VISITORS' DAY BETTER THAN WAS EXPECTED

Youngsters Swarm in Thousands to Western Fair Grounds Today. BEATING ALL RECORDS Crowds Larger Than Even Those That Attended Exhibition Yesterday. CHILDREN OUT EN MASSE School Holiday Gives Them Opportunity to See the Sights.

Today fulfilled the most sanguine hopes of the Western Fair directors. The weather was again magnificent, and the crowds were as great if not greater than yesterday.

Officially this is "Visitors' Day" at the Western Fair, but the school children, availing themselves of the two days' holiday declared by the board of education, have taken possession. They are the most interested, as well as the most interesting, visitors on the grounds, taking the keenest delight in all the wonderful things exhibited.

The biggest rush of children occurred in the early afternoon hours, when the youngsters came out in their thousands, with their parents, and the final result was a record for the day.

On a motion by William Moore, it was decided to recognize the bravery of Gordon Wiley, 115 Edward street, the lad who climbed the water pipe of the horticultural building when fire broke out in the roof last night, and, by tearing out some of the shingles, prevented the blaze from spreading.

Secretary A. M. Hunt was instructed to invite all the commissioners and aldermen to take lunch with the directors at noon tomorrow.

This morning the grand parade in the ring of all the prize-winning animals again attracted a large crowd of interested spectators into the grand stand.

The band of the Twenty-second Regiment, from Woodstock, was out at the grounds by 10 o'clock, and during the morning played in the band stand. In the afternoon the bandmen shared with the Seventh Band the duties of an orchestra during the grand stand performance.

On one line of stalls, where the sheep exhibit from the dean of Peter Arkell & Sons, Teaswater, was quartered, were displayed no less than 250 first, second, third and fourth prize ribbons and rosettes won in Saskatoon, Toronto and London during 1914.

Von Hindenberg, flushed with victory against the Russians on the East Prussian frontier, has been urgently summoned to command the western army.

60,000 CANADIANS TO BE PLACED IN THE FIELD

Second Force To Be Organized Immediately After First Contingent Has Sailed—17,000 Men in Next Detachment-- Replacements Will Increase the Total.

Ottawa, Sept. 17.—Preparations for winter mobilization of forces in Canada have already begun.

The British war office expects 40,000 men from Canada. As soon as the first expeditionary force sails there will be a mustering at the various Canadian centres of more men.

The whole Canadian force is being prepared for two years' service. It is estimated that 60 per cent of a military force on active service will have to be replaced each year.

At a dollar and ten cents a day for privates, and pay in proportion for officers, the Canadian soldiers will be the most highly-paid of any in the war. They will get more than twice the sum paid to the British soldiers, and a good deal more than the allowance of the French, Russian or German soldiers.

It notified the Government to this effect today. In the past members of the league frequently have sacrificed their property rather than pay taxes.

GERMAN ARMY CONTINUES TO FALL BACK UNDER GRUPELLING ATTACK OF ALLIES

GERMAN GENERALS ARE NOW BEING REMOVED

Berlin, Sept. 17.—A wireless telegraph report given out at army headquarters at midnight says that the French front remains unchanged. Owing to illness, Gen. Von Hausen, former commander of the second or Saxon army, has been replaced by Gen. Von Elnen, former minister of war. Gen. Von Hausen is 68 years old.

AUSTRIA-SERVIA WERE NEAR PEACE

But Germany Would Not Permit Aversion of the War Already Planned.

COLD TRUTH COMES OUT

British Ambassador to Austria Officially Exposes Germany's Game.

[Canadian Press.] LONDON, Sept. 16.—7:40 p.m.—The foreign office issued this evening the form of a white paper the report of Sir Maurice De Bunsick, late British ambassador at Vienna, on the rupture of diplomatic relations with Austria. In which the ambassador declares that Austria and Russia had reached an agreement on the Austro-Serbian dispute when their conversations were cut short by the transfer of the dispute to the more dangerous ground of a direct conflict between Germany and Russia.

The ambassador says that although two days previous he had refused to consent to the continuance of the conversations at St. Petersburg, Count Von Berchtold, the Austro-Hungarian Minister of Foreign Affairs, on July 30, although Russia had been partially mobilized, agreed in a most friendly manner that the conversations should be continued.

Peace Was in Sight. "M. Sazonoff had accepted this proposition on condition that Austria would refrain from actual advances in Serbia. Austria, in fact, had fully yielded, and that she herself at this point had good hopes of a peaceful issue being shown by the communication made to her on the first of August by Count Mensdorff (Austrian ambassador at London) that Austria had neither changed the door on compromise, nor cut off the conversations.

German Rushed Things. "Germany intervened on July 31 by means of her double ultimatum to St. Petersburg and Paris. These ultimatums were of a kind which only one reply was possible, and Germany declared war on Russia, August 1, and on France August 3, where she is awaiting the all probability have saved Europe from one of the greatest calamities in history.

In Switzerland They Exchange Civil Prisoners. Bureau Established for Trading and Delivering Them at Border.

[Canadian Press.] PARIS, Sept. 16.—4:10 p.m.—A Havas Agency dispatch from Bern says that the Swiss Government has established a bureau for the exchange of civilian prisoners. Representatives of the belligerents will go to places where such prisoners will be brought together for exchange with certificates showing the number of each, and personally and personally conduct these to the frontiers of their own country.

HAD TO KILL SOME ONE! PARIS, Sept. 16.—8:41 p.m.—A Saxon officer, a prisoner of the French, declares that near Malines the German artillery annihilated a Prussian regiment, which it had mistaken for French. He says also that in a frontier village two battalions of German infantry fired upon each other until there was scarcely a man of either left.

DO GERMAN PLAN TO INVADEN POLAND? Capture of Warsaw Would Save East Prussia and Divert Russians From Galicia.

[Canadian Press.] LONDON, Sept. 17.—3 a.m.—The Daily Mail's Petrograd correspondent, describing the possibility of a German invasion of Poland, says: "It is believed the Germans now have concentrated 750,000 men in East Prussia, a far greater number than is required for a mere defensive movement. It is therefore probable that the object of the next German concentration is an invasion of Poland, and an attempt to capture Warsaw."

IS JUST ANOTHER OF GERMANY'S LIES. WASHINGTON, Sept. 16.—A cablegram from London, made public tonight by the British embassy here, says: "The statement that German sailors in the water were fished up by an entirely untrue and scandalous statement."

GERMANS PREPARING FOR BATTLE IN HILL COUNTRY

Dig Entrenchment and Get Reinforcements—Von Kluck's Army Still in Dangerous Position—Gen. Joffre Believed to Command Initiative.

LONDON, Sept. 17, 3:35 a.m.—The German right wing is now encircled by the allies, according to an Amiens dispatch to the Daily News.

[Canadian Press.] LONDON, Sept. 16.—3:20 p.m.—The German army, which less than a fortnight ago was "at the gates of Paris," and right the wing of which then extended to the southeast of the French capital, is tonight drawn up almost on a straight line, extending from the north of the Meuse, north of Verdun, with its left resting on the German fortress of Metz. Thus the right wing of the army has also to retire before the whole could find ground on which to make another stand against the advance of the allies.

Preparing to Resist. These counter attacks were doubtless given this time with a view to giving the troops of the right wing, exhausted by the long advance, followed by almost as long a retreat, the opportunity of resting and preparing positions from which they could resist attacks from the allies, and from which they could await reinforcements before taking up the offensive again.

Cover Line of Retreat. It is essential, however, that they should hold their positions, for they would be the only way out if they were defeated. That they realize this is shown by the fact that they have been contesting every foot of the ground with the allied armies the last two days, and that both sides have suffered heavily.

German Left Driven Back. The German left has been driven back a little farther than the centre, and holds the ground from west of the Argonne hills, north of Varennes, which the French have occupied to the Meuse, which it crosses at Consenvoye, and thence southward to Metz.

BRITAIN HAS CUT OFF ALL GERMANY'S WHEAT SUPPLY. ROME (via Paris), Sept. 16.—9:33 p.m.—Reports received here from Germany describe the situation as becoming somewhat critical, owing to the great number of unemployed, the high cost of living and the scarcity of the necessities of life, especially wheat.

**HELP THE BELGIANS.**

IN Canada many of us still regard the European war as a great spectacle. We do not catch the personal meaning of it all. It is appalling. It is about all we can say of the tremendous strife and slaughter. But the Belgian side of the controversy should have a real appeal. We have seen in the war pictures lines of suffering women and children. Every man, woman and child of them sacrificed something for us. In cleaving to the ideals by which our home life is shaped, these happy, prosperous people gave up everything.

As a London clergyman stated to The Advertiser, these Belgians undoubtedly saved the situation for the world. Without their bold resistance, Britain's expeditionary force might have counted for nothing. Paris would have been taken and the Russian attack met with a stonewall resistance. Belgians have given the strokes that counted most in this war. Even now their handful of troops is battling with the Germans, cut off though they are from the great armies of the allies. There is a heroism that is not outshone in all history's glorious pages. Peace-loving, they fought only when their national honor was assailed. A kindly people, led by a true monarch, a knight who has won the world's deepest respect.

**A NATION AT PRAYER.**

INFLUENTIAL Protestant and Roman Catholic ecclesiastics in the United States are entering into the spirit of President Wilson's call to national prayer on October 4. The proclamation issued by the nation's chief executive is in itself fit to be the prayer which the Americans might offer. It bespeaks the man and his simplicity. As a man, his heart was bitterly torn by his recent bereavement; as a leader of men he sorrows for the world and calls his countrymen to a profound expression of their desire for peace. In Wilson's cabinet are some great Christian leaders. Those who heard Bryan's "Prince of Peace" lecture in this city will realize how strongly the great war will press upon him. Wilson, the son of a Presbyterian clergyman, brings something of the iron-sided Puritanism lack into the republic. His call to prayer will rank with the great expressions of the presidents. It is as follows:

**A FATAL ACCIDENT.**

Whereas, great nations of the world have taken up arms against one another and war now draws millions of men into battle whom the counsel of statesmen has not been able to save from the terrible sacrifice; and whereas, in all things, it is our privilege and duty to seek counsel and succor of Almighty God, humbling ourselves before Him, acknowledging our weakness and our lack of any wisdom equal to these things; and whereas, it is the especial wish and longing of the people of the United States, in prayer and counsel and all friendliness, to serve the cause of peace;

and any half-way measure would simply mean that the task would have to be essayed again. To carry this through to the end may involve tremendous carnage. But if democracy is to come triumphant from the present struggle, there can be no concessions to the Kaiser.

**THE WAR BOOK.**

COULD anything surpass the smoothness and swiftness with which the Asquith government handled the awful situation of sudden war? In one week commercial and financial affairs, as well as the military and naval arrangements, were in perfect order—not a ruffe anywhere. The secret of such more than German preparedness is to be traced in the labors of the Committee of Imperial Defence, and its small permanent staff.

**A BEWILDERED PROFESSOR.**

To point out, as do ardent Germanists like Professor Muensterberg, the loyalty of the German people and their willingness to fight does not in the least detract from the view that constitutional statesmen from civil life with responsibility to a body like the House of Commons would have acted with greater deliberation and taken chances on the side of peace rather than upon that of war.

**KILLING OFF THE RACE.**

From the Christian era to the present time, as statist and historians tell us, there have been less than 240 wars. Up to the middle of the nineteenth century, it was roughly computed that nearly 7,000,000 men had died in battle since the beginning of recorded history. Europe would have almost five times the present estimated population of the globe.

**DESTROY KRUPP'S.**

It is interesting to recall what the distinguished military strategist, Gen. Nozi, said at the time of the siege of Port Arthur, and note how accurately he located the field on which the future Europe would be fought out and determined. His words were:

**As Human As a Meat Chopper Are Germans Says Writer**

and any half-way measure would simply mean that the task would have to be essayed again. To carry this through to the end may involve tremendous carnage. But if democracy is to come triumphant from the present struggle, there can be no concessions to the Kaiser.

**TEACH 'EM TO SHOOT.**

If Canada is to have an efficient military department, there's got to be a let-up to this insane desire to build drill sheds at every crossroad. Earl Kitchener's motto should be pasted in Hon. Sam Hughes' hat: "Teach them to shoot."

**BEATING THE BIG BULLY.**

Peace is on the way. The combined French and British navies will make for peace founded on a decent respect for the opinions of mankind, and the rights of weak, neutral states. The big boys in the school of nations are whipping the bully who abused the little fag. This war is only Tom Brown at Rugby on a continental scale.

**THE SCOTS AT ST. QUENTIN.**

When the Scots Greys and the Black Watch charged together into the German ranks—one Scot on horseback and another running with a grip on the stirrup leathers—the enemy broke and fled and surrendered.

**GENERAL NOGI'S PROPHECY**

Lost, on Monday, in a Richmond street car, one knitted choker belt, Finger please return to Hyman Hall as soon as possible.

The thanks of the society are due for roller bandages and to handkerchiefs from the Ladies' Aid of Sutherland Church, Longwood, per Mrs. W. A. Harrison.

From Valcutt, a special extra message has come through Major Leonard, from the men of the Battery, saying how much the gifts have been appreciated.

The work at the rooms at Hyman Hall is again in full swing, and on Tuesday the committee were all very busy cutting and distributing work.

OLD SONGS AND POEMS

Songs Received. "Down on the Farm," sent by Peggy Martin; "Twenty or More," sent by "Const. Reaver"; "The Old Gramp," sent by "B. D. V.," "Roll on Silver Moon," sent by "A. R. B.," "Old Musician and His Harp," sent by "Persian Canadian," "Gypsy's Warning," sent by "Brownie" and "Pat's Pet."

The Gypsy's Warning. Do not trust him gentle lady, Though his voice be low and sweet, Heed not him who kneels before thee Gently pleading at thy feet.

Keep your gold I do not wish it, Lady, I have prayed for this. For the hour when I might sell him, Gentle lady, do not wonder.

The Drummer Boy. Drummer boy, drummer boy, where are you speeding, Rolling so gaily your hold ratapan? "I go where my country my service is needed, Rolling so gaily my hold ratapan."

Soldier boy, soldier boy, where are you going, Bearing so proudly your knapsack and gun? "I go where my country my duty is showing, Bearing so proudly my knapsack and gun."

When will you come again, soldier boy playing, Drumming and waving, and bearing the gun? "Not while our country shall bid us be staying, Drumming and waving and bearing the gun."

"Ratapan-pan, not a 'white feather' Follow the glorious red, white and blue; Sing us a song as we gaily are going, Sing us a song, then adieu, boys, adieu."

CARE OF THE BABY. When a normal baby is three to four months old, he begins to notice things. He smiles, plays with his fingers and recognizes his mother, nurse and other members of the family.

A nursing baby should gain four to six ounces a week. A bottle baby, at the first six months, when its stomach has become accustomed to cow's milk, should gain just as rapidly.

Teething. The two central lower teeth generally appear about the fifth month, though they may come later. Teething time varies in different families, and will be affected by the child's health.

Too often does the girl who had naturally beautiful hair, when she reaches the period of keeping late hours, overexerting and eating irregularly food, rich but not particularly nourishing.

It must be admitted that it is not altogether the envy of her plainer sisters frequently appears faded and haggard at twenty, when she should be entering on her most attractive period.

It Looks Now as Though the Only Way the Giants Will See the World Series Is From the Grandstand.

QUALITY OF BASEBALL LOWER THIS SEASON THAN USUAL—NATIONAL LEAGUE HAS ITS WORST YEAR.

Tri-o of Stars who boosted their teams three major leagues.

Just what to think of Cleveland is hard to figure out. The team is spotted and filled with bone, but it ought to have done much better than it has done. The National League presents a problem for the club owners and league officials to study over. There is not a team in the league that could have run one two-three even three years ago. It is the weakest National League since the American League raided it and took most of its stars. Pittsburgh, much weakened on the infield by the slump of Merkle and Doyle, weakened by the inevitable wearing down of the pitchers, with the catching staff slipping and constant changes, it evidently had a magnificent pitching by Tyler, Kucich and James. St. Louis seems impossible, with makeshift infielders, transformed line-up and constant changes. It evidently has played far above its true speed during the recent months, and covered up team weaknesses by spurts of great pitching.

FRANK CHANCE MAY RETURN TO CUBS

STRICTLY AMATEUR BUT WILL PLAY FOR MONEY. Sporting Editor, Advertiser: The MacCabe Ball Club of London hereby challenge the McLeod-Nolan team to a game of baseball to be played at any time or place, suitable to Commercial League winners. The manager of the McLeod-Nolan team promised the MacCabe a game several weeks ago, and also last Saturday, after they defeated the Orioles. The MacCabe are a strictly amateur club, and are able to hold their own with any team in London, but if McLeod & Nolan think they are not a team worth consideration from them, we are willing to meet and play them a game for a stated sum of money on any diamond in London. This challenge is open to any amateur club in the city.

ALSO ATTRACTIVE TO CITY MEN

Taking Advantage of the Special Bargains at Semi-Ready Store for Fair Week. Designed for the out-of-town visitor to the exhibition, I must my special bargains are attracting the home boys fully as much, and yesterday we numbered among our customers people from Toronto and Buffalo. "The Semi-Ready Stores are known everywhere as the right place to get the right things. When we advertise a bargain, folks know that it is a genuine price reduction on real good goods; for we never sell nor buy the cheap and tawdry," said Tom L. Hayward, in speaking of the success of his sale of men's furnishings. "The English socks, 5 pairs for \$1.00 are going like hot cakes on a cold day. Coat sweaters for \$3.50, regular \$5.00 value, will save the price of a new fall overcoat. Fine wool underwear, with fine, smooth wool for tender bodies, at 2 suits for \$5.00, will save the buyer just \$3.00 or \$1.50 saving on each suit. "New gloves at a dollar that are worth \$1.50 are also selling well, for they are real winter gloves. The fall hat opening with new hats for \$2.00 and \$3.00 for which city stores ask \$4.00 and \$5.00, have the added saving of 50 cents for your old hat." The Semi-Ready Store is open from early-morn until late at night.

ST. THOMAS ENTRIES COPPED BOTH RACES

Grocery Boy and Eldon Todd Took First Money. BIG CROWD SEES RACES. Only Three Heats Necessary for Grocery Boy to Carry Off the Pacing Event. St. Thomas horses took first money in both races at the Fair Grounds yesterday. A. C. Leakey's Grocery Boy winning the 2:17 pace in straight heats and Eldon Todd, a black mare owned by Baines' Bros, took the 2:50 trot after five heats. The pacing event was remarkable for the fact that in all three heats the first two to finish in each case made exactly the same time in each case. Grocery Boy did all three heats in 2:15 1/2 and Eldon Todd finished second, went 2:15 1/2 each time.

FEDS. ASK CHANGE TO PARTICIPATE IN WORLD'S SERIES

Gilmore Writes Members of National Commission. PLEADS FOR A TRUCE. Claims World's Championship Cannot Be Settled by Two Leagues. CHICAGO, Sept. 16.—A chance for the Federal League to participate in the world's series was asked today in a letter from James A. Gilmore, president of the Federal League, to members of the National Baseball Commission. In a plea for a truce in the interests of the supporters of the game, Mr. Gilmore declared that the National Agreement did not prohibit the clubs in organized baseball playing an outside club, outlined the claims of the Federal League to be regarded as a major league, and contended that no club could rightfully claim the world's championship until it had met the pennant winner of the Federal League.

LEADERS TRIMMED BY THE BISONS

Three-Cornered Tie for First in International. FINAL GAME AT BUFFALO. Timely Hitting and Almost Sensational Support Bring Victory. BUFFALO, Sept. 16.—In the last game of the Bisons on the home grounds, the Bisons today beat the Hustlers, 2 to 0, establishing what is virtually a three-cornered tie for first place in the International League. The Bisons, Rochester and Providence, were hit frequently in the early innings, won by the Bisons.

LONDON PLAYS HANOVER TEAM AT FERGUS TODAY

Local Players Are in Good Shape, Having Practiced All Week. The London lacrosse team will meet Hanover today in Fergus in the sudden death game ordered by the I.L.A. to break the tie on the ground. The team left early this morning for Fergus, and all the regulars made the trip. Manager Mike Collins has had the boys working out at Tecumseh Park every night this week, and he says they are ready for the hardest battle they have yet participated in. The players are confident of winning. A number of local enthusiasts are making the trip to Fergus by auto, and they will help the boys along as far as rooting is concerned.

THREE NEW RECORDS HUNG UP AT DETROIT

R. H. Brett Sets New World's Sixth-Heat Mark. KING CLANSMAN WON TROT. Took Richest Trotting Stake of Week in Three Straight Heats. [Special to The Advertiser.] DETROIT, Sept. 16.—Three new world's records were established here today when the Philadelphia gelding, R. H. Brett, won the sixth and final heat in the 2:04 pace in which five heats were raced yesterday. It was a duel all the way between Brett and Peter Stever, the former winning in a furious drive in 2:03 1/2, a new world's sixth-heat record, and the record of Brett, 2:03 1/2, is the best by a four-year-old gelding.

ISAAKS AND TROUT SHOWING SOMETHING

Toronto Star: The only redeeming features of the Leafs' work during the game were contributed by Capt. Eddie Fitzpatrick and the two Canadian Leaguers, Isaacs and Trout. Fitz engineered a fast double play after making a brilliant stop of a hard grounder. Charlie Isaacs' work caught the eye. He scooped up hard grounders with one hand and handled slow bunts in great style. In fact, Isaacs' work yesterday was the best exhibition given by any third baseman in Toronto this season. Trout cut off a two-base hit with a running catch in right-center. He also contributed a hit that drove in one of the Leafs' runs.

STEMP, OF BALTIMORE, IS QUOTING CHAMPION

WOODSTOCK, Sept. 16.—The Dominion sporting tournament was brought to a successful close this afternoon when the final game for the championship and enthusiastic crowd witnessed a contest, which was won by W. Stemp, Baltimore M.D., who, in Toronto, recently won the Ontario championship. He defeated Mr. J. McQueen, Toronto, who played an excellent game throughout, and it was difficult until the very last to choose the winner. After the last quip was pitched, several speeches were made, and the prizes presented. Mr. Stemp also won the beautiful silver cup which is emblematic of the Dominion championship. Mr. Frank Hyde, in the absence of E. W. Nesbitt, M.P., the donor of the silver trophy, made the presentation.

DETROIT WINS THIRD STRAIGHT GAME FROM CLEVELAND.

CLEVELAND, Ohio, Sept. 16.—Detroit made its third straight today, Oldham outpitching Carter. Oldham and his battery made also excellent in hitting. Oldham making two doubles and a single. Cobb's daring base running was a feature. Score: By innings: R.H.E. Cleveland 000 011 2 19 2 Detroit 000 010 5 13 2 Carter, Hagerman, Coumbe and Basser; Oldham and McKee.

COBB'S BASE WORK FEATURE OF GAME

Presented With Silver Service After Boston Trims St. Louis. BOSTON, Sept. 16.—Timely hitting and brilliant fielding enabled Boston to win from St. Louis today, 6 to 2. It was "Evers Day," the local captain being presented with a silver service by his club associates, a timely gift, as Evers' home in Troy was ransacked by burglars last night. The score: By innings: R.H.E. St. Louis 000 000 0 3 3 Boston 000 020 0 3 4 Batteries—Perritt, Griner and Smyser; Tyler and Whaling.

EVERS GETS MORE FOR THE BURGLARS

PHILADELPHIA, Sept. 16.—Philadelphia easily defeated Pittsburgh today, 6 to 2. Rixey pitched in splendid style in the home team. All of Philadelphia's runs were made off Cooper, who was knocked off the rubber in three innings. Score: By innings: R.H.E. Pittsburgh 000 000 0 10 6 Philadelphia 123 000 0 3 2 Batteries—Cooper, Conzelmann and Gibson; Rixey and Killefer.

FEDERALS WILL HAVE THEIR OWN WORLD SERIES

President Gilmore Says He Will Declare the Winner Champion of the World. Chicago, Sept. 17.—The world's series challenge of President Gilmore, of the Federal League, to the National Commission, is accepted here as merely completing the record of Gilmore's major league career. Philadelphia probably never will make good under Doolin's management.

Have a Stunt Party. Dear Miss Grey—I would consider it a great favor if you would answer the following questions as soon as possible. 1. I am asking eight or ten girls, ages about 18, to spend the evening on my birthday. What would be a nice way to entertain them? 2. What should the lunch consist of, not getting a table—something new? 3. Please give me a set form for an informal invitation. 4. Could you give me a recipe for potato salad (small)? 5. When showing the girls in, should they remove their wraps in the hall or bedroom? Hoping I have not taken too much space, and to see it soon, I remain, ROSEBUD.

Apples. Eight quarts of peaches, one quart of sugar, three quarts of water. Put the sugar and water together and stir over the fire until the sugar is dissolved. When the syrup boils skim it. Draw the kettle back where the syrup will keep hot but not boil. Pare the peaches, cut in halves, and prick them to prevent bursting. Put a layer of the prepared fruit into the preserving kettle and cover with some of the hot syrup. When the fruit begins to boil, stir gently. Boil gently for ten minutes, then put in the jars and seal. It should be so tender that it may be pierced easily with a silver fork. It is best to put only one layer of fruit in the preserving kettle. While this is being prepared, cook the next batch to be preserved. Pears. Select thoroughly sound pears. Halve and core them. Put on the stove to cook in clear water, in an agate sauce pan. Use enough water, only to cover the fruit. Cook slowly. When the pears are tender, but not broken, remove from the stove, and take them out of the liquid. Set them aside. Then take enough of the liquid to fill up the bottles, and add sugar to it until it makes a rich syrup. Cook for a few minutes, and then drop the pears carefully into it, letting them simmer for ten minutes. Sliced lemons, cooked with the pears and their liquid, add greatly to the flavor. Use about two lemons to half a gallon of liquid. Can the fruit scalding hot, and seal.

Keep Books and Save Expenses

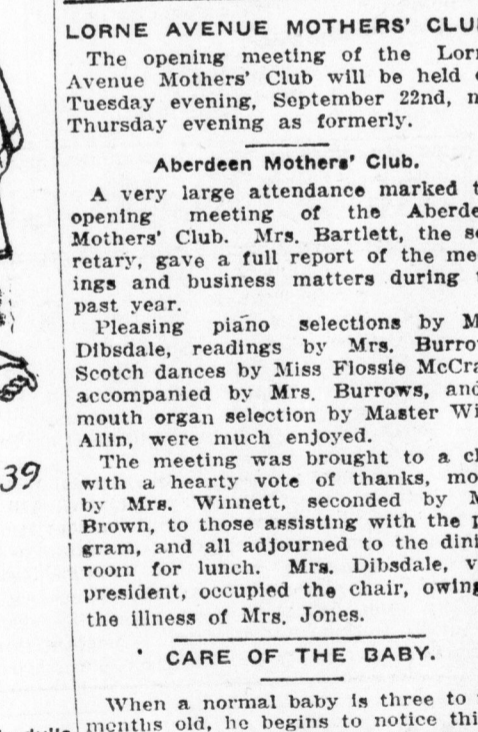

Every housewife knows she should keep an account of all money intrusted to her. The house accounts are so many and often so small one would need a set of books to be kept daily. Try this easy plan: Buy a small pad and pencil. Tack in a convenient place, and by its side tack a box with hole in the cover. As you pay accounts make a note on the little pad, tear it off and slip into the box. Each receipt should be dated and should state for what the money is expended. Once a week sort and file, and you will surely be satisfied with the simplified bookkeeping.

1039—A Popular Stylish Wrap—Lady's Cape Coat. Brown broadcloth was used for this model. It is cut with full cape sections, joined to the back and front in raglan style. The coat is provided with a lining. A rolling collar finishes the neck edge. The coat closes at the center front. This model is one of the latest words in wraps. It is especially designed for comfort. Its lines are graceful, and if made of heavy woolen fabric it will make a fine, serviceable winter wrap. In silk, velvet and even-ting materials, it is serviceable also for dress wear. The pattern is cut in three sizes, small, medium and large. It requires 4 1/2 yards of 44-inch material for a medium size. A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps. ADVERTISER. Mothers' Clubs

LORNE AVENUE MOTHERS' CLUB. The opening meeting of the Lorne Avenue Mothers' Club will be held on Tuesday evening, September 22nd, not Thursday evening as formerly. Aberdeen Mothers' Club. A very large attendance marked the opening meeting of the Aberdeen Mothers' Club. Mrs. Bartlett, the secretary, gave a full report of the meetings and business matters during the past year. Pleasing piano selections by Miss Hildebrand, readings by Mrs. Burrows, Mrs. Hildebrand, Miss Florence McCreigh, accompanied by Mrs. Burrows, and a mouth organ selection by Master Willie Allen, were much enjoyed. The meeting was brought to a close by hearty vote of thanks, moved by Mrs. Winnet, seconded by Mrs. Brown, to those assisting with the program, and all adjourned to the dining room for lunch. Mrs. Hildebrand, vice-president, occupied the chair, owing to the illness of Mrs. Jones. CARE OF THE BABY. When a normal baby is three to four months old, he begins to notice things. He looks at his mother, and she recognizes his mother, nurse and other members of the family. He holds things in his hands and reaches for objects that attract his attention. He can sit up in his cradle or chair with a pillow at his back six months. At eight months most babies learn to sit alone and try to creep. Teething—During the first six months the baby should be weighed every week, as a good guide to his physical condition. A nursing baby should gain four to six ounces a week. A bottle baby, after the first two months, when its stomach has become accustomed to cow's milk, should gain a pound a week. Teeth.—The two central lower teeth generally appear about the fifth month, though they may come later. Teething time varies in different families, and will be affected by the child's health. The average healthy baby has no trouble with the first two teeth. He may be cross and irritable, and restless at night. He may not want to take all of his food. These symptoms last three or four days, but there may be no gain in weight for a week or two.—Nan Dinnen, in Woman's World for October. REGULAR HABITS. Too often does the girl who had naturally been in her youth squander it prodigally, keeping late hours, overeating and eating irregular food, rich but not particularly nourishing. Health and strength are the props on which beauty depends for support, and when inroads are constantly made on these, it is quick to show its effects. It is not necessary to continue in the possession of health and strength no new laws are needed, but the old rule of plenty of sleep, nourishing food, eaten at regular intervals, and much exercise, must be observed. The girl who at seventeen or eighteen was the envy of her plainer sisters frequently appears faded and haggard at twenty, when she should be entering on her most attractive period, and in turn the girls who were plain or face faded her a few years before, are now surpassing her in charm; for with her beauty usually passes her once-pleasing disposition. It must be admitted that it is not altogether their own doing that the plain girls have grown continually more at-

Making Over Last Season's Gowns

BY CAROLINE COE As economy seems to be one of the new fashions, a great many women will make last year's gowns do duty for another season, and the chief difficulty will be remaking the kimono sleeves that were so popular earlier in the season. The new sleeves are "in-set," but a clever woman can easily alter last year's kimono model to look like an "in-set" sleeve. To make the alterations she should take the paper pattern of the waist and draw a line with pencil under the arm in the back, curving the line to give the desired length on the shoulder. Rip up the carefully and lay pattern over waist and mark line with pin-points or chalk. Run a small tuck around this line on inside of waist, and the new set-in sleeve is complete. A new waist may be made in this same way, using old pattern. SOCIAL SERVICE CLASS. A number of energetic young ladies have organized a Social Service Class in the city, with the intention of studying local conditions, and of helping needy families during the winter. To establish a fund they are purposing to hold a rummage sale on September 25 and 26, at 78 Dundas street, and are asking friends for contributions of clothing, millinery, etc.
