British Repulse Hand to Hand Attack on Leuze Wood

WHAT IS HINDENBURG GOING TO DO ABOUT THE SOMME FRONT?

That is the Question Which is Proving a Puzzler For Him

By Courier Leased Wire. London, Sept. 7.—(New York Times cable)—The Paris correspondent of The Chronicle, in discussing the allied offensive on the Somme front says:

"What is Hindenburg going to do about it? He is a bold fighter, and has almost dictatorial powers. With- out crediting the stories of his open quarrel with the crown prince, we are now bound to consider that youth's adventure against Verdun as virtually abandoned. Everything suggests that Field Marshal Hindenburg continues to regard the eastern front as the most favorable field of action. Immediately before his appointment, nine divisions were said to have been taken from the western front, to stem the Russian flood in Volhynia, so that all but these two regions of the west must now be skinned of every available unit.

"But Verdun and Picardy are ever-flowing wounds, which must have cost the Germans in the last two months in killed, wounded and prisoners, the equivalent of at least another nine divisions—perhaps considerable more.

"What then, is Hindenburg going to do about it? The root of the fact now beyond dispute is that he cannot hold out both on the east and the west.

"In serious and well-informed circles, he is credited with the intention of taking the division, now at grips with the British and French forces and throwing them against the Russians. Six months ago, perhaps, it could have been done, but the position now is revolutionized. To be of any use for the east a re-orientation of the front would have to be made quickly. How is that to be done without disaster in face of the advancing forces with which the Russian, British and French officers are now watching for any sign of a break in the opposing lines.

"There is a general sense that the title forces in play are speeding to a climax, and it is this sense that gives the urgency here to the question, 'Why does not the army of Sal- torius defend Verdun which has not been forgotten, is generally regarded as one of the most resourceful of French commanders.

SOCIALIST PAPER

Published in Berlin Speaks Out in Very Plain Terms.

At Meetings Demands for Peace Received with Loud Cheers.

By Courier Leased Wire. London, Sept. 7.—(New York Times cable)—The Daily Express prints the extracts from the Berlin Socialist organ, Vorwaerts: "If the Central authorities still have any doubts as to the real senti- ments of the people in regard to the continuance of this frightful strug- gle, they should personally attend some of the crowded meetings, now being held in various parts of the empire.

"At all of these gatherings the de- mand for speedy peace without any annexations is received with thun- dering cheers.

"The recall of Vaon Falkenhayn is equivalent to an admission by Ger- mania that defeat was suffered before Verdun, and admission which comes more than six months after the be- ginning of that gigantic campaign fully justified in the sacrifice of half a million men if he could capture Verdun. He has lost the elite of the Imperial army and now Verdun re- presents a military defeat, the con- sequences of which are now seen in northern France, in Russia, in Por- tugal and in the Ionian. It fur- ther constitutes a moral defeat of which the reaction is at this moment felt so seriously in the Balkans."

GERMANS WERE BEATEN BACK.

By Courier Leased Wire. London, Sept. 7.—A German attempt to regain possession of Leuze Wood, on the Somme front, last night, led to hand-to-hand fighting with the British. The War Office announced to-day that the Germans were beaten back.

The announcement fol- lows: "Under cover of darkness the enemy made a counter-attack against our position in Leuze wood. After hand- to-hand fighting the enemy was driven back, leaving 2 officers and 17 men prisoners in our hands.

"The fighting at Ginchy continues. There has been considerable artillery activity on both sides during the night and this morning, the enemy using gas and lachry- matory shells. East of Neu- ville St. Vaast the enemy ex- ploded a mine. Yesterday evening we carried out a very effective bombardment of the enemy's trenches west of Lens."

TOWN OF HALICZ IN FLAMES.

By Courier Leased Wire. Petrograd, Sept. 7, via London, 1.49 p.m.—The Rus- sians are bombarding the Galician town of Halicz, about 60 miles southeast of Lemberg, says the Russian official report issued to-day. The town is in flames.

The Russian statement adds that Russian troops have occupied the railway lines between Halicz and Semikowitz and Wodniki.

SEVERE LOSSES

Are Admitted by German Correspondents.

By Courier Leased Wire. London, Sept. 7.—(New York World)—"From the descriptions of the German war correspondents at the front of the Somme," says a Daily News' despatch from Rotterdam. "It is clear the Germans suffered severe losses. The Berliner Tag- blatt pays tribute to the work of the British artillery. It says: "French, English and American guns of every calibre, including an exceptional number of naval guns, have been concentrated during sever- al weeks and ammunition has been heaped up in unprecedented quan- tities. The fire has continued for some days in stronger measure than modern war has given. It is the maddest gunfire the world has ever experienced.

THE ROUMANIANS EVACUATE TOWN.

Imperial Chancellor Points Out Failure of Sub Warfare

London, Sept. 7.—New York Times cable—A wireless press mes- sage from Bern received yesterday says that disengagement about sub- marine warfare is now complete in official circles in Germany.

According to the information re- ceived here from Berlin, the Imperial Chancellor has pointed out the failure of submarine warfare, not only at secret sittings of the bunde- rat, but to a considerable number of political leaders. Pan-German attacks and criticism drove Von Bethmann-Hollweg to this course. Pan-Germanists accused him of slackness in abandoning submarine

N. Y. Railways Company Abrogates All Agreements

By Courier Leased Wire. New York, Sept. 7.—A strike began on the subway and elevated lines and several of the surface systems of the Interborough Rapid Transit Company but up to noon the city appeared little affected by the sit- uation.

Union leaders, who demand abro- gation by the company of the so- called "master and servant" con- tracts binding the employees not to ask wage increases for two years were affected. Throughout the districts affected little disorder was reported. Mean- while traction officials, admitting that the gravity of the situation is such that at any moment a crisis may arise, were providing stocks of frozen meat, fresh vegetables, milk and bread and other provisions for the strikers, many of whom have come from other cities where they had gathered in anticipation of a nation wide railroad strike.

AN AIR RAID Is Made by the British on the Turkish Positions.

By Courier Leased Wire. London, Sept. 7.—A raid by British aeroplanes on Turkish positions at Elarish, in the Sinai peninsula, ninety miles east of the Suez canal, is reported in the following official statement given out here to-day: "On Tuesday two of our aero- planes raided the Turkish aerodrome and aeroplane repair section at El Arish. The War Situation Upon All Battle Fronts

By Courier Leased Wire. London, Sept. 7.—The capture of German line trenches over a front of one mile before Verdun was announced to-day by the French War Office. The ground was won in the long-contested sector east of the Meuse, between the Vaux-Chapitre region and the town of Chenois. It is in this sector, where the Ger- mans most nearly approached a de- ciding breach in the defenses of the front that the heaviest fighting has been in progress recently.

On the Somme front the principal activity of last night was on the initiative of the Germans who made a determined effort to recapture from the British the small section of ground along the Guillemont-Corn- lies highway, known as Louze wood. The German counter-attack led to one of the fiercest man-to-man struggles with hand grenades and bayonets which have characterized the recent fighting along the Somme. London reports officially that in the end the Germans were beaten back.

An intimation that the Somme of- fensive may be soon dropped for the winter is contained in a despatch from the British front. A staff of- ficer is quoted as saying that if the British wait until spring before mak- ing further great efforts, there will be available for the present great quantities of artillery and cor- responding vast stores of ammuni- tion.

In Greek Macedonia the campaign still lags. An official report from London shows that British warships are being used to shell coastal posi- tions of the Bulgarian troops which occupy northeastern Greece. Aside from patrol encounters and artillery engagements, there was little activity on this front yesterday.

An important Russian victory in eastern Galicia is indicated by to- day's official announcement from Petrograd. It says the city of Halicz, 60 miles southeast of Lemberg, is under Russian bombardment and in flames.

Since the opening of the Russian drive, the heaviest pressure has been directed against the Austro- German lines above and below Ver- dun, and there has been a constant fighting before Halicz. This city is on the trunk line railroad, running southeast from Lemberg to Stan- islaw and Kolomea, and is also the southern terminus of another line. Its strategic importance is indicated further by the fact that it is on the Dniester at its junction with the Gntia Lipa.

### COLLAPSED AS SHE WAITED FOR BREAD

#### Sixteen-Year-Old Girl One of Many Who Suffer Because of Lack of Food.

Montreal, Sept. 7.—The intensity of the suffering borne by the Belgian women is told briefly in the Brussels Jobs, which cites one recent instance, which is characteristic of many.

"Miss D., 16 years old," says the paper, "sent Sunday to Icille-Brunels by her parents to get some bread, stood in the line from five o'clock in the morning until eleven, when she collapsed and was taken to a hospital."

Hundreds of the women and children out of the starving seven millions have experienced this. Weakness from lack of nourishment is the cause of many of the sicknesses and even death are now common because there is no food.

Canadians are being asked to provide for such as this 16-year old girl—asked to give just enough to provide them with the food they need to keep them alive until their menfolk return victorious from the war. Send your bit to your local committee or to the treasurer of the Belgian Relief Committee, 59 St. Peter Street, Montreal.

Sarnia, Sept. 7.—Mayor Thomas Doherty of this city, a resident here for a quarter of a century, dropped dead last night while addressing an audience at St. Paul's Presbyterian Church, where a corner-stone was being laid. He came here from Watford and engaged in stove manufacturing owning a big plant in this city. He is survived by his wife, three sons, William and John of Sarnia, and James of Chicago, and five daughters: Mrs. Chester Belton, Mrs. Dr. Logie, Mrs. Wm. Watson and Mrs. Harry Turnbull of Sarnia and Mrs. Gordon Rutherford, of Hutchinson, Kansas.

### MACEDONIAN FRONT

London, Sept. 7.—An official statement reporting military operations in Macedonia was issued by the British government to-day as follows:

"Saloniki:—On the Struma front several raids were made by our patrols on enemy trenches. Some prisoners were captured."

"The royal navy successfully shelled a battalion of enemy infantry concentrated opposite Neochari (in eastern Greek Macedonia near Orfani). On the Dorian front there was considerable artillery activity. Hostile guns, which were shelling Vladoja, were silenced."

"We shot down an enemy aeroplane which fell in flames into Lake Doiran."

### BIG GOLF COMPETITION

Philadelphia, Sept. 7.—Never before have so many golfers of national reputation reached the third round of the National Amateur Golf Championship as this year, at the Merion Cricket Club. This is due to the freaks of the draw for the early round and because the stars have all played up to form.

To-day's match between Robert A. Gardner, the titleholder, and 15-year-old R. T. Jones, Jr., of Atlanta, is one of the features of the tournament and many experts figure that the southern wonder has an even chance to win. His medal scores to date warrant such an opinion. Jones is the south's last hopes, as G. A. Gilman, the other Atlanta youth, was eliminated yesterday by D. C. Corkran, of Baltimore.

Such players as Jesse Guiford and Gardiner White, John Anderson and Chick Evans are paired and as all are top of their game, one-sided contests are not expected.

### BARON SCHENCK

#### Had Many Precautions Around His Home.

#### He Was Head of the Elaborate Espionage System.

By Courier Leased Wire  
London, Sept. 6.—A despatch to The Daily Chronicle from its Athens correspondent says:

"From now on, no arrests will be effected here by the English or French secret police, but only by the Greek authorities. Among those already arrested in Prince Ali Riza, cousin-German of the khedive of Egypt."

Baron Schenk has not been to the British legation since his surrender here, as has been reported. He stands to be treated by the Greek authorities like other persons whose expulsion is demanded. The Baron's right hand man, Hoffman, one of the most respectable German agents and a major in the German army, was arrested yesterday evening."

After the seriousness of the political crisis had passed, the great topic of interest in Athens was that of the doings of the Baron. He had brought the German espionage system to a high degree of perfection. His house is a handsome commodious residence off one of the main streets and in the very center of the city. Before his surrender a little reconnoitering soon showed how well the Baron was guarded. At all street corners his sentinels were posted and his sentinels every cafe in the neighborhood. He evidently had quite a formidable garrison inside the house.

"While looking at the building two nights ago," says the correspondent, "the front door was opened to admit one of his comitadjis, who, like his comrades in arms, was a man of fierce demeanor. The open door gave me a view of the hall, across which a bodyguard of four men immediately rushed to make the visitor stand in the center of the presence of an observing stranger at once put numerous members of the garrison on their guard. At windows, heads appeared and soon after the door had closed it opened again and a man emerged to rush down the street."

"Another tour around the house and immediate neighborhood revealed the fact that written reports concerning the doings of the band outside were furnished direct to the Baron. These documents were pushed under the front door step. In the space of about five minutes I passed or was followed by nearly fifty of the Baron's braves intent on seeing what I was up to."

"The house was a university of lies and pay headquarters for a formidable band of spies and desperadoes. The Baron is said to have had a couple of score of atrocious retainers, while the watchers outside must have numbered at least one hundred. All the watchers I saw were obviously carrying revolvers in their pockets."

### EGGS WERE THROWN

#### By a Woman During Funeral of Zeppelin Victims.

London, Sept. 7.—At the funeral of the 249 victims a military lorry bearing the coffin of the Zeppelin commander headed the procession. It was followed by a lorry bearing the coffins of the crew. Each was draped in a black pall. The Royal Flying Corps followed in another lorry.

Woman Throws Eggs  
During the procession a motorist started an altercation with the British aviators, but a soldier rushed up, knocked his hat off and escorted him away. A woman in the crowd threw two eggs as the coffin passed, but was hooded away by the other spectators.

There was no demonstration at the cemetery. The Zeppelin commander's coffin was borne by six men, simply stating the circumstances of his death. It read: "An unknown German officer killed while commanding the Zeppelin L-21 on the third of September, 1916."

The other fifteen coffins followed. The service beside the grave was simple, the Church of England burial service being used. The words "the body of this unknown German officer" were used in committing the body to the ground.

With Great Violence  
The sounding of the last post was the only military feature of the service.

With Great Violence  
By Courier Leased Wire  
Bucharest, Sept. 7.—German and Bulgarian forces, having received numerous reinforcements, continue to attack with great violence the Romanian fortress of Turtauca. The garrison of the fortress is ceaselessly counter-attacking, the Romanian statement adds that the losses on each side are said to have been enormous.

### FORTY MILLIONS

#### To Be Spent by Pennsylvania Lines to Enter Detroit.

By Courier Leased Wire  
Pittsburg, Sept. 7.—Authorized announcement was made here to-day by the Pennsylvania railway lines west of Pittsburg of their plan to enter Detroit with an estimated expenditure of \$40,000,000 in order to reach freight and passenger terminals there. The Pennsylvania lines will be extended from Toledo to a point near the Detroit city line where connection will be made with the Pere Marquette Railroad and that road's rails will be used to reach the Port Street station. The greater part of the millions to be expended will be used to build a belt road for freight purposes which will parallel the 50 mile line of the Detroit terminal railroad, owned jointly by the New York Central System and the Grand Trunk, use of which railroad has been denied the Pennsylvania.

I must tell you the tale of Peter Peacock, for then you'll know as well as I do why the peacock's disposition is nothing like so beautiful as his tail.

Peter Peacock had a splendid tail and no mistake, broad and beautiful when it was open and long when it was closed. Why, dear me, the peacocks even agreed among themselves that Peter had quite the longest tail in the world—and when peacocks agree the world should agree. At least so said Peter who grew so vain after he knew his tail was the longest in the world that nobody liked him.

But pride goeth before a fall, a wise man said, and Peter was on his way to his doom. One night strutting about in the forest Peter Peacock met an elf.

"Out of the way," said Peter. "I am King Peter Peacock and my tail is the longest in the world."

The elf laughed rudely.

"Peter Peacock," he said, "could you fly to Japan?"

"No," said Peter sourly, "you know I couldn't."

"Well, then," said the elf, "I'll make your wings so strong and swift with my magic that you can and I will show you a tail that will turn you green with envy."

So Peter and the elf flew to Japan—how to Shinowara, a village in the island of Shikoku.

And the elf, chucking, led Peter to a high, narrow cage with a light at the top.

"Look," said the elf, and Peter looked. There on a perch at the top rested a bird with a tail 12 feet long. Gracefully it hung down from the perch and Peter's feathers here and there turned green with envy.

"Who are you?" snapped Peter.

"I am but one of many," said the Japanese bird proudly. "I sit here upon my high perch so that dust and dirt may not injure my tail. I have a special long box to travel in when there is need of it—a box that will not bend my tail."

"I don't believe it," said Peter Peacock staring.

"And when I go forth for my half-hour of open air I have a tail-bearer. Ah—here he is now?"

And while the elf and Peter watched, a Japanese boy arrived and opened the cage. Out went the beautiful bird with the boy as train-bearer, supporting his tail so that not a single one of his feathers could be dragged.

"Out of my way," he snapped to Peter. "Out of my way, strange bird. For I have the longest tail in the world."

"Ho, ho!" jeered the elf. "What of that, Peter Peacock? What of that? What do you think, eh, of the long-tailed cock they rear here in the island of Shikoku?"

But Peter was flying home in a temper. And ever after he was pretty cranky. What's more he told the other peacocks and they felt much the same, and the elf, whenever a peacock spreads his tail, just chuckles.

**RUSSIAN GAS SHELL**

Is Proving a Real Terror to the Enemy.

Petrograd, Sept. 7.—The strategy of Gen. Brusiloff's grand offensive is based upon the principle of a suspension of the attack as soon as it begins to meet a really serious resistance and of a rapid concentration for a thrust in a fresh direction. New movements began along the whole front so as to leave the opponent in uncertainty as to the point of the attack, and the Teutons dare not stiffen their line in one sector at the expense of another.

Profound secrecy is essential. Brusiloff alone knows what the plans really are. The attack at Svinjuchi, twenty miles southeast of Vladimir Volynski was heralded by a dramatic incident. During the artillery preparation in this part the Teutons were treated liberally to the new Russian gas shell. The Austrian fire was suddenly silenced. The Russians, pushing forward, found the trenches tenanted only by dead, grimly grotesque pictures lying or leaning, evidently killed instantly by the fumes

**STRIKE IS ON**

(Continued from page one.)

gained a strong footing only during the last few months.

The union employees of the Interborough Company voted to strike at 9:30 o'clock last night and several thousand union men immediately scattered through the city to win over all street car employees to their cause. Little effect from the strike was noticeable during the night. One elevated train was pelted with brick-bats, the passengers were taken off and the train sent back empty to the terminal with a few broken windows. About midnight several hundred men, many of whom wore the union button, crowded into the subway at the Grand Central Railway station and induced the ticket choppers and platform guards to leave their jobs. The company quickly filled their places.

In response to the railway company's appeal for protection, five thousand policemen were released from patrol duty to-day and made available for strike duty. Two or three patrolmen were placed on guard at every subway and elevated station and two rode on every train. For the protection of motormen, heavy wire screens were nailed to the exposed sides of the car vestibules.

The public service commissioners has started a general investigation of the strike and subpoenaed the president and general manager of the Interborough Company and officers of the employees' unions to appear before the commission this morning.

Stones and Bottles—Several instances of elevated trains being bombarded with stones and bottles thrown from roofs were reported to the police shortly before 9 o'clock. Police reserves rushed to the scenes of disorder, entered the buildings and chased from the roofs gangs of men said to have been seen carrying missiles. At nine o'clock the Interborough reported that express and local trains were running on normal schedule on both subway and elevated lines and with but few changes from the regular crews.

THE SITUATION

It is pointed out by Mr. Frank H. Simonds, war critic for the "Review of Reviews," New York, that the underlying purpose of the German attack upon Verdun was to inflict such losses upon the French as would create such disorder and disorganization at Allied headquarters that the French and British would make premature counter-attacks, and thus be prevented from making a combined assault on the West front this summer.

WITH HONORS The remains of the men who perished with the Zeppelin which was brought down during the recent attack on England, were yesterday buried with honors.

That the British always manifest a fine spirit with regard to the individual and collective courage of any foe is well known and commendable, but quite a few will be inclined to believe that the thing was carried too far in this instance. There has been nothing of chivalry and all of wanton devilishness about these air raids. No military object whatever has been gained while non-combatants, including women and children have been wantonly and ruthlessly murdered.

It is very seemly to treat an honorable enemy in the same spirit, but the Huns have most emphatically proved themselves to be the very reverse of that. It might be further contended that the victims were on their hazardous trip under orders. Quite true but that fact does not take away one whit from the diabolism which their task represented. To honor them was incidentally to honor and recognize the class of mission in which they were engaged.

Of the effect upon the Germans there need be no doubt. They will regard the tribute as an evidence that the people of the tight little islands are at last becoming terrorized and are anxious to placate the invaders.

NOTES AND COMMENTS It is admitted that Villa now has a larger force than ever in Mexico. The evidence accumulates that he won't be hanging on Uncle Sam's Christmas tree.

Opposition Leader Rowell is addressing prohibition gatherings in the Old Land. It is not believed that Harley Dewart will leave by next steamer to help him.

They had a very explosive bill of fare for yesterday's session of the Hungarian Diet.

It is the manner of Grit papers to find political opponents guilty of any charge long before the evidence has been taken. That was the case with regard to the shell enquiry, and also with reference to Roblin and his colleagues. When proof is not adduced, they keep up their vilifications just the same, for slander is their stock in trade.

The Terrace Hill residents want a subway at St. Paul's Avenue, and a more abundant water supply, and in both desires the Courier thinks that they are right.

The citizens of Hunland are fighting shy of the latest Prussian war loan. Trouble is that the Kaiser and his associates have not delivered the goods with regard to what was to have been a speedy victory.

NEWS FROM SIMCOE

Simcoe, Sep. 7.—Senator and Mrs. McCall have gone to the Welland House, St. Catharines, for a rest. Some thieves have been appropriating bicycles in town. On Saturday Mr. R. E. Gunton was victimized. AN ELECTION FIGHT

In British Columbia is Seeing a Very Hot Finish.

By Courier Leased Wire. Vancouver, B.C., Sept. 7.—Events are moving rapidly as the day of election draws near. Both Liberals and Conservatives are straining every nerve. Premier Bowser has been stumping the country from one end to the other, and is now on the lower mainland, where he will remain till the end of the campaign. Last night he spoke in New Westminster opera house. The Liberals at the same time were combing this city, giving an account of their record through the province. The Premier's first appearance in the royal city was the signal for the opening of the campaign on the banks of the Fraser river. Messrs. Brewster and MacDonald will keep Bowser's trail in the city next Saturday. Voting takes place September 14. At last night's Conservative meeting in Westminster, Premier Bowser spoke on the legislation of the past session and treated, with contempt the suggestion that the Conservatives have had any connection with plugging.

WOMEN'S INSTITUTE The Tutela branch of the Women's Institute held a meeting at the home of Mrs. Henry on Tuesday, September 6th. It being the occasion of a visit to the Moyle-Tranquilly Institute. The meeting opened in the usual way, the President, Mrs. Hird, in the chair. After the business for the day was finished, Mrs. Woyles, president of the Moyle-Tranquilly Institute, kindly presided, and the following excellent program was given by their institute: Piano solo, Miss Evelyn Kemp; vocal duet, Miss Kinney and Gracie Turnbull; paper on Friendship, by Mrs. J. R. Moyle; vocal solo, Miss Heath; paper on "Kindness," by Mrs. Norman Clump; instrumental solo, Miss Dora Arnold; recitation, Miss R. Sharp; vocal solo, Miss Heath. The roll call was answered by giving suggestions for comforts for the soldiers. This ended a very able program, the papers being of exceptionally high class, displaying great talent and the program in full showing the high standing of the Institute. A hearty vote of thanks was tendered to those who had so kindly taken part, and the meeting was brought to a close by singing the ode and God Save the King. A dainty lunch was served by the hostesses, and the gathering broke up, having enjoyed a very profitable time together. The next meeting will be held at the home of Mrs. Orlo Fawcett, River Road.

BRITISH OFFICIAL

By Courier Leased Wire. Petrograd, Sep. 7, via London.—On the northern part of the front Russian troops crossed the Dvina in small force and captured part of a German position. The announcement follows: "In the region south of Riga, an enemy aeroplane, brought down by our fire, fell within the German lines.

"North of Dvinsk our advanced posts, after having crossed to the western bank of the Dvina, drove the enemy from his trenches, and captured a portion of his position. Our aeroplanes successfully bombed the railway station and Baranovichi.

"In the direction of Brzezany (25 miles north of Halicz) and of Halicz, the fighting is continuing in our favor. The gallant troops of General Tcherbatchev having driven the enemy out of a series of fortified positions, and having advanced westward in their pursuit, reached the River Naraiuvka, a tributary of the Gnila Lipa, which they crossed at some points.

"In the region of Halicz, our troops occupied the railway line from Halicz to Semikowice and to Wodniki. They are bombarding with heavy and light artillery the town of Halicz, in which the enemy is still stubbornly holding out. The town is now in flames as a result of our bombardment.

"In actions on we captured a total of 45 officers and 5,600 men, including 22 German officers and about 3,000 men, and five Turkish officers and 485 men. The capture of guns and ammunitions are being counted.

"In the wooded Carpathians our advance continued."

FRENCH OFFICIAL

By Courier Leased Wire. Paris, Sept. 7.—The French official statement says that a powerful effort made by the German troops to dislodge the French from Hospital farm, on the Somme front, was without success and that the Germans were dispersed with heavy losses.

The text of the French official statement follows: "North of the Somme the Germans made a powerful effort to dislodge us from Hospital farm. Their attacks were swept by our machine guns and dispersed with heavy losses. The enemy did not renew his attempts during the night. In other sectors there was nothing to report.

"South of the Somme the Germans debouched in force from the village of Hergny and made several attacks against our new positions southwest of Belloy-en-Santerre and South of Barleux. All these attacks were stopped by our curtains of fire before they were able to approach our lines. The losses which the enemy suffered during these fruitless attacks appear to have been very great. Four hundred prisoners taken south of the Somme yesterday have been counted up.

"According to fresh information the German troops beaten back yesterday by our infantry in the region east of Chilly along the Somme division which was transferred hurriedly from the Aisne front.

"On the right bank of the Meuse (Verdun front) towards the end of the day yesterday, after violent artillery preparation our troops attacked the German organizations on the front between Vaux-Chapitre wood and Chenols. The entire front line planes were forced to descend in a damaged condition. The text of the statement reporting the aeroplane activity says: "Aviation—Our air service took an active part in the actions of the past few days on the Somme front, watching the movements of enemy infantry, carrying out bombardments and attacking the German lines and troops on the march. Our machines, armed with guns, repeatedly bombarded the enemy's trenches.

OLD SOLDIER'S PRAISE FOR THE BANTAMS

"Finest Workers in the British Army—Popular Gramophone."

It may please a London magistrate to describe the music of the gramophone as "a most vexatious, troublesome noise." These were the terms applied by "his worship" at North London Police Court the other day, and Mr. Fordham went on to say that the playing of a gramophone was enough to put any man out of temper, and to justify him in "smashing twenty windows."

It should be explained that, in this particular case, the gramophone was in full blast after ten o'clock at night, and it appeared so annoyed a neighbor of the owner, that he sallied forth, and smashed the windows of the owner of the instrument.

If that man had been a soldier in the trenches he would have thought differently, for the many letters we receive from soldiers, show that the music of the gramophone is greatly appreciated by them. All sorts of instruments are wanted—violins even, for many of our soldiers are skilled musicians—but the gramophone is a "self-player," and unlike the piano, or organ, neither of which can be carried about during war-time, it is easily portable.

That explains the many requests we receive for gramophones, an dit is a pleasant thought that, through the kindness of our readers, we have been able to help many companies of soldiers to pass a jolly time at the front.

A Gunner's Letter

Here is a specimen letter received this week from an artillery driver in France:—

"I am writing to ask if you would be so kind as to oblige a lonely section of soldiers with a gramophone? We have no music whatever, and I can assure you that the boys will be much obliged to you all at home for many a miserable hour is spent that could be made happy by a bit of music."

That is a simple and straightforward appeal, and we hope it will meet with a response from some of our readers. It comes from the front, but another request for a gramophone has been received from a member of the Royal Flying Corps, who is lying at a military hospital in this country. He writes plaintively:

"The time seems so long to us in the war without music of any kind, so we have taken the opportunity of asking that you would allow us to ask through your paper—which every soldier likes to read—for a gramophone and some records. I am sure there must be some of your readers who have a gramophone that has been used, but would still be very acceptable to us."

What a Bantam Wants

The mouth-organ shares the popularity of the gramophone, and a corporal in a Suffolk regiment, writing from France to one of the little instruments, puts this interesting postscript to his letter:—

"Although our boys are little, some of the old soldiers out here say we are the finest workers in the British Army. Some praise that! The explanation of the postscript is that the writer belongs to one of the "bantam corps" that were raised about the middle of the second year of the war, among men who were physically fit, although beneath the authorized standard of height. They have since splendidly justified their inclusion in the ranks of the British army."

No Selfish Appeals

It is a noticeable feature of most of the letters that the writers do not make any selfish appeal on their own account, but ask for some gift that can bring pleasure and entertainment to their comrades as well. Thus an artilleryman says:—

## SANATORIUM WAS GIVEN INSPECTION

Party from Kitchener, Ont., Visited Local Institution to Get Ideas For Theirs.

With the aim in view of establishing a tuberculosis sanatorium very shortly in the city of Kitchener, Ont., several prominent citizens of that place journeyed yesterday to Brantford, where they were conducted upon a tour of inspection through the local sanatorium by Mr. Duff-Williamson. The visitors were deeply impressed with the system and efficiency which reigns everywhere throughout the institution, and were loud in the praises. Through the medium of the news columns of The Courier, as well as through other sources, they had heard much concerning the merits of the local sanatorium, upon which great credit is reflected by its being thus selected to serve as a model for one of the same nature to be erected in Kitchener.

Those who made the trip to the city yesterday were Dr. J. E. Hunsburger, Messrs. John A. Lang, E. D. Lang, E. W. Lamprey and W. B. Utley.

## GREEK KING

Congratulates Officers Who Refused to Join the Rebels.

By Courier Leased Wire.

Athens, Sep. 6, via London, Sep. 7.—King Constantine this morning received 150 officers of the Eleventh division of the Greek army stationed at Saloniki who had refused to join the rebels when a revolution broke out in the Saloniki garrison on September 1. The king delivered an address congratulating the officers on their action, saying it constituted a brilliant page in military history and set a great example for coming generations.

King Constantine said the officers stigmatized those, including the general commanding the Eleventh division, who broke their oath. With such officers and men as those whom he was addressing, his majesty said, he was ready to face any enemy.

The prosecuting attorney of Lima, Ohio, when the Sheriff was tortured by a mob intent on lynching a negro, informally asked for State troops to prevent revival of the mob spirit.

## To the Grave

(Galt Reporter.)  
The funeral took place here this morning over the arrival of the 10.45 L. E. and N. car from Brantford of the late John Cameron, a former well-known resident of this city. Interment took place at Mount View cemetery and the service, at the graveside was conducted by Rev. Mr. Woodside of Zion Presbyterian church, Brantford. The floral offerings were numerous and plentiful. The remains were accompanied by half by two daughters, Mrs. R. M. Copeland and Miss B. Cameron, both of Brantford, and two sons-in-law, away on Friday afternoon last at his home, 97 Eagle avenue, Brantford. He was 72 years of age and for the past 20 years was a valued employee of the Waterloo Engine Works. He had been a resident of Galt for a great many years and was well known by older residents of the city. He was an eminent poultry man and for years exhibited at the Galt Poultry Show and Fair. He was a member of the Ancient Order of Foresters and Brantford Camp No. 12, Woodmen of the World. He leaves to mourn his loss five daughters and two sons.—Mrs. P. D. Edmond, Brandon, Man.; Mrs. R. M. Copeland, Brantford; Mrs. (Dr.) G. Lincolnton, Toronto, and Miss B. Cameron, at home; Dan in Vancouver and William in Winnipeg.

**Mrs. Garland**  
The funeral of the late Mary Snow, beloved wife of Weland Garland, took place on Wednesday afternoon, Sept. 6th, from her late residence to Mount Hope cemetery. Rev. Wray E. Smith officiated, reading for his lesson the comforting words recorded in the 14th Chapter of John. He spoke from the words of the patriarch Jacob, in his farewell to the members of his family: Behold I die, but God shall be with you, the transient presence and the presence which is eternal. He spoke of the patience and hope of the deceased during her illness of twelve weeks, at the Brantford General Hospital, where he visited her at intervals. His words were most comforting and inspiring to those bereaved. She was never heard to complain during her illness, but thought it was for the best, realizing it was the Lord's will.

She leaves to mourn her loss a sorrowing husband, a father and mother, two sisters, Lottie and Julia, and one brother, Harry. Her pallbearers were James and Ford Cook, Louis Feely, Robert Oswald, David and John McMillan. The floral tributes were pillow husband, father and mother, cross, father and mother; wreath, sisters and brother; cross, Herb, and Jennie; spray, uncle Mosey and cousin Ida, Hamilton; spray, aunt Harriet and cousin; spray, uncle David and aunt Lizzie; spray, Mr. and Mrs. A. ## BRITISH PAPER

Takes a Very Serious View of the United States Threat.

By Courier Leased Wire.

London, Sep. 7.—Commenting on the amendment to the revenue bill passed by the United States Senate Tuesday night empowering the president to retaliate against interference with American commissioners, The Manchester Guardian says that although those who see in it no more than a flourish having a special virtue on the eve of election, may be right, nevertheless, we should do well to note two things: "First: These reprisals are directed against the allies, and primarily against ourselves; second—they are popular in America."

The Guardian considers it is not generally recognized here how strong a sentiment has been aroused throughout the United States by the blacklist policy and interference with mails, and asks "if the foreign office is convinced these practices of ours are so useful as to counterbalance the weakening of American sympathy they involve, or that they cannot be modified so as to meet American objections without impairing any utilities they may have for ourselves."

The Bethlehem Steel Company has awarded contracts for erection of an additional 500-ton capacity blast furnace to be known as "A" stack, at the Steelton, Pa., plant. John S. ## CORRESPONDENCE

A BOUQUET FOR THE COUNCIL.

Brantford, Sept. 6, 1916.

To the Editor of The Courier:

Sir,—Last night I visited the opening meeting of our City Council and was surprised at the way the city's business is transacted. The nearest resemblance I can give is, "Ford's peace ship." At times it was impossible to tell what was going on. Some of the Aldermen seemed delighted in getting as much fun as possible out of the Mayor and others seemed disgusted at the way things were running. I did not wonder at it either. Order seemed out of the question. At times I noticed as the city clerk was reading certain communications, not the slightest attention was given by some, who were also making it impossible for those to hear who wished to, making it necessary to read them over twice. I wondered which was the most objectionable to the Mayor, them or the factory whistles. I stayed about three hours watching the municipal machine at work, and came to the conclusion that some of the parts seem very defective, and I hope will be replaced when election time comes round. I think it is a great pity we cannot get the ratepayers to attend and judge for themselves. At one time, two Aldermen were speaking at once and a third one was trying to get in a word or two, and the Mayor having his say in the bargain.

Hoping you will be kind enough to publish this as a protest against such proceedings.

I remain, yours truly,  
STEPHEN CAYLESS,  
163 Terrace Hill Street

**WATER WORKS NOTICE**

Water rates will be due and payable at the City Treasurer's Office September 1st. The usual discount of 20 per cent. will be allowed up to and including September 15th. Consumers not receiving their bills may have same by application to the Secretary's Office.

Federal Judge Landis in Chicago permanently enjoined the Great Lakes and St. Lawrence Transportation Company from selling its nine ships to the Government of France. Two and one-half ounces have been lopped from each loaf of bread baked in San Francisco bakeries to be sold for five cents, and distributors were raised from 12 to 15 cents a dozen.

**Phillies are Now Leading**

New York, Sept. 7.—New York and Brooklyn broke even on their double-header here yesterday, the Giants winning the first game easily, 6 to 1, and Brooklyn taking the second by 2 to 1. Benton, New York's left-hander, pitched both games for the Giants, permitting fourteen hits in the two contests. He had little trouble winning the first, as Brooklyn played poorly.  New York . . . 01000000—1 7 1

Ordinarily "Buck" Freeman is a rather good umpire. Like any other "umps," he makes an occasional mistake. But yesterday—  
 Manager Tommy Leach of the Hustlers is well past the forty mark, but he is as sprightly as a prep school youngster. Leach can still outrun eighty per cent of the young players on his or any other team in the International League.

**WORLD'S RECORD BROKEN BY DIRECTUM 1.**

Directum 1, world's champion pacer, being driven by J. Murphy. This combination has broken the world's pacing record for a mile and one eighth in 2:16 1/4. The performance was in Cleveland. The previous record was established by Carl Wilkes in 1902.

**Just How Fast Ty Really is**

Detroit, Sept. 7.—Ty Cobb, matching his speed against the throwing arms of Lavan, Harley and Sisler, in the tenth inning to-day scored the run which gave Detroit a four to three victory over St. Louis. With one out Cobb beat out a hit to the shortstop. He stole second, and Harley's low throw bounded into Marsan's hands, but Cobb continued to third, and beat the throw. Veach grounded sharply to Sisler, who forced Cobb to return to third, but as Sisler was touching first Cobb tore for home, and beat the throw by an eyelash. Score:—

 St. Louis . . . 0000021000—3 10 1  
 Detroit . . . 000010111—4 8 4

 Washington at New York, rain.

**Borden is Full of Rugby Players**

For a Toronto rugby outfit at Camp Borden here are the following: On the half line, Capt. Hugh Gall of the Engineers; Lieut. Hal DeGruchy, the 208th; Capt. Gord MacIaren, 180th Sportsmen; Lieut. Davis, 204th; Lt. Lal Knowles and Lt. Locke, 201st, all former Argonaut and T. R. and A. A. half backs, and all good enough to hold their own on any half-line. A half-line composed of Hugh Gall, Hal DeGruchy, and Gord MacIaren would look quite formidable right now. On the line there are Doug, Patterson, the husky, Argo wing man, who played the best football of his career last season, who is in camp with the C. A. S. C.; Capt. Frank Knight, with the Dental corps, who is hard to equal as an outside wing man; Nicholson, a former McGill man; Lt. Bob Dibble and Capt. Adelaar.  
 And for Hamilton, they commence their outfit on the half-line with Major "Sam" Manson, of the 173rd Hamilton Highlanders, who is nearly a whole team in himself—at least they think so in Hamilton. As far as has been learned, there are also Glassford, Myers, Erskin, Potticary, Chynon and Awey. These names have been suggested at first hand information, and it is known that there are numerous other Tiger and Hamilton Rowing Club intermediate players in camp, who will appear on the first sight of the pigskin.

**Leafs Failed to Win Either**

Toronto, Sep. 7.—Although the Leafs lost and drew with the Rochester Hustlers at the Island Stadium in yesterday's double-header, they are still in relatively the same position to the Buffalo leaders as the first inning against Bader and Gaw. Somebody put sand on the track over at Buffalo and the Royals stopped skidding long enough to beat the champions 10 to 6. Howling Howley's Royals scored eight runs in the first inning against Bader and Gaw. That settled it.  
 So after twenty-one long innings the Leafs are "as they wuz before they were." The first game went to the courtiers before the Hustlers snatched it. The second set was halted by agreement in the seventh inning, with the score tied at three runs each.

**Eight Runs in First Inning**

Buffalo, Sept. 6.—Montreal beat Buffalo by 10 to 6 to-day. The Royals knocked Bader out of the box in the first inning, and also hit Gaw hard, scoring eight of their runs in this inning. Buffalo played a determined uphill game, but could not overcome the handicap. Score:—  
 R.H.E.  
 Montreal . . . 80020000—10 14 3  
 Buffalo . . . 10110020—6 14 2  
 Batteries—Cadore and Madden; Tiger and Hamilton Rowing Club.

**W. INGLIS AND H. HENDERSON ARE WINNERS OF THE EL FAIR TROPHY**

**Two Young Bowlers last Night Won Final Round for Cup Summing Up of This Year Tournament.**

The Brant County Scotch doubles tournament was brought to a close yesterday evening, with the completion of the final rounds for the El Fair trophy, which was carried off by Messrs. W. Inglis and H. Henderson, a pair of the youngest bowlers entered for the tourney, who are to-day receiving the congratulations of countless friends throughout the city upon their fine showing in the event. Defeated in the first round for the Expositor trophy, Inglis and Henderson became relegated to the El Fair tourney, and from that moment progressed steadily onward into the finals, overcoming all opponents with indomitable confidence. The final round, played last night upon the greens of the Brantford Club by Inglis and Henderson against Caspell and Newsome, was witnessed by a very large number of spectators with absorbing interest, and both the victors and the runners-up were the recipients of hearty commendation from all.  
 With five rounds played, an even half dozen rinks were still in the running when play was commenced for the third day yesterday afternoon. Those competing were: Caspell and Newsome, Inglis and Spence, W. Inglis and Henderson, Dowling and Lyle, Paterson and Waterous, Wood and Lahey.  
 The completion of the sixth round saw the elimination of the three latter rinks by the first three named. In the semi-final, Caspell and Newsome overcame Inglis and Spence, W. Inglis and Henderson earning an easy passage to the final round by drawing the bye. The final then resulted in a score of 20 to 9 for Inglis and Henderson.  
 Too high praise cannot be given

**Leafs Failed to Win Either**

When "Red" Dooan was sent to the Hustlers by the Giants it was suspected that he was to replace Tommy Leach as Manager. Dooan has a good contract with the Giants, which expires this season. "Red" says he will retire for good at the end of the International League campaign. Several positions as manager are open to him, but he says he had enough when he was leader of the Phillies.

**Newark Was Shut Out**

At Newark—McKenery was at his best to-day, and Richmond shut out Newark by 8 to 0. The Indians' errors were responsible for many of Richmond's runs. Score:—  
 R.H.E.  
 Richmond . . . 20000300—8 11 2  
 Newark . . . 00000000—0 5 6  
 Batteries—McKenery and O'Donnell, Hale; Wood and Eagan.

**BOY OF FIFTEEN IS U. S. GOLF SENSATION**

**"Bobby" Jones of Atlanta Works Way Into Third Round for Title.**

Philadelphia, Sept. 7.—R. T. Jones, the 15-year-old boy of Atlanta, is the surprise 2nd sensation of the national amateur golf championship, which is being played here. The southern youngster worked his way into the third round yesterday by defeating Frank W. Dyer, the Pennsylvania State champion, four up and two to play.  
 In order to win, young Jones had to overcome a lead of four holes, gained in the first six played. He did this by coming home in 31 strokes, despite a six on the eighteenth, an easy par four hole. This brand of golf squared the match and in the afternoon Jones won handily, winning by sixteen holes when the match ended. Had Jones played the by holes he would have probably had a 153 for the day's work and thus tied the low medal made by Fowles in the qualifying round.  
 In working his way into the third round Jones has got in with seven other golfers who have national reputations.  
 The championship is working up to the best finish in years, with all the prominent players left to fight it out in the remaining rounds.

**Greys Won Easily From the Birds**

At Providence—Providence had an easy time with Baltimore yesterday, winning by 7 to 1. Schultz allowed but four hits, while Sherman was hit hard throughout. Score:—  
 R.H.E.  
 Baltimore . . . 00000010—1 4 3  
 Providence . . . 01110400x—7 13 3  
 Batteries: Sherman and McAvoy; Schultz and Egan.

**Pittsburg Took a Pair**

Pittsburg won a double-header from St. Louis here yesterday 3 to 2 and 6 to 3. With the bases full and the score a tie in the ninth inning of the first contest, Warner singled, scoring McCarthy with the winning run. Ames was hit hard in the second game, doubles by Carey and Bigbee, Johnston's triple and Farmer's singles scoring three runs in the third inning. Lotz, who relieved Ames was also hit hard, but Harmen kept the visitors hits well scattered. Scores:—  
 First game—R.H.E.  
 St. Louis . . . 00020000—2 10 2  
 Pittsburg . . . 00010011—3 9 3

## Red Sox Rely on Twirlers

Four pitchers—Mays, Ruth, Leonard and Shore, in the order of their effectiveness—are the real factors in carrying the Speakers Red Sox to another main punch gone it has developed on the pitchers to get to work, and they have responded nobly, as the record shows. As for Shore, he has done his best in the game. He would be a great pitcher if he had developed him and sold him to Boston, as part of a big deal which included Ruth and Egan. His best years are ahead of him, and he should help Boston to more than one pennant before Father Time calls him.

## COL. HAGARTY RESIGNS FROM 201ST BATT.

Former Brantfordite, College Professor, Relinquishes Command.

Camp Borden, Sep. 7.—Lieut.-Col. L. W. Hagarty has resigned his command as officer commanding the 201st (Toronto Light Infantry) battalion for purely personal reasons, and has returned to Toronto to take up his duties at Harbor College Institute. On his recommendation the battalion will be disbanded, one half of the officers and men being attached to the 170th (Mississaugas) battalion, and the other to the 198th (Canadian Buffs) battalion, thus bringing these two units up to strength, which will allow them to proceed overseas at once.

Lt.-Col. Hagarty is a native of Brantford, having resided as a boy, Capt. P. S. Foulds of this city, is quartermaster of the 201st.

## BILLY SUNDAY Gets an Enormous Income from His Evangelical Work, But the Famous Preacher Does a Lot of Good by Stealth.

"Pittless Publicity" has not failed to reach the "business methods" of Billy Sunday, the evangelist. The famous soul-saver has never felt that he is responsible for explanation to anyone as to the disposition of the tens of thousands of dollars he receives at each gathering, and as a consequence many cynical journalists "savage" souls at \$12 per" and similar comments, suggesting that the public should regard his great revivals as so many theatrical appearances with "fat" box office receipts. That Sunday has gathered hundreds of thousands of dollars in his quest for sin is undoubted. That he has kept to himself the whereabouts of his wealth is also true. But this much may be said, that the money was given freely without compulsion, without questions asked; it has been a free-will offering to Sunday, not to the Lord. His extensive organization costs something, and usually the quietest under whose auspices he appears gets a considerable share of the receipts.

But skepticism persists in the minds of many. What sort of evangelist is he who becomes rich as Dives, while he professes to serve only one Master? It is refreshing to those who believe Sunday is a man inspired, to read the following from the Philadelphia North American:

"A letter reached Billy from a young woman in a little town near Camden. She wrote how she and her mother, a helpless invalid, delighted in reading about the wonderful meetings and what a sorrow it was to them they could not hope to be present, even once. Would he not write to them?"

"The next morning he slipped away from his house in Spring Garden street and went ever to New Jersey and found the poor little home. For an hour he talked with the mother and daughter, prayed with them and read the Bible to the sufferer, and left them radiant with happiness. That night the sick woman begged her daughter to read a gain the chapters Mr. Sunday had written. When the book was opened there lay between the leaves a check for \$100.

"In Pittsburg he secretly paid a \$4,000 mortgage on the house of a faithful assistant in the revival. In Ohio a woman sent him a check for \$50. One of the committee, knowing her circumstances, told the evangelist it was more than she could afford, and was not returned. But a week after the party had left the town there came through the committee-man's bank a check payable to the woman for \$50—the amount of the mortgage on her home—and it was signed 'W. A. Sunday.'"

"In Saratoga he persuaded an employer to take back a defaulting book-keeper—and then, having cultivated the lessons of repentance and forgiveness, made good the \$700 defaultation."

This sort of "leakages" put the evangelist in a better light. They are the sort of benefactions a good man does not care to talk about, and it is a pity that the silence he maintains invites the cynics to pillory him. At any rate, he seems to have the confidence of the American people, and Canada has quite frequently sought to have him conduct his "clean up" campaigns.

The writer was in a Pennsylvania mining town shortly after a visit from Sunday. Every saloon had been forced to go out of business; every home seemed prosperous; the miners swore by him, and any man who said he had not accomplished great good was stung with his praise indeed.
