

BELL TELEPHONE IS WILLING TO AGREE TO TEMPORARY RAISE

City and Lovering, Counsel in Opposition to Application, Urge Serious Consideration of Request as a Purely Emergency Measure—Company's Lawyer Declares Client Wants Only Reasonable Degree of Profit.

Ottawa, Jan. 6.—Serious consideration of the Bell Telephone Company's application for increased rates as a purely emergency measure was this morning urged upon the board of railway commissioners by G. H. Geary, counsel for Toronto, and E. Lovering, for the Province of Ontario. Mr. Lovering again said that the Province of Ontario would again seriously think of withdrawing from the hearing unless this application was seriously considered.

Londoners Save Thousands of Dollars Owing to the Continued Mild Weather

Fuel Controller J. W. McCallum States City on 'Easy Street' as Far as Imme diate Fuel Situation is Concerned.

Thousands of dollars in fuel bills have been saved to Londoners by the mild weather of the last few weeks. Local Fuel Controller J. W. McCallum today said that the quantity of coal consumed, but he was emphatic in the statement that the fuel was on "easy street" so far as the immediate fuel situation is concerned.

ONTARIO ENGINEERS TO ASK LEGISLATION TO AID PROFESSION

Organizations Will Ask Registration of All Members.

Ottawa, Jan. 6.—The most important meeting in the annals of the engineers meeting in the province of Ontario was held last evening, when Charles J. MacCallum, deputy minister of mines, presided over a large mass gathering of members of the combined engineering organizations of Ontario. The purpose of the meeting, which was attended by all the engineering organizations of the province, was to provide registration for the entire engineering profession.

FUNERAL SERVICES FOR EX-CHANCELLOR OF SIMPLEST KIND

Former Kaiser Sends Wreath by Prince Oscar.

Berlin, Jan. 6.—The burial of the former imperial chancellor, Dr. von Bethmann-Hollweg, took place in the rustic cemetery at Hohenfownd yesterday. The funeral rites were of the simplest nature and of the villagers, the employees of the estate and numerous officials and political associates of the former chancellor.

Wife and Child Dead in Gas-Filled Room

Philadelphia, Pa., Jan. 6.—John Smith, 37, returning home from work last night, found his wife and 4-year-old child dead in a room filled with gas. Smith, who investigated the case, reported the woman evidently turned on the gas, clasped the child tightly to her and held it until both were asphyxiated. She had been ill several weeks.

ALL TRACE OF TWO BADGITS IS LOST; POLICE IN QUARRY

Every Possible Effort To Locate Thieves Is Being Put Forth.

BELIEVED AMERICANS

Car Used by Holdup Men Is Identified As of American Make.

No trace of the motor handits who on Monday and Wednesday nights committed robberies in this city, had been found to press their tracks according to the local police. The men, it is thought, came from points outside the city, possibly from the United States, paid a fleeting fleeing visit to this city, and then as hurriedly left.

DE VALERA DECLARES SINCE FEIN IS NOT MAKING OVERTURES

President of Irish Republic Says Government Proposals Might Be Considered.

Dublin, Jan. 6.—Eamon De Valera, president of the Irish republic, has today declared that the Irish Sinn Fein is making peace overtures to England, says the Free Press in an exclusive interview with De Valera's forthcoming manifesto. Speaking in behalf of the movement, De Valera is quoted as saying he would not turn a deaf ear to proposals of the English Government if they are based on recognition of an independent nation.

TORONTO'S POPULATION IS NOW OVER HALF MILLION

Assessment Commission Foreman Today Issued his Annual Report, which Shows an Increase in the Assessment of 9.9 per cent for 1920.

SIR WILLIAM PETERSON SACRIFICED HEALTH TO KEEP UNIVERSITY GOING

London, Jan. 6.—(Canadian Press).—The Times today commenting on the death of Sir William Peterson, says that he resigned the great post of principal of McGill University, wrecked in health by his exertions to keep the university going during the war, and in rallying all the resources of Canada in the Allied cause.

PAVING OF PIPE LINE ROADS NOT UP TO COUNTY COUNCIL

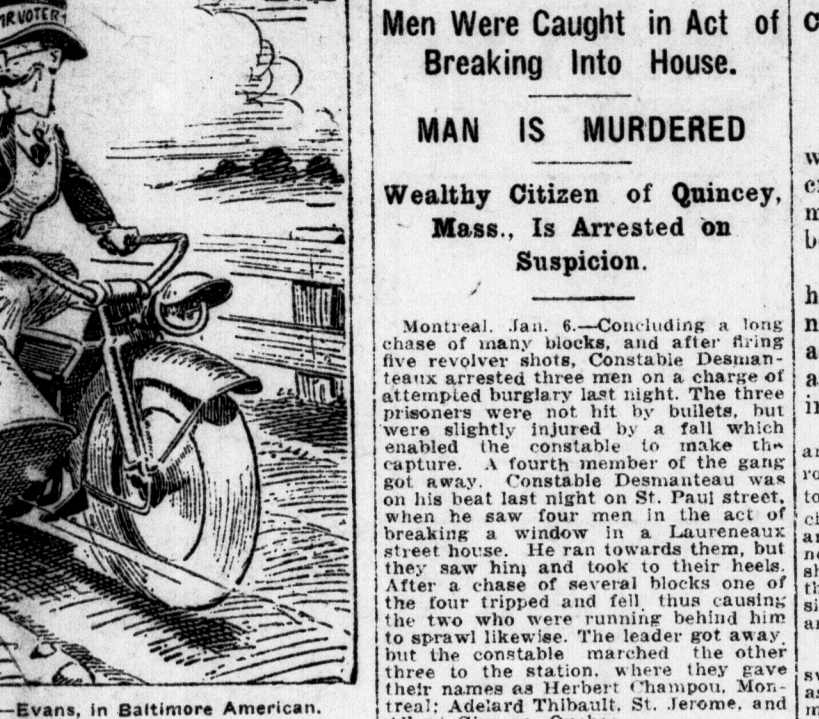

Is Matter for Suburban Area Commission, and City of London Should Take Lead, Say County Authorities

Despite the fond hopes of London motorists and other citizens it is officially whispered about that the paving of the Pipe Line road and the making of a generous grant to the London County Council, it is unlikely to be noticeable or outstanding items in the business program of the county council for 1921, which will open its sessions on Tuesday, January 25.

THE WEATHER

Following are the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 37; lowest, 32.

HOW THEY WENT TO THE POLLS

SCHWAB PREDICTS BETTER TIMES FOLLOWING SLUMP

Boston, Mass., Jan. 6.—Business and industry generally will benefit by the present commercial let-up, said Charles M. Schwab, chairman of the Bethlehem Steel Corporation, at the annual dinner of the Massachusetts Bankers' Association last night.

Will Board of Education Chairman Be Elected By Open or Secret Ballot?

Whether a chairman shall be elected by open or secret ballot is likely to be the first question with which the board of education will grapple at its inaugural meeting tonight. There are proponents of both plans among the trustees, and a vote likely will be necessary to decide the matter.

R. C. TRUSTEES WILL BE MUM OF T. AND L. COUNCIL

The Separate School Board Against Taking Action Re New Collegiate.

The following is a resolution passed at a special meeting of R. C. separate school board, held Wednesday afternoon: "Whereas it appears from the public polling on New Year's Day that the unit system of collegiate institutes did not meet with the approval of the public school supporters of London; and whereas it has been stated in the public press that the separate school representatives hold the balance of the power on this question in the board of education; and whereas separate school supporters are excluded from voting either on the policy of this question or on its execution, wherein both their property and taxes are involved; and whereas it would be both unfair and dishonest for separate school representatives to nullify the expressed will of the public school supporters; therefore, be it resolved, that it is the sense of this board that its representatives on the board of education should take no part in the determination as to whether the city of London shall have a central collegiate or a unit system of collegiate institutes."

FORBES-ROBERTSON TOUR. London, Jan. 5.—Canadian Associated Press.—The Trans-Canada Theatres, Limited, has secured Lady Forbes-Robertson for a tour of Canada this season.

Lady Forbes-Robertson (Gertrude Elliott, sister of Maxine Elliott) has appeared in Canada as leading woman for her husband in "Hamlet," "The Light That Failed," "Mice and Men," and other plays, and also made one starring tour in "The Dawn of Tomorrow."

No medicine brings such prompt relief, exerts such an invigorating influence, or so thoroughly and speedily relieves throat troubles as "Catarrhose." Doctors, hospitals, sanatoriums, all say that for those who suffer from changeable weather, for those who are predisposed to catarrh, lung trouble, deafness, or bronchitis, no treatment is so indispensable as "Catarrhose." For certain relief in an hour, use Catarrhose, the only direct, breathable medicine. Two month treatment guaranteed, price \$1; smaller size 50c, sample size 25c, at all dealers everywhere.

MCGUIRE PRESIDENT OF T. AND L. COUNCIL

Fred Young's Credentials Referred to Grievance Committee — Government Bureau Favored.

London's long hoped for new federal building is still far from an actuality, according to the answer of the public works department to the suggestion of the trades and labor council, that work on the proposed new post office building be initiated at once to help solve the unemployment situation. The department has written that as there was no appropriation made in the current year, 1920, it would be impossible to make a definite announcement when the new building might be started.

Fred Young presented credentials from the Musicians' Union at a meeting of the trades and labor council last night and was seated for the time being, his credentials being referred to the grievance committee. Mr. Young asked that a report be made available before next meeting, which delegates Colbert, England and Fountain were appointed to fill vacancies on the grievance committee.

Vice-president J. McGuire was elected president of the council for 1921 by acclamation. It was stated that President Frank McKay had declined to be a candidate for re-election. John Cummings was re-elected financial secretary by acclamation, but there will be contests next meeting for the position of vice-president. Ashton and George Murphy being nominated; and for recording secretary, with J. Hovey, Fred Barry, William Tite in the field. Harry Wray and J. Stepple were nominated for the position of sergeant-at-arms. J. F. Thompson presented the report of the High Cost of Living Committee, recommending legislation to prevent residential property being held out of use.

Notification of the expulsion of the Canadian Brotherhood of Railroad Employees from the Dominion Trades and Labor Congress was read and the secretary instructed to notify the local union that its delegates could not be seated. Secretary Tite said nothing about receipt of a letter from the Canadian Brotherhood presenting its side of the case until later in the meeting, and then the letter, on the ruling of the vice-president McGuire, who presided, was not read. J. C. Hoberall moved that the letter be read, but this motion was not accepted. A resolution was carried endorsing the stand of the Dominion Trades and Labor Council no employment bureau other than the Government Employment Bureau be recognized by organized labor.

At The Theaters

AT THE GRAND.

That the little sprite Dan Cupid played dice with the hearts of men and women 400 years ago just as he does today, was delightfully shown in the presentation last night at the Grand Opera House of Shakespeare's comedy "A Midsummer Night's Dream," by Clifford Devereux and company.

Sparkling with the keen wit and satire which did so much to endear the Bard of Avon to the playgoers of his day the comedy still has power to hold the enraptured attention of the Anglo-Saxon lover of keen repartee. And never was "The Merry Wives of Windsor" more thoroughly enjoyed than last night when the role of the bachelor, self-declared immortal, was most ably impersonated by Clifford Devereux, splendidly seconded by Miss Zinita Graf in the role of Beatrice, the clever, witty niece of Leonato, the governor of Messina.

J. B. Souther, as Claudio, the young Florentine, and Mary McAndrews, as Hero, the maligned daughter of Leonato, gave splendid portrayals of their roles. In fact, the whole cast presented excellent renderings of their respective characters.

Artistically staged, principally in the garden of Leonato, at Messina, with its marble facade and pagoda, and tropical flowers, over all the brilliant hue of Italian sky and peopled with characters of the early Elizabethan age in varied colored doublet and hose, the seven or eight scenes were most satisfyingly pleasing pictures. The gowns of the ladies were especially elaborate and those of the Florentine gentlemen only a little less so.

For the student of Shakespeare the whole presentation of the play was a delight, and it was greatly to be regretted that the attendance gave an impression that Londoners as a whole are not acquainted with or do not appreciate the beauties contained in the literature of the empire. The comedy will be presented again tonight, on Friday and Saturday. Mr. Devereux, according to the bills, present Bulwer Lytton's "Lady of Lyones" next week, possible that a change may be made in the program for Friday night and that instead of "The Lady of Lyones" the "Ghosts," the story of the visiting of the sins of the father on the son, a play that because of its weird nature was for a long time barred from the stage.

A PROFITABLE ENTERTAINMENT

Tomorrow evening at 7:30 starts one of the greatest money-saving sales known in the history of this city. Only once in a lifetime comes an opportunity of securing the very best in household furnishings at your own price. Keene Bros., well known as our largest dealers in furniture, rugs, etc., have contracted with Mr. C. N. Cooper, well-known auctioneer of this district to reduce their stock by \$20,000. At the moment this agreement has been fulfilled, sale immediately stops. Mr. Cooper has personally gone through this spacious warehouse, and declares he has never viewed, heard of or seen anything to compare with the quality represented in what, mahogany and oak. Piles upon piles of beautiful artistically designed Wilton, Axminster, Brussels and tapestry rugs are to be disposed of at your own price. You are invited to inspect any article during the day and have same auctioned at sale. Tomorrow after \$20,000 worth of goods have been sold from this stock the sale must close. This represents the surplus stock of the tremendous contracts of Keene Bros. during the past year. Mr. Cooper and Messrs. Keene Bros., in their long business experiences, have gained the reputation of fair and upright dealing with the public. They stand behind every sale made and promise to make this a real profitable entertainment for all.

ALGONQUIN PARK IN WINTER.

There is an increasing desire among many city people to escape from the cares of housekeeping, and of life in the large centres, and seek the hospitality and good cheer to be found at the resort hotels. The Grand Trunk Railway System is meeting this desire in keeping open its famous hotel in the Algonquin Park of Ontario, "The Highland Inn." This hotel is easily accessible through Ottawa or Toronto, and offers warm, cheery private and public rooms. Excellent cuisine and the companionship of guests who have a common aim—to enjoy the beautiful winter sports, invigorating climate, that the great unspoiled wilderness of Algonquin Park affords. For rates, etc., apply to C. Clarke, manager, Highland Inn, Algonquin Park, Ont., or to any Grand Trunk agent.

PLANT IS CLOSED.

Niles, O., Jan. 6.—Officials of the Hubbard Pressed Steel Company here announced today that the plant, which employs 1,000 men, would be closed down indefinitely. The shutdown followed a wage reduction of 20 per cent, which was announced on Monday.

Making the Canada Dollar the Biggest Dollar in the World!

On Friday I start a sale which will have far-reaching effects—a sale which will mark the transition from high-level prices to the readjustment period, when the Canada dollar will be looked upon as the superior of the Yankee dollar—in purchasing value.

Publicity, strong and continued, made it the plain duty of the merchants to take the loss in bringing about lower prices for clothing. My store has not made a dollar in the first half year of its existence—and I don't hope to make a dollar in my present fight for the greater purchasing value of the Canada dollar. Every department of my store takes its share of the loss—from Overcoats to Underwear—from Hats to Hosiery—nothing will be exempt.

Look These Dollar-Saving Bargains Over

Suit Special

For Opening \$23.95 Days of Sale

15 only Grey Pick and Pick Suits, Semi-ready tailored, in 3-button conservative sack style; sizes 36 to 42; alterations extra. Very special price \$23.95

impossible to secure an accurate, comprehensive opinion from the people of Ireland as to whether or not they desire the degree of self-rule that is held out to them, but to the moderate it should appeal as fair and generous. Fear, however, may cause him to reject it.

**A GOOD SUGGESTION.**  
 That the Government should take advantage of the present period of slackness in industrial occupations to encourage the workers to improve themselves and their knowledge of their crafts by attending study courses at the Technical School during their "play time" is an opinion expressed by General Manager E. V. Buchanan of the public utilities department. The suggestion is a good one. The Government might adapt its methods of handling the civil re-establishment of returned men to the helping men out of work, especially the younger men, to attend courses in "machine shop operation," "draughting," "wood working," "the theory and practical phases of electrical work," etc.

In order to encourage such men to take full advantage of courses applicable to their life calling the Government might offer a number of scholarships, of say a \$20 a month value, a sum not sufficient to entice a man from the workshop, but sufficient to encourage him to make himself better acquainted with his trade. Such a sum would just about keep a man without dependents in food.

As if to confirm the soundness of the idea Principal H. B. Beal of the Technical School states that a large number of young men at present out of work are registering in the day and night classes at the Technical School for the purpose of improving their knowledge of their trade.

**THE STUDY OF HISTORY.**  
 In a circular issued to the public school teachers of London Chief Inspector C. B. Edwards lays stress upon the importance of the value of the study of history. The public schools, he points out, should create in their pupils a real interest in the history of their family, town, province, country and the mother country, and teach them to take a real pleasure in reading and learning about these various units of the empire. The inspector has laid the emphasis where it belongs, when he says that the mission of the public school is to "create a real interest in history," not, as has sometimes been in mind, to fill the head of the young child with a string of names and dates that had little connection and less interest. If the public school can do this one thing—create a love of history—it will be of far greater value to the child than that it should know the date of the constitutional act or the names of the governors of Upper Canada after the war of 1812.

Something might be said about the character of text books in history ordinarily in use. There may have been some improvement in late years, but anything more barren than those which were in use a few years back would be hard to imagine. The situation was sometimes saved when a teacher of the type of C. B. Edwards himself presided over a class, and was able by his own enthusiasm and real love for history to awaken a like love and interest in the hearts and minds of pupils. For our Canadian history is not a barren history, but a flashing pageant of three centuries, reproducing in many ways the history of the old world. De Tocqueville, the French historian, said: "When I wish to study the merits and faults of the administration of Louis XIV. I must go to Canada; it is there that I see as through a microscope." Which is indeed true, for here in this new land an effort was made to plant the civilization of an ancient people without regard to the different conditions existing. Through the whole French period there proceeds this great moving picture of nobles and priests, soldiers and courtiers, fine ladies, Jesuit missionaries, Indian chiefs, fur traders, and somewhat in the background the sturdy habitant tilling his ribbon-like farm on the banks of the St. Lawrence. No romance or interest in our history? Where is there a more romantic history, and Parkman's pages may be used to bring this record before even the youngest children. We are not lacking in the material of history, but we are lacking in a national spirit that would make us proud of this past, proud because out of this past has been evolved the more glorious present.

**FOODS IN COLD STORAGE.**  
 Canada's national supply of food in cold storage today is less than it was a year ago by over 20 million pounds. In fact, only three prime articles show increases, and of these only in butter is there a really important change. All meats together show a decline of 7 1/2 million pounds, compared with the supply available a year ago. Beef alone has dropped six million pounds. The total meat in store at the last return was \$7,340,000 pounds which, however great the figures may look, is not more than about three weeks' supply for everybody at the usual rate of consumption. There is a still greater decrease in cheese.

The detailed figures are given below:

Decreases.	
Beef	6,193,000 lbs.
Pork	756,000 "
Mutton and lamb	501,000 "
All meats	7,450,000 "
Poultry	637,000 "
Fish	4,892,000 "
Cheese	11,523,000 "
Eggs	24,802,000 doz.
Butter	2,173,000 lbs.
Oleomargarine	92,000 "
Frozen eggs	697,000 "
	2,962,000

**EDITORIAL NOTES.**  
 A German financial pamphlet refers to Canada as a "colony." Same old fathoms.  
 Lillian Gish, movie star, is broke and out of a job. But wouldn't such a moving tale make a fine moving picture?  
 A deaf mute and a blind deaf person were married at Boston. One of those "quiet" weddings, we suppose.

**Letters to the Editor**

**CHINA'S DESPERATE FLIGHT.**  
 To the Editor of The London Advertiser:  
 An early as last July one of our missionaries in Chihli Province wrote of much suffering by reason of the total failure of the spring and summer rains and the withering of the principal crops. Bands of refugees were even then roaming about begging for food. It was hoped that the fall rains would give the farmers a chance to grow enough buckwheat and sweet potatoes to carry the people through the winter, but when no rain came these hopes faded, and suddenly the dread certainty that great numbers must perish came upon the whole population. The country directly affected is known as the great plain of North China, and comprises almost the whole of Honan, large tracts of Shantung, Chihli, Shanai and Shenai, and touches Northern Anhwei and Kiangsu. The trekking of thousands of refugees north and south, and the purchasing of grain in outside districts which had fair crops, rapidly raises the price of foodstuffs and spreads famine conditions to a still wider area. Thus it is obvious that we ought not only to send large sums of money at once by cable, but also to assemble by air or by purchase trainloads of grain, or any other kind, which may be shipped in government loaned or privately chartered steamers direct to Pu and Hon Kon, on the River Yangtze. These ports are terminals of two main railway lines running through the heart of the famine area. Large shipments of actual foodstuffs would help to keep down prices, restrict the famine, and make the money sent out of larger purchasing value.

It is of interest to learn that in the United States President Wilson has nominated a strong committee to arrange for the order of collection of relief funds throughout the United States. Mr. Wilson has also issued an earnest appeal for nation-wide benevolence to the stricken Chinese.

REV. F. A. STEVEN.  
 China Inland Mission.

**HAPPINESS AND DISCONTENT.**  
 [Vancover Sun.]  
 The opposite of contentment is dissatisfaction. And a lot of people are frequently dissatisfied with what they call "their lot" without any real reasons. Other people think they have "the best of it" in many ways. If everybody could view themselves as they are viewed by others, the probabilities are that they would be more than satisfied.

One time a man decided to sell his property. He didn't care for it. He was discontented. So he put it into the hands of an agent, who wrote an advertisement about it and brought it to the client for his approval. The agent read it over.

"Read that once more," suggested the owner of the place, and he leaned back in his chair. After the advertisement was read the second time he said:

"I don't think I'll sell after all. I've been looking for that kind of a place all my life. It sounds good. Until you read the description of it I didn't know I had it."

There it is—seeing your situation through another's eyes sometimes makes all the difference between being very much contented and grouchy unsatisfied.

**From Here and There**

**A TRYING SHIBBOLETH.**  
 [Toronto Telegram.]  
 This country wants none of those who, when they learn some English, mount a corner soap box and yell "Three Jeers for the Red, White and Blue."

**NO BUSINESS CRISIS IN SIGHT.**  
 [Kingston Whig.]  
 Some persons are taking advantage, it seems, of uncertain business conditions to start a cloud of rumors of a mischievous and dangerous kind. We all know them—prophecies of falling stocks and suspended dividends, liquidations of prominent concerns—everything up to a full-fledged panic in the more or less near but altogether vague future. These yarns are frequently marked by the unscrupulous mention of company and firm names, and impossible details are given, generally on wholly unspecified, but, of course, "the best inside" information.

These stories are 99 per cent pure lies, and the remaining 1 per cent silly misunderstanding and exaggeration. A few such stories have been started in Kingston during the past week or so. There is a disposition in some quarters to take a sensational view of them; they are attributed to maliciously selfish purposes; they are regarded as being invented and circulated with a view to depressing values. We do not believe this is true to any serious extent. The rumors are mere idle gossip of the merest kind. The advertising columns of the Whig show daily the confidence of the retail trade that profitable sales can be made at good profits. Goods are being sold in large volume to consumers; the traders, large and small, are holding their own, and there is not the slightest prospect of anything unusual happening now, or soon, or at any time in the future, so far as is at present discernible. The public, realizing the fact that prices are now about as low as conditions warrant, have abandoned their buying strike and are again purchasing freely. It is a wise conclusion, and one that will do a great deal toward stabilizing trading conditions.

**MUST BE SWALLOWED.**  
 [Vancover Sun.]  
 Great Britain recedes into the billions she loaned the old Government are gone beyond recovery. The French will eventually have to make the same admission. The medicine is bitter, but must be swallowed.

**JAZZ WILL LINGER A WHILE YET.**  
 [Detroit Free Press.]  
 Even a fairly persistent optimist has an excuse for being staggered by the calm prediction, emanating from members of the National Music Teachers' Association that the demise of jazz and a renaissance of good music are at hand. If it stood alone the prophecy regarding the future of good music would not be particularly startling, for its renaissance, if an original ground, has been long under way. The increase of its hold on the culturally inclined part of the population has been steady, persistent and progressive for a long time.

**WORDS AND DEEDS.**  
 [Quep Herald.]  
 Geneva is the scene of triumph for Canada's statesmen, but the people of this country, well pleased though they are at the promise of achievement by their representatives, are not so much pleased by their fields were the real scenes of triumph, where Canadians demonstrated that actions speak louder than words.

**RESULTS OF TRUTH-TELLING.**  
 [Vancover Sun.]  
 Imagine an earnest man who starts out of a morning with the rest of the world, but the truth all day. He has heard it said that what people want is the truth, and he has determined, therefore, that he, for one, will be truthful.

He is a bit late to work that morning, and when the boss "calls" him he makes none of the stock excuses which in the past have done good service on such occasions.

"To tell the truth, sir," he says, "I felt lazy this morning, and lay in bed for a half hour after the alarm clock woke me. I hated to come to work today and attend to this hateful job."

"If that's the way you feel about your job, you're welcome to look for another one."

Then the truth-teller's wife calls up.

"Are you busy, dear?" she inquires.

Hitherto he has always listened patiently when she called up, busy though he was.

But now, as a truthful man, he says: "Of course I'm busy! I don't see why you always call me up at this time of the day—my busiest time. I wish you'd ring me up in the evening, the resolute fellow calls a friend at whose home a new baby has arrived recently."

"Some kid, eh?" asks the friend.

"Well, it's just as snub-nosed, red-faced and homely as any other new-born brat," replies the truthful man, making a dash for the door of the evening unemployed for himself and all concerned.

Does one really want to hear the truth at all times?

**A MOTORIZED POSTOFFICE.**  
 [New York Times.]  
 According to the report of the postmaster-general, more than half of the vehicles used by his department are now motor-driven. The saving in time which they effect is obvious to all citizens who have dodged them at the crossings, or failed to dodge them. In money there has been a marked gain. It is not merely that, over distances which for the railways constitute a short haul, service is rendered more cheaply, but the market garden, much is saved to the public. A report covering the postal truck routes about Washington shows a reduction of cost to the consumer of \$390 on 3,000 cantaloupes brought from a distance of 100 miles; of \$164.80 on 103 bushels of apples brought 87 miles; of \$121.50 on 1,350 dozen eggs brought 218 miles—and so on down the list of perishable foodstuffs.

A steady extension of the motor-carried post seems assured. In the process of demobilization the postoffice received from the war department 5,500 motor trucks and 1,071 motorcycles—the latter for use in sparsely-inhabited districts and on rural delivery routes. So there has been a very considerable number of swords into plowshares. As yet, however, only 1,444 of the trucks have been refitted and put to active service. One reason for this lies in the problem of roads. For the effective use of trucks, and even of the rural motorcycle, it is necessary to have a roadbed that is proof against the guttering of rain and the heaving of frost. A limitation on the use of motor vehicles, in short, is set by the character of our highways.

**WHAT DO YOU KNOW ABOUT CANADA?**

**ANSWERS TO YESTERDAY'S QUESTIONS.**

- 1—The home of the Malpeque oyster is at Prince Edward Island.
- 2—The early settlements in Canada followed the water route was the only one available for travel.
- 3—Canada has 79 special religions.
- 4—The city of Guelph is situated on the River Speed.
- 5—Chatham is situated on the Grand River; it was originally a French settlement.
- 6—Lakes Winnipeg, Winnipegosis, Dauphin and Swan are the Manitou lakes which are the remains of ancient Lake Agassiz.
- 7—Sir William Dawson, prominent Nova Scotia scientist, discovered the earliest form of animal life, to which he gave the name "Eozoan Canadianus."
- 8—The causes of the Saskatchewan rebellion were the resentment of the half-breed population of the advance of civilization and the failure of the government to give them their land patents.
- 9—Lake St. John is in Quebec, at the head of the Saguenay River.
- 10—Sir William Logan was a famous Canadian geologist, who gave the name of Laurentian rocks to certain rock formations in the earth's framework.

**TODAY'S QUESTIONS.**

- 1—What island is called "the garden of the Gulf?"
- 2—How many Germans were killed in the war, exclusive of those dying in prison camps?
- 3—According to the last official census, how many Canadians have no specified religion?
- 4—When was Toronto University established?
- 5—Into how many distinct steppes or levels is the plain of Western Canada divided?
- 6—How many graduates of Kingston Royal Military College served in the great war?
- 7—What was the battle of Cut Knife creek?
- 8—Who was the leader of the Saskatchewan rebellion?
- 9—Where is the Missouri Coteau?
- 10—When were free schools established in Quebec?

**WILL NOT GO ON FARMS, UNEMPLOYED PREFER TO REMAIN IN THE CITY**  
 Labor Bureau Reports Work in City Still Slack.

The Ontario Employment Bureau, Dundas and Talbot streets, is still trying in vain to get men to fill positions temporarily on farms in the vicinity of London, in counties adjacent to Holland.

In some cases houses are available for married men willing to accept farm employment at reasonable wages, until the unemployment season is past. A few men are being placed in other positions, but positions in town are scarce. The number of the youth of applicants for positions is less than a few weeks ago.

**PILES**  
 Are Generally Caused by CONSTIPATION

There are few, if any, complaints more common than hemorrhoids, or piles, as they are commonly called, and annoyance and misery.

Ninety per cent are troubled with them at some time or other, owing to allowing the bowels to become in a constipated condition.

Piles are caused under three headings, i.e., itching, bleeding and protruding, and the excruciating pains which accompany them cause misery which is beyond description.

Ointments and suppositories may help and relieve for a while, but to get rid of them, it is necessary to have a free, easy and natural motion of the bowels, at least once a week, a day, and by doing this the cause will be quickly removed.

Milburn's Laxa-Liver Pills regulate the flow of bile to act properly on the liver and bowels, thus removing the constipation of the bowels, and all the troubles.

They contain no calomel or drastic mineral ingredients, being purely vegetable. They are small and easy to take, and do not gripe, weaken or sicken.

Milburn's Laxa-Liver Pills are sold at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

**THE MYSTICAL FRAGRANCE OF THE ORIENT.**  
**Campana's Italian Ba'm**

Is made up of more than a dozen different gums, balsams and oils and rare essences of flowers from Persia, South-eastern Europe, Africa and India, skillfully blended to give that delicate haunting fragrance, which so enamors the habitual user of "Campana's Italian Ba'm." Get a bottle from your druggist.

 All trains stop at Gleanworth.

**CAUSE OF EARLY OLD AGE**

The celebrated Dr. Michenoff, an authority on early old age, says that it is "caused by poisons generated in the intestine." When your stomach digests food properly it is absorbed. Poisons bring on early old age and premature death; 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion sound.

LONDON'S 12-TEAM GIRLS' BASKET-BALL LEAGUE OPENS TOMORROW

Big Promenade of All Girls in Uniform Will Start Off Big Era of Girls' Athletics.

The London Ladies' Basketball League opens with three games tomorrow night at the East-End Community Hall, which has been fixed over, a good floor being put in and a gallery for spectators. Twelve teams are in this league, which represents the largest scale the game has ever been organized on in London, and tomorrow night's opener marks a big stride in London for girls' athletics.

COCHRAN BELIEVES BIG FIGHT MUST GO TO ENGLAND

Interference of Law in U. S. Makes Englishman Start on Preparations.

NEW YORK, Jan. 6.—I have just received a letter from the sporting editor of one of England's greatest newspapers, containing information which leads me to believe England will be the scene of the Dempsey-Carpenter fight. Until this letter came I thought Canada would get the battle if the New York plans went awry.

great fighter. They are leaving nothing to chance. "Georges has everything to gain and nothing to lose, but looks on Dempsey as a man, not a superman, as everyone else does, and he believes he will beat Dempsey."

"Decamps, Georges' manager, won't hear of defeat, though he has a wholesome respect for the champion. "Fight worth \$2,000,000."

"The big showmen in the States say the fight will be worth nearly ten million dollars."

"John Ringling, who bought the Barnum show, says he will give more money than that sum."

"If this is going to be a \$2,000,000 fight, the seats will sell for more than originally planned. There probably will be a large block of \$50 seats."

KITCHENER, Jan. 5.—While the local hockey management are hopeful of the success of the Trushinski, who is at St. Michael's Hospital, Toronto, there is no expectation that he will be able to play again this season, and steps are being taken to secure a substitute. It is likely that George Karges or Gildner will be given a chance to make good in senior company. Owing to the lack of ice the boys are working out in St. Jerome's College gymnasium.

AS YOU WERE

Bugs Baer, the eccentric paragrapher, if he were a resident of London and a hockey fan, might, if he had an off-day, comment thusly upon the city's hockey situation.

THE NEW WAY OF HOKEY FANNING in London is to buy a pencil and a paper, and peruse the weather reports.

IF OF A MATHEMATICAL turn of mind X equal the unknown ice quantity.

AFTER THREE OR FOUR HOURS of figuring each night a game is scheduled, you'll have forgotten all about hockey and found that X doesn't mean anything, and the answer's nothing.

THE ONLY WAY TO GET A HOARSE VOICE and a sore throat until the inter-medies start will be to wrap pieces of wet flannel around the neck and use the pencil and paper in a damp cellar. But not too damp.

PAPER HOKEY is a great saving on money, the throat and ice. A hoarse voice and \$10 used to get the average fan by all winter. A pencil and 10 cents of unperfumed paper will now do the same work.

IT WILL THREATEN the popularity of Stove League baseball, but not far as much as it will threaten the populace with emul. Cribbage is in danger.

THE STOVE LEAGUERS don't issue rain checks, but the Paper hockeyists do. They need them.

HOGAN-HARRIS MIX FOR VETS RELIEF FUND WILL SETTLE LONG ARGUMENT TONIGHT

WINDSOR, Jan. 5.—The promise is for at least two thousand boxing fans from Chatham, Tilbury, Amherstburg, Detroit and locality, when Elmer Hogan, welterweight champion of Michigan, and Eddie Harris, C.E.F. middleweight, and later welter, champion of this district, meet in the main go of the veterans' relief fund show at the Windsor armory Thursday night January 6. The fray will be one to decide a long standing issue and argument as to who is entitled to the border welter laurels. W. E. Turley, representing the Ontario Athletic Board of Control, is expected to referee. He will be assisted by two judges, one of these, Howard Pearson, sporting editor of the Journal, Detroit. Hogan recently delivered an unmerciful hammering to K. O. Brown of Toledo at Detroit. Harris recently almost walloped Jack Dunn of Chicago into insensibility at the Elks over the river. Owing that ten per cent of the receipts go to the veterans' relief fund, the majority of fans are purchasing the "threes." Greater interest is manifest in Thursday night's affair than what was in evidence the time Jimmy Wilde battled here, and owing to the strictly local color of tomorrow's rumpus, Alex Novesky of Detroit fights the Bristol Englishman, Freddie Hammond; Gene Larue, the Canadian flyweight, battles Johnny Reagan, two other preliminaries are also scheduled.

ANOTHER PLANK IN BASEBALL GETTYSBURG, Pa., Jan. 6.—The third member of the Plank family to break into organized ball is Clyde, nephew of Eddie and Ira. He will receive a trial as a pitcher with the Waynesboro Club of the Blue Ridge League. He is a right hander, and last year rated the best pitcher in Independent circles here.

AFTER THE "FLU" WHOOPING COUGH

Whooping Cough, although specially a disease of childhood, is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children.

Whooping Cough starts with sneezing, watering of the eyes, irritation of the throat, feverishness and cough.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble as it helps to clear the clogged-up air passages of the mucous and phlegm that has collected, and in this way brings on the "whoop" which brings the so-much-sought-for relief and heals and soothes the lungs.

Mrs. J. M. House, Imperial, Sask., writes: "After the 'flu' last fall, my four children took whooping cough and one of them developed bronchitis. After using two or three bottles of Dr. Wood's Norway Pine Syrup they were greatly relieved of their nasty coughs. It is an especially good remedy for children, and is so nice they take it readily, and with pleasure."

Dr. Wood's Norway Pine Syrup is 35c and 60c a bottle at all dealers. Put up limited by The T. Milburn Company, Limited, Toronto, Ont.

ARTHUR H. SYDERE, Clerk of the Legislative Assembly, Toronto, December 23, 1920.

POUND STERLING MAKES ADVANCE

London Bills Have Gained Ten Cents Since Close of 1920.

NEW YORK, Jan. 5.—Another substantial advance in sterling bills was the outstanding feature of an active day in the foreign exchange market.

Demand bills on London rose to \$3.62 1/2, a gain of 3/16 over yesterday's final price, and of almost ten cents to the pound since the close of 1920. Today's high quotation was the maximum of the last three months.

International bankers and other dealers in exchange attributed the further advance to speculative covering by short operators, but cables from abroad suggested that the movement was founded on heavy buying here for British and French bills.

Virtually all other foreign rates were variable higher, with francs approximately six cents against a recent price of 5.82c.

Even marks and kronen improved, although dealings in German and Austrian exchange form only a small part of the exchange market.

The Canadian dollar was heavy at 83.5c.

FARMERS DID NOT KNOW REGULATIONS

Ingersoll, Jan. 5.—Farmers of this district are still aroused over the action taken recently, by which a number who had left spunk skins at a local tannery were not paying the 10-cent royalty were later fined for violation of regulations.

It was learned that they looked for their North Oxford Farmers' Club is giving consideration to the matter, with a view of bringing before the executive of the South Oxford Association at the annual meeting, and then place it before the Government in a representative way.

HAMILTON FEARS TROUBLE BY IDLE

Police and Military to Prevent Possible Outbreaks.

HAMILTON, Jan. 5.—It is said that a "red" element here is trying to stir up men in an office or behind the counter, striving hard to get on in the world, that does not feel the strain.

If nerves are in order, a man is strong, calm and steady. Unstrung nerves means weakness, worry, sleeplessness and a general decay of bodily strength.

Most men are careless of their health in the morning or when they sleep poorly or lose appetite.

Persons quite brightens up the mind. It creates an appetite and improves digestion. Ferrone makes blood, quiets the nerves, makes muscle like steel and induces refreshing sleep.

Ferrone is a body builder, though some have never heard of it. If you are sick or out of sorts, use Ferrone and enjoy the splendid health it so surely brings.

Permanent in its results, the greatest health-giver in the world is Ferrone. Because nourishing and perfectly harmless, all can use it, even children. The Ferrone today, 50c per box, at all dealers, or by mail from The Catarhazone Co., Kingston, Ont.

BANK MANAGER IS ADDED AS DEFENDANT

Toronto, Jan. 5.—John G. Hallet, manager of the Royal Bank at Woodbridge, has been added as a defendant in the action brought by James Fleming, formerly accountant of the bank at Woodbridge, against the Royal Bank, and Stuart Strachy, general manager, for \$50,000 damages for alleged false arrest, malicious prosecution and imprisonment. One day last fall about \$13,000 was found to be missing from the bank vault just as the accountant was to be moved to another branch. He was arrested, but was subsequently released and has been in prison since in the head office of the bank.

KILLED WHEN DRILL FALLS IN CANAL

Niagara Falls, Ont., Jan. 5.—Paul Bower, Toronto, employed on the hydro canal near here, was instantly killed this afternoon when a big channel drill fell on him and buried him to the ground. A work train was passing and caught one of the channel drills at No. 9 shovel. It fell into the cut on top of Bower, who was working immediately below it. Bower was 24 years of age and married.

A full head of dandruff and a touch of hair

A touch of "Booster" and dandruff disappears.

A full treatment of Booster and a full head of hair.

Booster is guaranteed for dandruff, itching and scalp eruptions. It is sold by all druggists and by mail from CANADIAN B. CO. LTD., WINDSOR, ONTARIO.

Any first-class tonorial parlor will give an application of "Booster" to the hair and supply retail bottles on request.

NEGLECT IS DANGEROUS

There is nothing in the world more dangerous than neglect. Nothing else as responsible for so much suffering and disaster.

Trace the cause of misfortune and you will find that somewhere neglect had a part. Neglect is more dangerous than disease. It is usually through neglect that life ailments come. Neglect is the neglect that they grow serious, undermining the constitution, and reach an incurable stage. My success in treating difficult cases of long standing has made me a well-known specialist in this and surrounding territory in treating men's diseases. This success is due to several things. It is due to the study I have given my specialty; to my having ascertained the exact nature of men's ailments, and to the original diagnostic and thoroughly scientific methods of treatment I employ.

AUSTRALIANS CANCEL ORDERS

Stringent Financial Condition Hit Canadian Merchants.

OTTAWA, Jan. 5.—(By Canadian Press.)—Owing to the prevailing stringent financial conditions in the Australian commonwealth, cancellation of orders placed with Canadian and other overseas manufacturers have been freely exercised by Australian buyers, according to the latest advice received from H. Ross, Canadian trade commissioner at Melbourne, in some quarters, he says, an endeavor has been made to repudiate shipments in transit, thus demonstrating the acute financial stringency even amongst some of the oldest and largest importing firms. The cancellations are general and not confined to any special line of commodities.

Letters of credit of considerable magnitude were established in overseas countries by Australian banks prior to the Australian financial stringency becoming pronounced. These credits covering forward purchases extending over a period of months will be duly honored, but when they are exhausted there is no immediate prospect, says Mr. Ross, of further credits for large amounts being available, although limited credit in some quarters may be obtained under special circumstances.

Dealing more particularly with the effect of tight money conditions on Canada's lumber trade with Australia, Mr. Ross says: "When Credits Expire. The question is how Canadian exporters of lumber and other essential commodities are to be reimbursed for their shipments to Australia; it is anticipated that some shippers will be unable to finance their usual trade through the possible assistance of Canadian banks, but there are others who may be unable to find the necessary accommodation. Some shippers will be able to dispose under arrangements with their customers to extend the accommodation necessary for maintaining exports from Canada to Australia, the temporary disability caused through buyers being unable to provide credits will be offset, if not, it is apparent that Canadian exporters to Australia will speedily show a marked diminution in quantity and contraction in value."

INTERESTING NEWS FOR WORKING MEN

An Article Well Worth Your While To Read.

This is a nerve-racking age—not a man in an office or behind the counter, striving hard to get on in the world, that does not feel the strain.

If nerves are in order, a man is strong, calm and steady. Unstrung nerves means weakness, worry, sleeplessness and a general decay of bodily strength.

Most men are careless of their health in the morning or when they sleep poorly or lose appetite.

Persons quite brightens up the mind. It creates an appetite and improves digestion. Ferrone makes blood, quiets the nerves, makes muscle like steel and induces refreshing sleep.

Ferrone is a body builder, though some have never heard of it. If you are sick or out of sorts, use Ferrone and enjoy the splendid health it so surely brings.

Permanent in its results, the greatest health-giver in the world is Ferrone. Because nourishing and perfectly harmless, all can use it, even children. The Ferrone today, 50c per box, at all dealers, or by mail from The Catarhazone Co., Kingston, Ont.

**PLEADED NOT GUILTY.**—Fred Fuller of this city was charged in police court with stealing a club bag, a shaving outfit and some clothing, the property of E. Havens of Detroit, from the Grand Trunk Railway. Fuller pleaded not guilty. He will be tried on Thursday, along with Samson Sprickett of Hamilton, who was arraigned Tuesday on the same charge.

**At The Theaters**

**DOUGLAS FAIRBANKS AT LOEW'S.**  
In keeping with the letter of the sagacious critics, the supreme test of a successful photoplay should be characterized in the first instance by a good story replete with action. Douglas Fairbanks in "The Mark of Zorro," a United Artists production that is to be shown at Loew's Theatre, beginning today, has certainly amongst other things, fulfilled that requirement.

Full of swift, bristling action, there is a strong love interest quite different from that attempted by Fairbanks heretofore. We also find a revealing touch running through the entire picture that buoy one up for the startling events that are in all details gripping, impassioned and mystifying. Every detail of setting and acting has been given the greatest care in presentation, thus creating a harmony of art that is distinctly superior.

It is fundamentally a drama showing the salutary influence. As such it contains something that always causes use to focus our attention throughout, a force which has made all of Fairbanks' pictures so notable and compelling an entertainment. Much more than that, it has made all of Fairbanks' pictures without the slightest danger of misapprehension.

For two story replete with action, Douglas Fairbanks surrounded himself with an exceptionally strong one. When Doug first went over this vehicle he realized the number of changes in his company would be necessary if justice was to be done to the story, because of its deviation from anything heretofore done by him. As a result of which a most careful selection was made; therefore we find together with him upon the screen. The public can certainly feel assured that the management of Loew's Theatre during the past year has not been amiss in providing its patrons with the very best obtainable. With this statement they can look forward with expectation to this coming picture. Fairbanks has surely spared neither time nor expense in providing the very best for his large host of admirers. With this assurance, as already manifested in his previous production, it is a great source of satisfaction that screen lovers display their appreciation of his artistry.

Interior view of R. Leo Watson's Up-to-Date Shop for Men, where the Canadian dollar will have greatest purchasing power of any dollar in the world, during Price Adjustment Sale, which commences Friday morning.

plause follows each great scene of "Nomads of the North," the wonderful picture of the Canadian wilderness, adapted from James Oliver Curwood's book. "Nomads of the North" is the attraction for the huge crowds at the Allen at present (today is the last chance you will have to see it), and never have audiences enthused so greatly over the story of a photoplay as do the people at "Nomads of the North." The big opening scene, where Raol Challenger in his frail birch canoe rides the roaring rapids, and the bear cub and the dog pup are lost overboard, the terrific battle of the bear and dog against the man is another great incident, while the forest fire is so real it overawes you, the red flames seemingly to leap right out of the picture in their fury. And there's a finish so fine that you will cheer it again and again. When you see "Nomads of the North" you'll never forget it, always remember with a smile the fun that the bear and dog provide, and the thrills of the great story.

Among the many extra attractions of special note is the big special Charlie Chaplin comedy "The Immigrant." Of all Chaplin's famous pictures there are none of them so laughable as this one. Overture "Arctic Sketches," and special musical score.

**OWEN MOORE AND CHARLIE CHAPLIN PRESENT DOUBLE COMEDY BILL AT ALLEN'S TOMORROW.**  
Presented at the Allen tomorrow and Saturday will be Owen Moore in his new high-powered romantic comedy "The Poor Sinner," a humorous, delightful story of young millionaires, the Art Colony of Washington Square, and a young man's fancy in spring.

Charlie Chaplin will be presented at the Allen today, tomorrow and Saturday in his best comedy special "The Immigrant." You've seen some good ones of Chaplin, but until you see "The Immigrant" you've never laughed your hardest at this world famous comedian.

**MANAGER OF ALLEN OFFERS PRIZE TO BOYS WHO IMPERSONATE "DINTY."**  
The manager of the Allen Theatre is offering a prize to the boy who most closely resembles "Dinty" in Marshall Neilan's picture of the name, which is to play the Allen Monday, Tuesday, Wednesday and Thursday next week.

"Dinty," as played by Wesley (Freckles) Barry, is a newboy of San Francisco, a regular street gamin, whose pals are a half-breed Chinese boy and a young coal-black negro. To the boy who can make up or look the closest to Wesley Barry in the character of "Dinty" the Allen prize will be given. Now's your chance, you chaps, to make a lot of fun and win something worth while. Show up at the Allen Monday evening around 5 o'clock.

**STIRRING CROOK DRAMA, "THE DEEP PURPLE," PLEASES CAPACITY AUDIENCES AT THE POPULAR MAJESTIC.**  
Paul Armstrong's stirring drama of the New York underworld, "The Deep Purple," is delighting capacity audiences at every performance at the popular Majestic Theatre this week, and it is far the best piece to be offered this season by this sterling company of associate players. Replete with tense action, thrills and romance, with here and there a dash of comedy, makes for one grand bill of enjoyment. Majestic patrons have been free with their applause and appreciation of the individual efforts of each and every member of the company. Much comment has been heard regarding the excellent portrayal of Edna Marshall as "Frisco Kate," a role that she interprets this week with a finish that leaves nothing to be desired. This marks the first time this clever actress has been given scope to display her talents and confidence men, exclaiming any previous effort. The usual Saturday matinee will be presented at 2:15, and patrons are again urged to secure their reservations in advance. Seats can be held one week in advance. Phone 1766.

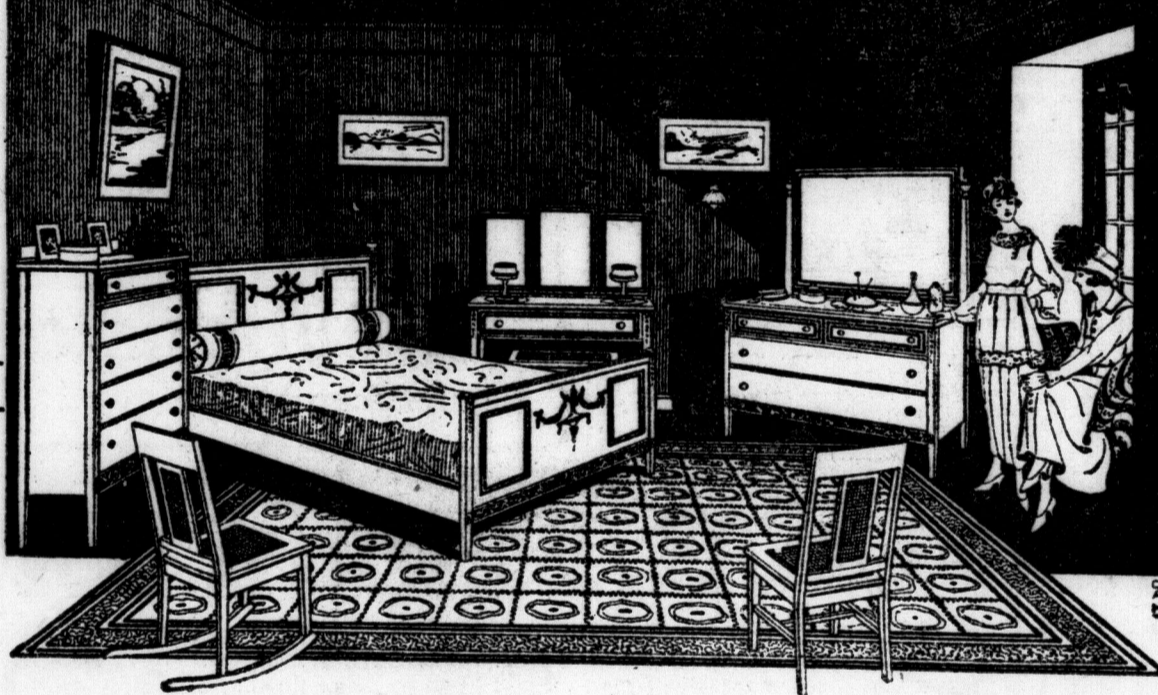

**ROSS' LIMITED MANUFACTURERS**

**FURS REDUCED TO CLEAR**

AT PRICES MUCH BELOW PRESENT COST OF MANUFACTURING

Indications point to a comparatively small catch of furs this season. Several reasons contribute to this fact. So in the face of shortage conditions likely to obtain next year purchasers would act wisely in securing as soon as possible the extraordinary bargains now being offered.
