GERMANS BEING DRIVEN OUT OF NORTHERN BELGIUM ON ENORMOUS SCALE IN ONE OF THE WAR'S GREATEST AND MOST VITAL VICTORIES.

Germans being driven out of Northern Belgium on enormous scale in one of the war's greatest and most vital victories.

With the Allied Armies in Belgium, Oct. 16.—The Germans have started a retreat on a tremendous scale from northern Belgium. French cavalry is approaching Thiel, seven miles from the banks of the Ghent-Bruges canal. The canal itself is only ten miles from the border of Holland. So fast is the enemy retreating that the French, British and Belgian infantry, at least in the centre of the battlefield, have not touch entirely with the enemy.

The Belgians advancing astride the Thourout-Bruges and Thourout-Ostend roads have defeated the Germans, who are retreating rapidly.

This undoubtedly is one of the war's greatest and most vital victories, for the gallant little Belgian army, ably assisted by crack French and British troops, now has driven the despisers of its country from a large section which the Germans have occupied since the early days of the war and has gained positions of such importance that the Germans may have to abandon the entire coast of Belgium.

Moreover, the sweeping advance of the allied infantry, preceded by a fan of French cavalry advancing rapidly, has left the entire area in which are the important City of Lille and the great mining and manufacturing districts of Tourcoing, Roubaix and Tournai, in a salient which is growing deeper every hour and which the enemy cannot hope to hold.

The French cavalry, which is on the crest of the allied advance, has done marvelous work. Today it galloped forward more than ten kilometres, frequently carrying out charges, with all the dash usually associated with cavalry, upon isolated posts of enemy machine gunners which vainly attempted to hold up its advance. Some of these gunners, taken prisoner, said they were totally unable to under-

stand why the war was going on and why they were called upon to continue fighting. One officer said: "We had offered all the terms in the world for peace; nobody seems willing to accept them."

Resistance, where it has been offered by the enemy, has been extraordinarily fierce, for in some places it has obviously been the purpose of the commanders of the fleeing Germans to gain time in which to remove their materials. Stubborn fighting has been reported especially from the region of Thourout. The battle here was from street to street and from house to house, and large numbers of the enemy have been killed. Some Belgian forces have swept around the city in order to cut the roads at the rear and also assist in bottling up the enemy trying to hold out in the city itself. The Germans had placed machine guns in the windows of houses and cellars and poured murderous streams of bullets into the advancing Belgians, but were unable to stop them. The Belgians fought with a dogged determination such as only troops fighting to regain their outraged country could display. Nothing could stop them. The British following up the retreating Germans are over-coming the rearguards and are reported at Quesnoy and as having captured Linselles, along the Lys. The Belgians at the time this dispatch was filed were reported to be past Keyem and to have reached positions on the other side of Cachent and Ardoye, both of which they captured. North-east of Courtrai, Bavichov was stormed and taken and the Belgians were still going.

The Linselles position is most valuable, for the place being northwest of Turcoing, the allied troops are gradually outflanking the entire Lille salient from which there are further signs that the enemy is withdrawing. As a matter of fact, his troops in this salient are in an extremely

precarious position. They must get out rapidly or face disastrous consequences.

A thousand more prisoners and many more cannon have been captured. The Germans at many places, especially in the northern part of the battle area, seem to be surrendering freely. Many more civilians have been rescued from the towns and districts captured and little provisions of these are straggling rearward out of range of the guns and out of the way of the fighting troops. Stories are beginning to come back how liberated Belgian women have seen their sons, brothers or husbands going forward into battle.

Quite a number of civilians also have been rescued from Roulers and its environs, the Germans having left in such a hurry that they had not time to evacuate the civilians who wanted to stay and take a chance of being liberated. Today these men, women and children are again walking on the free soil of France.

The Germans appear to be making strenuous efforts to save their munitions and equipment and their material, the accumulation of four years, from the coast districts of Belgium. The roads behind the Germans are littered with all sorts of transport and allied airplanes are again playing havoc with the retreating enemy.

The weather today was cloudy, but thus far no more rain has fallen. However, Flanders is mud from one end to the other and this condition makes movement difficult for the allied troops. The ooze and soft ground make it doubly difficult for the enemy to move back. Therefore, the allied soldiers have put up with great hardships, for they realize that they have the enemy on the run in the most vital section of the west front and do not desire to let him have a chance to reassemble his tattered units. Outside of Cour-

trai the infantry have progressed about three miles and here have been compelled to fight their way forward, for the Germans had orders to hold on to the last and they did so. Not many of those who had been stationed with machine guns to try to hold up the advance of the allied troops managed to escape. Virtually all were killed or wounded or are prisoners.

At the Thiel positions the enemy cavalry has begun to come into a country where the ground and roads are harder, allowing them to operate more freely. From here, the Holland border is less than twenty miles. It is thru this gap that the Germans thruout the entire Belgian coast system must go if they wish to save themselves, providing, of course, the advance continues. Incidentally every yard of advance here narrows the enemy's escape gap.

It would seem that if the weather holds out long enough and the advance continues at the present rate of speed the Germans soon will have lost control of great stretches of Belgium, especially the coast, which is important for submarines, aside from stretches of northern France from where, all rules of tactics strategy demand, they must evacuate as being outflanked by their lines turned. So far as is known the Germans have not any formidable line in their rear where they can find refuge.

Moreover, the German high command is not in a position to send reinforcements of any consequence to Flanders, as they are all needed and fully occupied elsewhere. The Belgians, British and French count among their prisoners the entire staff of a crack German regiment, including the colonel commanding. What has become of the German infantry in the centre of the battlefield is not known. All that is certain is that the advancing allied troops have not encountered any in some hours.

LILLE SALIENT OUTFLANKED

Whole Sector of Lille, Roubaix, Turcoing and Courtrai Must Fall in a Few Days—Lys River is Crossed and Thousands of Prisoners Are Taken.

London, Oct. 16.—The British forces in the sector between Douai and Lille have made further gains all along the front and driven their line to within about 2 1/2 miles southwest and 3 1/2 miles west of Lille, according to Field-Marshal Haig's communication issued tonight. The text reads: "We carried out a successful local operation last night in the Selle Valley, capturing the village of Haussey and more than 500 prisoners."

"On the Douai-Lille front the enemy is continuing his withdrawal, closely followed by our troops, who have reached the general line of Oignies, Carvin, Allennes-lez-Marais, Maugre and Capinghem. Sharp fighting has taken place at different points between the enemy's rearguards and our advance detachments. Some prisoners have been taken."

"The British second army, under command of Gen. Plumer, co-operating with the Belgian and French forces in Flanders in the course of the past three days, has realized an advance of more than eight miles. "During this period, despite strong opposition, the British captured the towns of Comines, Werwicq, Menin, Vervicq, Heule and Guerne, and secured the northern portion of Courtrai."

"The left bank of the Lys River now has been cleared of the enemy as far as to the northeast of Harlebeke. "Today our troops crossed the Lys between Armentieres and Menin. In towns and villages captured by the second army in Flanders, many civilians have been found and freed from the domination of the enemy. More than 4,000 prisoners and upwards of 150 guns already have been taken."

"In these successful operations the ninth division, forming a part of the command of Gen. Jacob's second corps, has again fought with great distinction. Valuable and gallant service has been rendered also by the twenty-ninth, thirty-fifth, thirty-sixth and forty-first divisions, as well as other divisions engaged."

"Splendid Success Goes On. British Headquarters in Flanders, Oct. 16.—Throuout yesterday evening in the moonlight the allies continued to follow up their splendid successes in Belgium."

"At 9 o'clock this morning Belgian cavalry patrols were reported to be within a kilometre of Thiel. Previously cavalry was reported to be working toward Thourout. The allies were reported to be more than half-way thru the Wyndael Wood this morning and the infantry to have reached a point near Lichtervelde, and near the western fringe of Harlebeke they were said to be advancing 2000 yards south-west of Ogyhem, all along the northern outskirts of Courtrai and thru the centre of Iseghem."

"Last night the Franco-Belgian infantry were on the general line of Boscheweter, Adenwalle, Swaertegem and Haentze, thence to a point 1000 yards east of the Thourout-Roulers road, and on to the Wyndael station

at Beve to the south of Iseghem, the Lendele station, Heule and Bavichove to Harlebeke. "This morning the capture of Boscheweter and Adenwalle seemed to have been confirmed, and French troops were reported to be along the railway west of Lichtervelde. Ingelmonster apparently has been occupied and the Courtrai railway reached east of Capelle Ste. Catherine."

"The British were reported to be across the Lys east of Comines, with their posts established beyond La Basséeville. "Yesterday, the Germans attacked from Iseghem and forced the Belgian line back to Boschmolen, but a counter-attack drove them beyond their starting point. Prisoners and guns continue to be gathered in, but there has been no time to count the latest captures."

Between Lens and Armentieres the

Germans continue to fall back, and the British are drawing near Lille. During the night they crossed the Haute Deule Canal, 2000 yards east of Pont-a-Vendin, and threw out a screen of strong patrols which have maintained harassing touch with the enemy. "The British are reported to be holding Pont-a-Sault, Fosse 2, Provin and Santes-lez-Haubourdin, and today were pushing towards Annooulin. Hanvartury Chateau is in the possession of the British. The weather is fine but misty."

Thourout is Surrounded. British Headquarters in France, Oct. 16.—There is an unconfirmed report that in the fighting in Flanders, Thourout has been surrounded. It is not known whether there are still any Germans in the place, but the rapidity of the advance of the allies ought to mean that the town will be found intact when it is occupied.

GERMANY THREATENS TURKEY

Black Sea Fleet Will Open Fire on Constantinople if Separate Peace is Made.

Washington, Oct. 16.—With the Berlin-Constantinople railroad cut by the allied occupation of Nish, Germany is relying upon its Black Sea fleet to hold Turkey in line. Information has been received at the state department that the Turkish Government has been told by Berlin that the fleet will open fire on the Ottoman capital at the first sign of defection. This German fleet consists largely of warships captured from the Russians, but is believed here to be strong enough to control, for the present at least, the Turkish Government. It was pointed out today that, with the British forces rapidly clearing Palestine and Mesopotamia of Turkish control, Turkey must hold to Constantinople

REPLY TO WILSON NOTE MAY ACCEPT HIS TERMS

London, Oct. 16.—The German reply to President Wilson's latest note probably will be sent today, according to news received here thru diplomatic channels from Holland. It is expected that the reply will be an acceptance of President Wilson's terms with some modification to the effect that the interests of the German people must be respected.

POLISH NATIONAL ARMY RECOGNIZED AS ALLIES

London, Oct. 16.—The British Government has recognized the Polish national army as autonomous, allied and co-belligerent, according to an official announcement tonight.

GRAND PRE JUNCTION TAKEN BY AMERICANS

With the American Army Northwest of Verdun, Oct. 16.—The American troops today occupied the Town of Grand Pre on the north bank of the Aire River, north of the Argonne Forest. Grand Pre is only a village, and its normal population is less than 1500, but the place is of great strategic importance. It is the junction of the railway feeding a great part of the German army, and lies at the foot of the valley extending northward, at the entrance of which the Germans have fought so stubbornly.

ITALIANS OCCUPY TIRANA

Rome, Oct. 16.—Italian troops advancing in Albania on Monday occupied Tirana, 17 miles northwest of Elbasan, the Italian war office announced today.

WHERE RUMOR STARTED THAT KAISER HAD QUIT

Amsterdam, Oct. 16.—The Nieuwe Rotterdamse Courant today issued a special edition giving the report that Germany had capitulated, and that Emperor William had abdicated.

GERMANY HASN'T CAPITULATED

London, Oct. 16.—The official press bureau is officially informed that the reports published to the effect that Germany has capitulated have no foundation in fact.

The Chestin' o' Wee York!

Stewart: Are ye far gone o'er th' Viaduct at th' christenin' on Friday, Josephus?

Josephus: Seeing that it was built by the 'five city papers,' of which I am one, I may attend. But my chief reason for attending would be to get a mind-glimpse of its obsequatory values. Many solemn pageants will pass over it, the when the high winds blow thru the valley and on the top of the sacred way, it may be necessary to advance the solemn accelerators.

Stewart: But why not gang til see what a brow bleasin' it will be til th' public fa travail o'er it to an' fra their hames.

Josephus: I prefer ideas that co-ordinate with my serious calling.

Stewart: Climb down, ma freen, an' gie a han' to Tommy, th' mayer, til spill th' confetti o'er aw th' bonnie big o' Don.

Joe: Besides, my four dear companions of the press, who hardly mention the bridge, think it leads to Domlands.

Stewart: It means a lot mair than that. It spells a Greater Toronto. I would na objek if ye were officiatin' tomorrow at the chestin' o' Wee York!

FURS FOR THE FAMILY.

Furs are being worn more extensively than ever, and as a result fur-bearing animals are becoming rarer every year. The traders in the far north are experiencing great difficulty in keeping up with the demand. Dison's, through a fortunate buy early last summer, have an exceptionally large and exclusive stock on hand. Prices are moderate. Buy now and you will save 25 per cent. on your purchase. The Dison offering comprises everything in furs for men, women and children. Exclusive designs, superior linings and every article is made in the Dison workshops, which is a positive guarantee that it will be made right. A reputable store for furs, 140 Yonge street.

FURTHER WITHDRAWAL PLANNED

In Face of Steady Pressure by Allies, Germans Commence Evacuation of Courtrai and Harlebeke—British Reach Banks of the Lys.

With the Allied Armies in Belgium, Oct. 16.—There are many signs that the Germans are planning a further withdrawal in the face of the steady pressure of the allies. Great streams of enemy traffic began moving last night and continued today on the roads around Courtrai and Harlebeke and on the railways running northeast. Trench mortars and machine gun-

fire are seriously hampering the enemy transport in its attempt to get the material away thru the mud. The German withdrawal continues in the Lille sector, but slowly. In the southern battle area there has been fighting of a minor character. More civilians have been rescued from towns, especially from Haussey. The British have established a bridgehead south of the Lys, near

Werwicq. After fighting all night, and smashing forward for a gain of 7000 yards, one British corps continued its advance until it had reached the banks of the Lys, south of Courtrai. Another corps established itself between Heule and Courtrai. The Village of Heule was captured after severe fighting, in which the Germans suffered tremendous losses.

TWO GAPS FOR ESCAPE

Germans Have Left Only Narrow Gorges of Mezieres and Hirson For Retreat—Allies Threaten Both Routes.

With the French Army in France, Oct. 16.—The entire substance of the German armies between Cambrai and the Meuse must pass thru two narrow routes by way of Hirson and Mezieres. These are the two lines upon which the security of the German armies now depends, and it is toward those two lines that the French and Americans in Champagne, and the British and French in the region of Cambrai and Guise, have been advancing. The most plausible reason for a general retreat of the German armies is the necessity of reducing the distance between them and these two points, both of which are already remotely threatened, and to pry the danger of their being bottled up and captured. The only alternative would have been the engagement of their entire reserves in a desperate pitched battle in the forlorn hope of

wresting from the allies the initiative in operations for the balance of the fighting season. Military experts, who regard the retreat as that of a completely defeated force, attribute the German reverse, firstly, to the desperate gamble risked by Ludendorff in the spring in throwing in and compromising the greatest part of his strength in an attempt to gain a quick and decisive result, which left his forces exhausted; secondly, to the discouragement of the German soldier, disappointed in the promises held out to him in March of an early peace; thirdly, to Ludendorff's tactics of attacks over restricted fronts in mass, pursued to the exhaustion of the forces engaged; and, fourthly, to the success of Marshal Foch's tactics of harassing the enemy without respite at many different points simultaneously, making it impossible for the enemy to bring up reserves to all the threatened positions.

THOUROUT-BRUGES ROAD SEVERED

Progress Made to Within Five Miles of North Sea—Three Important Towns Taken.

Havre, Oct. 16.—The Belgians have extended their battlefield north of the Handesme Canal, where they have made progress in the region of Schoore, five miles from the North Sea, southeast of Neuport, and generally gained ground eastward as far as Colescamp, according to the official communication issued tonight. The Town of Iseghem, east of Roulers, has been captured. The text follows: "We have made progress on the whole of the front of attack, which has been extended north of the Handesme Canal between Thourout and Tser. We have gained ground in the direction of Schoore, tizen Keyem, reached the Prustbosch Wood and Chateau Wyndael and captured the outskirts of Thourout."

FRENCH TAKE DE LIESSA AND VILLAGE OF TALMA

Paris, Oct. 16.—Northwest of Sissonne in Champagne the French have captured the Town of Notre Dame de Liesse, and west of Grand Pre have taken the Village of Talma, according to the official communication issued by the war office tonight.

EIGHTY-FIVE MILES ABOVE DAMASCUS

British Reach Homs in Course of Occupying Syria—Locate Turk Cavalry.

London, Oct. 16.—British cavalry has occupied Tripoli, 45 miles north of Beirut, and Hama, about 85 miles north of Damascus, according to an official statement on operations in Palestine, issued tonight. The text of the communication says: "On the occupation of Beirut by our troops, Oct. 5, 40 Turkish officers and 600 men of other ranks were made prisoner. Bebek was entered by our armored car batteries Oct. 9, and it was ascertained that a force of about 500 Turks had surrendered to the local inhabitants. "Our advanced cavalry and armored cars also occupied Tripoli Sunday, and Hama, Tuesday, without opposition. The latter town having been reported by our air service as evacuated and in flames Oct. 12. "Turkish cavalry detachments retreating thru Homs have been located at El Rasran, 11 miles north. Satellite conditions prevail in the recently occupied territory."

VIADUCT TO BE OPENED ON FRIDAY MORNING

The opening of the viaduct will take place tomorrow morning at ten-thirty o'clock. The mayor and city council, heads of civic departments and a few others who have been interested in the big undertaking have been invited to attend. Works Commissioner Harris said last night that no formal opening program had been arranged. The party will meet at the city hall at ten-fifteen and motor to the head of Broadway avenue.

Another Attempt Made On Nikolai Lenine's Life

Amsterdam, Oct. 16.—Another attempt has been made upon the life of Nikolai Lenine, the Bolshevist premier, according to The Leipzig Abend Zeitung. General Anzeiger's Kiev correspondent, Lenine received a bullet in the shoulder from a revolver in the hands of M. Dwanitzke, the information bureau of the Soviet. Dwanitzke was arrested.

the cotton over it, cover completely. Sometimes a gauze applied under a pressure bandage, sometimes the plain linens, you may be ordered to put poultice. In that case your poultice just as except you would add mustard the doctor poultice and str it in. The poultice is a and must be changed as necessary to keep the poultice.

Form of applying moist fomentation. If you to foment a patient, at you would require a towel, or some piece in cloth, in which your fomentation cloth, towel over the basin, put pieces of flannel or whiting to use, pour the over them, then fold the fomentation cloth to the fomentations in you can wring them very dry and at a higher temperature you could with your hands, or prepared for the reception of the just as for the poultice, compressions as directed cotton and with some will prevent and will retain the may be ordered to use fomentation. Sometimes compound tincture of eucalyptus is used. If the doctor tells you to use fomentation, ask him if he thinks it is quite sure, ask him to you may be told to give an inhalation. It is giving medicine local respiratory passages. You sit up in bed, and her. Have a basin of hot water, put what you are ordered to use then bring the blanket over your patient's head so that the steam. Bring right over the head and feet. Air that is artificial is usually deficient in moisture. It is essential for anyone who has any of the bronchial passages to supply humidity. So room warm water, both the steam is given off, at least, so as to keep up in the room.

It may be delirious, and of a delirious patient, contradict him. Always him if he thinks the pain is hanging from wrong, don't say "no," of something else, and change the way the curative. Usually a cold cloth and warmth to the feet get his mind off what is worrying him. A little ice on the forehead with your fingers, massaging above the eyebrows, firmly, stroking upwards just in front of the ear, along behind the ear, back of the neck, will often put the patient use it has a very soothing and helps to draw blood from the brain.

ment in cases of this age, each case has to be treated according to the location and symptoms. It is possible to get milk, and with is thoroughly cleaned ring of the tongue is usually acceptable. To patient at night a glass is excellent. During the patient at regular intervals, some if he is tired of milk, or broth or fruit juice, at is nauseated is very retain grape juice, and that has good food value, peaking of the ordinary, grape juice.

en we observe the rules, I avail ourselves of the path of healing that nature us in the sunshine there will be very little, and I have not said about drugs when speaking. It is more the use of helping nature to overcome things, and when you go if you can educate the at home to the value of sunshine you have done a generations yet und

Men! EATON-Made Suits Display Clearly the Results

Of carefully selected cloths and shades, careful tailoring, at a price that is causing unusual interest in the clothing field today.

At \$22.50 are Worsted Suits, in single-breasted models, in three-button semi-fitting style, with natural formed shoulders and notch lapels; in grey and black pin check worsteds; also plain grey pick and pick terms. Sizes 36 to 44. Price \$22.50.

At \$25.00 are hand-tailored single-breasted sacque suits, of cashmere finished tweed, in heather mixture; also black and white striped effect in body fitting model, with peak lapels. Sizes 36 to 44. Price \$25.00.

At \$32.50 is a Worsted Suit, in brown and grey stripe of mixture, in single-breasted, three-button semi-fitting style, with soft roll lapels to the second button, narrow shoulders, has deep vent in back, and is lined with beatrice twill. Sizes 36 to 44. Price \$32.50.

—Main Floor, Queen St.

Men! The "Mallory" is a Hat That Ranks With the Best for Quality, Style and Value, at \$5.00

These are in crease crown style with flaring or curling brims, bound edges. In dark or medium green trimmed with corded ribbon having tailored bow at side, or the puggaree band; sizes 6 5-8 to 7 1-2. Each \$5.00.

Men's soft felt hats, in fedora shape, with flaring brim, welted or bound edges, in green and grey; sizes 6 5-8 to 7 1-2, each \$2.50.

Men's and boys' caps of cotton and wool tweed mixtures, in grey, brown, fawn pinchecks or overlaid, with one, four or eight-piece tops, some are heavy weight materials, with fur band for winter wear. Sizes 6 3-8 to 7 1-8, each 75c.

Kiddies' Plush Rah-Rah Hats, with drooping stitch brim, lined with grey satin-faced lining, and trimmed with black ribbon, and bow at side with buckle. Sizes 6 to 6 7-8. Each, today \$2.00.

—Main Floor, James Street.

DROP-HEAD SEWING MACHINES OFFERED TODAY AT \$21.00

To Commemorate Our 21st Anniversary of Sewing Machine Selling

"Extra good values" and "square dealing" are the reasons for such tremendous progress that has been made in that length of time. But while the past is a history of which we are proud, to do better is our aim, and the values offered today in sewing machines in spite of difficulties of the times are little short of sensational. A special display is arranged on the Second Floor of the Furniture Building, and those interested in sewing should make a point of seeing the developments in modern

machines, and note the values.

One feature will be the exhibit of a box top sewing machine, which was sold twenty-one years ago, at \$21.00, and is still in perfect-running condition. It has been in use in a Toronto home all that time and has never cost the owner a 5c piece, except for needles and oil.

Another Feature Will Be the Offering of 200 Drop-Head Sewing Machines as an Anniversary Special at \$21.00 Each

If You Want a Good Machine, Come Today and Take Advantage of the Saving, for These Are Certainly Offered at Much Less Than Usual. Sewing Machine Department is on Second Floor of the Furniture Building

These machines are guaranteed for ten years. The working parts are specially hardened, ball-bearings are placed at all speed points, making it light-running and easy to operate, and the careful, up-to-date construction eliminates almost all vibration. The drop-head is fitted with an automatic lift, which permits of its being brought into position, ready to sew, with one motion.

The machine has a positive, self-adjusting feed, making a perfect stitch, and has a self-threading shuttle. It is fitted with four drawers to hold the necessary requisites, while an 18-inch tape measure is embedded under the varnish on the table in front of the sewing head, which will be found a very convenient feature. The cabinet work is well-seasoned quarter-cut oak in a rich golden finish.

A full set of attachments and instruction book go with this handsome and reliable machine. Anniversary Sale price, today, \$21.00.

—Second Floor, Furniture Building.

THE T. EATON CO LIMITED

SPANISH INFLUENZA

S. O. S. Lectures to Young Lady Volunteers
By Dr. Margaret Patterson.
Lecture No. 3—General Symptoms.

(Continued From Page 2.)

virulent virus, and there follows a general immunity among those of the population who have been infected. As the epidemic dies out, the infection decreases in virulence and only sporadic cases occur. From such cases and probably chronic carriers, local outbreaks occur, but the general immunity prevents any general epidemic. After a period of years a new susceptible population has replaced the immune one, and with the introduction of a fresh virulent virus a general epidemic is again brought about. This would account for the great susceptibility of young persons, and as it is twenty-eight years since the last great epidemic, we should not expect many individuals above thirty years of age to be now affected.

Causation

The causative agent of epidemic influenza has not been certainly recognized. The attachment of the name "influenza bacillus" to a small bacillus described by Pfeiffer in 1892 has been followed by its frequent recognition as the actual specific agent. There is, however, much uncertainty as to its etiological role. It is to be hoped that the study of the present epidemic may lead to some certain knowledge regarding the essential cause of the disease. This should enable us to determine whether the endemic cases and those of limited mild epidemics are really identical with the ones observed in the great periodic outbreaks.

Course of the Disease

The cases in the present epidemic begin usually quite suddenly with pain in the head, back, eyes, limbs and joints. With the pains there is great prostration, chilliness and a fever of from 101 to 104 F. The pulse does not become very rapid, and the patient often is drowsy. Vomiting may occur. Sometimes there may be diarrhoea, but usually there is constipation. After the disease has become established the mucous membranes of the nose and throat become red and swollen, there is sneezing and redness of the conjunctiva. Involvement of the larynx, causing hoarseness, and of the bronchi, causing cough, are common. There is an associated leucopenia or a normal leucocyte count. A leukocytosis points to some complication. The fever gradually falls to normal after a few days, and more or less prostration is present during convalescence. A transient albuminuria is frequent. Many of the cases have hemorrhages of the mucous membranes of the nose, some of the urethra or bowel.

Secondary Pneumonia

Not infrequently a lobular pneumonia develops after a few days, and this is responsible for most of the fatalities. The pneumonia differs from the usual picture of pneumonia, in that the temperature may be very slight and the pulse rate may give little indication of the gravity of the condition. These cases, instead of subsiding, may come down to practically normal temperature for twelve hours, then there may be a sharp rise in temperature, not followed by a chill, headache, boneache, headache or nausea.

About this time there may also be expectoration containing bright red streaks. As a rule, twelve or twenty-four hours after the second rise of temperature, on physical examination, in the lower lung, in a preponderance of cases on the left side, small areas about the size of a silver dollar of typical pneumonic consolidation are found by auscultation. These areas may become marked, so that by the second day of the second rise, scattered thru the lung, probably both lungs, ten have appeared. If the patient dies well, these would gradually disappear. They did not resolve as a pneumonia would after this in the recovered patients was remarkable as to its rapidity. Other cases went on to a typical lobar, massive consolidation, as far as the physical signs were concerned, with dullness, increase in fremitus, typical tubular voice and breathing, and all the signs, except that there was not a very marked increase in the pulse rate, and the respirations were not up to this time markedly increased.

Cases with almost complete consolidation of the lung, as to the lower lobes, with a temperature of 105, would have a pulse around 100, with respirations 24 to 26. There may be rapidly developing toxemia and vasomotor depression, with death of the patient resulting in many cases.

The incubation period of these influenza is probably very short, but it is difficult to obtain accurate figures spread entirely by contact infection, the virus of the disease being disseminated for short distances thru droplets driven into the air in coughing and sneezing. Circumstances which favor this means of spread, such as crowding in cars, favor the spread of the disease.

Treatment. The treatment of the disease is largely symptomatic. Acetylsalicylic acid or similar remedies may be required to relieve the pain. The acetylsalicylic acid may be given in a dosage of 1 gm. (15 grains) every three

hours, as advised by Howlett, or a smaller dose combined with 0.1 gm. (2 grains) of acetophenetidin until symptomatic relief is secured. Warm baths may give relief, also in numerous cases hydrotherapeutic methods failed and were discarded. The mouth should be kept clean and elimination stimulated by the free ingestion of water and hot drinks. The patient should be kept in bed in a well-ventilated room until the fever has disappeared. Chilling should be avoided. The latter precaution will do much in avoiding the occurrence of complications.

When pneumonia develops, as indicated by moist rales in the base of the lungs, with or without dulness on percussion, the patient demands particular care. Every effort must be made to provide for an adequate intake of fluids and for nourishment, which must be given in fluid form to a large extent. Warm packs are often useful, combined with the application of cold to the head. With any indication of failing hearts stimulants are indicated.

In the cases of secondary pneumonia, as in which pneumonia, the chief conditions to be combated are the severe toxemia and the vasomotor depression. The toxemia may be combated by the use of saline cathartics, getting fluids into the body by mouth or proctoclysis or even by hypodermoclysis. Small doses of epinephrin may be given at the same time. The removal of the toxemia may be aided by securing elimination, giving large doses of salts, such as magnesium citrate, or by the giving of calomel. In severe cases venesection may prove extremely valuable. If a marked cyanosis occurs, as is frequently the case, this may be combated by the use of oxygen by inhalation, perhaps according to the method devised by Meitner or even as has been suggested by Dr. F. Tice, by injection of oxygen under the skin. The prostration is to be combated by the use of the usual stimulants such as caffeine and sodium benzoate, digitalis, atropin, or camphorated oil, usually hypodermically. The final stages in this pneumonia are frequently a massive exudation into the lungs and bronchi. Efforts have been made to combat this by the use of morphia and large doses of atropin. In some cases as much as 0.025 gm. or 1-25 grain, being used.

Specific measures are not available in the treatment of influenza. The certain identification of the causal agent we may hope for some special protective measures and perhaps for some specific therapeutic virus.

It is a question of a specific virus to be used in immunizing animals, there remains but one source of a therapeutic serum at the present time. This is in the blood of persons recently recovered from the disease. It is quite probable that the blood of convalescent patients contains antibodies for the specific agent of the disease. It would be desirable to inject citrated convalescent blood into the muscles of patients with pneumonia, at least. Naturally such blood should be known to give a negative Wassermann reaction. In view of the strikingly bene-

ficial results from convalescent serum in scarlet fever secured by a number of observers it seems reasonable to try this in influenza pneumonia, especially as it is devoid of any harmful effects.

Prophylaxis. The measures to be taken to prevent the spread of the disease comprise all those which interfere with the transfer of the infectious materials from the sick to the uninfected. This includes isolation of the patient and the intelligent use of proper gauze masks by the attendant. In the time of an epidemic prompt and efficient isolation of the first cases in a community could accomplish much. If this has been neglected and the infection has spread among the population measures which prevent the coming together of numbers of persons in close quarters are to be employed. The desirability of closing schools in a large city in the presence of an epidemic is a measure of doubtful value. In smaller places this is more reasonable, and the danger of infection when children are outdoors should be less than when they are brought together in a school room.

they will form part of a provincial competition, and again two prizes will be given, the first being a \$25 Dominion war savings certificate and the second a \$10 Dominion war savings certificate and the certificate.

Talk No. 1

Rates for Telephone Service

As already announced, we find it necessary to ask the Board of Railway Commissioners for authority to readjust our schedule of rates for service.

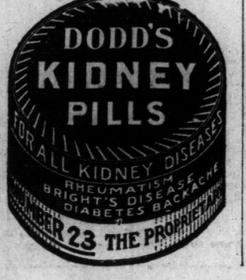

Why should we ask that telephone rates be raised? We believe our subscribers and the public are entitled to a frank statement from us.

All fair-minded and thoughtful people will agree with the recent statement of President Wilson before the American Electric Railway Association:—

"A just price must, of course, be paid for everything we buy. By a just price I mean a price which will sustain the industries concerned in a high state of efficiency, provide a living for those who conduct them, enable them to pay good wages and make possible the expansion of their enterprises which will from time to time become necessary as the stupendous undertakings of this great war develop. We could not reasonably pay less than such prices. They are necessary for the maintenance and development of industry, and the maintenance and development of industry are necessary for the great task we have on hand."

Public utilities, no less than private enterprises, must receive such treatment if they are to give an adequate service and meet the growing needs of the community.

The Bell Telephone Company of Canada

Weather and Extra Low Prices Both Urge You To Buy Furs NOW

THERE'S a "snap" in the air these cool nights that tells you you need your new furs NOW. Don't imagine that it's worth while "putting off" till prices get lower. They can't possibly get lower this year—pelts are scarce; there's a big shortage of skilled help; there's a bigger demand than ever for furs—to take the place of wool. So you'll save money—as well as get the full season's use out of your furs—if you buy them early. As an added inducement we have opened the brisket selling season we have ever known with a stupendous array of money-saving bargains. One glance at these beautiful, luxurious furs will tell you that here are extraordinary offers—VALUES that should be snapped up without hesitation or delay. For all are worthy of the Sellers-Gough label they bear—wonderful quality, expertly finished, up-to-the-minute styles.

Choose From the Finest Display of New Fur Styles on the Continent

This year the Sellers-Gough display outstrips all former achievements. It is the most comprehensive and authoritative exhibit of new fur styles ever assembled. But it is when you examine the amazing variety—the stupendous number of new models shown—the COMPLETENESS of the display—that you realize the wonder wrought by the vast Sellers-Gough organization, despite war-time difficulties. Here you can see a variety of models that cannot be matched anywhere on the continent! Every new style is here, every wanted style. And as this list below (chosen at random from the stupendous array of money-saving offers) shows—you can get just the fur piece you want at the price you can afford to pay.

A Stupendous Array of Extraordinary Offers Starting Extra Inducements to Buy Your Fur Early

- HUDSON SEAL MODEL COATS**, all made from selected skins. The styles are loose, full box, semi-fitting, and close-fitting; full belts and pockets, large cuffs and shawl collar, deep cuffs of Alaska sable, natural lynx, black lynx, beaver, and mink. Some are plain, lined with finest quality pussy willow and brocade silk linings. Special, \$300.00, \$325.00, \$350.00, \$375.00, up to \$450.00.
- ALASKA SABLE NECK-PIECES**, made up full animal style, finished with head, tail and paw, deep over shoulders and back. Made from finest quality skins, soft \$50.00 silk linings. Special \$35.00.
- ALASKA SABLE MUFFS**, new round melon shape, fine quality skins, soft silk lining, down bed, new ring wrist holder. Special \$35.00.
- COATEES**, made up of Hudson seal, trimmed with grey squirrel, Alaska sable, mink and beaver. Some have sleeves, belts and pockets, beautifully lined and finished. Special \$150.00, \$175.00, \$200.00, up to \$250.00.
- RED FOX NECKPIECES**, full animal style, finished with large head, full tail and paw; made from finest quality skins, linings of soft silk, finished with silk ties. Special \$65.00, \$40.00, \$45.00, \$50.00, up to \$65.00.
- RED FOX MUFFS**, made up to match neckpieces in new round style, finished with head, tail and paw; deep over shoulders and back. Made from finest quality skins, new ring wrist holder. Special \$40.00, \$45.00, \$50.00, up to \$65.00.

Buy Furs by MAIL

No matter where you live in Canada you can buy furs of Sellers-Gough quality, workmanship and style by mail. And you can save money. Our new 1918-19 Fur Style Book is the finest fur-buying guide ever published. Life-like color plates and page after page of money-saving bargains. You can have your copy for the asking—sent FREE. Write at once. Supply is limited.

SEIZE CARS OF COAL GOING TO GOVERNMENT

Local Commissioners Distributing to Residents of Towns to Alleviate Suffering.

According to despatches from several Ontario points local fuel commissioners have been seizing cars of coal consigned to the Dominion Government and distributing it among the residents of the towns for domestic use. Where this extreme action was taken the fuel commissioners declared that residents were undergoing hardships owing to the lack of fuel and local indignation forced them to take action. Enquiry at the office of the fuel administrator for Ontario elicited the information that consigned to the Dominion Government enjoyed priority and was not liable to seizure. H. A. Harrington of the fuel administrator's department has returned from the mining district, where he spent several days endeavoring to expedite the shipment of coal towards Ontario. He took up particularly the question of supply for soldiers' dependents, and expects within a short time to have available some 3000 tons for distribution among the families of those now overseas. This will be supplemented from time to time whenever possible.

There are still scores of municipalities in the province entirely without coal, and as rapidly as possible relief is being sent them in the shape of supplies of fuel diverted from more

NEW POLICE SYSTEM WILL BE ASKED FOR

The West Toronto G.W.V.A. clubhouse at the corner of Concord avenue and Bloor street will not materialize. Last night, President Marani told the members that arrangements with the Pentecostal Mission had fallen thru, and that the money paid on the building and site would be returned to the branch.

The branch elected Comrades Marani, Meredith, Rice and Furtak a committee to collaborate with a committee from Central Branch to form a strong deputation to the council, to point out the need of making over the police system of Toronto. The resolution which covered several pages, pointed out that the present system with its directorate had been in force many years, that it had been formulated when Toronto was a small town with few requirements, and that both the system and the present body of commissioners formed a memento of the obsolete past.

The deputation will move the appointment of an entirely new commission, to be named by the city council, that the police department be re-organized, and that the G.W.V.A. be re-imbursed for its work of the past few weeks in connection with the riot of August 17. A. Rockwood being specially considered in this connection.

TO HAVE CONFERENCE WITH THE VETERANS

W. C. Hagen, business agent for the Toronto locals of the International Union of Machinists, W. J. Moore, James Brent and J. A. Young were last night elected a committee by the district council for Toronto to confer with a similar committee from the G.W.V.A. relative to the vocational training of returned soldiers in the machine shops.

W. C. Hagen, Mr. Moore and Mr. Young were appointed a committee to draft a resolution expressing the views of Toronto machinists relative to the new order-in-council prohibiting strikes under severe penalties, these views being opposed to this policy.

Delegates will be elected by the various Toronto locals to the provincial convention of machinists, which is to be held at the Labor Temple on Nov. 20.

WORKMEN ARE INJURED AT POLSONS' IRONWORKS

There were two workmen injured at the Polson Iron Works yesterday. John Royk, 114 St. Patrick street, was injured at 2:30 p.m. by a piece of iron falling on his head. He was removed to the General Hospital in the police ambulance.

About 7:15 p.m. Archibald Lane, 253 Crawford street, was working on one of the ships at the yard when he fell from the platform he was working on, a distance of 35 feet. He received severe injuries to his head and was taken to St. Michael's Hospital in the police ambulance.

NUXATED IRON

Restores strength and energy. Builds up the system. Cures weakness, anemia, and all ailments arising from a deficient supply of iron in the blood.

LIEUTENANT LEE REPORTED KILLED

Many Toronto Names in Casualties Reported Here Yesterday.

Lieut. Charles Nairne Lee, reported as killed in action, went overseas in 1916 with a draft of officers and had been at the front since August of this year. He was the son of the late Dr. C. Nairne Lee, Dunfermline, Scotland, and had lived in Toronto nine years with his uncle, F. W. Lee, 425 Palmerston boulevard. He is survived by his mother, a younger brother and two sisters.

Sergt.-Major Arthur Hesketh, M.M., who enlisted in the 8th Battalion and went to France with the 75th, has died of wounds. He was wounded in March, 1917, but after 11 months' convalescence returned to the front and won the Military Medal for gallantry at Lens.

Lieut. John M. McCulloch has been admitted to the General Hospital suffering from severe wounds in the back. He had been three years in France and won the Military Medal and his commission on the battlefield. He went overseas as a private in the cyclists. Two brothers, George and Norman, have been killed in action. The parents reside at 655 St. Clair avenue.

Lieut. H. R. McQuay, reported wounded, lived at 47 Hamby avenue, and went over with the 218th (Banants) Battalion. He is a native of Toronto. Two brothers are also on military service.

Lieut. Guy E. Mills, reported severely wounded in the left thigh, went overseas with the 4th Battalion, and prior to his departure was secretary to Hon. N. W. Rowell and also connected with the O'Brien mine in Cobalt. His home is at 35 Bedford Park avenue.

Lieut. C. M. Doolittle, son of C. L. Doolittle, 258 Grace street, is officially reported to have been killed on Oct. 5 in an airplane accident in England. He enlisted in Feb., 1915, with the Mounted Rifles. He has also served at the front with the 1st Hussars.

Lieut. F. H. Stockhausen, reported killed in action, was the only son of E. W. Stockhausen, 1098 Dufferin street. He enlisted as a private and went overseas in the 170th Battalion from Camp Borden in 1916. He was a member of Broadway Methodist Tabernacle.

Pte. Donald Wm. Monk, reported killed in action, enlisted in the 35th O.R. Battalion. He reached France last August, when 19 years old. Prior to joining the 18th Battalion he was in the game and fisheries office at the parliament buildings.

Pte. William Stanley Masson, killed in action, was a son of Mrs. Jessie Masson, 112 St. Vincent street. Prior to joining the 18th Battalion he was in the game and fisheries office at the parliament buildings.

Sergt. Sydney Haines Broadrib, whose wife resides at 2215 Davenport road, has died of gunshot wounds. He went overseas nearly four years ago with the Canadian Engineers.

Pte. Bertram A. Burrows, 245 Symington avenue, reported to have died of wounds, enlisted in 1916 with the 29th Battalion, and served overseas with two other Toronto battalions. He was a year and a half at the front.

Gunner Wm. O'Hare, who died of wounds, had enlisted the first day of the war, when 17 years of age. He was a son of Edwin O'Hare, 92 Chambers avenue. At Vimy Ridge he was wounded and received high praise for his gallantry. He was a talented musician and painter.

Mrs. Bert Ravelle, 71 Grenadier road, has received word that her brother, Pte. Herbert Baker, had died of wounds.

Gunner M. M. Ford, who enlisted in the 71st Battery, is reported killed in action. He was the son of Ezra A. Ford, 14 Norval street.

Driver Gordon W. Quinn, son of M. J. Quinn, 59 Oakmount road, has been killed in action. He was a native of Toronto, who had served 18 months at the front with the machine gunners. Of five sons of J. G. Douse, Leroy, Ont., three have been killed in action, another is wounded and the fifth has been invalided home. Three of those were employed in Toronto before enlisting. News that Lance-Corp. Gordon Douse and Pte. Henry C. Douse had been killed in action, both on Sept. 29, reached the father yesterday. The former was an employee of the Bank of Toronto in Toronto.

Word has been received by Mrs. E. Tilly, 235 Augusta avenue, that her son, Company Sergt.-Major Norman Dent, M.M., was admitted to No. 23 casualty clearing station on Oct. 11, suffering from dangerous wounds.

Following the sun with WRIGLEYS

Vision, for a moment, those far off ports beyond the trackless seas— From Arctic ice, to the torrid lands beneath the Southern Cross— From towns tucked in the mountains, to the busy river's mouth— WRIGLEYS is there!

There, because men find comfort and refreshment in its continued use. Because of its benefits and because The Flavour Lasts!

After Every Meal.

Dr. Reaume's Son Was Killed; First Reported Missing

Windsor, Oct. 16.—A telegram from the militia department to Hon. J. O. Reaume today advised him that his son, Lieut. Stanley Reaume, machine gunner, officially reported as missing in action October 6, is now listed officially as killed. The young man was 24 years old and at time of enlistment was a student at Toronto University.

WILL REPAIR BAD ROAD

Woodstock, Oct. 16.—The Woodstock to Ingersoll road, known far and wide as one of the worst pieces of road in western Ontario, will in the very near future be repaired. An agreement has been reached between Ingersoll, Woodstock and the county officials, whereby the three municipalities will share the cost and the work, it is expected, will commence shortly.

MOUNT ROYAL HAS FALLEN

The forces which have been at work at Mount Royal tunnel have completed their work, and on Oct. 21st the Canadian Northern Railway will establish through train service between Toronto Union Station, Ottawa, Central Station and Montreal Tunnel Terminal, 415 LaSalle street west, two blocks from the Windsor Hotel, Windsor and Bonaventure stations.

Rail, sleeping and parlor car tickets are obtainable at all Canadian Northern Railway ticket offices.

AIRMEN SAVE T.N.T.

Washington, Oct. 16.—Eight million pounds of T.N.T. were saved from destruction during the recent fire at the Gillespie shell-loading plant at Morgan, N.J., by an army airplane which flew over the wrecked works at an altitude of 1000 feet and directed the fight against the flames. The war department announced the feat today, disclosing that the plane was piloted by Lieut. Cyrus P. Smythe, with Major H. L. Armstrong as observer.

CHRISTMAS COMFORT KITS

The Women's Liberal Club has made and filled 1200 Christmas comfort kits for the soldiers of Moore Barrack Hospital, England.

ACCIDENT WAS DUE TO HUMAN FRAILTY

Enquiry into Trenton Explosion Shows It Was Caused by Carelessness.

Trenton, Oct. 16.—Failure of one of the three employees attending the nitrate to implicitly obey instructions as to the quantity of various chemicals used was responsible for the disaster which wiped out half of the \$3,500,000 plant of the British Chemical Company, Ltd., here on Monday.

This has been definitely established by an investigation conducted by Manager N. Barclay of the company. Mr. Barclay, representing the department of the imperial munitions board, and Mr. Fitzgerald, assistant to Sir Joseph Fawcett on the imperial munitions board, they also found that there was no malicious intent, but that the accident was due to human frailty.

In the substance of a statement by Manager Barclay, his meaning is determined which he did not care to give any names, as it could not be made the slip. They were not foreigners.

MILITARY TO INVESTIGATE

Kingston, Oct. 16.—A thorough investigation into the fire and explosions which destroyed part of the plant of the Canadian Chemical Company at Trenton will be made by the military authorities. This investigation is prompted by the fact that about three weeks ago a notice was thrown to the quarters of the officers in charge of the guard which has been protecting the plant. The note contained a warning to "beware of the Bolsheviks."

REICHSTAG TO CONTROL DECLARATIONS OF WAR

Copenhagen, Oct. 16.—Germany's federal council has accepted the proposed amendments to the constitution, article two, making it read: "The consent of the federal council and the reichstag is required for a declaration of war in the case where imperial territory has been invaded or its coasts attacked."

Section three of article two also amended to read: "Treaties of peace and treaties with foreign states which deal with affairs coming under the competence of the imperial law-giving bodies require the consent of the federal council and the reichstag."

Insurance Charges at Lloyd's In Event of Peace Declaration

London, Oct. 16.—Lloyd's today charged 40 guineas per cent. for payment of total loss in the event of peace being declared on or before Dec. 31 and 50 guineas per cent. if declared on or before March 31, 1919.

ADOPT EASTERN TIME

Detroit, Oct. 16.—Eastern standard time has been adopted by the common council as official time for the city after midnight, Oct. 26, when by government order the clocks of the country are to be moved back one hour. The action of the council will leave Detroit clocks exactly as they are.

Make next week your parcel week.

Michie's Overseas Department is equipped to pack and dispatch promptly and efficiently—thousands of Xmas parcels.

MICHIE & CO., LIMITED

Ontario Emergency Volunteer Health Auxiliary DAY and NIGHT SERVICE

Volunteers as "Sisters of Service" to aid in nursing influenza cases are urgently required, both in and out of Toronto.

Lectures are being delivered at the Parliament Buildings, Toronto, daily at 10 a.m. and 3 p.m. to those desiring instruction, and will be continued till further notice.

Official badges will be delivered to those who offer their services and attend the lectures.

All applications should be made to the undersigned.

HOSPITAL authorities AND private PERSONS desiring NURSING ASSISTANCE will RECEIVE prompt ATTENTION.

A pamphlet containing the course of lectures may be had on application.

Address all communications, PARLIAMENT BUILDINGS, TORONTO.

JOHN W. S. McCULLOUGH,
Chairman, Executive Committee.

Telephone—
Day service between 9 a.m. and 5 p.m.—Call Main 5800.
Night service between 5 p.m. and 9 a.m.—Call Main 5810.

Interrupted Delivery of Bread

Influenza has invaded the homes of our drivers and many are unable to take out their wagons for delivering bread.

The interruption will be short

We hope to have our delivery service back to its normal condition very soon, and ask our patrons in the meantime to be patient and considerate. We are doing our best to please our customers.

Those who have motor cars can get bread at the bakery office for cash or tickets

GEORGE LAWRENCE, Baker

21, 23, 25, 27 Carr St. (Cor. Denison Ave.)

Canada Food Board Baker's License, No. 5-1056.

TO CLOSE THEATRES BECAUSE OF "FLU"

Authorities Decide to Take Further Measures of Precaution. MORE DEATHS OCCUR

Dr. Hastings Advises What to Do When Threatened With It.

Announcement will be made today closing every place of public amusement, including theatres, moving-pictures and music halls. At a meeting of the local board of health last Monday, the theatre owners petitioned against such action and the authorities took the view that the outbreak was not sufficiently serious to make the order. Since then, however, the educational campaign which has been inaugurated by the health authorities has resulted in very few people attending any public entertainments, so that it will not be a matter of any great hardship to the theatre people if they do close up. In fact some of them have already done so, and at this morning's meeting of the health board a deputation from the theatre owners is expected to present and announce their willingness to close until the medical health department thinks it safe to reopen. Meanwhile Dr. Hastings has already notified them not to admit children under 17 years of age.

Another preventive measure adopted yesterday by Dr. Hastings, directs all employers of labor to insist that their employees report on the first appearance of symptoms and then send them home with instructions to go to bed at once. By so doing serious consequences will be minimized. In fact some of the time lost is lessened. There is very little likelihood, Dr. Hastings says, of a serious outcome if the disease is fought from the beginning in bed. Prompt surrender and sensible measures will pave the way for a light attack and early and permanent recovery.

What to Do When You Get "It" Following up his general advice as to what to do when an attack is threatened, Dr. Hastings has issued the following specific instructions, which he advises everybody to carry out:

"Influenza is likely to be comparatively harmless if the following simple instructions are observed. If not, it may become a very serious illness. The important thing is to go to bed immediately the first symptoms appear and to stay there until a doctor pronounces it safe to get up. Do not be foolish and get up as soon as you feel better. Stay in bed for at least 48 hours longer—till your system has recovered from the poisoning effects of the disease. By so doing you will probably avoid a relapse, which frequently in this disease proves fatal. "As influenza germ produces a profuse poisoning and checks elimination a purgative should be taken at once to help carry away the poison, and plenty of water should be drunk for the same purpose. "As long as the temperature is up only liquid or semi-solid foods should be taken. Plenty of circulating fresh air has been proved to be of the greatest value in treatment. "Of course a doctor should be called in promptly in every case. "However, the thing that may make the real difference between a trifling malady and a dangerous disease is lying up at once and staying in bed until the danger of complications is well passed. "Take a purgative, call the doctor, go to bed promptly, then keep your windows open and keep warm." Disease Claims More Victims. At the city clerk's office up to 5 o'clock yesterday afternoon 31 deaths from the "flu" were reported and 17 from pneumonia. This brings the total

number of deaths from "flu" so far this month up to 128 and of pneumonia 109, making a total of 237 deaths. There are about 700 cases of the disease in the various hospitals of the city.

Thirty-eight city firemen are down with the "flu" and about 175 street railway employees. There are 47 cases in the police force.

The shortage of doctors to fight the epidemic is not so acute as the shortage of nurses, there are quite a few students being used now to assist the doctors in the less serious cases. The chief difficulty heretofore has been the shortage of motor cars for the doctors to get around in, but it is expected that this obstacle will be overcome at the meeting of the board of health this morning.

School teachers on the whole are not responding to the S.O.S. call as well as they might. They also will be taken up at the meeting of the board this morning.

Of the 30 young women who took the lectures at the parliament buildings yesterday, only two showed up ready for action.

NEW HOSPITALS READY. The two new hospitals, the Arlington and the Moscow, are being hurried to completion, and it is probable that the former will be able to accept some patients today. Dr. M. H. White will be in charge of all "flu" emergency hospitals. Dr. Abraham will be in direct charge of the Arlington, and Miss Matheson of the Isolation Hospital staff acting as superintendent.

A chef and dietitian are already installed in the kitchen, which has been thoroughly repaired and cleaned. All day yesterday a corps of workers wielded the broom and scrubbing brush in order to put the place in fit condition for patients. Linens were sorted and marked and dishes washed and piled. Several kitchen teachers came in and offered to help and were hailed with joy. Many more helpers are needed and nurses' aids must be secured at once.

The boy scouts have mobilized with the slogan "Fighting the Flu," and will be on hand at the emergency hospitals to render whatever service they can. Much help is still urgently needed. Many girls from the higher grades of the colleges could be of inestimable assistance if they would only help on hand at the emergency hospitals to render whatever service they can.

UNIVERSITY CLASSES HAVE BEEN CANCELED. After consultation with Dr. Ryerson of the faculty of medicine, President Falconer of Toronto University has decided to close all classes and laboratories at the faculty of medicine until further notice. This action will assist in combating the outbreak of influenza and will lessen the chances of infection which might arise in class and laboratory work.

All students in the faculty of medicine are asked to volunteer their services to fight the epidemic. They are requested to register their names and addresses at the office of the secretary, medical building, Toronto University.

WILLING TO HELP. Hundreds of girls and women are registering at the Government Employment Bureau on King street to help in the influenza epidemic.

SAVED BY MASKS. A new activity for women is the making of masks for protection against influenza. At St. James Parish House 1800 were made and sent out, the report from the base hospital being that practically none of the orderlies or cleaners have had the disease because of the use of the masks.

NEED MOTOR CARS. Owners of motor cars could help the sick and relieve the nurses of the Victorian Order and the St. Elizabeth Order by lending their cars to help in the influenza epidemic.

ST. ELIZABETH NURSES, 570 Sherbourne street, North 889.

STUDENTS ARE ILL. Seventy-five students at the Ontario Agricultural College, Guelph, are reported to be ill with influenza, and lectures have been suspended.

NOT TOLD TO STOP. "The regular meeting of the Trades and Labor Council will be held tomorrow as usual, so far as I know," said John Young, member of the executive, last night.

GORDON SPIERS DEAD. Gordon Spiers died yesterday after an illness of ten days from pneumonia. He was 19 years of age, and resided at 16 Woolfrey avenue. He was the second eldest son of R. M. Spiers, principal of Withrow Avenue School.

CASES ARE MANY. Rev. G. H. Copeland, pastor Donlands Methodist Church, states that many cases of Spanish influenza are prevalent in his congregation. In one family, the aunt died recently, and the grandmother and four children are now ill.

CANCEL ALL MEETINGS. According to Rev. A. I. Terryberry, pastor Hope street Church, Danforth avenue, all social events are canceled during the influenza epidemic.

MAN YBRANCHES AFFECTED. Spanish influenza is taking a serious hold upon members of practically all the branches of the G. W. V. A. except perhaps Parkdale. Central auxiliaries had five calls for nurses from soldiers' families within the past 24 hours. The work of Mrs. Birrell and other members of the Central Branch Auxiliary at the city hall, to combat the scourge, has been much appreciated by the civic authorities. The members of all the Toronto auxiliaries are taking big risks, and working very hard at many homes as auxiliary nurses.

DIES OF INFLUENZA. Herbert K. Welch, aged 17, died yesterday of influenza at his parents' residence, 64 Chester avenue. His father, Wm. Welch, is assistant superintendent of Danforth Methodist Church.

MEETING POSTPONED. The central council of York Township Ratepayers' Association meeting which was to have been held this evening at Oddfellows' Hall, 404 Bathurst street, is postponed owing to the influenza epidemic.

TROOPS AT EXHIBITION ARE UNDER QUARANTINE. Military headquarters announce that as a precautionary measure against the influenza epidemic, all the troops will be placed under quarantine, confined to Exhibition Camp, and only permitted out on official business or special pass.

The soldiers who leave the camp grounds on special leave have been warned that they must not patronize theatres, dance halls, eating houses or other crowded places. Public vehicles are only to be used when absolutely necessary.

Twice daily the soldiers in camp will be paraded to have their temperatures taken. There are about a thousand troops at Exhibition Park.

U. C. C. OLD BOYS. The annual meeting of Upper Canada College Old Boys' Association has been postponed, along with prize day, to a date to be announced later.

BALL IS CANCELED. Earlecourt Great War Veterans received a letter yesterday morning from Dr. Hastings, M.O.H., instructing them not to hold the masque ball that was to have been held at Belmont Hall. All meetings of a public nature in this section have been canceled. A large number of the business men of St. Clair avenue are ill with the Spanish "flu."

HEARTY RESPONSE MADE BY NURSES

Appeal for Volunteers Heard and Many Attend Lectures.

The response to the appeal for volunteer nursing aid in Toronto has been unprecedentedly large. The four lectures so far delivered have had an attendance exceeding 1000, and over 100 of those who have taken the three-lecture course are now actually in attendance on cases of influenza in Toronto, and about 20 others left by afternoon train for outside points to care for patients.

Advice has been received by Col. McCullough that branches of the emergency volunteer nursing auxiliary are being established at Hamilton, St. Catharines, Windsor, London, Kingston, Ottawa, Guelph and Cobourg.

In the absence of advice from other cities and towns in Ontario, a telegram has been so far dispatched to the mayors of these places to the following effect: Please reply at once with following information:

1. How many cases of Spanish influenza have you?
2. Are they increasing in number?
3. Have you sufficient professional assistance of doctors and nurses?
4. If not, what further assistance do you require?
5. Are you arranging to establish a branch of the newly organized Ontario Emergency Volunteer Health Auxiliary?

The response to the appeal for volunteer nursing aid in Toronto has been unprecedentedly large. The four lectures so far delivered have had an attendance exceeding 1000, and over 100 of those who have taken the three-lecture course are now actually in attendance on cases of influenza in Toronto, and about 20 others left by afternoon train for outside points to care for patients.

Nothing is being left undone to grapple successfully with the situation. If the municipalities which desire aid will make known their needs the provincial board feel satisfied that they can render most useful assistance.

MOTHER TELLS HOW TO COMBAT DISEASE. A mother writes to The World as follows: Dear Editor: Owing to the alarming prevalence of Spanish influenza, I feel that it is my duty to write and record my treatment of this disease, which ravaged my two boys alternately during August, in Long Branch Park.

The first symptoms were a languid feeling, with a temperature rising to 104. Both boys felt that the disease showed in the stomach, but could emit nothing therefrom. On noting the white coating on the tongue and the enlarged appearance of the eyes, especially the pupil, it seemed the trouble was in the stomach, but on examination of the throat the disease showed a more diphtheritic or violent fever aspect. As the case could not readily be determined on a research of medical books, castor oil was administered without further delay. After each dose of oil, the temperature subsided. Three large doses in 48 hours, in the case of the youngest boy, were required before the temperature became normal.

As light or noise pained the eyes and head, the room was kept quiet and darkened, with plenty of fresh air and a warm covering over the patient. No meals were given until the temperature was normal.

It seems that the disease must run its course, lasting about five days, with fatal results if not watched, and the only way to combat the disease is through the bowels, which should move at least three times in twenty-four hours, until the temperature remains normal.

The stools must be gotten rid of at once. At Long Branch we did not trust the sanitary system to carry them away, but buried them deep in the ground immediately.

The surrounding towns which empty their sewers into the rivers are more devastated by this disease, because the sewage is used in toilet.

Just here I may say that as our medical men cannot be present at all times, it is necessary to have a prompt attention is necessary, and on account of a mother's helplessness in responsible position. If there here will soon be in existence an instructive course of medical education for mothers.

NO DEATHS REPORTED SITUATION IS BETTER. An official report issued yesterday announced that there had been no deaths from influenza at the Military Base Hospital during the preceding 24 hours, but that six soldiers had died from broncho-pneumonia.

A general improvement in the situation of the influenza outbreak in regard to the military was reported yesterday by Col. L. E. W. Irving, D.S.O., chief medical officer at Toronto headquarters. The discharges from the hospitals were greater than the admissions. Major-Gen. Fotheringham has made an inspection of the military hospitals, including the base, and expressed himself as well satisfied with the treatment accorded the soldiers and the way the situation was being handled by Lieut.-Col. E. B. Harby, D.S.O., commandant of the base hospital.

REPORTS MORE FAVORABLE. The reports from the hospitals are more favorable today. Over 70 new cases were admitted to the General, where there were nine deaths. At St. Michael's Hospital, six new cases came in, and three deaths are reported. The nurses who were ill are feeling well, several having so far recovered as to be able to go to their homes. At St. Elizabeth's Hospital, six new cases were admitted, and no deaths reported yesterday. All the patients are reported as doing well, and several nurses are back on duty. At the Western, where ten new cases were taken in, no deaths were reported.

DENTAL CLASSES CLOSED. Classes at the Dental College were discontinued yesterday until further notice.

Women's Art Association Held Its Annual Meeting. Conducted by Mrs. Edmund Phillips.

The annual meeting of the Women's Art Association took place very quietly yesterday afternoon in the galleries, Prince Arthur avenue, when the president, Mrs. J. Home Cameron, much to the regret of the meeting, resigned from office. Mrs. A. C. Mackay, the organizer of the tableaux presented by the association last summer, was elected to fill her place. The vice-presidents for the ensuing year are Mrs. J. Home Cameron, Mrs. A. W. Austin, Mrs. Walter Clemes, Mrs. Vincent Massey, Mrs. Frederick Mercer, Mrs. J. Wilton Morse, Mrs. Melville White, hon. recording secretary, Mrs. R. Willson Smith, hon. corresponding secretary, Miss L. Murray, hon. treasurer, Miss Fanny Lindsay. The executive committee was returned by acclamation. The various reports were read, Mrs. Cameron making a speech at the close of the meeting, which was received with much applause, after which tea was served. The musicals will recommence early in November.

TURKS TO STAY FAITHFUL. Basle, Switzerland, Oct. 16.—Confidence that Turkey would remain faithful to the Teutonic alliance was expressed by Baron Burian, the Austro-Hungarian foreign minister, in the course of a statement to the foreign affairs committee of the Hungarian delegation, according to Vienna advices. The foreign minister also reasserted Austria-Hungary's fidelity to Germany.

OPEN GIFT SHOPS. The latest idea in patriotic ventures is the "gift shop," which the Secours National are planning to establish in Toronto. These gift shops have proved very successful in England, where they depend for their stock-in-trade upon gifts in kind which are sold for the cause interested.

HELD OPENING MEETING. The Queen Mary Sewing Circle of the Sir Henry Pellatt Chapter held its opening meeting yesterday.

FOR RED CROSS. The sum of \$41.25 has been sent to the Toronto Red Cross by the High Park Horticultural Society.

SOCIETY. Hon. George Gordon, North Bay, is at the King Edward. Lady Eaton will return to Ardrow on Saturday from New York. Sir George Herbert Powell will be in town tomorrow for a few days, and will be at the King Edward.

Major Clifford Sifton and Major Victor Sifton, sons of Sir Clifford and Lady Sifton, have both been awarded the Distinguished Service Order. Sir Clifford is at present in Winnipeg, and early in November will rejoin Lady Sifton in England.

Sir Joseph and Lady Flavell have taken an apartment at the Roxborough, Ottawa, and will spend some time in the capital books, castor oil was administered without further delay. After each dose of oil, the temperature subsided. Three large doses in 48 hours, in the case of the youngest boy, were required before the temperature became normal.

Mrs. Charles Palmer has returned to town from Jackson's Point, where she spent the summer at her country house. Mrs. W. S. Haggas, 573 Ossington avenue, after spending the last five months at her cottage at Silverwood Beach, Orillia, and at Simcoe Hall, Allandale, has returned to her home much improved health.

Mrs. O. B. Sheppard is leaving this week for Preston Springs, to recuperate after nursing Mr. Sheppard thru a bad attack of bronchitis, the latter being allowed out yesterday for the first time since his illness.

Mrs. Babayan, 234 Bloor street, has returned to town after a visit to New York of three weeks. In the presence of the immediate relations at half-past two o'clock on Tuesday afternoon, in St. James' Cathedral, the marriage was solemnized by Miss Josephine Ann Smith, daughter of the late Mr. J. E. and Mrs. Smith, Wellesley street, to Mr. William Morley Whitehead, son of the late Mr. J. W. Whitehead and Mrs. Whitehead, England. The service was taken by the rector, Rev. Canon Plumptre, in the chancel, decorated with white flowers and palms, and Dr. Albert Hann played the wedding music. Mr. Assheton Smith gave his sister away. She was wearing sand-colored divetyn and a velvet hat trimmed with silver. She carried a shower of sweethearts and maiden hair fern, and wore the bridegroom's gift, a string of pearls and a diamond and platinum ring and taupe fox fur, the gift of the bridegroom's aunt. Mr. and Mrs. Whitehead left after the ceremony for Waukegan, and on their return will live in Glen road. Mr. and Mrs. W. S. Haggas, of 573 Ossington avenue, announce the engagement of their second daughter, Winnipeg, to Mr. Ariel A. Cusler, Toronto. The marriage will take place in November.

ANNOUNCEMENTS. Notices of future events, not intended to raise money, 25 per word, minimum 50c; if held to raise money solely for Patriotic, Church or Charitable purposes, per word, minimum \$1.00; if held to raise money for any other than these purposes 50c per word, minimum \$2.50.

THE MEETING of York Chapter, I.O.O.F., to be held in the Masonic Hall, Balsam avenue today (Thursday), has been postponed indefinitely in accordance with the order issued by Dr. Hastings, Medical Health Officer, in accordance with the order issued by Dr. Hastings, Medical Health Officer, I. O. O. F., meeting Friday postponed until further notice, complying with Medical Health Officer's request.

TORONTO CHESS LEAGUE holds its annual meeting and elections at Toronto Chess Club, 65 Church street, at 8 tonight. Important proposal for future tournaments. All players welcome.

SEND 2000 GIFTS. Headquarters of the Secours National was a busy scene yesterday, where a number of women were preparing gifts for the men in the hospitals and trenches. In all, the "Secours" are sending 2000 gift bags and boxes.

Sufferers From Piles. Pyramid Pile Treatment gives quick relief, stops itching, bleeding and such rectal troubles, in the privacy of your own home. No box of all druggists. A single box often cures. Take no substitute. Free sample for trial with booklet mailed free in plain wrapper. If you send us coupon below.

FREE SAMPLE COUPON. PYRAMID PILE COMPANY, 655 Pyramid Bldg., Marshall, Mich. Kindly send me a Free sample of Pyramid Pile Treatment in plain wrapper. Name..... Street..... City..... State.....

CITY RUGBY LEAGUE MEETING CANCELLED

Flu is Responsible — Important Games Scheduled for Saturday—Gossip.

The City Rugby League meeting called for tonight at Central Y.M.C.A., has been cancelled owing to the order of the medical health officer. The business will therefore have to stand in abeyance until the "flu" epidemic subsides.

What promises to be the tide-bit of the season in city league rugby will be staged at Beaches grounds on Saturday afternoon when they tackle Central Y.M.C.A. The beach fourteen have thus far only met the weak Queen's team, while Y.M.C.A. have stacked up against two opponents, viz., Aringtons, in which they were forced into overtime for the decision, and last Saturday, when they won rather handsily over Queen's Unique. Both teams play about the same style and a good game should result. They are tied for first place at present.

St. Vincent's try conclusion with the Parkdale Canoe Club. Both have been downed by the fast-traveling Excelsiors, but are anxious for a win as the lower drops in the cellar position series. The game is called for Trinity College at 3 p.m.

Beaches 125-pound team will journey to Riverdale Park and meet Aringtons at 3 o'clock.

Capitals will stage their first home game on Saturday when they go up against the Hebrew Literary Society. The Caps. have applied for the use of Cottingham square, but thus far have not received a permit for same.

The Excelsior team will practice tonight at Trinity College field at 8 o'clock sharp. All players are requested to be out on time.

Parkdale Canoe Club will hold rugby practice in front of the club house, Sunnyvale, Friday, at 8 o'clock, at 6 o'clock and following players are requested: Galbraith, Drysdale, Harris, Foss, French, Rothwell, Brown, Williams, Hawley, Lount, Glavin, Kent, Kroken, Penney, Allan, Keeler, Montgomery, Gingras, Williams, Richmond, Munro, Smith, White, Stanton, "Babe" Smith, Lappin and Temple.

University schools are scheduled to play at home with Hamilton Collegiate on Saturday, but as St. Andrew's College have secured the use of Varsity Stadium for this season, it has been arranged that U.T.S. play in Hamilton instead.

R.M.C. of Kingston, were slated to play at Montreal this coming Saturday against McGill University, but owing to the "flu" epidemic, it has been called off.

The high school games on Friday are: Senior—Harbord at Jarvis; Technical at Malvern; Riverdale at North Toronto; Commercial at Parkdale; Junior—Harbord at Jarvis; Technical at Malvern; Riverdale at North Toronto; Commercial at Parkdale.

As the Dental College has been temporarily closed, the Dents Royal Club has been disbanded and their game with Beaches in the senior O.R.F.U. series cancelled.

The Beaches had a good advance sale for their league game Saturday with Beaches, which has been called off. The Beaches will keep up their practice nightly with the expectation of arranging an exhibition game, probably with McGill.

O.R.F.U. Senior Game Is Stopped by the Flu

The senior rugby series got a rude jolt yesterday when the Royal College of Dental Surgeons was ordered closed owing to the "flu" epidemic. The students that live outside of the city were ordered home at once and this is where it hits the O.R.F.U. The Dental team was scheduled to play the opening game with Beaches, but with the college closed and the students ordered home, it means that the game has been postponed.

Several of Dental's players are fourth and fifth-year medical students and they have been mobilized and ordered to the base hospital to help fight the dread disease. The sergeants in the Dental Corps have also been ordered out to help in the fight, and the Dental have not five players left to go on with the rugby program.

The college is ordered closed for two weeks and will remain closed for a longer period if the epidemic lasts. The soldiers at Exhibition camp are also quarantined and this means that it is not possible to get the soldier-team to meet Beaches. It is the intention of the O.R.F.U. to make a start as soon as possible, but if the "flu" sticks in this neck as for a month, it will put a stopper to all rugby activity, and as the senior series is concerned.

The Veterans' Athletic Club will talk over (Friday) evening at 8 o'clock at Central Y.M.C.A., College street, to talk over the hockey situation for the coming season. Returned soldiers who are interested in hockey are asked to attend.

The annual fall meeting of the Riverdale Lawn Bowling Club was held last night. President F. H. Gentle occupied the chair and there was a good turnout of the members. Reports for the past season were submitted which were very satisfactory. Officers were elected for next season as follows: President, Robert Izzet; vice-president, L. L. Grabbil; secretary, D. MacDougall; 115 Jackman avenue; treasurer, John Pollock; management committee, E. Kingsnorth, B. Kilbey and F. H. Gentle.

List of prize-winners for the past season follows: Rinko, Coulter Trophy, P. Kyle, J. Holden, E. Kingsnorth, G. Vanston (skip); Doubles: O'Neill Trophy—Winners, J. Holden and G. Vanston (skip); runners-up, C. de Winton and W. Shepherd. Handicap slights: Kemp Trophy—Winner, John Pollock; runner-up, L. Grabbil.

Open singles: Russell Trophy—Winner, D. MacDougall; runner-up, John Pollock. New members' singles—T. Niblock. July tournament—Winners, A. W. Yetman, M. Thomson, E. Gallighan, D. MacDougall (skip); runners-up, R. Montgomery, E. Bainbridge, H. L. Clarke, R. Armstrong (skip).

September tournament—Winners, G. H. Harris, R. Montgomery, G. Armstrong, D. MacDougall (skip); runners-up, T. Niblock, C. W. Watson, A. Duncan, R. Armstrong (skip).

HYDRO-ELECTRIC LEAGUE. An early season match, between Hydro Electric League was hung up last night at the Athlone Club, when Webb of the Underground team turned in a score of 267 for his second game. He was also the only man to reach the 500-mark.

Table with 3 columns: Name, Score 1, Score 2. Lists players like Corcoran, Jones, Somerville, Frame, etc.

Table with 3 columns: Name, Score 1, Score 2. Lists players like Purch, Fisher, Hook, Niton, Ball, etc.

Table with 3 columns: Name, Score 1, Score 2. Lists players like Curzon, Brioux, Shea, Nell, Engle, etc.

PENNY ANTE AFTER TELLING 'EM EIGHT SHARP.

By Gene Knott

FOR VETERANS' HOCKEY CLUB. The Veterans' Athletic Club will talk over (Friday) evening at 8 o'clock at Central Y.M.C.A., College street, to talk over the hockey situation for the coming season. Returned soldiers who are interested in hockey are asked to attend.

BAH! I WONDER WHAT'S THE MATTER WITH THE GANG? I TOLD 'EM TO BE HERE AT EIGHT O'CLOCK OR A LITTLE BEFORE. ARE YOU SURE THIS CLOCK IS RIGHT.

DEAR ME! YOU WOULD BE BETTER OFF IF THOSE FRIENDS OF YOURS DIDN'T GET HERE AT ALL! I SUPPOSE THAT EDDIE PERSON IS DRAGGING THEM INTO ALL THE PLACES ON THE WAY.

AND REMEMBER, I SAID ELEVEN THIRTY

FOR VETERANS' HOCKEY CLUB. The Veterans' Athletic Club will talk over (Friday) evening at 8 o'clock at Central Y.M.C.A., College street, to talk over the hockey situation for the coming season. Returned soldiers who are interested in hockey are asked to attend.

RIVERDALE BOWLERS ELECT THEIR OFFICERS. Robert Izzet, President—Prizes Presented for Season's Work on Greens.

The annual fall meeting of the Riverdale Lawn Bowling Club was held last night. President F. H. Gentle occupied the chair and there was a good turnout of the members. Reports for the past season were submitted which were very satisfactory. Officers were elected for next season as follows: President, Robert Izzet; vice-president, L. L. Grabbil; secretary, D. MacDougall; 115 Jackman avenue; treasurer, John Pollock; management committee, E. Kingsnorth, B. Kilbey and F. H. Gentle.

Open Matches. No. 1, extra series, 200 yards—1. Storror, \$8; 2. Sprinks, \$4; 3. Dean, \$2.50; 4. Lonsdale, \$2.50; 5. Humphries, \$2.50; 6. Smith, \$2.50; 7. Em, \$1; 8. Fitzgerald, \$1.

No. 2, general match, 200 yards—1. Em, \$2; 2. Robertson, \$1; 3. Weir, \$1; 4. Kent, \$1.50; 5. J. Lonsdale, \$1.50; 6. Greenway, \$1; 7. Dean, \$1; 8. Fitzgerald, \$1.

No. 3, extra series, 500 yards—1. Em, \$3.50; 2. Sprinks, \$3.50; 3. J. Lonsdale, \$3.50; 4. Reid, \$3.50; 5. Rescor, \$1; 6. Robertson, \$1; 7. Dean, \$1; 8. Fitzgerald, \$1.

No. 4, extra series, 600 yards—1. Hawk, \$2; 2. Campbell, \$1; 3. Weir, \$1; 4. Humphries, \$1; 5. Fitzgerald, \$1; 6. Storrar, \$1.

No. 5, general match, 500 yards—1. Em, \$3.50; 2. Sprinks, \$3.50; 3. J. Lonsdale, \$3.50; 4. Reid, \$3.50; 5. Rescor, \$1; 6. Robertson, \$1; 7. Dean, \$1; 8. Fitzgerald, \$1.

No. 6, general match, 600 yards—1. Weir, \$1; 2. Em, \$1; 3. Hawkins, \$1; 4. McKenzie, \$1.50; 5. Fitzgerald, \$1.50; 6. Humphries, \$1.50; 7. L. Lonsdale and Bull, \$1.50 each.

No. 7, extra series, aggregate—1. Campbell, \$1; 2. Weir, \$1; 3. Storrar, \$1; 4. Hawkins, \$1; 5. Fitzgerald, \$1; 6. Humphries, \$1; 7. Em, \$1; 8. J. Lonsdale, \$1; 9. Young, \$1; 10. Dean, \$1.

No. 8, general match, aggregate—1. Em, \$1; 2. Weir, \$1; 3. Sprinks, \$1; 4. Fitzgerald, \$1; 5. J. Lonsdale, \$1; 6. Humphries, \$1; 7. Dean, \$1; 8. Weir, \$1; 9. Em, \$1; 10. J. Lonsdale, \$1; 11. O. Dean, \$1; 12. Fitzpatrick, \$1; 13. Young, \$1; 14. Storrar, \$1; 15. Hawk, \$1; 16. Campbell, \$1; 17. Weir, \$1; 18. Humphries, \$1; 19. Fitzpatrick, \$1; 20. Storrar, \$1; 21. Hawk, \$1; 22. Campbell, \$1; 23. Weir, \$1; 24. Humphries, \$1; 25. Fitzpatrick, \$1; 26. Storrar, \$1; 27. Hawk, \$1; 28. Campbell, \$1; 29. Weir, \$1; 30. Humphries, \$1; 31. Fitzpatrick, \$1; 32. Storrar, \$1; 33. Hawk, \$1; 34. Campbell, \$1; 35. Weir, \$1; 36. Humphries, \$1; 37. Fitzpatrick, \$1; 38. Storrar, \$1; 39. Hawk, \$1; 40. Campbell, \$1; 41. Weir, \$1; 42. Humphries, \$1; 43. Fitzpatrick, \$1; 44. Storrar, \$1; 45. Hawk, \$1; 46. Campbell, \$1; 47. Weir, \$1; 48. Humphries, \$1; 49. Fitzpatrick, \$1; 50. Storrar, \$1; 51. Hawk, \$1; 52. Campbell, \$1; 53. Weir, \$1; 54. Humphries, \$1; 55. Fitzpatrick, \$1; 56. Storrar, \$1; 57. Hawk, \$1; 58. Campbell, \$1; 59. Weir, \$1; 60. Humphries, \$1; 61. Fitzpatrick, \$1; 62. Storrar, \$1; 63. Hawk, \$1; 64. Campbell, \$1; 65. Weir, \$1; 66. Humphries, \$1; 67. Fitzpatrick, \$1; 68. Storrar, \$1; 69. Hawk, \$1; 70. Campbell, \$1; 71. Weir, \$1; 72. Humphries, \$1; 73. Fitzpatrick, \$1; 74. Storrar, \$1; 75. Hawk, \$1; 76. Campbell, \$1; 77. Weir, \$1; 78. Humphries, \$1; 79. Fitzpatrick, \$1; 80. Storrar, \$1; 81. Hawk, \$1; 82. Campbell, \$1; 83. Weir, \$1; 84. Humphries, \$1; 85. Fitzpatrick, \$1; 86. Storrar, \$1; 87. Hawk, \$1; 88. Campbell, \$1; 89. Weir, \$1; 90. Humphries, \$1; 91. Fitzpatrick, \$1; 92. Storrar, \$1; 93. Hawk, \$1; 94. Campbell, \$1; 95. Weir, \$1; 96. Humphries, \$1; 97. Fitzpatrick, \$1; 98. Storrar, \$1; 99. Hawk, \$1; 100. Campbell, \$1; 101. Weir, \$1; 102. Humphries, \$1; 103. Fitzpatrick, \$1; 104. Storrar, \$1; 105. Hawk, \$1; 106. Campbell, \$1; 107. Weir, \$1; 108. Humphries, \$1; 109. Fitzpatrick, \$1; 110. Storrar, \$1; 111. Hawk, \$1; 112. Campbell, \$1; 113. Weir, \$1; 114. Humphries, \$1; 115. Fitzpatrick, \$1; 116. Storrar, \$1; 117. Hawk, \$1; 118. Campbell, \$1; 119. Weir, \$1; 120. Humphries, \$1; 121. Fitzpatrick, \$1; 122. Storrar, \$1; 123. Hawk, \$1; 124. Campbell, \$1; 125. Weir, \$1; 126. Humphries, \$1; 127. Fitzpatrick, \$1; 128. Storrar, \$1; 129. Hawk, \$1; 130. Campbell, \$1; 131. Weir, \$1; 132. Humphries, \$1; 133. Fitzpatrick, \$1; 134. Storrar, \$1; 135. Hawk, \$1; 136. Campbell, \$1; 137. Weir, \$1; 138. Humphries, \$1; 139. Fitzpatrick, \$1; 140. Storrar, \$1; 141. Hawk, \$1; 142. Campbell, \$1; 143. Weir, \$1; 144. Humphries, \$1; 145. Fitzpatrick, \$1; 146. Storrar, \$1; 147. Hawk, \$1; 148. Campbell, \$1; 149. Weir, \$1; 150. Humphries, \$1; 151. Fitzpatrick, \$1; 152. Storrar, \$1; 153. Hawk, \$1; 154. Campbell, \$1; 155. Weir, \$1; 156. Humphries, \$1; 157. Fitzpatrick, \$1; 158. Storrar, \$1; 159. Hawk, \$1; 160. Campbell, \$1; 161. Weir, \$1; 162. Humphries, \$1; 163. Fitzpatrick, \$1; 164. Storrar, \$1; 165. Hawk, \$1; 166. Campbell, \$1; 167. Weir, \$1; 168. Humphries, \$1; 169. Fitzpatrick, \$1; 170. Storrar, \$1; 171. Hawk, \$1; 172. Campbell, \$1; 173. Weir, \$1; 174. Humphries, \$1; 175. Fitzpatrick, \$1; 176. Storrar, \$1; 177. Hawk, \$1; 178. Campbell, \$1; 179. Weir, \$1; 180. Humphries, \$1; 181. Fitzpatrick, \$1; 182. Storrar, \$1; 183. Hawk, \$1; 184. Campbell, \$1; 185. Weir, \$1; 186. Humphries, \$1; 187. Fitzpatrick, \$1; 188. Storrar, \$1; 189. Hawk, \$1; 190. Campbell, \$1; 191. Weir, \$1; 192. Humphries, \$1; 193. Fitzpatrick, \$1; 194. Entries and Handicaps For Dunlop Road Race

Following are the entries and handicaps for Saturday's annual Dunlop Trophy race on the Kingston road:

Late Archie McEachren Rode In First Dunlop Trophy Race

A special historical time is given to this year's Dunlop Trophy race when an examination is made of some of the data covering the quarter-century since it has been run without interruption.

ATTACK UNIQUE IN OPEN WARFARE

Canadian Second Division Carried Out Remarkable Night Assault. TRIANGLE CLEARED. Great Risk Taken to Obtain at Low Cost a Splendid Tactical Success.

OTTAWA LAWN BOWLERS EXPRESS APPRECIATION

The following is an extract of a letter from the secretary of the Ottawa Lawn Bowling Club to the Dunlop Trophy race committee.

Mount Royal Tunnel Open Oct. 21st. The New Montreal-Ottawa Short Line. THROUGH TRAINS BETWEEN MONTREAL, OTTAWA AND TORONTO.

25th Annual DUNLOP TROPHY RACE

The oldest bicycle race in America, and the only bicycle annual in the world to be contested for one-quarter of a century without a single interruption.

Saturday, Oct. 19 3 p.m. KINGSTON ROAD Starting at Main Street

The riders will go over a course of five miles twice. Spectators, therefore, will have an opportunity to see the race, not only at the start and finish, but also when the riders are turning at the original starting point to make their second trip out.

All the prizes given at this race are paid for in cash by the Dunlop Tire & Rubber Goods Co., Limited. They include twenty-five regular prizes, the famous trophy, team shield with five medals, three time prizes, and prizes for the first boy under 15, and the first soldier to finish.

Riders pay no entry fee in this race, and should be at starting point, Benlmond House, Main Street, at 2.30 p.m.

Held under the auspices of Dunlop Tire & Rubber Goods Company Limited

CANADA MUST OPPOSE PEACE WITHOUT VICTORY

Sir Arthur Currie, in Message, Says Blood of Bravest Must Not Be Shed in Vain. Ottawa, Oct. 16.—"Complete victory is the blood of our peace," said Sir Arthur Currie, acting prime minister, received today from Lieut. General Sir Arthur Currie, commanding the Canadian corps in France.

SIX THOUSAND DEATHS FROM PLAGUE IN U. S.

Washington, Oct. 15.—There were 6122 deaths from Spanish influenza in 30 cities the week ending Oct. 12, as compared with 19 the week ending Sept. 14, when the disease got its first foothold in New England.

WE BUY AND SELL AMERICAN CURRENCY

LONDON PAPERS PRAISE CANADIANS

Give Much Space to Record on Fourth Anniversary of the Landing. Ottawa, Oct. 16.—London newspapers, despite the volume of news material arising out of the German peace proposals, devote considerable space to the celebrating of the fourth anniversary of the landing of the first Canadian contingent in England.

SEVERE PUNISHMENT OF GERMANY URGED

London, Oct. 16.—Sir Frederick E. Smith, the attorney-general, in the preface to a new edition of his book on international law, after dealing with Germany's defiance of all international law, says the future of civilization requires that the authority of public law must be reasserted with a punishment so memorable, so dreadful, that the offences will not be repeated.

Failed to Make His Catch And Was Instantly Shot Dead

Halifax, N.S., Oct. 16.—A sensational shooting affair, resulting in one death, occurred near Liverpool, N.S., yesterday, when a colored boy, Howard Hartley, aged 7 or 8 years, was shot and instantly killed by a white boy, Joseph Phelan, aged 14.

Table with columns: No., H.P., R.P.M., Volts, Stock. Lists various motor specifications and their current stock status.

Phone: Motor Department Adelaide 20. The A. R. Williams Machinery Co., Ltd. 64 and 66 West Front St., Toronto.

MAY RAISE FULL LOAN IN FINAL THREE DAYS. Washington, Oct. 16.—In the face of figures still showing the fourth Liberty Loan only a little more than half raised—up to \$2,299,000,000—the chief reason of hope tonight lay in assurances of campaign managers for each of the 12 districts that their respective fields would prove up when final returns are counted.

ANOTHER CONCILIATION BOARD. Ottawa, Oct. 16.—Hon. T. W. Crothers, minister of labor, has established a board of conciliation to deal with the dispute between the Nicholson File Company, Port Hope, Ontario, and its employees.

Must Give Six Times Income Tax To Australia's War Loan. Melbourne, Australia, Oct. 15.—Hon. Alfred Deakin, acting prime minister and federal treasurer, explaining to the representatives in the federal parliament the reasons for the compulsory subscription to the commonwealth's war loans, said the government would take off No. 1, 58 to 87 Royal Northwest Mounted Police were to be used to enforce the recent legislation prohibiting strikes.

Will Not Use Mounted Police To Enforce Strike Legislation. Ottawa, Oct. 16.—"The statement is absolutely incorrect" said Senator Gideon Robertson, representative of labor in the cabinet, when asked as to an item which appeared in certain newspapers to the effect that the Royal Northwest Mounted Police were to be used to enforce the recent legislation prohibiting strikes.

EAST BELGIUM TO CARE FOR MANY REFUGEES. Washington, Oct. 16.—Refugees from northern France and Belgium who are fleeing before the retreating German armies, with the hope of making their way into Holland, may be taken care of in eastern sections of Belgium, said an official despatch received today by the Belgian legation.

WHOLESALE FRUITS AND VEGETABLES

Lemons continue to advance, and gold at \$10 to \$11 per case yesterday, caused by the increasing demand and very light supply. Oranges kept quiet, firm at \$13 to \$14 per case. Potatoes were easier, Ontario selling at \$2 per bag, and Manitoba at \$1.75 to \$2 per bag. Hubbard squash is very plentiful and a slow sale at \$1.25 to \$1.50 per dozen.

Some of the finest specimens of Free Gold and Tellurides Have Been Disclosed. The favorable opinion which was formed of the property of the Hattie Gold Mines in the southern part of the Township of Coulson is now being fully confirmed. It will be recalled that in our various comments heretofore we referred to an ore zone 100 feet wide. In order, however, to be very conservative, in view of the small amount of work done at the time of our visit, we limited the payable width to 20 feet. Recent operations have disclosed some of the finest specimens of free gold and tellurides of gold ever seen in the north. One sample from these finds has just been brought down to Toronto. It reveals the diamond in brilliance and beauty. In addition to visible gold it shows a splendid display of colors between royal purple and silver grey, as with every movement of the rays of light strike the facets of the telluride crystals at different angles. It is valuable as a gem, but more important is the fact that the 20-foot zone of "pay" has now widened to 80 feet, and an unusually large tonnage of high grade is indicated.

Much Rich Ore. It was easy to see during our brief visit a month ago that the Hattie was a very unusual prospect. It is seldom that very rich ore is found in large quantities, but to all appearance such is the case on the Hattie. The ore here is some 100 feet of moderate size, No. 1 alone would make a mine, and in the zone in which the recent finds have been made a very big mine can be developed. The Hattie is responding very satisfactorily to our operations. S. R. Clarke.

LAKE SHORE SELLS AT RECORD FIGURE. Stock Two Points Above Previous High Mark—Rockwood Breaks Again. Trading on the Standard Exchange was again fairly broad yesterday, nearly 70,000 shares changing hands, while the general tone was steady to firm, and several of the gold stocks showed pronounced strength. Lake Shore was the shining star in this respect, selling at \$14.25, two points above Tuesday's high. Incidentally, two points higher than the stock has ever sold before. The company has been increasing its mill capacity by turning up the original plant, and the mill is now being run to date with development ore without resort to the 1000-foot level, in large part because of the fact that the Bullish feeling regarding Lake Shore has been particularly stimulated by the report that the ore bodies show a tendency to become wider with depth. Dome continued to sell between \$10.90 and \$10.75, holding well above the New York figure of \$10.87 1/2, even after allowing for the premium on New York funds. McIntyre was at \$11.55, the highest level of the movement between \$11.50 and \$11.55. The McIntyre mill is producing at the rate of about \$150,000 a month, and monthly profits are about \$50,000, leaving a comfortable surplus after payment of \$60,000 in dividends. A winze, driven down from the 1000-foot level recently, is reported to have proved up ore bodies estimated to contain 1,000,000 tons of ore. McIntyre retained its six-point gain of Tuesday, sales being made yesterday at \$11.55. Dome Extension firm at \$10.75. Another firm issue was Thompson-Krist which advanced half point to \$10.75. The opening weak at 10c, but sold up to 10 1/2c. Porcupine Crown at 14 1/2c was off 1/2c. The Cobalt as a whole did not fare so well as the gold stocks, but declines were limited to fractions save in the case of Hamilton-Derrygo which, at 41c, showed the loss of a point. Adanac each at 28c, and Peterson Lake at 8 1/2c, each lost half a point. While Timiskaming sagged 1/2c to 25 1/2c, Hartzog provided most of the activity with an 11,000-share turnover, but it showed no price change. Gifford closed at 10c, and Chambers-Perland at 10c and Ophir at 8c. Rockwood Oil was again weak, heavy offerings amounting to 22,939 ounces, forcing the price to 11c, the lowest on record. Three points below the closing price of \$1.00. Thus far there is no explanation of the break, but the air will probably be cleared after today's meeting of the board of directors.

ADANAC VEIN IMPROVES. Hamilton B. Willis yesterday received a wire from Cobalt stating that the manager of the Adanac vein described the promising and improving with each day's work. The vein is described as more heavily mineralized than the silver assay around 300 ounces ever will be the ton. The vein has a width of from 12 to 15 inches.

KERR LAKE'S PRODUCTION SHOWS SMALL DECLINE. Cobalt, Oct. 16.—The Kerr Lake Mining Company began its fiscal year, with a production of 298,239 ounces of silver in September, the first month. This compares with 210,888 ounces in the corresponding month one year ago, and is considered very satisfactory. The output was approximately 45,000 ounces less than August, but was almost on a par with the past year's monthly average. With ore reserves estimated to contain upwards of 1,000,000 ounces of silver, the year is looked forward to with optimism.

PRICE OF SILVER. Bar silver sold in New York at \$1.01 1/2c, and in London at 49 1/2d (maximum price). RAND GOLD OUTPUT. The September gold output of the Rand amounted to 708,000 ounces.

MINES ON CURB. Closing prices yesterday in the Cobalt and Toronto stocks on the New York Curb, as supplied by Hamilton B. Willis, in the Royal Bank Building, were as follows: Adanac... 28 Ask. Beaver... 29 Bid. Buffalo... 29 Bid. Crown Reserve... 29 Bid. Dome Lake... 19 Bid. Dome Extension... 19 Bid. Hattie... 51 Bid. Kerr Lake... 50 Bid. La Rose... 50 Bid. McIntyre... 55 Bid. Nipissing... 55 Bid. Peterson... 55 Bid. Timiskaming... 24 Bid. Thompson-Krist... 24 Bid. West Dome... 24 Bid.

Not Crystal Gazing Just Common Sense

THOSE WHO BOUGHT THE GOLD STOCKS HAVE PROFITED. Several months ago we urged upon our clients the opportunities presented by the gold stocks of Northern Ontario for sound investment. Since then we have consistently repeated this advice, and it is not our fault if all of our customers have not now a handsome profit to their credit.

We don't profess to be crystal-gazers, or to possess the gift of prophetic vision; only as brokers, being familiar with the trend in markets, and familiar with the tremendous resources of the north country, we retained our faith in the gold stocks despite conditions which at times were none too favorable. Mines like the McIntyre, Hollinger and Dome in good times before the war were able to produce gold bricks and return handsome profits. Providing the physical condition of these properties had not changed for the worse, that is if the ore reserves did not show signs of waning, it was not hard to foresee that with a normal labor supply these properties could resume production on as large a scale as before.

Months ago when Dome could have been bought at \$6.50 per share, Hollinger at \$3.40 per share, and McIntyre at \$1.25 per share, we pointed out the unprecedented opportunity that these stocks at then current prices offered for a long pull.

Contrast the prices above with today's figures. Dome at \$10.90; Hollinger at \$5.10, and McIntyre at \$1.55. Those who took our advice and bought at the right time have now a profit in Dome of about \$4 per share, in Hollinger \$1.70 in addition to dividends of 3 per cent, or 15c per share; while in McIntyre there is a profit of 30c per share plus 10c per share in dividends.

But, we do not think it wise at the present time to take profits in these stocks. We honestly believe they are going higher—much higher. We advise those who have profited by the substantial market advances so far recorded to hold tight to their stock, while to those who were not fortunate enough to have bought at lower prices our advice is to "get in" right away.

Military events in Europe have reached a stage where we may see the collapse of the Central Powers any minute. Rumors of the expected disintegration among the enemy countries are persistent, and Marshal Foch may be called upon any time to accept the white flag from the German military staff.

Already the markets of the country are discounting this event. War stocks are declining, while the gold issues are gaining a following which, as peace draws nearer, will unquestionably cause an advance in market prices to pre-war levels. The gold stocks, we predict, are going to be the favorites among the peace stocks. About many of the industrials there is a good deal of doubt as to how they will fare when hostilities cease, but as regards the golds, there is none. The gold stocks are out and out peace issues, and as such will benefit to the fullest extent in the post-war market.

For solid, lucrative investment we say, "BUY THE BIG GOLD STOCKS." For almost certain speculative profits we say, "BUY THE SMALLER GOLD SHARES."

HOLLINGER, McINTYRE, DOME LAKE SHARES COME IN THE FIRST CLASS. WASAPIKA, NEWRAY, DOME LAKE, DOME EXTENSION, AND ALMOST ANY OF THE REMAINDER OF THE ACTIVE LIST COMPRISE THE SECOND CLASS.

We believe they will all advance, as present market prices are very low. ONCE AGAIN WE URGE OUR CLIENTS TO PUT THEIR FAITH IN THE GOLD STOCKS.

BIG PROFITS ARE TO BE MADE, WE PREDICT, AND REMEMBER—FORESIGHT BEGETS GAIN AND SATISFACTION—HINDSIGHT LOSS AND RECRIMINATION.

BUY THE "GOLDS" NOW.

The Simpson Men's Store Holds a Clearaway Sale of Men's Overcoats at \$17.95 --- Today

Such value-giving news is bound to stir up action among wide-awake men needing overcoats of style and quality. And we are ready for a bustling sale---every man will be fitted to the best of our ability with the kind of coat he wants. The overcoats are stylishly made to keep shape and give lasting service.

The overcoats are splendidly developed in grey cheviot and other heavy-weight fabrics. The models include the popular Ulster, Chesterfield, Trencher and Slip-on styles. Choose them in colors of grey, brown and mixed effects. The remarkably low price is due to our having bought the fabrics a year ago and arranged to have the overcoats made up during the slow season. Any man can see what a snap it is to get such coats today at just \$17.95.

Quality and Style Are Paramount in Simpson Hats

And in the light of prices prevailing on ordinary hats not so superior, Simpson's hats are really outstanding values. To the very last detail of finish, our hats are eminently correct. Choose your new hat today at Simpson's. The following list comprises hats with famous names:

- John B. Stetson Soft Hats, in many colors, \$6.00. Black Stiff Hats, \$6.00.
- Vanity Soft Hats, \$6.50--Lincoln Soft Hats, \$5.00--Leeds Soft Hats, \$4.00--King Soft Hats, \$3.50--Black Stiff Hats, from Burton, maker to His Majesty, \$4.00--Parker, of London, \$3.00--Eagle and Stevenson, \$2.50.
- Other Soft Hats, in many shapes and colors, \$2.50 and \$3.00--Simpson's, Main Floor.
- New Fall Caps, in smart shapes--one, four and eight-piece top styles, 75c, 95c, \$1.50, \$2.00 and \$2.50.
- Children's Velour Hats--many smart rah-rah shapes, in black, green and grey velour, \$2.50.
- Tams, in man-o'-war styles, with plain and named bands, \$1.50.
