseil.—Adopté.

Mr. le maire Zoel Allard alors attira l'attention du conseil de Comté aux conditions et état des choses se rattachant à la manufacture et exploitation de bois dans le Comté de Bonaventure, et autres matières pertinentes. Après discussion et délibération par le conseil, et sur la Motion du maire Allard, secondé par le maire Blois, la résolution suivante fut unanimement passée et adoptée par le conseil, comme suit savoir:—

"Qu'il soit résolu par le Conseil de Comté de Bonaventure, maintenant en session, comme suit, savoir:—

Considérant que les Comtés de Bonaventure et de Gaspé bordent et forment partie de la Saie des Chaleurs, qu'ils sont immensément riches en bois, et qu'ils possèdent des milliers de milles de limites, dont la plupart exploitées;

Considérant que l'exploitation de ces limites et le sciage de ce bois sont

IMPORTANT MATTERS BEFORE VETERANS

Representative on Land Settlement Board Nominated at Request of Premier Foster.

On last Saturday the quarterly provincial executive meeting of the N. B. Provincial Command Great War Veterans Association was held in the headquarters, Wellington Row, St. John; C. F. Bishop, vice-president, presided in the absence of Major Barton of Moncton. Those present were:—Lieut. O. J. Lawson of Campbellton, provincial secretary; H. Allingham of St. John and E. J. Ruddy, local secretary; J. W. Warder, St. Stephen; J. Ashford, Fredericton, and Walter Parlee of Sussex.

A resolution was passed urging upon the federal government the retaining as permanent employees all returned soldiers now occupying positions in their pay, provided, of course, the men are efficient. Among other things this would remove the men from the influence of politics.

A Communication from the New Brunswick premier, Hon. W. E. Foster was read, asking the association to nominate a representative for the Land-Settlement Board, which his government is organizing in co-operation with the Dominion parliament. Accordingly H. Allingham was selected by the G. W. V. A. members.

It is confidently expected there will be considerable land for the returned soldier boys available in this province through arrangements to be made with Ottawa and which plan will be discussed in the almost immediate future.

A letter from the Canadian Pacific Railway executive offices offering their Fredericton Junction experimental farm property as a training ground for prospective soldier farmers was received and interestingly discussed.

At present the only experimental farm in this section of Canada is at Truro. The returned soldiers are desirous of being agriculturally trained on the same kind of soil they will eventually own, and furthermore they want to spend their money in New Brunswick.

A vote of thanks was passed to W. Frank Hatheway for gifts of bound volumes of his writings.

Adjournment until the first Saturday in January.

The United States Fuel Controller figures that one and a quarter million tons of coal were saved by the adoption of the daylight saving. Even if the estimate is a ton or two in excess of the actual figures there are few who will dispute the advantages and benefits of daylight saving.

THE FRIEL REPORT.

In his summary in connection with the evidence in the Currie investigation Commissioner Friel deals at length with the system in vogue up to this year for the scaling of lumber cut on Crown Lands and the collection of the stumpage thereon. He makes many wise suggestions, suggestions which no doubt Mr. Foster's government will endeavor to carry out. In fact some of these are already the order of the day. May we hope for a fair and impartial collection of all stumpage dues in the future.

It seems unfortunate that a gentleman who has from his youth up been a useful and honorable citizen should be made in the present instance the "goat" for political reasons. There is not a doubt in the minds of any but that the system of payment followed by the Continental Co., in setting its 1917 stumpage account was that under which every other North Shore company settled. In fact it is said that others who had "friends at court" paid even smaller percentages in previous years under the old government regime.

It should also be remembered that Mr. Currie was only the hired manager and that he signed the check for the amount of stumpage as agreed upon by some one higher up. If he had refused to do this and informed the government, he would doubtless have been supplanted by another. How many men who to-day are crying for Mr. Currie's resignation would have done differently?

THE FRIEL REPORT.

The report of Commissioner Friel on the charges made by Hon. J. B. M. Baxter against Hon. William Currie finds in brief—

1.—That the charges made by Hon. Mr. Baxter, to the effect that Hon. Mr. Currie conspired with Scaler Murchie to defraud the province, "were unfounded and utterly disproved, and

that Hon. Mr. Currie is innocent of the things Murchie swore against him."

2.—That the province was defrauded out of a certain amount of money in stumpage by Mr. Currie's company, but that it was done under a system endorsed by the government in power when the scaling was done and that "the scaler's return and other evidence show that Mr. Currie's political opponent, the member whom he defeated, actually a member of the government (Hon. Mr. Culligan) got the advantage of a reduction in his scale by the same dishonest scaler, and paid for the reduced and fraudulent stumpage bill with his check, in fact did the very same thing that Mr. Currie has been accused of doing."

Mr. Currie, therefore, was only guilty of following the system endorsed by the old government. He did what Culligan did and what other operators did. He followed the rule—the rotten rule—that had prevailed for so many years under the old government. Mr. Friel holds that Mr. Currie, as a representative of the people should not have done what his predecessors had done, but should have insisted on the company paying stumpage on the full cut. It is for Mr. Currie, the member of the legislature and the government to consider this view, and the evidence submitted, and decide upon the course which should now be pursued.

But if Mr. Currie signed a check for less than the actual amount of stumpage due, what shall be said of the action of Mr. Baxter in making charges against a member of the legislature which are proved to be utterly false? Mr. Friel says:

"It is not so that Mr. Currie caused stumpage to be paid by the said Continental Lumber Company upon the said reduced amount, well knowing that it was not the full and proper amount of stumpage and thereby defrauded the province of a portion of its revenue."

The commissioner says further: "There was no scale, but whether there was or not, Mr. Currie was not responsible for any reduction."

The "system" and the scaler were responsible for that. The old government system and the old government scaler. The province is rid of them both. A new system has been adopted and hereafter there will be an honest effort to collect one hundred per cent stumpage.

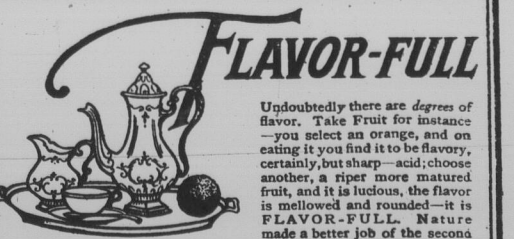

Meanwhile, when the house meets again Mr. Baxter will have to meet the report which says that he submitted utterly false charges against the Hon. William Currie.—Telegraph.

"First Aid"

FOR OVER 100 YEARS
JOHNSON'S
ANODYNE LINIMENT

A doctor's prescription for internal and external use.

Famous for more than a century. A wonderful old family remedy that cures all the common ailments of the body. Cures Croup, Whooping Cough, Sore Throat, Orange, White, Hoarse, Strain, and many other common ills.

FLAVOR-FULL
Undoubtedly there are degrees of flavor. Take Fruit for instance—you select an orange, and on eating it you find it to be heavy, certainly, but sharp—acid; choose another, a riper more matured fruit, and it is luscious, the flavor is mellowed and rounded—it is FLAVOR-FULL. Nature made a better job of the second orange. Exactly the same is true of Tea. Nature is not equally kind to all. It requires expert knowledge and continual care to select and combine FLAVOR-FULL Teas to produce the delicious cup obtained from KING COLE Orange Pekoe. If you love your cup of Tea, unusual pleasure awaits you in KING COLE Orange Pekoe.

DANGER LURKS IN EVERY ONE OF US

We Are As Full of Deadly Poisons As A Germ Laboratory.

AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-TIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain in the Back, are relieved as soon as the bowels become regular; and that Pimples, Rash, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation.

"Fruit-a-tives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

DALHOUSIE

Dalhousie, Oct. 9.—It was reported that the P.Q. Lumber Company's mill, which is now cutting on an average of 65 M per day, would be still further added to in machinery, etc. This was good news for the working men who hope to get employment near home, during the fall and winter months. The fact that the company owns nearly 200 square miles of timber limits on the Nouvelle River goes to show that it is probable that further additions are to be made to their already large Dalhousie plant. In view of this important rumor, your correspondent interviewed Mr. Phil. R. Hussey, the general manager of the firm, as to the plans of the company for the future. Mr. Hussey was not in a position to say positively what was to be done. These matters were now engaging the attention of the head office in Boston. He stated that he was very much encouraged since the extra boiler had been added to the power, as this week the mill was turning out easily 75 M. per day.

The death of Michael Johnston a pioneer of Upper Maguasha, P. Q. occurred at his home on Monday morning, Oct. 7th, after several months illness. He was seventy years of age. He was a devoted husband and kind father. He was a successful farmer. Besides his wife, (formerly Janette Wafer) he is survived by six daughters, Mrs. Robert Butler, Campbellton; Mrs. Patrick Vickers, Mrs. Frank Vickers, Blackville; Mrs. Angus Callaghan, Moncton; Misses Lilian and Jennie at home and one son, Arch Johnston, at home. His funeral was held this a.m. to the R. C. church of St. John Evangeliste, where a Requiem High Mass was celebrated. Interment was made in the parish cemetery.

Many friends will regret to learn that Mrs. John Barberie is dangerously ill at her home "The Birches." Mrs. W. A. Crockett, wife of Dr. Crockett, M. P. P. of Fredericton, was in Dalhousie this week paying a visit to the friends of her native town.

Miss Kathleen Connors, of Winnipeg, is here this week visiting her aunts Mrs. J. C. Barberie and Miss Kate Philipps. She returned four weeks ago from London, England, where she spent two years in a large office. Two brothers served in the trenches and were wounded. They have returned to Canada. One has undertaken farming in the west. Miss Connors who has been resting in St. John, N. B. for four weeks with friends, is in splendid health. She is a grand daughter of the late John Phillips, Ex M. P. P. for the County of Restigouche. Miss Connors will return to Winnipeg, where her old lucrative position awaits her.

The ladies of the Women's Institute of Dalhousie, who were busy last evening in St. Mary's Hall putting up parcels for our soldier boys, were given a pleasing surprise, when, the secretary announced that she had just received a letter from Mr. W. H. Priest, manager of the Dalhousie Lumber Co. enclosing a cheque of \$250. from the company, as a gift to the Red Cross

Society of Dalhousie.

Miss Audrey Troy, who had accepted a position in an office in Edmunston, N. B., and who had to return home on account of illness, is much improved.

Mrs. Frank Godin, her daughter May Godin, of the Dalhousie Mercantile Co. Staff, and her son Wilfred of the Royal Bank of Canada staff, will leave to-morrow for a week's visit to their friends in Bathurst and Petit Rocher.

Mrs. A. R. Fraser is very much improved in health.

His Honor Judge McLatchy and Mr. H. A. Carr, barrister of Campbellton, were in the shiretown yesterday, returning from Jacquet River, where they were working in the interests of the pending Victory Loan.

Miss Sargent, Campbellton, was in town on Saturday, the guest of Mrs. Buchanan.

Miss Eva Babineau, Upper Charlo, spent Sunday in Dalhousie, the guest of Mrs. H. A. Guinard.

Councillor John Dickie and Mrs. Dickie, Point la Nim, were visitors to Dalhousie to-day.

Miss Margaret Mesahan, of the P.Q. Lumber Company staff has been kept to her room for several days with a heavy cold.

The Graphic does not hold itself responsible for opinions expressed in this column.

Campbellton, N. B.

Sept. 26th, 1918

Editor of the Graphic:

Town.

Dear Sir:—

I have no doubt it will be of interest to the owners of horses and others that the disease commonly known as Lock Jaw can be cured if taken in time, and the proper treatment given.

Some twenty days ago one of my horses became ill. I at once obtained the services of our local veterinary Dr. F. S. Savage, who at once pronounced the illness was that of Lock Jaw and stated that while it was held by many that a cure could not be effected he believed that the animal could be saved.

This statement, I confess, I doubted very much as about three years ago I lost a valuable draft horse and I know of many other horses that have died from the same disease.

I am pleased to say that my horse has about recovered and I believe he will be able to go to work in a short time. As the horse is one of our most noble animals I would thank you if you could find space for the above, which may prove a benefit to many.

Yours truly
W. H. WALLACE.

DEPARTMENT OF RAILWAYS AND CANALS, CANADA.

SEALED TENDERS, addressed to the undersigned and endorsed "Tender for Car Shop, Edmunston", will be received at this office up to and including twelve o'clock noon, Thursday, October 17, 1918, for the construction of a wooden car shop at Edmunston, N. B.

Plans, specifications and blank form of contract may be seen at the office of the Chief Engineer of the Department of Railways and Canals, Ottawa, Ont., at the office of the Chief Engineer, Canadian Government Railways, Moncton, N. B. and at the office of the Resident Engineer, Campbellton, and Edmunston, N. B.

All the conditions of the specifications and contract forms must be complied with.

Tenders must be put in on the blank form of tender, which may be obtained from any of the offices at which plans are on exhibition.

Each tender must be accompanied by an accepted bank cheque payable to the Honourable the Minister of Railway and Canals for an amount equal to ten per cent (10%) of the tender.

The lowest or any tender not necessarily accepted.

By order,
J. W. PUGSLEY,
Secretary,
Department of Railways and Canals,
Ottawa, October 9, 1918.1-wk.

NOTICE!

The undersigned Alexander John William McKenzie, having been appointed Administrator of all the estate of the late John Kerr, late of River Louisbourg, in the parish of Durham, in the County of Restigouche, all persons having any just claim against the said estate will file them, duly verified by affidavit, when the administrator, whose address is Nash's Creek, N. B., and all persons indebted to the said estate are required to pay to the administrator the amount they owe or proceedings will be taken against them at once.
Dated October 10th, 1918.

With Acknowledgments to Luke Pilder, R.A.

To every home there comes a time when every thought, every hope, every prayer for the future centres on the recovery of one loved one. In that hour of anguish, every means to recovery is sought—the highest medical skill, trained nurses, costly treatment. Does the price matter?

It may be so great as to stagger the imagination—a sum beyond the possible.

But does anyone ask, "Can we do it?" Money or no money, they do it. And somehow they pay.

It may mean doing without things they think they need. It may mean privations, sacrifices, hardships. They make unbelievable savings, they achieve the impossible, but they get the money to pay.

To-day in this critical period of our nationhood, there is imperative need for MONEY—vast sums of money. Only one way now remains to obtain it.

The nation must save, every community, every family, every individual Canadian must save.

If anyone says "I cannot save" let him consider to what extent he

would pinch himself to relieve the sufferings of a loved one at home; and surely he would not pinch less for our fighting brothers in France.

Without suffering actual privations, nearly every family in Canada can reduce its standard of living, can practice reasonable thrift, can make cheerful sacrifice to enrich the life-blood of the nation.

You who read this, get out pencil and paper NOW. Set down the items of your living expense. Surely you will find some items there you can do without.

Determine to do without them.

Start TO-DAY. Save your money so that you may be in a position to lend it to your country in its time of need.

Published under the authority of the Minister of Finance of Canada.

Matapedia, 7 p.m.

WHO TOOK THE KITTEN.
Druggist McDonald says the meanest thief is the man who took his bob tailed kitten away from his door yesterday, but he will be forgiven if he returns same promptly.

FALL OPENING.
The opening of fall suits, coats, etc., at Messrs. Geo. G. McKenzie & Co's. last Friday afternoon and evening drew large crowds. The garments were displayed on living models and made a fine showing. The hats were loaned by Miss Barthe. During the evening the young ladies of the Tipperary Club served refreshments, and made about \$25.00 for the Club funds.

INTERESTING TALK.
Mr. Stockdale who is touring the Province in the interest of the Victory Loan addressed a number of the business and professional men in the Council Chambers Tuesday evening. Mr. Stockdale is a very interesting speaker and set forth the points to be emphasized by solicitors in selling Victory Bonds. His remarks were to the point and were listened to with deep attention. The only regret was that more were not present to hear him.

INSTITUTE NOTES.
On Sept. 20th, the Women's Institute shipped 29 parcels of socks to our soldiers in France.

The names of those who gave their time and work, for this shipment, are as follows:—

Mrs. W. A. Trueman, 5 prs.; Mrs. John Adams, 11 prs.; Miss Minnie Adams, 8 prs.; Mrs. Robert Smith, 6 prs.; Mrs. Robert McKenzie, 14 prs.; Miss J. M. Andrews, 4 prs.; Miss Madge Gerrard, 7 prs.; Miss Nellie Duncan, 2 prs.; Mrs. David Gerrard, 3 prs.; Mrs. J. P. Andrews, 2 prs.; Mrs. A. A. SCIENCE AND THE WAR...

The advance of scientific investigation

during the period of the war has

not been more rapid than it would

have been under the normal conditions

of peace, and in all probability has

been greatly retarded. Many centres

of energetic research have been over-

run by armies or congested with sick

and wounded and overwhelmed with

the problem of their care. Hundreds

of investigators have been wrenched

from their proper tasks, to the per-

formance of duties trivial in them-

selves, but of vital and immediate

urgency in this crisis. Others have

already fallen in the defence of prin-

ciples far more dear to them than

knowledge. The advance of science

has thus been unquestionably retard-

ed. What has indeed been accelerat-

ed, and in very patent measure, has

been the application of knowledge,

long since garnered and imperfectly

utilized, to the service of the nations

in arms.

Take, for example, the development

of aviation. Most of us are indeed

aware that mechanical flight has been

achieved before the war but, few are

acquainted with the true history of

its origin, or of the trivial part played

by war, or the anticipation of war, in

the development of its fundamental

principles. The problem of mechanical

flight appears to have been for the

first time competently and scientific-

ally approached by Leonardo da Vinci,

who besides being one of the greatest

painters, one of the greatest sculptors,

one of the greatest architects and one

of the greatest engineers of his epoch,

was he who first pointed out the im-

portance of the angle of the wing or

plane in determining the direction of

motion. Practical application of the

theoretical principles which he discov-

ered was of course impossible at that

time for lack of mechanical moti-

ve-power. The next and final funda-

mental step in the solution of the prob-

lem was taken by Langley, late secre-

tary of the Smithsonian Institute, who

was the first to discover the depend-

ence of the buoyancy of the air upon

the speed with which the planes move

through it. The fundamental laws

having been elucidated, and adequate

motive-power rendered available by

the development of the automobile

industry, the aeroplane was not mere-

ly a logical but a necessary outcome.

As a matter of fact, the first aero-

plane was built by Langley in 1903

and successfully flown by Curtiss in

1904. Meanwhile Blériot and the

Wright brothers had built and flown

acrobatic contraptions in accordance

with the fundamental principles laid

down by Langley.—Prof. T. Brail-

ford Robertson, in The Canadian

Magazine for October.

Are you saving for Victory Bonds?

Your job is to grub stake this world.

That is what you are up against, and

it is quite a job. You can do it. You

have done it for four years, and what

was done then can be duplicated.

There is no such thing as a food

surplus in this world. The universe

is living from hand to mouth as prob-

ably never before in its history.

The stocks of food have been wiped

out, and the producers have been from

the land in large numbers. The call

to those remaining is much louder

than ever before. It is more insis-

ent, and its demands must be heeded.

The full dinner pail is but a memory

for millions on this earth. It can be

filled sufficiently to keep life going,

but it can only be filled by you. It

can't be done in Europe. It must be

done here.

Not until the Hun is hammered into

submission, not until peace is declared

and commerce resumes its wonted

way can we let up for a minute.

Get the tractors on the land. Keep

them working day and night. Turn

over more acres of land.

This can be done. You have the

patriotism, the courage, and the hero-

ism to do it.

PLOUGH.

Are you saving for Victory Bonds?

GAS NOW MADE FROM STRAW

A Farmer Can Make in 1 1/2 Hours

Gas For Three Weeks

Ottawa, Sept. 30.—To demonstrate

the practicability of the method of

producing gas from straw devised by

Prof. R. D. MacLaurin, of the Univer-

sity of Saskatchewan, and Mr. Har-

risson, of Moose Jaw, a plant will be

installed upon a farm in Saskatche-

wan and will, it is hoped, be in opera-

tion this winter. The Advisory Coun-

cil for Scientific and Industrial Re-

search, under whose auspices Prof.

MacLaurin and Mr. Harrison made

their experiments, has appropriated

\$1500 to meet the cost of the resort,

used for distilling the gas, "scrubber"

for purifying it, and the reservoir for

storing it. The apparatus will be erect-

ed on a farm near Saskatoon where

there is no domestic coal supply and

where the operations can be carried on

under the supervision of Prof. Mac-

Laurin.

By the system which is to be given

a practical test, gas, suitable for

lighting, heating, and cooking can be

directed from ordinary straw by a

process of destructive distillation.

With a plant which in peace time

would cost only \$500, but which is

now considerably more costly, a far-

mer, it is said, could generate in an

hour and a half enough gas for domes-

tic use for three weeks. The inven-

tion is of particular importance to the

people of western Canada, where fuel

for domestic use is scarce and expen-

sive, and where it is estimated twenty

million tons of straw have been de-

stroyed annually. It may also be of

small value to farmers in other parts

of the country.

Prof. MacLaurin's apparatus and pro-

cess were exhibited at the National

Exposition of Chemical Industries of

the past few days in New York. They

will be given a trial in the United

States.

To save is the easiest of practices—

if you have the will.

Have restored thousands of Cana-
dians to health and strength by
building their kidney or bladder
trouble.

NEW LOBSTER
REGULATIONS

Lobster Fishermen Must Get
License in the
Future.

Ottawa, Oct. 6.—Important new regu-
lations with regard to lobster fisher-
ies on the Atlantic are embodied in a
statement issued today by the naval
department. The statement shows
that under the new regulations the
fishing seasons have, as a general
thing been materially shortened, so as
to afford needed additional protection
to the fisheries. The action has been
taken after investigation by experts
of the department and in line with
regulations which were adopted at a
conference held in Halifax last August
between all those engaging in the
industry. Following is a synopsis of
the regulations:

In Charlotte and St. John Counties
the fishing season is shortened by one
week at the last end, so that fishing
will cease in Charlotte County on June
8 and in St. John County on May 23;
size limit 10 1/2 inches in Charlotte and
nine inches in St. John.

Kings and Annapolis fishing season
January 15 to June 20, size limit, nine
inches.

Digby County to Halifax Harbor
inclusive, fishing season March 1 to
May 31, inclusive. No size limit.

Halifax harbor to Red Point, Cape
Breton, fishing season April 20 to
June 20, inclusive, no size limit.

Red Point to Cape North, Cape
Breton, fishing season May 16 to July
15. No size limit.

From Cape North around the coast
to and including the south side of
River St. Lawrence, with the exception
of a portion of Northumberland
Strait, not closed, fishing season
April 20 to June 25. No size limit.

Port of Northumberland Straits be-
tween a line drawn from Chalkfish
River, N. B., to West Point, P. E. I.
and one drawn from River Phillip, N.
S., to Victoria Harbor, P. E. I., fishing
season August 16 to October 15. No
size limit.

Magdalen Islands, fishing season,
May 10 and July 20. No size limit.

North Shore of the Gulf of St. Law-
rence, including Anticosti Island, fish-
ing season, May 20 to June 31. No
size limit.

Every lobster fisherman shall here-
after require a license before engag-
ing in fishing. The initial fee for such
licenses is twenty-five cents. It is un-
derstood that fishermen or canners
breaking the law will have their li-
censes cancelled.

EMBARGO IS OFF LOBSTERS

A cable from The Canadian High
Commissioner in London on Sunday
states that the British Government
have permitted the importation of
lobster until February 22nd, 1919.

Embargo until February 22nd, 1918.

Are you saving for Victory Bonds?

POTATO SEED SELECTION.
(Experimental Farms Note.)

Like begots like in potato fields as
elsewhere, but judging by the quan-
tities of inferior tubers used for seed
purposes, the importance of this law
is not appreciated by many. The use

of small potatoes taken from the bulk
of the crop, year after year, and used
for seed will eventually lead to yields
of inferior potatoes.

At potato digging time the great
opportunity for seed selection is offered.
With the product of each plant
spread on the soil it is an easy matter
to select out those plants that have
given the largest yield of the most
desirable type of potato and are free
from disease. The potatoes from such
plants only should be gathered and
saved for use as seed the following
year. The saving of seed at digging
time may seem to many as an extra
burden during a rush of work

Let Music Brighten the Lives of Your Children

Let them grow up in an atmosphere of good music. Let their appreciation of the beautiful things of life be developed by good music.

Let them receive the indelible imprint of culture and refinement through the medium of good music.

While the young minds are open to receive such impressions, begin their musical, and higher, education with

The NEW EDISON

"The Phonograph with a Soul"

This wonderful instrument brings the world of music into your home; re-created by the world's greatest artist. No matter where you live, your children can have the same musical advantages as though living in the great cities during the height of the musical season.

The New Edison does not merely imitate. It re-creates. No human ear can distinguish artist from phonograph. The famous Edison tone tests have proved this, not once, but more than 1500 times.

Start the Children's musical education to-day, by bringing them here, and letting us play a program of charming music that will be as enjoyable for you as it will be delightful for the little ones.

Conseil de Comté du Comté de Bonaventure

(Continued from Page 3)

pagne, qui d'habitude employait des centaines d'hommes pendant l'été a depuis de la pres de 4 ou cinq ans fermé les portes de ses scieries, et le bois de la petite Rivière Cascapédia est transporté, comme celui de la Rivière Bonaventure, à Bathurst, dans la Province du Nouveau Brunswick, pour y être manufacturé.

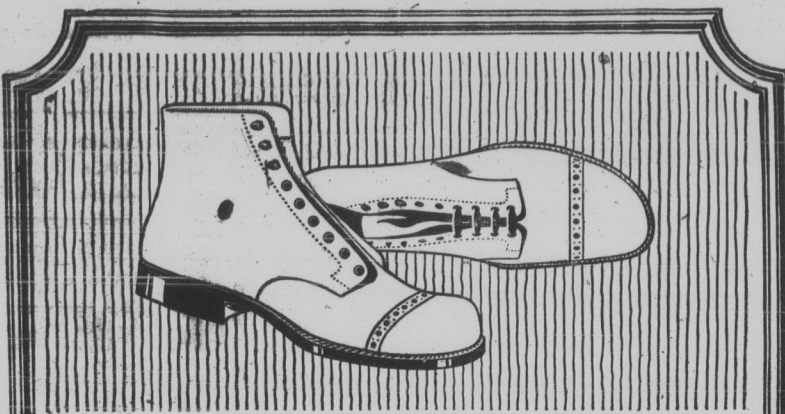

Considérant qu'à Shoolbred, dans le dit Comté, nous avons la PQ Lumber Co., successeurs de Messieurs Donat & Miland, dont nous avons eu si longtemps à déplorer l'inactivité. Depuis deux ou trois ans seulement cette Compagnie est installée à Shoolbred, on exploite les limites de la Rivière Shoolbred; en hiver on emploie un bon nombre de gens, mais en été, comme aux autres places on est obligé de chaumer. La dite Compagnie est à bâtir une scierie à Dainhouse, dans la Province de Nouveau Brunswick, et on est à faire les préparatifs pour transporter le bois dans cette Province;

Considérant qu'il résulte de tout ceci, que notre principal industrie qui est appelée à faire prospérer la Partie Est de la Province de Québec, est sur le seuil de la ruine;

Considérant que sous l'état actuel des choses, outre les salaires qu'on paierait à nos journaliers, nos marchands sont, par ces faits, considérablement atteints, nos municipalités qui tiraient un bon revenu de ces compagnies, se voient privées des impôts que reçoit une autre Province; nos journaliers qui n'ont de l'ouvrage qu'en hiver sont privés du salaire nécessaire pour donner aux enfants l'instruction si enviable chez nous; on est privé du nécessaire et on voit même la misère sur le seuil des braves familles, espérant que cette anomalie des choses va disparaître, et dans cette vaine attente on puise les emmises au fait que nos revenus sont enlevés par une autre Province, qui, en nous enlevant nos industries, nous ôte aussi notre marché.

Considérant que le cultivateur du Comté de Bonaventure possède de bonnes terres fertiles, cependant il devra les négliger, et pour cette raison que pour vendre son produit, il lui faut donner son profit pour le transporter au Nouveau Brunswick;

Considérant que si dans la Province de Québec en général, et dans le Comté de Bonaventure en particulier, on gardait nos industries, si après avoir passé un grand hiver dans les chantiers nos journaliers pourraient

For the well-dressed man who prefers a medium broad toe. Made in black or tan calf and kid with medium weight sole—\$6 to \$10.

You Can Buy Quality Shoes at Fair Prices

EVEN today—when the cost of every item in the make-up of a shoe is far above the normal—you can get satisfactory shoes at fair prices if you will buy prudently. The service you get for your money will largely depend upon your own wisdom and foresight when buying.

As Canada's largest manufacturers of shoes, we ask you to buy prudently, to practise true economy, to avoid extravagance.

There are three things you should do:

First: Buy for service rather than merely for appearance.

Second: Go to a reputable dealer and benefit by his knowledge and experience.

Third: Look for the manufacturer's trade-mark on the shoes you buy.

If you will do these things, we can assure you of the best possible value for your money.

A. H. M. War-Time Selections offer special value for men, women and children. Ask your dealer for them.

AMES HOLDEN McCREADY LIMITED

"Shoemakers to the Nation"

ST. JOHN MONTREAL TORONTO WINNIPEG EDMONTON VANCOUVER

When you buy shoes look for—this Trade-mark on every sole

anticiper le plaisir d'un bon salaire pendant l'été, si chaque automne lorsque le cultivateur s'occupe de ses récoltes, il aurait un bon marché chez lui, en fin si notre industrie nous était laissée la prospérité regagnerait de part et d'autre parmi le public en général, et l'individu en particulier;

Qu'à ces fins le dit Conseil du Comté nomme trois Délégués d'entre ses membres pour procéder à Québec, en compagnie avec le membre local de l'Assemblée Législative, pour mémorialiser et attirer l'attention des autorités du Gouvernement Provinciale à l'égard de ce Conseil de Comté pour l'état anormal de l'industrie du bois dans le Comté de Bonaventure, et mentionner;

De Plus qu'il soit résolu qu'une copie de cette présente résolution soit transmise aux Délégués nommés par le Conseil, au membre local de l'Assemblée Législative, et chacune des municipalités rurales du Comté—Adopté.

Proposé par le maire Ferlatte, secondé par le maire Dugas que les Membres suivants soient nommés les Délégués.

ROY HAD SPIRIT OF HIS RACE

How the Captain's Boy, Mackinnon, of the Cameronia Helped to Allay Panic.

In the report of the torpedoing of the Anchor liner Cameronia with troops in the Mediterranean last summer, mention was made of the splendid conduct of the captain's boy Mackinnon. This youngster was on the bridge with the captain when the ship was struck, and he did much to allay the excitement by shouting through the megaphone to the troops, "keep your heads, men. Dinna get excited. It's a' right. Nae hurry," and so on. The sight of the small boy with a megaphone as big as himself advising the soldiers to keep cool made many laugh and quieted many nerves. The boy did many other things, and at the end the captain found he had disobeyed orders and was still on the bridge when everyone else had left the ship. When the captain told him to "clear out," he said, "I'll no go till you go, sir." The captain then caught him by the coat and slung him overboard into the destroyer before jumping himself. An eyewitness on the destroyer described seeing the captain and the boy on the bridge of the sinking ship. I hear now that Mackinnon went down in the Tuscania. Probably he beached there as he did on the Cameronia, and the death he just missed in the Mediterranean came to him off the Scottish coast. In the list of heroes of our mercantile marine there ought to be a place for this gallant wee Glasgow lad—London Correspondence of the Manchester Guardian.

ONLY MADE MATTERS WORSE

Small Girl's Efforts to "Fudge" on Unfortunate Remark Could Not Be Called Successful.

A number of women were discussing Liberty bonds one afternoon in a neighbor's house. Almost unnoticed a little neighbor girl had entered. At this point in the discussion she exclaimed: "Well, my aunt says she might just as well buy a Liberty bond as to be taxed."

Her remark caused a good bit of comment. One guest, who has a son in the service, became very indignant, and exclaimed:

"The ideal. Buying a bond to escape taxation! That's patriotism for you! That makes me tired—anybody as able as she is to buy bonds, or anything."

With that last remark the speaker "flew" out of the house.

The little girl, beholding the strife and bad feeling she had stirred up, tried to "fudge" on her remark, explaining that it wasn't her aunt who made the remark, but some other woman. The neighbor women held her to her first remark, and were making it pretty "warm" for the little girl, when she finally burst out with:

"Well, you don't know how much it costs my aunt to live; and how much it costs her to take that trip to Niagara Falls!"

The laugh with which the women greeted this innocent remark was sufficient to send the loyal and innocent girl running from the room. Truly her "lines" had not fallen in pleasant places" that afternoon.

Luxury Market Hard Hit

"Don't try to sell luxuries in New Zealand." This is the advice United States Consul General Winslow gives American merchants in a commerce report.

No. New Zealand is not pinched for money. Its wallet is well filled. There is no particular necessity for retrenchment," as the consul puts it, but the public is opposed to the purchase of luxuries, especially luxuries that have to be imported, thereby using tonnage needed to head off the U-boats.

Trinidad, too, and the whole of the British West Indies, is abstaining from use of imported goods. This has caused the population to change its whole menu, for many foodstuffs were formerly imported. Now the people eat home-grown plants that only the animals ate before. They like the new diet so well they say they will never again import any staple food except cornmeal.

Little Profit in Salt

A recent investigation by the bureau of mines proves that a salt famine in the United States is unlikely, says the Popular Science Monthly. At the same time it was established that owing to the low price of salt and the abundance of its supply there is but little profit in the salt industry, although the American salt works have supplied in recent years practically all the salt consumed in the United States. What a pity—for the profits—salt is not used in munitions!

How He Knew

Officer (examining German prisoner)—So you knew there were Americans in the trenches opposite you, did you? How did you come to find out?
G. P.—Dot voss easy, Herr Oberst! It voss all quiet dere for a long times, und dann, von morgen, ve heard some potty shout out, "You —!" Denn ve knew dere voss Americans dere.—Stars and Stripes.

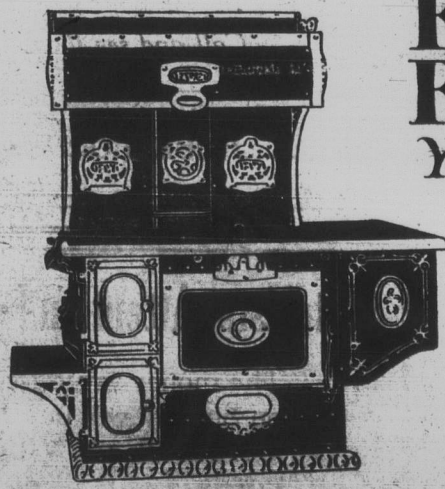

Simple Menu

"You don't appear to object to these food restrictions."
"I don't see any restrictions worth mentioning," replied Mr. Comrox. "I have been for years wishing I could sit down in the best restaurants and order cornbread and cabbage and potatoes right out loud."

Fawcett

Ranges, Heaters and Hot-air Systems guarantee you this

HOW? WHY?

Fawcett Grates are all made to admit an immense amount of air from below the fire which forces the fuel to burn entirely to a white ash.

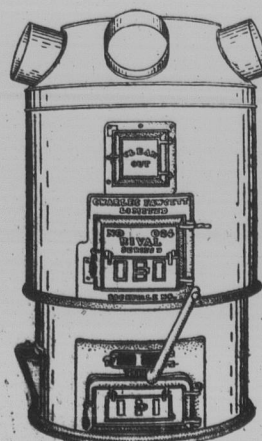

Fuel burns longer and the gases and smoke are converted into fuel, because the fire boxes in Fawcett Ranges and Heaters are all built with hot-blast, smoke-consuming devices which burn the hot gases and smoke, thereby saving half the fuel.

These are only a few Fawcett features. Others can only imitate.

RESTIGOUCHE BOYS
KILLED IN ACTION

Homes Mourn for Sons Who Have Made the Supreme Sacrifice.

Mrs. James Black of River Louison received the sad news last week, that her son Gunner Willard Fraser Black has been officially reported killed in action, Sept. 11th. Gunner Black enlisted April 3rd, 1916 with the 58th Howitzer Battery, C. F. A., in Fredericton. He went overseas in September and spent a few months in training in England and crossed to France with a draft to the 15th Field Battery, and had been on active service there for nearly two years.

Gunner Black was twenty-two years of age, and a bright young man. He had never been sick or wounded and his bright cheery letters filled his

Gnr. WILLARD F. BLACK
Killed in Action.

"Greater love hath no man than this, that a man lay down his life for his friends."

friends with the hope that they would see him again. But he has given his life for King and Country.

The following letter has been received by Mrs. Black giving particulars of her son's death.

France,
Sept. 15th, 1918.

To Mrs. J. Black,
Louison, N. B.

Dear Mrs. Black:

It is with deepest regret and sympathy that I inform you of the particulars of the death of your son, No. 326932 Gnr. W. F. Black, on the evening of September 11th.

He was standing beside his gun, waiting for orders, when a shell exploded near by, a fragment of which struck him, killing him instantly. It was one of the misfortunes of warfare as the shell dropped far enough away to do no harm in ordinary circumstances, but it so happened that Willard was right in line of this small fragment and it was his fate to pay the supreme sacrifice.

Your son was one of the ablest gunners in my battery, and it was only three days before that I had submitted his name for Bombardier. He was a willing industrious worker. He was never too tired to help any one, and was a general favorite with all the men, and his loss is severely felt by the entire Battery.

His body is buried in a Canadian Cemetery some distance behind the lines, together with others of his comrades who have fallen, and the Battery is to-day erecting a cross to his memory.

I know that nothing I can say or do will in any way compensate for the loss of one so dear. But I must assure you that your boy met the death of a Christian Soldier nobly performing his duty to God and Country.

I am,
Yours respectfully,
R. S. SPARLING,
Lieut.

O. C. for 16th Battery, C. F. A.

By a telegram received from Ottawa, Mr. Amsia Thompson of Dawsonville received the sad news that his son Pte. Neil Thompson had been killed in action on Sept. 2nd.

Pte. Thompson enlisted in August 1915 with the 64th Battalion at Sussex, later being transferred to the 104th and going to Woodstock, N. B. where he was in training until July 1916 when he sailed for overseas. After remaining in England for a year he was sent to France with the 26th Battalion but was again drafted later on into the 78th Battalion.

He was 26 years of age and a member of the Anglican Church, highly respected and a favorite with his neighbors and those who knew him, the news of his death has cast a gloom

MEMORIAL SERVICE
AT DALHOUSIE

Impressive Service Held in St. Mary's Church in Honor of Frederic Pallen.

Dalhousie, Oct. 8.—An impressive Memorial Service was held in St. Mary's Episcopal Church on Sunday evening last in memory of Private Frederic Pallen recently reported killed in action.

Rev. R. J. Coleman in the following address very feelingly spoke to the large congregation of the boys who have given their lives for freedom and justice. The following is a synopsis of his address:—

God is love. The smoke of battle rises in thick clouds and obscures that fact. Lust for conquest, disregard for the right of others, has dominated the policy of Germany for the last forty years and more. But the hour is coming, when such evils shall be banished from the world. Justice, hope and love will yet win the day.

"Truth, crushed to earth, shall rise again.

The eternal years of God are hers; But error, wounded, writhes with pain,

And dies among her worshippers.

Our brother, Frederic Pallen, whose death we mourn to-night, has nobly done his sphere to bring this about. He sleeps his last sleep. His shattered body is somewhere in France, awaiting the coming of the Lord and the resurrection of the dead. His sacrifice brings nearer the day of victory. He, and others like him, died that we may live. These splendid fellows have laid down their lives that you and I might be saved from the pitiless cruelty of the unrepentant Turk, and from the coarse brutality of the Hun. These splendid fellows have laid down their lives that this flag, which stands everywhere for justice and liberty, might be sustained. They gave their lives, these gallant fellows, that the world might not be prussianized.

The ever increasing casualty lists scanned with anxious eyes, as they are published day by day. They bring home to Canadians, that Canada is at war, and they teach the plain lesson that to accomplish anything truly great and noble, costs. Proud we are of our men in this war, but proud to know that the present war is in the line of human progress. In pre-war days, the enemies of Britain were decided in their own opinions that we were a decadent race, that our best days were behind us; and not a few among us had a trembling fear that such statements were largely true. But the war has proved that we were poor judges of the men of our time. "Rarely equalled, and never surpassed," is the only judgment we can pass upon the heroism and self-sacrifice that this colossal struggle has evolved. Our heroic dead were not professional soldiers. To them, war was inde-

scribably hateful, but they fought, under a sense of duty and the dangers and privations of a soldier's life. As we think of those brave dead, the great words of Milton rise to our lips:

"Nothing is here for tears, nothing to wail,
Or knock the breast, no weakness, no contempt,
Dispraise or blame, nothing but well and fair,
And what may quiet us, in a death so noble."

We, who stay at home, will reap the benefit of the sacrifice made by our brother, and the men who to-day are fighting, and dying for justice and freedom. Are we going to prove ourselves worthy of the sacrifice they have made, or are making? It is said that a wonderful spirit of brotherhood has been born among the men in the trenches. The wretched racial distinctions and the sectarian and social distinctions, which cause so much unhappiness here, are forgotten there. What about ourselves. Is this terrible struggle in which we are engaged, going to open our hearts and enlarge our souls, so that we shall be able in the future, to fix our minds on the big things that unite us, rather than on the petty things that divide? In the past few years, there has been a good deal of talk about the re-union of Christendom. It has been talk, and little more. We must learn a great deal more about charity and toleration, before we can settle down to the actual work of re-union. "The churches must get together. The churches have been busy insisting on their separate denominations. The world in the meantime, has forgotten God. The Great question just now is whether Jesus Christ is to be the Lord of the world or not. Let us, who believe in Lord Jesus Christ, insist by word and deed, that he is Lord of men, that his teachings are the one foundation on which alone, men can stand and live, and work, that his teachings are the only foundation on which men can hope to live in a spirit of good-will and brotherhood. Let us who believe in Jesus Christ, insist by word and act, that the acceptance of Jesus Christ and His teaching can alone save the world from war and

distraction; that nations must base relationships on His teaching as individuals, and that the Kingdom of the world must eventually become the Kingdom of the Lord Christ. There are the big things of life. Let us teach them by word and by deed. So shall we put to good use, the privileges secured to us and to our children by the life-blood shed on the battlefields of France and elsewhere.

WEDDINGS

BROWN—MACKAY.

Married at Campbellton, N. B., Oct. 1st, by Rev. J. F. Rowley, Mr. Edgar Brown and Miss Isabel MacKay both of Escuminac, Que.

LITTLE—BECK.

On Wednesday Oct. 2nd, 1918 at Trinity Church, Brockville, Ont., by the Rev. D. Woodcock, Ethel A., second daughter of Mr. and Mrs. J. W. Beck, 2679 Hutchison St., Montreal, Que., to Elmer F. Little of Revelstoke, B. C.

MANN—HANSOM.

A quiet wedding was solemnized at the home of Mr. Wm. Hansom, Flat Lands, N. B., on September 28th when his daughter Elmira J. was united in marriage to Mr. Ephraim J. Mann of Matapedia. The Rev. C. P. Wilson performed the ceremony in the presence of friends and relatives, the bridal couple standing under an arch of maple leaves, the rooms also being tastefully decorated.

After the ceremony supper was served. Many beautiful gifts were received testifying to the popularity of the bride.

TWO LIQUOR CASES.

A Balmoral resident who got on the train at Bathurst last Friday afternoon was not able to carry home a bottle of "O be Joyful" as Inspector T. Mann happened to be on the same train and took a strong liking to the stuff himself. He appeared before Judge Matheson on Saturday and was fined \$60 and costs. Another man appeared before His Honor yesterday and was fined \$50, and costs for infraction of the Liquor Law.

DO NOT NEGLECT
YOUR EYES

We hear much of people who sacrifice everything to sartorial splendor. They would go without dinner every day for a new pair of shoes.

Sacrificing health for appearance is not good policy—it does not make for health a real happiness.

Not only do you squint and frown when you neglect your eyes, but you seriously injure your health.

Better have a careful examination made.
