

THE ACADIAN.

WOLFVILLE, N.S., JAN. 19, 1895.

How Those Yankees Love Us.

A leading paper of New York has the following expressions of regard for Great Britain and Canada:—

"In every American who knows the history of his country, the hatred of Great Britain is deep rooted and unshakable."

"It is impossible, then, that we should wish to see France, our benefactor, and Germany, our brothers' fatherland, enriched in a mortal struggle for existence."

No, rather should we like to behold the rightful hunger of both countries for territorial extension, and for honor in the eyes of men, gratified in a different direction, and by virtue of a combination to which Americans could say God speed."

The auspicious and ideal condition, from the view-point of the American republic, would be one between Russia, Germany, and France for the partition of the British empire. Nothing could withstand such a coalition, and there would be spoils enough for all; nor is there any doubt that Canada, and probably the British West Indies, would fall to us in recognition of the undisputed delight with which we should survey the ruin of our hereditary foe."

The Acadia Dairy Company.

The first annual meeting of the shareholders of the Acadia Dairy Co. was held in Witter's Hall, this town, on Tuesday afternoon. There was a good attendance, representing every section covered by the operations of the company. C. R. H. Starr presided and Oscar Chase acted in the capacity of secretary. The report of the directors for the past year and the financial statement of the co. were read and adopted. Both gave a most creditable showing. The factory began work on June 25th, and up to the end of the year had handled 525,875 lbs of milk, and manufactured 26,314 lbs of cheese and 9457 1/2 lbs of butter. The total value of the product up to the end of the year was \$4866.99. The factory has turned out a superior article, which commanded a better price than that made by many of the other factories. The operations so far have been very successful, considering the season and difficulties that always present themselves at the inception of an undertaking of this kind. All that is now needed is for the farmers to take hold in earnest to make this industry a most profitable and useful one. The enterprise has passed the experimental stage and has proved its right to exist. Those who have been putting in their milk have received about 18 cents per pound of butter fat; and considering that a much larger percentage is taken out at the factory than can possibly be had by the old methods, farmers should be convinced of the profit there is in patronizing the factory. During the meeting anti-enthusiastic addresses were given by different stock-holders, all of whom expressed themselves as well satisfied with the working of the factory. The company has been fortunate in the selection of a manager who is thoroughly conversant with every detail of the business, and is qualified to conduct it in the most economical manner. The board of directors were re-elected for the ensuing year.

Horton Landing Items.

During the week of prayer union services were held in the Presbyterian and Methodist churches alternately.

On Sabbath morning last Rev. Wm. Brown baptised two persons and received eight into the church. In the evening he preached a powerful, yet lucid and convincing sermon, setting forth the Methodist views on the doctrine of Baptism.

Miss Fanny Allison is spending the winter with her sister, Mrs. S. L. McMullen, and attending Acadia Villa School.

Mr. Fred B. Patterson, of Aylesford, a former student at Acadia Villa, spent a few days recently at the school.

Mr. Chas. F. Rathburn has been seriously ill with inflammatory rheumatism for several weeks. He is now, however, considerably better. Dr. Chipman is in attendance.

Miss C. A. Steadman, of Mills Village, N.S., lectured on Monday evening in the basement of the Methodist church, under the auspices of Evangeline Division. She took as her subject "The Ramblers and Their Friends," and made many good points on behalf of the great temperance cause. Miss Steadman has been in the lecture field about ten years, formerly in the interests of the W. C. T. U. of the province, but now being engaged by the Sons of Temperance. She had a good house on Monday evening and all were pleased with her discourse. While here she was entertained by Mrs. F. W. Curry.

Acadia Villa School still continues to have a most liberal patronage. There are 63 students in daily attendance at present, 46 of whom are resident pupils. Besides these, four of last term's students have not yet returned but are expected this week, while several more new ones have applied. It is expected that the number of boarders will run over 50. Among the day students are 8 young ladies. Several are preparing for college and more for teachers' licenses. A grand winter's work is contemplated.

Rev. J. E. Hopper, D. D., died at St. John on 12th inst., aged 83 years. He was a leading Baptist minister of N. E., was for years editor of the Christian Patriot and later was Principal of the Baptist Seminary of N. B. He was a graduate of Acadia in class of 1862. He received the degree of D. D., from Morgan Park College, Chicago, in 1882.

Municipal Council.

The regular annual meeting of the King's County Council was held in the Court House, Kentville, on Tuesday and Wednesday, January 8th and 9th. All the Councillors were present. In the opening address the Warden urged many reforms.

After reading the minutes of the April term the officers for the ensuing year were elected. William Young and A. C. Vanbuskirk were elected Auditors. The Assessors for the various wards were elected as follows:

Ward 1. R. W. Kinsman, Leander Cox; 2. M. P. Wood, Marchant Rand; 3. Rufus Ellis, R. N. Wheaton; 4. C. C. Porter, Wilson Pearson; 5. W. A. Kinsman, John W. Selfridge; 6. Allan Bishop, Leander Ward, Thos. Griffin; 7. J. N. Caldwell, Alfred Davidson; 8. Jas. Simpson, Jas. L. Bishop; 9. W. R. Rathburn, T. E. North; 10. Benjamin West, Caleb Spinney; 11. David Donnellan, Richard Gault; 12. E. L. Foster, James Webster; 13. John S. Woodworth, Geo. L. Webster; 14. Francis Boesel, A. C. Hall.

The salaries of Overseers of the Poor and Clerks of the Overseers were voted the same as last year.

The By-law passed in the April term imposing license fee upon hawkers and peddlers, was amended on reconsideration and made applicable to non-residents only.

On motion of Councillors Reid and Cook it was resolved that the award already made in the claim of S. A. Wood by the construction of the Wood Hollow Road, shall stand.

The salary of Inspector Wolfe was reduced to \$150 for the present year.

A number of petitions were read and referred to the proper committees.

It was resolved that the Board of Revision and Appeal which under the statute must be appointed at least once in three years, be dispensed with this year as last.

E. G. White was appointed Stipendiary Magistrate.

On motion the order given to Geo. Hamilton for \$16 for fencing was cancelled and a similar order given to Robert Palmeter.

Commissioner J. S. Woodworth reported on the matter of the road through lands of Rev. J. H. Foshay and others that the damages be fixed at \$70.00. This report was adopted and the proceeding confirmed.

Commissioner Geo. Bishop reported recommending the establishment of the Bishopville Road and fixing the damages at \$67. This report was also adopted and the proceeding confirmed.

The usual amount of bad rates were struck off.

Collectors of Poor and County rates were named as follows: Ward 1, Gibb's Cove; 2, G. E. Beckwith; 3, D. G. Smith; 4, O. H. Parker; 5, T. I. Killam; 6, A. N. Griffin; 7, Fred Fielding; 8, C. E. Bishop; 9, C. H. Curry; 10, T. Patterson; 11, Jos. Franey; 12, W. E. Selfridge; 13, G. R. Nicholas; 14, Isaac Bryden.

On motion of Councillor Morse it was resolved that Collectors receive a commission of five per cent. if rates be fully paid at end of year, but that any collector who shall not have so fully paid over the rates of his ward at the close of the year shall receive but three per cent.

Resolved that the minutes of Council for the present year be printed in pamphlet form as hitherto.

Resolved that the bridge in Ward 9 near shipyard of J. B. North be placed under the Bridge Act.

On motion of Councillor Morse, Constable J. W. Selfridge was recompensed \$40.00 for loss incurred in the Grand Pre shooting affair, instead of \$45.50 as claimed.

It was voted that the bounty on skunks be dropped and that the bounty on bears and wild cats be reduced one-half. It was further voted on motion of Councillor Rand that applicants for bounty on wild cats be required to produce the whole skin and that the Treasurer cut the nose off—his provision; however, not to supersede the necessity of the affidavit.

The committee on road machines reported recommending the purchase of four such machines—one for Aylesford, one for Horton, and one each for east and west Cornwallis, and that the Local Government be asked for a grant for that purpose, such grant to be supplemented from the general fund before division. Councillors Curry, Morse and A. B. Patterson were appointed a committee to carry out this resolution.

The committee appointed to examine into the desirability of repairing the Court House, reported recommending that the building be painted inside and out, and that a sum of not more than \$200 be appropriated for that purpose.

On motion the appeal of Leander Rand against the assessment of town of Cananung for water rates was allowed.

On motion, the Finance Committee's recommendation that the Clerk's salary be \$350 and that the Treasurer's be \$200, was adopted.

The Committee on Jails reported that they had found the prisoners in the county jail to have been well cared for, and Jolter Coleman to have proved himself a good officer. The ventilators had not been put in as ordered. Councillors Reid, Bishop and Lyons were elected a committee to report at the April term on an improved method.

The petition of Fred Fitch and others, residents of Greenwood, that a road be laid out from the Glebe House to the Poor Farm, Aylesford, was granted, and Henaigar Neily appointed a committee to lay out the road.

The petition of J. B. Morris, Harborville, for right to enter in land alongside of Highway, was deferred till April term for further information.

The petition from residents of Church Street, for a road from Sutton Road to lands of Sydney Stevens, was granted, and A. B. Masters appointed the commissioner to lay out the road.

The petition from residents of North Aylesford for a change in the bounds of the highway district, was granted, and Councillor Patterson appointed a committee to define the bounds.

The committee on dogs reported, recommending that the county representatives be asked to procure legislation providing for the destruction of all dogs on which the municipal tax has not been paid.

The Report of the Finance Committee made the finest showing of the finances in the history of the county. It is here given in full:

We recommend to Council the present amount and assessment of the following items to be taxed in 1895:

On Townships for support of Poor, for building and repairs, and incidentals, &c.

Cornwalls \$2,500

The first quarterly session of the Grand Division, S. of T., will be held at Fort Williams, Kings Co., on Wednesday the 29th inst. The date originally fixed was the 29th, but had to be changed to suit the convenience of western members as the local train arrangements interfered with the attendance on that date. A large attendance is expected. The returns, it is understood, indicate large additions to membership, increasing interest, a healthy condition of the Order all over the Province.

For something in the hair and tooth brush line call at the Drug Store.

The meeting of the Week of Prayer held on Wednesday evening was devoted to Prayer for Nations. It was especially interesting. Rev. Mr. Fraser, the leader, delivered a thoughtful address and was followed by a lengthy speech of Rev. Mr. Donovan's. The latter gentleman did not agree with the hopeful views of the chairman but seemed to wish great changes to be made. Indeed he seemed almost to think all human government useless if not worse. He did not encourage prayer for the rulers in some of the governments would be for the good of the people.

Death of Angus S. Murray.

Mr. Angus Murray died at his home in Wolfville last Sunday evening. When he moved here with his family a few months ago, he realized that the end was not far off. He came to Wolfville where he had spent seven years of his life in business, to spend the last days of his life. Though expecting the end, the news of his death was a shock to the townspeople, who knew him so well and esteemed him so highly. A man of splendid business ability, public spirit and sterling character, his death is deeply felt by all who knew him.

Mr. Murray was born in Pictou in 1855. When a young man he went to Halifax and while there was in the employ of Burns & Murray. In 1876 he came to Wolfville and entered into business in company with Mr. J. W. Caldwell.

While in Wolfville Mr. Murray took a deep interest in the welfare of the town. In every movement to further its interests he was among the foremost. In religious work he was also deeply interested and ever ready to throw his energies. Presbyterianism in Wolfville owes much to him. While that church was in a struggling condition he came to its aid, and by his self-sacrificing and enthusiastic efforts did much to bring about its present prosperous condition. He resuscitated the Sunday-school of the church, and left it in a prosperous state on his departure from Wolfville. Mr. Murray was also an enthusiastic temperance worker. He was a loyal member of the Sons of Temperance. He organized and conducted very successfully in Wolfville the society "Cadets of Temperance."

Of this society nearly every boy in the town was a member. The influence of this work is felt in Wolfville to this day. In 1884 Mr. Murray left our town and went to Halifax to become a member of the firm of Burns & Murray. While in Halifax he showed the same public spirit and interest in moral reform and religious work. About three years ago he was compelled to give up business on account of ill-health. He spent a year in the South, but a disease was upon him which he was powerless to overcome. He met death patiently, triumphantly. He leaves a wife and four daughters. We extend to the sorrowing family our sincerest sympathy. He rests from his labors, but his works follow him and will long follow him.

A Humorous Lecture.

Arrangements are making for a tour through the Province, later in the season, by W. O. Fuller, Jr., of the Beckland (Maine) Tribune, whose success as a humorist lecturer has been phenomenal. His subject is "Banking in Kansas; How I Found It and How It Left Me," being an account of experiences when he left the newspaper field for a season for the purpose of getting rich. Whenever he has appeared large houses have greeted him and laughter and applause have ruled the hour. A part of the time assigned for the Province has already been booked, and persons wishing to make dates can write to Mr. R. B. Usher, Messenger, Rockland, Maine. Mr. Fuller, appears in the University course at Wolfville, March, 29th, and other towns hereabouts can secure dates on application.

The first of the course of Phrenological lectures by Mrs. Ellis, was given on Wednesday evening last in Witter's Hall. The hall was crowded to the doors, and a large number were forced to remain standing. The lecturer was very interesting and was much enjoyed by all. At the close Mrs. Ellis asked the audience to nominate four candidates for examination on the platform. The request was complied with, and four gentlemen were examined and told of their various qualifications and characteristics. Lectures will be given to-night and Saturday night, and on Monday evening the most popular lecture of the course will be given, the subject being "Love, Courtship and Marriage."

Tuesday Night's Lecture.

The second lecture of the course, for which arrangements have been made by the B. Y. P. U., was delivered on Tuesday evening last by the Rev. G. O. Gates, of St. John. The subject of the lecture was "The Reformation; or The Struggle for Freedom of Soul."

The speaker considered the Reformation in its different aspects—it was a political as well as a religious revolt against the Papacy. Pointing out the growing corruption of the church, he dwelt at length upon the rise of the Papal power, its moral rottenness and political pollution.

He then spoke of certain reformers and reforms attempted previous to the Reformation proper. First, The Sutheran Reformation, the great defect of which was its lack of radicalism.

Second, The Swiss Reformation, independent of a better action of the supremacy of Scripture. This embraced that of Zwingli at Zurich, and Calvin's at Geneva. The Geneva movement was the strongest theologically of the three, and the one that has exercised most influence on the subsequent development of the church.

Third, The English Reformation, which was of political origin, but which soon developed a strong religious tendency under the influence of the Geneva theology.

The lecture ranks high as a literary effort, and the interest of the audience was sustained throughout. The lectures of the B. Y. P. U. course are intended to be educating influences, and this they have most certainly been.

Music was furnished by the Union choir, assisted by the College quartette. A vocal solo by Miss "Minnie" Frick increased the pleasurable impression made by the evening's exercises.

The Fruit Grower's Association.

The following circular has been sent for publication by Mr. S. C. Parker, Secretary of the N. S. F. G. A.:

The 31st Annual Meeting of the Association will be held at Wolfville, N. S., Jan'y, 29, 30 and 31st, 1895. The Annual Meeting is yearly increasing in attendance and popularity, and we expect the coming meeting will be of unusual interest. The meeting will continue for three days and every session will be found interesting and instructive. Wednesday evening will be devoted to a public meeting to be addressed by prominent men. A large number of leading fruit growers of the Province have signified a willingness to take part in the various discussions or introduce leading topics. Prof. John Craig, Horticulturist, of the Central Experimental Farm, Ottawa, and Prof. Faville, of the N. S. Hort. School, will take part in all the sessions. If you have any important question you wish taken up, if you will send it at once to the Secretary, he will give it a place on the programme.

It is the aim of the Association to assist in the development of the fruit industry in Nova Scotia by giving intelligent instruction in this work. We wish to make this a practical people's meeting and to this end ask your assistance, encouragement and personal attendance.
