### Programme for the Week.

For the convenience of persons at a distance who may intend to bring live animals and articles requiring speedy and careful transit, the following particulars are given of the intended Programme of Arrangements. Further details will be made public some time previous to the show.

*Monday, October 5.*—The exhibition grounds and buildings will be opened this morning at 7 o'clock, and continue open during the day, till sunset, for the reception and arrangement of exhibition articles, and animals. Exhibitors on arrival will immediately report themselves to the superintendent of the exhibition, who will allot appropriate pens or space for their exhibits. This day none but members of the general committee officials, judges, exhibitors and necessary attendants will be admitted.

*Tuesday, 6.*—Live animals that may have been delayed by accident, cut flowers and hot-house plants, and perishable articles generally, will be received this morning from sunrise up to 9 o'clock A.M., precisely; when the judges in the various classes will meet at the Secretary's office, obtain the necessary lists of entries, and commence their duties forthwith. As soon as the

respective committees of judges have made their awards they will report in writing to the Secretary, and will then be furnished with the requisite prize tickets, which it will be their duty to place carefully upon the various articles before dispensing. This day the exhibition will be thrown open to the public at 2 o'clock P. M. on payment of 37½ cts. each time; children under twelve years of age, 20 cts. At three o'clock, the president and committee will receive His Excellency the Lieut. Governor, and such official persons as may be invited to take part in the opening ceremony. An address will be delivered.

**Wednesday, 7th.**—The judges will this day meet as soon after 7 A. M. as possible, and will complete their awards, and will place all the remaining prize tickets. Admission to the public 25 cts. Children half price.

**Thursday 8th.**—Admission this day 25 cts. and children half price. There will be a grand procession of all the prize animals, at 3 o'clock P. M.

**Friday 9th.**—Admission this day 12½ cts. The general committee will meet at 12 o'clock noon, at the Secretary's office. An address will be delivered at 2 o'clock P. M., and official announcements made, after which live stock may be removed from the grounds.

**Saturday, 10th.**—The Treasurer will commence paying the premiums for live stock, at the grounds at 9 A. M. All live stock will be removed this day, if not during the preceding afternoon. The time for removing other articles has not yet been fixed, as the committee has not yet determined whether the Arts and Manufactures department of the exhibition will be kept open after the 19th October.

Tickets of admission for the exhibition week, will be issued at one dollar each.

Bands of Music will be in attendance at stated intervals.

**General Regulations.**

1 Every intending competitor must transmit to the Secretary, not later than the dates mentioned below, an entry certificate (in the form printed on the last page of this prize list) containing a correct list of the animals or articles which he intends to exhibit, together with certificates of pedigree in the case of thorough-bred stock. Any competitor failing to transmit his entry certificate at the proper time will be excluded from competition.

2. Horses, cattle, sheep, swine and poultry, must be entered on or before Saturday, 5th Sept., one month preceding the show.

3. Grain, field products, manufactures of all kinds, natural history specimens, minerals, fish and furs, fine arts articles, naval architecture, building materials, carriages, and articles not elsewhere enumerated, may be entered up to Saturday, 26th September, one clear week preceding the show.

4. Exhibitors of heavy machinery and bulky articles, requiring extensive or unusual accommodation, should communicate with the Secretary during the first week in September, in order that there may be time for the committee to make the requisite arrangements.

5. All articles for exhibition must be on the grounds on Monday, 5th October, after which day none will be received except live stock under special circumstances, but flowers, hothouse plants, and other perishable articles, which will be received up to 9 A.M., on Tuesday, 6th. All necessary erections and bulky articles requiring to be kept together on the grounds, or in the buildings, must be finished, and all waste material and rubbish removed not later than 12 o'clock on Saturday, 3rd October, as no such work can be permitted during the show week.

6. Exhibitors will in every case give the necessary personal attention to whatever they exhibit. Necessary attendants upon stock and workmen, actually required to attend to machinery, will be furnished with admission tickets with their names written upon them, which ticket will be good at the Exhibition Gate, only during the show.

7. All articles for competition shall be the production or manufacture of the Province, and all live stock entered for competition must have been owned and kept in the Province not less than three months prior to the exhibition.

8. Articles from other countries, and especially from other Provinces of the Dominion are solicited, but not for competition. The judges will have the power of granting a limited number of medals, diplomas or honorary prizes for such articles.

9. All expenses incurred in the conveyance of articles or animals to and from Halifax, placing them in the exhibition, and maintaining them while there, shall be borne by the exhibitors, who must likewise undertake all risk of loss or damage. Articles must in every case be delivered and unpacked free of expense to the committee.

10. Each exhibitor will receive from the Secretary an entry book ticket for every article to be exhibited by him, and he is required to affix such ticket upon the article or animal which he exhibits.

11. When fewer than three competitors appear for any prize, and where the articles exhibited are of inferior merit, the judges shall have the discretionary power of awarding or withholding prizes or reducing their values. No article can take two prizes or be exhibited in two collections, unless the contrary is distinctly expressed in the prize list.

12. The committee shall have power to reject from exhibition articles which they shall consider unworthy or unfit for exhibition.

13. During the exhibition, all vegetable, mineral, and manufactured articles shall be under the control of the exhibition committee, and all live stock shall be taken charge of by their owners,—the committee giving all practicable assistance in providing the necessary accommodation and food. Hay, straw, oats, and roots, will be supplied on the grounds at reasonable prices, and there will be a free supply of water.

14. All articles exposed for sale shall have the prices affixed, and be sold by the owners, or by parties appointed by them for that purpose. On Saturday morning 10th October, there will be Auctioneers in attendance to dispose of articles, or animals which the exhibitors may wish to sell. The general committee, while desirous of affording every facility for business, are not to be regarded as undertaking any responsibility in connection with such transactions.

15. Articles sent for competition at exhibition shall not be removed from the exhibition rooms or grounds, till the time appointed, under forfeiture of any prizes or awards that have been made to the respective exhibitors.
