

AUTO CRASH WAS NARROWLY AVERTED

Car Without Headlight Came Within an Ace of Collision

DRIVER SPED ON WAY

Toronto Motorist Had Close Call on Bridge Near Unionville

Running without a headlight about a o'clock last night, a driver whose number could not be ascertained narrowly escaped overturning a large touring car driven by a Motorist on the Galloway bridge, just south of Unionville, on the 4th Con. of Markham. The northbound car had just cleared the bridge, running at a high rate, without lights, when Reddick's car appeared. In order to avoid a collision the latter turned abruptly to the west, breaking off the guard rails and leaving the car practising a high speed race on an eight-foot embankment. Promising to return, the first driver, after going about forty rods, stopped with his lights, after which he drove off without revealing his identity. The southbound car was not injured and proceeded to the city.

KAISER INVOLVED IN LUSITANIA CRIME

American Received Letter Warning Son Not to Sail on Liner

WRITTEN BY WILHELM

German Emperor Thus Admitted Sanctioning Destruction of Steamer

Special Cable to The Toronto World. LONDON, Aug. 2.—Edward Leese, whose book on the career of King Edward VII. created some sensation, brings forward in his latest volume, "The Public and Private Life of Kaiser Wilhelm," a remarkable piece of evidence as to the complicity of the kaiser in the Lusitania crime. An American, he declares, who had founded an organization for securing our troops and those of our allies, was sending his son out to further his benevolent work. Having been long on intimate terms with the emperor, he wrote to inform him that his son would be passing thru Germany, and expressed the hope that the young man would not be interfered with.

BIG SPORTS PROGRAM HELD AT BROCKVILLE

Horse Races Were Feature of Celebration Yesterday—Continue Today

Special to The Toronto World. BROCKVILLE, Aug. 2.—The Commercial Travellers' Association pulled off a big holiday celebration here today. An all-day program of sports occupied attention. The feature of the fair grounds was the horse races, with three events on the card, which brought out 22 starters. After 15 heats had been contested darkened rain, and no winner being returned, it was necessary to postpone the events until tomorrow.

SIX GERMANS REMOVED FROM DANISH STEAMER

NEW YORK, Aug. 2.—The Danish steamer Frederik VIII. arrived here tonight from Copenhagen, Christiania and Christiansand with 221 cabin passengers and 155 in the steerage. Officers of the steamer reported that on the outward voyage from New York the British authorities took the ship into Kirkwall, where six German officers who were in the second cabin, were taken off. The vessel was then released.

GERMAN EMPRESS QUITS KOENIGSBERG FOR BERLIN

BERLIN (via wireless to Sarville), Aug. 2.—The German Empress after traveling thru East Prussia, accompanied by the Crown Princess, has left Koenigsberg for Berlin. Her majesty wrote a letter to the authorities at Koenigsberg in which, according to the Overseas News Agency, she thanked the population for the hearty reception accorded her in spite of the misery caused by the two Russian invasions of last year.

RUNNYMEDE PICNICKERS

Two Thousand Gather on the Banks of Hamber to Hear Addresses

Runnymede Conservatives, to the number of about 2000, picnicked yesterday on the banks of the Hamber River and listened to patriotic addresses by members of parliament and others, interspersed with martial airs by a high-class military band. It was a big day in the history of the association, not by reason of party advantage, but by the fact that, as generally accepted, was notable by its absence, but the big gathering thru its speakers struck a high imperial note. Every reference to British arms and British connection was greeted with the greatest enthusiasm.

What's the matter with our Canadian youths when I hear that out of 3000 men existing in the City of Hamilton, 80 per cent. of them are British born? asked the doctor. "We must get away from this self-satisfied complacency, which allows the young men of Canada at a serious time like this to spend their time in baseball, football, cricket or lawn bowling, when the call of the country is for young men. The need of the hour is recruiting, and we have not yet realized its seriousness and urgency," W. F. Maclean, M.P., South York; Reeve Tom Griffin, Capt. Jesse J. Wright and Aid. Sam Ryding were among other speakers of the afternoon. The chair was occupied by President Begley and a large refreshment tent was in charge of the Red Cross Fund.

FOOTBALL TOURNAMENT STRONGLY CONTESTED

Fourth Annual Field Day in Connection With Wychwood Club Held Yesterday

The fourth annual field day in connection with the Wychwood Football Club was held yesterday on Wychwood Athletic Grounds, Appleton avenue. The committee, headed by the General's Body Guard rendered popular music, and over 1000 persons were present. The special event was the grand five-a-side football tournament, contested by members of T. and D. Football Association, which resulted in Wychwood team winning first place, Ulster second and Dunlops third place. A big list of other events was spiritedly contested. The refreshment stall was capably looked after by Mr. Curry and many willing assistants. Among those present were W. F. Maclean, M.P., J. J. McEwen, and others. The proceedings terminated about 3 p.m., and altogether a thoroughly enjoyable day was spent.

MRS. EDWARD C. JACKSON PASSED AWAY YESTERDAY

Was Daughter of Thomas Armstrong, Well-Known Scarborough Farmer

The death of Mrs. Edward C. Jackson, a former well-known resident of Scarborough Township, took place at her family residence, Howard road, yesterday. Mrs. Jackson, who was the only daughter of Mr. and Mrs. Thomas Armstrong, of "The Grove Farm," Scarborough, was married a little over a year ago, and had since resided in the city. She had been in ill health for some time, and her demise was not unexpected. Beside her husband she is survived by her parents and one brother, Walter B. of Scarborough. The funeral takes place on Wednesday at St. Paul's Cemetery, Scarborough.

Tenders have been let and work will start immediately on the new church of the Holy Name, corner of Moscow and Danforth avenues. According to a statement by Rev. Father Cline, the church when completed will have a seating capacity of 1,000. The foundation will be of solid stone and the superstructure of Credit Valley stone. It will be one of the most beautiful buildings in the city. It is expected that the basements will be ready by Christmas, when service will be held there until the upper portion is ready. The tender for masonry has been awarded to C. O. Waters, and the carpentry to John McCarthy. Work will be occupied next month.

J. RAMSAY MACDONALD STARTS SPONDULING AGAIN

Now Wants Open Diplomacy and Abolition of Balance of Power

LONDON, Aug. 3, 1.30 a.m. — The laying open of peace proposals to the criticism of the people, the institution of open diplomacy and the abolition of the balance of power was urged by J. Ramsay MacDonald, the Socialist member of parliament, at a meeting held in Edinburgh, in explaining the aims of a union for democratic control. In answer to a question Mr. MacDonald admitted that the labor party was not unanimous on this subject. The speaker's views were sympathetically received by the audience.

York County and Suburbs HAD RECORD TIME AT GREAT PICNIC

Rev. Father McCaffrey's Garden Party at Port Credit a Success

BIG CROWD ENJOYED IT

Ideal Weather, Fine Program of Music and Sports Were Features

Ideal weather, a record crowd and a varied program of athletic events, all keenly contested, together with a delightful program of patriotic music were the outstanding features at Rev. Father McCaffrey's garden party at Port Credit yesterday afternoon. It was a notable event, outrivalling even last year, and attended by nearly 3000 people. McMahon's grove, on the shores of the lake, was chosen as the site and proved an ideal situation. During the afternoon a short public meeting, presided over by A. M. Hoberlin, was held on the green, at which brief addresses were given by Rev. Father McEneaney, Rev. Father Walsh, Father Ryan and Dr. Forbes Godfrey, M.L.A. Delightful music was furnished by the band of the 8th Field Regiment and Witty's orchestra.

Match Was a Draw

The football match between Brindale and Brampton was a hard fought affair with no decision, each of the teams scoring two each, when darkness intervened. There was a varied program of athletic events, the three-mile race going to E. L. Scholes, with G. Pickering second and J. Lyon third. The married ladies' race was won by Mrs. W. J. Rundle, Mrs. C. Levinson second and Mrs. T. Burke third. The 100 yards race went to T. Kethwell, with Scholes a close second. Dancing was indulged in during the afternoon and evening. A concert followed, at which Bert Harvey, Prof. Downing in Scotch and Irish staidancing and other well-known artists were present.

Volunteer Insurance

Editorial World: A writer in the Telegram of the issue of the 24th inst. speaks of "A War of Insurance," and further adds "Harvester thinks our own boys are fighting for the empire and not for our own interests." Perhaps the Telegram can furnish information as to how many municipalities outside of Toronto, have adopted insurance? Why, single York Township? Even the Telegram gives out the information that the Dominion Government has passed a bill which provides a pension of \$24 to soldiers who are totally incapacitated, graduating to \$75 for slight disability. It might be of interest to know that the board of control of the City of Hamilton has decided to approach the provincial legislature in order to supplement the Dominion Pension Act by some sort of insurance or guarantee for the city, which would be shared by the general population of the province, in addition to the \$22 per month widows and \$5 per month for each child till it reaches the age of 16, will place the soldiers beyond the pale of anxiety for themselves and families during their lives. Perhaps the Telegram will charge the members of Hamilton's Board of Control with being unpatriotic and sordid.

Provide a Pension

There are wounded soldiers at present who are being placed on the pension list, but they are not only not benefited by being insured but cannot get work. Being inadequately provided for, they are meeting with hardship, therefore provision should be made and a pension which, with what they are already allowed, should make the condition fairly secure. If the government were to tack two or even three more mills on the dollar, it would be more than a patriotic country should do. The men on the firing line should not be left in any doubt as to their future whether disabled or not. There are wealthier rural municipalities, according to population, than York, who benefit just as much over a victory by the allies as York or the city, which contribute both the men and the money. There appears to be no logical reason why they should not contribute on the same basis as any other municipalities, and the remedy seems to lie with the province to levy sufficient to put them all on the same basis.

Beyond Their Grasp

Has the city council bitten off more than it can chew? It seems there is a peculiar financial ledger maintained at the city hall when the insurance companies have in their portfolios \$100,000 in premiums of the people's money, which can be used for returned soldiers who are seeking work and sustenance. To the minds of the huckstermen that form the York County and York Township Councils, such financial crystal-gazing is beyond their grasp. They have a faculty of wanting to get to the bottom of things and are not stamped by loud-voiced enthusiasm, which has been ephemeral as it is unreliable. Yet they are determined to do their "bit" and do the greatest good for the greatest number.

Meeting at the King George School at Runnymede

The meeting at the King George School at Runnymede last Thursday night was not exactly a parallel to the meeting at an earlier Runnymede when King John signed "Magna Charta." Here, there was disagreement. Opinion was divided as to the actual benefit of insurance. Harvester, York Township, July 30.

OPEN AIR RECRUITING MEETING

An open air recruiting meeting will be held at the corner of St. Clair and Lansdowne avenues on Thursday evening. Several prominent speakers have promised to address the gathering and a number of returned soldiers will give their experiences.

FIRE IN EARLSCOURT

Shortly after mid-day yesterday an outbreak of fire occurred at the three-story solid brick dwelling, 749 Runnymede road, in the Township of York, owned and occupied by J. McGowan. The damage was estimated at \$100 and is covered by insurance. The cause of the fire is stated to be defective electric wiring.

Good propositions do not wait long. For a short time you have been offered a part of this stock for development purposes. Some knockers may say it is such a good thing, why do not home people take it all? But it takes millions of dollars to build up a great national competitor of the oil monopoly. A crisis was brought about a few months ago by this monopoly, which has abandoned its legal rights to the oil in the high-grade Cushing oil fields. Prices of the refined products were lowered and everything possible done to drive out of the business everybody but the trust. The state and national officials that could bring outer suits under state and national anti-trust laws are either afraid of the political power of the trust or too busy at something else, and so the trust has a clear field. Meantime the larger part of the great Osage Nation oil and gas fields will soon be on the auction block. During this crisis high-grade oil was put down as low as 28 cents per barrel. Gasoline has been lowered in the Middle West and advanced in the same week. Crude oil at such prices would be like corn at 5 cents per bushel or wheat at 15 cents per bushel.

Necessity is the mother of invention

When the oil monopoly started a war on the Kansas producers a few years ago, the farmers organized The Uncle Sam Oil Company to protect their properties and to build in the Middle West a large independent producing, refining and marketing company—a competitor of the trust to be worthy of the name.

This Company at times has been made to travel a rocky road

The Uncle Sam Oil Company built the first independent pipeline in the Middle West. Our pipeline is now completed and in operation for 151 miles. It connects two refineries in two states and 117 of our oil wells, and the larger part of the Kansas and Oklahoma fields.

TO MAKE MONEY YOU MUST INVEST

where money is being made. The Cushing field has produced nearly one hundred million barrels of oil. We could have purchased this district a few years ago at from \$3.00 to \$10.00 per acre.

OKLAHOMA AND PARTS OF TEXAS

are the greatest oil fields in America. Millions have already been made and billions will be made. The Uncle Sam Oil Company is established. It has demonstrated its ability to protect itself from the trickery of the trust. It is controlled by a board of twenty-one directors. All are large stockholders. If you wish to combine profit with principle and help rout the Oil Trust and its Ludlow henchmen in the Middle West, join with a Real People's company that is gaining every day.

The opportunities for the moderate investor

are few and are becoming fewer every day. The conspiracy of the powerful rich is to monopolize all the mineral resources of the United States. Keep the people divided and force their money into the trust-controlled financial institutions. Then pay the people on such savings 2 to 3 per cent. while the big bunch will then develop these rich resources and make 25 to 50 per cent. We offer the small man a chance to be one of the promoters and make \$5 to \$0 per cent. We believe it is better to try and do something worth while than to condescend to a small return and let the big bunch grab all the big profits.

With our already big property

and national organization we can beat the big rich at their own game. You alone could do but little, but combined with 20,000 other stockholders you become a forceful part of an organized army that will force the big rich to give up their property. We do not wish to encourage anyone to over-invest. There are probably 50,000 figuring on this stock. This notice will reach about ten million readers.

A CONDITIONAL DIVIDEND AT ONCE

The present stockholders may soon accept all the stock left; 268,000,000 shares are now owned by over 15,000 stockholders; \$2,000,000 are still to be issued. There is a provision in the charter that protects the stockholders from oil trust control. Be practical. America is now in Missouri, Oklahoma and Kansas.

With sufficient capital we can

secure properties now that in six months could not be bought. Time is money in these rich oil fields. We are driving ahead. Wish to start six to ten dollars. Want to secure other properties before they advance 100 times. You will secure an allotment back with your stock, which is a conditional dividend. A blind man should see that this company is a winner. If you hesitate too long the stock will be gone.

SYMPATHY FOR POLES German Methods of Waging War Strongly Denounced in Duma

(Continued From Page 1).

There has been few changes, M. Sazonoff said in international relations since his last address to the duma. Then, combined action by the separate states had not been well organized, but now the forces of each state were being employed to the best advantage in striving for a common end. Sazonoff referred amid cheering to the participation of Italy in the war.

"These people," he said, "long have wished to free their fellow-countrymen from the foreign yoke. If the example of Italy had not been followed by the other states it would have contributed to the speedy conclusion of the war."

Good Swedish Relations. "Recently there has been much talk of the state of mind of Sweden. Our sincere desire to maintain with her the best of neighborly relations is well known to need any confirmation from me. At the same time we are aware of the inevitable embarrassment caused to Swedish commerce through the country being situated in the midst of the belligerents. I content myself with placing on record the correctness with which the Swedish Government maintains its neutrality while safeguarding its national interests."

The Anglo-Swedish negotiations which are proceeding at Stockholm, while they are confined to business matters, have given proof of the undoubted desire on both sides to find a basis for agreement, and sincerely hope a successful conclusion will soon be reached.

Scores German Methods. Referring to the German methods of waging warfare, M. Sazonoff said that the Germans had stopped "neither at the wholesale poisoning of our soldiers nor at the extermination of women, children and peaceful citizens, whose cries could not fail to arouse sentiments of just indignation in neutral countries."

"These feelings," the foreign minister continued, "spread beyond the ocean to the United States, where humanitarian feelings revolted against such horrible occurrences as the sinking of the Lusitania, which cost so many American lives. This attack, which has no parallel for cruelty or absurdity, is an ineffaceable blot on the name of Germany."

Constantinople's Fall Near. Speaking of the situation on the Gallipoli peninsula, M. Sazonoff said: "The allies, with unshakable tenacity, see the approach of the longed-for moment when a close and direct bond will be established between us. The Turks, awaiting the approaching storm, have overwhelmed the Christian peoples still in their power with exceptional cruelty. The Armenians are suffering unheard-of persecutions, which, however, have not broken their spirit; for the Armenian volunteers are fighting with us."

"Persecutions no less terrible suffered by the local Greek populations cannot but excite the indignation of the Hellenic people and government. The latter will have to solve the question of the assistance of its co-religionists in Asia Minor without joining the powers who are fighting for right and justice. I do not doubt that in other countries will neutral, the government will be found fully in accord with their aspirations, their vital interests and their past."

Albert Fine, Wm. Smith, New York, and E. Howe, Chicago, Arrested

ALLEGED PICKPOCKETS Detective May Have Solved Theft Cases Recently Reported

Acting Detective Crowe is still dragging the net for pickpockets, and yesterday afternoon he gathered in three Americans on the charge of "vagrancy," who are suspected of knowing something about the game. The names of the men are Albert Fine, a Jew, who gives New York as his home; E. Howe, Chicago, and William Smith, New York.

In the capture of these three men the police think they have solved the thefts that have been reported in the last few days by people who were leaving on the trains at the Union Station. Many of these people will appear at the police court today as witnesses in an effort to connect the men with the thefts worked on them.

Detective Crowe first noticed the three men at the corner of Queen street and the Kingston road. After sisking them up he went into the station to phone headquarters. When he came out a moment later he found that they had gone, but after making inquiries he took a street car for Sunnyside. Not long after he reached there he found two of the men outside watching the street cars and one inside the station. He then summoned two policemen and took the men into custody.

city is joined with the general strategic situation."

Terrible Slaughter of Foes. GENEVA, Switzerland, Aug. 2, via Paris, 8.10 p.m.—The Geneva Tribune has published a despatch from its correspondent at Innsbruck, Austria, who says that to the east of Warsaw the Germans have ceased their attack but to the northwest the terrible fighting is still going on. The Russians are seeking to kill as many of their enemies as possible.

To the north of Lublin, since July 31, the Russians have been fighting a powerful rearward action. In this vicinity the Austrians have lost no fewer than 40,000 men during the past 48 hours. To the south of Cholm, the correspondent goes on to say, there have been constant counter-attacks and the Austrians have not advanced in this sector since last Saturday. To the east of Ivangorod the Austro-Germans have advanced a distance of 40 miles in the last four days.

Russians Not Defeated. LONDON, Aug. 2.—It is impossible to state exactly what is happening on the eastern front, as obscurity is the most pressing need of the Russian army, says the Petrograd correspondent of The Daily Mail, in regrouping and shifting its positions. The re-arrangement of forces is in the hands of Gen. Yamshnevo, chief of Grand Duke Nicholas's staff.

The capture of Warsaw has not yet been accomplished, according to The Telegraph, and the deliberate Russian withdrawal is an encouraging feature of the situation.

"The Russians have not yet been defeated, nor anything like it," says The Chronicle, which adds that the Russians are inflicting fearful losses on the attacking Germans.

Warsaw Half Deserted. WARSAW, July 31, via Petrograd and London, Aug. 2.—The intimation that the Vistula line was to be abandoned by the Russians, and the beginning of the removal of factories, government institutions and hospitals, has caused a panic among the middle classes of the population of the Polish capital.

It was feared that the military authorities might deem the evacuation of the city by the inhabitants a military necessity, and would destroy a street and the city to prevent its use by the Germans.

Many wealthy residents left for the interior, and many of those who have remained in the city have fled during the past fortnight.

CONTRACTOR KELLY LOSES LEGAL FIGHT

He Must Appear Before Commission if He Returns to Manitoba

VIRTUALLY FUGITIVE Effort to Prove Mathers Board Unconstitutional Has Failed

WINNIPEG, Aug. 2.—The court of appeal at 2 o'clock this afternoon denied the motion by Edward Anderson, K.C., to reverse the decision of Judge Prendergast.

This means that Contractor Kelly must still remain away from Manitoba, or subject himself, if he returns, to forcible appearance before the Mathers Commission.

It means that Thomas Kelly in his fight to prove that the Mathers Commission is unconstitutional, has lost out in the two courts. He has one chance left—the privy council. Until that time Kelly will be practically a fugitive.

Edward Anderson, K.C., counsel for Kelly, stated that he would take the case to the privy council.

Powers to General. Judge Richards dissented in the verdict.

Chief Justice Howell, in reading the decision, said that the royal commission had power to compel witnesses to give evidence under oath, to compel witnesses to produce documents, to compel the revelation of all matters appertaining between the contractor and the government.

He said the Manitoba Inquiries Act was a strong act and gave ample powers. The chief justice said he did not see why any commission should be formed, unless it could compel witnesses to talk.

"If a commission cannot do this," he said, "the appointing of a commission is futile."

Three judges concurred in this decision—Chief Justice Howell, Judge Cameron and Justice Ferdue.

CORPS OPEN RANGES FIRST SHOTS FIRED

The Eastern Corps of the Toronto Military Training Association formally opened their new rifle ranges on Woodbine avenue, above Danforth, yesterday. The first shots were fired by Dr. P. A. McDonald, president; Wm. Cook, secretary; A. J. Smith, Franklin Company; Capt. Sutherland, Withrow avenue; Capt. Maynard, Dovercourt; Capt. Lewis, Bolton; Capt. Brown, Morse, and Capt. Davenport of Park.

About 500 members, wives and children, celebrated the opening of the ranges by games and an old-fashioned lunch.

The ranges, which have four targets and a distance up to 500 yards, will be open on Saturday afternoons to all members of the association who are actively drilling.

GERMAN LIBERALS WANT VIGOR IN WAR

Strong Censure of Kaiser's Government for Lack of Naval Activity

SEEK MILITARY PUNCH Complaint of Suppressing Utterances for Force Devoid of All Sentiment

Special Cable to The Toronto World. ZURICH, Aug. 2.—Disappointed German Socialists no longer have a monopoly of attack on the government. The National Liberal party which has just held a meeting at Cologne criticizes the government in vigorous terms, but for absolutely opposite reasons to those which inspire the Socialists.

The National Liberals declare that not enough energy is being spent on the war. A deputy, Basermann, in a violent speech contended that the government showed a lack of confidence that is calculated to cause astonishment and anxiety.

He attacked Count Monts and Admiral Von Truppel because they had proposed an accord with America and expressed indignation that such proposals were approved in certain official circles. The distrust that this party felt was increased by the fact that leaders of the Socialist party had declared that they were supporters of the chancellor and his policy and had not been repudiated by him.

Want Vigorous Naval Policy. Basermann expressed satisfaction at the collaboration of four great economic associations in Germany, two agricultural organizations and one agrarian party, declaring that the last named had shown great understanding of the needs of commerce and industry.

Other speakers demanded that military and naval operations be carried out on a still greater scale.

Deputy Basermann, chief of the party, declared that this was not the time for form of the Prussian electoral system. The spirit of Bismarck pervading the German people he declared to be wanting in certain spheres. The government which he said gives free rein to democratic sentiment and proposals for peace was suppressing utterances of the nationalists who demanded a policy of force, devoid of all sentiment.

Sensation Caused. As the National Liberal party is that of the wealthy industrial classes the not one of the peace government party, this violent attack on the chancellor's policy has caused a sensation and is proof that the Von Tirpitz partisans are getting the upper hand. As the party is against any concessions to

ISLAND TRAFFIC BIGGEST IN YEAR

Thirty-Nine Thousand Five Hundred Crossed the Bay

Thirty-nine thousand five hundred citizens of Toronto crossed the Toronto Ferry Company were required to handle the crowds, and they kept up one continuous rush from early in the morning until late at night.

It was the biggest day this season for the ferries. If the weather for the earlier part of the summer has not been conducive to big numbers, the heat of the past few days is making up for the dull times. Yesterday was no exception, and it was an opportunity not to be missed by the thousands of citizens seeking a short water ride with the promise of splendid entertainment on arrival.

John Colwell Found Dead in Railway Coach at Station

ON WAY TO UXBRIDGE

Return Ticket Found in His Pocket—Brother Identifies Body

The intense heat of yesterday is supposed to have been the cause of the death of John Colwell, 257 St. Clarens avenue whose lifeless body was found about 9 o'clock at the Union Station in a passenger car on the G.T.E. train which was about to leave for Uxbridge. Mr. Colwell had apparently just entered the car and taken a seat when he expired, and it is thought that the exertion made by him in catching the train caused heart failure. He was single and 51 years old.

It was just by accident that the conductor noticed the man apparently lifeless in his seat. When there was no response to his shaking he notified the police, and the body was removed to the morgue, where later in the day it was identified by Charles Colwell, brother of the deceased, and it is thought that he was going out of the city to spend his holiday.

Chief Coroner Arthur Jukes Johnson decided that an inquest was not necessary.

REPPRESSED GAYETY IN LONDON SOCIETY

Series of Functions, With Patriotism as Keynote, Enliven Season

MATCH-MAKERS BUSY

Numerous Engagements and Marriages Announced From Day to Day

By HENRY SIDDON.
Special to The Toronto World.

LONDON, Aug. 2.—London has been quite gay the last week or two, although, of course, all the big things were really because of the war. The Souvenir Luncheon at the Savoy, and the "France's Days," and the fête at Ranelagh, were all good causes, and endless special matinees all helped to make things more cheerful after a very long spell of absolute dullness. Several wealthy hostesses, too, have ventured recently on dinners and evening dances. This in spite of the troubles that each day brings from the front. But in justice to the English it must be said that most of these venturesome hostesses are foreigners living in London, and even they will scarcely have the hardihood to continue after all such "goings on" are strongly disapproved of here at a time so extremely unsuited to merry-making.

Many Matches Made.
One thing that is not frowned down upon anywhere, however, is the vigorous match-making that is going on just now. Each day brings a long list of engagements and marriages. A very curious engagement just announced is the one between the son and heir of the Duke of Portland and Miss Gordon-Lennox, who is one of Queen Alexandra's maids-of-honor, and very pretty. And the prime minister's daughter, Miss Violet Asquith, is soon to wed Henry Bonham Carter, who is her father's secretary. "One has to step-mother, who always appears in the dernier cri, Miss Asquith is very simply dressed as becoming as her tastes are literary and 'clever' rather than social. And by the same token, it is not so in for quieter effects, because her type can hardly be said to have its best setting in voluminous skirts of no great length. Moreover she does not seem to have succeeded in being placed in the list of best-dressed women.

Polaire the Popular.
Mlle. Polaire who appeared in Toronto some time ago is just now the headliner in an excellent variety bill at the Coliseum. Polaire with eyes deeper and more mysterious than ever, and with waist quite as Victorian and wasp-like as ever. And her head a mass of short, bold curls that are one moment in awesome and fearful disarray, the next they are exactly where they are intended to be. And she is just as wild and untamed as ever. No one who has seen her in death in any way in Le Mannequin Amoureux, and so her wildness is directed in other channels. Mainly dancing in this her newest play, and what dancing it is! Such energy, grace and abandon are rarely seen so well combined. Some of the things she does shrug and smile when it is said that Polaire is clever. These antics should see her in her wonderful dance with Mme. Simon-Girard. She believes that she is dancing with a dummy. As a matter of fact she really is at the beginning of the dance, and then as it proceeds they dance before a screen and when they re-appear she has the genuine article for a partner.

partner—the graceful Aime. They work hard, but it is to some purpose, because nightly crowds are being thrilled with their grace. The piece de resistance of Le Mannequin is really the last dance, however, and particularly was this the case on the first night when Polaire said good-bye (by accident or design it is hard to say), to part of her costume. The effect was the same however, tremendous applause, much nodding, many exclamations each to another, and then more applause! It might be added that to begin with Polaire was not exactly miffed up, and at the end it is possibly the warm weather we are having that has induced so many of the beautiful actresses playing in London just now, to appear with what might almost be called a gown on. And this not only at the theatre either. Delysia, the gracefully delirious, appeared the other night at Ciro's, the famous night club, with violets and pearls for a costume. This might call forth some criticism in amateur circles, but at Ciro's no one seemed to mind.

New Styles.
Speaking of gowns, one of the newest fashions in London and one quite popular with several well-known beauties, is the ribbon tie, and showing at one side of a hat tilted over to a very dizzy angle. At the successful souvenier luncheon given at the Savoy last Tuesday, Lady Curzon had her fair locks bound by one of blue and Mrs. Ralph Pets chose red (or pink) to give a touch of color to her dark hair. The luncheon was a very original and wonderful affair, and the stage appearance of the ribbon tie was very present, amongst many others, was the Serbian Sculptor, Ivan Mestrovic whose strongly clear and at the same time weird "Singleten" exhibition at the Victoria and Albert Museum is one of the most interesting things that he has masterpieces. They are quite different, but not so different that even the ordinary mortal can't appreciate them. After luncheon everyone gathered in the big ball-room where, from the musicians gallery, Mrs. Gerald du Maurier, Miss Marie Lohr, Miss Clara Butt and Miss Constantine Collier sold many interesting souvenirs by auction. Mme. Adeline Guesdy's dancing shoes for \$8. Rusk's umbrella (one that he didn't lose) fetched six guineas. A gold pencil that had belonged to Sir Henry Irving was bought by Miss Marie Lohr for £8, and amongst many other interesting items was a doll stuffed by Queen Alexandra and an enamelled jewel-box made by Princesses who were present at the wedding of the Duke of York.

During luncheon a very amusing Rhymed-up "Book of Limerick Rhymes" by Arthur Wimperis and illustrated by Mr. Hassall was sold at the tables, and caused much merriment for many of the caricatures were of celebrities who were present. One to Marie Lohr went—
"You can't resist her when she asks for more.
Her name is Marie, but her word is May.
And underneath a sketch of Madame Clara Butt, who is so tall that the printer could not get in the whole figure and so cut off the head, are these lines:
"Oh! Clara, here's a most unkindest cut,
It's not 'Clara, but it is all but."
And heaps of others quite as lively and entertaining and all of them apropos.

FARNUM BARTON WINS SUCCESS IN "WATERLOO"

Playlet Received With Splendid Approval, and is One of Several Hits at Hippodrome

Farnum Barton and Company won great favor with patrons of the Hippodrome yesterday. Their presentation of "Waterloo," a most appropriate playlet at this time, received an ovation which any actor might envy. The character so forcibly portrayed by Mr. Barton is that of a veteran, and his description of the battle is extremely realistic. Several curtain calls hardly seemed to satisfy the large audience who apparently would have appreciated more on this subject. "Waterloo" is a great success.

An all-star bill has been prepared. One of the finest musical treats of the vaudeville season is that of Guerro and Carman. With violin and harp they entertain in a most artistic manner. Their rendition of "The Rosary" is excellent. Another musical offering of merit is that of the "Four Jolly Bachelors." This quartet is far above the usual, and the voices blend exceedingly well.

A unique dancing exhibition is given by "The Dancing Mares," and their portion of the program is very interesting. Little Chief Tengenosh has a fine bass voice and is an athlete of many accomplishments. There are many other first-class artists, and these together with some new moving-pictures complete a marvellously well balanced and essentially artistic program.

A special program of war hymns and patriotic music by the choir.

'HER NAME WAS DENNIS' HEADLINES LOEW'S BILL

Comedy Playlet of Unusual Merit Top of Cleverly-Arranged Program

"Her name was Dennis," the leading attraction at Loew's this week, is a comedy playlet that keeps getting better of all that the playlet might be lengthened into three acts. Mary Hampton is the headliner in the piece and her work throughout is a delight. In the role of the tempter she has to go thru a "licking process," and she doesn't seem to dread the ordeal.

Bessie Le Count in her repertoire of songs and recitations won instant favor with the house, while Hamill and Thomas got their share of appreciation in their songs. Thomas hits the low spots and never falls off the way. His singing made a hit. As for comedians Rucker and Winfield, the black boys, had a good line of fun. The novelty dance of the Three Dishes Sisters shows that progress in the dance line is still being made. Other features of the bill are Kammerer and Howard's "Fertina" and Couert and Andrews' "Red Bells."

WHOLE DAY OF PRAYER AT ST. ANDREW'S CHURCH

At St. Andrew's Church, Centre Island, on Wednesday there will be Holy Communion at 7 a.m. and again at 8 a.m. after which, from then onward, there will be a continuous chain of prayer until 8 o'clock in the evening, when it will wind up with a public service for about an hour, at which there will be a special preacher. Anyone can form a link in the chain of prayer at the church at any time.

DOUBLE TROUNCING FOR POOR LUCKLESS LEAFS

Harrisburg Captured the Holiday Bill --- Morning Game Went Eleven Innings and a Home Run Broke it Up--- Old Wyatt Lee Came to Life To Trim the Leafs in the Afternoon.

The Leafs are back in the old rut. The holiday bill was sorrowful. Harrisburg captured both fixtures, the morning game 4 to 1 and the afternoon contest 1 to 0.

Failure to deliver the punch at the critical time tells the story. Time without number the locals had chances, but the base hit was conspicuous by its absence. To make matters worse, it was the ever-green Wyatt Lee that rubbed it into us in the afternoon game.

The morning session went 11 innings and a home run scored three for the visitors in this round.

Harrisburg broke up the Leafs' winning streak in the morning game by pushing over three runs in the seventh inning and winning 4 to 1. Kraft's home run turned the trick.

With any hope of real hitting behind him at the critical time Cook would have won. With men on the bases, two down and three balls and no strikes on him in the eighth, Graham raised a pop fly to second. Base baseball.

With two on and one out in the seventh Cook and Gilbert failed to deliver. Gilbert's effort would have driven to first and a foot either way would have meant a hit. Wares hit into double plays twice, killing just what many chances.

The breaks were missing again for the locals. In the third Wares repeated his blunder, dumping down a hit to deep second in the first round. He flipped the middle station and rode home on Daley's two-base slap to right. Koeber, the second man up in the series, tagged for a corner, but Wares hit into a double play. With Graham and Koeber resting on bases in the third Wares repeated his blunder.

Gilbert and Cook failed to deliver in the seventh after Koeber had singled and Wares walked. Rath poked for a corner to start the inning. Daley's error bunt and Enzmann hit him on the back, all hands being safe. Daley bunted the third strike and Williams rated a centre. Graham had 90 per cent. when Enzmann put over three straight balls. He booted it by raising the fourth pitch to second.

Harrisburg tied the score in the seventh. Thorpe walked and stole and Manager Zimmerman sent him home with a one-curve knock to Daley's territory.

Cook got by until the eleventh, when he blew. With one on and one out, Enzmann put a bat for a hit and Witter dropped a safety in left. Thorpe did, but Kraft hit to the fence for a homer, three runs and the game.

FEDERAL LEAGUE SCORES.

At St. Louis—Buffalo won from St. Louis, 6 to 5. St. Louis got four runs in the third and one in the fourth. The visitors tied the score in the sixth and got the winning tally in the eighth. Score: St. Louis, 5; Buffalo, 6.

At Chicago—Newark won from Chicago, 3 to 2. The visitors tied the score in the ninth inning. The Tigers scored three runs in the sixth of the delivery of Collins and Leonard. This was "Shiriner's" day, and Aleppo Temple presented Cobb, Speaker and Gardner with diamond-studded emblems of the order, and President Enzmann of the Red Sox with a mahogany clock. Score: Chicago, 2; Newark, 3.

At Detroit—R. H. E. Boston, 0; Detroit, 1; 0-3-11-0. Batteries—Davaus, Boland and Bakera; Collins, Leonard and Carrigan.

At Philadelphia—The wildness of Fillington, formerly of the Charleston, S.C., club, enabled Cleveland to defeat Philadelphia 4 to 3. Willie, who joined the Cleveland American Association team, went to bat five times and made three runs, driving in two runs and took first base when he was hit by a pitched ball. Score: Cleveland, 4; Philadelphia, 3.

At Washington—Walter Johnson yesterday celebrated the eighth anniversary of his first appearance with the Nationals by defeating St. Louis 5 to 1 in a game devoid of features. Kopp, an outfielder obtained by Washington from the St. Louis club, dropped a pop fly, but had a chance, an easy fly, afterward making a single and scoring a run. Score: Washington, 5; St. Louis, 1.

At New York—By a ninth inning rally the New York Americans piled up three runs and defeated Chicago and Toronto, turned defeat into victory, winning 3 to 2. With Chicago leading 2 to 0 in the ninth, Pipp and Cook singled, and Mullin fumbled on Barney Hartzell, batting for Alexander, drove in the tying run with a single. SCRAPPIEST HAGROSSE GAME TO ROSEDALES

North-Enders Turn Tables on the Indians—Officials Have Busy Time

Rosedale took their revenge on the Indians yesterday at the north end grounds for their defeat of a week ago. They trimmed the leaders to the tune of 3 to 4 in the scrappiest game seen in Toronto in years. Roach of Cornwall and Jack Carmichael had their hands full all afternoon, and came in for a considerable amount of criticism from the Toronto supporters, but to the unbiased their rulings seemed to be very fair.

While the losers put up a momentary very best, there were flashes that showed the boys could play the game if they desired. Altho Rosedale took a commanding lead in the second quarter, the inter-club struggle lasted until the last song sounded. The Rosedale defence put it all over the Indian home, while Kalls, Barnett and Fitzgerald were the stars of the home.

Kalls took first blood for the Blue Shirts. Durkin evened it up, and Donhee put the Indians one to the good, and the crowd settled down with the expectation of having a good afternoon's sport, but the procession to the clubhouse started, and Rosedale went to the front and were never headed. Graydon pulled after a five-minute penalty, and shortly afterwards McKenna got ten minutes, and Harrison came up from the defence and evened up the score. In the second quarter the Rosedale drew fifty minutes in penalties to Rosedale's five, and Rosedale scored four times to one for the Indians, making the half-time score 6 to 3. Kalls and Fitz pulled one of their old stunts for the second play of the day and Fitz scored the only goal of the third quarter. The fourth quarter was another routine affair. Art Jones and Fitzgerald got a twenty-minute penalty, and Felker and Whitehead got ten minutes each for fighting. Warwick and Barnett scored for Rosedale, and Carmichael added another for Tecumseh.

Summary and Teams.

1. Rosedale	Kalls	1:25
2. Tecumseh	Durkin	2:30
3. Tecumseh	Donhee	3:30
4. Rosedale	Harrison	4:45
5. Rosedale	Barnett	5:00

7. Tecumseh	Donhee	6:00

TOUGH ON GRANDMA.

Little Lillian's parents were well-to-do and kept several servants. She was allowed to go to a friend's house when her family did not have a housekeeper. When Lillian returned home she was told her mother about the good things she had seen at the housekeeper's.

"But, mother dear," confided the child, solemnly, "they do one thing that is very beautiful. I hate to tell you about it, for it is really kind of you and I'm afraid you won't let me go there again."

"Why, Lillian?" urged the mother in some alarm, "you must tell me the dear."

"Well, mother," replied the child, in a subdued whisper, "they use their own grandmother for a cook."

REBUILT LOVE LETTERS.

At the octagon table of the Pittsburgh Press Club they were talking of the conversation between the latest statistics on school visitor candidates to personal growth.

"How about Smith?" asked one. "He sent to his wife years ago. He has a great idea. You can't guess what it is."

"Going to burn them?"

"Does he expect to publish them?"

"Use 'em to heat the house next winter."

"You are all wrong. He is going to change the dates and send them to her while she is in the country this summer."

GRAND TRUNKS FELL BEFORE LANCASHIRE

Toronto Team Should Lift the Connaught Cup—The Game in Detail

Lancashire (Toronto) 3, Grand Trunk (Montreal) 0. The above teams met at the Varsity Stadium yesterday in the first of the home games for the Connaught Cup. Between three and four thousand spectators were present, as well as 500 officers and men of the Body Guards, who were present as the guests of the D.F.A. During the game the sum of \$120 was collected for the Sportman's Patriotic Association.

The game: First Half.

The Trunks kicked off and at once assumed the aggressive. Orr was conspicuous with a nice shot which was just outside the post. The Red Rose boys got away, but spent the movement by a great game at centre half, put the ball to A. Jones, and the latter, after tricking Harris, shot neatly past the post. Sam Jones was again conspicuous a few minutes later with a shot from long range which hit the upright. The Trunks again got going, and for a time Conway and Co. had their work out to keep the lively forwards out.

At this period Orr had to retire for repairs. During his absence McLellan came within an ace of scoring with a lovely shot which kept Laycock guessing to save and put the ball out to Arden, who went in on his own and forced a corner, which Hammitt headed over the bar. A foul against Trunks for handling the ball was cleared, but Payne cleared with a huge punt. Hamitt forced another corner, and the same player took the ball and ran along the crossbar. Trunks, Orr, who had returned, got hurt and retired again. Art Jones missed a glorious chance to open the scoring when he shot widely over the bar. The whistle blew for the initial, neither side having scored.

On resuming it was soon evident that the Red Rose boys meant business, as the second half was only three minutes when Bowman beat Sam Jones with a swift grounder. This success stirred the Trunks to greater effort and Payne and Harris had a hot time for a few minutes. Payne opened up again, and gradually wore down the Trunks and in time bombarded the goal. Sam was not to be beaten again until Hamitt placed a corner kick. Woodward headed into the net. This ended the scoring. The Red Rose boys have a three-goal lead to enter the next game with Montreal on Saturday. Special mention should be made of the brothers Payne, Jones, Stott and Sage for Montreal, Knowlton and Conway were good.

The teams: Laycock, Conway, Rigby, Arden, S. Jones, Knowlton, Woodward, Bowman, Hayler, Hammitt, Jones, Stott, Sage, H. Harris, McGraham, Menary, Payne, Weurtes, McLeish, Orr, Stott, Rooney.

Referee—N. J. Howard.

HAD THE RIGHT IDEA.

We know a man who knows girls, a right one.

He's only six years old, but he observes things. We heard his mother calling him down for rudeness at play, and our eavesdropping was rewarded with this:

"Billie," called the mother, "I want you to quit teasing that little girl!"

"I quit, I quit, I quit," said the little boy.

"Well, I got to tease somebody, an'—"

"You've got to tease somebody? That's a fine idea. I must say! And so—"

"Yes, 'n' she wants to be teased. If you quit, she'll play with some other little boy."

MOTORHOME RESULTS

The holiday meet at the Motorhome was full of thrills. The crowd of spectators not only witnessed some fine racing, but a couple of sensational spills that were not on the program furnished the real excitement. The night.

Jimmy MacNeal, the Omaha motorcycle rider, had a bad looking tumble in the final heat of the special series with Larry Flockenstien of Denver, Col. While traveling at over 85 miles an hour, the front tire of the Omaha man's machine blew out and MacNeal was thrown from the steep wall to the track below. MacNeal was unhurt, and in a spectacular manner rushed to his blazing motorcycle and turned off the gas, and saved his machine. Lloyd Leonard, Cleveland, also came to grief in the final of the open motorcycle race, but he was the winner. He had a dangerous spill, but beyond a few bruises and elbows was unhurt.

The striking bicycle riders are still out, and will be for some time, as far as the Motorhome management is concerned.

Results of last night's races:

Matched bicycle race—1, Fred McCarthy, 5, W. Rogers.

First heat, motorcycle match race, 5, Jimmy MacNeal, Cleveland; 2, Jimmy MacNeal, Time, 3:26.43.

Ten-mile open motorcycle race—1, Lloyd Leonard, Cleveland; 2, Blount Burtchael, Atlanta; 3, Harry Dougherty, Detroit; 4, Frank Henikman, Detroit; 5, Percy Pattison.

Second heat, special match series, seven miles—1, Larry Flockenstien, Denver; 2, Jimmy MacNeal, Omaha, Time, 14.

On account of MacNeal's fall the final of the series will be ridden on Saturday night.

Favorable Reports From Many Industries Contributed to Strong Market

RAILWAY ISSUES UP

Copper Shares Exceptionally Strong and Active on Curb—Bonds Irregular

NEW YORK, Aug. 2.—In view of the erratic performance of the market last week, with its furious speculation in a few volatile favorites and evidence of their instability at the high prices to which they were elevated, traders were in doubt at the opening today which way to turn.

War Shares Held Up Well. The list grew stronger presently as it became apparent that the war shares were holding well and there was no great pressure in any quarter.

Trade Reports Helpful. Further trade reports of a favorable nature contributed to the strength of the market.

Speculative buying in the railroad dividend stocks, which were held in large quantities, was particularly noticeable.

NEW YORK, Aug. 2.—The allies are preparing to continue the war for at least three years, according to Wm. E. Corey, former president of the U. S. Steel Corporation, who arrived today on the French liner Esmeralda from Bordeaux.

Corn was swayed mainly by the strength of wheat. Bearish crop estimates, which were effective to some extent in checking the advance.

WALL STREET POINTERS. Bank holiday in London and Liverpool. Wheat and corn futures were quiet.

CANADIAN AND BRITISH EXCHANGES CLOSED. Local Speculation Expected to Run to Further Lengths in War Order Stocks

Canadian and British exchanges of all kinds were closed yesterday. The New York market was again buoyant for the order stock and on the curb.

WHEAT TRADE STRONG ON ALARMING RUMORS. Delays in Harvesting and Fears of Frost Stiffen Market at Winnipeg

WINNIPEG, Aug. 2.—The wheat market was strong today on account of the daily dealing in these shares has been extremely sensational.

THE OPTIMISTIC FEATURES. The optimistic features affecting both the commodity and the financial situation are: Advance in steel prices and the probability that the steady buying from abroad will gradually so increase general activity here that all business will revive.

RAILROADS STRONGER. Erickson Perkins to J. G. Beatty. Stocks showed a great deal of strength today and were broader in every way.
