## Boy's Body Was Found Half Buried in the Sand After All Night Search

Basil Collins, 11 Years Old, Left His Home at Kew Beach and When He Did Not Return His Father Set Out to Find Him—Early Sunday Morning His Dead Body Was Discovered, Head Foremost in the Sand, With Only His Legs Exposed.

Buried head foremost in the sand, with only his legs exposed, the dead body of Basil Collins, 11 years old, only son of M. E. Collins, of 22 Lake Front, Kew Beach, was found by his father and H. Edgar, of 22 Lake Front, yesterday morning. The boy's cheek and nose were slightly bruised. How he got into the hole, or how the sand which almost covered his body was placed there is a mystery, which Police Inspector Miller, Crown Attorney Greer and detectives are attempting to unravel. Whether someone killed the boy and buried his body, whether his companions, while playing Indian, buried him in the sand and left him when they saw that he was buried out of sight, or whether he fell into a hole in the sand and was covered up before being able to extricate himself, are matters of conjecture.

Played on the Beach. On Saturday night, as was his habit every night, the boy was playing baseball on the beach with several companions, directly in front of the residence where he and his parents live during the summer. At about 9 o'clock it grew too dark for the boys to see the ball, and they stopped playing. The boy then went to his home and asked that he be allowed to go to a moving picture show.

Not Seen Again. Mrs. Collins, his mother, advised him that it would be better for him not to go to the show, and he promised her that he would not. He then went out on the beach again, taking with him a crutch which had been left at the house by a boy friend, who is lame. He was not seen again until he was found.

Search Commenced. When Basil failed to return home by 11 o'clock, his parents grew anxious. His father and H. Edgar of 2070 East Queen-street went out to search for him, thinking that he might have gone on for a swim in the dark and met with an accident. About midnight they saw a canoe floating on the water a few yards out from shore, and thought possibly that the boy might have been in it. They went out and got the canoe, but it was empty.

Thinking that possibly the lad had fallen out of the canoe, the searchers got grappling irons and commenced to drag the lake.

Found Body. After dragging for four hours, they reached the conclusion that the boy had not been drowned, and gave it up. Then they returned to shore and commenced another search. They walked along shore, and thought possibly that the boy might have been in it. They went out and got the canoe, but it was empty.

Fred McKenna, former Toronto and Hamilton bartender, who was murdered in Montreal.

## MURDERED MAN KNOWN IN TORONTO

Fred McKenna, Who Was Shot in Montreal, Acted as Bartender in Several Toronto and Hamilton Hotels, and Always Was Popular—Remains Shipped to Hamilton.

Fred McKenna, the bartender, who was shot dead by a Chicago maniac in Montreal, spent six years in Toronto previous to going three years ago to Montreal. His widow is a niece of Joe Ready, fruit and vegetable dealer of 1899 Yonge-street.

Murphy Shea, the former east end carman, is also related to McKenna. When in Toronto he was a waiter at the Queen's Hotel, then at the Traders, Ed. Barrow's and the Stag. He was a quiet, obliging young man, and his many friends here are astonished that the murderer should have suddenly taken affront at him.

The remains were forwarded from Montreal on Saturday to the residence of his father, John McKenna, 158 South Hess-street, Hamilton.

He was very popular in Hamilton, and made a large circle of friends when a waiter at the Royal Hotel and the Palace.

Henry Dandy, one of the most familiar figures in the city, died Saturday night at the home of his son-in-law, John Allcott, 201 Borden-street, in his eighty-sixth year.

Mr. Dandy was an Orangeman of seventy years' standing, being a member of Nassau Lodge, No. 4, at the time of his death. He joined this lodge when he came to the city in the early seventies.

He was a native of Belturbet, County Cavan, Ireland, and was a member of the Royal Black Knights of Ireland. He was connected with the old "Empire" until it suspended publication, when he retired from business. He leaves, besides a host of friends, his widow and three sons and three daughters.

## TWO MEN UNDER ARREST BELONG, POLICE THINK, TO "MURDER CAR" GANG

Arrests of "Bridgie" Webber and Associate Are Likely to Result in "Sensational Developments" Promised by Commissioner Dougherty—Newsboy Held as Material Witness—Becker is Under Detention.

NEW YORK, July 21.—(Special.) Second Deputy Police Commissioner Dougherty to-day made a mysterious tour up town in his efforts to solve the Herman Rosenthal murder and bring about new sensational developments which he had said could be expected late to-day.

The deputy commissioner in charge of the detective bureau, had promised that there would be "something doing" this evening and that arrests might be expected.

Louis "Bridgie" Webber, keeper of an uptown resort, and Sam Paul, head of the "Sam Paul Association," at the outing of which last Sunday threats were made to "get" Herman Rosenthal, the gambler, were arrested to-night on suspicion of complicity in connection with the killing of Rosenthal last Monday night. Jack Sullivan, alleged go-between Police Lieutenant Charles Becker and "Bald Jack" Rose, the latter already under arrest, was taken in custody as a material witness.

An important witness of the assassination was found to-day. He is a newsboy who sold Herman Rosenthal his batch of morning newspapers just before the gambler was shot to death in front of the Metropolitan Hotel.

The newsboy is in terror of his life and tells a vague story of the murder, evidently suppressing much that he knows. While the police were looking for him in Saratoga, having learned that a fund had been raised to get the youth out of New York, he has been in New Rochelle since the murder, returning here last night.

The high officials of the police department have ceased to bear the defence of Lieut. Charles Becker, formerly head of the "Strong Arm" squad, and accused by Rosenthal before his murder of having grown wealthy on the tribute exacted from gamblers.

Becker has been relieved of active duty with his fiving commission, and is kept at police headquarters under orders. Deputy Commissioner Dougherty indicated the abandonment of Becker for the first time when, in reply to a question if Becker had been sent out to "Far Rockaway" to bring in Jack Rose last night, replied: "I would no more send out Becker to arrest a man in connection with the Rosenthal murder than I would send out Jack Rose himself. Becker is a figure in the case."

No Charge Against Becker. So far Becker is being detained at police headquarters. No direct charge has been

brought against him in connection with Rosenthal's death, and none will be until Commissioner Dougherty has all the facts and makes all the arrests. Then, if the charges warrant it, Becker will be held to answer.

Thrown on his own defence, Lieut. Becker has made a statement in answer to a charge that he had bought an expensive house in the city. He said the cost represented his savings of nineteen years, and those of his wife, as well as a \$2000 loan from his brother. Becker said he informed Commissioner Waldo at the time he made the purchase, saying he supposed it would start a scandal when it was known.

Becker's every movement on the night and early morning hours of the murder were subjected to scrutiny by his superiors. The constant crossing of Jack Rose's trail with the connecting figures who were intimate with both the gambler and the Lieutenant were examined.

Knows the Criminals. Deputy Commissioner Dougherty asserted to-day that he knew who was in the murder car and who did the shooting, but he added that it might take some time to gather them all in.

Men who know the underworld of Harlem said to-day that the fatal shots were fired by the worst outlaw of the upper east side, a man known widely for his shooting affray, but who possesses the cleverness never to have a weapon on his person when searched by the police. This bandit, picked up by the auto party, was in a condition of intoxication, where the killing of Rosenthal was the most natural thing he would do, said those who knew.

Just who this man is the police refuse to say. Neither would they disclose the fact that he was one of those arrested this evening.

Gambling Joints Closed. Since the shooting of Rosenthal every gambling place in the city has been closed. This is the first time in the history of New York that these places have been closed.

Nothing could be learned to-day of the information given by Miss Sadie Prosser, a sister-in-law of "Bridgie" Webber, who visited Commissioner Dougherty yesterday. Webber is to be produced tomorrow as a material witness, having been released in \$100 bail.

District Attorney Whitman went on a quiet recent to-day looking for evidence. He is reported probing the movements of the automobile in which Lieut. Becker rode up town Monday night and the one in which Jack Rose hurried about before getting out at Jack's restaurant.

The two cars seemed to be leading in the same direction with trails crossing.

No news was given as to the movements of William J. Burns and his detectives, who are in the case, altho they were undoubtedly at work.

## FOUNDER OF PEASE FOUNDRY KILLED HIMSELF AFTER WORRY OVER HEAVY FINANCIAL LOSSES

J. T. Sheridan, founder and former president and general manager of the Pease Foundry Company, Toronto, who committed suicide on Saturday.

RHODES SCHOLAR PASSED AWAY YESTERDAY

Ernest R. Paterson, First Man Chosen From Toronto University to Go to Oxford, Suffered From Anaemia for Several Years, and Died at Residence of Father.

After an illness which lasted for three years, Ernest Riddell Paterson, B.A., the first Rhodes scholar from the University of Toronto, passed away Sunday morning at the residence of his father, John A. Paterson, K.C., in Wychwood Park. Mr. Paterson suffered from anaemia and his death was anticipated.

While at the university he distinguished himself by his scholarship and by his aptitude for athletics. He was a first-class honor man in classics, and at the same time was the champion tennis player of the college, as well as a member of the senior Rugby team. As a speaker he was considered one of the best at the university. He is also remembered as a frequent contributor to the Rhodes magazine.

When he graduated in 1907, he was given the first Rhodes scholarship, to which he was unquestionably designated by his all round ability.

At Oxford he won further laurels. He enrolled in Balliol College, and his work at classics and English marked him as one of the foremost men of the college. He was chosen captain of the Oxford tennis team and led his associates to victory against their Cambridge opponents. He was also a member of the Oxford soccer team, and he rowed with the Balliol crew. For athletic ability he obtained the "Oxford blue," which is the highest mark of distinction the old university bestows in the way of sport.

After completing his course in Oxford in 1907, when he again took his B.A. degree, he returned to his home in Toronto and secured a position in the Title and Trust Company's office here.

From then on he turned his attention to real estate and established the Square Deal Realty Company, 140 Victoria-street. He was the senior partner of the firm and held considerable property in New Toronto and the suburbs. Sometimes he would call at the plant and talk to the old employees, as he liked to talk about the foundry business in which he spent thirty-five years of his life.

J. T. Sheridan, After Writing a Lengthy Letter Telling of Business Deals and Loss of the Results of His Life Work, Sat at His Desk in New Toronto and Put Bullet Thru His Brain.

After setting forth all his financial and business difficulties in a letter, J. T. Sheridan, founder of the Pease Foundry Company, and up till more than a year ago its president, committed suicide about 3:40 Saturday afternoon in the office of the plant at New Toronto. He was found dying five minutes later.

Of late Mr. Sheridan's visits to the plant had been few and far between. On Saturday afternoon about 3 o'clock he walked into the foundry. Altho it is not the custom to work after 12 o'clock on this day, six men were inside helping to repair a clutch block run by air. An expert was on hand from the Dodd's Pulley Works to supervise the job.

Mr. Sheridan was smoking a cigar. He shook hands warmly with Chester Beswick, shipper, and George Cooper, under-foreman. These two men had been with the company for years. The late owner talked over old times with the men. Mr. Beswick then unlocked the office door for him, as he wanted to phone.

FOUND BY WORKMEN. Hearing groans about 3:40, Cooper and Beswick opened the office door and entered. Mr. Sheridan was lying on the floor in a crumpled position. His feet were under the arch of the desk, while the chair from which he had fallen was beside him. His right hand, grasping a Savage automatic ten-shot 32 calibre revolver, was under his right knee. Blood was streaming from the mouth and left ear. He was still groaning.

Beswick summoned Coroner Dr. Carman Ricker. Sheridan, however, expired within a very few moments.

LEFT A LENGTHY LETTER. There were two notes on the little desk in the dead man's hand-writing. One was: "Call my office—Main 393." This Mr. Beswick immediately did.

On another sheet of paper pinned down by a paper weight, Dr. Ricker found a letter to all concerned setting forth the cause of the suicide. While the coroner would not give the letter out for publication its contents are fairly well known.

Life's Work Lost. In writing Mr. Sheridan stated that he had decided on this means of doing away with himself because the result of practically all his life work had been lost thru a financial deal. This occurred about fifteen months ago and after its execution Mr. Sheridan was ousted from the presidency and control of the Pease Foundry Company.

Into Real Estate. He became dependent after his defeat and was subject to fits of mental depression. He went into real estate. But this was not as prosperous a field for him as the foundry business was.

Started in Toronto. Twenty-seven years ago the two Sheridan brothers arrived from Syracuse, N.Y. They had left Canada, the place of their birth, some years previous and worked for a foundry in the American city. It was while here that Mr. J. T. Sheridan conceived the idea of the Pease furnace. Once again on Canadian soil they started a small plant in Toronto. Business prospered and later a large plant was erected at New Toronto. While the firm was expanding Joseph Sheridan left the company and went with his brother, Charles, to California.

J. L. Ross was taken in as vice-president, while D. J. McKinnon and R. B. McKinnon were also officers and stockholders of the company. Mr. Sheridan and Mr. Ross ran the business.

Money Difficulties. More than a year ago money difficulties arose and a loan had to be obtained. J. L. Ross succeeded in getting a certified cheque for \$25,000. Mr. Ross' brother, Dr. Ross, was killed in a motor car accident at Richmond Hill. One day Mr. Sheridan was informed that D. J. McKinnon owned the business which he had for 23 years conducted. J. L. Ross had sold the lien against the company on the \$25,000 cheque and also his own interests to the former officer of the firm. This had been accomplished without Sheridan's knowledge.

McKinnon President. D. J. McKinnon had the controlling interest. He was elected president. Ross was offered the vice-presidency and accepted. R. B. McKinnon was installed as secretary-treasurer. Mr. Sheridan was left with his stock and that held by the family.

From then on he turned his attention to real estate and established the Square Deal Realty Company, 140 Victoria-street. He was the senior partner of the firm and held considerable property in New Toronto and the suburbs. Sometimes he would call at the plant and talk to the old employees, as he liked to talk about the foundry business in which he spent thirty-five years of his life.

A New Revolver. The revolver with which Sheridan killed himself was new. There were nine steel-nosed bullets in it when it was opened. The tenth cartridge had been automatically thrown out by a spring.

Refused to Talk. When The World asked Coroner Dr. Ricker for the statement made by Sheridan in the letter about the Ross deal, the doctor would not even say what reason for the suicide was given in the note. He said that friends of Mr. Sheridan did not care to let the press publish the contents of the mis-

J. L. Ross, vice-president of the Pease Foundry Company, Toronto.

He refused absolutely even to discuss the letter.

A Strong Mason. Mr. Sheridan was a thirty-second degree Mason, but had not been transferred from his lodge in Scotland to Toronto. He is survived by a widow and daughter. A brother, James, lives in Syracuse. The family left for Fulton, N.Y., Sunday morning, where the body was shipped for burial.

The family resided at 5 Lowther-avenue and Mr. Sheridan was very well known in Toronto and all thru Canada.

## MIKADO RALLIES OUTLOOK GOOD

Temperature Declines Following Six Hours' Undisturbed Rest—General Prayers for Emperor's Recovery

TOKIO, July 22.—(Can. Press.)—More favorable news concerning the illness of Mutsuhito, the emperor of Japan, came from the palace this morning. The secretary of the imperial household announced at 5 o'clock that the condition of his majesty was considerably improved and that the attending court physicians were more hopeful. The emperor fell asleep at midnight and had nearly six hours' undisturbed rest. At 6 a.m., his temperature was 100 1/2 degrees Fahrenheit, which was a drop of 3 1/2 degrees within a few hours.

The earlier reports gave the pulse as 83 and respiration 24, and altho the heart showed some weakness, the symptoms were not considered alarming.

# Saunders Denies Story Of Fires in the North

Frederickhouse, Cochrane P.O., Ont., July 20.—Editor World: Immediately upon receipt of this letter I call upon you to retract all of the statements made in The World and also to give that retraction the same prominent place as the article originally received. In the first place I am not an Ontario Government employee and have never been in any way connected with a road gang. I have never been described as lawless and irresponsible by any person other than your informant. I did not start a blaze which destroyed miles of forest and many homes and I have never described a bush fire as a great joke. The fire started by me on July 2 to burn the slash around my house, outside of burning a canoe and running through a field of oats, did no damage and it did not travel along the Frederickhouse River or Buskoke.

My fire was started with the full consent of Mr. and Mrs. Hill and I was assisted by Mr. Hill, Junr. and also by Mr. Ridsdale (a close neighbor). The fire did not jump the Buskoke or Frederickhouse, and it did not burn the house of Mr. Gray. Neither did it go within two miles of Langdon's clearing.

There was no fire at McKimley's on July 2, and Burrows' shack was burned by their own fire. The twenty-acre slash referred to in your article was burned and the bush fire caused by same had been traveling towards me for nine hours before the fire was started on my clearing. It was this fire that burned Conn Smythe's house. The fire did not at any time endanger Holden's "fine house." It did not cross the Buskoke west and the wind did not change to the southeast at any time on July 2.

Mr. Hanson took his family out of the bush as he had taken a contract to clear bush for a neighbor. It was not an account of fire, but because he wished to be near his work. Mr. Blythe has not taken his family out of the bush. I do not consider myself lawless or irresponsible as I have the respect and esteem of almost all my neighbors, am not so considered by them. I have never bragged nor boasted about having started a fire, and I look upon bush fires as any-

thing but a joke. I have never made a statement that it is no affair of mine if I burn out a neighbor, but I have at times stated that it is up to every settler to get out and burn and make his house safe from fire which may at any time come thru on him. I have never at any time said or supposed that I have a right to endanger the lives and property of others. The truth of these statements is verified by the people supposed to have suffered by an act of mine and to be at my mercy. In the face of these facts you can not hesitate to contradict in full the report of July 10 and also to send me the name of the person who for pure reasons of spite concocted this infamous libel.

P.S.—The list of names attached to this letter are those of the persons mentioned in the article and also of all the surrounding settlers who testify to the truth of these statements and who are indignant that The World should publish such an article without first ascertaining the dependence and sanity of their correspondent.

# PANAMA CANAL IS PART OF U. S.

Purchase of Panama Zone Superseded Treaty Claim Made in Senate—Need Not Arbitrate.

WASHINGTON, July 20.—Senator Smith of South Carolina, speaking on the canal toll bill, today contended in the senate that the purchase by the United States Government of the Panama zone changed the relations of the United States with Great Britain and superseded the Hay-Pauncefote treaty of 1901. He expressed the belief that the United States has now a right to use the water of the Panama Canal in any way it pleases.

"Whether we shall submit to arbitration a question which pertains only to the internal domestic affairs of the United States," was declared by Mr. Smith as the real issue between the United States and Great Britain before the senate, he remarks being made during consideration of the Sunday civil bill.

Senator Smith called attention to the fact that the United States had never submitted to arbitration the claims of Colombia for redress for the loss of Panama.

"The fact that it has not been arbitrated does not relieve the United States from its responsibility," said Senator Bacon. "It is still a burning question and it is to our eternal disgrace that we should have treated a weaker nation as we have Colombia."

Senator Lodge declared that while he believed the United States has the right under the Hay-Pauncefote treaty to give concessions to American ships, yet he believed it would be impossible to secure the necessary and just compensation to rule in favor of the United States. The interest of all other nations, he said, would weigh against the claims of the United States.

# JAPAN DENIES MAKING TREATY

No Agreement With Russia Indicating Zones of Influence, is Official Statement Given Out.

WASHINGTON, July 20.—(Can. Press)—Formal denial of the published statement that a treaty between Japan and Russia looking to the definition of their respective interests in Manchuria and Mongolia was about to be signed at St. Petersburg, has reached the state department from the American embassy at Tokyo.

The embassy based its denial on information furnished by the Japanese foreign office. State department officials have nothing to say to reconcile the issue thus raised between St. Petersburg and Tokyo.

The unofficial opinion is expressed here that even if a treaty is in incubation it might be found to be nothing more than an agreement between the two powers not to interfere with each other in certain definite zones and such an agreement would have no binding force upon any other nation not a party to the agreement and which did not care to be bound by its provisions. Thus, it is pointed out, it would not materially affect the status quo in China or even in Manchuria or Mongolia so far as concerns the maintenance of the open door and the right of Great Britain, Germany, France or the United States to exercise the privileges or rights there as Japan or Russia.

# Caroline Fire Destroys House

ST. CATHARINES, July 20.—(Special.)—The residence of Albert Henry Dyke at Port Dalhousie, a well-known jewel of this city, was completely razed to the ground by a fire on Saturday. A gasoline stove exploded and started the blaze, which baffled efforts of the volunteer brigade, which worked hard to put it out. The house and all contents were entirely destroyed.

The blaze came near to having fatal results, a little child who was in the building narrowly escaping suffocation.

# Toronto Swimming Club

The 100 yards four style race at the club Saturday afternoon was won by R. Lounie in 1:41.25. W. Stevenson was second. Competitors had to swim 25 yards on the breast, 25 yards on the back, 25 yards side stroke, and 25 yards tread on water. The weather was a little raw on the water, but the men were present for a splendid race. The fancy diving contest was won by G. Miller, H. Hamilton being second.

# Charming Muskoka

The Muskoka Lakes, of which Lakes Muskoka, Rosseau and Josephine are the principal among some 800 in this district, are included in some of the most beautiful scenery that can be imagined, 115 miles north of Toronto on the line of the Grand Trunk Railway System. They are in the midst of the "Highlands of Ontario" and have become famous throughout the North American continent for the diverse attractions which they hold forth for the tourist, pleasure-seeker, sportsman and those in search of health. The curative odor of balsam and pine and the preponderance of water area to land surface together with the high altitude (1000 feet above the sea), render here a favorable condition, and perfect immunity from this annoying ailment is assured. The way to go is via Grand Trunk Railway System, the line which has made Muskoka famous. Train leaving Toronto 2:30 a.m. daily, carries first-class coaches and electric-lighted Pullman sleeping cars Toronto to Muskoka Wharf, making direct connection with steamers for all points on Muskoka Lakes. Train leaving Toronto 12:20 noon, daily, except Sunday, carries first-class coaches and electric-lighted Pullman sleeping cars Toronto to Muskoka Wharf and Hinzeville. Call at City Ticket Office at Grand Trunk at northwest corner King and Yonge streets (Phone Main 4269) for complete Muskoka Lakes folder, tickets and full information.

# Young Men Heavily Sentenced

BELLEVILLE, July 21.—(Special.)—Reuben G. P. R. car was broken into at Tremor and some 30 pairs of boots were stolen. Patrick Riley, Robert Spurr, John Collins, Joseph Douglas and Charles Mills, all young men were arrested, charged with the offense.

They were convicted before Police Magistrate O'Rourke and the first three were sentenced to five years, the last to a year and a half. Douglas was freed on the day in the Central Prison, and sent to six months in the Central Prison.

Hospital for Consumptive Children Being Rushed to Completion.

A new pavilion and a new cottage are in course of construction at the Muskoka Free Hospital for Consumptives. When these are completed, the accommodation for patients at the two Muskoka institutions will be increased to three hundred.

New buildings at the Hospital for Consumptives near Weston are also being rushed forward. These include a large three-story hospital to replace the buildings destroyed by fire some time ago, and a new hospital for consumptive children. The cornerstone of this latter institution was laid by the Duke of Connaught recently. The hospital is the first of its kind in the world. Two new long buildings are also being erected.

With the completion of these buildings, the total accommodation for consumptives at Muskoka and Weston will be increased to six hundred patients by the close of the year.

## Note and Comment

The loyalty of the owners and management of the Toronto Baseball Club to the home town cannot be over-estimated. A winning team was promised, and the results the past four weeks would indicate that the championship pennant will fly from the stadium flag pole through the summer of 1912. The spring training games, according to those on the spot, pointed to a team of superlative calibre, and so it was, as far as the fielders were concerned, and when President McCaffery, after the season was well under way, secured by trade and purchase Maxwell, Drucke, Gaspar, Graham and Bemis, the team started going like the auto-season predictions, and here's hoping that they can keep up the stride until they land the flag!

The race in the Dominion Lacrosse Union is worthy of note. Toronto, tied at the top, are almost identical with the Irish-Canadians, down at the bottom. The goals scored for and against, while the Irish-Canadians are just as good as Irish-Canadians in games won and lost, they have tallied seven goals less and lost twenty more.

Lacrosse matters have reached a climax in British Columbia. The riots of July 12, Vancouver turned the tables at New Westminster by 5 to 2, which followed on Saturday by the Salmon Belles refusing to line up at Vancouver. Com. Jones of the latter club and Harry Senkler of the B. C. Lacrosse Commission, are both disgraced by the action of New Westminster.

The difficulty seems to be that Vancouver came back a week ago Saturday after losing four straight, and won on the owner's grounds. Vancouver papers tell of incidents after that game. When the final goal sounded there was a rush of infuriated spectators to that part of the field where referee Reynolds was holding forth, and the official surely looked up against it.

Reynolds was struck several times while the players had some battles on their hands before the referee was able to climb over the fence. Reynolds' new grand stand, someone hurled a piece of plank and it struck the referee's forehead, and the official surely looked up against it. The rowdy was promptly arrested by plain clothes officers. The police drew revolvers. After the game Commissioner Senkler had a few remarks to make on the rowdyism. He was one of the most disgraced scenes ever connected with the national game. I considered Mr. Reynolds referred to in a fair and impartial manner, and he did the only thing possible when the rough play started in the final quarter.

Hustlers Hammer Drucke for 14 Hits and Win First of the Double-header—Torontos Bat Out the Second

ROCHESTER, July 21.—Tom Hughes gave a masterly exhibition of twirling and Rochester easily announced the first game of to-day's double-header. The Hustlers recovered from their recent batting slump by the extent of pounding Drucke for 14 hits. Hughes fanned 11 batters, a new record for the season here. After obtaining a six-run lead in the second game, bad pitching and errors by Michael and Ward enabled Toronto to win out in the last two innings for an even division of the honors of the day and three out of four on the series.

**Greys Here To-day.**  
 The fans should turn out in good numbers today to greet the Leafs after their great work at Rochester in the series just closed. Providence will be the attraction today, and also on Tuesday and Wednesday. The Greys at present are playing great ball, and as they have an extra strong pitching department, some great battles will be expected. Bert Maxwell, whose great pitching in the Rochester series was responsible for the Leafs winning two of the games, will be on the mound for the Leafs. Manager Lake of the Greys may work Leffitte, the former Rochester twirler. On Thursday the New York Giants will meet the Leafs here in an exhibition game. This is the first time that the Giants have ever been here, and as they look logical winners of the National League, the fans are sure to turn out in large numbers to get a glimpse of the men who will be in the series this year. The plan for the game to-day, and also for the Giants game on Thursday, is at 11 Bay street and 33 West King street.

## Frenchmen and the Irish Wallop Our Lacrosse Clubs

Nationals Trim Tecumsehs at the Island Stadium, 7 to 2 —Result Never in Doubt.

More consistent team-work, combined with superior aggressive play, gave the Nationals a 7-2 victory over the Tecumsehs at Hanan's Point on Saturday. The visitors showed general superiority over their opponents, and the result was never in doubt. The Indians, however, put up a hard struggle, but their attack was weak, and the Frenchmen had the knack of stealing the ball at critical points in the play.

The Montreal boys seemed to have the main worry, especially in the first half of the game. During the greater part of the encounter they retained possession of the ball, and hence the Indians' defence was worked to the hilt. The Nationals, on the other hand, showed a disposition to shoot while long distances from the net.

**Victoria Quilting Club.**  
 The weekly handball of the Victoria Quilting Club was played on Saturday afternoon, with a good turnout of members and spectators. In the second draw of the afternoon a new member of the club, A. McFadden, was given a prize in veteran quilt pitcher. His game over that one shot, and with a little more practice he will make a Saturday score.

**Argonaut Veterans' Race Is the Feature.**  
 The feature of the midsummer regatta of the Argonaut Rowing Club, which was held on Saturday afternoon on the bay course, was the veterans' race. The three crews entered finished after a desperate contest in the following order: 1. First—W. R. Morison, C. J. Watson, and C. S. Armstrong. 2. Second—J. J. Armstrong, Thos. H. Reid, and A. K. Macdonald. 3. Third—Capt. A. H. Hunter, Stoker, Major Heron, and A. L. Eastman. 2. W. D. Greer, p.

**Eastern Canoe Races.**  
 ST. JOHNS, Que., July 21.—The Grand Trunk Boat Club practically swept the board at the Eastern Division Canadian Canoe Association meet this afternoon. The winners were out of nine events. The events lost were both junior ones. The Boston crew, in most cases slow, however, even taking into consideration the heavy wind blowing, and the representatives of the Montreal district, on their showings to-day, will have little chance against the Ottawa and Toronto division paddlers in the finals in Toronto Aug. 2. There were very few new faces seen in the canoes, and the meet failed to uncover any dark horses. The times of the senior, in the mile and half-mile race, were respectively: 2:00 and 2:05. Kelly won the senior singles in 3:55, and with Galbraith, took the senior tandem in 3:40. The G. T. B. C. crews won the senior, intermediate and junior fours in 3:28, 3:22 and 3:27, respectively. The junior singles went to Eratt, in 4:25. The tandem and the tandem to St. Lambert in 2:48. The times for the intermediate, tandem and singles were 2:50 and 4 minutes.

**U. S. Lawn Tennis Championship.**  
 BOSTON, July 20.—The eastern championship in lawn tennis doubles was won to-day on the courts of the Longwood Cricket Club by Wm. J. Clothier of Philadelphia and George P. Gardner, Jr., of Boston, who defeated the winners of the first round, J. H. Taylor and J. W. Williams of Philadelphia in a long four-set match. Clothier and Gardner will go to Chicago to meet the champions of the south and west for the honor of challenging R. D. Little and G. P. Touchard, the present title-holders, at Newport, on Aug. 12.

# EDDA WINS IN RECORD TIME

Lands the Mile Feature on the Closing Day in 1:38 3-5—  
Favorites and Second Choices in Front.

### RACE TRACK, WINDSOR, July 20.

J. W. Schorr's Edda won the D. and C. Stake, the carded feature of the afternoon and, incidentally, established a new track record for the mile, clipping two-fifths of a second off the old mark of 1:38 3-5. Helen Barbee went to the front, opened up a big lead, followed by Spellbound. Edda was out-run to the stretch turn, where she came with a terrific burst of speed and won going away. Helen Barbee easily outlasted Spellbound for the place. In the opening event Lewis just lasted long enough to get the decision from Toy Boy by a nose, with the favorite winning. Widow two lengths back. A heavily played good thing Dorothy Dean just failed to come up to expectations, tiring fast in the last 16th, giving way to Flex and Sam R. Mayer. A drizzling rain made conditions rather unpleasant for a large get-away crowd, but judging from the applause tendered the winners they were well paid for the journey over the river.

FIRST RACE—Three-year-olds and up, selling, 5/4 furlongs: 1. Toy Boy, 119 (Callahan), 7 to 1, 5 to 2 and 5 to 2. 2. Winning Widow, 112 (Estep), 2 to 1, even and 9 to 20. Time 1:07. Mattine, Water Wells, Pre-Judge, Live Wire, Carrillon also ran.

SECOND RACE—Three-year-olds, selling, six furlongs: 1. Flex, 106 (Musgrave), 9 to 2, 5 to 5 and 3 to 5. 2. Samuel R. Mayer, 107 (Koerner), 10 to 1 and 2 to 1. 3. Dorothy Dean, 102 (Callahan), 15 to 1, 6 to 1 and 3 to 1. Time 1:14 3-5. Deduction, Futurity and Congressman James also ran.

THIRD RACE—Three-year-olds and up, 5/4 furlongs: 1. Cliff Edge, 108 (Butwell), 5 to 1, 2 to 1 and even. 2. Spryboard, 99 (Steele), 2 to 1, 9 to 10 and 2 to 5. 3. Chester Krum, 110 (Koerner), 8 to 1, 2 to 1 and 5 to 8. Time 1:12. Coy Lad, Zim, Bettie Sue and Lawton Wiggins also ran.

FOURTH RACE—D. and C. selling stake, three-year-olds and up, one mile: 1. Edda, 106 (Butwell), 5 to 1, 3 to 5 and 7 to 10. 2. Helen Barbee, 94 (Lounsbury), 7 to 1, 2 to 1 and 5 to 5. 3. Spellbound, 102 (Turner), 9 to 2, 5 to 5 and 7 to 10. Time 1:38 3-5. Altamha, Copper Town and Sand Hill also ran.

## CLOSING WEEK OF STOCK CO.

### "The Little Minister" Will Be Given at the Grand All This Week.

The Phillips-Shaw Company will close their summer season at the Grand this week and will present as the last offering J. M. Barrie's pretty Scotch comedy drama, "The Little Minister," which has not been seen here in years and which was made famous by Maud Adams, who presented the role of "Lady Babbie." Theatregoers are assured of a first-class performance, as everything has been secured to give the production a complete scenic equipment and all the members of the company have been assigned parts. "The Little Minister" is the role of "Lady Babbie" and Mr. Phillips will present the role of "The Little Minister." In closing the season the management desires to thank the theatregoers of the city for their liberal patronage during the summer and also the many patrons who have shown their appreciation of the plays produced by personal commendation. The company will return early next summer and remain until the opening of the regular winter season.

### The Bill at Scarborough.

This week's free open-air entertainment at Scarborough Beach Park is headed by Bobby Walthour and his Princeton Girls in a trick bicycle specialty. When the end came to the cycle racing boom, and Bobby Walthour could not get anyone to race him, he developed the trick riding branch of the game and speedily became as clever at it as he had been at the long distance racing. "The Princeton Girls and His Proteges," and it is said that they give one of the best bicycle riding turns that are to be seen in Canada. The Flying Dordaneas, who will be remembered for their sensational trapeze work at the Beach last year, will be another feature. Wednesday afternoon Whirlwinds, direct from the New York Hippodrome, will complete the bill. The band of the Queen's Own Rifles will give two concerts daily throughout the week.

## BERRY PIES, PUDDINGS, CAKES

### Seasonable Dishes That Most People Like.

The season of berry pies and puddings is here and most people are very fond of them. Berry pies take from about half an hour to 40 minutes to cook according to the size of the oven and the kind of pie, while for the puddings no general rule can be given as they are both baked and steamed.

A Good Pie Crust for Berry Pies. Take two cupfuls of pastry flour, sift it, add a pinch of salt and rub into it half a cupful of lard and sprinkle with just enough cold water to bind it together. Roll thin and put on it little pieces of butter, about the size of a pea, until you have used about one quarter of a cupful of butter, fold over and roll out again, keeping the board well dredged with flour, roll out a third time and the crust is ready for the pies. This rule makes enough crust for two pies.

Many cooks make a delicious crust with cream. They use just a little salt and as much thick cream as is necessary to mix with the flour to make the desired quantity.

All berry pies are made in about the same manner; after the plates are lined with crust, fill as full as you can with berries and dredge over them about half a spoonful of flour and two spoonfuls of sugar and two of water. If the fruit is very sour, use more sugar. To keep the juice from running use an upper crust cut it a little larger than the plate and raise the edge of the upper crust with a blade of a knife and lay the upper crust under it and press down. But a better way would be to put the upper crust on in strips about an inch wide and then crossing them again making little square holes. Instead of a solid crust, Maine Huckleberry Pie—Line the plate with good crust and rub over it slightly the white of an egg. Fill with the berries, sugar according to their acidity, put a little piece of butter in a pinch of salt and one teaspoonful of vinegar. Make straps of the crust over the top.

Blackberry pie is made same as above without vinegar. Raspberries can be made into a pie, but they are so delicate a fruit the flavor is lost when put between crusts.

Blackberry Cobbler.—In the south this is known as "family pie." Line a yellow pudding dish with pastry and fill with ripe, juicy blackberries—it will take about three cupfuls. Sprinkle liberally with sugar and cover with top crust rolled thin, double it together and make small slants in the middle with a sharp knife to allow the steam to escape. Now open it as they are both baked and steamed.

Persons who have lived in the huckleberry country know the delights of huckleberry griddle cakes as few city people do. Here is a recipe from the "Blue Book of Cookery." Use two cupfuls of flour, a saltspoon of salt, a teaspoonful of soda, two well-beaten eggs and two scant cupfuls of sour milk or cream. If there is no sour milk or cream use the same quantity of sweet milk with two teaspoonfuls of baking powder, omitting the soda. But the sour milk gives best result. Mix the dry ingredients first, then the milk. At the last add the eggs and then stir in two cupfuls of huckleberries washed and well dried with flour. If the batter seems too stiff, add a little more milk, and if too thin, a little more flour. Bake the cakes on a griddle and serve them directly from it.

Now that the Grand Trunk bridge over the Skeena River is complete and trains are running to that point from Prince Rupert, the next halt in the eastern march of construction will be at Skeena Gulch, 11 miles beyond. Here is a big undertaking in the construction of a cement and steel trestle work to carry the track over the gulch and one that will hold up progress for at least a month. After that the steel will be very quickly laid into the Town of Hazelton.

### ASQUITH IN CHEERFUL MOOD.

LONDON, July 20.—(Can. Press.)—The prime minister returned to London today from Dublin. He said that his reception in Dublin was unparalleled in enthusiasm and proved that home rule would enormously strengthen the empire.

The Liberals, Mr. Asquith declared, were never more united than they are now.

## PERCY HASWELL'S GREEN SOCKINGS

### Clever English Comedy Will Be Given by Popular Company at Royal Alexandra

Commencing to-night and for the balance of the week, Miss Haswell, the local favorite, will present at the Alexandra Theatre, that clever comedy, by E. A. W. Mason and George Fleming, "Green Stockings." This is the play in which Miss Margaret Anglin scored such a tremendous "hit" in this country a little over a year ago. Miss Haswell's ability to present this play is not to be questioned, and that she will make her audience laugh this week as long and loud as she has done in previous weeks, is a foregone conclusion. The story deals with one Celia Paraday, being the eldest sister of four, having been forced to wear stockings of the above hue, according to the old English custom, at the wedding of her two younger sisters. Now that the third is to be married, and not wishing to wear the green stockings, Celia invents an imaginary fiancé, and announces the fact the day he is supposed to sail for Africa. After several months, she becomes tired of entertaining an imaginary fiancé and kills him by the simple method of sending a paragraph to the newspaper to the effect that he was killed in battle. This comes a messenger from Africa, bearing with him the dead hero's love for Celia. Out of the complications which arise, a delightful comedy has been evolved. The usual Wednesday and Saturday matinees will be given. Seats are on sale now.

### Star Opens Saturday.

F. W. Star, proprietor of the Star Theatre, announces Saturday matinee as the opening of his popular business house of the theatre. The theatre is housed from top to bottom by the M. Andrews studio, which is noted for its artistic work in England, and they have employed the best artists that the theatre affords in an endeavor to show the theatre-going public of this city how an English opera house is decorated. This in itself will be a welcome to the person paying this house a visit, and is two-fifths in the enjoyment of the entertainment. The Lady Buccaneers will open the house and remain during the week of July 23.

### Seasonable Recipes

#### Lightning Cake.

Put into a cup two eggs unbeaten, four tablespoons of melted (not hot) butter; fill the rest of the cup with milk, add one teaspoon of vanilla; then pour into a bowl. Put into a sifter one cup of flour, one cup of sugar, one teaspoon of baking powder and sift these into the bowl with the other ingredients and stir all together rapidly a few minutes. Bake in a loaf tin or two layer tins. Half a cup of broken nuts, currants or of citron makes a pleasant change.

#### Banana Ruffles.

Slice bananas in halves lengthwise. Pour over them a sauce made of one cup of brown sugar, two tablespoons of cream, butter the size of an egg. Stir over a fire till dissolved. Roll till it hairs, add one teaspoon of vanilla, remove from stove, beat slightly, pour while hot over bananas. Pipe whipped cream on top and serve.

#### Orange Ruffs.

For a light, sweet biscuit for a luncheon dainty, mix a baking powder biscuit dough, roll it, cut into small circles; dip cubes of sugar in orange juice and plunge a cube in the center of each biscuit before baking; sprinkle with grated orange rind, add a few drops of melted butter; bake. Serve piping hot.

#### Blackberry Corn Starch.

BLACKBERRY CORNSTARCH. Pour off the juice from blackberry preserves, enough to make a pint; when hot (not boiling) add two heaping tablespoons of cornstarch which has been diluted with a little of the cold juice; cook three minutes, stirring all the time. Turn into individual molds and place in the refrigerator until time to serve. Pass cream with it.

#### FADS AND FRILLS.

Both robes of Turkish taweling in the soft colors, combined with white, are quite as pretty as they are practical. They come in most attractive styles.

It is very difficult to keep the collar of the lingerie blouse from soiling quickly, and often the laundering process is difficult. Paste into the neck of the sheer net collars a piece of

narrow white ribbon. This gets the wear and is sufficiently heavy to prevent the net or lace beneath soiling; it is easily replaced, and, if one wishes in addition to wear a little ruching, the ribbon is a firm foundation for sewing the ruching into place.

Cutwork alone or in combination with eyelet embroidery is seen on some of the handsome white linen suits and frocks.

Polka dot chiffon in blues and greens made over changeable taffeta, is extremely effective.

Boudoir slippers of pompadour ribbon are finished at the top with tiny ribbon flowers.

Quite pretty are the chains of sizable links of tortoise shell joined with smaller links of gold.

Silk gloves with openwork wrists and backs and sometimes with open work fingers are cool.

Soft little boleros reaching to a couple of inches above the waistline, sleeveless as often as not, are a feature of the spring styles.

White satin and white taffeta short coats, self-trimmed or embroidered, will be worn over not only white skirts

but also with colored stripes or figured frocks.

A unique hat recently shown was made with a stiff, perfectly flat brim. The ribbon is a scant full of lace one and one-half inches long.

Waistcoats are used with many of the little coats, and for these Jouy cottons, corded silks and various embroidered and brocaded materials are used.

The French are using soft smoke grays in satin and silk to be worn with colored coats. Grays in taupe and smoke tones harmonize with almost any color, and are as practical as black.

COTTON STATISTICS

NEW ORLEANS, July 20 - World's visible supply of cotton, according to the statement by the New Orleans Cotton Exchange, is 5,285,787, against 5,287,787 bales last year.

MONETARY OUTLOOK

The monetary outlook has improved. A better demand for funds is anticipated in the early future owing to crop requirements and the increasing activity of business. Our banks have been strengthening their position by calling in loans, which evidently had much to do with last week's liquidation of stocks.

BANK MERGER TALK SET AT REST

A number of bank merger rumors have been going the rounds in Montreal of late and to such an extent have the reports been circulated that several of the general managers and other high officials of the chartered institutions have sought to set the stories at rest by absolute denials.

CEMENT CO. EARNINGS ARE FALLING OFF

MONTREAL, July 20 - Mr. Frank P. COALINGA OIL FIELDS

WILL BREAK ALL RECORDS. Tremendous Activity in Development Assures Most Prosperous Year.

Tremendous production and great prosperity in the OIL INDUSTRY of California this year is assured by the activity in development. Mr. William Gray, President of THE DOMINION OIL COMPANY, who is now in Coalinga, Cal., writes most enthusiastically over the outlook:

"Coalinga is just now, without doubt, the scene of greater activity than any other part of the state. Derricks are as thick as trees in the forest from the south of section 6 to the summit of the hills on the north, and all the big companies are watching with the greatest interest the development."

From private advices just received, THE DOMINION NOW HAVE AN ASSURED WELL. This information is absolutely authentic, and, in consequence, ON AND AFTER MONDAY, JULY 29TH, the price of the TREASURY SHARES, which you can now purchase at \$1.00 each, WILL BE ADVANCED TO \$1.25 PER SHARE. Mr. Gray advises us, that we may expect a wire from him in the very near future TO WITHDRAW THE STOCK FROM THE MARKET ENTIRELY.

We have told you from the first day that we advertised the shares of THE DOMINION OIL COMPANY that we confidently expected that Company to make good, and this is now YOUR LAST CHANCE TO SECURE SHARES, before the big advance in the price takes place.

Call at our offices, 239 Confederation Life Building, Queen Street Entrance, and see the big five-gallon jar of the oil from THE DOMINION OIL COMPANY'S WELL, and let us tell you fully of the merits of this exceptional investment. The demand for crude oil is increasing daily, and the dividends that will be paid to the investors in producing oil companies will far exceed the returns offered by any other enterprise.

THE SHARES IN THE DOMINION OIL COMPANY, WHICH YOU CAN NOW PURCHASE AT \$1.00, MAY BE WITHDRAWN FROM THE MARKET ANY DAY, SO ACT QUICKLY.

For full particulars call personally or write for illustrated prospectus.
