## BUILDING UP NOVA SCOTIA.

There are many "Maritime Righters and Writers" in Nova Scotia, but there are also many instances where they are wrong. One of the most common is their attitude towards the Province. They are always ready to find fault with the Government, and to blame the people for their own misdeeds. They are always ready to find fault with the Government, and to blame the people for their own misdeeds.

"How sincere are the Nova Scotia advocates of ways and means of forcing our Nova Scotia coal into the Ontario market to replace the American coal while their own homes are heated with this self-made American product?"

"The face of the relatively large quantity of American bituminous and anthracite coal imported into our Western Nova Scotia towns last year how can the mining population (a very large one) be expected to endorse over their 'Fish Day' slogan?"

"Should B. E. S. Co. buy other countries' production when such is produced in Nova Scotia or Canada? Should their tastes turn to imported chocolates they have no room to complain if the tastes of Canadian chocolate manufacturers should run to American coal, but it is poor team work."

"The hotels cater to the 'Coal Barons' and other visitors from our coal-producing countries but it is not team work if they are heating their hotels with American coal. Boote was not the only undesirable importation during the (past) year."

"There are no chocolates better than Nova Scotia made chocolates. There is no sugar sweeter than the Dartmouth product. There are no apples pinker than our own Western beauties. There are no fish equal to the fish caught in our own waters. There is no coal any blacker, brighter or better than that produced from under our own sod."

"There are no magazines, newspapers or literature any cleaner than our own. The woolen 'undies' and combinations made in our own Province are out of sight; and they can't be beaten. The dress purchased in Halifax or Sydney—is of equal quality with the same dress purchased in New York, and will likely cover more of you."

"Those of you who are 'clad in Boston's latest', to quote a Nova Scotia poet, may have a feeling that you have got something 'cheap'; you also look it."

"Let us resolve that we, as Nova Scotians, eat, wear, consume and acquire for our own use that which is produced in Nova Scotia by fellow Nova Scotians, and thus build a Nova Scotia fit for our coming Nova Scotia." (Sydney Record.)

"If we did not take great pains, and were not at great expense to corrupt our nature, our nature would never corrupt us."

"If we did not take great pains, and were not at great expense to corrupt our nature, our nature would never corrupt us."

"If we did not take great pains, and were not at great expense to corrupt our nature, our nature would never corrupt us."

"If we did not take great pains, and were not at great expense to corrupt our nature, our nature would never corrupt us."

"If we did not take great pains, and were not at great expense to corrupt our nature, our nature would never corrupt us."

"If we did not take great pains, and were not at great expense to corrupt our nature, our nature would never corrupt us."

## Press Comment

### OVER-TAXATION.

London Daily Mail: Unquestionably one of the causes of the widespread unemployment which prevails today is over-taxation, so devised as to deprive the business man of every incentive for launching out. If he succeeds he knows that the State will in one way or another take a good half of his profits. If he fails it leaves him with his losses. The odds are fatally weighed against enterprise.

### DEMOCRACY.

London Times: Democracy is the most exacting of all political systems. It cannot be based upon the assertion of rights without the full and willing acceptance of duties. That, and that only, can lead it to lasting success. It can rise to great heights; it can sink to great depths. It is for us of this generation to educate the people to the greatness of their calling and to inspire them with a consciousness of the splendor of their inheritance.

### CHAINS OF CENSORSHIP.

Baltimore Sun: There can be no doubt that one reason for the relative sterility of this country in the field of art is the furious clamor to have anything which offends stereotyped susceptibilities banned, prohibited, verboten. Censorship of anything and everything which diverges in any way from the ordinary is coming to be regarded as a holy duty for a certain type of American mind. "What we disagree with must be prohibited at any cost"—that is their sweet and simple reasoning.

### HONESTY, THE BEST POLICY.

Christian Herald: There is, in every branch of human activity, a demand for young people of sterling character—honest, truthful and reliable. There are no substantial openings ever offered to the trifter, the mere pleasure-seeker, the youth who knows more about gambling and dancing than he does about business. Honest work, no matter how humble, cannot be kept down. Character is the test—Christian character—and it invariably finds recognition, and in course of time, brings its reward. "Seest thou a man diligent in his business?" says the Bible proverb, "He shall stand before mean men. He shall stand before kings."

### ASKING TOO MUCH.

London Daily News: At the present moment we are alone among the European Allies in the repayment of debt. We are paying in full to the United States the debt which was incurred on behalf of our Allies; paying it at the rate of £40,000,000 a year and at a heavy cost to our taxpayers through what must appear to them a vista of interminable years. Not one of our Allies is paying us on either of interest or of principal.

"What will be said, not only by our taxpayers, but also by Britons in general, if in these circumstances France enters into an agreement to fund, not her debt to us, but her debt to her wealthiest creditor, and on terms conspicuously more compassionate than those vouchsafed to Great Britain? We should be a nation of angels if we did not look a little blue and mutter a sullen protest, or if we permitted any British Government to swallow the insult with bland indifference."

### FARMERS AND THE FUTURE.

Baltimore Sun: South Africa is conducting in Great Britain a campaign for immigrants who will use its undeveloped land and establish the country in its proper place among the great agricultural nations of the world. Now the only thing needed is for the authorities of the Union of South Africa to decide what that proper place is and to make certain that the union does not develop beyond that. There are many agricultural countries which will gladly testify unmingled blessing. The local enthusiasm for a Great South Africa is the agricultural sense is easy to understand, but it would carry more conviction if it were based on serious study of the world's agricultural needs. The world will need more and more food as its population increases, but the plans for providing much more food in South Africa may cause trouble for that country if they are based merely on a grandiose boasting scheme, for an agricultural surplus is a very difficult thing to handle.

Good nature is the beauty of the mind, and like personal beauty, wins almost without anything else.

## TRAFFIC IN OPIUM.

Times of India: The Japanese representative at Geneva made great play of the anti-opium efforts of his country and apparently felt that of the British representative, a thorough British were hampered. But what are the best Japan has been doing to suppress the opium traffic? It is a policy of imports into Japan only through her Government. Her representative loudly declared that she has stamped out the opium traffic in Formosa. We are glad to hear it, for apart from the official statement, the evidence was, we understood, all the other way. Anyhow, large quantities of opium are imported by merchants in Japan. They formerly got their supplies from India, but when the Indian Government proposed the Japanese Government to stop these private imports, the merchants, before their Government had acceded to that principle, quietly ended their purchases in India and filled the gap from Persia and Turkey. Opium from these countries readily lends itself to the manufacture of morphine and the preparation of this for export was apparently the main consideration. Through what channel it is exported, the outer world, struggling against its evils, would like to know, and if it were shown that the channel led to America we should not be surprised.

## GOODWILL TOWARD MEN.

Sydney Bulletin: So close to the verge of ruin has the world been brought that all private animosity and lingering bitterness works towards a final catastrophe too terrible to contemplate. It is no longer wholly a question of what Germany deserves or what France is entitled to, but of what is best for the British, French or German child who is to carry on the world's civilization to the future years. Only a deliberate sowing of goodwill can save the impoverished human soil. It may not be possible for a Frenchman to feel well disposed to a German or for a German to love a Belgian; but it is possible for every nation to set a standard of kindly conduct which in the end must fertilize the devastated fields.

## INDIA ON THE BRINK.

London Daily Telegraph: With all India seething with hatreds that at any moment may burst out in a general conflagration, the party of Swaraj continues at every opportunity to press its demand for complete self-government, and to insist that all British recruitment for the administrative services of India shall immediately cease. There is not the smallest doubt that the withdrawal of British authority from India now would be at once followed by an unimaginable chaos of bloodshed and ruin. Assent to the Swarajist demand would be, to speak plainly, an atrocious crime against the 240,000,000 non-political Indians who, as was said in the Assembly a week ago, do not care two straws what the form of Government is, provided it is a stable one.

## WEIGHTED SCALES.

Glasgow Herald: The share of world trade at present being enjoyed is much less satisfactory than it might be if it were understood that under an intensely competitive system individual ambitions cannot always be attained, and must, if the business of the country is to expand and grow, be subordinated to the common interest. So long as other nations are prepared to work longer hours than obtain in this country, and consequently give a larger output, trade, and particularly export trade, must remain restricted. The scales are undoubtedly further weighted to our detriment by the advantage conferred by currency depreciation, and although this factor is now less forceful, thanks to the relative stability which has been secured in the Continental countries, the time must still be distant when it will cease entirely to operate.

## FARMERS AND THE FUTURE.

Baltimore Sun: South Africa is conducting in Great Britain a campaign for immigrants who will use its undeveloped land and establish the country in its proper place among the great agricultural nations of the world. Now the only thing needed is for the authorities of the Union of South Africa to decide what that proper place is and to make certain that the union does not develop beyond that. There are many agricultural countries which will gladly testify unmingled blessing. The local enthusiasm for a Great South Africa is the agricultural sense is easy to understand, but it would carry more conviction if it were based on serious study of the world's agricultural needs. The world will need more and more food as its population increases, but the plans for providing much more food in South Africa may cause trouble for that country if they are based merely on a grandiose boasting scheme, for an agricultural surplus is a very difficult thing to handle.

## NERVOUS BREAK-DOWN

Pains in Back and Legs Relieved by Lydia E. Pinkham's Vegetable Compound

Ford, Ontario: "I had a nervous break-down, as it is called, with severe pains in my back and legs, and with fainting spells which left me very weak. I was nervous and could not sleep nor eat as I should and spent much time in bed. I was in this state, more or less, for over two years before Lydia E. Pinkham's Vegetable Compound was recommended to me by my neighbor. Before I had taken five doses I was sitting up in bed, and when the first bottle was taken I was out of bed and able to walk around the house. During my sickness I had been obliged to get some one to look after my home for me, but thanks to the Vegetable Compound I am now able to look after it myself. I have taken Lydia E. Pinkham's Blood Purifier in turn with the Vegetable Compound, and I certainly recommend these medicines to any one who is not enjoying good health. I am quite willing for you to use these facts as a testimonial."—Mrs. J. SHEPHERD, 130 Jos. Janisse Avenue, Ford, Ontario.

## ST. CROIX COVE.

Miss Dorris Healy, Outram, and Mr. George Hirsten, Port Lorne, were recent visitors at the home of Mr. and Mrs. Chester Hall. Miss Florence Marshall, North Williamston, is visiting her parents, Mr. and Mrs. Robert Marshall. Mr. Ross Miller, Mr. Hanley, spent Thursday night at the home of Mr. and Mrs. D. M. Hall. Mr. D. Hayden, Port Wade, passed through the Cove last week in the interest of the Lincoln Pulpwood Co. and was the guest of Mr. Joseph Hall.

WHEREVER you buy it and whenever you buy it, Magic Baking Powder is always entirely dependable, because it contains no alum or adulterants of any kind. MADE IN CANADA. E. W. GILLETTE CO. LTD. TORONTO. WINNIPEG MONTREAL. ALBANY.

## ALBANY.

Mrs. David Veinot and Mrs. C. Hyde Veinot's baby are on the sick list. Doctor has been in attendance. Mrs. Wm. Whynot fell and hurt one of her limbs—quite severely. Dr. Sprague was sent for and advised keeping in bed for a few days. She can now walk with the aid of a cane. Mr. N. P. Whitman is laid up with a sore foot. Dr. Messenger is attending it.

## FARMERS AND THE FUTURE.

Baltimore Sun: South Africa is conducting in Great Britain a campaign for immigrants who will use its undeveloped land and establish the country in its proper place among the great agricultural nations of the world. Now the only thing needed is for the authorities of the Union of South Africa to decide what that proper place is and to make certain that the union does not develop beyond that. There are many agricultural countries which will gladly testify unmingled blessing. The local enthusiasm for a Great South Africa is the agricultural sense is easy to understand, but it would carry more conviction if it were based on serious study of the world's agricultural needs. The world will need more and more food as its population increases, but the plans for providing much more food in South Africa may cause trouble for that country if they are based merely on a grandiose boasting scheme, for an agricultural surplus is a very difficult thing to handle.

## ANNUAL MEET N. S. FRUIT GROWERS

(Continued From Last Issue)

In the British market, followed by speakers Prof. Blair, H. Ellis, J. A. Kinnear, Secretary F. W. Foster, of Kingston, E. R. Clark, F. W. Bepp and J. N. Chute and A. S. Banks. A beautiful display of apples was conspicuous on the platform. A banquet was held at the Masonic Hall after the meeting. Hon. R. E. Finn, M. P., was expected to speak, but did not appear, so it was decided to hold a round table talk.

## President's Address.

Referring to the historical background of the town, President FitzRandolph in his address brought out the fact that the Annapolis district is the birthplace of the Province's fruit industry, and that remnants of old French orchards near the town mark it as the place where apple trees were first planted in the Province. Here also around 1883, the first nurseries in the Valley were started, which today are second to none in Canada.

In 1861, enterprising men shipped a cargo of apples in a sailing vessel direct from this port to London, England, but these pioneers were not down-hearted and continued shipping in sailing vessels until April, 1881, when the first steamer sailed direct to London, carrying 8500 barrels. Thus, the citizens of Annapolis Royal he said, have from the first manifested a lively interest in the industry.

Despite prophets who talked of a 50 per cent crop, the President said an 80 per cent crop of good, well colored fruit was gathered, and that prices, while fluctuating, have on the whole been very satisfactory. In regard to a preference on Canadian fresh fruits in the English markets the President said it was understood the situation is receiving very attention both by the Fruit Growers' Organizations and Federal and Provincial Governments, and that the whole question is to be left to an economic committee on which Canada has a representative.

## Economical Production.

While it may not be easy to increase the average price realized under the present system of marketing, Mr. FitzRandolph suggested that by cutting cost of production, that end may be effected to a certain extent. The planting of upwards of 100,000 trees in the Valley last spring shows the optimistic spirit of the growers, but to make the industry more remunerative the field of improvement is not in planting and marketing wholly, but in the production as well. To produce economically, thoroughness must be the watchword in orchard practice. We all know the proper method to follow," said the President, "yet the loss, in dollars, to the Province the past season due to neglected sprays, careless cultivation, failure to thin the fruit, rough handling, etc., was enormous. Realizing this, therefore, it is vitally important that we go forward the coming season, determined to do our best in carrying out every detail which makes for more profitable production. The system of marketing, he said, was the biggest problem, and one that demands the hearty co-operation of all. Fruit being marketed through the private shipper, the speculators, shipping agents, and the United Fruit Co's with their fifty subsidiary companies, and it is very pleasing, he said, to note the harmony and co-operation existing between these bodies. United under the name of the Nova Scotia Shippers' Association, they are better able to deal with freight rates, etc., and also to regulate the distribution of the fruit on the markets in such a manner that the so-called 'dumping' by individuals, is reduced to a minimum. "The results obtained, and the progress of the United Fruit Co's, show very conclusively that the salvation of the apple industry lies in true co-operation. More knowledge along co-operative lines would stimulate the interest of the grower and help him to realize the situation, and I would suggest to the co-operators that steps be immediately taken whereby the growers can be educated to the necessity of working together," said the President. Need for a change in the Grade names of barreled apples, he said, is apparent. The boxed apple growers made the change some years ago. There is no product of any kind on sale in the market with such marks as No. 2 and No. 3 to designate quality, except barreled apples. "I understand, said Mr. FitzRandolph, "that the greatest objection to any change comes from the growers in other Provinces, and I might suggest that could the Nova Scotia growers decide (To Be Continued)

## A CHILD'S RIGHT

Just as a child's heritage ought to be robustness, so has a child the right to sound bones and teeth. Everything depends upon the quality of a child's diet.

## Scott's Emulsion

is vitamin-nourishment, that should in most cases be a part of the regular food allowance. Scott's Emulsion abounds in those elements that have a favorable influence on the bone-structure and builds strength.

## BANDITS ROBBED

Collinsville, Ill.—Two bandits Wednesday held up William Matthew, Post Office messenger and escaped with a pouch of first class mail. Postal inspectors are uncertain what was obtained. Postmaster Moore said the First National Bank was expecting a shipment of \$15,000 to meet a payroll of the Lumbago Coal company.

## As a man should always be upon his guard against the vices to which he is most exposed, so should we take a more than ordinary care not to lie at the mercy of the weather in our moral conduct.

### REPORT OF THE COMMITTEE ON TENDERS AND PUBLIC PROPERTY.

To The Warden and Councilors of The Municipality of Annapolis: Gentlemen—Your Committee on Tenders and Public Property beg to submit the following report for the year ending, Dec. 31st, 1924.  
The total expenditure for Outside Poor, County Home and County Hospital have been practically the same as the previous year.  
We have to report an increase in the cost of maintaining the Outside Poor, which increased expenditure is

offset by a corresponding decrease in the maintenance of the County Home, while the expenditure for the County Hospital has remained practically the same.

Our County Institutions have maintained their usual efficiency and we have nothing new to report regarding the manner in which they have been conducted, and the reports from the the Health and our Medical Officer are very satisfactory and show the high standing of our Institutions.  
During the past season the buildings have been equipped with lightning rods at a cost of \$300.00, an outlay which we believe to be fully justified not only from the standpoint of safety, but also from the reduction on the Insurance premium which not only takes care of the interest on the outlay, but returns a small amount each year on the principal. The only other extra expenditure in connection with the Hospital was the purchase of an Electric Washer which we are glad to report is proving very satisfactory.  
In the County Home a new hardwood floor has been laid in the women's sitting room and we also had installed a new hot water boiler and heater which fills a long felt want by supplying sufficient hot water for all purposes.  
The number of inmates in the Hospital at the beginning of the year was 41  
Admitted during year 6  
Died during year 4  
Total at end of year 43

The number at the County Home at the beginning of the year 38  
Admitted during year 24  
Died during year 23  
Total at end of year 40

The farm has produced the following crops:  
Hay, about 45 tons  
Straw " 7 "  
Potatoes " 750 bush.  
Turnips " 1250 "  
Beans " 12 "  
Oats " 325 "  
Carrots, Parsnips & Beets 70 "  
Cabbage " 600 heads  
Squash " ½ ton  
Apples delivered to warehouse 279 bbls.  
Pork killed for home use 890 lbs.  
1 Cow killed for home use 400 "

Sales From Farm.  
Apples, 1923 crop \$ 447.96  
Young pigs 79.00  
Cow hide 3.00  
\$529.96

Present Stock on Farm.  
Milk Cows 12  
Horses 2  
Brood Sows 5

In submitting the above report of the products of the farm we are calling your attention not only to the intelligent management of Mr. Myers, but also to the industry of the occupants of our Institutions, who not only have grown and harvested these crops, but have continued the work of clearing up the land lately purchased.

Regarding the Outside Poor we find the expenditure increasing, largely due to the growing demand on the part of the public that this class of people be better cared for.  
As this matter of expenditure lies largely with our Overseers, we would ask the Councilors to exercise care not only in their appointment but also in assisting with their duties.

Tenders For Supplies.  
Your committee advertised for supplies beginning Dec. 1st, 1924, and the following tenders were received:

Meat for the Year, A. S. Williams.  
Meat for the year, A. S. Williams.  
Beef, hind quarters 8½c. per lb.  
Beef, fore quarters 7½c. per lb.  
Veal 9c. per lb.  
Mutton 10c. per lb.  
Lamb 16c. per lb.

Supplies For Three Months, B. N. Messinger.  
Flour, per barrel \$ 10.75  
Flour, per bag (cotton) 5.00  
White Middlings, per bag 2.35  
Bran, per bag 2.00  
Rolled Oats, 90 lb, per bag 4.20  
Corn Meal, per bag 3.00  
Granulated Sugar, per cwt. 8.15  
Yellow Sugar, per cwt. 7.55

Wood.  
Tenders have been accepted for 150 cords of merchantable hard wood at \$7.50 per cord.

Tenders calling for printing resulted in the following award:  
Weekly Monitor, including free printing of minutes of the proceed-

## Newspaper Leadership

has started the first drive ever undertaken to bring Eastern and Western Canada closer together, and to explain away many of the misunderstandings which have grown up since the war, and which are threatening the underpinning of Confederation.

The Telegraph-Journal of St. John, has sent a representative West. He is now in Ontario. Before his return he will address public bodies, and canvass individuals in Quebec as well as the Prairie Provinces, on his mission of

### "SELLING THE MARITIMES TO THE WEST."

Many thousands of Western Canadians will be told the story of what the Maritimes have done for Confederation, and what we expect in return. The claims of St. John and Halifax as Canada's national ports will be persistently and forcibly set forth.

The story of this mission, written by A. M. Belding of the Editorial Staff of this newspaper, whose knowledge of the Maritimes and their needs is unequalled will appear,

Monday, 7:30 to 8:30—Confirmation Class.  
Young People's activities according to schedule.

**H. T. WARNE MAKES VERY PROFITABLE INVESTMENT.**  
Paul Henry Organization Net Him \$12,000.

Davenport—An important realty transaction was consummated this week through The Paul Henry Organization, Davenport's newest realty concern, even before they opened their temporary offices.

H. T. Warne, a wealthy lumber man of Digby, N.S., purchased ten months ago the Davenport property known then as Paradise, at a purchase price of \$15,000. It is said that some of his friends advised him he paid too much for the property. Mr. Warne however, is a firm believer of this Ridge Section and particularly Davenport, and showed his judgment and vision, after carefully inspecting the entire State by deciding that Davenport and Haines City showed the greatest chance of substantial growth. His confidence in Davenport's future as a real home city, was repaid this week when through his agent, J. Frank Crowe and The Paul Henry Organization, he realized \$30,000 on this property.

Mr. Warne when interviewed confirmed the above sale and is even more enthusiastic than ever over mighty Polk. He believes that this will be without a shadow of doubt the greatest residential section in Florida and was very high in his praise of Davenport and the friends he has made since visiting Florida. He was accompanied to Florida by Mrs. Warne and is at home to his friends at the Lakewood Club House.—(Haines City News.)

**SMYTH.**  
Fred A. Chipman recently attended the Fruit Growers' Association at Annapolis, also the Farmers' Assn. at Bridgewater.

Mrs. Charles Ruzgles and two children spent a week, the guests of Mr. and Mrs. Wylie Parker, at Berwick, but are at home again.

Mrs. Russell Beckwith and children are visiting Mrs. Beckwith's mother, Mrs. Cotton, at Middleton.

Not much doing in our community during the cold weather, but Cross Word Puzzles, and they appear to be the only things that are not frozen up.

#### MARITIME RIGHTS

##### A NEW PUBLICATION.

We are in receipt of a copy of the first number of "Maritime Rights," a new publication which should fill a needed niche in the journalistic fabric of the Eastern Provinces.

Maritime Rights is a subject which has come more prominently to the fore during the past few months and quite deservedly so. There is a pretty general opinion among the people of these Provinces that they are in a number of ways being discriminated against. There has been quite an amount of nebulous talk done on the subject so that at this stage the advent of a publication to expressly indicate what is really meant by Maritime Rights is very welcome. It is better to get at the bottom of these matters without delay, to point out specific instances of discrimination, to let people know just where they are, to do away with misunderstandings and show the roads to improved conditions. The Monitor welcomes the new publication and trusts that it will have a successful career and disseminate much useful and effective information.

#### GRANVILLE FERRY.

#### ENGLISH FAILURE HITS ANnapolis VALLEY ORCHARDISTS.

The Annapolis Valley and province at large has been aroused, and speculation is rife over the financial losses incumbent on the failure of the North-hard & Lowe import house interests, the news of which came as a great shock and surprise, it being one of the oldest established fruit firms in England.

The interests have been placed in the hands of Donald M. Barton, receiver, in London, who has Col. A. Montgomerie, Halifax, as agent and manager in Nova Scotia to take over the holdings and wind up the business. Unless quite large assets are available, the losses will be very heavy, bearing in some cases on the producer and in other cases on the agent. It is considered as one of the most serious crises that has occurred in many years.

Generally speaking, however, a Kentville authority said Wednesday, it will not interfere with the great fruit industry, but will tend to stabilize it and place it on a more sound basis in the future. Although this has a tendency to depress for the time being, it will in no way dampen the optimistic outlook in the fruit industry, he added, and greater preparations are being made for the planting and care of the fruit than ever before.

It is understood that this failure has no connection with the Maurice Lowe Orchardring Company. Many farmers and apple buyers in Middleton and vicinity were hit hard by the announced assignment of North-hard & Lowe, commission merchants. Some of the largest fruit growers in that territory placed their

#### PHINNEY COVE.

We are still alive and not frozen up, nor snowed under, but we have not been very well for some time so have failed to write the news.

Since you last heard from us several interesting things have taken place.

Mr. Donald Bent and Miss Achesah Chute of Hampton, were married and are now happily settled on the Bent homestead. Congratulations.

Mrs. Watson Bent is spending the winter with her children in the States.

Mr. Maxwell White has come home from the States for the winter.

Mr. Crisp has moved into his new residence, "Twinburn Cottage," near the school house.

Our school had a Christmas tree and concert which someone said was the best yet. Perhaps this was because some of the ladies took part and helped in the preparations. We all know when the ladies get after anything, it has to go.

Mr. Fred Farnsworth has a crew of men in the woods, cutting pulp.

We are holding our monthly pie sales again. The last one was at Mr. Marven Farnsworth's and was one of the best yet. The next is to be at Mr. Vernon Bent's on Thursday evening, Feb. 6th.

Mrs. Alden Bent of Beaufield, is spending the winter with her daughter, Mrs. Wm. Israel.

Lester and Eleanor Chute visited their brother Eber at Belleisle on the 25th.

A sleighing party of about thirty young people from Hampton visited Mr. and Mrs. Donald Bent on the evening of the 26th.

Mr. William Cook, now nearing the age of 88 years, is catching rabbits to beat the boys. We are having a severe winter, but the storm yet has not stopped him from his daily visits to his snares. Up to date he has caught about eight dollars worth. His daughter told a friend that he sold four dollars worth of "lobsters" at one time.

The eclipse on the 24th aroused considerable interest but the sky was so cloudy that the beginning was not to be seen. Some caught glimpses about the middle, and there was good opportunity to see the latter part as the moon was passing off. Some saw a brilliant display of rainbow colors in a cloud near the sun during the latter part of the eclipse. The colors were not arranged in regular order as in the rainbow but were mixed up and beautifully blended. This lasted only a few seconds.

We regret to chronicle the passing of Mrs. Clyde Chute. She was Miss Ella Cole of West Paradise. Her father died while she was a baby and she was brought up by Mr. and Mrs. Stanley Moore. Clyde and Ella were married in December, 1920, and were pleasantly settled and very happy in their little home when Brights disease set in and a lingering illness followed. During the fall she spent some weeks taking medical treatment at Middleton. In December she returned and was tenderly cared for at the home of Mr. and Mrs. Frank Chute by her husband and other friends. The end came Dec. 29th. She had united with the church at Paradise and transferred her membership to the church here. The funeral was conducted by Pastor Dixon on Dec. 31st, interment at Hampton. Besides her husband and friends in this place, she leaves a mother, now Mrs. Daniels of Hastings, and a number of warm friends at West Paradise. She was in her 23rd year.

#### CENTRELEA.

Mr. Johnson Bruce was a passenger to Middleton, on Tuesday last and returned home on Wednesday.

We are very glad to report that Mrs. John Hutchinson and Mrs. S. N. Messenger are improving after serious illness.

We are very sorry to report that Mrs. Edward Messenger is on the sick list at time of writing.

Mr. Almon E. Gibbons of Roxville, Digby Co., returned home on Monday after a very pleasant visit with his sister, Mrs. Johnson Bruce.

#### WEST PARADISE.

Miss Winona Greenwood from Clementsvalle has come to spend the rest of the winter at the home of Mrs. Henry Sanford.

Many people of this community have been very ill with a peculiar form of influenza. Several are still confined to their homes.

The cold snap was also experienced here. The lowest temperature report being 30 below.

The Crokinole Club was very agreeably entertained at the home of Mrs. B. W. Saunders. A record number in attendance and eight tables being in progression.

Whole season's crop in the warehouses of this company at Nictaux and Wilmot, and this firm handled a large percentage of the apples in the immediate neighborhood.

A number of local growers were also affected quite seriously by the failure of this firm, generally regarded as safe as a bank.

#### LOWER GRANVILLE.

The young people of this vicinity enjoyed a sleighing party to Granville Ferry on Wednesday evening 21st inst., where they were entertained at the home of Mr. and Mrs. Geo. Baltzer.

The young people of Granville Ferry also enjoyed a sleighing party to Stoney Beach on Tuesday evening 27th inst., where they were entertained at the home of Mr. and Mrs. John H. VanBlarcom.

Mr. Val Robbice arrived back from Lynn, Mass., Tuesday 27th inst. His health is somewhat improved.

Mrs. Ralph Beard of Paradise, was the week-end guest of Mrs. Albert Angers.

We are glad to report Capt. S. V. Melanson recovering from his recent illness.

Work and dont worry if you would be happy. Otherwise worry and dont work.

#### MT. HANLEY.

We are glad to report that our pastor is able to be out again after his recent illness.

Mr. Harold Fisher of Somerset, spent the week-end at the home of Mr. A. W. Slocum.

Mrs. Israel J. Fritz of this place received a telegram on Jan. 22nd of the death of her brother, Mr. S. W. Armstrong of 76 Beacon St., Somerville, Mass. Much sympathy is extended to Mrs. Armstrong in her great sorrow.

Mrs. A. W. Slocum is the guest of her daughter, Mrs. Clyde L. Carter, of Imperial, Halifax Co.

Mr. Hill of Wolfville, spent the week-end, guest of Mr. and Mrs. E. J. Elliott.

Congratulations to Mr. and Mrs. Clyde L. Carter of Imperial, Halifax Co., N.S., on the birth of a son, Jan. 20th, 1925.

Mr. Milton O'Neal of Halifax, and Mr. Talmage Marshall of Outram were calling at the home of Mr. and Mrs. S. A. Barteaux, recently.

## HOW OLD IS KING TUT?

\$1450

Given Away to Those Answering This Question Correctly. You Can Win \$950

20 Cash Awards

### CONTEST ENTRY FORM

I desire to enter the KING TUT Contest, in accordance with the rules of same, and remit herewith the sum of ..... Dollars (\$.....) covering subscriptions to The Halifax Herald and The Evening Mail for .....

THE CONTEST MANAGER, The Halifax Herald, Halifax, N. S.

FULL NAME .....

ADDRESS .....

DATE .....

figure King Tut's age to be ..... years

Name of Contestant .....

P. O. Box .....

City or Town .....

Name of News Agent .....

Please state whether old or new subscriber .....

Always use Express or P. O. Order when sending money.

### GENERAL RULES OF THE CONTEST

- (1) The Contest is open to all bona fide residents of Nova Scotia, New Brunswick, Newfoundland and Prince Edward Island.
- (2) No person known by The Herald or The Mail to be employed directly or indirectly in newspaper work of any description, nor the members of the family of such person can win a prize in this contest.
- (3) Competitors must enter this contest in writing and enclose a subscription of not less than six months and not more than two years to either The Halifax Herald or The Evening Mail with each solution offered. Following the receipt of the said subscriptions after The Herald or The Mail as the case may be will be sent daily to the person subscribing for same until the expiration of said subscription.
- (4) Contestants may submit more than one solution, but each solution must be accompanied by a subscription to The Herald or The Mail or both for same period specified by Rule 3.
- (5) Only one prize will be given to any person, household or group of persons working together and when in the judgment of the contest manager two or more solutions have been copied or worked in collusion, all of such solutions may be rejected by him.
- (6) The Herald and The Mail reserve to themselves the right to be the final judges for the purpose of deciding any questions which may arise out of the construction of these rules or any questions which are not covered by these rules and all those entering this contest agree to abide by the decision of the persons who shall take the awards as finally made.
- (7) In the case of ties in arriving at the correct solution, as many prizes will be reserved as there are people tied, before any prize is awarded for less correct solutions and another person will be selected to make the tie for the purpose of determining who of the persons tied shall take the awards as finally made.
- (8) In case of ties in the final problem submitted, the person enclosing the largest subscription in accordance with Rule 3, with his or her entry, shall receive priority over the person enclosing a smaller subscription with his or her entry.
- (9) A subscription sent in to qualify an entry must be a NEW subscription. A NEW subscription is one:
  - 1st. That is not already a paid in advance subscription;
  - 2nd. Is not from a person so known to the knowledge of the contest manager, a newsboy or carrier is now delivering or selling the paper subscribed for;
  - 3rd. Is not from a person who to the knowledge of the contest manager, buys the paper subscribed for, daily from any newsdealer, newsboy or agent;
  - 4th. Is not the renewal of a present paid in advance subscription.
- (10) No entries UNACCOMPANIED by cash subscriptions will be accepted, nor can any solutions be changed after they have been registered.
- (11) The Herald and The Mail reserve the right to alter the rules and regulations at any time during the contest and to offer additional prizes, also to refund subscriptions and to disqualify any competitor whom they consider not acting in good faith.

### HOW OLD IS KING TUT?

The problem is to find the sum total of the figures shown on King Tut in the picture. There are no marks, lines or characters on the body of the King except figures. These figures range from two to nine, each one standing alone. There are no ones or eights in the picture. There are no groups of figures—that is, the figure nine is the highest figure shown; there are no 23, 42 or 99, or like groups. If you find that a two and a three are standing so closely together as to look like 23, it means that the two and the three are to be added together, just as they would if they were an inch apart. The tops of the nine are curved and the tails of the nine are straight. There are no figures in the head of King Tut.

There is no trick or illusion in the chart.

### SUBSCRIPTION RATES

CITY OF HALIFAX AND DARTMOUTH  
Delivered by Carrier

(Subscriptions to be sent by mail cannot be accepted in the P. O. Districts of Halifax, Dartmouth or Imperial.)

Bridgetown, Annapolis Valley, N. S.

## Make Care Of Babies Easier

Stomach disturbances and constipation are responsible for much of the peevishness of babies and young children. When the baby is cross or irritable the mother should not resort to so-called soothing mixtures to correct the trouble, for in the majority of cases these mixtures simply drug the child into an unnatural sleep. What is needed is a gentle laxative that will sweeten the stomach and regulate the bowels. Such a remedy is found in Baby's Own Tablets. They are easy to take and are guaranteed to be entirely free from opiates and narcotics. Concerning them, Mrs. Jos. Tousignant, Ste. Sophie, Que., writes:—"I would like all mothers to know that I feel there is no other medicine to equal Baby's Own Tablets. I always keep a box in the house and their prompt use never fails to restore my little ones to health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

VICTORY.

Mr. Clayton Hewey and Mr. Peter Kaulback have returned from New Brunswick, where they have been working.

Owing to the bad storm which we had on Friday, January 23rd, our pastor Mr. Durkee was unable to hold his regular service here.

Miss Beatrice Rosenkrantz is visiting at Bear River East, the guest of Mrs. Delbert Wagner.

A large number of people here have been confined to their houses with the grippe, but we are glad to report them better.

Mrs. Joseph Darras has been spending a couple of days at the home of Mrs. Vernon Peck, at Bear River, caring for the sick.

People will not look forward to posterity who never look backward to their ancestors.

**BEST METHODS OF**

**HANDLING FISH**

The Atlantic Experimental Station  
Is Beginning Its Educational Work.  
The Atlantic Experimental Sta-  
tion for fisheries is making a begin-  
ning in its educational work. It pro-  
poses to furnish to all who may re-  
quire them, the best and most up-to-  
date methods of handling fish. The  
part of the industry, in which the lar-  
gest number of people are concerned,  
is that comprising the preparation of  
dried fish, especially cod. The sta-

tion has in course of preparation a  
detailed account of all stages in the  
preparation of the best grade of dried  
fish, and this will form the basis for  
a well illustrated, simple and popular  
account of the methods, which will  
be widely distributed. There are  
striking differences in the quality of  
Canadian dried fish, and for this the  
imperfect methods in vogue on cer-  
tain parts of the coast are largely re-  
sponsible. If all the fish were made  
equal to our best there would be a  
very considerable increase in the in-  
come of our fishermen.—(Chronicle)

**DRIFT TO THE CITIES**

While the theme is almost thread-  
bare because of discussion, the first  
completed volume of the 1921 census  
recently issued again forces to the  
front the subject of the populat-  
ion drift to the cities in this country.  
Forty years ago only 14 per cent of  
the population lived in cities and towns.  
At the turn of the century this per-  
centage had increased to 37.5. In  
spite of the agricultural expansion  
in the West during the first decade  
of this century the city population  
moved up to 45.53 per cent. of the  
whole. In 1921 the rural and urban  
totals were almost equalled, the for-  
mer percentage being 50.48 and the  
latter 49.52.

In Ontario half the growth during  
the last decade has been in Toronto  
and the surrounding district, and  
most of the remainder at Hamilton,  
the Niagara district, the Windsor  
district and around Ottawa. Similar  
conditions are found in other Provinces.  
Winnipeg accounted for a third  
of the increase in Manitoba.

In Ontario 58.17 per cent of the  
population is urban, which is the lar-  
gest proportion in the country. Que-  
bec being next with 56.01 per cent,  
in none of the other Provinces have  
the city and town dwellers over-shot  
the number of people living on the  
land. Manitoba is 42.88 per cent, ur-  
ban; Nova Scotia, 43 per cent, Al-  
berta, 37 per cent, Saskatchewan, 29  
per cent, and British Columbia, 47  
per cent.

Since the beginning of the century  
the drift in Ontario has been to the  
cities rather than to the towns and  
villages. In 1901 our village popula-  
tion was 6.7 per cent. of the total,  
while in 1921 it was only 4.1 per cent.  
In 1901 our town dwellers had a per-  
centage of 14.54; in 1911, 16.24, and  
in 1921, 14.42, so that the Ontario  
towns are now just where they were  
a quarter of a century ago. The city  
population in the same time jumped  
from 21.66 per cent to 39.65 per cent.  
The village population of Quebec and  
Saskatchewan increased, while that  
of Alberta decreased.—(Toronto Globe)

**Correspondence**

**THE POULTRY INDUSTRY.**

Why does the County of Annapolis  
not take a prominent place in the  
Poultry Industry?  
The possibilities of this industry  
are well worth the consideration of  
all the rural dwellers of Nova Scotia.  
We in Annapolis County are well sit-  
uated with regard to climate and soil.  
The winters are not excessively cold  
and the spring and summer months  
are well suited to the quick maturing  
of young birds. The soil is a factor  
not to be overlooked and in this re-  
spect we are well favoured with a  
light warm soil, porous and easily  
drained.

This article may be read by some  
who claim that "poultry do not pay"  
or "there is no use keeping birds that  
do not lay during the winter months  
when prices are good." If poultry do  
not pay find out what is wrong. Over-  
crowding is a great stumbling-block  
on the road to success, or it may be  
the housing or the feeding that is at  
fault; or it may be the age or the  
type of the birds. Given the right  
type of bird, properly housed, fed  
and cared for, the returns will more  
than pay for the trouble expended,  
and will do so in zero weather; while  
birds kept in a dirty, damp or draugh-  
ty house will not pay no matter how  
well they may be fed.

On a well conducted poultry farm  
the net returns from eggs should not  
be less than \$2.00 a year per bird,  
and with high producing stock and  
flock averages of from 175 to 200  
eggs a year the returns will be con-  
siderably more than this.

The prevailing high prices of feed-  
ing stuffs is a discouraging factor to  
the breeders with a low flock aver-  
age. The only thing to do is to in-  
crease the average by breeding and  
selection and not to be satisfied short  
of a 175 flock average. Some breed-  
ers have reached over the 200 mark.  
Birds laying less than 200 eggs,  
averaging 24 ozs. to the doz, in the  
Canadian Egg Laying Contests do not  
qualify for registration. Those qual-  
ifying must also be standard bred  
and true to type. Much the same con-  
ditions hold good for the R. O. P.—Re-  
cord of Performance—tests which are  
held on the breeders own farms, and  
in which birds fulfilling the require-  
ments win certificates according to  
their qualifications.

The average for the Nova Scotia  
birds in the 1923-1924 contest was  
176.8 being beaten only by British  
Columbia and Alberta with scores of  
206.7, 199.8 and 178.2, while the high-  
est individual score—313 eggs—was  
made by a Nova Scotia bird.

Birds making high records are not  
confined to any special breed. In the  
1922-1923 Canadian Egg Laying Con-  
tests nine out of eleven were won by  
heavy breeds Barred Rocks and White  
Wyandottes, the remaining two being  
won by White Leghorns. In the 1923-  
1924 contests White Leghorns led by  
seven to five. The choice of variety is  
a matter for the individual breed-  
er to decide according to his own  
fancy, a good laying strain being the  
important point.

When it comes to marketing sur-  
plus cockerels as table poultry the  
heavy breeds win over the light.  
The reputation of Canadian birds is  
becoming world-wide. At the second  
World's Poultry Congress recently  
held in Spain at Barcelona, Canadian  
birds made a name for themselves and  
were an outstanding feature of the  
exhibit. They were standard bred  
and registered birds.

The British exhibit was much lar-  
ger and included an exhibit of H. R.  
H. the Prince of Wales, with White  
Wyandottes, R. I. Reds and Anstra-  
lorns. The fact that Canada is ahead  
of any other country in the matter of  
Registration and R. O. P., caused a  
great deal of interest to be taken in  
her exhibit, and it has been decided  
that the next World's Poultry Con-  
gress is to be held in Canada in 1927.

There is no reason why the Poul-  
try Industry should not be developed  
until it becomes one of the foremost  
industries of the Province. We can  
never over-do it while the English  
market is able to take all surplus  
eggs. The London egg market, the  
largest of any city in the world, and  
open to the world, is available to any  
country sending eggs of good quality  
and well graded, and uses many tons  
a day.

The Annapolis County Poultry As-  
sociation, a notice of which appeared  
in the press, is a move in the right  
direction and should have the loyal  
support and co-operation of all those  
interested in the industry. It is an  
Association not for a few individuals  
but for the whole county and it is to  
be hoped that it will be the means of  
putting Annapolis County on the map  
of the poultry world.

By POULTRMAN.

Life is a long lesson in humility.

**GIRLHOOD DANGERS**

Can be Avoided by Keeping The Blood  
Rich And Pure.

The anaemia of young girls may be  
inherited, or it may be caused by bad  
air, unsuitable food, hasty and irreg-  
ular eating, insufficient outdoor ex-  
ercise and not enough rest and sleep.  
It comes on gradually, beginning with  
lassitude, indistinctness to exertion and  
a feeling of fatigue. Later come  
palpitation of the heart and  
aches. In the majority of cases con-  
sumption is present, and the complex-  
ion takes on a greenish-yellow pallor.  
The treatment is quite easy and sim-  
ple. Dr. Williams' Pink Pills are just  
the tonic to remedy this wretched  
state of health. They act directly  
upon the blood, and as it becomes  
rich and pure, strength and activity  
return, the glow of health comes to  
the cheeks, and soon the trouble will  
disappear and good health follow.  
Miss Pearl Parks, R. R. No. 1, Rea-  
boro, Ont., has proved the value of  
this medicine, and her statement will  
point the way to health to all other  
weak girls. She says:—"I was very  
ill with anaemia. I could not sleep  
at night; my appetite was poor, my  
face and lips were very pale and my  
eyes dull. I got so weak that I could  
not go upstairs without resting. I  
took dizzy and fainting spells, had no  
ambition whatever, and did not care  
to go about. I was in this condition  
for nearly a year. I had treatment  
from two doctors; but did not regain  
my strength, so my mother, who was  
very uneasy about me, decided I  
should try Dr. Williams' Pink Pills.  
After using the pills for a while I  
felt somewhat better, and continued  
taking them until I had used about a  
dozen boxes, when I was again well  
and strong. I can strongly recom-  
mend Dr. Williams' Pink Pills for the  
treatment of any suffering from  
anaemia."

You can get these Pills from any  
medicinal dealer or by mail at 50 cts.  
a box from the Dr. Williams' Medi-  
cine Co., Brockville, Ont.

**THE SOLDIER.**

If I should die, think only this of  
me:

That there's some corner of a for-  
eign field

That is forever England. There shall  
be

In that rich earth a richer dust  
concealed;

A dust whom England bore, shaped,  
made aware

Gave, once, her flowers to love, her  
ways to roam;

A body of England's, breathing Eng-  
lish air,

Washed by the rivers, blest by suns  
of home,

And think, this heart, all evil shed  
away

A pulse in the eternal mind no less  
Gives somewhere back the thoughts  
by England given;

Her sights and sounds; dreams  
happy as her day;

And laughter, learnt of friends, and  
gentleness,

In hearts at peace, under an Eng-  
lish heaven."

If we command our wealth we shall  
be rich and free. If our wealth com-  
mands us we are poor indeed.

**SHERIFF'S SALE**

IN THE SUPREME COURT.

1924. "C" No. 6384.

BETWEEN:

Canada Permanent Mortgage  
Corporation, Plaintiff,

—And—

Alexander D. Stevenson and  
Alice M. Stevenson, Defend-  
ants.

TO BE SOLD at Public Auction by  
the Sheriff for the County of Annapolis  
or his Deputy, at the Court  
House in Annapolis Royal, in the  
County of Annapolis on Saturday the  
31st day of February, A. D. 1925, at  
12 o'clock noon, pursuant to the Or-  
der for Foreclosure and Sale granted  
herein dated the 13th day of January,  
A. D. 1925, unless before the date of  
sale the amount due to the Plaintiff,  
with its costs be taxed, be paid to  
the Plaintiff or its solicitor.

ALL that certain lot of land and  
premises situate, lying and being in  
the Town of Middleton in the County  
of Annapolis and bounded and de-  
scribed as follows in a deed of the  
same from George W. James and wife  
to Charles H. Phinney bearing date  
the first day of May, A. D. 1890, and  
recorded in the Annapolis County Re-  
gistry of Deeds in Book 92 at page  
321, that is to say, Bounded on the  
east, south and west by lands of the  
Reverend Isaac Parker (afterwards  
Isaiah Dodge) and on the north by  
the main post road, containing two  
acres more or less.

TERMS:—10 per cent. deposit on  
sale, remainder on delivery of Deed.  
Dated at Annapolis, N. S., this 17th  
day of January, A. D. 1925.

J. H. EDWARDS,  
Sheriff in and for the  
County of Annapolis.

C. J. BURCHELL,  
85-93 Granville Street,  
Halifax, Nova Scotia,  
Solicitor for the Plaintiff.

43-54.

It is not advisable to reward where  
men have the tenderness not to pun-  
ish.

In the loss of an object we do not  
proportion our grief to the real value  
it bears, but on the value our fancies  
set upon it.

For Every Ill—Mirard's Liniment.

**THE RICHEST NATION  
IN THE WORLD**

The Share of Every Inhabitant of  
U. S. in National Wealth Estim-  
ated at \$2,864.

Washington—The share of every  
inhabitant of the United States in the  
national wealth as estimated by the  
Census Bureau is approximately \$2,-  
864.

This represents the individual share  
in battle ships, money in the treasury  
real estate, railroads, ships, automo-  
biles, and every object which econo-  
mists call wealth.

This is an actual increase of 11 per  
cent over the wealth of the nation in  
1912.

The figure itself represented an ap-  
parent 72 per cent. increase during  
the ten year period, but when the 1922  
value of the dollar is reduced to its  
value in 1912 the actual increase is  
reduced.

The increase in wealth just about  
kept even with the population growth  
of the country and enabled this nation  
to hold her place as the richest on  
earth on a per capita basis.

Taxable real estate made up \$155,-  
908,625,000, nearly one half of the  
total. Non taxable real estate was  
\$30,505,819,000.

Live stock was valued at nearly six  
billion, while motor vehicles were  
placed at four and one half billion.

The value of the railroads and  
their equipment was nearly twenty  
billion; that of street railways, ship-  
ping, water works, canals and irriga-  
tion was \$15,414,000,000.

Agricultural products were worth  
\$5,465,796,000; manufactured pro-  
ducts \$28,422,848,000; while clothing  
adornments, furniture, horse drawn  
vehicles and other personal property  
amounted to \$39,816,001,000.

The personal property figure in  
1912 was less than thirteen billion.

### MOTHERS LIKE TO TREAT COLDS WITH VAPORS

Direct Treatment with Vaporizing Salve Immediately Relieves Inflamed Air Passages.

It is no longer necessary to constantly dose the children in treating croup, bronchitis, sore throat, or deep chest colds. Many Canadian mothers now use the "outside" remedy, Vicks VapoRub, for cold troubles of all the family, because it is just rubbed over throat and chest—there is nothing to take. When so applied Vicks gives off medicated vapors which are inhaled directly into the inflamed air passages, loosening the phlegm and making the breathing easier.

At the same time Vicks is absorbed and stimulates the skin like a liniment or ointment and thus aids the vapors inhaled to break up the congestion.

At all drug stores 50c a jar. For free test size packages, write Vicks Chemical Co., 344 St. Paul St., W., Montreal, P. Q.

### NEWSY NOTES FROM ANNAPOLIS

(Continued from Page One)

J. H. Lombard, who resigned several weeks ago.

The town has been in darkness since Sunday night, owing to the work of installing a new attachment to the water-wheel at the powerhouse. This attachment is expected to conserve the current and regulate the power, thus making the lights much steadier. The light will be turned much steadier. The light was turned on again on Saturday evening.

### KING TUT OFFERS YOU CASH

Guess His Age—Get His Treasure. How Old is King Tut?

Cross Word fiends have laid aside their charts.

No more movies for a month, say the fans of the silver screen. For everybody wants to be in on the big win when The Halifax Herald distributes \$1450 in prize money. So everybody's adding up sixes and sevens to find a solution of the ancient Egyptian's age.

The whole story is told in the Halifax Herald's display advertisement appearing in this issue, page six. It tells how to begin, it tells how to win. First prize ranges from \$500 up to \$950. Second prize \$300, third \$100—and there are seventeen other substantial cash prizes.

Contest closes February 28th. Don't wait till then, get busy right now and win enough to pay down on the house or car you want, to bring you a trip to Europe and back, to buy a car coat, to bring you any one of a score of things you've dreamed about.

A fascinating problem, a wonderful award, everybody on an equal plane all away to an equal start—let's go!

### PARADISE

Mrs. Ralph Beard has returned from a pleasant visit with relatives in Lower Granville and that vicinity.

Mrs. Amberman or Granville Ferry is visiting at the home of Rev. and Mrs. J. H. Balcom.

Mr. and Mrs. Arthur Jacques and children of Glouce Bay, are visiting with Mr. Jacques's parents, Mr. and Mrs. W. Jacques.

Mrs. Jacques is seriously ill at the time of writing. Dr. Crowe is in attendance.

Rev. A. J. Prosser of Bridgetown, occupied the pulpit here on Sunday speaking in the interest of Children's Welfare.

Miss Albertine Anders is visiting at the home of Mr. and Mrs. F. W. Bishop.

Colds are prevalent in this neighborhood.

Mrs. H. D. Starratt recently visited with her sister, Mrs. I. Marshall, Middleton.

Max Munro of Acadia, spent the week-end with his sister, Mrs. Charles Harris.

Miss Marjorie Morse is home from Edgemoor, on account of a severe cold.

(Continued in Next Issue.)

### A JOB FOR YOU

\$6 to \$10, Daily.

50 MEN WANTED—No previous experience necessary. Write for 40-Page Free Book, which explains how you can earn while learning to work in city and town shops at Auto Mechanic, Engineer, Electrical, Battery or Welding Expert, chauffeur, Salesman, etc. Also Bricklaying, Plastering, Mechanical, Dentistry, and Barbering. Don't be a labourer. Write now, which job. Address Hemphill Government chartered Trade Schools Free Employment Service, 163 King St. W., Toronto.

### Local Happenings

Mr. Cecil Gillis cut his knee quite severely last week while getting firewood on the property of his father, Mr. J. B. Gillis, Upper Granville. Mr. Murray Chute, who was nearby took him home. He will, unfortunately, be laid up for a few weeks as a result of the injuries.

The Medial Contest Department of the Women's Christian Temperance Union aims to train young workers; giving them confidence to speak before others. The Pins and Medals offered contestants are, first for children under thirteen years, the second only for those who win the first, the Senior Gold for those who have won first and second, or persons of the age of fifteen years or over. The Grand Gold must be winners of the Gold, the Diamond winners of the Grand Gold, sixteen years or over.

A Contest will be held in the Baptist Church, Wednesday evening, Feb. 11th, Mrs. Ada L. Powers of Lunenburg, N. S., Ex-Provincial President will give an address. There will be music and recitations from ten contestants. Two from the Anglican church, three from the United church and three from the Baptist church.

Admission 10 cts. Home-made candy will be on sale.

Two events of interest took place in St. James church schoolroom last week.

On Thursday the Trail Runners gave a Boon Spurr followed by a social period. Each boy took a friend and a very delightful evening was spent.

On Saturday afternoon the Junior group of C. G. I. T. held a Pantry Sale and duly reported "sold out." A neat little sum was realized and we understand this is to form a nucleus for the schoolroom enlargement fund.

All honor to the young girls.

The Windsor Carriers, three rinks strong, arrived on Tuesday afternoon to play the local exponents of the "roarin' game." As this contest takes place after we go to press, we shall have to give results in our next issue.

LOCAL

Attention is called in this issue of the Monitor on page four to the Puzzle cut. Information telling how to win prizes of \$1000, \$500, \$200 and some twelve smaller prizes will be furnished on application to the Puzzle Manager Morning Chronicle P. O. Box 1182, Halifax, N. S.

### MIDDLETON WON HOCKEY GAME WITH BRIDGETOWN 4-0.

On Thursday night of last week the local hockey team went to Middleton and played a rather interesting game with the hockey experts of that town the score ending 4-0 in favor of the Middleton boys who had a strong line-up, reinforced by a number of players whose names did not appear in the line-up as published in the Halifax Herald.

The game was pretty fast and interesting, the chief criticism was the fact that there was too little team work, though individual effort was good. Middleton scored one goal in the first and one in the third period, two in the second. Cleveland did excellent work in goal. Longmire put up an excellent game for the locals.

Line-up as follows:—

Bridgetown—Lockett, goal; MacMichael and Donaldson, defence; Longmire, centre; Poole and Durling.

Middleton—Cleveland, goal; Jack Reagh and Carl Fisher, defence; Melish, centre; Moore and G. Goucher, wings; spares, Carter and Keddy.

Referee—Gordon MacLeod.

### THE RIGHT REV. JOHN HACKEY, LEY D.D., CO-ADJUTOR, BISHOP OF NOVA SCOTIA, SOON TO VISIT BRIDGETOWN.

In St. James church on Sunday evening (as also in other parts of the parish during the day) Canon Underwood made the pleasing announcement that the recently consecrated Co-Adjutor Bishop of Nova Scotia, Dr. John Hackeley, is to make a "visiting" tour of the Rural Deanery meeting of Annapolis in the near future.

The R. D. of Annapolis includes the eight parishes from Middleton to Weymouth and the Bishop's desire is to visit all congregations within the respective parishes.

He will also hold "Confirmations" where arranged.

His visit to Bridgetown parish will probably be about the end of March or beginning of April and Canon Underwood is asking him to arrange to "Confirm" in each church. With this in view, from now until the Bishop comes, the Sunday evening sermons will be a course on "The Faith by Which we Live." These will commence next Sunday evening.

There will also be a general Confirmation Class in St. James schoolroom on Monday evenings from 7.30 to 8.30.

These will commence next Monday evening and to them a cordial invitation is extended to all interested in the subject of "Confirmation."

### Forty one women are now eligible to practice law in Great Britain.

## FRUIT GROWERS ATTENTION!

**SPRAY** is the most natural way to fertilize your Fruit Trees in order to prevent and kill Pests. This season, I will place before you the latest and most up-to-date equipped Machine that is manufactured in the world today for applying your spray.

### J. H. HICKS & SONS

QUEEN STREET, BRIDGETOWN, N. S.

## SELL BY LONG DISTANCE TELEPHONE--- AND REDUCE YOUR OVERHEAD.

The old fashioned way of making out-of-town sales—by travelling and personal interview—is a sure way of swelling overhead charges.

Think of the amount of absolutely unproductive time spent in cars and hotel rotundas! That time has to be paid for just as productive time has.

By the new sales method—the Long Distance Telephone Sales Method—no time that may not be devoted to sales effort is used.

Instead of debiting a sale with the heavy items of time spent in travelling and out of pocket travelling and hotel expenses, you set against the sales price the very small figure that represents the time spent in a Telephone Talk and the comparatively insignificant cost of the call itself.

VOL. LII, No. 46.

### EXTENSION SCHOOL IS WELL ATTENDED

Interesting Programme Being Carried Out—Social And Personal Items

Lawrencetown.—The Agricultural Extension School is going forward with an encouraging attendance and marked success under the supervision of the principal, C. E. Boulden, of Windsor.

The second day of the course (Tuesday) was taken up with stipules dealing with the practical side of apple packing and dairying—the former under the supervision of Messrs. Caroy, Hutchingson and Spurr, all of the Dominion Fruit Branch. The work of sorting and packing both in boxes and barrels, was done by the students themselves, under direction of competent instructors.

The class in dairying was in charge of H. R. Brown, of the Dominion Live Stock Branch, Truro. In this class, too, the students themselves do the work of testing the milk, and have the general care and handling of dairy products.

S. E. Wilson, of the Dominion Seed Branch, is giving a special series of lectures on Fertilizers.

The students are enthusiastic and considering the financial stringency and other obstacles, the attendance is considered encouraging.

A debating society has been organized by the students with Arthur P. Bartheaux, of Clarence, as president and Owen Hunt, of Williamston, as secretary; and also an athletic club, with president F. B. Young, and secretary Frances L. Duncan, both of Lawrencetown.

The first lecture of the series was given by Dr. Prince, Professor of Economics and Sociology, at the Demonstration Hall, on Friday evening, Feb. 6th, at 8 o'clock, on the subject of Rural Sociology.

Lawrencetown.—The social held at the home of Mrs. I. F. and Alton Brown on Saturday 5th was greatly enjoyed by a large number of friends. The handsome sum of \$25.00 was raised. The proceeds are for the Middleton S. M. Hospital. Another tea will be given in the near future for the same worthy object. Nobly done, South Lawrencetown.

Mrs. W. Selig has been ill with the gripe is now able to be out.

Miss Venio of Clarence has been a guest at the home of Mrs. Selig.

Mrs. W. Prince was the leader in charge of a merry band of young people, who had a sleighing party to Middleton early in the week.

On Tuesday Mr. and Mrs. L. Hanley left for Florida. Cards from all the Lawrencetown pilgrims in the south tell of joyous life there.

Miss Patterson, N. G., is a guest of her mother, Mrs. L. Patterson.

Mr. and Mrs. Foster, who have had rooms at Mrs. Patterson's, leave soon for Boston.

Clam supper raised \$20.00 for church rates.

Rev. W. H. Rackham gave a lecture on Thursday, with pictures, scenes from Dickens.

Mr. and Mrs. C. F. A. Patterson are at Jacksonville, Florida.

Mrs. Cobb, N. Y., is a guest at the home of her sister, Mrs. J. Banks.

Short Course busy.

Professor Prince lectured on Friday night to a large attentive and appreciative audience.
