MAYOR AND CONTROLLERS MOVE IS TOWARD COMMISSION RULE DIVIDE EXECUTIVE WORK

Each Will Take Separate Group of Departments and Be Responsible Therefor—Members Realize That Time Has Come for Specialization in the Various Branches.

There are indications that the members of the board of control will attempt to render the various civic departments more efficient, by having each member assume responsibility for the business of one department and become responsible largely for the recommendations emanating from it. It is reported that the members are endeavoring to realize the full utility of endeavoring to master the various details of all departments, and are in favor of the civic commission plan, as advocated by The World.

At a secret session of the board the question of having the various departments grouped so that one group could be assigned to a controller and one to the mayor, was thoroughly discussed and generally approved. At least three of the four controllers are said to have been in favor of the suggestion, and the mayor is also reported to have approved. As a result the suggestion will likely be made at a meeting of the board in the near future that the departments be put into five groups and that the controllers and the mayor each be given a group, for which they will be responsible.

The probable rearrangement will place the assessment and treasury departments together. Controller Spence will probably be assigned to it. The works department is considered sufficiently large to require no other being added. Controller Ward will in all probability take charge of it.

Controller Hooken is spoken of as the choice for commissioner of public property and parks. This will likely include the parks, property and street departments.

The legal department and the city clerk's department will probably be assigned to the mayor. Under the head of the public safety department will be grouped the fire department, the health department, the city architect's department and the city relief officer. Controller Church is mentioned as the probable commissioner of police.

The board realize that the departments of the city are too large for one man to master the details of all, and by devoting his attention to one it is suggested that the controller can so familiarize himself with the work as to be of invaluable assistance to the head of the department in an advisory capacity, when a knotty problem requires solving.

TRACKMAN BADLY HURT
C. T. Tingle, Struck by Engine, Not Likely to Live.
C. T. Tingle, a construction laborer on the G. T. R. at Sunnyside, was struck down by a light engine, and carried to the Dufferin-street crossing at 4:15 yesterday afternoon, while he was walking westward along the tracks. The engine backed down upon him. His skull was fractured to such an extent that the brains were protruding, when he was hurried to Grace Hospital in the police ambulance. He is 18 years, and his home is at Coteau Junction, Quebec.

IN LOS ANGELES JAIL
McNamara and McManigle Slightly Locked Up.
LOS ANGELES, April 26.—James W. McNamara and Orrie E. McManigle were brought here at 2:35 p.m. and placed in the county jail. There was no demonstration.

John J. McNamara arrived at the jail at 10:30 p.m. He was brought by automobile from Raymond station. District Attorney Fredericks stated today that Mrs. Rogers of San Francisco told him that James W. McNamara, whom she saw in Pasadena as he left the train this morning, was in the company of a man whose name she knew. Bryce is said to be one of the alleged dynamiters.

RUSHING C.N.R. OTTAWA BRANCH
The Canadian Northern Toronto-Ottawa branch is being rapidly pushed forward and it is expected that the portion from Toronto to Trenton will be open for public service on July 1. The junction in the Don Valley, known as Ottawa Junction is having all the sidings and other things put in, a station and headquarters have been built and ballast trains are building the track-work right thru easterly. Construction trains with ballast are going over the line from here every day now. The only bridge uncompleted is the viaduct at Port Hope.

Telegraph poles are now being put up, and evidently are being out to get the road running at the earliest possible moment. The car and motive equipment is all under way and is mostly already in hand or will be before the road is open, and the indications are that from the day of opening there will be a lot of business coming to this young line, inasmuch as a lot of it is in a new country that is rich in farming and other industries as well as prosperous towns.

Would Remember Heroes.
J. W. Hamilton, formerly of Stratford, Minn., writes the mayor suggesting that the Anglo-Saxon race set apart May 30 for the honoring of the memory of those who have died on land and sea in battles for the good of the race. He suggests that everyone wear a sprig of evergreen on that day as a token that the memory of those it is intended to honor will be kept green.

NEW COPYRIGHT BILL IN HOUSE

Given Its First Reading—Provision To Grant Copyright Only to British Subject or Work Done in British Colonies.

OTTAWA, April 26.—(Special.)—All the opposition announced only this morning that they were out to fight the reciprocity agreement to the death, the government only kept the house in session to-day until 10:45 p.m.

Sir Wilfrid Laurier, replying to a question by F. D. Monk, said it was not the intention of the government to introduce legislation this session to regulate the granting of copyright to works controlled by the Dominion. Sir Alan Aylesworth, replying to Mr. Monk, said that the government was not at all in favor of any existing treaty or national agreement which would have application to the use by the Americans of the Georgian Bay Canal when it is completed. Mr. Monk's question was as to whether Americans would have the right to use the canal, and if so, under what treaty or agreement. Mr. Monk had still another question to ask informally. It had been stated, he said, that Sir Wilfrid Laurier would sail for Great Britain on May 13 to attend the coronation of King George. He understood that it had been the custom in the past for parliament to pass an address of condolence and coronation on the eve of his coronation. He asked if such an address would be conveyed to his majesty by the ministers who would attend the coronation, and suggested that prompt action be taken, because not much time remained and the address would have to be prepared. Mr. Monk asked if the matter had escaped the attention of the prime minister.

Sir Wilfrid Laurier said it had not. He was inquiring as to precedents and would give a reply at an early date.

Imperial Copyright.
Hon. Sydney Fisher's new copyright bill, after an explanation by the minister and some discussion of the resolution on which the bill is based, was given a first reading. The effect of the bill, which has already been explained in a general way, is to provide for reciprocity in copyright between Canada and the other countries and the other dominions which make up the empire. Mr. Fisher said the bill would give to the British subject, or to a work done in Great Britain or a colony, the same rights as those which the British subject or a colony who has taken up a permanent residence in Great Britain or a colony, but who may not have taken out naturalization papers, would have.

A Penalty Clause.
Mr. Fisher further explained that under the existing legislation, copyright in dramatic, literary and artistic works is given to the author, or to his estate, or to his assignee. In future all classes will be grouped together and a penalty clause will be introduced which will secure protection through criminal action in productions of a dramatic, literary or artistic character.

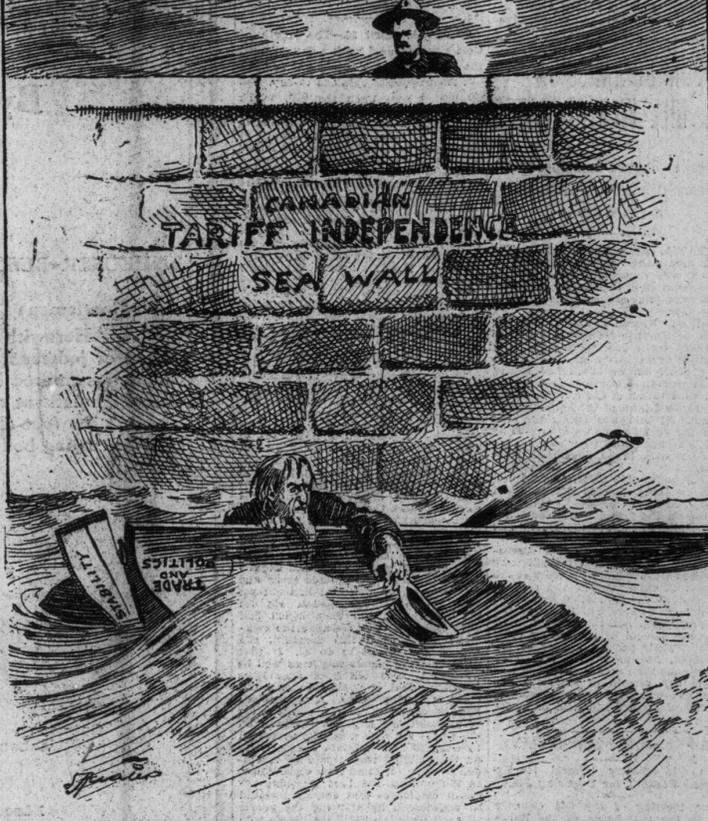

In conclusion, Mr. Fisher said it was only fair that reasonable protectors of dramatic, literary, musical and artistic works. There was no doubt more appreciation of the reasons for this in the motherland than in Canada, but the sentiment would grow. There was little disposition on the part of the opposition to criticize the bill, and several said that it was a move in the right direction.

Interest of Public Paramount.
Mr. Oliver assured the house that it was the policy of the government to keep faith with the Indians and treat them fairly, but that the interest of the public was paramount.

The Story of a Country Boy.
A beautiful story of a country boy who went to a big city is told by P. J. Selwyn. In the play known as "The Country Boy" which was given in Toronto, and is the author of "Pierce of the Plains" and is a clever actor besides.

G. T. Blackstock Responsible.
G. T. Blackstock, K.C., said yesterday regarding the plea for leniency in the North Oxford graft case: "I took the responsibility myself. If anyone is to blame it is myself."

AN AWFUL RISK

UNCLE SAM: Jump in here, Jack, and help me right her.

MUST HAVE TUBES FOR CAR LINES

That the entire civic street railway system, which was decided upon by the vote of the people last January, is useless unless connected with a central system, is the opinion expressed by the Evening Telegram in yesterday's issue. It points out that in event of the city succeeding in getting an order from the Ontario Railway and Municipal Board to permit of the running of the civic cars over the lines of the Toronto Railway Company, as it is now proposed to do, negotiations to secure the right of way for the proposed tube railway, that the city must make the order to the foot of the throne. As a result the delay in getting the civic lines connected with the central part of the city by this means renders it imperative that relief must be looked for in another direction. It is pointed out that the people of Toronto have voted in favor of tubes.

"What then," asks The Telegram, "having regard to all the circumstances—the mandate for the city lines, the endorsement of the tubes and the failure to get running rights over the Toronto Railway system—is the logical course open to the city?"

"There is but one answer to this question, and that is: The city must at once push on the construction of its lines in the outlying district, refuse to waste the money in the purchase of the Toronto Railway Company, and must construct a system of tube railways to carry its traffic to the centre of the city."

"The argument so frequently used in 1909, when Controller H. C. Hooken first proposed a tube railway, that the city was not big enough nor ripe for such a system, no longer applies. The construction of tubes or subways is forced on the city by the vote of the people for lines for the outlying sections, and the refusal of the Toronto Railway Company to give the city running rights over its own lines."

CONS. TO FIGHT PACT TO FINISH

It Is Now a Test of Endurance—Morning and Saturday Sittings Threatened for Next Week.

OTTAWA, April 26.—(Special.)—The Conservative members of parliament in caucus to-day discussed the situation regarding the reciprocity agreement and came to a unanimous and enthusiastic decision to continue the fight against the proposals. The following were the words in which R. L. Borden, the leader of the opposition, declared the platform of his party to the press: "There was a unanimous resolve and conclusion to offer a fixed and determined resistance to the proposals to the bitter end. The Liberal-Conservative party will make no truce on this question, which involves the national existence of the country and gravely affects its relations to the empire."

This means that Sir Wilfrid Laurier, so long as the Liberal-Conservative party is in power, will not find it possible to leave Canada to attend the imperial conference of perhaps even the coronation. The contention is that the corridors tonight is intense. It is alleged that there are besides the four bolters, several other Liberals who welcome the decision of the Conservatives to fight this thing until the government either withdraws it or calls a general election to hear the verdict. The Liberal-Conservative party will make no truce on this question, which involves the national existence of the country and gravely affects its relations to the empire."

One thing is very certain. The Conservatives will never let go until they have the agreement withdrawn. The Liberals declare that they will hold on until they win. It will therefore be a test of endurance. The government will attempt the wearing out process and morning and Saturday sittings are threatened, beginning next week. The Liberals believe that the Conservatives believe that they have the great advantage in endurance.

FEAR SCARLET FEVER SPREAD

Housing of Victims in Hospital Cottage Disturbs Neighborhood.
There is a scarlet fever colony of three or four in occupancy of the superintendent's cottage, near the entrance to the General Hospital, and the place is being used as a hospital for the sick. The hospital is crowded, it was necessary to house them in the cottage recently vacated by Dr. J. N. E. Brown. The authorities do not apprehend any spread of the disease.

THE VETO BILL

Making Easier Progress Than Had Been Anticipated.
LONDON, April 27.—The veto bill is making easier progress thru the committee stage than had been anticipated, and it is probable that it will not be necessary for the government to resort to strong measures to force its passage. According to the Times' lobby correspondent it will reach the second reading stage in the house of lords before parliament adjourns for the coronation, and will continue to be discussed in the house of lords before parliament adjourns for the coronation, and will continue to be discussed in the house of lords before parliament adjourns for the coronation.

READY TO BUILD 3 SUBWAYS

C. P. R. Will Press Improvements in West Toronto When Authorized.
The Canadian Pacific, it is officially stated, are prepared to start construction on the three subways they will build in West Toronto, and will commence the work just as soon as the plans are approved by the railway board. The plans have already been approved by the city and county authorities.

STEEL WORKERS MAY STRIKE

The Bridge and Structural Steel Workers held a conference with their employers, asking an increase of five cents an hour. The proposal was turned down, and the men decided last night that unless the employers acceded to their reasonable request they would walk out on Monday. Another conference will be arranged for.

HORSE SHOW VISITORS.

The season is now full ripe for spring hats for men. The Dineen Company have made some heavy importations in the most advanced designs in these goods, by which both American and English manufacturers. There are very special lines in stiff felt hats at \$2, \$2.50 and \$3, which should attract the visitor to the Horse Show. These goods are in all the newest designs and of the best quality. Dineen is sole Canadian agent for the Henry Heath hat, their English hat is maker to His Majesty the King.

HAMILTON HAPPENINGS

ASS'T. CITY ENGINEER HAS BEEN SUSPENDED

Outcome of Sewer Bungle—Investigation of Department Promises Sensations.

HAMILTON, April 26.—(Special.)—The report that Assistant City Engineer J. R. Heddle had been suspended was confirmed by Mayor Lees to-night. Mr. Heddle's suspension is the outcome of the Hilliard-street sewer bungle...

Arrangements for celebrating Coronation day were practically completed at a conference of the reception committee from the different societies of the city this afternoon.

Several matters came under discussion when the clauses of the bill were proceeded with. Chief of these was the question of expropriation and control.

At a meeting of the Old Country Club in the club-house of the Parkdale Presbyterian Church last night Arthur Hawkes spoke on the subject "Why an Old Country Liberal is Against Reciprocity."

About 200 members of the Toronto Festival Chorus, which has been led by Dr. F. H. Torrington, with great success for many years, set down to a sumptuous supper together last night at the Toronto College of Music.

All the juveniles and some adults should see the colored Comic Section of this week's Sunday World. All the favorites are there, including the Katzenjammer Kids and the Captain.

LONDON, April 26.—The only amendment to the parliament bill to amend the common law was one proposing that a bill rejected three times by the house of lords should be submitted to a referendum.

Tired, Aching, Swollen, Smelly, Sweaty Feet? Corns, Calluses or Bunions? Use TIZ. It's ure, Quick and Certain.

At last here is instant relief and a lasting permanent remedy for sore feet. No more tired feet, no more aching feet, no more swollen feet, no more smelly feet, no more sweating feet, no more corns, no more bunions, no more blisters, no matter what ails your feet or what causes them, you can get relief without TIZ.

Members of the league are being asked to volunteer to assist in putting the signs up throughout the province.

The legislation and reception committee yesterday discussed the plans for the coronation celebration.

Recital by E. J. Seitz. A piano recital of more than ordinary interest will be given in the music hall of the Conservatory of Music on Saturday evening, the 29th inst.

City Land for Schools. Frank E. Hodgins, K.C., solicitor for the board of education, has written the mayor making an offer of \$1 per acre for the lots on Malvern-avenue, which belong to the city.

HAMILTON BUSINESS DIRECTORY

HAMILTON HOTELS. HOTEL ROYAL. Every room completely renovated and newly carpeted during 1910.

HARBOR COMMISSION BILL WAS REPORTED

Controller Spence Explained to the Committee Toronto's Wishes in the Matter.

OTTAWA, April 26.—(Special.)—The bill to create the Toronto Harbor Commission was reported by the private bill committee of the commons to-day. There were some amendments of minor importance.

Several matters came under discussion when the clauses of the bill were proceeded with. Chief of these was the question of expropriation and control.

HAWKES ON RECIPROCITY

As an Old Country Liberal He Explained Reasons for Opposing Pact.

At a meeting of the Old Country Club in the club-house of the Parkdale Presbyterian Church last night Arthur Hawkes spoke on the subject "Why an Old Country Liberal is Against Reciprocity."

Mr. Hawkes said the national economic problem of Canada was to support within her borders, not only the producers, but the manufacturers, and he showed that the present manufacturing status was very largely due to the wall of protection which, in self-defence under the national policy, it was found necessary to raise.

ORDERED 2000 ROAD SIGNS.

The road sign committee of the Ontario Motor League has placed an initial order for 2000 road signs to be erected on the roads throughout the province, for the guidance of motorists and others.

DISCUSSED CORONATION CIVIC PLANS.

The legislation and reception committee yesterday discussed the plans for the coronation celebration.

Recital by E. J. Seitz. A piano recital of more than ordinary interest will be given in the music hall of the Conservatory of Music on Saturday evening, the 29th inst.

City Land for Schools. Frank E. Hodgins, K.C., solicitor for the board of education, has written the mayor making an offer of \$1 per acre for the lots on Malvern-avenue, which belong to the city.

SENATE DISCUSSES BILL FOR EIGHT-HOUR DAY

Sir Mackenzie Bowell Objects to Compulsory Nature of Measure—Irregular in Application.

OTTAWA, April 26.—The length of time a man should work a day engaged the attention of the senate and brought out most opposite opinions to-day. The discussion rose upon the bill, which Sir Mackenzie Bowell introduced.

Senator Campbell hoped that the motion for a six months' hold would not carry. The bill introduced by Sir Mackenzie Bowell was to limit to eight hours the length of day a man can be employed on a public building under construction.

Senator Beique said that as Senator Campbell proposed to send this bill to committee he would withdraw his motion for the six months' hold.

Important Changes in Grand Trunk Train Service, Effective May 7th.

Train now leaving Toronto 4:15 p.m. for Guelph, Palmerston, Southampton and intermediate stations will leave Toronto 6 p.m., arriving Palmerston 7:50 p.m., and Southampton 10:20 p.m.

Train now leaving Southampton for Toronto at 5:50 a.m. will leave at 6 a.m., arriving Toronto at 10 a.m.

Train now leaving Palmerston 8:35 a.m. for Toronto will leave Palmerston 7:50 a.m., stopping only at Guelph, Georgetown, Palmerston and Parkdale.

Train now leaving Stratford 8:45 p.m. will leave at 8:50 p.m., arriving Toronto at 10:15 p.m. instead of 10 p.m.

Train now leaving Toronto 11 p.m. daily will run through to Port Huron, arriving there at 1:30 p.m. (not via London), and will be cancelled at St. Mary's Junction to London.

Pianos at \$100 a Week. A number of square pianos, including those of Steinway, Chickering, Miller, Heintzman & Co. and others, are being sold by the old firm of Heintzman & Co., Ltd.

The Busy Scavenger. Property Commissioner Harris has his men on the scavenging carts working until seven o'clock these nights in order to keep up the streets up to the city, as requested by Dr. Hastings, medical health officer.

R. J.'s Bright Idea. The announcement of the Toronto Railway Company that it would pay \$1 each to the first six persons bringing in evidence of what transpired at accidents in which the company's cars are involved, is said to be working admirably.

Dr. Chase's Ointment. Dr. Chase's Ointment is a sure cure for all kinds of skin diseases, including eczema, psoriasis, and other eruptions. It is made of the finest ingredients and is guaranteed to give relief in every case.

An Important Label Infringement Case Decided in Favor of the ANHEUSER-BUSCH BREWING ASS'N

OF SAINT LOUIS, U. S. A. By the Supreme Court of Alberta.

PAUL BAKEWELL ATTORNEY AND COUNSELLOR AT LAW SPECIALITIES: PATENT, TRADE MARK AND COPYRIGHT CAUSES LABALLE BUILDING

ANHEUSER-BUSCH BREWING ASSOCIATION, St. Louis, Mo. St. Louis, Mo., March 11, 1911.

Gentlemen: Herewith I hand you a true and exact copy, made from a certified copy, of the final decree or judgment of the Supreme Court of Alberta, Judicial District of Edmonton, Canada, which was entered in your favor by that court on February 24, 1911, in the suit in which you were complainant and the Edmonton Brewing & Malting Company was the defendant.

At the foot of the copy of this judgment or decree I have attached copies of the defendant's infringing body label and of your own Budweiser body label.

Yours very truly, PAUL BAKEWELL.

IN THE SUPREME COURT OF ALBERTA. JUDICIAL DISTRICT OF EDMONTON.

THE HONORABLE MR. JUSTICE STUART, EDMONTON. Saturday, the 11th day of February, 1911.

Between Anheuser-Busch Brewing Association, Plaintiff, and Edmonton Brewing & Malting Co., Limited, Defendant.

This action having come on for trial before this Court sitting without a jury, on the 14th and 15th days of November, 1910, in presence of counsel for all parties, upon hearing read the pleadings and proceedings had and taken herein, and upon hearing the evidence adduced at the trial as well for the plaintiff as for the defendant, and upon hearing what was alleged by counsel aforesaid and judgment having been reserved until this day, and the same coming on this day for judgment.

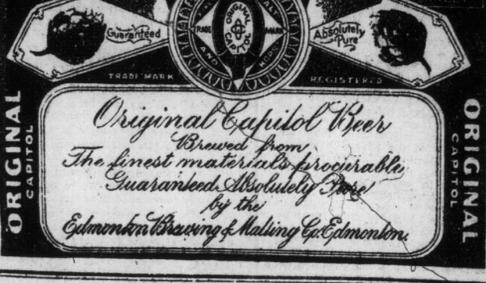

THIS COURT DOETH ORDER AND ADJUDGE that the defendant, its officers, attorneys, agents, servants and workmen, be perpetually enjoined and restrained from making, using, selling or offering for sale, or causing to be made, used, sold or offered for sale, beer (not being beer manufactured for or by the plaintiff) in bottles bearing on the same or anywhere in connection therewith body labels or any body label of the form of any of the body labels marked as exhibits 18 to 25 inclusive at the trial hereof, or body labels or any body label in any form in simulation of or only colorably differing from the body label of the plaintiff marked as exhibits 1, 3, 4, 5, and 6 on the trial hereof and described in the statement of claim herein, or body labels or any body label bearing upon the same or any of them the characteristics of the said body label of the plaintiff, or any body label in any form calculated or intended to pass off or enable others to pass off such beer as or for the beer of the plaintiff.

AND THIS COURT DOETH FURTHER ORDER AND DIRECT that the defendant do deliver up to the plaintiff to be cancelled and destroyed all labels, whether affixed to bottles or otherwise, in the possession of or under the control of the defendant, its servants, agents or workmen, in simulation of or only colorably different from the body label of the plaintiff as hereinbefore described, which said body labels and tools or instruments intended for use in the making or reproduction of further quantities of the said body label of the defendant so complained of.

AND THIS COURT DOETH FURTHER ORDER that the defendant do pay to the plaintiff the costs of this action to be taxed.

Entered February 24, 1911. Alex. Taylor, C.S.C.

Here is reproduced, except as to colors, Defendant's infringing body label like Exhibits 18 to 25 referred to in the above judgment:

Here is reproduced, except as to colors, Complainant's body label like Exhibits 1 to 6 referred to in the above judgment:

BOOKSELLERS ON DEFENSIVE Inspector Kennedy Not Shakespearean Scholar, But Has Read "The Yoke."

Staff Inspector Kennedy swore he visited the store and was told by Mr. Britnell that there were no copies of "The Yoke" in the store. He went downstairs and found a number of the books, which he thought tended to corrupt morals. He was asked why he had passed the play, but barred the cause the play was a much milder form of the story than that in the book.

He admitted that he had not read certain works of Shakespeare and other old books, read it and turned it over to J.P. had read the books and thought them immoral. Others swore to like effect.

The case of John P. McKenna with regard to some of the same books was also remanded. College-street Methodist Church, Miss Florence Hazel Wharton, A.T.

Day's Doings
YORK COUNTY West Toronto North Toronto East Toronto

NORTH TORONTO SCORED AGAIN YESTERDAY
Before Railway Commission, Town Gets Better Rate in Telephone Deal—Board Will Further Consider Application—Clever Capture of Horse Thief.

Save Five Dollars.
On behalf of the Bell Telephone Co., K. J. Dunstan stated that last month a new average of all the phones in the city had been made, with the result that the distance worked out .89 of a mile from the exchange. The company was therefore willing to let a new supplement to the tariff on the first of May, under which phones outside of the city will be charged for distances over .89 of a mile, at the rate of \$20, as at present. This would practically make a difference of one-quarter of a mile, or \$5 to subscribers in North Toronto.

MARKHAM VILLAGE.
Clever Work of Local Police Round Up Horse Thief.
MARKHAM VILLAGE, April 26.—(Special).—A week ago to-day a young man, who gave his name as William Bryant, and his place of residence as Toronto, went to Mr. Moore's livery stable in town and hired a horse and rig, promising to return it at the end of two days. Failing to show up at the time expected, nor yet on Saturday morning, Mr. Moore got Provincial Constables Jack Hebeon and M. C. Selby busy on the job. The officers started north and traveled as far as Sunderland, where they got wind of their man and tracked him on to Burketon and from there to Myrtle

When any one tells you that imported beers are worth the price, ask this question:
Why don't foreign brewers charge their Canadian price in their home markets?
That will end the argument. The best beer brewed is just worth the cost of ingredients and production, plus selling cost and a fair profit. Order **Salvador** (The Famous National Drink) and you'll get the best beer brewed at normal cost. Try it once and you'll know exactly why "Salvador" is called "The National Drink" by the majority of Canadians. "Salvador" has been pre-eminent for purity and quality for over 200 years. It is pure, sparkling and refreshing, besides possessing tonic qualities which doctors recommend.

LET THE DUTCH HAVE PALMAS.
MANILA, P.I., April 26.—Delayed advices received here via Jolo, report that the Dutch have taken possession of Palmas Island, sixty miles southeast of Mindanao, lowered the United States colors, and substituted the flag of Holland. It is understood here that Washington does not intend to protest against the action of the Dutch, the United States Government, regarding the island as valueless.

Good Work of Playgrounds.
The Toronto Playgrounds' Association is making an effort to enroll 400 new members at \$5 each in order to secure funds for the extension of the work in the crowded districts. It is claimed that since the supervised playgrounds have been established there has been a remarkable decrease in truancy and juvenile crime.

Premier Says No Appointment to Registrarship Has Been Made.

OTIS FENSOM FREIGHT ELEVATORS
The substantial saving effected in time and labor by a freight elevator in a printing shop quickly pays the small cost of its installation. Stairways to upper floors may be sufficient for ordinary traffic, but the need for an elevator is urgent if only for the handling of "forms" and stock. To carry "forms" up and down stairs is liable to injure type by its contact with stairways or walls. A single mis-step or slip on the part of the employee may send the "form" hurtling to the bottom of the stairs, when the work of hours or days may be hopelessly "piled," if not more serious consequences ensue. The only way to ensure quick and safe transfer of "forms" from one floor to another is to install an Otis-Fensom elevator.

OTIS FENSOM FREIGHT ELEVATORS
For taking printed sheets from the press-room to the bindery it is very useful. To attempt to carry them by hand is to invite the danger of their slipping from the employee's fingers—no matter how carefully handled—and being irreparably crumpled. Much is heard about "cast systems" as applied to printing nowadays. But it would be a singular cost system indeed, that could take into account accidents such as are likely to occur when the attempt is made to operate a printing plant without the practical aid of an elevator.

Inter-Association Basketball.
The first game of the inter-association intermediate championship of the city was played on St. Stephen's floor, the former winning by 22 to 15. The half-time score was 9 to 10 in favor of All Saints. If it were not for the close checking of the defense men on both teams the score would have been much larger. The brilliant foot shooting of Bickle for St. Stephens was the feature of the game. The second half was a trifle rough, but the referee watched the dirty

play closely. Bickle, Campbell and Hare were at their place on the forward line all the time for St. Stephens, while Tobin and Gray were playing a very hard defense game. With the game very even in points and about one minute to play, Bickle, with his fancy shots, put St. Stephens on top. The line up: St. Stephens (22): Bickle (15), Hare (3), forwards: Campbell (4), centre: Tobin and Gray's defence, Brown, All Saints (17): Ellis, Findlay (4), forwards: Boyd, Woolnough (9), Petrie (2), Campbell (2).

The return game will be played on All Saints' floor Saturday night, April 29, at 8:15 o'clock. Total points on both games count for the championship.

City Amateur League Players.
The annual meeting of the Granite Lawn Bowling Club will be held this evening at 8 o'clock. A large attendance is requested, as business of importance will be transacted and new officers for the coming season appointed.

Ladies' Fencing Championship.
The ladies' city fencing championship will be held in the Y.W.C.A. gym, Saturday evening at 8 o'clock. The championship will be productions of good foil play. A beautiful cup will be given to the winner, also gold, silver and bronze medals for 1st, 2nd and 3rd places. August Pouchart (French fencer) and Charles Witz (Canadian champion) and Guesker will give exhibitions of foil v. foil and sabre v. sabre during the tournament. The officials are Mr. Cookrane, U.C.C., V. Nordheimer, F. and G. Lightwood of T.C.Y.M.C.A. F.C.

MONTGALM'S HANDICAP JAMESTOWN CLOSING DAY

Charity Purse Goes To The Golden Butterfly—Pensacola Results.

NORFOLK, April 26.—The spring meeting of the Jamestown Jockey Club today ended one of the most successful ever held in the south, and there was a general exodus to-night for Pimlico. About 5000 people packed the grand stand. The day was known as Charity Day, the association donating in lieu of a first offer of 25 per cent., a cash sum of \$1000 to a fund to be divided between three institutions. The Golden Butterfly won the Charity Purse race.

Montcalm captured the Hathaway Purse, a 5 1/2-furlong dash, in 1:15 1/2, which established a track record. Montcalm led all the way and won by three lengths, Sir John carrying the Beverwick colors, won. Hofman, the favorite, finished out of the money.

While it is generally understood that Governor Mann of Virginia will send to the legislature, which convenes in January, a message urging legislation that will drive horse racing from this state, preparations already are under way for the fall meeting of the Jamestown Jockey Club. Weather clear.

O'Keefe's
Special Extra ALE
"The Beer that is always O.K."

Extra Mild, Remember
Many people would drink ale, in preference to all other malt beverages, if ale did not make them bilious.

This O'K brew is brewed especially for those people. It is extra mild and extra light, and lets you enjoy the creamy deliciousness of real old English ale without the heaviness and excessive bitterness. In easily-opened seal stoppered bottles. No broken cork or tinful in the glass.

THURSDAY MORNING, APRIL 27, '11
POLICE METHODS AND COMMON SENSE.

We believe it devolves upon Sir A. B. Aylesworth to deliver the police department from the mess they have got themselves into by trying to administer the law for which he is responsible in regard to the suppression of vicious literature.

There is a case before the courts at present, which we trust will be dealt with on a commensurate basis, altho the bare letter of the law does not apparently permit the exercise of common sense, and if there is to be a continuation of similar prosecutions or persecutions, the sooner the minister of justice gives his personal attention to the matter the better.

There is no difference of opinion about the desirability of suppressing obscene literature, but there is a very considerable difference of opinion as to what constitutes such literature. At present the community is at the mercy of a police officer who stated in court he had never read Shakespeare, Fielding nor Smollett.

Anyone who takes a copy of Shakespeare down to this office and points out the "Venus and Adonis" or a copy of "Tom Jones," or various other English classics, and lays an information against the Methodist Book Room, Eaton's, Simpson's, Tyrrell's, or any other respectable bookseller, may have them summoned, and, if the magistrate is so minded, sent to jail. The minister of justice is responsible for this state of affairs.

Moreover, no notice is given the bookseller of what books the literary censor of the police department considers unfit to sell. His taste is capricious and he allows far worse books to pass than he seizes, and he pursues one respectable bookseller, and permits others to escape.

It is not possible for the minister of justice to establish a competent censorship, and to give booksellers some idea of what books are permitted and what are banned. "Three Weeks" has been on sale for four years, and now for the first time, when everyone has read it who wants to, the absurd action is taken of prosecuting a bookseller for selling it.

It even came out in the evidence that the same police department, a year ago, went to the bookseller they are now prosecuting, and borrowed a copy of "Three Weeks," in order to judge the merits of a play founded on the book. After reading it they returned the book without comment, and permitted the play. What has occurred in the meantime to render noxious what was innocent then? Or, if it was noxious then, why was the play permitted and the book returned as safe?

pay ratings up to expense in the pound, that being the tax on capital values exceeding \$50,000.

The imposition of this tax has wholly altered the land situation and owners are now placing their properties on the market or offering them to the government board. This has been accelerated by the action of the state governments. Victoria has imposed a land value tax of 1-21 in the pound on capital value, with certain exemptions; Tasmania one of a penny in the pound, without exemption, while South Australia has raised its tax 1-4d in the pound, also without exemption.

The opening up of the land has stimulated state-aided immigration and industry along every line. Building operations have increased by leaps and bounds, there is a shortage of labor and the agents of the Queensland government have been recruiting men in Britain to work on railway construction, offering a free passage and a wage of \$2.50 a day of eight hours, along with entire freedoms to leave that kind of work whenever they choose. Australia will become a formidable competitor for the best of British emigration before long.

NEW YORK AND SPELLING REFORM.

At the annual dinner of the spelling board, Mr. William H. Maxwell, superintendent of the New York City public schools, aligned himself with the advocates of spelling reform. What makes his decision all the more notable is his declaration that by training and temperament he was opposed to the whole movement, and that he dislikes the new forms. But he had been compelled to admit the necessity of reform because he felt certain that when generally used, it will be found to be the cause of very great individual and social uplift.

"Having become convinced," he proceeded, "that simplified spelling is necessary for individual improvement and social progress, among the great mass of people in the vast heterogeneous population of our city, I feel it my duty which I owe, and which every man who desires the improvement of his fellowmen owes to society, to sink individual prejudices and to advocate that which is for the welfare of all." Mr. Maxwell's attention was first directed to the subject by considering the difficulties which is experienced in teaching foreigners who settle in New York to read and to write the English language.

Mr. Maxwell regards the difficulties of learning our arbitrary and unscientific ways of spelling words as the least part of the troubles. To him the real difficulty lies in learning to read. "Every teacher," he says, "knows with what joy the child perceives a new word which he can make out for himself by interpreting its phonetic elements, and with what consternation he beholds a word, which, thru its disregard of phonetics he is unable to pronounce until he is told." Referring to the claim that phonetic spelling would save from one to two years of school time for the average child, he pronounced it certain that German children are at least two years ahead of American children in their scholastic attainments. This he attributed chiefly to the fact that the German language consists mainly of words spelled as they are sounded. Another comment of value made by Mr. Maxwell is that the memoriter process rendered necessary in learning to read and spell produces disbelief in reasoning as a means of learning and a lack of confidence in inferring. This discourages reasoning in arithmetic, geography, history and grammar, and restricts development of the power in the child to think and do for himself.

dozen M. P.'s getting into the wrong lobby constituted a national issue.

"Three Weeks" has been published for four years, and the circulation had been falling off. It looks as if the publishers had hold of a good scheme to revive interest in the silly book. And our literary police department has fallen in gaily.

STANDARD LIFE ASSURANCE COMPANY.

From the financial statement of the Standard Life Assurance Co. appearing elsewhere in this issue, it will be seen that this institution rests on a thoroughly sound basis. That it enjoys a large share of public confidence is sufficiently shown by the fact that the amount of assurance written during the year ending Nov. 15, 1910, totaled \$14,273,193.80, while the accumulated funds, after deducting current liabilities, are stated at \$62,217,218.87.

From the published report it will be seen that after a most successful quinquennial, a bonus of \$15 per \$1000 per annum has been declared for the five years ending Nov. 5, 1910, a dividend which bonus certificates will be issued in the near future, together with the annual report. The amount for distribution among policyholders is \$3,769,000, the company amounts to a total of \$37,814,000. A complete valuation has been made upon a three per cent. basis.

AT OSGOODE HALL ANNOUNCEMENTS.

April 26, 1911.
 Motions set down for single court for Thursday, 27th inst., at 11 a.m.:
 1. Yipood v. Davidson.
 2. Re Clinton Thresher Co.
 3. Rosevear v. Halliday.
 4. Goldfields v. Harris-Maxwell.
 5. Re Fitzmartin and Newburgh.

Master's Chambers.
 Before Cartwright, K.C., Master.
 Munro v. Mitchell—T. N. Phelan for plaintiff. G. T. Denison, jr., for defendant. Motion by plaintiff for judgment upon A.C. 60. Adjudged for a week at plaintiff's request.

Divisional Court.
 Before Meredith, C.J., Teetzel, J., Clute, J.
 Clark v. Loftus—G. H. Watson, K.C., and J. T. Loftus, for defendant. J. B. Clarke, K.C., and E. J. Hearn, K.C., for plaintiff. An appeal by defendant from the judgment of Middleton, J., of Feb. 7, 1911. This was an issue between the second wife, now widow of James B. Clark, and their daughter, as plaintiff, and Florence Loftus, a daughter by deceased's first marriage, to determine which of them was entitled to the insurance moneys, amounting to \$2383, paid into court by the supreme court, 1. O. F., or if more than one of them was found so entitled, then in what proportion each is entitled. At the trial plaintiffs were declared to be each entitled to one-third of the moneys in court, and the defendant to the remaining one third, and moneys ordered to be paid out accordingly. Defendant was ordered to pay the costs thereof. Appeal allowed and judgment reserved.

Supervised Playgrounds.

There are ten good reasons why Toronto citizens should support supervised playgrounds:
 1. All children should have a safe place where they can play. You had when you were a child. Your children have now. Give children who have no other safe place where they can play supervised playgrounds.
 2. There are crowded districts in Toronto where the Toronto Playgrounds' Association has not been able to reach yet. The association needs more money. The city needs more playgrounds.
 3. The children of the crowded districts are eagerly hoping for a supervised playground. Are they to have a playground this year? The best work you can do for the children of your city is to help support supervised playgrounds.
 4. The supervised playground lessens truancy.
 5. It diminishes juvenile crime districts.
 6. The value of a crowded district is greatly increased to the people who live in it by a supervised playground.
 7. Supervised playgrounds for children mean better citizenship for everybody.
 8. "People who play together will find it easier to work together."
 9. Every dollar subscribed to the work will bring happiness to some child in the city.
 10. The child who is trained to play with all his might and honesty with

HAVE YOU A RICH AUNT?

If your expenses are greater than your receipts, you will soon go bankrupt, unless you have a rich aunt to fall back on. This idea applies to nerve-force as well as to money. Many who are rich in money are low on nerve force, and vice versa. It matters not whether nerve force is consumed in the social whirl, in housework and worry, or in the factory. The result will ultimately be the same—physical bankruptcy.

Why not let Dr. Chase's Nerve Food be your rich aunt in this case? By supplying directly to the blood stream the elements from which Nature forms new, rich blood and new nerve force, this great food cure will put you on your feet again. Your digestive system has failed to keep the blood rich and healthy. The nerves are starved and weak. You know this from the nervous headaches, the irritability, the spells of weakness and discouragement. Your inability to rest and sleep adds further to your suffering, and you readily see that you are losing health and strength.

Dr. Chase's Nerve Food is intended for just such cases as yours. It has proven to be a rich aunt to many a person who saw physical bankruptcy staring him in the face and did not know which way to turn for help.

NERVOUS PROSTRATION

"My wife had been ill for some time with nervous prostration, and we had two of the best doctors we could get, but neither of them did her any good. She gradually became worse and worse, could not sleep, and lost energy and interest in life. She was almost giving up in despair when a friend advised a trial of Dr. Chase's Nerve Food.

"From the first box of this preparation my wife used we noticed an improvement, and after using six boxes she is completely cured and as well as she ever was; eats well, sleeps well, and feels fully restored. I cannot say too much in praise of this valuable medicine, and am satisfied that my wife owes her life to the use of Dr. Chase's Nerve Food."—Mr. William Graham, Atwood, Ont.

This cure is certified to by Mr. C. H. McFarlane, druggist, Atwood, Ont.

DR. CHASE'S NERVE FOOD

is natural and gentle in its action on the human system, and highly prized by women who feel the need of a food- tonic to strengthen and build up the system. Particularly at this time of year, when nearly everybody needs some treatment to enrich the blood, Dr. Chase's Nerve Food is in great demand. Because it cures in Nature's way, by building up the system, you can be certain that each dose is of some help to you, and that the benefits will be lasting.

defendant, balance to remain in court. Execution stayed. Costs of motion in case. Appeal to be expedited.

Court of Appeal.
 Before Moss, C. J. O.; Garrow, J. A.; MacLaren, J. A.; Magee, J. A.; Staver, v. McKinnon—J. Blacknell, K.C., and P. R. Mackiegan, for plaintiff. W. Nesbitt, K.C., and F. Arnold, K.C., for defendants. L. F. Hellmuth, K.C., and A. W. Anglin, K.C., for third parties. An appeal by plaintiff from the judgment of the chancellor of 23rd May, 1910, whereby five actions tried together were dismissed without costs, and the claims of the defendants against the third party tried at the same time were dismissed without costs. Argument of appeal resumed. Judgment reserved.

Supervised Playgrounds.

There are ten good reasons why Toronto citizens should support supervised playgrounds:
 1. All children should have a safe place where they can play. You had when you were a child. Your children have now. Give children who have no other safe place where they can play supervised playgrounds.
 2. There are crowded districts in Toronto where the Toronto Playgrounds' Association has not been able to reach yet. The association needs more money. The city needs more playgrounds.
 3. The children of the crowded districts are eagerly hoping for a supervised playground. Are they to have a playground this year? The best work you can do for the children of your city is to help support supervised playgrounds.
 4. The supervised playground lessens truancy.
 5. It diminishes juvenile crime districts.
 6. The value of a crowded district is greatly increased to the people who live in it by a supervised playground.
 7. Supervised playgrounds for children mean better citizenship for everybody.
 8. "People who play together will find it easier to work together."
 9. Every dollar subscribed to the work will bring happiness to some child in the city.
 10. The child who is trained to play with all his might and honesty with

his young companions is more valuable to himself and the community than the child who is kept away from play by the harmful attractions of amusements never meant for children.

Become a sustaining member of the Toronto Playgrounds' Association by sending five dollars to the hon. treasurer, Geo. R. Warwick, 401 West Kings-street.

FIREMEN'S SALARIES COMPARED.

In connection with the request for higher pay for firemen, some interesting comparisons are made between Toronto and United States cities with a population of less than 50,000, as follows:
 Atlantic City, N.J.: population 31,377; captain \$1200, lieutenant \$1050, firemen \$850, engineers \$1140.
 Spokane, Wash.: population 41,981; captain \$1250, lieutenant \$1200, firemen \$1150, engineers \$1200.
 Youngstown, O.: population 51,734; captain \$1140, lieutenant \$1020, firemen \$850, engineers \$1140.
 Yonkers, N. Y.: population 54,882; captain \$1100, lieutenant \$1050, firemen \$1100, engineers \$1100.
 Salt Lake City, Utah: population 55,227; captain \$1140, lieutenant \$1080, firemen \$1050, engineers \$1080.
 New Bedford, Mass.: population 64,323; captain \$1250, lieutenant \$1092, firemen \$1047, engineers \$1254.
 Hoboken, N. J.: population 62,733; captain \$1400, lieutenant \$1200, firemen \$1200, engineers \$1200.
 Toronto: population 360,000; captain \$1100, lieutenant \$975, firemen \$935, engineers \$925.

Mining Market Has General Responsible Undertone

Mining Market Shows Firmness Situation Appears Brighter Lessening of Pressure on Mining List Shows Market Up in Better Shape—Several Advances Made.

World Office, Wednesday Evening, April 26. The mining markets started in with a degree of activity today, 200 with a decidedly firm undertone in evidence. The swing of prices was upward, both in respect to the gold and silver issues, and advances were recorded in various instances, and these were held in most cases throughout the session.

The course of the market during the first half of this week leads to the belief that the selling pressure has been released to a certain extent, and stocks left to take on a normal trend. The buying demand, however, has not improved so ably, and the list has made upward progress slowly in consequence.

As during yesterday the Cobalts displayed the greater buoyancy, and in the issues most sought after gains were prevalent. These ran from small fractions to upwards of three points, and it was noteworthy that the advances were held right up to the close.

Right-of-way greatest buoyancy, these shares moving up 3 points to 15 5/8. The Porcupine stocks picked up to a certain extent and moderate strength was the keynote in determining the action in these issues.

Both the high price and the cheaper gold shares were in better demand, but the supply of stock on offer was in ample proportions, and the advances seemed rather hard to maintain.

Hollinger, however, sold as high as \$10.10, but this price was not held when realizing put in an appearance.

It is reported that a large amount of stock has passed into strong hands during this week, and that these will be taken off the market and held for a good advance. This should place the list in a more favorable condition and benefit the market generally.

OPHIR AND MIKADO MINES ARE NOW BEING WORKED Captain Machin, M.L.A., Says the Whole Lake of Woods District Promises Immediate Revival.

In an interview with the World yesterday, Captain H. A. Machin, M.L.A. of Kenora, verified the recent reports of the Ophir gold mine, situated eight miles southeast of Kenora, on the Lake of the Woods in the Rainy River mining district.

Captain Machin stated that American capitalists have been working in the district for four months, but sank a shaft to the depth of 100 feet and discovered a large area of gold-bearing ore. The property has been worked for several years through litigation, but now the title is clear.

Captain Machin has an option in 1910 on the Mikado mine property in the neighborhood of the Ophir, with the idea of reviving the gold mining industry in his constituency, and employed H. B. Nickerson, M.E. of California, to report exhaustively with a view to opening it.

The captain stated that the old Mikado company had lost the main ore body, which had up to the time produced \$600,000 in gold. Ore was later discovered on what is termed the seventh level, or to a depth of 480 feet, and the drift has been raised to this level in one or two places.

Captain Machin said the people of this country did not realize the wealth of the province of Ontario. There lately had been some important discoveries south of Raleigh, on the main line of the C.P.R., in the east of Kenora and twelve miles south of the line of the railway.

Winnipeg syndicate, the Shillingham-Richardson claims to the north of Pearl Lake, and also to the north of the Lake of the Woods in the Rainy River mining district.

Mr. Shillingham will take a look at the "hokey boys" claims to the south of the Hollinger. Engineer James Miller and Supp. Bowers of the Jupiter Mines returned from Pearl Lake section last evening where 20 men are at work on the company's property.

There is no doubt that commercial iron is assured. The captain also stated that inter-fering copper discovery had been made on Alle Island, in the Lake of the Woods, where Dr. Sovell and Mr. Frank Kennedy have been quietly making development to ascertain the magnitude of their find.

New Scrip Issued By Little Nipissing Shareholders Notified to Send in Old Certificate—Mine Resumes Operations.

The affairs of the Little Nipissing Mines Co. have reached a point where the directors are in a position to know the exact situation as regards the over-issue of the stock, and steps are being taken to rectify the same.

Shareholders are notified to send in their old certificates, and the mine resumes operations. The company has issued new scrip, and the shareholders have been notified to send in their old certificates.

SPRINGTIME

And "a young man's (and woman's) fancy turns to thoughts of"—the paint brush, the garden rake, and the beautifying of their home; in fact, a general sprucing up and spring cleaning. Of course we allude to those who take a proper pride in their own. To this variety of housekeeper we say: "There are opportunities held out here of which it will pay you to take advantage on Friday."
