Perhaps the janitor, whose duty it is to raise and lower the flag, has viewed the man in hued dress in which Nature is robing herself, and the chill of the early morning as he crawls from his warm bed, permeating his spirits, depresses him with the thought that summer has died and in sad memory of her, he leaves the flag at half mast.

Returns Liquor to Drug Store as Need For It Has Passed

One Man in City Shows His Dislike for Stuff.

There is at least one man in the city who dislikes John Barleycorn's favorite drink enough to refuse to keep it in his possession, unless absolutely necessary. Not long ago he brought a doctor's prescription for liquor to a doctor's drug store, the liquor to be administered rather than removed from his home, and he returned it to the drug store from which it was obtained.

FEW SPOILED VOTES AND NEARLY ALL OF THEM GAVE A "NO'S"

Members or Mothers' Clubs Practice Using Franchise. Last evening straw ballots were taken in both the Lord Roberts and Tecumseh Avenue Mothers' Clubs. In the Lord Roberts Club, out of 40 ballots, only three were spoiled, and that by the writing of the voter's initials on the back of the ballot slip. Every vote but one was registered in the "No" column. At the Tecumseh Avenue Club even a better record was made, for here every one of the 30 votes cast was found in the "No" column, and not a spoiled ballot among the lot. Everything was regular in regard to the taking of the ballot, returning officers, poll clerks and proper polling booths having been arranged.

W. A. Martin was the speaker at the Lord Roberts Club. "The fate of the referendum depends absolutely on whether the women of Ontario turn out and vote for it or not," he declared. "The referendum note was struck in the address of the Rev. J. A. Arnew at the Tecumseh avenue school. "We are expecting great things from the women," he said. "Practically everything hinges on their vote at this time." Both speakers referred to the fact that a vote "Yes" to the first question would bring a return to conditions as they existed before the war-time prohibition act was passed. They also emphasized the necessity of voting "No" to all four questions, declaring that drinkers started to be such through the drinking of beer. The necessity of voting "No" to the fourth question was pointed out, both speakers declaring that an affirmative vote to this question meant a wide-open store for the selling of liquor. Explained Voting. The speakers spent the greater part of their time explaining exactly how to vote, from an enlarged ballot, after which the trial vote was taken. At the Lord Roberts Club a musical program was given, Mrs. Charles Wheeler, accompanied by Miss Arnold, rendering several vocal selections, and Miss Arnold giving a reading. A social committee, of which Mrs. Storey was made convener, was appointed at the Tecumseh avenue school. The following were also appointed to the program committee: Mrs. McMullen, Mrs. Lowe, Mrs. Baldwin, Mrs. Wilson and Mrs. Brighton.

Fiancee, Bereaved on Eve of Marriage, Attends.

The funeral of Pte. Charles Guerden, the soldier who was drowned at Fort Stanley on Tuesday evening, was held this afternoon at Mount Pleasant cemetery. The funeral was of a military nature. The Canadian Garrison Band followed the cortege to the cemetery, where interment was made in the military plot. Rev. Col. W. H. Emsley conducted the services at the grave. The young lady who was to have become his bride on Wednesday, and who waited with her attendant and the best man in the presence of the clergyman for his arrival to be married, was a sad-eyed visitor to the little chapel view of Killingsworth & Stewart last evening, in company with another lady, to view the remains of her lover. Today at the service in the chapel she took a last look before the casket was closed and covered with the Union Jack, for which he fought on the fields of France.

AFFLICTED MAN

John, as he certainly should not be there in his condition. The chief affliction borne by the prisoner is a depression on the brain, due to a blow of the skull pressing upon that organ. "Would Take Him Back." The parents of this unfortunate victim of circumstances have expressed a willingness to take care of him and nurse him back to normal strength if his release from the local jail could be brought about. The crime which Medford committed was not regarded by those familiar with the case as a serious one, although the charge laid was that of assault with a dangerous weapon. The check, as written by the prisoner, was just an awkward scrawl. There was no attempt made by Medford to cash the check, and it is said he was merely the tool of others, with greater intelligence, when he committed the crime.

That Medford should be transferred to a hospital where epilepsy is treated is the opinion of every official at the jail. The same relief should be ordered by the department of justice, Toronto, they say, provided that Medford's parents will undertake to carry out their promise under those conditions.

NEW LOCAL BRIG. GEN. L. W. SHANNON WILL BE RETIRED FROM ACTIVE SERVICE SHORTLY

G. O. C. of District Receives Unofficial Word to This Effect From Ottawa—Has Been in Service Since 1879.

Brig.-Gen. L. W. Shannon, C. M. G., the general officer commanding Military District No. 1, received an unofficial notification from Ottawa this morning that he will shortly be retired from the active list of the permanent force.

The G. O. C. first joined the Canadian militia as a private in 1879, in No. 1 Company of the 42nd Battalion at Almonte. Then he went to Kingston in 1880, and joined the 14th Battalion, once more as a private.

On July 18, 1880, the general received his commission as a second lieutenant, and two years later was promoted to the rank of lieutenant. He was then transferred to the reserve of officers in July of the year 1895, but returned to the active list as the brigade major of the first infantry brigade on May 1, 1901. The general came to this city because of the availability of a permanent position in 1906, and a few months later, in the same year, the popular officer became

MUCH GUESSING AS TO NATURE OF SIR ROBERT'S MESSAGE

Canadian Premier May Be Unable To Attend Tuesday's Caucus.

Far From Being Well Declaration As To Tariff Is Being Awaited by Followers.

[Special to The Advertiser.] Ottawa, Sept. 25.—While hopes are expressed in Government circles that Sir Robert Borden will be able to meet his followers in caucus on Tuesday, it would not be considered at all surprising if he were unable ultimately to do so. The effect of influenza upon a tired man is usually serious, and in the case of Sir Robert there is no exception. He is still very far from being well, and he will leave at the first opportunity for a holiday of indefinite length.

GOODMAN MUST PAY TOWARDS WIFE'S LIVING

Jacob Goodman, according to evidence introduced in police court this morning, does not live up to his name, as he is charged with non-support of his wife and children, and ordered to contribute towards their maintenance.

Police Magistrate A. H. M. Graydon, Goodman informed the court that he had been married nineteen years, and expressed the desire to live with his family once more. "Your wife was all right until you came to this country," said the magistrate, "and you cannot live with her."

LIQUOR STORE EXTENDED UNDER ITS NEW NAME

The oasis at Carling and Talbot streets, known as E. B. Smith's, is no more. To the site this gold mine is now known as "Ontario Dispensary No. 4," and the liquids of every nature are now dispensed by clerks behind bars, just as in the bank. A store south of the old E. B. Smith store has been acquired and remodelled by the authorities, thus making an addition to the liquor store.

SENSATIONAL CHINESE VAUDEVILLE ACT IS APPEARING AT GRAND
Sam Yee Troupe Headline Attraction On Splendid Bill.

The Sam Yee Troupe of Chinese novelty artists head an excellent vaudeville program at the Grand today and tomorrow, while the screen bill is featured by Mary Pickford in "The Hoodlum," her second great picture. The Chinese troupe performs very clever feats, entertaining with sensational acrobatics and juggling. The act is elaborately staged, and these six artists

lem is how to spend money. Amy's day begins with a lesson from a high-priced tutor who is averted by her vast wealth, and consequently quite indifferent as to her education. Her wealthy but unscrupulous grandfather has also employed a groom who accompanies her on all auto excursions and whose advice she does not heed.
All of this luxury suddenly fades away, showing Amy as a tenement girl whose real character is brought out when her devoted but poor father returns to town after a long absence. She prefers to live in a tenement with her father than to continue living at her grandfather's house without him. How a discovery made by Amy while living in the tenements aids her in restoring to respectability a man whom she loves and whom her grandfather had unjustly sent to the penitentiary makes a pleasing and interesting ending to this second of Miss Pickford's release under the banner of First National.

ORIGINAL OVERSEAS REVUE COMING SOON
That the Canadian soldiers in France were royally entertained while billeted near the front lines, has been amply evidenced to the home folks since the arrival of the famous Dumbells, who are playing a home-coming tour of the larger Canadian cities. These soldier-actors will present their original overseas revue, "Bill, Bing, Bang," at the Grand Monday, Tuesday and Wednesday evenings at 8:15, and Wednesday matinee at 2:30.
The company gave over 500 performances in France, 40 in Brussels and 38 in London. The cast and chorus are made up entirely of soldier-actors, who have averaged sixteen months each in the trenches before having been brought out of the line and given places in the entertainment company. Seats are now on sale for all performances.

WONDERFUL SPECTACLE "SAHARA" SHOWING AT MAJESTIC NEXT WEEK

It was evening on the Sahara Desert, and Migon was planning to make the supreme sacrifice—to leave her husband free to accept the love of one whom she thought he loved. Then the wind came up, carrying with it a cloud of stinging sand that obscured the setting sun. The tall date palms swayed drunkenly, tents were uprooted and adobe walls caved in. The sandstorm swept on its way for hours, and the dawning sun glared red on the smooth, wind-swept sands.
The sandstorm is one of the dramatic as well as spectacular episodes of "Sahara," the big Hodkinson picture in which J. Parker Read, Jun., presents that magnetic star, Louise Glaum. The story is from the pen of the prolific C. Gardner Sullivan, and the picture which is the most gorgeous production of the year, was supervised by Allan Dwan.
Miss Glaum portrays the role of Migon in a way that stamps her as one of the greatest emotional stars of the day. This picture will be shown at the Majestic next Monday, Tuesday and Wednesday.

present a number of high order. A much different act, but one which runs equal to the headliner, is Swain's cockatoos, which are in a class by themselves, the remarkable intelligence displayed by these birds proving almost a marvel.
Fred S. Payne, former premier soloist with the Detroit Symphony Orchestra, entertains with a delightful musical program rendered on the xylophone, which is a treat for all lovers of music. The Carr Trio, composed of two young men and a young miss, offer a variety program which is in keeping with other features on the bill. Charles and Sadie McDonald and Company, presenting a one-act comedy-drama, "The ex-Chief of Police," kept the house in an uproar last night, their number going over with a decided punch.
With Mary Pickford starring in the feature film, "The Hoodlum," all records for attendance at the Grand have been broken this week. This photoplay is worth the price of admission in itself. As Amy Burke, Miss Pickford depicts the part of a girl whose chief life prob-

SAYS WAR WON BECAUSE UNION GOVT. IN POWER

Dr. Michael Clark Implies Even Vote Manipulation Justified.

DEFENDS MEIGHEN

Second Monday in November For Thanksgiving Instead of November 11.

OTTAWA, Sept. 25.—When the House assembled this afternoon Mr. Pedlow's bill regarding Thanksgiving Day came up for third reading and an amendment by Mr. McMaster and Mr. McKay to restore the original intention of the bill and make Thanksgiving Day the second Monday in November instead of November 11 was carried by 78 to 64 on a nonparty vote. Then Dr. Michael Clark moved a six months' hiatus for the bill as amended and that carried by 78 to 73.

Mr. McMaster then resumed the debate on Mr. McKenzie's motion for investigation by a parliamentary committee into the alleged manipulation of soldier votes in the last election. Mr. McMaster said that Mr. Meighen had not only denied patently the telegram to Sir Robert Borden, but had said that it was a perfectly proper and honorable telegram.

The motive of the debate, Dr. Clark went on, was not the public good. It should have been a question of whether he should vote against the resolution. The Opposition was unfortunate in the personality of the minister they had chosen to attack.

His wife, while washing some clothing, got badly scalded about the body and limbs. The hot water upset on her. Both are under the care of Dr. R. C. Redmond. H. T. Thompson is the possessor of a fine bunch of raspberries which he got in his patch yesterday. The quality seems to indicate that the second crop can be produced successfully if the land is tilled well.

WHAT TO WEAR AT PRINCE'S RECEPTION.
"I wonder what the correct thing to wear?" is the question which has been bothering the minds of mothers and daughters ever since it was announced that the big social function at the time of the prince's visit would not be a ball, but a democratic reception in the armories.

Indeed, some nebulous ball dresses are being reconsidered today with consternation, and gowns which for some time have been hanging fresh in perfume closets, are beginning to sink in doubt.

Not a bit of doubt need they have, for the little mistress who is to do them, the prince's reception, which is to take place from 10 to 12 o'clock on the evening of October 22, will call for full evening dress. Of course, the rumor that there will be any informal dancing on this occasion is absurd and entirely without foundation.

The reception is to be a brilliant and a formal drawing-room as possible, dignified affair, the style of the opening being to make it as much like a formal drawing-room as possible, the Prince of Wales and his staff will be seated in a carpeted inclosure, roped off and decorated with palms and tall ferns while throughout the whole armories will be preserved a decorative scheme, characterized by beauty and dignity.

The armories will permit of as many as 1,000 people attending this reception. Each guest will have to present a card on which his name has been properly inscribed. It has not been definitely decided as yet whether invitations will be issued or distributed on application. But whatever the method employed, there is to be no admission charge. The citizens who attend this reception are expected to help preserve the dignity of the occasion. There has been no such function in London for many years, and the whole city is looking forward to the event.

COMMUNITY KITCHENS
Yes! Community kitchens are really being tried out in the United States with great success. In the state of Illinois Evanston already possesses a successful kitchen, where meals are cooked and then sent out to the various homes to be served and eaten. Inspired by the success here, the Women's Club of Windsor has completed plans for a community kitchen in that place.

The fact that these institutions are really working successfully predicts an easier time for the housewife of the future, even though domestic help is not forthcoming. They will also act as a check on the high wages now asked by domestic help.

SOCIAL AND PERSONAL
On the evening of the Prince's arrival in the city, the mayor is to be the host of an official dinner to be given at "The Kennels," in honor of His Royal Highness.

Sure Death To Fleas.
Dear Miss Grey,—I see where Worried is having trouble with fleas. Here is something easy to try, and I believe it will be a success. Get your druggist to weigh up a small quantity of corrosive sublimate (and if he is a real druggist looking for more business ask him how many powders it should divide into. I think 19 cents

worth should be sufficient. In the old days before the war 5 cents done the trick. Put a powder or small quantity in an ordinary pail of water, stir until dissolved, use a clean sprayer, and apply liberally all over the house. This is one of the most easily-applied, cheapest, and most effective disinfectants known. It is sure death to bed bugs and all germs. The one great feature about it, it hurts nothing. Just throw your spray around the place and don't be stingy with it. It won't hurt wall paper or anything else. It's just like clean, cold water.
Here is a washing fluid I wish some of the readers would try and tell us how they like it: One can pure lye, 1/2 ounce carbonate ammonia, 1/2 ounce salts of lemon. Add these three to two

quarts of cold soft water, stir until dissolved, bottles for use, and keep away from children. Directions: Put three pails of water in your boiler, cut in the required amount of soap, add 1/2 cup of lye, and put your clothes into the soap mixture, bring to boil and let boil for fifteen or twenty minutes. Take out, rub a little, rinse well. Always wear any clothes to be put in the second boiling in cold water before putting into the hot sud. Any clothes with stains, such as table cloths or tray cloths, if always wet in cold water first.
When baking, when you grease your pans, put some flour on the tin and shake it well around, emptying out all that don't stick, and you will find your cake comes out much nicer.
When beating up the whites of eggs for frosting, if you wish the copy to be beaten up for each white, add one spoon of cold water for each white, and you will find they stand up much better.
Well, Miss Grey, I think I have taken up quite enough of your space for the first call. In the meantime if I hear any other little stunts that I consider helps I will pass them along.

RE SHORT STORIES.
Bessie, (1) So you wish to send short stories to newspapers? With all my heart I wish you luck, Bessie. The way you suggest is correct, only in addition to the name at the end be sure and include your full address. Some story-writers also put their correct name and address at the top right corner of the first page. You need not fear the publication of your own name.
(2) The paper you write on is rather too heavy for mailing, especially if there are several pages, and one must write on one side only, you know, advance folks.

He and five years, and they won't give them their deed, or what kind of a deal we have we got in Canada? If you can tell me how to bring them to account, please write me. A READER.

Big Squad and L.C.I. Team Will Stage Scratch Game

Tonight Candidates Will Face Actual Scrimmage, and Gold and Purple Is in Condition To Provide Good Work out.

For tonight the rugby program includes a scratch game with the Collegiate youngsters, and this should provide a good workout for the intermediates, as the boys who are wearing the gold and purple this year are a hefty aggregation, and from all accounts are rounding into a neat team.

The strategy end of the game is coming along hummily, and there's a lot of loose ideas flowing around under this heading that Coach Reid is always willing to give a hearing to and work on.

Seventeen Candidates. Last night there were seventeen candidates out, going through a strenuous program that isn't setting any lighter as the work goes on, but the players are, despite the disagreeable weather, one miniature beef trust, that he had gained five pounds since he started his nighty trips down to the park.

Scotty McDonald Will Not Fight Kennedy Tonight

Condition Compels Him To Withdraw From Bout—Ebor and Goodrich Both Want Decision Badly, and Scrap Will Not Drag.

It was announced yesterday that "Scotty" McDonald would not meet "Irish" Kennedy at tonight's show at the armories, owing to the fact that he would not get into proper condition, and rather than go on with the Hamilton lad, would withdraw.

McDonald's decision does him credit, and while there were a lot of fans who would rather see action they would rather be disappointed than to see the local boy run into trouble through lack of preparation.

A. A. U. DECIDE NOT TO REINSTATE RETURNED MEN WHO WERE PROS

All Day Discussion by Union Governors Ends in West Appeals Not Heard.

OTTAWA, Sept. 25.—After a discussion which began early in the morning and continued until late in the evening the Amateur Athletic Union of Canada, which is holding its annual meeting in Ottawa, decided tonight against the proposed reinstatement of professional athletes who had served overseas in the recent war. The now famous slogan of the east, "Once a professional, always a professional," failed to melt before the eloquent oratory of a large delegation of western representatives, and the motion that the whitewash brush be used, letting back into the amateur ranks a number of well-known Canadian stars who have fought and probably bled for the empire on far away fields, was defeated, the vote standing 33 to 28. This was the most important resolution discussed at today's session.

EUCHRE TOURNEY

A euchre tourney will be held at the Thistle Club rooms tonight, which is being largely entered for. Chilly weather is saving the lighting bills on the greens these nights.

POSPONE TOURNNEY

The Elmwood Bowling Club's weekly tourney will be called off for tonight owing to the sudden chill felt around those parts lately. The greens will not be closed for some time yet, but officials are practically closing the season. An Indian summer might mean a revival, but the club's weather prophet is not very optimistic.

A GOLF MIRACLE

NEW BRUNSWICK, Sept. 25.—A golfing miracle was accomplished yesterday at the Forest Hills Field Club in New Jersey, where a professional and a "Pro" stepped up to the green and played a hole in one. Stewart took off first, hitting an iron shot for the hole, and then the "Pro" stepped up and watched his ball trickle into the hole. Then Steppmyer stepped up and took a shot for the hole, and the ball rolled into the hole. The cup and fell into the hole for a "triple one" on the hole.

Mr. Wilson will move in a short time to a farm he purchased near London, having sold the farm he now occupies to Harvey Gibson.

HOW TO KILL DANDRUFF SO IT WON'T RETURN.

By a Specialist.

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature grey hair, is a well-known fact. We appreciate, therefore, the importance of any agent that will destroy its power. For this reason it is a pleasure to give herewith the prescription which a famous scalp specialist states he has found, after repeated tests, will completely destroy the dandruff germ in from one to three applications. It will also almost immediately stop falling hair, and it has in numerous cases produced a new hair-growth after years of partial baldness. This prescription can be made up at home, or any druggist will put it up for you—ounces Bay Rum, 2 ounces Lavona de Compoese, one-half drachm Menthol Crystals. Mix thoroughly, and after standing an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger-tips. If you wish it perfumed add 1 drachm of your favorite perfume. While this preparation is not a dye it is unequalled for restoring grey hair to its original color.—Adv.

ONE DEAD, 14 BADLY BURNED AS RESULT OF GAS EXPLOSION

Tank at Montreal Factory Catches Fire.

Montreal, Sept. 25.—One man was fatally injured, while fourteen others were severely burned at the Canadian Vickers plant, Maisonneuve, yesterday afternoon, when a tank containing oxygen gas caught fire and exploded. The cause of the accident has not yet been ascertained, but it is thought that the tank was leaking and that the gas caught fire through a small force which burst near by. The dead man is James Fairholm.

MUST VOTE ON ALL FOUR QUESTIONS, IS REPLY OF HEARST

BRANTFORD, Sept. 25.—In a reply to a Brantford query as to whether every question on the referendum ballot had to be answered, Premier Hearst replied today as follows:

"Toronto, Sept. 24. Dear Sir,—I have your letter of the 23rd inst. The statement in the advertisement inclosed, that every voter must vote on every question or his ballot will be spoiled, is correct. In no other way could the weight of public opinion be ascertained on each question. Supposing, as you suggest, a voter only voted on question No. 4, and the question was answered in the negative, the Government would not have any information as to that voter's attitude on the other questions, namely, whether he wanted the Ontario time-penalty act to remain as it is, or to be amended in one or more of the three ways set forth in questions No. 1, 2, and 3; if a voter was permitted to answer one question only, it might be that a very heavy vote would be polled on question No. 4 and a comparatively light vote on some of the other questions. If such a thing should happen, it would at once give rise to the contention that public opinion had not been ascertained on the other questions.

VETERANS BELIEVE THAT GOVT. SHOULD PROVIDE INSURANCE

Army and Navy Unit of Winnipeg Adopts Resolution to That Effect.

Winnipeg, Sept. 25.—The Winnipeg unit of the Army and Navy Veterans have adopted resolutions calling for provision by the Federal Government of insurance not exceeding \$2,000, for dependents of pensioners who die while in receipt of pensions, and for discharge by the provincial governments of mortgages on the homes of returned soldiers where the assessed value does not exceed \$4,000, and where arrears are accumulating at a rate exceeding 5 per cent.

On the contrary, prices have increased, and conditions, they assert, are rapidly heading for chaos.

MY HEART AND MY HUSBAND ADELE GARRISON'S NEW PHASE OF REVELATIONS OF A WIFE

How Madge Solved the Problem of Katie and Mother Graham.

"Vy you no let me scratch dot old woman's eyes out all over the floor!" Katie demanded hysterically through her tears as I closed the library door behind us, leaving Mother Graham in undisputed possession of the kitchen and the plans for Richard Second's birthday cake.

I did not reprove the girl as I otherwise would have done, for I had realized from her dramatic outburst that the matter of making the cake for my little lad's natal day lay deeper than hurt pride over the slighting of her culinary achievements, that it was entwined with the thought of her own baby which had died at its birth months before Junior opened his eyes upon the world.

Children Cry FOR FLETCHER'S CASTORIA Lessons in Scientific Complexion Renewing

Everyone has a beautiful skin underneath the one exposed to view. Bear that in mind, and it will be easier to understand the correct principle in acquiring a lovely complexion. Nature is constantly shedding the top skin in flaky particles like dandruff, only much smaller in size. In abnormal conditions, or in thinning and these particles are not shed as rapidly as in robust youth. The longer they remain the more soiled or faded they become—that's the immediate cause of a "bad complexion."

HEARST FORCED TO PASS O. T. A., STATES DEWART

Waited Till No Escape, Liberal Leader Tells S. Oxford Meeting.

ALEX. ROSE CANDIDATE

Is Unanimous Choice of Convention—M. J. Comiskey, Dr. Rogers, Mayor Buchanan Make Speeches.

INGERSOLL, Sept. 25.—Liberalism was deeply stirred and strong optimism was created this afternoon at the nominating convention of the South Oxford Reform Association in the town hall.

H. Hartley Dewart, leader of the Liberal party in Ontario, was the principal speaker, and following his masterly presentation of the Liberal policy and his sharp criticism of the Hearst administration, Alex. Rose, one of North Oxford's most progressive farmers, was unanimously chosen as the standard-bearer in the coming election.

That Liberalism is not slumbering in the midst, despite the activity of the U. F. O., already represented by A. Walker of East Oxford, was manifested both by the representative attendance and the enthusiasm displayed.

Ingersoll Old Boy. M. J. Comiskey, vice-president of the Reform Association, occupied the chair

in the absence of the president. He expressed gratification at returning to Ingersoll, which he had known in his childhood, his parents having resided here, and he recalled the fact that his first oratorical effort was made in the local church as a youngster. He mentioned that since he had taken up the duties of leader he had conducted a very active campaign, having visited over twenty-five constituencies, from all of which he brought a message of cheer.

Mr. Dewart, in a clear and logical manner, analyzed the record of Sir William Hearst and his government. He had found a new spirit awakening among the people, that there was a realization that the Government had abused its power and should not be continued in office. South Oxford, he said, had been nonored in the past by Mowat and Cartledge. The present, he said, was no time for disheartening on the part of Liberals. There was never a time when they had to face so weak an opposition, which had been weighed in the balance and found wanting.

Forward Policy. The platform of the Liberal party he described as a forward policy. It was not a policy that appeals to merely one class; it was one that appeals to the entire community. He referred to the praises that the Liberal Government was bestowing upon itself in connection with the temperance question. He outlined what had been the policy of the Liberals in this same connection and how the Liberals had put forth efforts in a similar direction long before the Ontario temperance act was put into effect as a war-time measure. The Liberal party in 1914 had taken its life into its hands in fighting for the abolition of the liquor license.

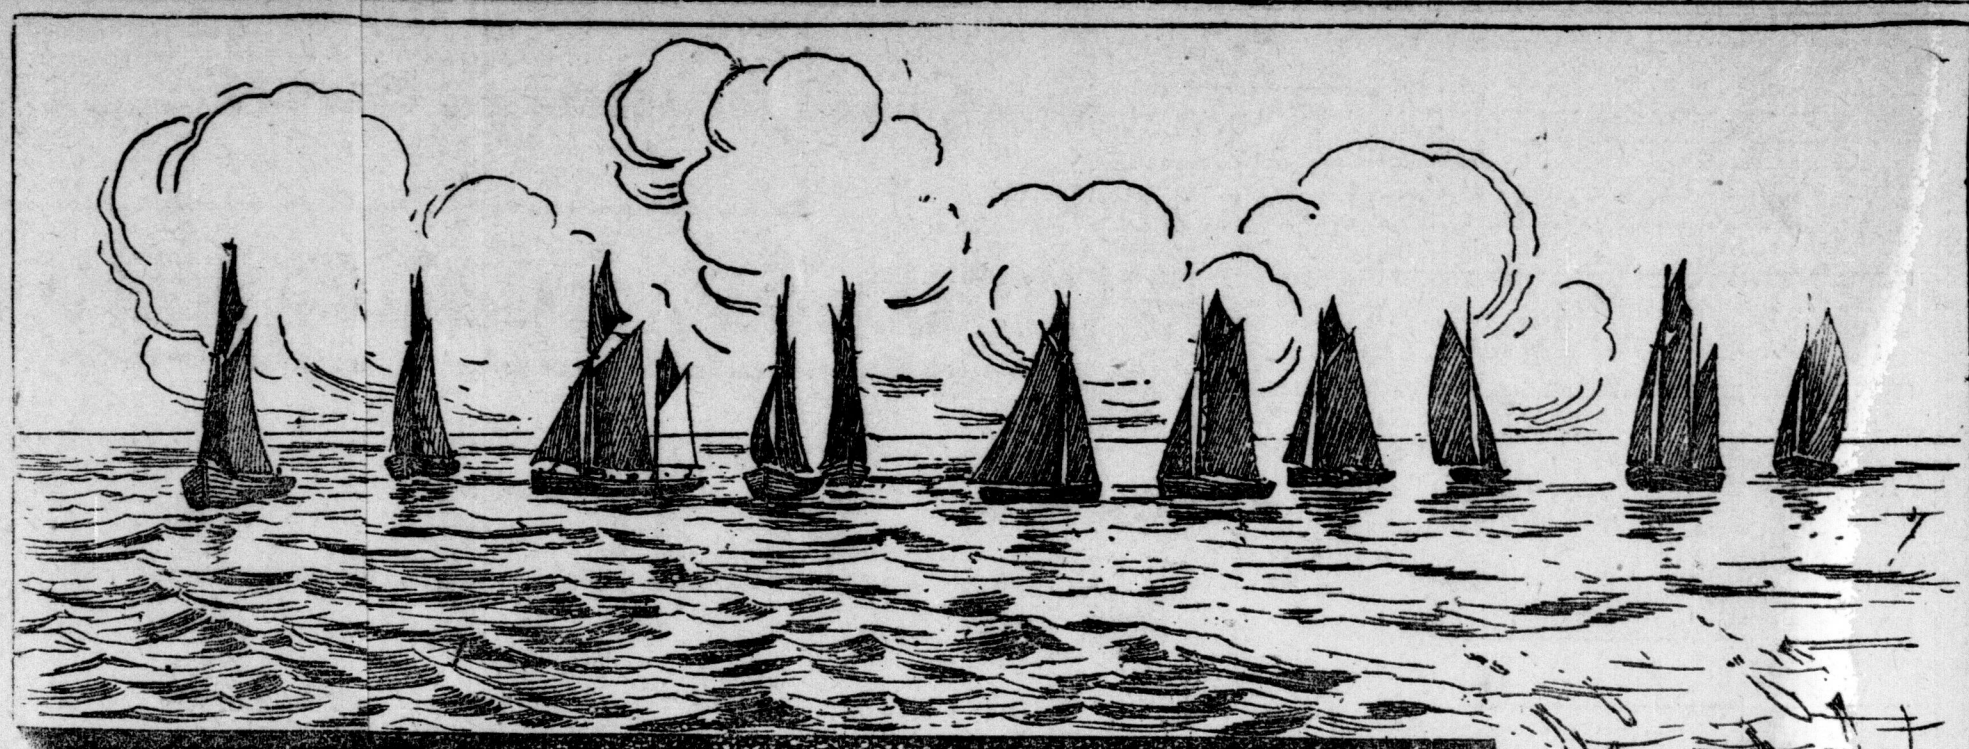

Every barroom, he said, had been a committee-room for the Conservatives. The Government today had been placed in power by the liquor interests. He alluded to the petition signed, he said, by three-quarters of the people which had been placed before Sir William Hearst in regard to the temperance question. Sir William desired to be with the majority, and hence the action that resulted.

Liberal Principle. This was the very principle for which the Liberals had been contending. This was a war-time issue, although granted long after the war began and upon which a referendum was to be taken later. At present the Government was striving to confuse the issue—that of its own record and the liquor question. He warned his hearers not to be deceived.

"We must cast our ballot with regard to the moral issue," said Mr. Dewart. The speaker referred to the statement that he was the rising hope of the liquor interests. Mr. Howell, he declared, again must have been hard driven when he made such a statement. Mr. Dewart had never been connected with the liquor party in the past, and never would be. The speaker told of deceiving literature that was being sent out to confuse voters, which, he claimed, was emanating from Conservatives.

Women Getting Vote. The speaker cited facts leading up to the women being granted the franchise. The Liberal party, he said, had stood for equality of the sexes in this respect and was responsible for the franchise being granted. He described the "suffrage act" of Premier Hearst when he realized that the question was about to be introduced in the House by the Liberals.

Mr. Dewart read Sir William Hearst's manifesto. Dropping the comment, it is full of glittering generalities, he said. A government, he added, must be judged not by its promises, but by its performance. In the opinion of Mr. Dewart, the present farmers' situation was the result of ineptness and lack of interest on the part of the Government to agricultural interests. Under Sir Oliver Mowat the agricultural college at Guelph was started. In this connection he cited the efforts and ambitions of Mr. May-

THE LONDON ADVERTISER'S

50 Cash Prizes

GREAT \$2,750 PUZZLE CONTEST

THIS CONTEST IS FOR OLD AND NEW SUBSCRIBERS

The Advertiser Offers 50 Cash Prizes, Having a Value of \$2,750.00, to Those Submitting the Best Solutions of Its Circle Puzzle. Everyone May Enter This Contest, Which Is Merely a Test of Accuracy and Perseverance.

The London Advertiser's Own Puzzle Contest

All Payments Apply on Subscriptions, So You Can't Lose

The Problem

Count the circles in the Puzzle Chart. Every circle is complete and the chart is entirely free from tricks and illusions. However, to pick out every circle and count it requires patience and care. Those who do this the best will win the valuable cash prizes offered for solving the puzzle.

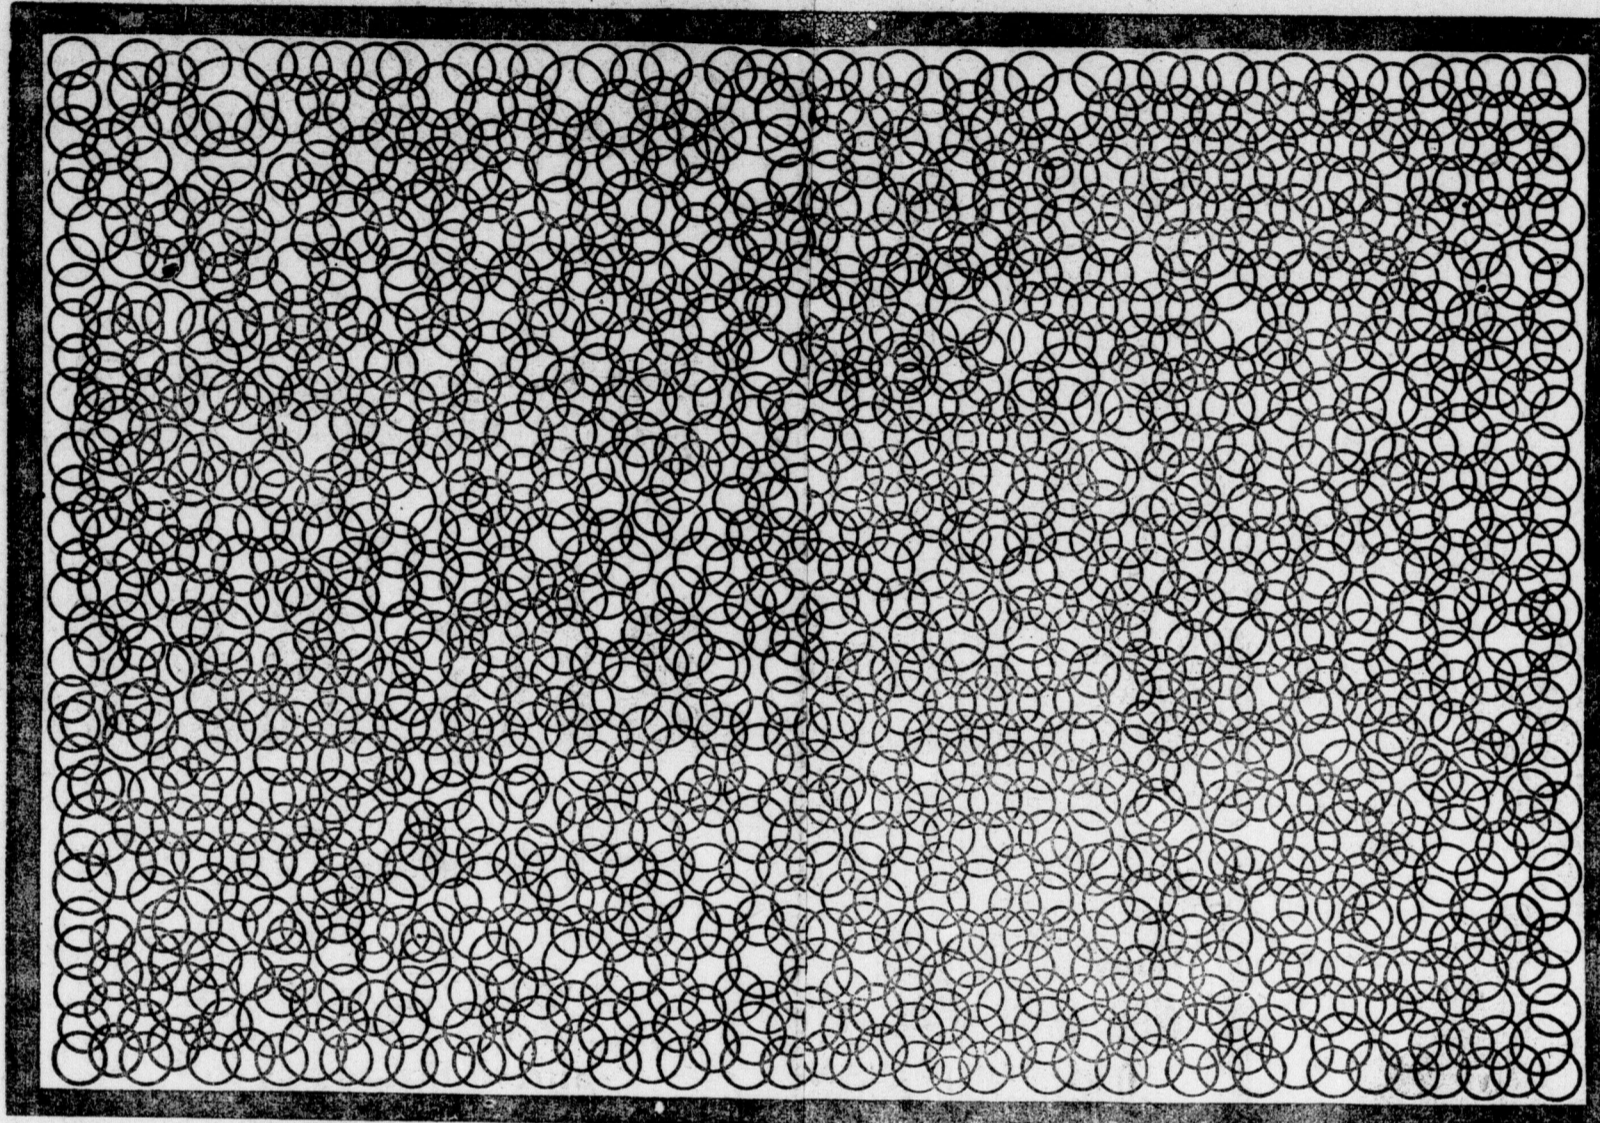

Any method which contestants hit upon that seems to be best adapted to making the count may be adopted. The Advertiser will be glad to receive short notes explaining how the results were obtained. As many different solutions may be submitted as contestants wish. Before sending in a solution, however, read the general rules carefully.

This contest will not only prove profitable to the winners of the prizes, but solving the puzzle will also prove to be a pleasant and fascinating pastime. Taking advantage of this opportunity may net you as much as \$864. The plan of this contest permits everyone to work out his own results. He will not only know what he has done himself, but will also have an opportunity to check up the work of his competitors.

Read carefully all the rules, then make up your mind to enter this very interesting contest. It is open to all present subscribers, as well as to those who wish to become subscribers.

As the main prizes have an increased value, according to the amount paid on subscription when solutions are filed, contestants should familiarize themselves with the prize list before sending in their solutions.

Additional puzzle charts may be obtained at The Advertiser office, or they will be mailed to all who send a self-addressed, stamped envelope for them.

[COPYRIGHTED.]

Deciding Ties

In the event of ties those tying will be required to solve a second puzzle in order to determine who shall receive the prizes. This second puzzle, if one should be required, will be equally as attractive and practical as the first. Under this plan those who win will be assured of receiving the full value of their prizes without having to divide them with other contestants. Should still further ties ensue a third problem of the same order as the second will be submitted to those again tied to solve. This plan will be continued until all have been eliminated except the actual prize winners. Should there be no ties on the first puzzle, only the one, of course, will be presented. In the event that a second puzzle is required, one week will be allowed in which to solve it. This will prevent the contest being prolonged for any unusual length of time.

General Rules and Information

There is no objection to several members of one family or several friends working together to obtain a solution, provided only one of them turns the solution in. The prizes are awarded for individual effort, and it would not be proper for one person to turn in a solution, then give it to someone else, and for the latter to submit it as his own.

If the paper is already being sent to your residence, either by carrier or through the mails, send in the renewal in the name of the person who is already subscribing. If some other member of the family wants the solution credited to him, or to her, merely attach a note to the blank giving the name of the one who wants to have credit for the solution. The purpose of this is to avoid sending two papers when only one is needed.

When, in the judgment of the Contest Manager, more than one member of the same family, or any others, send in two or more solutions which have the appearance of having been worked in collusion, The Advertiser will reserve the right to use its best judgment in refunding any of the subscriptions paid in connection therewith and rejecting the solutions.

Information will be furnished and rulings made on any points contestants may want information about. The Advertiser reserves the right to decide any and all questions which arise, and those entering the contest as a part of the contract must do agree to abide by such rulings.

The date a solution is filed has nothing to do with its winning a prize. It is always safe, however, to send in a solution as early as convenient. Then you will have ample time to go over your figures and, if you find you can get a better solution, you will still have an opportunity to profit by your later effort.

As many prizes will be reserved as there are people tied before any prizes are awarded for less correct solutions. That is, if three people should tie on the best solution the first three prizes would be reserved for them, and they would be awarded these prizes in the order of the standing of their solutions of the next puzzle. That is, the best solution would be awarded the first prize, the next best the second and the third best the third prize.

All solutions must be sent in on the blank herewith. No solution unaccompanied by a cash subscription will be accepted. No solution may be changed after it is once registered.

No one directly or indirectly associated with The Advertiser will be allowed to participate in this contest.

How To Enter

This contest is open to present bona fide residents of Ontario.

Anyone in this territory may enter the contest upon payment of not less than \$2.00 or more than \$12.48. This amount will be applied to subscription to The London Advertiser at regular subscription rates. It may be applied on either the morning or evening edition, or both.

You may submit just one solution or as many different ones as you wish. With each solution you must pay not less than \$2.00 or more than \$12.48. The total amount paid, whether you send one or more than one solution, will be applied to one continuous subscription, unless you otherwise direct. If you are already a subscriber the amount, or amounts, you pay will be applied to extending the time you are paid to. If you are a new subscriber the amount paid will be credited to you and your subscription started at once.

Present subscribers, wherever located, will continue to receive the paper through the same channels as now. No change whatsoever will be made in carriers where subscribers receive the paper through carrier service. All carriers will receive notice that the subscription has been paid and be instructed to collect the amount from The Advertiser office. The same will be done where the paper is being received through an authorized newsdealer.

If you send more than one solution at one time send a separate blank with each one and state in each blank the amount you are paying with that solution.

This contest is open to both men and women. You may order the paper sent to someone else if you wish, names and addresses being subject to any changes that later may be desired.

Contest Closes at 9 p.m. Saturday, November 1

The sooner you send in your first solution the longer time you will have to go over your figures and send in another solution if you find you can do better.

Important Features

The attention of contestants is called to two important features in connection with the prizes.

1. While the amount you pay for subscription to The Advertiser has no effect on your winning a prize, it does affect the value of the first five prizes should you win one of them. For instance, each of the first five prizes has a fixed value, to which is added from five to fifty times what the winners pay when they register their solutions. This is explained further in the prize list.

2. The first five prizes may also be increased ONE HUNDRED DOLLARS each by your interesting five persons who are not now regular subscribers to become subscribers. You will receive twenty dollars for each one, whether you secure one or five. Each one of these new subscribers must pay not less than the minimum amount (\$2.00) required of

contestants. They may pay up to the maximum (\$12.48) if they desire, and they may also become competitors for the prizes they wish to submit one or more solutions of the puzzle. That is, they may enter the contest under the same conditions exactly as any other contestant, the payment they make entitling them to entry.

The one of each one of these new subscribers must be sent on one of the accompanying blanks, whether he becomes contestant or not. The fact that he was secured by you is also indicated in the proper place provided in the blank, so you will receive credit. DELEGATES DECLINE TO HEAR WATTERS ON CLOSED QUESTION

Ex-President Not Given a Chance to Explain His Side of Controversy.

STORMY SCENE FOLLOWS

Chairman of Committee Declares Peace Conference Report Carried.

Hamilton, Sept. 26.—A storm of brief duration broke almost immediately upon the resumption of business by the Dominion Trades and Labor Congress this morning. Ex-President J. C. Watters attempted to explain his side of the controversy regarding representation on the international peace conference.

J. W. Wilkinson, chairman of the committee on officers' reports, took exception, declaring that the report embodying the statement concerning the conference had been carried.

Mr. Watters urged that he be allowed to explain his position, but no motion requesting re-consideration was forthcoming.

"It's an absolute crime that Mr. Watters is not heard," cried on delegate. "Sit down, sit down!" retorted a number of others.

A pandemonium followed, and it was some time before President Moore could obtain order.

Owing to the inclusion in the report of the British Columbia Federation of Labor to the Dominion Trades and Labor Congress of resolutions recommending industrial organization of the workers and principles of the one big union movement, the committee recommended reference to the committee on constitution and law. The recommendation was adopted.

Would Make Office Permanent. Declaring that the necessity for making the office of secretary-treasurer a permanent one is not as acute at this time as it was a few years ago, the committee on legislation and law recommended non-concurrence in resolutions submitted by Toronto machinists and the Moose Jaw Trades and Labor Council demanding that the holder of this office devote the whole of his time to the work and requesting that the salary be materially increased.

Delegate Bill Calgary, supported the resolution, and he was followed by Delegate Mal'alen, Toronto, who claimed that the present system is undemocratic.

On the vote on the committee's report of non-concurrence being taken, President Moore expressed doubt, but his decision was greeted with groans from a number of delegates, who were of the opinion that the assembly had voted against the committee's recommendation.

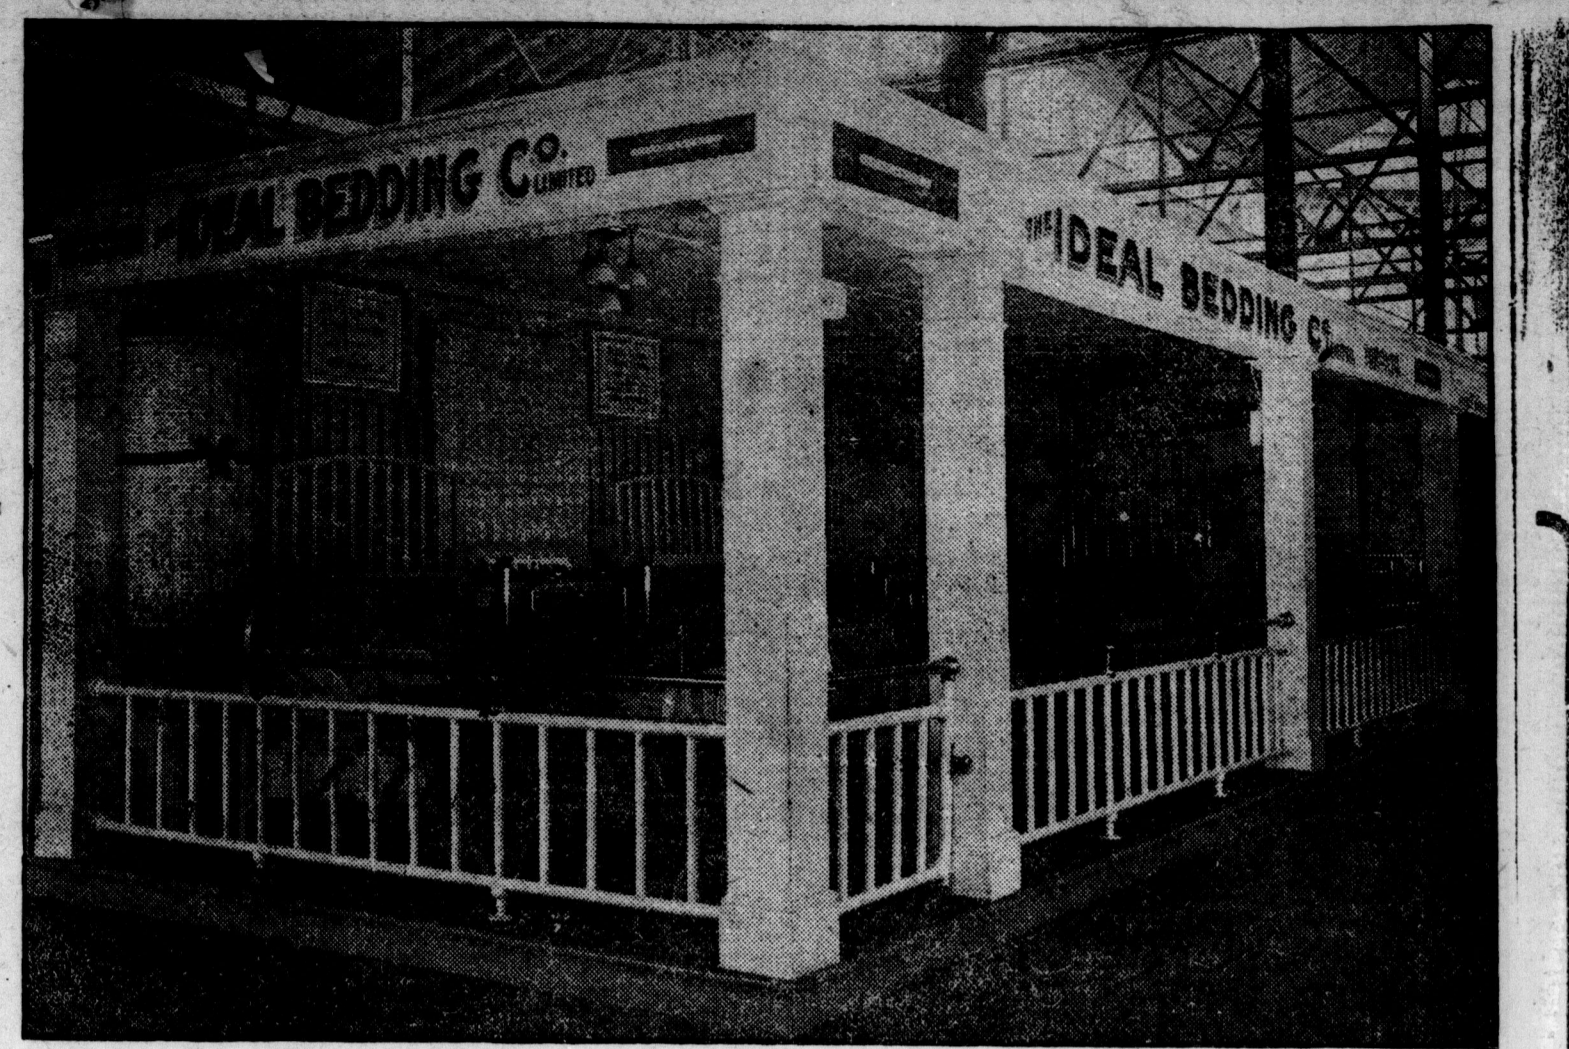

A roll call was then decided upon by the president. During an interval Secretary-Treasurer Draper explained his position, declaring that he was not looking for any sympathy from the delegates, or "job stuff." It was their business what they did. He pointed out that he had devoted his best interests to the work, but if the convention decided to make the position a permanent one he would not be a candidate.

BOARD OF COMMERCE TO HEAR EVIDENCE REGARDING PACKERS

Vice-Chairman O'Connor Objects to Certain Press Reports.

Toronto, Sept. 26.—Evidence of the connection of "Canadian Packers, Limited," with the allied packing interests of the United States will be presented to the board of commerce, inquiring into the high cost of living, according to the statement of W. H. Price, K.C., Ontario Government counsel, when the board resumed its sessions here today.

For the first time in this city Judge Robson, chairman of the board, set with W. F. O'Connor, K.C., the vice-chairman, and the presumption is that the board expects to hear something highly important at this session.

Vice-Chairman O'Connor took occasion to reply in general terms to the strictures aimed at him by members of the House of Commons the other day. In brief, his explanation was that he did not say all the things he was said to have said, or done all the things he was said to have done, and he added, in justice to the press, that no newspaper published the statements attributed to him.

Doctors Strike in Ireland For \$35 Weekly Pay

London, Sept. 25.—The doctors of Dundalk, Ireland, have gone on strike to enforce demands for a minimum salary of seven guineas (about \$33) weekly for all public services. Their present salaries average 275 pounds (\$1,375) a year, or \$2 a week. A number of patients applying for treatment at dispensaries have been refused.

KING'S DAUGHTERS DOING GREAT WORK IN CITIES AND TOWNS OF CANADA

Establish Hospitals, Lunch Rooms and Aged Couples' Home.

A union meeting of the King's Daughters of the city was held in St. George's Church, West London, last evening, when Miss Annie Brown of Toronto, Dominion president of the order, spoke on the national convention held in St. John, N.B., last July.

Particularly, she pointed out the extensive work being carried on throughout the Dominion by this organization, and the varied interests which it embraces.

"Not only do the King's Daughters work among the churches and poor of the cities in which they are established, but they have reached out to other fields of endeavor," she declared.

"In Vancouver there has been founded a good hospital, and the work of the order there more or less centres about this institution, in Owen Sound, Toronto and several other places, lunch-rooms have been established, where working girls may bring their lunches and receive hot tea, coffee or soup. Between 400 and 500 girls are served every day in Toronto by the King's Daughters.

"In Ottawa there is a large King's Daughters' Guild, and in Montreal a 'Creche,' where mothers, working during the day, may bring their young children for safe-keeping and nourishment.

For Old Couples. "At the present moment a movement is on foot among the King's Daughters in St. John, N.B., for the establishment of a home for aged couples, there being no institution there where both aged men and women can be together for the last days of their lives.

The order is un denominational and has been established for 36 years. It has been very useful in small places where the churches are not large enough to support a deaconess. In such cases the King's Daughters have engaged a deaconess to work among the poor of all churches. Here in London they were this summer instrumental in sending many of the children to the W. Q. L. U. fresh air camp at Capri.

ONLY ONE VOTE IN DEFENCE OF ONE BIG UNION

Trades and Labor Congress Adopts Report Denouncing That Body.

A. F. OF L. INTOLERANT

Winnipeg Delegate Says O. B. U. Not Started by Intolerance of Leaders.

HAMILTON, Sept. 25.—The report of the executive council denouncing the One Big Union was under consideration at this evening's session of the Trades and Labor Congress here. Regarding the organization the report submitted for ratification said: "The failure of the One Big Union methods should have been apparent from the beginning, founded as it was on force and intolerance of the chosen leaders of the labor movement, repudiating the organization and numerical strength, preaching class hatred throughout the country and gambling their whole future on the success of the syndicate and national strikes."

Delegate Brody, Vancouver, disagreed with the report. The mind of labor today, he said, was not set on the present form of organization. He declared that the worker could not afford to use the old kid gloves with the employers that were used in the past. Workers were fighting for the principle of collective bargaining, not for the overthrow of constitutional government. "And that might be a good thing, too," he added.

Would Bring a Cheer.
 "The One Big Union did not spring into existence as the result of intolerance of a few chosen leaders," declared George Armstrong of Winnipeg. "The very mention of the One Big Union would bring a cheer from the workers in Winnipeg. If there is any intolerance in the Canadian West, it is the intolerance of the American Federation of Labor, for the progress of present day events."

Vice-President Rees announced that he would vote for acceptance of the report of the executive. He said he was opposed to the One Big Union, but in favor of united big organizations. He advocated the merging of existing organizations instead of trying to tear them down.

J. W. Wilkinson of Vancouver, chairman of the officers' report committee, declared that there had been a deliberate attempt to wreck the finances of the international movement to the benefit of the One Big Union. Referring to the principles under which it was carried on, he said he had never been able to obtain a clear enunciation of them. He said the idea was conceived in deceit and was carried out in fraud and further, with reference to the finances, he declared they had gone about their attempt at wrecking like pirates.

The report of the committee was then adopted, with one dissenting voice.

GENERAL STRIKE URGED TO FORCE ORDER'S REPEAL

Labor Congress Delegates Object to Ban On Seditious Literature.

HAMILTON, Sept. 25.—Declaring that a new era had dawned for the laboring classes all over the world, that workers would no longer be content to exist under conditions that prevailed before the war, and asserting that there was no limit to the possibilities of the labor movement, Ben Tillett, Labor M.P. North Salford and fraternal delegate from the British Trades Union Congress, aroused the delegates to the Dominion Trades and Labor Congress to a high pitch of enthusiasm in an address at this morning's session.

Mr. Tillett reviewed the progress of the trades union movement in Great Britain, declaring that organized effort had done more to secure better working conditions than all the talk of revolution prevalent during the last 20 years.

The speaker embodied in his address an appeal for the women of Great Britain. Millions of mothers, he said,

DOMINION TIRES

have behind them the greatest Rubber System in Canada.

THIRTEEN years before Confederation, the nucleus of the Dominion Rubber System was formed.

IN the years from then until now, the Dominion Rubber System has brought into one progressive organization many of the keenest minds in the rubber world.

TO the wide experience and unceasing research of these experts, is due the proud position enjoyed by Dominion Tires in the esteem of experienced motorists.

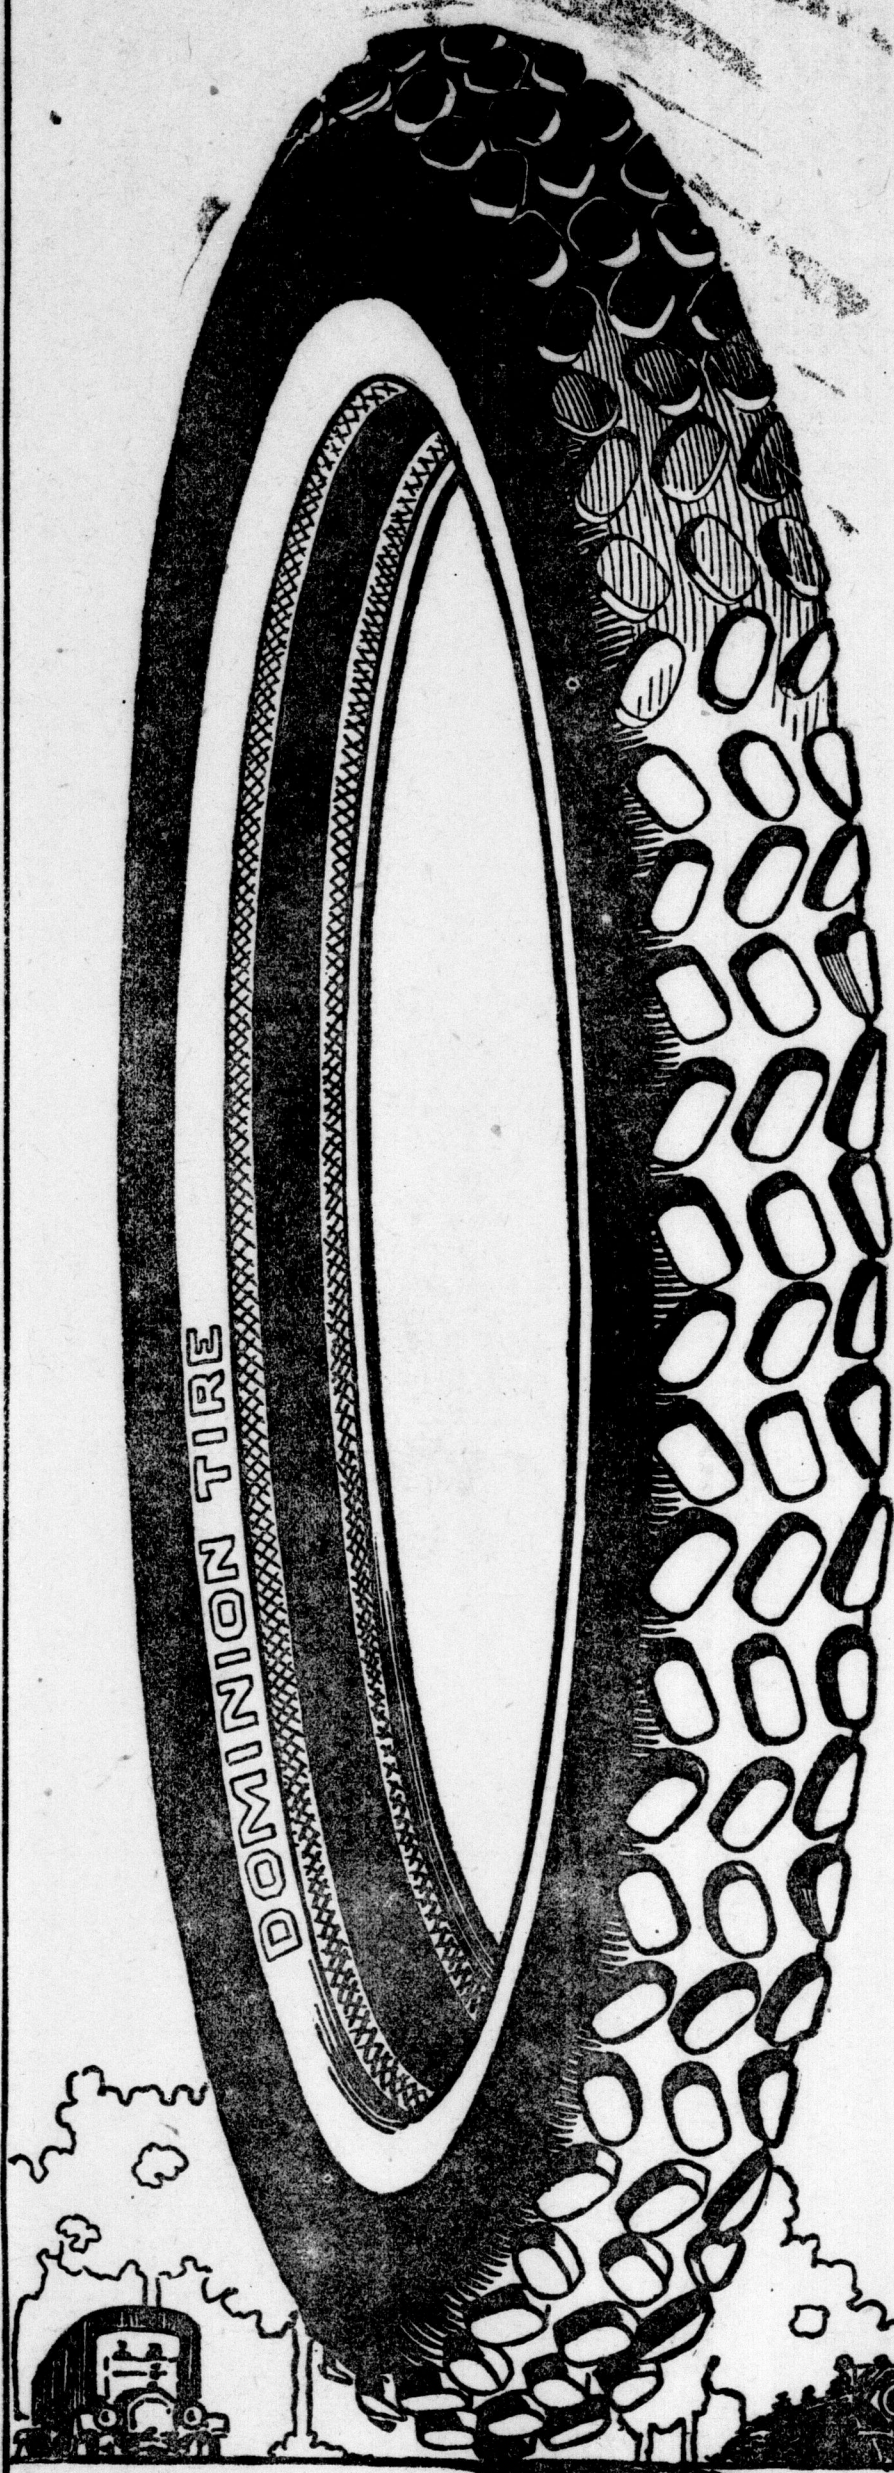

THE fine, faithful service given by Dominion Tires, season after season, is due to pride as well as to experience. It is a matter of pride that the Dominion name and the Dominion Rubber System Trademark go only on products which have proved their quality.

THE reputation of the greatest rubber system in Canada, and probably in the British Empire, rests on every Dominion Tire that leaves the factory. Those in charge see to it that each tire adds to the Dominion Rubber System reputation for quality and service.

THIS holds equally good with Dominion Inner Tubes. They fit perfectly all Dominion Tires and insure perfectly balanced tires.

DOMINION TIRES and ACCESSORIES are distributed through DOMINION RUBBER SYSTEM BRANCHES and sold by the Best Dealers throughout Canada.

Dominion Tires are Dominion Rubber System products—perfected by the same organization making and distributing:—
 "Dominion" Rubbers, "Fleet Foot" Shoes, "Dominion Raynsters", "Rinex" Soles, "Dominion" Belting, Hose and Packing, "Dominion" Druggists' Rubber Sundries.

Do You Remember The Old Corn Doctor?

He stood on the street in the olden days, and offered a "magic corn cure."

The same ingredients, harsh and inefficient, are sold in countless forms today.

But they did not end corns, and they do not now. Nor does padding, nor does paring—methods older still.

The One Right Way
 Modern scientists in the Bauer & Black laboratories have evolved a perfect method and embodied it in Blue-jay.

In 48 hours, while the corn is forgotten, Blue-jay completely ends it, and forever. Hardly one corn in ten needs a second application.

The way is sure. It is easy, pleasant, scientific. Quit old-fashioned, methods. Try Blue-jay on one corn—tonight.

would be unable to bring into the world anything but a "C-3" race owing to the conditions under which they had existed during the war.

Should Be Dead.
 "The race of men who allowed women to become mothers under such circumstances should be dead," he declared.

"That there was no limit to the possibilities of the labor movement was another of his declarations. "Idealist that I am, I am more than ever convinced that however ideal the theory of reconstruction may be you can only reconstruct, you can only advance as soon as the main body is intelligently conscious of its power to advance upon the citadels of greed and destroy them so they will never again afflict mankind," he said.

nothing is all right, then think of what labor men have suffered in the past for their principles."

Again, in referring to sacrifice of life in the war, Mr. Tillett evoked deafening applause.

Harvest of Love.
 "As soon as we can obliterate the memories of the war the better it will be for the working class," he said. "I will continue the fight for the class who saved the world from militarism in order that a new harvest of brotherhood and love may come to mankind."

Speaking of the resources of Canada and the enormous possibilities for the labor movement in this country, he said: "Let the aspirations of the old people, not bound and girt by the rocks of our little islands. You have the great continent to conquer."

George Armstrong, Winnipeg, called for the repeal of the order-in-council, the former stating that he had been forced to throw away \$250 worth of books, the only reason being that they bore the name of a publisher who was guilty of printing banned literature.

The matter came to a climax when a delegate moved that a general strike be called unless the order were repealed. The members strongly expressed their disapproval and voted for the adoption of the report.

ONLY EXPERIENCED MEN ELIGIBLE TO TAKE UP LAND IMMEDIATELY

OTTAWA, Sept. 25.—The committee on soldiers' civil re-establishment this morning heard Captain G. M. Dix, assistant director of agricultural training for the land settlement board, who outlined the method of grading and approving applicants for land and loans.

"What provision is there for a man with neither agricultural training nor physical fitness, but who wishes to take up farming?" Mr. MacNeil asked. "If he is sincere he is recommended for training and may reach grade C and become entitled to these benefits," said Capt. Dix. "Then for the present only men with previous experience are going on the land," Mr. MacNeil queried. The witness admitted this was practically so.

Lard—Prime western, in tierces, 19 1/2c 6d; American refined, in pails, 18 1/2c 6d. Chicago, Sept. 26.—Provisions reflected the weakness of cereals. Trade was dull. GRAIN. Chicago, Sept. 26.—Opening: Corn—December, \$1.23 1/2; May, \$1.20 1/2. Oats—December, 93c; May, 71 1/2c. Chicago, Sept. 26.—Absence of buying orders led to considerable weakness in the corn market today. There was liquidation on the part of holders, especially in the September delivery. Strength in foreign exchange had no apparent effect on grain values. Opening prices, which varied from the same as yesterday's finish to 3/4c lower, with December at \$1.23 1/2 and May at \$1.20 1/2, were followed by something of a rally in September, but additional declines in December and May. Oats were easier with corn. After opening at 3/4c decline to a like advance, including December at 68 1/2c @ 8 1/2c; the market underwent a moderate general sag. FLOUR. New York, Sept. 26.—Wall Street, 10:30 a.m.—Steel shares led all other issues at the opening of today's stock market, over-night developments dealing with the strike situation, evidently contributing to the strength of that group. Crucible Steel was the spectacular feature, gaining almost 3 points in the first 15 minutes. United States Steel and Bethlehem Steel each advanced a point each, and equipments, oils, motors and the food division were 1 to 5 points higher, tobacco, shipping and metals also making substantial advances. Profit-taking reduced some of the more extensive gains before the end of the first half hour. 1:30 p.m.—Trade was almost at a standstill during the mid-session, but changes were altogether toward higher levels. Food shares, as represented by United States Steel, Bethlehem Steel and 5 points higher, tobacco, shipping and metals also making substantial advances. Profit-taking reduced some of the more extensive gains before the end of the first half hour. WESTERN BANK CLEARINGS. TIP TOP CLOTHES ONE PRICE ONLY \$24.00 Greatest Value Under the Sun

The Largest and Only One Price Tailors in the World Any man who stops to think must see why we are able to give a greater value than any other tailor or ready-made clothier in the country—SPECIALIZATION and concentration is the answer. Do not allow yourself to be hood-winked by concerns who advertise one price to attract you into their stores, so that they can try to sell you clothes at a higher price than the one they advertise. Good, dependable clothes cannot be purchased for less than our price, \$24.00. If they could we'd make them, because we are the largest one-price tailors and have the greatest facilities. When you buy Tip Top Clothes you know that back of every order is a guarantee that distinctly means—if the garment doesn't make good, we will—by refunding your money.—S. C. Harris, London Manager.

HOUSING COMMISSION LOOKS FOR QUORUMS, BUT BUILDING LAGS

Commission Lacks Manager and Chairman. With 47 Houses Held Up.

APPLICATIONS HIT SNAGS Turned Loose. Float Into Meetings, and Are Hailed As Startling News.

The London Housing Commission almost held a meeting last night. But for the fact that there is one vacancy on the board, and that one of the members, R. H. Hessel, is out of the city, they might have had a quorum and made some headway in solving the city's housing problem. As it was, the problem remained pretty much in the same condition as it has been for some weeks.

This adds one more misfortune to the commission's career, which has been a peculiarly arduous one from the outset. Citizens and members alike looked for a rapid solution of the city's housing difficulties on its appointment, but so far the commission has been in no danger of exceeding the speed limit.

Things were moving along at a leisurely pace for a time, but still making some headway, when a divergence of opinion arose. Some members of the commission wanted to build a number of houses for sale on completion. Chairman J. G. Richter objected to this policy, claiming that the commission must have an application for each house before building it. He resigned rather than assent to the plan. This was a month ago. No one has been appointed to succeed him. No one will be appointed until the next city council meeting two weeks hence. In the meantime, the commission does the best it can, lacking an official chairman. E. H. Dennis says the council is responsible for the commission not being able to get a quorum at its meetings. Another attempt will be made Saturday afternoon.

46 Applications Wait.
Just how little progress has been made was indicated by City Clerk S. Baker last night. He said that the commission had received 121 applications. Of these, 28 have been withdrawn. Arrangements have been made for proceeding with ten of them. Forty-six are awaiting investigation. Thirty-four have been investigated by P. W. Wilson, and recommended for acceptance, and nothing further has been done with them. Thirteen other houses are held up for various reasons. Thus, there are 47 houses which might have been under construction if a vigorous businesslike policy had been pursued from the first, says Mr. Baker.

Recommends Manager.
The city clerk, who was asked at the last meeting to draw up a plan for handling the applications, recommended last night the appointment of a business or sales manager who, when an application was received, would follow it through the various channels to see that all arrangements were made with the prospective owner, and the house got under way.

Reveals Real News.
More often, the fact that such an application is in existence is unexpected and startling news to some official or member of the commission,

and it has to be turned back again for some detail to be completed. For instance, last night the commission's architect, A. M. Piper, reported that he had been about to proceed with the foundations of a house, and had found that the deed for the property had not been made over to the city.

MABEL NORMAND IN 'UPSTAIRS,' MAKES 'EM ROAR AT MAJESTIC

When the Hotel Kitchen Girl Gets Lure of Guest Floor, Things Happen.

Mabel Normand, irrepressible and delightful, is being screened at the Majestic Theatre today and Saturday in "Upstairs," her latest Goldwyn picture, which is taken from the story by Percy Poole Sheehan. Odd as it may seem, Mabel Normand does things in this photoplay, the like of which she has never done before. This is partly explained by the fact that she is the comedy transpires wholly in a big metropolitan hotel. The star is first seen as a humble toiler in the sub-kitchen.

All the intricacies of the vast culinary department are shown, with particular stress on the ice cream molding end of it. The funniest action is seen in that part. Miss Normand's best efforts are achieved on the spur of the moment, and all the laughter she creates is usually the result of a sudden whim which sends the sprightly comedienne sprawling or twisting her face in a comic grimace.

COMMISSION HOMES MAY HAVE ELECTRIC STOVES AT \$8 PER YEAR

Electric stoves will be installed in houses built by the London Housing Commission if the purchase of the public utilities commission last night suggested this to the housing board. The stoves could be purchased on the same plan as the houses and would add about \$8 a year to the whole cost.
