Sampson Reid Kentville, Dec. 31st.

Mr and Mrs. Whitman went to Annapolis Co., to spend Xmas.

The Xmas trade in town was excellent, there being good sleighing for several days. Merchants report that trade was never better and the farmers and others seemed to have plenty of ready cash.

After an absence of nearly two years nursing in the 14th Stationary Hospital, France of the Imperial Service, Miss Beatrix Martin has been home on furlough, and everybody is heartily glad to see her again.

Our girl looks the picture of health and is still the unchangeable "TRIX." Her bit has been well done, and her native town is grateful and honored.

Lt. Col. J. A. Sponagle, Mrs. Sponagle and Miss Edith and A. W. Allen and son, J. R. Allen spent Christmas guests of Mr. and Mrs. J. Howe Cox, Cambridge.

The Christmas services in St. James Church were very bright and hearty and well attended.

The church was beautifully decorated with evergreen and white, and the music under able direction of Mr. Marion was of an exceptionally high order. There will be celebrations at the Holy Communion at 7 o'clock and 11 a.m. with a total of 125 communicants.

Miss Evelyn Bent, who is on the staff of Gulford & Sons, Halifax, and was in the city on the day of the explosion, but fortunately escaped without injury, is now spending her vacation with her parents at the Rectory.

The many friends of M. McF. Hall, Manager of the N. S. Provincial Exhibition, who was seriously hurt in the recent explosion, will be glad to hear that he is improving. Mr. Hall in his office at the Exhibition grounds at the time, and was thrown out of the window by the force of the explosion.

Dedication service at the New Arichard Methodist Church will be held on Tuesday, Jan. 6th. Dr. Chown will preach at 11 a.m. and 7.30 p.m. Rev. Wm. Dakin and others will speak at 3 p.m. Special music will be rendered at all services. The ladies of the congregation will provide entertainment for all persons coming from a distance.

**CONDUCTOR CONRAD
AGAIN ON D. A. RY.**

W. H. Conrad, of Middleton, who has been motorman on the Halifax Electric Train cars for the last six months has been reinstated on the D. A. R. by Manager Graham. This is one of the many kind evidences of feeling Mr. Graham has shown towards the employees since taking charge of the D. A. R. "Con's" gentlemanly appearance and pleasant smile has won for him hundreds of friends through the Annapolis Valley, and western counties during his twenty-five years of service with this line. He is pleased to welcome him back. — Exchange.

TRAGIC ENDING OF TWO FAMILIES

Among the Halifax families nearly wiped out by the great explosion are the Moxom and Manning families. The bread winner in each family was saved, but the mother and children of both killed, not having a chance to save themselves. Mr. Moxom is an engineer on the Dominion Atlantic Railway, and his comfortable home was located on Rome Street, the heart of the devastated area.

Wm. Manning is also a railway engineer and his home was also located in the centre of the ruined area. He and his brother-in-law were on the railroad, at the time of the explosion and were shocked to learn upon their return, of their terrible loss. They searched among the ruins for the bodies of their loved ones, only to find that the early reports were too true.

The bodies, or parts of them were found in the ruins of their own homes, and there was every evidence that no one had a chance for life after the terrific explosion. Mrs. Moxom was the mother of 4 children. Only a part of her body and the bones of her four children were found, this being due to the fire, which devoured what remained standing of their home, following the explosion.

In the ruins of the Manning home were found the bodies of Mrs. Manning and her three children, and also two large pieces from the boiler and a piece of chain of 30 links from the munition ship.

THE BOSTON \$10,000 BENEFIT.

The concert in Symphony Hall, Boston, on Sunday afternoon, for the benefit of the Halifax sufferers by the Boston Symphony Orchestra, under Dr. Karl Muck, and by Mme. Melba and Fritz Kreisler, who gave their services, brought in more money than any concert that has ever been given in that hall.

The actual sale of tickets at \$5 each amounted to \$9,035. The sale of seats opened at 8.30 on Tuesday morning at the box office, and at 3 o'clock the house had been sold out. At least \$5,000 in mail orders had to be returned, and the money refused at the box office for lack of seats must have amounted to at least as much more.

In addition to the actual sale of tickets there were also mounting to \$885 from several people, thus making the total receipts from tickets \$9,513.

There was a souvenir programme, the sales of which, with the advertising contained therein, will run to several hundred dollars. Major Henry L. Higginson gave the use of Symphony Hall, and all the attaches of the hall gave their services. Altogether the concert will net to the Halifax fund more than \$10,000.

The souvenir programme were sold by Mrs. Melba, Lady Susan Fitzgerald and some young women from England. Mme. Melba took \$100 and Lady Susan Fitzgerald \$100.

Returned Hero—Capt. L. deV Chipman, of the 13th Batt. 1st Canadian Contingent, a former student of King's College, is spending a well deserved leave of absence at Annapolis Royal, where he was, before enlisting, editor of the Annapolis Spectator. Capt. Chipman enlisted as a private, and won his promotion to Captain on the field of honor. He is one of the many gallant Nova Scotians who have brought to our glorious Dominion the lustre of everlasting fame. This week Capt. Chipman is spending a few days in Halifax, where he has many friends who are proud to welcome home the returned hero. While in Annapolis County, before the election, the Capt. made many brilliant speeches, and did other excellent work to assist the Union Government candidate, A. L. Davison, who was elected with such a handsome majority.—Tribune.

The Victory Loan in Canada, says the Christian Science Monitor, "comes nearer to the ideal of counting a subscriber for every family unit than any other loan yet placed by any nation, so far as information is obtainable." The record of the United States is a subscriber for every twenty-seven of the population. In Great Britain the record is a subscriber for every twenty-three of the population. The record of Canada, so far ascertained, a subscriber for every ten of the population. The family unit is usually fixed at five persons. Canada has been doing marvelous things; maybe it will beat its own record next time."

There seems to be people in Lunenburg Co. who are dislsruhs of making trouble and spoiling the excellent name of that sturdy county. Some of the disgraceful scents of election times were unworthy of a county in Nova Scotia. Now comes the report of some person or persons who made a deliberate attempt to wreck a train. The points at Maitland on the South western were opened so that a train from either direction would be derailed and perhaps cause death. On Wednesday the train from Lunenburg was derailed by this reason, and delayed for many hours, no serious damage was done.

BRITISH DESTROYER SUNK.

LONDON, Dec. 29—Three British torpedo boat destroyers were sunk thru being struck by torpedoes or hitting mine off the Dutch coast on the night of Dec. 22 with officers and 180 men, the admiralty announced today. The text of the statement reads:

"Three of our destroyers were sunk or torpedoed during foggy weather off the Dutch coast on the night of the 22nd of December. A total of thirteen officers and 180 men were lost."

ANOTHER FIRE IN HALIFAX

HALIFAX, N. S., Dec. 27—Fire today destroyed the Clayton Military Convalescent Home, in the north end of the city. There were no patients in the building. The matron, cook and orderly escaped without injury. Some time ago the building was handed over to the military hospitals commission by W. J. Clayton, to be used as a convalescent home for returned soldiers.
