BULGARIA, IN, APPEALS TO POWERS TO ARRANGE PEACE; ARMY HAS FAILED AND COUNTRY IS INVADED BY LATE ALLIES

Greeks and Servians Have Combined Forces and Are Making Headway to Such an Extent That Bulgaria Admits Defeat—Dissensions in High Military Circles Lead to Disruption and Disaster—All Treaties of Alliance Set Aside and Peace Must Be Negotiated on an Entirely New Basis.

LONDON, July 10.—(Can. Press).—The end of a fortnight's desperate fighting in the Balkans finds Bulgaria forced to appeal to the powers to arrange peace. The Bulgarian plan to drive a wedge between the Greek and Servian armies in the neighborhood of Guevghel has completely failed. The last reports of the fighting received from Athens tonight show that the Servians and Greeks at this point are combining their forces, while the Rumanian army is beginning an invasion of Bulgaria.

FIFTY THOUSAND BULGARIAN TROOPS FORCED TO SURRENDER BY GREEKS

LONDON, July 11.—(Can. Press).—Rumors were published in Berlin yesterday, and according to The Daily Telegraph's correspondent at Athens, were current there, that Gen. Ivanoff with 50,000 Bulgarians was forced to surrender near Demirhisar, where fighting was proceeding for the possession of a railway bridge over the Struma River.

FURIOUS ASSAULT BY GREEKS CAUSED BULGARIANS TO FLEE

ATHENS, July 10.—(Can. Press).—Official despatches report the continued pursuit of the Bulgarians and a desperate battle in the passes of Mount Belass and on the main road from Dolran to Strumitza, which resulted in complete victory for the Greeks and the rout of the Bulgarians.

TURKEY IS NOT PLANNING WARS

PARIS, July 10.—(Can. Press).—The Sultan of Turkey, Mohammed V., is quoted in The Temps as follows: "Turkey is resolved to carry out far-reaching reforms in which foreign specialists will actively collaborate, and which will assure large returns to foreign capital. Turkey respected investments during the critical economic situation during the late war, and the capital, which it is sought to interest, will be used in the development of the country. Turkey is not planning for conquest, and will devote only indispensable sums to defence."

HEAVES BEER GLASS AT BARKEEP'S FACE

And Most of It Stays There Till Doctors Get Busy—Pitcher Is Pinched.

Angered by being refused a drink in the Russell House, 217 Yonge street, about 11 o'clock last night, Louis Labelle of 82 Bond street hurled a beer glass at George Snarkey, the bartender, and cut him so badly about the head that it was found necessary to remove him to St. Michael's hospital. Labelle was arrested by Detective McConnell and afterwards taken to the Agnes Street Police Station.

Labelle and four other men came in about 10:30 o'clock and had a few drinks. At that time it did not appear as if he were drunk. The glass was served him. Snarkey was the first man to call a halt on the quantity, and thinking that Labelle had had too much liquor already, he refused to wait upon him. An argument ensued, and a moment later Labelle picked up a glass from the bar and threw it across the floor in Sharkey's face. The glass broke into pieces as it hit, and each piece sank into the flesh. Sharkey fell around, looking a big crowd gathered in the crowd to the street, but the police intercepted him and the arrest was made a moment later.

Sharkey's wounds required the application of several bandages, but he left the hospital before midnight.

GEOLOGISTS ARE ARRIVING FOR CONVENTION

Advance Guard of Big Assembly Which Will Gather From All Corners of the World Is Now at Montreal—Opens Here on August Seventh.

MONTREAL, July 10.—(Can. Press).—The advance guard of a great army of geologists from all over the world has arrived in Montreal and their number will grow day by day, each boat and train bringing its quota to the geological congress.

HORSE WAS BURNED IN INCENDIARY FIRE

Fifth Stable Destroyed in East End in Two Weeks.

The fifth stable fire within the last two weeks occurred last night at 10:45, when a horse worth \$300, belonging to Frank Dorst, was burned to death in his stable in the rear of 647 East Gerard street. Mr. Dorst left the stable about 8 o'clock, and at that time everything was all right. The firemen are of the opinion that the fire started in the loft, and that it was caused by an incendiary. The damage to the building, which was a two-story structure, is estimated at \$150.

WORKMAN WHO KNEW HE COULD NOT LIVE TOLD WIFE TO PREPARE CLAIM

Special to The Toronto World. CINCINNATI, July 10.—Alto suffering from burns which he overheard physicians say would prove fatal in three hours, Peter Schlagsengell, freemason, spent his last conscious hours in the city hospital instructing members of his family how to prepare a claim against the brewery on account of his death, caused when burning pitch overflowed. The widow of the dead man in testifying at the coroner's inquest said:

"When I saw how he was burned, I became frantic and wept and he said to me, 'Can't you be sensible and calm yourself? I want you to sit down so I can give you full details of the accident.' He then told me just what happened and explained fully how to proceed after his death."

STRUCK BY BOOM AND BADLY HURT

Albert Blissender Injured While Operating Hoisting Derrick.

Albert Blissender of 7 Hiawatha avenue, Centre Island, is lying unconscious in St. Michael's Hospital, as the result of an accident which befell him at 4:30 o'clock yesterday afternoon, while he was working at the Baines & Peckover Co.'s hardware warehouse, 98 East Esplanade street. Blissender was working beneath a derrick at the back of the building, when the boom fell in some mysterious way and struck him, pinning his head to the ground. When the police ambulance arrived he was still conscious, but screaming with all his might from pain. He was taken to the hospital as fast as the patrol wagon could go, but before he reached there he was unconscious. An examination showed that the back of his head had been badly cut and bruised, and that his nose had been broken. During the night he had several hemorrhages, and at an early hour this morning he was still unconscious. Blissender is only 35 years of age, but he has only a slim chance of recovery.

"Bomb" Was Child's Toy

DUBLIN, July 10.—(Can. Press).—A Dublin evening newspaper today published a sensational story to the effect that a bomb containing a parcel of suffragette literature, addressed to "Wm. Redmond, House of Commons," had exploded in the sorting department of the postoffice. The alleged bomb explosion, according to the postal officials, was merely the detonation of a child's toy in the post, and was not even reported to the police authorities.

MEXICAN REBELS ARE OFFERING STUBBORN RESISTANCE TO FEDERALS

MEXICO CITY, July 10.—(Can. Press).—In none of the Mexican morning papers was the defeat published of Col. Rublo Navarrete, the federal commander, by Venustiano Carranza. On the contrary, long reports are issued containing the most optimistic information from government sources.

CLAUSE IN RECIPROcity ACT IS REPEALED BY U. S. TARIFF

Print Paper, Provided No Provincial Export Tax Was Imposed, Was Free Under the Taft-Laurier Agreement, But Now Is Subject to Twelve Per Cent. Duty.

WASHINGTON, July 10.—(Can. Press).—That the provision of the Underwood tariff bill levying a duty of 12 per cent. ad valorem on print paper valued at more than 2½ cents a pound, and not more than four cents a pound, may repeal a portion of the Canadian Reciprocity Act of 1911, is contended in the analysis of the measure prepared under direction of Senator Smoot, Republican member of the finance committee. It is contended that there will be two rates in controversy on this grade of paper. Besides the duty of 12 per cent. ad valorem, the Democrat bill would impose a countervailing tax in retaliation for export income tax or other charge imposed by a foreign country. "An interesting point to consider," the Smoot analysis sets forth, "is the effect of the enactment of the paragraph on the portion of the Canadian

GOLDWIN SMITH'S ADVISER IN TORONTO

Andrew White, Who Knew Him Half a Century Ago, Visits the Grange and Last Resting Place of His Old Friend—Is Lecturer at Cornell University.

The man who persuaded the late Goldwin Smith to leave Oxford University for America was in Toronto yesterday. His name is Andrew White and he is a picturesque figure. For ten years he was United States ambassador to Germany and for six more years he was in St. Petersburg in the same capacity. Seen last night by The World at the King Edward Hotel he stated that it was his third visit to Toronto. His first was fifty years ago and his second twenty-five years later.

Ex-Ambassador White came to Toronto with a two-fold purpose: first, to see the home and the last resting-place of his dead friend and colleague, and, secondly, to look at the magnificent organ in the Toronto University. He has been for some years a lecturer at Cornell University, to which Goldwin Smith gave no less than \$700,000, Cornell, which already has a fine organ, is to have another, and Prof. White, accompanied by Architect William H. Miller, also of the Cornell staff, were anxious to see the organ at Toronto's university, with a possible view of installing one similar at Cornell. The visitors were delighted with the university here, which, in point of students on the roll compares favorably with their own variety. They were particularly impressed with the imposing building up in Queen's Park.

GOPIOUS RAINS THROUGHT WEST

Situation in Districts Suffering From Lack of Moisture Has Been Immensely Improved.

WINNIPEG, July 10.—(Can. Press).—Throughout the Canadian prairie west, copious rains fell today, starting generally about noon and continuing well into the night. At some points it is raining yet.

TEXAS STUDENTS TO CAMP IN MUSKOKA

Party of Twenty, With Dallas Principal in Charge, Stop Off Here.

Staying at the King Edward Hotel, on their way to Muskoka, are a party of 24 students from Dallas, Texas. They are from the Terrill School, the principal of which is Prof. Becker, who is in charge of the party. They will be in Toronto for three days, and after their vacation in their own camp at Muskoka, they return to Toronto, en route for Texas. They will be in Toronto for the first time since the Canadian National Exhibition. Many of the students' relatives and friends will join them in camp.

BUCHAREST, July 10.—(Can. Press).—The Rumanian Government has issued orders to the army to invade Bulgaria tomorrow, and has instructed the Rumanian minister at Sofia to notify the Bulgarian Government of this decision.

MILLIONS FOR NAVAL DEFENCE

Admiral Henderson's Scheme Would Involve Yearly Outlay Exceeding Twenty Million Dollars.

LONDON, July 10.—(C.A.P.).—In the house of commons today, Colonial Secretary Harcourt, in reply to questions, said:

"I understand the late government of Australia approved the principles of Admiral Henderson's scheme of naval defence and proposed to carry it into effect. I have no information concerning the views of the present government.

The scheme recommended by Admiral Henderson contemplated the ultimate creation of a fleet of eight armored cruisers, ten protected cruisers, 18 destroyers and 12 submarines. The total period of construction is 22 years. When fully manned, the fleet would require a personnel of 14,844 officers and men. The annual cost of maintenance when the scheme is fully completed will be £2,228,000 for personnel and £1,926,000 for maintenance of ships, a total of \$4,154,000.

TORONTO SEEKS BIG CONVENTION

But Winnipeg Is Also Battling Hard For International Christian Endeavor Assembly.

LOS ANGELES, July 10.—(Can. Press).—Canada wants the next International Christian Endeavor biennial convention. Winnipeg and Toronto have sent strong delegations to capture the prize. Delegates from the Manitoba capital distributed today 3000 buttons inscribed "Meet me in Winnipeg in 1915."

Other cities active in the fight are Chicago, St. Louis and Niagara Falls. The board of trustees will decide the matter tomorrow.

At tonight's session Rev. Francis E. Clark, president of the United Society, appealed for special efforts for future activities, beginning Feb. 2, 1914, which date marks the 33rd birthday anniversary of the Endeavor movement. He suggested the setting aside of a week of revival to mark the beginning of the epoch in the progress of the organization. William Shaw, general secretary of the society, reviewed the society's progress since the last general convention.

Sir Alex. Henderson to Succeed

LONDON, July 10.—(C.A.P.).—Sir Alexander Henderson, chairman of the Great Central Railway, who formerly represented West Staffordshire eight years, is expected to become M.P. of St. George's, Hanover Square, vice the late Alfred Lyttleton. Sir Alexander's son, Major Henderson, represents Abingdon. A contest in St. George's is improbable, the constituency being impregnably Unionist.

GOVERNMENT TO SELL TIMBER DAMAGED BY FIRES OF NORTH

Whole Blocks of Woodland Will Be Put Up For Tender - T. and N. O. Railway's Detailed Report of Losses Along Line.

The Ontario Government will shortly be offering bargain sales in damaged timber. Daily discoveries are being made by crown land agents that the fierce forest fires which recently swept across the whole face of the north country have not left unscathed the huge stretches of government acres lying in every direction from the railways and towns.

A whole block along the C.N.R. at once goes up for tender at reasonable figures, and the land on which it stands will be opened up for agricultural purposes. Immediately on the discovery of this condition arrangements were made for the advertisement of the sale, and great interest has been stirred among the lumber dealers of the north.

When the fire broke out, Commissioner J. P. Whitson at once began special investigations for the department. He finds that the condition of Cochrane was described in an exaggerated fashion, and that the total loss will perhaps not exceed \$500.

The Matheson district, however, did not get off so easily. The loss of the Black River bridge will reach \$900, and because of its situation this will mean a deprivation to the inhabitants of the district for some time. So severely did the flames blaze here that a host of men standing about could not lay a hand to save it.

The destruction, too, of a number of culverts along the Matheson trunk road have led up a large number of settlers to their own constituencies and left them to some extent without outside connection.

In spite of the method of clearing their own little farms by burning with the assistance of the government road men, Mr. Whitson finds that none of the damaging fires were started by them. No loss of life has resulted, and the loss along the T. & N. O. has been insignificant.

The commissioner reports road-making progressing splendidly because of the good weather conditions, and work will begin at once in Hearst and vicinity, as well as at Groundhog.

T. & N. O. Railway Report - No timber-killing and Northern Ontario Railway Commission have received a report from W. J. Baudry, townsite inspector, in which he gives some idea of the damage done by the recent fires along the T. & N. O. from Cochrane to Leichford. The report reads as follows:

From Cochrane to Iroquois Falls - No fire, damage to muskeg, fire only trace between points named.

Iroquois Falls to Keeweenaw - No damage from fire; signs of recent tornado, north of village.

Keeweenaw to Monteth - No damage whatever in this splendid pulp and timber area.

Monteth to Mushka - No damage whatever; few traces of fire; pulpwood at Mushka safe.

Mushka to Homer - No damage; large stock of pulpwood at Homer safe; farm fallows burned off.

Homer to Wal-Tay-Beag - With the exception of Moneth's house, burned three weeks ago, no other damage has been done; fires beneficial.

Wal-Tay-Beag to Matheson - Considerable fire has been out to south of track and station; no loss except an occasional small culvert on Whitson road. The fire was in an area already stripped of timber. The ballast pits to the west of Matheson and sand plains south of station have had heavy rains over them, but no loss except as named.

Narrow Escapes Here - Matheson to Ramore - This territory already burned over some years ago, and again in recent fire; see no signs of any loss; very many must have had narrow escape; nothing but a benefit along here to settlers; land in places almost cleared; if the settlers would sow burned portion with grass seed this fall he would have all kinds of pasture in a year or two.

Ramore to Bourkes - Very little fire has been out between points; no settlers to speak of living along line; all young timber in this area; small bush fire near our tank and station, but no damage done.

Bourkes to Swastika - Occasional fires; no damage of any account; most fire over rocks at Swastika.

Swastika to Dane - Some small fires over rocks; no damage to property.

Dane to Englehart - Some burnt bush south of Dane and north of M. 150; damage small, as this fire burned thru bush already stripped of timber during construction; at M. 150 fire has burned into bush to some extent; balance of bush into Englehart very little damaged.

Heaslip Had Close Call - Englehart to Heaslip - Heaslip had a close call, as fire was almost up to the station and saw mill; no damage, however, was done, but it might easily have been different.

Earlton - The wonder is that what happened here had not happened long ago from fires that started in the village and did not come from the bush - two saw-mills and yards of each lying full of sawdust, mill refuse, etc., frizzling in the sun; no attempt was made to keep premises clean, and refuse burning in close proximity. The fire that burned then out came from the bush, but the conditions were very favorable at any time.

Notice the same thing at most of the saw-mills in the country - sawdust piled up against the mill and fire burning at one end of the sawdust pile. Where I was raised around Georgian Bay, all our portable mills had burners, and everything was conveyed there and put in it and reduced to ashes and the yards were kept clean.

In the vicinity of Earlton many fires had done good in burning out places

where, in ordinary times, it would be impossible.

Danger Still at Liskeard - Earliest to New Liskeard - Fire has been very general, and in many cases meadows are still on fire. In places two or more acres are scorched brown, where the flames out of a slash have passed over the fields. There has not been much rain here, as every place where the fire has been is still smoking, and in a day or so, if the weather is dry, will be ready to run away again.

All along the line fires have burned pieces of bush, and in places have got into the meadows, but there has been no damage to speak of; generally the fire was a benefit, and has cleaned up places where never before was it able to do so.

The wonder of it all is that it had not done more damage. In dry times there is a chance of a fire becoming so large as to threaten the very existence of a whole district. The rain, I notice, is doing all sorts of good to the crops, and it was badly needed.

BULGARS FIGHT FOR EXISTENCE

Threatened on Every Side, All Reserves Are Being Called Out.

LONDON, July 10. (Can. Press.) - "The present is the most fearful crisis for the Bulgarian race since King Milan of Serbia declared war in 1885 against Bulgaria in the absence of the Bulgarian army on the Turkish frontier," says the Sofia correspondent of The Times.

"Bulgaria is now threatened by hostile forces on every side, but the manifold dangers of the situation," he says, "are being confronted with a very ordinary calmness and resolution. All reserves who hitherto have been excused from military service have been called out and they respond readily. It being realized that the whole future of the Bulgarian nation is at stake."

"A more cheerful view, however, prevails today. Instead of a serious defeat, which General Kovatcheff's laconic messages were supposed to indicate as the motive for the evacuation of Kotehana, it appears that no fighting has occurred in that region in the last two days which have been occupied by the Serbians in collecting their dead and wounded, and the evacuation was due to strategic reasons. The troops have now taken strong positions, from which it will be difficult to dislodge them."

SENATOR ELLIS IS DEAD AT ST. JOHN

Was Only Liberal Senator to Vote For Borden Naval Bill.

ST. JOHN, N. B., July 10. - Hon. John V. Ellis, Dominion senator, died early this afternoon, in his 73rd year. Senator Ellis achieved distinction in the discussion of the Senate on the Borden naval bill in May last, when he was the only Liberal senator to support the government bill.

Hon. John Valentine Ellis, LL.D., was born in Halifax. After a public school education he entered the newspaper business, and since 1862 was editor of The St. John Globe. He was elected to the New Brunswick Assembly in 1882 and 1886, and in 1887 became member of parliament for St. John City. Defeated in 1891, he was elected in 1896. He was called to the senate in 1900.

In 1887 he received the honorary degree of LL.D. from New Brunswick University. He was a writer and speaker of note in the maritime provinces on national topics.

JOHNSON IN PARIS ISN'T COMING BACK

So He Says, But He Is in Danger of Deportation.

HAVRE, France, July 10. (Can. Press.) - Jack Johnson, the colored pugilist, arrived here today on board the Corinthian and immediately on landing announced that he would never return to the United States. He said he would in the future take up his residence in Paris.

WASHINGTON, July 10. (Can. Press.) - Jack Johnson may not find refuge in France, in the opinion of the state department officials. They say that while probably there is no provision in the extradition treaty with France, under which his surrender could be demanded, the French authorities even without a formal appeal from the U. S. Government, may deport Johnson, as like most European countries, France is understood to have laws prohibiting the immigration of a person convicted of crime in his own country.

STEFANSSON PARTY HAS REACHED NOME

NOME, Alaska, July 10. (Can. Press.) - The Canadian polar exploration ship Karluk has arrived from Victoria with twelve of the scientists who will go with Vilhjalmur Stefansson into the Arctic.

Four hours later the steamship Victoria arrived from Seattle with Stefansson, Dr. R. M. Anderson, his lieutenant, and James Murray, oceanographer. The expedition will remain here until July 20, when the way will be open to Point Barrow, the northernmost point of Alaska. While here supplies will be transferred to the auxiliary boat Alisak which will take the southern party under Dr. Anderson from Nome to Victoria Land for scientific research work.

PRATT ESTATE 21,735 Square Feet of Market Garden Land for \$450 \$25.00 DOWN \$10.00 MONTHLY

Yes! Over 21,735 square feet of fine land—high, dry, excellent soil—where you can grow your own vegetables and fruit, raise chickens and other produce for your table. Build your own home, in your own way, and in your own time, and live without a landlord calling round every month; \$25.00 will start you on the way. We have thousands of workmen on our books who have bought market gardens in half-acre and acre lots with \$25.00 as a down payment, and large numbers of them have erected their own homes and grown produce of all kinds. A happier or more contented group of little farmers you can't find.

BE A LITTLE FARMER Live on your own land—you can't imagine how independent you feel until you try it. In a few years, as the city extends, you will be able to cut up your land into a number of city lots and sell at a big profit. What hundreds of our clients have done with Pugsley, Paisley, Duffield, Roslin and Lawrence Gardens you can do with the Pratt Estate now offered for the first time at this low price and easy terms.

THE PRATT ESTATE is situated on Bathurst and extends right over to Duferin Street. Our motors will be stationed at Bathurst and Dupont Streets from one o'clock until seven o'clock to convey you to the property. Decide to become a landowner from tomorrow—it will prove to be one of the best things you ever did. At any rate, take a ride out and see the property. Our motors are at your service, and because you go out you are not placed under any obligation to buy. If you can't move out of town just yet, buy the half acre and hold it for your benefit and the benefit of your family—you'll be surprised in a few short years to realize how much it will then be worth by the front foot. OFFICE OPEN THIS EVENING TILL 9.30 The office will remain open so that you may call this evening to make all arrangements and secure a plan and full particulars about the property. If you cannot call this evening, call or telephone the office today or early tomorrow morning. The attached coupon signed and mailed today will bring you plans and full particulars.

Special Offer

To purchasers who select their half acres and pay the first instalment on or before the 21st inst. there will be free taxes and no interest to July 15th, 1914, [One Year.]

HANNA-PROUDFOOT BOUT IS ASSURED

OWEN SOUND, July 10.—Any doubts as to the success of the negotiations between the local Conservatives and Liberals for the meeting of Hon. W. J. Hanna and Wm. Proudfoot in debate were finally removed today when the secretary of the North Grey Conservative Association wrote Secretary R. Patterson of the Liberal Association accepting all the terms suggested by the Liberals with regard to the proposed Proudfoot-Hanna meeting.

CHECKING SUNDAY SELLING

Merchants in Toronto will fare better financially if they turn a deaf ear to all those who come around to their places of business on Sunday and ask for bread, groceries, candies and what not. A string of fines levied in the police court yesterday show that the law is going to be enforced without reading the word "reasonable" into it. If you sell bread to a starving man you will get your reward by appearing before the magistrate and hearing him say, "Two dollars and costs." From the cases that were settled out of court yesterday it appears that a spotter was keeping himself busy in the east end of the city last Sunday. The fines levied yesterday were as follows: Albert Lomas, 225 Maria street, \$2 and costs for ten days for selling candies; M. Kinos, 2203 East Queen street, \$2 and costs for selling candies; Albert Lomas, 225 Maria street, \$2 and costs for selling bread; George Damodes, 792 Dundas street, \$5 and costs for selling icecream; Jacob Diller, Elizabeth and Louise streets, \$1 and costs for selling groceries.

ANNUAL PICNIC A BIG AFFAIR

Ward Four Tories' Annual Outing Will Be Greater Than Ever.

It is expected that a record crowd will attend the fifth annual picnic of the Ward Four Conservative Association at Queenston Heights on July 23. More special features than before in regard to the athletics will be introduced. There will be 23 events on the program, including a base-ball match between teams picked from north and south of College street for nine silver cups donated by a member of the association; one will also be given to the umpire. The association is making an effort to have Hon. Dr. Reid, minister of customs, or Col. the Hon. Sam Hughes, minister of militia, or both, to speak. Hon. W. H. Hearst and all the local and Dominion members for Toronto will attend. Fred Armstrong is president of the association, and Harry Saunders is chairman of the committee in charge of the picnic.

LIGHTNING DESTROYS THREE BARN.

BROCKVILLE, July 10.—(Special.)—Reports are coming in of destruction wrought by the big electrical storm which passed over this section. Three barns were burned in Leeds County, two near Elgin, belonging to Hayward Ripley and J. Dwyer, and another at Phillipsville. W. C. Stevens was the heaviest loser. His structure and contents were valued at \$4000, with only \$1500 insurance. Ripley lost five head of cattle and one horse.

ONTARIO AFFECTED BY RATE REVISION

Important Railway Conference to Be Held at Chicago Monday.

CHICAGO, July 10.—(Can. Press.)—The Central Freight Association has called a meeting for Monday, to consider the revision of freight rates, both class and commodity, affecting shippers in at least 12 states and the Province of Ontario. The notice sent to general freight agents by Eugene Morris, chairman of the executive committee, requests them to "bring your rate clerks, and take action in connection with the subject of revised rates between points in official classification territory." Mr. Morris would not discuss the probable action of the agents. The notice does not indicate what form the revision will take, but it said the matter of an increase in rates would be discussed.

FIRE CHIEF BLAZES WITH INDIGNATION

Hoody Denies Charges Made by Manufacturers of Fire-proof Flooring.

CITY AGAINST COAL CO.

Petition of Lawton Ave. Owners Successful—Commerce School May Start.

The dauntless warrior that crossed the Byrnes never flung a deft with greater gusto than did Chief Thompson in the board of control yesterday.

Chief Thompson stated that he had agreed all along to witness a test of the fireproof flooring, but that the manufacturers had not yet arranged the test.

Chief Thompson is our official, and he is the only one whose report we will accept," Mayor Hocken declared.

Complain Against Coal Yard. North Toronto sent two big deputations, one to insist upon Lawton avenue being held as a residential section.

Solicitor Brown of the board of education asked that the purchase money for the site for the new high school of commerce and finance be allowed to be paid into court.

The western division of the Census Association was granted \$300 for its regatta here this year.

Controller McCarthy put thru a motion that the sandy beaches between the Woodbine and Victoria Park be expropriated.

CIVIC FATHERS SEE GRAVEL PIT

Members of Hamilton Board of Control View Property Near Guelph.

GUELPH, July 10.—(Special).—Mayor Allan of Hamilton, and several members of the board of control, of that city motored to Guelph, but were in the city only a short time, going almost immediately after their arrival to the farm of Mr. Angus McPherson.

It is understood that the City of Hamilton is experiencing difficulty in securing a supply of suitable gravel for road construction purposes.

YORK COUNTY AND SUBURBS

FIFTY FAST WORKERS RAISE BARN FOR WOMAN FARMER OF 67 YEARS

Tom Griffiths, Foreman in Charge of Volunteers That Ran Up Frame in Four Hours on Miss Chew's Land at Weston—She Herself Tills Rich Hundred Acres.

An event unique in the history of York Township occurred yesterday on the farm of Miss Emma Chew, lot 11, concession 6, West York, or to locate the place for city folks, half a mile north of the Village of Weston.

Some of the beams had seen previous service, and were originally hewn out from the pine which grew on the farm. The barn is 78 feet by 38 feet, and formed with six bents.

The climax of the whole proceeding was reached when Miss Chew, in her riding costume and mounted on her favorite pony, appeared to witness the putting on of the last plate.

Some of the beams had seen previous service, and were originally hewn out from the pine which grew on the farm. The barn is 78 feet by 38 feet, and formed with six bents.

SOME OPPOSITION TO RAILWAY LINE

Township Councillors Do Not Favor the Proposition So Strongly.

STREETS ARE VALUABLE

Dufferin and Bathurst Would Be Used by Suburban Line.

Despite the "love feast" over the Forest Hill Railway at the special meeting on Wednesday, the fathers of the township carry a load of care.

"Generally speaking," he said, "the council are not very favorable to giving up two of the most important streets in the district—Dufferin and Bathurst—to a line which only runs two and a half miles north of Eglinton avenue.

"We want railways running thru the township, but I cannot see myself what service this line will be to the people now in the district, and it is no use to anyone in any other district.

"We called the meeting, of course, to arrive at a decision, but we all feel uncertain about the proposition."

"Councillor Graham is of the same opinion. He is also positive that very few township people were at the meeting."

GREAT RUSH OF FREIGHT THIS FALL

Renewal of Business on the Prairies Will Overwhelm Steamers.

MORE BOATS NEXT YEAR

Business So Far This Year Has Been Very Good, Says R. and O. Manager.

So great will the steamship package freight business between eastern Canada and the west be this fall that the freighters running from Montreal and Toronto to the head of the lakes will not be able to handle it.

Mr. Doherty, freight traffic manager of the Richelieu & Ontario Navigation Company lines, declared to The World yesterday that if a number of additional steamers could be obtained for this traffic they also would carry capacity loads.

Despite the financial stringency, business this spring had been far ahead of last year. Especially was this the case with the imports coming into Montreal for the west.

Mr. Doherty thinks the prospects never brighter and looks forward to seeing a substantial addition next year to the number of vessels calling at Toronto.

NEW STATIONS IN NORTH SASKATCHEWAN

A large area of wheat lands which have been held up in northwestern Saskatchewan for lack of railway facilities, will now be relieved by the opening up of the Canadian Northern Railway line from North Battleford to Prince Albert, the construction work on which is almost completed.

The following stations are to be established along the new line from Prince Albert west: Talmon, 69 miles; Balloch, 74 miles; Redberry, 82 miles; Hafford, 87 miles; Speers, 94 miles; Richard, 103 miles, and Lila, 109 miles.

G. T. R. RUNS THREE STEAMBOAT SPECIALS

Steamers From Sarnia to Fort William Being Booked to Capacity.

C. E. Horning, district passenger agent of the Grand Trunk Railway, states that as a consequence of the G. T. R. and G. T. P. R. connection by rail and boat to the Canadian west being thrown open, the steamers handling this service from Sarnia to Fort William have been booked to capacity.

Whether or not the operating and engineering experts of the railway commission are privileged in their investigations and "above the law," inasmuch as they are not required to make the results of their public, or on demand, of a coroner's jury is a point at issue in the inquest now proceeding into the recent wreck on the C. P. R. here.

Every wreck that occurs on a Canadian railroad is reported to the railway commission, which sends its experts to the scene. The results of the enquiries of the latter are communicated to the board, which then takes up the cause of the accident with the railway. In the present inquest the evidence of Mr. G. A. Mountain is desired, but the railway board will not allow it to be given.

RETIREMENT OF COL. ACHESON.

'Mother-knows-best.' The words are very familiar but are not always recalled in the same spirit by the children. If the words are spoken in a harsh, high-handed authority, one can hardly blame a sprightly child for doubting the word. But the remark quietly made with an unmistakable air of finality about it should leave only a sense of awe in the child's mind—even if it is tinged with natural disappointment.

Of course, mother knows best about numerous things in connection with the child. She understands him best, and his welfare is dearer to her than to any other. With the father, she is the guide and counsellor, and she must be also the judge. The mother who tries honestly to exert her authority and influence over her children so that in their future lives they will wisely assert authority over themselves, has the right idea of child training.

The mother who takes pains to have a child see why a certain decision is made is on the right track. This mother prevents sulks, desert and rebellion. And these things have to be guarded against in the bringing up of children.

The "why" always interests a child. Mothers who act on this principle do not set their children against them and their decisions. A child does not have to be very old before he can appreciate justice. And he will decide, if given the chance, that also the decision seems against him, mother loves him too well not to be fair.

Children's griefs and disappointment are very intense and a little care will prevent much heart-burning. You owe it to your child to be just in your decisions and to explain to him the reasons for them.

This does not mean apology or that every action should be explained to a child. There are times when no explanations are called for, but the wise mother knows all these things.

NATIONS AGAINST OPIUM TRAFFIC

Germany and Great Britain Are Likely to Join Others.

WASHINGTON, July 10.—(Can. Press.)—All the twenty-four nations except Germany and Great Britain represented by delegates at the opium conference just closed at The Hague, have agreed to deposit ratifications of the convention prohibiting the traffic in habit forming drugs. State department advises that German and British Governments are sympathetic toward the anti-opium movement and probably would ratify the convention if the signatures of Austria, Switzerland and Peru, not represented at the conference, were assured. Austria is believed to be well inclined towards the treaty, but Peru hesitates because of apprehension of injury to her independent coca trade. The Swiss position is not known here.

If any important nation finally refuses to join the movement, it is the purpose of the others to proceed without them in the adoption of the restrictive measures, relying upon import and export regulations to bring the minority into line.

ACCEPTS CALL TO TORONTO.

PRESENTATION TO ST. JOSEPH'S HEAD

Miss Gertrude Lawler, President of Alumnae Executive, Given a Club Bag.

TAKING TRIP ABROAD She Unexpectedly Presents the Mother Superiours With Golden Gift.

Prior to her departure for a few weeks' holidays abroad, Miss Gertrude Lawler, M.A., was last night presented with a handsomely equipped club bag and many expressions of recognition from the executive of St. Joseph's Convent alumnae, of which for the past two years she has been president. A banquet preceded the presentation. Right Rev. Mr. McCann, presiding, and Miss Lawler occupying the seat of the guest of honor. Rev. Father Frachon, the forty-year chaplain of the convent, was also present. A handsome screen in oils hid the orchestra, which rendered many delightful airs while the menu was being done justice to and the hall was generously decorated with handsome palms and other foliage.

The presentation was made by the right reverend Monsignor, who in the name of the executive, thanked Miss Lawler for her fine work in bringing the alumnae to its present exceptional standing, holding as it does the proud position of being the largest of its kind in membership and being noted throughout the province for its alert and progressive nature of its work, the great success of the organization being due in a large measure to the executive ability and assiduous attention of its president.

In replying, Miss Lawler, in her usual generous way took credit to herself and introduced an altogether unexpected note into the proceedings, when she in turn, asked Mr. McCann to present the honorary president, the reverend superior of the convent, with a small parcel, which on being uncovered, turned out to be a beautiful gold watch, set with diamonds and shining gold coins. What she had been able to do said Miss Lawler, had been through the support and co-operation of the one to whom she offered her gift.

The singing of "Auld Lang Syne," given in the traditional way with hands crossed, followed by "She's a Jolly Good Fellow," and bon voyage to the traveler, brought the charming social hour to a close. Miss Lawler will return about Sept. 1.

HEAVY SHIPMENTS WILL LOWER PRICES

Fruit Market Quotations Made Little Change Yesterday—Bananas Cheaper.

Altho the prices of fruit at the Toronto wholesale fruit market showed very little change yesterday, this will be altered today owing to the arrival in the afternoon of heavy shipments, and a visit there this morning should show many lines of fruit on sale at a very reasonable figure.

Bananas, a fruit that is sold in large quantities in the city, are now coming in large shipments and are at their best quality and lowest price at the present time; from fifty to a hundred carloads have been coming in daily.

Fruit was to be had yesterday at the following prices: Raspberries, 12c to 15c; strawberries, 12c to 14c; small gooseberries, 45c to 60c per 11-quart basket, large variety, 50c to 75c; cherries, 85c to 90c a basket; red currants, 50c to 60c a basket; American beans, per hamper, \$2; Canadian beans, per basket, 75c to \$1; Canadian peas, \$2.70 per bushel; carrots, \$1.75 per bush; cabbage, 75c to \$1.75 per crate; onions, \$1.75 per hamper; tomatoes, \$1.25 per 4-basket crate; Canadian tomatoes, 15c per lb.; American potatoes, \$3 per barrel; California peaches, \$1.40 to \$1.75 per crate; plums, \$2.25 to \$2.75; apricots, \$2.75, and cherries, \$2.

CUBAN CONSPIRACY BROUGHT TO LIGHT

Plot to Murder Secretary of Interior Causes Unrest in Havana.

HAVANA, July 10.—(Can. Press.)—The Cuban secret police report the discovery of a conspiracy among the adherents of Gov. Asbert to assassinate Col. Aurelio Hevia, secretary of the interior, whom they accuse of attempting to disrupt their party by ordering the late General Armando Riva, chief of the Cuban national police, to raid the Asbert Club on Monday night. This action apparently precipitated the tragedy on the Prado in which Gen. Riva was mortally wounded. No arrests have been made, but the suspects are closely watched and Col. Hevia is strongly guarded.

APPEAL IS LODGED WITH SUPREME TRIBUNAL AT ROME

ROME, July 10.—(Can. Press.)—The Segnatura tribunal, the supreme tribunal of the Curia Romana, has admitted the appeal of the attorney representing Anna Gould, now the Duchess of Tayland, and Mr. Partilo, defender of the matrimonial bond, against the decision of the Rota tribunal, annulling the marriage of Count Boni de Castellano and Miss Gould.

DUCHESS OBJECTS TO ANNULING MARRIAGE

The Segnatura tribunal, however, has made no announcement of its decision as yet, and a new trial of the case before the Rota tribunal has not been ordered.

The two decisions have been rendered by the Rota court, the first against Count Boni de Castellano, who sought the annulment, and the second reversing the former decree and granting the annulment.

How to Make Your Bed.

THAT beds should be comfortable and sleeping rooms sanitary is admitted by everyone in view of the fact that we pass eight or nine hours out of every twenty-four in them.

A passion for airing bedding thoroughly every day is almost a passport to a clear skin and good health. Housewives who are in the habit of making up their beds early in the morning run the terrible risks of illness and are not as tidy as they think they are.

This is because pounds of waste matter and insensate perspiration leave the body during sleep. This is absorbed by the night clothes, bedding and drapery in the room. It can only be dispelled by a current of fresh air by washing and cleaning.

Mats cannot often be trusted to air beds as painstakingly as the housemistress likes, therefore it is a good plan to ask each member of the family to remove the covers from their bed before they leave their rooms in the morning. This only takes a moment's time and is a great factor in the family's good health.

A family I know had a maid who was good in every particular but this—airing the bedding. Her mistress showed her, time and again, how to lay the covers across two chairs and turn back the mattress and open the windows their widest.

Convinced that Mary was evading this task, she asked her about it. "I think once a week an often enough to cool off the bed," was the girl's reply. As long as she was with this family the mistress had to attend to this matter herself.

Too often bed-making is relegated to the children of the family. There are two of them this may answer, but it is not possible for one small person to make a bed properly, unassisted. In the first place, as I have intimated, the mattresses should be turned back to allow a circulation of air beneath them, and the covers laid over chairs before open windows.

There is wisdom in having hair mattresses and the best quality of bedding for it outlasts poor goods four to one and is more comfortable. The mattress should be protected by a slip which should be washed when dirty.

After the mattress is in place lay on the pad, then the lower sheet. Sheets are usually made with a wide hem at the top and a narrow one at the foot. But some persons prefer marking the top of the sheet with initials. It is important to have some way of telling which is the top and which the bottom. This under sheet cannot be drawn too tightly nor too snugly tucked under the mattress. Upon its smoothness and firmness depends the appearance and comfort of the completed bed.

Now put on the upper sheet and coverlets and turn them down neatly. Tuck the sides and ends under and smooth out every crease before putting on the upper spread. Marseilles spreads are still the handsomest of all. They do not crumple and frequent washings only improve their snowy whiteness. Now come the pillows. Punch them with your fists and shake them until they seem full of fresh air and well puffed out. Now put them into shape and lay them in place with the open ends toward the sides of the beds.

Shams and bolsters have gone out of fashion and we are glad of it for they made much extra work, were never useful and seldom ornamental. When making sheets, cut them so they will be long enough to tuck beneath the mattress at least four inches, top and bottom. They should extend well over the covers when the bed is made and turned down, not only to protect the comforts and quilts, but to keep the covers from touching the sleeper's face.

THE GARDE... SERIAL STORY

THE CIVIC SURVEY WILL BENEFIT CITY

Henry Bruere, Director of New York Bureau of Research, Explains System.

THE STEPS TO BE TAKEN

Necessary First That Citizens Should Understand What System Can Accomplish.

Can Toronto set the pace for other cities? The New York Bureau of Municipal Research...

Should an invitation be extended to the bureau to make a municipal survey here...

In reviewing the work of the Municipal Research Bureau, Mr. Bruere said:

Experts Will Work Change. The eight years' experience of the New York Bureau of Municipal Research...

There is no mystery in efficient government. It is merely a matter of desire, intelligence and method.

Make Toronto a Pacemaker. Officials and citizens of Toronto can, without doubt, make Toronto a pacemaker...

Steps City Should Take. From the experience of other cities, and not from any wisdom of my own...

Preparing constructive suggestions to correct obvious defects in administration over which there can be no disagreement...

Inviting the co-operation of the business men of Toronto in making Toronto's city government the best administered of any city in the world.

Obtaining a full record of all work from office boys to superintendents.

Awakening public interest and making it a habit to make public opinion prevail in every step taken.

THE GARDEN

CONDUCTED BY RACHEL R. DODD, M.D.

Perennials Easily Grown From Seed.

Many people throw up their hands in disbelief at the very thought of attempting to grow certain splendid perennials from sowing their seeds.

Another blame that may be attached to the gardener is a lamentable lack of patience. Plants, like children, require time as well as care and guidance.

There are about twelve old perennials that may be sown by the ordinary amateur, with hope of success.

A Handsome Piece of Literature. One of the most attractive and excellently well executed pieces of railway literature ever issued by the Grand Trunk Pacific Railway...

Public wants that step taken, and understands why it needs to be taken, than a dozen steps promising to save him a hundred dollars...

MONTREAL WOMAN SUES FOR \$50,000. BOSTON, July 10.—(Can. Press.)—The first suit brought in the Massachusetts courts for loss of life on the steamer Titanic was entered in the superior court by counsel for Mrs. Marie Wiseman of Montreal...

When silk is spotted with grease, rub it with a little turpentine, then hold the spotted portion over a flame...

Stale macaroons, which can be bought cheap at the bakery, make the most delicious additions to pudding and custards if pulverized and sprinkled over the top.

THE TRIPLE TIE

BY A. H. C. MITCHELL (Continued From Yesterday.)

The days passed, and day by day Gordon Kelly asked himself his endless chain of questions. The situation became unbearable...

Half an hour after her emotional scene at the ball park, Mildred Deery found herself at home without knowing exactly how she got there...

Under ordinary conditions, Deery was able to eat his morning meal while holding his newspaper in his left hand.

"Goodness gracious, Galen, how you frightened me!" she exclaimed. "What has happened?"

Somehow or other, Mrs. Deery was not as shocked over her conduct as she had been under the circumstances.

Mildred Approves Plan. "Wait a minute, please, dear, Mildred isn't a child, and you cannot force her to do something she doesn't want to do."

Mrs. Rigby surrendered voluntarily to the police. When arraigned today she gloried in her achievements, saying she was glad to have her name in the papers.

State macaroons, which can be bought cheap at the bakery, make the most delicious additions to pudding and custards if pulverized and sprinkled over the top.

WOMEN'S SECTION Daily Fashion Talks

BY MAY MANTON FOR THE SUMMER OUTING

THE blouse dress is among the most satisfactory ones that a girl can own. It is thoroughly comfortable, always pretty and generally becoming.

For the 16 year girl, the dress will require 9 1/2 yards of material 27, 2 3/4 yards 36 or 5 1/2 yards 44 inches wide, with 10 yards of braid.

What Not to Do on Vacation. Don't bathe the feet immediately after a meal. Don't bathe in strange waters, especially if you are a poor swimmer.

Mrs. Rigby Proud of Achievements in Behalf of Cause. Mrs. Rigby declared it was she who had on Tuesday this week burned down the country residence at Rivington, near Horwicks, Lancashire...

THE SEASHORE. The Seashore Express that leaves Bonaventure station every night at 8.30, with electric lighted buffet-sleeping car, and the day train, leaving Montreal at 8.30 a.m., with parlor cars and dining cars, reach the unsurpassed districts of Long Island Sound...

The Toronto World

FOUNDED 1880. Morning Newspaper Published Every Day in the Year by The World Newspaper Company of Toronto, Limited, 40 WEST RICHMOND STREET.

will pay for The Toronto World for one year, delivered in the City of Toronto, or by mail to any address in Canada, Great Britain or the United States.

FRIDAY MORNING, JULY 11.

PERSONAL JOURNALISM.

If we followed the style of The Telegram we would begin by saying that "the editorial nincompoop who goes around swinging a stuffed club alleges that The World lacks the intelligence to master the facts of civic history or the honesty to correct the fictions which are its favorite substitute for facts."

This statement prefaces an array of quotations from The News, which is intended to prove that Mayor Hocken opposed the formation of the board of control, although these really referred to the two-vote mayor proposal.

Were aural confession practised in this clergyman's church, he would prove a popular confessor. The penitent accusing himself or herself of any lapse from virtue would be absolved upon explaining that they needed the money.

The important point does not lurk in the editorial utterances of the journal edited by Mr. H. C. Hocken in 1896. The important point dwells in the utterances of Mayor Hocken and The Toronto World of 1915.

The offence we have tried to fasten upon The Telegram is the offence of permitting personal prejudice to run away with its judgment of civic service. Men should not be indiscriminately praised or indiscriminately blamed.

We have arrived at the municipal doldrums once more and the reactionaries in the council are beginning to congratulate themselves that the end of the year is in sight and nothing has been done.

NO MATTER WHAT YOU DO. The late Mr. Peckeniff was not more grieved at hearing himself referred to as a "hypocrite" than is The Globe by the recent attack upon it by The Christian Guardian.

The Globe has published liquor advertisements for sixty-nine years. For sixty-nine years it has been a steady and uncompromising supporter of temperance reform.

pounded temperance. During these speeches, however, the bartenders in no way abated work; we fear that he might have continued his temperance addresses for sixty-nine years, without accomplishing more for the cause so near his heart, than that accomplished by our good neighbor, The Globe!

To its credit, however, The Globe presents a defence that might be considered in many quarters sufficient for sharing in the profits of rum-selling. That defence is contained in the saying: "We need the money."

Of the daily papers published in the important centres of population in Canada, only one—The Montreal Witness—has refused to publish liquor advertisements.

Who was the priest who passed by? Was it the directing genius on The Globe, who is responsible for that alluring advertisement on yesterday's issue, representing a black cat with a cigarette stuck rakishly in the corner of its mouth, for the modest Scotch whisky advertisement on the same page, for those glad tidings which saddened The Christian Guardian respecting "the beer that made Milwaukee famous"?

"Do you put sand in your sugar, Mr. Grocer?" "Yes, reverend sir; if I did not I could not make the business pay."

THE CITY COUNCIL ON HOLIDAYS. Congress is sitting at Washington every weekday thro a blazing summer; president also on the job; any idea of holidays dropped, public business compels Toronto City Council to take two months' summer holiday, but it only sits once a fortnight at best.

A MUNICIPAL SURVEY. Mr. Henry Bruere, who addressed a number of citizens at the National Club yesterday, in the capacity of a director of the New York Bureau of Municipal Research, told the company just what Toronto needed at this stage of its history.

MUNICIPAL DOLDRUMS. We have arrived at the municipal doldrums once more and the reactionaries in the council are beginning to congratulate themselves that the end of the year is in sight and nothing has been done.

Two Years for Theft. William Northcott, Peterboro, pleaded guilty to the theft of a horse and rig belonging to W. L. Horton, North Pelham, in police court this morning and was sentenced to two years in the Central Prison.

Made a Mistake. Magistrate Fraser today dismissed a charge of forgery against Ivan Pavlenic, an Austrian living at Pavilion View. It was alleged that Pavlenic obtained a registered letter from the Falls View post office on Tuesday night, under the pretence of being Mijo Abramovic, to whom it was addressed. Forgery was discovered soon after, but before Pavlenic could be arrested he returned the letter to the postoffice, saying that he had made a mistake.

A NEAR RIOT. Canadian Freight Men in Exciting Baseball Game at Muskoka.

ROYAL MUSKOKA HOTEL. Muskoka, July 10.—The quarterly meeting of the Canadian Freight Association was held here today. Every city of importance from the Atlantic to Chicago was represented, and many of the delegates were accompanied by their wives. At the conclusion of business a baseball game was played between the east and west representatives, the easterners winning by a "Bryan ratio," 16 to 1.

Introduction of a professional umpire, formerly of Denver, to handle the game, caused some excitement. His decisions were questioned freely, no one suspecting that he was other than a fan and an amateur, and finally there was almost a riot when he was discovered to be a "pro."

KLIPPATICK. A C.P.R. man, was appointed arbitrator, but confirmed all the rulings of his predecessor, and the game was called at that stage with the score 16 to 1 in favor of the easterners.

GOOD PHOTO PLAYS. This week the Strand Theatre has made a specialty of itself the most popular of photo-play exhibitions.

THE SUNDAY WORLD

The newest and most attractive feature of the Sunday World is the music chart for beginners. The series consists of twelve lessons which teach the fundamental triads and chords which are the governing elements of harmony in each key.

The Sunday World has three sections in color and a pictorial supplement which covers all the leading events of Canada and the old country.

The paper Ade's fables in slang make another attractive feature of the paper and a strong serial story is an added attraction.

PROGRESS MADE ON WORKS FOR WHICH TWELVE MILLIONS WAS VOTED. Toronto ratepayers voted some 12 millions last January for civic works.

The whole amount will be expended within a year. Extension of Bloor street viaduct, \$2,500,000. The amount of necessary preliminary work in this project is so great that the time when construction will begin is yet indeterminate.

1. Waterworks additions and extensions, \$6,677,000. This amount was based on the report of the committee which includes a new intake, pumping station, purification plant, reservoir, distribution system, etc.

2. Waterworks filtration plant, addition, \$1,375,000. This sum is for the doubling of the plant at the island. The preliminary work has been the experiment at West Toronto with a combination slow sand and mechanical system, the experiment being at the expense of the firm that sells the system.

3. Garbage and refuse disposal plant, \$1,000,000. Commissioner Wilson is now preparing his report upon this. He recently visited several western cities in the United States where dietetic plants are in operation and favors a combination system of commercializing the garbage and of incinerators.

4. Sewerage and refuse disposal plant, \$1,000,000. Commissioner Wilson is now preparing his report upon this. He recently visited several western cities in the United States where dietetic plants are in operation and favors a combination system of commercializing the garbage and of incinerators.

5. Storm overflow sewers, \$954,000. Preliminary work on this is well advanced, and some contracts are let.

Fair Increase in Acreage Under Cultivation is Also Reported.

CALGARY, July 10.—Latest crop statistics show a steady increase in the production of wheat, oats, barley, rye, hay, clover and alfalfa in the three western provinces is 15,463,000, an increase of 2.71 per cent over the same crops for the same date last year.

BARBER BYLAW STANDS

Mr. Justice Lennox, while reserving judgment in Toronto's third barber's early closing bylaw at Osgoode Hall yesterday afternoon, stated that he was of the opinion that the bylaw should stand, but at the same time he expressed the opinion that the wording of the act under which the bylaw was passed was about as clumsy as it could be and he would see if he could not provide that the effect should not be harsh.

FATAL FALL MIGHT HAVE BEEN AVERTED

Henry Percival Hunt came to his death by falling thru a hole in the second floor to the first at the Harris Abattoir Co., at which he was engaged with others in erecting tanks, and he agreed that the accident might have been averted had all the holes except the one at which the men were working been covered or protected by some means.

SHERWEL DEFEATS MERCER IN SINGLES
Big Surprise in Rushmore Tourney—Baird Downs Laird—The Scores.

Elimination of Mercer by Sherwell in the men's open event, the easy win of Mrs. Bickle in the ladies' matches, and the perseverance of Baird and Sherwell in every event which they entered, these and other things were the features and the sensations of yesterday's tennis championships matches at the Rushmore club.

The defeat of Mr. Mercer was the outstanding event of the day and of the tournament. Mr. Mercer had won the first set, 6-2, playing at top form and getting on his feet after a long rest.

All this was changed in the second set, when he was completely out of his mind and his opponent was gradually forced away from the net, and while the next two games were divided, Sherwell was not to be denied, and he won the next two games and the set, eight games to six.

The third set was not lacking in interest, but Mercer apparently tired and worried, never had his old certainty of return, and after losing the first two games he evened up the score by taking the next two. Here, however, Sherwell ran out the next three games in quick succession, and the score stood five games to two in the latter's favor.

CANADIANS TO MEET AMERICAN IN FINALS
Defeat Belgium in Davis Cup Semi-Finals—Two Notable Victories.

FOLKESTONE, Eng., July 10.—Canada finished with two matches in hand the first day's play in the semi-final of the Davis Cup preliminary against Belgium and with every prospect of meeting in the final round the winners of the United States series against Germany at Nottingham.

R. B. Powell, the Canadian captain, and B. P. Schwengers, the Canadian champion, won their matches against P. De Borja and G. Watson, respectively, without the loss of a single set.

The match between Schwengers and Watson was a keenly contested one, but Powell winning by the score of 6-2, 6-1, 6-0, and Schwengers by 6-4, 6-1, 6-0.

The match between Powell and De Borja was a brief lead, but the Canadian eventually secured an easy victory, winning by the score of 6-2, 6-1, 6-0.

TORONTO GOLF CLUB WIN THE LOWER LAKE CHAMPIONSHIP
Defeat Rochester, Buffalo and Detroit—Geo. S. Lyon and C. F. Moss Tie For Lowest Gross Score—First Round of Individual This Morning.

The opening day of the fifteenth annual league of the lower lakes golf tournament at the Toronto Golf Club yesterday brought thirty-six players from the following clubs to compete for the several championships: Rochester 9, Buffalo 8, Detroit 7, and Toronto 10.

The list included Geo. Lyon, the present champion and ex-Canadian champion, W. H. Faust, Buffalo, who has won the championship three times. He will have a great battle with Lyon for the old championship this year.

The champion Rochester team, who captured the team championship last year, were put out in the first round by the Toronto team, who eventually won the championship. Buffalo beat Detroit by 20 points to nothing, but the Toronto team went five better in the afternoon by turning the tables on the Blon team.

Baseball Gossip. No more games at the Chicago National League grounds will be curtailed to allow a team to catch a train, according to an edict issued by President Murphy.

It's a Canadian Invasion!

The American Woollen Trust shouted ruin when a Congressman proposed giving a free admission to \$300 worth of wearing apparel to returning tourists.

Every American tourist would go to Canada and buy Semi-ready clothes and fine woollens, said they.

Right they are!

Thousands of Americans living in the Border Cities appreciate the fact that they can buy New York styles and British woollens in Canada at savings of from \$10 to \$25 on each Suit or Overcoat.

Semi-ready Suits of the finest texture, West of England worsteds of superfine weave, which sell in Canada at \$30 and \$35, would cost \$50 and \$60 in any American city.

That's a fact—and that is why the talked-of invasion of American clothes in Canada sounds silly.

LAKE ERIE RAILWAY TO BE ELECTRIFIED

Engineer Denies Report That Steam Will Be Sole Motive Power.

GALT, July 10.—Engineer Kelett of the Lake Erie and Northern Railway, today said the story about the line being exclusively a steam one, had no foundation in fact. The line from Galt to Port Dover would be electrified, of that there was no possible doubt. The board of directors had never considered making it a steam road.

THE HAMILTON CENTENARY.

The City of Hamilton has a celebration next month extending over one week, and the thousands of people who at one time claimed Hamilton as their home, or who have ever visited this thriving city, which is known as the Birmingham of Canada, will be arranging their affairs so as to spend the week, or a portion of it, in the beautiful city under the mountain, which at the present rate of progress will soon extend over the mountain.

Weather permitting, Hamilton will be an open house for the week and will keep open house. They will leave the latching string out and hospitality will be the watchword. The city will be profusely decorated, and to that end The World will lend its aid, and a special issue of gorgeously colored pennants, with the crest and monogram of Hamilton embazoned thereon, will be ready for distribution this morning from The World Office, 15 East Main street, Hamilton.

For the convenience of those enthusiasts who reside in Toronto, a supply will be ready for distribution from the Toronto office, 40 West Richmond st.

WARD TWO AHEAD BY TWO THOUSAND

Assessment Jumps Ten Million—North Toronto Ratepayers Again Astonished.

Assessment of ward two is completed and shows an increase of over ten millions. Under the new law, which exempts higher incomes from taxation, the income assessment shows a decrease. The report is as follows:
Land—1914, \$33,249,371; 1913, \$25,031,537.
Buildings—1914, \$24,177,559; 1913, \$22,775,199.
Income—1914, \$1,819,606; 1913, \$79,986.
Business—1914, \$4,750,255; 1913, \$755,580.
Total assessment—1914, \$63,506,791; 1913, \$52,051,131.
Exemptions—1914, \$6,570,720; 1912, \$5,255,576.
Population—1913, 65,561; 1912, 63,495; increase, 2066.
North Toronto ratepayers are astonished at the increase in their assessment, and many will appeal. The main increase in East Toronto is \$50 per front foot on the north side of Queen street.

CADILLAC RENEWED CARS

When buying a used car, quality should be considered. Unless an automobile has "quality" in every point, it will not give satisfaction when it is sold as a used car. A renewed Cadillac will give you greater service than any other new car at the same price. We have a few renewed Cadillac Touring Cars which can be seen at our showrooms—models of 1909, 1910, 1911 and 1912—at prices ranging from \$800 to \$2000.

TORONTO MAN IS HELD AT BORDER

Nowhere is the air fresher, the breezes more invigorating, in these oppressive days, than amid the placid waters of Lake Ontario. The cruise from the Yonge street wharf to Fort Dalhousie, on one of the fast steel steamers of the Niagara-St. Catharines Line takes but little more than two hours and costs only 50 cents. There are four boats a day in each direction, but for the afternoon ride, it is necessary to take the one leaving at 2:00 p.m., which reaches Fort Dalhousie at 4:30 p.m.
At Fort Dalhousie there are special facilities in the way of picnic and pleasure grounds, while a broad beach of soft, clean sand affords the best bathing that it is possible to enjoy at any point on the lake. Returning a boat leaves at 7:00 p.m. and arrives at Toronto at 9:30 p.m.

MODERATE RALLY IN TORONTO MARKET

But It Was Not Extensive Enough to Inspire Enthusiasm.

MANY ISSUES LOWER

Stocks Simply Sagged of Their Own Weight When Selling Was Attempted.

Although a rally of moderate proportions occurred in the Toronto stock market yesterday, it was not extensive enough to inspire any material improvement in sentiment. Both C. P. R. and Brazilian were quoted higher by London, where a more cheerful tone pervaded the action of the exchange, only to work up a rally in response to more favorable reports from the continent.
