FROM A LIBERAL PAPER

The Woodstock Sentinel-Review (Liberal), in returning to a consideration of the cause of the trouncing sustained by that side in North Grey, says: Nor is there anything to be gained by laying charges of bad faith against the temperance people who are supporting the Conservative party.

The Review is right except in one regard, namely, the statement that there "may or may not" be ground for the suspicion that Liberal manipulators in this Province have in the past played with the temperance question.

THIS GREAT COUNTRY

That there has been too great an inflation of land values in the Canadian West is undoubted, and the reaction now in evidence was bound to come.

It points out that the Dominion has an area of 3,743,000 square miles and comprises one-sixteenth of the land surface of the globe.

are sites which their owners would scarcely exchange for a similar surface on Cornhill in the British metropolis.

IN BAD SHAPE

Party prejudice aside there cannot be the slightest doubt that the Liberal party in Canada is at present in very bad shape.

The one outstanding personality on that side is Sir Wilfrid Laurier and after him, whom? The truth is that there has never been a time in the history of any political party in Canada when men of marked strength and merit were so utterly lacking as they are right now in the Liberal ranks.

What the Other Fellow Thinks

Guelph Mercury: Things are all upset in Berlin this week, as the gas went off on wash day (Monday). Dutch husbands will have to eat hash twice this week.

Ottawa Journal: Hamilton, is watching Ottawa's experiment in dropping the written test for entrance examination to the Collegiate Institute with the idea of adopting the same plan if it succeeds here.

NOTES AND COMMENTS

It is not true that the recent heat has brought about a collapse of the extension of the city boundaries movement.

The Brantford baseball club has got into the cellar, just as the Toronto club has taken one step out of a like locality.

Hon. W. T. White, our Finance Minister, has been selling the people of England that the heart of Canada is sound on the navel question.

One thing must impress itself upon those who read the Conservative press, namely, that they make a wonderful lot of crowing over the North Grey election.

CITY NEWS ITEMS

THE PROBS

TORONTO, July 24.—The shallow barometric depression, which was over the Great Lakes yesterday, has passed to the Lower St. Lawrence and Gulf, and higher pressure is now spreading over Ontario and Middle States. The weather continues fine and warm in the Western Provinces. Showers were nearly general through the night in Ontario and Quebec.

FORECASTS: Moderate to fresh northerly winds, fine. Friday, westerly winds, fine and moderately warm.

Temperature: Temperature for the past 24 hours. Highest 85, lowest 54. For the same date last year, highest 74, lowest 51.

Liberal Collection: The collection taken at the Brantford-St. Marys lacrosse match here yesterday amounted to \$119.60

Clerk's Picnic: Yesterday afternoon the lady clerks of the Caudwell and Beckett store held a picnic at Mohawk Park. The clerks report having had a good time.

Will Take Course: Regimental Sergeant Major Arthur Roberts of the 25th Brant Dragons, leaves in a few days to take a course of musketry at the Rockcliff ranges.

New Sidewalk: A cement sidewalk is being laid by the Township on the west side of the Cockshutt Road from the city limits to opposite the residence of Mr. John Campbell.

Was Overcome: During the races yesterday at Agricultural Park, a Toronto lady excursionist after running in one of the races was overcome. She was not revived for several minutes.

Did Not Swim: Mr. H. Hilborn who with a young lady friend was struck by a motor launch on Mohawk Lake, while canoeing, and thrown into the water, did not swim to shore as stated in yesterday's Courier. He assisted the young lady into the motor launch and reposed there himself finally. Mr. Hilborn proposes to enter suit for damages as the launch had no lights.

Passed Exams: Those who passed the departmental examinations in Brantford yesterday as follows: T. Adcock (Pt. II), M. C. Anderson (Pt. II), M. Feather (Pt. I), H. B. Kerruish (Pt. II), Hop (Pt. I), L. E. Laborde (Pt. I), A. Maus (Pt. II), O. Mott (Pt. II), M. L. Neill (Pt. II), M. Peirre (Pt. I), M. M. Kutherford (Pt. I), L. T. Wilson (Pt. II).

The Hickory Lodge: The campers at 'Hickory Lodge' seem to have some large time. Last evening the girls and their brothers, about 14 in all, gathered around the camp fire singing popular and old time songs. After giving the camp yells, the warwhoop, etc., the boys having been informed by their sisters that to o'clock was time to retire, were safely escorted over the swing bridge and on their way to the car by "Farmer John, the lantern bearer."

Choir Picnic: Yesterday the Brant Avenue Methodist choir and their friends in goodly numbers journeyed in busses and motors to the Bell Homestead, Tutela Park and held their annual picnic. The large attendance, and a thoroughly enjoyable time was spent. Baseball and other games and sports filled the afternoon, and after they had done justice to the ample supply of refreshments, an adjournment was made to a house where a fine programme of music was rendered. They returned to the city about ten o'clock well pleased with the outing.

Filling in Space: What appears to be a good suggestion for the preserving of the West Brantford dump in the time of flood, was made this morning. The Parks Board intend to fill in to a line from the west end of Lorne bridge to the entrance to Agricultural Park. Every spring there is considerable of the fill carried down the river. It was suggested that the brush resulting from the tree trimming which is now going on, could be placed in the gravel beds, and stones could be placed on the brush to hold it. This would, it is thought, preserve the dump and catch sediment coming down the river.

Football Council: A meeting of the football council was held in the Board room club room last night, President Speechly presiding. The protest in connection with the cup game played on Saturday, was not considered. An exhibition game will be played some afternoon early in August, between two picked teams, one composed of English players and the other Scotch. Harbor of the Brant Dragons was transferred to the Dufferin Rifles team. In the remaining games for the John Hill Charity Cup, Y. M. C. A. will play St. Andrews and the winner will then meet Cockshutt. The winner of that game will play off with the winners of the Holmeade-Tutela game for the silverware.

Wre Wed: Elder George Kippax yesterday performed the marriage ceremony of George William MacGregor and Ellen Coleman.

Plenty of Dogs: Up till noon to-day 405 dog licenses have been issued at the City Treasurer's office for 1913. There are some fifty more to be taken out before Saturday noon.

Hit a Wagon: Early this afternoon, a Brantford street car going west on Colborne street, hit a wagon, belonging to Mickel-Dymond & Son as the wagon was going into the company's yards. The wagon was turned over. The car and wagon were slightly damaged. The driver was slightly scratched.

Brantford Firm Interested: Messrs. L. H. Taylor and F. C. Bodley have prepared plans for and are superintending the construction of a large skating rink in Woodstock for the Arena Co. of that place. The building will be of steel construction and covered with Ontario roofing. The ice surface will be 80 ft. by 95 ft. The cost of the rink is \$30,000. The work of excavating started today, and the building will be completed by December.

New Player Here: Pitcher Lill, secured from Ottawa for the Red Sox, arrived in the city and will be in the box this afternoon in the game against Guelph. Earl Powell also arrived in the city from East Liverpool, Ohio. Powell is no stranger to the Brantford fans, as he played first base for the London team part of last season. He will likely be played in the outfield this afternoon, and may be seen playing the initial bag on Friday. It is to be hoped that with the addition of these two players, the Red Sox will be able to make a better showing.

Sir Wilfrid Is Having a Quiet Visit With Friends in Toronto.

(Canadian Press Despatch) TORONTO, July 24.—Sir Wilfrid Laurier is to-day continuing his quiet holiday in Toronto, and it is understood that he will leave for Ottawa to-night. The leader of the Opposition returned to the city this morning from Sir William Mulock's farm near Newmarket, where he spent the night, and at noon to-day met some of his friends at luncheon at the Ontario Club. This evening Senator Kerr is giving a dinner in honor of Sir Wilfrid at the Royal Canadian Yacht Club, at the conclusion of which he leaves for the capital. These functions, it is said, are not political in any sense, but purely social and the Liberals deny that the leader's visit has any political significance. It is stated that he has not talked politics with F. G. Inwood, Liberal organizer for the province, and that he has not seen F. Pardee of Sarnia, chief Liberal whip, who it was reported, was coming down for a conference. Mr. Inwood stated this morning that no plans had been made for Sir Wilfrid to address any political rallies in Ontario and Quebec before fall, though it is expected that he will give a few addresses at a later date.

Reason Why Work Stopped

At the request of the City Solicitor, Reeve Kendrick has called a special meeting of the Township Council for to-night in the office of Township Clerk Smith in the Court House, to try and settle the difficulty between the Township Council and the city board of works over the work which is being done on West street, from the city limits to Mt. Hope cemetery. Yesterday Reeve Kendrick had the work stopped, but the work is going on to-day within the city limits. When the matter was dealt with by the Township Council, a resolution was passed by that body agreeing to enter into an agreement with the city to lay a cement walk on West street from the city limits to Mt. Hope cemetery; also to grade a certain portion of West street, each to pay half the cost, the city to do the work and submit costs to the Township Clerk for checking purposes. This was agreed to by the city, and an agreement was to have been drawn by the city and submitted for the consideration of the Township Council. This was not done. The work, however, was gone ahead with without the agreement being signed. The work was stopped yesterday for a two-fold reason, because the agreement was not signed and owing to the lowering of the road in front of the properties of Messrs. Harry Hall and E. W. Jones, which would damage the same.

With the City Police

This morning's police court was only of a half hour's duration. Acting Magistrate Charlton was on the bench. Two drunks, first offenders, were allowed to go. John Murray, (colored) Brock Lane, was charged with assaulting a lady, with intent. There was no evidence taken, and Murray was remanded until to-morrow. Mrs. Gordon, Henrietta street, charged Richard Brennan with assault. There was no evidence taken, and the case was adjourned until to-morrow.

Down Hill

Grand Valley Car Got Dizzy Near Paris Last Night.

A Grand Valley Radial car which left Paris last night at 11 o'clock with seven passengers on board, three girls and four men, figured in an exciting runaway. At the top of the Paris hill the car stopped owing to the fuse being burned out. Conductor Cole and the motorman were hunting around for a fuse wire when the air became exhausted and the car made the trip down the hill and around the curves at a high rate of speed, stopping within a short distance of the station. The lights were out, the girls were badly scared. A local young man took hold of the rope attached to the trolley pole and held the pole down until near the second curve when he said "Good Night" to the car. After that the pole was bent. When the car stopped the conductor was not on board. He arrived a few minutes after. The car was a half hour late in arriving at the city.

DO YOUR EARS RING? This is the beginning of Chronic Catarrh. If not checked, the result is deafness. A simple remedy that many physicians advise is to slowly inhale "Catarrhoxone" a few times each day. The soothing vapor of Catarrhoxone cures the Catarrhal condition and hearing improves at once. Head noises, buzzing ears are cured. For Catarrhal deafness, throat, nose and lung catarrh there is probably no remedy so efficient.

The Baltimore boys were elated the other day, because they had won the game. There is much to that, but it would be to shut up the Queen City for has never been done.

Rochester, it is said, won a game the other day. It was for a variety of reasons, one that it gave them a ghost of a to finally oust Newark from place—just a ghost of a show more.

Baseball teams boast of streaks, when they win half a games in succession. Then they get to get chesty and have taken out and talked to. Of it must be remembered that it is a Yankee game. The Baltimore boys were greatly disappointed the other day, because they lost to Toronto. There is nothing new about that, but it would be a feat to win the Queen City folk. That has been done.

It is said, it is said, won a weird game the other day. It was weird because of reasons, one being that they had a ghost of a chance to win against Newark from first base, a ghost of a show and no more.

The Australians are not doing so well on water as heretofore. One of them was outwitted on the Thames by Barry, the world's champion, who seems to be fairly handy with the water.

The crisis in Mexico is said to be near at hand. Possibly so, but there is no use worrying about it. These crises have been coming right along for some time with a regularity that would credit to a milkman. When they are over, of course, there are not so many Mexicans as there were, but that is inevitable. People who banker after crisis and that sort of thing, must take their chances. This latest Mexican crisis reminds one of the Red Sox about which something kind and encouraging should be said. It looks now as if their crisis had passed. They are in the cellar, and all of the noble band are able to sit up and take nourishment. It certainly looks now as if they would stay right there.

Mr. Squith says he is disappointed in the Turks and the Balkan states, and disgusted too; Ty Cobb and Detroit and would like to see some other team; the King of Siam is kicking because he is not as strong as he could be; and President Percy Quinn finds himself in a tight place.

TWO LEAF HEAVERS WERE POUNDED HARD

Orioles Collected Sixteen Bingles and Scored Four Runs. TORONTO, July 24.—Two southpaws faced the barrier at the start of yesterday's clash between the Orioles and Leafs, but only one finished, and, sorry to relate, it was the opposing twirler. Cottrell, who held the Leafs to four hits and two runs while the Biris pounded Hearne for seven hits and two runs in the first three innings and got to Gaw for nine safeties and two more runs in the last six innings, thus making the verdict 4 to 2 in favor of the enemy. Scores: Toronto.....10102000-4 Baltimore.....01000010-2

ROCHESTER BEAT PROVIDENCE

Hustlers Hit Reislgl and Moran Hard. All Through Game. ROCHESTER, July 24.—Reislgl's weakness in the first and the indifferent hurling of Moran, who followed him in the second, gave the Hustlers' nine runs in yesterday's game against Providence. Quinn was invincible except in the fourth, when New York's Grays threw only runs. In the fifth he fanned three in a row. Scores: Rochester.....32102108-9 Providence.....00010000-3

FOUR STRAIGHT FOR MONTREAL

McHale Was Touched Up at the Opposite Time. MONTREAL, July 24.—Montreal took the fourth straight game of the series from the luckless Skeeters yesterday, bumping the offerings of McHale when they hurt most. Jersey City had an early lead, making five of their eight hits in the first three innings, but Dale improved as the game advanced. Hits by Purtell, Allen and Burns each drove in a pair of runs for Montreal. Costello, a young infielder from the New York Americans, was at short for Jersey City, and mixed three errors with some fast fielding. Score: Jersey City.....10200010-1 Montreal.....02020000-5

MADE IT THREE STRAIGHT BUFFALO

Buffalo Made It Three Straight over the Crippled Bisons yesterday, driving Main from the box in the first inning and holding the lead safe throughout, winning by the score of 8 to 3. Matessah, a former Buffalo semi-professional pitcher, made his debut before the local fans, and pitched a good game. Swacina was the hitting demon of the game, driving in four runs and scoring one himself. He got a triple, a double and two singles along with Jackson. Falkenberg, after the first inning, was unbeat-able, and shut out the Sox without any effort. Score: Buffalo.....01010011-8 Newark.....03000000-3

CELLAR CHAMPS LOSE FIVE STRAIGHT

Red Sox Again Defeated by Guelph to the Mournful Tune of 9-2.

GUELPH, July 23.—The Brantford Red Sox closed their first trip to Guelph yesterday and were beaten by the Maple Leafs 9 to 2. The game was nothing but a light work-out for the Leafs. They batted Crothers, a new pitcher to all corners of the lot, and scored just when they felt like it. Dorbeck pitched under wraps all the way, and although he was touched up freely at times he always tightened up in the pinches. Joe Lill of the Ottawa team, reported to Manager Kane here yesterday. PIRATES COULDN'T HIT MARQUARD

New York Pitcher Won His Eighth Straight Victory.

NEW YORK, July 24.—New York made it three straight over Pittsburgh 2 to 0. Marquard, who won his 8th straight victory, held the visitors to two hits, both coming with none out in the sixth inning. McQuillan also pitched well for Pittsburgh, but he had a bad first inning, when Burns doubled on the first pitch, and scored on the infield outs of Shafer and Fletcher. Score: Pittsburgh.....00000000-0 New York.....20000000-2

WAS A SLUGGING GAME

Chicago Lambasted Philadelphia by a Score of 13 to 8. PHILADELPHIA, July 24.—Chicago outslugged Philadelphia yesterday in a matinee of runs, base hits and the use of many pitchers, the Cubs finishing on the long end of a 13 to 8 score. Score: Chicago.....24311010-13 Philadelphia.....03220010-8

BOSTON DEFEATS CINCINNATI

Tyler, the Braves' Pitcher, Was Effective With Men on Bases. BOSTON, July 24.—Boston defeated Cincinnati yesterday 4 to 1 in a long drawn-out game. Tyler was effective with men on bases, while Packard was batted hard in the third inning, when the Braves scored enough runs to win. Score: Boston.....002010108-4 Cincinnati.....00001000-1

Yingling Has Not Been Beaten by Cardinals in Two Seasons

BROOKLYN, July 24.—Earl Yingling maintained his record of being unbeaten by St. Louis in two seasons when he pitched Brooklyn 15 to 7 to 2 victory yesterday. The game was close up to the seventh, when the locals bunched two singles, a double and a triple, with a base on balls, for four runs. The fielding was fast on both sides, four double plays figuring prominently. Wheat got three hits and a pass in four trips to the plate. He has made eleven hits in the last four games. Score: St. Louis.....10000010-2 Brooklyn.....000111408-7

Naps Took Odd Game

CLEVELAND, July 24.—Jackson's daring steal of home in the 6th inning of yesterday's game beat the world's champions for the third time in a row, and gave the Clevelanders the odd game against the Eastern invaders for the four-club invasion. On top of this pillar, Leonard unloosed a wild hurl, and Lajoie scored along with Jackson. Falkenberg, after the first inning, was unbeat-able, and shut out the Sox without any effort. Score: Boston.....30000000-3 Cleveland.....000203008-5

LONDON WON FIRST LOST SECOND GAME

Berlin Divided a Double, Header With League Leaders.

BERLIN, July 23.—London and Berlin divided a double-header here this afternoon before a large booster's day crowd, with the scores 4 to 2 in both meetings. The first fixture, which went ten innings, was a pitchers' battle between Bradshaw and Heck, with the former having the better of it. Rank support alone defeated the locals. Bradshaw held the Tecumsehs to four scratch hits, but the fielding behind him was of the unsteady variety. In the ninth frame, White's Hopes tied up the score on Dinsmore's single and White's double, but in the tenth a scratch hit, an error and some daring base running won for the visitors. The second game which went seven innings to allow the teams to catch the trains cast, found Berlin playing errorless ball. Beebe was no puzzle, while Bramble beat London for the second time of the series. The locals piled up three runs in the fourth on clean hitting. Atcheson, the new second baseman from Cohalt, who broke into the game cleaned the bases with a triple. Scott's Mike Irwin, of Brooklyn and Charles Hickman of Cleveland, were here for the purpose of looking over Pitcher Bradshaw of Berlin and Shortstop Dunlop of London. The scores: Berlin.....090000110-2 London.....010001002-4

Second game: Berlin.....100300-3 London.....0101000-2

ATHLETICS WON FROM ST. LOUIS

Chief Bender's Pitching and Batting Were the Features.

ST. LOUIS, July 24.—Bender's pitching and his own hitting were enough to beat the Browns yesterday without the help of the numerous swats of his team-mates. The final score was 8 to 1 in favor of the Athletics, making the series 3 to 1 in their favor. Bender in the sixth sent two across the plate on his single to centre. Score:— Philadelphia . . . . . 003002201—8 St. Louis . . . . . 000010000—1

WASHINGTON BEAT CHICAGO

First Baseman Chase Had Five Big Errors.

CHICAGO, July 24.—Boehling, Washington's sensational pitcher, won his eleventh straight game yesterday, when, assisted by eight errors on the part of the White Sox, the Senators won by a score of 7 to 4. Five of the eight errors made by the Sox were charged against Hall Chase, who had a decidedly "off day." Boehling walked seven men, but always tightened up with men on base. Score:— Washington . . . . . 030003001—7 Chicago . . . . . 010000000—1

BRANTFORD BEAT SAINTS IN THE DISTRICT FIXTURE

Score Was 13-6—Play Was Marred in Spots By Rough Work—Details of Play.

It was very important that the Brantford lacrosse team should win yesterday's match here with St. Mary's in order to be in line for the district championship and they did it, beating St. Mary's 13-6. London is occupying the cellar position and it is a race between the boys in white and green and the boys in red and black for the district championship. The locals received good support, and to a degree the support they received was responsible for the victory. There was lots of "pep." There was also some rough work. St. Mary's did not score during the first quarter. The locals scored five goals. Lawton being responsible for one, Campbell for two, Hearn for one and T. Kelly for one. In the second quarter St. Mary's scored two and Brantford two. Alberts and Laville scoring for St. Mary's. Four goals were scored in the third quarter, two for Brantford and two for St. Mary's. Slattery and Hearn scored for Brantford and Turnbull for St. Mary's. In the last quarter, Campbell, Hearn, T. Kelly and Slattery scored for the Telephone City and Turnbull and Lashbrook scored for the visitors making the score stand 13 to 6 at the finish. The time:— St. Mary's—McLean, goal; Stewart, point; Marshall, cover; Cuthbertson, Alberts and Wilson, defence; Hayden, Lashbrook and McConnell, home; Lavelle, inside; Turnbull, outside. Brantford—Shannon, goal; J. Kelly, point; O'Connor, cover; Col-

SCRIBES ENJOYED BRANTFORD VISIT

"Spector" Frankly Admits That Reputations Were Ruined Tuesday.

(Hamilton Spectator). Fifteen members of the Hamilton Press club were the guests of the Brantford newspapermen in the Telephone city yesterday, when a real good time was put in. A game of soft ball was played in the afternoon, the Hamilton contingent winning by 10 to 18. The Dykeville scribes scoring nine runs in the ninth innings, when they put up a grand rally, which was started by W. Chesterfield McMillen of Hamilton, who made his debut in the role of umpire. Mac's intentions were good, but it is hardly fair to force a chap to handle such an important fixture as yesterday's improved to be, when his thoughts and intentions are all centered on the behaviour of a certain bangtail at Windmill Park, and a certain yellow telegram slip which deposited in his pocket. Naturally it was no surprise to hear Mac shout, "Come on you Theo, Cook" when Slitzer Walsh was tearing in from third to home in the ninth with the run which started the famous rally. Walsh, who was really out but "Theo, Cook at juicy odds" couldn't see it that way, with the result that Boehling Holmes attempted to break all high altitude records and before he completed his flight the Dykeville Rip Van Winkles tallied nine runs. Mixed up some where in this nine was one scored by Clifton Todd, the hero of one of Bertha M. Clay's novels. Clifty surprised the natives and (low voice) President Tom Nelson of the Brantford ball club, by putting the fat padding of a soft ball over on the dyke for the longest hit of the day. Racing around the diamond with one shoe on and the other in his hand, he came tearing down the path from third to the plate; and in the extreme joy of the greatest moment of his life, hit the dust, head on, for the most perfect slide ever attempted in the newspaper world—and there have been some slides in that world. Todd was immediately proclaimed "king" and decorated with fig leaves and applause, while his team mates washed out his shirt under the village pump. Said shirt had been damaged in said slide and repairs and water were imperative.

CANADIAN BOWLERS WON BY 13 SHOTS

Tourists Will Come Home With More Wins Than Defeats.

LONDON, July 23.—The touring Canadian bowlers succeeded yesterday in adding another to their list of victories by defeating the Falls Bowling Club of Belfast, by thirteen shots. To-day they will put up a strenuous fight in the closing match against an All-Ireland team. The winners of the tour though on points they are still down a little. The J. Ross Robertson gold medals have been won by S. Armitage, J. Ogilvie, L. E. Weitlauffer and Geo. Chapman, who claim sixteen victories and eight defeats. The other medal winners are still doubtful. Yesterday's scores were:— Canada Falls Club Rice . . . . . 23 McDonald . . . . . 24 McTaggart . . . . . 23 Hove . . . . . 21 T. Rennie . . . . . 19 McNally . . . . . 20 Combination . . . . . 16 McNally . . . . . 20 Chapman . . . . . 20 Todd . . . . . 10 Totals . . . . . 116 Totals . . . . . 97 Majority for Canada, 13 shots.

AFTER LONDON PLAYERS.

LONDON, Ont., July 24.—Brooklyn has offered London \$1,500 for Dunlop, the crack shortstop of the Tecumseh and the deal will likely be closed. Eight hundred dollars is to be paid at once, and if Dunlop makes good \$700 more will be paid the London directors. If not Dunlop is to be returned to London, and the local men will pocket the \$800. The Cleveland American League club is after Neal, London's left fielder.

Lonely Ontario Jail.

TRENTON, Ont., July 24.—Prince Edward County jail is said to be without a prisoner. The turnkey has retired, and the jailer, and his wife are alone in the big stone building. The employers who have the most efficient organizations are the ones who make best use of the wants.

That Dodd's Kidney Pills Cure Bright's Disease

Ontario Man's Kidney Disease Gradually Grew Worse. Till He Used Dodd's Kidney Pills—Then He Found Speedy and Complete Cure. LEFAIVRE, Ont., July 21.—(Special)—Rescued from the grasp of deadly Bright's Disease by Dodd's Kidney Pills, Mr. Amable Lamarche, a well known resident of this place, is singing the praises of this standard remedy for kidney ailments. "My sickness started from a strain," Mr. Lamarche states; "and for a year I did not know a well day. My sleep was broken and unrefreshing, my appetite was fitful, and my limbs would swell. Then rheumatism set in, and neuralgia, backache, headache, and heart trouble added to my tortures. "The doctor who attended me could give me no relief, and finally, when Bright's Disease had me in its grasp, I decided to try Dodd's Kidney Pills. "After taking three boxes of them I was as well as ever I was in my life, and I have had no pain since." Mr. Lamarche's case again demonstrates two things. The first is that neglected kidney trouble brings the most painful and dangerous of diseases; the second that Dodd's Kidney Pills cure kidney disease in any of its stages. Dodd's Kidney Pills cure where every other medicine fails.

NO DRINKING MAN NEED DESPAIR The Neal Cure—Greatest of All Modern Discoveries—Offers a Means of Escape from the Curse of Drink. A cure of the Drink Habit is Guaranteed in Three Days no Matter Whether the Patient is a Hard and Constant Drinker, Social Tippler or Goes on Occasional Sprees. There was wandering in the streets of Toronto lately a homeless man, who at one time held a splendid position, but drink was his downfall. To-day his wife, a cultured woman, works out by the day, endeavoring to support herself and little family. Think of it, you wives and mothers, who have homes of comfort and all that makes life worth living, what it would be to you to be deprived of these and forced to face the wash tub for an existence, as this poor wife has to do to-day? But this home which was made a hell on earth through strong drink—as every drunkard's is—may be made into a heaven upon earth, as many have been made, as a result of the Neal Treatment. Three days only—the wonder of it—to effect a cure and make the victim of strong drink a new man, physically, morally and mentally. We undertake to guarantee to effect a cure of the Drink Habit in Three Days, no matter whether the patient is a hard and constant drinker, social tippler, or goes on occasional sprees. Are you interested in a poor fellow going down, down, down through the curse of drink? Then bring your influence to bear on him and bring him to the Neal Institute for treatment, drink or sober, and we will undertake to remove the awful appetite for strong drink and deliver him to you a new man. Here is an opportunity for REFORMATION SOCIETIES for INEBRIATES, or any institution for the reformation of the drunkard, to test our ability to change the hard drinker into a new man, physically and mentally, in THREE DAYS' treatment. We invite these Societies or any institution interested in the poor drunkard and the problem of dealing with him, to send us for treatment any victim of the drink habit, it makes no difference how much enstayed, and we guarantee to effect a cure in each and every case. Can you spend your money to better advantage or in a way that will bring in greater returns than in redeeming these victims of strong drink and giving back to their families kind fathers, brothers, husbands, and to the country most desirable citizens? # A PAGE OF THE BEST HUMOR OF THE WEEK

**Not That Kind of Touch.**  
Cardinal Gibbons made the opening prayer at the Democratic National Convention in Baltimore.  
There were two doorkeepers on the main door. One was a very devout Catholic and the other was not.  
As the cardinal came down the aisle to go to his room the Catholic doorkeeper leaned across to the other and said:  
"Hey, Jim, be sure to touch this cardinal when he goes out."  
"What poke, has he got it in?" asked Jim, hoarsely.—Post, Philadelphia.

Mrs. Pankhurst will be known in history as the woman who would not open her mouth while in jail and wouldn't shut it while at large.—Cleveland Plain Dealer.

Mr. Pampus (after a lucky recovery over hedge): "I see, caddy, if I had had done that there would have been a devil of a noise about it."  
Caddy: "So there will now, sir. It's the secretary on the lead."—London Opinion.

**In the Near Future.**  
Miss Redoubt: "Do you think he will love me when I am old?"  
Miss Pallade: "There's one consolation. You will soon know."—Puck.

Knickker: "Is Johns in politics for his health?"  
Socker: "Not unless mud baths are healthy."—Fun.

**A Friend in Need.**  
Brown: "I haven't a friend in the world."  
Jones: "You can make one right now. I need a fiver."—Puck.

**GLAD OF IT.**  
Wife: "You are a different sort of man than my first husband."  
Husband: "Yes, thank goodness! I am alive."—Judge.

**A Jewel-This's Ruse.**  
A novel method of defrauding a jeweller was successfully carried out by a Paris thief. He drove up in a carriage to the jeweller's shop with his right arm in a sling and was astoundedly attended by a footman carrying a rug.  
He selected jewels to the value of \$250 and when the moment came for payment asked whether the jeweller minded his sending his man home for the money.  
No objection was taken to this course, and then there was another request.  
"Would you mind writing for me?" asked the customer. "I have hurt my arm. Just write, please give Robert \$250, and sign it Henri."  
The jeweller wrote the note, and in fifteen minutes Robert was back with the cash.  
When the jeweller went home a light dawned.  
"What's his wife asked, 'did you want that sign for the moment?'"  
The thief had made the jeweller, whose name was Henri, pay for the gems with his own money.

**ALL THERE.**  
Cityman (irritably, at the close of an unsuccessful day): "Did anybody ever catch anything in this pond?"  
Rustique: "Not that I ever heern tell on, mister."  
Cityman: "Then what did you mean by telling me this morning that the pond was full of fish?"  
Rustique: "That's why it ought to be full—there ain't none on 'em!"

**A Cordial Invitation.**  
Knickker: "I hear you are in the country for one summer. How do you like it?"  
Dugoo: "Terribly! I have delightful sons, old man. Cool and pleasant, but mosquitoes, southern exposure, and all conveniences. I wish you would take a run out to see me. Forty miles from town, commanding view of the ocean, superb bathing and no children on the premises. Come out and take a look."  
Knickker: "Thanks. Perhaps I will some day."  
Dugoo: "Some day? Why, I want to show you those rooms right away! Can't you come out tonight?"  
Knickker: "Great Scott! What on earth do you want me to come out tonight for?"  
Dugoo: "I thought, old fellow, you might like to take those rooms off my hands."—Puck.

Swell: "Yes, sir, I make all my money by the sweating system—by making the other fellows do the sweating while I rake in the coin."  
Friend: "I should be ashamed to acknowledge it if I were you."  
Swell: "Why, there's no harm in being the proprietor of a Turkish bath, is there?"

A newly married pair had escaped from their demonstrative friends and were on the way to the station, when the carriage stopped. The bridegroom looked out of the window impatiently.  
"What's the matter, driver?" he called.  
"The horse has cast a shoe, sir," was the reply.  
"Great Scott!" groaned the bridegroom. "Even the horse!"

**A TRUE HELPMET.**  
Striker: "What's that 'y' say?"  
Wife: "Certainly I 'ave. I struck in sympathy with you and yer mates."—Sydney Bulletin.

**Turning the Laugh.**  
When the slightest hand-artist calls one of the audience to "aid in a sketch he generally manages, to get the laugh on this obliging person, but not always, as the following plainly shows:  
The conjurer in the village school-room had invited a gentleman from the audience to step up to the platform, and a rustic in a velvet coat responded.  
"Now, sir," said the professor, "I suppose you consider it a matter of impossibility for me to make that rabbit in the box on the table pass into your coat-tail pocket?"  
"I dunnod about impossibility," came the reply, "but I wouldn't do it if I was you, sir."  
"Oh, you'll be in no danger, I can assure you," smiled the sleight-of-hand man, airily.  
"I won't think about myself," the rustic answered. "I was studyin' the 'y' you've got a couple of ferrets in that there pocket."

The cynical person was standing in front of a part of an exhibition of local art talent, labelled "Art Objects."  
"Well, I suppose Art does object, and I can't blame her, but there doesn't seem to be any help for it," he said.  
**Proof Positive.**  
Crawford: "Do you think he's hen-pecked?"  
Crawshaw: "He never mentioned it, but I've noticed that the portraits over his mantelpiece are those of his wife's folks."—Fun.

**VALUE OF AN IMAGINATION.**  
"Harold, you mustn't eat all the peanuts, even if you are pretending to be a monkey. You must give sister some."  
"But, mother, I'm pretending she's some kind of animal wot doesn't eat peanuts."—Life.

"It used to be that when we met a man who could wash and mend his own clothes, and who could wash dishes and cook, we took him to be a sailor."  
"And now?"  
"Now we don't know whether he is a sailor or the husband of a suffragette."  
The friends of a confirmed nuptialer at a certain restaurant got the waitresses to give him a lesson. One brought him his change, one shilling and five pence, all in coppers, on a tray. His friends thought that this time he would have to give something.  
"There's a penny," he said, adding a "copper" and now, young woman, take all that away and get me a shilling and a sixpence."  
"Look here," said a stinging husband to his wife, who had to present each week a detailed account of her expenses. "Mustard plasters, two shillings, three teeth extricated, seven pennymentary, and so on."  
"I'll tell you," said the wife, "I'll tell you, you know, that you are a fool."

Norah, the new cook, poked her head round the dining-room door.  
"Place, ma'am," she inquired, "an' 'ow will it be knowin' when the puddin' is cooked?"  
"Stick a knife into it," answered the skilled housewife, "and if it comes out clean the pudding is ready to serve."  
"Yis, ma'am."  
"And, oh, Norah," continued her mistress, "if the knife does come out clean you might stick all the rest of the knives in as well."  
The story is told of a well known traveler who on one journey was much annoyed by a pedantic bore who forced himself upon him and made a great parade of his learning.  
The traveler bore it as long as he could, and at length, looking at him gravely, said:  
"My friend, you and I know all that is to be known."  
"How is that?" said the man, pleased with what he thought a complimentary association.  
"You and I," said the traveler, "you know, that you are a fool."

**The Unit Rule.**  
Mrs. Henpeck: "What is this unit rule they talk so much about in the political conventions, Hiram?"  
Henpeck: "Why, my dear, it's where delegates from one state vote together as a unit, you know. I can illustrate it by a request. I'd like to go fishing tomorrow. If you vote with me on the proposition."  
Mrs. Henpeck: "But you can't go fishing, Hiram."—Fun.

A retired colonel had been advised by his doctor that if he did not give up whisky it would shorten his life.  
"Think so?" asked the colonel.  
"I am sure of it, colonel. If you will stop drinking I am sure it will prolong your days."  
"Come to think of it, I believe you are right about that, doctor," said the colonel. "I went twenty-four hours without a drink six months ago, and I never put in such a long day in my life."

Bill Smith, a country shopkeeper, went to town to buy goods.  
They were sent home before him. When the boxes arrived, Mrs. Smith, who was mending the shop, uttered a scream, seized a hatchet, and began to force of the lid of the largest.  
"What's the matter?" asked a bystander.  
"Pale and faint, Mrs. Smith pointed to an inscription on the lid. It read: "Bill inside."  
An orderly officer going his rounds at dinner time at a territorial camp, asking the usual question, "Any complaints, men?" received a complaint from one mess, who were having soup.  
"Well, what is the matter with it?" inquired the officer.  
"Why, there's no end of sand and grit in it," replied the mess orderly.  
"Now, look here," said the officer, "did you come to camp to grumble or serve your country?"  
"Well, I did come to serve my country, sir, but not to eat it."

**By Wire.**  
"It must complicate matters terribly for Hawkins now that his wife has been sent to jail for three months," said Blatch.  
"I wonder who will sing the baby to sleep."  
"Oh, he's fixed that all right," said Blithe. "He's had the nursery connected by phone with her cell."

**Explained.**  
"I hear Miss Strongmind has chucked poor Thompson," said Dabney.  
"Sad, but true," said Wilkins.  
"Why, I always thought Thompy was a brick!" said Dabney.  
"He is," said Wilkins. "That's why she threw him. I guess."—Fun.

**PROMISING.**  
Polydore: "I see Carnegie thinks the prospects very bright for universal peace."  
Coriolanus: "Well, if the countries that are already fighting can be persuaded to stop, and those that are preparing for war can be induced to change their minds, the outlook will be very promising."—Judge.

**Love's Logic.**  
There's no logic in love. The young people sat on the beach the other night. Moonlight whitened the sand. The sea in the moonlight was like frosted silver. The young girl, mystically beautiful beneath those calm rays, said:  
"How do you know I can make you happy?"  
"Because," grinned the young man, "you make me so miserable."—London Opinion.

**Intensely Interested.**  
Suffragette: "I read every line of the presidential convention doings. Women should know how these things are done."  
Ordinary woman: "Of course! So did I. Weren't some of the women's spates just stunning?"—Fun.

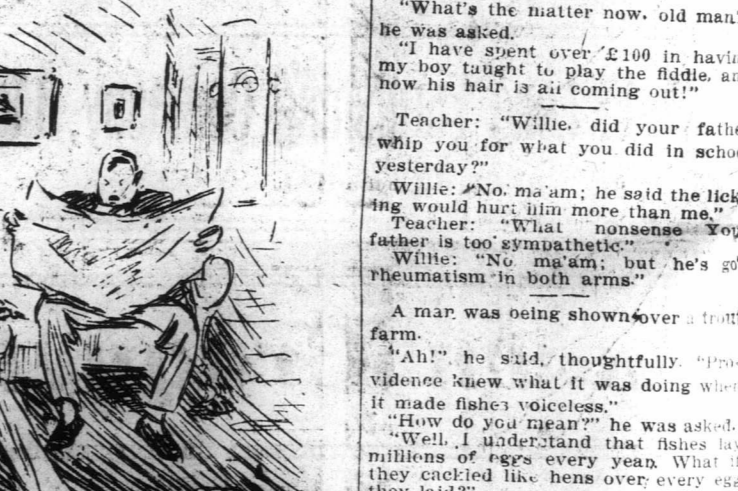

**A Certainty.**  
"Do you consider honestness an emblem of luck?" asked the racing man's wife. "Of course," replied the husband, "when they are on the winning horse."—London Opinion.

**Profit By It.**  
Mrs. Suburban: "Oh, Henry! After passing thru the long winter, the ice, the sleet, and the snow, and then to see this glorious spring sunlight, these green fields, and the leafy trees! Why, one feels that it actually pays!"  
Henry: "Yes, you bet it pays! Why, only this morning I rented this house to a city man for eight hundred dollars for the summer months, and he's a fat in the city for two hundred."—Puck.

**Actor-Manager.** "So you want to be an actor? What was your previous occupation?"  
Gent: "Well—I've always been a gentleman up till now."—Modern Life.

**Perhaps you drink too much coffee,** suggested the doctor, "I should advise you to try a substitute."  
"Sir, your advice is superfluous," replied the patient. "I have lived in boarding-houses for twenty-five years, and I always was unlucky!" The speaker heaved a weary sigh.  
"What's the matter now, old man?" he was asked.  
"I have spent over \$100 in having my boy taught to play the fiddle, and now his hair is all coming out!"  
Teacher: "Willie, did your father whip you for what you did in school yesterday?"  
Willie: "No, ma'am; he said the fiddling would hurt him more than me."

"How do you mean?" he was asked.  
"Well, I understand that there are millions of eggs every year. What if they cracked like hens over every egg they laid?"
